NEXT WEEK'S MAILS

From the Coast—Korea, Maru, Monday; Matsonia, Tuesday.
To the Coast—Tenyo Maru, Sunday; Niagara, Tuesday or Wednesday (for Vancouver); Creols State, Tuesday; Wilhelmina, Wednesday.

21st YEAR—NO. 1101.

WAILUKU, MAUI COUNTY, HAWAII, FRIDAY, APRIL 22, 1921

PRICE 7 CENTS

NEW DIRECTOR FOR NEXT FAIR TO BE LINDSAY

Heads of Association Meet and Make Selection; Affairs Are Prosperous; To Have Races July 4.

Maui's Fourth County Fair will be directed by D. C. Lindsay who successfully headed the second fair. This decision was reached at a meeting of the directors of the Maui County Fair and Racing Association held Tuesday afternoon. Decision to hold races on the Fourth of July, naming of a committee for reception of the World's Press Congress, and a policy of extending further privileges to members of the association were other matters undertaken at the meeting.

After the last fair Senator Harold W. Rice said that he would be willing to undertake the conduct of a fair this year and until very recently it had been expected that he would do so but matters which he could not foresee have necessitated his making a trip to the mainland during the summer and so it was necessary to secure another. His past experience and his well known managerial capacity made D. C. Lindsay the unanimous choice of his co-directors and he generously undertook the onerous duties that they thrust upon him. It must not be surmised that Senator Rice is "running away" from the task of fair director for such is far from the case. Circumstances have made it impossible for him to be here during a time when the director of the fair must get matters well forward and progressing smoothly. Mr. Lindsay will have the same hearty support which would have been commanded by Senator Rice.

Date Unchanged.

So far as dates are concerned for the next fair, no change has been made. They are still tentatively fixed as October 6-8 or 13-15 as may best suit the convenience of the Press Congress of the World which has been invited to Maui at that time. In that connection President F. E. Baldwin said that he considered the coming visit the greatest opportunity for Hawaii to place itself right with the world that was ever offered to any community, that its importance could hardly be overestimated, especially since the call at Maui is planned for fair time.

To act with a similar reception committee from the Chamber of Commerce in the arranging for the visit of the journalists and for their reception, necke, John J. Walsh and Caleb Burns, President Baldwin named Joe Mei. Affairs of the association are in excellent condition. The bill to reimburse it for expenditures made in completion of the Territorial Building has become a law and the indebtedness will be reduced to \$26,000 while its property is valued at more than \$150,000. It is planned not to erect new buildings this year and there should be a profit from the coming fair.

Races On Fourth

Races will be held on July 4 under direction of a committee headed by F. E. Cameron. It is believed a polo team can be brought over from Oahu and among other events planned are cow pony races, polo pony races and perhaps bicycle races though the bicycle meet will not be held until August 12.

Reports showed that excellent progress is being made with the grounds. Much filling and grading has been done, trees and bushes have been set out, 500 feet of board fence has been removed and replaced with wire strung to concrete posts along which bougainvillea was planted this week. Another 1000 feet of board fence is to be torn down and replaced with wire and bougainvillea screen planted back of it. Work is to be done on the track and it is believed that by July 4 the diamond may be in shape for use, work on it having thus far been delayed by wet weather.

Use of the Agriculture building on either June 11 or July 4 or both was voted for a loan which is planned to be given for the benefit of the proposed orphanage.

As to privileges to be extended to members, such as giving them opportunity for first choice of seats and for annual entertainments, the action of the directors is told in another article in this issue.

NEW BANK OPEN

Monday morning the doors of the Wailuku Branch of the Baldwin Bank swung open to the public for the first time and A. K. Tina and two assistants were kept bustling by a volume of business which exceeded expectations.

The new banking offices are on the main side of Market Street a short distance Waihee of Main Street. They are comfortably fitted and will serve the purposes of the bank and its patrons until a new, concrete building is erected for its occupancy.

Intimate Details of Uplift Work on Maui Told by Miss Turner

Experiences in the schools of the Islands more than 30 years ago other experiences as a pioneer in welfare work among the Chinese of Maui were narrated by Miss Charlotte Turner, members of the Historical Department of Maui Woman's Club and their friends last Friday afternoon. It was an open meeting of the department with Mrs. Millie B. Hair presiding and Miss Turner held her audience deeply interested as she told of her experiences after coming to the Islands as a teacher 35 years ago and as a teacher and worker among the Chinese on Maui 27 years ago and later.

There was an intimate and personal touch to her subject as Miss Turner handled it and a charm attached both to style of her paper and manner of delivery. Those who listened were able to visualize, almost, the incidents and events of which she told.

Miss Turner told of the volunteering of her voyage to Hawaii; of work in schools at Honolulu at first and then coming to Maui and teaching at the Waihee school. At that time Waihee appears to have been a more important and populous community than was Wailuku. And then came the opening for work among the Chinese which Miss Turner accepted. She told of the settlement work of those days and she related incidents of her experience, some in a humorous vein and others with deep and tender feeling.

Among the Chinese whom Miss Turner met was Sun Yet Sen, then living in Kula with a brother. She gave a little sketch of him as she knew him. She told of rescue work and with graphic words pictured herself acting as a go-between in arranging a marriage for a young Chinese girl.

As time went on and Chinese immigration ended there came an influx of Japanese. Necessity for work among the Chinese decreased and needs for the welfare of the Japanese immigrants replaced them. It was then Miss Turner directed her efforts to that trend. She told of the establishment of the Japanese Girls home and of the splendid work it has done and of its growth to the present time. Her paper gave an insight into life in Maui for nearly three decades such as few could picture.

Formation of Society Of Psychical Research On Maui Is Suggested

Formation of a Maui branch of the Hawaiian Society of Psychical Research is proposed and letters on the subject have been sent out to those who are known or thought to be interested in the subject.

Recently a communication was received from Mrs. J. M. Dowsett, secretary of the Hawaiian Society of which Judge Dole was the first president and of which numbers of the best known Honoluluans are members, asking as to the possibility of forming a society or a branch on this island. Mrs. Dowsett said it would be possible to secure the services of Dr. J. H. M. Le-Apsley for the summer months of June, July and August and that arrangements might be made whereby he would come to Maui from time to time, say once a month, in the winter season. The terms upon which the Hawaiian Society would let Maui have his services were surprisingly attractive.

Dr. Le-Apsley has been a most important factor in organizing in Honolulu. He speaks and assists in the conduct of each weekly meeting and takes an active interest in the separate neighborhood groups there that meet on other evenings for experimental work. As a speaker he is entertaining, gripping and convincing. A student of psychology for years he has a reputation in the United States in Great Britain and Europe of being a sound and careful thinker, one who holds to "brass tacks" and does not soar into the realms of imagination and mere speculation. He was professor of psychology in Edinburgh University before coming to the United States and a short time since was awarded one of the highest degrees in the gift of that university. He has been on Maui two or three years since, and there are some here who know him personally.

In the near future it is planned to call a meeting of those interested with the idea of forming a society and it is asked that any who feel interested and would care to join send their names to Dr. J. Y. Ting or J. H. Gray, both of Wailuku, that they may be notified of the date of the proposed meeting.

For Territorial Building—The bill appropriating \$14,187 for reimbursing the Maui County Fair and Racing Association for expenditures made for the Territorial Building has passed both houses of the legislature and been approved by the Governor.

University Extension Work Expected to Have Start in Maui in May

University extension work will reach Maui in May, according to plans announced from the University of Hawaii. Senator Harold W. Rice and other Mauiites, the advisors say, have been urging that extension work be brought here soon, not wishing to see the Big Island alone get benefit of that branch of University service though pleased to see it extended to all the other Islands. The Woman's Club through Mr. W. A. Baldwin took up the subject and Mr. Baldwin and F. G. Krauss have been active so that the week of May 16 has been tentatively selected for a start.

Programs such as that now being carried out on the Island of Hawaii are being planned for Kauai and Maui. To formulate plans for the Garden Island courses, Prof. D. L. Crawford has gone thither to consult with prominent residents. It is expected he or some other representative of the University will come to Maui later. In carrying out the program there its expected that Professor Henke and F. G. Krauss will accompany him.

For next year extension work plans include the subjects of agriculture, business, cooking, dressmaking and several others.

Courses on Hawaii
Dr. Romanzo Adams, well known in Honolulu as expert on economic and social questions, is delivering a series of lectures in Hilo, one beginning last Monday and running through the balance this week.

One series of lectures is on business topics, the subjects being as follows:

1. The return to Normal Business Conditions.
2. Taxation: Paying for the War.
3. Is America Industrially Efficient?
4. Labor Unrest. What the Worker Wants.

The lectures are to be delivered under the auspices of the Hilo Rotary Club.

The other series, under the auspices of the Hawaii Island Welfare Bureau, will be on the following topics:

1. What is an American Standard of Living and what does it Cost to Maintain it?
2. Constructive versus Ameliorative Social Effort.
3. Is the Human Race Deteriorating?
4. How we Hinder the Americanization of Aliens.

Fair Association to Give its Membership Greater Attractions

Membership in the Maui County Fair and Racing Association is to mean something more than it has in the past for certain privileges will attach to it which non-members do not enjoy. Heretofore membership has signified little more than that the individual was public spirited and moved by community pride was contributing to the support of the association. From now on it will be recognized that those who support the association are entitled to certain privileges, such as first choice of seats and more entertainment features.

Prior to the meeting of the directors of the Fair and Racing Association on Tuesday the membership committee held its first meeting of the year and formulated plans which were presented to the directors and given approval. Such plans include first choice of seats and at least three entertainments a year for members.

Heretofore when there were to be races and before the opening of a fair boxes and reserved seats were placed on sale in advance of the event, first come, first served being the custom. For the Fourth of July races and for the next fair seats will be placed on sale to members of the association first for at least two and perhaps three days. When the members have had their choice those that remain unsold will be placed upon public sale.

Entertainment features suggested are for three dances and such other affairs as the entertainment committee headed by Joe Meinecke may arrange. It is proposed that a masque or fancy dress ball shall be an annual New Year's Eve feature and that there shall also be held dances at St. Valentine's day and immediately after lent. Certain privileges which the general public does not have will be enjoyed by members in connection with such entertainments if the plans of the committee are carried out as tentative agreed upon.

There are now more than 200 members of the association but the membership committee feels that with proper attractions the number on the roster should be about doubled.

SHINGLE FOR GOVERNOR

Mail advices from Honolulu this morning quote Andrews as saying that Robert W. Shingle will have the endorsement of the Territorial Committee for Governor and his selection will have the approval of the delegate.

Boys of Lahaina Will Watch Press

Current Events Club Tackles Difficult Problem of Promoting More Perfect Understanding Between Races.

While legislation to curb improper utterances from the press is pending in the legislature there has been started a movement among the youth of Lahaina to work for the same purposes, for the prevention of publication of articles tending to strain relations between foreigners here and the United States or their countries and this, or to counteract the effect of articles published that may be subversive to American ideals, ethics and teachings. Newspapers of all the languages published in the Islands will be the text books.

The formation of the Current Events Club and its purposes are told by William H. Douglas in the following letter:

April 16th, 1921

Editor Maui News:
Lahaina Troop No. 5, Boy Scouts has inaugurated a movement which we believe to be of importance to the people of Hawaii. Believing in the impossibility of a lasting friendship between people who cannot understand one another's viewpoint, we have taken a step which we hope will pave the way to a better understanding between the many nationalities who compose the population of this place.

Will Criticize News

We have formed a Current Events Club, which will meet one a week for the purpose of studying the newspapers of the Territory, both English and foreign language, in order that we may be able to interpret the news items and the editorial pages to those at home who are themselves unable to read English. We will discuss the foreign language papers and see if they conform to our ideals of Americanism and if they do not we will do all in our power to combat their influence, both at home and among our friends.

