TEACHERS ORGANIZE

SIXTY TEACHERS AT KAUAI'S FIRST MEET

Great Enthusiasm Marked the First Meeting Of the Kauai Teachers In Fourteen Years.

REPRESENTATIVE CONEY SPOKE

Normal Inspector Gibson Makes an Appreciative Talk--Hon. W. H. Rice Made President.

In response to a request from Supervisor H. H. Brodie, sixty of the seventy public school teachers on Kauai assembled at Lihue Friday when the first teachers' meeting within the last fourteen years was held—the prime motive being the organization of a Teachers' Association. The weather was most favorable, the roads excellent, and before the appointed time to begin, a flood of fluttering femininity had streamed in from every point of the compass, gallantly escorted by Messrs Bush, Morse, Brown, Simpson and Smith.

At nine o'clock Mr. Brodie called the meeting to order. The teachers united in rendering "America," after which some excellent work was done by Miss Mary Ann Haddy, in demonstrating second grade reading, the children evincing ease and familiarity with the work, which can only result from careful and constant drill work.

Mrs. Wedemeyer's receiving room tots did their prettiest while Miss Daisy Sheldon with another bunch of receiving tots, brought down the house with the dramatization of "Chicken Little." The self talks by this class were also very nicely done.

Miss Marie Ellis with another division of the receiving room grade, gave a highly interesting lesson in nature work, and story work, while Miss Hannah Sheldon with a bunch of Grade II. children completed the very pleasing program of demonstrations with a splendid exhibition in self talk and politeness, and play-ground English.

These demonstrations were supposed to be on lessons entirely new to the children and teachers and, exposed to the scrutiny of so many strangers, the work was marvellously well done.

Following these demonstrations, Mr. Brodie thanked the teachers and children who had taken part in them saying, "you have all done yourselves credit." He further stated that Representative Coney could not remain longer and would therefore like to say a few words at once, after which Mr. Coney spoke briefly and to the point as follows:

"I have been asked to make a few remarks in regard to the work of the schools, more particularly in connection with the House of Legislature. I am sorry to say that the majority of the legislators are perhaps not as familiar with the working system of our Educational Department as they might be, from the fact that we unfortunately do not familiarize ourselves with the situation in all its aspects. The problem involved in the education of the children within this Territory is a question which has taken much of the attention of the legislature each term (and this is my third year.) It has been their aim to appropriate money sufficient to carry out the work in a manner that would be beneficial to the community.

"I may say that I have had many 'kicks' from school teachers of the territory who have thought they were not treated rightly in the way of salary, and in this connection I want to say that they must not blame the legislature on this point. We (the legislature) get our figures from the superintendents of instruction—we must get it from them because they are the only people who know what is needed. They give us their figures and we appropriate accordingly. There are teachers whom I believe to this day are underpaid but we have in the past given the Board of Education more than they really asked

MOOSE ORGANIZER COMING TOMORROW

Deputy Organizer Lund of the Loyal Order of Moose who comes to Kauai to organize local branch.

For the past two months a vigorous campaign has been conducted in Honolulu for the purpose of organizing the Loyal Order of Moose in the Territory. During this time, the order has made phenomenal growth surpassing in membership any order heretofore established in the Islands. Never in the History of Honolulu has any secret or fraternal order had such a widespread influence or met with such enthusiastic support as the Loyal Order of Moose.

In order to exemplify the traits of the Moose, the noble animal from which the Order takes its name, the Honolulu Lodge "Big 800" on the night of December 27, 1911, secured the Bijou, the largest theatre in the city and packed it to overflowing, devoting the proceeds to the benefit of the building fund for the King's Daughters. Thus, they have in the first few weeks of their history set an example of brotherly aid and protection [illegible] have been established [illegible]

The Loyal Order of Moose is by no means a new order as might be supposed by some of the people of the Islands, but on the other hand it has been established for twenty-four years, and has a membership of [illegible] throughout the United States and Canada consisting of [illegible] lodges.

Characteristics.

Among the chief [illegible] of the Loyal Order of Moose [illegible] [illegible] and [illegible]. The Moose do [illegible] other fraternities, but [illegible] into new fields [illegible] Colleges, [illegible] Homes and Homes for Widows and Orphans.

The [illegible] cal or sectarian discussions are not countenanced in the lodge rooms, but Patriotism, Obedience to Law, Equal Rights and Respect for the opinions of others insisted upon. As one enters the lodge, so he departs—a free man.

Benefits and Dues

The benefits are $7.00 per week in sickness or accident; $100.00 in case of death and free medical attention to members and their families, by adoption or subordinate lodges.

The dues are 75¢ a month, payable quarterly or semi-annually. No assessments.

