DIED IN DENVER

MRS. DAPHNE BELLE SUTTON-WHITIN-KEPNER PASSES AWAY IN EARLY LIFE.

Mrs. Daphne Belle Sutton-Whitin-Kepner, who gained considerable notoriety here not long ago as plaintiff in a divorce suit against F. B. Whitin, millionaire, is dead. She lived in Honolulu for some time and became quite well known. Shortly after securing her divorce she married again. The following Los Angeles dispatch gives, with some inaccuracies as regards her life here, an outline of her career:

LOS ANGELES, Sept. 21.—Three tragedies of a beautiful woman were brought to light today through the filing of a petition for letters of administration of her estate. Twice did fickle chance rob her of a husband through the divorce courts. The third tragedy was in her death at Denver shortly after her marriage to the sweet-heart of her youth.

The estate is that of Mrs. Daphne Belle Sutton-Whitin-Kepner, 32 years old, wife of Thomas E. Kepner, a wealthy lawyer of Blair, Nev. She died early last month at the home of her mother, Mrs. M. L. Sutton, in Denver. Kepner came here yesterday to secure administration on part of the estate in this city. It was from George Doyle, a Denver millionaire, that pretty Daphne Sutton, then but a girl, obtained a divorce and a share of his fortune.

Starting out to see the world, she came first to Los Angeles, later going to San Francisco, where she invested in property. Then she sailed for Manila, where she was a striking figure in society and where she met Kepner, the flame of her girlhood days. Kepner renewed his suit, but Mrs. Doyle was not yet ready to wed him. Flitting next to Honolulu, she there became a social queen, and it was there that J. E. Whitin, a millionaire paper manufacturer of Massachusetts, wooed and won her.

They were married, but not for long, for the new husband filed divorce proceedings and they were not defended. Whitin celebrated the granting of a decree with a gay affair at a mountain summer resort at Hilo, at which wine flowed and costly presents were made to the guests.

Again did the woman, now Mrs. Whitin, sail for Manila, and there in the gay whirl of society did she drown her marital sorrows, likewise suffer a renewal of the suit of Kepner. This time he was successful and they were wed last February, going thence to Nevada. Taken ill in the mining town of Blair, Mrs. Kepner returned to her mother's home in Denver and there died on September 9. Her husband made over half of the estate to his deceased wife's mother.

HAVE TO PAY UP.
Tax Assessor and Collector Holt is having executions prepared in a large number of cases of judgments secured from the district court against delinquent tax payers, and these executions will be put in force at once. A good many persons are getting an unwanted hustle on themselves, especially among the police, firemen, and other county employes, who have fears of losing their jobs if they try to evade their part of the burdens of state.

Remarkable Swimming Tale

Natorial circles have been much exercised over the story of Edward H. Colell, a New York business man, who claims to have boarded the Clyde Linger Huron after being all night in the ocean following a swim off Rockaway Beach, N. Y. The nearest point at which he could have caught the ship was 24 miles distant from where he entered the water and the captain of the Huron says he did not pick him up at sea. Nevertheless, Colell was aboard when the Huron landed at Charleston and sticks to his story that he was picked up at sea by fishermen and put aboard the Huron. If he made the swim it is one of the greatest feats on record.

Interest Taken In Pearl Harbor

WASHINGTON OFFICIALS DISCUSSING THE IMPROVEMENT AND FORTIFICATION OF THE HARBOR AND MORE INTERESTED IN IT THAN IN FORTIFYING HARBORS OF THE PHILIPPINES—BIG SUMS TO BE SPENT.

WASHINGTON, September 14.—Considerable more enthusiasm is manifested by the Army engineers over the fortification and improvement of the Hawaiian island harbors than there is over fortifying the harbors of the Philippine Islands. Especially is the interest keen over Pearl Harbor, which has been termed "the key of the Pacific," and where it is intended to create a great naval base at an expense of many millions of dollars, with a navy yard, drydocks, coaling station, supply depot and all the other appurtenances required for that purpose.

The strategic advantage of the location can be appreciated by a glance at the map; but the map will not convey any impression of the splendid harbor, landlocked, spacious and with an abundance of water to float all the biggest battleships in all the navies of the world. The entrance to the harbor was protected by a bar of coral, but this has been cut through and a depth of thirty feet insured at low water. The channel is of good width,

SCARLET FEVER

A good deal of uneasiness was manifested this morning in the numerous inquiries made at the Star office as to the reason for a yellow quarantine flag being posted in front of a house near the corner of Beretania and Miller streets. Inquiry at the Board of Health office brings the information that the flag marks an isolated case of scarlet fever at the home of E. P. Chapin. It is a little daughter of Mr. Chapin who is afflicted with the disease, and she contracted the contagion from an aunt of hers who recently arrived from the Coast and is visiting with the family.

HART IS BACK IN JAIL AGAIN

BONDSMAN APPARENTLY GOT SCARED AGAIN AND THE DEFENDANT IS LANDED BEHIND BARS—STANDARD OIL AGENT ARRIVES AND IS MET OUTSIDE BY DISTRICT ATTORNEY BRECKONS AND CHIEF OF DETECTIVES TAYLOR.

Hart's in jail again. Lionel R. A. Hart has again been surrendered by his bondsman, Kamallikane.

United States District Attorney R. W. Breckons and Chief A. P. Taylor went out in a launch this morning to meet the S. S. Korea from San Francisco off port for the purpose of interviewing H. K. Fletcher, the travelling auditor of the Standard Oil Company, who comes here to investigate the crookedness in the kerosene accounts of the local agency where Hart was bookkeeper and cashier. Their idea in going out was to see Fletcher before Manager Mayer of the Standard Oil agency met him, Breckons desiring to tell the special investigator what had already been learned or supposed.

