A well-known proverb says: "Far away hills are green." This accounts in large measure for the number of orders sent to the Coast for articles that can be bought just as cheaply in this city. Also in Hawaii there is greater variety, quicker delivery and the added pleasure of knowing the money remains at home. Read The Bulletin ads.—Patronize Bulletin advertisers.

## REJECTED BALLOTS Produced BEFORE THE COURT

### FERNANDEZ HAD THE MOST IN 1ST OF 4TH

The hearing of the Fernandez election contest against E. R. Adams was started this morning before the Supreme Court, much against the wishes of Fernandez' counsel, Judge Edings and C. W. Ashford doing all in their power to secure a continuance. The Court was obdurate, however, and insisted that the hearing of the case go on immediately.

Edings at the opening of the proceedings asked that the hearing be continued. Ashford, he said, was engaged in a case before Judge Robinson and he himself knew nothing of the merits of the case. Furthermore, he was engaged in the Kanehale case, in which the interests were somewhat opposed to those in this case. For this reason he would ask to withdraw as counsel for Fernandez.

County Attorney Douthitt, appearing for Adams, together with Assistant Milverton, said he had no objections to a continuance for about a month, as from now on he would be engaged in criminal work for some time.

After a lengthy consultation, the Court announced that it was of the opinion that the case should be proceeded with.

Edings again asked for a continu-

ance. The Court said that Ashford should have been present in court. Edings asked that he be sent for, which was done.

Ashford said that the trial in which he was engaged had lasted longer than he thought it would. He would have to ask Edings to conduct the case. He hoped he would not withdraw and could see no reason why he should do so.

The Chief Justice said the Court was ready.

Ashford said he would have to excuse himself and leave the matter to Edings. Edings said that he knew nothing about the case, but under the circumstances he could see no alternative but to proceed. Frear announced that the only alternative was to dismiss the case. Edings then proceeded by calling Chief Clerk Buckland.

Buckland testified that he was the custodian of the ballots cast in the last election. He had brought them along. There were twenty-one bags of them lying in a heap on the floor.

Edings asked that the bags be opened in order that the rejected ballots could be found. Milverton objected on the grounds that only specified bags should be opened, and further that

## SMALLER FIRMS WANT CHANCE TO TALK IN CHAMBERS

The Chamber of Commerce held its quarterly meeting at 2:20 this afternoon.

The report of the Board of Trustees for the last quarter, outlining work accomplished, matters which have been published, was read and approved.

The following resolution was adopted after some discussion:

That the regular meetings of this Chamber shall be held on the third Wednesday of each alternate month at such hour as the Board of Trustees shall order.

Mr. Lucas, of Henry May & Co., favored the idea of more frequent meetings than once a quarter. There were often, he said, matters of interest to the smaller firms that might be brought up, and if meetings were held oftener and members outside the Board of Trustees were given something to do, there would likely be more interest manifested.

E. I. Spalding stated that a member could at any time attend the meetings of trustees and make any suggestions he had in mind.

E. E. Paxton thought frequent meetings were all right in theory but hardly worked out in practice.

Secretary Spencer said that when the Chamber used to meet once a month there was rarely a quorum.

W. A. Bowen remarked that the trustees had carefully considered the wishes of the various members, some were for meetings every month and some favored quarterly meetings. The trustees compromised by making it every two months.

H. P. Wood, secretary of the Hawaii Promotion Committee, was present at today's meeting and was, at the suggestion of President Lowrey, introduced by Mr. Bowen to those members of the Chamber present whom he had not met.

Out of fifteen members present today, ten were trustees or officers.

When the times of meeting held the attention of the gathering, Mr. Spalding suggested that it might be well for some of those outside the trustees who favored frequent meetings to speak up.

James Morgan said many of those who had expressed hopes of more meetings were now absent from the city.

The next meeting of the Chamber occurs the third Wednesday in January.

## FERNANDEZ GIVES UP

The Fernandez election contest against Adams went up the spout completely this afternoon, the petitioner himself asking permission to discontinue it.

When the Supreme Court resumed its session at 2 o'clock it ruled that the ballots must be considered as a whole and that an error in any portion invalidated the whole ballot. Under this ruling 15 out of the 16 rejected ballots for Fernandez were ruled out as properly rejected and one allowed as improperly rejected.

The bag of the Tenth Precinct of the Fifth District was next opened. It contained twenty rejected votes for Fernandez, three for Adams, eighteen blank and one for both. All the votes for Fernandez were held to have been properly rejected under the court's former ruling.

The bag of the Eleventh Precinct of the Fifth District contained twenty-nine rejected votes, of which eleven were for Fernandez, seven for Adams and the rest blank or for both. This is Fernandez' home precinct. All the votes for Fernandez were ruled to have been properly rejected.

The last bag opened was that of the Ninth Precinct of the Fifth. It contained thirteen rejected votes for Fernandez, six for Adams and thirteen others. All the votes for Fernandez were held to have been properly rejected.

At this point Edings asked a consultation with Fernandez, stated that it seemed unnecessary to consume further time. Out of four precincts counted only one vote for Fernandez had been found to have been improperly rejected. Under this showing it would seem impossible to gain a victory or establish a precedent, and it would be best to stop. He asked for leave to discontinue the case.

## Schedule Of Voters Shows Great Hawaiian Increase

### BUCKLAND COMPILES VALUABLE DATA

Chief Clerk Buckland has compiled a detailed statement showing the number of registered voters in each district of the Territory for 1904, 1902, and in the Fourth and Fifth Districts for 1900 also. The figures for 1900 are not obtainable for the other districts as the affidavits of the election officials were never turned into the Secretary's office. The schedule also shows the loss and gain in each district and the number of votes divided into the various nationalities.

