MAYOR FERN

## HONOLULU'S FIRST MAYOR INAUGURATED;

## FERN MAY APPEAL TO COURTS

### INAUGURAL OF MAYOR FERN

Following is Mayor Fern's inaugural address:

Fellow Citizens:—The City of Honolulu, as a municipal organization, has just come into existence. I am sure it is the wish of every one of you, and of every citizen and resident, that the new government shall be honestly, effectively and economically administered. I promise you that I shall do everything in my power to make of City and County government a success.

I believe that those who have been elected with me—the Supervisors, the City and County Sheriff, the City and County Treasurer, the City and County Clerk, the City and County Attorney, the City and County Auditor, and the Deputy Sheriffs of the various districts—all wish as I do, each to do his duty and to work together for the best interests of the whole people. I believe that if we all have this purpose we can work together in harmony and give a good city government.

It is true that the Municipal Act is not clear in all of its provisions, and that differences of opinion may arise as to what the law directs and what it requires. Some such differences have already arisen. But many of these differences can be harmonized by frank and honest discussion between those who differ, and where they can not be, it is the duty of the courts to decide what the law is; and when the courts have decided it will be the duty of all of us to accept the law thus declared and to carry it out. I promise myself that I shall do this cheerfully.

In this matter we have the experience of the County Act and the County

government under it. We know that questions arose under that act. Some of them the courts decided. And we know that in spite of these questions and differences and the law suits that arose, county government has been on the whole, satisfactory throughout the Territory. At any rate, the people of Hawaii would not now be willing to give up local self-government.

**City Government an Advance.**

City and County government, which we now begin, is a still further advance in local self-government. If it is to reach its highest success the people of the City and County must take an active and intelligent interest in it. If they do it will greatly help me as Mayor and will greatly help every other City and County official. But more than this, it will hasten the time when full city powers will be given to the city government, and this shall be a city in the real sense in which that term is generally understood on the mainland. The time must come when the City and County must control matters that are essentially city and county matters such as water works, sanitary matters, and sewers, and must control its own sources of revenue.

The importance of this will grow as this City and County become more and more a fortified and garrisoned Army and Navy post, and the need of co-operation in many matters, such for instance as roads, police, and health matters, becomes more essential and necessary. For co-operation between two authorities is much easier than among three, which will be necessary if the present system of Territorial

### All-Hawaiians Meet Today For Practice

Promptly at 5 o'clock this afternoon, Captain Fernandez and his All-Hawaiian baseball team, which is to meet Mike Fisher's All-American aggregation, will gather at the league grounds for the first practice. With less than a month intervening before the arrival of the All-Americans, advantage will have to be taken of every practice day, in order to get the local team into any kind of shape for the great contest.

Today's practice will serve to limber up the players and get them ready for the arduous course of

sprouts through which they will have to go, in order to be in shape to contest on anything like equal terms, the victorious march of the Fisher bunch.

There will be little recreation other than baseball during the next month for those who are to defend the honor of Hawaii on the diamond. Every spare minute must be given up to practice, and not a day will be allowed to pass without something having been done toward getting the team into shape for the great struggle. It is the plan to have a practice

### Military Road at Waikiki

That the United States Army Engineers propose to get busy on building military roads in the Waikiki district and to start with the proposed improvements on the property condemned on the beach, is shown by the following letter from Major Winslow, which was presented to the Board of Supervisors at its meeting this forenoon:

The Board of Supervisors, County of Oahu, Etc.

For the purpose of operating thereon a railroad in connection with military affairs, the United States desires to acquire a right of way over a highway known as the Saratoga road, the same being a highway connecting two other highways, one known as Kalia road and one known as Kalakaua avenue; also a right of way from the junction of Kalakaua avenue with Saratoga road, to the tracks of the H. R. T. & L. Co. While, perhaps, strictly in accordance with law, it would not be necessary to secure from your body this right of way, yet we do not desire to seek to acquire any rights without a previous consultation and conference with you. The Territory has agreed to make the necessary relinquishment of all of its rights, and the Secretary of War will unquestionably have the President of the United States make the necessary proclamation in accordance with the Organic Act. Nevertheless, we desire your concurrence in our action.

The United States is contemplating certain improvements in the vicinity of Waikiki, improvements which will necessitate the hauling of a very considerable amount of material to the proposed fortification site; it will be a very great convenience to the United States, for the hauling of this material, should there be a railroad

### MOANA DANCE TONIGHT FOR U.S.A.T. SHERIDAN

There will be a dance tonight at the Moana Hotel in honor of the transport Sheridan, which is expected in some time this afternoon from the Philippines. All friends of the Army, and guests and friends of the Moana hotel are cordially invited.

There will be good music all the evening, and a very good time is in store for everybody. If the Sheridan does not get in before night, the dance will be postponed till the evening of her arrival.

### Retiring Board Kills Fern's Appointments

RESOLUTION PASSED DOING AWAY WITH ALL OFFICES AND POSITIONS WHICH HAVE NOT BEEN EXPRESSLY CREATED BY THE COUNTY ACT OR BY ORDINANCE

Be It Resolved, That every and all Boards, Committees, Commissions, Offices, Positions, and Employments heretofore created by the Board of Supervisors of the County of Oahu, whether by motion, vote, order, resolution, or otherwise, except the same be created by ordinance, and now existing, be declared and the same are hereby abolished; and all motions, votes, orders, resolutions, rules, and regulations creating or tending to create such Boards, Committees, Commissions, Offices, Positions, and Employments be and the same are hereby repealed; and the rules and regulations heretofore adopted by this Board and now in force be and the same are hereby repealed.

The passing of the above resolution was the most significant act of the old Board of Supervisors at its meeting this forenoon. By abolishing all the present minor offices, all the appointments to fill such offices, by Fern are thrown out, there being now no offices for Fern to make appointments for.

**Harvey Objects**

"I don't see the necessity of this resolution," said Harvey, when it had been read.

"There is going to be a complete change this noon," explained Harvey.

**Board's Last Meeting**

The last meeting of the Board of Supervisors under the County of Oahu took place this forenoon at 10 o'clock, Chairman Hustace presiding.

### Fern May Appeal To Courts

"I certainly hold that I was right in my ruling that no business, other than that of the approval of the bonds of the officers, could be taken up at this meeting," said Mayor Fern when seen immediately after the adjournment of the meeting this afternoon.

"It is my contention, and I feel sure that I am right, that

the meeting was a special meeting called for the express purpose of considering these bonds, and that all the other business, which was taken up at this meeting, was illegal for that reason.

"I shall take up with my attorney the question as to whether I shall take this matter to the courts. I cannot say what my course will be before I have seen him, but I shall certainly consider the advisability of taking the matter to the courts."

**TRANSPORT DANCE AT SEASIDE HOTEL**

There will be given a dance to General J. F. Weston and the officers of the transport Sheridan, if she arrives in port this afternoon. The guests of the several hotels and the Seaside hotel, are cordially invited to attend.

### City and County Goes Into Effect

REPUBLICAN SUPERVISORS AND MAYOR FERN CLASH IMMEDIATELY, AND THE LATTER IS PRESSED TO THEIR BIDDING — CITY AND COUNTY GOVERNMENT INDUCED AUSPICIOUSLY

At noon today the County of Oahu ceased to be.

At noon today the City and County of Honolulu came into existence.

The band played, the County offices were crowded with spectators, officials and citizens, and with speeches and other police exercises the change of government was ushered in.

The formal inauguration was, however, only the lull which precedes the storm, and a few minutes after the inaugural address of the Mayor, advising harmony and expressing general good will, had been read, the Democratic Mayor and his sole supporter on the Board, McClellan, were in the midst of a warm contest with the Republican majority of the Board.

The passing of the new rules, prepared by the Republicans, and giving the majority of the Board the appointment of the committees, was the bone of contention. The Democrats wanted to proceed under the old rules, whereupon the Mayor would appoint the committees, while the Republicans wanted to pass new rules today, before the Mayor could announce his committees. In this matter the way had been prepared for them by the old Board, which during the forenoon meeting had abolished all its rules, offices, etc., which had not been fixed by law.

The scrap started from the moment when Fern announced that there would be no meeting until tomorrow night. The Republicans called for a special meeting.

