New Steamer Manuka Is Coming As Canadian Liner

Davies & Co., the local agents of the Canadian-Australian Steamship Company, have received advices from the head office of that company to the effect that the new crack steamship Manuka will take the place of the steamship Moana on her next scheduled run from Sydney to Vancouver.

The Moana is due to arrive here from Vancouver and Victoria next Saturday morning. She will continue on her voyage from here to Sydney, where she is to be laid up for some time for extensive repairs. The Moana, after being damaged near Vancouver a few months ago, was repaired in that port by means of a cofferdam, as the drydock was occupied at the time by another vessel. It appears that more thorough repairs have now been found to be necessary. While the Moana is laid up the Manuka will take her place. While the Manuka is scheduled to make the trip once only it is believed by some steamship people that she is put on this voyage principally as an experiment and that she will be retained on the run should she prove successful.

The Manuka belongs to the Union Steamship Company of New Zealand, which is closely connected with the Canadian-Australian Steamship Company. She is a perfectly new boat, having been brought out from Scotland, where she was built, to Sydney just a few months ago. She has only made a couple of voyages between Colonial ports.

The Manuka was built at Dunbarton on the Clyde. She is 4,505 tons gross register and has 4,500 indicated horsepower. She is capable of developing a speed of 18 knots an hour. The Manuka is said to be fitted with the most excellent passenger accommodations and all the luxuries known to modern passenger steamships. Captain Carey will probably command the Manuka on her trip to Vancouver.

BASEBALL TICKETS

At an informal meeting of the trustees of the Baseball League yesterday it was decided to sell season tickets for the grand-stand and for reserved seats. A reserved seat for the season will cost $12.50 and a season ticket in the grand-stand will be worth $6.25. These tickets will be on sale at the office of the president, in room 606 Stangenwald building, one week before the opening of the baseball season.

The auction sale of boxes is left until a later date.

Officer Apana arrested seventeen Japanese who were gambling in a room in the top story of the Japanese theater on Aala lane last night. Apana gained entrance through a skylight in the roof, thus eluding guards which had been posted at the entrances. In the Police Court this morning two of the men forfeited their bail. The rest were assessed $5 and costs each.

Spirit of Economy In First Labors Dominates the House

Second Day.

After a few preliminaries this morning the House went to work in Committee of the whole to consider the salaries bill. Speaker Beckley called Representative Long to the chair and the clerk proceeded to the reading of the bill section by section.

The first cut was made in the first item read, reducing the salary of the chief clerk in the executive office from $150 to $120 per month. This action was taken on motion of Kumalae, who said that he had looked through the bill and found reductions made in some cases and not in others. He favored a straight 20 per cent reduction except where salaries were below $50 per month. "Besides," said Kumalae, "this office carries perquisites amounting to probably $50 per month." Representative Vida seconded Kumalae's motion and said that he believed in a twenty per cent reduction. He had heard that some officials would resign if their salaries are cut. He said let them resign if they wish; there are others who can take their places. The remaining appropriations for the executive office were not changed.

Representative Kumalae moved to cut the salary of Treasurer from $300 to $250 per month. He compared the office to that of Territorial Secretary, who received $250 per month, and said this should be the basis of all salaries of heads of departments.

On an aye and no vote the motion to reduce the Treasurer's salary was lost by a vote of 16 to 12.

On motion of Vida the salary of Registrar of Public Accounts was cut from $250 per month to $200. The salary of commissioner was cut from $200 per month to $160.

Kumalae moved to add the duties of inspector to those of license clerk,

ACHI AMENDS TORRENS ACT

Repealing Bills Left To The Judiciary Committee.

SENATE EXPENSE MEASURE PASSES SECOND READING

SPECIAL APPROPRIATIONS FOR 12 MONTHS REFERRED TO FINANCE COMMITTEE. SHORT SESSION.

Senate Bill No. 2, defraying the expenses of the Senate in special session, passed second reading at this afternoon's session of the Senate, which commenced at 130 and was at an end less than thirty minutes afterward.

Bill No. 1, special appropriations for departmental use from July 1st of this year to the end of June next, was, upon motion of Senator Dickey, Senator Kalauokalani seconding, referred to the Finance Committee, to report tomorrow.

Upon the coming up of Senate Bill No. 3, special appropriations for from January, 1904, to June, 1905, on second reading, Senator Isenberg moved that it be referred to the Judiciary Committee. Senator Achi wanted the bill to pass at that time. He thought it unnecessary to refer the measure to a committee.

"We don't want to rush matters too quickly," said Senator Isenberg. I'm willing to go home tomorrow if such a thing were possible, but we cannot go too fast. Certainly we have the Governor's recommendations and he was probably advised legally, but that is no reason why we should not go into this bill; we should look it over; there can be no hram in going into it. I have heard talk on the street that this measure i sillegal. It may have to come up before the Supreme Court. I think the Governor is correct, but, just the same I think the bill should be referred to the judiciary committee to look into."

"We should not start repealing laws until we have passed new ones," said Senator Dickey.

The matter was finally referred to the Judiciary Committee, to report tomorrow.

Senate Bill No. 4 was also referred to this committee.

Senator Dickey moved to indefinitely postpone Senate Bill No. 5, to repeal Act 18 (special appropriations for two years ending June, 1905). "That is the Loan Bill," he said.

Senator Paris thought that, out of courtesy to the introducer, the bill should be referred to the Judiciary Committee. It was finally so referred.

Senator Achi moved a suspension of the rules and introduced an Act to amend Section 13 of Act 56 of the Session Laws of 1903, making the salary of the Judge of the Land Registration Court $1,800 a year and of the Registrar of said Court $900. Other salaries are to be fixed by the Governor; salaries and expenses are to come out of the Treasury and all fees transmitted with applications for titles are to be paid to the Registrar. This bill passed first reading.

A little before 2 p. m. the Senate adjourned until tomorrow.

Following are the standing committees:

Finance—McCandless, Paris, Dickey, Woods, Kalauokalani.

Judiciary—Achi, J. T. Brown, C. H. Dickey.

Accounts—Isenberg, Paris, Kaohe.

Enrollment, Revision and Printing—Woods, Isenberg, Kalue.

Miscellaneous—Paris, Wilcox, Nakapaahu.

Rules and Joint Resolutions—Isenberg, Dickey, J. T. Brown.

