## CATHCART UPHOLDS SUPERVISORS' ACTION

### Roosevelt Wants Power For Commission

### Power To Compel Trust Testimony

WASHINGTON, D. C., Jan. 6.—President Roosevelt in his message to Congress points out the necessity of giving the Interstate Commerce Commission the power to compel the attendance of witnesses and the giving of testimony.

### Dogs Devour Corpses And Attack Survivors

NAPLES, Italy, Jan. 6.—Dogs are gnawing at the corpses at Messina, and are attacking the survivors. The Cathedral is a total wreck.

### To Remove Survivors

ROME, Italy, Jan. 6.—The Government has decided to remove temporarily all the survivors in the districts destroyed by the earthquake.

#### GEORGIA GOES ASHORE

PORT SAID, Arabia, Jan. 6.—The battleship Georgia went ashore in the Suez Canal today, but was refloated. She suffered no damage. The first squadron has sailed for Naples.

#### BLACK SEA TRAGEDY

ODESSA, Russia, Jan. 6.—The Russian steamer Satslow was sunk in collision with the Greek steamer Posedony. Thirty-four lives were lost.

#### STRATTON RE-NOMINATED

WASHINGTON, D. C., Jan. 6.—Collector of the Port of San Francisco Stratton has been re-nominated by the President.

## FALL OF DERRICK KILLS and MAIMS

HILO, Hawaii, Jan. 6.—(Special by Wireless to the Bulletin.)—One man is dead, another is in the hospital seriously injured, and a third is suffering from hurts, as the result of an accident which took place on the Hilo breakwater last night. W. D. Johnson, engineer in charge of one of the big cranes, was the man killed. Inspector Willard, attached to the crane crew, is consigned to the hospital, while Beasley, another employee, is wounded.

The three men were all attached to one of the big cranes which is used for lifting the great rocks used in the construction of the Hilo breakwater, into place. A five-ton rock was being placed on the work when the unbraced crane gave way and fell into the sea, carrying Johnson with it. The crane had started hoisting without a signal, it is claimed.

No inquest will be held over the remains of the dead man. The funeral will be held today. Johnson was formerly employed by the Hawaiian Dredging Company.

### BAD FOR CREDITORS OF COUNTY EMPLOYEES

Garnishments of County Held To Be Now Invalid

The change of the form of government from that of the County of Oahu to that of the City and County of Honolulu appears to be a sad one for those who have judgments against employees of the County, with the County Auditor as garnishee.

Auditor Blecknell stated today that he had been advised by the City and County Attorney that the garnishments directed against the County of Oahu were not valid as to the City and County of Honolulu, and he was advised to decline to withhold any proportion for the benefit of creditors from the wages of employees, against whom judgments had been obtained with the County as garnishee.

The consequence will be that the gentlemen who hold garnishment judgments against the employees will have to obtain new judgments. Among these, H. T. Mills, Willie Peterson, and E. G. Ferreira are said to be the most prominent.

It is, however, quite probable that this question will be tested in the courts, as Cathcart's ruling is being

### KA-AKUKUI IS NAME GIVEN MARINE CAMP

Captain Fay Appointed Quartermaster of Battalion

Captain W. G. Fay, commander of the United States Marines, stationed here, has been appointed quartermaster of the marine battalion, which is expected to arrive on the U. S. S. Buffalo, January 14. He will not perform his new duties until after the arrival of Major Charles G. Long, who will have command of all the United States Marines in Hawaii.

News of the appointment of Captain Fay as quartermaster of the Marines was received by cable by Captain Rees, commander of the Naval Station here.

The Marines, according to the latest cable from Washington, were to leave San Francisco in the Buffalo yesterday for Honolulu. Whether they actually left or not can not be ascertained at present, no further advices having been received here. It is expected, however, that a cable will be received today.

The marine battalion will consist of four companies, 402 men and 14 officers. As soon as the men arrive, they will be stationed at the present marine camp. The grounds are ample to accommodate the men comfortably.

### Consider Wills

Consider the advisability of making out a will NOW. Think of the necessity of leaving an "iron-bound" will—one that not even the cleverest lawyer can smash.

Our business is to draw up wills in proper legal form. We do it free of charge, if made one of the executors.

Hawaiian Trust Co. LIMITED 923 FORT ST.

### Cummins Kept But Pay Cut

The principal business of the meeting of the Board of Supervisors this afternoon will be the taking up of the report of the Committee on Roads, Bridges, Parks, and Public Improvements. This will provide for the "engaging of the employees" of the road and garbage departments, care being taken to use this term instead of that of "appointment of officers," in order to bring the matter within the jurisdiction of the committee.

The same old force as was employed under the County will be employed by the City and County. Tom Cummings will be retained in charge of the road and garbage departments, but his title will be changed to that of "Road Overseer," and his salary will be reduced to \$290 a month.

It is expected that the other committees will file reports of a similar nature.

### May Take More Land At Waikiki

Information has reached here from a reliable source to the effect that the War Department at Washington will condemn all the beach property running up as far as the stream on the Diamond Head side of the Outrigger Club.

If this story proves true, it will mean that the property on which the Seaside Hotel is situated will be taken by the government for military purposes, and the U. S. property will extend right up to the edge of the Moana hotel grounds. The authority for the story does not care to be quoted, but he is assured that the news is straight.

Major Winslow absolutely denies that he has plans contemplating the condemnation of any more land whatsoever.

AT 5 O'CLOCK this afternoon the American-Hawaiian liner Texan sailed for Salina Cruz. She will carry a large cargo of sugar.

### G. W. SMITH SAYS HE WILL RETIRE

Merchants' Association Will Have New President

George W. Smith, President of the Merchants' Association, this morning publicly announced his intention to step out of this position, which he has now held for six years.

"I shall not be a candidate for the office of President of the Association this year," said Smith, when asked about the matter this morning. "I have held that office for six years, and it is time for someone else to step in to do the work."

Smith was asked if it were correct that Fred L. Waldron would probably be his successor as President.

"Yes," he answered. "Mr. Waldron will probably be elected president. This would be the natural step to take, as he is now the vice president of the Association."

The annual meeting of the Association will take place some time this month, but, owing to the fact that the officers are now busy with the additional work which always accompanies the new year in business circles, no definite date has as yet been set for this meeting, at which the new officers will be chosen.

### KULA SITUATION IS INVESTIGATED

Hugh Howell Makes Report To Marston Campbell

Hugh Howell, County Engineer of Maui, has submitted his report on the situation in the drought district of Kula and has also reported that the preliminary surveys for the new pipe line, as suggested by Assistant Superintendent Kluegal, have been completed. From the text of Howell's report, it would appear that there is plenty of water to supply the dry district, if a pipe-line is established to carry it. Lack of time and funds kept Howell from carrying his investigation any further.

He states that in the month of November the driest weather in that district since the rain gauge was established in 1904 was experienced. This dried up the water supply to a considerable extent, though from November 25 to December 25 the flow from the three principal streams was never less than 1,000,000 gallons per day.

