TAFT ACCEPTS WILDER'S RESIGNATION GREAT LIGHTHOUSE DEPOT HERE

Want Site For \$100,000 Depot

U. S. Engineers Instructed to Decide Location of Lighthouse Supply Station

The United States authorities are searching for a site upon which will be located a lighthouse depot and supply station which will cost over \$100,000. It is stated that authorization has been received by Major Winslow to proceed at once with the selection of a site on the waterfront of the city that will prove suitable and available for the erection of a depot for the lighthouse establishment in the Territory.

The amount asked for the condemnation of land and construction of a site is \$102,000, the estimates having been placed in the hands of the Washington authorities some time ago. The site has not yet been determined upon, but will require a careful investigation by the local engineers' department before a final recommendation is made to the Washington authorities.

The establishment of a lighthouse depot in Honolulu was dwelt on at considerable length in the report of Governor Frear for 1909.

Major Winslow, in regard to the report from Washington that the government intends erecting a lighthouse depot at a cost of about \$100,000, today said:

"The necessity for a lighthouse depot was considered so pressing that about a year ago estimates and figures were drawn up by this office and submitted to the Lighthouse Board for the construction of a proper wharf and depot. These estimates were passed upon and apparently have now been forwarded to Congress, hence the report that an appropriation has been made."

The recommendation of previous years for the establishment of a lighthouse depot has been renewed and pushed with such vigor that the amount asked for originally has been increased from \$40,000 to \$102,000, this increase being considered necessary in view of the additional space required for storage and for handling plant for large lighted buoys and for the accommodation of the tender and storekeepers.

TAFT GETS ZELAYA LETTER

NICARAGUA, Dec. 17. — President Zelaya has cabled President Taft that he has resigned his office. He declares that his purpose in taking this step is to enable Nicaragua to resume friendly relations with the United States.

He announces his intention of leaving his country, but says he is ready to account for any and all his acts during his term of office as President.

To Recognize Gen. Estrada

WASHINGTON, Dec. 17. — Congressman Sulzer of New York introduced a resolution today authorizing the President to recognize General Estrada as the President of Nicaragua and proceed to punish ex-President Zelaya for his outrages against American citizens and their nation.

COUNTY OFFICIALS INSPECT ROADS

Mayor Fern, City and County Clerk Kalaunokalani and Members Quinn Ahia, Cox and Kane of the Board of City and County Supervisors left this morning to pay a visit to some of the new roads now under construction or recently completed in the county of Oahu.

The party will also make an inspection of that portion of the road in the vicinity of Raymond Grove where it passes over the small culvert at which Miss Smith lost her life on Wednesday night.

The county officials will travel over such portions of the Kalaunui and Kahana roads that are completed. The party left Honolulu in an automobile and expect to return late this evening.

G. I. Norman, a prominent architect of Atlanta, Ga., committed suicide by shooting. Ill health is supposed to have been the cause.

SIERRA READY BY FIRST OF MARCH

May Bring Several Excursion Parties Here

The Oceanic Steamship Sierra is now being converted into an oil burning vessel and before the alterations and repairs which the steamer is now undergoing are completed, the Sierra will be placed in first class condition, and will be in every way on a par with the best equipped liners which now make the port of Honolulu.

The Sierra will be ready for sea by March 1, according to the latest advices received at the local agency by the Alameda this morning.

The contract has now been let which will result in a fuel-oil burning apparatus being installed in the Sierra.

The liner will be ready for going on the San Francisco-Honolulu run as soon as she has completed two or three special trips which are now mooted, wherein excursion parties are to be brought down from the coast to the islands.

In a letter from the Oceanic Steamship management, it is stated that (Continued on Page 3)

DOWDELL ROUNDS OFF HALF CENTURY AT SEA

Alameda's Skipper Is Still Hale and Hearty

SIERRA NOT READY FOR SEVERAL TRIPS

Popular Ferry Brings Big Cargo, New Automobiles, Over One Hundred Passengers and Christmas Mail—Kaanimania Return.

Captain Thomas Dowdell rounded out fifty years at sea only a few days ago and the completion of a half century spent in going down to the sea in ships was not allowed to pass without a demonstration from the officers and other members of the staff of the good ship Alameda.

