Carter Will Veto Any And All Outside Bills

A solid Senate will back the Governor in his every effort to straighten out present Territorial financial difficulties, at the special session of the Legislature called for April 6.

President of the Senate Clarence Crabbe, viewing preparations for the accommodation of the Senators in the great chamber in the Capitol formerly occupied by the Department of Public Works, this morning expressed himself to the above effect.

"In the Senate there will be a solid fifteen," said Mr. Crabbe, "and it is my hope that the recommendations of the Governor in regard to appropriations will be acted upon and passed without loss of time; I think they will be."

"The Governor has spent a long time and has brought to bear a great amount of careful study concerning financial conditions; he has thoroughly gone over the whole matter with the heads of the various departments; he is the best informed of any on the needs in the line of retrenchment; we can safely be guided by his suggestions; his final statement of the cuts necessary should be sufficient to guide us and I, for one, believe in backing him up to every detail on this proposition and legislating accordingly."

"We ought to be able to finish the business of this special session within twenty days. I know of no reason for any opposition to plans as now perfected. Let us go through with the necessary business with dispatch. The Governor has made ready for us a clear statement of what is needed to be done; let us carry out his plans, confine ourselves to the consideration of matters called to our attention by the proclamation of the Governor, finish the business as soon as possible and go our ways. Nothing but finances will be considered at the special session. Even should bills concerning other matters be introduced, even should they pass, they will be vetoed."

It is understood that George A. Davis was desirous of presenting his bill regulating the admission of attorneys to the bar for passage at the special session.

This bill was published yesterday and, as previously reported, Mr. Davis called on the Governor, handing him the bill for consideration. Mr. Davis was given to understand, it is said, that even if his bill was passed at the special session, the Governor would veto it.

The special session is to be solely and entirely devoted to the handling of financial matters. The two appropriation bills to be introduced will be handled simultaneously, one by the Senate, the other by the House. Night sessions will be held. Electricians are now working on the installation of extra lights in the chamber to be occupied by the Senate. Within a day or two the room will be ready for occupancy.

With the practical assurance that any bills outside of financial matters will be promptly vetoed by the Gov-

ernor, should the time of the special session be taken up, for any reason, in considering such subjects, it is considered unlikely that any attempt will be made to force such issues.

REVERSES DISMISSAL OF INJUNCTION

Supreme Court reverses the decree of the Circuit Court of the First Circuit, which dismissed a bill for an injunction against the foreclosure of two mortgages in the suit of Ane Hilo vs. Liliuokalani, by unanimous decision rendered this morning. Chief Justice Frear writing the opinion.

J. A. Magoon and J. Lightfoot for plaintiff; Robertson & Wilder for defendant. Says the syllabus: Foreclosure of a mortgage is barred, by analogy, by the statute of limitations applicable to real actions and not by that applicable to personal actions, and equity follows a reduction of the period applicable to actions at law.

Possession by the mortgagor and non-payment of principal or interest for the period applicable to real actions after the debt falls due, raises a presumption that the debt has been paid and in the absence of proof of a recognition by the mortgagor of the mortgagee's claims within such period last past, the mortgagee cannot foreclose. Foreclosure by entry is not completed until one year after entry and an attempt at foreclosure by entry, if unlawful, may within said year be enjoined as well as an attempt at foreclosure by sale before the sale is completed.

HERRICK HOUSE SOLD.

Mrs. Samuel Parker purchased the Chas. F. Herrick residence at Makiki, at the commissioner's sale in front of the Judiciary building at noon today, her bid of \$5,050 proving successful.

The property was sold pursuant to a decree of Judge Gear by W. R. Sims, commissioner; Jas. F. Morgan, auctioneer.

CARTER AT WAIALUA.

Governor Carter went to Waialua by yesterday afternoon's train to enjoy a brief and much needed rest. He will return to the city Monday morning.

Admiral Beckley reports the following sugar left at Hawaii ports ready for shipment: Olan, 9,000; Waiakoa, 12,000; Wainuku, 10,000; Pepeekeo, 10,500; Honomu, 3,625; Hakalau, 21,000; Laupahoehoe, 1,500; Ookala, 2,000; Kukui, 2,400; Hamakua, 6,500; Paaubau, 3,900 (Maui loading); Honokaa, 2,800; Kukuihaele, 2,000; Punaluu, 375; Honoupo, 405.

ONEY FUNERAL KAWAIAHAO CHURCH

The funeral of the late Wm. H. Coney will be held in Kawaihāo Church at 4 o'clock tomorrow afternoon, the services to be conducted by Lodge 16 Progress, W. H. Goetz, Master.

A service conducted by Rev. H. H. Parker will be held at the house at 2 o'clock for members of the family. After this the remains will be conveyed to the church, where the Masons will conduct their impressive ritual service. During the church service a quartet from the Order of Kamehameha will render one of Mr. Coney's favorite Hawaiian songs. Mrs. Turner will sing at the home service and at the church.

The interment will take place in the family plot in Kawaihāo cemetery.

The pall-bearers are Wm. M. Thompson, C. G. Bockus, W. R. Farrington, A. L. C. Atkinson, C. L. Crabbe, Samuel Parker, George C. Beckley and Charles Rose.

Governor Carter issued an order this afternoon to Captain Berger directing that the band play at the funeral of the late Wm. H. Coney tomorrow afternoon. This order cancels the regular Sunday band concert at Makee Island. The National Guard, of which Mr. Coney was a member will be represented at the funeral probably by Company F, in command of Capt. Sam Johnson.

KILLED A WOMAN AND MUST HANG

Unless Clemency of Executive Saves His Life.

SUPREME COURT DECIDES IN KIMURA MURDER

SLEW A JAPANESE IN WAIALUA IN 1902—EVIDENCE SUPPORTS THE VERDICT OF GUILTY.

Kimura, charged by indictment with the murder of one Kane Yamanoha, a Japanese woman, in Waialua, Oahu, May 18, 1902, must hang for his crime. He was tried in this court and found guilty, an appeal was taken. Today the Supreme Court rendered an unanimous decision, declaring that "the evidence supports the verdict and the statute prescribes the penalty."

Says the opinion, in part, written by Justice Galbraith: An exception to the verdict of a jury, in a criminal case, on the ground that it is contrary to the law and the evidence and against the weight of the evidence and one to an order denying a motion for a new trial based on the same ground are overruled, the verdict being found to be not contrary to the law and the evidence and not against the weight of the evidence.

