Telephone, 22. : : P. O. Box, 470.

**JOHN A. BAKER.**  
Office with A. G. M. Robertson, Merchant Street, Opposite Post Office.  
Real Estate Broker, Collector and Employment Agent.

## DEXTER A WINNER

Surprises the New Zealanders and Lowers Record.

**ODDS AGAINST HIM ON TRIAL**

**Made Mile in 2.19 on Grass Track Without Bank.**

Sent To Wellington to Race With Crackerjacks—Business Good With Team.

The colors of the H. A. A. C., Myrtle Boat Club and Rambler racing team of Honolulu are pretty well at the top in far-off New Zealand.

Ruby Dexter, trained and coached by his old and present partner, Dave Crozier, is riding with the very best bicycle speed merchants of milled land. The Honolulu boy is holding his own splendidly. Latest reports by letter and in the papers are to the effect that money and honors galore are falling to Ruby. He prepares as carefully as ever, is much stronger than when here, has the same nerve and tenacity, and has learned all the tricks of the track trade that have been developed by the sport-loving New Zealanders.

Dexter, with his mate, Champion "Teddy" Reynolds, has taken part in the championship meet at Wellington. Results of that tourney are not yet known, but it is certain that if Dexter held his latest form shown, he figured with the firsts in several events.

The Honolulu boy had to break a record at Auckland to have his club send him to Wellington. Reynolds had already been selected as the representative, but he wanted Dexter to go along. The club Executive Committee agreed that if Ruby made the mile on the four-lap grass track (no banking) in 2:25, he should accompany Reynolds. Even bets were made that he would not do it in 2:27.

It was a standing start, and the first quarter was rather slow. Then Ruby put on steam and kept letting out the links till he made the last round at hurricane rate, finishing in 2:19, beating the previous record by 4.3-5 seconds. Only two men had beaten 2:30 on the track before. This performance gives Dexter the New Zealand championship standing. He was champion of the Hawaiian Islands when he left here. Two tandems, Crozier on one, paced the 2:19 mile.

Reynolds, who has been at the top of the heap down there three years, observed that Dexter could do at the Hamilton meeting, early last month. They were in three races together, and these were the first occasions in which Reynolds was challenged at the tape. One account says:

"Dexter was second, Champion Reynolds winning, in three races. The first was a two-mile handicap (300-yard limit). Dexter had 60 yards, and was but a yard behind down the home stretch and at the end. In the three-mile handicap there were a number of tumbles and Dexter might have had first. Instead of second, had he not been blocked. Then in the five-mile handicap (700-yard limit), Dexter was put at the 150 mark. The race was between the new man and Reynolds, and they fought it out like demons down the last straight. Dexter was but six inches behind. He is considered by all the coming men."

In a two-mile race at another place, Dexter had a fall on the last lap, and then finished third.

The New Zealanders are keen for any sort of spicy pastime, and the Honolulu boys wrote of going on a steamer excursion. Each passenger was supplied with a fishing line. A sixpence "sweep" was made up, and Dexter hauled down 15 shillings by hauling up the second fish caught.

The Honolulu boys are doing well in their business at Auckland.

**Circuit Court Notes.**  
The total expenses of the February term of the Circuit Court, First Circuit, were: Hawaiian jurors, \$530; foreign jurors, \$648; stenographers and interpreters, \$100. Total, \$1,278.

In the case of Alex. K. Aona vs M. Aona, E. Ingham and Mrs. Nokol Everett, defendants, deny each and every allegation.

The resignation of Bruce Cartwright as trustee for Susie F. Ruth and May

M. Cartwright was accepted, and J. M. Monsarrat was appointed trustee. The petition of Nannie R. Rice, guardian of Robert E. Brewer, to sell certain property, was granted.

## CO. D HIGH JINKS.

Lots of Fun and Frolic in Drill Shed.

A short business meeting of Company D, N. G. H., was held in the Drill Shed last evening. Louis Reynolds was elected a member, and the name of George Clarke was posted for one week. The Finance Committee's report on the treasurer's report was read and accepted.

After the meeting came the high jinks, when all the boys joined in a jolly good time.

Ex-Lieutenant Love of the New York militia was present, and on being called upon for a speech, replied that he had nothing much further to say than that he was a crank on recruits. He said that he had a real interest in the company, being, as he was, friends with Captain McCarthy. After this he made an offer to the effect that he would give a gold company badge to the member bringing in the most applications for membership during the next 30 days.

Captain McCarthy took advantage of the suggestion at once, and offered to give a gold company badge to the members bringing in the most recruits during each successive month for the next year.

## CHURCH SOCIAL.

Members and Friends at the "Little Church Round Corner."

A very pleasant gathering of members and friends of the Christian Church met in the church building last night for social intercourse. There was a very good literary and musical program, under the direction of Mrs. W. C. Weeden, in which Miss Louise Boardman, Miss Templeton, Mrs. W. C. Weeden and Messrs. Berry, Templeton and Rice took part. Mr. William McCandless officiated as chairman and conducted the exercises in a very able manner.

After the exercises there were some delicious refreshments served in one of the ante rooms, under the able direction of Mrs. W. L. Hopper and Mrs. George A. Boardman. The church was prettily decorated and the people present enjoyed the evening very much. Short religious services were conducted by the pastor, Rev. James Monroe, prior to the literary exercises, and at the close of the social.

So many new members have joined this church recently that the socials may be a part of the monthly program. In order that the members may become acquainted with each other.

## ANNEXATION AT PEARL CITY.

Citizens Met Last Night and Formed a Club.

Some 30 citizens of Pearl City met in the Court House at that place last night for the purpose of forming an annexation club. Judge Hookano, as chairman; R. W. Filler, as secretary, and M. G. Correa, as treasurer, were elected temporarily. Another meeting will be held next week for the election of permanent officers.

Speeches on annexation were made, and enthusiasm reached its highest pitch.

A committee, consisting of Judge Hookano, George McCarthy and R. W. Filler, was appointed to see that the citizens of Pearl City become fully acquainted with the movement. Posters will be put all over the district.

## WAIANA E TROUBLES.

Laborers Still on Strike—Differences May Be Settled Today.

The situation at Waianae had not materially changed last night, though the indications were, in Manager Center's opinion, favorable to a complete settlement today. The entire force of Japanese on the plantation refused duty after the two men were arrested on Thursday, and remained at their quarters all day yesterday. The two men were confined in jail.

If the laborers carry out their threats they will remain on strike until the matter is adjudicated. Mr. Center is confident it will be settled and work resumed today.

## Police Court Notes.

In the Police Court yesterday morning Ah Kiu plead guilty to the charge of unlawful possession of opium and was fined \$50 and costs.

The case of Miss Santos for larceny was postponed until March 9th.

The case of D. K. Brown for embezzlement took up the greater part of the day. Defendant was bound over to the Circuit Court for trial.

## REJOICE BERKELEY

Wright Bill Ready for Governor's Signature.

**HAPPY STUDENTS TO CELEBRATE**

**Possibility of War Among Samoan Tribes.**

**U. S. To Increase Artillery—Young Czechs Secure Seats In Austrian Reichsrath.**

SACRAMENTO, Cal., Feb. 18.—What is known as the Wright bill passed the Senate today and is now ready for the Governor's signature. Under the provisions of the bill the tax for the revenue for Berkeley is increased one cent. The bill is said to be certain of the approval of the Governor.

The spacious Capitol building was filled with Senators, Representatives and friends of the University who wore blue and gold ribbons, the college colors. Festoons of ribbon decorated the desks of the President of the Senate and the Speaker of the House. Among the strongest supporters of the measure were Senator Stratton and Assemblyman Wright, both of Alameda County.

At the present time the annual income of the university is about \$175,000. Of this \$50,000 comes from private endowments, and the additional 1 cent will increase this total to \$300,000 per annum. Of this amount about \$60,000 will be set aside for ten years as a building fund, and there will, therefore, at the end of that period be \$600,000 at the disposal of the university for the construction of new buildings. The remainder of the extra appropriation will be applied to improving the present accommodations of the students and in increasing the number of instructors.

## SAMOANS MAY FIGHT.

Consuls Unable to Prevent Tribal Dispute.