Our troop is composed of 24 boys of Japanese ancestry, 4 of Chinese ancestry and one of Portuguese, and we feel that it is our duty to do what we can in promoting Americanism, and we believe that we can help by watching the press of Hawaii and, to the best of our ability understanding and interpreting it, to others.

"The troop feels that there has been much misrepresentation by certain papers, and in the future when we find a misstatement we intend to challenge it and, if that paper will not correct it, we will request some other paper to do so.

For Pure Americanism

"We resent un-Americanism no matter from what source it comes, and we also believe that there has been more disloyalty printed in the Hearst papers of California than in all the foreign language press in the Islands. "Our club will endeavor, where possible, to get speakers of note to address us upon American ideals and we will try to pass the message along. "We believe that misunderstanding is a breeder of war and we know that no thinking person in the Islands can consider the idea of war without horror, for, whatever the outcome, a Trans-Pacific War means absolute ruin for Hawaii, for more than a generation to come.

The motto of the Boy Scouts of America is "Be Prepared," and we intend to live up to the motto by meeting all un-American propaganda, from within and without with the message of Americanism, "Get Together."

Preservation of Peace

"The ancient saying 'In time of peace prepare for war' was good but let us be modern and substitute for it another. 'In time of peace we will work for peace.' "I was in the army in France during the war and when I returned home I helped organize the American Legion in California and was the first secretary of San Francisco Post No. 1, and as an American with 300 years of American ancestry behind me, I want to say that I believe that any man or organization that consciously tries to stir up hostility between the United States and any other nation is guilty of treason to America and to humanity.

"WILLIAM H. DOUGLAS, "Scoutmaster, Troop No. 5, "Lahaina."

CASE CONTINUES ON

Further hearing in the case of Isaac Wallace against E. R. Bevins, mandamus proceedings brought to secure payment of witness' fees in the Thompson case, was had before Judge Burr in the circuit court yesterday. The court ruled that a reply was a proper pleading in the procedure but several other points such as the propriety of the particular reply and whether the motion to strike should be more specific were taken under consideration and the case continued to a date that is to be set.

Chinese of Maui Are United In Celebrating Dr. Sun's Inauguration

Inauguration of Sun Yat Sun to the presidency of China last Tuesday was celebrated on Maui with a feast and a discharge of fire crackers which will long be memorable, and equally memorable is the fact that, probably for the first time, all factions, all sections and all societies united in one great celebration. No one society conducted it and it appeared to be a spontaneous expression of satisfaction and of the hope that difficulties and differences and dissension, rebellions and bloodshed would end with the accession of the Hawaiian-born Chinese president.

Prime movers in getting up the celebration were, L. Apana, Look Chang and Chock Chong. It was through their efforts that unity was achieved, the banquet prepared and a great store of combustibles, more than 100 boxes giving more than a million separate explosions had been contributed and gathered together. The explosions continued over a period of two hours and the racket was almost deafening during the whole time.

At the banquet there were county officials and other prominent haoles and Hawaiians present and the dinner was served to about 250. And such a banquet! No one but a Chinese epicure could even name the various and many delicious dishes, it was a revelation in the art cuisine.

In the course of the dinner speeches were made by L. Apana and Sun Kwong Tong, the former waxing particularly eloquent and drawing repeated applause from his hearers.

China's new president was born on Oahu, came to Maui later and lived with a brother in Kula. He was educated in Iolani School and later traveled the United States and Europe. He went to China with strong ideas as to democracy, was a leader of the revolution, was the republic's first president and then stepped aside in the belief that a strong military leader could best establish order. There is a confidence felt that he will be able at length to unite his strife ridden country and lead it into prosperity and progress.

ALONZO GARTLEY DIES

Wireless advices to Wailuku Sugar Company this morning announced the death, following a surgical operation of Alonzo Gartley, vice-president and Manager of C. Brewer & Company, last night. Mr. Gartley was in his fifty second year, has been a resident of Honolulu for 21 years and during all that time has been prominent in business affairs.

PETERSEN CASE UNFINISHED

Final hours of the Petersen case in the Federal Court have come. It was expected that the case would go to the jury about noon today.

WILL END CONTROVERSY.

Carrying a pension of \$100 a month for W. A. McKay because of his long services as District Magistrate in Wailuku a bill has passed both houses of the legislature and has been signed by the governor.

The pensioning of Mr. McKay will end the controversy over his right to hold office for it means his retirement before the pension becomes operative. This will mean the abandonment of the appeal from the decision of Judge Burr relative to Mr. McKay's citizenship and right to hold office.

Harry Mossman, clerk of the circuit court, is most frequently mentioned as the probable appointee to the office.

IF 'TWERE TRUE

"Honolulu is the grandest place in the world to live," said George Ross of Honolulu, H. I., registered at the Multnomah hotel, as reported in a Portland, Oregon, paper. "A person doesn't realize the pleasure of living on the island until he gets away from it, for already I'm longing to get back. And it's the cheapest place that I know of to live in. One can live splendidly in Honolulu for one-third of what his expenses would be in the states. I rent a beautiful bungalow, keep up an automobile, eat in luxury and dress up to scratch on \$55 a month. It would cost at least \$175 a month for the same type of living here. Bananas, grapefruit, guavas and coconuts are dirt cheap. Breadfruit wastes on the ground and many vegetables and other fruits are almost nothing in price. But greatest of all is the way everyone lives on the island. There is none of that hurry to get the mighty dollar that pervades the states. Office hours are far easier there than here and the islanders get much more enjoyment out of life. Nearly everyone enjoys some type of sport each day. The white race is a persecuted unit in Honolulu and everyone is acquainted. It is just like one huge family. Honolulu is certainly much more care-free than any states' city. It is the ideal spot of the globe."

RENOVATING BANK

Extensive alterations, renovation and new decorations are being made at the Main Branch of the Bank of Maui. During the progress of the work the bank has opened headquarters in the Paia Branch of Maui Dry Goods Company. It is expected that the changes and improvements will have been completed in a week to ten days.

MAUI ELECTRIC COMPANY WILL ENTER FIELD

Articles of Incorporation and By-Laws Adopted and Officers and Directors Chosen At Meeting.

Maui Electric Company, Ltd., was formed Wednesday when subscribers for the stock in the company that is to form met at Baldwin Bank in Kaula. The company will purchase the former property of the Island Electric Company which was bought in by the bondholders under foreclosure and will furnish electricity for lighting and power in the districts of Wailuku and Makawao.

In person or by proxies more than 80 percent of the subscribers for stock in the new Electric Company were represented at the meeting which was called to order by D. C. Lindsay who made a proposal for the bondholders for the sale to the new company. The offer was to sell their holdings for \$36,000 either as of April 1, or of May 1. In the first instance the new company would assume the obligations as of April 1 and would receive the earnings for the month. The first proposal was the one that was finally accepted.

Organization Proceeds

Then followed the adoption of articles of incorporation which, as presented, were those that were prepared for a proposed new company about a year ago. Several changes were made. A provision was inserted so that the company may, if it desires, enter the field of furnishing gas as utility. There is no provision in the franchise that is being purchased for such business but a new franchise has passed both houses and is awaiting concurrence on amendments which might be purchased at a later date. Other changes were for the election of officers by the stockholders of officers instead of by the directors. Capitalization is placed at \$50,000, fully subscribed, but it is expected that in the course of a few months there will be an increase so as to permit of enlargements and betterments. The present capitalization will suffice for immediate needs and present plans.

Next by-laws were adopted, again using what had been prepared a year ago but amending them to meet the new conditions.

Officers Elected

Election of officers and directors was then proceeded with and D. C. Lindsay, president; C. D. Lufkin, vice-president and William Walsh, secretary-treasurer were unanimously selected to form a directorate with R. A. Wadsworth, F. P. Rosecrans, D. T. Fleming and J. H. Gray.

As to the purchase price, the bondholders bought the property for \$34,000 at the sale on March 28, but at that time it was announced that there was a deficiency of about \$2000 and the price asked by the bondholders merely reimburses them and is not a profit on their purchase.

Wailuku Postoffice to Become Second Class

Wailuku postoffice will be of the second class after the close of the present fiscal year on June 30, was the information that reached Maui this week. There has been some talk of free delivery in connection with the advancement of the postoffice but it would appear to be a remote contingency.

Asked as to the truth of the report that was heard postmaster Costa confirmed it and said the receipts for last year were considerably above the figure required to put Wailuku in the second class. He regarded it as probable that the advancement would have come sooner had it not been for the war and three cent postage. Under such rates the extra cent went to the war department and postoffice department. At the same time the highment receipts did not increase correspondingly. Since the war business has grown and stamps sales passed the figures required.

As to free delivery, the postmaster said receipts were less than \$200 below the minimum set for a free delivery office but that there were other requirements which could not now be complied with such as continuous sidewalks and consecutive numbering.

PERSONAL MENTION

R. A. Wadsworth is able to be out again.

Mrs. Harry Bohr is reported to be in at Paia Hospital.

County Attorney Bevin returned from Honolulu Saturday.

Samuel K. Makekani of Kaupo has been visiting in Honolulu.

County Treasurer Walter Engle went to Hana Tuesday.

W. B. Mel returned on the Kilauea Saturday from Honolulu.

Mrs. Louise C. Jones of Makawao will leave for the coast next month.

Deputy Sheriff Rex Mitchell was over from Molokai Wednesday night.

Hugh Howell returned from his business visit to Hana over the dinner.

Mrs. Alfred Hansen of Punnene is planning a visit to the mainland this summer.

Harry M. Geaner has booked passage for the mainland for early next month.

County Engineer Low returned Tuesday from a brief business trip to Honolulu.

Dr. and Mrs. C. P. Dawson expect to occupy the W. A. McKay home after May 1.

Manager Harry B. Pennington may return from the Coast on the Matsudaira next week.

Mr. and Mrs. J. H. Waivakalo and family have returned from a visit to Honolulu.

J. J. Walsh, manager of Kahului Store, left for Honolulu Wednesday on a business trip.

Charles Gay was a returning passenger on last Saturday's Kilauea leaving ship at Lahaina.

Miss Marjorie Leonard has been laid up at her home in Alexander House because of a cold.

Lee Newton made a week end visit to the Maui branch of the Newton Auto Exchange last Saturday.

Mrs. George H. DeKay and Miss DeKay of Kahului returned from Honolulu by the Kilauea Saturday.

Frank J. Johnson of Punnene Store is leaving tomorrow for a four months vacation on the mainland.

W. H. Selesen, manager of the New York Dress Company of Honolulu, returned to Maui Tuesday morning.

Sheriff Crowell returned from Honolulu where he has been attending the finger print identification classes.

W. H. (Pop) Hutton returned yesterday from Hana district where he has been inaugurating Boy Scouts work.

H. H. Holt, manager of the Maui branch of Royal Hawaiian Sales Co. returned Tuesday from a business trip to Honolulu.

Mrs. F. W. Peacock of Punnene is reported as planning to spend a vacation on the mainland during the coming summer.

Mrs. J. H. Pratt of Punnene and her sister, Miss Kitchen, will leave tomorrow evening for Honolulu whence they will take steamer for Vancouver.

Henry St. Clair, San Francisco broker, a frequent visitor to and well known in the Islands, arrived on the Wilhelmina this morning and is the guest of F. E. Baldwin.

Mrs. P. H. Ross is reported as recovering at Queen's Hospital, Honolulu, from an operation performed last week. Mr. Ross was over to visit her the first of the week, returning Wednesday afternoon.

Dr. Ernest D. Hoag, who has been in the Islands for several months making psychological investigations of the schools and of juvenile delinquency returned to the mainland on the Maui Wednesday.

W. B. Mel who was connected with the Pauwela Pineapple Company as assistant superintendent from the time of commencement of construction until recently, will soon leave for the Coast to take up the practice of his profession, engineering. Mrs. Mel, who for the past year has had charge of domestic science department at the High School will follow him at the end of the school year.

