## RUSSIA HOLDS TO ORIENTAL NAVAL POWER

### District Attorney To Institute Mandamus vs Merriam

ATTORNEY GENERAL UPHOLDS REGISTRAR

Attorney General Andrews this forenoon delivered an opinion to Treasurer Campbell regarding the question of filing or recording of plans in the Registrar's office. While the Attorney General can not give out the text of the opinion it appears certain from other sources that the opinion is in favor of Registrar Merriam's contention that plans can only be filed but not recorded in his office.

The matter was brought up by United States District Attorney Breckons, who wanted to record a judgment by the United States District Court giving the United States the title to a certain lot at Waikiki by condemnation proceedings. While there is nothing in the law providing for the record of such judgments Registrar Merriam consented to record it, but when Breckons wanted the plan of the lot recorded, Merriam declined to do this, stating that under the law it could merely be filed but not recorded.

In former years, when T. G. Thrum was Registrar, the system of recording of blue print plans in the books was inaugurated. This proved to have many objectionable features and the last Legislature enacted a law making it unlawful for the Registrar to accept any plan for record. Under this new law the Registrar can file plans, provided that they comply with certain conditions.

The Attorney General in his opinion sustains Merriam in his contention that he can not record the plan as Breckons wishes. The result thereof has been that Breckons has written to the Attorney General at Washington asking permission to institute mandamus proceedings against Merriam for the purpose of ordering him to record the plan.

Registrar Merriam this forenoon pointed out that the new law offered many advantages. Under the old system of recording plans it became necessary very often to reduce plans to such a small scale that they could be contained on the pages of the record books, and this entailed much trouble and expense. It also necessitated much labor whenever a certified copy of such a plan was wanted. Under the

### SIX PHYSICIANS EXAMINE YAMAMOTO'S ORGANS

The heart and kidneys of Yamamoto, the Japanese who is alleged to have been killed by Engineer Douse at Punene, were yesterday examined by Drs. McDonald, Cooper, Sinclair, Kobayashi, Mori and Ushida in the presence of Deputy Attorney General Peters.

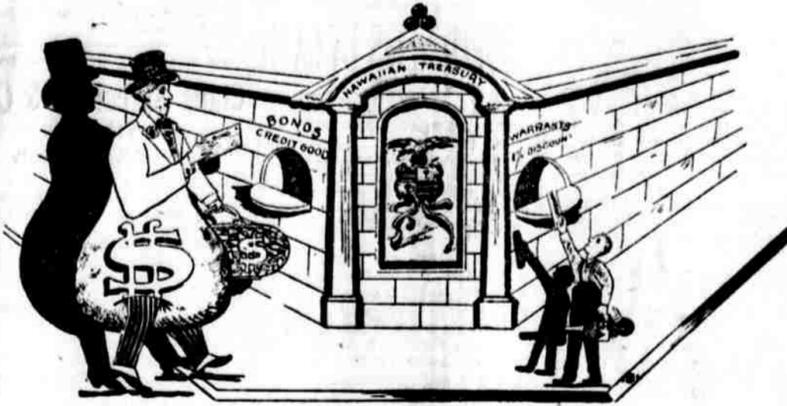

The bag containing the viscera in which the organs were preserved in alcohol, was ceremoniously opened by Peters, who broke the seals which Drs. Weddick, Dias and Suga, who made an examination in Waikuku, has placed thereon.

The heart and kidneys were then fished out from the preserving fluid and examined by the doctors who each took a slice of the heart and kidneys. The remainder was stowed away again in the glass containers. The physicians will prepare histological slides from the samples they have taken. This process will take some little time. Deputy Attorney General Peters, who is himself a histological expert, having studied that branch of science for several years, gives an excellent account of the method pursued, but this matter is too technical to be of interest to the general public.

Leonard Withington, son of D. L. Withington, left on the China yesterday to take up his studies in Harvard Law School.