The organizing of this most successful Order has been under the watchful eyes and molding touch of the International Organizer of the Hawaiian Islands and the Orient, L. W. Long. Tomorrow, he will send his right hand man and chief deputy, Charles F. Lund, to take charge of the organizing work in Kauai.

Through an interview with the Deputy Organizer Lund, it was learned that he would probably spend from ten days to two weeks on Kauai, and give the people of this island an opportunity to join the large herd of Moose in Honolulu, which has now a membership of over [illegible], at the low initiation fee of $5.00 before the charter closes February 1st, at which time the initiation fee will be raised to $25.00. Mr. Lund expressed a desire to stay on Kauai for a longer period but stated that by order of the Supreme Lodge he must cover the large field, which includes the rest of the Islands of the group, in order to sail in the early part of February for China, Japan and the Phillipine Islands, where new branches of the Moose are to be established.

DIPTHEREIA IN WAHIAWA CAMP

Special to The Garden Island.

WAHIAWA, Jan., 3.—One case of diptheria is reported near here, and to prevent further outbreak, fifteen children have been placed under quarantine.

Some two weeks or more ago, the people of this district rejoiced in the report that they were free from this disease, but now that it has again broken out a wave of great disappointment has settled over the community.

LOAN FUND MEN PRAISED

Special to The Garden Island.

HANAPEPE, Jan., 3.—That the members of the Loan Fund Commission here are all that could be desired is shown in the Hanapepe bridge construction work. Within a month's time this bridge will be complete and ready for use. There has not been a single hitch in the administration of the board, the contractors nor the county representatives and the people of Hanapepe will pride themselves on this attractive addition to their otherwise pretty little village.

ANOTHER DEATH FROM DIPTHERIA

Special to The Garden Island.

HANAPEPE, Jan., 3.—A death from diptheria occurred here this afternoon, the victim being a child of Mr. and Mrs. Gomes, aged about two years. A strict quarantine has been established with hopes of preventing further spread.

The child was taken sick on Monday last, but the sickness was not suspected to be diptheria until it developed to such a stage that anti-toxin failed to have any effect on the disease and the little one passed away about three o'clock this afternoon. The funeral, owing to contagious nature of the disease will be strictly private.

REV. WADMAN KAUAI'S GUEST

Rev. J. W. Wadman, Superintendent of Methodist Missions of Hawaii, has finished his regular tour of Kauai and reports the work here as highly satisfactory. He returns to Honolulu this afternoon where he will remain but a few days before leaving for another island trip.

MRS. NIELSON PASSES AWAY

Special to The Garden Island.

KAPAA, Jan. 2.—Mrs. Nielson [illegible] [illegible] and much beloved woman. Three children, one residing on Kauai, the other two living in California, and a husband are left to mourn her loss. The funeral will take place in Lihue tomorrow afternoon interment taking place in the Lihue cemetery.

ATTACKS WIFE WITH KNIFE

Special to The Garden Island

HANAPEPE, Dec. 31.—Pukui, a drunken Hawaiian residing here, attacked his wife with a knife last night, stabbing her near the shoulder and slashing her abdomen so seriously as to permit the exposure of the intestines. A lady friend of his wife, who was present, attempted to interfere, and was also badly slashed, receiving a serious cut in the breast. The man immediately fled and his whereabouts is yet unknown. The women were sent to the Makaweli Hospital where their wounds were attended by Dr. West.

The origin of the trouble is said to be a dispute in some land transaction wherein the friend of his wife agreed with her. This seems to have so enraged the drunken fiend that he pulled an ugly looking knife and made the assault which came near being a double murder.

J. W. Kerschner the well known Honolulu auto repair and vulcanizing man arrived on the Mauna Kea and is looking over the field preparatory to establishing a branch stand on Kauai.

BRODIE IS GIVEN A JUICY LEMON

Mr. H. H. Brodie,
Supervising Principal of the Kauai Schools,

Sir:

I beg to call your attention to the fact that the teachers and scholars of the Blank school are still waiting for those water pipes that were supposed to have been ordered some time ago. Water is carried at each recess from the hospital a distance of half a mile, more or less, by children barely large enough to carry themselves.

Allow me to draw your attention to one more matter—the building is at present without a chair. The only thing that one teacher can find to sit on is a keg of nails without a top. If you have never sat around the hole of a keg I would advice you to try it.

Kindly look into the matter or we shall march out on strike. You bet we shall and you hurry up. I mean it, you may be sure.

Miss Blank.

Mr. Brodie explains that the department has remedied this by the erection of a $20,000 school building. EDITOR'S NOTE.

HURRAH for Kauai's teachers! They are true blue every one of them.

ONE of the plaintiffs in a damage suit against the Territory growing in Honolulu, is said to base his claim on the number of slippers he could have made out of the banana peels.