Fern said that a special meeting (Continued on Page 2)

(Continued from Page 1)  
could only be called on notice in writing, and stating expressly the business for the meeting, and for a moment he held the whiphand. However, the Republicans were strenuous, and, to the surprise of all the Democrats present, Fern proceeded with the meeting, although he could have declared that it was not legal. Probably he did not realize the advantage which he held. After the meeting had proceeded a little further, it was discovered that McClellan's credentials were not in order, and immediately the Republicans had an added advantage over the Mayor, as he had no one in the Board who could put his motions.

**Hustace's Farewell Address**  
At 11:55 a. m. Hustace called the meeting of the old Board of Supervisors to order again. He said: "Again I wish to thank the members of the Board, the heads of departments, and all the employes for their good work. I think that we have made a success of County government, although it dies today, to be succeeded by a new form of government. Gentlemen, the Board of Supervisors of the County of Oahu has adjourned sine die."

At this point the band, which during the forenoon had been stationed in the hallway downstairs, played the "Star Spangled Banner."

**Fern Is Introduced**  
Promptly at noon the new Supervisors were in their seats, and Mayor Fern was escorted to his place at the head of the table by Hustace, who made the following speech: "As retiring chairman of the Board of Supervisors and at the beginning of the new government, I want to say about the old form of government that it has been a government by the people, which has held meetings four times a month, and which has attended promptly to the wants of the people, and not like the Territorial form of government, which makes the people wait for a couple of years if anything happens to have been forgotten by the Legislature. I want to say that County government has been a success, and I am proud to say that I have contributed toward making it a success. We have now taken one step further forward, and now we have City and County government. We should do all we can, every one of us, toward making this new government a success, and my advice to the members of the incoming Board is that they take their coats off and work for the best interests of the people. Gentlemen, I take pleasure in introducing to you J. J. Fern, Mayor of the City and County of Honolulu."

**Fern Makes Address**  
Fern arose and read his inauguration speech, which appears elsewhere in this issue.

Fern thereupon called attention to the fact that the first regular meeting of the Board would take place tomorrow. The rules of the old Board made the meeting hour 7:30 o'clock. The members of the Board had not expressed any desire for having a meeting at any other time, and he therefore announced that the first meeting would take place tomorrow at 7:30 p. m.

**Quinn Wants Meeting Instantly**  
"I think that as we are here," said Quinn, "we might as well organize. As I understand it, there are no officers now, and the officers should qualify. We are ready to proceed to organize in order to save time, and I would ask you to call the Board to order for that purpose. I make that motion."

"The law says that a motion for a special meeting shall be put in writing," said McClellan.

Aylett asked what the Sheriff and other officers should do until they had qualified. He thought organization should be perfected, as otherwise the officers had no authority to act.

McClellan moved to call a special meeting and to put in writing that it was called merely for the purpose of approving the bonds of the officers.

"There is a motion before the house," said Aylett.

"There is no house," said McClellan. "I make my suggestion a motion."

Cox read the Municipal Act to show that if no action was taken there would be no officers until tomorrow night. "It is only fair and square that we proceed," he added.

The motion that organization be proceeded with was put and carried, only McClellan voting in the negative. The roll was then called, and the certificates of election of the members handed in.

"I hereby call a meeting to be held at once for the purpose of approving bonds," announced Fern, reading from a written motion filed with him.

"We can't approve the bonds until we take our oaths of office," said Cox.

"I suggest," said Quinn, "that we organize, but first we must have rules."

Quinn was informed that the oaths must be taken first, and stated that he had not been aware that this had not been done yet.

The Clerk announced that the oaths were in proper form. The same was the case with the bonds.

Attention was called to the fact

that McClellan's was not yet in proper form.

**Republicans Produce Rules**  
Quinn moved to adopt certain rules which he produced. Aylett seconded this.

"Who makes the rules, the Board or one man?" asked Fern.

"The rules have been presented to the Board, and it can adopt them or not, as it pleases," said Aylett.

Fern called for the Sheriff's bond, but Cox said that the Board could not act on it before the Board had adopted rules.

"The Chairman insists on proceeding under the new rules," said Fern, "and we can get our new rules later."

Cox read passages from the Municipal Act at length. "The Board is a legislative body," he said. "It may adopt its rules."

Quinn renewed his motion to adopt rules and handed a draft of such to the Clerk for reading.

Cox quoted another bunch of law.

**Demand Made on Mayor**  
Attorney Watson and Secretary Rhodes got the ear of the Mayor for a moment, and Fern announced that the meeting had been called for the purpose of approving the bonds of the officers.

"I demand that you should put the question as duly seconded," said Kane, emphatically.

Fern called the question.

Logan called for the reading of Quinn's rules, which was proceeded with.

Aylett moved that the rules be adopted. Kane seconded it.

McClellan said that the motion was out of order, as the meeting had been called for the express purpose only of approving bonds.

**Appeal From Ruling**  
"I rise to a point of order. Mr. McClellan is not a member of the Board. He has not filed his credentials."

Fern said the Chair would proceed with the approval of the Sheriff's bond.

"There is a motion before the Board," said Quinn.

"I respectfully appeal from the ruling of the Chair," said Logan.

McClellan asked the Board, as a matter of courtesy, that an adjournment be taken to allow him to get his bond. He met a stony silence.

**Chair Again Challenged**  
Fern said that as a matter of courtesy there should be a recess. He asked if there were any objection to a recess and was met by silence. He declared a 15-minute recess, whereupon Aylett said that the motion should be put first.

Cox said that Logan's appeal should be voted on.

"I made a motion for a recess," said Fern. "That should come first."

"The Chair has no right to make a motion," announced Aylett.

The Clerk stated that it was his duty to put the question on Logan's appeal from the decision of the Chair. Logan stated, however, that it was the duty of the Chair to put motions. Cathcart also interfered and told Kaloakalani that he had no right to put the motion. After an interval Quinn rose to call the attention of the Mayor that there was a motion still before the Board.

**Fern Is Overruled.**  
"The recess is now going on," stated the Mayor, who then left the room.

The Mayor called the meeting to order again at 1:25. McClellan's bond, approved, was read.

"The motion to adopt rules is out of order," said Fern.

McClellan began to read from the laws but he was interrupted by Logan who again appealed from the order of the Chair. The vote on the ruling of the Chair was 6 to 1 against Fern. The question of the rules of the Board again came up. McClellan again read from the laws showing that any business other than that for which the special meeting is called is illegal.

Aylett maintained that the Board was a legislative body after the roll was called.

"We have a right to demand these rules," said Aylett. "We can't go ahead without the rules."

McClellan again stated that the law stated that the first meeting of the Board should be tomorrow. The first Tuesday after the first Monday.

Cox appealed for justice.

**Fern Refuses to Proceed.**  
"Members, I refuse to call the motion, because this meeting was only called to approve the bonds of the county officers," said Fern.

Logan said that Fern had gone too far to stop now.

Kane moved that a temporary chairman be appointed, naming Logan.

"As the Mayor has refused to put the motion, I appeal to the members of the Board," said Kane.

"Let us call the Sheriff's bond," said Fern. "If we do this I think everything will go all right."

Aylett said the Board could not go

ahead without the rules.

McClellan said the matter of rules could be taken up tomorrow.

**Want Temporary Chairman.**  
Quinn and Kane said that Fern was temporarily unable to put the motion and therefore a temporary chairman should be appointed, according to the law.

McClellan again insisted that this is a special meeting.

Quinn called for the vote on Logan for temporary chairman. Fern called him to order. McClellan called for the Sheriff's bond. Kane stated that he seconded Quinn's motion.

Quinn stated that the members refused to take any action on any other matter until the rules were adopted.

Logan reviewed the day's proceedings and stated that the Board, as a legislative body, had the right to do anything it pleased.

"I have refused this motion," said Fern.

Quinn then put the motion to put Logan in as temporary chairman. He was elected. Mayor Logan, pro tem, then put the motion to adopt the rules, and they were adopted by 5 yeas to 1 no.

Fern then called for the Sheriff's bond. Aylett said he was a Supervisor.

Aylett then put the motion, which was passed by the old board. Fern called the motion out of order. Logan appealed, but Fern would not entertain the appeal.

Kane demanded that the ruling of the Chair be overridden. Logan said that he would proceed under the rules as adopted, and stated that when the Mayor refused to put a motion, respectfully demanded that Fern put the motion.

"I decline," said Fern.

Three times Logan asked that the motion be put. Fern declining each time. Kane appointed Logan as chairman pro tem but he refused. He stated that the Board would vote on the Mayor's ruling. The Mayor's decision refusing to put the motion was overruled.

Cox said that the County Attorney was still holding over in office.

Aylett moved again to adopt his motion three times, Fern declining.