### PINEAPPLES

### HAWAII'S UNPARALLELED CREDIT

#### EVIL OF DIVORCE PREVALENT HERE

Present Year Record Far Larger Than Those Of Old

#### DECREES ARE ALMOST CONSTANTLY SOUGHT

MORE DIVORCES LAST 6 MONTHS THAN WERE FORMERLY GRANTED IN WHOLE YEAR.

The growth of the divorce evil is as evident in Hawaii as it is elsewhere. There are even many of the Judiciary building oracles who say that the number of divorces here in proportion to the population is far greater than on the mainland. It is certain that during the last few months, especially during the vacation of the courts, when the judges have more time to spare for chambers matters, the divorce mill has suffered from no lack of grist, there being a divorce suit heard almost every day.

The matter has been remarked upon and discussed to some extent among the frequenters of the Judiciary building, who have the spectacle of the continuous divorce suits constantly before their eyes. It has been contended by many of the old-timers that the number of divorces at the present time far exceeds those of former years, and the records of the court seem to bear this out.

The record for the present year shows that during the six months from February 18 until today there have been no less than 54 divorce suits in the local circuit. Ten years ago in 1895, only fifty divorce cases are recorded and the record for 1885 shows only 47. Both the latter figures are (Continued on Page 8.)

#### Records In Plenty Are In Existence To Support English Examinations

SIDELIGHTS ON ALIEN PHYSICIAN APPEAL

Those engaged in the business of practicing the medical fraternity in the interests of the Japanese are having a hard time of it.

The other day they were saying that the rule, requiring applicants for the practice of medicine to take their examinations in the English language, was not on record. They have said various other things which show that either they don't know or don't want to know, and are really more enthusiastic in having the Japanese granted special favors than in holding to the usual rules.

When the Medical Examining Board was made up of Drs. Taylor, Andrews and Wayson, these gentlemen wrote to the Treasurer of the Territory, who has the authority to approve regulations, as follows under date of July 29, 1901:

"We respectfully request that on and

after September 1st all persons applying for examinations for licenses to practise medicine in the Territory of Hawaii shall be required to undergo their examinations in the English language and thus dispense with the service of an interpreter, which is unsafe, uncertain and not at all satisfactory as we are entirely at the mercy of the interpreter and have no means of knowing whether or not the interpretation is honestly and correctly made."

Treasurer Wright under date of July 26, responded to the letter stating that "Your request meets with my approval."

These letters are matters of official record and consequently there can be no doubt of the perfection of the record as far as this regulation is concerned. The alienizers will respond with black-guarding Wright and explaining how (Continued on Page 8.)

### CHINESE BOYCOTT

THINK TRAVELING MEN SOON TO BE LIFTED

The Chinese boycott of American goods is already having a marked effect on trade conditions in the Orient, according to passengers on the steamer China yesterday. At the same time, the Chinese merchants are manifesting dissatisfaction over the boycott and the opinion is quite generally held that it is a matter of a few months only.

"Here is an instance of the working of the boycott," said a traveling man yesterday. "I have a friend who travels for an American novelty house. He had a very fine line of stereoscopic views. Now, although it is not generally known, the heathen Chinese is very fond of amusing trifles like these and a big business has been done in them.

"The American traveling man went to a big Chinese merchant in Shanghai and showed him the stereoscopic views. The merchant gave him a big order, and then casually asked where they were made. 'In America,' said the seller. 'I'm sorry said the merchant, but I can't buy any American goods. I would like to do it but can't, until the boycott is raised.'

"This is an example of what is going on all the time there. Traveling men naturally are feeling the effects keenly. But from their intercourse with Chinese merchants they believe that the boycott will be lifted shortly."

### GOVERNOR CARTER

WRITES PLANS UNCHANGED

Governor Carter's children have received letters from Mrs. Carter, who is at present with the Governor at Lake Tahoe, stating that there will be no change of the plans of the Governor and herself, and asking them to be at the steamer to meet them. The Governor's plans have been to return in the steamship Mongolia, which leaves San Francisco August 26 and is due to arrive Sept. 2. The Acting Governor has received no advices from Carter lately.