Captain Dowdell, with the care and responsibilities of the crack Oceanic liner resting upon him, might have been inclined to let the event escape his notice, but the reception that he received at the hands of his fellow associates on the Alameda is something that will require long years to forget.

The fiftieth milestone of continuous service at sea was passed by the well-liked skipper as the Alameda was nearing San Francisco on her last trip up from Honolulu. The first intimation that Captain Dowdell had of the celebration was when he was led down the companion-way into a prettily decorated dining saloon and he there viewed a wealth of artistic decoration showing the handiwork of Purser Tom Smith and J. Carleton and his assistants.

All the passengers participated in the celebration. Many a toast was offered to the continued health and service of the popular skipper.

The Alameda came alongside the Oceanic wharf shortly before 9 o'clock this morning, bringing 86 cabin and 33 steerage passengers. The vessel came down from San Francisco in 5 days, 20 hours, 51 minutes and 14 seconds to follow the exact notation in the report kept by Purser Smith.

The Alameda brings general cargo to the amount of a trifle over fifteen hundred tons. Included in this are eight new automobiles for local importers.

There is a Christmas mail of 250 sacks.

The trip was signalled by fair weather most of the way down. There were no gales as the steamer apparently kept ahead of the bad weather which followed along the California Coast after the sailing of the Alameda. One of the steerage passengers is a Japanese who was deported from Honolulu some weeks ago. He is believed to have been of unsound mind and made one unsuccessful attempt to end his life by cutting his throat.

Chief Engineer Frank Putzer of the Alameda has resigned his position to accept an important office with the Selby Smelting and Lead Company in the metal department. Putzer has been chief on the Alameda for the past three years and his brother officers are sorry to see him go. Before taking charge of affairs in the Alameda's engine room, Putzer was chief on the (Continued on Page 5)

A NEW ARRIVAL

Among the many packages included in the freight of the S. S. Lurline, which arrived here a few days ago, was one for L. B. Kerr & Co., which contained a large assortment of the latest in jet and shell barrettes, side combs, hand bags, collars, brooches, back combs, head bags, feather boas and a great quantity of other goods so dear to Xmas.

These goods are intended as samples from which to make up the coming spring orders, but it being the Holiday Season, Kerr & Co. have decided to put them on sale at once. Remember there are no two alike and that they are the very latest. Toys are one of the specialties here.

CONTEST FOR LEO'S THRONE

BRUSSELS, Belgium, Dec. 17. — It is reported that the son of the Baroness Vaughan will make a contest for the throne of Belgium. It is said that the Vatican has confirmed the marriage.

Americans Ask Protection

CORINTO, Nicaragua, Dec. 17. — Americans are asking for protection from the armed supporters of the Zelaya cause.

SENDING MORE MARINES

WASHINGTON, Dec. 17. — The naval transport Buffalo with seven hundred marines has been ordered to Panama.

The spectacle of a woman fighting for possession of the body of the man she killed was seen in court at Reno, Nev., when Lieutenant-Colonel Talbot, of the Canadian Parliament, obtained an injunction preventing Mrs. Mary Talbot from sending the body of her husband to San Francisco for cremation. Mrs. Talbot, a former opera singer, shot her husband.

The City Commissioners of Wichita, Kan., passed an ordinance providing for a censor of plays and moving picture shows, in order that they might legally stop the reproduction of the Coffeyville Bank raid by the Dalton gang.

Directors of the Iron Mountain railroad called a meeting of stockholders in February to approve of the absorption of the twenty-three auxiliary lines of the system in Arkansas and Louisiana and a \$25,000,000 bond issue.

It was announced recently at Pontiac, Mich., that the Grand Trunk system has practically closed a deal for the purchase of the Pontiac, Oxford & Northern Railroad, 100 miles in length.

The Proposed Merger of Copper interests is still in progress according to announcement by J. P. Morgan & Co.

WARD SAYS WAS MISREPRESENTED

Stands by Resolution and Says Something on Americanism

George Ward, president of the Marine Engineers' Association, was misrepresented by the morning paper—whether intentionally or not he does not know—when he was published as not knowing that the coastwise law suspension movement had to do with passengers only. Mr. Ward says:

"A reporter of the Advertiser called on me and wanted my personal statement in regard to just how I stood on the coastwise law suspension question. I referred him to the resolution of the engineers, passed at their last meeting, and asked him if it was not clear enough for him or anybody else that could read.

