

E. H. HART ARRESTED SHORT IN ACCOUNTS

Clerk Second Circuit Court Admits Shortage When
Books Are To Be Examined—Probably
\$5000 Missing.

Shortly after noon today, Edmund H. Hart, clerk of the Second Circuit Court, was placed under arrest, charged with the embezzlement of \$250, funds of the county. The warrant was sworn to by County Attorney E. R. Bevin, and was served by County Sheriff Clem Crowell. Hart will probably be able to give bail some time this afternoon.

The \$250 which Hart is charged with embezzling does not by any means cover the amount of his shortage, which however, will not be known until the auditor has had time to

check up his books. It is understood that he has admitted that he cannot account for between \$3000 and \$4000, and it is believed that the amount may be considerably more than this.

That anything was wrong in the court clerk's office was unsuspected until this morning when County Auditor Charles Wilcox announced his intention to audit the court books. Then Hart called in County Attorney Bevin and confessed to him that his accounts would show a shortage. It is stated that Hart's books have not been audited for three years or more.

Kula Sanitarium Gets New Buildings

Generosity of Maui People Helps De-
serving Institution—Planning To
Supply Own Beef.

The Maui Agricultural Company's directors have lately appropriated money for the construction of a ward for men at the Kula Sanitarium, a building similar to that recently erected by the Hawaiian Commercial & Sugar Company and the Kahului Railroad, at the same institution. This announcement was made by Senator H. A. Baldwin, at a meeting of the managing committee of the Sanitarium, held last Friday. At the same meeting it was also announced that Mrs. H. A. Baldwin had offered to finance the building and furnishing of a women's and children's ward, an addition that has been very badly needed for a long time.

The new ward building which the Maui Agricultural Company's offer has made possible, will be about 60 feet square, with an open court in the center, and will accommodate from 24 to 25 patients.

Manager Weinheimer, of the Pioneer Mill Company is also constructing a cottage suitable for a private patient, at the Sanitarium.

At the present time there are about 52 patients in the institution, and more facilities are greatly needed to meet the ever increasing demands.

The delay in getting the new kitchen and dining room, and the new refrigeration plant, which are to be built by the loan fund commission, is being keenly felt. Without the refrigeration plant it is impossible to keep fresh meat, which is a serious handicap. When this is finished, it is contemplated to go into the ranch business on a sufficiently large scale to supply all the beef needed for the institution. Land for this purpose is to be set aside by the territory. At the present time the Sanitarium is supplying all its own milk from a dairy established a few years ago, and through this department is effecting a saving of between \$75 and \$100 per month.

Small Theater Panic At Yell of Fire

A near-panic occurred at the Valley Isle theater last Monday night when some fool on the street started to yell "fire." In an instant practically the entire audience in the house was scrambling for the front doors. Fortunately the audience was not very large, or many persons would doubtless have sustained serious injury. As it was several persons were swept from their feet in the congestion at the foot of the balcony stairs, and one woman was painfully bruised by being trampled upon.

There were two policemen in the balcony at the time the panic started, but they were unable to do anything towards stopping the rush for the stairs. Incidentally, the alarm of fire was entirely unfounded.

Medal for Sprinter.

A beautiful \$25 solid gold medal, to be presented to the winner of the 220-yard dash, in the Maui Sports Tournament to be held in connection with the big racing events on New Year's day, was received this week from Wall & Dougherty and has been on exhibition at various places in Wailuku and Kahului. The races are open to all, and as there is no entrance fee, the medal will be a prize of more than ordinary worth to the successful sprinter.

Wailuku May Meet Paia at Tennis Soon

Wailuku tennis players will probably meet the crack wielders of the racket of Paia, at the Paia courts on the 18 or 19. This will be the first time that the Wailuku men will have met any of the outside teams in a regular match, and much interest is being taken in the coming battle. The honors of the locals will be upheld probably by Duke, Engle, Collins, Chillingworth, F. Lufkin, Penhallow, Short, Cowan, Weight, and Bevin.

Much interest has been aroused in the tennis as a result of the recent tournament, and practicing is constant on the Wailuku Mill court, which is in excellent condition. In the doubles match played last Saturday on the Paia courts, Engle and Duke beat Lindsay and Rosecrans two sets.

McNerny, Lt., of Honolulu, has offered a prize for an island tournament, and it quite probable that such an event will be arranged for later. The Wall & Dougherty cup tournament, of the Wailuku players, will probably begin shortly after the first of the year.

Manager Penhallow, of the Wailuku Sugar Company, has tentatively promised to furnish a suitable grandstand for the local court, which will make it much more comfortable for spectators.

Supreme Court Acts In Maui Damage Suit

Classifying Judge Stuart's reasoning as unsound, and remanding the case back to the lower court, the supreme court on Monday of this week handed down an opinion in the damage suit of M. A. Martins vs. A. A. Wilson. This is the case in which Judge Stuart took occasion to severely condemn the Paia Hospital management for what he declared was improper treatment given to Martins. The Hawaiian Medical Association later vigorously upheld the treatment.