INSPECTOR GIBSON, returns to Honolulu with some facts which will, it is hoped, throw some light on matters which have here-to-fore been rather obscure.

England imported 1,770,000 rabbit skins from Australia last year.—Ex.

Probably when Hawaii becomes overridden with rabbits she can run a skin game on England.

THE GARDEN ISLAND makes a motion that Mrs. W. H. Rice Sr., be placed on the honorary roll of membership in the Teachers' Association of Kauai as an appreciation of the very important part which this dear, good lady took in Friday's proceedings.

AT the meeting of the Board of Education in Honolulu this week, there is no doubt that famous teachers' schedule will receive a little attention. The only reply to the many criticisms made concerning the present schedule, has been "it is according to schedule." The wisdom of adherring to a schedule simply because it is such, regardless of all justice will probably be discussed and some step taken to remedy conditions.

A VERY prominent person attending the Teachers' Convention was heard to remark upon the lack of harmony existing between many of our principals and their assistants.

In any school where such a state of affairs exist, but little good can be accomplished and any principal or assistant who'll not meet another half-way towards the promotion of school room harmony would be far better off in a position where our children are not so likely to use them as an example.

KAUAI is to be generously congratulated. We feel that we have the best legislators, with the best record for work done; that we can point with pride at the record our police department is making for faithfulness and cleanliness; our Board of Supervisors has the united confidence and support of our whole community; that our judiciary metes out justice with the public good as the ultimate aim; that all love, honor and revere our Circuit Judge; not a single blot can be found against any of our county officials; that we have the best roads and most efficient County Engineer in the Territory; that our Health Officer is efficient and faithful; and that we have the smartest, best looking, jolliest and most diligent bunch of school marms that ever drew a chalk line. The interest shown by the teachers at last Friday's meeting and the interest taken by Commissioner Rice, insures the further success of our schools.

A RECENT issue of the Hawaiian Star, in publishing a story from Koloa, made reference to a possible scoop this paper would make of it. The subject for the story was given to this paper by its Koloa correspondent nearly two weeks ago, and on the very day the circumstances occurred, but as an investigation proved that the man concerned is by no means one to whom any responsibility can be attached, and at best, a pitiful object, the matter was given no further attention. If the Star or any other paper, person or persons, think the policy of this paper includes making sport of unfortunate mankind, they have another guess coming. The Star is, we believe, no more anxious to pursue such a policy than is the GARDEN ISLAND, and judging from the story as it appears in its columns, the editor is in no degree possessed with the true facts in the case.

A COMMUNICATION

Editor of the GARDEN ISLAND,
Dear Sir:

Allow me to express through one of the valuable columns of your paper the thanks and appreciations of the Hanapepe Singing Club, through its leader to those who have given their aid financially to a certain fund raised for defraying the expenses of the Hanapepe Sunday school, that went over to the exhibition held at the Waimea to Waimea; and also to those who welcomed us in their beautiful homes on Christmas Eve last.

In behalf of the said Hanapepe Singing Club, and in justice to those residents and kamaainas of Kauai who have willingly given their helping hands for a good cause, we take this means of expressing our heartfelt thanks and pray that He, from whom all blessings come, shall in His love to mankind repay you and that we join by giving good wishes and prosperous new year to you all.

Those who have opened their homes and who have given us welcome and aid are as follows:

Mr. and Mrs. Albert Wilcox, Mr. and Mrs. Sam Wilcox, Mr. G. N. Wilcox, Mr. and Mrs. Weber, Mr. and Mrs. D. Isenberg, Mr. and Mrs. Wm. Ellis, Mr. and Mrs. E. Lovell, Mrs. M. Kahele, Mr. and Mrs. Wm. Kaiawe.

Friends and others are also included in this mahalo and hoomaikai nui.

SUPERVISORS MEET

Continued from page 1.

1911, [illegible] that his claim was a legitimate one, was duly received and after [illegible] the [illegible] the Board and upon motion of Mr. Gay duly seconded by Mr. Rodrigues the claim was ordered to be paid.

The report of the Poundmaster for Lihue for the quarter ending December 31st., 1911, was duly received and referred to the Standing Committee who later on in the day after having made a favorable report on same, recommended its approval, which was done.

The Financial Reports for the month of December last, being that of the Treasurer; Auditor's; Auditor's Trial Balance and Statement of Expenditures; and the Joint Report were duly received and referred to the Standing Committee.

Mr. Gay as Standing Committee favorably reported on the Financial Reports, for October and for November, 1911, and upon his recommendations the reports were approved.