Fern called again for the bonds. Aylett insisted that the roll on his motion be called. Kaloakalani read the resolution.

"It is an attempt to legislate other than by ordinance," said Fern.

Quinn said that the only thing was to adopt the resolution, and Logan asked for the roll call. The motion passed, of course, 6 to 1.

McClellan moved to take up the bonds of the county officials.

"I also insist on those bonds," said Fern.

"It is moved and seconded that we take up the matter of the bonds of elective officers," said Fern. This carried unanimously.

"Mr. Mayor—" began Kane, evidently having something weighty to say, but he was hushed down by his colleagues, being evidently premature.

The bonds of Sheriff Jarrett, County Attorney Cathcart, Auditor Bicknell, Treasurer Trent, Clerk Kaloakalani, Deputy Sheriff Rose, Deputy Sheriff John Fernandez of Ewa, Deputy Sheriff R. L. Gilliland of Waianae, Deputy Sheriff Oscar Cox of Waiwae, Deputy Sheriff L. K. Naone of Koolauloa and Deputy Sheriff Frank Pahia of Koolau were all approved, as well as their oaths of office.

Kane moved to appoint standing committees, and wanted to read a list of such.

"Wait a minute," said Fern. "We have not gotten through with this business yet."

**Committees Appointed.**  
The final details of the bonds and oaths matter were now attended to.

Kane again moved to adopt the following committees:

+ Ways and Means — Logan,  
+ chairman; Aha, Cox.  
+ Roads, Bridges and Parks —  
+ Quinn, chairman; Kane, Aylett.  
+ Fire and Electric Lights De-  
+ partments — Kane, chairman;  
+ Aha, Aylett.  
+ Police — Cox, chairman; Quinn,  
+ Aha.  
+ Public Expenditures — Aha,

THE BRITISH steamer Den Ruthven, which arrived yesterday from Sydney, sailed this afternoon for Oahu.

There will be a regimental drill Wednesday evening of this week.

+ chairman; Logan, Kane.  
+ Sanitation and Health — Aylett,  
+ chairman; Logan, McClellan.

Quinn moved to adopt the motion Fern declined to put the motion. Logan three times demanded the motion be put, and each time met with a refusal.

Fern said the meeting was open only for the approval of the bonds, moved to adjourn.

Cox said the meeting must proceed under the new rules.

Logan moved to adopt the committees.

McClellan said he agreed with chair.

The motion to adopt the committees was carried, only McClellan voting against it.

Aylett moved to adjourn until 3 p. m. tomorrow and Fern declined the motion being adjourned.

The new rules drafted by the publican majority were passed, as these took a large amount of time from the Mayor, giving the right to proceed with business in spite of his protests, the result from this moment had control culminated in the appointment of committees by the Republican

## EMPLOY OUR YOUTH IN HOME INDUSTRY

### Mr. Damon Believes In Interesting Children In Agriculture

S. M. Damon, President of the Hawaiian Planters' Association, has started a movement to bring the children who are growing up in the islands more generally into the employ of the agricultural industries.

"We have lots of children growing up in these islands who should furnish a source of labor for the industries, and I think we should give them special attention," said Mr. Damon this morning, inspecting of the plans he has in mind.

"What are these children to do? They are the future citizens of the country. There are not white-shirt professions enough to go around. They are healthy, hearty, ambitious youth, with a common-school education, and there is every reason why they should find employment on our plantations and in various capacities that are dignified, honest, and give good return for labor.

"I have talked of the matter with Superintendent Habbitt and I find him in sympathy with a movement to keep the children of the schools interested in agriculture. We must look out for our own. We want the children to grow up industrious and ready to do the work that is right here at hand in the country. It will help everybody and strengthen the character of our citizenship more than we can now estimate.

"I think that the sugar plantation people will be found in full sympathy with every effort to employ the youth of the land, establish them in homes, and reward those who are efficient, ambitious, and loyal to our country and to their employers."

### ALL-HAWAIIANS MEET

(Continued from Page 1)

game on every Saturday afternoon, and the captain earnestly hopes that fans will make it a point to get out and encourage the players with their support.

That today's practice will call out a big aggregation of fans is certain. Some of the players, upon whose shoulders it will fall to represent the islands in the contest with the mainland ball-players, have not done any playing for a long time, and considerable interest is being felt among the wise ones concerning the form which they will show when again they don spikes and glove.

Now that a hand has actually been put to the plow, and the series of games between the All-Hawaiians and the All-Americans is actually assured, there is a general determination to make the best possible showing.

The only man who will not be welcome on the league grounds at practice time, is "Johnny with the tack-hammer." If that misanthropic, mentally misshapen bit of humanity turns up, he will be treated with scant consideration and less gentleness. "Offest" is the motto of the players, and "boost" should be the motto of the fans.

The men who will meet the All-Americans are preparing to give up a lot of time to preserve the good name of the Territory for sportsmanship, and they feel that it is only right that the fellow that sits on the comfortable seat in out of the sun should at least encourage them and not try to see just how much cold water he can throw on the whole proposition.

The following men will probably compose the team:

D. KALAUOKALANI, JR.

One of the official stand-bys of the municipal government of Honolulu is D. Kalaoukalani, Jr., who was sworn into office today. Mr. Kalaoukalani is one of the young men of Honolulu who has made good in whatever he has undertaken. He has served the County as Clerk since the local government was inaugurated, being regularly nominated without opposition and elected by large majorities.

Mr. Kalaoukalani was born in Honolulu and is thirty-five years of age. He is a graduate of St. Louis College, Oahu College, and while in Washington as the private secretary of Delegate Wilcox he took a special course in law. He ran for the House of Representatives in 1906 but was defeated. He then accepted the secretaryship to Delegate Wilcox and served through his term in Congress. He was Clerk of the House in 1905 and was elected Clerk of Oahu County the same year. "Kalan" is one of the men whom the changing Boards of Supervisors find invaluable. He is a Republican.

## MAX SCHLEMMER'S VISIT TO JAPAN

### He Says Hobson Is Only Enemy of Japan And America

"All the Americans, with the exception of Captain Hobson of the Merimac, are good friends of the Japanese. Hobson is the only enemy of the Japanese in America. His constantly seeking for trouble between the Americans and Japanese."

Captain Schlemmer, once King of Laysan Island, who has been visiting in Japan recently and who returned last Saturday in the China, made the above statement in the Bulletin office, as coming from the Japanese business men in Japan.

Schlemmer said that it was the desire of the Japanese business men with whom he came in contact while in Japan, to have this statement published in the newspapers, so that the general public may know their opinion of the Americans, and Hobson, their only enemy.

The Japanese are greatly displeased with the publication of Hobson's views in the newspapers. They think that Hobson is looking for trouble between America and Japan. His quotations of the Japanese attitude toward Americans are not true. But, on the other hand, they are being made to be more watchful in the performance of their duty toward the Emperor and the Government than ever before. They hope, however, there will not be anything to cause trouble between the two great nations and think that Hobson should cease to create any bad feeling against them.

Captain Schlemmer, who sized up the situation of the Japanese thoroughly, emphasized the fact that the Japanese are wide awake and that they are prepared for emergencies, should they be presented.

"The harbor of Yokohama is so fortified that it is absolutely impossible for an enemy to enter it in time of war," said Schlemmer.

## TELEPHONE COMPANY'S LOT COSTS \$13,085

By a document filed with Registrar yesterday morning, W. C. Peacock has transferred 2617 square feet of land on the East corner of Bishop and Merchant streets to H. R. Berry, who is supposed to be the chief financial backer of the new Automatic Telephone Company. The consideration named in the sale is \$13,085.

Now that the property has been formally transferred, it is supposed that work on the new telephone company's building will be started in the near future.

## CHESTER DOYLE AT THE OLD STAND

After an absence of several months, Chester Doyle's smiling face was again seen in the Judiciary building this morning. Chester reiterates his former statement that he is glad to get back from Japan. Abe, the absconder brought back from the Land of Nippon by Doyle, was arraigned before Judge De Bolt this morning, and his case was continued for one week. Everyone in the Judiciary building is glad to see Chester back at the old stand again.

### DON'T COPY ERRORS.

It has been suggested that the political advisers of the Mayor have urged him to make all his appointments, regardless of the Supervisors, on the theory that he would be upheld as the Sheriff of the County of Hawaii was upheld when he made appointments to his police force.

As to the facts, the Bulletin is not informed. As to the law, the courts will decide.