The accident in which Martins was hurt occurred at Kapiki gulch, when an embankment fell. Wilson was the contractor who was doing the road job. At the trial in the First Circuit Court, in Honolulu, the jury found for the defendant Wilson. The plaintiff asked for a new trial, which was granted, but in the meantime the defendant carried the case to the supreme court on exceptions, which have for most part been sustained.

Maui Hotel Remodeling To Be Pau Next Week

The remodeling of the Maui Hotel, which has been in progress for the past two months, is now rapidly nearing completion, and Manager Field expects to have the carpenters and painters out of the way by the latter part of next week. The new office and lobby will be very handsome, with new furniture to harmonize with the interior finishing. The dining room is to be immediately enlarged to include the space at present being used as the lobby. When completed there will be no hotel outside of Honolulu that will present a more attractive appearance than the Maui Hotel.

FIGHTERS FINED.

Manuel Jardine and Pete Evans, both lunas on the Wailuku Plantation, settled a question of their respective fistful ability on Market street, and later settled with Judge McKay to the tune of \$15 and \$5 respectively. Evans was so badly mugged up by the encounter that the magistrate considered that \$5 would about even things up against Jardine's \$15.

Maui Police Could Clean Up Honolulu

Attorney Murphy Tells Honolulu
Newspaper That Maui Gambling
Huis Are Pau.

Sheriff Clem Crowell admits that gambling in Maui has received a distinct check in the past month, and that the county is incidentally about \$1200 to the good on account of the fines which convicted gamblers have been forced to pay. But Attorney Eugene Murphy, who was in Honolulu this week, and who incidentally, it might be added, conducted the defense of most of the accused gamblers, has gone the county sheriff one better by telling the Honolulu Advertiser that the Maui gambling huis have been completely wiped out. Murphy's interview is as follows:

"It took the Maui police exactly eleven days in which to break up and put a complete finish to all the gambling huis in the Valley Island," said Eugene Murphy, a Wailuku lawyer now visiting the city, to The Advertiser yesterday.

"The police made a good job of it and the lid is down now tighter than ever before. Gambling is entirely unknown in the Valley Island at present. Undelayed trials, convictions and stiff fines did the trick. I know one man who had won \$400 to have been convicted, heavily fined, besides which he lost all the money he had made and more on top of it defending himself and his partners in crime. That man has been taught a salutary lesson and will go slow about violating the law again."

Mr. Murphy said, further, that he did not care to "butt in" on the subject of the open and promiscuous gambling which he has been assured goes on in Honolulu every day.

"It's my opinion, however, that if the Maui police could be brought down here and put on the job it would not take them long to stamp out this evil, which hits pocket and home, in a short time here."

Weller Makes Record In Fancy Shooting

While hunting at Ulupalakua on the 5th instant Mr. H. B. Weller, one of Honolulu's best sportsmen, shot three cock pheasants with two shells—a feat probably unprecedented in the history of pheasant shooting.

On reaching a thickly covered hill, three fine cocks flushed out ahead of Weller, who, with his usual cool decision, waited until two of the birds were in line before shooting. These he brought down with his right barrel and then, turning to the left, brought down the third bird with his left barrel just as the bird was getting out of range.

This piece of work far surpasses the clever shooting done by Dr. Fitzgerald on Lanai during the latter part of last month, and places Weller second to no one as a marksman in the Territory.

Counties Cannot Bid on Loan Fund Work

That the counties may not bid on contracts to be let by territorial loan fund commissions, is the gist of an opinion just made by Attorney-General I. M. Stainback, in passing upon a proposition of the City and County of Honolulu to submit tenders for various road and sewers projects to be done in the county. The Attorney-General holds that in case the commissioners believe that all tenders submitted are excessive, then the work may be turned over to the counties.

Loan Fund Board Votes to Get Busy

Will Not Wait Longer On Public
Works Office—Tenders For Kihei
Road and Sanitarium Called.

It looks as though there will be something doing within a very short time now toward actual work on most of the loan fund projects. At a warm meeting of the loan fund commission held last Saturday, the members voiced their strong disapproval of the delays which have been occasioned by the public works department in failing to pass promptly upon the plans and specifications submitted to it. The criticism of the commission from various sources on account of the slowness of the work, was not at all relished, particularly as considerable expense is going on all the time on account of the office force of the commission.

As a result of this meeting, and another one held during the present week, it was virtually decided to go ahead with the work without waiting for action of the Honolulu engineers. Accordingly bids are called today for the building of the Kihei homestead road, on modified plans, the contractor who was awarded the job on the first call for tenders having forfeited his five per cent deposit rather than start it at the figures he had named, and none of the other bidders being who was awarded the job on the first within the amount available. Bids are also called for today for the construction of the new kitchen and dining room and for the refrigerating plant of the Kula Sanitarium, and for the materials and hauling of same. These tenders, as well as for the Kihei road, will be opened on December 22.

The staff of the engineer's office has been cut down to but one man, besides Balch himself, all the survey work and plans having been practically completed.

Many Honoluluans Expected at Races

Local horsemen, as well as followers of the racing game, are making active preparations to invade the Valley Isle New Year's Day for the big race meet at Spreckels Park, Kahului, says the Honolulu Advertiser. Eben Low, who is showing a lively interest in the meet, is arranging some sort of an excursion and it is expected that between 100 and 150 Honoluluans will take advantage of the rates to be offered.