There are only three exceptions set out in the bill. The first one was taken to the ruling of the court on an objection to a question on the ground that it was leading.

The other exceptions present the same question in different form. The objection was that the verdict was contrary to the law and the evidence and against the weight of the evidence. This question was urged first against the verdict and second as grounds for a motion for a new trial.

It appears from the evidence that the deceased had been living with Yamanoha, a Japanese store-keeper, at Waialua, as his wife without having been married according to the laws of the Territory, although she had taken his name and that the defendant was in the employ of Yamanoha and had been in his service for a year past; that the 18th day of May, 1902, occurred on Sunday, and that the deceased add defendant, at (Continued on Page 4.)

Manchurian Army Ready For Action

[Associated Press Special Cable.] ST. PETERSBURG, Russia, March 26.—The Manchurian army has been mobilized and is prepared for active field operations. General Kuropatkin is due to arrive at Mukden tonight, when he will assume the command of all Russia's military forces in the Orient.

SAN FRANCISCO, Cal., March 25.—SUGAR: 96-degree Centrifugals, 3.67-3.67c. Previous quotation, 3.65-3.75 cents. BEETS: 88-analysis, 8c 6d.

SUGAR PRICE IMPROVES INJUNCTION STAYS SALE

ANOTHER ADVANCE REPORTED IN CENTRIFUGALS TODAY

GOOD CARGOES ON THE WAY AND MAY REACH PORT IN TIME TO BENEFIT BY HIGHER PRICE.

The steady rise in the price of raw sugar during the past few days is being noted by the local firms, as well as by many others interested, with a great deal of satisfaction. For some time previous to Wednesday last sugar was quoted at 3.51 cents. On Thursday the price advanced to 3.56 and yesterday it again rose, reaching the quotation of 3.67. At the quotation of last Monday, 3.51, the price of sugar per ton would be \$71.20. At 3.67, the price quoted yesterday, the Territory's principal product sells at \$73.40 per ton. This means that the price of sugar has risen \$2.20 per ton since Wednesday.

There are at present several large sugar shipments on the way to New York. Fortunately, only little sugar went on the market from the islands before the advance in price. With the principal exception of the American-Hawaiian steamship American, which arrived at Delaware Breakwater during the first part of this month, the big shipments are still due to arrive in the East. Among the vessels which are now on their way the American-Hawaiian steamship Hawaiian is now about due at New York. She left here with a large cargo of sugar on January 24 and is thus over sixty days out. The steamer Conemaugh, which was chartered by Castle & Cooke to take a cargo of sugar to New York, left here January 25 and is thus also over sixty days out. Both these vessels should arrive at their destination in the very near future, as the average steamship passage from the islands to New York is between sixty-five and seventy days. There are several other vessels on the way and others are in port loading. The American-Hawaiian steamship Texan recently left this port with a large load of sugar, which was supplemented by shipments from Kahului and Hilo.

Another feature of the sugar market which is very satisfactory to the local sugar interests is the small disparity between cane and beet sugar. With beets quoted today at 8 shillings sixpence, the disparity between cane and beets amounts to 2.40. It is especially when the disparity of this year is compared with that of last year that the great change in favor of cane sugar becomes apparent. Last year at this date sugar was quoted at 3.62½, with the beet quotation being 8 shillings, 3 pence. The disparity last year at the figures quoted amounted to \$7.50, the difference in the disparity of that day and of today thus being \$5.10.

LITTLE CASH AGAINST TERRITORY'S OUTSTANDING DEBTS

In outstanding warrants at the present time the Government owes \$238,098.84, less about \$10,000 paid out yesterday. At the end of the present month about \$100,000 more will be payable in salaries and other expenses, so that on March 31 the Government will owe in the neighborhood of \$328,000; debts outstanding last year on March 31 amounted to \$49,303.94.

About \$23,000 is now in the Treasury; this and what may be received before the end of the month is all that can be placed against the \$28,000 of indebtedness.

Last month's Government expenses amounted to \$188,906.

Hence the continued registering of warrants.

THE STANDARD GAS ENGINE.

MARINE AND STATIONARY

The "STANDARD" is all that its name implies. It is the most perfect Gas Engine that has been placed on the market today. It possesses all of the best features to be found in other Gas Engines, besides many advantages peculiar to itself that will be appreciated as soon as seen.

ACCESSIBILITY. Every part of the Standard Gas Engine is readily removable and accessible with the aid of an ordinary wrench and screw-driver—no special tools required. This is a fact that will be fully appreciated by those who have skinned their knuckles and been tempted to profanity by trying to get at the parts of other Gas Engines. Can use either gasoline or distillate. Absolutely safe; always ready and willing to run. Makes no noise and easy to start and keeps going, and the same can be said of the Stationary. We will install our Marine and Stationary Engines and guarantee to run them and will do all kinds of repair work. For full particulars inquire of

THE ADVANTAGES CEMENT ROOFING POSSESSES OVER TIN, IRON AND STEEL ROOFING IT CANNOT RUST

Gases, fumes, moisture, coal soot and smoke cannot injure or affect CEMENT ROOFING. It is better adapted for application over uneven surfaces, such as old shingles or metal roofs, obviating the expense of removing the same. It will not rattle from wind and storm, nor create any noise from rain falling upon it. The materials used in cement roofing are the best non-conductors of heat and cold known; therefore it will keep the building warmer in winter and cooler in summer than a metal roof. HAWAII TO EXHIBIT ON SMALL SCALE AT ST. LOUIS FAIR

At the joint meeting of the Chamber of Commerce, Merchants' Association and Promotion Committee held yesterday afternoon for the purpose of discussing the possibility of Hawaii having an exhibit at the St. Louis Exposition, it was decided that a moderate exhibit should be made at St. Louis to be placed in the hands of the Hawaii Promotion Committee and the World's Fair Commissioner to devise ways and means. The committee may report back to a meeting to be held Monday.

Commissioner Macfarlane submitted the following figures of an exhibit as planned by the Promotion Committee: Ancient Hawaii, \$1000; preparation of Hawaiian woods, \$200; fiber exhibit, \$150; photos, \$250; in addition to a \$500 collection now on hand; pineapples and jellies, \$100; literature for distribution, \$5000; installation of exhibit, \$2000; freight \$1000; cost of attendance at exhibit, \$2500; advertising, \$500. Mr. Macfarlane said he favored the expenditure of more than \$100 if a pineapple exhibit is to be made.