Reports on School Building etc., from Anahola Lihue; Hanamaulu (2); Koloa; Kalaheo; Makaweli and Kekaha, for December, 1911, were duly received and filed. In connection with the report from the Lihue School Mr. J. H. Moragne was authorized to secure the services of the Territorial Chief Sanitary Inspector, Mr. F. B. Cook, to look into the unsanitary matter reported.

A communication dated the 1st. inst. from Mrs. M. V. Newman, Principal of the Hanalei School and addressed to Mr. J. H. Moragne, County Road Supervisor, was duly received, and referred back to Mr. Moragne with authority to act on the matters contained in the communication.

Mr. Moragne to whom was referred for investigation and report the communication of Mr. Lorrin Andrews dated November 29th., 1911, which asked for a reparation to one Mr. Choo Won Yer a Korean alleged to have been injured by a county employee whilst discharging his duties, reported for his investigation from which he was satisfied, that though the Korean was injured, yet the County employee was not to be blamed for the injury. The Board after due consideration of the report and of the subject matter itself referred the matter to Mr. Gay with full authority to adjust the claim if he is satisfied that the same is a legitimate one.

A communication dated the 3rd., inst. from Mr. H. H. Brodie, Supervising Principal, suggesting for (1) the construction of an extra room for the Kekaha School house, and (2) for the leveling off of the new school grounds at Hanapepe, was duly received, and Mr Moragne was instructed to build the necessary room asked for the Kekaha School, and to give the necessary leveling asked for the new school grounds at Hanapepe.

Upon a statement by the chair, the chairman, upon motion of Mr. Gay seconded by Mr. Lota, was authorized to borrow the necessary money from the banks, to meet the expenses of building macadam roads and other road work etc. on Kauai.

Upon motion of Mr. Gay seconded by Mr. Rodrigues the county road supervisor was instructed to stand ready to proceed with macadamizing work after the 25th. of this month.

At 12:15 P. M. the Board took a recess until 2:00 P. M.

AFTERNOON SESSION

At 2:00 o'clock P. M. the Board again resumed its meeting.

The Board took up the hearing on the petition for the extension of the Kapaa government road, due notice of which was duly published by the county clerk in the GARDEN ISLAND of December 12th, 19th, and 26th, 1911. Present were Mr. M. F. Prosser of the firm of Messrs. Kinney, Prosser, Anderson & Marx, Attorneys at Law and appearing for the Makee Sugar Co.; Mr. R. P. Spalding, President of the Makee Sugar Co.; Mr. S. K. Kaeo, County Attorney.

Mr. Prosser for the Makee Sugar Co., took the floor and gave almost in detail transactions which took place between the Makee Sugar Co., and the Territory of Hawaii through the Governor and the Superintendent of Public Works and Commissioner of Public Lands, Mr. Marston Campbell, on matters pertaining to lands in Kapaa-Kealia and the Kapaa road question, and stated that the said Superintendent of Public Works sometime ago made an unwritten proposition to the Makee Sugar Co., that "provided that the Makee Sugar Co., can get its right of way over the Kapaa lands for its railroads from the government as proposed, the company will pay one-third [illegible] of the cost, and one-third [illegible] for the maintenance on the [illegible] the fee of the structure of the fee of the corporation the County to pay [illegible] for repairs amounting to $[illegible] and interest from date of payment." This proposition, Mr. Prosser stated was accepted by the Makee Sugar Co., and the chances are that this deal will go through. He in behalf of the Makee Sugar Co., requested for the continuance of this hearing to a future meeting of the Board.

The Board, after having heard County Attorney Kaeo in behalf of the County and of the petitioners, upon motion of Mr. Gay seconded by Mr. Lota, continued the hearing of this matter until the next regular monthly and business meeting of the Board, to-wit: on Wednesday, February 7th. next.

The report of the county road supervisor for the month of December, 1911, was duly received and ordered filed. This report stated in substance that only general repair and upkeep work was done during the month by means of regular county funds.

No school work of importance was undertaken, and for Water Works nothing was done.

A request from Mr. D. K. Kapahee, District Magistrate of Koloa, for stationery and for a Typewriter for the use of his Court, was duly received, and after a fair consideration of the same, the request, with the exception of the Typewriter, was granted upon motion of Mr. Gay seconded by Mr. Rodrigues.

Upon motion of Mr. Gay seconded by Mr. Rodrigues the Board voted that taxes on property etc. within this County shall be levied at the rate of one per cent. (1%) as last year. In connection herewith the clerk was instructed to forward a copy of the Boards' estimate of the County's expenditures for the year 1912, to Mr. J. K. Farley, Assessor for the Fourth Taxation Division (Kauai & Niihau.)