PICTURE DRAWS CROWD

Thoroughly representative in character and numbering 500 was the attendance at the Territorial Building last Sunday evening to see the pictures showing the Baldwin Locomotive Works and the manufacture of locomotives. Among the spectators were plantation heads, mill engineers and others in various branches of the sugar industry as well as persons engaged in other industries. A heavy shower in Paia kept a number from that camp away.

For the occasion a new projecting machine was loaned by Maui Amusement Company and much praise was given to the lighting effect. The films were thoroughly educational and industrial in character and were greatly enjoyed.

Black and White Ballet, April 30. —Adv.

WOULD IMPORT LABOR

Passage of a resolution memorializing congress to permit the importation of foreign labor to Hawaii is advocated by Albert Horner, sugar expert, Governor McCarthy and others and is expected of the legislature.

Four crews from Honolulu are expected to participate in the regatta at Hilo on July 4. Three of them will be from the Myrtles.

Hot water bottles. A few of them left at Maui Drug Co. —Adv.

Pertinent Paragraphs

Lawn is Replanted—County prisoners were at work yesterday replanting grass on the terrace and lawn in front of the court house.

Wilhelmina Out Tomorrow — The Matsudaira liner Wilhelmina arrived this morning and will depart for Honolulu tomorrow night.

Mexican Loads Sugar—The steamer Mexican which did transport service during the war was in port at Kahului the first part of the week loading sugar.

Bank Awaits Charter—Word comes from Hana that the proposed new bank is waiting for its charter. It is said there are 55 names on the list of prospective stockholders.

Pension Bill Signed—The bill pensioning C. H. Cockett, district magistrate at Lahaina, has passed both houses and has been signed by the Governor. It carries \$70 monthly.

New Building Goes Up—On Punnene Avenue Kahului a new structure is advancing toward completion. It will be an auto supply house in front and a garage at the back and is being built for Tamulisu.

Fixing Up Grounds—At Malulani Hospital, County Engineer Low has a force of prisoners and county workers busy fixing up the grounds. They are grading, filling ditches and making a start on beautification.

New Glenning Establishment — George H. Kennedy, formerly chauffeur for Louis Distell is to open a cleaning, pressing and dyeing establishment next to the Orphanum within the next few days.

Native of Hana Dies—Mrs. Uku Kalamakii, wife of J. Kalamakii of Honolulu born in Hana 76 years ago, died at the home of her husband in Kahului on April 18 and was buried at Kalahehale cemetery.

Filipino Committed—Fermine Patis, accused of having forged the name of W. F. Pogue to a check, has waived examination and was committed by the district magistrate at Makawao to await the action of the grand jury.

Reception to be Tendered—For Rev. George H. DeKay, Mrs. DeKay and their family a reception will be held a week from tonight at the Kahului Community House. A cordial general invitation is extended to meet the new minister and his family.

Filipino Fight—Two Filipinos of Camp 3, Punnene engaged in a combat with knives as weapons, Tuesday, following a heated wordy dispute. One of the disputants received a severe scalp wound and was taken to the hospital for repairs.

Eyesore Removed—The old, dead trunk of a palm tree that long had been an unsightly feature of Hig-street scenery has been taken out and the hole in the sidewalk, where it once stood, at the head of the steps leading down from the street, has been filled in with concrete.

Home Coming Day—At Maunaloa Seminary "Home Coming Day" will be April 30. Graduates and former students are invited to bring their families and opened the day. There will be a program of music and talks beginning at 10:30. Miss Akana will welcome the 1921 graduates into the Alumnae Association.

Miss Rodriguez Wins Praise—Miss Eva Rodriguez, pupil of Miss Eleanor Peacock, has once more won warm praise from the Honolulu press for her charming singing and is again hailed as a young singer with a great future. Latest commendation followed her participation in a concert in Mission Memorial Hall.

Mr. MacDonald Explains—In reference to work in the field by students of Lahainaluna School on Sundays, he desires to explain that not all of the students but only a limited number work in the field on any one Sunday. He says it is found necessary to irrigate the fields seven days in the week which necessitates some Sunday field work.

Ribcous Grows Well—Green leaves are sprouting out from the cuttings of hibiscus while the Woman's Club has had planted along the railroad fence off the road between Wailuku and Kahului and there are the early indications of a thick, luxuriant hedge. The bushes are set out back of but close to the fence and as they grow up will tend to extend out and hide it with their foliage.

High School Dance — With the double purpose of celebrating victory at the recent field meet and to raise funds for the High School Athletic Club Fund, the student body of the school will hold a dance at the Territorial Building, Kahului Fair Grounds tomorrow evening. The students desire encouragement in their efforts for independence and their dance promises to be well attended and an enjoyable affair.

Autos in Collision—Too much interest in an airplane and not enough attention to the handling of steering wheels of the cars resulted in an automobile collision on the beach road between Wailuku and Kahului on Sunday morning. T. Igo was driving a Buick and G. Kamaguchi a Ford and the cars came together head on. Both machines were badly damaged but the drivers received minor injuries.

Admiral in Flight—For the first time in history an admiral in command of Pearl Harbor has flown from the Oahu naval base to Kahului. Rear Admiral Shoemaker arrived at the Maui airport last Friday in a seaplane with Lieutenants Ott and Kilmer, accompanied by a second plane. Three Eagle boats also arrived at the harbor. It was the admiral's intention to continue the flight to Hilo but high winds prevailed and prevented.

Maui Woman's Club Dance, April 30. —Adv.

Maui Woman's Club

The next luncheon of the home economics department will be held at the home of Mrs. Wm. Lougher, Punnene, on Thursday the 28th. Instead of the 29th, with Mrs. James Thomson as joint hostess.

The dance on the 30th is eagerly looked forward to. As has been advertised, it will be held at the Territorial Building. The Black Cat Ballet will commence at 8:30 p. m., after which there will be dancing. There is also to be a large candy booth, where candies made by the club members will be sold during the evening.

The next meeting of the civic department will be Monday, the 25th. J. H. Gray of the Maui News will address the meeting.

Miss M. J. Couch reports that at the meeting of the Humane Department great stress was laid on the unwholesome effect which the moving pictures now shown has upon children. The secretary was instructed to interview the managers of the theaters and try to arrange for a children's night on which there would be shown good wholesome pictures.

A committee was appointed to see the sheriff about stray dogs and also to see why the curfew law is not enforced. Mr. Cameron reported several cases of cruelty. The children of the public schools were to be given another week on posters which were to deal with some phase of humane work. A prize of \$5 is offered for the best poster.

Black and White Ballet, April 30. —Adv.

IN THE CHURCHES

Church of the Good Shepherd
Holy Communion, in the morning at 8 o'clock (First Sunday in the month at 11:00.)
Church Sunday School, at 10 a. m.
Morning Prayer sermon, at 11 a. m.
J. Charles Villiers, Rector.

Kahului Union Church
Rev. Geo. H. DeKay will preach on Sunday 7:30 p. m.—How Blue Shall We Make It? What shall our boys and girls do that day? What sort of Sabbath did Jesus spend, and what would He do today?
Mr. DeKay will tell of Sunday spent in Burn's country, in Paris and London, and on ocean transports.

Makawao Union Church
Morning service 11 o'clock.
Rev. Geo. H. DeKay will preach on: "Peace—a World-Problem and the World's Hope."

Sailors Slightly Injured—Two sailors were slightly injured Saturday night when the car in which they were being driven from a dance at the Alexander House Gym by Tadashi Yamamoto ran into a telephone pole at Kahului. The pole was snapped in two, a wheel torn off the car which proceeded on several feet. Yamamoto forfeited \$50 bail on Tuesday. The injuries to the sailors of whom there were five in the car, consisted of severe bruises and abrasions.

Black and White Ballet, April 30. —Adv.

Dance and Black Cat Ballet!

Since the Lahaina Outdoor Circle has so kindly agreed to bring its recent success, the Black Cat Ballet, to this side, and wishes to do this as their share toward the purchase of a new curtain for the Territorial Building, the price for the Woman's Club Dance has been changed to

SEVENTY-FIVE CENTS

and the place will be, not the Punnene Clubhouse, but the

TERRITORIAL BUILDING

Remember the date—APRIL 30th, 1921, at 8:30 P. M.

COMING EVENTS

(Officers of societies and other organizations who desire dates and hours of meetings and entertainments inserted in this column and others who may desire coming events announced here are invited and urged to mail or telephone the information to Maui News. No charge is made for chronicling in this column and it is desired to make and maintain it as a complete calendar of Maui events coming in the near future.)

APRIL 23, SATURDAY

Ringside Club Boxing Bout, Alexander House Gym, 7:30 p. m. Admission Free.

School Notes

KIEHI SCHOOL OUTING

Kiehi, Maui.
April 12, 1921.
Editor of Maui News,

On April 1 we took an excursion trip over to Honolulu on Mr. Rice's truck. We started from Kiehi at 7 o'clock sharp. On our way to Honolulu, I saw Kukui, the lighthouse tender, the old Maalaea wharf, four sharks Olowalu School, Olowalu mill, Olowalu train, Oowalu track, Oowalu cannery, a Destroyer and a Helper. They were practicing off Lahaina.

At Lahaina I saw six submarines. We got to Lahaina at 10 o'clock and stopped at Lahaina Ice Works Company for soda. I saw the Pioneer Mill. We left Lahaina at 10:15 and on the way to Honolulu I saw two steam rollers, the Mala wharf and few scows. When we got to Honolulu, the Honolulu school children were swimming and we joined them and swam a long time. While we were swimming the Honolulu teacher scattered a tin of peanuts in the water and we picked them up like chickens and ate them. After swimming, we ate our lunches. Then I went to see a girl dance the hula and after a while we started home.

We stopped at Lahaina to get ice cream, each child having two cones. After eating we started home, Miss Lee stopped at her aunt's house and we got home at half past four.

I enjoyed the trip very much.

Yours truly,
SHIGE ISHIBASHI

HAIKU SCHOOL GARDEN

Editor, Maui News,

Our gardens are in better condition now because of the rain we have had lately and during the vacation week.

We have a new plant growing in the terraced garden. It is called the Guerda bean and grows on vines. This vine bears a long slender pod and is green in color.

We have also another plant called

THEATERS

Wm. S. Hart

Bill Hart is some scrapper, as everybody knows, but in his new Paramount picture, "The Testing Block," he is a veritable superman.

A straying minstrel band, with a lovely girl who plays the violin, winds through the trails of the California Sierras in the days of gold. Mr. Hart is chief of the bandit gang. They force the players to entertain them in the heart of the redwood forest. The half-savage outlaws are avid in their desire to capture the girl, and "Sierra" Bill (Mr. Hart) forces them to fight him, one by one, for the right to claim her. He beats them all and then, himself half-crazed, seeks the girl and forces her to marry him. That is the beginning of a story of human tragedy and joy, which unfolds in a mighty sequence of compelling incidents.

Dorothy Gish

Dorothy Gish's fun-making qualities were never given a better outlet than in "Flying Pat."

Dorothy's honeymoon is spoiled by her serious minded husband, who insists that after they're married, she

gourds. It is found on a creeping vine. When the fruit is full grown it is about 16 inches long. It is light green in color and its flower is quite beautiful and is white in color.

We planted some pumpkins in the plantation garden some time ago but they are not growing very well because we had no rain for a long time. The vine creeps on the ground. Its flowers are yellow. We hope to have a good crop if the Mediterranean fruit fly does not bite the young fruit.

We have had our sand box in the school ground filled with nice clean sand. Every recess dozens of little hands are found around the sand box digging and playing in it as though they were searching for something. I have nothing more to say now so I will end this letter now, hoping to have some more news before long.