At Wailuku and the vicinity everything is going smoothly toward pulling off the meet and all indications point to the program being one of the best, if not the best ever offered the public. In the language of the stable boy, a raft of horses are being prepped for the meet and some exciting sport is promised. Several of the best runners, pacers and trotters of the islands are to compete. In the running events there will be such well known speed burners as Harvester, Sea Bolt, Francis B., Senator B., Sills, Advance Guard, Copra, Dutch Parrott, Wallaby, Adonis, Athlone, Young Lady, Miss Bryan and Indigo.

In the trotting and pacing events it is expected that Denervo, Maui Boy, Harold D., Welcome Boy and El Oro will face the starter.

Altogether there are seventeen events on the program, including bicycle races, fat men's races, roping contests and the like. One of the features will be a roping contest between Eben Low and Angus McPhee, both having lost an arm. Another feature will be the Maui Hotel Cup race, at a mile and one-half mile.

The meet will open at nine o'clock in the morning and continue all day.

THE ALEXANDER HOUSE SETTLEMENT.

"What is The Alexander House Settlement?" This is a question that is being asked, not in Wailuku alone, but in many parts of the Island. "Is it a Missionary Enterprise?" "Is it a Bowery Mission?" "What do they do?" And many other questions of the same type. It is in answer to these questions that this article has been written. Its aim is first of all to be a Social Center—a meeting ground for all the people, a place where adequate recreational, educational and social features are provided. It has been asked if it is a Christian institution. It is decidedly a Christian institution but a non-sectarian one. In fact its aim is to go beyond even that and to be for people whose religion may not be called Christian but who will be welcomed providing they conduct themselves like ladies and gentlemen. This proviso applies to all no matter of what creed, nationality or religion. They must fulfill just this and they are welcome. No influence is exerted to change a man's creed or belief—no influence except that of wholesome surroundings. This is the chief aim of the Alexander House Settlement.

There exists, too, a misconception of the scope of the Alexander House Settlement as shown by the use of the terms "Wailuku Settlement" and "Wailuku Gymnasium" so often heard quoted and seen in the newspapers. It is not the Wailuku Settlement or Gymnasium. Wailuku is fortunate in having the equipment located here but still another aim of the Settlement is to have its influence extend over the Island, an influence which is already making itself felt in the play-life of other groups and communities and which it is hoped will extend over an increasing range of activities, physical, social, recreational and educational.

If there are any people in Wailuku who are unacquainted with the activities of the Settlement or skeptical as to its usefulness in the Community they should make it their business to visit the Gymnasium, Kindergarten, Night School or any of the activities and judge for themselves whether an institution which conducts sufficient small groups and classes to reach an average of over a thousand a month has a useful place in the Community. If the Alexander House Settlement can serve your Community, you who do not live in Wailuku, rest assured that it will do all that is within its power, for such is its purpose.

LESLIE R. MATHEWS.

AMERICANS WHO ARE NOT

There can be no difference of opinion among Americans regarding President Wilson's demand for an undivided loyalty on the part of every man or woman who claims citizenship under the Stars and Stripes. Congress might do well to enact a law under which those who show that they do not value such citizenship should have it revoked and be deported. Long before the war in Europe brought out its sinister aspect, it had been a custom of various persons of foreign birth or extraction to affect a contempt for the American flag and American institutions, and to hold themselves to be superior to the people with whom they had seen fit to live. Then we took this disloyalty lightly, content to dub them snobs. But now the matter has become more serious. It is quite certain that the American-foreign snob will never in the future find his position a very pleasant one.

The bare facts regarding these persons is simply this: They came to America and professed American citizenship of their own free will. They have stayed here because it has been profitable for them to do so. Many of them left the lands of their birth to escape the rigors of monarchical despotism. They found an asylum and an opportunity to vastly improve their material and social position. Their action is exactly on the par with that of the man who accepts the hospitality of another and then returns the kindness by ridicule and abuse, or calculated injury.

PROSPERITY FOR HAWAII.

The war in Europe has helped Hawaii during the past year by raising the price of sugar; and the war-scare engendered in the United States by the war in Europe, bids fair to still further help these islands in a material way. When Congress meets next Monday, President Wilson will read a message, which according to all reports, will have "preparedness" as its key-note. This preparedness is to cost the country a lot of money, and the problem of raising it is going to keep Congress puzzling not a little. It seems almost certain that a part of this preparation fund will be raised by restoring the duty on sugar, or at least maintaining the present rate. This is one of the first things being proposed, because it will bring in ready money in a highly equitable manner. Incidentally it will insure to Hawaii prosperity for some years to come, instead of the uncertainty of the past year or two.

But the preparedness program will help Hawaii in still another way, for a considerable proportion of the money going into this big army and navy will be spent in this Territory. So far as can be seen, Hawaii's future looks about as bright as that of any place in the United States.