In the discussion which followed it was the unanimous opinion that Hawaii must have an exhibit, even if only a small one, at the St. Louis fair, and when G. W. Smith made the motion to place the matter in the hands of the Promotion Committee it was easily carried. The necessary funds, it was decided, should be raised by subscription. It was estimated that \$15,000 would be necessary.

The Promotion Committee reported strongly in favor of sending E. M. Boyd to St. Louis as soon as possible in order that he might ascertain what could be done and report back here. It was possible that when he arrived he might find the time too advanced to permit establishing of a regular exhibit and might report in favor of a moving picture show or something of that order.

There was some more discussion regarding the methods to be employed to raise the funds necessary but it was finally decided to abide by G. W. Smith's motion and leave the matter to the Promotion Committee.

KINGAID TO ADDRESS IOWA STUDENTS

Rev. W. M. Kincaid has received an invitation to deliver the Baccalaureate address at the Iowa State University on June 12, during the commencement week. The Iowa State University is one of the leading educational institutions of the Middle West and this year graduates a class of four hundred students. Mr. Kincaid has accepted the invitation and will stop at the Iowa University on his way to Williams College, where he delivers the commencement address and will receive marked post-graduate honors from his alma mater.

GIVE SCOTCHMEN LUCK

At the Associated football game to be played on the Makiki grounds this afternoon between the Scotsmen and "All the World," Gavin Spence, the Scotch entertainer, will participate by kicking off the ball for the Scotsmen. The Scotch players thought it would bring them luck to have their countryman start the game for them in this way and Mr. Spence gladly consented to give them this assistance.

The teams which play this afternoon will line up as follows:
World—Goal, Belsler; full-backs, Beardmore, Soper; half-backs, Blackman, Mayall, J. C. Anderson; forwards, Churton, Simpson, Catterall, Waterhouse, Henry.

Scotchmen—Goal, A. J. Cattoon; full-backs, W. T. Greig, A. S. Guild; half-backs, J. Cockburn, R. Anderson, D. A. Mackintosh; forwards, H. Birkmyre, E. Munro, R. B. Cattoon, J. Laird, J. H. Fiddes.

Simply Sign This and Know How To Get Well.

That is all. Send no money. Simply sign above. Tell me the book you need. I will arrange with a druggist near you so that you may take six bottles of

Dr. Shoop's Restorative

a month at my risk. If it succeeds the cost to you is \$5.50. If it fails the druggist will bill the cost to me. And I leave the decision to you

Don't Wait Until You are Worse.

Taken in time, the suffering of this little one would have been prevented. Her mother writes me:

"Two years ago my little girl was sick continuously for six months. We tried many doctors and they failed, yet it took only two bottles of your remedy to cure her, and she has remained cured. You can tell others of this cure if you so desire."
Mrs. C. H. Avery, Rockdale, N. Y.

"This a pity she did not first write me before the case was dangerous."

The wife of Omer Andrus of Bayou Chicot, La., had been sick for 20 years. For 8 years could do practically no work. He writes:

"When she first started taking the Restorative she barely weighed 90 lbs., now she weighs 135 and is able to do all her household work."

"Twenty 'dark' years might have been 'bright' ones."

J. G. Billingsley of Thomasville, Ga., for three years has been crippled with disease. Now he is well. He writes:

"I spent \$200 for other medicines, and the \$1 I have spent with you have done me more good than all the rest."

Both money and suffering might have been saved.

And these are only three from over 65,000 similar cases. These letters—dozens of them—come every day to me.

How much serious illness the Restorative has prevented I have no means of knowing, for the slightly ill and the indisposed simply get a bottle or two of the druggist, are cured, and I never hear from them.

But of 600,000 sick ones—seriously sick, mind you—who have asked for my guarantee, 39 out of each 40 have paid. Paid because they got well.

If I can succeed in cases like these—fall but one time in 40, in diseases deep-seated and chronic—won't it certain I can always cure the slightly ill?

Why the Restorative Succeeds

You may oil and rub, adjust and repair a weak engine. It will never be stronger, nor do its work better, without steam. More power—more steam is necessary.

And so with the vital organs. Doctor them as you will. That's mere repairing. Permanent cures never come save through treating the nerves that operate those organs.

And that my Restorative does.

After almost a lifetime of labor—of study at bedside and research in hospitals—I made this discovery. I found a way to treat, not the organs themselves, but the nerves—the inside nerves—that operate these organs and give them power and strength and health. That discovery has shown me the way to cure. It makes my offer possible.

I know the remedy. I never can forget the study, all the research, the trials and tests that perfected it. I have watched its action year after year in cases difficult, discouraging. Time after time I have seen it bring back health to those poor ones whom hope had almost deserted. I know what it will do.

My only problem is to convince you.

And so I make my offer. And the bare fact that I make such an offer ought of itself to convince you that I know how to cure. Please read it again. It means exactly what I say. No catch—no misleading phrases in it. Simply this—you take the medicine and I will take the risk.

And you—not I—decide if you are to pay.

All You Need to Do.

Simply sign the above—that is all. Ask for the book you need. The offer I make is broad—is liberal. The way is easy—is simple. The Restorative is certain.

But do not misunderstand me.

This is not free treatment, with nothing ever to pay. Such an offer would be misleading—would belittle the physician who made it. But I believe in a sick one's honesty—his gratitude. That when he is cured, he will pay the cost of the treatment—and gladly.

I make this offer so that those who might doubt may learn at my risk.

Tell of it, please, to a friend who is sick. Or send me his name. That's but a trifle to ask—a minute's time—a postal. He is your friend. You can help him. My way may be his only way to get well.

I, a stranger, offer to do all this. Won't you, his friend, his neighbor, simply write?

He will learn from my book a way to get well. Perhaps, as I say, the only way for him. His case may be serious—hopeless almost. Other physicians—other specialists—may have failed. The matter is urgent, then.

Write me a postal or sign above today.

Address Dr. Shoop, Box 1331 Racine, Wis.

Poor Lamps Make Big Electric Light Bills

Many incandescent lamp bulbs sold in the market use 25 per cent. and some even 30 per cent. more electric current than standard lamps.

The carbon filament of the standard lamp gives a greater amount of resistance and hence greater amount of light for less current than passes through the carbon filament of an inferior lamp.

It is therefore important to the consumer that only standard lamps are used.

Any customer doubting the quality of the lamps he is now using can have them tested here free of charge.

SATURDAY, MARCH 26, 1904.

