The University of Hawaii

The University of Hawaii was founded in 1907 as the land-grant college for the Territory of Hawaii, and became a state university when Hawaii joined the Union as the fiftieth state in 1959. Its main campus is located in the Manoa Valley section of Honolulu, the capital of the state. It has seven colleges: Arts and Sciences, Business Administration, Education, Engineering, General Studies, Health Sciences (including schools of Medicine, Nursing, and Public Health), and Tropical Agriculture. It has begun a statewide system of two-year community colleges. The Graduate Division assumes the major role in the organization and development of graduate programs. There are graduate schools of Library Studies and Social Work. The master's degree is offered in 63 fields and the Ph.D. degree in 21 fields. The academic year is divided into two 18-week semesters, and the 12-week summer session into two 6-week terms, each term offering work equivalent to that of an academic semester.

The University of Hawaii is accredited by the Western Association of Schools and Colleges. Its classes are open to all academically qualified men and women. It has chapters of national honor societies such as Phi Beta Kappa, Phi Kappa Phi, Sigma Xi, Pi Gamma Mu, Phi Delta Kappa, Sigma Pi Sigma, Omicron Delta Kappa, Chi Epsilon, Delta Sigma Rho, Eta Kappa Nu, Phi Eta Sigma, Delta Phi Alpha, Pi Delta Phi, Mortar Board, and Alpha Lambda Delta.

The Summer Session

ADMISSION. Persons wishing to take courses for credit must present satisfactory evidence of ability to do university work. Graduate and undergraduate students at other universities or colleges may submit either a transcript of their records or a special certificate filled out by the registrar or dean of their institution. Copies of the certificate may be obtained from the summer session office (or see the last page of this catalogue). The transcript or the certificate should include work done in the first semester of the current academic year and should be mailed or submitted to: Admissions and Records Office, 2444 Dole St., Honolulu, Hawaii 96822, no later than June 30. High school graduates who have been accepted for matriculation in an accredited college or university may submit the aforementioned certificate. Teachers in service may have the certificate signed by their superintendent or other supervising official. Admission to the summer session does not imply any guarantee of admission to the regular sessions of the University.

AUDITORS. Persons wishing to attend certain lecture classes regularly, without receiving credit, may register as auditors. Auditors are not entitled to
participate in discussions, examinations, or other class activities, and are not permitted in seminars, laboratory sections, studio or activity courses. They are not subject to late registration fees. Courses audited will be designated with an “L” (for “Listener”) on the student’s records.

VISITOR’S TICKETS. Since the summer session provides an opportunity to hear classroom lectures given by many distinguished professors in various fields, visitor’s tickets are available to persons who would like to visit different lecture classes without examination or credit. These tickets may be purchased at the business office, in Bachman Hall, for $40.00 per summer term. The visitor’s ticket must be shown upon demand and entitles the bearer to attend any classroom lecture other than in institute courses, if there is an available seat. Visitors are not to participate in classroom discussions or recitations or examinations, or any other activities of the course. A visitor’s ticket may be cancelled, without refund, if these conditions are violated.

VETERANS. The University of Hawaii is authorized to enroll veterans under Public Laws 16, 634, 694, 815, and 894. Students registering for the first time under these laws should bring with them their Certificate for Education and Training.

FOREIGN STUDENTS. Foreign students wishing to enroll in the summer session must report first to the English Language Institute, Kuykendall Hall 226. Those whose native language is English or who hold a degree from a college or university in an English-speaking country will be certified as exempt from English Language Institute training. All others must take an English proficiency examination, on May 14, June 14, or June 18, 1966. Those whose examination results indicate inability to undertake a full program of regular academic studies will be assigned to appropriate courses in the English Language Institute.

Newly selected East-West Center Asian grantees and other foreign students who need instruction in English are urged to attend the ELI summer courses, preparatory to enrollment in regular University of Hawaii classes in the fall. For additional details, write to: Director, English Language Institute, University of Hawaii, Honolulu, Hawaii 96822.

