COMPANY C. TROUBLES.

Captain Camara is Awaiting a Reply from Headquarters.

Interviewed by a BULLETIN reporter this morning in relation to the troubles in Company C, Captain Camara said that it would be discourteous to the commanding officer to give his views out for publication at the present time. He acknowledged that very grave dissatisfaction existed throughout the company with the way in which it had been treated by Colonel McLean, not only on the night of the recent review before Minister Cooper but on previous occasions. Whatever differences the company had with the Colonel had been made the subject of a communication to headquarters, which he expected would be acted upon during the afternoon, and until an official answer was received he declined to go into details. The terms of the answer would determine the future action of the company and his own.

Captain Camara further said there was no truth in the report published in a morning paper that the company would meet this afternoon for the purpose of disbanding. Nothing will be done until the answer from Military headquarters shall have been received and considered.

BREAKS THREE RECORDS.

Charles E. Dole, the Champion High Jumper and Pole Vaulter.

In the second annual State pentathlon of the Young Men's Christian Association of California, held at the Presidio grounds on Saturday, October 17th, Charles E. Dole, the champion all-round athlete of the Y. M. C. A. and nephew of President Dole, again distinguished himself.

Dole succeeded in breaking the previous record with the 12 pound hammer by throwing it two feet farther.

He also broke the high-jump record 1 inch, last year's record being 5 feet 5 inches. In the pole vault he also broke the record by 4 inches, the highest being 10 feet 2 inches. He went 4 better by clearing the bar at 10 feet 6 inches.

The Mounted Reserve.

The members of the Mounted Reserve met at the police station yesterday to elect a captain in place of Judge A. W. Carter, resigned. The choice fell on W. F. Dillingham. Judge Perry and E. R. Adams were elected first and second lieutenants.

BETTING FAVORS MCKINLEY

ODDS ON THE ELECTION IN ALL THE STATES.

Betting Men Say the Chances Are All in Favor of McKinley—Little Bryan Money in Sight.

There are many men just now who are anxious to back their political opinion by money, and many wagers are being made on the result of the election according to the New York Herald. The betting in that city is all in favor of McKinley, and the Bryan men insist on getting big odds against their candidate. In all the betting centers there is plenty of money to stake on the Republican side, and all offers made by Popocrats are quickly covered. The greatest difficulty encountered by the betting contingent up to date is that all the money is on the same side, and that it is not easy to place large sums on the general result.

The odds in McKinley's favor vary materially, but are rarely lower than 5 to 2, and are sometimes quoted 5 to 1. Most of the money ventured during the last week has been on results in different States or cities. In former elections bets have been made on the size of the Democratic plurality in this city. This year the question is, Which party will get a plurality? Ulman & Rankin, bookmakers, who have studied the situation all over the country, have posted the following betting odds on local results:

States.	Odds.	Candidate.
General result.	2 1/2 to 1.	McKinley
New York City.	Even.	McKinley
Alabama.	2 1/2 to 1.	Bryan
Arkansas.	4 to 1.	Bryan
California.	Even.	McKinley
Colorado.	4 to 1.	McKinley
Connecticut.	10 to 7.	McKinley
Delaware.	10 to 7.	McKinley
Florida.	7 to 3.	McKinley
Georgia.	3 to 1.	Bryan
Idaho.	8 to 5.	Bryan
Illinois.	5 to 4.	Bryan
Indiana.	10 to 7.	McKinley
Iowa.	10 to 9.	McKinley
Kansas.	Even.	McKinley
Kentucky.	Even.	McKinley
Maine.	4 to 1.	McKinley
Maryland.	Even.	McKinley
Massachusetts.	6 to 1.	McKinley
Michigan.	10 to 7.	McKinley
Minnesota.	1 to 9.	McKinley
Mississippi.	3 to 1.	Bryan
Missouri.	7 to 10.	McKinley
Montana.	3 to 1.	Bryan
Nebraska.	4 to 1.	McKinley
Nevada.	3 to 1.	Bryan
N. Hampshire.	4 to 1.	McKinley
New Jersey.	2 to 1.	McKinley
New York.	6 to 1.	McKinley
N. Carolina.	1 to 2 1/2.	McKinley
North Dakota.	1 to 3.	McKinley
Louisiana.	1 to 2 1/2.	McKinley
Ohio.	2 to 1.	McKinley
Oregon.	3 to 1.	McKinley
Pennsylvania.	10 to 1.	McKinley
Rhode Island.	2 to 1.	McKinley
S. Carolina.	3 to 1.	Bryan
S. Dakota.	1 to 3.	McKinley
Tennessee.	1 to 3.	McKinley
Texas.	3 to 1.	Bryan
Vermont.	6 to 1.	McKinley
Virginia.	1 to 2.	McKinley
W. Virginia.	Even.	McKinley
Washington.	1 to 3.	McKinley
Wisconsin.	10 to 7.	McKinley
Wyoming.	3 to 5.	McKinley