Hilo now has a Board of Trade that should be willing to celebrate its inauguration by lending a hand in promoting the St. Louis exhibit.

Sugar quotations are reaching a point that makes Hawaii feel brilliant. May the price makers forget the old custom of hammering prices as soon as a Hawaiian cargo bears port.

The Governor has outlined his plan for financing the Territory for the remainder of the fiscal period. This plan may have some faults, but it is nevertheless what the Legislature should adopt in the shortest time possible. The people of this Territory stand for prompt legislative action. They expect this from their representatives, who should not allow a demand to become necessary.

HAWAII AT ST. LOUIS.

Business leaders of this city are to be congratulated in rising to the St. Louis exhibition occasion with the determination that something shall be done. Their success depends in a large measure upon the support and encouragement they receive from the community. This support they deserve. The project is not only creditable but one of the necessities of our progress unless this Territory intends to throw up its hands and be content with saying "it can't be done."

It may not be possible for merchants and citizens to respond to the call for a St. Louis exhibit with their old time liberality. Public spirit, however, can be displayed by an increase in the number of contributors and thus accomplish the end in view. Hawaii is not the first Territory that has encountered hard times. Our citizens and merchants are not the first men forced to admit that they are poor and must forego luxuries. This furnishes an additional argument why our people should not be one of the very few American communities unable to overcome obstacles. Our poverty has been liberally advertised and it will be much to our credit, and benefit as well, if in the final show down at the Fair Hawaii presents itself as still in the ring, capable of summoning its energies for a good representation though it may not be elaborate.

Every citizen in this Territory from the millionaire to the day laborer is vitally interested in a dignified representation at this Fair which is an assembly of Nations as well as States. The mere recognition of the fact that Hawaii realizes the importance of the event is worth something to our good name.

What the exhibit shall be is well left to the business organizations directing the plans. A small exhibit well planned can be made as effective as a large one which struggles unsuccessfully to attain elaborate ideals. The proposal that the Territorial band make a trip to the Fair is an excellent one. If this is carried out Hawaii will start in with an advertising medium always an attraction here, certainly no less at St. Louis.

At all hazards let the people of this city give the business men all the financial support possible and at least a good word to help the work along. Put the hammers away for a while. Promote the interests of Hawaii.

THE EXTRA SESSION.

Governor Carter has called a special session of the Legislature to convene Wednesday, April 6, "for the consideration of such financial measures as may be brought before it."

The members of the Legislature should make of this call an opportunity to disarm and rout their detractors. The Government of the Territory confronts a crisis. The gravity of the situation had impressed itself upon the business of the Islands. For the first time in many years the paralyzing power of distrust had been felt in Island business generally. With Government warrants hanging fire until next November, and the consequent inability of hundreds of people to raise cash; the consequent load for banks to carry and the towering accumulation of credits in mercantile establishments, and last of all the refusal of the Territory to honor its own paper, had driven our little gasoline launch of state almost upon the dry sands of bankruptcy. Governor Carter for days and days conferred with the best heads in Hawaii. Out of the oceans of advice and suggestion he did that which an executive officer is presumed to do under the American system of government when confronted by such conditions. He summoned the Legislature. The members of that body are now to be put on trial; their patriotism and business sense is to be tested. If the Legislature proceeds to the business in hand, refusing to listen to the advice of those who would embarrass the executive even at the price of the prosperity of the Territory, they will have completed their errand to the Capitol in fifteen days.

RE-ADMIT THEM.

[Hilo Tribune.] The lay mind has steadfastly held that the evidence in the disbarment proceedings against Geo. A. Davis and A. S. Humphreys was much stronger against the former than the latter. While there were very few who believed the judgment of the Supreme Court against Davis a just judgment, there were fewer who believed the judgment against Humphreys was based upon just grounds.

Since the decision of the Federal Court in the Davis matter, which threw great discredit upon the findings of the Supreme Court, the opinion that Humphreys and Davis were made the targets of factional hate at Honolulu is more general and widespread. There are very few left who believe the punishment meted out by the Supreme Court was proportioned to anything except the animosity of the majority of the court toward the respondents. It is thought that a review of the Humphreys case by an impartial tribunal would result in his exoneration and in the restoration of his rights to follow his profession in the Territory of Hawaii. It is believed that the Supreme Court justices, either consciously or unconsciously were biased in their rulings by the clamor and hate of factions which had waged bitter war in Honolulu for three years.

The decision of Judge Dole in re Davis gives substantial color to these popular notions. The time will come when the honor of Hawaii will demand the reversal of the Supreme Court's disbarment of A. S. Humphreys and a modification of its findings in the case of Davis. This will be the ultimate decision at the bar of public opinion, and it would be well for the records of the court to tally with the popular judgment, which in these cases is right.

FOLLOW THE GOVERNOR.

[Maui News.] Governor Carter has issued a call for a special session of the Legislature for the purpose of straightening the financial tangle in which the Territory is involved. This will be a painful surprise to many, but under the circumstances there is nothing to do save to follow the leadership of the Governor. The present legislature, although largely Republican, is not one to inspire the full confidence of the people but it is to be sincerely hoped that the evil days which have fallen upon us will be a lesson to our representatives, and that when they are summoned to Honolulu they will cut out all foolishness and get right down to business. The appointees of the Governor should be confirmed, and no other outside matter should be taken up, in which case it should not take a long time to readjust our finances. Senators Baldwin and Kaine are dependable, and it is to be hoped that Representatives Beckley, Kellini and Kama of Maui will swing into line and hold the other Maui representatives down to a strict and swift performance of their duty.

KILLED A WOMAN MUST HANG

(Continued from Page 1.) about 2 o'clock in the afternoon, drove away from Yamanoka's store in a one horse cart, the former responding to an invitation of a neighbor, residing a few miles away, to attend a child's birthday party and the defendant was sent along as driver. The defendant while at the party imbibed rather freely of aiki and became somewhat intoxicated. When ready to start home the deceased asked the defendant to permit Saito, whom she had met at the luan, to ride with them in the cart. The defendant refused, saying that three persons could not ride in the cart whereas the deceased declared that she would not ride but would walk with Saito and started off with him. The defendant drove on alone in the cart for a time and then waited for the deceased and Saito to come up to him, when he again insisted that the deceased should ride with him and when she refused he forced her into the cart and the two drove away in the direction of Yamanoka's.

