HAWAII'S "BLUE" LAWS

CONSTITUTION and LAWS
Framed by the Missionaries.

LAWS of the HAWAIIAN ISLANDS.

5. If a man suffer want in consequence of not obtaining a sufficiency of food, and on that account does not perform the labor assigned him by his master, that servant is not in fault. He however should give immediate notice, that his master may know it. But the best way of all is to take a definite bargain in the first place, and that will prevent subsequent difficulties.

If this law be proclaimed in any village or district, the day of its proclamation shall be the day of its taking effect in that place, but even if it be not proclaimed it shall nevertheless take effect on all places on these Hawaiian Islands on the first day of September of the present year.

All the words of this law having received the approbation of the Nobles and Representative Body, we have hereunto set our names on this twentieth day of April in the year of our Lord one thousand eight hundred and forty one, at Lahaina, Maui.

(Signed) KAMEHAMEHA III
KEKAULUOHI.

CHAPTER XVI.

LAW RESPECTING DEBTS AND USURY.

When men are trading with each other, it often occurs that one receives the property of another without paying for it immediately. In the estimation of this law it is not well to run in debt, though it is not made absolutely taboo, for a man might sometimes be in a very straitened circumstances could he not run in debt, where this protective law is established.

1. If two persons engage in a commercial transaction, or trade together and one runs in debt to the other, and they make a definite agreement respecting the debt, then payment shall be made at the time agreed upon. But if the debt be not cancelled, then interest shall be paid, at the rate of one per cent per month; and this shall be the rate of interest for all debts that are cancelled at the time agreed upon. This requirement applies to common trade and to accounts which have not the signature of the debtor. But notes of hand, having the signature of the debtor shall be interpreted according to the purport of the language contained in it. If the note specify that interest shall be paid, then it shall be so. But if the note do not mention interest, then there shall be no interest unless there be mentioned a particular time for payment, and that expire without the debt's being cancelled, after which interest shall be paid as mentioned above.

2. Debts of promise, or accounts not having the signature of the debtor, if they are not cancelled within a year from the time that interest commenced on them, shall be put into notes having the signature of the debtor. In the note the rate of interest shall be mentioned, according to their mutual agreement, the law does not specify in such a case. And if there be no note given with the name of the debtor, then there shall be no interest after the first year. But if the debtor refuse or be absent, and on that account no note be given, then the judge shall be notified thereof and from the time the judge receives the notice, interest may be required.

If this law be proclaimed in any village or district, then the day of its proclamation shall be the day on which the law shall take effect at that place. But even if it be not proclaimed it shall nevertheless take effect at all places on these Hawaiian Islands on the first day of September of the present year.

This law having received the approbation of the Nobles and Representatives Body, we have hereunto set our names this twenty-six day of April in the year of our Lord one thousand eight hundred and forty one, at Lahaina, Maui.

(Signed) KAMEHAMEHA III
KEKAULUOHI.

CHAPTER XVII. VAGRANT LAWS.

Indolence is a crime involving the best interests of the state. Even in the days of old it was considered a crime, and at the present time it is perfectly clear that it is a misdemeanor. Those who live without labor live in direct disobedience to the commands of God, and in disregard of the opinions of mankind. Wherefore in a council of the Nobles and Representative Body, this law was passed.

1. If a man be often seen running about, or sitting idly without labor, or devoted to pay and folly, he shall be taken before the judge, and if he cannot bring evidence that he labors sufficiently to pay for his board and clothing, he shall then be put to hard labor for three months.

(A translation of the popular Song of to-day)

Famous flower Hawaii's sons
Faithful ye unto our land,
The first there came the loathly messengers
Freed and freed under their hand
Yet calm now, Great Hawaii,
Kewee's own also Pili's shore
Kauai there too joined of Mano
Kakuhikawa's Oahu forms the roar,
N'er put your name unto their schemes
Sign no such deed of lasting shame
The enemy of each and all
Hawaii's sons share no such blame.
In vain regrets or shameful moans
Make we for wealth or former pay
Their government our shall say that we
Have been with them one single day.
The very stones upon our land
Shall be to us as richest meat
They belonged unto our ancestors
And ne'er from them shall quit of feet.
Annexation, no! that means the loss
Of manhood's rights and freedom's laws
Hawaii will be classed as slaves
If ye desert our Islands' cause.
Loyal we and firm we stand
Unto our Queen till death us part
Enslaved forever Liliu most dear
To every loyal Hawaiian heart
May she soon be restored again
To throne and crown, our rightful claim
This only is the motto proud
Attached to every patriot's name.