KEPOIKAI HAS RESIGNED OFFICE

Treasurer A. N. Kepoikai this afternoon tendered his resignation as Territorial Treasurer to Governor Carter.

As previously announced, a cable was received by the Governor this morning from United States Attorney General Knox to the effect that the President had removed Judge Kalua of Maui.

Mr. Carter called Kepoikai to his office and informed him of the message presumably having in mind Mr. Kepoikai's name as a recommendation to the President for the now vacant judgship in the possible event of the Treasurer handing in his resignation.

But little was said at the brief morning conference, the Governor stating that he wished to see the Treasurer in the afternoon in the matter.

After his conference with Mr. Carter this afternoon Mr. Kepoikai was asked if he had handed in his resignation. He replied that he had.

Governor Carter stated this afternoon that he had settled on no successor to the Treasurership.

President Removes Judge Kalua From Office

By order of President Roosevelt, Judge Kalua of Maui is removed from office and thus a train of events has started which is likely to result in Treasurer A. N. Kepoikai succeeding the removed Magistrate and a man of the Governor's choosing becoming Territorial Treasurer.

Early this morning Governor Carter received a cablegram from Washington, notifying him that the Chief Executive had taken final action in the matter of the Maui judgeship; that he had removed the much-complained-of official from office.

The cable message read as follows:

WASHINGTON, D. C.,
April 7, 1904.

HON. GEO. R. CARTER,
Governor Hawaii,
Honolulu.

The President has today removed Judge Kalua.
KNOX.
Attorney General.

Treasurer Kepoikai was one of the first to be notified of the message from the United States Attorney General.

Shortly after the receipt of the wire Governor Carter called the Treasurer into conference. The interview was very brief.

Seen after his talk with Mr. Cater, Treasurer Kepoikai stated that the Governor had informed him of the receipt of the cable from Knox announcing the President's removal of Judge Kalua.

"I am to see the Governor this afternoon on the subject," said Mr. Kepoikai, in answer to an inquiry. "I have not changed my mind concerning the Maui judgeship. If the Governor wishes to endorse me as Judge Kalua's successor, I am willing to be a candidate for the President's appointment. Certainly I do not know what the Governor's recommendation in the matter will be. I have no idea as to my successor as Treasurer in the event of my being appointed Judge."

Further than this Mr. Kepoikai would have nothing to say. He had seen the Washington cable, knew Kalua was out, was willing to succeed him, but knew nothing of the Governor's possible action.

It will be remembered that the result of the investigation by the Attorney General's Department at Washington of charges against Judge Kalua received and published here a few days ago, was that while there was no good cause for his removal from office there was nothing to recommend his reappointment upon the expiration of his term in June next.

When, very recently, Judge Kalua undertook to pass all court matters epnding before him over until June 6th, the day following the expiration of his term, Washington was at once notified by cable of his action, and the removal of the Judge by the President, as noted above, followed with swiftness.

Kalua's postponing all matters in his court until the day after the expiration of his term left him with nothing to do as a judge for the remainder of his term.

That in the report of the Attorney General's Department which advised against the reappointment of Kalua is held as the cause of his ridding himself of all judicial responsibility for the balance of his allotted time of service.

There are those who are advising Kepoikai against resigning as Treasurer to succeed Kalua, but the Treasurer, according to the attitude displayed in this morning's interview, seems inclined to give up the Treasurership, which he refused to resign when Governor Carter took office, to accept the Maui Judgeship should Mr. Carter endorse and the President appoint him.

A WORTHY TRIBUTE

T. McCants Stewart, at the Seventh Precinct meeting, offered the following resolution, which was received with applause, and unanimously adopted:

Resolved, That this meeting expresses its regret at the death of W. H. Coney, late Secretary of the Republican Territorial Central Committee.

He was a man of great worth, and of great promise, and his death is a great loss to the party, to the Hawaiian people, and to the Territory.

Resolved, That this resolution be written alone upon a page of the minutes of this club in memory of the deceased leader.

HOUSE CHANGES WORKING TACTICS

During the noon recess the members of the House who started in to cut and prune the items as fixed by the Governor in the Salary Bill, resolved on an entire change of tactics. At any rate it required less than half an hour to pass the second reading of nearly 400 separate items. At the morning session it took two hours to dispose of less than one sixth as much business. Not only did the House approve on second reading all the items remaining at the close of the morning session, but as soon as the end of the bill was reached, motions to reconsider the items in which cuts were made from the Governor's estimates, were carried one after another until the bill passed the second reading practically as it left the hands of the executive.

Under the new inspiration which dominated the House this afternoon Representative Kumalae made but one effort to amend. This was in the case of the Deputy Attorney Geseral whose salary he wanted to have reduced. The House voted this down.

The reconsideration of the permanent settlement items unanimously restored the allowance for the Queen to the stipend of $625 per month and took the other items under this head from the Finance Committee, to which they had been referred and passed them as read.

If you have these Symptoms

Send For My Book.

If you want to feel better.
If you want more strength.
If you lack ambition.
If you can't do things like you used to.
If your nerves—your courage—is leaving you.
If your confidence in yourself is less
If you lack vim, vigor, vitality.
If something is eating away your constitution, write to me for the book you need.

The book tells of my discovery. Tells how after thirty years I found the cause of these symptoms, and many others, given above.

The book tells how by scientific experiment I traced out the causes that bring on chronic diseases. It tells how I perfected my prescription—Dr. Shoop's Restorative.

I found invariably that where there was a weakness the inside nerves were weak. Where there was a lack of vitality that the vital nerves lacked power. Where weak organs were found I always found weak nerves. Not the nerves commonly thought of, but the vital organs' nerves, the inside—the invisible nerves.

This was a revelation. Then my real success began. Then I combined ingredients that would strengthen, that would vitalize these nerves. That prescription I called a restorative. It is known the world over now as Dr. Shoop's Restorative. After that I did not fail to cure one case in each hundred. In the extremely difficult cases my failures for five years were one in each forty treated. I found cancer incurable. Cancer is for surgery, not medicine.

Then how to get this prescription to sick ones everywhere was my thought. I must announce it in the public press. But, thought I, will they realize the truth of my discovery—the real power of Dr. Shoop's Restorative? Then a way came to me—like an inspiration. "I will offer it to the sick on trial. Then they will know I am sincere."

I wrote a reliable druggist in each city and village in America. They agreed to co-operate with me Now, by any sick one,

Dr. Shoop's Restorative

can be taken on trial. For a full month I will let you use it entirely at my risk.