Dr. E. A. Back, of the federal division of entomology, tells the Honolulu chamber of commerce that the avocado and the papaya breed the Mediterranean fruit fly, and consequently the request of the commercial body that the quarantine against these fruits be raised cannot be granted. We understand that Dr. Back, or some of his fellow bug experts, made a similar declaration about two years ago. This sitting tight may be all right, but it would be much more pleasing to have some evidence that these experts are really doing something to help Hawaii, and not simply acting the part of obstructors of progress.

The generosity which is being constantly manifested by private citizens of Maui towards the Kula Sanitarium, is very gratifying. The work which this institution is doing, touches directly or indirectly every resident of Maui, or even every person in the territory. That this fact is recognized, is one of the reasons for the ever brightening hope of an elimination of the "Great White Plague" from the Territory of Hawaii.

Evidently Hawaii's affairs do not bulk so large in the eyes of Washington as some persons have believed. Secretary Lane has told Governor Pinkham not to come to the Capitol at present as he will have other more important matters to attend to during the next few months.

A male evangelist in Honolulu has been holding meetings "for women only," on the subject of the devil's decoys. The next thing in order should be some pointers to the men, by a lady preacher, on the sirens of satan.

The report which reached here last Saturday to effect that the two Honolulu detectives, McDuffy and Kellet were shot, turns out to have been at least half exaggeration.

"Harmony and justice," has a euphonious and poetical sound, but it can scarcely be used now days, in describing the workings of Hawaii's higher tribunal.

OUR ISLAND CONTEMPORARIES

Some day the Hawaii police will get tired of having to chase half-civilized, drunken or crazy gunmen with their sticks and start after the merchants who sell weapons to irresponsible persons. What this island needs, as well as all others, is a drastic act prohibiting the sale of revolvers and the providing of a felony sentence for every convicted "gun-toter." — Hilo Tribune.

Little Hana, Maui, has crowned itself with glory for public spirit by planting Kaula hill with several hundred trees, on Arbor Day. Led by "Mayor" Cooper and assisted by the school, principal Mrs. Frain, and staff and boys, Hana turned out and made a beginning at shady groves that will cool and bless all posterity. We would like to see Kohala do something as fine as that. — Kohala Midget.

Back Number Reform Methods.

The insurrection of the Industrial School boys impresses us as an illustration of what a mess back number ideas on penology will make. We are inclined to think that these boys can be no worse than those who are humanized and made into good citizens by the Geo. Jr. Republic, or by the New York Police, who are making junior policemen out of the tough gangs. — Kohala Midget.

Calls for Gun Clean-Up

Is it not about time that a general round-up of all the deadly weapons in the county be made? Revolvers and guns are possessed by hundreds of people who have no right to any such property. Either the law should be made to forbid the possession of such weapons, or else such a high license tax should be put on them that none of the undesirables could afford to keep one. The recent shooting affairs show how easily some men produce guns and how absolutely careless about human life they are. — Hawaii Herald.

Tourist Outlook Good.

There are very good reasons for Honolulu and the islands becoming a considerable Mecca for tourists during the coming year. Our "globe-trotters" have been detained at home more than a year, and they will undoubtedly soon be seeking new scenes and new lands. These islands offer exceptional advantages, and the attention of the tourist element will undoubtedly soon be turned in this direction. Kaula has never been favored with tourist travel and does not know what it is like; but in the interest of the tourist routes via the other islands, we are favorable to any efforts which may influence travel in the direction of this Territory. — Garden Island.

On the Other Islands

Governor Pinkham's plan to visit Washington this fall has been abandoned, owing to the fact that Secretary Land, of the Interior Department will not be able until later to take up consideration of Hawaiian affairs. It is declared from Washington that the Secretary has complete confidence in the Governor.

Millions in Dividends.

During the past five months dividends paid to shareholders of Hawaiian sugar stocks have amounted to \$5,234,984. The dividends for November totaled \$795,125.

Bishop Moore Dead.

Bishop David H. Moore, of the Methodist Church, died of paralysis while on a train between Chicago and Cincinnati, on November 24th. He had visited Hawaii twice in recent years and had many friends here.

Stuart Complains to Washington.

Judge Stuart, of the First Circuit Court, has filed a complaint with Attorney General Gregory, against Chief Justice Robertson, Associate Justice Watson, and Circuit Judge Ashford. The letter has been answered by Judge Robertson, but the nature of the charges have not as yet been made public.

Japanese Offer Reward for Korean.
The Japanese merchants of Honolulu have offered a reward for the capture of the Korean burglar and highway man, Yo Yee Keuk, of \$300. The reward will be paid whether the man is taken dead or alive. Yo Yee Keuk has for some months been terrorizing the Japanese sections of Honolulu, and the police seem to be unable to capture him.

COST OF CONGRESSIONAL PARTY VISIT.

The total cost to the Territory of the visit of the congressional party to the Islands, last spring, was \$41,722.74. This has recently been determined by Secretary Wade Warren Thayer, through whose hands the money was paid. Maui's part of the entertainment cost \$2062.54—hotel expenses, \$382.90; automobile hire, \$680; entertainments and receptions, \$940.

May Indict Boy Leaders.