Allan Dunn, who has many friends in Honolulu, recently did some good missionary work for Hawaii at Portland. He delivered an address on "The Booklet in Advertising" before a great gathering of advertising men, making numerous complimentary reference to these islands, his remarks being generously quoted in the mainland press. Dunn is chief of the pamphlet and booklet department of the Sunset Press, San Francisco.

(Associated Press Special Cable)  
PORTSMOUTH, N. H., Aug. 18.—The article of Japan's peace demands which bears on the limitation of Russia's naval power in the Orient has been the topic of discussion by the representatives of Russia and Japan for two sessions.

The conference adjourned to Tuesday, when the protocols will be drawn up.

The payment of an indemnity, the cession of the island of Sakhalien and the surrender of the interned warships are the crucial points of difference.

## The Sporting World

One world's record broken and a number of fine performances made the A. A. U. national championship meet at the Portland Exposition on August 5 a notable one. The world's record was made by W. W. Coe, of Boston, who shoved out the 16-pound shot 49 feet 6 inches. Ralph Rose, of unsavory fame, who held the old world's record of 48 feet 7 inches, was badly outdistanced.

Parsons, the fleet young sprinter of the Olympic Club, lowered the Coast record for a hundred yards to 9 4-5 seconds. Other fast records were made by Waller of Milwaukee, quarter-mile in 49 3-5 seconds; and Hahn of Milwaukee, 220-yard dash in 22 1-5 seconds; Alfred Plow threw the 16-pound hammer 163 feet 4 inches. Heater of Multnomah vaulted eleven feet six inches, with Glover of Chicago and Dole of Stanford second and third.

Pittsburg (Pa.), August 8.—Hans Wagner of the Pittsburg team, considered the greatest living ball player, with the possible exception of Lajoie of Cleveland, will play for the California fans during the coming winter. Danny Long of San Francisco reached Pittsburg this morning and signed Wagner to lead an all-National League team to the Coast at the close of the present season. An all-American team will also go from the American League, headed perhaps by Captain Lajoie of the Cleveland team.

Wagner, known as "The Big Dutchman," is considered in the National and American leagues to be the greatest ball player who ever lived. For three years he has led the National League not only in batting, but in big hits, runs scored and stolen bases. It is said that Long guarantees Wagner \$50 a week and expenses.

Bowker, Moran and Jabez White are coming to America in the near future. Frank Gotch was to wrestle Duncan McMillan at Spokane on August 10th. The men wrestled five different styles. A Detroit pitcher is authority for the statement that there are but three American pitchers using the "spit ball" to any extent. Chesbro and Howell are two of them.

Joe Cantillon has practically abandoned the proposed Coast tour this year with two picked baseball teams made up of the major and minor league stars of the East and Middle West.

Ben Jordan, the English fighter, announces his permanent retirement from the ring.

Charley Farrell, the veteran backstop, who refused an offer to manage a Pacific League team, has retired as a member of the Boston American team.

The \$50,000 Great Republic stake is to be run at Saratoga on August 12th. Jockey O'Neil has been secured to ride Olsau.

Berkeley, August 7.—Two Dartmouth football stars have been selected to coach the University of California varsity eleven this fall, William H. Knibbs, head coach, and Dr. J. F. Griffin, his assistant. The appointment of the assistant coach was not made public until this afternoon, when Graduate Manager Ezra Decoto announced

the successful termination of negotiations, which will bring Griffin to Berkeley as second in command to Knibbs. The significance of Griffin's appointment is that California will this year commit herself to a new football policy, and, trusting in Dartmouth's methods, will strive to inject a new and victorious spirit into gridiron affairs for the blue and gold.

Inasmuch as the local ball teams are not notoriously good at bunting, the following advice from one of the great batters of the National League is timely:

By Frank Chance, Captain of the Chicago League Club.  
Every boy who would like to be a good ball-player should learn how to bunt as soon as possible. It is something that he cannot afford to let go, because the chances for using this style of batting come up many times in every game.

There was a time that bunting was not used at all, but as soon as it was demonstrated that it was the strongest style of batting at critical times it was adopted by every club.