The comparison of the number of registered voters in 1904 and 1902 shows a gain of 641, of whom 580 were Hawaiians and 61 of other races. The Hawaiian gain is not to be ascribed to any gain in population, but is due to the efforts of those interested in the election who had a number of Hawaiians register last year who had neglected to do so in previous years.

A significant showing is made in the figures of the Fourth District, where a loss is recorded of 92 Americans, thought to be principally mechanics who have left Hawaii. Another explanation may, however, be deduced from the fact that the American vote increased by 50 in the Fifth District, showing that possibly many of the 92 moved to Palama, where rents are generally cheaper.

The Portuguese vote, in spite of the fact that many have left for the mainland, shows a very substantial increase all along the line, with the exception

## Old And New Policies Says Ballou Not Same As Claimed

At 1:20 o'clock this afternoon the New York Life Insurance company investigation was resumed but nothing of moment was done beyond the offering of some interesting letters in evidence. Commissioner Campbell held forth in the throne room. Present were Deputy Commissioner Smithies, Deputy Attorney General Prosser,

## Kuhio Would Accept But Is Not Working For Re-nomination

Hawaii's Delegate to Congress, Kūhio Kalanianaʻole, informed a Bulletin reporter this morning that he was not working to run again as the Territory's representative at Washington, but that, should the Republican party see fit to nominate him for the office he would certainly accept the nomination.

The following occurred between Prince Kūhio and the reporter:

"Mr. Kalanianaʻole, do you expect to run again for the Delegateship?"

"I am not out for it. I am not seeking it."

"Should the Republican party nominate you, would you accept the nomination?"

"Oh, if they want to put me up again, why I suppose I would run."

"You do not feel certain about it?"

"Well, if I get the nomination on the Republican ticket, I shall certainly run."

"But you are not working for the nomination?"

"No, I'm not working for the nomination. To tell the truth I care very little about it, whether I am named or not. I'm not bothering about it."

"Have you consulted with any of the leaders of the Republican party, have you acquainted any with your attitude in the matter?"

"I have been wanting to see A. G. M. Robertson, but have not had an opportunity to do so. I don't know if Robertson is out for the Delegateship. I have not seen the Governor and don't know what he thinks. There has been some talk of his running, but I know nothing of the facts in this regard. I have paid but little attention to the matter."

"What are your relations with Mr. Robertson?"

"They are most harmonious. I do not know that he is out for the Delegateship. As I said before, I am not bothering about the office and do not care who is nominated. I leave that to the party. If it sees fit to put me up, why, of course, I will run. I expect to get away tonight in the Aorangi and will probably be six months in Washington, doing my best for Hawaii's interests and another term is not occupying my mind. I leave all that to the party. I see an evening paper published something about me yesterday, but I gave no interview. I don't know where it got its information."

Asked as to what he expected to do in Washington, the Delegate excused himself, pleading an engagement and much business to attend to before his steamer sailed.

## JAPAN IMMIGRATION TO THE STATES ON THE DECREASE

Japanese immigration to the coast and the Hawaiian Islands from Japan has fallen off materially during the past few months. The number to depart from Honolulu for San Francisco lately, however, is on the increase.

The decrease of Japanese immigrants is believed by Fred. Bechtel, of the Immigration Bureau here, to be due to the fight started against their influx into the United States by the San Francisco Chronicle about eight months ago. Other papers took up the fight and Mr. Bechtel thinks that because of the sensitiveness of the Japanese government the number who have been allowed to leave their own country has been lessened.

## BALLOU MAY GO TO NEW YORK TO INVESTIGATE

The investigation of the New York Life Insurance Company matter in connection with the John Ena policy is to be resumed at 2 o'clock this afternoon, but it is most probable that nothing will be done at present. It is understood that the Henry Waterhouse Trust Co. has not as yet received the documents it wrote to the New York Life's New York head office to forward, and that it will for this reason ask for a further continuance. It is not thought that the Hawaiian Trust Co. people will offer any objection to this. On the contrary it is said that as the company's attorney, S. M. Ballou, is to go to the mainland in the near future, that he will be authorized to go right on to New York and continue his investigation at headquarters.

## NEW OLAA BONDS BOAT FOR PUGET SOUND

It is said that B. F. Dillingham has arranged to float a new issue of \$2,000,000 of Olaa Sugar Co. bonds, refunding the present \$1,250,000 and taking up the floating debt. A meeting has been advertised for the 23d.

Brown—"Do you have much trouble with the smoke nuisance in your town?" Black—"No, we enforce the anti-cigarette law."

A deal between Cook & Co., of Seattle and the Inter-Island Steam Navigation Co., for the transfer of the steamer Wallaleale to the first named concern is on but the amount of the sale has not been made public. The sale has been under consideration for some time. It is believed the Cook company will take the vessel to the Sound to be used in that vicinity.

## LACE CURTAINS

Most everyone buys lace curtains at this season of the year, as this is the time that people summering on the Coast return to their homes in Hawaii.

### BOYS IN BLUE ROUTED

Mailes . . . . . 11  
15th Inf'ty . . . . . 6  
As usual Uncle Sam's men with the great reputation have gone the way of previous teams that were going to conquer the islands in athletics. The great and only Fifteenth Infantry football team suffered defeat at the hands of the Maile Athletic Club team yesterday afternoon in one of the most grueling games ever played on a local grid. Every inch of ground was fought for by both muscle and mouth. Captain Waugh of the Fifteenth, proved a strenuous kicker. After each down he had some fault to find and even went so far as to advise his men to play rough. His wild method of handling the team brought forth laughter from the spectators.