Mr. Gay moved for the appropriation of the sum of seventy thousand two hundred and fifty-five dollars ($70,255.00) out of moneys available in the county treasury for the payment of salaries and pay rolls, repairs of schools etc. wages, labor and the maintenance of roads as follows:

Eleele Echoes

Miss Deas who has been visiting her aunt, Mrs. Roendahl, for the past two weeks, returned to Honolulu Saturday.

Misses Eva Hastie and Dorothy Whittington, returned to school in Honolulu last Tuesday.

A crowd of Makaweli's young people spent New Year's Eve on the Lawai beach singing incantations to the dying groans of the old year and giving the New Year a hearty welcome. The Makaweli truck was used as a conveyance.

A jolly party composed of the following well known people, picnicked at the McBryde reservoir last Sunday: Mrs. Roendahl, Mr. Moeller, Misses Mable, Janet, Marion and Eva Hastie, Miss Millevard Deas, Mr. Miller, Mr. Hughs, Mr. Piller and Mr. Dillinghan. A number of extremely well rendered vocal selections by Mr. Hughs, added to the delight of the occasion.

The home of Mr. and Mrs. Brodie last Wednesday evening was the scene of much merriment the occasion being a musicale given by this very popular couple to the following young people: Mr. and Mrs. Roendahl, Miss Deas, Misses Mable, Janet and Marion Hastie, Messrs. McBryde, Hughes and Capt. Leavitt.

A NEW PLANTATION

The first official meeting of the Selama-Dindings Plantation Company was held in the office of its attorneys, Kinney, Prosser, Anderson & Marx, last week, and the following members of the company elected as a board of directors: E. C. Waterhouse, A. S. Wilcox, R. A. Cooke, H. M. von Holt, J. R. Galt, W. D. Baldwin, J. Waterhouse and Robbins B. Anderson. Articles of incorporation were approved and filed later in the day. These articles provide that the head office of the corporation shall be in Honolulu, although the rubber and coconaut plantations are in the Malay state of Perak. The capital stock of the company is $400,000, divided into 40,000 shares of $10 each. The limit of capital is set at $1,000,000. Doctor Waterhouse will receive $50,000 shares of stock in the company as payment for the plantations. It was proposed to set out 3000 acres at once in coconaut trees.

NEW COMPANY

By the establishment of a local agency under the management of W. O. Franklin, the Brunswick-Balke-Collender Company has made it possible for owners of billiard tables to have repairs made without the necessity of sending to the mainland. Mr. Franklin is located at 71 Queen Street, Honolulu, where he carries in stock a complete line of billiard and pocket-billiard tables and accessories as well as the celebrated Wicke's refrigerators, well-known as economists in ice. These are fished on the exterior in oak or tile and inside with opal glass. Correspondence relative to tables or supplies and refrigerators will have prompt attention at the hands of Mr. Franklin who will give personal attention to repairs to tables.

TEACHERS' MEETING

Continued from page 1.

for and we have had nothing whatever to do with the placing of salaries. The two great questions that need looking into in this country and have been dealt with by the legislature are the health of the children and their education. These have been great problems with us. Matters have been coming up which place the appropriation far and away beyond the income of the country, and for this reason some of the salaries paid are inadequate, but as I have said, we have nothing to do with the placing of teachers. I believe we should get in this country a class of teachers holding high grade certificates good and capable teachers and to do this we must pay good salaries to get them here (applause). Although in some of our schools high grade certificated teachers may not be required, we want good teachers and they ought to be paid bigger salaries. This has always been my contention, and if I go to the legislature next time, it will be my aim (as it has always been) to appropriate money enough for the educational system in the Territory of Hawaii. (applause)

At twelve o'clock, Mr. Brodie announced a recess of an hour and a quarter that the guests might indulge themselves in a bountiful spread composed of the contents of the various baskets, augmented by the delicious salads, cake, lemonade and coffee which were so lavishly supplied by kind hearted Mrs. W. H. Rice, Sr. A long table with a dainty covering of snow white linen had been arranged in a building (which had been thoughtfully erected by Mr. W. H. Rice, Sr. for just such occasions.) that stood on the church ground in the rear of the church. Everybody lent a helping hand and in less than no time this long table became a veritable stack of the daintiest edibles that dainty hands could prepare. A continual flow of merriment and witticisms testified to the spirit of the occasion.

At one o'clock, Mr. Brodie again called the meeting to order and in a few well chosen words, informed the teachers that the next thing on the program would be the organization of a teachers' association, and the first step to be taken was to appoint a temporary chairman and secretary.

Normal Inspector Gibson, a guest of the teachers, was chosen as chairman, and Mrs. Keightley as secretary pro tem. In accepting the chairmanship, Mr. Gibson spoke as follows:

"I must thank you for this honor and I am very glad to be able to do a little to assist in forming a teachers' association. All the other large Islands have teachers' associations at present and as far back as I can remember we have had teachers' associations on this Island, altho' not exactly on the same order as the one we are now about to form. We used to meet once a month, and later (when we got more careless) once a term, but we have kept it up since 1887 until some time ago, I do not remember exactly when the association died."