To bunt is merely the act of placing the ball directly in front of the plate in such a manner that it will roll but a short distance. It is used principally for sacrificing when a man is on first with nobody out.

Often, however, the crafty left-handed hitter can "lay down a bunt," as they say, and reach first before being thrown out. He can get away with it practically every time when the opposing infielders are not expecting it. Of course, he must be a swift runner and he must get away from the plate like lightning.

The bunt looks easy, but it is a pretty difficult thing to accomplish with success. It requires practice and lots of it. Since the bunt is a most necessary part of baseball, all of the time the boy or young man spends in practicing it is time gained, for it is sure to make him a more valuable player.

The up-to-date team simply cannot get along without good bunters, and since it is hard to tell at just what time to bunt may be expected, it behooves everybody to learn the trick.

Some pitchers are harder to bunt than others. There are a few of the very best twirlers who are successful many times in retiring the best of bunters on bunt strikes. But this is exceptional, and you will find that out of every dozen games you watch there will be few of the batsmen who will fail to put the bunt down successfully.

During a critical period it is many times difficult to pick out a good ball to bunt, because the pitcher usually knows what you want to do and he will throw you the hardest kind always.

The ideal ball to bunt is one about waist high or a little lower. Between the waist and the knees they are not hard. Above the waist they are much harder, and it takes a practiced man to get away with one then.

But you must learn to bunt them up there, because if the pitcher is a wise fellow that's just where he will throw them when he knows what you are going to bunt.

The principal thing in bunting is to hold the bat correctly. Then keep your nerve and your head and the rest is easy. In the first place the bat should be held just as loosely in the hands as is possible. It must be ready to fall from them the moment it comes into contact with the ball.

If you are a right-handed batter the right hand should be extended up a

## Thousands of Women ARE MADE WELL AND STRONG

Success of Lydia E. Pinkham's Vegetable Compound Rests Upon the Fact that it Really Does Make Sick Women Well

Thousands upon thousands of American women have been restored to health by Lydia E. Pinkham's Vegetable Compound. Their letters are on file in Mrs. Pinkham's office, and prove this statement to be a fact and not a mere boast.

Overshadowing indeed is the success of this great medicine, and compared with it all other medicines and treatment for women are experiments.

Why has Lydia E. Pinkham's Vegetable Compound accomplished its widespread results for good?

Why has it lived and thrived and done its glorious work for a quarter of a century?

Simply and surely because of its sterling worth. The reason no other medicine has even approached its success is plainly and positively because there is no other medicine in the world so good for women's ills.

The wonderful power of Lydia E. Pinkham's Vegetable Compound over the diseases of womanhood is not because it is a stimulant—not because it is a palliative, but simply because it is the most wonderful tonic and reconstructer ever discovered to act directly upon the uterine system, positively curing disease and displacements and restoring health and vigor.

Marvelous cures are reported from all parts of the country by women who have been cured, trained nurses who have witnessed cures, and physicians who have recognized the virtue in Lydia E. Pinkham's Vegetable Compound, and are fair enough to give credit where it is due.

Women who are troubled with painful or irregular menstruation, backache, bloating (or flatulence), leucorrhoea, falling, inflammation or ulceration of the uterus, ovarian troubles, that "bearing-down" feeling, dizziness, faintness, indigestion, nervous prostration, or the blues, should take immediate action to ward off the serious consequences and be restored to health and strength by taking Lydia E. Pinkham's Vegetable Compound. Anyway, write to Mrs. Pinkham, Lynn, Mass., for advice. It's free and always helpful.

considerable distance on the bulge of the club, the left hand should be a short distance below the right—say six inches. Reverse if you bat left-handed. Then, when the ball comes, just drop the bat against it and run.

Don't stop to see where the ball goes. Just run as fast as your legs can carry you. Try to get all bunts on the ground. It is better to learn to put them either to right or left.

Chicago, August 9.—First Sergeant George Sayre, Company A, Fifteenth Infantry, from Fort Monterey, Cal., excelled all previous world's records at the shoot which ended at Fort Sheridan today. His score was 892 out of a possible 1000. The distance was 690 yards.

