MURDER DONE IN IWILEI DISTRICT

Prowler Enters Japanese House and Fires Revolver Shot.

BULLET STRUCK A BOY WITH FATAL RESULTS

MOTHER THOUGHT SON WAS SLEEPING — MURDERER IS THOUGHT TO BE PORTO RICAN.

Honolulu is gaining for itself a reputation for tragedies which, if they continue, will place this small city on a plane with many of larger size on the Mainland. While the fire up the valley was in progress this morning a terrible happening was taking place in the corral at Iwilei which, since the removal of the stockade, has become the dwelling place of a large number of poor but respectable Japanese.

When the fire whistle sounded, Mori, a Japanese living with his wife and son in one of the houses, got up, dressed himself and started out in the direction of the fire. His wife and child were therefore left all alone in the house.

Shortly after the departure of the man of the house, the wife, who was awake, heard a suspicious noise and very soon became assured of the fact that there was someone in the room and near to the bed upon which she and the boy were lying.

Naturally, the poor woman was very much frightened and in her fright she cried out: "What you want?" There was no reply in the shape of words, but almost immediately there was a blinding flash and the report of a revolver broke the stillness of the locality.

Ito, the Japanese woman, jumped from her bed in time to hear a rush out the back way. At the same time two Japanese in a room adjoining, having heard the shot, got up and looked out the back way. They saw the figure of a swiftly running man. He was barefooted, had no hat on his head and had the appearance of a Porto Rican. The same story of the general appearance of the man is told by the woman, who states that she caught a glimpse of the marauder during the flash of the gun but could not see very well on account of the thickness of the Japanese curtain which covered the bed. However, it is the belief of the people of the neighborhood and of the police that the man was a Porto Rican, and this general clue is being followed up today by David Kaapa, Chester Doyle and Detective Garcia.

When the shot was fired, the mother's first impulse was naturally to feel of her son, to see if he was injured. He was lying very quiet, and, thinking he was sound asleep, she did not attempt to awaken him, knowing that he would have to get up early and prepare for school.

After the excitement was over, the woman lay down again, but did not go to sleep. As soon as day began to break and the light began to flood the room, she looked at her son, Iso, and was startled to see that the pillow on which his head was resting, was soaked with blood. She made a hurried examination and found her son was dead. The bullet from the revolver had entered the base of the brain and caused immediate death. This was the state of affairs the father found when he returned at about 6 o'clock this morning after having been up to the fire.

It is supposed that the marauder was lurking around in the vicinity of Mori's house and saw him well on his way to the fire. He then entered the house with the intention of stealing what he might find. Hearing the woman cry out, it was evidently his intention to frighten everyone by firing the shot and of taking advantage of the confusion to escape.

That direct murder was not intended by the prowler seems to be proven by the fact that the room was pitch dark. The woman was sleeping next to the wall and the son was on the outside. When the shot was fired, the marauder probably pointed at random and pulled the trigger. At all events, the shot went straight to a vital point and consequently there is someone on the Island today that has the shadow of the noose hanging over his head.

The funeral services over the bodies of Mrs. Friel, Mrs. Nigel Friel Jackson and Miss Etta Friel, will take place at St. Andrew's Cathedral this afternoon at 3:30 o'clock and all friends are invited to attend. The services will be conducted by Rev. Alex. Mackintosh of St. Andrew's Cathedral.

This is a record of a fatal fire in the Friel home on Nuuanu avenue shortly after 2 o'clock this morning.

It was about at the time mentioned that Patrolman McCormack who was on duty on the Nuuanu avenue beat, discovered that there was a fire in the vicinity of the Mackintosh place. He rushed to the house to see what the matter was and discovered that the Friel home, which is between the Mackintosh and Pratt homes, was in flames. The remainder of his actions in connection with the fire are told in the following concise statement made by the officer, under oath, before Deputy Sheriff Chillingworth this morning:

Wm. H. McCormack, sworn, stated:

"Am a mounted police officer, as such was on my beat on the morning of October 30th, on Nuuanu avenue. After sending my report at 1:18 a. m., at Nuuanu avenue and Pauoa street, remained there about ten minutes, in looking around saw reflection of fire.

"I went to investigate, it was on Rev. Alex. Mackintosh's premises. I entered on same and found it was in the next yard. I came out of the Mackintosh yard, fired my revolver twice, then ran to fire alarm box No. 73 and rang in the alarm.

"I then returned to the place of the fire. On entering the yard I met a Japanese. I gave him the reins of my horse, told him to hold it, took off my belt, club and coat, and ran to the house.

"There were some people there at the time removing the effects. I went in at the rear of the house and saw that it could not be saved. The rear portion was already enveloped in flames. I then entered the house at the front part and told some ladies that were there to remove their valuable property that was in the house as I thought it would be impossible to remove any heavy furniture, etc., that was in the building. I assisted in removing some of the same by taking out one of the bundles.

"I heard someone screaming in the upper part of the house. I went to the Ewa side of the house and saw three females in night dresses. The flames had already reached the room in which they were. I called and told them that their only hope was to jump from the window, they made no reply.

"However, one of the three, a young girl, did jump. The other two turned back. I made an attempt to reach them from the front entrance, but the stairway was entirely burned.

"After this, I saw no more of them. After attempting to reach them from the front, I prevented Mr. Friel from entering the building. He seemed to be out of his head on account of his wife and daughter who were still in the building.

"I was present when the bodies were discovered by the firemen on the lower floor immediately under where I last saw them standing."

The fire took hold so quickly that it was impossible for those who had run to the rescue to do anything at all. Mrs. Friel and her daughter Etta were in one of the upper rooms and as has already been stated in the story of Patrolman McCormack, they refused to jump out of the window, evidently expecting to get out by way of the stairs. On their way to look for another exit they must have been overcome by the smoke for when the bodies were found, they were almost directly under the place where they had been seen by the patrolman, the bodies having fallen through after the floors and other parts of the building had been burned away.

Mrs. Jackson was safe enough from the flames, she having been among the first to escape from the building, but seeing the peril in which her mother and little sister were, she ran into the building again and the result was that she was not only fatally burned about the face and hands but also on other parts of the body.

It was at about 3:15 o'clock that the fire was out but it was impossible at that time to make a search for the bodies of Mrs. Friel and her daughter Etta on account of the condition of the burned building and the fact that it was very dark.

As soon as it was possible, the firemen made a search for the bodies. It did not take them long to discover them. They were found in close proximity to each other and were in a frightful condition, having been burned beyond all recognition by the fierce flames.

The little girl was covered with a mattress from the bed in the room in which she and Mrs. Friel were last seen. Undoubtedly the mother when she saw that there was no hope, endeavored to save the child by throwing the mattress over her. Mother and child must have been suffocated soon after the two left the window and turned back into the room.

Mrs. Jackson and Georgia were taken across the way to the Sorenson home where they were given every comfort possible. It was soon seen that Mrs. Jackson was in a very serious condition, the burns on her face, hands and body being of such a nature as to give little hope of recovery.

Drs. Pratt and Herbert were called in as soon as possible and they did all they could to relieve the patient. She was conscious when they took her into the house and remained that way until close to 3 o'clock when she relapsed into unconsciousness. She kept referring to the places about her body that pained her the most and the doctors did all they could to allay the suffering.

At about 5:45 o'clock this morning, Mrs. Jackson died, never having regained consciousness again after once having relapsed into unconsciousness.

The police seem to feel that there is no question whatever that the Friel house was set afire but have not obtained any direct proof yet. The report was about on the streets this forenoon that Nigel Jackson had made a full confession that he had set the house afire but when a Bulletin reporter called on the High Sheriff, it was found that this was another yarn started by some hysterical person of the same sort who started the rumor that Jackson had attempted suicide. At the time that the Bulletin reporter called at the police station to run down this rumor, Jackson was sound asleep. He had already been apprised of the fact that his wife was dead.

However, with all the surmises, the police have no direct evidence but are working hard on the case today. It has come to the knowledge of the High Sheriff that a direct attempt to set the house on fire was made on Tuesday night last but that this was frustrated.

The police have been given orders to apprehend "Rastus," a colored man who used to black shoes at a stand on Fort street, near King. He is to be arrested on sight. This action has been taken on account of the fact that the

DEATH CAUSES POSTPONMENT

Auditor's Mandamus Suit Over Until Next Thursday.

JOHN II ESTATE CASE IS ALSO CONTINUED

REPORT ON RENTON MINORS ESTATE AND OTHER MATTERS NOW BEFORE THE COURTS.