The territorial grand jury is investigating the "mutiny" of the reform school boys, which resulted in the escape of 54 youngsters from the institution. An effort is being made to indict 15 of the larger boys for unlawful assembly. It is reported that Superintendent Tucker will probably resign, as he admits that the situation has gotten beyond his ability to handle.

Arrests for Usury.

Five men were arrested last week in Honolulu, and are now held under bond on charge of usury. They are John Vivichaves, W. E. Wyman, E. Markle, L. Ayau, and W. F. Peterson. It is claimed that the bunch has been making a practice of lending money to policemen and other county employees and charging for from 15 to 30 per cent per month interest. One man who borrowed \$10, and later paid back \$8, was later alleged to owe \$40. Another who had borrowed \$15, was obliged to pay \$70 to get clear of the loan sharks.

PLANTERS' MEETING.

Next Tuesday morning the Hawaiian Sugar Planters association's annual meeting will convene at the chamber of commerce rooms, Honolulu. The morning session will be for business only, the election of trustees and new officers. The regular program will commence at two o'clock. There will be no banquet this year and no entertainment or "high jinks" have been planned.

WILL OVERHAUL MAUNA KEA.

The Kilauea will be placed on the run of the Mauna Kea, tomorrow, while the latter boat is given a week's overhauling and cleaning on the dry dock.

Chinese Take Game From Mighty Saints

Latter Fail to Cover Chance of Claiming the Championship—Two Fine Games—Promising Youngsters.

	P	W	L	PCT
Saints	6	4	2	.667
Chinese	5	3	2	.600
Waikapu	5	2	3	.400
Asahi	4	1	3	.250

All those baseball sports who did not attend the games last Sunday missed a treat. Both games were of the best played since the opening of the Winter League.

The first game opened with the Chinese at bat first and they failed to connect with "Blackie" Keehu's delivery while the Saints also met the same fate from the hands of the Filipino slabster, Equing.

The second inning opened and both teams were unable to see the ball. It was a pitchers' battle. This continued to the 6th, when Kama of the Chinese was resting easily at second with two down. Catcher Pomba of the Saints became worried and made an error by throwing wild to second. Kama then scored.

In their half of the 6th, the Saints received nothing but a blank cartridge and so did Sam Alo's team, the Chinese, in their half of the 7th.

The lucky 7th for the fast combination of Saints came and Abe Kekipi at bat first started trouble when he landed a three bagger. Little "Gink" Cummings then laid a bunt that worried Equing, who threw wild to first and Kekipi scored. They again scored by a hit and totaled two runs.

The 8th came and both teams were blanked. In the 9th a Manager Sam Alo rallied his men and started good and hard with Isami first up who hit safely. "Speedy" Tom Cummings then bunted safely, while Kama advanced both men and he himself rested on first base, making three on bases with no down which wavered Keehu a little.

Then such good batters as "Paakal" Antone, Philip and J. Enos were sent up to and they responded by sending three men across the plate and made the Chinese kings of the day. The Saints failed to help in the 9th and lost the game by the score of 4 to 2.

Both the Saints and Chinese had their strongest combination of ball players on the diamond and the Chinese won their game by good hitting in the 9th. J. Enos at second for the Chinese was the star of the game.

Second Game.
The second game was between the Waikapu and Asahis and the former proved to be superior when they won the game from the Nipponese by the score of 4 to 1.

Okamura had his associates from Puunene including the reliable Sueda but he claims the backstop was not in usual form and was unable to hold him. Kala of the Waikapu is now coming into the limelight as a slabster.

The Winter League is now developing some promising youngsters especially in the pitching staff in the persons of "Blackie" Keehu, Equing, the Filipino, and Kala Pelekal, the mainstay of the Waikapu. "Paakal" Antone is shining in the catching line. The following is scheduled for next Sunday's games:

Asahi-Chinese, 1 p. m.
A & B-Hamakua, 3 p. m.
The score by innings was as follows:

	1	2	3	4	5	6	7	8	9
Chinese	0	0	0	0	1	0	0	3	4
Saints	0	0	0	0	0	2	0	0	2
Asahi	0	0	0	0	1	0	0	0	1
Waikapu	0	2	0	0	1	0	1	0	4

Scorer—Eugene Dal.

Peanuts are Cheap and a Good Food

Federal Farm Extension Division Points Out Way to Economize— Tubers a Drug on Market.

The Federal Farm Extension division, of the Experiment station, sends out the following:

Peanuts are quoted by the Territorial Marketing Division at 2 cents a pound. A bag of peanuts weighs between 30 and 40 pounds, and costs, at the present time less than a dollar. The value of nuts as food is well known, and there are few opportunities for economy offered to the good housekeeper at this time as good as this one of introducing peanuts into the house as a regular article of food. Every member of the household will enjoy them roasted, and as a substitute for meat at a regular meal try them in this way.

Nut Roast.

Chop or grind the nuts fine and add to one cup of nuts, one cup of dry bread crumbs. Mix the nuts and crumbs with one and one-half pints of milk. Add grated onion and salt to taste. Bake until firm and brown.

Let us suggest that you order a bag of peanuts from the Territorial Marketing Division, Honolulu, and try them out in your home.

A PLEASANT AFTERNOON.