The Samoa Herald of Feb. 20, says that if rumor is to be credited, Samoa is threatened with another of those ridiculous and abortive tribal wars which have done so much to make the group the laughing stock of the world. That is, so far as the world troubles itself about us at all, for the civilized peoples of Europe and America have grown tired of attaching weight to the disputes of a handful of semi-civilized natives, inhabiting an island group, which, apart from its central position, is of no particular importance in the commercial economy of the globe. The very attitude of the three Powers, around whose diplomatic necks the Berlin Treaty hangs like a millstone, proves this. Here are three consuls, intelligent, cultured, business-like men, who meet frequently, and who know, or profess to know, all that is going on. Yet these gentlemen, though the Governments which they represent are pledged to maintain the integrity of the Samoan kingdom, and to keep a monarch, no matter how impotent, on the throne, are unable to stop the farce which is in progress. No doubt, in their private conclaves, the Consuls have fully determined upon their course of action, but the very secrecy which necessarily surrounds their deliberations destroys its real effect in the eyes of the natives. Humanely speaking, there is every reason against allowing the Samoans to go to war, and from a commercial point of view the argument is equally strong. There is certain to be a loss, through the falling off in the production of copra, whilst even the most unscrupulous of traders no longer pretends that there is any money to be made by Europeans out of Samoan warfare. Consular regulations have been drawn so strictly, and every source of leakage is so closely watched, that the sale of arms and ammunition has become almost an impossibility, or if possible, too dangerous to be risked. Indeed, if the Samoans really mean to fight, it is difficult to see where they are going to get the ammunition to carry on a prolonged conflict, and this is one of the factors which tell most strongly in favor of peace. But a still stronger factor would be the presence of two or three men-of-war in Samoan waters. No doubt the natives have taken advantage of the hurricane season, when the Consuls are left without naval

support, to work up the existing situation, but it is to be hoped that even the prospect of encountering a cyclone will not prevent the despatch, as soon as the news reaches Australia, of one or two vessels capable of putting an end to the present crisis.

## INCREASE IN ARTILLERY.

Hawley Reports Now Bill to Senate Committee.

WASHINGTON, Feb. 20.—The Senate Committee on Military Affairs agreed last week to report to the Senate a proposition to increase the artillery. General Hawley was instructed by the committee to make a report. The proposition of the committee is to amend the Hawley bill to reorganize the line of the army. It became evident to the committee some time ago that there was no probability of the general's measure being adopted at this session.

On Monday Senator Hawley reported an amendment which increases the artillery to seven regiments. The total number of enlisted men in the Army of the United States, including Indian scouts and the hospital corps, is increased 1,600. The amendment provides that two batteries of each regiment may be organized as field artillery in the discretion of the President, and that each battery so organized shall have four corporals, two forriers and one saddler additional. All vacancies are to be filled by promotion, according to seniority.

## FEEL DEAD ON THE STAGE.

The Audience Applauded Castelmarty, Thinking He Was Acting.

NEW YORK, Feb. 11.—An audience of 2,500 people at the Metropolitan Opera House last night saw Armand Castelmarty die on the stage and applauded to the echo, thinking it a splendid bit of acting. That was at 9:05 o'clock, and the curtain was descending for the close of the second scene in the first act of "Martha."

Castelmarty, the veteran French basso, had the part of Tristan. He had gone through the fair scene to the very end, throwing even more than customary life and vigor into the droll songs required of the character. At the close of the scene a bevy of girls were dancing around him. Just as the curtain fell Castelmarty raised his right hand to his head and staggered forward, breaking through the circle of girls. As the curtain went down the great audience broke into tumultuous applause.

In a second or more the curtain was raised and Castelmarty was seen on his knees trying to hold himself up by clasping a table. This was another striking effect, and brought renewed applause.

When the curtain went down the people on the stage saw that there was something real in Castelmarty's fall. Jean De Reszke rushed forward and lifted his old friend in his arms, but he died before any assistance could be rendered. A physician who was summoned pronounced it a case of heart disease.

The manager of the stage went before the curtain and announced that owing to Castelmarty's sudden illness Signor Cernusco would finish the play in the part of Tristan. Then the play went on with the singers laboring under high tension, and the audience in total ignorance of what really had happened.

Castelmarty was about 63 years of age. His body will be taken to Paris.

From Alaska by Stegde.

SEATTLE, Wash., Feb. 20.—Eli Gage, son of President-elect McKinley's Secretary of the Treasury, arrived in Seattle this morning from Alaska, after having made the perilous overland sledge journey from the great Yukon country.

The Secretary's son can now go back to Chicago and share honors with another Chicago man, Charles J. Hamil-

Celebrated for its great leavening strength and healthfulness. Assures the food against alum and all forms of adulteration common to the cheap brands. ROYAL BAKING POWDER CO., NEW YORK.

ton, who made the first overland journey from Alaska to the coast four years ago. Gage occupied 60 days in making the trip, having left the Yukon on December 18th.

SEVEN GAS EXPLOSIONS. Buildings Shattered And Street Torn Up.

CHICAGO, Ill., Feb. 20.—Seven explosions of natural gas at 7 o'clock this morning in the engine-room of the Chicago Chronicle, at 164 and 166 Washington street, badly shattered the basement and business office and injured ten persons, five of them seriously.

The pipes leading from the street sprang a leak and the explosion was caused by ignition from electric light wires.

A few minutes after the explosion flames leaped through the basement and consumed the business office and destroyed the Western Union Telegraph Company's branch office adjoining. All the wires leading to the office, including those used by the United Associated Presses, were broken.

The editorial rooms of the Chronicle were flooded by water and badly damaged by smoke. The force of the shock from the explosion broke every plate-glass window in the building and tore up the sidewalk in front of the office.

EDUCATIONAL BILL. Title of Suspending recess And Closing Motions.

LONDON, Eng., Feb. 20.—The educational bill, on which Mr. Balfour has risked his place and reputation approaches its really critical period as it is now entering the committee stage. Amendments upon amendments are already filed on every leading clause, and the Government may, in order to get the bill passed before the end of March, resort even to the severe measure of suspending the 12 o'clock recess and repeated closure motions; yet even with the most ample use of their powers to admit the bill to debate it is thought unlikely that it will pull through.

NEW ZEALAND COAL. Westport Company Will Export Larger Quantities.

The Auckland Weekly News of Feb. 20, says: The chairman of the Westport Coal Company, referring to the disaster that marked the attempt to open a market in America, says the coal was so much appreciated in Honolulu that they had since received orders for 4000 tons. The net result of all these shipments is that the company come out without actual loss, the result was quite as favorable as they had been led to expect. A foreign market for the company's coal had now been established, though the high freights stand in the way.

Elections in Austria.

BERLIN, Feb. 21.—The developments of the Austrian elections almost divide interest in Germany with the Eastern crisis. The submerging of the German Liberals, the growth of the new Czech and anti-Semite elements and the obvious strength of the Clerical party are all factors which are felt as destined to have influence upon German affairs, internal and external. Since Dr. Rieger, the old Czech leader, advised his party at the convention on the 9th inst. to coalesce with the young Czechs in the electoral struggle against Germans, Socialists and anti-Semites the coalition has been partly effected. In other sections there are candidates of the young element opposing candidates of the old. A forecast gives some 40 seats in the new Reichsrath to the young Czechs and 10 to the old.

Rejoicing at Berkeley.

BERKELEY, Cal., Feb. 18.—When the news of the passage of the Wright bill was received there was general rejoicing. At once President Elston of the Associated Students sent out the announcement that the student body would give a big celebration next week in honor of the Governor and legislators.

A grand review of the cadet companies will be held and exercise will be carried on in the gymnasium, at which speeches from the Governor, President Kellogg and prominent alumni will be made.

The professors and students look upon the passage of the bill as the dawn of a new era for the university.

Live Fish Scraped.

The Call of Feb. 20, says: Officer Delmer of the Society for the Prevention of Cruelty to Animals arrested Lee Onf Chow and Hang Chang yesterday in Chinatown. They are two out of the large number of fish dealers in Chinatown who are accused of keeping live fish in tubs of water and when a customer appears scrape the fish before killing them. Numerous complaints have been handed in, and a test case will be made of these two Chinese.

Herbert Foted.