The soldier boys, however, were not without their good points. They worked hard to win and at times made desperate stands when their line was in danger. They showed particularly well in the first period of the first half but after this they became slow.

"Irish" Plunkett, the human locomotive, proved the king-pin of the day. This husky lad could not be stopped. He wriggled, crawled, bucked and pounded his way through the soldiers in a manner that gained for him much applause and for his team many a yard.

Harry James also did brilliant work behind the line. Harry directed the Mailes in a heady manner and succeeded in scoring in each half.

The soldiers made their only score 5 minutes after play started. In a fake play, where the ball was booted slowly along the ground for 10 yards, a soldier fell on it and it was their ball on the Mailes' 25-yard line. By a series of mass plays the soldiers carried the ball over the line and kicked the goal. The boys in blue tried some old tricks during the game but they failed to work. With one-half minute left to play, after the Mailes had scored their second touchdown—the Mailes kicked off. The man who received the kick endeavored to shove the ball inside the jersey of his team mate. This is the old Carlisle Indian trick but it did not work with the Mailes.

Plunkett for the Mailes made their first touch down 10 seconds before time was up in the first half and the second touch down was made by him 1 minute before time was up in the second half.

In the first half Plunkett sprinted 50 yards for a touch down but the score was not allowed, due to the fact that the captain of the soldiers was yelling "time" when the ball was put in play. The referee's whistle had not blown and the score was legitimate. On account of being a visiting team the soldiers were given the benefit of the decision.

Coach Benson deserves much credit for the manner in which his team played. With some of their best men out of the game the Mailes played well together. It was a sort of a pick-up team that went on the field, in fact this is the first time that they have been together. Clark, Lightfoot and Sumner of the High School did good work. Mailes at quarter played a steady game and handled the pig-skin well. Plunkett displayed all of his old-time form and proved just as hard to stop as ever. Buckle at center was a tower of strength and took good care of his man. Kellett, a new man, was put in at left tackle and with a little more experience will make a winner. Venhuizen played his usual consistent game.

This game demonstrated that Benson again has a team that will make a hard try for championship honors. Although the team is not quite as heavy as last year it is just as fast.

High Schools have finished their football season. Some of their men will be seen in Maile uniforms.

Yost's new book on football is in town and is attracting much attention.

It was hard to tell who were the most excited in last Saturday's football games, the spectators or players.

Both at the Punahou-Kam and St. Louis-High School games it was demonstrated that the field needs police patrol. The spectators interfered in both games.

"Fish" Alexander and Sam Johnson are out for P. A. C.

It is easier to referee a prize fight than a football game. Fighters don't have the time to kick.

The Kams and Diamond Heads are the first to start training for the coming track meet.

Melville claims that the Halewa links looked like Scotland to him Sunday. Jim had a nice quiet day.

What will become of the Elks' interest in the baseball league? This is the question that is worrying the fans.

Peter Baron has quit the Healan Boat Club. Pete will be sadly missed by the boys. Geo. Freeth is now in charge.

Bert Bowers will captain the Maile baseball team next season. Bert would do the game more good by continuing at umpire.

The Halewa golf course is soon to be improved. It has been decided to seed all the greens.

The lease for the new country club is said to be on the way from England.

The Diamond Heads lead in the indoor baseball race.

Ladies' Basket Ball League will be the next feature in sports.

New York, Nov. 4.—Arthur F. Duffy, against whom charges of professionalism were made in a recent statement

issued by Bernard McFadden, yesterday denied in toto the statements made and repudiated them as unauthorized and incorrect. Bernard McFadden could not be seen yesterday, but his representative said that the article when written was supposed to have been submitted to Duffy before publication, but that through some error Duffy had no cognizance of it, and that Mr. McFadden would retract his reference to Duffy's status and stamp them as unfounded in fact.

Tom Jenkins, the champion wrestler of America, has been appointed boxing and wrestling instructor at West Point Military Academy by President Roosevelt.

Sam Schenck, who by virtue of the elasticity of the English tongue terms himself a "sport," threatens to sue Harry Corbett to recover \$500 he lost on the Jabez White-Jimmy Brett fight.

Fred Tenny, who has played first base for the Boston Nationals for several years, may go with Cincinnati next year. It is reported that Boston has put him on the market, and President Herrmann has already made overtures for his purchase.

Kid Sullivan knocked out Tommy Daly in eight rounds at Baltimore last night. The contest was a fast one while it lasted.

Philadelphia, Nov. 2.—Benjamin Shibe, president of the Athletic baseball club, believes that there may be a third major league next season.

Bill Lange suggested a change in the scoring rules which will start discussion among players and fans as well. When you give it serious thought, Lange's new idea will not impress you as a bad one. First basemen won't applaud the change Bill would make, for it would lower their fielding averaged at the expense of raising the other players.

"If I were scoring a game I would give a first baseman an error on every low throw he missed," remarked Lange yesterday. "When a ball comes right at a first baseman there is no reason why he shouldn't get it, even if it hits the ground before it reaches him. The first baseman doesn't have to touch the runner; all he has to do is to catch the ball. It is unfair to give a third baseman or a shortstop an error when he makes a long throw from a deep field and it falls short. They must hustle their throws, and the first baseman ought to scoop up low throws. If my suggestion were used by scorers the fielding averages of all the infielders would be about the same. As games are now scored first basemen have a shade the best of the errors."