Hart was arrested last night on his way home and was taken to Oahu Prison by Deputy Sheriff W. P. Jarrett.

COCKTAIL STORY STILL STIRS UP THE COUNTRY

OYSTER BAY, N. Y., September 17.—Because of the wide publicity given the statement of Bishop Berry of Detroit that either President Roosevelt or Secretary Loeb, and not Mr. Fairbanks, was responsible for the cocktails served at the luncheon tendered them by the Vice-President at Indianapolis, Secretary Loeb today issued the following formal statement in denial:
"The statement is too absurd to be given any credence. Neither the President nor his secretary, either directly or indirectly, ordered anything of the kind at the luncheon in question or at any other luncheon at which they were guests."

ROYAL BAKING POWDER N. Y. N. Y.

BOUGHT COWS AND IS ARRESTED

William R. Holt, rancher, of Wai-alea, is charged with larceny in the first degree, and is alleged to have stolen, swiped, purloined, taken away without justification or extension by law, two cows belonging to the Wai-alea ranch, the manager thereof swearing to the warrant for Holt's arrest.

Holt was arrested early this afternoon in Honolulu.
The cows in question, it is said, were surreptitiously sold by a foreman of Percy Pond to Holt, and the charge of stealing them is likely to lead to a lively row.
Another feature of the case is that the animals had been segregated by Pond, on suspicion that they were not healthy. Tests which were made some time ago proved unsatisfactory and Pond, acting under the advice of Dr. Nordgaard, promptly separated the cows from his herd.
It is stated that the foreman made a cheap bargain with Holt to buy the cattle on account of their being probably diseased.

HARMSWORTH PAYS \$1,250,000 FOR LIBEL

ALFRED G. HARMSWORTH.

The extraordinary libel action brought by Lever Brothers against Lord Northcliffe, better known as Sir Alfred Harmsworth, and the Daily Mail, is still a nine days' wonder in England. The Daily Mail has been adjudged to pay the sum of \$250,000 damages to Lever Brothers. The costs of the action amount to \$125,000, and there are other soap manufacturers who were equally libelled by the Daily Mail, and whose claims for damages will be paid without a contest. For example, Messrs. Watson have asked and received \$375,000, and it is creditably said that the total liability of the Daily Mail will be not less than \$1,250,000.

Both parties to the suit may be said to be world known. Mr. Lever's soap factory is one of the biggest in the world, and perhaps the biggest. Mr. Lever himself is a broad-spirited citizen who has worked his way up in the world from humble beginnings, and who is well known to be a philanthropic reformer, earnest, capable, and sincere. On the other hand, Lord Northcliffe is the proprietor of the Daily Mail, which may be said to be the solitary representative in England of yellow journalism.

Perhaps the gravest charge brought against Lever by the Daily Mail was

to the effect that the threepenny bar of soap had been fraudulently reduced from sixteen ounces to fifteen ounces, and that the consumer was being cheated to the extent of one ounce upon every bar of soap that he purchased. Another charge was of injustice to employees. Mr. Lever is recognized as a model employer, and his factory upon the banks of the Mersey is an eloquent testimony to his care for his workmen. The Daily Mail said that as a result of the imaginary trust, large numbers of these workmen had been discharged. As a matter of fact, only one man had been dismissed, for good cause, while the total working force had been largely increased.

And so on and so on. The Daily Mail returned to the attack day after day, but always with some fresh elaboration of falsehood, some new intricacy of slander. Lever was trying to bribe the press by advertisements; Lever was using unsavory fish-oil; Lever was defrauding his preference shareholders; Lever was a public enemy, who was feeding the public for the benefit of his new and unholy combination. In fact, Lever was breaking all the ten commandments and each one in ten different ways.

At last the worm turned, and the suit was begun.

TRAVELS 2000 MILES TO SAVE HER LOVER

MISS MAUDE GAGE BRAVES PERILS OF CHINA'S INTERIOR AND RETURNS A BRIDE.

NEW YORK, Sept. 16.—"We have had excitement enough to last us all the rest of our lives," said Mrs. Charlton B. Perkins, just after she and her husband arrived here. "It seems good indeed to get back to civilization."

Romance bristles in the history of the couple. During the Spanish-American war he served as an officer and for three years was on duty in the Philippines. While on a leave of absence he met Miss Maude Gage, daughter of ex-Governor Gage, of California.

Perkins was sitting on the veranda of a hotel at San Diego when a runaway horse came dashing down the street. On its back was a young woman. Perkins rushed to the rescue and saved Miss Gage.

Later Perkins accepted a place as instructor in the reform army of China. He was sent 2000 miles into the interior to look after some recruits. There he fell sick.

Just as fate—or fortune—would have it, at that very time Miss Gage arrived at Canton on a tour of the Orient. She heard of Perkins' presence and illness, and it didn't take her long to make up her mind what to do.

With an interpreter and guide she set out upon the long journey, and after untold hardships reached the bedside of the man she loved. She had gone prepared with a medicine chest, and for several weeks she acted as his nurse and assisted him back to health.

When Perkins was able to travel they set out upon the long and toilsome journey back to Canton. Immediately after their arrival at the American consulate they were married. Perkins gladly resigned his position with the Chinese Army and with his bride he traveled through various parts of Asia, Africa and Europe before sailing for New York.

