Pledged to neither Sect nor Party,
But established for the benefit of all.

THURSDAY, SEPT. 13, 1888.

THE PASS SYSTEM RENEWED.

At one time, not very long ago, persons desirous of boarding the Oceanic Steamship Company's steamers immediately on their arrival, and before passengers had landed, were required to procure passes from the local agents beforehand, and those who could not show a pass were debarred from going on board until the passengers, or the bulk of them, had come ashore. This regulation was beneficial to the people on the steamers, and prevented crowding and lusting on the gangways; but the shore people did not approve of it, and expressed their disapprobation by many savage growls. This, or some other cause, led to the abandonment of the pass system, since which the rushing of crowds of people up the gangways at the first opportunity, delaying and inconveniencing the landing of passengers, has become a nuisance. The agents, Messrs. W. G. Irwin & Co., have determined to return to the pass system, and allow none but the bearers of passes to board until the passengers have landed. We are glad of it. Everybody will be benefited by the arrangement, whether they like it or not. Three-fourths of the people who rush from the wharf to the deck of the steamer as soon as she touches, have no business there whatever, other than curiosity. Then, why should they be permitted to intrude themselves where they through the passageways and become an annoyance and a nuisance. Those who have friends aboard whom they are anxious to meet, or any other important business, will have no difficulty in procuring a pass from the Agents.

REFLECTIONS ON THE BRIBERY CASE.

Charges of bribery against members of the Legislature and their expulsion from the House on the ground of the charges having been proven are novel events in Hawaiian history; and therefore events which naturally produce extraordinary interest and more than usual excitement, when they occur. On Tuesday last, after a patient investigation by a committee of the House, four of its members were found guilty of having accepted payment for their votes against a proposed amendment to the Constitution, relating to the Chinese who might be in the country at the time of its passage or who might thereafter arrive, and three of the members were ignominiously expelled for the offence and the other was severely censured, but allowed to retain his seat. So far as we can learn, this is the first instance of the Hawaiian Legislature expelling a member for any similar offence. Certainly during the reign of the present Sovereign or that of his predecessor this is the first occurrence of the kind. From this fact the inference must not be drawn that our legislators have always been of such a high character that they were above the influence of bribery; for, as a matter of fact, there is good ground for believing that there have been times in the past when bribes were freely offered and fearlessly accepted. The practice existed, but it was winked at. For some reason, perhaps a lack of inclination, the investigation and punishment were not attempted. The prevailing sentiment of the House was "in accord" with the idea. The present Legislature must in justice be credited with having risen above its immediate predecessors in this regard, and the fact that it had the moral strength to prefer and investigate the charge and to inflict severe punishment on the offenders will stand as a lasting monument to its glory.

It should not be supposed from the foregoing that the final result is entirely satisfactory to all, or that the action of the House and those members who were mainly instrumental in securing conviction is above criticism. The opinion expressed by some members of the House and many people out of the House, that the four guilty ones should have been treated alike, is one which we heartily endorse. We go farther, and say that Mr. Kawainui and Mr. Kalaukoa are highly censurable for the part which they, according to their own testimony, played in the matter. When they knew that bribery was contemplated, why did they not use their best endeavors to prevent it, instead of exerting themselves to bring it about? This would have been a manly and honorable course; the one pursued was mean and despicable in the superlative degree. These men might have saved their weak countrymen from the disgrace which has overtaken them. As for Mr. Kalaukoa, we consider that he merited expulsion from the Legislature along with the three. This conclusion is reached from a study of his own published testimony. It will be hard to convince any reasoning reader of his printed statement, that he was not as deep in the mud as the others. A blot rests upon his name in the estimation of honest and honorable men, which no explanation can remove.

AN INTOLERABLE NUISANCE.

EDITOR BULLETIN:—A law is in force in Berlin, which, could it be enforced here would be gladly hailed as a welcome relief from the insane thumpings of those who think themselves pianists. A stranger walking along Hotel street could imagine himself near a boiler factory, or a large tin shop, while listening to the insane thumping and banging on borrowed pianos by half crazed or half drunken men, who cannot play a single piece correctly but have a half hundred marches, etc., picked up at low concert halls, with which they outrage the refined tastes of their neighbors and make night hideous by their hammerings. Why do not such people shut their doors and windows, if they play (?) for their own amusement and not disturb the town?

PRO BONO PUBLICO.

EDITOR BULLETIN:—The arguments advanced by the honorable members of our Legislature against the passage of the constitutional amendment, which recently died so ignominiously, have elicited many disparaging comments, and from the unanimity with which these reasonings are condemned by people of Honolulu it is fair to presume that the foresight and wisdom which this measure demanded was prominently absent, pronouncing the conduct of these men wrong.