CHARLESTON, S. C., Feb. 20.—The festivities in honor of Secretary H. A. Berbert of the navy were continued yesterday and lasted throughout the day and are still in progress tonight in the shape of a military and naval ball tendered by the city to the guests.

The United States sent 103,000,000 pounds of ham in Great Britain last year. Something over 300,000,000 pounds of American bacon took the same reference, and as for United States lard, Great Britain received 40 per cent. of the total exports, which amounted 200,000,000.

NOW ITS BASEBALL

Meeting of the League Held Yesterday Noon.

MAUI'S PROPOSITION IS REJECTED

Series of Twenty-One Games Decided on.

Officers Elected To Serve During Ensuing Year—Clubs All to Get Down to Work.

A meeting of the delegates to the Hawaiian Baseball League was held in Bishop's Bank yesterday. Col. J. H. Fisher acted as chairman, in the absence of H. M. Whitney, Jr. The following delegates were present: J. O. Carter, Jr., Harry Wilder and Tom Price, of the Stars; A. H. Moore, J. F. O'Connor and Captain Coyne of the First Regiment; James A. Thompson and Pat Gleason of the St. Louis Club. J. O. Carter, Jr., was elected secretary pro tem. The minutes of the last meeting were read and accepted.

James A. Thompson made an application for the admission of the St. Louis team into the league. Granted. The following proposition of the Maui Baseball team was read by J. O. Carter, Jr.:

"KAHULUI, Maui, Jan. 25, 1897. 'Mr. J. O. Carter, Manager Star Baseball Club: 'Dear Sir:—In behalf of the Maui ball players, and as a representative of my team, we put before you and the Honolulu Baseball League a proposition for consideration, as found below: 'That after a most successful meeting, we finally came to the following conclusions: 'That we should form an organization on Maui, consisting of Joe Ross and Akina, as well as other Mauiites, as, Charles Chillingworth, Kauka, etc., and ask permission to enter in the league as a Maui team to represent that island in the great race for baseball honors. 'Below will be found the following conclusions arrived at: '1. That an organization of a Maui team take place to enter the Honolulu Baseball League. '2. That the players consist of the old players of the Waialuku Baseball team and several outsiders, to complete the 10. '3. That we will only join the league on one condition, and this is, reasonable terms, as: 'We ask for one-half of the gate receipts to pay our expenses with. '4. That we are willing to have the schedule arranged in this manner: That the teams of Honolulu play a game each among themselves, then we will go down and remain three Saturdays and play a game each with the three teams. '5. That all the games be played in Honolulu, in the league grounds. 'Respectfully yours, 'HARRY C. MOSSMAN, 'Acting for Maui.'"

On motion of J. A. Thompson the application was rejected. The following were elected officers of the league, to serve during the ensuing year: President—H. M. Whitney, Jr. Vice President—Arthur Coyne. Secretary and Treasurer—W. C. Wilder, Jr. Mr. Whitney was elected official umpire for the season of 1897 and was given power to appoint his assistants. Mr. Whitney was also appointed a committee of one to confer with a committee from the association on the matter of gate receipts. A season of 21 games was agreed on, the first to be played on April 24th between the Stars and First Regiments, and the second on May 1st, between the First Regiments and St. Louis team. The remainder of the schedule will be arranged later by the captains of the three teams. The baseball rules for 1896 were adopted. The league will be comprised of only the three teams mentioned in this article. Fifteen men will be allowed in each team, if a new man comes in when that limit has been reached, it will have to be at the sacrifice of an old one. The teams will all begin work right away. The Regiments are not certain as to all the men of their team. G. A. Bower, A. C. Davis and J. F. O'Connor are practicing for the place of pitcher. F. M. Kelley will probably catch, with J. B. Gorman, third base, as a substitute catcher. There seems to be general satisfaction among the baseball men that at last some definite action has been taken.

STORM AT SEA.

The Chas. F. Crocker Puts Into Auckland in Distress.

As a result of the fierceness of the heavy gale which raged along the New Zealand coasts the week before last, a large American four-masted schooner, a type of vessel which is rarely seen in New Zealand waters, made her appearance in port on February 9th in a leaking condition. A representative on board the vessel was courteously received by Captain Piltz, who stated that she was the American four-masted schooner Charles F. Crocker, bound from Newcastle to Honolulu, with a cargo of coal, consigned to Messrs. J. D. Spreckels Bros. & Co., and had put into port leaking, having met with the recent gale off the Bay of Plenty.

At noon of January 29th the spanker was reefed, the wind still increasing, and at 3 p. m. the upper topsail was double-reefed, and a reef put in the main and mizzen sails, and the stay-sail and the jib furled. At 11 p. m. it was blowing very hard. An attempt was then made to furl the topsail, but before this could be done it was blown away. The barometer then stood at 29.8, and steadily falling. The lower topsail was then furled, and while this work was being done the mainsail was carried away. The foretopmast stay-sail was blown clean out of the ropes. The barometer had then fallen to 29.6. In an endeavor to save the mainsail Captain Piltz was dashed against the mainmast by a sea, and had his ankle considerably injured.

After an experience of many years at sea Captain Piltz says that he never saw such a fearful sea as was running during the time that the gale lasted, there being nothing but a white seething foam as far as could be seen from the deck of the vessel.

The Charles F. Crocker was built at Oakland, Cal., in 1890, and is owned by Mr. M. Olsen and others, of San Francisco. She is 385 tons register, and has on board 1,292 tons coal.

Immediately after his arrival Captain Piltz came on shore and dispatched a cable to his owners, acquainting them of the casualty.—Auckland (N. Z.) Herald.

Kalihi-Waena School.

Professor Edwards of the Kalihi-Waena School, has arranged the following program of the concert to be given this evening by the school children at Arion Hall: Chorus—Boat Song..... School Recitation—Sliding Song..... Harris Ahana Piano—Air de Ballet..... Chaminate Miss Cordelia Clymer. Chorus—Waltz Song..... School Recitation—Robert of Lincoln..... Sallie Treadway. Violin Solo—Sixth Air Varie..... Dancila Miss Margaret Elnora Sturgeon. Chorus—Hunters' Chorus..... School Recitation—Little Gustava..... Miss Kelupaina Violin Solo—Elegie..... Ernst Prof. J. W. Yarnley, Accompanied by Miss Clymer. Duet—In the Starlight..... Misses Rose Hiona and Julia Barrett Recitation—The Secret..... Benj. Pulaa Chorus—Kalihi no ka OI..... School Cantata: The Wreath of Love..... School

Bicycle Show. All arrangements have been completed for the bicycle show in Independence Park pavilion this evening. There will be many features calculated to delight those who might wish to attend. In addition to those already mentioned, there will be bicycles with electricity connected to turn the wheels; others with colored lights, and last, but not least, music and a place to dance.

CURED BY PARALYSIS

A MEMBER OF THE BOARD OF TRADE IS ABOUT ONCE MORE.

His Familiar Face Has Been Missed Some Time on Account of Severe Illness.

From the News, Indianapolis, Ind.

Carlos F. Shepard is a well-known grain dealer, of Indianapolis, Ind. He is a man of position and a force of character that wins admiration and friends. He is a member of the Indianapolis Board of Trade. When it was recently announced to the Board that he suffered a stroke of paralysis, it seems to all his friends almost impossible that this rugged old man, always so handsomely hearty and cheerful, always a picture of health for "his cheeks were like the rose in the snow," could have been so suddenly laid low. But it was true and many weeks passed before his well-known form and kindly face returned to his former business haunts. His reappearance was made the occasion of a hearty welcome and the story of his illness and recovery is well worth the telling.

"I am 58 years old, and for forty years up to the time of this attack, I had not had a day's sickness. The doctors who diagnosed my case saw at once that it was something serious. They at first said that it was lumbago, then sciatic rheumatism. They finally came to the conclusion they did not know what was the matter with me. I experienced no pain, my head was clear, my appetite good, but I lost the use of myself from my hips down. This was a hard stroke to an active man who has always had an easy going pair of legs. My brother-in-law, who is a physician, came from a neighboring city to see me. He pronounced my affliction to be a locomotor ataxia. I am of the opinion that he diagnosed my case correctly, for I was absolutely paralyzed from the hips down. "Before he came, however, a day or so before, I had begun taking Dr. Williams' Pink Pills for Pale People. That was on the 20th day of last October. Before I began taking them I could not stir a peg, but had to be carried from place to place. I had not gone far into the first box when I felt that deliverance from my enforced inaction had come. Before I finished the second box I was able to walk along with the aid of a cane. About home I do not use a slippery pavement I feel that I need a little support to make my footing sure. The doctors said I could not walk again but here I am, and I think the credit must be given to the pills. It is said the pills are stimulating, but I cannot say that they give me any sensations that I am aware of. They merely cure and that is quite enough for me."