Here Mr. Brodie interupted the speaker long enough to add the following:

"We met here 14 years ago this fall. It commenced to rain when we reached the iron bridge at Hulcia, we got stuck in the mud with our bus and 2 small mules, the result being that we all had to walk thro' the mud to my house which we reached at 2 o'clock in the morning. Waimea was made by 4 o'clock. That was the last meeting of the teachers' association."

Continuing, Mr. Gibson said: "Of course there were extenuating circumstances but we fortunately have good roads today with no fear of being stranded in the mud. In those days we had difficulty in getting enough people to fill the different offices and some had to do a double duty. At luncheon today I could not help noticing the great changes which have taken place on this island and the large number of teachers we now have as compared with that time. We then had, I believe, 16 school teachers on Kauai, whereas today the total is 70, and still the good work goes on. Now that these 70 teachers may do their best work, I think it well to have an organization. This organization will in no way be forced upon any teacher nor will the department insist on their taking part in the work of it other than voluntarily, and by their own choice. Like all other businesses, callings and professions, it is necessary for teachers to grow and cultivate a proper spirit to have organizations of their own, and associations where they can meet and discuss matters which are supposedly of interest to themselves above all other people. Of course this organization will include as well as the teachers, anyone interested in school work, whether private or public, who are sufficiently interested to become a member of the association. My opinion is that we should first form a sort of preliminary association, in order that we get the thing started right away, and for that purpose I nominate, Mr. Brodie, Mrs. Brown, Miss Mumford as a committee to discuss and report right away the officers etc., after which the thing can be voted on and the proceedings begun.

An election of officers was the next consideration, resulting in the election of Mr. W. H. Rice, Sr., President; John Bush, Vice-President; Mrs. E. Bennett Bridgewater, Secretary; Henry C. Brown, Treasurer."

A committee on constitution and by-laws composed of C. O. Smith, Mr. Morse and Miss McClymont was named with instruction to report at the next meeting. Mr. Rice in accepting his office spoke in part as follows:

"Ladies and gentlemen, while thanking you for the honor I think some teacher should have been elected for president over myself. I do not know how it will work for me to be a commissioner and a member also. I will not attempt at this time to make a speech because there are two different times at which I always feel unlike making a speech—before and after meals. There is to be a committee for looking up the programs for our next yearly meeting appointed by the chair and for this committee I nominate the same members as are on the committee of organization viz: Mr. Brodie, Miss Mumford, Mrs. Brown."

After much discussion relative to number of meetings per year and places of meeting, the final outcome was an agreement to hold a meeting at Lihue annually in May with two auxiliary meetings to be held in Kapaa and Hanapepe at the discretion of the Supervising Principal.

A general discussion on educational affairs then followed which developed considerable oratorical

Hanalei Items

Work on the new church is moving right along. The foundation is all laid, and preparations are being made for raising the frame.

The Misses Florence and Annie Deverill were guests of Mr. and Mrs. Myer and Mrs. Chamberlain of Kilauea during the New Year festivities.

Mr. W. V. Hardy, of the U. S. Geographical Survey came over to Hanalei last week to arrange for placing stations in all the streams for measuring water. After putting two stations in the Hanalei river, he went to Waiuiha and Kilauea to begin the same work there.

Samuel Werner, left Hanalei Tuesday for Honolulu, where he will attend the Kamehameha School for Boys. Samuel will be sadly missed for he is not only unusually talented and a boy of good morals, but he is a general favorite of all who know him. He is fortunate in having this opportunity for securing an all around practical education, and he has the good wishes of both teachers and friends during his most important period of the cultivation and development of his gray matter.

"It never rains but it pours." In some mysterious way, during the festivities of Christmas week, the horses made their way into the school garden. They were like plagues of Egypt, what the cows had left the horses destroyed. They ate and trampled down the lettuce and the beets, devoured the turnips, and pulled up the radishes and ate the tops thereof.

Hanalei came out in a beautiful festive dress on New Year's day. Japanese flags were floating from numerous houses, and groups of Japanese children and grown ups in their national costumes were wending their way to the Japanese School, which was the central place of their festivities. The building was uniquely decorated with flowers and evergreens, the entrance was draped with the Stars and Stripes and a Japanese flag, while in front of the school waved a large Japanese flag.

Mr. and Mrs. Sanborn entertained relatives and friends on New Year's Eve.