Send no money. Just write me for the book you need. When I send it I will tell you of a druggist near by who will permit the month's trial. Use the Restorative a month. Then decide. If you say to the druggist, "It did not help me," that will relieve you of any expense whatever. He will bill the cost to me.

This is my way of clearing your mind of all doubt as to what Dr Shoop's Restorative can do. No matter how prejudiced you cannot dispute this absolute security I offer. You cannot resist an offer like this if you are at all sick.

If you have a weakness, write me. If you can't do things like you used to do them tell me about it.

Write in confidence. As a physician I will tell you a way to help. Get my book now—today.

Forester Hosmer reported that the Hawaiian Stock Breeders Association had turned over their library to the Board for safe-keeping.

Four men have been discharged from the Nuuanu forest station in accordance with economic plans.

Hosmer wanted an expression of opinion in regard to the issuance of permits to collect ferns in Nuuanu valley and in the Tantalus forest. It was decided to permit the Forester to use his discretion in the matter.

In the matter of the application of Portuguese for the lease of land in the Konas for ranching, letters from foresters opposing the idea as injurious to forests. Hosmer will inspect the lands and the Board's action is postponed until he reports.

Wilmot Vredenberg, homesteader above Waimea, Hawaii, asked to be appointed forest ranger. No action was taken.

ROOF GARDEN DANCE.

Manager Lake of the Young Hotel gave the officers and ladies of the United States transport Sheridan a dance on the roof garden last night, which was attended by several hundred guests from the city. The dance began immediately after the concert by the Filipino Constabulary band and lasted until a late hour. Music for the dancers was furnished by the Ellis Quintet club at one of the pavilions and by an orchestra from the Filipino band at the other. The roof garden was an animated place throughout the evening. The thoughtfulness of the host for the comfort and pleasure of his many guests was shown in a multiplicity of ways.

THE STANDARD GAS ENGINE.

MARINE AND STATIONARY

The "STANDARD" is all that its name implies. It is the most perfect Gas Engine that has been placed on the market today. It possesses all of the best features to be found in other Gas Engines, besides many advantages peculiar to itself that will be appreciated as soon as seen.

ACCESSIBILITY. Every part of the Standard Gas Engine is readily removable and accessible with the aid of an ordinary wrench and screw-driver—no special tools required. This is a fact that will be fully appreciated by those who have skinned their knuckles and been tempted to profanity by trying to get at the parts of other Gas Engines. Can use either gasoline or distillate. Absolutely safe; always ready and willing to run. Makes no noise and easy to start and keeps going, and the same can be said of the Stationary. We will install our Marine and Stationary Engines and guarantee to run them and will do all kinds of repair work. For full particulars inquire of

Where To Buy The Best Ladies' Muslin Underwear

It hasn't been many years since the average woman bought petticoats little heeding whether they were snug and close at the top or not; not so now. Every piece must be snug and well shaped about the hips and cut to take out all unnecessary fullness at the waist.

This carefulness in regard to fit is demonstrated in our new muslin underwear. Every petticoat is shaped at the top; corset covers are so modeled in front as to take out the bunchiness at the waist and every garment is made to fit perfectly.

The stitching and materials are the best and the styles the very latest from New York.

LADIES' CHEMISES.

Free from all bulkiness at the waist line and carefully made. A large variety to select from. 35c upward.

PRETTY NIGHT GOWNS

All new styles in good shapes and sufficient widths. Material that will wear and seams that won't pull out. In low neck and high neck, with lace and embroidery trimming.

Fifty styles to select from at 65c and upward.

LADIES' WHITE SKIRTS.

Excellent assortment of new spring styles to select from, trimmed with all lace or all embroidery. All made with the idea of correct styles and good quality. 75c upward.

MUSLIN DRAWERS.

All well made of cotton or cambric in a variety of styles from plain tucked to those elaborately trimmed with lace or embroidery.

Prices from 40c upward.

DAINTY CORSET COVERS.

In corset covers, perhaps most of all do we excel, such a variety of styles to choose from and all so dainty and pretty. We have some plain, as well as some in all lace or all embroidery; some in a combination of both lace and embroidery.

See our window display. Prices from 35c upward.

THE ADVANTAGES

CEMENT ROOFING

POSSESSES OVER TIN, IRON AND STEEL ROOFING

IT CANNOT RUST

Gases, fumes, moisture, coal soot and smoke cannot injure or affect CEMENT ROOFING. It is better adapted for application over uneven surfaces, such as old shingles or metal roofs, obviating the expense of removing the same. It will not rattle from wind and storm, nor create any noise from rain falling upon it. The materials used in cement roofing are the best non-conductors of heat and cold known; therefore it will keep the building warmer in winter and cooler in summer than a metal roof. Samples and full particulars mailed on request.

Poor Lamps Make Big Electric Light Bills

Many incandescent lamp bulbs sold in the market use 25 per cent. and some even 30 per cent. more electric current than standard lamps.

The carbon filament of the standard lamp gives a greater amount of resistance and hence greater amount of light for less current than passes through the carbon filament of an inferior lamp.

It is therefore important to the consumer that only standard lamps are used.

Any customer doubting the quality of the lamps he is now using can have them tested here free of charge.

Why did E. P. Dole retire from the Supreme Bench race? That isn't the question. Why did he ever start?

Whatever Burton or the people think, it is a foregone conclusion that get-rich-quick companies are good things to let alone.

Kalua, thinking himself the boss of Maui, has discovered that there is a God in Israel and the government at Washington still lives.

Speaker Beckley waited a reasonable period for the House to suggest organizing itself, and hearing no volunteers, proceeded to organize it himself.

Honolulu will agree to make the stay of the Pacific Squadron as pleasant as that of the Asiatic fleet—and won't stop to ask when the boys are to be paid off.

Attorney General Andrews' precinct was in darkness last night. There's no time to think of precincts when fish stories are demanded in Washington to reestablish prestige.

Senate approval of the gas franchise brings so much nearer the day when Honolulu householders will have a prospect of being rescued from wood at $15 a cord and possible short measure at that.

The frequency with which the Russians report immediate possibilities of a Japanese attack suggests that the spectators are not the only ones wondering what will happen next in the Far Eastern scrimmage.

Kepoikai is not only Maui's candidate but the logical successor of Kalua. He has once filled the position with credit to himself and the people. There is no occasion to seek further trouble in the canvass of candidates.