These figures indicate a belief that McKinley will carry many of the so-called "doubtful States," and that he will have a substantial majority in the electoral college. The betting in each case is that the candidate named will carry the State, not that it will go against him.

[NOTE—The above table was compiled the first week in October. In some of the States there has been a material change in the odds in favor of McKinley as the chances of his election improve. The latest exchanges say there is little Bryan money to be had at any odds.]

GENERAL GROSVENOR'S FIGURES.

Significant Changes That Show McKinley's Certainty of Election.

Athens, Ohio, Oct. 18.—General Grosvenor gave out a revised estimate of the Presidential vote to-night. He said:

"There have been some significant changes in the situation since my first bulletin and I have taken very great pains, by the use of all available means, to ascertain substantially what the result is to be. There is yet some doubt and uncertainty about some of the States, but I think the following may be safely placed in the absolutely sure column. McKinley and Hobart will have the following States:

New England	39
New York	36
New Jersey	10
Maryland	8
Delaware	3
Pennsylvania	32
West Virginia	6
Ohio	23
Indiana	15
Illinois	24
Michigan	14
Wisconsin	12
Iowa	13
Minnesota	9
North Dakota	4
Wyoming	3
Nebraska	8
Kentucky	13
Oregon	4
Washington	4
California	9
Total	292

There are States which I do not class as sure for McKinley which I believe will give him their vote, to-wit:

Kansas	10
Virginia	12
Tennessee	12
Missouri	17
Total	51

The States which do not seem to be doubtful and which must be conceded practically and without controversy to Bryan remain as in my first table except that Florida has disclosed an uncertainty as to her status, and I think that Texas and Louisiana may be added to the sure votes of Bryan. North Carolina is a doubtful State with chances in favor of Bryan, in my opinion.

Thus we have 292 votes for McKinley and Hobart with 224 necessary to their election. If they gain in the same ratio for the next three weeks as they have gained in the last three, this is a very conservative estimate of the electoral vote for them.

JULIE D. HAYNE.

His Cheque Given to a Salt Lake Proves Worthless.

A gentleman who returned home by the Australia brought a cutting from a Hotel journal, to the effect that Julie D. Hayne had passed a cheque, endorsed by his wife as usual, at a Salt Lake hotel. Mrs. Hayne later stopped payment of the cheque, which was for \$400, and the landlord published a warning to hotel keepers against Hayne, giving an unmistakable description of him.

Amid Flowers and Song.

Speaking of the recent departure of the Honolulu liner The Call says:

The steamer Australia, which will sail today at 10 o'clock for Hawaii, will carry 110 cabin passengers in all. Among them will be Colonel E. C. Edward and Fred W. Macfarlane, a son of Judge Widemann and others, who have been stopping at the California. The Royal Hawaiian band, now here, will discourse music at the pier, and the members of the band will also sing Hawaiian songs, speeding the passengers a happy voyage, as is the custom in Hawaii. In addition to this, floral decorations and tributes are to be made, as in the islands.

NEARLY \$30,000 JUDGMENT

AGAINST THE ESTATE OF THE LATE DR. TROUSSEAU.

It Was Only a Judicial Separation and the Settlement Contract is Legal.

