THIS EVENING'S DOINGS. Mystic Lodge, No. 2, 7:30.

TO-MORROW'S DOINGS. AFTERNOON Legislature, 1. Ladies' Prayer Meeting, Fort St. Church, at 3 o'clock.

THE STATUS OF THE HAWAIIAN COINAGE.

When the present administration found that it could not place the \$2,000,000. 6 per cent. loan without extra inducement to purchasers of the bonds, an agreement was entered into with Claus Spreckels that he should have silver money coined of the same value as United States coins which should be received at their nominal value for the said bonds. That is to say, this Government agreed to pay to Mr. Spreckels 100 cents in gold for coins stamped \$1, but which in reality contained but 90 cents worth of silver, and also to pay 50 cents each for coins stamped 50 cents, but which in reality contained but 42 cents worth of silver. After the manufacture of a large amount of the coin but prior to the issue of the bonds therefor, the Supreme Court declared such agreement to be illegal, and it was not carried out. This left a large amount of coin on Mr. Spreckels' hands, and to help him out, the Privy Council made an order that such coin should be received and pass current in this Kingdom at the valuation stamped upon it. Mr. Spreckels is the owner of a number of plantations and controls a good many more, and used his 90 and 84 cent dollars to pay off his hands and in fact all his debts and those of his agents, W. G. Irwin & Co., thereby spreading it broadcast over the country. He also placed a large amount of it in the Government Treasury for which silver certificates were received. The situation now is as follows:

This so called Hawaiian Coin is not and never has been Hawaiian Government money. It is Hawaiian in name only. It was manufactured for and imported by Mr. Spreckels, at his own expense, at a cost to him of 86½ and 92½ cents on the dollar, according to the denomination of the coin, 2½ per cent. being allowed for cost of manufacture and transportation, and was passed off on this community for 100 cents, netting Mr. Spreckels a clear profit of 7½ per cent. and 13½ per cent. on the respective denominations of dollar and half dollar.

Had the administration in accordance with the law passed by the Legislature of 1882, bought bullion and had coin made on its own account, this profit would have gone to the government, instead of which it has gone to Mr. Spreckels, at the expense of the people.

Had the government pursued this course, the coin would have been government property, and as such, not subject to duty; but the govern-

ment in plain violation of the law which requires a duty of 10 per cent. to be levied upon all silver coin imported, has allowed Mr. Spreckels to import \$725,000 of silver coin without paying any duty, resulting in a loss to the government of \$72,500.

THE LAWMAKERS.

Mr. Gibson is daily entertaining representatives at his residence.

Mr. Gibson lifted up his sonorous voice during yesterday's session, and read a verbose statement of the policy of "myself and colleagues" on the subject of immigration.

In the debate on the resolution to impose duties on the Hawaiian coins, Mr. Gibson produced three copper coins which are used on Maui for change or as tickets, to illustrate how much more valuable the Hawaiian coin is. It evidently was intended as a master stroke, and the little coppers were held up with glee. The coppers had been procured for the occasion, and were fished up from the ministerial pocket and exultantly held aloft. But the brilliant master-piece of strategy fell flat. The House did not even smile.

If the Attorney General hopes to have influence in the House he will have to alter his course a little. Haul a little nearer to the point of frankness and sincerity, Paul, and don't run so near to the coast of equivocation and prevarication. We know that you are following in the wake of the old man, but first thing you know his crazy old craft will strike. "Luff, I tell you, luff."

There was a moving among the dry bones yesterday. The first puff of the coming storm struck the ministerial raft. The ancient mariner who holds the helm, called "all hands, and finding that his Finance steward had turned in, sent below to wake him. The steward presently answered to his name, and the complement was complete. The old man put the helm down and tried to bring the House up into the wind, but she wouldn't mind worth a cent; and finally, instead of heaving to, the whole concern gibbed, and so suddenly that the old man and his crew were left behind in the cold, cold sea.

OPIUM IN HAWAII.

This is the subject of an able article read by Mr. W. R. Castle at a meeting held last night in the basement of Fort Street Church, in which the subject of high license or prohibition is discussed, and prohibition unhesitatingly advocated. This view of the question is supported by facts and figures: by statements of the authorities who are brought in contact with users of the drug; by users of opium, and by the strongly expressed views of a number of prominent Chinese merchants.

The article is ably prepared, shows much thought and careful preparation, and deserves the careful perusal of every person interested in the welfare of the country. We do not give details of the argument, as it is lengthy, and would be incomplete without the whole. It is to be printed in pamphlet form in Hawaiian and English for distribution. It is a timely contribution to the subject in view of the pending bill to license the sale of opium.

A LOST WORLD.