This paper has to suggest that the history of the County of Hawaii is not one that any patriotic official or citizen of the City of Honolulu should aspire to repeat. That wrangle had a mighty unfortunate ending, and Hawaii County will long suffer from it.

Avoid, not copy, the errors of your fellow-citizens who made municipal government a pure medium of partisan politics.

### ORGANIC ACT CHANGES.

Delegate Kuhio in his letter to the Bulletin makes mention of his intention to introduce a further amendment of the bill to amend the Organic Act, and put an end to the present system of land exchange.

Thus are the people reminded that when the amending of the Organic Act once starts, there is no telling where it will end.

Evidently the Governor did not think it necessary to include land exchanges in the amendments. Delegate Kuhio does. What other member of Congress may there be who will have still another idea on what should or should not be done?

As a matter of fact, the Bulletin agrees with the man and the official who declares there should be an amendment of the present system of public-land exchange. There is too much opportunity for abuse of the system as it now exists.

But this matter is involved in the question of the advisability of securing a general amendment of the Organic Act.

The whole amendment scheme has been worked off as a snap proposition in the estimation of a large number of our citizens. It should be brought to a standstill until the situation can be more generally understood.

The bill now before Congress should be carefully considered by at least the business organizations of Honolulu and Hilo and Waikuku before it moves further on its way to becoming the law of the land.

### HELPING HAWAII'S OWN.

It is impossible to estimate the great value to this Territory of a well-defined movement for interesting the youth of Hawaii in agricultural work as outlined by the President of the Sugar Planters' Association.

The views of the Bulletin on what should be done with the children in our schools are well known. Agriculture is the source of the prosperity of these islands. We have thousands of children in our public schools who will soon be, many are now, making up their minds what they shall do for a living.

The Territory of Hawaii offers a wealth of opportunity for these boys, and the girls as well, if they will turn their attention to agriculture—the agriculture of the sugar plantations.

It is often said that the children will not work in the fields after they have a "little education." If this be true, it is the fault of the education—not the books they study, but of the atmosphere and the sentiment of the community.

The ambition of the educators and of the captains of industry should be to make the boys and the girls more intelligent workers and therefore more efficient than the fathers and mothers who have not enjoyed their advantages.

Hawaii has a real problem before it in the employment of its own citizens now growing up in the schools. It is not serious if children are taught the dignity of labor and find opportunity to go back to the soil for their livelihood.

In making Hawaii a Territory of homes, we should have our own boys and girls in mind.

### HONOLULU'S CITY GOVERNMENT.

Mayor Fern's inaugural address sounds a key-note of harmony, and as the Mayor will probably have more than any other to do with creating harmony or discord during the first year of Honolulu's existence as an organized municipality, there is every reason why harmony should prevail. The executive of the city has only to stick to his text.

The first few weeks of the city's history will tell the story. During that period the men entrusted with the responsibility of inaugurating municipal government will prove to the satisfaction of the people whether they are possessed of good judgment, common-sense, and strict loyalty to the common good.

The people will be quick to note whether the play of partisans is for pure partisanship or the improvement of the service rendered the people. We all know what should be done. Every citizen who is a true patriot will second every effort of the Mayor and the Supervisors in reaching a basis of action from which the detail of government shall be worked out with freedom from official friction and the best possible result for the taxpayers.

It is not for the people to say how the Mayor and the Supervisors shall "get together" in the conduct of the government. They will, however, protest against an era of wrangling that cannot fail to retard the business of the city.

True friends of American government hope for the greatest success of the city government at this time. It is their ambition that local self-government shall march steadily forward in this city, which was a civilized center when many of the great mainland cities of the West were villages of savages surrounded by a howling wilderness. Their ambition is to see the City of Honolulu progress. This it will do if the government of the first organized municipality eliminates factional politics and gives first

place to the interests of the people.

The Bulletin wishes the first Mayor of Honolulu well. It offers the Board of Supervisors felicitations.

May these representatives of the people always bear in mind that they are the representatives and not the governors of the people. They will succeed as they tend strictly and honestly to public business and meet the demands of the citizens of Honolulu.

There is every promise of success. Only grievous error on the part of our newly inaugurated officials can make it otherwise.

### HONOLULU'S FIRST MAYOR

(Continued from Page 1)  
and City government continues.

A City Hall. Honolulu is a capital city. It is the first American city and American outpost reached from the Orient. It cannot long continue to house her city officers in rented rooms in a commercial building. A suitable City Hall is something for which the new City and County government should begin at once to mature plans. A suitable site should be provided from the publicly owned lands, and means should be found to provide for the cost of such a building.

Small Parks and Squares. The plan of small parks and squares as playgrounds for the children and breathing places for the community should be extended so that every part of the city would have public grounds of this kind for the meeting and recreation place of the people of every neighborhood. As the city grows these will become more and more necessary, and at the same time harder and harder to get. For these the publicly owned lands within the City and County could well provide.

Roads and Road Building. The roads of the City and County are of the greatest importance. The entire public is interested in them. The best methods of road building should be employed, and roads once built should be kept constantly in repair. If this is done it will not be necessary to rebuild roads so often, and not only will they cost less in the long run but they will serve their purpose a great deal better. I intend to devote a great deal of my time and attention to the matter of roads and road repairs. It shall be one of my ambitions to give the City and County as fine a system of well kept roads as it is possible to do with the money available.

The Belt Road. Naturally a Belt Road entirely around this island is one of the road developments which is most earnestly looked for. It is wanted on many grounds. It is not only wanted because of the increasing pleasure driving it will afford, and as a tourist attraction but because it is necessary for the development of large portions of the island. It must be a very important part of any complete plan of roads for the City and County.

Military Roads. But in planning and building this road, and the side roads that should be built from it, so as to reach all places to which a road should be built, as well as in planning other new road work, the military plans of the National government should be considered. It is the announced plan of the National Government to make of the island of Oahu, all of which is included in the City and County of Honolulu, a strongly fortified and a strongly garrisoned Army and Navy post. It is fair to assume that the laying out and building of military roads is a part of this plan. It is probable this military road plan will be very extensive. If that is so, it ought to be taken into consideration in planning our own roads. We ought not to build roads or plan roads that will not fit in with the plans for Army roads. It is very likely that in large degree the two sets of roads, the one the City and County must undertake and the one the Army authorities will put through, will fit in with each other and that by co-operation there may be mutual advantage.

### Co-Operation With the Army.

Before such an important plan of road building is undertaken, the City and County, through its engineering department, should obtain very accurate and very complete information regarding grades, material to be encountered, land ownership along the line of the proposed roads, and the present and future need of side roads necessary to develop the country, and a very comprehensive plan should be drawn up, one that can be progressively followed until completed. The City and County should confer with the Army authorities on the basis of this plan and if co-operation is possible, a road plan should be devised which will meet both public and Army needs.

In order to carry out the part of the City and County in such a program, the Legislature should be asked to give the authority to adopt in part at least the California plan of providing for the cost of construction. A part of the cost should be paid out of general taxation—lands for this being issued, perhaps—and the remainder of the cost should be by a special tax on the property benefited. Thus this much desired improvement—a complete system of good roads, and the Belt Road in particular, could be built without burdening the current revenues, and without increasing the tax rate. This system of providing for the cost of roads is in general use in mainland cities, and throughout California, and is satisfactory wherever adopted.

Finances of the City. In regard to the current revenues and expenditures of the City and County, the City and County as the successor of the County of Oahu, begins with the sources of revenue and the financial resources which the County had. Thanks to the care and good financial administration of the last Board of Supervisors of the County, for which all the members give large credit to the Chairman, Charles Hustace, Jr., these resources include a balance of county funds which might have been spent by the county, estimated at \$18,278.96. The estimated receipts from the Territory for the next six months are \$32,500 per month, or \$195,000. In addition it is estimated that there will be received from the Territory, as a balance from the amount due for the last six months of 1908, \$31,800. Other revenues to the general fund are estimated at \$5,400 for the six months, making a total available in the general fund for the first six months of this year of \$250,478.96, besides the special road tax funds. Of this amount \$18,278.96 is a balance carried over from last year. A good sized balance in the treasury is necessary so that the City and County may be prepared for emergencies and also to prevent the necessity of registering warrants and so that the employees of the City and County and those who furnish it with supplies may always be sure of getting cash for their warrants. It seems to me therefore that a balance as large as this or a little larger, say \$20,000, should always be retained as a treasury balance. If this is done the amount available from the general fund in addition to the special road funds for the first six months of the year is \$230,478.95, or \$38,413.15 a month.