Judge Carter has rendered a decision in the case of Edma G. Trousseau vs. Bruce Cartwright and H. E. McIntyre, executors under the will of G. Trousseau. He finds that there was only a "judicial separation" between the late Dr. Trousseau and his wife, the present plaintiff, and that the contract declared upon, for a financial settlement, is valid by French law, which authorizes a wife separated "de corps et de biens" from her husband to make such a contract.

Upon the facts thus found the Court rules and decides that the plaintiff is entitled to judgment in the sum of twenty nine thousand nine hundred and sixty-eight dollars and eighty-eight cents and costs.

A S Hartwell for plaintiff; C. Brown and L A Dickey for defendants.

In accordance with the foregoing decision Mrs. Trousseau by her attorney, Mr. Hartwell, brings a suit for widow's dower against Captain John Ross in lands at Waikiki and on Hawaii, which defendant bought under foreclosure of mortgage.

THE OTHER SIDE.

Explanation Regarding a Case in the Police Court.

Dan. McKenzie informs the BULLETIN that he did not apply for a warrant of arrest against Mrs. Levey. He was told by her Chinese servant that some missing carpenter's tools had been taken into the house by him, by the orders of another person than the lady named. As he could not think of entering the house to demand the property, he complained to the Marshal and asked for a search warrant. The matter was given to Detective Kaapa, and the information signed by Mr. McKenzie was, as he thought, for the purpose of getting a search warrant. When the articles were found in the house, Mr. McKenzie would not give his consent to having Mrs. Levey arrested, as Kaapa and another officer were prepared for. Kaapa then said that in that case there was no more to do, the owner having recovered his property. It was after Mrs. Levey had gone to her attorney that the matter came to the police court, and as Mr. McKenzie never blamed her for the abstraction of the articles, he was very sorry the affair was forced to that point. Far from wantonly annoying the lessee of his premises, Mr. McKenzie asserts that he turned over to her a considerable amount of personal property, which was not in the inventory at all, besides doing gratuitous work on the place after the lease was delivered.

Bids for the Fisher Block.

Bids for the new building on Fort street, above Hotel, to be erected by J. H. Fisher were opened yesterday as follows:

Arthur Harrison	\$5550
Lishman & Ouderirk	5191
D. McKenzie	5170
Patzic	4774
F. Redward	4691
Bertelmann	4575
Fred Harrison	4250

The contract was awarded to Fred Harrison, the lowest bidder.

G. A. R. ANNEXATION.

Appeal to Veterans in Hawaii to Rally for McKinley.

R. J. Greene, Post Commander of Geo. W. De Long Post, G. A. R., has received the following communication, typewritten on a letter head of the Republican National Committee:

R. JAY GREENE.

Dear Sir and Comrade:— You have been recommended as a soldier who would take an interest in the political campaign in your State, in the organization of "Union Veterans Patriotic Leagues" and "Veteran War Clubs," the membership of which is confined to soldiers and their sons. These Leagues and Clubs are being organized by ex soldiers in every State in the Union and they are very active in campaign work.

We send you enclosed, some campaign documents and General Daniel E. Sickles' letter recommending the organization of Union Veterans Patriotic Leagues, in which he says, "the surviving veterans should go to the front as in former days, disregarding mere partisan thoughts, and throw their weight, as they did from '61 to '65, for the honor and good name of our country now menaced by revolutionary combinations of a dangerous character." This is the language of General Sickles, a gallant soldier who lost his leg on the battle field, and a life long Democrat.

These documents will be followed in a few days by others that will be of interest to surviving soldiers, and if you have not already formed an organization in your community, we sincerely hope you will do so at once.

We send you enclosed, blanks for organization of Union Veterans Patriotic Leagues, and advise that you write to Headquarters of the League, New York City, for literature to be used in the campaign. Let us rally to the bugle call as we did in 1861, and stand by our old comrade, Major Wm. McKinley, as he stood with us on many a hard fought battle field. The record of his comradeship should alone be sufficient to arouse the enthusiasm, and secure the earnest support of all surviving veterans, but with this he also stands as the direct representative of vital principles for upholding the credit and fair fame of the Nation.

Yours fraternally,

W. L. CURRY,
Chief Soldiers Department,
Chicago, Ill., Oct. 14th, 1896.

POLICE COURT MATTERS.