Most of us have suffered from dissertations on the Lost Tribes of Israel, but the subject of a lost world, is comparatively new. Strabo mentions in his writings, that there was a tradition, extant in his time of a continent which existed between the coast of Africa and the Azores; and that during one terrible night the whole continent sank under the sea. Now this tradition has been verified by the soundings taken by H. M. S. Challenger. The Azores being proved to be the peaks of mountains, forming part of a chain in conjunction with the Atlas mountains. The deduction of course being that the whole of this submerged country, (about the size of Australia) once formed part of Africa. This is mentioned as the probable origin of the tradition of the Deluge and is borne out by the passage in Genesis, which reads "and on the same day, were all the fountains of the great deep broken up."

This, of course, throws new light

on the many points of resemblance between nations, which have hitherto appeared unaccountable, for example, the Moors and the South American Indians.

THE LEGISLATURE

WEDNESDAY, MAY 7—Continued.

Mr. Dole said in support of his resolution that by the Statute of 1876, a duty of ten per cent. shall be collected for all silver coins from other countries. The Minister of Finance's statement in his report is not definite, yet it is definite enough to state this money has not been brought in by the Government.

The Attorney General, in the absence of the Minister of Finance, would like to ask the honorable member two questions.

First—Whether he has the Report of the Privy Council on this matter? Second—Whether the treaty calls for duty for silver coins from the United States?

Mr. Dole said he had read the report, and also that the treaty allows for bullion not coin. By the laws of 1876 the Minister of Finance should collect duty on all coins coming in, unless there are stipulations to the contrary. If this government has not collected duty on coins from other countries all the worse for them. They have collected on Mexican dollars imported from the United States. The honorable member said it seemed rather strange that a representative should bring in a resolution to instruct a minister. He felt somewhat the awkwardness of the position, but the matter was of the gravest importance. His Majesty in his speech has called for economy and we are prepared to carry it out. This resolution is consistent with his Majesty's views. All classes should make strong efforts to reduce the expenses of this country.

The Attorney General said the wording of the resolution had a hidden intent in it. It was not untimely as it was bound to come up. It would be boyish of him if he did not think that every person in the House even the reporters, did not understand the drift of this resolution, and I move it be indefinitely postponed. The resolution was not made for the good of the country but as a point in politics.

Mr. Aholo seconded the motion, remarking that if he was a Minister he would not take the slightest notice of the resolution. If the Minister had not done his duty according to law, then our confidence is shaken.

Mr. Kanehine, in support of the resolution, said he had no doubt the Ministers were opposed to this resolution. He did not want the Government to collect any duties they were not entitled to.

Mr. Cecil Brown moved an amendment, that in place of the word "instructed" be inserted the word "requested."

Mr. Dole accepted the amendment.

Mr. Smith asked the Ministers if duty had been collected on the \$725,000 already brought in.

The Attorney General said he didn't know anything about it.

Mr. Smith in view of the ignorance of the Attorney General said he would ask the Minister of Foreign Affairs.

Minister Gibson said he was not Minister of Finance and could not say "officially" that no duties had been collected. He regretted the absence of the Minister of Finance.

Mr. Smith said he also regretted his absence. He supposed that a further importation of coin would arrive by the Mariposa. It was safe to presume that the duties had not been paid.

Mr. Bishop said he had no fault to find with the honorable member who introduced the resolution, it was introduced in good faith. It raises a question in which there should be more time for explanation. In the treaty there is nothing about coin, simply the word bullion. Any coin coming in must be accompanied with a certificate. He moved that the resolution be laid on the table.

Mr. Cecil Brown was in favor of the resolution and also in favor of a matter of expression of this House towards the Minister of Finance.

Minister Gibson said the coin was ordered, consigned and delivered to

the Hawaiian Government in accordance with an act passed in 1880, and the Government will not levy duty on its own importations. He called attention to some coins which had been manufactured viz: 1 rial with Wailuku Plantation on it; one with Haiku Plantation; and another with T. stamped on it. These coins were not worth a cent, but a Hawaiian silver half dollar which he held in his hand was worth as much as the United States money.

Mr. Nawahi said the Ministers reminded him of a lot of new beginners in a primary school, they knew nothing when they started, but picked it up.

Mr. Kaulukou said that if the Government had made Mr. Dole their agent he would have opposed the resolution, the honorable member perhaps thinks that Mr. Spreckels is making profit on this coin. He said Mr. Bishop bought Mexican dollars in San Francisco for their value there and made profit on them.

Mr. Bishop said the honorable member was mistaken.

Mr. Kalua said the picture on the coin of His Majesty brought ridicule. One of his friends didn't recognize who's head it was on the coin.

Mr. Dole, in a somewhat lengthy speech, summed up, concluding by asking the members to pass the resolution.

Mr. Kalua called for ayes and noes.

The motion to lay on table was carried, ayes 35, noes 9.

The House adjourned at 4 o'clock.

THURSDAY, MAY 8.