As regards the statement that I was in favor of suspending the coastwise laws for passengers only, I wish to say that I never made any such statement, nor did I hear any such (Continued on Page 5)

Kapaa Water Rights Charge

Spaulding Alleged to Have Taken Water Belonging to Public—Faces Suit

Charged with the misappropriation of a public water supply Colonel Spaulding and the Makee Sugar Company are probable defendants in a suit that may be instituted against the sugar magnate and the corporation by the officials of the Territorial government, the case having been placed in the hands of Acting Attorney General Lorin Andrews by Marston Campbell in his capacity as land commissioner.

The Makee Sugar Company and its president Colonel Spaulding are accused of having used for the sole and exclusive benefit of the plantation water having its source in the manua lands, adjoining the plantation, which are public domains.

Spaulding refuses to admit that he has been using water for irrigation and power purposes which belong by right to the public, and has accordingly, it is understood, refused to admit the contention advanced by Campbell that he should reimburse the Territory for the water applied wrongfully and without right.

There is a possibility of course that the water differences existing between the Government and the Spaulding interests in regard to the Kapaa water rights may be amicably adjusted, the history of Kapaa and its many interesting ramifications of administrative control indicate that it may not be necessary for the Government to press its contemplated suit against the Makee Sugar Company which heretofore has profited materially through the fates of the Kapaa lands.

It is understood that Campbell has delivered an ultimatum to Spaulding to the general effect that he must pay a stipulated sum for the water used after a date specified and that if this is not agreed to by the Makee Sugar Company the Attorney General's department will be asked to proceed at once with the legal side of the question.

Taft Accepts Wilder Resignation

Cablegram Received And Wilder Is No Longer An Associate Supreme Justice

Arthur Wilder is no longer an associate justice of the Supreme Court of Hawaii. A cablegram was received by him this morning from President Taft accepting his resignation to take effect immediately and it became operative as soon as it was placed in the hands of Justice Wilder.

The terms of President Taft's acceptance are as follows:

"Your telegram of December 15th received and resignation as associate justice Supreme Court of Hawaii is hereby accepted to take effect immediately.

"WILLIAM H. TAFT."

Wilder is consequently now free to take up his duties as a member of the law firm of Thompson & Clemons and his period of able service as a justice of the Supreme Court has ceased.

Nothing has been heard from Washington as yet on the appointment of his successor, but it is generally accepted that the unanimous endorsement of the Bar Association will give Judge De Bolt the place.

Judge Woodruff, retiring from the bench of the United States Federal court, stated this morning that his resignation has been sent to Washington to take effect on January 1 and he expressed the hope that it might have been accepted and his successor named before he left the Territory, which he does on the Korea Monday.

Maurice Cornell, a survivor of the Greeley North pole expedition, declares his belief that Dr. Frederick A. Cook reached the pole.

Col. Cyrus Leary, who commanded the Forty-ninth Negro Infantry during the Civil War, died at Upper Sandusky, O.

Road Is Blamed For Auto Tragedy

Coroner's Jury Views Scene of Miss Smith's Death—Danger To Traffic

This morning the coroner's jury which is enquiring into the death of Miss Harriet Smith who was killed in an automobile wreck on Wednesday night, visited the scene of the accident.

The jury was taken out in an automobile and Deputy Sheriff Rose accompanied the party. A start was made at 9:30 o'clock from the police court, and the jurors returned to town at 11 o'clock. Immediately upon reaching the Sheriff's office the jury handed in the following verdict:

"We find that Harriet Smith died from a fracture of the skull at the base of the brain, caused by the accidental overturning of an automobile driven by one O. L. Sorenson, owing to a misjudgment on his part, of the road, said accident occurring at a culvert near Raymond Grove, in the district of Ewa, City and County of Honolulu, Territory of Hawaii.

"This jury feels that the approach leading up to the culvert where the accident occurred is unsafe for public traffic and should be properly guarded."

At the inquest, which was held last night at the police station, the first witness called was Ollie Sorenson, who was driving the machine when the accident occurred.

Sorenson deposed that the car was not traveling at a higher rate of speed than ten or fifteen miles an hour. The

big lamp on the machine was not lit as there had been some trouble with it; the smaller lamps did not give sufficient light to make the road clear. Witness thought that he was past the place where the accident happened. It all happened so suddenly that he could not remember much about the affair till he climbed out of the ditch later on. He thinks that at the moment the car went over the embankment that he cut off the spark.