Yours truly,

AKILA TADAKUMA.

must seek a "career" outside of the kitchen.

Dorothy, in search of a "career," wanders out to hubby's airplane factory and decides to be the champion lady aviator of the world.

When hubby sees the handsome young fellow who is to instruct Dorothy in flying, he's not so sure but what he made a mistake in the "career" business.

Dorothy, going through the regulation army flying tests, is strapped in the "orientator" and whirled around at 90 miles an hour, then told to walk a straight chalk line!

Up in the air in a plane, Dorothy pulls the wrong lever and crashes gently into the top of a tree.

Following the accident, Dorothy and her instructor are taken to a nearby roadhouse to recover. Her husband just gets the bare message that the two are at the roadhouse together. He is furious and rushes to bring his bride home.

The newlyweds have their first quarrel. Dorothy leaves home in haste and in tears.

On the train Dorothy meets "such a nice old lady," who promptly invites her into a poker game.

The runaway bride steals home and unbeknown to her husband, takes a job in her own kitchen as cook.

The cop on the beat and Dorothy's flying instructor are rivals for the hand of the new "cook". Both are in the kitchen when hubby suddenly enters. Side-splitting climax.

Miriam Cooper

The great question, "Should a Husband Forgive?" is one of academic interest to all married persons and to those contemplating matrimony. No matter how little a person may be affected personally by this question, the tendency to imagine one's self as the central figure of a dramatic situation makes the question one of universal interest.

REAL FAIR BOOSTERS.

Ever since the formation of the Maui County Fair and Racing Association the more public spirited members of the community have been giving to the Association their consistent support and it has been such support that made possible the holding of annual fairs and other outdoor entertainments and has resulted in giving to Maui grounds and fair buildings which are the admiration, perhaps the envy, of the residents of all the other Islands of the group. The members have paid their initiation fee and the small annual dues, some of them have given much valuable time to the creation and conduct of the fairs and practically all have given real support to such undertakings, some as exhibitors and others in different ways. All that they have received in return which non-members did not have been the consciousness of civic duties well performed and the satisfaction of achievements of the association that were worth while. Virtue has been its own reward.

Members have generally not asked for anything for the continuance of their support but the directors of the association recognize that they should have something and purpose that their membership shall have some recognition. Inducements for membership are to be offered.

When races are held July 4, the choice of reserved seats will be offered to members first. It is desired that the same shall be done at the swimming meet June 11 and when the next fair is held once again the first choice of boxes and seats will be offered to those who maintain the association. There is nothing unfair in this. Those who are in a position to purchase boxes or reserved seats are generally in a position to assist in the maintenance of the organization that produces the attractions. The initiation fee is small and the annual dues are only nominal. In the future no one will need to inquire "What do I get from my membership?"

It is also proposed that there shall be given in the Territorial building at least three dances or other entertainments during the year. Such added entertainment features will add to the social life of the whole community and will offer yet another reason for the public spirited residents to give their support to the Association which makes possible such events. It is not that the Fair and Racing Association has not a good membership but the feeling exists among a large portion of such membership that it is such a truly worth while institution as to warrant the joining of it by every one in Maui who can afford the initial payment of \$10 and an additional dollar each year. Before the next fair opens its gates the association should have at least 500 names on its roster.

UNIVERSITY EXTENSION ON MAUI.

Quick action has come from the suggestion that Maui might profitably have a university extension course. The Woman's Club requested W. A. Baldwin to make plans for such a course, F. G. Krauss sent a copy of the Maui News editorial to Dr. A. H. Dean, president of the University, Mr. Baldwin conferred with Mr. Krauss and on Tuesday the latter received a letter from Prof. David Crawford, in charge of university extension work, advising that the week beginning May 16 shall be devoted to Maui. The lectures are to be offered under the auspices of Maui Woman's Club which will doubtless have further information for the public soon.

What Maui will do with its chances to secure this phase of educational work remains to be seen. It is not improbable that the start will not be a mighty one but there is every reason for confidence that from whatever start may be made large results will grow. It may take time, will take time, to determine what particular courses will most please, what subjects will arouse the greatest interest but with a start made this Spring a continuance must be brought about in the Fall.

Under the old systems a youth must take up university studies or forego them forever but under extension plans there is no age limit set for education and instruction, the willing student is never too old to undertake a course in any of the subjects presented that may interest him or her.

UNDER-NOURISHED CHILDREN.

Surely it is a step backward when the department of public health ceases to give support to the project of affording sufficient nourishment to the under-nourished children in the schools and withdraws, as it is announced it has done, the \$100 a month contribution to Maui for that purpose.

An ounce of prevention is worth more than a pound of cure is an old adage, its truth growing always more apparent. Proper nourishment of children brings better health, retards the spread of tuberculosis and other serious diseases which in later years cause the territory much greater expense in maintaining sanitarium and hospitals and other institutions than is entailed by the expenditures for school lunches for the needy. The under-nourished child can hardly be expected to keep pace with its stronger companions, falls back or fails to advance and checks the advancement of the entire class of which it is a member.

But the condition of being left without funds for the purpose confronts Maui and calls for action. It is planned to continue the work through private contributions for the balance of the school year after which some arrangement is to be made for it is not intended that such important health measures shall be allowed to go into the discard.

PREVENTION VS CURE.

At the opening of the home for feeble minded it is apparent that the institution is not nearly large enough to care for the large number who should be inmates and yet it appears that it is designed only for the most hopeless cases. The statute creating the home provides for the admittance into it of those who are so weak mentally as to be unable to care for themselves or who cannot be taught to provide for themselves. It is not designed as a school for the feeble minded but as a home for the hopelessly weak. Where then are the others who are not utterly incapable to go? What is to be done with them? What a burden of taxes will follow if schools for those who are all but hopeless are to be provided!

Advocates of eugenics have shown repeatedly and at length that like begets and breeds like and have advocated the building up of a stronger and a better race by carefully selected marriages of the more

The Optimistic Pessimist

Man is said to be a thinking animal but he does not always "run true to form." However, he thinks he does which probably is what the sentence intended to convey.

Puddings are not to be judged by the sauce. They may be just as good as mother used to make but certain ingredients not obtainable for the sauce make the difference.

About the only wage cut that would receive popular approval would be a cut in the wages of sin.

Flirts are not so bad as they are painted, says an exchange. Few persons can excel in two arts at once and both flirting and painting may be considered to rank among the arts.

In the house the Desha Bathing Suit Bill has been so amended as to require a covering reaching to the knees but the legislators have overlooked the necessity of saying from what part of the anatomy it must hang, whether from waist or from shoulders. With good luck the measure may be whipped into shape during the 1923 session.

A good driver may be able to drive his car with six inches of the falling off place and stop but THE good driver does not try the experiment. The same good judgment applies to the traveler through life.

The difference between the advocate of preparedness and his opponent is the latter wants to scrap the navy and the former wants the navy to scrap in case it has to.

Some persons kick at their income tax and others kick because they have none to pay, and others just kick any how.

When the manufacturer succeeds in winning back the confidence of the consumer he will not have to complain of slow business.

perfect physical and mental individuals. Admittedly a splendid purpose to work for.

To the economic side of the question there arises another one, the unfairness to the child as well as to the public of permitting the mentally unfit to wed and bring children into the world with a legacy of degeneracy for the children and imbecility for grandchildren or great grandchildren. Yet such marriages are permitted, not always discouraged and at times even encouraged.

The editor of this paper recognizes that the suggestion that propagation of the mentally unfit must be prohibited and prevented will meet with some opposition from various quarters. The proposal is considerably in advance of present day social ideas. It may be too soon to urge the passage of laws taking the right to have children from improper persons but it is not too soon to start thought on the subject. By amendment to the constitution the right of the individual to abuse his health through the use of alcohol has been taken from him, the law prevents self destruction and physical and mental self annihilation through narcotics. It would seem much more within the province of the law to protect those who are to be born. They are called into the world with no choice of their parents, consigned to the horrors of insanity, imbecility or perhaps only moronism with no legal action to prevent. In fairness, in justice to the unborn, what is society going to do about it?

Maui News this week starts as a feature a list of "Coming Events" and purposes to continue the feature each issue. It is believed the reading public will find the column useful and convenient and it can be made still more so by proper co-operation. If the secretaries of clubs, lodges, societies and other organizations will mail in or phone in notifications of dates and places of meetings and entertainments they will be given a place in the column and no charge is made for such insertion. The longer in advance they are sent in, the greater the publicity they will receive.

Deport aliens caught making booze is a suggestion coming from Honolulu. There is nothing to prevent. Undesirables, persons convicted of certain offenses against public morality, are now deported as are some of those who are seditious, as was Emma Goldman. Manufacturers of booze are equally law breakers and if foreigners are undesirable aliens then there is no reason why their transportation to the land of their birth should not be paid by the government.

"We rate 'em \$200 for every inch of skirt below the calves" is the remark attributed to a credit man by the government savings organization in an article which then proceeds to advocate saving and the purchase of thrift stamps. Seems a little like catering to yellow journalism to seek that type of publicity even in so good a cause.

There were not so many subscribers among the residents of Wailuku to the Maui Electric Company stock as had been expected. The general public has been given its chance to buy shares and has not seen fit to do so to a large extent. In time to come there can be no one arise to say it is a close corporation and always had its doors shut.

In the face of increases in salary they have received it is a growing custom for school teachers to ask compensation for transportation to their place of work. Those who can live near the school where they teach and do not should pay the price for having their own wishes and not seek to impose it on the county.

Despatches from Worcester, Massachusetts, say that a cure for epilepsy has been found by a medical student in Greece. If the claim be well founded and will also prevent the passing of the disease down to the children of former epileptics it will mean a diminution of delinquency by perhaps 40 percent.

A Denver police judge has held that a cat is not "property" and hence cannot be stolen. That would seem to be the case in many instances where the animals are allowed to be night prowlers and yowlers.

"Gives Waimea men fine Holstein Bull," says a Hilo headline. The article, however, contains no reference to the speaker of the house.

Honolulu and Hilo Are Made Points For Plant Inspection in Islands

Word has recently been received from the Federal Horticultural Board at Washington, D. C., that the Honolulu and Hilo Post offices have been designated by the post office department as the places at which terminal inspection shall be made of all plants and plant products coming by mail to any address in the Territory of Hawaii.

This action, taken in the interest of protecting the agricultural industries of Hawaii, is the result of a request made of the secretary of agriculture on April 11, 1921, by the board of commissioners of agriculture and forestry, which has provided for the proper inspection of plants and plant products at Honolulu and Hilo.

The original request of the board of agriculture and forestry was turned down by the secretary of agriculture on the ground that the act of March 4, 1915, providing for terminal inspection of mail shipments of plants and plant products was applicable only to the states and therefore did not include the Territory of Hawaii (another instance of Hawaii being overlooked).

Succeed After Refusal

Through the kind offices of Mr. C. L. Marlett, chairman of the Federal Horticultural Board, it was found possible to grant the board of agriculture and forestry's request under the parcel post law and the result was the issuance on February 17, 1921, of the following instruction of the acting third assistant postmaster general:

Plants and plant products, addressed to places in Hawaii.

"Third Assistant Postmaster General, Washington, February 17, 1921.

"The Territory of Hawaii has established places for the terminal inspection of plants and plant products under the provisions of the act of March 4, 1915, embodied in section 4784, P. L. and R., appearing on page 49 of the May, 1915, supplement to the postal guide.

"All postmasters are, therefore, informed that packages containing plants or plant products addressed to places in the Hawaiian Islands may be accepted for mailing only when plainly marked so that the contents may be readily ascertained by an inspection of the outside thereof. The law makes the failure so to mark such parcels an offense punishable by a fine of not more than \$100.