The Ladies' Aid Society of Wailuku Union Church met last Tuesday with Mrs. Geo. W. Wilbur. There were a large number of the members present, who spent the afternoon pleasantly making picture scrap books for charitable distribution by the society. Miss Mitchell won the first prize for despatch and artistic handling of her material, a box of delicious home made candy, while Mrs. Martinson won the second prize, receiving a detectable Haiku grown pineapple. Delicious refreshments of rose-leads, cakes and coconut creams were much enjoyed.

A Printed Letterhead

Adds distinction or "class" to your correspondence.

It isn't only the business firm or professional man who now raises his correspondence above the mediocre through aid of the printer's art.

Just your name and address in neat lettering at top or corner of the sheet will add an individual touch that at once raises your letter above the dead level of "ordinary".

The additional cost per letter is trifling.

But of course much depends on the printing.

WEEKLY MARKET LETTER.

Maui Bean Supply Not Equal Demand

Corn Crop of Poor Quality—Eggs and Butter Firm—Turkeys Going Up—Peanuts a Drag.

HONOLULU, December 6. — The local market for island butter is increasing. The supply is not as regular as it should be. Good island butter in pound blocks brings 35c. A good market for this product can be built up if the producers will send in a uniform quality.

There has been no increase in the production of island eggs and prices are still high.

Broilers of the heavier breeds are in demand and sell but broilers from the Mediterranean breeds, White Leghorns and Black Minorcas are hard to sell. Customers will not buy them when the others can be bought. There is fair demand for young roasting chickens and, in fact, any kind of poultry in good condition. Turkeys have jumped to 40c. pound wholesale and it is likely that the retail price during the Christmas holidays will be 45c. a lb.

There is a good market for Maui Red and calico beans but very few are coming in.

Island corn this year is of a poorer quality than that received last year and is bringing a lower price. The grain weevil is exceptionally bad and has caused great losses. Considerable corn has also been received from the growers in dirty condition and short in weight all of which makes sales harder to get and prices lower.

Island peanuts are a drag on the market. Two consignments amounting to about 50 bags have been on hand two or three months despite of efforts to make a sale.

The market is flooded with limes, large consignments being received from Molokai and Kauai in addition to an unusually large crop on Oahu.

Since the wholesale produce sheet was published for this week the price on No. 1 hides has jumped 1c. bringing the price up to 16c., the highest price in two years.

The Division is in receipt of a wireless from the Coast advising us that one of our recent shipments of pineapples arrived there in perfect condition and that 350 crates of the next shipment are sold at \$2.00 a crate in San Francisco. If the spoilage keeps within 10 per cent as originally figured and the fruit sells at \$2.00 a crate a large profit will be made for the growers.

A. T. LONGLEY,
Supt. Territorial Marketing Division.

SUBMARINES OFF MAUI COAST.
The four submarines of the K class, now stationed at Pearl Harbor, were off Lahaina last Friday, and were objects of considerable interest to the residents of that district. The boats were making a practice run during which they made wireless tests, and practiced in maneuvering. They returned to Honolulu on Saturday.

DIPHThERIA AND MEASLES EPIDEMIC.
A number of cases of diphtheria are reported from various parts of central Maui, as well as a small epidemic of measles at Lahaina and in other places. At Camp 5, Puunene, where there have been several Japanese children ill with diphtheria, one child died last week. There is one or two cases of this disease in Wailuku, but there have been no other fatalities.

Dentist Fined And Patient Beaten Up

Friends of Tooth Doctor Then Arrested For Assault and Battery—Cases All Appealed.

For practicing dentistry without a license, T. Matsui was on Tuesday fined \$100, and two days later Y. Uchida and E. Tagawa, friends of the unlicensed practitioner, were each fined \$20 for beating up the chief witness against Matsui. All three have appealed from the decision of District Magistrate McKay.

The scene of Matsui's operations, when arrested, was in Camp 5, Puu-nene. He was operating on the teeth of one Adachi, when the police broke up the clinic. Attorney Enos Vincent, who appeared as counsel for the operator endeavored to have his client freed on the technicality that the prosecution failed to prove that he had accepted any money for his services on this occasion, notwithstanding the fact that the court had permitted the witnesses' testimony. Adachi sustained previous occasion paid for similar work.

The assault upon Adachi occurred in Uchida's sewing machine store on Market street, on Wednesday night. Uchida and Tagawa taking this means of showing their disapproval of the witnesses' testimony. Adachi sustained a number of nasty scalp wounds as a result of his beating.

NEW YORK, December 7.—Lt. Fay and others, indicted again for war plot. Federal grand jury returned more true bills against these German army officers in bomb conspiracy. Attempt to murder is among the charges. Criminal combination to destroy property is an additional allegation, and heinous crime is charged to nation-wide ring.

SHANGHAI, December 6.—Big outbreak by rebels finally quelled. Cruiser Chai Hu captured yesterday, was abandoned after being shelled by other war vessels.

Japanese Jumped 300 Feet To Death

Man Deliberately Threw Himself From Big Maliko Gulch Bridge—Little Child Was Only Witness.