The mandamus writ of Auditor H. C. Autsin against Attorney General E. P. Dole, High Sheriff A. M. Brown and Deputy Auditor H. C. Meyers, to compel them to allow him admission to the Auditor's rooms and duties of that office, was again postponed by Judge Gear, this time for one week, owing to the death of the father of C. W. Ashford, one of the attorneys for the complainant.

Judge De Bolt continued the John II Estate matter until 9:30 tomorrow morning, owing to the illness of Arthur A. Wilder, of counsel for A. W. Carter.

Geo. F. Renton and Henry H. Renton, guardians of Arthur Herbert Fullerton Renton and Maud Gertrude Renton, minors, have rendered a second annual statement reaching to July 31 last. Arthur was paid $1449.25 and Maud $1783.64. The general administration account shows payments, including certain investments, of $13,845.59. Commissions and balance bring the total payment up to $17,171.16, balancing the receipts. The inventory gives a total valuation of $114,639.60 to the estate of the minors.

Cecil Brown has filed his final report as guardian of Leialoha, a minor. He received $120.19 and paid out $86.75. Recently the ward became entitled to real estate at Kauluwela, Honolulu, also has come of age and been married.

It is stipulated that J. A. Magoon have five days more time to answer the complaint in trespass of Fredericka Nolte.

Wing Sing Wo Company has discontinued its suit against the firm of Kwong Hip Chan Chup Sang Kee.

Oahu Lumber & Building Company by its attorneys, Magoon & Peters, enter a demurrer to the alternative writ of mandamus sued out by Lee Wai.

An extra day is stipulated to M. L. Smith to file his amended complaint against Honolulu Stock Yards Company.

OFFICIAL CALL.

Major General Adna R. Chaffee and Hon. Luke Edward Wright, Vice Governor of the Philippines, called on Governor S. B. Dole at the Executive chamber in the Capitol this morning, together with Captain Julian R. Lindsey and Lieutenant Roy Beveridge Harper, aides to Major General Chaffee. The party arrived in a carriage drawn by four horses.

Vote for Camara, Independent candidats for the Fourth District.

NO MORE DEVELOPMENTS

Governor Dole at noon said there were no further developments in the matter of the Superintendent of Public works. Yesterday afternoon he held a conference at the Capitol with more than a dozen business men regarding the whole unpleasant situation of three public departments. The proceedings were strictly confidential.

E. S. Boyd, Commissioner of Public Lands, was in consultation with the Governor this forenoon. There was not a meeting of the Executive Council, although Thursday is one of its regular days.

The amount of $1,650 mentioned in the charge of embezzlement made against the suspended Superintendent of Public Works was the proceeds of a check drawn on Bishop & Co.'s bank by Dr. C. B. Cooper as payment on a land exchange, being made payable to J. H. Boyd and cashed by him.

VERY NARROW ESCAPE

WILLIE CRAWFORD SAVES BLOCK FROM BURNING

DISCOVERED BURSTED LAMP IN ONE OF UPPER ROOMS—DOOR LOCKED AND OCCUPANTS OUT.

What might have proved a very serious conflagration in Chinatown, was prevented last night by the prompt action of Willie Crawford who was on his way home after having been in attendance at the Chinese theater at the corner of River and Pauahi streets.

It was about 11:30 o'clock when Crawford arrived at the long row of two-story Chinese stores and lodging places, that line Liliha street immediately outside of the big Chinese theater.

Crawford happened to glance upward and saw flames in one of the upper story rooms. He rushed up and found that his fears that the place was on fire were well founded. He gave the alarm and in company with a woman living in one of the adjoining rooms, made for the room where the fire was in progress.

The door was locked, the Chinese inmates having gone out. Crawford did not mind a little thing like a locked door and, throwing his whole weight against it, he soon had the obstruction out of the way.

The lamp, left burning upon the exit of the occupants of the room, had burst and the oil had spread all over the table cloth. This was burning and the table had already caught fire. Crawford took the table, lamp and all, rushed out of the room and dumped the things into the street, thereby saving the remainder of the contents of the place and probably the building.

Had the fire progressed a little further there would very probably been a repetition of the conflagration of a couple of months ago on River street.

John W. Hutchinson, the last living member of the famous Hutchinson family of singers, was present at the Old Settlers' Association of McLeod county, Minn., several days ago, and sang "Old Granite State" with all the vigor and vim of former years.

JAMES ASHFORD DEAD

PASSED AWAY AFTER VERY SHORT ILLNESS

CONSPICUOUS IN HONOLULU FOR MANY YEARS—FUNERAL TO BE HELD THIS AFTERNOON.

James Ashford, aged 82 years and nine months, passed to his last home early this morning. He had been resident in Honolulu nearly fourteen years, in the family of his son, C. W. Ashford.

The deceased was born in Upper Canada, now the Province of Ontario, January 31, 1820, and was at the time of his death, 82 years and 9 months old. He was the oldest Free Mason, in point of membership, if not of actual age, in Hawaii, his affiliation with the Craft having occurred about 52 years ago, in St. John's Lodge, in Cobourg, Ontario.

Mr. Ashford had resided here with his sons, V. V. and C. W. Ashford, since about 1888, during which time he was a conspicuous figure on our streets, until within a few weeks past, his tall figure, straight as an arrow and his patriarchial beard marking him out for notice among the crowd.

The last illness of the deceased was short but acute, not more than thirty hours of suffering having been assigned to him. The funeral ceremonies will occur at 3 p. m. today at the residence of his son, C. W. Ashford, on Beretania avenue.

A white-feathered, pink-eyed sparrow has been captured near Sheffield, England.

BOYD BEFORE WILCOX

The case of Superintendent of Public Works James H. Boyd, charged with the embezzlement of $1,650, was called in the Police Court this morning at an early stage of the court proceedings, Mr. Boyd was sitting behind the attorneys' table and seemed to be perfectly at ease.

High Sheriff Brown read the complaint in full, whereupon Judge A. S. Humphreys arose and stated to the Court that he appeared for Mr. Boyd.

"I am almost tempted to enter a demurrer to this complaint," remarked Judge Humphreys, "but as Your Honor has a very large calendar this morning we will waive that for the present and also waive examination.

"I will, in passing, observe that the fault in the complaint is that it does not charge that the amount in question was taken without the consent of the Territory."

Judge Wilcox then committed the case for trial to the Circuit Court.

CORREA NEARING 1000

JAPANESE CLUBMEN ENTERTAIN FRIENDS

The Waikiki home of John Ena, which was recently rented by a club of Japanese merchants of the city, was the scene of a big entertainment last night, the new tenants wishing to celebrate the establishment of themselves in their new home. There were in the neighborhood of fifty people present, among these being a very liberal spinkling of foreigners.

The house and grounds were very prettily decorated for the occasion. Running from the gate to the bath pavilion on the beach and then back to the house, were myriads of Japanese lanterns while in the house and on the lanais and porches were Japanese flags and red and white bunting. One of the most attractive features of the decorations was to be found on the hau tree covered lanai where a huge flag was draped overhead.

In the dining room were immense tables laden with all manner of eatables and while the guests were seated, a Hawaiian quintet club played native airs.

The Japanese who are to occupy the Ena place as a club house have not yet banded themselves into a club but they will take such steps very soon. Mr. Takageiro is at present acting as the caterer and is attending to all matters connected with the well being of the association of Japanese.

The bath pavilion referred to has just been built. It is furnished with steam pipes so that after the clubmen have finished with their sea bath, they may repair to the pavilion and there indulge in a steam bath.

ST. CLEMENT'S FAIR

The "Seven Ages of Woman" is a clever idea that will be worked out in the arrangement of booths and classification of articles to be sold in them, at the annual sale of the Woman's Guild of St. Clement's church to be held Saturday afternoon and evening, Novem ber 8. The seven ages are: The Infant, The Schoolgirl, The Sweetheart, The Bride, The Mother, and The Grandmother. The booth representing the infant age of woman will be decorated in delicate colors and will have on sale all sorts of baby taings; jackets, bootees, hoods, coverlets, rattles, and that sort of thing. In the Schoolgirl booth will be sold schoolbags, workbags, aprons and the many things a young girl is likely to need. The Sweetheart's booth will be decorated with hearts and flowers and that sort of thing and in it pretty girls will sell all sorts of feminie frills.

In the Mother's booth will be sold a great variety of useful things, such as a household recipe book, the contents of which will be recipes contributed by the ladies of the guild and their friends.

The Grandmother's booth will be presided over by Mrs. Robinson in cap and shawl, and will contain a great many articles which others beside grandmothers will want.