Sergeant Sayre, in addition to winning first place and a gold medal at this shoot has won six medals at national and division shoots in the past three years. Previous to entering the United States army he served three years with the Canadian militia.

Is Britt afraid of Nelson? It looks that way. Britt has a fine offer, but at last reports he was still stalling for time. Says a Frisco paper: It is certainly up to James Edward Britt!

"The failure of the Supervisors to award a permit for September," explained Coffroth last evening, "has led me to reopen my offer for a fifty-round fight at Colma. I offer Britt and Nelson a purse of \$20,000, with \$10,000 added for the moving-picture privilege. If they wish to make other arrangements regarding the moving pictures, that can be arranged. If they wish to accept a percentage of the receipts instead of the purse, that can also be arranged. I will leave this offer open until Friday. My reason for not leaving it open after that is that I would have to hold the battle on Admission day, September 9th, and if the match should be made any later than Friday, I would not have time to build an open-air arena.

There was a great gathering last evening at the Luakaha residence of Mr. and Mrs. C. M. Cooke, of the Sons and Daughters of the American Revolution. In the absence of Mr. C. M. Cooke, on Kauai, Mrs. Clarence Cooke, Jr., received with her mother, Mrs. Rice. At supper there were about 50 members. Miss Ethel Andrews played a violin solo, accompanied on the piano by Mrs. Frank Atherton. Mr. Livingstone of Kamehameha sang, accompanied by his wife.

W. R. Castle delivered the address of the evening: "The Battle of Bennington," of which the Society last night celebrated the anniversary.

that the keynote is struck. The cheerful entrance denotes the cheerful house.

But late hours come. Then, no light, or only a very dim one is required. Illumination, like other good things, should not be wasted.

When members of the family arrive home late, light should be available immediately. The Electric Light is so available.

If it is employed, the wiring can be so arranged that by a push button conveniently located, as many lights may be turned on as needs be. There is no waiting, no search for matches, no stumbling over rugs or mats, or misplaced furniture, no extinguishment of light from the door that may yet be open.

It is easy to believe that the European capitals know more of what will happen than does Portsmouth.

Wafania has some excuse for becoming excited when the precedent is established of taking shingles off the roof to collect rent.

Since the Czar has called for a new internal loan, it is hardly probable that the Japanese commissioners will find it possible to ask for less.

Governor Carter's statement regarding the ability to put an American flag law through the Legislature four years ago, can never be denied. Because it was never tried.

Two days of railroad accidents killed more people than two days of New Orleans yellow fever. Yet the people have more fear of the fever than neglectful railroads.

If all the wealthy ones were to give of their increase in the same proportion as Mother Castle has always given, there would be mighty few good institutions in Hawaii wanting for proper funds.

Possibly they'll entertain Harriman at a banquet of the Hawaiian Sugar Planters' Association, speak in whispers and tell him he has seen the Hawaiian Islands. They might say things more removed from the truth.

When a few more misrepresentations have been exposed the people will begin to think that the \$100 fee for interpreting has served as an inspiration for the anxiety, among purchasable newspaper writers, that aliens shall be specially privileged.

John D. Rockefeller has given \$50,000,000 to Chicago University. This may help out his standing in the world to come. It makes those about him wonder who was held up with a rebate in order that John might shake this additional fifty out of his clothes.

Rudolph Spreckels is quoted as saying he would have something interesting to tell the people if two men down town would agree with his terms. There are mighty few people who

couldn't have something interesting to tell the people each day of the year if two men down would agree to their terms. Rudolph played absolutely safe.

NAVAL LOSSES OF PEACE

Peace is more dangerous to the men of the American navy than war. Of course every one will say it isn't so, but the record of the Spanish American war compared with that of the past two years amply supports the statement.

The horrible accident on the gunboat Bennington has brought about a general casting up of accounts. In this disaster alone more men were killed and wounded than suffered the same misfortune in the combined naval battles and skirmishes of the Spanish-American war. This however is not the only disaster of recent years though it is the largest in point of numbers.