As soon as he recovered himself he heard two groans from Miss Smith and everything was quiet, until Will Roth cried out for help. Roth was pinned down under the car and was complaining that he could not breathe, and saying that he did not think he could stand it much longer.

Miss Hegemann came to his assistance and between them they managed (Continued on Page 3)

EUROPE'S VETERAN KING PASSES BEYOND

BRUSSELS, Dec. 16.—King Leopold died this morning at thirty-five minutes after two o'clock.

The heir apparent to the Belgian throne is Prince Albert, Count of Flanders and a nephew to Leopold. He is thirty-four years old, the son of Prince Philippe and the Hohenzollern Princess Marie, a relative of the Emperor of Germany. King Leopold has three daughters, but the succession to the throne is in the direct male line in order of primogeniture.

ZELAYA MUST ANSWER TO UNITED STATES

WASHINGTON, Dec. 16.—News of the resignation of President Zelaya of Nicaragua, which was sent to the Nicaraguan Senate today, has been received at the state department here. The resignation was received with a great deal of satisfaction, but the fact that he has given up the reins of government will not result in his escape from the attentions of the American government.

TO CHANGE INAUGURATION DAY

WASHINGTON, Dec. 16.—The house committee on elections gave a hearing today to the proposal that the date for inauguration day be changed from March 4 to the last Thursday of April. The committee seems to be favorably inclined towards the change.

MORE SCANDAL IN SIGHT

NEW YORK, Dec. 16.—Collector of the Port Loeb received a sudden call today to go to Washington, presumably in connection with the ever-increasing sugar scandals. He is to confer with President Taft.

ROAD IS BLAMED

(Continued from Page 1)
to lift the car a little off the road. While they were holding the car up another automobile passed along the road at a fast rate of speed and although witness shouted as loud as he could the driver evidently did not hear him.

The doctor arrived before we left the spot, and Miss Smith was pronounced dead by him. The party left town shortly after 9 o'clock and when the accident happened it must have been about 9:30.

The car went over the embankment near the culvert on the town side of the court house. The brakes and steering gear were in good order. Miss Smith drove the car as far as Fort Shafter, and then witness took charge. Will Roth was the next witness called and he stated that he and Miss Hegemann were on the back of the car. Miss Hegemann was seated and witness sat on the side of the machine, as there was only room for one on the seat.

The car was not going faster than ten or twelve miles an hour, and when the accident occurred, witness was thrown through the air into the ditch. The car came down on top of him and he was pinned beneath it until Sorenson and Miss Hegemann and some others lifted it off him.

In answer to a jurymen Roth said he thought the height of the fall the car made was about ten feet. Miss Smith was on the left hand seat in front. The car capsized to the right and everyone was thrown out.

Dr. Hodgins, who was called up by telephone and reached Pearl City about 11 o'clock, was the next witness. He found the body of Miss Smith there; did not make a detailed examination then, but did later on.

Dr. Cooper of Honolulu plantation had seen the body first, and there was nothing to do. Later on in town he examined the body and found that the left side of the face was bruised, and that the base of the skull was fractured. There were other bruises on the arms and body. Death, in witness' opinion, was caused by the fracture of the skull.

Frank Thompson then was called and he told of the dangerous condition of the road and explained how it narrowed in to meet the culvert. There were no wing walls or fence, and in order to get onto the culvert a car had to swing out a little, and in case of there being no proper light there was great danger of the machine going over the embankment before the culvert was reached.

Thompson had looked for the track

of Sorenson's automobile, and had seen how he had kept too far to the right as he approached the culvert. A big electric arc light that stood some distance from the road, threw its beams into the eyes of chauffeurs, and a large tree also made flickering shadows that made it difficult to steer properly.

The witness did not agree with the previous testimony as to the time the party left town for Pearl City. It must have been 9:45 when the autos left Honolulu and witness, who had pulled up for the trouble, reached the scene of the accident at about 10:45. Just as the body of Miss Smith was being carried to the house at Pearl City.

Thompson tried to get a large automobile from town but was unable to do so. The party at last got into Thompson's machine, and Lieutenant Fardee sat on the back seat and supported the body of the dead girl all the way into town.