Carlos F. Shepard has been a resident of Indianapolis for over twenty years. He lives at 720 East Ohio Street. He has always been an active, enterprising man and his many friends will rejoice that he has literally been put upon his feet again. He is not only well known locally, but to grain shippers all over Indiana and Illinois.

Dr. Williams' Pink Pills contain, in a condensed form, all the elements necessary to give new life and richness to the blood and restore shattered nerves. They are an unfailing specific for such diseases as locomotor ataxia, partial paralysis, St. Vitus' dance, sciatica, neuralgia, rheumatism, nervous headache, palpitation of the heart, and all forms of weakness, either in male or female.

Sold by all dealers in medicine and by Hollister Drug Co., Hobson Drug Co., agents for Hawaiian Islands.

HAWAIIAN OPERA HOUSE

SPECIAL ATTRACTION. MONDAY AND TUESDAY, MARCH 8TH AND 9TH. A NOVEL AND UNIQUE PERFORMANCE. Music, Drama, Poetry. THE TALK OF LONDON.

The Celebrated Character Actor MR. HENRY LEE

Great Men—Past and Present.

En Route to America After a Brilliantly Successful Tour of the World.

Arrived from Australia Per S. S. Zealandia, Where He Achieved a Sensational Success.

The Critics of London Applaud This as the Most Novel Performance of the Day.

Clement Scott, the Distinguished Critic of the Daily Telegraph, says: "Legitimate amusement, tinged with thought and intellectuality."

William Archer, the most scholarly Critic in England, in 'The World,' says: "Marvellous! To me the achievement had an uncanny air of wizardry."

POSITIVELY FOR TWO NIGHTS ONLY Prices: \$1, 75, 50 and 25c. Box Plan at Wall Nichols Company.

Unique: Designs!

JEWELRY

Rings, Scarf Pins, Lace Pins, Silver Table Ware

And elegant oddities in NATIVE JEWELRY.

E. A. JACOBSON, FORT STREET.

CAN YOU

Sell me a Diamond as cheaply as I can get one from the States? This is a question we are often asked. We answer: Yes, we not only can; but we do.

We have had many opportunities for comparison, and we have never found that our prices suffered by such comparison.

The trouble is that too many people take too much for granted. They believe that such and such is the case, and do not take the trouble to look carefully into the matter.

How often do you find that by staying at home, you could have done

Just as Well.

Now, what is the value of a Diamond? Anywhere from \$50 to \$500 per Karat. Do you know the difference? We do, and that's the reason we know how to buy and how to sell.

Our stock contains many fine specimens of gems, and we tell you just what we know to be the truth.

Solitaires from \$15 to \$400. A wide range, but plenty in-between at prices which will fit your purse.

Cluster rings of the newest shapes. Birthstone rings; some as cheap as \$3.

316 Fort Street.

A Model Plant is not complete without Electric Power, thus dispensing with small engines.

Why not generate your power from one CENTRAL Station? One generator can furnish power to your Pump, Centrifugals, Elevators, Plows, Railways and Hoists; also furnish light and power for a radius of from 15 to 20 miles.

Electric Power being used saves the labor of hauling coal in your field, also water, and does away with high-priced engineers, and only have one engine to look after in your mill.

Where water power is available it costs nothing to generate Electric Power.

THE HAWAIIAN ELECTRIC COMPANY is now ready to furnish Electric Plants and Generators of all descriptions at short notice, and also has on hand a large stock of Wire, Chandeliers and Electrical Goods.

All orders will be given prompt attention, and estimates furnished for Lighting and Power Plants; also attention is given to House and Marine Wiring.

A feature of aluminum ware is the ease with which it is cleaned. No matter how dark it may get over the fire, a pinch of soda in the water in which the utensil is washed will clean it as bright as polished silver. The impression has gone forth that aluminum will not stand hard knocks. This is a mistake, because when it sustains such injuries as usually happen tin pans, etc., just push it back in place and it is as good as new.

Manufacturers have so added to the list of articles that there are few things used in the kitchen that are not made of it. We have a large stock of this ware, and a large assortment, a partial list of which is here given:  
Saucepans, Fry Pans, Preserving Kettles, Tea Kettles, Coffee Pots, Tea Pots, Tea Steepers, Gallon Quart and Pint Measures; Collapsible Cups, Cocktail and Lemonade Shakers, Funnels, Dippers, Cake Pans, Perfection Cake Pans, Lemonade Servers, Muffin Tins, Corn Cake Pans, Bread Tins, Rice Boilers, Drip Pans, Cake Plates, Dish Pans, Perfection Cake Plates, Bread Mixers, Chafing Dishes, Lemon Squeezers and Lipped Saucepans.

Will be Held on Emma Hall Grounds Saturday.

Meeting of Kindergarten Association Yesterday Morning - Important Matters Decided On.

It was decided that the Foreign Kindergarten be moved to the building on the premises of Mrs. E. C. Damon, Beretania street, formerly occupied by a private kindergarten. It was made plain to the members that in this new move there was nothing of a nature antagonistic to the private kindergartens; that poor children will have the preference and that any parents who can afford to make a donation to the society are expected to do so.

It was stated before the meeting that the new Portuguese Kindergarten building would be commenced Saturday (this day) on the grounds leased from the American Board for 10 years. The resignation of Mrs. Waterhouse as chairman of the Hawaiian Kindergarten Committee, was accepted, this on account of the departure for England in the near future of the lady in question.

It was voted that the work in the Maemae Kindergarten be discontinued since, on account of the fact that the Government schools are accepting such young children, the need for a kindergarten at that place has become greatly diminished.

A Japanese bazaar is to be held at the Queen Emma Hall grounds on next Saturday afternoon and evening, the proceeds to go to the benefit of the Japanese Kindergarten, the Japanese Primary School and the Japanese reading room. In the hall will be arranged places for the sale of Japanese articles, and here, as well as outside on the grounds, will be booths for coffee and Japanese refreshments. These will be prettily decorated with Japanese flowers.

Aside from these attractions there will be a show of ancient Japanese customs and costumes. Ceremonial tea will be another feature.

The society wishes it distinctly understood that all moneys paid into the hands of the financial secretary and paid out by the treasurer.

**THE TWO CONCERTS.**

Selections to Be Played on Saturday and Sunday.

In Emma Square at 4:30 p. m. today the Hawaiian Band will play the following selections of music:

**PART I.**  
March—Said Pasha ..... Stahl  
Overture—Murmuring Forest, Bouillon  
Intermezzo—Russian ..... Franke

**PART II.**  
Cornet Solo—Don't Be Cross ..... Zeller  
Mr. Charles Kreuter.  
Selection—Beggar Student ..... Millocker  
Waltz—Vienna Chronicle ..... Strauss  
Hawaii Pono!

Then at Makee Island, 3 o'clock Sunday afternoon, the following music will be played by the band:

**PART I.**  
Old Hundred.  
Overture—Semiramide ..... Rossini  
Largo—Xerxes ..... Handel  
Euphonium Solo—Image of the Rose (new) ..... Sweden  
Mr. James Osborn.

Variations On a German Folksong ..... Ochs

**PART II.**  
Selection—Last Days of Pompeii ..... Petrella  
Cornet Solo—Mona (new) ..... Stephen Adams  
Mr. Charles Kreuter.  
Fantasia—Tamborine (new) ..... Bogetti  
Finale—Camperdown ..... Clode  
Hawaii Pono!