Howell suggests that, if the pipe-line is built, the consumers should store their water in cisterns. He states that each household has a cistern capacity sufficient to hold water enough to last them for four months. This would tide them over a drought.

### Cathcart's Opinion Upholds Republicans

City and County Attorney Cathcart this afternoon gave his opinion to Mayor Fern in answer to the legal questions submitted by him last night. It reads in part as follows:

In replying to your letter of the 5th inst., asking my advice upon certain points, I would respectfully premise by saying that it would be disingenuous in me to affect to believe that your request for my advice is dictated by any bona fide desire to know or to follow my opinion on the construction of the law involved.

In my opinion, under the Municipal Act, the Charter of the City and County of Honolulu took effect at noon on the 4th day of January, 1909, and was not in effect in the month of December, 1908.

The Charter evidences the unskilled hand of the draftsman, and no construction thereof, as a whole, can, in my opinion, render the section on which you have relied in making your appointments, operative.

If there were no offices, to which you had the appointing power, existing when the Charter took effect, I cannot see how any appointees of yours could assume a non-existent office.

If it should be held that there were extant certain offices of the County of Oahu which became offices of the City and County of Honolulu, within the meaning of Section 81, after that Municipal Corporation came into existence, no possible construction of the law would make officers out of hand-masters, lamp-repairers, linemen, lamp-trimmers, such as you have attempted to appoint.

The resolution of the Board of Supervisors of the County of Oahu, to which you refer, abolished all boards, committees, commissions, offices, positions, and employments, and repealed the divers actions by which such were created, and at the same time revealed its own rules and regulations, operative.

(Continued on Page 2)

### Republicans Will Buck If Fern Uses Hawaiian

The use of the Hawaiian language by Mayor Fern at the Supervisors' meetings may be the cause of a new cleavage between the Republican and the Democratic factions of the Board.

"I have been comparing the English and the Hawaiian versions of the Municipal Charter," said Supervisor Logan.

(Continued on Page 2)

### Mayor and Members Of Board Clash At Supervisors Meeting

Three motions only were put by Mayor Fern at last night's meeting of the Board of Supervisors.

Supervisor Logan put all the other questions and the meeting was more or less a repetition of that of the day before, the Mayor and the Board fighting from the time the session was called to order until the hour of adjournment.

Of the three motions put by the Mayor, one was for the appointment of a special committee to look into and consider the matter of making a lease with the McIntyre Building Company for the entire second floor of the McIntyre building, to be used as offices for the City and County Government, one was relative to the referring of tenders for supplies for the current month to the Committee on Roads and Bridges, and the third was the motion to adjourn. All of the other motions, during the two hours that the Board was in stormy session, were put by Supervisor Logan.

Minutes Start Fight. The fight started with the reading of the minutes of the previous meeting. The Clerk waded through page after page of monotonous records, giving in detail all that the Board did at its first session. At the conclusion of the reading of the minutes, a motion that they be adopted was duly made and seconded.

Mayor Fern then arose, saying: "Gentlemen, I would request that the matter of adopting those minutes be allowed to rest over until a later meeting. I do not believe that they truthfully state what happened at yesterday's meeting, and I request time to look into the matter before I put the question." (Cries of "Question!" "Question!" interrupted his Honor.) "I still ask for time," continued the Mayor. "I do not believe

boys have already started with their  
work. They expect to spring a few  
surprises this year. The heavy-  
weights are at practice with the shot  
and the hammer daily.

The arms and ammunition for the  
Kamehameha Cadets are not due un-  
til the latter part of February, but  
the boys are preparing for them  
now. The bugles are due next week.  
Then the musicians will make enough  
noise in the mornings to wake the  
fellows up. At the present time there  
is only one bugler.

The Kam boys are using their newly  
built swimming tank daily. They  
expect to have a good swimming  
team soon.

Sooner is going along first-class at  
the Kamehameha School. Whitting,  
the captain of the team, expects to  
make a good showing with his men  
this year. Lota is the only man who  
is out of the team, but there are  
many other good players to fill his  
place. The different captains of the  
school teams will hold a meeting soon  
to arrange the dates for the games.

## KING SCHLEMMER WANTS NEW LEASE

### Captain Max Plans To Improve Laysan Island

Captain Max Schlemmer, king of  
Laysan island, wants a new lease  
from the Territorial Government for  
that South Sea possession. The lease  
he holds at present is not due to ex-  
pire until March 29th, 1910, but  
"King" Schlemmer is contemplating  
so many improvements down there  
that he wants to be assured that the  
island will be his before he goes  
ahead with them.

If the application for a new lease  
is granted, new conditions will be  
named by the Government, which  
will promote the planting of coco-  
nut trees and preserve the birds that  
feed there during certain seasons of  
the year. In order that it may be de-  
termined whether or not these condi-  
tions are being carried out, it may be  
necessary for the Government to send  
a revenue cutter to Laysan island ev-  
ery now and then.

Schlemmer now pays a rental of \$1  
per year, but this will be raised con-  
siderably on him if the new lease is  
granted.

nicipal Act," said Fern this forenoon.  
"And I find that they disagree in quite  
a number of instances. As a matter  
of fact, I may decide to use the Ha-  
waiian language in some instances in  
the Board meetings."

"We won't stand for that," said Su-  
pervisor Quinn, when he heard about  
this. "All the members of the Board  
understand English, and if the Mayor  
tries to introduce the Hawaiian lan-  
guage, we will vote it down."

Kane backed up Quinn's statement.  
The City and County building was  
busy as usual this forenoon. The Re-  
publican Supervisors, with the excep-  
tion of Logan, were there all the fore-  
noon, and held an exceedingly long and  
secret caucus in the County Attorney's  
office.

They stated that at the meeting this  
afternoon the committee would submit  
their reports and the general business  
of the Board would be taken up. Road  
work would be done in all the districts  
by the employees who worked under the  
County, and these would be paid out of  
the funds provided by the new appor-  
portionment act, which passed first read-  
ing last night. The committees will sub-  
mit payroll demands in the usual man-  
ner to the Auditor and will vote for  
the payment thereof, if the Demo-  
crats submit payroll demands for their  
forces, the Republicans will, they say,  
vote them down, so they will never  
even reach the Auditor.

During the forenoon Mayor Fern oc-  
cupied the assembly room. He stated  
that he had not been consulted about  
anything by the Supervisors. Cath-  
cart was busy writing a legal opinion  
to answer the questions submitted to  
him by Fern last night. This opinion  
he will be ready to submit this after-  
noon.