The House assembled at 1 p. m.

After prayer by the Chaplain, the minutes of the proceeding day were read and adopted.

Mr. Kamakele presented a petition from Makawao with 146 signatures, that parents having 14 or more children be exempt from all personal taxes. Referred to Judiciary Committee. Also a petition from the District of Honolulu that lepers be allowed to remain in the hospital at Kakaako and not be sent to Molokai. Referred to Sanitary Committee.

Mr. Nahinu, from South Kona that the Reciprocity Treaty be continued, also from South Kona a petition relating to marriage among lepers. Laid on table.

Mr. Nakaleka, a petition from Molokai that the pay of the deputy sheriff be increased to \$50 per month. Referred to Committee on Finance.

Mr. Dole offered a resolution, that \$600 be inserted in the Appropriation Bill for building an office for the Governor of Kauai, and a further sum of \$300 for an iron safe. Laid on table.

Mr. Dole read first time a bill to amend Section 8 Chapter 79 Penal Code relating to notices of marriages, births and deaths. Passed to second reading.

Mr. Kaulukou read first time an Act to re-establish the Circuit Court in the Island of Oahu. Passed to second reading.

Auditor General Walker asked permission to reply to a resolution offered a few days ago, with regard to his report.

Mr. Smith moved the suspension of the rules to hear the reply.

Mr. Walker said that in preparing his report he needed the report of the Minister of Finance.

This report he had not seen until it was laid on the table, and he needed it to base his figures and calculations upon. He would ask indulgence for a few days, as he wished to make a proper and correct report.

Mr. Smith said the House needed the report of the Auditor General, as the Minister of Finance's report was faulty. He thought he ought to have a week allowed him.

A motion to allow him one week more was carried.

Mr. Frank Brown gave notice of an Act to amend Sections 38, 45, Session Laws of 1882, relating to liquors.

Mr. Kanealii read, first time, an Act to amend Section 12, Chapter 86, Penal Code, relating to voters. Passed to second reading.

Mr. Palohau read, first time, an Act relating to the keeping of tax receipts from employees. Passed to second reading.

Mr. Aholo gave notice of an Act to amend Section 58, Chapter 43, Session Laws of 1882, relating to

taxes. Mr. Kauwila, an Act to amend Section 168, Civil Code.

Mr. Amara, an Act to amend Section 498, Civil Code.

Mr. Amara offered a resolution that this House do order the Chairman of each Committee to call before them, any parties from whom they required information. Carried.

Mr. Kamakele, gave a resolution granting certain pieces of Government lands to poor people.

Mr. Gardner, a resolution to appropriate \$800 for building wharf landing at Nuu, Maui. Referred to Committee on Government Lands.

Also \$2000 for hospital at Hana, Maui. Referred to Sanitary Committee.

Mr. Nahinu a resolution for \$800 for a hospital at South Kona. Referred to Sanitary Committee.

Mr. Pilipo, that the President of the Board of Health postpone the removal of any patients from Kakaako to Molokai until after the petitions on the leprosy question had been acted upon. Motion was lost 22 to 13.

Mr. Aholo moved the order of the day.

Unfinished business was first taken up, a resolution relating to the confinement of patients at Kalawao and Kakaako. Adopted.

The next business was the 2nd reading of an Act for restriction of erecting buildings in Honolulu other than fire proof. Passed to engrossment. To be read a third time on Monday.

Second reading of an Act to amend Section 43, Chapter 44, Session Laws of 1882. Made special order of the day for Friday.

Second reading of an Act to provide for the registration and identification of male Chinese. Referred to Committee on Printing.

The House adjourned at 3 o'clock.

\$100,000 of the new coin came by the Mariposa.

Dr. J. Mott Smith returned by the Mariposa.

Our thanks are due Purser McLane for late news favors.

Messrs. Bolles & Co. are selling out with the intention of retiring.

Mr. E. P. Adams's regular cash sale will take place to-morrow at 10 A. M.

Samuel M. Kanukai, S. H. Kahukula and Jas. Mattoon were yesterday admitted to the Hawaiian Bar.

The sale at the house of the late Simon Kaai yesterday was brisk and good prices were realized.

Owing to the serious illness of Captain Howard's wife, the Mariposa was commanded by her chief officer.

Upon calling the ayes and noes yesterday, on the tabling of Mr. Dole's resolution, 5 members voted with the Ministry and 36 against them.

It is found by Custom House statistics, that the popular taste in regard to liquors, come in the following proportion: Brandy, 6 1/2; samshoe, 6; gin, 5; whisky, 3; light wines, 1.

A PULPIT which is in course of construction at Lucas's is well worth a visit. It is approached by a spiral stair-case, and is constructed of redwood and pine. The Roman Catholic Church is its destination.

All goods not sold during the Fair will be sold in one of the lower rooms, on Friday and Saturday.