Subjects For Inspection

"The plants and plant products subject to terminal inspection in the Hawaiian Islands are described as follows:

"All florists' stock, shrubs, vines, cuttings, grafts, scions, buds, fruit pits and other seeds of fruit and ornamental trees and shrubs, and other plants and plant products in the raw or unmanufactured state, except vegetable and flower seeds: **Provided**, That this list of plants and plant products shall not apply to plants and plant products shipped under the certification of the federal horticultural board of the United States department of agriculture."

"Postmasters within the Hawaiian Islands shall be governed strictly by the provisions of paragraphs 3, 4, 5, and 6, section 4784, P. L. and R., in the treatment of all packages addressed for delivery at their offices containing any of the plants or plant products above described as subject to terminal inspection.

"Inspection service is maintained at the places in the Hawaiian Islands named below, and all postmasters in the Hawaiian Islands shall, after receiving the required postage therefor, under the provisions of section 4784, P. L. and R., send to the nearest inspection point each package containing plants or plant products subject to terminal inspection: Honolulu, Hilo.

"Owing to the perishable character of plants and plant products, the packages containing such matter must be given prompt attention."

"Any failure of compliance with the foregoing instructions or with the provisions of section 4784, P. L. and R., coming to the attention of any postmaster should be reported to the third assistant postmaster general, division of classification."

W. J. BARROWS, Acting Third Asst. Postmaster General.

Keeping Out Pests

This order means that the division plant inspection of the board of agriculture and forestry will be enabled to keep a close check on all mail shipments of plants and plant products which hereafter will be inspected only at the Honolulu and Hilo post offices. In this manner all such plants will be thoroughly gone over in the effort to keep new plant pests from gaining an entrance into this territory.

Packages containing plants or plant products addressed to places in Hawaii will be accepted for mailing only when the contents are plainly marked on the outside. After the contents are inspected at the Hilo or Honolulu postoffices and are passed as being free from pests they will be forwarded to the addressee.

The Sporting Instinct

Jimmy likes ice-cream, but he drew line at turning the freezer. One when his mother returned home was agreeable surprised to find working away at the crank as a life depended on it. "I don't know you get him to turn the cover," she said to her husband; "he didn't go at it in the right way," replied the husband, "him a nickel he couldn't turn or half an hour."—The Argonaut (San Francisco.)

Filipinos Returning From California Are Sorely Disappointed

The vanguard of what amounts to a small army of unemployed Filipinos has come back from San Francisco to return to positions on Hawaii sugar plantations, which they gave up months ago, lured to the coast by expectations of high wages and easy work, reports the Star-Bulletin. Their experiences were a sad disappointment.

Nearly 2000 Filipinos are eager for an opportunity to return here, it is understood, because there is no work for them in California. Kearny St., lined with them, according to F. L. Rebamonte, who brought the party of laborers back.

They have tried to get work as agricultural laborers, on truck farms, on fruit ranches, and everywhere it has been the same story—work for a short time, or else no work at all, gradually they drifted back to San Francisco to try to discover means of getting back to Hawaii.

Rebamonte brought back 25 and could have brought back many more except for lack of steamer accommodations.

"Filipinos who are working in California even are not as well off as they are in Hawaii," said Rebamonte. "At Salinas, where I worked at the Spreckels' refinery, they were paid \$2.20 for a day of 11 hours, and then they had to pay back 70 cents a day to the company for board."

"They lived in barrack houses, and even the married men had only one room for all the family, and all had to eat at the company boarding house. Formerly they got higher wages, but now they are reduced and they are to be reduced again soon."

"Those who went to Alaska to work in the salmon canneries get their board from the companies and \$180 for six months' work, but they nearly always have to spend almost all of this for their outfit before going to Alaska, they do not have much coming to them."

Beside the Filipinos who are out of work there are hundreds of idle, said Rebamonte. They are in danger of starvation. In Rebamonte's words, "they will die hungry." He is eager to dissuade his countrymen now in Hawaii from going to California for some time to come. Even when there is work to be had it does not compare with the opportunities for the Filipinos on the Hawaiian plantations.

Filipinos are classed with the Japanese by California people, Rebamonte says. They do not discern any difference between the two races, and the strong prejudice against Japanese in California also makes it harder for the Filipino.

ELECTION PROCLAMATION OF GENERAL COUNTY ELECTION FOR THE COUNTY OF MAUI Territory of Hawaii

NOTICE IS HEREBY GIVEN that a General County Election will be held in the County of Maui, Territory of Hawaii, on Tuesday, the 7th day of June, 1921, for the purpose of electing the following County Officers, to-wit:

Chairman and Executive Officer of the Board of Supervisors.
Four Members of the Board of Supervisors.
A County Sheriff.
A County Auditor.
A County Clerk.
A County Treasurer.
A County Attorney.

Unless any candidate or candidates for any of said offices shall be elected thereto at the Primary County Election held on the 21st day of May, 1921. All of said officers to be elected for a term of two years from and after the first day of July, 1921, and all to be elected in accordance with the provisions of the laws of the Territory of Hawaii concerning the election of County Officers.

The precincts and polling places in said county are as follows: to-wit:

FIRST PRECINCT—The Island of Lanai. Polling place, Keomuku Schoolhouse.

SECOND PRECINCT—The portion of Lahaina District on the Island of Maui, northeasterly of the north boundary of Honokowai. Polling place, Honolua Ranch Store, Honokowai.

THIRD PRECINCT—The portion of Lahaina District on the Island of Maui, between the second precinct and the north boundary of Olowalu. Polling place, Lahaina Courthouse.

FOURTH PRECINCT—The remainder of Lahaina District. Polling place, Olowalu Schoolhouse.

FIFTH PRECINCT—The portion of Wailuku District south of Waiehu and west of a line from the mouth of Wailuku Stream along the sand hills to the sea at Maalaea Bay. Polling place, Wailuku Courthouse.

SIXTH PRECINCT—The portion of the Wailuku District north of the south boundary of Waiehu. Polling place, Waiehu Schoolhouse.

SEVENTH PRECINCT—The portion of Wailuku District between the fifth precinct and the Makawao District. Polling place, Puunene Schoolhouse.

EIGHTH PRECINCT—The portion of the Makawao District bounded on the west by the East edge of Maliko Gulch; on the north by the sea; on the east by the west edge of the Halehaku Gulch; and on the south by a line along the Makawao-Huelo Road to its junction with the new Hamakua Ditch in the bottom of the Hulululu or Kaupakalua Gulch, thence along the new Hamakua Ditch to the east edge of the Maliko Gulch. Polling place, Haiku Schoolhouse.

NINTH PRECINCT—Honuaula and the Island of Kahoolawe. Polling place, Honuaula Courthouse.

TENTH PRECINCT—The portion of Makawao District between the ninth precinct and the bed of Waiehu Gulch. Polling place, Keokea Schoolhouse.

ELEVENTH PRECINCT—The portion of Makawao District bounded on the west and north by the Wailuku District and the new Hamakua Ditch to its junction with the Makawao-Huelo Road in the bottom of the Hulululu or Kaupakalua Gulch, thence along said road to the Halehaku Gulch, the east by the west edge of the Halehaku Gulch; and on the south by the Tenth Precinct. Polling place, Makawao Schoolhouse.

TWELFTH PRECINCT—The portion of Makawao District north of the Eleventh Precinct south of the sea and between the east edge of the Maliko Gulch and the boundary of Wailuku District. Polling place, Paia Band Hall.

THIRTEENTH PRECINCT—The portion of Makawao District east of the bed of Halehaku Gulch. Polling place, Huelo Schoolhouse.

FOURTEENTH PRECINCT—The portion of Hana District northwest of the Kapaula Stream. Polling place, Keanae Schoolhouse.

FIFTEENTH PRECINCT—The portion of Hana District between the fourteenth precinct and the Hana-Koo-

lau boundary. Polling place, Nahiku Schoolhouse.

SIXTEENTH PRECINCT—The portion of Hana District between the fifteenth precinct and Kipahulu. Polling place, Hana Courthouse.

SEVENTEENTH PRECINCT—Kipahulu. Polling place, Kipahulu Plantation Hall.

EIGHTEENTH PRECINCT—The remainder of Hana District, including Kaupo and Kahikinui. Polling place, Kaupo Schoolhouse.

NINETEENTH PRECINCT—The portion of the Island of Molokai north of a line running along the bed of the Honouliuli Gulch, the southern boundary of Halawa and the top of the ridge between Wailau and Halawa. Polling place, Halawa Schoolhouse.

TWENTIETH PRECINCT—The portion of the Island of Molokai bounded on the east by the nineteenth precinct and on the west by the east boundary of Kawela and the Kalawao District. Polling place, Pukoo Courthouse.

TWENTY-FIRST PRECINCT—The remainder of the Island of Molokai excepting the Kalawao District. Polling place, Kaunakakai Schoolhouse.

AND IT IS ORDERED that the Clerk of the Board of Supervisors for the County of Maui publish this Proclamation in the English and Hawaiian languages in "The Wailuku Times" and in the "Maui News," newspapers published at Wailuku, in the County of Maui, Territory of Hawaii, in 4 regular issues of each of said papers.

AND IT IS FURTHER ORDERED that copies of this Proclamation be posted in not less than three public and frequented places in each precinct where such election is to be held.

Dated at Wailuku, Maui, Territory of Hawaii, this 11th day of April, 1921.

BOARD OF SUPERVISORS,

COUNTY OF MAUI,

By S. E. KALAMA,

Chairman.

ATTEST:
WM. FRED KAAE,
County Clerk.
Apr. 15, 22, 29, May 6.

On The Other Islands

Join Pine Packers.—Two new concerns have been admitted into the Pineapple Packers Association, the Hawaiian Fruit Products Company of Honolulu and the Kohala Pineapple Company of Hawaii.

Molokai Trip Postponed.—Because of inability to secure a sampan for the trip the party of Honolulu hikers which was to go to Molokai at the end of last week has postponed the trip indefinitely.

Land For High School.—Negotiations have been closed for the purchase of more land for Honolulu's new high school. The additional land is a tract containing more than 17 acres. It is proposed to change building plans so the structure will have a longer frontage and a less depth.

Ad Club Elects.—Vaughan MacCaughy has been re-elected president of the Honolulu Ad Club.

Kauai Service Bettered.—Improved service for Kauai is to be rendered by the Inter-Island Steam Navigation Company on the steamer Claudine. That vessel is to leave Honolulu at 8 instead of 5 p. m., and will reach Niihau at daylight instead of between 2 and 3 a. m.

War Hero Electrocuted.—George Heali Kulea Beckley was found dead in a power house in Honolulu, Friday afternoon, burns showing he had fallen across wires, the belief being his foot had slipped. Beckley entered the Canadian service in 1914, survived four wounds and was decorated for valuable services. He was accorded a military funeral and was buried in Nuanu cemetery.

Munition Shed Destroyed.—One man was killed, two more wounded and several men of the guard rendered unconscious by an explosion of ammunition at Schofield barracks, last week. An explosion occurred in a munition storehouse and the detonation caused a second explosion, in another munition house, where the serious damage was done. The explosion was heard for a long distance.

Sam Johnson Decorated.—Major Sam Johnson, formerly head of the national guard of Hawaii, has been awarded a decoration by the Chinese government for valuable services rendered to the world while he commanded the allied garrison of military police at Vladivostok.

Big Subs Arrive.—Four of the largest submarines of the navy have reached Honolulu, vessels known as the "S" type. The undersea fleet at Pearl Harbor now numbers 15.

Koa For Autos.—Koa wood is now being used successfully for auto construction on the Big Island, taking the place of other woods such as oak and ash that were formerly brought from the mainland.

Elks' Birthday Banquet.—Celebrating the twentieth anniversary of the installation of Honolulu Lodge No. 616 B. P. O. Elks, 600 members of the order attended the banquet in the home at Waikiki last Friday night. Preparations had been made for 500 but at the last engagements had to be enlarged to provided for 100 more. The affair was one of the best social events in the history of Honolulu lodge.