The Chinese question was not a very prominent issue at the time of the last general election, yet almost every member elected from Honolulu promised at one time or another to advocate Chinese restriction. One member was actually elected upon that issue alone. He has voted against it, because, as he says, it was contrary to his principles. I actually blush at this while writing. This gentleman lacks the ability to distinguish his very delicate position.

The painful sensation caused by a despicable act, which the majority of men call shame, this honorable Legislature knows nothing of. Will he with some of his confederates, at least, display the magnanimity to allow the party which they have sold to be ashamed for them?

It would be puzzling indeed to know what excuses these men could give, what arguments they would use if they were ordered by an enraged public to give an accounting of their conduct. Whether they be rich in possessions, whether a prefix of "honorable" attaches to their never-to-be-forgotten names does not matter. It cannot save them from the opprobrium of having violated the wishes of the men who placed them there, nor as arrogant and self-assuming persons, but as "the servants" of the people. The sooner our Legislature, our Cabinet and every Government official understands this the better it will be for the country.

Is it possible that any member of this present House is not aware that an overwhelming majority of the voters are for Chinese restriction and control? If there be such, it would be well for those to have acquainted themselves with this truth some time ago. And if they do know it, I for one deny them the right to decide this grave question for the people. These men forgot that they were not passing a law which was permanent. They simply went through the preliminaries to submit this enactment to the people of Hawaii, and to the people belongs the supreme right to say what shall or shall not be in their Constitution. This right has been trampled upon by some of the members elected from Honolulu. They have thus erased their names from the roll of honor. They have lost caste, and are breathing the poisoned air

of a people's wrath, which has politically killed them. I have no excuses to make for these men. My supreme happiness is in the satisfaction that the outraged feelings of the "Liberal Reform Party" (not the "Reform Party"), will be, at least in a measure, avenged by purging it of such men. There is only one comment to be offered on the total proceedings of this Legislature: Personalities have strangled the new-born babe of patriotism. "Pro bono publico" has been drowned in the slimy sea of personal spite and interest. And to crown all, the traitorous felony of bribery is said to have filled dishonest hands among the custodians of a people's confidence, among the guardians of the Paradise of the Pacific. Disgust has given way to horror; contempt is turned into actual hatred, and calls for justice are heard on all sides. The people's feelings have been trilled with to the utmost. The string of patience is about to burst.

NOTES ABOUT KOLOA, KAUAI.

Strangers or occasional visitors to Koloa cannot help expressing their surprise and admiration at the manifold improvements, that are constantly looming up at this town. The very cosmopolitan population seems to lighten somewhat the effect. There are, for example, a German town, New Portugal, New Madeira, a Japanese village, and the never failing Chinatown, with its peculiar odor of opium and filth, where also at almost all times of day and night can be heard the ear piercing noise of Chinese music. Koloa seems to be the Celestials' Paradise, for the use and sale of opium and sham-shoo, and opportunities for gambling seem to hold tult sway here.

No one arriving at Koloa, can have the benefit of full observation, unless they land at Koloa landing, or at least make a visit to that point. The landing is the most southerly one on Kauai. The sea here is at all times as smooth as a looking glass, while there is hardly any surf on the beach.

The Koloa plantation has made, at an enormous cost to itself, some splendid improvements at the landing. It has built a new and substantial wharf for the landing of passengers and freight. A large derrick is placed on the wharf to facilitate the handling of heavy machinery and boxes.

A new road and improvements to the old one have been made at heavy expense. Two large warehouses are built at the landing, one of these about 60 x 24, the other about 30 x 24 feet. The larger one is raised about 10 feet above the ground, leaving a large space under the house for storage of goods. Some immense cargoes, considering the size of Koloa, are landed at this wharf. Koloa landing, as at present, is generally acknowledged to be the best landing, next to Honolulu, on the islands. About 50,000 bags of sugar have been shipped from this place already this season, while grinding is hardly expected to cease before 4 to 6 weeks hence.

A splendidly equipped wagonette, drawn by a pair of strong and gentle horses in charge of an experienced driver, is in waiting at the landing on steamer days, to take passengers to Koloa, distant about two miles. The reasonable amount of 50 cents is charged for such accommodation. The drive on the road, which is in excellent condition, is a highly enjoyable one. Fields of sugar cane or taro patches, or some nice residences surrounded by shade trees and gardens greet the eye. The first public building met is the Court House and jail, a frame structure. Close by is the gubernatorial mansion of Her Excellency Lanihau, Governess of Kauai.

East from this place, and about half a mile distant, is the Roman Catholic Church and school. The church is built of stone, and is in charge of Rev. Father Libert. The school teacher is Mr. Mica. This very pleasant gentleman is also Tax Assessor. Some 40 pupils visit this school.