WRITES HIS OWN DEFENSE

FERDINAND EARLE EXPLAINS HIS ATTITUDE IN LETTER TO THE NEW YORK WORLD.

NEW YORK, Sept. 6.—Ferdinand Pinney Earle, the Orange county artist-socialist who has set his fellow townsmen at Monroe and other persons all agog by shipping his young wife and their little son, Harold, off to Europe, so that he may obtain the freedom he needs to marry another woman, has written to the World a lengthy defense of his action, his text being recent criticism of himself by a woman writer. He says:

"There is nothing brutal or immoral in our whole affair, except the attitude of the papers, which are the helpless and hopelessly senseless and harmful servants of exploited millions. I regret this notoriety for the sake of the noble woman who is going partly out of my life, and for the sake of the lady who has helped me through this drama, and for the sake of the families who do not necessarily share our views. As for Harold, he goes to loving and lovable friends and shall ever enjoy a father's protection and, we trust, shall live to vindicate his parents."

Notwithstanding he was mobbed by indignant persons in Monroe and the manifest desire to treat him roughly again should he return from New York to Monroe, Earle is imperturbable. He told the village president that if he could get a chance seriously to discuss with the villagers what he had done, he could convince them of the righteousness of his position. But the village president advised the artist not to gain the people's ears. Earle also informed the reporters who remained in Monroe that he could not be forced to quit Monroe by any show of violence. His being thrown out of his buggy and slashed with his own horsewhip, he said, was a mere incident.

PROMPT RELIEF FOR A SPRAINED ANKLE

"Some time ago I sprained my ankle very badly on a loose stone," says Mr. George Stevens, who lives near Durban, Natal. "A neighbor gave me a bottle of Chamberlain's Pain Balm with which I rubbed my ankle and then bound it up with a cloth saturated with this remedy. I was surprised next morning to find the swelling gone, but still very sore. I used the Pain Balm faithfully during that week and the sprain gave me very little trouble. We have used this remedy in our family several times since, and have never been disappointed in getting quick relief. I consider it the best household liniment on the market." THE FOURSOME.

The chances of a match play foursome tournament in the near future at the Country Club are not very good. Frank Halstead, one of the greens committee, stated yesterday that the matter had been talked over lately by some of the committee, but at the present they thought that it would be better to let it drop. At the present time there are a number of other tournaments to be played off, and during this month there are two regular tournaments to be played off at the Moanua course that will take a number of the Country Club players away, and the committee have decided that it would be much better to let things drop for a little while. Ever since the Country Club has been in existence there has been something going on nearly every week, and the committee thought it would be wise to rest for a little while before any new tournaments are started. The chances for a foursome tournament some time before the first of the year are very good, and the date will be set in plenty of time, so that the players can get in and do some hard work before the match.

TROUBLE FOR HEARST.

NEW YORK, September 9.—Timothy F. Driscoll and his friends who deserted the Independence League last year, but who assert that they and not William R. Hearst are the real Independence League, are framing up more trouble for Hearst.

Driscoll's "state committee" after a meeting yesterday filed an application with the board of elections to be included in the official primaries September 24. They also sent out notices under the heading "Independence League" stating that their assembly conventions would be held October 2; aldermanic, October 4; municipal court, October 5, and county convention, October 8. Although the claim of the Driscoll bolters to call themselves the "Independence League" is still in the courts, it has been judicially decided that they cannot see the Hearst emblem.

Wallach Has Nice Time

J. Lor Wallach will not down. Evidences multiply of the confidence he has won among Hawaiians. With the valuable but unintentional assistance of the Board of Health, he is gaining quite a large following. The inconsistency of the attitude of the Board is quite as ridiculous as the female rocks. Wallach was important enough in the eyes of the Board to justify in his case a direct disobedience of an order of the legislature—a body superior to the Board of Health and supplying the Board with all its funds—and yet the Board attempts to take the lofty attitude of ignoring him as not worthy its learned attention. It is hardly conceivable that Wallach will gain a very important following even among Hawaiians, who are justifiably credulous and superstitious on the subject of leprosy, but he has enough to make him a political element, which is apparently what he is seeking. Few if any intelligent people believe in his cures, any more than do the scientific members of the Board of Health. But he carried the legislature and a Board which is a creature of the legislature has no right to defy it. Every now and then a Japanese quack is arrested and punished for practicing medicine without a license. "Dr." Wallach, unlicensed, publicly declared by the President of the Board of Health to be a fraud, actually advertises his alleged cures and bids for patients. He flaunts an offer of a \$500 forfeit in the face of the Board whose duty it is to stop his practice if its president's view is correct,—and nothing is done. Result: He is having a nice time with the leaders of the Home Rule party, some of whom are thoroughly convinced that the Board of Health scientists are afraid of "Dr." Wallach.

War Cry Springs A Surprise

The Star has the highest possible esteem for its great contemporary, the War Cry, and recognizes that the work that journal is doing all over the world is of positively inestimable value. It is therefore with much pain that the need for a gentle criticism is discovered in a late issue. In the issue in question appears a picture of three gentlemen surrounded by darkness and with their hands extended as though groping blindly. Beneath it are the words: "Ensign Lewis, Captain Neilson and Lieutenant Holgate, three miles underground in a lava cave at the foot of the volcano, Mount Kaabumanhu, H. I." This sort of a picture and caption in the War Cry produces a shock, like finding a misprint in the Bible. The only way to get three miles underground in these islands is possibly, to jump into the crater of Kilauea, at a time when it resembles that place against which the War Cry so earnestly warns its readers. It is to be hoped that the paper is not going to become "yellow." Possibly the photo was taken at a dark place in the caves of Kaamana, near Hilo, and is therefore not altogether a fake, but "three miles underground in a lava cave at the foot of the volcano" will never do outside of a Sunday supplement.