"PER GUARDIAN"

The decision in the McGrew divorce case has finally been published, and the opinions of the judges are before the public. Messrs. Bickerton and Frear render a decision in which the "divorce per guardian is authorized. Mr. Brunson sitting in the place of A. F. Judd gives a dissenting decision.

We have in former issues made several references to this case, and our criticism has been very adverse to the majority of the court.

A study of their decision confirms us in the stand which we have taken, and illustrates plainly the lack of judgment of good law, and of justice which prompted the majority of the court in deciding as they did.

The decisions are printed in the Advertiser, and we encourage professional and layman in reading through the evaporations of the Frear-Bickerton combination and the dissenting opinion of Mr. Brunson.

It is not for us to criticize the decision of the learned judges, but the points raised by the majority of them are so outrageously absurd as to make them deserving of comment.

The two gentlemen who control the Supreme Court of the Hawaiian Islands do not substantiate their decision by a single quotation from any authority. They simply admit that while the "law" in Mr. Brunson's decision is good, the "policy" of the day demands them to take a different view.

In advocating the right of a guardian the two learned judges state that "the guardian is appointed for the benefit of the ward, and if it appears for the ward's benefit to have a divorce, the guardian should be allowed to bring the proper proceedings, since the ward himself cannot do so. This is the business of the guardian."

If that theory is good may we ask the learned judges to tell us if there are any reasons, why a non compos mentis should not be able to contract a marriage per guardian? Let us imagine that a son of one of the learned judges should prove himself an idiot (which would be impossible, and to which suggestion we say "God forbid"), and we were appointed his guardian (which God also forbid.) And within our honest idea it would be found for "the benefit of our ward to contract a marriage, say with a girl backed by spondu-

licks, and she should prove willing," then the guardian according to the decision of Frear & Bickerton would act as a precedent and such a marriage be contracted.

The dissenting opinion of Judge Brunson is a very clever paper. We take pleasure in quoting his finishing words which read as follows:

The question of policy in this or any other given case, is one for the Legislature and not for the Court. Questions of expediency are addressed to the Executive, policy to the Legislative, and the law to the Judicial. Each is declared to be a separate and independent branch of the Government, and neither should trench upon or exercise the powers of the other.

There is one point in Judge Brunson's opinion in which no modern jurist or any intelligent layman can concern. He claims that the demurrer interposed by the defendant must be held to admit all the allegations of the bill, including the adultery charged, and that, it is conceded, constitutes good and sufficient ground for a divorce.

This is a fictitious plea at one time frequently supported by Courts in America. It would virtually mean, if supported, that the editor of this paper, in a recent libel suit, plead guilty, because he entered a demurrer against the charge as preferred. We believe that Judge Brunson whose reputation as a learned jurist is well-known will hardly hold that the theory established in his decision is sound. The merit of a case can never be settled or anticipated by the proposition of a demurrer. That's good law.

Both opinions are worth reading. The one backed by the majority shows that "policy" rules our Courts, the one signed by Brunson proves, that there is one man at least who knows and espouses LAW.

THE TRUE SITUATION.

The Advertiser tries to make capital out of a letter which appeared in Mr. Bush's paper and which, it was stated, emanated from John Cummins. According to the Ka Leo, Mr. Cummins wrote that the restoration of the monarchy by the United States was assured, and the Advertiser has the cheek to insinuate that the HOLONUA had joined the credulous followers of Bush in the preposterous idea. If the Advertiser would take the trouble to read the HOLONUA it could not be in doubt that we consider the expedition of Widemann, Parker & Co., as a failure and that the only result to be derived from their journey will probably be a direct answer that the U. S. government cannot overturn things here by force.