PRINCE TO MOLOKAI

One of the steamers of the I. I. S. N. Co. will leave for Maui and Molokai at 12 midnight Saturday for the purpose of conveying Prince Cupid and his party to places on Maui and Molokai. The Prince is given until Monday to return to the city and will use his own discretion as to where to go in order to accomplish the most good and make time. Molokai people, and particularly those at the leper settlement, have been clamoring for Prince Cupid and he does not wish to disappoint them, notwithstanding the fact that the great majority of the lepers will vote for the Republican candidate for Delegate, whether a visit is made to the place or not.

Included in the party to Maui and Molokai will be W. O. Smith, A. L. C. Atkinson, Judge W. L. Wilcox, Judge Archie Mahaulu, Kelekolio and others.

HOME FOR INCURABLES.

The report of the Home for Incurables for the first month shows a very satisfactory state of affairs. There were fifteen patients at the beginning of the month and there have been two additions. Three patients have been taken in and one has been discharged as cured. There were no deaths during the month. Of the number, there are — Hawaiians, and fourteen foreigners. Six of the cases are of tuberculosis and three of rheumatism, while the others are distributed over a series of diseases. The expenses of the month were $779.15.

REPUBLICAN SUCCESS

QUAY HAVING FIGHT IN PENNSYLVANIA DISTRICTS

ROOSEVELT'S SUCCESS WITH THE COAL STRIKE HAS HAD A GOOD EFFECT — IN OTHER STATES.

Chicago, Oct. 19.—Election forecasts received by the Record-Herald from New York, Pennsylvania, Ohio, Wisconsin, Minnesota, Indiana and Kentucky reveal a wide variance in the estimates of party managers, with the Republicans more confident as a result of the successful negotiations of President Roosevelt for a settlemeat of the coal strike. The reversal of feeling in favor of Republicans on this account is reported especially from New York, New Jersey, Maryland and all New England.

New York advices say it is again city against country. Van Wyck received 69,000 plurality in Greater New York. He was swamped by the 87,000 that Roosevelt got north of the Bronx. Again the Democrats are depending on the city vote. They say they will give such a majority for Coler that the rural vote for Odell will be lost in Manhattan alone. Some of these sanguine Democratic leaders are counting on 60,000 to 70,000 in Manhattan and the Bronx, and some of them put the greater city plurality of Coler at 85,000 and 100,000. Whatever it is, the Republicans must beat it up State. They say they can beat 90,000 in the city and elect Odell with 30,000 to spare.

In Pennsylvania Senator Quay has revised his figures, and instead of claiming Pennypacker's election by 250,000, is claiming it by 150,000. He will evidently be satisfied with any plurality that he can get. The settlement of the coal strike, of course, will help Pennypacker. The Democrats say that if the majority in Philadelphia can be kept down to 50,000 Pattison will win.

How great the struggle is may be gathered from the fact that the Democrats are claiming eleven Congressional districts. The Democrats have only three seats in Congress from Pennsylvania now.

The political situation in Ohio is considerably unsettled, with the Republicans growing more confident again, though still anxious. Chairman Dick said today: "We have the situation well under control, and our plurality will be 75,000 to 80,000. We shall return all our Congressmen with the possible exception of Huling in the Twelfth.

Although it is evident that the Democrats will make some gains in Wisconsin, the consensus of political opinion is that the Republican State ticket will be elected by a large plurality. Mayor Davis S. Rose, the Democratic nominee, started his campaign early, and he had been on the stump three weeks before Governor Lafollette got started.

Governor Lafollette is putting up one of the most remarkable campaigns that has been made anywhere in this country. He stands for the enactment of a primary election law and for the passage of bills to increase the taxes of the railroads of the State by $1,000,000. He has, without becoming personal, denounced members of his own party who opposed these measures. The return of Senator Spooner is involved in the contest, and both he and Senator Quarles are on the stump. They advise the voting of the entire Republican State ticket. The result probably will be that Governor Lafollette will be re-elected and that Senator Spooner will be returned to the United States Senate.

In Indiana the chairman of each State committee is claiming the State by a large majority at the approaching election. Conservative opinions agree that the result is in doubt; that the vote will be light, and that the majority will be small. Indications point to Republican control of the Senate and Democratic control of the House, but both parties are claiming a majority on a joint ballot and the consequent election of a United States Senator. While the Democrats expect to make a gain of five Congressmen, their claims do not appear to be justified except in the First, Fifth and Eighth Districts.

Minnesota may be placed in the Republican column by a majority of 40,000 for Governor Van Sant. The campaign is devoid of clear-cut issues. The shortcomings of each party, State and National, have been aired, but the only issue that has been raised in this State is that of the merger of the Northern Pacific, Great Northern and Burlington roads. Governor Van Sant raised this issue when he brought suit against J. J. Hill and the Northern Securities Company. His action has been so thoroughly commended that every Republican candidate for the Legislature has gone on record with him and against trusts.

The Democrats of Kentucky have notified the Congressional Committee at Washington that they will elect ten out of eleven Congressmen, conceding only the Eleventh District to the Republicans. This district has always been Republican by from 15,000 to 18,000 votes. Republican leaders say they will gain two Representatives in the Ninth and Tenth Districts.

Soufriere Eruption Spreads Disaster

Kingstown, St. Vincent, Oct. 18.—The eruption of the Soufriere volcano October 15th and 16th—the fourth terrific outburst since the catastrophe May 7—has plunged the colony into deeper distress than before existed, crippling its agricultural resources by further devastating the arrowroot fields and completely destroying wide areas of growing crops on lands which had been considered outside the volcanic zone. Of these lands thousands of young cocoa, coffee and other economic plants were buried under the almost impenetrable mass of sand which, while hot, fell in the Windward district on the morning of October 16.

Even the Mesopotamia valley, an ideal garden of tropical vegetation, although twelve miles from the volcano's crater, is burdened with sand, in some places six inches deep, and the lands to the eastward bordering upon the previously devastated area are covered to a depth of nine inches. Travel on all the roads in the Windward district—the only regular means of communication between Georgetown and this city—has been rendered extremely difficult.

IRISH VISITORS ARRIVE

Boston, Oct. 17.—On the steamship New England, which arrived from Queenstown and Liverpool today was John E. Redmond, M. P., chairman of the Irish Parliamentary party and president of the United Irish League; John Dillon, M. P. for East Mayo, and Michael Davitt. Their arrival has long been looked forward to by Irishmen, as they are to address the members of the United Irish League, which will hold its national convention in this city beginning Sunday night.

Mr. Redmond, in speaking of the present condition in Ireland and of matters relating to the United Irish League, said: "The United Irish League is the ruling power in Ireland today as truly as ever the Land League was. The Government played into our hands by the coercion policy and now the country is aroused. We are on the eve of the settlement of the Irish land question, and after that national self-government will speedily come to Ireland."

Redmond will be compelled to return to Ireland at once, as the condition of the fight between the league and the Government demands his presence. It is possible, however, that he may remain long enough to address the New York meeting in the Academy of Music Sunday, October 26, and the Philadelphia meeting the following night.

WANTS READING TEST

SARGENT REPORTS FOR IMMIGRATION BUREAU

OVER HALF A MILLION FOREIGNERS HAVE COME TO THE STATES — CHINESE EXCLUSION.

Washington, Oct. 18. — The annual report of the Commissioner of Immigration was made public today. It shows that of the 647,073 immigrants who arrived in the United States during the last fiscal year 466,369 were males and 182,374 females. Of the entire number of arrivals Italy supplied 178,375, an increase of 42,379 over 1901; Austria-Hungary, 171,989, an increase of 58,599, and Russia 107,347, an increase of 22,090. Most European countries showed an increase, but there was a falling off in the arrivals from Ireland amounting to 1,423, the total from that country being 29,138. The figures concerning Asiatic immigration show a decrease from China of 810, the total being 1,649, and an increase from Japan of 9,000, the total being 14,270, or 170 per cent. Of the entire number arriving 162,188 were unable to read or write, but 74,053 were under 14 years of age.

Commenting upon this circumstance Commissioner Sargent says: "It can be roughly estimated from the foregoing figures how valuable in admitting aliens would be a reading test, as that advocated during the recent session of Congress, which would not be applied to children under 15 and adults over 50."