**Australia Passengers.**

The following passengers are booked to leave by the Australia on Wednesday, March 10: S. D. Sutton, Mrs. Lovejoy, Mrs. Brenig, Marie Ezekiel, Mrs. M. I. Brown, A. R. Colburn and wife, D. N. Leese and wife, H. Spalding and wife, Miss Goldstein, T. W. Hobron and wife, Thomas Carter, Eugene Bernheimer, Charles Platt and wife, Mrs. Jennings, J. T. Bowers, H. A. Green, Miss P. Makinney, R. C. Burt, Harry Lee and valet, W. R. Porter, H. Eccles, Jerome Hart, Donald de V. Graham, Frank Unger, Harry Gillig, J. L. Dougherty and wife, R. H. Draper and wife, Mr. Hamilton.

**Rev. C. M. Hyde Will Speak.**

The Devotional Committee of the Young Men's Christian Association has been fortunate in securing the services of Dr. Hyde to give a series of lessons on the "Book of Ephesians" to the members of the Young Men's Christian Association and any other young men who would like to make use of the opportunity. The first of these lessons is to be given next Sunday afternoon at 4 o'clock. Young men are specially invited to make use of this opportunity.

**Harry Lee, Actor.**

Harry Lee the actor and his valet arrived from the Colonies on the Zealandia yesterday. Mr. Lee is here for a short stay, and will probably give a performance. His impersonation of "Great Men, Past and Present," is well known. Mr. Lee has performed with great success in the Empire Theater in London.

WALLACE R. FARRINGTON, EDITOR.

SATURDAY MARCH 6.

LESS PESSIMISM—MORE PROGRESS.

Ouida the novelist, who has lately taken to writing on social questions, has penned a letter to Secretary Olney in which she protests against the clause in the immigration bill which requires those coming to the United States to be able to read. She says that to bar the illiterate Italians will be to keep out the better classes and let in street gamins and others who have been "corrupted by the trumpery education of the schools." She cites an instance within her own experience of a servant, who could neither read nor write but was the pink of perfect honesty and loyalty to his employer. She would not trust an educated man.

This argument is something on the plan of the old farmer's idea who didn't want his boy "educated" because he would then be able to read dime novels. Ouida would evidently accept the logical fallacy: a hen is a biped; a man is a biped, therefore a man is a hen. We would naturally suppose that a woman of Ouida's fame would not speak of the corruption of trumpery education, yet we find the same inconsistencies which she presents cropping out among all classes and conditions of men. Even within our own borders in the discussion relating to the importation of more intelligent labor to gather our staple product, we find nine out of ten remarking that a trial has once been made and it was a failure, therefore all trials will be failures. If this pessimistic view of our industrial experiments is to obtain now and henceforth the time will soon come when the average white man will consider an attempt to exist in this country, a failure.

The influence of the men who meet every new departure with the assertion that "it can't be done in this country" is already coming into bold relief in its effect upon the country both at home and abroad. A temporary loss of a few dollars has blinded the eyes of the majority to the rocks toward which they have been steering; education as to the true trend of affairs has been placed at a discount. It is never too late to mend, however, and we may inaugurate a policy in relation to our own immigration which will save the nation from the wrath to come. It is about time the "can't-be-done" individual ceased receive so much attention and more of the spirit of distinctly American progress put in the spring of our national boot heel.

**PLATT AND CHOATE.**

The election, by the Legislature of New York State, of Mr. Platt to the Senate of the United States, instead of Mr. Choate, attracts much attention in that country, because it is a most emphatic illustration of the power of the "boss" in politics.

We have said, that Mr. Platt did the work and got the office, and Mr. Choate did not do the work, and therefore did not get the office. Our position may be understood. Many people take it for granted that human nature is eliminated from political methods. Many good men here, once recommended an incompetent man for office, because they were his friends, and they wanted to help him. The same men would howl with indignation if an incompetent stranger applied for an office.

The theory of putting the "best man" in office is ignored, practically, by all men. Work and re-

ward go together in this world. The soldier who does the fighting gets the rank. It is not given to some one who would be a great soldier, if he had the chance. The scamp who explores Africa or the North Pole, and risks his life, gets the honors, instead of the eminent scientist who stays at home. Inferior and even wicked men, who accomplish something, in all branches of human life, are usually preferred to those who are eminent but do nothing.

There is a large missionary field in politics. "The heathen" are there in vast numbers. They must be educated. It takes time. Mr. Platt takes the time and Mr. Choate does not. Mr. Choate has a theory that on election day, the heathen, under sudden inspiration, will turn a somersault from wickedness into goodness, and line up with the elect, and vote for the "best man." Mr. Platt has a theory that long, continuous, patient work must be done, and that men must be educated in political matters, just as they are educated in the trades and the professions. He becomes the teacher, and then the leader, and is finally elected over the head of the eminent Choate.

When men like Choate will do missionary work too, and live with the political "heathen," they will have some influence in filling offices. Of course, there are exceptions to this general rule.

Mr. Platt is a "boss." But while Mr. Choate was at home, taking large fees, Mr. Platt, in St. Louis, shook his fist at the weak-kneed Republicans, and drove them upon the gold platform. The bankers and merchants of the Empire State prefer the wicked man who has done splendid work, to an eminent man, who can do good work, but is too busy to spend his time at it. There is much human nature lying around us.

**THE JUBILEE.**

In selecting the best method of commemorating Queen Victoria's Jubilee, Truth (London) says, there is much difference of opinion about it, but that it is quite evident that each person, in Great Britain, feels that the best commemoration would be, to relieve himself of all of his personal grievances.

Tolstoi said: "The wolf looks at the world and thinks, what is all this for but to give me food?" The Englishman says, what is the use of a Jubilee, unless I am pulled out of some trouble? If a man is unhappily married, let the Queen send him a divorce. If he has lost money, let the Queen, or somebody else fill his pockets. If he has a personal enemy, let the Queen "skin" him. In other words, let the Jubilee become a personal millennium, in which forty millions of people will, individually, be relieved of their heavy burdens.

No doubt, the gracious Queen would do it, if she could. But she too, has her own heavy burdens, of suffering, disappointment and bereavement, which will not vanish at the touch of the Jubilee wand. To her the words apply, which the eloquent Robert Hall used at the death of the young and exalted Princess Charlotte, "She too belongs to that vast throng, which

moves slowly towards the tomb, in which all are distinguished from each other only by their different degrees of wretchedness."

**HAWAII JOTTINGS.**

The biggest reason that can be urged against annexation is the class of grocer and the consumer because sugar labor used in the islands. If the present government can supplant ignorant Mongols—both Chinese and Japanese—with intelligent white labor, then annexation—with the consent of the annexed—would be assured. At all events, no foreign power must be allowed to take possession of this rich gem of the Pacific. It is autonomy of annexation—nothing else will be allowed.—The Citigraph, Redlands, Cal. Likely enough it was the presentation of Queen Lili's hotel bill which Secretary Palmer mistook for an attempt on her life.—S. F. Chronicle.

**PERSONAL AND PECULIAR.**

Recent mortality returns from the Southern States show that the death rate of the colored people from tuberculosis is three times as high as that of the whites.

Missouri's cattle are worth \$28,000,000.

The most powerful modern fleet that has ever been seen on the waters of the Baltic will assemble there this spring under the flag of Russia.

Germany makes 2000 pianos a week.

The maximum speed of the swallow is fixed by Prof. Spallanzani, the Italian ornithologist, at 290 feet per second.

**DID IT EVER Strike You?**

That a long continued residence in this country is decidedly enervating on one's health?

Your system needs toning up occasionally.

There is nothing on the market today that does the toning and building up of the weak organs of the body so successfully and to the satisfaction of the consumer as MALT-NUTRINE.

Lack of space forbids us from presenting you with testimonials that have come to us, voluntarily, extolling the virtues of this wonderful preparation by local consumers.

It is a safe wager at 10 to 1 that the people you meet on the street who look fresh have a sprightly walk and a sparkle in their eye are taking MALT-NUTRINE.

Abandon the use of beer, ale, porter, stout and similar beverages for a short time and give MALT-NUTRINE a trial! It will repay you a hundred times for your efforts.

Physicians prescribe it, and feel safe in recommending it for weak and delicate persons.

It can be given to children without fear of its results.

WE ARE SOLE AGENTS.

The business breeze that is now a zephyr will soon blow into a cyclone. Every steamer brings us reinforcements, and our place is putting on its war-paint.

We propose to fight high prices as energetically as the health authorities fight the cholera.