We admit that something is to be gained by arriving at an unconditional answer at that time but we certainly do not hold out any hopes to the Bush faction as far as "restoration by Cleveland" is concerned.

In yesterday's issue we gave our reasons why the United States government cannot recognize the present regime in Hawaii.

The non recognition will in our mind, enforce the Dole administration to abate because this country cannot go on without treaties and favorable consideration from our great and good neighbour. Of course Mr. Dole might do the pirate-act and hang on to his present power at all hazards and by his mercenary soldiers. He might tax the people or even role them for the purpose of filling his treasury. But such tactics would not last very long.

Our policy has not been changed materially. If we had seen some willingness on the part of the government to act decently towards a fair and loyal opposition we might have followed out our first principle and tried through political measures to oust the men in power. When we found our letters of denization cancelled and met a refusal to become a citizen and a voter in a country in which we have become domesticated and gained all the rights of a citizen, then we saw that sincerity and honesty was not to be found in the tanks of Dole and then we called to the men

who think as we do to treat this government as pirates and brigands even if the country goes to ruin. With us they might have existed, against us they are a hopeless failure. They have chosen the letter.

Ripe Pears are again in the market. Mr. Dole's prosecution notwithstanding.

HEINRICH BERGER.

To-day's Jubilee of the Popular Bandmaster.

There is not a man, woman or child in Hawaii today who does not wish Professor Berger "many happy returns of the day." The gifted musician today reaches the "crossing" line and he can with satisfaction look back on the 50 years which he has passed and of which he has spent a fair share in our sunny isles.

Berger is a Berliner, he could not be anything else. Where could a man with his geniality, bonhomie and easy going nature be found except in the city where we "kommen nach Linden auf."

The father of the bands in Hawaii has experienced the controversies and favoritism of fame fortune before he saw the Paradise of the Pacific. He was selected under special competition for the office he now holds. He has done honor to the men who selected him and to the country from which he was chosen. We reprint from this morning's Advertiser the following notes relating to the life of the Jubilant: Since his arrival here, he has served under six rulers and fulfilled his duties in a most exemplary manner. His jubilee concert tonight should be attended by everybody. Politics and social distinctions should be forgotten, and all good citizens of Hawaii-wei who, for more than two decades have enjoyed "Berger's" band should be present and yell out to the ever young wielder of the baton a hearty GLUCK AUF!

Henry Berger was born in Berlin, Germany, on the 4th of August, 1844, in Brudder street, where his father carried on a mercantile business in linen goods. The Berbers were old citizens of Berlin. In 1848 came the terrible revolution, in which Berger's father took an active part. The home was broken up, and the house and business confiscated. Relations took young Berger to a small city—Coswig—near Wittenberg, the home of Luther. There he went to the public school with his cousins.

In 1858, he was confirmed and left school, and was put in a machine shop, as he was to be an engineer; but, unfortunately, his benefactor died, and it was thought best by his relations to prepare him for the army. He entered a music school, and after examination, joined the army as assistant musician in October, 1861, and commenced his career in the Second Lifeguard Regiment in Berlin. He had to live three years at the Barracks in Friedrich street with many others.

Berger had always a liking for writing, fixing and composing music and had now the opportunity. He took private lessons on the piano and studied counterpoint. He was present at the crowning of Emperor William, the King of Prussia who succeeded his brother, King Frederic William the Fourth. His regiment was mobilized in 1864 at the beginning of the Schleswig-Holstein war. In 1865 the Lifeguard Band, of which he was a member, made a concert trip through Saxony and Thuringia with great success, under the leadership of the celebrated bandmaster, W. Wiewprecht. In 1866 he went to the Austrian war with his regiment. In 1867 his band was sent to the International Exposition at Paris, where all the military bands of the different nations took part. The Twenty-third Life Guard Band

came out victorious and won the first prize over fifteen other competitors. After this it took a three months trip through France, Belgium, Holland and the Rhine countries with enormous success under the same leader.