Reference is made to the alien contract labor bill pending in the Senate, the Commissioner expressing the hope that it may pass during the next session. Mr. Sargent finds that the sanguine view expressed in the last annual report of the bureau as to the effect of the careful examination by the United States Marine Hospital surgeon upon the transport lines bringing diseased aliens to American ports has not been confirmed by the experience of the past year. He adds: "The increase of alien immigration has not been quite one-third over that of 1901, but the comparative increase of diseased aliens for the same period has been more than two to one. The same races which exhibited the largest number of diseased persons last year maintain their pre-eminence in this respect for the year under consideration.

Speaking of the re-enforcement of the Chinese exclusion laws Mr. Sargent says many obstacles have been encountered, and he thus enumerates some of them: "An additional year of experience in the enforcement of the Chinese exclusion laws has served to confirm the opinions expressed in the last annual report as to the gravity of the difficulties inherent in the character of the Mongolian race to be met and surmounted. It is but just to say that other causes supplement the steady resistance of the Chinese to the requirement both of the laws and of the treaty of 1894. The transportation lines whose financial interests are affected are large and of great importance, and in some cases exhibit a lack of sympathy with the administration of the law, which would find its proper expression only before the legislative branch of the Government.

"The chief obstructions, however, to the efficient indorsement of the law arise on the one hand from the unscrupulous character of some American citizens and others who find a large profit in smuggling Chinese of the excluded classes across our land boundaries, and, on the other, from the constant interference of those persons in our own country whose consciousness of their own exalted purposes in relation to the moral attainment of the Chinese appears to them ample justification sometimes for the disregard of the law, and often for the endeavor to have its provisions waived as unimportant in comparison with their own designs."

He recommends that authority be given for the appointment of agents to administer the Chinese exclusion laws, instead of leaving their enforcement to the Collectors of Customs, and also that competent special officers be stationed at Hongkong and Canton for the enforcement of the laws in China, instead of leaving that duty in the hands of the American Consuls in China. In many cases, he says, the identification of Chinese persons returning to the United States from China is left by the Consuls to their Chinese servants.

Sargent also expressed his conviction of the importance to an efficient administration of the laws, particularly those in relation to the exclusion of Chinese, of adopting the best available methods of securing such a physical record of every alien found inadmissible to the United States as will aid administrative officers in the identification of such alien should he seek access to this country after rejection. Such a record can be secured by the adoption of the Bertillon system.

THURSDAY.....OCTOBER 30, 1902.

Governor Dole would have made no mistake had he held his conference with the business men earlier in the game.

Few story-writers could give a more graphic description of a ship's struggles with a typhoon that the log-book author of the transport Sumner.

The coal strike is ended but Senator Matt Quay's strenuous struggle will not be finished till the 5th of November. Between union labor and his own party factions Quay is having one of the prettiest fights of his career.

Hearst has imported former Governor Budd and Mayor Schmidt to help in his fight for Congress. What he has done for labor is the issue of the Hearst campaign. This coupled with the attitude of his newspapers may well cause some of the old line Democrats to consider whether their party is not due to be swallowed up by the union labor movement which is making tremendous progress in the municipalities.

STRAIGHT TICKET DEMANDED.

Every intelligent Republican voter who has taken the least interest in the events of the past few days must realize that the political situation calls for steadfast unity throughout the Republican ranks on this island. The split ticket men who think they will fulfill their obligation to the party and the community by voting for "the best men," dividing their vote between the Republican candidates and their opponents can present no competent theory or practical excuse for any such action.

The success of the Republican legislative ticket on this island is threatened. There is no use in trying to evade the fact. The tide will be turned for or against the Republican party by the so-called independent voter whose theoretical ideas lead him to the belief that party integrity is a secondary consideration. If these theories are carried out there is no telling where the Republican party will land even in its Fourth District strongholds; if they give way to common sense, practical judgment and a strict party vote, the prospects for Republican control of the Legislature are so good as to be placed among the political certainties. A solid Republican vote for the straight Republican ticket is the only assurance of success, the only safeguard against a repetition of legislative incompetence of which this Territory has had enough.

After all the factional or personal issues that have arisen to complicate the campaign are sifted to the bottom, the first issue influencing the voter's mind should be competent legislative administration. He may not believe in parties, he may scorn party loyalty, he may refuse to be guided by party disciplinarians. But with due respect to personal independence, experience and a business-like review of the Territorial conditions will lead to the conclusion that the Republican party candidates represent the only stable quantity to be relied upon to carry out the vast amount of important work devolving upon the next Legislature. The next Legislature has not only to repair the damage done by the non-action of two years ago; it has to build for the future as well. That this may be done with satisfaction to the people, it is an absolute necessity that the legislative members shall represent progressive intelligence and be bound by party ties which are strong enough to prevent the lawmaking body becoming a chaotic aggregation, every man a leader and none willing to follow.

Prince Kuhio has made a strict party fight. There has been no strain of selfishness in his campaign. The legislative candidates have been ardently supported by him on all the islands. As the head of the ticket is certain of success, the Republican voters should allow nothing to stand in the way of a straight Republican ballot, from Delegate to Representative.

THREE LIVES SACRIFICED

(Continued from Page 1.)

negro had been under the directions of Jackson previous to the fire of this morning. In fact, he was at the fire and, in speaking to two or three young men, stated that Jackson had told him to go up to the Friel home some nights ago and see what his (Jackson's) wife was doing. He stated that he had gone up to the Friel home and had found Mrs. Jackson on the front veranda with her mother and some others. When Jackson learned this, he is said to have told "Rastus" there was a case coming off in the court and he wished him to testify that he had seen Mrs. Jackson out in the yard with a man. "Rastus" answered that he did not want to get into trouble and refused to do this. At this, Jackson is said to have given him $1 and said this was only a starter. There would be plenty more by and by.

The Coroner's jury viewed the bodies of the three victims this morning and will sit at 7:30 o'clock this evening. It is expected that at that time there will be evidence brought out that will give the police some clue to the cause of the fire.

It has been learned that had it not been for the attempt on the part of Mrs. Friel, her daughter Etta and Mrs. Jackson to rescue some of their belongings, they would not have been killed. It seems that they all rushed into the house together and went up to the second floor. Hardly had they arrived there when the steps fell away on account of the quick work of the flames and they were cut off from every avenue of escape. It was on realizing this that Mrs. Jackson jumped out of the window.

When the Deputy Sheriff and Officer Muleitner went to arrest Jackson this morning, they found that his shoes were all covered with mud and were very wet.

Nigel Jackson, suspected by the police of complicity at least in the fire at the Friel home this morning, was arrested at 5:30 a. m. by Deputy Sheriff Chillingworth and Bicycle Patrolman Muleitner. He was found at the place on Kuakini street where he has been living in company with a man by the name of Kreuter since the time of the trouble with his wife and the consequent filing of papers by Mrs. Jackson for an absolute divorce.

The arrest was thought necessary on account of the frequent rumors of late that Jackson had made threats against Mr. and Mrs. Friel whom he believed to be instrumental in causing the separation between himself and his wife. These threats are said to have been made directly to Mr. and Mrs. Friel as well as to outsiders. Hack Inspector Macy reported to High Sheriff Brown this forenoon that he was one of those to whom Jackson had mentioned the matter of getting even with the parents of his wife.

Macy states that while he was standing out in front of the police station yesterday afternoon, Jackson approached him and asked for the loan of $5, representing that if he did not get this money the case which he had instituted by way of annuling the divorce, could not be brought up. The money was necessary as a remainder of a retainer to his attorney.

After Macy had refused to advance the money, Jackson is reported by the Hack Inspector to have said he was perfectly sure that Mr. and Mrs. Friel were the ones who were trying to separate him from his wife. He had met his wife on the streets several times since the trouble and the conversation between them had been pleasant. However, on account of the influence of her mother and father, they were kept apart. He was sure that the old folks were the ones who were hatching up the trouble because they had no use for him. However, he would get even with them.

The report got abroad this morning shortly after the arrest of Jackson and his incarceration at the police station, that he had made an attempt at suicide by hanging himself with an improvised cord. This story does not find confirmation at the police station, High Sheriff Brown reporting that although he had heard something of the kind, he had made inquiries and found the rumor to be untrue.

At all events, the condition of Jackson and his former actions have caused the police to keep a sharp lookout in case anything might happen. Jackson is confined to one of the cells and a specially detailed officer is kept on watch outside the cell window. No one is allowed to talk to the prisoner. High Sheriff Brown stated to a Bulletin reporter this forenoon that he had had a talk with Jackson and had found him to be perfectly rational in his speech.

Jackson was down town last night. He was at the political meeting at the corner of Hotel and Bethel streets and those who saw him at that time state that he was never in a more rational mood. He talked about people with whom he had had differences but not once did he use threatening language.