Kidnapping An Editor

The cabled report about the accusation of libel against Editor Older of San Francisco does not make the matter very clear. Older is the editor of the San Francisco Bulletin, which may be said to have started the graft exposures. The information upon which Detective Burns was able to act came largely through Older, who began denouncing Schmitz graft long before the matter reached the courts or grand jury. Unless the charges against them can be proved, it would seem that he has long been libeling Calhoun, Ford, Mullally and others, but they have paid no attention. The object of kidnapping him and rushing him south does not appear, unless the grafters hoped to hold him for a while and thus perhaps temporarily suppress the paper's activities.

Perhaps a William McKinley juvenile court might be a suitable honor to the late President.

Fishmarket or no fishmarket, the Pacific Mail steamers will call at Honolulu just as long as it pays to do so, and no longer.

If the Coast league baseball team "does up" Honolulu, it will be necessary to get satisfaction by sending a team to do up the Japs.

The scene at Canton yesterday, where a sister of the late President McKinley unveiled a statue of him, must have been a singularly impressive one.

Roosevelt made a speech yesterday, apparently without causing any trouble for anyone, so he must be reserving it all for that big message to Congress.

It must be admitted that the fishmarket doesn't look much better than a coal shed now. If Honolulu refuses to let the Pacific Mail Company have it on the ground that it is needed for parking purposes, there will certainly be an obligation to go ahead with the parking.

Taft and several other Americans of prominence are very emphatic in denying that the United States will sell or transfer the Philippines to Japan or any other nation. But taking public expressions as a criterion, the sentiment of the people of the country is strongly in favor of getting rid of the islands. They would be a nice place for Japan to expand in and would unquestionably please the Japs as a price of an exclusion treaty. That the Japanese are declaring that they don't want to buy and Americans that they would not think of selling, doesn't mean any more than the emphatic diplomatic statements on all sides that there never was any danger of war.

Tales Worth Telling

THE PATRIOT'S REBUKE.
"See your own country first," said J. E. McWade, the noted secret service agent. "Don't go to England till you have first seen America. They who boast about foreign parts when they don't know the beauties and wonders of their own land ought to be kicked." "I met a young chap from Boston the other day. He had been abroad for a month, and you'd have thought from his clothes and walk that he was an Englishman. He talked about England as if it were heaven, and finally he said: "In London, you know, I appeared at court." "I frowned and said: "Drunk and disorderly?"

AN APPETITE CURE.
How appetite subsides before a well-filled menu card was shown in a Washington street restaurant. The dramatics personae were two well-dressed women fresh and hungry from the bargain counter. "How would roast turkey do?" asked A, glancing at the list. "Cranberry sauce goes with that." "Excellent!" commented B. "But here's 'sirloin steak smothered in onions.' Shouldn't we try steak?" "Just the thing!" agreed A. "unless you care for triceases of children." "Why, they have fried kidney," suggested B; "they'd be tasty enough." "My dear," softly whispered A. "I notice there's lamb stew on the bill." "Lamb stew!" repeated B. "Is it possible?" "Or would you prefer mutton broth?" ventured A. "No, dear," replied B, with a sigh. "I don't feel like eating today." Then "lets make it pie!" came in chorus from the women, and pie it was.—Boston Herald.

NOT IN THE UNION.
The great round moon came out from behind a cloud and swam in the open blue. "Light of my life!" cried the love-sick youth, dropping on his knees, "can you not see that I rivet my eyes on you every time we meet?" "Stop!" exclaimed the beautiful maiden. "Can you answer my question?" "What question?" "Do you belong to the riveters union?" Crushed and crestfallen he slunk away in the shadows.

NOT THE KIND.
The witness had given her age as 30 years. "Thirty years old," said the judge, "were you not in this court room five years ago?" "I think I was, your honor." "And didn't you tell me then that you were 30 years old?" "I think it is quite likely, your honor," said the woman wholly unabashed. "I am not one of those women who say one thing one day and another thing the next."

ASKED FOR A STRING.
The dear girls were comparing notes on subjects of more or less importance. "Your beau seems rather bashful," said Stella. "Bashful!" echoed Mabel. "Why, bashful is no name for it." "Why don't you encourage him," queried her friend. "I have tried," answered Mabel, "but the attempt was a meagre failure. Only last night I sat all alone on the sofa and he perched up in a chair as far away as he could get. I asked him if he didn't think it strange that the length of a man's arm was the same as the distance around a woman's waist and what do you think he did?"

"Just what any sensible man would have done—tried it, I suppose." "Not any, thank you. He asked if I could find a piece of string so we could measure and see if it was a fact. Ain't he the limit?"

ACCORDING TO THE BOOK.
"Would you mind letting your husband accompany me to the train?" queried Mrs. Neighbors. "My husband is laid up with a sprained ankle you know." "I would be only too glad to accommodate you," replied Mrs. Homer, "but the bible forbids it." "The bible forbids it!" echoed the astonished Mrs. Neighbors. "Why, what in the world do you mean?" "Well," answered Mrs. Homer, "you know it says it is not good for a man to be a loan."