Returning to the road again, we meet the buildings used as a Government school, which are surrounded by a large and exceedingly well kept recreation ground, where the children can run about and play during recess. The number of pupils attending this school is above 100. Mr. J. F. Burckett is principal of the school, while Mr. Neal is assistant for the primary classes.

A little further on is the Protestant Church, which is built of stone. Services are held here in English and Hawaiian; English under the charge of Rev. Goodell, Hawaiian under Rev. Mahoe. The Sunday School is well attended. Nearly opposite the church is the magnificent residence of Dr. J. K. Smith, surrounded by well kept gardens. Close by is the Koloa Hospital, containing, I believe, about 8 beds. Koloa music hall is also in this vicinity, where the band, under the leadership of Mr. Field, is discouraging music almost nightly. This band, which has at present only 12 members, has been lately organized.

Next we come to the Koloa Sugar Mill, which has a capacity of 20 to 25 tons per day. At some other time I will apply for the privilege to inspect this mill, when I will write a more detailed account concerning it.

About 200 yards from here is the new Post Office, a frame building

12 x 15 feet. This office has 70 letter boxes, such as are used in Honolulu. There is a delivery window, besides another window, at which a wire rack holding all, uncalled for letters is exposed for public inspection. The office itself is neatly fitted up in office style, containing a safe, maps and charts, two tables for assorting letters and newspapers. Some 500 or 600 letters are received at and forwarded from this office every week. Office hours are from 8 a. m. to 5 p. m. Service is prompt and very courteous. Mr. E. Stretz, a genial and whole-souled German, is the Postmaster here, besides holding the office of Collector of Customs. I am inclined to concur in his opinion that the Koloa Post Office is the best organized office in the country, next to the one in Honolulu. BYE-AND-BYE. Koloa, Sept. 8, 1888.

INCENDIARY RATS.

The following extract from a Boston paper contains useful information and conveys a hint not to have matches where rats can reach them. Attention to a little matter of this nature might prevent the kindling of a great blaze:—

Fire-Marshal Whitcomb of Boston has been recently experimenting with rats and matches shut up together in a cage, in order to ascertain whether they were likely to cause fires or not. In the absence of other known cause, frequent fires have been ascribed to their agency, while at the same time many underwriters affected to scoff at the idea. The question may however now be considered as settled. On the very first night that Marshal Whitcomb's rats were left alone with the matches four fires were caused, and not a day passed while the experiment was being tried that fires were not started in this way. The rats were well fed, but they seemed to find something in the phosphorus which they liked. It was noticed that only the phosphorus ends were gnawed, and in most instances the matches were dragged away from the spot where they had been laid.

NOTICES appear with regard to
claims against estate of Ah Sung of
Honolulu, and John Garcia of Ka-
lihi.

AN aged native, as deaf as a post,
fell with his horse at the embank-
ment, at Leleu, this morning, and
was pretty badly hurt.

WHILE the steam drill was at work
at Leleu this morning the steam hose
burst with a loud report, frightening
a Chinaman out of his wits.

A NEW sidewalk has been built in
front of the residence of Dr. Day,
corner of Fort and Beretania streets,
which is a decided improvement.

A PARTY of ladies and gentlemen
returned from Waimanalo to-day,
after enjoying the well-known hospi-
tality of the Hon. J. A. Cummins.

THE sidewalk on Fort street from
below Mr. Levey's auction room to
the Oceanic Co.'s wharf is in a most
disgraceful condition. Cannot it be
repaired?

MARSHAL Soper's expedition around
this island has been deferred until
to-morrow. The Attorney-General
and Postmaster-General will probably
join the party, who expect to be gone
five days.

"WHAT'S more ridiculous than a
man chasing his hat?" said a learned
professor, this morning, after a sharp
run. "If he does not run fast enough
he will not catch it, and if he runs
too fast he'll step on it."

THIS evening the ladies of the Cen-
tral Union Church will hold their
regular monthly sociable in the ves-
try, at 7:30 o'clock. All members of
the church and congregation are in-
vited to attend, and bring friends
with them.

At the regular meeting of the De-
bating Club this evening a paper will
be read on "The Reform party of
1890." Discussion will follow. A
full attendance is requested, as the
officers for the ensuing six months
will be elected.

THE U. S. Standard weight and U.
S. Standard measures, formerly used
by the Governor, have been handed
over to the Marshal, to whose lot the
regulating of scales and measures
has fallen. The weights graduate
from one grain to 25 pounds.