Locked out, the new appointees  
made by Fern in the Road Depart-  
ment sat outside in the hallway ad-  
jacent to the office and twiddled their  
thumbs all morning, while the old  
force went ahead with the work on  
the inside. Among those on the out-  
side was John Wilson, Fern's appoint-  
ee, to take the place of Tommy Cum-  
mings. There is the dearest kind of a  
dead-lock in this office, the old mem-  
bers of the force absolutely refusing  
to allow any of the new appointees  
inside the office. Captain Carter is  
still commander-in-chief at the Gov-  
ernment stables. He refuses to allow  
anyone inside, and has only sent out  
the animals that are essential to the  
work being done by Cummings. There  
is no sign of weakening on the part  
of either side, but the question is:  
Who gets the salaries? Certain it is  
that Fern's men are not doing any  
work.

## CATHCART UPHOLDS REPUBLICANS

(Continued from Page 1)

ulations. Such a resolution was  
clearly within the power of the  
Board.

With due respect, I would suggest  
that any criticism of the action of  
the Board of Supervisors of the Coun-  
ty of Oahu in creating a possible in-  
terregnum of a few moments' dura-  
tion is hardly reasonable in view of  
the action of the Mayor at the meet-  
ing of the Board on the evening of  
January 5th, 1909, in refusing to  
put motions providing for the pay of  
City and County employees, the pur-  
chase of materials, and the appropria-  
tion of money to maintain the City  
and County Government, as such ac-  
tion of the Mayor, if it had not been  
provided against, would have caused  
the cessation of all the business of  
the City and County and would have  
developed a condition of anarchy ex-  
tending over a period of time reach-  
ing to weeks if not to months.

In reference to the adoption of rules  
by the Board of Supervisors of the  
City and County of Honolulu upon  
which you ask my advice, I would say  
that, I believe the Board had a right  
to adopt the same on motion.

The meeting held at the hour of noon  
on Monday the 14th day of January,  
1909, was a meeting undoubtedly con-  
templated by the provisions of the  
Charter.

I do not consider that the meeting  
was a special meeting, but the meeting  
was one requiring no call because con-  
templated by the Charter.

In conclusion, I would say that I be-  
lieve the validity of the actions of the  
Board of Supervisors of the City and  
County of Honolulu cannot be suc-  
cessfully attacked.

## "MRS. WIGGS OF THE CABBAGE PATCH"

The original "Mrs. Wiggs of the Cabbage Patch" is not quite such a sunny soul as she was before Alice Hegan Rice discovered her to the world in her stories and since Anne Crawford Flexner dramatized her. Fame has made uneasy the head that once lay so easily in the "Cabbage Patch" of the Louisville suburb, and insistent visitors eager for a bit of first hand philosophy oftentimes receive, and to say, a first class scolding. Indeed, the impetuous prototype of Mrs. Wiggs, not long since donated an excellent society lady with water, and was summoned to a police court, where she was honorably discharged.

I won't trouble notoriety, if notoriety don't trouble me. They kin put me in books and in stage plays until they're sick of it, but you all have got to steer clear of me in person," remarked the Mrs. Wiggs of Louisville, to a reporter recently. Meanwhile the sale of "Mrs. Wiggs of the Cabbage Patch" and "Lovey Mary" has gone into hundreds of thousands, and in their dramatized form the characters of the book are still more effective and entertaining. New York never took more kindly to anyone than to Mrs. Wiggs, and for 150 performances the Savoy Theatre was crowded by folk seeking a succor from boredom. Right in line with the excellence of books and play is the cast portraying the numerous exacting roles: Miss Ada Dwyer (Mrs. Wiggs), Helen Lowell (Miss Hazy), Miss Lottie Alter (Lovey Mary), John Webber (Mr. Stubbins), and a score of others have added new and living stage pictures to the gallery of the American drama. All the Cabbage Patch folk will be seen here. Seats on sale at the Bergstrom Music Co.

## The Victim of Drink

Needs Orrine Treatment—Cure Effected or Money Refunded.

Drink first destroys ambition; breaks up ties of friendship; it kills and buries love and eventually destroys the family life.

Some of the best men in the world have been victims of drink and if there is not some member in your family that is afflicted with this disease, you are indeed fortunate.

Drink cunningly destroys the will power, and while the drunkard wants to do what you tell him, he wants a thousand times more the drink that he craves. Medical treatment is necessary to destroy the craving, and this Orrine will do.

It destroys the desire for liquor, so that the drink will not be missed, also cures the deranged digestion, weakened nerves and other ill effects of excessive drinking, restoring the patient to perfect health.

The remedy is absolutely harmless, is thoroughly scientific and is so uniformly successful that it is sold with a registered guarantee entitling you to a refund of your money if Orrine fails to effect a cure. Booklet on "How to Cure Drunkenness," sent free on request, in plain sealed wrapper. The Orrine Co., Washington, D. C.

Orrine is in two forms, No. 1, which can be given secretly without the patient's knowledge, No. 2 in pill form for those who wish to be cured. The price of either is \$1, mailed on receipt of price in plain sealed package, and both are sold under the guarantee. Orrine is sold by Honolulu Drug Co., Fort street.

## NEWSPAPERS AND HISTORIANS.

Criticism of newspaper accuracy is a favorite pastime of the people who don't know much of facts themselves and pick upon the exceptional evil of a dishonest paper as a ruling characteristic of the press. Dishonest newspapers, like dishonest men, do exist.

The historian probably studies the accuracy of the newspaper with more discriminating care than the man who reads papers for news or finds opinions expressed not to his liking.

The historian accepts the newspaper, honest or dishonest, as a correct index of the times.

This is the sensible conclusion taken by the author of one of the papers read at a recent national assembly of historians. He admits it may be true that reports given in certain newspapers are colored to suit a personal or spiteful whim—but this he considers a correct representation of the times, because every truth has its accompanying untruth, and the proper historian seeks the situation as it is, rather than as they think it should be.

Taking as his subject "The Use of Newspapers for the History of the Period from 1850-1877," Mr. Rhodes said:

"The attitude of society to the newspaper is unsympathetic and this affects to some degree the feeling of American historians when they consider the use of newspapers as historical materials, leading them to adopt an apologetic tone in justifying their employment. This attitude is, however, beside the question, as is seen when we detach ourselves from American life and conditions. For example, when Aulard criticizes Talne for using two only of the twelve journals available for the history of the French Revolution our impression is the same as if Talne were criticized for the neglect of evidence of another class. Taking the newspaper for what it is, with its virtues and its limitations, it seems curious that an apology should be necessary for its use as historical material. For it is contemporary, written without knowledge of the end, and its aim is to print the news which is present politics. If its relation is colored by honest or dishonest partisanship, that may be easily detected.

"For the history of the decade of 1850-1860 newspapers are indispensable to get at all the facts, to go to the bottom of things, and to portray the changing public opinion which is a prominent feature of those ten years. As I based statement after statement upon newspaper authority, knowing that I was subjecting myself to criticism, I could not keep thinking of the cogency of the remark, so well attested by a variety of examples.