Cane Cutters Quit.—About 200 cane cutters on Waiakea homestead lands quit work last week claiming that their wages were a week overdue. All were employees of one contractor who says he cannot continue paying them the wage he has been paying and that he has lost thus far \$2000 on his contracts.

Hawaii Women Admitted.—Women of this territory are admitted to the National League of Women Voters under a resolution adopted at the convention of the organization held at Cleveland, Ohio.

Sugar Departures.—Up to the end of March, 100,076 tons of sugar had left the islands, according to figures issued by Sugar Factor Company in Honolulu. Slightly more than 32,000 tons were then awaiting shipment.

Harding Is Invited.—Raymond C. Brown, secretary of the Honolulu chamber of commerce, has conferred with President Harding on Hawaiian affairs. He formally invited the President to attend the Press Congress of the World in Honolulu.

Traveling Men Unite.—Representatives of Honolulu commercial houses who call on the out-of-town trade have organized at a meeting in which the following officers were elected: J. W. Caldwell, president; R. J. Brown, vice-president; W. J. Warner, secretary, and D. A. Turner, treasurer. By-laws were adopted and a constitution has been drawn up.

One Place They Avoid.—We have no wish to cast any reflection on the courage of the prohibitionists, but we can draw our own conclusions from the fact that we haven't noticed them rushing to Ireland.—Punch (London.)

ALOHA LODGE NO. 3 KNIGHTS OF PYTHIAS.

Regular meetings will be held at the Knights of Pythias Hall, Wailuku, on the second and fourth Friday of each month, at 8 p. m.

All visiting members are cordially invited to attend.

F. A. LUFKIN, C. C.
C. E. CHATTERTON, K. R. & S.

Bonus Savings Gone Workers Are Glad to Get Back to Maui

Fifteen hundred dollars is a neat sum of money on a Maui plantation, but it doesn't mean much in San Francisco, especially when ten people are eating three meals a day and there is no money coming in to replenish the treasury, says the Honolulu Advertiser. At least this is the philosophy of life of the Carvalho family who arrived home from the mainland on the Maui and left on an Inter-Island boat for Maui and plantation life it continues.

Last January the Carvalho family after some years of work on a plantation, dug up their hoard of money, found they had \$1500, and came to the conclusion that they were doing pretty well. They thought they could do better if they could only get to San Francisco. They went there. There were two families of them, ten people in all. The men were agricultural workers pure and simple. Oakland and San Francisco did not need agricultural workers.

And so it was that they woke up one morning with just enough cash to buy breakfast. It looked like a long wait for lunch. It was then that they learned that plantation owners were paying transportation back to the islands for former plantation employees who wanted to come back and go to work. They engaged their passage back "home" and arrived all safe and sound under the protecting wing of F. L. Rebamonte, who was in charge of the party.

Trophies

"Did you send his presents back when you broke the engagement?"
Marjorie—"Of course not. Did you send back the silver cups you had won when you resigned from the golf club?"—New York Sun.

Tools that work with the workman

Keen Kutter tools enable a man to do his best work and keep it up hour after hour.

They cut clean—they are perfectly balanced—they have unusual strength where it is needed most. In every detail Keen Kutter tools have been developed to the highest degree through more than fifty years of experience making tools of exceptional quality.

And to protect the tool buying man—every Keen Kutter tool is guaranteed to give absolute satisfaction or its purchase price will be refunded or a new tool given in its place.

Hana District

Hana is now a full fledged Scout district and it will take all the pep and grit possible for the other districts of Maui to keep ahead of that husky bunch. Every boy in the district has a piece of rope tied to his belt and is learning how to handle it in great shape.

The Commissioner had the time of his life on his trip, and it was a great disappointment when the day of his departure arrived. The people of Hana are certainly a hospitable bunch and did everything in their power to assist the commissioner in his work of organizing troops.

Registered today at headquarters and will hereafter be known as No. 4. Troop colors red.

This is a nifty gang of wide-awake scouts, and they were well organized when the commissioner arrived at the scene. We had three meetings and a dandy hike to Ohia falls, a most wonderful spot close to the ocean, with a great natural swimming pool. To describe the wonderful and beautiful spots in the district that were visited by the commissioner is absolutely beyond his power.

This troop has a unique history, and is possibly the only troop in the United States to have such a peculiar standing.

The troop committee is composed of Martin Fassoth, Hans Fassoth and John Fassoth and the scoutmaster is Joe Fassoth. Thus the scoutmaster and the committee are all brothers. With that combination it will never be hard to have a quorum as all live in the same house and also work on the same plantation.

Hana. At the first meeting for organization 35 boys signed up to become scouts. That is only a beginning and it will only be a matter of a short time before another troop will be formed. Mr. Nevergold will be scoutmaster of the troop and Mr. Hawkins, a former member of troop 4 of Honolulu, the commissioner's old troop will be scoutmaster. The deputy commissioner for the Hana district will be Dr. R. C. Lichtenfels, who is greatly interested in scouting and is hard at work in the intricate study of knots. He caught the fever with the rest of the bunch.

The committee of the troop will be Mr. Schultze, Dr. Lichtenfels and William Hala, principal of the Hana school. There is an exceptionally fine lot of boys in this troop and it will be but a short time before they will be well up in the front ranks of scouting. Watch them grow.

Kaeleku. This was the place where the commissioner had the surprise of his young life. When he arrived at the school to give a talk on scouting he found his old friend Dyson of Wai-pahu in charge of the school, and the start of a small troop already on its way. After the talk by the commissioner it was found that there were 12 boys over 12 years of age in the camp, and they will all be enrolled in the troop. 100 percent efficiency for this school.

Notes.

Rev. Lake very kindly turned the Community House over to the com-

BANK OF MAUI

Has my Savings Account

WHO HAS YOURS?

mittee for the organization of the troop.

The moving picture house was the scene of the first gathering at Hana, and it was a large and interested crowd, that spoke well for the future of scouting in Hana.

Joe Fassoth, scoutmaster of Troop No. 4, is certainly interested in scouting. His time, automobile, himself and even his brothers were all given over to the work while the commissioner was there. Chow, say I was afraid that the Inter-Island would charge me for surplus cargo on my return trip. Some cook and some hospitality at Kipahulu.

Here's hoping that it will only be a short time before the commission will have to visit Hana again.

Makawao Troop.

Makawao (troop) had a fine meeting Monday evening. After the meeting the boys practiced their yells and then the older boys and young men of Makawao, otherwise known as the Tomboys, came in and joined the scouts in games. They played Jump, stick and Dizzy Izzy and the scouts beat the Tomboys. By the way, Johnny Souza is a good sprinter but he runs in the wrong direction.

Lahaina No. 5

The troop was assembled by the senior patrol leader at 7:00, Thursday evening, April 14 in camp fire formation, on the grounds of the Lahaina Armory for owing to the armory being freshly painted, it was decided to hold the meeting in the open.

Opening ceremonies and pledge of allegiance to the flag were followed by the scout oath.

Roll-call: Disclosed 28 present, none absent.

Scout Fujikawa reported that he had brought a candidate for membership. After a short examination by scoutmaster Douglas, candidate Seger was proposed for membership in Troop 5 and there being no objections offered the candidate was placed on probation and assigned to the Palm Tree patrol until he passes his tenderfoot tests. Scout Fujikawa was assigned as scout instructor for his new member.

Plans were discussed for a week-end hike, April 23 and 24 and then there was semaphore signal drill for 15 minutes and close order drill for 15 minutes. A new game called the tunnel gauntlet was played, then a horse and rider contest both followed by Indian wrestling and other athletic sports after assembly, and pledge of allegiance to the flag the meeting adjourned at 9:30.

E. YASUHARA,
Troop Scribe

Wailuku Troop No. 3

Wailuku Troop No. 3 held its regular meeting on April 21, with a good attendance of 23 scouts. Five new candidates were given membership by majority vote.

Mr. Waiwalele was present and passed five scouts in signaling. During the week seven scouts had passed their scout pace. The tests are being passed so rapidly that all test certificates in the scribe book are used up.

Practice in drilling was executed by Scoutmaster Mr. Crockett.

Meeting was adjourned after a practice in scout pacing.

ALFRED KAUMEHEIWA,
Acting Scout Scribe.

Professor—"So, sir, you said that I was a learned jackass, did you?"

Freddie—"No, sir, I merely remarked that you were a burro of information."—Boston Transcript.

With Maui's Girl Scouts

YOUR GIRL AND MINE

(By the Mother of a Girl Scout Josephine Daskam Bacon.)

What do you think a fourteen-year old girl ought to be able to do?

She goes to school, of course, but that doesn't take up all of her time—certainly, not all of her thoughts! And though the schools work hard at the problem, we all realize that they alone can't equip a young woman for life.

And we all feel, more and more, that between the ages of ten and sixteen, a girl ought to be getting hold, somehow, of the ideals and the practical hints that, more than anything she learns in any school, make a woman's life lean toward success or failure.

The Girl Scouts think they have found on the simplest, most practical, most entertaining way of handling the problem of the growing girl.

The Ideal Type

Just think, for a moment, what you think a girl ought to be—for everybody has ideas on this subject! And when you have made your mental picture of the best sort of girl, the Girl Scouts think they can show her to you.

First, she must be healthy. And you needn't add, happy, because a healthy woman is a happy one. Scouting takes girls out into the open, "takes" with them, teaches them every sort of woodcraft, camping, and swimming—and teaches them, too, how to do these things skillfully and independently. The elevators and gas ranges and electric lights of civilization are losing out of the race those wonderful hardy talents of our pioneer mothers—and the Girl Scouts are putting them back.

The next thing you wish for the American girl is that she might have some sane, practical (and interesting—don't forget that!) preparation for the home and the child we hope she will have some day.

"She ought to get it in her own home." Well, does she? Does she in your home, for instance. If you ever tried to give it to her, you understand why she doesn't.

Home Is Insufficient

You see, you can't supply her with several jolly chums of her own age, as a working unit, to begin with. You can't supply the group competition, the normal "gang spirit" that all healthy youngsters have at her age. You can't give her "merit badges" for cooking, sewing, home nursing and child care, to sew on the sleeve of her uniform. And so, naturally, you can't have the reward of seeing her work like a horse to get those badges! But the Girl Scout captain sees her. Between fifty and sixty thousand girls in this country are working, at their own desire, at laying the foundations of that knowledge which every father in this country would rather give his daughter than anything else in the world, and every husband in the country wishes his wife had learned earlier and easier.

The next thing you want is a fair-and-square, play-the-game sort of girl. This cannot be done by talking about it and handing down precepts from above. The Girl Scouts teach it to each other. There's the difference between them and many a worthy society of grown-ups.

Lessons In Democracy

Team play, democratic give-and-take in friendly competition, under the direction of trained leaders, are giving an unconscious schooling for

IN THE CIRCUIT COURT OF THE SECOND CIRCUIT, TERRITORY OF HAWAII.

At Chambers—No. 921.

Flora V. Lopez, Libellant, vs. Antone V. Lopez, Libellee

NOTICE OF PENDENCY OF SUIT.

The Territory of Hawaii, To Antone V. Lopez, Greeting: You are hereby notified that the above entitled cause is now pending before the Circuit Court, Second Circuit, wherein the said Flora V. Lopez prays for an absolute divorce from you on the grounds of failure to provide suitable maintenance and support and for the custody and control of the minor child, issue of your said marriage; and that said cause has been set down for trial before the Hon. L. L. Burr, Judge of said Court, in Wailuku, Maui, T. H., on Thursday, the 30th day of June, 1921, at ten o'clock A. M., or as soon thereafter as the business of said Court will permit.

BY ORDER OF THE COURT.
HENRY C. MOSSMAN,
Clerk.