The police have knowledge of the fact that after he had left the political meeting he went up to the Friel home to see his wife and remained there until 12 midnight. Jackson states that after that he returned home to his place on Kuakini street and went to bed. The police have also learned that Jackson returned to his lodgings previous to the alarm of fire being turned in.

WRIGHT AND CHAFFEE

VISITORS FROM PHILIPPINES IN TRANSPORT SUMNER

WRIGHT SAYS ISLANDS ARE ALL RIGHT — EVERYTHING IS RUNNING ALONG PEACEFULLY.

Among the passengers in the transport Sumner, which arrived from Manila this morning, is Vice Governor Luke E. Wright of the Philippines, who, during the absence of Governor Taft, acted as Governor of the group. Governor Wright has been in the Philippines for a period of about two years and a half and is now returning to the Mainland on a vacation of ninety days.

Shortly after the arrival of the transport the Governor was approached by a Bulletin reporter. Governor Wright is an exceedingly pleasant and courteous gentleman and readily consented to talk of Philippine affairs.

"But there is really so very little to say," said the Governor. "Things in the Philippines are now running along smoothly. Everything is being adjusted or rather has been adjusted, and things down there are running along in an ordinary manner, like in any other part of the world, and there is really very little of interest to say. The administration is working well and is successful. The Filipinos seem to be gradually taking to the American Government."

When asked what he thought of the future of the Philippines Governor Wright smiled. "That is an exceedingly large question you are asking me," he said. "One which it would take me a very long time to consider."

With regard to the expulsion of the friars, Governor Wright stated that he expected that this would take place in the near future. The Commissioners were unanimously of the opinion that this step would be a very advisable and beneficial one, and he expected that a delegate would soon arrive from Europe to adjust the matter of the lands owned by the friars, etc.

Governor Wright further stated that his present trip to the States was of an entirely unofficial nature, and that he would not submit any reports, or anything of a like nature.

"I am merely enjoying a vacation of about ninety days, and expect to go back to Manila at the expiration of that time."

EVANS TO BE IN COMMAND.

Washington, Oct. 18.—Rear Admiral Frederick Rodgers, commander in chief of the Asiatic squadron, will transfer command of the station to Admiral Evans during this month and will leave for San Francisco October 29th with a small squadron, consisting of those ships which have been at sea longest and are most in need of repair.

REPUBLICANS ARE ON OTHER SIDE OF OAHU

Prince Cupid and a party among whom are Judge Archie Mahaulu and A. L. C. Atkinson, started over the Pali at a little after 5 o'clock this morning for the purpose of making speeches in the Koolau districts in support of the Republican ticket. A telephone message received at the noon hour today is to the effect that the politicians are making great headway among the natives.

The party will go to Laie this afternoon and there hold a big meeting. Next they will make for Kahuku and take the train for Waialua where the big rally for the people down the road will be held tonight.

In order to accommodate the people who want to hear the Prince and candidates of the Republican party tonight, a special train will come up from Waianae, arriving at Waialua at about 7:30 o'clock. The people from the city will go down the road on the regular 5:10 train to Pearl City. At that place, the train will be made into a special and will convey the Honolulu people to Waialua, arriving at that place at 7:30 o'clock. The return train to the city will arrive here at about 2:30 o'clock tomorrow morning.

There will be a big meeting in Pauoa valley this eevning and at that time the orators of the party will endeavor to convert the Home Rulers who live there. This place has always been known as a Home Rule hotbed.

Yesterday Prince Cupid spent in going around among the men at the various large concerns of the city and speaking to them personally. They were very much pleased with this action on the part of the Prince and it is safe to say that he gained quite a number of votes by his work.

WYOMING TRIAL TRIP.

San Francisco, Oct. 22.—On her preliminary trial trip yesterday the United States monitor Wyoming developed a speed which far exceeds the best records ever made by vessels of her class in Uncle Sam's navy. A maximum speed of 14½ knots was attained, and an average of 12.37 knots was recorded. The record time was made under unfavorable weather conditions and it is stated that the monitor will improve on yesterday's performance when given a fair test.

The tests yesterday were held over the measured mile in San Pablo Bay near California City. The warship steamed back and forth over the course at top speed, while a board of naval officers watched the action of her engines and propellers.

BUDD HELPING HEARST.

New York, Oct. 19.—Former Governor James H. Budd, the California orator, reached New York today from San Francisco. He comes particularly to make a speech at the grand Democratic Congressional rally in Madison Squar Garden on the night of October 27. His particular interest is to tell the people of the work done by William Randolph Hearst in California, and he brings with him a great many letters and resolutions from labor unions and other public bodies testifying to the interest of the people of Mr. Hearst's former home in the New York canvass.

Vote for J. M. Camara, the people's candidate, for the Legislature.

TO THE ELECTORS OF THE ISLAND OF OAHU

GENTLEMEN:—

I am an INDEPENDENT candidate for elecction as Senator from this Island, and I respectfully solicit your votes and influence.

Being pledged to no party, and under obligation to no cliques or factions,—I will, if elected, endeavor to promote honest government, by honest officials.

I favor municipal government, but amply safeguarded against reckless, extravagant or dishonest administration.

It is my belief that the Government of this Territory should reflect less of politics, and more of business principles, than in the past and present. In the payment of fire claims, and the settlement of the Public Land question (in so far as our Legislature may contribute to such settlement), there is little room for politics.

The enactment of laws to provide for municipal government (to which all the political parties stand committed), should command the attention of legislators of experience, a fair proportion of whom should possess legal education,—and at least some of whom should have lived and practiced their profession under the practical operation of municipal charters.

If you believe me to possess these qualifications, I shall hope to receive your votes and support.

BATTLE WITH TYPHOON

TRANSPORT SUMNER HAS TERRIFIC EXPERIENCE

CAPT. LYNAM TELLS THE STORY IN HIS LOG-BOOK—DAMAGE DONE — THE PASSENGERS.

The United States Army transport Sumner arrived this morning early from Manila, via Kobe, Nagasaki and Yokohama and was moored at Naval wharf No. 1 at about 7:30 o'clock. The Sumner makes this voyage as a special trip to bring back to the Mainland Vice Governor of the Philippines Luke E. Wright and Major General Ada R. Chaffee, together with several members of General Chaffee's staff and a few other passengers and officers.

The Sumner left Manila October 2, Nagasaki October 9, and Yokohama October 15. She had only been one day out when a terrible typhoon struck the vessel, giving all on board a most terrible experience. Three of the houses on deck had their walls on the starboard side stove in by the lifeboats and the steam launch, which were torn from their beds by the insatiable fury of the storm, and smashed against the houses. Even the pilot house, highly elevated above the surface of the water as it is, bears marks of the storm. Numerous cabin doors were also smashed in. The damage done to the houses has been repaired during the voyage, but the marks left on the boats are yet in evidence. The master of the Sumner, Captain E. V. Lynam, in his private log gives a vivid description of the storm, extracts from which follow:

"October 17th—On the noon of October 16 the falling barometer led me to suspect that a typhoon was approaching from some southwesterly direction. During the afternoon the gale rapidly increased until its awful force became indescribable. No matter how vivid man's imagination may be, or how readily and easily he can command eloquent and expressive language, it would be utterly impossible for him to describe the awful tumult of which this ship formed the centerpiece last evening."

"From noon until 5:30 p. m. the wind increased in force with a constantly falling barometer. The wind blew with a force up till then that it did not seem possible anything could resist. Between 5:30 and 6 the barometer stood at 28.40, which was the lowest reading. For a few moments then we had very little wind, from southwest, with stars out overhead. Since noon the wind had slowly veered to above point, the sea was high, but up till 2 p. m. had been regular, only one sea running. After 2 o'clock we began to have sea from southeast, later from south, then from southwest at 6 o'clock. Our barometer commenced to go up, and I congratulated myself that we had seen the worst of the storm—false delusion. In a few moments the gale commenced anew with a force that outdid anything we had seen before. Between 7 and 8 the wind veered from southwest to westnorthest, and it does not seem possible that it ever blew harder.

"I wish I could describe the awful scene around the ship. A full moon prevented the pall which covered our world from being of inky hue. We could not see once the ship's length away in any direction. The sea rose in mounds of roaring, rushing water, which hurled themselves against the ship as though their only aim was her destruction. As the ship overcame each angry wave which charged upon her from unseen space beyond our world and went like raving furies in quest of other victims, hundreds rushed from those unnumbered ranks beat upon the same mission, to be as successfully overcome by the noble ship doing battle for herself and for those she carried.