The defendant was taken into custody a short time afterwards and the deputy sheriff who made the arrest said that the defendant was under the influence of liquor when arrested; that he asked the defendant, "Why did you kill Yamanoka's wife?" and he said, "I no care wahine, no pololoi, he and that wahine Yamanoka been before and today she ran away with a Japanese named Saito, and he not mad and that is why he killed her." The defendant also gave the officer a blood-stained paper in his own hand-writing, presumably the joint will of the deceased and the defendant in which the defendant admits the killing. The defendant had a gun when arrested and also had a cut on the neck that was probably made with a sharp-edged instrument.

DAN GROSVENOR SAYS:

"Pe-ru-na is an Excellent Spring Catarrh Remedy—I am as Well as Ever."

HON. DAN A. GROSVENOR, OF THE FAMOUS OHIO FAMILY.

Hon. Dan A. Grosvenor, Deputy Auditor for the War Department, in a letter written from Washington, D. C., says:

"Allow me to express my gratitude to you for the benefit derived from one bottle of Peruna. One week has brought wonderful changes and I am now as well as ever. Besides being one of the very best spring tonics it is an excellent catarrh remedy."

DAN A. GROSVENOR.

In a recent letter he says: "I consider Peruna really more meritorious than I did when I wrote my first letter. I receive numerous letters from acquaintances all over the country asking me if my certificate is genuine. I invariably answer, 'Yes.'"

A Congressman's Letter. Hon. H. W. Ogden, Congressman from Louisiana, in a letter written at Washington, D. C., says the following of Peruna, the national catarrh remedy: "I can conscientiously recommend your Peruna as a fine tonic and all around good medicine to those who are in need of a catarrh remedy. It has been commended to me by people who have used it, as a remedy particularly effective in the cure of catarrh. For those who need a good catarrh medicine I know of nothing better."

A Congressman's Letter. Hon. H. W. Ogden, Congressman from Louisiana, in a letter written at Washington, D. For special directions everyone should read "The Ills of Life," a copy of which surrounds each bottle. Peruna is for sale by all chemists and druggists at one dollar per bottle or six bottles for five dollars. Those wishing direct correspondence with Dr. Hartman and can wait the necessary delay in receiving a reply should address Dr. B. Hartman, Columbus, Ohio, U. S. A. Benson, Smith & Co. will supply the retail drug trade in Honolulu.

MORTGAGEE'S NOTICE OF INTENTION TO FORECLOSE AND OF SALE.

In pursuance of the power of sale contained in that certain mortgage from Charles S. Desky to C. W. Booth, dated September 22nd, 1900, recorded in the Register Office, Oahu, in Book 217, pages 9 to 11, notice is hereby given to the mortgagor and to all persons claiming an interest therein, to wit: the non-payment of principal and interest when due, and will, on Monday, the 28th day of March, 1904, at 12 o'clock noon of said day, expose for sale and sell at the auction rooms of Will E. Fisher, No. 189 Merchant Street, Honolulu, the lands and property described in said mortgage, not before this time released from the operation thereof. The lands and property to be so sold, as also the portions released, are described in the schedule hereto attached, to which reference is hereby made.

The terms of the sale are cash in United States Gold Coin. Deeds are to be at the expense of purchasers. For further particulars and for the inspection of Maps showing the location of said property as sub-divided in lots, apply to J. Alfred Magoon, of Steets corner Merchant and Alakea Streets, Magoon Building, Honolulu, or to Will E. Fisher, auctioneer.

C. W. BOOTH, Mortgagee. Dated Honolulu, February 24th, 1904. Schedule. The property to be sold is as follows: All those tracts or parcels of land situated between Pauoa Valley and Nuuanu Valley in the District of Honolulu, Island of Oahu, Territory of Hawaii, as follows: FIRST: All of Apana One of Land Commission Award No. 10,605 to Kamaeke Pihiki, containing an area of eight acres and 9.39 square chains, as recorded in the Record of Awards in the Public Land Office in said Honolulu in Volume 10 of said Awards at page 60.

SECOND: All of Apana One of Land Commission Award No. 273 to Joseph Booth, of record in the Public Land Office in Honolulu in Volume 1 of Awards at page 457, upon which Royal Patent No. 302 was issued Mar 14, 1851, as appears by Volume One of Royal Patents at page 302; containing an area of 208.3 acres. THIRD: All of that portion of Grant No. 524 to Joseph Booth, of record in Volume 5 of Royal Patent Grants at page 524, lying on the Ewa side of the

W. E. Griffith, Concan, Texas, writes: "I suffered with chronic catarrh for many years. I took Peruna and it completely cured me. I think Peruna is the best medicine in the world for catarrh. My general health is much improved by its use, as I am much stronger than I have been for years."—W. E. Griffith.

A Congressman's Letter. Congressman H. Bowen, Ruskinn, Texas county, Va., writes: "I can cheerfully recommend your valuable remedy, Peruna, to any one who is suffering with catarrh, and who is in need of a permanent and effective cure."—H. Bowen.

Mr. Fred D. Scott, Large, Ohio, Right Guard of Hiram Foot Ball Team, writes: "As a specific for lung trouble I place Peruna at the head. I have used it myself for colds and catarrh of the bowels and it is a splendid remedy. It restores vitality, increases bodily strength and makes a sick person well in a short time. I give Peruna my hearty indorsement." Fred D. Scott.

Gen. Ira C. Abbott, 806 M street, N. W., Washington, D. C., writes: "I am fully convinced that your remedy is an excellent tonic. Many of my friends have used it with the most beneficial results for coughs, colds and catarrhal trouble."—Ira C. Abbott.

Mrs. Elmer Fleming, orator of Reservoir Council No. 108, Northwestern Legion of Honor, of Minneapolis, Minn., writes from 235 Polk street, N.E.: "I have been troubled all my life with catarrh in my head. I took Peruna for about three months, and now think I am permanently cured. I believe that for catarrh in all its forms Peruna is the medicine of the age. It cures when all other remedies fail. I can heartily recommend Peruna as a catarrh remedy."—Mrs. Elmer Fleming.

Treat Catarrh in Spring. The spring is the time to treat catarrh. Cold, wet winter weather often retards a cure of catarrh. If a course of Peruna is taken during the early spring months the cure will be prompt and permanent. There can be no failures if Peruna is taken intelligently during the favorable weather of spring.

As a systemic catarrh remedy Peruna eradicates catarrh from the system wherever it may be located. It cures catarrh of the stomach or bowels with the same certainty as catarrh of the head. If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.

Address: Dr. Hartman, President of The Hartman Sanitarium, Columbus, O.