ENOS VINCENT,
Attorney for Libellant.
(April 22, 29; May 6, 13, 20, 27.)

life in a great democracy that was never so much needed as now, when a generation of girls is growing up who will have a greater direct effect on their country's laws and law-making than any girls ever had before.

How do they feel toward their Country? Watch the troop of Girl Scouts in your own town pledging their simple allegiance to their Flag, once, and you won't need to be told about the city where these girls raised well over a million dollars for one Liberty Loan! Now they can't do these things all alone, with no help or encouragement or appreciation from the rest of us. They need three things.

Grown Helpers Needed

Each little group of eight or sixteen or thirty-two girls needs an interested, more-or-less trained young woman to captain it.

Each captain needs a little council of interested women in the town to help her out with advice and experience and co-operation.

Each council needs the financial backing of the leading citizens of the town, interested enough to see that their little citizens get their chance to grow into big ones.

The Girl Scouts will take care of the rest. They have the organization, they have the training—and vacation camps; they have centers in forty-seven states of the Union. They are growing faster and faster and bigger and bigger. They want to grow better and better.

If every town where they exist will look into the organization and ask the mothers and teachers of the girls what they think of it, the Girl Scouts and their friends haven't a doubt in the world that the City Fathers of that town will regard a few "Girl Scout Bonds" as one of the best Liberty and Victory loans they ever floated!

Undernourished School Children Will Have no Lunches Without Aid

Letter from the Territorial Board of Health at Honolulu brought to Maui last week the discouraging news that after the end of this month the board of health will no longer be able to furnish funds for lunches to undernourished, indigent children in the schools.

Such work has been carried on for some months past and has resulted in the betterment of the physical condition of many children who would otherwise not have received enough or sufficiently nourishing food. In some schools milk only has been supplied, while others have provided a simple lunch. In Wailuku public school, for instance, there are now some 24 children found to be in special need of nourishing food, who are being fed each day. Each case is investigated beforehand, and in the course of such investigations a surprising number of children are found to be in dire want.

Good Effects Seen

In some districts children travel a long distance to school and to those who bring no lunches with them, as is frequently the case, the natural result is a weakened condition. Some of the teachers have discovered

ed that the serving of school lunches is an incentive to regular attendance on the part of the children who, previous to the time lunches were given, were irregular in attendance. Others who formerly brought nothing but perhaps a piece of dry bread or a ball of rice for their lunch, now have the benefit of a well-cooked and nourishing meal.

The sum of \$100 a month was set aside by the board of health for Maui's use in paying for school lunches. The schools taking advantage of this assistance are in practically every district of the island, Hana, Kipahulu, Keanae, and also on Molokai, as well as those in central Maui, and the improvement in the children's health is beginning to be realized. Those who have been connected with this work on Maui are anxious to find some means of continuing the work. Help can no longer be looked for from the board of health. It is therefore, they say, up to the people of Maui to decide whether the valuable work is to be allowed to die out or whether individuals will help this cause in its time of need. There are only two more months of this school year left, and if Maui can raise a fund of \$200 the work while means so much to the welfare of children can be carried on to completion.

Public Aid Urged

Contributions of any sum, large or small, will be of great assistance. Money should be turned in and checks

FOR SALARY INCREASES

Increases in salaries of some of the district magistrates has had favorable report of the finance committee of the senate as follows:

Makawao, House \$125, (1500), senate \$150 (\$1800); Molokai, house \$85 (\$1020), senate \$100 (\$1200); North Hilo \$110 (\$1320), senate \$115 (\$1380); Koloa, house \$125 (\$1500), senate \$100 (\$1200); Waimea, house \$125 (\$1500), senate \$115 (\$1380); Kawaihau \$125 (\$1500); senate \$110 (\$1320); South Kohala, house \$85 (\$1020), senate \$90 (\$1080).

made payable to C. S. Childs of the Alexander House Settlement, Wailuku, which organization has been the agent on Maui for the board of health in this work. If such care of children is to be continued until the end of the term, \$200—\$100 for May and June respectively—will have to be provided. Undoubtedly the legislature will continue its appropriation for the next biennial period, beginning July 1, but in the meantime hungry, undernourished children will have to go without lunches during May and June unless funds are provided for the purpose as suggested.

Chicago Judge—"So you murdered your whole family, eh? Thirty days."

Prisoner—"Don't be so hard on me, your honor. It was just a small family."—Nashville Tennessean.

OBITUARY

MRS. BERTHA ANDRICH

As she was being taken to Paia Hospital, Mrs. Bertha Andrich died Tuesday afternoon. Funeral services were held with Rev. George H. DeKay officiating.

Mrs. Andrich was 30 years of age, the wife of John Andrich and a sister of John Loeffler both employed by the Kahului railroad. Besides her husband she is survived by four children.

MRS. AMARAL ANDRADE

After an illness of only a few hours, Mrs. Amaral Andrade, wife of the night sugar boiler at Puunene, died about midnight Wednesday and funeral services were held yesterday afternoon at Kuu.

Mrs. Andrade is survived by the husband, two sons, her mother, Mrs. Balbina Freitas Abreu, and two sisters, Mrs. Joseph Freitas of Camp 1 and Mrs. A. Fernandes of Paia.

Choose Your Trucks To Fit Your Requirements

They May Even Be Specially Constructed

SPRING is the logical time to consider an increase or change in your transportation equipment. There's a re-birth in nature that awakens everything to renewed activity. Seeds are sprouting, blooms bursting, birds and animals building new homes. It's contagious. The same spirit of hustle electrifies business—it is a time of new energy and new plans. *Spring is here now.* The many trucks we are now preparing for immediate delivery are sure indications.

In order to take care of your increased business you should have your new trucks specially designed and built to better facilitate your transportation problem. In the pineapple business for instance, a special folding body was developed by our body-building department, made to fit a specified size and number of crates. This body has become known as the Schuman Folding Pineapple Body. Then in order to make the short turns and sudden grades prevalent on most pineapple fields of Hawaii, a truck of proper wheel base was developed. One of these, a White, owned by the Hawaiian Pineapple Co., has given over 100,000 miles of service and is capable of another hundred thousand.

This is but one of the many trucking problems which our long experience has enabled us to successfully cope with. The trucks we have chosen to sell, the White, the Federal and the Ford, are particularly capable of fulfilling the duties for which they were planned. We have collected a vast amount of useful information about transportation here in Hawaii, which is at your free disposal, without obligation to buy. Let us show it to you—we may both benefit.

Penny Wise and Pound Foolish

Some concerns think it economy to send orders to Honolulu or to the mainland when they could be filled as well or better at home. They figure they save a few cents on the dollar by doing so and grasp at the nickel in sight.

BUT

Every dollar spent with Maui concerns passes from hand to hand, in wages, to the store, to the bank and out again into circulation, back to the concern that sent it out, again to be sent forth on its rounds. The profits accruing from the dollar kept in home circulation are many times larger than the small saving in the dollar sent away.

SPORTS

Baseball Season To Open May 15

Four Teams are Assured With Entries Remaining Open Until Monday Morning; Japanese Stay Out.

Baseball will come back into its own on May 15, the date officially selected for the opening games of the Senior League series at a meeting of the baseball committee of the Athletic Committee held Monday evening. At least four teams will be entered but at this time it appears that the Japanese team will not participate in the games. Those in attendance at the meeting were C. A. Puck, acting chairman, George Cummings, Foster Robinson, Henry Robinson, John M. Medeiros and W. F. Alfonso.

Wailuku A. A., Lahaina A. A., Puunene and Paia are the entries thus far made for the championship series but entries will remain open with C. A. Puck, until 9 a. m., next Monday. The only fly in the ointment was the refusal of the Japanese to accept the proposal laid down by the committee and the announcement by Yanagi, the representative of the Japanese, that under the proposed conditions no team would be entered.

It was proposed by the committee that if the Japanese were to enter a team under the name of Japanese or Asahi or under any name that indicated nationality they must confine membership to the Japanese but could draw members from any district of the island, not being confined to a single district as are the other teams. If, however, the Japanese wanted to use players of other races they must adopt a name not indicative of a nationality and must confine their field from which to draw to Wailuku district. Last year the Japanese had one Portuguese playing with them. The committee felt that it would be unfair to the other teams to permit the Japanese to draw others than of their own race from all sections of Maui when other teams were confined to specified territory to draft players.

Two series are planned to constitute the senior series, the committee believing that more interest will be aroused in that way. Games will be played at Wailuku and Lahaina with six allotted to the latter diamond. Later in the season when the diamond at Kahului has been put into shape some of the games assigned to Wailuku are expected to be played on the Fair Grounds diamond.

To arrange the schedule the committee consisting of Foster Robinson, Medeiros and Alfonso will meet Monday evening.

Umpires selected for the season are Charles Bento, A. Garcia, Frank Leandro and A. Enos while the scorers will be Joe Xavier at Wailuku and A. H. Waechter at Lahaina.

NEW BOWLING RECORD

J. T. Correa established a new record for the year Wednesday evening at the Wailuku Gymnasium by hitting 253 on the bowling alley. The previous record of 246, made last March, was held by George Cummings.

Correa ran up his score in this wise: The first four frames were strikes, a blow which was followed by a spare and then in turn by six strikes. By making this mark Correa takes possession of the W. F. Apanaku trophy. It is understood that a new prize will be offered by George Cummings.

Pasadena Poloists Make Best Showing in Games in California

DEL MONTE, Calif., Apr. 5.—The curtain has dropped on a very successful polo season in California. The players have hung up their mallets on the wall the ponies have been turned out to pasture and the most important aftermath is the wonderful record established by the Midwick club of Pasadena.

The purple-jerseyed players from the south crowned their unbroken string of victories in the earlier tournaments of the season by walking off with practically all the important events that were staged at Del Monte. The outstanding feature was the Pacific Coast circuit cup. This championship, sanctioned by the Polo Association of America, was played for the first time since Riverside won in 1916. Midwick went through both rounds of the event with flying colors.

Midwick was also successful in the Felton Elkins Challenge trophy which has been played for during the past three seasons. It is an event open to California clubs and is played on the flat. Del Monte has two wins on the cup which must be won three times for permanent possession.

New Feature
A new feature of the California polo season was introduced at Del Monte with the holding of an East versus West match. The West was successful, but was given a close rub by their eastern rivals. The East was hardly represented by as strong a team as it could put on the field, but it is expected that in as much as this is to be an annual feature, the East will make an effort to be better represented. The Del Monte polo statue will have the names of the winners engraved on it and it is expected that this beautiful trophy will bring out some very interesting polo competition in the years to come.

List of Events in Swim Meet Ready

Program Well Diversified and Arranged for Men, Women And Girls at Varying Distances.

At a meeting of the swimming committee of the Maui County Fair & Racing Association, held Monday evening the program for an "All-Maui" water carnival was arranged to take place at the swimming tank of the Puunene Athletic Club, Puunene, Maui on the evening of Saturday, June 11, Kamehameha day.

The program calls for the following events:

Open to all men:
50 yds., 100 yds., 220 yds., free style.
50 yd. back stroke.
100 yd., breast stroke.
50 yd., obstacle race.
50 yd., clothes race.
Pounce for distance.
Spring board diving.
High diving.
Trapeze and slide.
Boys under 10 years, 25 yard race.
Boys under 15 years, 50 yard race.

Women and Girls

50 yd., race.
Spring board diving.
Six men relay race made up of employees from commercial concerns.
Six boys relay race by Boy Scouts.
The committee in charge of all arrangements and who will represent the swimming from their respective districts are:

Robt. Hughes, chairman; Frank Lufkin, Lahaina.
F. D. Lewis, Wailuku, Frank Richardson, Paia.
Donald Young and Reginald Humphrey, Puunene.
R. B. Rietow, Kahului.

Through the courtesy of the directors of the Puunene Athletic Club the committee will have the use of the tank on Tuesday and Wednesday evenings for practice any persons wishing to enter any of the races should immediately communicate with the representative from his district.