"A modern newspaper statement, though probably true, if quoted in a book as testimony, would be laughed at; but the letter of a court gossip, if written some centuries ago, is thought good historical evidence. When we test newspaper evidence as we do all other evidence, taking into account the general situation, the surrounding influences, and the individual bias of the journalist, we shall find it excellent authority, contributing to a vivid narrative. This is especially so for the decade of 1850-1860, when it is well worth while to have the statements and opinions of such great journalists as Greeley, Dana, Bryant, Bigelow, Raymond, Webb, Bowles, Thirlow, Weed, Schouler, and Medill.

"For the history of the Civil War, the newspapers, so far as the Northern side is concerned, are not so important for historical evidence, as during the decade preceding it. The story of campaigns and battles, which naturally fill so much of this space, is more accurately and thoroughly told in the monumental publication of our Government—the Official Records of the Union and Confederate Armies. The Southern newspapers, however, give many useful political facts nowhere else to be found, and they reflect admirably Southern society, peculiar in that it was cut off from intercourse with the outer world owing to the efficient Federal blockade.

"In the history of Reconstruction the historian may be to a large ex-

tent independent of the daily newspaper. Reconstruction was the work of Congress and its debates and acts are the essential things."

Mr. Rhodes summed up his paper with the concluding remark: "The duty of the historian is not to decide if the newspapers are as good as they ought to be, but to measure their influence on the present and to recognize their importance as an ample and contemporary record of the past."

that those minutes state the true version of our last meeting, and I decline to put the question."

McClellan Supports Mayor  
Supervisor McClellan then arose, saying: "Gentlemen, I contend that that special meeting was called for the approval of the bonds of the elective officers and for no other purpose."

"I do not believe that it was right to transact any other business at a meeting called for that special purpose. I therefore ask that the adoption of the minutes be deferred." (Again cries of "question" interrupted the speaker.)

The Mayor then arose again, saying: "Gentlemen, there are matters that I want to look into before the minutes are adopted. I therefore ask again that the adoption of the minutes be postponed." (Calls of "question.")

Quinn—"Mr. Chairman, we do not want to be discountenanced toward the Mayor, but we believe that the minutes as read cover the matter exactly."

The question was then put and carried, six to one, McClellan only voting "no."

The adoption of the minutes proved the signal for a battle royal. McClellan, the lone Democrat on the Board, backed Fern up at every ditch, but the Republican majority carried everything.

for the meeting. When Mayor Fern called the meeting to order, promptly at 7:30 o'clock, there was not only no vacant space in the room itself, but people were lined up, ten deep, at the doors. The windows had to be thrown open to admit enough air to make the crowded room even bearable.

There was a hushed air of expectancy as Mayor Fern took his seat, and it could plainly be seen that the majority of the onlookers had turned out in anticipation of a fight between the city's chief executive and the legislative body. It was patent that every man present expected that something was going to happen.

During the reading of the minutes the crowd stood about in impatient attitudes, apparently searching the faces of the Supervisors as though they expected to read there what the members of that body might have in mind.

Fight Begins.  
No sooner had the vote been taken on the adoption of the minutes than Mayor Fern arose and began to name the various standing committees which he had selected. The personnel of the committees was the same as that already announced by his Honor.

At the conclusion of the announcement of the committees, and before any of the Supervisors who had started to their feet could get a word in, the Mayor announced that, as there seemed to be a difference of opinion between himself and the Board of Supervisors relative to certain points of law, he had prepared a letter to submit to the County Attorney, asking for his opinion. He then directed the Clerk to read the letter, which was as follows:

Letter to County Attorney.  
J. W. Cathcart, Esq., City and County Attorney of the City and County of Honolulu, Oahu.

Dear Sir:—In view of the apparent differences of opinion that have arisen as to the meaning of certain portions of the Municipal Act, I desire your legal opinion, in writing, on the following points:

Section 142 of the Act incorporating the City and County of Honolulu provides as follows:

"Section 142. All ordinances, orders, and resolutions of the Supervisors of the County of Oahu in force at the time this charter takes effect and not inconsistent herewith shall continue in force until amended or repealed by the Board of Supervisors of the City and County of Honolulu."

Under this provision when did the charter provided for in said Act take effect? Was the charter in effect during the month of December last?

If you are of the opinion that the charter did not take effect until noon of January 4th of this year, what effect, if any, did the resolution passed by the retiring Board of Supervisors of the County of Oahu, doing away with all offices and positions not expressly created by the County Act or by ordinance, have upon the appointments made by me as Mayor during the month of December, pursuant to Section 146 of the Municipal Act?

Again, I would further ask your opinion on this point: If, as a matter of fact, appointments were duly made by me as Mayor under Section 146 of the Municipal Act between the 1st day of December last and the 1st day of January of this year, and the persons so appointed thereupon qualified, as in the Municipal Act provided, and were ready to take office before the passage by the Board of Supervisors of the County of Oahu of the resolution above referred to, on the 4th day of January, would or could such action by said Board of Supervisors annul the appointments made by me as Mayor at a time when the offices filled by me existed under lawful regulations of the Board of Supervisors of the County of Oahu? What appointments is the Mayor required to make under Section 146 of the Municipal Act?

Assuming that the Board of Supervisors of the County of Oahu had authority to do away with offices and

positions filled by me as Mayor under Section 146 of the Municipal Act, during the month of December, is the resolution as passed by them on the 4th day of January, 1909, a valid and legal resolution, particularly taking into consideration that it attempted to sweep away at once all boards, committees, commissions, offices, positions and employments theretofore created by the Board of Supervisors of the County of Oahu, except those created by ordinance; and taking into consideration further that it attempted to do away with all motions, votes, orders, resolutions, rules and regulations creating or tending to create such boards, committees, commissions, offices, positions and employments, and taking into consideration that it also attempted in the same resolution to do away with all rules and regulations adopted by said Board of Supervisors and then in force?

In other words, I desire to have your opinion as to whether such a sweeping resolution is valid or whether it is not invalid and abortive, as unreasonable and arbitrary, making no provision in said resolution for the substitution of any other rules, resolutions or orders providing for the maintenance of the business of the county.

Turning to the action taken by the Board of Supervisors under the Municipal Act at the Special Meeting of said Board, held on the 4th inst., I desire your opinion on the following points:

Does the resolution and vote under which the Board of Supervisors assumed, to adopt certain rules and regulations for the government of that body come within the provisions of Section 29, Chapter 4 of the Municipal Act? In short, should that resolution properly come before me for approval or veto? And in that connection I desire further to ask whether the provision in said rules purported to be adopted by the present Board of Supervisors, particularly Section 13 authorizing the Committee on Roads and Bridges, etc., to engage all employees under said department, constitutes a provision involving the disposition of public property or the expenditure of public money under Section 17, Chapter 4 of the Municipal Act?

(Note: The power to engage employees runs through various portions of the rules, and my query, while directed specifically to the rule governing the powers of the Committee on Roads, etc., is intended to reach like provisions throughout the rules in question.)

I desire further to ask whether the rules and regulations authorizing the engaging of employees and creating boards, and conferring other powers upon them can lawfully be passed at a Special Meeting called by me for the sole purpose of approving official bonds, and whether such provisions are properly contained in rules established for the proceedings of the Board under sub-division 2, Section 9, of Chapter 4 of the Municipal Act?