TWELVE LAWYERS ON JURY.
AURORA, Ill., Sept. 19.—Twelve attorneys, one of them the only woman practitioner in the county, composed a jury in the Kane County Circuit Court that heard a damage suit brought by Rudolph Brudnak, of Chicago, against N. K. Fairbank Canning Company, of Chicago. The plaintiff lost an arm while in the employ of the company. After a fifteen minutes' trial the jury returned a verdict in his favor of \$1275, the money being paid him immediately following the finding of the verdict.

SHEDS LIGHT ON FLEET MOVEMENT

BELIEVED TO HAVE BEEN CAUSED BY REPORT OF THE MILITARY OBSERVER. WASHINGTON, September 22.—After all the guessing and speculation is over as to the motives which impelled the President and a majority of the Naval General Board to order the battleship fleet to the Pacific the consensus of opinion among officials here is that several causes contributed to bring about that decision.

In his report Captain Judson says: "It is interesting also to reflect upon what would have occurred if at the outbreak of the war the Russian fleet in the Far East had been limited to a few protected cruisers, all battleships being retained in home waters. It is quite evident that in such case by the summer of 1905 a fleet might have been dispatched to the theater of operations with sufficient strength to crush the Japanese beyond a question of doubt."

INTEREST IN PEARL HARBOR

Continued from Page One. mated at \$2,544,390. The submarine mine defense is put at \$225,260. Power plants would cost \$68,938, and searchlights \$96,000, while the system of fire control would cost \$320,656.

Honolulu harbor has been improved by the Government by the reclamation of Quarantine island and the deepening of the entrance. The island was very low. It was raised a little by the local authorities, but the land around the buildings and roads was only two feet above the water.

The engineers have prepared a plan for the improvement of Honolulu harbor. It contemplates deepening the entrance channel to thirty-five feet at mean low water and widening it to 400 feet, making a turning basin in the inner harbor 1200 feet in diameter.

LIQUOR BOARD HEARS FROM KILEY

CONSIDERS THE TWO AIEA CASES AND WILL HEAR A LICENSE APPLICANT THURSDAY. At the meeting of the Liquor License Commissioners held yesterday afternoon in the Throne room in the Capitol building a letter from Fred Kiley relative to his license was discussed.

Another matter that was brought to the attention of the Board was the case of the two saloon men at Aiea who are charged with violating the liquor law at that place. Their case will be tried at Ewa in the District Court in a few days.

LONGWORTHS IN A TRAIN WRECK

ENGINE LEAVES THE RAILS WHILE MOVING SLOWLY IN SUBURB OF CINCINNATI. CINCINNATI, September 22.—Representative and Mrs. Nicholas Longworth were in a railway wreck on the Pennsylvania railroad on the outskirts of Cincinnati this morning on the last stage of their trip from Honolulu to their home in this city.

The engine attached to their train struck a "D" rail at South Norwood station, was derailed and plowed across the railway ties. The train had slowed down for the station or thereabouts and would have been a bad accident.

After a wait of an hour and a half the track was cleared, another engine put on and the train proceeded to Winton Place, where Mr. and Mrs. Longworth alighted and were taken home in their automobile.

THE VICTIM OF ROSECRANS MURDER

NEWS OF MCKINNON'S DEATH IN HONOLULU IS GIVEN TO HIS FAMILY. SAN JOSE, Sept. 21.—Archibald F. McKinnon, who was killed on the steamer Rosecrans, was the son of D. McKinnon, who resides in this city.

He was born in Alameda in 1881, but had resided on his father's place in the valley most of his life up to the past three or four years. Upon his graduation from the Moreland school he took a business course and spent some time in San Francisco as a stenographer.

McKinnon was considered a young man of exceptional qualities. He was of a quiet disposition and was ambitious to win success. The utmost regret is felt here by those who knew him over his untimely death.

PAPA PA LOST, HIS CHILDREN WON

MRS. PA'S PROPERTY GOES TO CHILDREN AND NOT TO PAPA, SAYS DE BOLT. In the matter of the estate of Mary Ann Pa, deceased, which was tried this morning before Judge De Bolt of the Circuit Court, judgment was rendered in favor of the children of the deceased and against the husband.

Judge De Bolt, however, holds that under the law the husband is not the heir, where personal property is involved, but that the children are. The case of the children was handled by Attorney Greenwell, while W. C. Achi represented Pa. The latter gave notice of appeal to the Supreme Court.

BATTLESHIP TO RETURN TO EAST

METCALF TALKS ON THE MOVEMENT OF THE FLEET TO THE PACIFIC. WASHINGTON, September 18.—"The battleship fleet will come back here," said Secretary Metcalf today, "but the fleet of sixteen cruisers will be ample to protect the Coast, and there are three battleships there also, the Oregon, Nebraska and Wisconsin. Naturally the battleships would have to come back some time."

CHRONIC VOYAGER DEAD

NEW YORK, Sept. 10.—When the Cunard liner Etruria sails for Liverpool on Saturday next the name of Mrs. Elizabeth Rohrbach, of Chicago, will be missing from the passenger list for the first time in many voyages.

Mrs. Rohrbach died on board the westbound Etruria last Friday from apoplexy, after crossing the ocean more than 100 times on that ship. Her passion for ocean sailing, as well as her predilection for the Etruria, were inherited from her mother.

Her daughter at one time tried to restrain her mother from ocean traveling, but, after making one voyage herself, she, too, succumbed to the call from the deep and became a continuous traveler.

ARRIVING. Tuesday, October 1. P. M. S. Korea, Sandberg, from San Francisco (Sept. 24), off port 7 a. m., at Haeckel wharf at 10:30 a. m.