**Can't Eat**

This is the complaint of thousands at this season. They have no appetite; food does not relish and often fails to digest, causing severe suffering. Such people need the toning up of the stomach and digestive organs, which a course of Hood's Sarsaparilla will give them. It also purifies and enriches the blood, cures that distress after eating and

**Internal Misery**

Only a dyspeptic can know, creates an appetite, overcomes that tired feeling, and builds up and sustains the whole physical system. It so promptly and effectively relieves dyspeptic symptoms and cures nervous headaches, that it seems to have almost "a magic touch."

**Distress After Eating.**

"I have been troubled with indigestion for some time. After eating anything that was sweet I was sure to experience great difficulty and distress. Last fall I began taking Hood's Sarsaparilla and am glad to say that my stomach trouble has entirely disappeared. I can now eat a hearty meal of almost any kind of food and have no trouble afterwards. Hood's Sarsaparilla has also cured me of nervous spells." JOHN H. HORNIGHAUSEN, Wheatland, Iowa. Such cures prove that

**Hood's Sarsaparilla**

Is the best—in fact the One True Blood Purifier. Prepared by C. I. Hood & Co., Lowell, Mass. Cures nausea, indigestion, biliousness, etc.

HOBRON DRUG COMPANY, Wholesale Agents

HAVING a stock of goods scattered about in two or three warehouses is a practical illustration of putting a light under a bushel and expecting the public to see the glare. The change we have recently made in this respect has already had its effect. The superior quality of the goods we have been obliged to keep in out-of-the-way places are now in position in the mammoth show rooms of the building formerly occupied by H. W. Schmidt & Sons, on Fort street, mauka of our store. They are arranged in a systematic manner and the sun has a chance to shine on them. Two floors, having several thousand square feet of space, are filled with goods and in a convenient manner for inspection.

Our friends the plantation managers may now inspect plantation implements without falling over them in their efforts to see the exclusive merits of superiority they possess.

On the first floor is an assortment of the Hendry Breaker, than which no better plow has ever been introduced here; Rice Plows, all sizes—side-hill and sub-soils; Cultivators, especially adapted to the wants of coffee growers; Deere Sulky Disc Plows; Avery Sugar Land Cultivators and Stubble Diggers, and Aspinwall's Potato Planters.

On the second floor there are sewing machines, wheelbarrows, step ladders. Then there are parts to the various plows and machinery carried by us, aeromotors, rope, and everything else necessary on plantations.

**If You  
Were  
About  
To Go By**

To go buy a Bicycle, don't do so until you first know it were wise to give OURS the "go by." Why we sell so many Bicycles is no mystery, for the names "Rambler," "Columbia," and "Stearns" are known to everybody one who knows what the word Bicycle means, and about everybody in the Islands knows that we are the agents for these three leading makes.

We will not say much about the "Stearns" this time, as the lot of '97 wheels which left New York on February 10th, did not catch the "Australia," and you do not want to hear about a wheel you cannot see, so we will tell you about them when they get here. But if you want a pretty mount, something up to date, come in and see our "Columbias" and "Rambler's," but come quick, as we have sold over half of the lot just received, and we are sure to be out of both makes before we can get a good look at them ourselves.

We will have just forty-four (44) bicycles on the "Australia" when she gets here on March 30th, and from that on we don't think anybody will go by to buy a wheel because we have not got the stock to show them.

Our "Columbias" this year, as well as our "Rambler's," are fitted with the well-known G. & J. tires. This tire has proved to be the best one ever used in these Islands, and if you get the genuine G. & J. tire you get what you need for this climate and our roads. The genuine G. & J. tire is sold by the "Rambler" Agency here, and is fitted to wheels we order. You can get tires that are said to be G. & J. and look just the same, but you won't wear more than one pair; looks don't wear, you know.

Points of interest to you will be the way the spokes are fastened on the "Columbias," the new special seat and the handles and grips on the Ladies' "Rambler's." In fact, you will find lots to interest you, and you are welcome to examine any wheel to your heart's content, even if you have no idea of buying. We have just added largely to our stock of sundries—such as Lamps, Bells, Luggage Carriers, Bike Stands, Enamels, etc.—and we can fit you out with about anything you need.

FOR THE BEST of everything in the wheeling line, go to

**WILL ENTERTAIN**

Henry Lee, Well Known Actor to Appear.

Impersonates "Great Men, Past and Present"—Has Made Tour of the World.

Among the passengers who arrived by the steamship Zealandia yesterday was Mr. Harry Lee, an actor, who has achieved considerable eminence in his profession, both in America and England. In the former country, Mr. Lee played continuously for some 20 years, commencing at the age of 15, and in a very short time becoming one of the best romantic actors in the country. During his varied experience in every part of America he has played before the lumbermen of Eau Claire, the cowboys of Texas and the miners of California.

Mr. Lee has played leading parts under all the most distinguished managers. Having attained to the highest rung of the dramatic ladder in his native country he began casting about for something new in the theatrical line, and decided to work up an entirely novel entertainment which he called "Great Men—Past and Present." For two years Mr. Lee gave up his stage work to devote himself to arranging the details of his new entertainment. Consisting, as it does, of impersonations of all the greatest men who have and are living, this was a most arduous and expensive work. He had to travel all over Europe and America, analyzing the characters he intended to represent—studying their dress, posture, tricks of manner and gesture, and even voice where possible, for Mr. Lee not only gives an absolutely life-like representation as to facial expression and outward personal appearance, but he imitates the voice and style of the character personated.

The complete change of each character is made in less than a minute. Among the most prominent of a long list of characters Mr. Lee represents are, besides those mentioned, Shakespeare, Mr. Gladstone, Lord Beaconsfield, Lord Salisbury, the Czar, the two Presidents of France (Carnot and Faure), Rudyard Kipling, Bismarck, Ibsen, Dickens, Mr. Joseph Chamberlain, Abraham Lincoln, President Grant, Henry Irving, President Kruger, President Cleveland, Lord Tennyson and several others. Mr. Lee first introduced his novel entertainment to the English public at the Palace Theater, London, where it created a furore.

So great, indeed, was the success that parties were made up in the British House of Lords and Commons almost nightly to witness the performance, and Mr. Lee was the constant recipient of warm congratulations from distinguished men like the Prince of Wales, the Duke of Cambridge and prominent legislators, who were personally acquainted with many of the characters represented. Since his success in London Mr. Lee has toured through Africa and Australia with his entertainment, and has everywhere been praised in the most extravagant terms for the artistic, intellectual, instructive and entertaining character of his work.

He is now on his way to America, where he will produce his novelty, preparatory to fulfilling another important engagement in London. Just before leaving Sydney recently, Mr. Lee was the recipient of an enthusiastic testimonial performance at the instigation of the most representative men in the colony, including the Premier and ex-Premier, the ex-Mayor of Sydney, the Secretary of State and the proprietors of the two leading journals there. In a letter to Mr. Lee, these gentlemen expressed their "high appreciation of his unique and artistic entertainment" and hoped that he would soon return to Australia. Mr. Lee's stay in Honolulu will be brief. He leaves by the Australia on Wednesday next, but before he goes residents of this city will be afforded two opportunities of witnessing his novel entertainment on Monday and Tuesday evenings at the Opera House.

**NEW FERRY BOAT.**  
Twin-Screw Steamer For San Francisco Bay Proposed.

In the Call of February 20th, the first vice president of the Southern Pacific says that the company proposes building a new twin-screw steamer to cross the bay in 20 minutes. The plans have not yet been submitted to the Board of Directors. If such a boat were built it would necessitate many changes in the Oakland mole. At present all the trains come in at the south side and then switch around to the north.

If the steamer is built it is probable that the Union Iron Works will submit a bid on it.

Mme. Elba Will Return.  
Mme. Melba, who went to France some weeks ago for her health, is expected to return to New York early in March. On April 24 she will sail for Europe in company with Mme. Litvenne, Mme. Clementine de Vere, Mme. Lili Lehmann, Paul Kalish and David Bishpan. The company has been engaged to appear for 11 weeks at Covent Garden, London.

West River Opened.  
LONDON, Feb. 15.—A treaty with China for opening the West River to trade has been signed.