INJUNCTION STAYS SALE

(Continued from Page 1.) They include certain tracts of land, roads and rights of ways, easement on water-pipe lines, easement on all electric light and telephone poles and wires erected by plaintiff, etc. Further that C. W. Booth, assuming to act under a provision of said mortgage authorizing the sale of the property in case default was made in the payment of the principal and interest due under the mortgage, caused an advertisement to be published on March 5 and other days setting forth that he intended to foreclose the mortgage and would on March 28 sell at W. E. Fisher's auction rooms the property described in the mortgage including the property improvements and easements which were intended to be exempted from the operation of the mortgage. The plaintiff further states that if said property is sold without the mortgage having been first reformed to comply with the mutual understandings of the parties thereto the plaintiff would suffer irreparable damage and would be liable to be sued for large damages by purchasers of property, the agreements with whom he would not be able to keep should the property be sold without a reformation of the mortgage. Further, that the defendants will sell all the property described as a whole on March 28, unless restrained by an order of the Court. That Pacific Heights has been subdivided into lots and that a sale of the entire property including the platted lots, would under the present financial stringency, result in inadequate bids being made at an auction sale, while the plaintiff alleges that a sale of a portion of the property would be sufficient to realize the full amount of the claim of C. W. Booth by virtue of said mortgage. Plaintiff prays that the mortgage may be reformed as set forth and that the defendants be restrained from selling the property on March 28 or at any other time until further order of the Court. He further prays that the defendants be made to appear in Court to make answer to the premises. Judge Robinson granted the injunction and summons the defendants to appear before the judge of the First Circuit sitting at Chambers ten days after service to answer the bill for reformation of mortgage.

CAUTION! To the Public:

Having been informed a certain firm trading as Yat Loy & Co., King St., were offering Walkover shoes at \$3.25 a pair, we this day investigated the matter and discovered these people did have in their window Shoes bearing the mark of Walkover. We've made further investigations and found a quantity of shoes in their stock with the brand Walkover on the boxes, which proved to be of an inferior quality and not from the factory of Geo. E. Keith & Co., the makers of Walkover Shoes. The head of the firm admitted an employee of their's had caused the brand Walkover to be placed thereon by means of a rubber stamp, without consent of the proprietor, and gave us the following letter in explanation, which we gave Yat Loy & Co. to understand, in justice to our customers and ourselves, we would publish: L. B. KERR & CO., Ltd. Dear Sir: We regret one of our employees, without our knowledge, branded and offered certain shoes for sale as Walkover. These were not bought from Geo. E. Keith & Co., the makers of Walkover Shoes. We since learn you are sole agents for Walkovers, and if you overlook the matter this time we will undertake not to let the mistake again happen. (Signed) YAT LOY & CO., Loy Kau. As far as Yat Loy & Co. are concerned, we will allow the matter to end, accepting their explanations, but we caution the public we are the bona fide agents in Hawaii for Walkover Shoes, and they cannot be bought in any part of the world for less than \$3.50 a pair. We further give notice that we will prosecute to the full extent of the law, any person or persons who attempt in any way to infringe on our agency. L. B. KERR & CO., LIMITED. BOARD OF TRADE IS BUSINESS PROMOTERS. Hilo, March 24.—The Board of Trade of Hilo was the name adopted last Saturday night by a mass meeting of citizens, met to organize for the upbuilding of the city. The attendance was larger and the interest more enthusiastic than at the previous meeting. The report of the committee on rules and regulations was made, and in the discussion of the various proposals the gentlemen present showed a lively interest and under the discussion that took place the working plan of the organization assumed definite form. The committee, which consisted of Messrs. P. Peck, C. E. Wright, B. F. Schoen, Dr. Hayes and W. H. Lambert, submitted a constitution and by-laws which were in the main satisfactory to all present. These were considered section by section and minor alterations suggested and adopted. The constitution and by-laws will come up for adoption as a whole at a meeting tomorrow night at Freeman's hall. Election of officers will also probably take place. The general plan of organization provides for a set of permanent working committees. There are seven of these. They will have charge of work in different avenues all tending to promote the increase of Hilo's importance and trade. There are to be committees on Transportation, Varied Industries, Legislation, Federal and Territorial, Advertising and Promotion, Public Works, etc. The chairman of these committees, together with the general officers of the association will compose an executive council of thirteen members. This is the main directing power of the organization and through it the various committees will present their recommendations and conclusions to the general body. The plan makes it possible for every citizen to have a careful hearing on any subject for the furtherance of the interests of Hilo and to have that subject taken up by the proper committee and pressed upon the executive council. Social Side of Life

The steward at the Moana hotel certainly deserves much praise for his artistic table decorations. At the Merrill dinner last Friday evening, his inspiration was a very happy one. The center of the table was converted into a miniature lily pond. The lilies resting most naturally on the water, with the green leaves and pink petals made a most effective picture. Little palms and grasses rose from the water, and the whole effect, with its foundation of sands and rocks and the softly shaded candles was most favorably commented upon by the Merrill dinner guests.

A very enjoyable picnic was given on Sunday by Robert Shingle at Walele for the Merrills, who are guests at the Moana Hotel. Walele, the country estate of Alan Herbert, is ideally situated at the head of Kalihii Valley. The mountain scenery is superb and the natural bathing pool formed by the rushing of the mountain stream into a deep recess cut out of the rock is simply perfect for deep water bather on a hot summer's day. The summer-house constructed like a native grass hut, with hanging pots of ferns and flowers is restful and cool, and the large billiard room, with its huge fireplace and comfortable chairs, is a pleasant lounging place. The house is reached by a long bridge built over the stream, and an imposing bell always welcomes and speeds the guest, for it is the custom of the house to ring this bell on the arrival and departure of guests. Among the guests who enjoyed the hospitality of Mr. Shingle were Mr. and Mrs. John Merrill, Mrs. C. Merrill, Mr. and Mrs. Harry Macfarlane, Mr. and Mrs. H. Baird, Mr. and Mrs. Clifford Kimball, Miss Merrill, Miss Hammond, the Misses Macfarlane, Mr. Griggs Holt, Mr. Jack Carter and Cushman Carter.

Mrs. Clifford Kimball entertained for Mrs. Dikwell Hewett of San Francisco on Friday last. It was a very informal tea as only intimate friends were asked. These formal teas are becoming quite popular, for you can really have a little chat and be quite comfortable without having to rush about and say a lot of silly things to people who only bore one. Mrs. Kimball always makes a charming hostess, for she is both sincere and amiable—two qualifications which always insure success.