The powder explosion on board the battleship Missouri at Pensacola, with a loss of thirty-three lives; the accident on the battleship Massachusetts through an explosion in the fire room, with a list of three killed; the bursting of a gun on the battleship Iowa, with three fatalities; the alcohol explosion on the cruiser Olympia, with a loss of two men; and the disaster on the Bennington—all, within a period of two years, is a series of misfortunes that would seem small in time of war, but enormous in piping days of peace.

Especially do accidents like that on board the Bennington—which thus far appears to have been the result of neglect in high official circles—cause people to hesitate in their advocacy of a new navy and deliberate on whether it is not better to first get the old one in shape to guarantee an average degree of safety when on a peace footing.

**GOOD KAHULUI TRACK BUT RATHER SMALL CROWD**

**DEFENDER MADE NEW RECORD FOR KAHULUI TRACK—CYCLONE HORSE STILL RACING.**

(Special to The Bulletin)

Walluku, Aug. 16.—The special races on Saturday, August 12th, at Spreckels Park, Kahului, were not as well attended as on former race meets. The cause is due to the Walluku and Puu-nene mills and Kahului Railroad Company working on that day. Those who went down to see the races were treated with fairly good races. The judges called the first event at about 2 p. m., and the last event, the cowboy race, was run off at 6 p. m.

1. 1/4 mile running race; free for all. Purse, \$50.00. Defender, ridden by McAuliffe, won in .38. Frank S. second and Racery third. Notice was disqualified for some intrusions on track regulations.

2. One mile free for all; trotting and pacing. Purse \$50.00. Cyclone won without hobbles in 2:46. Abidine second and Columbia Maid third.

3. 3/4 mile dash; Japs to ride. Purse \$25.00. Eleo, ridden by McAuliffe, won in .38 2-5; Maui Rose second and Jubilee third.

4. 1/2 mile dash; free for all. Purse \$50.00. Defender, ridden by McAuliffe, won in 55, which is record for Kahului track. Racery second and Notice third. Lots of money exchanged hands on this race as many of the Maui sports were backing the Maui favorite.

5. 1/2 mile dash; to be ridden by Japanese. Purse \$25.00. Won by Eleo in 57 seconds; Jubilee second and Sio Hooligan third. The last named horse was ridden by a Jap, while the other two were not.

6. 1/2 mile dash. Purse \$25.00. Won by Defender in 1:21. Racery a close second and Notice far behind.

7. One mile trotting and pacing; best 2 and 3. Purse \$50.00. There were two entries: Cyclone and Columbia Maid. Cyclone won in six minutes and one second, the slowest on the track as the driver of the fast black pacer had to wait for the other horse to come up.

8. The Cowboy race was won by one of L. von Tempy's cowboys from Makawao. One of the riders rode his steed without putting on the bridle and as a result he was thrown down but luckily was not hurt.

The judges and timekeepers were: A. N. Kepoikal, Dr. J. H. Raymond, Dr. W. R. Hoote and M. L. Decker. Starters: W. T. Robinson and J. Kirkland.

Judging from the poor financial success of last Saturday's race, it is hardly probable that there will be any more races on August 12th as the Association will concentrate all its energies for the great race meet on July 4.

It is too soon after the election of 1904 to give the Ohio Republican State convention any real significance as a part of the skirmish line of 1908. It should rather be looked upon as an expression of the Republican opinion of today. It is a declaration that Ohio Republicans stand by the policies of the national administration and wish their representatives at Washington to stand by these policies; that the record of the national administration makes as good an issue as Ohio Republicans want for the coming state election.—Buffalo Express.

**SERGIUS WITTE, RUSSIAN PEACE COMMISSIONER.**

Sergius Witte, who is as often called Sergius de Witte, is one of Russia's foremost statesmen and is well fitted for the important work of the Russo-Japanese peace conference soon to be held in Portsmouth, N. H. M. Witte opposed the war with Japan and is now willing to make peace if Japan's demands are not too great. He began life as a railway clerk.