Fined for Headless Driving—The Hickey Case on Trial.

In the District Court this morning A. St. M. Mackintosh pleaded guilty of headless driving and was fined \$25 and costs. The horse and buggy driven by the defendant nearly ran into A. G. Hitchcock and wife on Sunday last near Makee Island. One of the shafts of the buggy caught Mr. Hitchcock and sent him spinning.

The balance of the morning session was occupied in ventilating the troubles of the Hickey family. William Hickey is up on two charges of assaulting his father-in-law and mother-in-law with a pick handle. The case is being bitterly fought and was not concluded at the morning session. Marshal Brown is prosecuting and A. G. M. Robertson defending.

Competitive Drill Announced.

In spite of the wet weather, the "old reliables" of Company B had a lively drill in the shed under command of First Lieutenant Jacobsen last night. An election for first lieutenant was announced to take place next Tuesday night, but an effort will be made to have it postponed, as the boys wish to see the opening of the Opera House. It was also announced that a competitive drill will take place next January for a prize of \$500.

NOTES FROM HAWAII.

Clipped and Condensed from the Hilo Tribune.

The Hawaiian Church building at Halawa has been turned into a Government school. Mrs. Patten is in charge and has thirty-six pupils attending.

Bishop Gulstan, who came up on the Kinau of the 21st, will remain in this part of the Island until the 26th. He leaves for Hamakua in company with Father Bonaventura of Hilo. A number of luau are being prepared to greet his visit to the district. Father Oliver is a busy man now.

The Portuguese Sugar Mill Co. has just completed at a cost of \$1500 a bridge over the Wailuku river in their Pihoonua fields. Jas. Lewis was the builder.

As a result of the recent visit of Postmaster-General J. M. Oat, the Hilo Post Office is to undergo a general overhauling. The middle wall is to be removed and the two rooms made into one.

The regular quarterly meeting of the Hawaiian Coffee Planters' Association was held at Mountain View on Saturday last.

While Interpreter Doyle was in Hamakua, Deputy Sheriff H. S. Overend and the former worked together in trying to find a clue to the parties who stole the sum of \$365.00 from the store of J. G. Jones, at Kukuihaele. A Malay named Manuel Perez was arrested last week at Kukuihaele charged with the robbery and was committed by the Hamakua District Court to answer before the January term of the Circuit Court in this city.

A very important business improvement for Hilo was begun this week, which was started by posting of notices offering for sale the old buildings on the northwest corner of Waianuenue and Front streets. These buildings were sold last Tuesday, and they are to be removed before the 31st inst. Immediately the erection of a handsome business store and warehouse will be commenced to be occupied by Hackfeld & Co.

Mr. E. D. Baldwin has been exhaustively interviewed by a Honolulu paper during a recent visit to that town and gives a very careful and thorough review of coffee culture in Oahu that forever sets at rest the nonsense recently published there on this subject. Mr. Baldwin deserves the thanks of this neighborhood, for his views are from long acquaintance, and not those of a junketing vacation trip of a party who felt compelled to voice in return for hospitalities the views of those who entertained him.

Round the World in Thirty Days.

Prince Michael Hilkoft, Minister of Ways and Commerce of Russia, is traveling in the United States, expressly to study American railway systems. Russia, he declares, has made great strides in railway building in recent years. The railroads of Russia are now operated upon the continental system, but it is proposed to substitute the American. When the great transiberian railway is completed Prince Hilkoft declares Russia will have made it possible to travel around the world in the marvelous time of thirty days.

Prison-Made Bags for Sugar.

The steamer Australia is taking on 200 bales of burlap bags for the sugar plantations of Hawaii. The bags were made by prison labor, and they will be used in shipping sugar from the island.—Examiner.

Louise la Perrienne, an orphan creole of New Orleans with a fortune of four million dollars, had a narrow escape from marrying a bogus German baron, or at least from being victimized out of a portion of her wealth by him. Her guardian in New Orleans found that the "baron" had swindled an Omaha girl out of \$2000 and one in San Francisco out of \$1000.