### COUNTRY CLUB LEASE

W. W. Thayer claims that the lease for the proposed country club has arrived. The lease has not as yet been gone over. Steps will at once be taken to organize the club. Much money has been subscribed and it looks as though the new club will start on a sound financial basis.

The Rio wreck has been discovered as frequently as the average sea serpent and is quite as difficult to capture.

Business men, after thinking it over, usually decide that Color knows best and is the last man to enforce regulations that are not thoroughly practical.

Senator Dewey and Governor Odell have been tarred with the Equitable brush but Tom Platt, an old fox, will probably apply for a location in some Saint's Rest.

Will some one kindly rise and explain why Vladivostok wants to indulge in riots, unless it is to be in line with Russian winter styles or in answer to Dr. Russell's plea for annexation to Japan.

The Czar and his court clearly join in the general opinion on Dr. Witt's ability to handle the situation. Though the health of the family may be given as the reason for the failure to return to the capital this winter.

The criminal libel suit brought against Lawson will strengthen the impression that his opponents are becoming dubious over a policy of ignoring the man and calling him names. The life insurance results, which were only incidental, were too disastrous to let the attacks continue without strenuous efforts to head them off.

Think of the organized labor protest against regulation of freight rates. The immediate question is whether this voice comes from free American citizens or serfs of the financial oligarchy anxious to hold their jobs. The incident, however, shows what a bitter fight the railway owners intend to offer to prevent any interference with their manipulations.

KUHIO AND RENOMINATION

The authentic interview with Delegate Kuhio given in this issue goes far toward clearing up a situation that has been ruled principally by rumors.

The position of the Delegate as regards a renomination is that he will not seek the office with especial enthusiasm, but he will not refuse to run should he receive the nomination. This amounts to a declaration that the Delegate considers the contest for the nomination an open game and will not hold a feeling of ill will against any member of the party who may go out after it.

Some may remark that the Delegate couldn't stop any citizen from making a canvass for the nomination. This is true but it is quite a different matter in political forecasting whether the present incumbent says he wants a renomination and calls on his friends to stand by, or, casually suggests that he doesn't care much but will take it if it comes his way.

The Delegate is evidently satisfied with the four years term which the people of the islands have given him. And his ideas carry out a principle of rotation in office which is an unwritten rule in many Congressional districts. The Representative is given two terms—he is regarded as entitled

to this if his party be successful—after which he gives way to others. Since Delegate Kuhio is now going to Washington to begin serving the term to which he was elected last year, it may be a matter of remark that the present is rather a previous period to be casting up accounts for the nomination for the next congressional term. When we stop to consider, however, that the nominating convention will be held less than a year hence and the election next year, the preliminary sizing up of possibilities if not probabilities is not beyond the range of good sense and the proprieties of the situation.

The atmosphere of Delegate Kuhio's remarks is very calm and without, comfortable. His immediate attention is centered on what he has before him in the coming session of Congress. This being the long session of his second term will be very important, and will have a great amount of work for those interested in the progress of Hawaii. The Delegate will be in Washington while the active preliminary work of the campaign is going on and if he retains his present state of mind will remain on the ground while letting affairs political at home take their natural course.

In many ways the present term of the Delegate promises to be one of the pleasantest he has had. The representative of the local planting interests for instance, is a man with whom he has worked in the past and who will no doubt cooperate with the Delegate in the future. Thus one old-time source of friction has been eliminated. The Delegate has his own experience and that of his secretary as an asset that should result in his getting at the sources of Congressional action more promptly and therefore more effectively.

The Delegate in fact appears to be in a very amiable frame of mind. He is willing to carry on the work for which he has been elected, without worrying his head about what is to come two years hence. It is easy to draw the inference from this that he would quite willingly, after having had his regulation two terms in Washington, serve the Territory in local legislative work where his services would properly be considered of great value. Meanwhile the candidates are free to put up their lightning rods and discover what can be attracted.

AMERICANS IN CHINA LIVE MOST ON HOPES

E. J. Walker, the commission merchant who went to China six months ago writes his family here that the boycott of China ordered on American goods is injuring the business there more than anyone in this country can imagine. Every American merchant is hanging on with the hopes that in the near future the boycott will be called off. Mr. Walker is in the wholesale commission business at Shanghai.

The Americans and Europeans patronize American firms but the loss of the Chinese business has effected every home in the country. Most business houses have fallen off more than one half since the boycott was started. Others who dealt altogether with the natives have practically no business whatever any more, but manage to exist and are anxiously awaiting a settlement. Mr. Walker states in one of his letters that at the time he was writing there was something like \$8,000,000 worth of goods from the United States stored in warehouses at Shanghai, having been refused by Chinese merchants.

Few white men have given up their interests there as yet because of the prevailing belief that something will be done in the near future and the boycott raised. He intimates that if such is not the case many of them will quite before long and return home. In every letter Mr. Walker always says, "the boycott is still on," showing that he, as well as the others, have hopes from day to day that its existence will soon be a thing of the past.

As an illustration as to how the boycott is spreading into this country a prominent business man here states that Chinese returning to their own country have all their gold changed from American money to English coins. The English sovereign is selling at a premium and American gold at a discount, the intrinsic gold value evidently making no impression on the prejudices of the boycotters.

Tam Yan, a Chinaman, was fined \$50 and costs this morning in the Police Court for selling opium without a license. Ah Tuck, before Judge Whitney on a similar charge, had his sentence suspended six months.