The monthly pay-rolls and materials and supplies for the various departments including the elected officers of the city and county, police, fire, electric light, and garbage departments, the care of the parks, including Kapiolani Park, the band and the Leahi Home, on the basis of the same expenditures under the County, may be estimated at \$19,250 per month. Adding to this the salaries fixed by law, makes a total of what may be called Fixed Expenditures of \$22,445. On the basis of an available monthly income to the general fund of \$38,413.15 this would leave \$15,968.15 per month available for road work besides the special road tax funds which can be used only in the districts where they are collected. The balances remaining in these funds will give an estimated monthly allowance for the first three months of the year of, in round numbers, Honolulu, \$500; Ewa and Waianae, \$700; Waialua, \$125; Koolauloa, \$175; Koolanipo, \$175, a total of \$1675.00; making the total probable amount available for road work from all sources, \$17,643.15 per month for the first three months of the year with an increase of \$2225 a month from the special road funds for the second three months.

It will thus be seen that to accomplish anything like what is hoped in the road department the greatest economy and efficiency in all the departments will be necessary. With the co-operation of the Board of Supervisors upon which I am sure I can rely, much may be accomplished.

### Section 146 of the Municipal Act

provides that all "Boards, commissions and officers of the County of Oahu by appointment" shall hold office no longer than until noon today. But in order that there shall be no break in the government, the same section provides that the Mayor-elect, during the month of December "shall make all the appointments to be made by him" and the person so appointed shall qualify and take office at noon today. These appointments I have made as the law directs. I understand from the newspapers that my authority to make some of these appointments is questioned. I can only say that in making them I was doing my duty under the law as I understand it. If I had not made appointments to the positions I did I should have failed in my duty as I understand it. Whenever the courts say I did not have the power to make any appointment in the list I shall cheerfully accept the decision. In making these appointments I have retained heads of departments where experience and record made their services valuable to the city. Let There Be Harmony.

The Board of Supervisors are a coordinate branch of the City and County government. The law gives the Board large powers. As Mayor I have no desire to take any of its powers from it. The law also gives Mayor large powers and important duties. I do not think the Board wants to take any powers from the Mayor. If each is sincerely desirous of using only the powers given by the law there will be no trouble about harmony between the Board and the Mayor. I certainly want harmony in order that all connected with the City and County government may work solely for the public good.

### NEW RULES TAKE POWER FROM FERN

The following are among the important parts of the new rules of procedure of the Board:

#### IV.—VETO OF MAYOR

In the event of a veto by the Mayor, the votes of five members of the Board shall be necessary to pass any ordinance, order or resolution over such veto, otherwise such ordinance, order or resolution shall be of no validity.

#### V.—OFFICERS

The Mayor shall be the presiding officer of the Board of Supervisors. In the absence of the Mayor, the clerk shall call the Board to order and the members present shall choose one of their number to act as a presiding officer, pro tempore, who shall have the same right to vote as other members. Should the presiding officer pro tempore be required to sign any matter requiring the signature of the Mayor, the Clerk shall attach to such instrument a certificate setting forth that such presiding officer pro tempore was duly appointed.

#### VI.—COMMITTEES

There shall be two kinds of committees:

1. Standing Committees, to consist of three members each, to be elected by the Board.
2. Special Committees, to consist of three members each, unless otherwise ordered by the Board, to be appointed from time to time as occasion may require, and to serve until finally reporting the matter specifically referred to them.

#### VII.—CONTROL OF COMMITTEES

1. Committees shall be under the control of, and subject to, the Board, and shall faithfully carry out all instructions given them.

## Breckons Holds Jap On Serious Charge

United States District Attorney Breckons this morning drew up a complaint against Morimoto, the Japanese who assaulted Mrs. Isol, charging him with seeking to influence a witness and with obstructing the due administration of justice. That the assault was instigated by some of the "higher-ups" is now generally believed. Morimoto only mistreated Mrs. Isol after he had failed in his effort to induce her to perjure herself in the investigation which will follow the disclosures regarding the Twelve-Dollar Club.

As she has had the "fear of the Lord" inspired in her by Breckons, she refused to comply, and Morimoto then carried out his threats of violence. Morimoto is well known to the police, being very generally classed as a bad actor. He has seen the inside of prison walls more than once. The Federal Grand Jury is in session today, and the investigation of the Twelve-Dollar Club will continue.

### laukea Speaks To Men And Retires From Office

"At the hour of high noon my term of office as Sheriff will come and with it your commissions as police officers of the County of Oahu will also expire. Mr. Jarrett, who has been elected by the voters of the City and County of Honolulu to succeed me as Sheriff will take up the responsibilities of office. Let us therefore, one and all, as good citizens, by noble partisanship and do all we can to support him and help make his administration a successful one.

"After all has been said, I think I can truthfully say that the people of the County as good an administration as could be expected under the circumstances. At least it has been an honest and economical one. If mistakes have been made, they were mistakes of the mind and not of the heart. If on the whole then we have given the people a good administration, we shall at least retire with the knowledge that we have done our duty. For the part that you, as officers, individually assumed in preserving order and keeping the peace, I thank you most cordially. I wish you all a happy, prosperous year."—Retiring Sheriff Laukea to his force.

After making the above speech, Col Curtis Pichu Laukea, this afternoon, ended his term of office.

Shortly after 11 o'clock this forenoon, Laukea accompanied by Senior Captain Robert Waipa Parker, walked into the court room and addressed the officers, with whom he served the people for the last two years. His delivery was distinct and clear and the officers evidently felt great relief for the retiring chief.

After his speech, Laukea shook hands with his men and bade them good bye and happy New Year. When asked whether he wanted to speak to the men, Captain Parker, with tears in his eyes, said, "We are confronted with two things, namely, joy and sorrow. He then dismissed the line and came away.

Those whose term of office was finished packed their things up and came away after shaking hands with their old chief. The assembly was witnessed by a large crowd.

Following is the list of those who were retired by the new Sheriff. Their places were promptly filled by the new appointees, who were present.

Sheriff Jarrett may hold an inspection of police next Sunday morning.

R. P. Waipa, captain; S. R. P. Waipa, receiving station clerk; Fred H. Laukea, receiving station clerk; E. W. Kawalana, turnkey; David P. Kauhini, turnkey; H. H. Webb, hack inspector; R. P. Waipa, Jr., special; Miss R. C. Davison, humane officer; Frank Akoki, special; H. S. Swinton, assistant harbor police; Ernest Collins, special; Ella Mahoe, special; H. Kawana, lieutenant; Jno. S. Aea, sergeant; M. L. Needham, sergeant; Henry Espinosa, bicycle officer; Jno. Mana, bicycle officer; Job Manase, I. Palenapa, A. M. Naunao, Chas. Silva, D. P. Kalena, patrolmen; R. C. Lane, lieutenant mounted police; Moses Wire, Gen. D. Robinson, mounted patrolman.

Resigned December 31, 1908—Lualaba, assistant chief of detectives; C. Lishman, assistant hack inspector.

## POST FOR WAIKIKI BEACH

That the United States Government contemplates the erection of a post at Waikiki Beach as extensive as that at Fort Shafter is the information that has drifted out through reliable channels. The post will be capable of housing the several companies of coast defense artillery which will be sent here to man the new coast batteries as fast as they are completed.

No particulars concerning the contemplated post have been made public, but it is understood that the barracks will be of a permanent and substantial nature and modern in every particular.

The new post will probably occupy the site of the present Engineer camp. Undoubtedly many of the cottages, now standing, will be utilized as officers' quarters, many of them being admirably suited to the purpose. At present several of them are occupied by Engineer officers.

The old Afoong residence is now occupied as the headquarters of the first battalion, Corps of Engineers. A handsome sign over the main entrance notifies the passer-by of the fact.

Major Winslow and his family are occupying the McCandless place on Kalia road. All of the cottages have been fixed up, lawns have been trimmed, and the temporary post looks very ship-shape.

## Contract Here Soon

The Siberia, which will arrive here from San Francisco on January 15, will bring Walter Dillingham, who went to Washington to represent the Hawaiian Dredging Company when the bids for the dredging of Pearl Harbor were opened. It is believed that Dillingham will bring a copy of the contract for the Pearl Harbor work with him when he arrives.

The company is ready to begin operations just as soon as a cable is received, announcing that the Secretary of the Navy has approved the contract. After signing the contract, Dillingham made arrangements for the necessary bonds and then took steps to secure the additional machinery and tools which will be required in order to facilitate the handling of the big job.