Mrs. William Irwin is expected in Honolulu for her annual visit about June. She will visit her sister in Philadelphia for a while and, after paying a few country visits in California, will fly Honoluluward. She was recently the guest of Mrs. Will Tevis of Bakerville, where a large house party was entertained. Among the guests were Mrs. Harold Sewall and Mrs. James Robinson. Mrs. Irwin is said to be handsomer than ever and converses with all the vivacity for which she was rightly famous. She is one of the most popular society women in San Francisco and possesses both beauty, wealth and charm.

Mrs. Frank Fowler Baldwin, assisted her mother Mrs. Edward H. Kittredge, at a large reception held at the maternal mansion in Oakland, Cal., on March ninth. It was the first reception given by Mrs. Kittredge since her return to Oakland.

Miss Laura MacKinstry was greeted by an enthusiastic welcoming party on her return to San Francisco in the Siberia. The ship did not dock until a late hour, but a tug chartered for the occasion took Miss MacKinstry to the dock. Mrs. Paul Neuman, who also arrived by the same ship, is at the California. She will soon continue her journey to England, where she goes to attend the marriage of her daughter, Miss Lily Neuman.

Miss Lurline Spreckels, it seems, has made a conquest of "the high flyer," Santos Dumont. But Mrs. Spreckels' ambitions fly even higher than Santos Dumont, and the course of true love—on one side at least—does not run smooth. Mr. Spreckels does not

Wine of Cardui is worth its weight in gold. It does more than you claim. It has saved my life and caused me to become a mother when everything else failed.

MRS. DORA I. E. LE FEVRE.

BRYANT, VA., Feb. 18, 1902.

My daughter-in-law, Lizzie Giles, found great benefit in Wine of Cardui. She had a miscarriage in March 1901, before using your medicine. She was in very bad health, so I persuaded her to try Wine of Cardui. Since then she has had a fine baby boy. Soon he will be three weeks old. She highly recommends Wine of Cardui.

My daughter, Fannie Hudson, also has a fine baby boy by your treatment. She highly appreciates Wine of Cardui.

Wine of Cardui imparts health and strength to the diseased parts and makes motherhood possible in thousands of cases where barrenness is supposed to be incurable. Wine of Cardui regulates the menstrual flow and also prevents miscarriage and cures bearing down pains. Wine of Cardui removes the cause of barrenness by making the female organism strong and healthy.

Go to your druggist and secure a \$1.00 bottle of Wine of Cardui. The use of Wine of Cardui will bring happiness to your home.

Many homes are mere lonely abodes because no children are there. Barrenness exists in almost every case because female diseases have paralyzed the organs of womanhood.

oppose the match as violently as his spouse. He might carry her off in his machine as has already been suggested. The future is only told the outside. Santos Dumont is courted and flattered enough to turn one's head, but his head seems to be very firmly set upon his shoulders—and I hope he will win, if the girl is willing.

Col. McClellan of Camp McKinley, gave a dinner on Monday evening for Mrs. Price. The table was prettily decorated with ferns and flowers, and the trophies of the Orient artistically draped against the walls helped to make the dining-room very cozy and comfortable. Among the guests were Mrs. MacKenzie, Miss Winston, Doctor and Mrs. Baker and Major Davis. After dinner Col. McClellan and his guests attended the concert of the "Scottish Entertainers."

A most enjoyable "Polly Piper" party was given on Monday afternoon by Mrs. Ed. Jones on Nuuanu avenue. Each guest was asked to dress a clay figure into the semblance of a doll. A more difficult task than one would think judging from the results. Much merriment was created by the unskillful dresses and their awkward manipulations of the different colored tissue papers. Tooth-picks were used to shape the shoulders, and to gradually dissolve order out of chaos. After the laughing and joking a committee already chosen decided that the doll dressed by Miss Helen Wilder was the most original; that Miss Eva Livinos' doll was the most beautifully dressed, and to Miss Alice Jones fell the honor of presenting the funniest doll. The delicious refreshments were literally devoured by the guests, whose appetites had been sharpened by the unaccustomed exercise—and the afternoon was voted a huge success by the fifty guests.

A crowded house greeted the "Scottish Entertainers" on Monday evening at the Opera House, and the artists fully merited the applause of the brilliant audience. It was a unique entertainment, and one that would be appreciated in Honolulu, for there is very little feeling for a hostess and a bonnie lassie. Miss Donaldson at once touched the hearts of the audience by her sympathetic tones, and the simplicity of her rendering. Her voice was clear and true and possessed a wide range. Mr. Spence sang in a remarkably clear, sweet voice, and revealed much dramatic ability. He was applauded repeatedly and responded most graciously to the demands of the audience. It was a delightful evening and I could see how thoroughly the artists were appreciated by glancing about. There were tears in the eyes of many at some of the pathetic parts; then again all would be changed and the house would scream with laughter. Miss Donaldson and Mr. Spence have given Honolulu a treat and should they return would find a warm welcome awaiting them. Mrs. Gerald Barton played the accompaniments for the duets and for Mr. Spence in an artistic manner.

A very jolly little dinner was given at the Moana hotel on Monday evening by Mr. and Mrs. Paton. The color scheme was red, the table being dressed with red carnations and red tulle over which its soft light of red candles cast a pleasing glow. The guests were Mrs. Pocke, Mrs. "Eddie" Damon, Mrs. John Merrill, Jr., Miss Merrill, Miss Hammond, Mr. MacKinnon, Mr. Cockburn, Mr. Anderson, Mr. Jameson and Mr. Lee. After dinner Mr. and Mrs. Paton and their guests went to the Scottish concert.

Miss Lillian Bacon and Lieut. Hamilton are being much entertained. Tuesday evening Dr. and Mrs. High gave a dinner for them at the Young hotel. Thursday evening, Lieut. and Mrs. Newton entertained for them and Friday evening Col. MacClellan gave a dinner at Camp McKinley in their honor.

The luncheon given by Mrs. Alexander Isenberg on Thursday was a very pretty affair. It was a wello lunch, and the caryophyllus formed an important part of the table decorations. A square silver vase filled with the flowers, reposed upon a lace centerpiece, and maiden-hair ferns were scattered artistically over the table. At each place were daintily designed yellow floral cards. Those present were Mrs.

