FOREIGN NEWS

President at Del Monte.

DEL MONTE, May 11.—The President and his party arrived at Del Monte this morning and will remain over Sunday at this far-famed resort. There is no fixed program except a visit to the Grand Army encampment at Pacific Grove and a drive along the Ocean front this afternoon, and the days of rest will prepare the President and his party for the ordeal they will have to undergo at San Francisco this week.

McKinley will not interfere.

NEW YORK, May 11.—A special to the Herald from Washington says: Officials who are acquainted with the President's views regarding the legislative session in Hawaii do not believe Mr. McKinley will be inclined to take notice of the memorial from Hawaiian Legislature urging Governor Dole's removal, certainly not without a full explanation from the Governor.

From South Africa.

LONDON, May 11.—Lord Kitchener reports to the War Office under date of Pretoria, May 10, as follows: "Since May 5th twenty-eight Boers have been killed, six wounded and 230 taken prisoners, and 183 have surrendered. Nine thousand rounds of ammunition, 230 wagons, 1,500 horses and large quantities of grain and stock have been captured."

CHICAGO, May 11.—The Record-Herald from Bay, Wis., says:

Whether the stars, millions of miles away, send to the earth's surface any heat along with their rays of light, a question which has long puzzled astronomers, has been finally solved. The heat from these far-off bodies has not only been detected but measured. It has been measured by one of the most delicate and sensitive astronomical instruments ever made—an instrument capable of measuring the heat of a candle a mile away.

The credit for solving the problem and for constructing this delicate instrument belongs to Prof. E. F. Nichols, Dartmouth College, assisted in this valuable work by Prof. Charles E. St. John of Oberlin College and A. I. Colton, formerly assistant at the Lick Observatory.

The instrument which can record such an infinitely small amount of heat is called a radiometer. Though based to some extent upon the same principle as the bolometer and radiometer, which have been so successfully used in measuring heat rays, in construction it is essentially different and for this purpose has proved far more effective.

Late Sugar Market.

NEW YORK, May 11.—Raw, firm, fair refining, 3½c; centrifugal, 96 test; 4 3-32c; molasses sugar, 3½c. Refined—Quiet, crushed, 6.05c; powdered, 5.05c; granulated, 5.55c.

Shamrock II. Injured.

SOUTHAMPTON, May 9.—The two Shamrocks started at midday today in a race from Hythe to Weymouth, a distance of sixty miles. Off the Needles the Shamrocks were caught in a fierce squall. The Shamrock II lost her gaff and gaff topsail yard. Sir Thomas Lipton has a narrow escape from being hurt by a falling block. The sails of the yacht were wrecked and she returned to Southampton for repairs.

LOCALS

When you visit Wailuku, stop at the Windsor.

Mrs. A. J. Rodrigues, dressmaker, has the agency for BUTTERICK'S PATTERNS for the Island of Maui.

If you want a dainty, refreshing and healthful toothwash, write to Hackfeld & Co., Honolulu, for ODO.

Fish wagons are beginning to appear more frequently on the streets of Wailuku, and are always welcomed.

If you want an up-to-date typewriter, get a BLICK from Pearson & Potter, Honolulu. Cheap and reliable.

The Court of Claims have decided to hold a session of the Court at Kahului, in order to accommodate Maui witnesses.

Work has been begun on the roof of the Anglican church. It will have a corrugated iron roof, laid over the present shingle roof.

A farewell dance will be given at Waihee this evening, in honor of Mr. and Mrs. W. G. Ogg, who will come to Wailuku to live on June 1.

There will be a meeting of the Maui Racing Association at the Wailuku court house this evening. All members are earnestly requested to attend.

When in Honolulu, call at Hawley's, Room 210 & 211, Boston Building, over May & Co. and see the latest New York, London and Paris effects in millinery.

Hoffman & Vetlesen show a very handsome and convenient display of their whole line of cigars this week on a front counter with alcoholic lamp attachment.

Owing to a rush of new ads this week, reading matter has been materially reduced. We will have to enlarge the News soon, if a new paper is not sprung on us.

Vineyard street has been gravelled from High to Market, and when rolled will make one of the prettiest streets in Wailuku. The good work should continue on Vineyard from High street to the cemetery.