MANY KICKS ABOUT KOREA

MISUNDERSTOOD DELAY IN ENTERING DUE TO QUARANTINE PRECAUTIONS AGAINST FRISCO. Under restricted steam the Pacific Mail steamship Korea, Captain Sandberg, poked along from San Francisco, not being able to let herself out on schedule because of the recent quarantine regulation which requires a seven-day period between leaving the plague-infected city of San Francisco and arrival at Honolulu.

The Korea, always making the run under six days, had to try to stretch it out to seven and, so unaccustomed is she to loafing, that she got off the harbor this morning before the expiration of the week and had to stay outside until the appointed time had been consumed, the local Federal health officials meanwhile making a careful examination of the several hundred passengers and crew aboard for any signs of high fever or swellings.

The welcoming populace was not wise to the technicality of the delay outside the harbor and those who had friends aboard went through the usual worries as to what was the matter. A big crowd waited on the Haeckel wharf from 8 o'clock or thereabouts. Some went home and returned before the vessel docked. It was 10:30, four hours after she was reported by the customary three-whistles, when the Korea was alongside.

The "Doctor" of the female rock fame has enlisted the support of the Home Rule party, and is pushing his private troubles into politics. He told President Pinkham that it was due to his personal influence that several hundred Hawaiians had been persuaded not to accompany him in his call and throw the President of the Board out of his own office window.

PRICE OF BURIAL INCREASED. UNIONTOWN, Sept. 10.—Alleging that the price of coffins and grave digging has increased beyond a profitable figure, the Undertakers' Association of Fayette County has raised the rate of adult coffins 33-1-3 per cent from \$15 to \$20, and on children from \$5 to \$12. The County Commissioners said the rates would be paid if they were endorsed by the court.

Governor Frear stated this morning that he had not been advised of Wallach's desire to interview him, but intimated that the "Doctor" might have an audience if he cared to ask for it. H. WERNER DIETZ IS TO MARRY. HIS ENGAGEMENT TO YOUNG LADY OF SANTA ROSA IS ANNOUNCED.

SANTA ROSA, Sept. 21.—The formal engagement has been announced of Miss Edith Ainslee Barrows of this city to H. Werner Dietz of Honolulu. Miss Barrows is the eldest daughter of Mr. and Mrs. Joseph Whitman Barrows and a graduate of the state university in the class of 1903, where she was identified with many of the social activities of the university life.

Mr. Dietz was a former resident of Guerneville, in this county, and graduated from the University of California with the class of 1905 and is a Phi Kappa Sigma fraternity man. He is assistant engineer of the Wyoming and Nebraska irrigation project on the North Platte river, one of the largest government undertakings. The wedding will take place about Thanksgiving day and will be a quiet home affair.

JAPAN GAMES FOR NEXT SPRING

PLANS CALL FOR CONTEST WITH NIPPON AFTER THE COAST LEAGUE GAMES.

Letters relative to the series of baseball games with the different baseball teams in Japan were received here in the China's mail the other day, and from all indications the games will no doubt be played next spring. Pat Gleason when asked about the games yesterday stated that "as it was so late in the year the teams out in Japan wanted the games postponed until next year. Everyone is very much interested about them out there in Japan, and from letters received, expenses will be the least trouble in the minds of those interested. Every one is baseball crazy in Japan, and from all indications we should receive a warm welcome."

Those who were in fear that the trip of the Saints to the Land of the Rising Sun would interfere with the coming trip of the Coast team next month, can take the worry off of their minds, as Gleason positively stated that the plans for the trip were not even thought of until next spring. The games will probably be played during the months of April and May of next year.

BUFFALO ALSO HAS MONUMENT

CITY IN WHICH M'KINLEY WAS ASSASSINATED HONORS THE DEAD PRESIDENT.

LO, N. Y., September 5.—The monument in memory of William McKinley, erected by the state of New York on the site provided by the city of Buffalo, was dedicated today. It is in the form of an obelisk of white marble eighty-six feet high and is situated at Niagara square, the intersection of Niagara and Court streets and Delaware avenue. The principal address was made by Governor Charles E. Hughes.

The obelisk rests upon a pedestal fourteen feet high, the base of which is twelve feet above the street level. The whole is surrounded by a tessellated promenade, embellished with ornate parapets and balustrades and splashing fountains. On four sides of the base of the column are the following inscription:

This Shaft was Erected by the State of New York to Honor the Memory of WILLIAM M'KINLEY, Twenty-Fifth President of the United States of America.

William McKinley was Born at Niles, O., Jan. 29, 1843, Was Enlisted 23d Ohio Volunteers, June 11, 1861, as Private and Mustered Out July 26, 1865, as Major by Brevet For Gallantry Under Fire.

William McKinley was Elected to congress as a representative of Ohio in 1876, '78, '80, '82, '84, '88, '90. Was elected Governor of Ohio in 1891 and 1893 and President of the United States in 1896 and 1900.

FIANCE GONE; \$2500, TOO.

ALLENTOWN, Sept. 16.—Miss Ida Wiener came in tears to the office of Magistrate Haus this morning to complain that her fiance, Charles Collette, had not only run away, but had taken \$2500 she had given him. Last week she had him arrested for breach of promise, but she withdrew the charge when he promised to marry her today. She was so happy that she turned over to him her bank account, largely an inheritance she received lately, to show her trust in him. This morning she donned her bridal gown, but Collette didn't arrive. When friends inquired they found he had taken an early train to New York. She followed, in hopes of finding him.

Miss Wiener is an unusually attractive young woman. Collette has been employed as a bartender at Bethlehem.