Miss Hegemann, who was only on the witness stand for a few minutes, testified that she was riding on the back seat of the automobile, which was not going very fast. All she remembers of the accident was a lurch as the car went over the embankment. Miss Smith was 25 years of age and was a native of Boston.

This concluded the evidence and the inquest adjourned till this morning.

SIERRA READY BY FIRST OF MARCH

(Continued from Page 1)
while there is no degree of certainty that the excursions will eventually be pulled off, the Oceanic Steamship Co. has received a number of inquiries from large parties of tourists and organizations with a view of visiting the Hawaiian Islands.

The Sierra is particularly adapted for this class of business and the prospects are exceedingly bright that a series of special trips will be made by the steamer before taking up her regular run to Honolulu.

The Alameda will continue on the run between the islands and the coast until the Sierra will have finished with the excursion business now contemplated by the San Francisco office.

Whether the Alameda will be continued on the San Francisco-Honolulu run in conjunction with the Sierra after that vessel makes up her regular schedule to the islands is a matter that will necessarily be governed entirely by the amount of passenger traffic and freight business offered the two vessels.

It is contended that steamship companies, like most every other business enterprise, are not operating in the interests of philanthropy. They are out for a fair and reasonable profit on the investment. Should there be large passenger bookings but a small freight offering, such business is declared will not warrant the continued operation of the two steamers.

This, however, is a matter that can not be determined until after the Sierra has taken up her new run in connection with that covered by the Alameda.

INTEREST IN PIANO GAME

Much interest is manifest in the weekly reduction being made on the Starr Piano displayed in the Thayer Piano Store window. This piano is being weekly reduced in price \$5. The reduction began on October 1st. The 88 note Cecilian Player sold at this popular piano store would make a fine Christmas present for any home.

THE BRITISH steamer Swanley, which brought eight hundred and sixty-odd Portuguese immigrants from the Azores to Honolulu, was dispatched for New Zealand ports yesterday. The Swanley remained off the harbor until after 8 o'clock last evening awaiting further instructions from her owners by cable. The vessel expects to take on a shipment of wool or other products destined for the Continent and the United Kingdom.

High-Class Clothing

We handle the Highest-Grade CLOTHING, possessing all the style that experience and skill can produce.

We buy direct from the manufacturers and are consequently in a position to give you values of an unusual nature.

The SUITS we are selling this season for \$20 are not only the best we have ever shown, but they are remarkable in many ways.

You will have to see these Suits yourself to form an idea of what splendid values we are giving.

John Jacob Astor, His Son And Yacht Which Was Missing In The Caribbean Sea

The long delay in hearing from Colonel John Jacob Astor and his son Vincent, who were cruising on the yacht Nourmahal in the Caribbean sea when the great hurricane swept the West Indies, caused grave alarm among the friends of the millionaire all over the world. For several days cable communication with the West Indies was cut off owing to the storm, and no wireless messages reached the outer world from that quarter of the globe. It was believed that when the cables got to working Mr. Astor would communicate with the New York Yacht club, and after a long delay during which time tugs were sent out in search, the yacht turned up safely. Mr. Astor and his son sailed just a few days before the public announcement was made of Mrs. Astor's suit for divorce. When the yacht reached Port Antonio, Jamaica, reporters went aboard and asked Mr. Astor about the suit, but he flatly refused to discuss it. The Nourmahal is the most palatial yacht afloat. Her furnishings are also the most elaborate of any private vessel in the world. She can steam 5,000 miles without replenishing her coal supply and carries a full equipment of life-boats and steam launches besides a crew of fifty men. She is also equipped with wireless apparatus.

FRIDAY DECEMBER 17, 1909

The chief art of learning is to attempt but little at a time. The widest excursions of the mind are made by short flights repeated; the most lofty fabrics of science are formed by the continued accumulations of single propositions.—John Locke.

Never has a better opportunity offered to hold on to sugar stocks despite the record presented by the Stock Exchange quotations from day to day.

If it be true that the Kapua land matter is about to be brought to a head, it is also true that the Kapua land matter is a boil of ancient lineage.

President Zelaya, despite his erratic methods of trying to run his own government, at least knows enough to go in when it rains ships and men from the United States.