FOR SALE.—The Kawaapae Resort at Makawao, Maui owned by Mrs. H. B. Bailey, including lot of Five Acres. Large hotel, fully furnished. Climate unexcelled.

For terms, etc., apply to JAS. L. COKE, Wailuku, Maui.

Application for four licenses to sell spirituous liquors in Wailuku have been passed upon by the Honolulu officials and referred to Sheriff Baldwin, who it is claimed, being unable to decide between the adverse applicants, has referred the whole matter back to Honolulu. Two of the licenses at least should be granted, one for the Maui Hotel and one at some suitable place on Market street.

The Kihel Plantation has let a contract to Engineer P. E. Lamar to construct an immense reservoir above Camp 3, Kihel, at the 420 foot level. The reservoir will cover an area of 59 acres, and will average 15 feet in depth, containing when full 350,000,000 gallons. The dam will be over 3000 feet in length, built of earth 100 feet wide at the base and 25 feet wide at the top. It will take several months to complete it.

AN ELECTRIC PLANT.

For Wailuku and Kahului.

It will be gratifying to the people of Wailuku and Kahului to learn that there is now a movement on foot to install an electric plant here. Careful estimates have been made as to the cost of the plant and the number of lights which will be needed to make the enterprise a success. \$8,000 will fully equip the plant and put it in operation, but a company will probably be organized with \$10,000 capital.

Attorney George Hons of Wailuku, who is taking a leading part in the organization of this company, states that there will be no "promoters' stock," but that the affair will be entirely co-operative. Grimwood & Richardson, who are also interested in the proposition, will supply a large percentage of the materials on easy terms.

Mr. Hons states that if three hundred lights can be secured as a starter, the enterprise will probably be started. Four hundred lights will make it a fairly good investment and five hundred lights will make it a very desirable one. During a brief canvas in Kahului over forty lights were secured, without application having been made to the Kahului store or the railway company. With what they and others in Kahului will require it is probable that at least one hundred lights will be taken there. Mr. Hons states that in a brief canvas which he made in Wailuku he secured over 250 lights, and it is quite certain that over four hundred lights can be secured to start with. The lights will be sixteen candle power, and will cost seventy-five cents per month each, when six or more lights are taken by one party. From one to five, the lights will be rated higher per month.

As soon as a sufficient number of lights have been secured, the enterprise will be pushed to completion as rapidly as possible. The plant will be established at the Maui Soda & Ice works, and wires will be run thence to Wailuku and Kahului. The matter of securing a franchise and right of way has not yet been investigated, and may cause some delay.

Chapter of Accidents.

On last Saturday, Kalama Freeman, a little Hawaiian girl, about three years of age was fatally burned at Waihee.

Her mother had just made a fire in the stove to cook supper and had left the room for a moment. Hearing the cries of the child she returned and found its clothing in flames. The little one lingered for two days, dying on Monday.

On Sunday, "Little Billee," a former type of the News was coasting down Main street on his bike, and attempted to turn the corner in front of Enos & Co.'s store at full speed. His feet slipped from the pedal and his bike ran full tilt against the stone coping of the sidewalk, smashing the front wheel. Little Billee described a parabolic curve, caroming head first against the door of Enos & Co.'s store with a crash that waked all the babies in the block, revealing to Billee the distinct outlines of a ten tailed comet. He lay unconscious for a few minutes, but Dr. Raymond, who happened to be passing, examined him and found that he had suffered no serious injuries.

On Monday afternoon, Mr. de Rego, father of Antone de Rego of the Iao Stables was driving a spirited team which ran away at the corner of Main and Market streets, turning down Main street toward the Wailuku depot. Swerving to one side they ran over a rock, throwing Mr. de Rego from his seat on the express wagon which he was driving. He fell under the wagon between the horses, but held to the lines and was dragged on the ground nearly fifty yards, before the team ran into the fence and stopped. Mr. de Rego was not hurt and the wagon suffered but little damage.

On the same afternoon, William Dunne, a colored Tennessean, who was fireman on the engine of the cane train which runs between Waihee and Wailuku fell from the engine and received a severe cut on the back of his head. Mr. Wells had him taken at once to Dr. Weddick's office where his wound was treated, after which he was sent to the hospital for further treatment.