Walter Lineau, who married the widow of Colonel John A. Ockerill in June, shot and seriously wounded himself in his home at Linden avenue and Dwight place, Englewood, New Jersey, Oct. 17. Mr. Lineau was in his bedroom when the accident occurred, where he went after dinner, as he said, to clean his revolver. He told his wife, when she found him lying on the floor, that the weapon was discharged accidentally.

The Ins and Outs of It.

If you get best wear out of a coat, best work must have gone into it. You can't get good bread out of poor flour.

Moral: You can't get the best out of anything, unless the best is in it; and the best has to be put in before it can be taken out. Now, we have a rule to test those sarsaparillas with a big "best" on the bottle. "Tell us what's put in you and we'll decide for ourselves about the best." That's fair. But these modest sarsaparillas say: "Oh! we can't tell. It's a secret. Have faith in the label." . . . Stop! There's one exception; one sarsaparilla that has no secret to hide. It's Ayer's. If you want to know what goes into Ayer's Sarsaparilla, ask your doctor to write for the formula. Then you can satisfy yourself that you get the best of the sarsaparilla argument when you get Ayer's.

Any doubt left? Get the "Curebook." It kills doubts but cures doubters. Address: J. C. Ayer Co., Lowell, Mass.

WEDNESDAY, OCT. 28, 1896.

THE CENSUS.

If the Independent would pay heed to the old proverb about judging unfinished work, its influence upon affairs might take on some appreciable weight. Its strictures on the mode of taking the census are absurd in view of all the explanations that have been published. The BULLETIN is not prepared to either maintain or deny that Superintendent Atkinson's means for sorting out the complex mass of nationalities here domiciled is the very best that could have been devised. Yet it is convinced that the plan is a great improvement on previous censuses. Census taking is not an exact science anywhere, and it is beset with peculiar difficulties in this country. There are captious in the schedules for the present census which this paper criticized objectingly at the outset, but most of the objections were satisfactorily answered by the Superintendent. Some of the objections from other quarters were entirely without reason in view of the practice of other countries. For instance, that relating to property statistics. The religion column, on the other hand, the BULLETIN considers would be better left out altogether than have them exclusively for "Protestant" and "Catholic," which will make the results absolutely worthless for information. In respect to nationalities, however, the principal theme of the Independent's carping, there is good reason on investigation to believe that Mr. Atkinson will produce the most complete analysis of the population ever made. At all events, let us await the completion of the tables before pronouncing judgment.

LAND SETTLEMENT.

In nothing is the Government more entitled to commendation than in the sustained activity with which the policy of homesteading and reproductive settlement otherwise is being prosecuted. Mr. Brown at the head of the Land Office, too, seems to be the right man in the right place. Among the newspapers of this country the BULLETIN is the oldest surviving supporter of the policy of

land settlement for small farming and diversified industries. It supported and defended Representative Dole's original homestead law many years ago, when that law was hampered by executive evasion and inaction, as well as being the subject of carping criticism by the official press. At a later period it was highly gratified at the privilege of being the first journal to describe and admire Queen Liliuokalani's very liberal and intelligent homesteading scheme upon her lands on the island of Hawaii. Therefore, this paper is entitled to feel peculiar gratification over the advancing fruition of all the agitation and legislation upon the subject.

There is something wrong in modern arrangements, when a great advance in the price of wheat does not benefit the farmers who raised the article. It is very convenient to those whose hard toil produces the staple to have it bought even before it is harvested, but it looks like outrageous injustice that speculators who toil not should reap all the advantages of a rise in value before the wheat is shipped to the consuming markets.

Some people in the village of Chicago, Illinois, seem to think that Hawaii is already a State of the Union.

Steward James.