CHANGES. The University reserves the right to make changes in fees, faculty assignments, and time schedules, to cancel any course that does not draw adequate registration, and to set maximum limits for enrollment in certain classes. A final mimeographed schedule of courses, including changes made after publication of this catalogue, will be available at registration time.

STUDENT PROGRAMS. Undergraduate students are limited to a maximum program of 6 credit hours in each 6-week summer term. In exceptional cases, 7 credit hours may be carried if approved by the appropriate college dean or, in the case of transient students (here for the summer only) by the Dean of

Graduate students may carry 7 credits during a 6-week term. The approval of the Dean of the Graduate Division, or the Dean of Summer Session in the case of transient students, is necessary for any heavier course load. The Graduate Division Bulletin lists courses acceptable for graduate credit.

Thereafter, students may not register for credit but may be admitted as auditors with the consent of the Dean of Summer Session.

CHANGE OF REGISTRATION. Students who registered during the early registration period (May 18–21) may apply for a change of registration on Thursday, June 16, between 8 a.m. and 4 p.m. Other changes may be requested after instruction begins. Change of program forms may be obtained at the deans' offices.

STUDENT NUMBERS. The University uses Social Security numbers for student numbers. All students, therefore, must present Social Security cards at the time of their first registration at the University. Students who do not have numbers, those who have lost their cards, and those who have had name changes since getting cards should arrange with their local Social Security offices for assignment of numbers prior to registration. Students from foreign countries may make application for Social Security numbers at the time of registration.

ZIP CODES. The University cooperates with the United States Post Office Department in recording zip codes for all registered students. Students should acquaint themselves with zip codes, both for their permanent and local addresses, so that the codes may be entered on their registration materials.

TUITION AND FEES. The summer session receives no legislative appropriation and is expected to operate within the limits of its own revenues. The following schedule of fees applies equally to all students, including persons from out of state.

Tuition is $16.00 per credit hour, whether the course is audited or taken for credit. There is no registration fee. There are no laboratory or other course fees, except for applied music, institutes, and other special programs as noted in the catalogue.

An activity fee of $2.50 is charged during the first 6-week term.

Fees must be paid in full at the time of submission of registration cards. A student's registration is not complete until all fees have been paid.

A late registration fee of $5.00 is charged beginning the day instruction starts.

There is a charge of $5.00 for any change in program after registration unless waived for good cause by the Dean of Summer Session.

Library fines and others, such as for violating campus parking regulations, must be paid promptly. Students are expected to learn the campus driving, parking, and library rules. Parking stickers are sold at the business office in Bachman Hall.
REFUNDS. A student in good standing who withdraws from a course may obtain the following refunds, upon presenting his fee slip receipt:

$10.00 per credit, until 4 p.m. on June 23 (first term); or until 4 p.m. on August 4 (second term).

$5.00 per credit thereafter, until 4 p.m. on June 28 (first term); or until 4 p.m. on August 9 (second term).

There will be no refunds after June 28 in the first term and after August 9 in the second term. No part of the $40.00 visitor’s ticket or of the student activity fee is refundable.

PERSONAL CHECKS. Traveler’s checks, cashier’s checks, and money orders are accepted. Personal checks will be accepted for payment of summer session fees only when the amount of the check does not exceed the amount due from the student. If the check is not honored by the bank concerned the student will be assessed an additional charge of $10.00.

GRADES AND EXAMINATIONS. Final examinations are given in all courses unless other methods of grading are authorized by the Dean of Summer Session. The final examination is given at the last scheduled meeting of the class. Unless satisfactory arrangements have been made with the instructor in advance, absence from the final examination will be counted as “0” (zero) in computing the grade for the course. Students must complete all work and examinations required by their instructors, attend classes regularly until the end of each course, and hand in all assignments by that time. No part of the work may be continued beyond the end of the term.