Candidates for Chicago honors are gradually coming to the front in sufficient numbers to warrant a little more excitement in the Territorial convention than a unanimous request that the secretary cast the ballot of the delegates.

Those who think the Hawaiian band will not be a good advertisement for Hawaii had a good example in the Filipino band of how a first class musical organization arouses active interest. The doubting Thomases have another guess coming.

Hawaii is not disappointed in its predictions. As the probable arrival of two or three cargoes approaches, the sugar-price falls as a reminder that the Trust considers it a sin for stockholders in this Territory to enjoy the thought of dividends.

Peace, sweet peace, pervaded the precinct meetings with the exception of Thurston's precinct. Thurston gives promise of being the china shop bull of the season in order that at least one end of the Birbe-Advertiser combination may keep up its reputation.

The Land Registration Court is an institution that should not be cut out just because it is new. Wiping this court off the slate means that the Territory moves backward about a quarter of a century and wastes more than the price of the Torrens court in maintaining the old cumbersome system of registration.

The Legislature organized and passed the first bill on first reading all in four hours' time. This is record breaking action that appeals to the people. The political phases of the day are willingly passed over so the work is done. If the Legislature will continue at its initial speed the public will have no complaint.

J. Pierp Morgan has left the United States to enjoy his millions in Great Britain. Poor devils who invested in the approved Morgan securities are hustling for bread. If Morgan does not like the United States this country can reciprocate with an equally strong opinion on his real value in developing sound progress.

Readiness with which the House members keep within the Governor's salary estimates and threaten to go him one better suggests that the spirit of economy has taken hold upon the representatives of the people in a way that promises well for the taxpayer. The task now in legislative hands is one that will be quickly accomplished if the gentlemen in the House and Senate keep cool and refuse to consider tangent proposals when appropriation business is pending.

The salary bill introduced by the Governor, which appears in this issue, gives the army of Territorial employes full knowledge of where they get off in the scheme of retrenchment. Wiping out and reducing salary lists is not a pleasant task, but the situation is such that the Territory must keep withing its income and it is to be hoped no Territorial employe will have the poor judgment to attempt a lobbying campaign that can only prolong the legislative session and even then not save the desired salary.

BOLD ROBBER BOY PURSUED BY CHINESE

A Hawaiian boy named Halemano was this afternoon arrested on a charge of stealing money from Ah In's rice mill in Palama. The Chinese in charge of the mill explains that Halemano came to him and asked his permission to use the mill's telephone. While he was using it he was left alone for a moment. Halemano grasped the opportunity, broke open a money drawer with a chisel and secured $12. The Chinese discovered him in the act and Halemano fled across the rice fields. A crowd of Chinese pursued and captured him after a chase of about a mile across country.

The police were notified and Officer Robert Parker sent to the place. Parker could find no money on Halemano's person but by persuasion he induced the fellow to show him the place where he had thrown the money, which was all found.

TALK OF HARMONY IN FIGHTING SEVENTH

When seen this morning, and asked if he had heard, before going to the Seventh Precinct meeting last night, that some people were preparing for "a bloody row" there, T. McCants Stewart said, "Yes; and when I was told I said, 'Well, let them try it on.' When police protection was suggested as being necessary I laughed at the idea. I repeated the rumor to Messrs. Clark and Olepau, and told them that the party was already injured greatly in the precinct by Birbeism and that it is the duty of all respectable people there to stand firm and stamp it out. I was greatly surprised at the peaceful character of our meeting. I am beginning to feel that the factions are beginning to realize that the party has suffered from the bitter racial fights of the past. I will say for Vida that he seems disposed to attempt to harmonize things in the precinct. He approached me several weeks ago, and offered to get together and form a ticket that would avoid a fight. I paid only polite attention to it then. But since last night's meeting, seeing that Birbeism is repudiated on all sides in the precinct, I am inclined to see if I can bring about a harmony ticket, and if I try, my first step will be to show good faith by standing aside in favor of George Barker.

"Governor Carter's spirit has evidently reached the precinct, and it seems to me that those of us who want to see the Republican party strengthened in the district should imitate the Governor's spirit, and rise above factions and unite for the general good."

HEADQUARTERS DARK LAST NIGHT

When the Republican voters of the Sixth Precinct of the Fourth District went to Republican headquarters on Fort street last night to attend the precinct meeting pursuant to call, the doors were locked and the House was dark. After waiting vainly for a janitor to come, a number of the voters met at the Young hotel and held the precinct meeting in due form.

The meeting was called to order by J. S. McCandless as acting chairman J. C. Cohen acted as secretary.

The following nominations were made: F. L. Dortch, J. S. McCandless, J. C. Cohen.

LADIES BEFORE GRAND JURY.

Territorial grand jury is in session, Deputy Attorney General Peters presenting numerous cases this morning. One, in which several ladies were witnesses, has to do with a family quarrel, it is said, in Kalihi. Several matters from the other side of this island are occupying attention and a murder, alleged, and a chicken stealing case are on the list; also an episode of the slums

Beer must be pure

to be good; must be brewed only from the best materials; must be scientifically filtered, thoroughly aged, bottled at the brewery and sterilized after bottling. It must always be shipped **in the bottle,** for beer shipped in bulk and bottled at supply depots is **sure to absorb impurities.**

The Famous A·B·C Beers

are guaranteed absolutely pure and free from all preservatives and chemicals

used in other brands of bottled beers, which are injurious to the health. They are never sold in bulk—are the only beers bottled exclusively at the brewery. Made from the finest Bohemian hops, they are aged for months, then filtered and **piped direct from the brewery vaults into bottles** by means of hermetically closed filling machines. This prevents the beer from coming in contact with the outside air, and insures absolute freedom from bacteria. It also preserves its natural effervescence and zest.

Six Points of A·B·C·Excellence

1—**Purity.** We absolutely guarantee the purity of all our beers.
2—**Flavor.** This is the distinctive, individual characteristic of any beverage, peculiar to it alone, and is the quality that has made A. B. C. Bohemian Beer famous.
3—**Brilliancy,** clearness and polish, proving perfect brewing and fermentation.
4—**Clean Taste.** No disagreeable foreign or aftertaste, proving scrupulous cleanliness during brewing process.
5—**Keeping Quality.** The most trying test for bottled beer. A. B. C. Bohemian will keep and retain all of its qualities under varying conditions.
6—**Solid, Creamy Foam,** denoting body age and excellence of brewing materials.