## GOOD AMERICAN WAS SHADOWED

He wasn't a Russian but he might have been. He doesn't look like a Russian, at least to Occidental eyes, but to be sure his name by a stretch of opulent Oriental imagination might be thought of the Russ character. Anyhow the wily Japanese police—but that is the whole story, and the reason why the Pacific Mail liner Chi-lan laughed across three thousand miles of blue sea, from Yokohama to Honolulu.

It was Mr. H. H. Rees, and to those who travel up and down the Pacific coast on the big steamer Columbia, he is known as the genial first officer of the vessel. His reputation is first class and his experience with the police sufficiently limited. Yet he gave the guardians of Yokohama an anxious day, and had a little suspicion of himself before he got through.

It happened because at Shanghai he boarded the China with two Russians, Goretseff and Petroff. On the way to Yokohama some of Rees' alleged friends conceived a dastardly plan, sometimes called a practical joke. At Yokohama the Japanese police heard there were Russians aboard and asked to see them. Rees was pointed out as one of three Russians, the other two being Goretseff and Petroff. So the police of Yokohama watched Rees on the dock and when he went out to see the town he was shadowed. One of the shadowers soon accosted him and asked if he could speak Russian. Rees denied all knowledge of the language of vodka and caviare, as well he might. But his very denial increased Japanese suspicion and the guards thickened. It now seemed sure that Rees was a Russian spy, spying out Yokohama. Things looked pretty bad for a lonely first officer, and Rees decided he had enough of Yokohama. So he inconspicuously fled to the China, lay down on a sofa in the social hall, and went to sleep.

He was awakened by a polite but firm shake and a polite but firm question. "Can his gracious presence honorably speak Russian to the unworthy servant?"

Rees honorably couldn't, and there would have been a scene of carnage on board the China but for a hasty explanation of the matter. Rees was propitiated, and Japan's safety assured.

Meanwhile the two real, live Russians were enjoying Japan's pursuit of somebody besides the subjects of the Czar.

## WHY EMPERORS MET

**KAISER AND CZAR'S CONFAB AS ESTIMATED IN EUROPE**

Liberal circles are inclined to look askance at the meeting, the pessimists thinking that it bodes ill to reform and the Otchestva sees in it the future visit of a German squadron to Russian waters and disaster to Russia, economically and politically.

## SAVING THEIR WAGES.

New York, July 26.—There was a large and representative gathering of officials of co-operative banking institutions of the United States at the opening session today of the annual convention of the United States League of Co-operative Savings and Building and Loan Associations.

In his annual address, President A. L. Guntholl said that nearly 2,000,000 small wage earners of America are learning to save out of their little incomes, and to administer these savings in large collective amounts as well as any trust company with great capitalistic backing could do the same work.

RECORDS IN PLENTY.  
(Continued from Page 1.)  
much better it would be to have Jap-  
anese in the office of Territorial Treas-  
urer, but that doesn't change the rec-  
ord.  
It is also of record that the Japanese  
Consulate has recognized the rule re-  
garding examinations in the English  
language. This came about through  
the correspondence in connection with  
Dr. Y. Nakamura. He arrived here  
just after the new regulation was made.  
He had no knowledge nor means of  
knowing when he left Japan that he  
would be obliged to take his examina-  
tions in the English language. Under  
the circumstances, the Consulate sec-  
onded the man's request and the Medi-  
cal Examiners made an exception in  
behalf of Nakamura, a Japanese phy-  
sician.

The alienizers have also been busy  
stating that Dr. Hoffmann, who could  
not speak English when he arrived  
here, was allowed to practise medicine  
without undergoing the examination in  
the English language. This is not  
true. Dr. Hoffmann was not admitted  
to practise in the islands until he had  
mastered the English language and  
taken his medical examinations in the  
English language.  
Another instance is worthy of note  
in view of the alienizers claim of in-  
justice to the Japanese, and that dip-  
lomas from Japanese medical institu-  
tions should be accepted, and so  
forth. Dr. James R. Judd, when he  
arrived here after graduating with  
honors at the New York College of  
Physicians and Surgeons and serving  
in hospital work for a number of  
years, was obliged to take the usual  
examination in order that he might  
practise. Judd has diplomas and ex-  
perience galore and he is an American  
citizen.  
The alienizers want the Japanese to  
be treated more liberally than the citi-  
zens of the United States and the Ter-  
ritory. That's the whole story in a  
nutshell.