By every mail, the local offices of the Hawaiian Dredging Company have been expecting a copy of long-awaited contract. It is now believed that Dillingham is bringing with him. Work will probably begin before February 1 at the very latest.

## JARRETT TAKES OVER POLICE MANAGEMENT

"I thank you all, fellow citizens, for electing me as Sheriff of Oahu, and wish you all Aloha maui."

Sheriff Jarrett, who is more generally known by the Hawaiians as "Hick," this afternoon made the above brief speech in front of the Police Station to a large crowd, which practically blocked the traffic on Merchant street, from Bethel to Nuuanu street.

As soon as he had made his brief speech, he was given three cheers. Horace Crabbe, a staunch Democrat, leading the shouting. Jarrett then went into his office and signed his name to the commissions, which were given to his appointees.

Ex-Sheriff Laukea, in turning over the office to Jarrett, congratulated new Sheriff, wishing him success.

Pending the approval of the board of Sheriff Jarrett by the new Board of Supervisors, no arrests were made of the police. A man who wanted a complaint served was politely told by Sheriff Jarrett to wait until his bond was approved.

# IAUKEA REPORTS ON WORK OF HIS TERM

## Decrease of Criminal Arrests During Past Year

Sheriff Iaukea today filed his annual report, which, as it shows a comparison with the work of 1907, is practically a report of the work of his entire term. It reads in full as follows:

To the Committee on Police, Board of Supervisors,  
Gentlemen:—I have the honor to submit the following report of the Police Department for the year 1908.

During the twelve months ended December 31st, the total number of criminal arrests was 3984, a decrease of 288, as compared with the number 4270, for the previous year. The total number of convictions was 2935, as against 3388 for 1907, a decrease of 453, or 13 per cent. The decrease has been mainly in the District of Honolulu, where the total number of arrests fell 11 per cent, and convictions 18 per cent.

A comparative statement of the arrests and convictions, by Districts for the years 1907 and 1908, may be summarized as follows:

Districts	1907 Arrests	1907 Convictions	1908 Arrests	1908 Convictions
Honolulu	3692	2887	2362	2362
Ewa	302	239	231	274
Waialua	164	126	182	182
Koolanua	71	56	43	39
Koolanapo	110	101	72	59
Waianae	31	34	29	29
Totals	4370	3388	3288	2935

Of offenses, gambling heads the list with 1458 arrests and 1196 convictions. Compared with the year previous, the total number of arrests remained practically the same, whilst convictions decreased only 9 per cent. A noteworthy feature of the year's record, has been the large falling off in the number of persons convicted of drunkenness. During 1907, the total number of convictions was 935, while in 1908 it fell to 621, a decrease of 304, equal to 33 per cent. This would seem to indicate that the operation of the new liquor law has been most effective in keeping down drunkenness. The convictions for larceny decreased 28 per cent; disturbances by night, 47 per cent; and vagrancy, 2 per cent. Of assault and battery cases, a slight increase of 9 per cent in convictions is shown over the record of the previous year.

A comparative summary of the more prevalent offenses for 1907 and 1908 may be shown as follows:

Offenses	1907 Arrests	1907 Convictions	1908 Arrests	1908 Convictions
Gambling	1511	1458	1321	1156
Drunkenness	994	681	935	651
Assault and battery	441	466	246	271
Larceny, second	221	180	163	118
Vagrancy	185	161	102	100
Disturbing quiet	153	79	109	58

The nationalities of persons convicted are as follows:

Nationalities	1907 Convictions	1908 Convictions
Chinese	983	779
Hawaiians	829	778
Japanese	609	587
Portuguese	258	182
Porto Ricans	141	130
All Others	608	458
Totals	3388	2935

Juvenile offenders decreased nearly 29 per cent. Of the total number arrested, 80 were committed to reform schools, 50 admitted to probation and 18 discharged; 98 of the delinquents were Hawaiians and 27 Portuguese. Of sexes, 125 were males and 23 females. There have been 43 coroner's inquests held during the year, 17 less than the year before. The verdicts resulted as follows: Accidental, 20; drowning, 5; murder, 1; suicides, 15; natural causes, 2.

The total expenditures of the Police Department for 1908 was \$89,980.11 leaving unexpended the sum of \$1,666.89, from the total amount appropriated by the Board for the twelve months ended December 31st, 1908. The expenditures were as follows:

Pay roll	\$ 78,174.30
General expense	4,652.89
Repairs	436.32
Stationery	183.22
Printing	203.50
Livery	2,740.65
Coroner's expense	172.40
Detective expense	1,695.75
Maintenance of Prisoners	1,792.18
Expense of witnesses	18.90
Totals	\$ 89,980.11

Respectfully submitted,  
C. P. IAUKEA,  
Sheriff, County of Oahu.

# CONTESTANTS STILL ENTERING FOR SEATTLE THE GRAND PRIZES TRIPS

## Loyal To Friends Who Nominate Them And To Work Hard

Seattle Trips Appeal To All and More Enter in Battle of Ballots. First Count Will Be Made Friday

The FIRST COUNT of the ballots in the Bulletin's Contest will be made Friday evening and the results published in Saturday's Bulletin. After Friday the votes will be counted and published daily.

Ninety-two contestants are announced this evening in the Bulletin popularity contest. That proves this year's contest more interesting than the contest conducted last year by the Bulletin. There were forty-eight entries last year on the opening day.

Today there were several new contestants to enter. They were proposed by their friends. Coyly they showed their loyalty to their friends and will fight the battle of ballots. A large number of those announced Saturday did not know they were candidates until the issue of the Bulletin appeared. They were nominated as popular girls by their friends and they will remain true to the friendship.

One young woman said this morning: "I never thought of entering the contest. But I see my friends have thought for me and I am pleased to think that they desire me to become a contestant. I am sure they would not desert me, and I will not go back on them. We will all work together and win out," and she asked for two subscription blank books when the Contest Manager tried to give her one. She got them.

"You know," said another, "one of my friends said to me this morning, 'I don't believe the contest will be fair. They all have favorites, these newspapers.' But I retorted that I did not believe it, for another friend of mine who was in the Bulletin contest last year said the Bulletin was so liberal with its prizes and had no favorites, except those who worked the hardest and brought in the most votes."

Those who have not entered the contest as yet should do so at once, as 6 o'clock Saturday night will be the expiration of the date for the use of the 3000-vote coupon. All who enter after 6 o'clock Saturday night will not have the advantage of the special nominating coupon to start.

Each contestant has her friends and these are rallying to support their favorite contestant. The pride these friends take in the success of their favorites is leading them to work hard to gain ballots for them.

Votes for the candidates in the Alaska-Yukon Exposition contest have been coming into the office in an unbroken stream ever since the candidates were announced, and it is now predicted that a perfect avalanche of votes will be recorded before the ballot box closes on Friday, at which time the first count is made. No end of excitement and interest is being aroused all over the city and vicinity in which the news of this contest has gone, and many bright young women are already scouring the field for possible subscriptions.

There is a vote published in each paper which, when properly filled out and forwarded to the Bulletin office, will count as one vote. There is another and better way of rolling up a large count quickly, however, and that is by getting your friends and relatives to subscribe for the paper and cast their votes for you. If they already take the Bulletin get them to send the paper to send the paper to a mainland friend or relative. It will serve as promotion literature for the Paradise City. A few dollars cannot be better invested than in purchasing the Bulletin for one year, or you can pay for the Bulletin from one to five years in advance for yourself. For every cent spent in this contest there is value given for the amount received. Unlike other contests, votes are not purchased merely for the purpose of securing votes, but there is ten cents' worth of news exchanged for every cent turned into the Bulletin office.

**Educational Benefit**  
Now is the time to get in and work for some popular young lady whom you think is deserving and would appreciate a free trip to the Alaska Exposition.