REPUBLICANS NAME AT PRECINCT MEETINGS THEIR CANDIDATES

Quiet and order ruled at all the precinct meetings last evening for the nomination of men to be voted on at the primaries Saturday, when delegates to the Territorial Convention will be elected. In the Seventh, where there is always "things doing", the meeting was as quiet and serene as a Sunday school. The attendance was large but business was done with promptness and without friction.

The nominations made in the different precincts are as follows:

Fourth District.

First Precinct—S. M. Kanakanui, Geo. P. Thielen, S. K. Kamaiopili, A. Lindsay, E. Buffandeau, E. Towse, W. H. Charlock, W. W. Chamberlain, D. F. Thrum, E. I. Spalding, C. A. Brown, Frank Andrade and W. W. Harris.

Delegates were instructed to work for Roosevelt Delegates to Chicago.

Second Precinct—John Hughes, W. T. Rawlins, Frank Kruger, J. A. Gilman, Capt. Richard Daybel, Gus Schuman and Hiram Kolomoku.

Delegates were instructed to work to secure W. H. Hoogs as delegate to Chicago.

INSERTS LAND COURT IN BILL

In preliminary work on the running expense bill the Finance Committee of the Senate, composed of Senators McCandless, chairman, Woods, Paris, Dickey and Kalauokalani, inserted the item of the Torrens Land Registration Court, an item which had been left out by Governor Carter in his recommendations.

It is the sense of this committee that the Land Court should not be eliminated. At the same time the committee believes that the expenses of the Torrens court should be greatly reduced.

The expense bill has not yet been referred by the Senate to the Finance Committee, work on the bill this morning being merely in preparation for action when the measure is referred, so that action on the items therein contained and on any others which may be inserted will not be delayed by a lack of familiarity with the act.

The committee spent some time in the office of Superintendent of Public Works Holloway, with whom they carefully went over every item referring to public works matters

Holloway asked for an emergency fund of $25,000.

Matters in his department have necessarily been cut so fine that the Superintendent feels that there should be an emergency fund to provide against the possibility of some items not coming within the alloted expenses. The committee agreed with Holloway that such a provision was necessary, and it is believed that the bill will, if it can possibly be so arranged, be amended to guard against the running short of funds on absolutely necessary items.

Very little alteration in the bill in its originality has so far been made by the Finance Committee. This afternoon, the Senate meeting at 1:30, the expense bill will probably be referred to the committee and it is likely that a report will be ready by tomorrow.

President of the Senate Clarence Crabbe stated this forenoon, speaking of the Land Court, that he favored combining the Land Registration Court and the Bureau of Conveyances. He also suggested placing the Survey Bureau under the Land Commissioner's office.

TALK COMPROMISE

There are rumors today of a compromise ticket between the Stewart-Clark-Vida factions of the Seventh Precinct of the Fifth. The proposal is to give Vida men three candidates and the Clark men three, Stewart to withdraw. No decision has been reached and it is not improbable that former road department differences will be fought out in Saturday's primaries.

PRECINCT MURMURS

The primary season does not pass without some dissatisfaction and a feeling that outsiders are being brought into the political race. A murmur comes from the Seventh of the Fifth that Home Rulers are being put to the front to side-track Republican workers.

It is claimed that Mealoha, said to be on the Vida slate, is a registered voter in the Eighth Precinct and under the ruling of the Central Committee, is not entitled to run in the Seventh. This is an old cause of trouble and, although Attorney General Andrews overrode the ruling at the last primaries, it was not recognized as legal party action. Mealoha is also said to have been a strong Home Rule worker and although he may have become converted, some of the Republican workers feel that he should not be placed ahead of old party men. Kaahanui, also on the Seventh Precinct ticket, is said to be a registered voter of the Pauoa precinct.

In the Tenth Precinct of the Fifth the "boy orator" has a complaint. First it is claimed William Isaacs of the Road Department packed the meeting with employes of the department who voted regularly according to orders. Finally a vote was taken that the Isaacs nominees and the boy orator's slate should be printed on different-colored paper. This, of course, means that at the primaries employes of the Road Department will be forced to vote as ordered, because the color of the ballot cast will enable the managers to keep exact tally on how the men vote. The scheme is considered as decidedly effective, but is characterized as very "raw" on the proposition of supposed independence of the ballot.

Representative Lewis introduced a resolution this morning in the House fixing the pay of the officers of the House as follows: Clerk, $6 per day; interpreter, $5 per day; chaplain, $50 for the session; sergeant-at-arms, $4; messenger and janitor, $3 per day each. The resolution was tabled upon motion of Representative Long.

Takayanani, the Japanese who stole tableware and linen from the Young Hotel, was this morning sentenced by Judge Lindsay to serve one month's imprisonment.

which, after general discussion, was lost.

Kumalae moved and Fernandez seconded to reduce the salary of Tax Assessor of Oahu from $225 to $200, which carried. The salaries of Assistant Assessor was reduced from $175 to $160 per month; that of first deputy from $150 to $120 per month.

Before considering the lump sum of $10,200 for clerks and deputies in the tax office, Kumalae wanted to go to that office and inquire into the number of employees and their pay. The motion to defer was lost and the item was passed.

The motion of Kumalae to reduce the salary of the Maui Tax Assessor was debated by Beckley, Fernandez and Gandall. Beckley opposed reducing the item and Fernandez spoke in favor of the cut. Gandall was opposed to reducing the assessor's salary and spoke generally against cutting below the estimates submitted by the Governor. The motion to cut was lost and item passed as read.

Kumalae wanted to cut the salary of the assessor of the Island of Hawaii from $200 to $175 per month. Greenwell opposed the cut but the Kumalae motion carried. The salary of the assessor of Kauai was cut to $140 from $150 per month.

In the bureau of conveyances on motion of Kumalae the salary of Registrar was reduced from $175 to $150 per month. The salary of deputy registrar was not changed.

Under the head of permanent settlements, motion to cut the allowance to Queen Liliuokalani from $625 per month to $500 carried. The item of $16 2-3 per month for Mrs. Emma Barnard and all other settlements, were referred to the Finance Committee.

The salary of the Superintendent of Public Works was passed as read at $300 per month. Kumalae wanted to reduce the salary of supervising engineer from $250 to $200 per month. Aylett opposed the motion because the duties of the water works department had recently been combined with that office. The motion was lost and the item passed as read.