I would ask your opinion whether or not the alleged rules and regulations infringe upon the executive or appointing power of the Mayor, particularly in conferring executive power upon committees of the Board of Supervisors, including the power to engage men and direct their work?

I ask your opinion as to the validity of the action of the Board of Supervisors under the Municipal Act, taken on the 4th inst., whereby said Board of Supervisors assumed to repeal by passing a resolution identical with the resolution passed by the Board of Supervisors of the County of Oahu, on the 4th inst., certain orders, resolutions, etc., considering in that connection that said resolution was carried and declared adopted and in force and effect without containing any specification of the different municipal resolutions, orders, etc., that were repealed thereby and without submitting the same to me for approval or veto. And in this connection I further ask your opinion whether it was in the power of the Board of Supervisors to pass the resolution last referred to, at the Special Meeting on the 4th day of January, limited to the purpose hereinabove set forth.

In conclusion I desire to say that large sums of money will be expended and heavy obligations incurred in the near future, based upon the action heretofore taken by the Board of Supervisors in the premises, and the legality of such expenditures will depend upon the proceedings heretofore had, and I must be satisfied of the

After the reading of the communication, Supervisor Logan arose, saying:

"Mr. Mayor, I move that your list of committees be laid on the table. Even if you had the authority to name the committees, I should be opposed to those that you have named for they consist of only two members each. # INTEREST WAXING WARM AND VOTES ROLL IN. HAWAII, MAUI AND KAUAI ARE BUSY TOO

## FIRST COUNT OF BALLOTS WILL BE MADE FRIDAY

## Bulletin's Alaska-Yukon Trips Attract Wide Interest And All Good Natured

This morning was the banner morning in the Bulletin's Seattle Exposition contest, and the contest man was kept busy issuing ballots on subscriptions and some new candidates called at the office and registered their names and asked for books in which to qualify them for the race for ballots.

The Alaska-Yukon trips have attracted more candidates and there has been more interest shown up to the present time than was evidenced in the Pacific States tour contest of two years ago, when the Bulletin paid the expenses of a group of young women to the mainland and showed them the time of their lives, which went down in the history of the islands; and the Bulletin never dreamed of again being able to excite so much interest, but if any one doubts the interest being shown in the present contest, all they have to do is to come to the Bulletin office and the books are always open to those desiring information regarding the plans in which the votes are issued and whether they are all bona fide contestants.

When the results of the first count, made on Friday, are published Saturday there will be surprises for all, and those who have not as yet called for books should do so at once and make a good showing on the first count of ballots.

**Mail Orders**  
Subscribers sending in their payments by mail should always mention the name of the contestant whom they wish to vote for, and if they want the votes returned to them they should also make that request. Votes are absolutely not transferable and not good if defaced. All votes issued on subscriptions are good until the close of the contest, and those desiring to hold them in reserve may do so as long as they desire, but those withdrawing from the contest at any time can not in any way transfer their votes to some one else. Turn in your subscriptions now, and the votes will be issued for same, and then you may hold back the votes.

**Outside Contestants**  
All contestants living in Maui, Hawaii, and Kauai should send in all their subscriptions on each mail and the votes will be issued and returned to the candidate, and they may hold back the votes until the end of the contest. It is always a good idea to hold back votes and only vote a few from time to time in order to show your friends that you are taking an interest and in this way you will not expose your hand and no one will know, save each contestant herself, what reserve her competitors have until the final count is made.

**Subscription Blanks**  
Candidates should call on the Contest Manager at once and secure subscription blanks, and there are a number of things he would like to tell you. In regard to the best way of securing votes. Call at once at the Bulletin office.

## 3000-Free-Vote for Other

**Islands Until January 9th**  
The 3000 special nominating ballot for the outside islands on account of some misunderstanding in country districts, and those who intend entering the contest had better clip out this ballot and mail to Contest Department at once. There are no restrictions in entering the race any time during the contest, but those who enter now will get the benefit of the 3000 special ballot.

## 3000 Free Votes

There is a ballot printed in this issue of the Bulletin which, when clipped out and properly filled in and forwarded to the manager of the Contest Department, will count 3000 votes. This is a chance for you to propose your favorite young lady in the popular contest.

This special ballot is only good until Saturday, Jan. 9, and each contestant is only entitled to one ballot. This ballot applies to Districts Nos. 2, 3, and 4 only.

**THE FIVE TRIPS WILL BE APPOINTED AS FOLLOWS:**  
District No. 1 includes the City and County of Honolulu.

## Standing of Contestants

The First Count will be made FRIDAY Evening, January 8th. Send in all votes before Friday.

Contestants may take the trip any time they choose.

Chicago, Dec. 22.—Great Heart, who appears in the second part of John Bunyan's "Pilgrim's Progress," is President Roosevelt's favorite character in allegorical literature. "Pilgrim's Progress" itself the President considers one of the greatest books ever written, and Abraham Lincoln he deems the ideal Great Heart of public life.

This was revealed by the Rev. Duncan C. Milner, a retired Presbyterian minister, who received a letter from the President. The President's letter follows:

"My Dear Dr. Milner:—Yes, you are entirely right. But I had no idea that what I said was being repeated. Great Heart is my favorite character in allegorical literature—which, of course, is a branch of fiction, as you say—just as Bunyan's 'Pilgrim's Progress' is to my mind one of the greatest books that was ever written; and I think that Abraham Lincoln is the Great Heart of public life.

"Sincerely yours,

"THEODORE ROOSEVELT."

## LITTLEFIELD HAS TO SMILE

## At Gompers-Roosevelt Tilt—Taft And The South

"How is your friend, Samuel Gompers?"

"I haven't seen Mr. Gompers lately," replied the Hon. Charles E. Littlefield, the former Congressman from the Maine Second District, but now a resident of New York, to this query, and he smiled as he continued: "But I notice he did not accomplish much more this time than he did when he came down into Maine to defeat some candidates."

"One thing amused me considerably, and that was the break between President Roosevelt and Mr. Gompers. For a time the President and the other gentlemen were hand in glove, and seemed to be two souls with but a single thought on labor politics. Perhaps I ought to thank Mr. Gompers for one thing—the very wide advertising he helped to give me. Very often now I have men make inquiries concerning the campaign which that active gentleman saw fit to wage against me in 1906."

Mr. Littlefield, who visited Augusta last week, talked very interestingly with a Boston Herald correspondent, upon national matters, among other things, saying: "I regard Mr. Taft as a very able man. He is an excellent lawyer. I believe his policy will be a conservative one. I have no idea that he will carry out the extreme line of action popularly known as the Rooseveltian policy. Mr. Taft is extremely interested, evidently, in the revision of the tariff, and, by the way, that is a matter, I notice, President Roosevelt said very little about in his message."