In 1867, Professor Berger entered the Conservatory of Music, studying for the position of a bandmaster. In 1870 he went with the army to the Franco-Prussian war, and was present at Gravelotte, Sedan, and the siege of Paris, and entered Berlin with the victorious army in July, 1871. In 1872 came a call at the ministry of war from the Hawaiian Government, to send a competent army musician to instruct the Hawaiian Government Band. Professor Berger had by this time passed his examination as bandmaster. He and eleven other aspirants were called for closer examination and Professor Berger came out victorious, and was sent to Honolulu directly arriving in June, 1872.

The Old Story.

We have often alluded in strong terms to the facility with which the "400" in Honolulu, are induced to open their doors and accept every bilk, scoundrel and non-descript, who arrives on this beach.

When such animals are clothed in the naval uniform of the United States, he possesses, of course, a pass-port which de jure carries him into the sacred portals of Honolulu society (save the mark.)

Lieutenant Filette, a pronounced blackguard, has now been cashiered from the navy. We mentioned his trial by court martial in a former issue, and we should with pleasure, forget his career here when he, Gladely, was accepted by Rex.

Will the so-called society sometime learn a lesson, or will its members continue to be as they now are, suckers and the legitimate prey of every adventurer and scoundrel, "navally" dressed or otherwise. The following item explains the finishing of Mr. Filette.

In that the said Theodore J. Filette, a First Lieutenant in the United States marine corps, attached to and serving at the marine barracks, navy yard Portsmouth N. H., a married man, did, on or about the 16th of January, 1894, write to and cause to be delivered to —, a young girl residing in the city of Portsmouth, N. H. and a student in the high school of that city, a letter in the words and figures following, to wit:

5 P. M.—The message just received. I am so sorry, sweet-heart, that you have been annoyed. We must make our arrangements tonight as to when we will start. We cannot start before tomorrow night, though I must see you tonight to make arrangements. Do not be afraid, but do just as I write. Slip out of the back door—or the best way you can—after they have all retired for the night. I will wait for you between 10 and 11 tonight in front of the Post Office, unless you name some other hour in your answer (change time and place if you wish) and put it on sidewalk right side of steps as you come out, and he will find it. You could drop out of parlor window. Tell me what hour you think best, and do not be afraid. Trust all to my love and do as I write. We will be out of their way in another forty-eight hours. Follow instructions about answer as quickly as possible. Excuse paper.

Which said letter was written and sent as afore said for the purpose of enticing the said — to elope with him, the said Filette, to the scandal and disgrace of the naval service.

Hawaiian Hardware Comp'y.

July 24 1894.

In "Puddenhead Wilson's Philosophy" Mark Twain says: "Put all of your eggs in one basket—and watch that basket." Eggs are not the only things to which this applies, we can make it fit stoves and change eggs into dollars and make it read—Invest your coin in a Pansy Stove—and the stove will watch itself. We have been watching these stoves for the past five years, and find them the best iron stove sold in this market for the money. Where else than at our store can you get a stove that will do everything that a \$50 stove will do and get it for \$15? Echo answers, "the place isn't built." We have sold hundreds of these stoves in Honolulu, and never had a complaint. Two weeks ago, we sold one to a gentleman on Hawaii, and yesterday he ordered another for a friend. The stove sells itself through its fuel saving qualities, and because, it is a good baker. You can get other styles of stoves if you are not particular as to the quantity of fuel you burn or how your food is cooked. There's no dyspepsia in meals prepared on a PANSY.

We received last week a lot of wire clothes-lines that hold washed clothes without using pins. It is a sort of double wire arrangement and the pieces are held in between; the harder the wind blows the tighter the pieces are held to the line. There is absolutely no danger of the clothing being torn as there is nothing sharp about the line. While the cost is a trifle greater than rope, this new style will last so much longer that it is economical to buy the pinless line.

The CLAUSS is one of the new fangled saw-edge knives that cuts warm bread without leaving it heavy and iced cake without making crumbs. There are two or three different makes of these knives, all on the same principle and each one pronounced the best on earth by the manufacturers. We selected the Clauss, which we believe as a disinterested spectator to be better than its neighbors. You never had anything in your life that gives as much satisfaction for a dollar, if you were buying the other sort you would get only one.