Mrs. Deverill was hostess to Hanalei friends at a poi supper on New Year's evening. The dining-room was still arrayed in its splendid Christmas robes with the exception of the large table, which was strewn with ferns and nasturtiums, the finger bowls being generously sprinkled with red rose petals.

Sunday, December 31, the quarterly meeting and feast of the following Sunday Schools was held at the Hanalei Church: Waiuiha, Haena, Waioli, Hanalei (Uka), Kalihiwai and Kalihikai. Mr. W. S. Kaunamoe was chairman, and Mr. Aaloua secretary.

After the opening exercises the junior division of the Haena Sunday School took its place on the rostrum, and, under the direction of Mrs. McKenzie, entertained the audience with choice musical selections, and a beautiful story of the Christ child. This story had been translated into Hawaiian by Mrs. McKenzie and was sung for the benefit of those who did not understand the English. Their closing song, composed by Mrs. McKenzie, gave local coloring, which added much to the interest of the exercises.

The next part of the program was that carried out by the children of the Waioli Sunday School. Their recitations and exquisite singing bore witness to the careful training of their teacher and leader, Mrs. Ahi.

Then followed musical selections and model lessons rendered by the different Sunday Schools present, including special music by the Hanalei choir, all of which was highly enjoyed by the audience.

A pleasing feature of the program was the bestowal of Bibles and beautifully decorated scripture cards by Mrs. Ahi upon the members of her class who had been faithful in attendance at Sunday School and Christian Endeavor. The presentation of the gifts and appropriate remarks were made by Mr. Werner.

After all the schools had performed their part, the exercises were closed with interesting and timely speeches by Judge Huddy and Mr. Lota on the work of the various Sunday Schools.

Now the Hawaiians do not believe in neglecting their physical well-being while ministering to the wants of the inner man; so while this spiritual feast of good things was being enjoyed another feast was in preparation in the form of an immense pig roasting underground in true Hawaiian style. Then the congregation was dismissed, tables were spread in the church, and the whole company partook together in Christian fellowship of a generous feast of roast pig and poi.

Everything went off quietly, and a true Christian spirit prevaded the whole assembly. One was reminded of the feasts of God's people in early days, when the people from far and near came together to worship God; and after the spiritual service, partook of their meals in common.

The following passengers arrived on the S. S. Maunaloa, Wednesday morning, Jan., 3: M. Medeiros, wife and children, M. F. Prosser, Francis Gay, A. Kalua, Rev. J. W. Wadman, S. L. Voeller, W. Schieber, Miss Nora Stewart, Miss Hatch, Miss Andermann, Mrs. Andermann Sr., Miss M. I. Wilcox, Miss Marques, Miss Mahlum, C. H. Wilcox and wife, Peter Berg, H. A. B. Fergit, J. W. Kershner, Alexander Kekua.

TEACHERS' MEETING

Continued from page 5.

display, especially on the very well-stuctery way orders for text books are being handled. Mr. Gibson said as this is the first year the Department has nothing to do with the furnishing of text books, and that no publishing house had the exclusive right to furnish them, conditions were as a result somewhat unsatisfactory. E. B. Bridgewater for Bridgewater & Harper, stated that his firm would handle all the necessary text books for Kauai provided they could break even, but for the department to request a business firm to sell books at cost and stand for freight was too much and that no firm could afford to do it.

The Golden Treasury Reader a new candidate in the field was put under fire which provided most for a lengthy discussion. Several teachers were asked for their opinions on its suitability as a text book and these replies indicated rather evenly divided opinions as to its value as such.

Mr. Brodie then very profitably employed a few minutes addressing the teachers on preparing pupils themselves, and suggested that the Principal should suggest to district pupils [particularly the Hawaiians] that they attend the Normal School. His interesting talk does not have its equal very often in those things and a training of a child's thoughts. In this direction has often had the result of making him go ahead and securing for him a higher education.

Mr. Gibson in congratulating the teachers on their very successful meeting said in part:

"I congratulate the teachers of Kauai on this very successful meeting. I have been severely criticised with what I have seen in the Islands but I think that better lessons could be given in any school anywhere in the Territory than we have witnessed to-day, so far as they went. I have no doubt but what these lessons are better given in the teachers own rooms and under more familiar surroundings, because few do their best under unusual circumstances, and no matter what preparation is made there exists an embarrassment and lack of freedom not experienced in their own rooms. So we can fully believe these teachers do excellent work in their own schools. The ages of the children to-day represent from about six to eight years of age some were a little older, and I want to bring forcibly under the notice of teachers [particularly the younger ones] the fact that the important part of it all is the child. We are apt to get into a narrow groove and forget that we are training the young mind, and that the child is only capable of absorbing so much. Of course children have to be treated differently at different ages. In the first two years in school a child is little farther advanced than when a baby, and the main thing with that child is growth and development. After the first two years, it is a sort of development from activity. Tell the story as you do to a child at your knee or in its cot and have them ask questions on it, and have answered and explained new terms and words. I think the new reader we have [The Golden Treasury] is going to be a great improvement and help to teachers and I'd like to hear from them on its merits or otherwise as there have been some complaints in regard to it."