An item from a San Francisco paper relating to Thomas K. James, the genial and highly popular steward of the Australia, published in this paper the day of that steamer's arrival, proves to be correct. It would be ungracious to say that Mr. James' leaving of the direct Oceanic service between here and San Francisco is regretted, because it is to be presumed that he makes the change to shore life for the enhanced comfort of himself and his family. Yet it must be said that Steward James will be sorely missed by the people of Honolulu, not only those who have traveled with him, but those whose acquaintance with him is confined to the coral strand, amidst the bowers of light and music and flowers. No steamship corporation employs more popular officers than the Oceanic, and none of these are better liked than the retiring steward of the Australia. All who have traveled in that steamer will agree that his place will be hard to fill. His unvarying courtesy and geniality have been only equaled by his efficiency in his duties. Travelers have been heard to say that no other steamer in these vast waters affords better living for the passengers than the Australia. Sorry to lose him from sight, the BULLETIN wishes Mr. James and his amiable wife, who has occasionally visited Honolulu, abundant happiness and long life to enjoy it in their new home on terra firma.

At the Hotel.

Following is the excellent program arranged by Prof. Berger for the concert at the Hawaiian hotel this evening, which commences at 8 o'clock:

Timely Topics

STUBBLE DIGGERS, SHAVERS AND CANE CULTIVATORS.

We want to call attention for a few days to three machines suitable for sugar land cultivation.

First—Avery's "MALLON" STUBBLE DIGGER, the peer of all sugar land implements. The superiority of this machine over all similar ones is evidenced by the fact that until this season the manufacturers have been unable to supply the demand for them. Their features of absolute merit are as follows:

- (a)—Metal wheels with renewable hubs.
- (b)—Solid steel teeth.
- (c)—Great strength with lightness of draft.
- (d)—Improved flanges with movable teeth.

Avery's "MALLON" IMPROVED STUBBLE SHAVER. This has lately been greatly improved and now runs on four wheels in the furrow. The knives can be raised or lowered with ease, with one lever, without stopping the team. Can be regulated to shave at any depth. The knives are protected by shields, so that it is impossible for the mules to be cut by them. There is no weight on the mule's necks. This Shaver can be turned as short as a cart and is light draft for two mules.

Third—Avery's IMPROVED "MALLON" CANE CULTIVATOR. This implement is used in the culture of both corn and cane from the first dirting of the crop, through the entire cultivating and "laying by" season. Is simple in construction, strong, durable, light draft, easily operated and understood. It has the revolving sectional discs, which work on each side of the row, thoroughly cutting and pulverizing the soil. The desired quantity of dirt thrown to the plant is regulated by changing the angle of discs on the drag bar. The operator can pass rapidly over the crop without the trouble heretofore experienced by moist earth sticking to the discs, cleaners being attached to the axle, which effectually prevents the discs from clogging.

These three valuable plantation implements are now in use at the Pepekeo, Onomea and Wainaku plantations and we shall be pleased to show testimonial letters from the managers as to their respective merits.

To intending purchasers we would say that the prices of these machines have been materially reduced this season. We keep them in stock.

W.W. DIMOND'S

Some time ago there was an item going the rounds of the press in the United States to the effect that a young lady, who was ill, wanted to secure one million postage stamps, to give a physician who had promised to cure her on receipt of them. The girl who did that was a man, and he was deluged with stamps; then he came to Hawaii and he is here yet. While he was collecting postage stamps, little Dolly Washburn was on another lay. She wanted to save her poor dear mother all the time she could around baking days, so she invented an egg separator, which takes the yolk from the whites with the greatest ease. The separator sells for 50 cents and Dolly has already made enough out of it to employ a good cook and live in New York.

In this country most servants light fires with the assistance of kerosene. Those who live through it get along all right, but they waste lots of oil. We have a contrivance whereby oil may be saved and all danger of explosion may be averted. The price is little.

Mr. Paxton must have been a man who hung around the kitchen a good deal, for he has given to the world a combination dipper, strainer and funnel, that is about as cute as anything ever seen in the kitchen. You can strain soups, milk and other things or you can have a dipper or a funnel combined, for a quarter.

There is much interest being taken in the appointment of the new judge for Hawaii. Some who claim to have inside knowledge say it will be Gardner K. Wilder, while others are equally certain it will be someone else.

Cabin passengers in the Australia on her down trip contributed a purse of several hundred dollars as a farewell token of esteem for T. K. James, who leaves the steamer on the completion of the round trip at San Francisco.