By jumping from the Maliko Gulch railroad bridge to the rocks below, a distance of about 300 feet, Tsuda Kesuke, a Japanese vegetable peddler, committed suicide last Sunday morning. His body was almost literally reduced to pulp by the fearful impact death of course being instantaneous.

The deed was witnessed by a small Japanese girl named Masaye, who was walking home from Hamakuapoko with the man. When the bridge was reached the child refused to cross it, but Kesuke, with the remark—"Go make no pikikia"—deliberately walked out to about the highest point on the dizzy trestle, and then threw himself over the side. The child ran to her home and reported the tragedy and Deputy Sheriff David Morton, of Makawao, was notified. An inquest was later held, the verdict of the coroner's jury being suicide.

The suicide was about 50 years of age, and was not married. No cause is known for the act. The Maliko Gulch bridge is probably the highest bridge in the territory.

NEW TEAMS TO HOLD LOCAL DIAMOND NEXT SUNDAY

A baseball game of considerable interest is scheduled for next Sunday afternoon at the Walluku park, when the A. & B. team and the Hamakua-pokos will meet for the first time on the diamond. Both of these teams are new in the baseball arena, but indications are that a rattling good game will be put up. The A. & B. are made up of employees of the Alexander & Baldwin companies on central Maui. It is managed by J. Patterson, with George Murray as captain of the team, while Frank Lufkin is treasurer and Alfred Hansen, secretary. The Hamakua-pokos are made up of some clever players from Haiku, Hamakua, and Paia, under the captaincy of Crayton Sauters. Those who have seen these boys working out say they show the proper class for a good game.

RAILROAD IMPROVEMENT.

The Kahului Railroad has recently completed a new spur track from the main line to the lime kilns on the beach below Paia. Heavy new steel rails have also been distributed between Walluku and Paia to replace the old rails which are too light for the increasingly heavy traffic. The company has also placed in service a newly finished passenger coach, and has made many improvements in all departments during the past six months.

Pertinent Paragraphs

Ah Say, of Walluku, for smoking opium, was fined \$10 in the district magistrates court this week.

The new power pilot boat for Kahului is expected to arrive from Seattle next week on the Hyades.

Private Kepa Akana, Company I, Third Infantry, N. G. H., has been transferred to Company D, Second Infantry.

Messrs. Rice and Collins of Honolulu, accompanied by their wives, motored down from San Francisco yesterday, lunching at the Perichon. They called on Walter Heath to look out for a string of polo ponies for Frank Baldwin of the Islands, who wants to replenish his stables. If the two gentlemen are average physical specimens of Honolulu, they make a good exhibit for the islands, both being about 6 feet 2, and pictures of health.—San Mateo, Cal., Times.

MORE MONEY FOR COUNTY.

The sum of \$34,048.43 for the general fund, and \$27,995.80 for the permanent improvement fund of the county, was received from the Territorial treasurer this week, being the balance from the November collection of taxes due to Maui. This with the \$50,000 previously received makes a total of \$112,044.23 for the semi-annual period. After taking up outstanding registered warrants there is but about \$10,000 left in the general fund to last until next May. The permanent improvement fund, however, has about \$36,000 not expended.

Japanese Said To Have Bought Lanai

That a big Japanese hui has virtually closed a deal for the purchase of the entire interests of the Lanai Company, which means virtually the entire island of Lanai, is the report which reached here this week, and which is generally credited. It has been known for some time that negotiations along this line have been on. It is said that the Consul General Arita, who was on Maui this week, paid a visit to Lanai before coming on to central Maui.

Suggested a Dental Compromise. "Boss, dis yuh toof am mighty nigh killin' me!" wailed Brother Oggy. "How much will it cost to have de blame thing pulled out?"

"Fifty cents," replied the dentist. "But, loopy yoh, sah! I hasn't got but a quawth to mah name. Kain't yo'all pull it out half way for dat?"—Kansas City Star.

Home, Sweet Home.

Wife—What, going out again tonight? Husband—Yes, dear. Going out occasionally, you know, heightens the pleasure of staying home when one gets the chance.

Wife—But you go out so often.

Husband—Well, it's a pleasure that really requires a great deal of heightening.

Rifles For National Guard Have Arrived

Much Enthusiasm Over Guard Work—New Instructor Arrives—Officers Ball Will Be Big Event.

Brigadier-General Samuel I. Johnson, of the National Guard of Hawaii, is on Maui this week looking after the interests of the lately organized militia on this island. With General Johnson came also First Sergeant A. N. Wetzel, of the 1st U. S. Infantry, who will be permanently stationed here as drill-master for the six Maui companies. Sergeant Wetzel, who was formerly an officer of the Philippine Scouts, comes with the highest endorsements as an instructor, and his many years of experience in the army, and his diligent studies along military lines, places him among the best equipped men in the service for the special duties he is to assume. He is married and expects to be stationed on Maui for several years. His wife is at present with him at the Maui Hotel.

Col. Baldwin Naming His Staff.

Today Lt.-Col. Baldwin announced the appointment of a part of his staff, naming A. W. Collins to be regimental adjutant, and H. B. Penhallow, as regimental quartermaster. Both of these take the rank of captain. A commissary officer and an ordnance officer are still to be named. It is stated that the first named place may be accepted by Frank F. Baldwin.