The engagement of Miss Edna Kelly and Mr. Rannie Scott was announced at the dinner on Thursday evening given by Miss Kathleen Cartwright in their honor. The table was unusually pretty, the center being filled with roses, and ribbons of pink and white suspended from the chandelier were at each place attached to envelopes by a pink seal with a large C in the center. The place names were on the outside of the envelopes in gold lettering. Inside were heart shaped cards pierced by golden arrows with the suggestive monogram KS. The engagement is very pleasing to everybody for both the young people are great favorites in society. Present were Miss Edna Kelly, Miss Claire Kelly, Miss Nellie White, Miss Marion Scott, Miss Macfarlane, Miss Leontine Hartnagle, Miss Eleanor Terry, Mr. Rannie Scott, Mr. Stephen Derby, Mr. Jack Atkinson, Mr. Richard Wright, Doctor Judd, Mr. Mason Terry, Mr. Walter Dillingham.

Books, Bookish People and Things

We get no good by being ungenerous even to a book. E. B. Browning.

The Bulletin Bookman had just finished reading "The Philosophy of Humor" when he took up one of his medical journals, and came across something that must have been written either by a man devoid of humor or by a reckless joker. At the beginning of an article on "Reflex Action," and under his name—which need not be mentioned—was the following in cold print:

"Regular, 1840, Kentucky School of Medicine, Louisville, Ky. 1870 Post-graduate Philadelphia and New York. 1880 Post-graduate, Paris, France; Vienna, Austria; Berlin and Hamburg, Germany; and London, England. Member of the American Medical Association and Indiana State Medical Association. Author of article, 'Advice to the Prospective Mother-in-Law,' etc. In The Therapeutic, May 15, 1897; and of article in same journal, July 16, 1898, entitled 'Gall in the Male,' Brazil, Indiana."

This doctor was (and is, for all I know) a qualified physician in the full possession of all the faculties he has. It is not only strange but astounding that a man who has reached adult life, graduated from a medical college, and come in contact with living men and women, should be so unsophisticated as to try to prepossess the medical man in this way.

The article in question, was intended for physicians and appeared in a medical journal. It was probably a valuable article, or the editor wouldn't have printed it; but the send-off was quite uncalled for. All these titles, then, could not make the discriminating reader of a poor article think any more of what he reads, but they might cause him to wonder if the bearer of so much honor hadn't suffered a thrust; and if the essay showed ability on the part of the author, what need of so much preliminary information.

It is very true that all men like to have their abilities recognized by other men, and no man lives that is not pleased with a bit of delicate recognition of his real or fancied genius, but no man likes to have a person "blow his own horn." There is a tinge of malevolence in our make-up, I believe; a rebellious spite that prevents our relying (or acknowledging) whatever self-adulation we hear, and so the man that puts all these titles under his own name, does his reputation an injury.

It may be, and often is necessary, for a person to gather up and exhibit all the objective evidence of his ability that he can show, as when he applies for a position; and what others have said about an author goes very well in a publisher's circular.

A business man may boast of his goods or a tailor of his skill, but all

this is advertisement that everybody understands; a method of increasing sales which is so necessary that it is regarded as entirely proper. In fact, there is nothing boastful about it. But men are so massed as to intellectual abilities, so ground into a homogeneous commonness, that even the law of gravitation tends to keep the heads of individual on a level, and unless force be behind, the man who pops up above the crowd by some accidental freak of misplaced energy, soon finds himself down again.

In America particularly, a man is taken at his value; he passes for what he can do, so that credentials are worth less perhaps than in any other country. It must come to a good end, demonstrandum which we ended up with after a bit of work on the board; the axiom without the work giving us no precedence.

Nobody likes a thing that spreads itself. Someway or other, the whole world is allied against the self-assertive, and

HILO REPUBLICANS ACTIVE.

Hilo, March 24.—The Young Men's Republican Club of the First Representative District held a meeting Tuesday night and adopted a constitution and by-laws and elected officers. The club starts out with a membership of over thirty charter members and will seek recruits from every precinct in the district. The constitution is one approved by the Republican Club at Honolulu, and among its strictest requirements is loyal republicanism on the part of every member.

The officers elected are as follows: James D. Lewis, president; R. A. Lyman, Jr., vice-president; Charles Akau, second vice president; W. H. Beers, secretary; S. L. Desha, Treasurer; G. F. Alfonso, corresponding secretary; T. M. Rowland, Sergeant-at-Arms.

The club will hold a meeting at Waikoa next Tuesday night and expects to take in twenty members in that pre-

dict. All Republicans are solicited to become identified with the club.

BOXING TONIGHT

The boxing program tonight will not fall for spectators. Aside from the main event great interest is shown in both the Jackson-McDonald and the Ackerman-Silva contests. The gallery will be crowded with supporters of the "Punchbowl Demon," who will come to see him "knock da stuff outa da Russ". The "Russ" is Ackerman, who is claimed by the Portuguese to be of Slavonic origin.

All the men are in fine trim today and Manager Cohen's farewell tournament promises to bring out the fittest lot of contestants that have so far come together in one evening. Patton and Barry are most evenly matched and their fifteen rounds should be nearly ended before either is declared the winner.

Ackerman and Silva will both go at it hammer and tongs and punches will be heavy and frequent. Jackson and McDonald are well known already as practically equal and their bout has been by their mutual request extended to six rounds in order to ensure a decision.

Some clever lads at bantam weights will start the fun at 8:30 and the main event will come off about an hour later. The box office is open all day for those who wish to secure a seat by booking in advance.

CONSPIRATORS ARE CONVICTED.

Hilo, March 24.—In the Fourth Circuit Court this week, the trial of Funakoshi and Watanabe on the charge of conspiracy occupied four or five days, ending Thursday morning in a verdict of guilty. C. C. Bitting, attorney for the defense, availed himself of every means to turn the tide in behalf of his clients. In his final address to the jury he spoke for two hours and that his theories of the case found sympathy in the box is shown by the first ballot cast which was six to six for acquittal and conviction. The defense put no witnesses on the stand at all but argued the case as shown up by the prosecution. The attorneys for the Territory were Carl S. Smith and Thos. C. Ridgway.

After the verdict was handed in defendant's counsel filed a motion for a new trial.

The defendants are under sentence of long terms to the penitentiary for murder in the second degree, appeal on which is now pending in the Supreme Court. The crime of conspiracy was committed in connection with the murder of which they were convicted. From the evidence it appears they were holding Motohiro for a ransom. In other words they conspired to extort.