The C. A. S. S. Aeronaut for Victoria and Vancouver from Sydney, is due this afternoon. At 3 o'clock she had not been sighted. Her delay is probably caused by head winds that have been blowing lately.

DELIVERANCE ASKED FROM HUMILIATION

BY WONG LUNG

A new petition for a writ of habeas corpus had been made in the case of Wing Lung, who was convicted in the District Court of receiving stolen goods and was sentenced to imprisonment at hard labor for six months. The grounds given are that the charge on which Wong Lung was convicted constitutes no offense known to the laws of the Territory; and further that the High Sheriff, who has the petition in his custody "inflicted upon the said Wing Lung the indignities of cruel and unusual and infamous punishment by compelling him, clothed in a convict's garb, to perform hard labor in said Honolulu before the public eye and to pass along the public highways in going to and coming from such hard labor, which punishment will mark the said Wing Lung with infamy in the minds of his fellows as long as he lives, and which has brought upon the said Wong Lung great humiliation, pain, shame and disgrace; all in violation of the law of the Territory of Hawaii and the constitution of the United States of America."

A writ was accordingly issued by Chief Justice Frear commanding High Sheriff Henry to appear before the Supreme Court November 22.

CAPTURED THE TOWN

"All the Comforts of Home," was given at the Orpheum last night before an audience that was convulsed with laughter and enthusiastic over the excellence of the Buhrer company. The company is by all odds the best that has been in the city for a long time, and crowded houses throughout the season will be the record if Honolulu theater goers know a good thing when they see it.

PLANTERS' BANQUET

The Hawaiian Sugar Planters' Association annual meeting banquet at the Young hotel will be held on the evening of the 23rd instant, instead of on the 24th, as previously announced.

REJECTED BALLOTS

(Continued from Page 1.)

Beland was not their proper custodian. The objection was promptly overruled.

"Exception," said Milverton. "This is ruled Hartwell. 'Don't you know that exceptions do not lie in this court?'"

"I do," admitted Milverton. "Why do you say it, then?" snapped Hartwell.

"It was an inadvertence, Your Honor," said Milverton.

This explanation soothed the Court and all was sunshine again. The opening of the bags then began, Clerk Lucas presiding with the knife.

The bags were opened in rotation, those of the Fourth District being taken first. In the First Precinct, 33 rejected ballots were found. Of these 16 were for Fernandez, five for Adams and 12 for both or neither. The ballots had been rejected for various reasons. Some voted for too many Super-yours and some for too few. Edinas held that where the voter's intention was plain the ballot should be valid with the exception of the portion which had been wrongly marked. Doubtful objections to the ballots on the grounds that the wrongful marking established identification marks on the ballots. Each ballot was taken before the court and argued over.

An interesting feature of the rejected ballots of the same precinct was the votes they showed for Sheriff. It was as follows: Brown, 18; Henry, 5; Poe, 7; and unmarked, 3.

THE OLDEST MAN IN AMERICA

Tells How He Escaped the Terrors of Many Winters by Using Pe-ru-na.

Mr. Brock's Age is 115 Years.

MR. ISAAC BROCK, BORN IN BUNCOMBE CO., N. C., MARCH 1, 1788. His age is 115 years, vouched for by authentic record. He says: "I attribute my extreme old age to the use of Peruna."

Born before the United States was formed Saw 22 Presidents elected. Pe-ru-na has protected him from all sudden changes. Veteran of four wars. Shot a horse when 99 years old. Always conquered the grip with Peruna. Witness in a land suit at the age of 110 years. Believes Peruna the greatest remedy of the age for catarrhal diseases.

ISAAC BROCK, a citizen of McLennan county, Texas, has lived for 115 years. For many years he resided at Roscoe Falls, eighteen miles west of Waco, but now lives with his son-in-law at Valley Mills, Texas.

For special directions everyone should read "The Ills of Life," a copy of which surrounds each bottle. Peruna is for sale by all chemists and druggists at one dollar per bottle or six bottles for five dollars.

"After a man has lived in the world as long as I have, he ought to have found out a great many things by experience. I think I have done so. "One of the things I have found out to my entire satisfaction is the proper thing for ailments that are due directly to the effects of the climate. For 115 years I have withstood the changeable climate of the United States.

"I have always been a very healthy man, but of course subject to the little ailments which are due to sudden changes in the climate and temperature. During my long life I have known a great many remedies for coughs, colds and diarrhoea.

"As for Dr. Hartman's remedy Peruna, I have found it to be the best, if not the only, reliable remedy for these ailments. It has been my standby for many years, and I attribute my good health and extreme old age to this remedy.

"It exactly meets all my requirements. It protects me from the evil effects of sudden changes; it keeps me in good appetite; it gives me strength, it keeps my blood in good circulation. I have come to rely upon it almost entirely for the many little things for which I need medicine.

"When epidemics of the grippe first began to make their appearance in this country I was a sufferer from this disease.

"I had several long sieges with the grip. At first I did not know that Peruna was a remedy for this disease. When I heard that la grippe was epidemic catarrh, I tried Peruna for la grippe and found it to be just the thing."

In a later letter dated January 31, 1904, Mr. Brock writes: "I am well and feeling as well as I have for years. The only thing that bothers me is my sight. If I could see better I could walk all over the farm and it would do me good. I would not be without Peruna."

Yours truly, Isaac Brock.

For a free book on catarrh, address The Peruna Medicine Co., Columbus, O. If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.