The grading system is the same as in the regular sessions: A, excellent; B, good; C, fair; D, barely passing; F, failure. The grade I (incomplete) is not normally used in summer session.

WITHDRAWALS. To withdraw from a course a student must obtain a withdrawal form at the appropriate dean’s office and have it properly filled with all necessary signatures. The effective date of withdrawal is the date recorded by the business office. A student who stops attending a course without going through the foregoing procedure will receive an F (failure) for the course. During the first five days of instruction in any term a formal withdrawal is marked W on the student’s record. Thereafter, and prior to the last five days of instruction in the term, a formal withdrawal is marked W if the student’s work was of passing grade; otherwise it is marked W·F. No withdrawals from courses are permitted during the last five days of instruction.

To withdraw completely from the summer session, a student must fill out a form available at the Records office, and fulfill all its requirements.

TRANSCRIPTS. A student who requests the Records office to send a transcript of his work to another institution is not required to pay for the first copy but is charged $1.00 for each subsequent copy. If a student’s records
indicate an indebtedness to the University, such as unpaid library or parking fines and the like, his transcript will carry the following notation: "Denied further registration. See Discipline file."

SCHOLARSHIPS. No scholarships are available during the summer session, except in various institutes and special programs.

LIBRARY PRIVILEGES. Students will be issued identification cards for the use of library facilities and borrowing of library materials. On the second day after registration students may obtain their identification cards at Sinclair Library upon presentation of their registration receipts.

GRADUATE SCHOOL OF LIBRARY STUDIES. The program of the Graduate School of Library Studies was initiated in the 1965 summer session. Students wishing to work for the Master of Library Studies degree should study the catalogue of the School and follow the admission procedure described therein. For application forms, write to: The Office of the Dean, Graduate School of Library Studies, University of Hawaii, Honolulu, Hawaii 96822. The completed forms, transcripts, and letters of reference should be mailed to the same office. For those wishing to enter the program during the 1966 summer session, the foregoing documents should be transmitted by the beginning of June.

**Extracurricular Activities**

**UNIVERSITY PROGRAM.** During the first 6-week term, an extensive program of educational and recreational extracurricular events is sponsored by the summer session office. The program includes Tuesday evening lectures, the Summer Theatre, guided tours on and off campus, and various programs at Hemenway Hall, the student union building.

Details of the summer program for 1966 will be printed in *Summer 1966*, a special publication distributed at the beginning of the first summer term.

**ACTIVITY CARDS.** Students who have paid their fees are issued summer session activity cards which may be claimed at the Summer Session Recreation Office, Hemenway Hall 2nd floor. The activity card entitles the bearer to attend or participate in various extracurricular events sponsored by the summer session office during the first 6-week term. For certain trips or activities an additional fee is charged to help defray the cost.

Summer session faculty members may purchase activity cards at the student price of $2.50. Spouses and children (late teenage or older) of these faculty members or of summer session students may purchase activity cards for $10.00, upon approval of the Director of Student Activities. Persons not fitting the foregoing categories are not eligible for the activity cards.
The activity card is not transferable. Loss of one's card must be reported immediately to the business office of the University. Illegal use of another's card is subject to disciplinary action.

HEMENWAY HALL. Hemenway Hall, the student union building, is available for use each morning, Monday through Friday. Its services include Carnegie Concerts, current periodicals and local newspapers, table games, and ping pong. Lounges and meeting rooms, a barbershop, and the University cafeteria are also located in this building.

SUMMER PLAYS. The University Summer Theatre will present a season of three plays: *Rain*, the sensationally successful adaptation of Somerset Maugham's story about Sadie Thompson (June 24, 25; July 1, 2); Moliere's rollicking farce, *The Doctor in Spite of Himself* (July 8, 9; 15, 16) and the Broadway hit musical, *110 in the Shade*, based on *The Rainmaker* (July 22, 23; 29, 30). Performances will be in the John F. Kennedy Theatre and admission will be free to holders of summer session activity cards. All students are eligible for both acting and backstage work and will have the opportunity of working with a small company of semi-professionals; those wishing to receive academic credit for such participation may register for Theatre Workshop (Drama 250).