**Paris Models.**  
In Paris, at an inn near Place Rochecouart, there is a regular exchange for the hiring of artists' models, and they assemble there every Monday and Tuesday in the hopes of obtaining employment.

When engaged, they are generally paid from 15 to 30 francs per week, but sometimes get more, and they sit for three hours a day.

When artists are seeking for models, the palm of beauty and symmetry of figure is given to the girls of Spain, while those of Ireland are a good second. The prettiest faces and most graceful throats are found among English maidens.

A model for a perfect arm would be sought among Grecian women, while a lady of the Turkish harem possesses the most dainty hand. Italians have usually good figures.—Paris Letter.

**Steel Umbrella Frames.**  
"The steel umbrella frame," says an umbrella dealer, "has almost superseded the old wooden one, but it has one drawback. If the owner of such an umbrella should be carrying his steel frame in the vicinity of an electric light or trolley wire, and should happen to touch the wire with the steel point of the umbrella, he would receive the full force of whatever charge the wire carried in his arm. I have heard of several deaths occurring from carelessness in this respect lately. One need not abandon his closely rolled umbrella, on this account however. All that is necessary is to be careful where the point is placed so that it does not come in contact with any electrically charged body."—New York Tribune.

**Far Better.**  
Pillows stuffed with fragments of old letters may be good for insomnia, as somebody pretends, but it is better to stuff the furnace with them.—Boston Globe.

An entirely new industry in America, which is, indeed, the only manufactory of tapestry outside France, has been established at Williamsbridge in New York State. Although only a few looms were set up at first, it has grown so that at the present time twenty are engaged in the manufacture of these beautiful decorative materials. The dyes are mixed with water taken from the river Bronx, which has been found to possess the necessary qualifications.

COLD WATER PAINT

Especially Designed for Inside Work on Factories and Public Buildings.

It is a dry powder which can be prepared for use by simply stirring in COLD WATER, and can be applied by anyone, and will always produce good work.

It is VERY WHITE, extremely reflective and hardens on a wall like stone, and will take any tint.

It will last for years and is unaffected by gases.

One coat covers better than two coats of oil paint or whitewash.

It can be used on any surface and for all classes of work, even for the finest decorating.

**OUTSIDE INDURINE.**

This is for Outside Work.

Such as Fences, Outbuildings, Laborers' Quarters. It is a thick paste to be diluted with cold water, stands rain and exposure as well as oil paint, and costs but a fraction as much.

**Cold Water  
Kalsomine**

Adapted for Dwellings, Offices and Public Buildings or any other place where KALSOMINE is used. It will not rub, discolor or scale off.

AT THE GAZETTE OFFICE.

A pretty lavender dinner to Miss McGrew, her bridesmaids and Dr. Cooper, was given by Mrs. Tenny at her home on the Plains, Thursday. The beauty of the table decorations and their daintiness of touch went far toward enhancing the enjoyment of a thoroughly enjoyable dinner. The center piece was a cut-glass vase of lavender orchids and maiden hair in a large true lovers knot of ribbon of an exact hue with the orchids. The ends of this knot ran out to the corners and hung gracefully over. At either end of the table were other and smaller vases of orchids. The two candelabras, with white and lavender shades, added another charm to the decorations. The dinner cards were lavender true lovers' knots, bearing the names of the guests in silver letters. Over the entire table was a sprinkling of fronds of the maiden hair fern. The guests were: Miss McGrew, Miss Pauahi Judd, Miss Widdfield, Miss Spading, Dr. C. B. Cooper, Walter Dillingham and Mr. George C. Potter.

At the Wilder home, Waikiki, Miss Helen Wilder gave a little dance last night in honor of Messrs. Frank Unger, Jerome Hart, Harry Gillig, Donald DeV. Graham and Alex. Hamilton. Dancing was the order of the evening. Among those present were Mr. and Mrs. C. L. Wight, Dr. and Mrs. Herbert, Mr. and Mrs. C. A. Brown, Mrs. Noonan, Mrs. Tenny, Mrs. Beckley, Miss Lita Wilder, Miss Dickson, Miss Roth, Miss Vida, the Misses McIntyre, Mr. Phelps, Mr. Sawyer and Mr. Lansdale of the U. S. S. Alert, Dr. M. E. Grossman, Mr. Jack Low, Mr. Sam Woods, Mr. Frank McIntyre, Mr. Charles Hyde, Mr. R. W. Shingle, Mr. H. Lewis, Mr. F. Lewis and Mr. Frank Vida.

Mrs. Walker and Mrs. Hitchcock, two society ladies from Chicago together with Mrs. C. B. Wood, paid a visit to the home of Mr. and Mrs. John Ena yesterday morning for the purpose of seeing some of the beauties of the beach and experiencing the charm of living near the ocean. The ladies have been in the city several weeks and intend to leave for the Orient on the 11th. They are more than pleased with what they have seen of the Paradise of the Pacific and say that they intend telling all their friends so that they may be induced to make a visit here.

Judge W. Austin Whiting gave a pot luncheon to Messrs. Walter and Herbert Austin at his home in Pauoa Wednesday. Besides the guests of honor there were present Chief Justice and Mrs. A. P. Judd, Mr. and Mrs. Samuel Parker, Mr. and Mrs. C. A. Brown, Mrs. C. O. Berger, Mrs. Brennan, Mrs. Norrie, Miss Maggie Walker, Miss Agnes Walker, the Misses Afong, Count Theo. di Kergerlay, Mr. W. Porter Boyd, Edward Dowsett and W. Sproull.

While Professor and Mrs. Webber and Mrs. Maxwell were in Hilo they visited Kainehe, the seaside home of Mrs. Jules Richardson where they were delightfully entertained by the lady. Professor and Mrs. Webber expressed themselves as a charmed with Hilo and her seaside retreats where rest and comfort seemed to lurk on every hand. Just across a narrow strip of water lay Cocoonut Island which also had its charm for the visitors.

On Tuesday Mrs. Willis gave an afternoon tea for the ladies who had charge of the St. Andrew's Cathedral fair which took place last Saturday. On account of the Conrad-Widemann nuptials, Mrs. Willis was disappointed in not having all the ladies with her. Among those present were Mrs. James Campbell, Mrs. Geo. Smithies, Mrs. G. D. Freeth, Mrs. Pierre Jones, Mrs. Wray Taylor, Miss McIntyre and the Misses Harrison.

Mrs. Flanders and the Misses Flanders left on the Zealandia last night for their home in Portland, Oregon. The ladies have been here for about four months and during that time have become so attached to the place as to think of returning next year. While in Honolulu they were the guests of Mr. and Mrs. John Effinger.

Messrs. Herbert and Walter Austin of Boston, Mass., returned to their home on the Zealandia last night. They were laden with leis and bouquets as tokens of aloha from their lady friends. While here they were the guests of Mr. P. C. Jones.

Miss Edith Mist will leave for Victoria, B. C., on the Mowera, leaving Honolulu April 24th. She will go on to England, remaining there with different relatives and friends for the space of about a year. Miss Mist has, for a long time, been connected with the Government schools of the city, and her trip to England comes in as a very pleasant rest after much hard work.

Many will remember Miss Mamie Riordan who was here a short time ago. During the first day out from this port on the O. S. S. Australia bound for San Francisco, she fell and sprained her ankle, making the remainder of the journey rather unpleasant. While in the city Miss Riordan was the guest of Miss Widdfield.

A pleasant little dinner was on at Eskbank, Wednesday. The party was composed of Mr. and Mrs. Gerrit P. Wilder, Mr. and Mrs. Samuel G. Wilder, Miss Atkinson, Miss May Atkinson, Miss Juliette King, Mr. Arthur M. Brown, Mr. Robert Atkinson and Mr. Walter Dillingham.

Mrs. F. M. Swanzey gave a luncheon at her home, Beretania street, Tuesday, in honor of Mrs. Walker and Mrs. Hitchcock of Chicago. There were present Mrs. A. F. Judd, Mrs. H. A. P. Carter, Mrs. James Hyde Pratt, Mrs. F. R. Day, Mrs. C. B. Wood and Miss Pauahi Judd.