AT THE ORPHEUM

The Nawns continue to draw good houses, the film being responsible for its share in the general attractiveness of the program. A complete change is announced for tomorrow evening, which means an entire charge of act by all the artists and the introduction of fresh numbers and performers.

The seats for the Saturday matinee are now on sale and going in response to a brisk demand. The program is eminently adapted for children and many will doubtless take advantage of the opportunity. Tom Nawn has one of his famous sketches for the next change in which he appears in an artistic role full of human interest while the story of the little play will appeal to the genuine feelings of all.

Tom Nawn is an old baseball player and there is talk of a match game being arranged between players made up from the Nawn company and a local team. Nawn does not anticipate a walkover but guarantees to put up a game that will not be devoid of merit and certainly not of laughter.

$50,000 $50,000 IN GOLD GIVEN AWAY

The Board of Directors of the Louisiana Purchase Souvenir Coin Company will set aside an appropriation of $50,000, which will be presented, in its entirety, to the person who sends us a correct estimate of the EXACT number of paid admissions to the Louisiana Purchase Exposition, which opens at St. Louis, April 30th, and closes December 1st, 1904. Should no one succeed in estimating the exact number, the money will be presented to the one who sends us the nearest correct estimate. This Golden opportunity to secure a magnificent Fortune costs NOTHING. Our object in making this unprecedented offer is to advertise and promote the sale of our Souvenir Coins of Admission to the World's Fair. These Souvenir Coins of Admission are of artistic and appropriate design, are invaluable as mementos of this greatest of all Expositions and are similiar to the Columbian Half Dollar, aside from their intrinsic value, we will accept them in exchange for regular tickets of admission to the World's Fair, and for this purpose will maintain a ticket office at the main entrance to the Fair Grounds, which will be open every day during the World's Fair period. Everybody wants one of these Souvenirs, but only a limited number will be offered for sale. Price 50 cents. With every Souvenir Coin of Admission purchased we allow one estimate to be made and filed of the total admissions to the Fair. No one has any advantage in this contest. YOU are just as likely to get the $50,000 in Gold as anyone. It is all pure luck. Should there be more than one correct estimate the $50,000 will be divided equally between the persons making the exact or nearest correct estimates. There may be no ties or dividing of this money; the enormous sum of $50,000 may be received by one person. WHY NOT YOU? The Lucky Winner will be notified the instant the official announcement of the total number of paid admissions is made by the Louisiana Purchase Exposition Company. We will also pay all of your expenses to St. Louis and will deliver the $50,000 IN ONE GREAT BAG OF GOLD as soon as you reach this city. The total paid admissions to

Chicago World's Fair were 21,480,141;
Paris, France, Exposition, 16,795,167;
Pan-American Exposition, 5,360,859

FAR EASTERN MUSIC

The concert given by the Filipino Constabulary Band of eighty-three pieces on the roof garden of the Alexander Young hotel was a striking success. The splendid performance of the musicians from the far east was appreciated by the hundreds who gave rapt attention to the numbers from the beginning to the end of the program. At the close of every piece the applause was spontaneous from end to end of the garden, and cheers were called for the bandmaster and for the musicians whose fame and reputation had attracted to the roof garden a packed throng on scarcely more than an hour's notice.

The music last evening was produced by seventy of the eighty-three pieces and more bewitching melody was never heard in Honolulu. Lieutenant Loving, the band master, was congratulated by scores at the close of the concert for the masterly exhibition and treat given by himself and his organization. The leader was admired on every hand and praised for his unquestioned genius as a director.

The Filipino band is only a year and a half old and is on its way to tour the States and visit the St. Louis Exposition. Lieut. Loving's aggregation has received liberal patronage from the United States Government through the Civil Commission. Every member of the band has had years of experience in this and other famous musical organizations in the Philippines. Loving served in the Spanish war and passed through Honolulu in 1899 as a first lieutenant in the Forty-eighth Volunteer regiment.

NO THREATS GO

SAYS MR. GIFFARD

IN LOCAL POLITICS

A rumor to the effect that William Olepau, the wharf foreman for Irwin & Co., had been threatened with discharge from his job in case he ran on the Clark-Stewart ticket in the Seventh Precinct, has been current during the past few days. The statement was contradicted this morning in the most positive manner by W. M. Giffard, the second vice president of Irwin & Co.

Mr. Giffard, when interviewed, said: "This is the first I have heard of this rumor.

"I can assure you that it is utterly false. It is the policy of this company never in any manner to interfere with the politics or political actions of any of our employes. We have never done so in the past and we are certainly not going to do so now. We would not tell any employe of ours to follow our political opinions and it would be still further from us to use threats. Furthermore, anyone who tried to use threats, as has been suggested, to any one of our employes would be subjected to severe censure as soon as it was found out. While we are Republicans and as such should wish to see our employes follow the Republican party, still we take no such measures to bring it about."

MADAM SLAPOFFSKI CONCERT TONIGHT

Madame Slapoffski appears this evening before a Honolulu audience for the second and last time. This concert has been eagerly asked for and there will be no lack of listeners, both those who have been fortunate enough to have already heard the singer and those who are attracted by the glowing encomiums of her former listeners. The singer is to take a Canadian tour after she appears for a short season in the western states and the next thing Honoluluans are likely to hear of her is in connection with some brilliant metropolitan success.

A very interesting program has been arranged for tonight, ranging from Wagnerian opera to ballad through the lighter operatic works that are still classed with "grand opera." Maritana, Tannhauser, Faust, Three Musketeers, are all culled from, the bright, particular gems of each work being taken. Several ballads are also announced. Mrs. Gerard Barton has consented to act as accompanist, an item of no inconsiderable importance to all concerned.

The seat sale remains open today at Wall, Nichols Co., where a vigorous demand has been made for accommodation. The singer leaves for the coast on the next steamer following the concert. The question of her entering vaudeville is still undetermined notwithstanding the flattering offers made.

HAWAIIAN BOYS

SAVE LIFE OF

DROWNING MAN

Thomas Mahuka, the son of Mahuka, the boatman, and Kuapali, two young Hawaiian boys, this morning saved Robert Hobron Jr., a collector for the Sanitary Steam Laundry, from a watery grave.

As the transport Sheridan left the Naval wharf at about 6:30 o'clock Hobron, who was on board collecting, did not notice her departure before she was about 150 yards from the wharf. As he had no wish to go to San Francisco he immediately jumped overboard and started to swim for the shore. Hobron had not covered a distance of more than twenty-five yards when his strength gave out and he realized that unless he was given assistance he must drown. He called for help and managed to keep afloat by treading water.