Tryouts to fill out the casts of *The Doctor in Spite of Himself* and *110 in the Shade* will be held at Kennedy Theatre the first and second days of summer session classes (Tuesday and Wednesday, June 21 and 22) from 1:30 to 3:30 p.m. Students interested in volunteer backstage work may also apply during these hours.

OF INTEREST TO VISITORS. Honolulu is a cosmopolitan metropolis of over 400,000 people representing nearly all parts of the world. The numerous shops offering exotic wares from everywhere, the quaint atmosphere of Chinatown, the lovely residential districts, and the beach areas with their sand, surfboards, and catamarans are of special interest to visitors. Then, there are the famed Bernice P. Bishop Museum, the Honolulu Academy of Arts, the Ulu Mau Hawaiian Village, the Foster Park Botanical Gardens, the Pacific National Memorial Cemetery, the Queen Emma Museum, the Royal Mausoleum, and the only erstwhile royal palace on American soil, Iolani Palace; also, Buddhist, Shinto, Confucian, and Taoist temples and shrines. There are dining facilities and restaurants of all types, many movie theaters, including drive-ins, four television and sixteen radio stations, free concerts by the municipal Royal
Hawaiian Band, the extensive Honolulu Zoo, the University's Aquarium at Waikiki, and other attractions to suit diverse tastes. In the city's environs, around the island of Oahu, and on the neighboring islands of Kauai, Maui, Molokai, Lanai, and Hawaii, there is an endless succession of fascinating places to visit.

**Housing Information**

Admission to the University is made without reference to the availability of housing. The University of Hawaii is at present largely a non-resident campus. There will be residence hall accommodations for 684 students in the 1966 summer session. The University is located in a crowded and growing metropolis with much competition for housing from service personnel and their dependents, and tourists and local residents, as well as students. There is no appreciable number of large rooming or boarding facilities near the campus. Though some new apartments have been recently built in the general vicinity of the University, most of them do not supply linens, bedding, dishes, etc., and the total number is not large. Rooms available to students are scattered throughout Honolulu and only a few are within short walking distance of the campus. These rooms and apartments are neither inspected nor supervised by the University.

**CAMPUS HOUSING.** Requests for residence hall accommodations should be made directly to the Office of Student Housing, Johnson Hall A, University of Hawaii, Honolulu, Hawaii 96822. To be eligible for any University of Hawaii residence hall, a student must be registered for at least 3 hours of lecture courses for credit. Application-contracts must be accompanied by the deposit before consideration for space reservation can be made. The halls are operated on the American plan and the contract is for room and board. Meals include breakfast and lunch, Monday through Friday.

Gateway House: Accommodates 104 residents each in two towers. There are no facilities on campus for temporary housing or for married couples.

Residence hall facilities are available only during the first 6-week term.

OFF-CAMPUS HOUSING. The student housing office, in Johnson Hall A, maintains an information file on rooming houses, rooms in private homes and occasional apartments, but does not mail out any of this information. It gives all possible assistance in locating suitable accommodations after the student arrives. Negotiations with off-campus landlords must be handled directly by the student. Students arriving in Honolulu without housing reservations are invited to come to the student housing office for general information and current listings of available accommodations.

Y.M.C.A. Dormitory. The Y.M.C.A. operates a dormitory for men adjacent to the University campus. For information, write to: Director, Charles Atherton House, 1810 University Avenue, Honolulu, Hawaii 96822.

Additional Information

TRANSPORTATION. Air service on regular schedules between continental United States and Hawaii is provided by United Air Lines, Pan-American World Airways, and Northwest Air Lines. Canada and Hawaii are linked by Canadian Pacific Air Lines and Qantas Airways. Steamship service is provided by Matson Navigation Company and the American President Lines, among others.