"Between 7 and 8 the clouds became broken and stars sparkling like points of brilliant fire gleamed above the flying spray. Shortly the wild prismatic bank of cloud told us that a new and wonderful feature was soon to be added to the grand and awful picture. One of the most brilliant lunar rainbows I ever saw stood between us and the surface of the tempestuous ocean. Its beautiful arc stood twenty or thirty feet above the water, its points reaching the sea just outside the ship."

"During the ten hours between noon and 10 p. m. the wind veered from east to north via south. Our heaviest gale was from southwest to west, between 7 and 9 p. m. After the barometer had first commenced to rise at 6 o'clock during the lull in the gale it fell 3-100 as the gale commenced anew, but in a few moments it began to rise again and rose rapidly while the wind was blowing with greater force than I have ever before experienced. After 9 p. m. the wind died out and backed from north to west again, where it remained. At midnight I put the ship's head east on her course again. The day ended with strong west wind, high and confused sea and fine weather."

"During the worst of the gale a sea boarded the ship, striking on the starboard side, smashing No. 7 life-boat, throwing the steam launch out of her chocks, carrying away chain lashings, tearing beds out of the deck and throwing the launch on her beam ends afoul the side of Quartermaster Captain's quarters, in which Mrs. Chaffee had been lodged since she came on board. The launch was quite badly stove; so was the starboard quarter boat. The launch and the quarter boat can be repaired, but No. 7 lifeboat is past cure, as she is a metal boat. After noon of the 18th the wind died out and the confused sea became better. Later light breeze southeast, beautiful weather with a moonlight sea and happy people."

When the Sumner arrived in port and moored a salute was fired from the Naval Station in honor of the distinguished personages arriving. Shortly after Commandant Whiting and Captain Rodman of the local Naval Station, and Quartermaster Captain Williamson boarded the vessel to pay their respects to General Chaffee and Vice Governor Wright.

The list of passengers carried on the Sumner is as follows: Governor Luke E. Wright, Mrs. Wright, Major General Adna R. Chaffee, Mrs. Chaffee, Major J. L. Phillips (surgeon, U. S. A.), Mrs. Phillips and child, Major Wm. H. Arthur (surgeon, U. S. A.), Miss Nellie Sullivan (maid to Mrs. Chaffee), Miss Brock (nurse), Miss Weir (nurse), Captain J. R. Lindsey (Fifteenth U. S. Cavalry), Lieutenant R. B. Harper (Seventh U. S. Cavalry), Miss Moses (daughter of Commissioner Moses), nurse with Miss Moses, Judge James H. Blount, Mr. Fred. Reiskell (secretary to Gov. Wright), Major Lynch and wife, Mrs. Van Zandt and Mrs. Cooper (mother and daughter), Col Kerr and wife, Miss Kendall, Miss Dodge, Private Shanley (Gen. Chaffee's orderly), Col. A. H. Russel (Ordnance Department, U. S. A.), and Mrs. E. I. Brown, wife of Capt. Brown, U. S. A., left the vessel in Japan.

The Sumner will, while she is in this port, have some minor repairs to her engines attended to and will take on board about 500 tons of coal. She is expected to leave for San Francisco Saturday afternoon or Sunday morning.

CAUTION TO BUILDERS.

An important notice to prospective builders is published today by the Superintendent of Public Works. It would appear an impression has been prevalent that when an applicant for a building permit had paid his $5 fee into the Deputy Superintendent's office, he could go right ahead and build. This transaction only covers the examination of plans and before construction may lawfully begin the proprietor or contractor must receive a permit from the Superintendent of Public Works.

Mr. Cooper today received a letter from Walter E. Wall, Territorial Surveyor, complaining of the frequent practice of builders starting operations before obtaining the street lines and grades from the survey department.

DENIES CONSIDERATION.

Emmett May by his attorney, George A. Davis, has made answer to the complaint of Theo. F. Lansing. His plea is to the effect that the promissory note set out in the declaration was made in consideration that the plaintiff would transfer to the defendant all the insurance business of Gear, Lansing & Co., and that as Lansing did not do so but tried to secure such business for companies of which himself was agent, there was a failure of consideration or value for the note.

WHITTIER HOME BURNED.

Haverhill, Mass., Oct. 17.—The house in which John Greenleaf Whittier was born was badly damaged by fire today. The place is occupied by Mr. and Mrs. Era and is in charge of the Whittier Association, which keeps it in repair as a visiting place for sightseers.

Today a passer-by saw smoke coming from the house and before the fire could be extinguished the house had been almost destroyed. Mrs. Era saved many Whittier relics. The association will rebuild the house.

Graveyard Insurance Policy Frauds Exposed

New Orleans, Oct. 20.—Life insurance frauds of a sensational character have been discovered in the New Orleans district. The detectives of large Eastern companies believe they have clews to half a dozen of the boldest "graveyard" schemes ever devised. Attorney Macbride, general solicitor for the American Adjustment Company of New York, reached the city last night, the advance guard of a corps of secret workers. So far, six of the "graveyard" cases have been unearthed. Twenty-two fraudulent policies have been traced down. The companies paying risks have lost between $75,000 and $100,000. The full extent of the business is not yet known.

The scheme that has been worked in New Orleans and within a radius of 150 miles of this city is this: A man would apply for an agency of one of the best known of life insurance companies. He produced recommendations of an apparently satisfactory nature and he was appointed to do business for the company. At his suggestion, a physician is named as an examiner for the company, whose duty it is to pass upon all applicants for policies. The physician and the agent understand each other and the deal that is to be worked.

A graveyard case is run in. That is, a policy holder who will soon die. The physician passes him and he takes out a policy. As a matter of fact, the agent and doctor pay the premium and the principal is made payable to them or to some interested friends. In a few months the policy holder dies and a proper death certificate is sent to the company and the policy paid.

Senator Morgan Thinks Nicaragua Best Route

Baltimore, Md., Oct. 8.—In an interview here Senator Morgan of Alabama said: "I do not see that the Democrats have anything to gain by controlling the next House of Representatives. I do not believe the Democrats of this country want to constitute themselves as a clog to legislation, but that result would naturally follow. With the two branches of opposite political faith the Government would be seriously embarrassed. There is nothing to gain with a condition of this kind. It would not be any advantage to any one."

Asked what he thought of the prospects for the construction of an American canal, Senator Morgan said: "I have always felt confident that when the whole matter has been gone over the Nicaragua route will be accepted as the only practical location. The money has been appropriated, and I do not believe any combination of men or scoundrels will be able to prevent it and cause the money to be covered back into the Treasury.

"Mr. McKinley, with the wisest policy which was ever exhibited by any President, was a firm friend of the plan, and Mr. Roosevelt, who is unmistakably sincere and honest, is carrying out his policy.

"Recent railway developments indicate that J. P. Morgan and other great financiers have accepted the fact that the isthmus canal must be constructed."

Bertillon System In Chinese Exclusion

Washington, D. C. Oct. 19.—Secretary Shaw, in his forthcoming annual report, will recommend that the Bertillon system of measurement be applied to the Chinese in executing the exclusion act. This recommendation is made by Commissioner General Sargent in his report to Secretary Shaw, but it was learned today that the recommendation was made at the Secretary's request, and that he will follow it up by direct appeal to the President and Congress.

The Secretary bases his argument on the fact that frauds are constantly practiced by the Chinese in entering or re-entering this country, and that it is impossible to prevent mistakes in identity under the methods now in use. By the use of the Bertillon system every Chinese in this country and every one leaving with the intention of returning will be accurately measured, so that frauds in identity will be impossible. Copies of each Chinese person's measurements will be sent to each port of entry.

Assistant Secretary Taylor and the Immigration Bureau believe the adoption of this method of identification will render the Chinese exclusion laws practically perfect.

Wilhelmina's Husband Will Be a Farmer

Paris, Oct. 18.—It is probable that the young Queen of Holland will no longer excite the pity of the world. We shall no more hear her called "Poor Little Queen." The Prince Consort of Holland is now a reformed character. His future conduct is going to be touchingly idyllic. In fact, he is going to be a farmer. Queen Wilhelmina will have a model husband, living on a model farm. The following official announcement is made:

"Henceforward Prince Henry will manage the domain of Loo. He has already bought a large number of cattle, and his agents are at this moment engaged through the provinces of Friesland and Groningue, buying cows of the leading breeds. The products of the farm will be mainly milk and butter, which are already greatly appreciated, and no doubt the custom will go on increasing."