Maypole Dances and Kite Flying Contests Plans go Forward

No prettier custom has ever grown up among a people than that which the English developed in their May Day dances. In the middle ages and up to the time of the Puritans, it was the custom of every English village to erect a Maypole in the center of the village green, to deck it with fresh flowers and colored ribbons, and to dance around it at intervals all day. In America, centuries later, the practice still exists. On this island, May Day is to be observed in the old traditional way. Maypoles gaily decorated and children dancing, perhaps the same steps that were danced in Chaucer's time.

This year the Maypole dancing will be held on Saturday afternoon, April 30, at Wailuku ball park. From present indications there will be eight, possibly nine Maypoles, and the girls who are to participate are practicing in real earnest.

The program will commence at two o'clock with the kite-flying contest, for which various prizes have been provided, and afterward will come the Maypole dancing. The winning Maypole will receive a pennant and possibly another prize in addition.

A nominal admission fee will be charged to cover the cost of prizes, probably 10 cents for adults and 5 cents for children.

Wacs Lose to Sailors First Practice Game

Without preliminary practice the Wacs went up against a team from the Eagle boats that were in Kahului harbor in a game at Wailuku Ball Park last Sunday. So far as the Wacs were concerned the meeting was no measure of their abilities or possibilities but the Eagle Boat nine showed they had enjoyed the opportunities for early practice and are already an organized team. They strolled away with the bacon to the score of 9 to 5.

It was the first time since the Inter-Island games of the last Fair that the Wacs had been out on the diamond and they showed that they have need of practice to round up into season shape. After the game they were lumpy and sore.

On the other hand the Sailors were in fine fettle. They led all the way through and put up a Class A article with Gallagher in left garden doing some particularly showy playing.

St. Anthony Students And Alumni Will Form School Association

Formation of an alumni association among the former students of St. Anthony's School has been undertaken and membership lists are in circulation and the work of "signing up" is in progress.

Objects of the proposed association

Rattling Program Of Bouts Prepared

First Smoker of Ringside Club Will Afford Evening of Sport Next Saturday; Officials Are Selected.

Saturday evening is to be the king pin in sports with the Wailuku Ringside Club offering its initial smoker at the Alexander House Gymnasium. Following is a list of some of the bouts and matches.

1. Abel Mahu vs. J. B. Dutro, paper weights. Three 2-minute rounds.
2. Benny Do Rego vs. (Chinky) Wilson, flyweights. Three 2-minute rounds.
3. Takeshi Nagamatsu vs. Gunji Hotta, wrestling, catch-as-catch-can, 15 minutes or two out of three falls.

4. Jack Dempsey Kon, 130 lbs., vs. Henry Gomez, 125 lbs., three 3-minute rounds.
5. Manuel Souza, 132 lbs., vs. Tony Silva, 132 lbs. Three 3-minute rounds.
6. Hajime Hirotsu vs. Shigeo Takamoto, wrestling, catch-as-catch-can, 15 minutes or two out of three falls.

7. Semi-final event will be the three-round bout between Peter Souza and Valentine Dutro, lightweights. It is expected that Joaquin Miranda, 125 lbs., Antone Kahoonahonah 110 lbs., Alfred Rego, 118 lbs., and Joseph I. Silva, 115 lbs., will meet some worthwhile talent from the Lahaina side.

The smoker is free to the public and is being run in this manner to stimulate membership in the Wailuku Ringside Club.

Following is a list of the officials: Geo. Melancon, referee; Judges, Dan Carey and Sheriff Clem Crowell; Timekeeper, J. J. Walsh; Announcer, L. N. McCluskey; Match maker, L. C. Lewis.

The program will start promptly at 7:30 p. m., and will be completed in ample time for the dance at the Territorial Building. The future of boxing and wrestling as sports depends in a large measure upon the attendance at this smoker, and no live wire fan should pass up the opportunity of witnessing this feature card.

William Walsh and R. B. Rietow will represent East Maui in the doubles tennis championship, to compete against the winners at the Lahaina end. Walsh and Rietow won in the semi-finals against Tam and Aleong Yee, 6-2, 1-6, 7-5 and 6-2.

SPORTS BREVITIES

Waseda University baseball team is making a disappointing showing against the various Honolulu aggregations that it has thus far gone up against.

Derrill Pratt, formerly with the Yankees and now coach for Michigan U. has announced emphatically that he is out of professional baseball for keeps.

John Hughes, "the Lepper," one time champion six days ped was found dead recently in an old house at Leonia, New Jersey. He was 70 years old.

Twenty round bouts are now legalized in Manila. Clubs staging boxing exhibitions have to pay a \$300 license.

Duke Kahanamoku's 100 yard record was not broken by Pua Kealoha in Australia. The reports from there were garbled. When they reached Hawaii the apparent discrepancies of time were so great that error was surmised and it develops that the surmise was correct.

Harvard has won the squash title from Yale 5 games to 2.

John Griffith Price who played first base for the famous Atlantics of Brooklyn three score years ago died recently. He was the last member of the nine to pass over.

What Are We?

London Punch says the United States of America isn't a nation, but a picnic.

Wrong, again, old dear: it's a Wild West Show on the meetin'-house grounds.

It's starit-jacket with blue trimmings.

It's Captain Kidd preaching temperance and Priscilla Aden smoking.

It's—it's—well, maybe it's a picnic at that. If a picnic's a thing where you gulp indigestible viands covered with ants under a tender sky in which maybe a thunder-storm is brewing, and the car has a blowout and no spare tire, and the flowers are lovely amid the poison-ivy, and the kids fight and the wife nags and you've forgotten your pipe and the view from the hill is magnificent—yes, maybe we are a picnic, after all.—Philadelphia Public Ledger.

are to secure closer union among all St. Anthony's School boys by arranging for a reunion each year, to assist and take part in all athletic activities which have the approval of the athletic director, to encourage boys at present students to fit themselves for participation in any sporting events in which the school may have entries for competitive honors, to promote friendly and cordial contests with outside student bodies and the general public and to establish yearly prizes to be competed for by boys still in attendance at the school.

It is proposed that former students pay 50 cents a month in dues and present time students 25 cents monthly in support of the organization.

American Citizenship Educational Work is Being Well Conducted

American citizenship educational work has gone steadily forward during the winter term and will be continued through the night schools until June 23, according to the report of the citizenship committee of the Maui Aid Association, composed of E. E. Pleasant, chairman, A. W. Collins, S. A. Baldwin, Mrs. H. W. Rice and Mrs. A. C. Bowdish, a copy of which report was received yesterday and which follows:

"The resignation of Mr. Judd to take effect the first of the year necessitated some readjustments in the work carried on by this committee. The suggestion of Dr. Tate who has, since August, headed the work on West Maui, that the work be supervised in the different localities by the pastors as a part of their community work, seemed to be the best solution. Mr. Crider took charge of the schools at Wailuku, Waikapu and Hayashi Camp; Mr. Pleasant has been responsible for the schools at Puunene, Spreckelsville and Hamakua; and Mr. Bowdish has supervised those at Paia, Old Kailua and Keahua. Dr. Tate has continued in charge of the work on West Maui.

Motion Pictures Used

"The committee authorized the purchase of a DeVry projector and a Ford Generator and that equipment is used regularly in the schools in giving an occasional evening of entertainment and social enjoyment. On such special evenings the boys are asked to bring their friends. Usually about two reels of educational film and a comedy are shown. There is a lively song, usually one or two short talks and, where the crowd is not too large, some games. The committee now has two portable projectors in operation. Dr. Tate has used one since the beginning of the fall term. As often as possible outlying camps are visited where it is not feasible to organize a school.

"The teachers are, with one or two exceptions, American teachers, recruited from the public schools. They are paid \$15 a month for three nights a week, and \$10 for two nights. Nearly all the schools are three night schools. The sessions in all are hour and a half long. The pay is not sufficient to be a particular inducement in itself. The work is not easy but it is interesting and the teachers believe it is worth while. There were 31 teachers helping in the schools during the term.

"The boys pay a tuition of \$1.50 a month for a three night school and \$1.00 for two nights. During the term the boys paid into the treasury of the Maui Aid Association \$1192.75.

"The schools and average enrollment are as follows: Paia, 45; Kailua, 12; Keahua, 21; Hamakua, 14; Spreckelsville, 55; Puunene, 62; Camp One, 11; Wailuku, 20; Waikapu and Hayashi, 22.

"The foregoing schools are on Central Maui. On West Maui there are: Pump Camp, 20; New Mill Camp, 12; Old Mill Camp, 9; Kiawa Camp, 17; Olowalu, 22.

"The total number of boys attending was 343, and the attendance has been very regular. The enrollment is less than the fall term due partly to the fact that some of the boys have to work nights.

"The spring term beginning April 8 will be a two and a half month term closing June 23."

CARD OF THANKS.

Mrs. Manuel Nunes, Jr., and family extend their sincere and heartfelt thanks to the friends who showed their sympathy through many acts of kindness on the occasion of their recent bereavement in the death of their husband and father.

SEALED TENDERS.

Sealed tenders for the following:

1. Construction of Olowalu Bridge, Lahaina, Maui, T. H.
2. Tiling walls and floor of the operating, Scrub-up and Sterilizing rooms, Malulani Hospital, Wailuku Maui.

3. Installation of Hot water and Steam system, Malulani Hospital, Wailuku, Maui, T. H., will be received by the Board of Supervisors of the County of Maui, at the County Clerk's office, Wailuku, Territory of Hawaii, until 2:00 P. M. Friday, May 13th, 1921. Any and all bids not in accordance with this section will be at once rejected.

Copies of proposal blanks, plans and specifications can be obtained at the office of the County Engineer, Wailuku, Maui, T. H. A deposit of \$5.00 will be required for each set of plans and specifications.

Tenders must be made out on the blank forms supplied by the County Engineer and enclosed in an envelope furnished, sealed, and sent to the County Clerk so as to reach his office not later than 2:00 P. M., Friday, May 13th, 1921. Any and all bids not in accordance with this section will be at once rejected.

The right is reserved to reject any and all bids.

By order of the Board of Supervisors For and Within the County of Maui.

By R. K. WILCOX,
Deputy County Clerk.

April 22, 29, May 6.

TAILORED GARMENTS

Ladies' and Misses' Suits, Dresses Coats and Skirts

Made to the individual measure by the

New York Dress Co.

are now being delivered by W. H. Seligson, manager of the company, to patrons who placed their orders with him this Spring and are being received with expressions of satisfaction and admiration. Mr. Seligson returned from Honolulu headquarters of the company this week and is again at the Wailuku Hotel prepared to call upon those who have not yet been seen or who desire to make further purchases and will be pleased to call upon you with samples of the newest styles, designs, colors and fabrics which will mark the woman with distinctive taste in the larger cities of the mainland. The workmanship, quality, style and popular prices will convince you of the

EXCEPTIONAL VALUES OFFERED

For appointment phone Wailuku 65 and ask for Mr. Seligson. No obligation to purchase is entailed by your acceptance of this offer.

BEST TRACKLAYER TRACTOR

THE BEST "30" TRACTOR

Has arrived on Maui and demonstrations of its work are now being given. One of them is planned to be held at the Haiku Experiment Station and another at Lahaina, both during the coming week.

For information relative to dates and hours telephone to E. F. Hansen, Wailuku Hotel, 65 Wailuku.

Theo. H. Davies & Co., Ltd.

Agent for the C. L. Best Tractor Company

It is Yours To Enjoy

SHOULD there be a law passed tomorrow depriving you of your right to make a will, you would doubtless voice a vigorous protest. Yet there are 85 per cent of the people of the United States who neglect to use this privilege, and leave the fate of their heirs in the hands of the Courts. Next time you are in Honolulu, let's talk this important matter over.