The University is located on a Honolulu Rapid Transit bus line that can take one to the center of town. There are connecting bus lines to the Waikiki Beach area. Fares are five tickets for $1.00, or 25¢ cash. During the period of the summer session, special shuttle bus service between the University and the Waikiki district is available at certain hours.

The major outer islands, Hawaii, Maui, and Kauai, are easily reached by Aloha Airlines and Hawaiian Airlines with many daily flights.

STUDY TOURS TO HAWAII. Each year, various travel agencies bring to Hawaii many hundreds of students whom they have enrolled as members of their study or tour groups. However, NO TRAVEL AGENCY OR PERSON HAS EVER BEEN AUTHORIZED TO REPRESENT THE UNIVERSITY OF HAWAII IN RECRUITING STUDENTS FOR TOURS TO HAWAI. It should be understood, of course, that the University of Hawaii welcomes all qualified students, whether they come by themselves or in organized groups, and that no special treatment is accorded anyone because of membership in a tour group.
These study tours to Hawaii should not be confused with certain overseas study tours which have been arranged, at the request of the summer session office, by Mrs. Ruth Rittmeister, manager of International Travel Service of Honolulu, and which start from the University of Hawaii campus with a member of our resident faculty in charge; or the South Pacific Educational Cruises operated by the summer session office with the cooperation of the N.E.A. Division of Educational Travel and the Matson Navigation Company.

**DRIVERS’ LICENSES.** Mainland visitors with valid drivers’ licenses are permitted to drive in Hawaii for 90 days following arrival, after which they must obtain Hawaiian licenses. However, if the driver is under 20 years of age, he or she must file a parental consent form with the Honolulu Police Department. This form may be obtained at police headquarters in Honolulu. A duly notarized statement signed by the drivers’ parents may be submitted for consideration by the Honolulu Police Department in lieu of this form. A driver under 20 years of age is otherwise liable to arrest.

New students bringing cars to the campus should obtain a copy of the University’s rules on driving and parking.

**PART-TIME EMPLOYMENT OPPORTUNITIES.** There are very few opportunities for part-time employment during the summer period. Students should, therefore, plan to meet all their summer session financial obligations without relying on part-time employment. Students from other states would be well advised to anticipate that living costs in Hawaii may be somewhat higher, and to make appropriate financial preparations accordingly.

**CLASSROOM ATTIRE.** One of the pleasant features of summer sessions in Hawaii is that professors and students are generally attired somewhat more informally than during the fall and spring semesters, and colorful “Aloha” shirts and Hawaiian dresses make the campus one of the most picturesque to be seen anywhere. Canons of good taste are, of course, expected to be observed by all.

**HILO CAMPUS SUMMER COURSES.** The University of Hawaii Hilo Campus is on the island of Hawaii some 200 miles southeast of Honolulu. During the academic year it enrolls about 500 students. A select list of summer courses will be offered again, both for entering freshmen and other undergraduates and for teachers in service. The campus dormitory will be occupied from June 20 to August 7 by 44 secondary school teachers of French attending an N.D.E.A. summer institute. Others planning to enroll in summer courses and requiring housing should contact the Office of Student Personnel, Hilo Campus, for information concerning available housing in the city of Hilo. Inquiries should be addressed to: Director, University of Hawaii Hilo Campus, Hilo, Hawaii 96720; or to the Summer Session Office in Honolulu.
Courses Offered

Courses numbered 100 to 199 are intended primarily for freshmen and sophomores. Those numbered 200 to 599 are intended primarily for juniors and seniors. Although these courses are open to graduate students, only those numbered from 400 to 599 carry graduate credit. Courses numbered 600 to 799 are primarily for graduate students. The number of semester credit hours carried by each course is listed in parentheses immediately after the title of the course.