Mr. Littlefield heard Mr. Taft make his recent speech upon the southern question. "I was much interested," said he, "in what he said about the

south abridging the qualifications of voters. He told them to 'Go ahead.' There was one thing, however, connected with this matter which was not mentioned. The second section of the 14th amendment to the Constitution says: 'Representatives shall be apportioned among the several States according to their respective numbers, counting the whole number of persons in each State excluding Indians not taxed. But when the right to vote at any election for the choice of electors for a President and Vice President of the United States, Representatives in Congress, the executive and judicial officers of the State or the members of the Legislature thereof is denied to any of the male inhabitants of such States 21 years of age and citizens of the United States, or in any way abridge except for participation in rebellion or other crime, the basis of representation therein shall be reduced in the proportion which the number of such male citizens shall bear to the whole number of male citizens, 21 years old, in such State.'

"Let us say that the population of the South is half negro," said Mr. Littlefield, to illustrate his point. "Suppose the right of that class to vote should be denied. The representation which the South would then have in Congress would be cut down 50 per cent. In Maine we have an educational qualification which, if enforced strictly, might cut down our representation. Maine will lose one Representative anyway when the next apportionment is made."

When asked if he intended to leave Maine permanently, Mr. Littlefield said: "I had to become a citizen of New York in order to be admitted to the bar there, but have retained my home in Rockland and expect to visit the State often. I shall no doubt spend my summers at my old home."

"There is one thing I want to tell you," he continued: "It has been stated that in the last Congressional campaign in Maine, Mr. Swaney, the Republican candidate for Congress, wrote me, extending an invitation to take part in the campaign. If such question, 'I was much interested,' a letter was written, I never received it."

# I WAS AMUSED

THE OTHER DAY when an Elderly Gentleman backed me up against the corner cigar store and enquired if I was the "OPPORTUNITY" Man. I admitted the soft impeachment and also smiled widely. The E. G. grabbed me by the coat lapel and delivered himself to this effect: "There never was a gold mine. There isn't one today. There never was a cent made in any kind of mining. The only reason a gold mine is called a gold mine is because people are foolish enough to dump their good gold into it. They never get any out. And as often as not there's no mine at all. He knew. He had invested in mining stock once. The thing was a fake, of course. No more mining stock for him. Not in a thousand years."

Now, wouldn't that upper-cut you? Where his Nibs thought the world's present supply of gold came from, gets me. Perhaps he thought it all came from Bishop's Bank. The E. G., nevertheless, is representative of a class of people who swallow the bait of any fly-by-night fakir, or wildcatter who peddles out cheap stock and promises the earth, or at least a thousand dollars for every one put in. His proposition may be the wildest kind of "Wildcat," his roseate statements entirely unsupported, his "mine" a pipe-dream, and he himself belong in jail, but if his stuff is only cheap enough—a cent or two a share—they will buy it. Such people are not investors—they are "suckers" buying experience. But they hurt legitimate mining because ever afterwards they will keep on telling how they "invested" in mining and lost their money. With regard to the Elderly Gentleman, I steered him along to my Office, showed him ore specimens, photos, charts, maps, Government Reports, and statements of Honolulu people who have visited the "MAYFLOWER." He revised his conviction about gold mining to the extent that there was, at least, one gold mine, and that we owned it. Before he flew, he broke in for 1000 Shares. Other mining stocks and other Mayflowers can be bought at less prices, but our Mayflower is the Mayflower Quartz & Channel Mining Co. and the price is 25 Cents a Share. Drive a tack in that fact. Yes, our "MAYFLOWER" is the real thing, with assurances attached. Buy the Stock at 25 Cents. You're missing a trick if you don't. Be brisk and get in your order. Buy it. It's a brilliant buy. ## ARRANGE SPECIAL KAUAI ELECTION

The Kauai Board of Supervisors held a special meeting last Wednesday, having been called wirelessly by Chairman Wishard from Honolulu.

The chairman explained that he had called a meeting for the purpose of having the necessary steps taken to hold a special election for an officer to fill the vacancy created by the decision of the Supreme Court, that the election of Geo. H. Baker as County Auditor was invalid. After having stated that the election had to take place within sixty days of the decision of the court, and that it had to be preceded by a proclamation from the Board at least forty days prior to the date of election, he called for suggestions as to the most suitable date. It was at once suggested that a Saturday would be likely to suit the majority of voters the most.

and the choice therefore laid between the 13th and the 20th of February. The former date seemed to be the most convenient to the Board, and a proclamation, prepared by the County Clerk, was immediately signed by the Board and ordered published.—Garden Island, Jan. 2.

## Water

The water will be changed daily, and the tank cleaned out thoroughly with each change. It will be artesian water, as before.

An even temperature will be maintained at all times. When it is too cold to swim at Waikiki, the water at the HOTEL BATHS will be "just right."

## For Business Men

Business men will find the BATHS just the thing they need to keep them feeling right up to form through a hard day's work. A little brisk exercise, followed by a fifteen minutes' swim, will brace any man up. It's a natural tonic that can't be beat.

## HOUSEHOLD HINTS IN THE KITCHEN

**Fruit Cake**  
One cup butter, 2 cups molasses, 1-2 cups sugar, 2 teaspoons soda dissolved in 1-2 cups milk or water, 2 cups raisins (sifted), 1 cup currants (sifted), 3 eggs, 2 teaspoons cloves (ground), 2 teaspoons cinnamon (ground), 1-2 teaspoon ginger (ground), 1 teaspoon almond extract, 1 teaspoon vanilla extract, 1 grated rind of a lemon. Mix thoroughly and bake in a slow oven. This will keep for a long time if wrapped in a clean cloth. It is not very expensive and is nice to have for unexpected company and for putting in lunch boxes, as it does not dry.

**Corn Meal Muffins**  
One cup of yellow meal, 1 cup of flour, 1-2 cup of sugar, 1 beaten egg, a piece of butter the size of a small egg, a pinch of salt. Dissolve 1 teaspoon of soda in 1 cup of sour milk, and mix with the other ingredients. Drop into buttered muffin rings or patty pans and bake in a hot oven 15 or 20 minutes.

**Hot Coffee Syrup For Griddlecakes**  
Make a syrup of 1 cup of brown sugar, 1-2 cup of white sugar and 1-2 cup of hot water. When the syrup has boiled 2 or 3 minutes add 2 tablespoons of clear, hot coffee. Stir and let boil up once, then place the dish in hot water or over the tea kettle to keep hot until the griddlecakes are ready to serve. All kinds of griddlecakes are better with hot syrup instead of cold.

**Boston Muffins**  
Mix one-quarter cup of hominy and one-half teaspoon of salt, add one-half cup of boiling water, cover and let stand until the hominy absorbs the water; add one cup of scalded milk to one cup of cornmeal, then add three tablespoons of sugar and three tablespoons of butter; combine mixture, add the yolks of two eggs, beaten until thick as lemon colored, and the whites of two eggs beaten until stiff; sift over three tablespoons of baking powder and beat thoroughly. Bake in hot, buttered iron pans.