A most remarkable feat was recently performed by an athlete named Tommy Burns of London. On a wager he was to dive from the top of London bridge, and then run to Yarmouth, a distance of 128 miles, inside of twenty-four hours. He made the dive, but was immediately arrested by the police. He was released on bail, and started on his run. He won the wager by doing the journey in twenty three hours and forty minutes. Burns has saved forty-three lives.

A country store keeper set out for town to buy some coal oil, taking with him a three-gallon tin and a five gallon tin. On the way he met a coal oil peddler who had an eight-gallon tin full of coal oil. The store keeper bought four gallons of coal oil from the peddler. How did they measure?

Thirst The Remedy Where to get it.

There are several remedies for thirst. Water is all right, but how much pleasanter is a glass of our sparkling soda to the thirsty palate. Ours is an agreeable remedy. We guarantee a cure, not a permanent cure, however—for a time.

We don't leave anything to chance in preparing our pleasant thirst remedies. We take the utmost pains with every detail. We won't skimp on material either. We use fresh, ripe strawberries for our "crushed strawberry." The same with pineapple. Decayed fruit is never used for our fruit flavors. That's one reason our flavors don't taste like the common sort you get at other places.

Get your thirst remedies of Hobron Drug Co.

Cures Talk

"Cures talk" in favor of Hood's Sarsaparilla, as for no other medicine. Its great cures recorded in truthful, convincing language of grateful men and women, constitute its most effective advertising. Many of these cures are marvelous. They have won the confidence of the people; they have given Hood's Sarsaparilla the largest sales in the world, and have made necessary for its manufacture the greatest laboratory on earth. Hood's Sarsaparilla is known by the cures it has made—cures of scrofula, salt rheum and eczema, cures of rheumatism, neuralgia and weak nerves, cures of dyspepsia, liver and kidney troubles, catarrh and malaria.

Such Cures as This Prove Merit.

"My little nephew was a plump and healthy baby until a year and a half old, then sores broke out behind his ears and spread rapidly over his head, hands and body. A physician said the trouble was scrofula humor in the blood. The child became one complete sore. We had to restrain his hands to keep him from scratching the sores. We were induced to try Hood's Sarsaparilla, and in a short time he had more life. He improved rapidly, his skin became entirely clear of sores and he is now a healthy child." MRS. FLORENCE ANDREWS, Clearfield, Iowa.

LEWIS & Co.

Hawaii is a glorious country but the soil and climate are against raising certain kinds of fruits, so that except in certain short seasons the public must eat tinned goods. There are many kinds of tinned goods to suit many kinds of people. We please all.

The "Hickmott's Signature Brand" of tinned fruits in three pound cans are unquestionably the best put up in the States. We have Sliced Lemon Cling Peaches. Yellow Crawford's Apricots and Bartlett Pears put up in an elegant thick syrup. They are the most delicious fruits imaginable. Then we have cheaper grades, too.

Everyone who eats enjoys the small French Peas but they cost money, some people have a French Pea Pallet and Marrowfat Purse. But recently the farmers of California have been growing small peas equal to the French which we sell for a great deal less money. You would imagine they came from the suburbs of Parris. Another elegant dish, and very cheap, is the French Red Kidney Beans, may be eaten hot or cold and enjoyed either way. These are new here.

In syrups we have Forest Grove Brand of Maple, something entirely new, elegant and the genuine article. We have Green Mountain, known to every yankee, and Fowler's Log Cabin Brand in pint and quart bottles. Hot cakes or waffles are not good without syrup. Those who do not like maple can get "Crystal Rock" drips—from us.

BICYCLE COSTUMES.

Tailor Made Suits For the Wheel—Short Skirts and Jackets.
The bodices employed for bicycle wear are diverse. The bolero, the bolero, open or closed, and the short jacket, with a rippled bosque, are all seen, but the bolero is falling a little out of favor. The shirt waist naturally prevails during warm weather and is very neat and satisfactory. It is a great mistake to wear frills and furbelows for riding or large and gayly trimmed hats. These, no matter how pretty and becoming they may be in themselves, look in bad taste and are as much out of place on a bicyclist as they would be on an equestrienne.
The short skirt necessitates the wearing of trousers underneath. These may be of

CYCLING CORSET.