Address: Dr. Hartman, President of The Hartman Sanitarium, Columbus, Ohio.

THE QUEEN'S HOSPITAL PAY PATIENT DEPARTMENT

THE QUEEN'S HOSPITAL PAY PATIENT DEPARTMENT offers superior accommodations and attendance for pay patients. The recent "Pauahi Annex" addition to the Hospital with its modern equipped Operating Room, Sterilizing, Anesthetic and Bathrooms, also portable baths, afford an up-to-date service in every respect, with Resident Physician, staff of trained Nurses, &c., also an Elevator Service. The following are the rates: Private Rooms, \$2.50 to \$3.50 per diem. Practicing Physicians are invited to place patients in private rooms, such patients to remain under the care of their own Physician, subject to the Rules of the Hospital; such patients will, however, have to pay their own Doctor.

Applicants for admission to the Hospital must furnish the Superintendent a surety for Hospital charges, or else pay two weeks in advance, which must be renewed every week thereafter. In Surgical cases a charge of from \$5.00 to \$15.00 is made for use of Operating Room and materials. Surgeons are invited to use the Operating Room of the Hospital under the above specified rates, and arrangements for hours can be made with the Superintendent.

Persons desiring admission to the Hospital should apply to the Superintendent, on the premises, Punchbowl and Miller Streets.

For further information or reference apply to the Superintendent or Resident Physician at the Hospital, GEO. W. SMITH, ESQ., Secretary (Benson, Smith & Co.); or E. T. BISHOP, Treasurer (C. Brewer & Co.).

## Wheeler's Ideas Of What To Teach

Pacific Grove, Oct. 25.—His patriotism stung to the quick by widespread prevalence of graft in State and municipal affairs, President Benjamin Wheeler made a remarkable speech at the session of the Monterey County Teachers' Institute today. Under the head "What Should Be Taught in a Grammar School" Wheeler declared and held up to ridicule the present methods and studies. The thing wanted in education, he said, is the transference of life power, not an accumulation of dead learning. The most essential teaching in religion is not that which consists in dogmas, definitions and ceremonies as interpreted by churches, but "an attitude of life by which we order our actions in accordance with a larger perspective."

"The next thing most necessary is instruction in morals and manners, good form both in speech and action. After these prime needs come manual training, where hand, eye and brain can learn to work together; agriculture, providing this is not regarded as a concession to demagogues; then music interspersed three times or more in every session in spontaneous fashion such as prevails in Germany, where every teacher is a singer." To these he would add civics, that the end might be attained which alone justifies the State in giving free education—the government of a wise people, for a wise people, by a wise people.

## Social Tragedy

### Women Who Brave Death for Social Honors.

In the midst of one of the most brilliant social functions of the season, a noted society woman started suddenly from her chair with a scream of agony and fell insensible to the floor.

A few hours later the distinguished physician told her anxious husband that she was suffering from an acute case of nervous prostration brought on by female trouble, and hinted at an operation. Fortunately a friend advised her to try

## Lydia E. Pinkham's Vegetable Compound

The result was that she escaped the surgeon's knife and to-day is a well woman.

The derangement of the delicate female organism sets every nerve in the body quivering with pain. Headaches, backaches, torturing bearing down pains and dragging sensations make women nervous and hysterical.

DEAR MRS. PINKHAM:—I was troubled for eight years with irregularities which broke down my system and brought on extreme nervousness and hysteria. I could neither enjoy my meals nor sleep nights, became easily irritated and nervous and very despondent. Lydia E. Pinkham's Vegetable Compound proved to be the only medicine which helped me. After taking the third bottle, my general health began to improve. At the end of the fifth month I was well and could attend to my household and social duties and enjoy life.

Mrs. Curry, whose portrait appears on the right, is the leader of the Ladies' Symphony Orchestra. The following letter is from Miss Goode, President of the Bryn Mawr Lawn Tennis Club of Chicago:

DEAR MRS. PINKHAM:—I tried many different remedies to try to build up my system, which had become run down from loss of proper rest and unseasonable hours, but nothing seemed to help me. Mother is a great advocate of Lydia Pinkham's Vegetable Compound for female troubles, having used it herself some years ago with great success. So I began to take it, and in less than a month I was able to get out of bed and out of doors, and in three months I was entirely well. Really I have never felt so strong and well as I have since.

### THE ARENA.

It takes a peculiar combination of editor, publisher, contributor and reader, to ensure a legitimate circulation to a magazine like "The Arena."

If the editor is experienced and discriminating, his publisher may be short sighted or unenterprising. This affects the contributors and, as a result, the circulation of the magazine is small. With the best sort of a publisher a poor editor will spoil everything. Good publisher, editor and readers may last a few months but will finally break up if the right sort of contributors are not secured, while good contributors without congenial editorial and generous publishing backing will drop like leaves in Fall. It is a matter of equivalence, and the reason so many magazines which appear with a blare of trumpets so soon die is because their forces are not properly distributed.

Mr. Flower seems to have the knack of getting a good publisher back of him (or is it Brandt who has the knack?), and his contributors are always carefully chosen in regard to the character and tone of the magazine; therefore "The Arena" never fails to have appreciative readers who take a personal interest in their periodical. Read over the opinions of readers and the comments of the press, as enthusiastic in cold Alaska as in tropical Florida; appreciative in Europe, Asia and Australia. One man writes, "It is my college."