Although them was a number of people on the wharf, most of them were afraid to go to the rescue for fear the drowning man might cling to his rescuer and thus emperil the life of both. Young Mahuka, however, decided to take the chance. He jumped off the wharf and was followed by Kuapali. The boys reached Hobron in the nick of time. Hobron stretched himself flat on his back while his rescuers took him each by one arm and towed him to the Naval wharf, where he was hoisted onto terra firma.

E. C. Winston of the Sanitary Steam Laundry gave the boys a reward.

Cooper Remains In Board As Member

At the meeting of the Board of Health yesterday Dr. Mays presented the following vote of thanks to Dr. C. B. Cooper, the retired president of the Board:

"I move that a vote of thanks be tendered to Dr. C. B. Cooper, for his long services in this Board, first as an ordinary member and afterwards as its president. During his incumbency of the chair he has by his skill and energy maintained a high standard of efficiency in all branches of the Health Department of these Islands, promptly aligning it with the most modern and progressive ideas. He deserves a special credit for bringing this department into closer touch with the central health authorities at Washington; who now recognize, as never before, the importance of the Health Board of this Territory as the outpost of national defense against the great epidemic diseases of Asia. This is evidenced by the selection, by Surgeon-General Wyman, of Dr. Cooper as chairman of the section on leprosy in the coming conference of United States Boards of Health at Washington, a fitting tribute to Dr. Cooper's standing in sanitary science.

"We express sincere regret at the close of Dr. Cooper's occupancy of the chair, and trust that his public services will be as highly appreciated by the people generally as they are by each member of this Board.

"(Signed) W. H. MAYS,
"M. P. ROBINSON,
"F. C. SMITH,
"JOHN C. LANE,
"E. C. PETERS.

"Honolulu, April 6, 1904."

Dr. Cooper thanked the Board for the kind expressions tendered him, stating this had taken off the edge of the unpleasant situation.

The Board informally discussed the present status of the Board as a body without a head. After some discussion Attorney General Peters gave the opinion that Dr. Cooper on resigning from the presidency reverted to his status as a member from which position he had been appointed president. It was decided that until a president was appointed the secretary should be authorized to answer all such official letters as did not require action by the Board.

Maui Stands For Kepoikai As Judge

Governor Carter is in receipt of the following from Maui:

Headquarters of the Republican Party For the third Representative District of Maui, Molokai and Lanai.
Kahului, Maui, April 1st, 1904.

At a meeting of the Sub-Executive Committee of the Republican Party of the Third Representative District, held at Paia, Maui, on March 24th, 1904, the following resolution was offered and adopted:

"Whereas the Executive Committee of the Republican Party of the Third Representative District passed a resolution in December last, recommending Hon. A. N. Kepoikai as their choice for the position of Circuit Judge for the Second Judicial Circuit, therefore be it

Resolved that we, the Sub-Executive Committee respectfully call the attention of the Governor of the Territory of Hawaii to the action of the Executive Committee in this matter, and humbly request him to comply with the wishes of the Republican Party of the Third Representative District, by recommending to the President of the United States the appointment of Hon. A. N. Kepoikai to the above position.

(S) H. P. BALDWIN,
Vice-Chairman, Executive Committee, Third Representative District.
W. O. AIKEN,
Secretary, Executive Committee, Third Representative District.

Headquarters of the Republican Party for the Third Representative District of Maui, Molokai and Lanai.
Kahului, Maui, March 31st, 1904.

This is to Certify, that at a meeting of the Executive Committee of the Republican Party of the Third Representative District, comprising the Islands of Maui, Molokai and Lanai, which constitutes the Second Judicial Circuit, held December 21st, 1903, it was voted unanimously to recommend the appointment of Hon. A. N. Kepoikai to fill the position of Circuit Judge of the Second Judicial Circuit at the expiration of the term of office of Judge J. W. Kalua now holding the said position.

(S) H. P. BALDWIN,
Vice-Chairman, Executive Committee of the Republican Party, Third Representative District.
(S) W. O. AIKEN,
Secretary, Executive Committee, Republican Party, Third Representative District.

HEALTH STATISTICS

At the meeting of the Board of Health held yesterday afternoon at the usual time and place Dr. W. H. Mays presided. The following members were present: Dr. C. B. Cooper, Fred C. Smith, M. P. Robinson, John C. Lane and Deputy Attorney General Peters.

E. A. Galaspo was granted permission to conduct a bakery at Kalawao. Kanakau and Hawest were permitted to open a fish market at Kalaupapa to be governed by the same rules as that of T. K. Nathaniel.

Dr. Sloggett, the superintendent of the Insane Asylum, submitted a report showing a total of 175 patients, 132 males and 43 females, divided by nationalities as follows:

Hawaiians 45, Chinese 36, Portuguese 26, Japanese 24, America 7, English 2, German 6, Norwegian 2, French 1, East Indian 1, West Indian 1, Manila 1, Central American 1, S. S. Islands 3, Gilbert Islands 3, Polish 1, Porto Rican 7, part Hawaiian 6, Scotch 1.

During the quarter 1, 18 were received, 20 discharged and 4 died.

Plumbing Inspector Keen submitted the following report for the month of March:

"Plumbing plans filed and permits issued for same, 43; number of pieces of plumbing work finished and accepted, 30; number of fixtures places, as above, 99; sewer connections made, 29. Forty (40) houses were connected to the sewer during the month, 32 of which were upon the line of the new sewer.

"Fourteen (14) building permits were received and approved. During the month 11 building sites were inspected, 27 inspections made of buildings under construction, 70 inspections made where interior changes were being made. A total of 204 inspections were made during the month of, which 180 were of plumbing."

Superintendent H. T. Moore of the Pearl City cemetery, wrote a letter giving information regarding the system of marking graves for identification. The system was recommended as an effectivesone by Dr. Cooper.