**HOME-MADE CANDIES**  
**Maple Fudge**  
Break a pound of maple sugar into bits and pour upon it a cupful of sweet milk. When it has melted the sugar put over the fire; bring to a boil, add a tablespoonful of butter and cook until it hardens in cold water. Take from the fire and stir until it begins to granulate. Then pour into a greased pan. As it cools, mark into squares with a knife.

**Peanut Brittle**  
When the molasses candy, made according to directions, is ready to pull, stir into it while on the fire a great cupful of roasted, shelled, and skinned peanuts; remove from the fire, stir well and pour in buttered platters. As it hardens, cut into shapes.

**Nut Candy**  
Into the kettle with the sugar candy stir, when it is ready for pulling, enough pecan or hickory nut or walnut kernels to make it of the right consistency. Do it quickly, using the spoon as little as possible. Turn out upon a buttered platter.

**MANY USES FOR BANANAS**  
It is claimed that no other product of the vegetable kingdom affords as much nutriment as the ripe banana. In the native country it takes the place of bread or cereals and is eaten raw, with cream and sugar. One delicacy is made with bananas and sliced oranges covered with wine and sugar. The greatest delicacy is "lady fingers," found on foreign markets from March to October.

**ENDS OF SOAP SHOULD BE SAVED**  
Bits of soap should never be flung away, but placed in a glass or china jar until a number have been accumulated. They should then be dissolved in boiling water into soap jelly which may be used for various purposes. That made from the jar reserved for toilet soaps may be used for the bath, and that from kitchen and laundry soaps may be used for laundry purposes.

Care should be taken to see that every bit of soap added to the jar is clean. It is by no means an uncommon thing to see soap looking anything but attractively clean.

**TO CURE A COLD IN ONE DAY**  
Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. E. W. Grove's signature is on each box. PARIS MEDICINE CO., St. Louis, U. S. A.

# WAR is DECLARED!

The Citizens' Health Committee has declared war against the rat in the following bulletin:

"It is incumbent upon all to wage a relentless war on the rat, the source and breeder of the plague."

Even if you do not think there are rats on your premises, you should use Stearns' Electric Rat and Roach Paste, for rats travel all over the city and are liable to camp with you if your premises are not protected by Stearns' Electric Paste.

This reliable exterminator is sure death to all rats and usually kills them off in a single night. It is the best weapon in the war against rats, and every citizen should use it and protect our city.

## POTTIE'S Black Douglas Oil

Is classed as one of the greatest known absorbents. Its value lies in its great healing power. Without irritating. Horses may be treated with it and still worked.

Horses that stumble are sore and stiff and weak in the legs and tendons, are immensely benefited by it.

There is no known remedy that will do a horse's legs more good than bandaging them with this oil.

## Eddy Refrigerators Are Built for Service

We cannot emphasize that too strongly. In their manufacture SERVICE (ECONOMY for the CONSUMER) is the FIRST consideration; after that comes APPEARANCE.

It is made of white pine. "Hard wood" SOUNDS better to the ear, but repeated tests have shown that nothing is the equal of seasoned white pine as a non-conductor of heat.

The smooth, sanitary ZINC LININGS of the EDDY are not so PRETTY as porcelain and tile, but they will never peel, crack, or break, making crevices for accumulation of filth and disease germs.

The EDDY is an Honest, Serviceable Refrigerator.

## HIGH BRED STEEDS TEST SPEED IN CLASSY NEW YEAR'S RACES

GARDEN ISLAND TRACK  
IS SCENE OF LIVELY WORK

Fast Time Is Made and Audience of Twenty-five Hundred People Is Enthusiastic—Roping Contest Augments Racing Card Proper

LIHUE, Kauai, Jan. 2.—The Kapa race track was lively yesterday with something like 2500 people, come to see the races. Perhaps the interest was as much centered on the proposed roping contest as in the races proper, but few horses having been entered.

In the three-eighths mile race but two horses were entered. Spalding's Kealia and Weber's Lihue ran a close race, the former finishing in 37 1-4 seconds, with Lihue a length behind. Both horses showed fine speed and a change of jockeys might have reversed the result.

The quarter-mile race was run by Belle Dame of Kealia stable, Weber's Emmy, and Fernandez Kapala, and finished in 24 1-4 seconds by the former, followed closely by the two other horses in above order.

The half-mile race was the one which aroused the most interest, as evidenced by the exchange of coin after the animals had passed under the wire. Weber's Emmy, Fernandez Kapala, and Spalding's Kealia showed good form, Emmy toying the mark in 52 1-2 seconds, Kapala following close, and Kealia lagging a little behind.

Besides these three races there were a number of scrub races run, accompanied by much enthusiasm and rolling of cartwheels.

The roping contest was, however, the piece de resistance of the day, and people from Mana to Hanalei had turned out to witness the triumph of the cowboys representing their respective districts. All the boys showed mettle and dexterity, and some of them made excellent time. The record might even have been broken by Mauihili had it not been for the fact that his tying rope had been taken from his belt without his knowledge. As it was, he had his steer down in 17 1-2 seconds and has repeatedly been timed to tie in eight seconds. The horses as a rule were well trained and held the cattle well, but the animal ridden by Manuel Donales, the one-legged cowboy, played him the trick, turning to look after his master when he hopped to the steer. With the rope slack, the latter arose to greet the cowboy, who had to turn around and get on his horse again. In the meantime the steer had got himself loose from the lasso.

The horse of Kalani Lauha fell, pinning its rider to the ground just as he was throwing the steer. Kalani was not hurt much, but it lost him the coveted honor of being the best roper present. The rope broke for Antonio Gomes and put him out of the winning class, and Kaeli Montgomery with perhaps the best opportunity of all, lost the throw and after a short chase returned to the corral with the steer headed Lihueward. This reduced the number of timed contestants from sixteen to an even dozen, with the following time to their credit:

P. A. Rice, 1 min. 50 1-4 sec.; C. A. Rice, 1:35; John Malina, 0:57 1-4; Paikahawai, 0:43 3-4; Kimo, 3:2 1-2; Kapahu Lihue, 1:4 3-4; Dan Lovell, 0:51; Kuhlman, 4:30; Peter Malina, 1:18 1-2; Kapahu Nui, 1:28; T. Blackstad, 1:47.

Paikahawai, John Malina, Dan Lovell being the best, had to compete by roping their steers, in order to establish their superiority. Paikahawai's times were 0:48 3-4; 2:3 1-2, and 1:0, giving him an average of 1:15 1-2. John Malina, 0:57 1-4, 1:53, and 1:20; average, 1:23. Dan Lovell, 0:51 2-3 and 2:5; average 1:40.—Kauai Garden Island.

Charlie Sanford's useful 3-year-old High Gun probably will not be seen at the races for a long time. One of the colt's feet is in poor shape, a bad quarter crack having developed.

Harry Mack will train Willie T. and Renee W. at Emeryville for the Spokane stable. These horses are now at Arcadia and will be shipped north forthwith.