The educational benefit derived from such a trip will make this offer especially attractive, and it is also to be considered from the standpoint of a summer vacation. Successful candidates may take these trips when

### "MRS. WIGGS OF THE CABBAGE PATCH"

The philosophy of Mrs. Wiggs is well defined in her prayer: "O Lord, keep me from getting sour." With these words as a text, the character comedy, "Mrs. Wiggs of the Cabbage Patch," which comes to the Honolulu Opera House with the company of character artists who have been selected by Messrs. Leibler & Co. for the Australian tour, under J. C. Williamson's direction, proves a veritable sermon in its lesson of brightness, notwithstanding all sorts of obstacles. The comedy deals very largely with the marriage of Miss Hazy and her find in a matrimonial bureau, Hiram Stubbins, and the unpleasant events of the week following the wedding; the groom's alcoholic celebration; the trip in the freight car; the walk home; the putting on of the borrowed mourning by the "widow," and the arrival of the letter containing the papers granting a pension to Mr. Stubbins, and a check for \$800 for arrears. The arrival of Lovey Mary and Little Tommy, the warm reception by Mrs. Wiggs, and the charges against the honest girl, form a good background for the "love" affair of Miss Hazy and the lazy "soldier of fortune," Mr. Stubbins. Of course, Mrs. Wiggs is the central figure at all times; it is she who looks on the bright side, who sweetens the life of the unhappy, who has a ready remedy for all misfortune, and who seems able to meet any emergency. She is a woman of work, of ideas, of resources to meet the emergency; she is the woman of the kitchen, the happy-go-lucky housekeeper, so busy for others that she has little time for keeping her own house in order.

### ASSAULT IS MADE ON ISOI'S WIFE

Mrs. Isoi was made the subject of a murderous assault last night by Mori-moto, and as a result this gentleman now languishes in durance vile until his case can be investigated. It is stated that the assault was perpetrated because Mrs. Isoi is alleged to have given away the secret of the Twelve Dollar Club, and that it was instigated by some of the "higher-ups," who fear further disclosures. Mrs. Isoi sought U. S. Attorney Breckons as soon as she was able, and he got into communication with U. S. Marshal Hendry. That official secured two special officers at the police station, and by 8:30 the man was under arrest. The assault took place at the Isoi house. Mrs. Isoi was given some rough handling, being cut with a bottle.

# I WAS AMUSED

**T**HE OTHER DAY when an Elderly Gentleman backed me up against the corner cigar store and enquired if I was the "OPPORTUNITY" Man. I admitted the soft impeachment and also smiled widely. The E. G. grabbed me by the coat lapel and delivered himself to this effect: "There never was a gold mine. There isn't one today. There never was a cent made in any kind of mining. The only reason a gold mine is called a gold mine is because people are foolish enough to dump their good gold into it. They never get any out. And as often as not there's no mine at all. He knew. He had invested in mining stock once. The thing was a fake, of course. No more mining stock for him. Not in a thousand years."

Now, wouldn't that upper-cut you? Where his Nibs thought the world's present supply of gold came from, gets me. Perhaps he thought it all came from Bishop's Bank. The E. G., nevertheless, is representative of a class of people who swallow the bait of any fly-by-night fakir, or wildcatter who peddles out cheap stock and promises the earth, or at least a thousand dollars for every one put in. His proposition may be the wildest kind of "wildcat," his roseate statements entirely unsupported, his "mine" a pipe-dream, and he himself belong in jail, but if his stuff is only cheap enough—a cent or two a share—they will buy it. Such people are not investors—they are "suckers" buying experience. But they hurt legitimate mining because ever afterwards they will keep on telling how they "invested" in mining and lost their money.

With regard to the Elderly Gentleman, I steered him along to my Office, showed him ore specimens, photos, charts, maps, Government Reports, and statements of Honolulu people who have visited the "MAYFLOWER." He revised his conviction about gold mining to the extent that there was, at least, one gold mine, and that we owned it. Before he flew, he broke in for 1000 Shares. Other mining stocks and other Mayflowers can be bought at less prices, but our Mayflower is the Mayflower Quartz & Channel Mining Co. and the price is 25 Cents a Share. Drive a tack in that fact.

Yes, our "MAYFLOWER" is the real thing, with assurances attached. Buy the Stock at 25 Cents. You're missing a trick if you don't. Be brisk and get in your order. Buy it. It's a brilliant buy. BUY "MAYFLOWER" STOCK. BUY IT NOW!

## Night Rider Assassins Aim To Kill Lawyer Conducting Prosecution

UNION CITY, Tenn., Jan. 2.—An attempt was made today to assassinate Attorney General Caldwell, who is conducting the prosecution against the nightriders indicted for murder. Several shots were fired at him in the attempt to put him out of the way. The assailant made good his escape.

Union City, Tenn., Dec. 21.—The night rider oath in full is here given for the first time:

"You do solemnly swear in the presence of Almighty God and these witnesses that you will not write, talk or tell to any one the secrets of this order of night riders; that if you go talk, write or tell to any person any of the secrets of the order we are permitted to do with you as we see fit, and you know death, hell and destruction will be your portion, and that your body will not be buried in a graveyard. Do you willingly and freely submit to all this, so help you God?"

Union City, Tenn., Dec. 21.—The state practically completed its case today against the eight alleged night riders on trial for the murder of Captain Rankin, when it drew from Frank Fehringer, a member of the band, a detailed statement, not only of the Rankin tragedy, but of a score or more of other outrages. It also called Mrs. Emma Thurman Johnson, one of two women whipped by the band, and had her tell her story.

The startling testimony of Frank Fehringer involving the men as actual participants in the murder of Captain Rankin was given with an exactitude of detail that was amazing. As Mrs. Johnson's name was called a murmur of satisfaction arose. Nearly every one knew she had been whipped, but except the grand jury and prosecuting officers no one had heard her story.

### Visited By Riders.

Mrs. Johnson had married Joe Johnson, a man 30 years older than she, and lived with him for four years, when a child was born. Last August she sued him for divorce, charging cruelty and asking maintenance. Early in September the riders visited her father's home and left word that she must withdraw the suit. She failed to do so and on a second visit her father was whipped.

Mrs. Johnson obstinately insisted that she would press the case. Then the men fled out into the yard to consult. In a few minutes they returned. Pinion, she said, stepped over to the bed and said:

"Come with us."

### Woman is Whipped.

Two others of the band seized the young woman, dragged her roughly from the bed and hurried her about 250 yards away. They threw her on

a log in the woods and one of them beat her across the shoulders with a strap. After the first beating they asked her if she would dismiss the suit. She said no. Then she was again whipped. This time her fighting spirit was broken, and she sobbingly said she would give in to their demands.

Fehringer, who turned state's evidence, know all the defendants and had accompanied them on many rides prior to the killing of Captain Rankin. The night riders' garb consisted of long black coats, black masks trimmed in white and some had false beards attached to the bottom.

On October 18 the riders learned that Rankin and Taylor were at the Walnut Log hotel.

### Johnson Was Spokesman.

Garrett Johnson was the spokesman, who threw the rope and whip and gave the orders to Rankin and Taylor to dress.

On the march to the densely wooded bank of the slough where Rankin was slain, Johnson did all the talking, the others, about 50 in number, including the defendants, following silently. As they put the rope on Rankin's neck, Fehringer said to the victim: "Do you want to say anything to the Lord? If you do, say it now." Rankin replied: "I have attended to that."

Just as they pulled the rope, Bob Hoffman shot him and Sam Applewhite then said: "I know he is dead, for I put a load of bicycle ball bearings into him."

Jesse Carter, one of the defendants, and a man yet to be tried, put the rope around Rankin's neck. When Colonel Taylor jumped into the slough arter shot into the water. Meantime the men holding the rope let go and Rankin's body crumpled and fell to the ground. His stiff hat fell beneath his head, holding it off the ground, his glasses dropped back into the hat, which rapidly filled with blood from the wound in the temple.

Fehringer was arrested by the militia and taken before Governor Patterson, who was personally in command. "Tell the truth," said Governor Patterson. "If you do I will give you an absolute pardon."

Fehringer then confessed.

Thomas Pryor Gore, the blind Senator from Oklahoma, is the most cheerful man and one of the best yarn spinners at the capital.

## Our Fleet To Assist

SUEZ, Suez Canal, Jan. 3.—The American Battleship Fleet arrived here today, two days ahead of the schedule. The vessels will be hurried on to Sicily to assist in the work of rescue.

## Six Million For Relief

ROME, Italy, Jan. 3.—At both Messina and Reggio there were frequent encounters between the guards, stationed to protect property abandoned by its owners, and thieves. There are looters everywhere throughout the ruined districts. Six sailors from a Russian vessel, who had been sent ashore to protect property and render assistance, were killed by a gang of looters. In another engagement between the looters and the police, two of the latter were killed.

Many arrests are being made wherever possible, and the total number of looters now in custody is sixteen hundred.

### THOUSANDS OF WOUNDED MOVED

Altogether thirteen thousand three hundred and fifty-nine wounded persons have been brought to the improvised hospitals here aboard warships.