The season-tickets, \$1.50, as before stated, admits to both entertainments as well as the fair, no season tickets for children.

There is a man-trap on Fort street, between School and Beretania streets, that is going to make a name for itself, unless closed. It consists of a hole behind the skirtingboard, with a drop of about 2 feet clear through to the road.

We present to our readers the officially selected "nine" to play for the Honolulu Base Ball Club the present season: Pitcher, G. Markham; Catcher, Hay Wodehouse; 1st base, R. Sherratt; 2nd base and captain, H. M. Whitney Jr.; 3rd base, W. A. Swan; short stop, F. Oat; left field, F. Winter; centre field, E. Lowe; right field, J. I. Dowsett Jr.

We would call attention to the unexceptionable programme of entertainments to be furnished each evening during the fair. For the first evening the Royal Hawaiian Band will play. The second evenings programme will consist of a recitation, vocal and instrumental solos, double trio by the ladies of Punahou, "at the Register" by the Dramatic Club, and selections by the Symphony Club. Third evening, Punahou Glee Club, vocal and instrumental solos, Mrs. Jarley's wax works and the Mother Goose Quadrille in Costume. At the second evenings entertainment a San Francisco young lady of whom we bear glowing accounts will render a vocal selection.

Mr. B—, whilst walking down that curiously paved sidewalk in Nuuanu street, which lies in Chinatown, met with an accident, which though novel was not entertaining. He was clawing along the edge of the ruinous sidewalk to avoid jostling the on-coming pedestrians, when he felt himself caught gently but firmly by the ear. Glancing upwards he perceived that he was held by a nail which had been flapping in the awning, he noticed also that the nail was already a considerable distance through the cartilage, he disengaged it, making such remarks as seemed suitable to the occasion, and then made for Hollister's, where he revived himself with soda. Joking apart this might have been a very serious accident and the careless habits of our Chinese residents cannot be too severely reprehended or closely watched.

HAWAIIAN JOCKEY CLUB.

A meeting was held at the Palace last evening for the formation of a jockey club, Hon. A. S. Cleghorn, Chairman pro tem.

The club was fully organized, by-laws, rules and regulations were adopted. The following officers were elected: President, Mr. J. S. Campbell; Vice-President, Mr. F. S. Pratt; Secretary, Mr. C. O. Berger; Treasurer, Mr. Cecil Brown; Executive Committee, Messrs. H. A. Widemann, Dr. J. S. McGrew and C. H. Judd. The programme of the races for June 11th will be out in a few days.

SUGAR.

There is no general confirmation of the drop in sugar; all the advices being not yet in. Spreckels is selling Hutchinson's sugar at 9 1/2c.

Dr. Mott Smith considers that the lowest ebb is reached, and that the general prospects are good.

A PHENOMENAL MAINE GIRL.

The antagonists of modern advanced education, if there be any, should have heard a little lecture that a gentleman gave on the street Wednesday morning. The question had arisen as to the tendency of modern advanced education to create a disgust for manual labor. The gentleman told an anecdote. A young lady who is very well known in Lewiston and Auburn and who has had a liberal education in America, a course of study in the German schools and who has since taught in some of the leading schools of this State and others, came home to her father's farm this summer. The hours hung rather heavily. "Father, your office needs shingling," says she, one day. The next day the shingles were on the spot and the young lady proposed to have some fun and combine it in a legitimate way, with solid work. She built the stagings geometrically, ran the lines after Euclid and shingled the office as neatly and expeditiously as the village professor of shingling himself could have done. She pulled down the staging and erected it again over the ell to the house and, in spite of parental injunction, shingled the ell and a sloping shed attached. She practiced music for pleasure in the meantime, however, and read German for a pastime. "Nothing," added the gentleman, "would be further from her own inclination than notoriety."—Lewiston (Me.) Journal.

THE MAN WHO COULD CONNECT 703 STRANGE HATS WITH THEIR OWNERS.

J. J. Allen has a widespread reputation, being no other than the famous "hat-keeper" of the Lindell Hotel, St. Louis. For the wonderful faculty of recognizing the proper owners of hats as they entered and left the dining room a medal was presented him as being the "premium hat man in America."

"I was for years the wondering gaze of ignorant," said he in a private conversation. "I never made a mistake, if I had once seen the man on the head. I connected the two instantly, and the picture would not pass out of my mind, however many such might be there."

"Did it require no practice?" "Not any; I could always do it. In fact, I could not help it. It made me famous, and I have been spoken of in Europe, Asia, and in parts of Africa."

"How many hats did you ever have in your mind at once?" "The highest I ever went was 703, and I made no mistake."

"How do you account for this power?"

"I have a sort of second sight. I do not like to be called a fortune-teller. I am not. Still, I can tell fortunes."—Chicago News.