Now that San Francisco has incorporated its Panama-Pacific exposition and set the date for 1915, what has become of Honolulu's Pearl Harbor celebration once slated for 1912?

What folly it would be for Hawaii to give up the European immigration because one agent has made a most indifferent success of the difficult and important task to which he was delegated.

Not half of what the Federal government is doing on the island of Oahu has ever been told, but the Bulletin in tomorrow's issue will review more of it than has been previously put before the public.

King Leopold of Belgium has been one of the most powerful figures of his day. Now that he has passed to his final reward various writers will find time to discuss what good he did in this world. Very few rise to his demise while he lived.

There is much hard sense in the reminder of President Ward of the Marine Engineers that the energy of this aggressive town would be applied to better effect if turned to an undivided and enthusiastic support of the ship subsidy bill.

New York City's Board of Education has barred football from the public schools of Greater New York, branding the game as dangerous. Now that football is martyred its boy friends in New York will increase by the thousands.

"Get ready for the Canal" is the message sent out by John Barrett to the people of the Gulf and Pacific States, and it applies mightily forcibly to Honolulu. Some of our people appear to be actually living under the delusion that the present activity and growth are temporary affairs.

President Taft tells Congress that, believing in retrenchment, the department estimates put before Congress merely call for the actual necessities of the government. If Congress acts as though this were an exact statement of fact, it will be the first time any chief executive has been treated with such distinguished consideration.

Presumably the telephone company's charter requires that in digging up the streets, the company's representatives shall leave the roadway in as good condition as they found it. Gulches and chuck holes now in evidence show how well this is being done, and ought to call for the attention of Territorial authorities if the city has nothing to say in the matter.

General trade continues large in volume, especially in the interior. Bank clearings demonstrate this. Railroad earnings are very satisfactory and the extraordinary activity in steel and iron shows no signs of abating. Textiles are also in good demand.—Henry Clews' Bankers' Circular.

It is mighty hard to make out anything but widespread prosperity in that paragraph.

Congressman Bartlett of Nevada, one of the Democratic members who

will fight for the ship subsidy law this session, says: "Speeches don't carry bills in Congress. It's the man-to-man argument that counts. This is the kind of work I am going to do for the ship subsidy bill. I believe I can exercise some influence in the lower house among the men of my party, and I am going to use every argument I know to win them to the support of the bill."

During the boom days quite a number of purchasers of building lots found that they had paid for a lot on which the mortgage had not been satisfied. As the present activity in real estate is not a boom demand and the selling agents thus far are reliable corporations and reliable men, there seems little probability of the old record being repeated. It should be one of the certainties of the situation, however, that the seller who uses the installment money of the home purchaser for other purposes than satisfaction of the mortgage on the property shall be put where he belongs.

KUKIHO AND THURSTON.

Delegate Kukiho having reminded the morning paper of its well-known reputation for doing its utmost to engage the Republican party during the progress of a campaign, that man comes back at the Delegate by reading him out of the Republican party.

The public having in mind the subject apology written by Lorrin A. Thurston for the attacks made by his newspaper on Delegate Kukiho can easily believe that that paper's opinions, which are those of its owner, will be entirely influenced in the future, as they very obviously have been in the past, by the prospect of the Hilo breakwater and Thurston's ability to use Kukiho.

Thurston understood and admitted that he had to "have Kukiho" in order to get the breakwater. Now he has it started, he believes he can get along without Kukiho.

That's all there is to the position of the morning paper.

As regards Kukiho, his trip through the County of Hawaii has led him to make assertions that will tend to alienate certain voters who were absolutely necessary to his election a year ago.

What the Republicans have to consider is whether their land policy is strong fighting ground, and, whether it is advisable at the present time to allow the situation to drift into a fight that will mean a contest more nearly along race lines than anything Hawaii has experienced since the Wilcox days.

If the Delegate allows himself to be forced or wheedled into such a fight—which it is earnestly hoped he will not do—there can be only one eventual result. The only question would be the amount of ruin and arrested prosperity that will be spread along the path.

FACTS ABOUT NICARAGUA.

One of the most valuable phases of the work done by the International Bureau of American Republics is the accurate and timely information it disseminates regarding the neighbors to the south of us.

This bureau handles data in which the people are interested. It preaches to the American manufacturers and merchants that they must put their goods in an attractive form for the trade if they expect success, and practices what it preaches when handling information for Americans.