The strict censorship being maintained by the Government on messages from the ruined districts is hampering the newspaper correspondents greatly in sending out their reports of the great disaster.

### MORE VIOLENT EARTHQUAKES

The island of Stromboli was shaken again today by earthquakes, the shocks being most violent. The volcano of Stromboli is in active eruption.

### KING AND QUEEN BACK

The King and Queen returned to Rome today from Sicily, where they have been assisting in the work of rescuing the victims of the earthquake and tidal waves. The presence of the King in Rome was demanded in order that a special session of Parliament might be called.

### GRISCOM WILL DISTRIBUTE RELIEF

Ambassador Griscom has been appointed by a committee of Americans to utilize and distribute the relief funds sent to him from America.

### SAN FRANCISCO'S FUND

SAN FRANCISCO, Calif., Jan. 2.—The amount collected here in the various earthquake relief funds now totals \$97,596.

### JAPAN TO SEND RELIEF

TOKIO, Japan, Jan. 2.—A subscription list headed by an Imperial donation of five thousand dollars has been started for the relief of the sufferers in the Italian earthquake.

### SIX MILLIONS FOR RELIEF

ROME, Italy Jan. 2.—Premier Giolitti has issued a statement that the Italian Parliament will be convoked as soon as the King returns from the scene of the earthquake disaster to sign the necessary decree for assembling the members. It is proposed to vote an emergency appropriation of six million dollars for purposes in connection with relieving the sufferers in the catastrophe.

### RED CROSS CONTRIBUTION

WASHINGTON, D. C., Jan. 3.—The American Red Cross Association has cabled one hundred and fifty thousand dollars to Ambassador Griscom with a request that he use the amount in the outfitting of a hospital ship, to be sent to Sicily.

### YUAN SHIKAI SEEKS PROTECTION

PEKIN, China, Jan. 3.—Yuan Shikai, who was removed from office as Comptroller of Customs and Councillor, the result, as stated, of a Manchu plot, has fled to Tien-Tain, arriving today. He has asked for the protection of the British from his enemies of the Chinese Court.

### GERMAN TRANSPORTABLE HOSPITALS

COPENHAGEN, Denmark, Jan. 3.—Emperor William of Germany, who is visiting here, has issued orders for eight transportable hospitals of eighty beds each, as used in the German army, to be sent at once to Messina.

### POISONED BY MAILED CANDY

DENVER, Colo., Jan. 2.—The members of two families are in a serious condition through poisoning, the result of eating candies sent to them through the mails.

## PLANNING FOR A GIANT WAR SHIP

Navy Considers Construction of Vessel With 14-Inch Guns

Washington, Dec. 19.—The Navy Department is considering the desirability of constructing monster battle-ships, bigger than anything yet built or even designed elsewhere. One plan presented by the Naval Board on Construction calls for eight fourteen-inch guns and displacement of 25,000 tons. In the fourteen-inch gun ship, the thickness of the turret, side and barbette armor will be greater than in the twelve-inch gun ship, giving better protection than the latter will enjoy. Two designs have been prepared for a fourteen-inch gun ship.  
There have long been serious differences among naval experts regarding the advisability of using bigger guns than twelve-inch on account of the probability that the discharge of bigger guns would seriously rock the ship. Moreover, it is known that under some conditions the eight-inch guns, for instance, are more effective than ten-inch. The Navy Department is pretty well committed to the all-big-gun-ship plan, and Congress may consider it favorably when the matter is properly presented. The speed of the new ships is intended to be from 20 1/2 to 21 1/2 knots under trial conditions.

### Ayer's Hair Vigor

A gentleman residing at Dunedin, N.Z., writes under date Jan. 7, 1907:

"It is with gratitude I write you that I have now a splendid head of hair, both thick and very soft, all owing to my having used your wonderful Hair Vigor. I was almost bald headed before I used the Hair Vigor. I still use it once a day, rubbing it well into the roots of the hair. I need to wear a skull-cap, and I am very grateful to Ayer's Hair Vigor for the improvement it has made in my locks."

### SULTAN LIKE A STAGE SHYLOCK

**Opens Parliament Dressed In Shabby Clothes And Without a Decoration**

Constantinople, Dec. 19.—The scene before the mosque of St. Sofia at the opening of the Turkish Parliament as the Sultan reached Parliament House after a four-mile journey by land exceeded anything that had been imagined beforehand. Thousands of persons were clustered on roofs, piazzas and buttresses of the ancient church, two millions even standing on the summit of the dome. Trees, windows and the flat roofs of houses were crowded with spectators. No other such multitude has gathered in Constantinople in 500 years, yet throughout the entire day no disorder whatever was observed.

There was a dandy hush when the Sultan entered his box and everybody stood up. Bent and clad in a shabby overcoat, without a single decoration, the Sultan bore a remarkable resemblance to the stage Shylock, and looked rather like a criminal in the dock than a ruler blessing his people.

**LABEL ALL BOXES WITH CONTENTS**

In packing away things, make it an invariable rule to label all boxes and trunks with the contents.

It is a good idea to tack an envelope on the inside or outside of the cover, and in it slip a paper containing a list of all that is within.

When anything is taken out, cross it off the list.

This will save countless hours of searching for an article which eludes the most careful hunt.

In packing away hats see that they are not crushed in any way.

Pack plenty of tissue paper around them to exclude any possible dust or light.

Eddy Refrigerators

Are Built for Service

We cannot emphasize that too strongly. In their manufacture SERVICE (ECONOMY for the CONSUMER) is the FIRST consideration; after that comes APPEARANCE.

It is made of white pine. "Hard wood" SOUNDS better to the ear, but repeated tests have shown that nothing is the equal of seasoned white pine as a non-conductor of heat.

The smooth, sanitary ZINC LININGS of the EDDY are not so PRETTY as porcelain and tile, but they will never peel, crack, or break, making crevices for accumulation of filth and disease germs.

The EDDY is an Honest, Serviceable Refrigerator.

Roller Wants Match With Kaufman

SAN FRANCISCO, Calif., Dec. 24. Dr. B. F. Roller, a stalwart Northerner, who at one time wrestled Frank Gotch, is anxious to break into the boxing game. The following letter sets forth Roller's aims:

"Seattle, Wash., Dec. 18, 1908.—Dear Sporting Editor Examiner—Dear Sir:—I would like to meet the winner of the Kaufman-Barry match. I am willing to box the winner any time from this day on, and the sooner the better. You may make the match anything from ten to forty-five rounds, as you like, and I am willing to divide the purse 75 per cent. to the winner and 25 per cent. to the loser, and in addition I will wager \$1000 on the result. All I ask is an even chance with my opponent and I am willing to box for the club offering the best inducements.

"If you feel that this matter is worth your while to consider I shall send forth money on hearing from those interested that the match is available.

"For reference concerning me you may consult J. J. Corbett and the Seattle Daily Times.

"Yours very respectfully, "B. F. ROLLER."

He Accepts But Puts Up No Money

According to the Tiser, W. C. Taylor is ready to meet Peter Stanley under any conditions that may be agreeable to the latter, providing that he has two weeks to train in. He has not covered Stanley's money yet, however, so it is hardly likely that Peter will care to talk business with him just now.

Stanley has deposited \$100 with the Sporting Editor of the Bulletin as evidence of his sincerity, and is really out after a scrap. Though he has his eye on Sailor Morch in particular, he has expressed his willingness to meet either W. C. Taylor or Joe Emory, providing that they come forward and cover his coin.

Stanley will fight at 130 pounds, ringside weight, for a purse, winner take all, and \$100 side bet. He is out in earnest, and any one who means business can doubtless get a hearing.

The Bulletin Publishing Co., Ltd., is agent for the best engraving and lithographing company on the Pacific Coast and is prepared to give estimates on high-grade printing of every kind.

Also prices and samples of the Very Latest in Engraved Cards, Announcements, and Invitations, in the best of form for smart functions.

The second game was between the Giants and Eagles. The Giants defeated the Eagles by the score of 5 to 4. Manuel Gomes pitched a fine game.

CHINESE NEW YEAR

The Chinese Athletic Association and the Students' Alliance will fight the question of supremacy out on the baseball diamond on Chinese New Year. Heretofore the New Year contest has always taken the form of a track meet.

Koolau Athletic Club and the Metropolitan A. C. played a game of baseball at the Heela ball grounds New Year's Day. The Metropolitan came out ahead to the tune of 10 to 2.