General Johnson is well pleased with the interest evident among the guardsmen on Maui. He states that the full equipment or rifles for Maui's six companies are now on hand, and that uniforms will be here very shortly. He was gratified to learn that the rifle ranges, back of the sand hills, below Walluku, are nearly completed—in fact that the 200—and the 600-yard ranges are done.

To Enlarge Armory.

Plans are being made to enlarge the Walluku armory, by an addition of about 25 feet to one end of the building. It is hoped to have this work completed before the big officers' ball, to be held on New Year's Eve. The supervisors approved the plan today, and the work will start at once under direction of H. B. Penhallow.

That this ball will be by far the most brilliant social affair that has been held on Maui for many years, is now assured.

Lt.-Col. H. A. Baldwin is lending his best efforts to the plans for the big event. It has been a long time since so much interest has been manifested on over the island in any one social affair. General Johnson, and possibly Governor Pinkham will be present at the ball. Besides the dance proper, the committee which is handling the affair is arranging for a number of entertaining features, to be staged by some of the best of Honolulu talent.

NEW HOTEL IS PLAN OF A. J. DE SOUZA FOR WAILUKU

If the plans of A. J. de Souza, manager of the Maui Wine & Liquor Company materialize, Walluku will have a new hotel before many months. Mr. de Souza has secured an option of the Lyons property on Main and Hanawaki streets. He plans to remodel and greatly enlarge the residence building now on the land, and to open a first class, moderate rate hotel. Mr. de Souza says that it will be necessary to have liquor privileges in connection with his hotel, and that he expects to bring the matter of securing a license before the license commission within a short time.

E. Herrick Brown, formerly of Kula, but now of Honolulu, was a business visitor to Maui for several days this week.

The Battles of Peace.

There are difficulties and dangers before our nation today just as great as any our forefathers faced. To meet and conquer them requires all the moral brawn and muscle this nation can muster. There are the problems of corruption in business and politics; the terrible scourges of intemperance and the drug habit, and the social evil, deadly to soul and body alike; there are the problems of moral education, of marriage and divorce, of the treatment of dependents—prisoners, defective, paupers, etc. Any one of these left unconquered would devastate our country as no war could.—Rev. N. T. Houser.

Getting All Sewed Up.

It was several days after arriving home from the front that the soldier with the two broken ribs was sitting up and smoking a cigar when the doc—"Well, how are you feeling now?" asked the latter.

"I've had a stitch in my side all day," replied the wounded soldier.

"That's all right," said the doctor. "It shows that the bones are knitting."

The Generous Host.

"Ignorance! Sheer ignorance!" said Mrs. Amos Pinchot, who is a devoted worker for the woman's peace party, during a war argument. "You remind me, my dear sir, of Parvenu."

"Parvenu took his wife and two other ladies to lunch. As they seated themselves in the lofty, oval dining room Mrs. Parvenu whispered to her husband:

"Ask for the menu, Jack."

"Parvenu puffed out his chest and chuckled.

"One menu only?" he said. "One menu for four? No, no; I'll do the thing well, now I've started it. Here, waiter, four menus—fresh ones, mind, and see that they're not overdone."

Makawao Ladies' Aid Elects New Officers

Money From Bazaar Will Paint Church—Domestic Servants Gamble—Successful Turkey Hunt.

MAKAWAO, Dec. 9.—Tuesday afternoon, the 7th, the Ladies' Aid Society of the Makawao Union Church met at Community House, Paia, Mrs. H. A. Baldwin presiding. The treasurer reported that the bazaar brought in about \$1280.00. Among other sums a substantial amount was voted toward the painting of the church which work will be immediately proceeded with. It was suggested that a tan color be used and the paint sanded. Plans for the next bazaar were also discussed and a committee appointed to arrange for a New Year's eve dancing party at Community House. Committees to take charge of the Christmas entertainment for the Sunday School were also selected.

The annual election of officers resulted as follows: Mrs. W. F. McConkey, president; Mrs. F. W. Hardy, vice-president; Mrs. W. S. Nicoll, treasurer; and Mrs. H. W. Rice, secretary. There was a good attendance of members at this meeting.

The Makawao police report that there is considerable gambling among house-servants at different places in the district, the games of chance being conducted on the premises of employers.

On Saturday and Sunday last, a hunting party consisting of Caleb Burns, Dr. G. S. Aiken, and County Attorney Beving visited the "wilds" of Kahikui. They went by auto to Ulu-palukua and rode horseback thence to Kahikui, where they camped for the night. During Sunday in the rain they ascended the rough "aa" trails of Kahikui—each of the party bagging several fine turkeys. They reached their several homes late Sunday night. It was a successful but a most strenuous hunting expedition.

BLIND PIG PROPRIETOR FORFEITS BAIL.

Kunemitsu, a Japanese woman living in Puunene, Camp II, was arrested Wednesday night for selling liquor without a territorial license. She put up \$100 cash bail for her appearance before the district court on Thursday morning, but failed to show up at the appointed time, and forfeited her money. The police say that she and her husband hold a federal license.