HOT TIMES.

In The Old Town.

By Thursday's files of Honolulu papers it seems that a real monkey and parrot time has fallen upon the metropolis. Editor Smith has been arrested upon a charge of perjury, arising out of his testimony before the grand jury.

L. A. Thurston was fined \$100 by Judge Humphrey for refusing to disclose to the grand jury the name of a client who had told him about certain crooked transactions with members of the legislature, and ordered imprisoned till he would consent to divulge. Lansing and McCandless are also on the rack for alleged contempt. Attorney General Dole and the Court are indulging in honied compliments, and Tom Fitch says that Cooper ain't governor nohow.

The Attorney General made some ill advised and uncalled for remarks about the United States army, navy and a large contingent of the civil service being behind the governor of Hawaii, and Judge Humphrey made a whole lot more ill advised and uncalled for remarks about not being afraid of the whole United States army with the Oklahoma militia thrown in, as long as he has an appointment as judge, signed by McKinley, in his pocket.

Further particulars will be awaited with interest.

Operetta.

"The Gypsy Queen."

A musical treat is in store for the people of Wailuku on June 6. The teachers and pupils of the Wailuku Grammar School are preparing to produce the operetta, "The Gypsy Queen", under the management of Miss Nape, and a rare treat may be expected. The leading role, the Gypsy Queen, will be taken by Miss Nape, the Fairy Queen by Miss Hons, and the minor parts and the chorus will be taken by the pupils. Mrs. McKay the principal of the Wailuku school, and Mrs. Austin of the Wailuku school will also take an active part in the production of the operetta, and several gentlemen have promised to assist in the musical part of the performance.

The object of the entertainment is to raise funds to pay for the school piano, and there is no doubt but there will be a large house, not only to help a good cause but also to enjoy some delightful music and the production of a charming operetta. The management of the Maui Hotel has kindly consented to place tickets for sale, consequently on and after Monday tickets for the entertainment can be had at the office of the hotel. General admission, fifty cents; children half price; reserved seats one dollar.

Athletic Notes.

Work is progressing satisfactorily on the grounds of the Maui Athletic Club. The ground has been plowed, and will be harrowed at once. It is thought that the diamond will be ready by June 11, at which it is proposed to play a game of baseball between the Wailuku nine and either the Ulupalakua or Spreckelsville nine, probably the former.

An interesting game of ball was played at Kahului last Sunday afternoon, the Wailuku team being matched against a scratch Spreckelsville team. The game was only for practice, and some of the men in each team did some good work.

On last Saturday afternoon, the Makawao boys played polo at the seminary, but our special reporter who was sent to report the game had not returned up to the hour of going to press this morning.

There will be a meeting of the Association at the Court house on Monday evening and a full attendance is expected.

June Term of Circuit Court.

The June term of the Circuit Court will convene at Wailuku on June 6. There are five appealed criminal cases and seventeen committal cases. The latter will probably be enquired into by a grand jury and indictments filed before trial.

There are 22 civil cases on the calendar, but it is not likely that many of them will come to trial. Judge Kalua is disqualified in a number of cases and another Circuit Judge, Edings possibly, will be on hand to try such cases.

Personal Mention

If you are coming to attend the jury term at Wailuku, write or telephone to the Windsor Hotel and engage rooms.

Mr. Wm. Thompson, T. H. Davies' prize drummer, and C. Vale Sturtevant, another drummer for the same house, have been selling Maui this week.

Miss Laura Wells, daughter of Manager Wells of Wailuku, was quite successfully treated by a Philadelphia oculist, and will soon be able to begin her studies at Bryn Mawr.

Judge Kepoikai left on last night's Kinau for Honolulu, to attend the Court of Claims which will convene next Monday. He will return to Wailuku to attend the June term of the Circuit Court.

A number of obstreperous Honolulu drummers made life such a burden to Mayor Matt. McCann of Lahaina last week by their "horse play" that he was compelled in self defense to rig up a box stall for them, and treated them to nothing stronger than bran mash.