STAR GAZER HAS A BRAIN STORM

PROFESSOR LARKIN SAYS THE TIME IS NOW RIPE TO ABOLISH MARRIAGE.

SAN FRANCISCO, September 19.—"Marriage for life is the greatest crime possible, and marriage for any stated length of time is a second-degree crime," is the opinion of Professor P. Larkin, the astronomer.

Professor Larkin says that it was twenty years ago that the ideas he now sets forth came to him. Seven years ago he determined to give them to the public, but thought the time not just ripe. He concludes that the public has now attained to a state of receptiveness making it capable of appreciating his theories regarding life.

It was at a lecture delivered last night that Professor Larkin made the revolutionary statement that marriage should be abolished.

"Is the Anglo-Saxon race to be extinguished in America?" was the title of the lecture and the lecturer's answer was "Yes," and because women are hindered in their progress. Marriage, he says, surrenders them into a state of bondage in which they cannot develop and without the proper development of women the race is bound to die out.

Professor Larkin holds to some extent President Roosevelt's ideas on the race suicide question, but is not an extremist. He wants race suicide limited but not abolished. To this end, marriage should be abolished, allowing woman to develop mentally and physically and be properly fitted for motherhood. While Professor Larkin acknowledges that his ideas are revolutionary in character, he believes that within a short time they will be shared by a large number of people.

In his lecture he did not work out the development of society under his plan except in the most general way, leaving this to his hearers' imagination.

BLAVATSKY'S SOUL IN BESANT.

NEW YORK, Sept. 10.—The soul of Mme. Blavatsky has been transferred to Mrs. Annie Besant, according to Mrs. Besant's own statement. Mrs. Besant, who is the new leader of the Theosophists, arrived here today from Europe on her way to Chicago to attend a meeting of the Theosophist Society. She said:

"I believe that the soul of Mme. Blavatsky has been transferred to me and that I am to follow in the footsteps which she marked out for me. I am satisfied that I had a former human experience, but I would rather not tell who I was in the past."

"Mrs. Besant, you once wrote a book against race suicide. Do you still believe all that you wrote?" "No, I have changed my mind somewhat. I read something that President Roosevelt wrote, and I believe with him that it is a fatal error for the wealthy not to desire children, whereas the poor are multiplying in unusual and altogether unnecessary manner."

On Oahu the amounts were less than .50 inch, except in the Koolau district and the higher levels of the Honolulu district, where they ranged from 1.25 to 5.47 inches. On Kauai they varied from .79 inch to 2.15 inches, and on

Molokai from 1.55 to 2.74 inches.

At stations having a record of ten or more years the rainfall was above the average for the week, excepting in the Kona district of Hawaii, the Koolau and Honolulu districts of Oahu, and the Koolau district of Kauai. The excesses in the several districts on Hawaii ranged from 2.64 to .99 inches in the Kohala and Hamakua, 4.21 to 9.86 inches in the Kau and Puna, and 14.96 to 29.06 inches in the Hilo; and on Oahu, .82 inch to 4.26 inches in the Koolau, and .27 to .47 inch in the Ewa and Waianae. On Kauai there was an excess of 1.26 inches in the Kona district. The deficiencies in the several indicated districts varied from .13 to .34 inch.

Earthquake shocks were felt at the following stations on Hawaii: On the 20th—Pukaia Ranch, evening, slight, Laupahoehoe, 8:20 p. m., light, and Waimea, 7:35 p. m., stiff.

KING ROASTED BY HIS MINISTERS

KING ALFONSO OF SPAIN

LONDON, September 4.—King Alfonso of Spain, according to a story published in Truth, has been lectured by his Ministers against personally driving the royal motor car at excessive and dangerous speed. His secret motor expeditions into France have also been condemned by them.

The king recently took a trip from Madrid to Bordeaux without the knowledge of the Spanish or French authorities and this caused the French police to protest that they could not be held responsible for the king's safety unless they had notice of his intention to visit France.

EDITOR FROM THAT COUNTRY CLAIMS THEY ARE READY TO MARCH INTO UNITED STATES.

BANGOR, Maine, September 10.—Thousands of Japanese veterans are in Mexico equipped with arms and are secretly organizing in readiness to invade this country on short notice, according to Editor Guernsey of the Mexican Herald, now here. Mexico's immigration policy enables the Japanese to flock to that country in large numbers. In Sonora alone, he says there are more than seven thousand divided into groups each with a superior officer in command.

USED CANE KNIFE ON A LABOER

TONG KIT CONVICTED OF ASSAULT AND SENTENCED TO 18 MONTHS.

For assaulting a fellow countryman with a cane knife and seriously injuring him, Tong Kit, a Chinese plantation laborer was yesterday sentenced to serve 18 months in jail, by Judge Lindsay.

Tong was found guilty by a jury after he had been tried, the case occupying almost all of yesterday. Attorney George A. Davis defended the accused, and made a plea of insanity but it didn't hold water very well. M. P. Prosser, for the prosecution made a strong case.

Tong got into trouble as a result of his attempting to steal the results of another man's work in cane cutting for himself. He was discovered in the act of transferring cane cut by his fellow worker to his own row, and upon remonstrance being made made a vicious assault with his cane knife.

SUES HIS WIFE'S DOCTOR.

YORK, Pa., Sept. 10.—Alleging that improper treatment of her physician caused the death of his wife, George W. Sterling, an oyster dealer of this city, today brought an action for damages of \$15,066 against Doctor Klotsch, one of York's prominent physicians.

Mrs. Sterling's death occurred several years ago, and since that time there has been a misunderstanding as to the cause.