The conversion of Prince Henry is truly edifying. Of course royal heads and leaders of nations have done this before. The Carlovingian Kings of France were farmers in time of peace. The proud Marie Antoinette milked cows on the lawn of the Petit Trianon at Versailles. We all know that when Cincinnatus returned from a brilliant campaign he immediately resumed his place at the plow, but what is a novelty and indeed a sign of the times, is the hope that "the custom will go on increasing," for history never told us that Marie Antoinette sold her milk and Cincinnatus his corn.

Clearing Card Sharps From Parisian Dives

Paris, Oct. 8.—The prefecture of police declares that he succeeded in thoroughly cleaning out a gang of English and American polished turf crooks that have made racing scandalous for the past two seasons. It is believed that Reiff may take his expulsion to the courts in an effort to overrule the Jockey Club's decree.

The American horsemen are shocked to learn that Reiff was not riding squarely as they believed his brother's fate was an example to him.

The result of the police activity is that the hotels and American bars in Paris are no longer infested with a gang of touts, card sharps and confidence men.

An aftermath of the scandal is the news that Bismarck Korn's wife has been granted a divorce. She alleged in court that although she married him under the name of Korn, nevertheless she is convinced that this is not his real name. Most of the exiles have gone to London or the Riviera.

Celebrate Anniversary Washington's Initiation

Philadelphia, Oct. 18.—Invitations have been issued for the celebration by the Grand Lodge of Pennsylvania of the susuicentennial anniversary of the initiation of General George Washington into the Masonic fraternity, an event which took place in the lodge at Fredericksburg, Va., on November 14, 1772. The celebration will be held in the Masonic Temple in this city on November 5.

President Roosevelt, who is a member of Oyster Bay Lodge, is expected to make an address. General Stewart L. Woodford, former Minister to Spain, will deliver an oration on "Washington as a Citizen'," and James M. Lamberton of Harrisburg, Pa., on "Washington as a Free Mason." Greetings will be received from visiting grand masters.

Berlin, Oct. 18.—There has been an unprecedented demand for monocles here since the officers have learned that the Kaiser has had a glass. His Majesty's monocle was first discovered this week while he was sitting at table on his special train en route to visit the Prince Vondhona.

When the train stopped at a station observers saw the Kaiser reading a paper with a monocle in his right eye. The Kaiser was never before known to wear a glass. He is far sighted in his right eye.

The monocle is becoming the rage among the officers who always slavishly imitate the Emperor.

FOOTBALL SCORES

San Francisco, Oct. 19. — A thousand joy-crazed college men, with arms locked, four abreast, went deliriously reeling in a rollicking, noisy, jubilant serpentine procession over the Berkeley gridiron field late yesterday afternoon, wildly exulting because California's freshmen had just defeated Stanford by a score of 12 to 0.

Three thousand spectators lingered upon the commanding grand stands and on the hillside slopes beyond the fence silently watching the antics of the California undergraduates until the formation developed into a spectacular lockstep parade with men in single file their hands on each other's shoulders, singing and plodding around the outer bounds of the white-marked battlefield, amid the applause of the onlookers, while the 'varsity band headed the line. It was all the spontaneous outburst of satisfied partisans who had seen their superbly superior team win a decisive victory after three consecutive years of California freshmen defeats by first-year elevens from Palo Alto.

New Haven, Conn., Oct. 18.—Yale defeated the Pennsylvania State College eleven today at football by the score of 11 to 0. The game was the hardest that Yale has been called upon to play so far this season.

West Point, N. Y., Oct. 18.—Five thousand spectators witnessed the Military Academy football team score against the strong Harvard eleven in a fiercely contested battle here today. The game was an exciting one from start to finish, resulting in a score of 14 to 6 in favor of Harvard. Early in the first half Harvard succeeded in advancing the ball within twenty yards of West Point's goal line, from which they made steady gains, until Jones was forced over for a touchdown, Barnard kicked an easy goal.

Philadelphia, Oct. 18.—The University of Pennsylvania football eleven was defeated on Franklin field today by Brown University, 15 to 6, in halves of twenty-five and twenty minutes each. Brown scored two touchdowns and kicked a field goal, while Pennsylvania scored one touchdown.

Princeton, N. J., Oct. 18.—Princeton's football team defeated Washington and Jefferson here today by 23 to 5. Hard, straight football characterized the game throughout.

New York, Oct. 18.—Columbia's football team trounced the Hamilton College eleven here today by a score of 35 to 0. The game was noteworthy for several spectacular plays, two of which were made by Harold Weekes.

Ithaca, N. Y., Oct. 18.—The Cornell football eleven was defeated on Percy field by the Carlisle Indians today. The score was 10 to 6, and all of the scoring was done in the first half.

Chicago, Oct. 18.—Northwestern 0, Chicago 12.

Milwaukee, Oct. 18.—Wisconsin 52, Beloit 0.

Annapolis, Md., Oct. 18. — Naval Academy 5, Lehigh 5.

Champaign, Ill., Oct. 18.—University of Illinois 29, Purdue 5.

Minneapolis, Oct. 18.—Minnesota 0, Nebraska 6.

HANLON THE VICTOR

San Francisco, Oct. 22.—Game Dennis McFadden more than met his match last night at the Reliance Club, Oakland, in bright-faced Eddie Hanlon, the latest and perhaps the best bantam San Francisco has produced. The end came in the sixth round. It was not a sudden termination, nor was the result unlooked for in exactly the way it happened after the opening round, as Hanlon was the master at every stage in the proceedings. Eddie systematically wore McFadden down, and when the vide came in his favor with a rush he was a relentless foe. A good left to the jaw in the early part of the round saw the beginning of the end, as it staggered the "Kid." A moment later another left in the same place dropped him to the floor. When he arose Hanlon was right after him, and twice again did the "Kid" go down and take the count. When he regained his feet for the third time Hanlon saw victory in his grasp. He gave no chance for the distressed fighter to recuperate, but waded in to put on the finishing touches. Blows to the jaw were mainly responsible for the weakening process, but when McFadden let his guard fall as he staggered to his feet a terrific right in the stomach finished him.

Just as Referee Eddie Smith counted "ten" Dennis made a mighty effort and once more stood erect, but he was too late. He pretended to be full of fight and made a protest at being called out, but his pretense misled no one, for he had received the worst beating of his career.

Pretoria, Oct. 18.—After having worn out ninety-eight pairs of shoes, Schilling, the profesional pedestrian, has just reached here from Bloemfontein, where he was received with great plaudits. He has still another 7000 miles to walk within twelve months. From here he goes to Cairo. Schilling says he expects ao go to New York next year and travel on foot thence to San Francisco.

CALIFORNIA MASONS

San Francisco, Oct. 18. — The California Grand Lodge of Free Masons opened its fourth day of the annual communication yesterday morning, disposed of the remaining reports, enacted some changes in the laws, elected officers for the ensuing year, had appointive officers named and standing committees appointed by the new grand master, had its officers installed, with all the ceremony and rites of the order, and adjourned for one year amid the hearty congratulations of the fraternity upon closing the most successful and harmonious session in the history of the order. The election occupied nearly the entire day, though the only office for which there was some competition was grand junior warden, always regarded as the stepping stone to the highest position within the jurisdiction. Motley H. Flint, past master of East Gate Lodge, No. 290, Los Angeles, was elected grand junior warden. The officers elected are as follows:

Grand master, Orrin S. Henderson, Stockton; deputy grand master, Chas. W. Nutting, Etna Mills; grand senior warden, George W. Hunter, Eureka; grand junior warden Motley H. Flint, Los Angeles; grand treasurer, Edward Coleman; grand secretary, George Johnson; grand lecturer, William H. Edwards; grand chaplain, Eugene W. Stoddard, Martinez; grand orator, Edward H. Hart, Berkeley; assistant grand secretary, Harry S. Johnson; grand marshal, William Kettner, Visalia; grand Bible bearer, J. D. Pillsbury, Traver; grand sword bearer, John P. Greeley, Santa Ana; grand standard bearer, T. J. Milliken, Sacramento; grand senior deacon, Samuel Prager, Los Angeles; grand junior deacon, A. W. Davidson, Stockton; grand senior steward, R. E. Hartley; grand junior steward, S. A. Clark; grand pursuivant, Delos W. Smythe, San Jose; grand organist, Samuel D. Mayer; grand tyler, George P. Adams.

A VOICE TO THE PUBLIC.