A letter from C. E. Dawson, secretary of the Post Check Currency Bureau, Washington, D. C., read in part as follows:

"We duly received your kind favor of the 5th, quoting the resolutions adopted by the Board of Health of Hawaii, with reference to the hygienic advantages that would be derived from the adoption of the Post Check system. The Board is to be congratulated upon the progressive stand it takes in urging the adoption of a measure which would not only furnish the people a much-needed postal convenience, but would, as you state in the resolutions, withdraw paper money from circulation before it becomes foul and a source of infection. It is indeed 'an important hygienic measure,' and the health boards of a number of States and a large number of medical publications of prominence have, in the last few months, devoted much time and attention to the proposed legislation, any many have joined us in urging favorable action by Congress. We are very glad to be able to number the Board of Health of Hawaii among these."

MAUI'S COURT EXPENSES

W. J. Coelho, clerk of the Second Circuit Court, speaking of the big expense account run up by the March term of the Maui circuit, lays it to the new jury law. The term cost $1,648.40, of which $1,209.55 went to pay the jury fees and expenses. Mr. Coelho says under the old jury law the Sheriff would draw talesmen from the immediate vicinity of the court. Now, the jurymen invariably are drawn from the remotest parts of the Island and Molokai.

'FRISCO STOCK PRICES

The Henry Waterhouse Trust Co. received the following stock quotations from San Francisco yesterday: Hawaiian Com. & Sugar Co., $50; Makaweli, $21.50; Honokaa, $12.50.

Leahi Chapter At Anniversary Celebration

The anniversary of Leahi Chapter Order of the Eastern Star was celebrated in the Masonic Temple last evening with an interesting literary program followed by a banquet. From fifty to seventy-five members of the order and guests assembled in the lodge room, which was prettily decorated for the occasion. Worthy Matron Mrs. Theo. Hoffman presided. The principal address of the evening was delivered by Judge Galbraith, in which the origin of the order and its objects were reviewed. The program opened with piano solo by Miss Williams, and after the address of Judge Galbraith the following program was carried out, the musical and literary selections being well chosen and rendered in an artistic manner: Vocal solo, Mrs. Crabbe; piano duet, Miss Williams and Mrs. Harvey; recitation, Mrs. Seabolt; piano solo, Mrs. Austin; recitation, Mrs. Reedy; vocal solo, Dr. Burgess; vocal solo, Mrs. Charles B. Cooper; recitation, Mrs. W. L. Howard. Ceremonies in the lodge room were closed with a neat speech by Bro. Joshua D. Tucker. The assembly then adjourned to the banquet hall, where the evening's program was completed with a social hour about the flower and food laden tables. Worthy Matron Hoffman was assisted by Past Matrons Mrs. Galbraith, Mrs. Crabbe, Mrs. Williams and Patron Crabbe and Past Patron Galbraith.

The BUSINESS MAN'S HANDY INDEX, published in the Saturday Bulletin and the Weekly Edition, gives a concise and complete resume of all legal notices, calls for tenders, judgments, building permits and real estate transactions. Evening Bulletin, 75 cents per month. Weekly Bulletin, $1 per year.

CARTER AND WEAVER CONSULT ON TORRENS COURT

Judge Phil. Weaver of the Land Registration Court called on Governor Carter this morning in the interests of the Torrens court and asked that he recommend to the Legislature an appropriation of $6,000 to enable the title registration system to continue in operation for the balance of the year.

Weaver believed that the Land Court could be run on this amount, providing fees went to help pay expenses and he was allowed to amend the Act which established the court so that the judge himself could prepare abstracts.

Judge Weaver stated later that the Governor did not approve of this idea.

Governor Carter favors allowing the Torrens Act to remain on the statute books; he does not favor the Legislature repealing the Act; but he does not believe that any appropriation should be made at this time for the maintenance of the Land Court. He favors the system but suggests that the law might be so amended so as to make the court support itself

It is possible to do this, thinks Weaver, who will now endeavor to draw up plans to that effect.

The scheme is now to reduce expenses of the Land Court to the minimum. There is no idea of repealing the law.

MILLETT IS READY

Paddy Ryan received a letter from Joe Millett in the last mail in which the San Francisco fighter shows that he is anything but a quitter, as charged by some of his loving friends.

Speaking of the challenge from Honolulu, Millett says: "I am willing to go down there and fight any two men on the Island the same night—Barry and anyone else they have there. I am ready to fight any white man in the world barring Jeff."

Millett says he is in doubt as to his future plans. His partner has been away and he has nothing definite in view. Ryan says that Millett is ready to fight anyone in the local field but he refuses to train to any specific weight. Millett's fighting weight is about 175 pounds. The weight of his opponent cuts little figure with him.

BASEBALL TEAM WORK

PREPARATIONS FOR SEASON AMONG ALL THE CLUBS

H. A. C.'S AS USUAL START WITH STRONG FORCE—FEW CHANGES IN THE KAMS—ELKS' NEW PLAYERS.

Preparations for the baseball season are going on with worthy zeal among the members of the teams that will make up the league this season. At the outset of the season it seems generally admitted that the H. A. C.'s will have the strongest team in the field. The opponents of this big combination, however, are not asleep, and as was shown by the record of last year the hard workers of the supposed tail-end frequently develop fighting and staying qualities that give them a championship gait at the critical period of the season. Catcher Kilcy is considered one of the strongest additions to the H. A. C. combination and the old Maile man is showing up in first class shape in his practice with Barney Joy, who will, of course, be the leader in the pitcher's box.

The Kamehameha champions of last year will go on the field with practically the old team. Reuter, this year's captain, is doing good work in practice. His arm is in good condition and it is predicted he will make a better record in the box than last year. Lemon will be on hand to help out when the occasion requires. Manager Wise says his team is all right in make-up. All he asks is the same old luck to stay with them when games will be pulled out in the last inning should the first part go wrong.

The Elks are unfortunate in losing Gorman this year. His physician has advised him not to play. This means that Cunha will be taken from first base and put in his old place behind the bat. The Elks have two men coming from the Coast, both of whom are said to be pitchers. Perrine wanted to come back this year but the club could not stand the expense. The new men are said to be good ones, though less costly. Bob White, the old standby of the Mailes, will play with the Elks this season.

Punahou is not to be counted out this year. The team will be largely of Punahou boys as before with a leaven of outsiders to add spice. Jess Woods will play with this team and Hardy, a Kamehameha boy, has signed as pitcher. He is claimed as a first class man. Kamehameha pitching stock seldom falls below par.

The Marines are the great unknowns of the season. It is believed they have some very fine players and it is generally hoped they have. The public would be only too glad to be able to cheer the new team on to success. These boys are looking around for three men, outside the rank and file. They have already taken on Fred Wright to play at second base and are seeking material for outfielders.