TAFT WILL NOT BE LATE.
WASHINGTON, Sept. 10.—A telegram received at the War Department today from Secretary Taft's party in Seattle conveys the information that, notwithstanding that the sailing of the steamship Minnesota, upon which the Secretary is to go to the Orient, has been delayed two days, it would still be possible for him to redeem his promise and be present at the opening session of the Philippine Assembly.

The steamship company has arranged to expedite the transfer of cargo at the intermediate ports where the Minnesota touches, so that she is now scheduled to arrive at Manila October 14, in time for the opening.

WEST FOR TAFT, SAYS STRAUS.
LIVINGSTON, Mont., Sept. 5.—Secretary of War Taft and party left Yellowstone park today and started for Portland over the Northern Pacific railroad. Mr. Taft and Oscar Straus, secretary of Commerce and Labor, met in the park. Mr. Straus is returning from a two months' inspection of the affairs of his department on the Pacific coast and in the Hawaiian Islands. He went east to Chicago today and will proceed directly to Oyster Bay and see the president.

Mr. Straus said the Pacific coast was enjoying a season of unprecedented prosperity. Mr. Taft, he thought, was the choice of the western Republicans for president. He and Mr. Taft had a long conference last night. Secretary Straus is accompanied by his wife.

WHAT HAPPENS.
"Father," said small Emma, "what is the law of entail?"
"Under the law of entail," replied the old gentleman, "the landed property of the father is handed down to the eldest son successively generation after generation."
"Have we such a law in this country?" asked the inquisitive Emma.
"No, indeed, my son," was the reply. "In this country the property is usually handed over to the lawyers who settle the old man's estate."

Will Reign At Nicaraguan Court

President Zelaya, of Nicaragua, has forgiven his son Alphonse for marrying Miss Marguerite Baker, of Washington, and the young couple have sailed for the Central American country to meet the President and take their places in Nicaraguan society. Following the marriage young Zelaya was kidnapped by order of his father but escaped, rejoined his bride

and has since been supporting her from his earnings as a piano player in concert halls. The pluck of the young couple won the father's respect and forgiveness soon followed. A bundle of money and steamer tickets were placed in Zelaya's hands and the young couple lost no time in hastening southward, where they will make their future home.

PROSPEROUS SMALL FARMS

UNITED STATES JUDGE DOLE FINDS A GROWING COMMUNITY ON KAUAL.

Judge Dole, who spent about two weeks of his vacation on Kauai, talked interestingly yesterday concerning the plans which are being carried out by the Territory, in connection with the McBryde Plantation, for furnishing homestead land to those entitled to it. Judge Dole was much impressed by what is being accomplished on the Garden Island in the way of small farming, and with the wisdom of the McBryde company in the stand it has taken in the matter. "If planters had only been able to see things in a similar light thirty years ago," he said, "they would be much better off today."

The plan which is being worked out on Kauai, and is proving most satisfactory all round, is the opening of right of purchase lots of from 8 to 20 acres of settlement, by the government. These lands are fine pineapple lands, and are immediately adjacent to the McBryde plantation, which is encouraging its employes to take up these claims. In order to assist in this respect, the company is putting up comfortable houses on the different lots, for which \$530 is charged, a mortgage being taken for security. Many of the homes already built are much more costly than this however, the persons owning them having means to add to the amount which the company is willing to advance. With the house the company also furnishes water for domestic purposes. Judge Dole states that there is no coercion on the part of the company on persons thus establishing a home, and they are in no sense bound to work for the plantation, their holdings being sufficient to support the ordinary family in reasonable comfort. The company, however makes some little concessions to those who do a part of plantation work, by furnishing free water, which would otherwise be charged for at established rates, and also free firewood. Furthermore the plantation company has built a fully completed canning factory which buys the product of the settlers labor at market rates. Quite a good showing was made in the amount canned this summer, and the winter crop promises to be much larger. Most of the settlers who have taken advantage of the opportunities offered are Portuguese. For the most part they spend what time is necessary in caring for their pineapple crops, and the rest of the time work on the plantation. In many cases the women and children of the plantation are able to practically care for their own land while the father spends most of his time in the cane fields. Judge Dole stated that there was also a sentiment favoring having the Board of Education make the hours of the public schools come all in one-half of the day, at this place, in order that

BOOZE, VAGRANCY AND GAMBLING CAUSES OF MOST OF THE WORK LAID OUT FOR POLICE JUDGE TODAY. A large number of prisoners were up this morning at police court to answer to the charges against them and the wheels of Justice moved rather. C. A. Larson, Wm. Opunui, Yee Song Sit and Sam Nohoanu were all up on the charge of being drunk, and the judge fined each three dollars and costs, which none of them seemed to have. The case against Ah Loy on the charge of vagrancy was put over until October 8. Hee Tuck, also charged with vagrancy, pleaded not guilty and his case was put over until tomorrow morning. Ah Hong, Ah Sam and Sin Hoon, charged with assault and battery, at the request of counsel had their cases put over until Friday morning. The case against Caesar Vierra, charged with disturbing the quiet of the night, was nolle prossed. Martini Fugeroa and Francisco Catro, charged with the larceny of a gold watch, were examined very carefully on their past records, and Joe Leal, who arrested them, told the court that their record was not of the best. The sale of the stolen watch was testified to by one of the social lights from Iwilei district. Sentence was suspended until tomorrow morning, as the court wished to find out a little more about their past records. Shibata and Murakami, both charged with having lottery tickets in their possession, had their cases put over until Friday morning. Fine Job Printing, Star Office.