To our Friends, Relatives and the Public in General of the Territory; Hearken Unto These:

For a few days past a petition has been circulated amongst us lepers by Ambrose K. Hutchinson and associates for our signature. Bear in mind fellow citizens, this man Kanaealii (Ambrose) is the same man who made vile utterances at the time a meeting was being held at Beretania Hall for the consideration of the leper question or (Leper Bill) of Delegate Wilcox and these utterances are "I want to see all of you my fellow unfortunates here ruled with an iron hand." At the time of these utterances he was on the verge of being torn in pieces, but fortunate he was, the guardians of the peace were there, which if they had not been there the lepers would have enforced their rage. This petition will be presented to you, no doubt, quoting as a result that you are entirely in harmony with Wilcox's plea that we ought to be taken under the Federal Government.

Through ignorance and misrepresentation some of our unfortunates have been made to sign and what seems most absurd is the fact that kokuas or helpers are also being urged to sign in order to increase the list; but these same kokuas have not the least right to express any feeling pro or con as to what is or what is not good for us (lepers). The total number of lepers and kokuas are a trifle over 1000; therefore judge for yourselves which of these two figures are correct, the 750 who signed the petition to the U. S. Commissioners or the 300 and odd now sent you on this dastary bill of Wilcox.

Bear in mind that on the first petition the signers are all lepers; but the subsequent one now sent you is signed by lepers as well as kokuas.

We therefore appeal to you, our friends, relatives and benefactors, who have yet some spark of love for us your unfortunates here suffering all the hardships and privations enforced on us by law and love of fellow man; we urge you all not to vote for Wilcox who has a selfish heart. When he arrived here he said, "I want to turn you over to the Federal Government so as to save the $100,000 that is now being given for your support, and maintenance; and further that if that fact is accomplished why the United States will buy Molokai outright for $10,000,000 which would benefit you all; (the community at large) because of that large amount of money."

It is to you (Public) to judge and think of this whether in it lies love or selfishness man toward man. I say "No." You are all aware that we are being constantly talked about and for no other reason than greed of money; for the benefit of the general public. Are you then fellow beings so wrapt up in the greed of money as to neglect your duties toward us your fellow beings separated from you for the purpose of sanitation that Hawaii may be benefited. We believe "No."

We cannot believe that a day is approaching when your love for us, your unfortunates, will cease; never, never! We therefore plead that if that day is to be nigh wherein you the public sees fit to shun and neglect us, then it becomes our duty to ask you that when that day does come, you will take up arms and kill us outright; that we may not see that day of misery come upon us; and further that we may not pass over to the mailhini and be supported by him.

This is our plea, our cry and prayer to you the public, that you use all lawful ways and means whereby that the name of Wilcox be erased from the ballots. Vote not for him, who sold us as was the Lord; but vote for Kalanianaole who has said that he does not want to give us over to a stranger to maintain. And let it appear to all that he, Kalanianaole, will tread down Wilcox and his infamous schemes whereby we will be left free and safe as formerly. We are,

BERETANIAS WIN OUT

CUNHA AND ELSTON NOW CHAMPIONS IN DOUBLES

PACIFIC MEN NOT IN GOOD FORM AND COULD DO NOTHING WITH THEIR OPPONENTS.

There was a very large attendance at the tennis match on the courts of the Pacific Tennis Club yesterday afternoon when the champions of the recent tournament in doubles fought against Dillingham and Roth, the champions of the last tournament.

The Pacific Tennis Club men—Dillingham and Roth—could not stand up against Cunha and Elston on account of a lack of practice. The latter were in the very best condition on account of constant work on the courts and when they finished the three sets, were apparently as fresh as when they first started in.

The result was never in doubt for one minute after the first two or three games. Dillingham and Roth fought gallantly but their opponents were too many for them. The first set went to the Beretania men by a score of 6—2.

In the second set, the Pacific men took a brace and played for all they were worth to make up the advantage that had been gained by their opponents. They did so well that they climbed up to 5-all and then the Beretania men got in and took the next two games, winning this second set by a score of 7—5.

In the third set is was seen very plainly that Roth was tired out. He could not stand the swift play and the Pacific men were doomed. The Beretanias got in and won out easily by a score of 6—2, so that Cunha and Elston are now holders of the silver cups that go to the winners of the invitation doubles tournament.

It will be remembered that a few days ago, Elston succeeded in wresting the laurels in singles from Frank Atherton so that he for one has gained two big victories. The championship in singles and doubles has therefore been transferred from the Pacific to the Beretania Tennis Club and some very hard work will have to be done by the scarlet and navy blue men to win back the honors.

CORONER'S JURY.

The Coroner's inquest over the death of Iso, the Japanese boy who was shot at Iwilei this morning began its sitting at 1:30 this afternoon. The jury consists of the following: C. B. Gray, R. Ivers, J. W. Doyle, K. R. G. Wallace, F. E. Richardson and W. Lucas.

Two Porto Ricans, Antonio Rosiole and Frederick Carpa, are at present being held for investigation by the police as it is thought that they have some knowledge as to the identity of the man who committed the crime.

REPORT DOING DAMAGE.

At about 11:15 o'clock this forenoon, Chairman Crabbe of the Central Committee received the following telegram from J. Castle Ridgway of Hilo:

"Report received here that Boyd has been removed without cause. Report doing the party great damage. Answer by 1 o'clock."

Chairman Crabbe has sent a reply to Mr. Ridgway.

WRIGHT IN QUARANTINE.

San Francisco, Oct. 22.—It is now positively known that William H. Wright, the absconding Honolulu Treasurer, fled from the island city on the steamer Alameda. Upon the arrival of the Alameda here yesterday the steamship officers stated that a man who has proven to be Wright came up on that vessel on her previous trip.

Wright boarded the steamer at Honolulu a few moments before sailing time. He was clean shaven and gave the name of William Harrison. He paid for a first class ticket and during the voyage remained in his room, feigning illness. Because of his hurried departure Wright had no certificate of health from the quarantine official of Honolulu. Upon his arrival here he was detained three days in quarantine at Angel Island by Dr. Cumming.—Examiner.

"What is hard coal worth this morning?"

"Our price this morning is $13.47½ a ton."

"Why don't you make it even figures?"

"Well, we couldn't agree about it, so each one of us wrote down what he thought it ought to be and we added the estimates up and divided the sum by the number representing the members of the firm."—Chicago Tribune.

OUT FOR HOME RULE

It is understood that the Democrats have decided to come out for the Home Rule ticket in toto and to cast aside any candidates they may have, such as H. A. Juen and Gardner K. Wilder. They are looking for a complete victory for the Home Rule party since the developments in the Public Works Office, and they do not wish in any way to stand against Wilcox and the ticket of the Home Rulers. They feel that they have been given representation on the ticket of the Home Rulrs and ar satisfied. It is understood that this action was taken a a meeting held since the developments of yesterday.

HUSTACE LAND SALE.

The auction sale of certain lands belonging to Frank Hustace, which was to have taken place at the police station this noon, was postponed until Monday on a request by the attorneys for plaintiffs. The lands are to be sold under an execution issued by Judge A. F. Humphreys at chambers in the case of H. R. Hitchcock and others vs. Frank Hustace and others.

YOUNG CORBETT'S CHALLENGE

Chicago, Oct. 21.—In regard to Young Corbett's challenge to Jimmy Britt, Joe Humphreys, who is looking after the interests of Terry McGovern during his stay in Chicago, said tonight:

"If Britt will make 128 pounds, ringside, Terry will guarantee to stop him in eight rounds, and if Corbett will make this same weight Terry will guarantee to stop him in ten. If Britt is unwilling to make the match, Terry will match Eddie Cain against him at any weight from 135 to 138, and beat him in fifteen rounds or forfeit the purse."

Johnny Regan, who is under Humphreys' management, is to be matched with Harry Forbes for the bantam championship. Mr. Humphreys states that he will post $1000 with the sporting editor of the Chicago American as a guarantee of good faith. The weight is to be 115 pounds, the bantam limit.

Regan also wishes to challenge the winner of the Eddie Hanlon-McFadden fight for a battle in 'Frisco, where he will go in company with the McGovern party, but would prefer to get a fight with Abe Attell at 115 to 122 pounds.

The Y. W. C. A. rooms in the Boston block will be thrown open at 8 o'clock this evening for the celebration of Hallowe'en. Men as well as women will be welcome and every member of the association is entitled to bring any number of friends she may choose. The affair will be informal. Mrs. Mays is in charge of the arrangements.

"No, indeed," said the cranky passenger agent to the bride and groom, "Our company does not prohibit kissing on the platforms, and, besides, I would call your attention to the fact that we have more and longer tunnels than any other railway in the world."—Baltimore American.