After the conclusion of Mr. Gibson's remarks, President W. H. Rice Sr., made the following address:

"Ladies and Gentlemen: When a young man I used to preside before the circuit court here and one day had to translate two songs, one in Hawaiian and one in English. Judge Mellwaine who was at that time on the bench, after summing up the case asked the opportunity of answering me in short order in Hawaiian in which he said, in part, you make a very good speech in Hawaiian but in English not very good. I have always tried to be guided as possible to follow out this advice, and I am still of the opinion that speeches in Hawaiian [illegible] and in schools and public meetings [illegible] examination in the first school we ever had at Lihue the Some boys of about 12 to 15 years of age were [illegible] the application necessary and [illegible] them after [illegible] lesson I [illegible] assured you [illegible] finale of [illegible] dirty kicks, which [illegible] to rather an [illegible] was pleased to see [illegible] of this kind here this morning among the children. In [illegible] wish teachers to remember [illegible] this island has produced some of the most prominent men in the history of Hawaii and it is with the teachers of this island to produce more of this quality of men and women. If I live long enough, I shall see you all voters [this is coming]. California has it and it has been agitated now for 10 or 12 years in the legislature of this island and you will then help, as you are doing now, to bring the youth of this country to see by your example what is to be expected of them in the future. No one takes or follows an example more quickly than does a child all ripe for impressions, and no one I think feels an injustice more keenly than a child. You must be just in all your dealings with them. Rather err on the side of justice than chance being unjust to any youngster. I well remember as a boy our teacher [Mr. Dole] telling us we could get off an hour earlier Friday afternoons if we had our spelling lessons correct, and you can imagine how careful of our spelling we would be on those days, but it happened that, among other words I had in my spelling, there occurred the word "oss" which was spelt "oss" in one place and ooz in another part of my spelling book. When after spelling it "oss" I was corrected and told I had "missed" I felt they were very unjust to me and pointed out the different spellings in the book. I was of course "let off" then and now I'm going to let you off. I thank you for the honor you have given me in electing me president of this association and I shall try to serve the best interests of this island according to my ability and light."

Mr. Brodie at the conclusion of the President's remarks expressed his gratitude to the teachers for their presence at the meeting and added that the generous response to his request for a meeting indicated that they were interested in their work. At 3 p. m. the convention closed with the rendering of the Star Spangled Banner.

CONVENTION NOTES

GIBSON A teachers' association such as has been organized today, is essential to good school work.

COMMISSIONER RICE—I am exceedingly pleased to see so many teachers so deeply interested in their work. All but ten of our teachers are present today which is most gratifying to me. I am certainly proud of Kauai's teaching staff.

H. H. BRODIE—The Kauai teachers' association is on its feet. The organization starts off with duly elected officers and a nice little nest egg in the treasury.

HENRY BROWN—"Yes we were late, but it was all on account of a brake that wouldn't break, which caused us to nearly break our necks in order not to break our word." "Henry" came a gentle voice from across the table, "another break like that and you'll probably break one of the ten commandments." "Then I'd better break bread" said Henry, separating two slices of snow-white bread, exposing a delicious chicken filling, which served as a temporary break to the flow of wit.

SUPERVISOR IS GRATEFUL

In behalf of the teachers of Kauai and of myself, I most cordially thank the ladies of Lihue and Mrs. W. H. Rice, in particular for their donations and their personal assistance in entertaining us at our recent convention.

H. H. BRODIE.

PROMINENT WOMAN DIES

Mrs. E. C. Miller, mother of Mrs. Henry Blake, of Koloa, and widely known as an ardent church worker, died suddenly in Honolulu last Tuesday morning from heart failure. The remains were brought to Koloa by special steamer arriving Friday. Funeral services, conducted by Rev. J. M. Lydgate, and Rev. S. K. Kaulili, were held Sunday, interment taking place in the family lot in the Hawaiian church cemetery. Deceased is survived by eight children, all of whom reside in the Territory.

Peter Berg, the Nawiliwili cabinet maker and wood turner returned from Honolulu Wednesday. Peter had taken a run up town to see his daughter in the Kamehameha School.

When a man talks well he is apt to talk too much.

If you really want a man to keep cool don't tell him to.

Men are apt to worship that they cannot understand—women, for instance.

If there is any crankiness in a man it will generally crop out when he's hungry.

Some men's only claim to distinction is a pair of white duck trousers or a three-colored hat band.