In the October number Mr. John Moody discusses "The Conservation of Monopoly," with dispassionate thoroughness. Robert Tyson writes of "Proportionate Representation in Switzerland," while Alma A. Rogers takes up "The Woman's Club Movement," with pleasing candor. This reads well after Mr. Grover Cleveland's paper.

A well illustrated contribution entitled "Uses and Abuses of Italian Travel," is by Carl S. Vrooman. Mr. Flower furnishes interesting text and illustration in "Floyd Campbell, A Knight of Municipal Honor," and J. Warner Mills continues his instructive papers on "The Economic Struggle in Colorado." Of editorial matter all good and forceful, "A History of the Master Trust," may be mentioned.

### BOOK NEWS.

September; 5 cents a copy, \$1.00 a year. John Wanamaker, New York.

It is certainly matter for wonderment how the publishers of this magazine can, for the price asked, issue such a high grade publication. As a correspondent writes, "It is the equal of any of the \$4.00 magazines."

This number has a very readable article on "Writers in Philadelphia Today." Of Dr. Mitchell it says: "Today, at 76, with the achievement of a reputation that will endure both in literature and medicine, he is still a great physician, whose office is crowded with patients, whose hospital receives his personal attention, whose professional monographs still continue to come from the presses and whose papers are listened to with respect at the greatest gatherings of medical men."

Not only this but Dr. Mitchell reads long poems before the American Medical Association and is welcomed when he does.

Mr. W. J. Price discusses "The Great American Novel." He says that Sara Orne Jewett and Mary Wilkins Freeman can never write the G. A. N., "while they continue to keep their characters within sight of the sacred coldish swimming rampant above the golden dome of the Massachusetts State House."

Charles Egbert Craddock, John Fox Jr., and Thos. Nelson Page "must widen their canvasses;" Owen Wister writes of "but one small phase," "The Negro of the Georgia of 'Uncle Remond,'" while Alma A. Rogers takes up "The Woman's Club Movement," with pleasing candor. This reads well after Mr. Grover Cleveland's paper.

A well illustrated contribution entitled "Uses and Abuses of Italian Travel," is by Carl S. Vrooman. ## LOCAL POULTRY MEN TO JOIN MAINLAND BODY

The Poultry Association met at W. E. Fisher's office last night. T. J. King took the chair and St. C. Sayres discharged his duty as secretary. J. H. Craig reported for the exhibition committee. New members were elected as follows: S. G. Wilder, A. P. Clarke, Jason Andrade, Albert Waterhouse and J. D. Paris.

Applications for membership were received from August Ahrens, Clarence Macfarlane, Elen Low, Ray B. Reedy, R. H. P. Lishman, A. T. Brock and Messrs. Krause and Arneemann.

A list of premiums promised by business men was read. It was decided to apply for membership in the American Poultry Association, sending \$10 membership fee, the Secretary having read a communication from the mainland Association, to the effect that the local association is eligible for membership.

The Secretary stated that entry blanks, for the December exhibition, had been sent to the other Islands. The number of judges will be left to the Exhibition Committee.

### AUSTRALIAN EXPERIMENTS.

"Beyond Europe," says Charles E. Russell in the Foreword, in the November Everybody's, to his new series, "Soldiers of the Common Good," "the old struggle has brought forth in Australia a new form of government, a constitution of advanced philosophy, a system by which agrarianism is curbed, the weak are protected against the strong, and, while no private enterprise is restrained, there can be no huge combinations to prey on the public and rob the vitality of capital. Starting later than the rest of us, profiting by so much human experience, Wand being worked out by what we are pleased to call the ablest thinkers and foremost minds, this constitution has been declared to be the most nearly perfect that ever has been devised, the ripe fruit of modern thought and observation. Under it a hod-carrier has become a chief magistrate, and the people have seemed to secure the largest possible measure of self-government. I am to tell how it was worked in practice, and how it has succeeded as a piece of government machinery, and how it has failed to solve the problem of the happiness and security of mankind."

"Algeron Charles Swinburne," is treated by Norma Bright.

There are many other excellent things besides the reviews and "Educational Course."

## KAUAI TEACHERS MEET

### TOPLE PRAISES COURSE OF STUDY NOW PROVIDED

INSPECTOR BALDWIN GIVES HIS VIEWS TO 50 COL WORKERS. TEACHERS HOLD SPECIAL CLASSES.

Libue, Kauai, Nov. 13.—The teachers of the Libue, Koloa and Kawaihau districts met at the Libue school house at 10 a. m. on Friday, the 10th inst.

In calling the meeting to order Inspector Baldwin stated that an organization of teachers of this kind had three distinct objects in view—there was the social side, the consideration of methods of teaching, and the affording of a broader general and professional culture to the teachers. The social and method parts of these meetings would take care of themselves, but the giving of a wider culture to meetings that were only held once a term was hardly practicable. The part of the meeting here was to plan and suggest how such study should be carried on, rather than that it could hope to accomplish much in itself.

Mr. Tople was then called to the chair and the following officers elected:

President—Prince L. Tople.  
Vice President—Mrs. J. B. Alexander.  
Secretary and Treasurer—Miss C. A. Mumford.  
Assistant Secretary—Miss L. Jordan.

After the election of officers the following program was carried out:

"The Five Step Method in Its Relation to Story Work," Mr. Baldwin.

1st Grade Story with Class, Miss Edith Dunn.

3rd Grade Story with Class, Miss Mollie Aloiau.

"The Course of Study," Mr. Tople.