HILO HORSES CAPTURE BIG PURSES AT HAWAII MEET

Honolulu Sportsmen Leave Their Money on Southern Island—All Nags Are in Fine Trim and Races Are Won on Their Merits

Seldom if ever has more intense excitement prevailed at any race meet in the Islands than was shown by the spectators at the Hilo races on New Year's day. With a good assortment of tempting purses to compete for, owners had made every effort to get their entries into the pink of condition, and every person at the track was more or less speed-made by the time the first bunch of thoroughbreds passed under the barrier.

The results of the New Year's Day racing were as follows:  
Half mile, Hawaiian Bred, \$100—Elko 1, Breakwater 2. Time 1:53 1-4. Won by a nose.

Merchants' Stakes, 1 1/4 mile, \$1600—Banonica 1, Aidou 2, Bruner 3. Time 2:14.

Pacing, Best two in three, \$250—Harry Hearst 1, Waldo J. 2, Parnell 3—Hearst won 2 heats in 2:33 and 2:30. Hawaiian Bred, 1/2 mile, \$250—Major Collier 1, Indigo 2. Time 1:50 1-4.

Free-for-all, 3/4 mile, \$200—Banonica 1, Aidou 2, Bruner 3. Time 1:19.

Hawaiian bred, 3/4 mile, \$100—Major Collier 1, Indigo 2, Elko 3. Time 1:20. Following is a description of the meet by events:

Race 1—Before start Breakwater did some trotting for ten minutes, but finally both got away even, Breakwater leading half the distance when Elko began to creep up, gradually gaining and running neck and neck in to the wire, where the Maui horse was lifted under a nose ahead, all but judges thinking it a head tie. McAuliffe rode the winner, Willis on Breakwater. This was the only purse taken from the island of Hawaii.

Race 2—O'Rourke declared to win with Banonica. A couple of days ago Frolic bolted on track and ran away with her rider, finishing up lame. She started in the race obviously a lame horse. A half hour was wasted in getting them away, Willis leading the other horses. Banonica lead from the start and was never passed. Passing the stand the first time all were in a good bunch; second time Banonica was well in the lead with Frolic and Aidou neck and neck. But Frolic gave out and Banonica came in easy in the lead with Willis pulling hard to hold her back. Bruner was a bad third.

Race 3, Pacing best two in three—Betting favored Harry Hearst, though Waldo J. had many friends. H. H. driven by Gibson, won the first heat with W. J. close behind, though W. J. broke once. The Maui Irishman, Parnell, was in the rear. The second heat was a repetition of the first. Dickie Davis drove Parnell, Joe Reddy driving Waldo J. in the first heat, Dick Lyman taking the ribbons in the second. Time, 2:33 for first heat, 2:30 for second.

Race 4—Breakwater scratched. A splendid start. Passing the grand stand the first time Collier was half length ahead, and won hard held and Indigo whipping.

Race 5—Frolic scratched. Tribly Green ridden by Clarence kept waiting; got away at 4:30. First time past the stand Ferreira using whip on old Bruner, who had more than met his match. Banonica again an easy winner, Maui horse second, Bruner third, Tribly Green and J. T. far in the rear. J. T. is a recent importation by John T. Moir, and has only been here less than two weeks since the last arrival of the Enterprise.

Race 6—Good start, Indigo passing stand first on first round, but Collier, in perfect condition, avenged former defeats, beating Warren's Honolulu horse, which was second, also the Maui favorite Elko.

The weather was fine up to 4 o'clock, then a Scotch mist set in for half an hour. It was certainly Hilo's day and both Maui and Honolulu contingents left their money and all they would bet. On Banonica bets of 2 to 1 were made against the field.

Pools sold well on Thursday night before the first day's races, but there was nothing doing Friday night. The track was heavy, such as was considered favorable to Bruner, but he met horses that were too good for him. Honolulu and Maui men took their defeat splendidly.

## Young Men And Soldiers May Meet

The Y. M. C. A. basketball team may meet the aggregation of ball-players from Fort Shafter before many days have passed. The question of a game is now holding the attention of the powers that be, and as soon as a date can be fixed upon that will be agreeable to all parties concerned, a match will be arranged.

The Fort Shafter men have been playing considerable basketball lately, and have announced their desire for a good, lively game. The Young Men are said to have an excellent team, and some time next week the two will doubtless meet, either at the Y. M. C. A. gymnasium, or at Fort Shafter.

The Shafter team is considered the stronger of the two, but the Young Men are far from second-rate, and they will give the soldiers a hard tussle. Monday has been mentioned as a possible date for the proposed game.

## Chicken Judge Is Coming Here

When the Lurline sailed from San Francisco for this port yesterday, she carried among her passengers George R. Andrews of Fresno, California, who is to act as the judge at the coming poultry show. The Lurline will arrive here on the morning of the 11th.

It is the intention of those in charge of the poultry show to have all of the awards made before the doors of the show rooms are opened to the public. Thus visitors will be able to see which of the fowls are considered by the judge to be of prize-winning grade.

As the date of the show approaches and the entry list grows, the prospects become brighter. It now looks as though this year's exhibit will set a new standard and that the poultry-breeding industry will be greatly benefited in consequence.

## League Players Getting Into Shape

The All-Hawaiians are plugging along with that determination which always brings results, and before the week is ended there will probably be a noticeable change in the condition and form of the men. There have been but two practice days so far, but they have not been unproductive of results, and things are beginning to shape themselves up.

On Saturday afternoon the team will probably play a practice game with some local aggregation. Just who the opponents will be is a matter that has not been settled as yet, but an effort will probably be made to induce the Engineer and Marine Corps men to pick a nine from among the best players of their respective organizations.

## Indoor Baseball Proves Good Sport

The Y. M. C. A. indoor baseball team simply waded through the Kawaihau Boys' Club aggregation in the Y. M. C. A. gymnasium last night. Twenty-nine to two was the final score, and there never was a time when the Kawaihau boys had the least chance. That they managed to annex even two runs was more the result of chance than anything else.

In spite of the one-sidedness of the contest, those who witnessed it were furnished with plenty of amusement and things were lively. The boys fought doggedly and were literally overwhelmed by the superior weight and skill of the Young Men.

The Y. M. C. A. team is in excellent trim and the way the men handle the enlarged sphere is a revelation to those who have never seen the game played.

### REAL NICE

"Yes," said the captain of the millionaires' volunteer fire company, "we boys are charmed to go to fires these days." "That so?" interrogated the caller. "Yes, we look so deuced cunning in our new outfits. We have discarded the old traditional red shirts and black hats for pink shirts and green hats."

HEINZ GOODS are famous all over the world, and no other jellies, preserves, sweetmeats, etc., are so popular.

There are two reasons for this: one is that the best housewife or cook cannot improve upon the HEINZ QUALITY; and the other is that no one can make them as cheaply as she can buy them at her grocer's.

HEINZ GOODS give a zest to any luncheon or dinner.