Mr. Richardson, of Grimwood & Richardson, Honolulu, came over on Tuesday's Kinau, and took a run up to Huelo on business, returning to Honolulu last night. He is much pleased with the outlook for an electric plant in Wailuku and says it will pay, "just like getting money from home."

Mr. John W. Ensign, representing the American Car & Foundry Co. of St. Louis, the largest freight car manufactory in the United States, is looking up business for his company on Maui. This firm has already turned out a number of cane cars for the different plantations, and also sold largely to the Oahu R. R. Co.

to provide for the ascertainment and
payment of all claims which may be
made by persons whose property
was destroyed by fire in the years A.
D. 1899 and 1900, under orders of
the Board of Health," public notice
is hereby given that the Commission
provided for in said Act has been
duly organized, and claims for dam-
ages may be presented and filed
with the Commission, at the rooms
of the Chamber of Commerce, Camp-
bell Block, corner of Fort and Mer-
chant Streets, Honolulu, H. T., daily
on and after Monday, the 27th day of
May, 1901, between hours the of 9
o'clock A. M. and 4 o'clock P. M.

quential damage, or for loss of rent
or use of property, or loss of profits
through the interruption of business,
not any loss except for destruction
of or direct damage to property by
fire or removal, will be considered
by the Commission, nor any such
claim be considered at all UNLESS
PRESENTED TO AND FILED
WITH THE COMMISSION WITHIN
FOUR MONTHS from this date as
provided for in said Act.

Claims will be heard in the order
in which they are filed, unless for
special reasons the Commission shall
otherwise direct, but no claim shall
be heard within three days after the
same is filed.

All claims shall be filed in duplicate
by the claimants or their assignees
and shall be verified by their oath
respectively, and if the claimant be
deceased or a minor the claim shall
be presented by his legal representa-
tives.

Each claim shall contain an item-
ized statement in the English or
Hawaiian language of the loss sus-
tained, the date of the loss and how
it occurred, the nature of the prop-
erty lost and its situation at the
time of its loss, and if the loss con-
sists of destruction of or damage to
a building, the name of the owner of
the land whereon it stood and the
nature of the interest of the claimant
or his assignee in the building, and
in case of insurance, the amount for
which the property was insured,
the name of the insurer and how
much insurance was paid thereon.

Blank forms for use of claimants
in making up statement of losses will
be furnished upon application.

Due notice will be given of the
time and place the Commission will
be in session to hear and examine
proof of alleged losses.

SHIPPING NEWS

The S. S. Maui ran on a pinnacle
rock off the coast of Molokai and
returned to Honolulu for repairs.
The damage was slight.

It will probably be a fortnight be-
fore the Henry Failing will be un-
loaded and ready to leave. She will
go to San Francisco, but it is doubt-
ful if she is fit to carry sugar.

At a meeting of the Executive
Council, Superintendent of Public
Works, J. H. Boyd reported that in
view of the recommendations of the
Chamber of Commerce, he had decid-
ed to restore Charley Peterson as
lookout at the Diamond Head Signal
Station. The suggestion was approv-
ed by the other members and Peter-
son will accordingly return to his old
post June 1.

On last Sunday afternoon the Alice
Kimball, Capt. Macey, went ashore
at Kahului. Captain Macey states
that the Alice Kimball was in tow of
the tug Leslie Baldwin, with a new
four inch hawser. As she rounded
the stern of the S. S. Hawaiian, in
the face of a strong wind and a high
tide, the strain parted the hawser.
Another hawser was taken on board
the Leslie, but before the second
hawser could be secured, it broke
and the Alice Kimball found herself
in the breakers.

Capt. Macey let go anchor with 35
fathoms of chain, but the vessel was
pitching so that she snapped the
anchor chain. A smaller anchor was
then let go, but its chain also snap-
ped, and Kimball drifted shoreward.
She was unloaded and drew but little
water, and the heavy swell lifted her
forward with but little damage.
She drifted to within a few feet of
the low water mark where she still
lies. On Tuesday morning the Clau-
dine tried to pull her off into deep
water, but the tide was too low and
the attempt was abandoned. She
can probably be towed off at high
tide. No harm was done to her ex-
cept to tear off her shoes.