The favorite sewing machine in any community is the one that does the most for the least money and which runs the easiest. In the "Wertheim" you have a machine that sews three distinct stitches—The Lock, Chain and Embroidery and runs easier than any other machine, and you pay twenty dollars less for it. Economy stands boldly every side when you buy a Wertheim. In tucking the chain stitch is preferable, but in other kinds of work, the lock stitch is the best. If you buy a machine that sews the lock, unless it is a Wertheim, it won't sew a chain stitch. There's no particular saving in buying a machine with but one stitch, the Wertheim does three and saves you lots of trouble and work.

We've just unpacked six cases of stand lamps that were built for hard times. They have metal bases and are decorated so as to make a very neat appearance in a room. We don't think you can get as good a lamp anywhere else for the money, try as hard as you please.

Our stock of table cutlery, spoons and forks is as large as you will find in any store in San Francisco, and our prices compare favorably with those in New York.

Citizens in Manoa Valley are complaining loudly against the miserable roads which the present government has offered them. The smart road-supervisor seems to have a grudge against the Manoa people and he has consequently ploughed the road and left the taxpayers in that quarter to suffer from dust or mud. It's a pity Mr. Dole hasn't got some sense up that way. If he had the Manoa road might be as good as the Panoa.

LOCAL NOTES.

The long wished rain is yet to come.

No baseball this afternoon. Cricket instead.

No concert at Emma Square this afternoon.

Bush clearing is progressing along the line of the proposed extension of the Oahu railway.

The Arawa arrived this morning from the Colonies and left this port at 9 p.m.

The French man-of-war Duguay Trouin is on her way hither from Victoria B.C.

Mr. S. M. Damon has returned and has resumed his duties as Minister of Finance.

Cricket match this afternoon at Makiki reserve between teams from the Honolulu club and the Champion.

Religious services will be held in Harmony Hall King street to-morrow at 9:45 a.m. and 7:30.

Many members of the volunteer military companies have received "honorable" discharges for non-attendance at drills.

There is expected to be a great gathering of people at the Berger jubilee concert this evening at the Hotel.

The absent Attorney General and the President of the Board of Health is expected back to town here, tomorrow morning.

The bicyclists are nearly all in training for the races which are programmed to take place on Saturday next at Kapiolani Park.

The "personally conducted" Volcano party numbered ten and left for Madame Pele's domains yesterday afternoon in the Kinau.

Mr. D. M. Crowley was a passenger for Victoria on the Arawa. He was hoisted on board the steamer in the last minute.

Capt. Hawes, the successor of Minister Wodehouse has arrived. He will probably assume his office at the end of this month.

The Waimanalo leaves on Monday for a circuit of Oahu. Capt. Davis will carry passengers and freights safely to their destination.

The public will have an opportunity to listen to the vocalization, by the Maunerohoer club, of two popular German songs at the jubilee concert this evening.

The members of the Scheutzen club, Citizen's reserve and American League are reported to be now supplied with badges and are commissioned as special officers.

The Merry-go-round will open to-night after a short vacation. The always ready Victor will be there and assist all visitors in the going-around business and in listening to the loud voice phonograph.

Mr. C. O. Berger writes to his friends from Gottingen. He is steadily improving in health and expects to return to Honolulu within two months. He also hopes that local politics have taken a rest and insurance a lift.

The Philadelphia will leave us and the great "republicans" are in a stew. Let us remind them of the fact that Long Life Whiskey is yet to be found at the Anchor, and that Billy Cunningham is always ready to encourage the weak-hearted officials.

There is every prospect of to-morrow being one of those hot dusty days which are now so frequent. The hills which flesh is heir to, during said weather, may be alleviated by a ride to Waikiki a call in at Col Jim Sherwoods Long Branch Baths and a plunge in the sparkling water that lave the golden sands.

A Grand Success.

If the Scottish Thistle Club continues its social work in the line as was demonstrated last night, it will become the most popular organization. Sydney, July 19. [In returning thanks to the electors of St. Leonards last night, Sir Henry Parkes said he regarded the result of the election as a triumph for a great cause. If the new Parliament lasted half of its allotted life, it would be untrue to the electors and to Australian nationality if it did not see that the great cause of federation was brought into the field of practical politics and dealt with effectively.