In his discussion of the "Five Step Method," Mr. Baldwin stated that criticism had been made of our public school system in that it did not properly train children to speak the English language. We believed that the criticism was just in some respects, and that the chief fault heretofore had been that there was no definite and systematic training in the "hearing of language." The value of the illustration of stories was also dwelt upon as a means of not only securing the undivided attention of pupils, but furnishing them with a ready medium of expression as well.

Mr. Baldwin stated further that the five step plan was a particularly happy arrangement for overcoming the difficulties of the English language, that pupils would not only acquire an early spoken knowledge of the language, but beyond that the method excelled all other plans for the teaching of reading and composition.

To illustrate the points made in his address Mr. Baldwin called in classes of first and second grade pupils. These classes were handled respectively by Miss Edith Dunn of the Koloa school and Miss Mollie Aloiau of the Kapaemahu school. Both lessons were pretty exhibitions of teaching skill, showing that the young ladies in question were not only masters of story telling but that they were masters in the art of handling a class of pupils as well. The stories were skillfully illustrated as they were told, proving through the wrapped attention of the pupils the value of this method of handling the stories.

Poor little fellow! He coughs so hard he cannot sleep. That makes him weak and sickly all the next day. His brother thinks this coughing is terrible. So do we, for we know that just a few doses of

will cure this cough. For 60 years it has been the standard cough remedy for children. Look out for cheap imitations. Get the genuine.

In large and small bottles. Avoid constipation. Hasten a cure by the use of Ayer's Pills.

Prepared by Dr. J. C. Ayer Co., Lowell, Mass., U. S. A.

Mr. Tople next took up the consideration of study; he stated that he had been a former member of school boards, and as such had become familiar with a number of courses of study; he considered the new course of the Department of Public Instruction to be as good if not better than those he was familiar with. He considered the course a practicable one in nearly all respects, and one that the country schools should and could carry out.

Mr. Tople's address was followed by a spirited discussion, in which a number of the teachers took part.

The meeting adjourned to meet at the call of the executive committee; when a basket lunch was partaken of on the school lawn.

The following teachers and visitors were present at the meeting: Messdames Arthur Rice, Wilbur Jarvis, Topie, Alexander, Hjorth, Christian, Ish language. We believed that the criticism was just in some respects, and that the chief fault heretofore had been that there was no definite and systematic training in the "hearing of language." The value of the illustration of stories was also dwelt upon as a means of not only securing the undivided attention of pupils, but furnishing them with a ready medium of expression as well.

### GERMAN-AMERICAN TRADE

Berlin, Oct. 17.—A private conference took place Monday in the rooms of the Commercial Treaty Association regarding the proposed new trade agreement with the United States. It was attended by many representatives of important commercial interests.

Representatives of the Foreign Office, the Interior Department and the Prussian Ministry of Commerce were present and stimulated discussion by asking suggestions as to the lines that Germany's requests to the United States should take.

The prevailing tone of the meeting was serious and there was an evident desire to reach a basis that might be acceptable to the United States without impairing German trade.

Twelve months ago I owned a horse practically worthless, due to a very bad bone spavin. I tried various remedies without success, finally purchasing from the Miller and Arthur Drug Co., of this city, a bottle of Save-the-Horse. After using half the contents of bottle the horse has never taken a lame step. I would gladly have sold him for twenty-five dollars before using Save-the-Horse. I have sold him since for ninety dollars, and would not be without Save-the-Horse.

Very respectfully,

#### SCHEDULE OF VOTERS.

(Continued from Page 1.)  
of the Fourth District, where there is a decrease of 15.

The Chinese vote shows an increase in the two Oahu districts and a slight decrease on the other Islands. The Japanese vote is absolutely immaterial, there being only two registered voters of this nationality.

The schedule is the first of its kind compiled since annexation, and probably in the entire history of Hawaii. It now gives an excellent basis which will make work of the kind in years to come an easy matter. It runs in full as follows:

FIRST DISTRICT.	
Hawaii	1902 1904

## NOEAU HEAVILY LOADED

STRIKES HIGH SEAS AND RETURNS TO WHARF

After being at sea for three hours the steamer Noeau, Captain Pederson, put back into port yesterday afternoon in distress. Off Koko Head a rather rough sea was encountered and the vessel, which is claimed to have been unusually heavily laden, dipped and tossed with waters running over the sides, until the captain decided to return to Honolulu.

The Noeau was bound for Mahukona, Honokaa and Kukuihaele, and it is said that she had been overloaded. Because the coal and much of the cargo on deck shifted about so much a number of the crew are alleged to have refused to go out on her again. Part of the freight was taken ashore and the boat started on her trip again this morning.

## NEW VENIRE ISSUED

The Takata murder trial was again today sidetracked by a lack of jurors. The following special venire issued yesterday was returned: Edgar Horvick, A. J. Smithies, E. E. Hartmann, S. Crook, P. E. R. Strauch, R. W. Perkins, A. L. Wyman, A. F. Clark, J. J. Green, H. R. Eckart, J. A. Templeton, John Guild, J. F. C. Hagens, W. L. Lyle, C. A. Trasher, E. Renkin, J. J. Carden and N. S. Sachs. Of these only the first seven had been served and appeared in court. As soon as these were excused the following new special venire of eighteen was issued: Geo. C. May, M. Brasch, R. L. Auerbach, W. H. Hoogs, E. Ingham, J. H. Boyd, W. P. Roth, W. T. Schmidt, H. M. Dow, K. B. Porter, I. Rubenstein, Geo. Chalmers, T. Honan, Wm. Blaisdell, H. F. Bertelmann, F. W. Macfarlane, Thos. Jones and H. E. Henrick.