## WANTED: A WIFE, IS GRY FROM OAKLAND

August  
Thursday 3 1905  
an Nacyearlyed American an El-  
dree white Man a Tradesmen of Good  
Refereces From Place of worship  
Wishes to settel Down Upon the Ha-  
waiian Island with Sum one that is a  
Christion woman that Has a Lyberhood  
of her own that can speak English and  
was Bourn upon one of these Days of  
these Two Munts from November 21  
to December 20 from March 21 to  
April 19 in averidg age 40 to 50 Pleas  
to adress Letter Mr owen. Allen No  
706 Broadway oakland San Francisco  
Call

The beauty and merit of Hawaiian  
wahines has penetrated even to the  
dark places of Oakland, Cal. Mr. Owen  
Allen wants a Hawaiian wife, and in  
his distress he has turned to the Bul-  
letin for help and encouragement.  
Writing in a beautiful, flowing hand  
that is nothing less than a chaste work  
of art, Mr. Allen voices his plaint from  
his last place of worship; and though he  
is an elderly white man he is hopeful  
of an answer.  
The requirements are not altogether  
easy. The principal anxiety of Mr.  
Allen is to get a wife between forty and  
fifty years of age whose birthday falls  
between November 21 and December  
20 or March 21 and April 15. Evident-  
ly Mr. Allen is a gentleman of some  
superstition.  
The Bulletin will be glad to receive  
bona fide replies to the letter. This is  
no matrimonial agency, no personal-  
column bunko, no hymeneal gold brick.  
Come on, girls!

Governor William L. Douglas of  
Massachusetts vetoed the bill granting  
a bounty to all survivors of the civil  
war who did not receive one on en-  
listment, justifying his action on the  
ground that the bill was unconstitu-  
tional, and, even were it constitutional,  
would put a burden on the common-  
wealth it was financially unable to  
bear. Governor John L. Bates vetoed  
a similar bill last year, and the unpopu-  
larity he incurred thereby among the  
"old soldiers" cost him a good many  
votes in the fall.—New York Sun.

## HUSTLING ON PAY DAY GETTING SMALL CHANGE

When men of the road department  
were being paid off by the County  
Treasurer, for July, a certain member  
of the department was kept busy run-  
ning between the Treasurer's office  
and the banks, getting small change  
for the laborers, for five and ten dol-  
lar gold pieces. The incident has be-  
come quite a joke with those familiar  
with the facts. Since the men had  
received no money for over thirty  
days it is very probable that the man  
who hustled for change was merely  
getting back little amounts he had ad-  
vanced the road employees for poi and  
fish, beef and potatoes.

## EVIL OF DIVORCE REVALENT HERE.

(Continued from Page 1.)  
for the entire years, showing that the  
number for the present year is more  
than double that of the two other years  
mentioned. Most of the divorces this  
year are brought on the grounds of  
non-support with an exceedingly fre-  
quent additional allegation of cruelty,  
mental as well as physical. Upon the  
whole, the divorce records show that  
wife-beating is an exceedingly popular  
form of recreation in the Paradise of  
the Pacific.  
Most of those who have philosophized  
on the matter hold up their hands in  
horror and hold that the increase of  
divorces denotes a deterioration of  
the public morals. In this connection  
it might be said that in many cases  
the suspicion of collusion enters  
strongly and it seems in some in-  
stances that the parties merely agree  
to disagree and that the charges  
brought by one party are agreed to by  
the other, who makes no fight, and the  
decree is obtained with little or no  
trouble.  
Acting Land Commissioner Lyons,  
Attorney General Andrews and Treas-  
urer Campbell, were among those who  
called on the Acting Governor this  
forenoon.  
Fifth Deputy Attorney General Heen  
is at present working on an opinion  
regarding which of the outlying islets  
belong to the Territory. The informa-  
tion is wanted by Postmaster Pratt.