silks, satin or mohair, but preferably they are of the same cloth as the skirt. No petticoat is required, nor should the bicycle skirt be stiffened at all. It must be borne in mind that the plainer, and closer a bicycle costume is to the nature of the wearer's apparel, and tailor made effects are the ones to be desired. All flaring, flapping apparel, all fluttering ribbons and ruffles, should be avoided by a woman who wishes to look "smart." A neatly kept wheel, devoid of streamers, but clean and polished, is the first necessity of a business-like bicyclist, and the second is a trim, well fitting, quiet colored costume. The skirt must be rather soot, as skirts in general run, and the short skirt is preferable to the long one, not only as regards comfort, but on account of the danger of the long skirt becoming entangled in the wheel. Many accidents have occurred from this cause, and as the wind caused by the rapid movement always raises the long skirt more or less modestly it is not particularly well served by it. A pair of neat leggings candidly worn are less provocative of comment than hosiery revealed by accident.
The cut shows a corset invented for wear in bicycling and other athletic sports. It is of coutil, bound with kid, and has no steels in front. It is very short and is cut entirely away over the hips, allowing great freedom of movement.

JUDIC CHOLLET.

"Put Me Out at Buffalo."

The title of this wellknown song as well as the song itself emanated from the brain of an employe of the Buffalo Brewing Company. That enterprising firm, believing that a man who could compose so catchy an air must have a large and well balanced brain, straightway raised his salary. This has proven to be a good move on their part as is testified by the excellent qualities of their beer, which is dispensed over the bars of the Cosmopolitan, Pacific and Royal saloons at the rate of two glasses for 25c. It is always fresh and cold and life-sustaining. Or you can get one glass of Buffalo and one of Pabst beer, the fine product of the Milwaukee brewery. Exchangeable checks good at all the above-mentioned resorts are given in change if you only want one drink. "Best beer ever in Honolulu," is the verdict of many of our prominent citizens.

High Living.

Roast beef, mashed potatoes, Julienne soup, vegetables, poi, pie, and peanuts at the Anchor lunch tomorrow. That's the way that Sweet William [Cunningham] has of showing his appreciation of his largely increased patronage since the Anchor has been fixed up with paint, gilding, polish, enamel, etc. But the crowning glory of the Anchor is the foamy, creamy, life-saving Suttle Beer which has just arrived by the Australia and continues to arrive by every steamer that comes from the Coast. Finest beer on earth is the general remark, not mentioning the cigars and cheese, which are superb.

MILLINERY NOTES.

Astonishing Hats—Fashionable, but Not Beautiful—Roses the Favorite Flowers. Belts are fashioned sometimes with small fobs on either side, whence can depend the gold, silver or jeweled bonbons, converted for the nonce into a receptacle for face powder, the pencil and the book of tablets. There is a tendency to revive the chateaubain, which, on the whole, is but a tiresome appendage, whose belongings continually exhibit a desire to attach themselves where they are least needed.

Hats are really flamboyant this season. They have burst into most extravagant blooms and are literally loaded with trimming. As many as a dozen life size roses, with foliage, to say nothing of lace and ribbon, are sometimes seen on a single

CAPOTE.

hat, and equal riot prevails as regards color. Many conflicting tints are displayed on the same headgear, and effects which are decidedly nightmarish are not only tolerated, but approved, because they happen to have the sanction of misguided fashion. A navy blue hat, with red and yellow blossoms and green flowered ribbon, may be permissible, but nothing can make it beautiful or tasteful.

Many pretty combinations are seen, however. The colors employed are mainly frank and gay, but that is nothing against them if they are properly employed. Roses are the fashionable flower and are seen in all the natural shades and in many unnatural ones, mauve and purple notably. These last named colors are having a great vogue, both for millinery and costumes. Straws of a bright, solid violet are a feature of the season, and purple and lavender or mauve trimmings are seen on hats of other colors. Violets, both white and colored, continue to be popular.

The illustration shows a capote composed of gulpure and nasturtiums. The gulpure covers the small crown of the capote and forms a sort of crest, or aigret, on the left side. The nasturtiums are of different shades. JUDIC CHOLLET.