THE Kaimiloa has been about to
make a trial trip for the past week or
two, but has not yet sailed. Her ma-
chinery, small pieces of which are
new, has been worked nearly every
day for the above time, running
smoothly on one occasion and with
excessive frictions on the next. Steam
was up this afternoon and the ma-
chinery worked better than usual,
but the new pieces have not yet been
worn down sufficiently.

ON King street, just beyond Alapai
street, the other night, a drunken
man lying in the middle of the road,
escaped from being run over by a
skittish horse. While a policeman
was being looked for—and not one
was seen until the Station House was
reached—a hack came along, and the
driver recognizing the drunken man
bundled him into his carriage and
dodged the police, who were then on
the way out.

The Hawaiian band will play at
the Queen's hospital to-morrow after-
noon, from three to five o'clock.

A CHINESE gambling den on King
street was raided by Officer Alapai
this morning and five gamblers
caught.

The St. Andrew's Sewing Society
will resume its weekly meetings in

day afternoon.

The Arion Society's meeting last
night was moderately well attended.
The time was pleasantly passed in a
highly satisfactory rehearsal.

Mr. D. F. Dillingham and family,
and a party of friends will start for
Pearl River harbor to-morrow morn-
ing, returning on Saturday.

The sale of cattle by Mr. J. F.
Morgan at 10 o'clock, on Saturday,
will take place at the Pawa paddock,
King street, opposite residence of
Judge McCully.

The case of A. H. Loo Ngawk et
al. vs. A. J. Cartwright et al., Trust-
ees of His Majesty's estate, is still
being heard in Supreme Court
Chambers, before Mr. Justice Preston.

The disorderly house case was
further continued to the 17th, in the
Police Court, this morning. Wini,
the Chinese woman who received
stolen goods was not pros'd. All
other cases, excepting two of drunk-
eness, were continued.

A DISPUTE as to the exact time that
the Hicks-Sawyer minstrel perform-
ance began at the Opera House, when
they passed through here several
weeks ago, has created a bet of \$20,
and there is a prospect of the affair
winding up with a tongue fight.

ON Beretania street, near the Kan-
makapili Church, is a poi shop run
by Chinamen. There would be no
objection to the shop were it not for
the fact that at all hours of the day
the proprietors may be seen standing at
the door or on the side-walk in a
semi-nude condition. The attention
of the police is called to this, as a
great many people pass along that
thoroughfare.

At this point Mr. J. L. Torbert,
whose taste in arranging goods is so
well known, made his appearance,
and the reporter was initiated into
the mysteries of various articles
which have never before been seen
in this country. It would simply be
impossible to describe everything
seen, but particular mention must
be made of the white French China
ware, in breakfast, dinner and tea
sets. If a plate or cup of a set gets
broken you can always renew it as
the company will keep a full supply
on hand. Supposing you want to
fancy yourself in Boston enjoying a
bean feast, you can here find
earthen bean pots for which there
appears to be a great demand.
There is also Cameo ware in scent
bottles, finger bowls and fairy lights,
which ware is very rare.

PACIFIC HARDWARE COMPANY.
During the past month extensive
alterations have been made at the
store of the Pacific Hardware Com-
pany, which now makes it one of the
most attractive in town. The entire
stock has been re-arranged and
room made for new goods just re-
ceived direct from England. This
morning, a representative of the
BULLETIN visited the store and
"climbed de golden stairs" leading
to the show rooms, in company with
Mr. E. R. Hendry, the genial sales-
man, for an inspection of the im-
provements as well as the stock.
Arriving at the top of the spiral
staircase the eye rested on a fine as-
sortment of Angora goat rugs in dif-
ferent colors, Royal rugs which
change color, Wicker tea tables,
traveling valises with every re-
quisite article inside, umbrellas, fine
bath towels, hat racks in shape of
riding whip, carriage wraps for
rainy weather, ladies bath robes all
ready made, tea sets of the Royal
Worcester ware, soaps of all kinds,
clothes baskets, brass ornaments
for tables to hold papers, cards or
photos, oil paintings, salad sets,
salt cellars, opera glasses, and
colored glass ware.

At this point Mr. J. L. Torbert,
whose taste in arranging goods is so
well known, made his appearance,
and the reporter was initiated into
the mysteries of various articles
which have never before been seen
in this country. It would simply be
impossible to describe everything
seen, but particular mention must
be made of the white French China
ware, in breakfast, dinner and tea
sets. If a plate or cup of a set gets
broken you can always renew it as
the company will keep a full supply
on hand. Supposing you want to
fancy yourself in Boston enjoying a
bean feast, you can here find
earthen bean pots for which there
appears to be a great demand.
There is also Cameo ware in scent
bottles, finger bowls and fairy lights,
which ware is very rare.