Mrs. C. B. Wood entertained the following at dinner in the Hawaiian hotel, Wednesday: U. S. Charge d' Affaires and Mrs. Ellis Mills, Mr. and Mrs. Rice of Boston, Mass., Mrs. A. C. Baker, Miss Clara Fuller, Miss Pauahi Judd, Count Theo. di Kergerlay and Mons. A. Vizzavona.

Mrs. B. F. Dillingham gave a luncheon at her home, Punahou, Saturday. There were present: Mrs. W. F. Frear, Mrs. C. B. Smith, Miss Stansbury, Miss Lawrence, Miss Buckley, Miss Kellogg and Miss Kinney.

The committee who had charge of the very successful dance at the Myrtle Boat Club house Thursday evening was composed of Messrs. Charles Crane, Henry Giles, E. B. Berger, Fred Angus and Frank Grace.

Mrs. Hitchcock and Mrs. Walker of Chicago had as their guests at the Hawaiian hotel French dinner, Wednesday, Mr. and Mrs. F. M. Swanzey, Dr. and Mrs. F. R. Day and Mr. and Mrs. George R. Thorne of Chicago.

The Misses Parker in company with their cousins, the Misses Woods, left for Hawaii on the Kinau yesterday morning. The young ladies will make a two or three months' stay in Puhue, the Woods ranch home.

Mrs. J. T. Waterhouse and her four daughters will leave for the States on the Australia of April 7th. They will go direct to England there to remain for the space of a year.

Miss Helen Wilder will leave for the Orient on the China, March 11th, in company with Dr. and Mrs. Walters of Lihue, Kauai. It is her intention to be back in Honolulu on the Coptic of June 1st.

At Ewa Plantation on Saturday evening, a farewell to Mr. Milton Johnson who leaves that place to accept a position on the new plantation, was given to the delectation of some twenty couples.

Mrs. F. A. Schaefer gave a children's party at her Walkiki home Saturday, as is usual with everything given by Mrs. Schaefer, the affair was all that could be desired and the children had a day of unalloyed pleasure.

There was a good attendance at the courts of the Pacific Tennis Club, Wednesday. Among those present were Miss Millard, Miss Rotb, Miss Vida, officers of the U. S. S. Alert and others.

Mrs. Higgins gave an evening at her home, King street, Tuesday. Her guests were Mrs. C. M. Fairchild, Miss S. E. Beesley of Texas, Mr. J. Travis and Mr. S. E. Laidley.

A birthday party to Miss Hazel Jennings was given at Ewa Plantation Wednesday evening. There were about 30 couples present.

We will assist you to the best of makes and styles; also, endeavor to fit your feet perfectly.  
Our prices are reasonable.

**THE MANUFACTURERS' SHOE COMPANY**  
FORT STREET, HONOLULU.

**CURATIVE-SKIN SOAP**

Nothing is more important in caring for infants than that they should be bathed often, using plenty of good soap. Common washing soap will not do for babies. It contains alkali. Its use will cause irritation. If any sores or eruptions are washed with such soap it will increase the trouble. Curative-Skin Soap does not contain any harmful or unwholesome ingredient. It will allay and soothe irritation; it is the best soap for cleansing sores, because it possess real medicinal virtues which act as a healing agent. It will never cause any skin trouble.

It is especially valuable for using in baby's bath. Wash the baby's head with Curative-Skin Soap and you will not have any trouble with scalp sores. Its antiseptic qualities destroy and prevent many forms of contagious disease.

Curative-Skin Soap while the very best for using on infants, is a delightful toilet soap for adults. Its constant use realizes the finest complexion, and renders the skin soft and healthy. Its use is beneficial. A trial will convince any thoughtful person of its real merit as a medicinal and toilet soap. Price 25 cents.

RECORDS OF THE MAORI RACE.

New Zealand Institute is taking steps to preserve the records of unique characteristics of the Maori race. It is intended to publish the work in five parts. The first, which will be ready shortly, will be devoted to illustrations upon Maori art. The other four parts will deal respectively with Maori habits, weapons, ornaments, and dress. The work is being undertaken by Mr. Augustus Hamilton, registrar of the Otago University, and arrangements have been made of Hamilton to go through all the Maori country and obtain the best photographs possible.

For further particulars apply to JAS. F. MORGAN, Auctioneer. 4543-St

WHARF AND WAVE.

DIAMOND HEAD SIGNAL STATION, March 5, 10 p. m.—The weather is clear; wind, light; east. The condemned bark Rosalie hauled over to Allen & Robinson's wharf yesterday. The Lehua will leave for Honoumua, Honohina, Hakalau and Pohakumahu at 12 noon today. The sealing schooner Agnes Macdonald went on the marine railway for repairs yesterday morning. The Kilauea Hou came in from Hawaii ports late yesterday afternoon with a cargo of sugar and coffee. There will be four steamers down at Kauai this morning—the Mikahala, W. G. Hall, James Makee and Ke Au Hou. The Zealandia was posted to leave at 8 o'clock last night, but she did not succeed in getting away until close upon 9. The U. S. S. Alert, Hanford commander, sailed for Lahaina at 7 a. m. yesterday, to be gone a few days on a practice cruise. The J. A. Cummins came in from Oahu ports yesterday morning with a cargo of rice for Hyman Bros. She left again in the afternoon for Waimanalo. The Ke Au Hou put 1,838 bags of sugar into the bark May Flint yesterday afternoon. The Flint needs about 4,900 bags more to complete her cargo. The Noeau, Kauai, James Makee, Ke Au Hou and J. A. Cummins all came in yesterday. The Makee and Ke Au Hou, for Kauai, and the Cummins, for Waimanalo, sailed again in the afternoon. The bark May Flint will not get away for New York until Tuesday. She will take 4,850 tons of sugar. The Dirigo, with 5,000 tons, and the Roanoke, with 5,400, each took away more than the May Flint. The Kenilworth took 3,850 tons. The steamer Kaena's new whistle was tried yesterday afternoon. It is something like that of the James Makee, but much more shriller. The combination of the whistles of the Cummins and Kaena would make a good one for Chinese New Year. The American ship E. B. Sutton, C. O. Carter master, arrived in port late yesterday afternoon, 16 days from San Francisco. She experienced strong southeast and southwest gales on her trip, and passed a three-masted schooner on the same course, off Mani, on the night of March 4th. The Sutton comes to load sugar for New York. Captain Carter has his wife with him. The O. S. S. Zealandia, Hayward commander, hauled alongside the Pacific Mail wharf about 1 p. m. yesterday. Following is the report furnished by the obliging purser, Mr. Thomas Smith: Sailed from Sydney February 15th at 5 p. m.; from Auckland on the 20th, at 2 p. m., and from Apla, Samoa, on the 28th, at 11 a. m. Good weather all the way. Five cabin and six steerage passengers for Honolulu.

WHARF AND WAVE.

The Ke Au Hou put 1,838 bags of sugar into the bark May Flint yesterday afternoon. The Flint needs about 4,900 bags more to complete her cargo. The Noeau, Kauai, James Makee, Ke Au Hou and J. A. Cummins all came in yesterday. The Makee and Ke Au Hou, for Kauai, and the Cummins, for Waimanalo, sailed again in the afternoon. The bark May Flint will not get away for New York until Tuesday. She will take 4,850 tons of sugar. The Dirigo, with 5,000 tons, and the Roanoke, with 5,400, each took away more than the May Flint. The Kenilworth took 3,850 tons. The steamer Kaena's new whistle was tried yesterday afternoon. It is something like that of the James Makee, but much more shriller. The combination of the whistles of the Cummins and Kaena would make a good one for Chinese New Year. The American ship E. B. Sutton, C. O. Carter master, arrived in port late yesterday afternoon, 16 days from San Francisco. She experienced strong southeast and southwest gales on her trip, and passed a three-masted schooner on the same course, off Mani, on the night of March 4th. The Sutton comes to load sugar for New York. Captain Carter has his wife with him. The O. S. S. Zealandia, Hayward commander, hauled alongside the Pacific Mail wharf about 1 p. m. yesterday. Following is the report furnished by the obliging purser, Mr. Thomas Smith: Sailed from Sydney February 15th at 5 p. m.; from Auckland on the 20th, at 2 p. m., and from Apla, Samoa, on the 28th, at 11 a. m. Good weather all the way. Five cabin and six steerage passengers for Honolulu.