In line with the up-to-dateness of the Bureau's operations is a memorandum sent out by Director Barrett giving the plain facts regarding Nicaragua, of which so little is known by the average reader and regarding which so many readers now wish information.

The memorandum is, in fact, the most accurate and telling of anything that has been published since Zelaya began to command the attention of the state department. It follows:

Everybody seems to be asking, in view of present developments, what, exactly, is Nicaragua, how large is

Christmas Candies

The Alexander Young Cafe manufactures its candies daily. This is why they have that delicious "Home-Made" flavor so foreign to candy of mainland manufacture. Cleanliness is our watchword, and we invite inspection of our factory.

"A. Y. C." on a box of candy is what "Sterling" means on silver.

Alexander Young Cafe

it, what are its resources, commerce and climate?

There is only four square miles difference between the area of Nicaragua and the state of New York. Take Connecticut out of New England, and Nicaragua would cover the rest of it. It is approximately half the size of the state of Washington. To be exact, it covers 49,200 square miles, which is larger than Holland, Belgium and Denmark combined. It has a remarkable extent of coast lines on two oceans. On the Caribbean, it reaches nearly 300 miles due north and south; on the Pacific it extends 225 miles. Its greatest width is 275 miles, or approximately the distance from Washington to New York. Its least width is 125 miles, or approximately the distance from Chicago to the Mississippi river.

It has the smallest population of any Central American country, but is correspondingly capable of great material development. There are only about 600,000 people within its limits. Of these, five-sixths are upon the western or Pacific side, the eastern or Caribbean shore lies low and is drained by many rivers. The only industry in this section is the growing of bananas, which were shipped in 1908 to the number of 1,500,000 bunches, valued at \$9 cents a bunch. The principal town here is Bluefields, a little south of

Quick Communication.

WIRELESS

On Sunday mornings the office is open from eight until ten.

The center, having 5,000 inhabitants. It is 1,186 miles from New Orleans and 310 miles from Colon. The only other important places on this coast are Greytown, at the southern point, with 2,000 inhabitants, near the mouth of the San Juan river, which was to have been the course of the Isthmian canal built through Nicaragua, and Cape Gracias a Dios, at the northern point, with only 1,500 people. On the populated Pacific slope the chief cities are Leon, the historic and interesting old capital, with 60,000 inhabitants; Managua, the present capital, with 40,000; Mataalpa, with 16,000; Granada, with 12,000, and several other towns of from 5,000 to 10,000. The principal port on the Pacific side is Corinto, near the northern end, with only about 2,000 people. At the southern end is the harbor of San Juan del Sur.

There is one railroad in Nicaragua, which starts at Corinto and runs to Managua, and thence across to Granada on Lake Nicaragua, cents a bunch. The principal town which is the largest inland body of here is Bluefields, a little south of

TURTLE GATHERS HISTORY.

EAST LIVERPOOL (Ohio), November 29.—A turtle with seventy-five years of history carved on its back was found near Lisbon, and after another line had been recorded it was turned loose to get some more. In 1832 Aaron Baker of Signal found a turtle upon his farm and cut his name and date on its shell. In 1864 Thomas Baker, a son

found the turtle, and he, too, cut his name and the date. In 1889 the turtle was found by Joseph Baker, a grandson, and he did as the former men.

This morning William Baker, a great-grandson, wandered upon the same turtle near the old homestead. He followed the example of his ancestors and again set the turtle free.

LOCAL AND GENERAL

The Bulletin's Big Nickel Scratch Pad is the biggest five cents worth of paper ever offered in Honolulu. Six of them for a quarter.

Fine copperplate engraving and printing at Beakbane's, Fort street. Automobiles—hack rates. Empire stand, Phone 213, Bethel and Hotel. Hollyberries for Christmas are on sale at Mrs. Dickerson's, Sachs Bldg. Oahu Lodge, K. of P., meets this evening at 7:30 o'clock in Pythian Hall.

Initiation at Elks this evening. All members are requested to attend the meeting.

For a good reliable auto, call up Phone 609 and get Joe Lee's seven-seater Stoddard.

Spreads served with light lunches at the Baltimore Cafe, Fort street, contain the best of everything.

Cost your iron roofs with "Arabic." You will be surprised at its cooling and preservative properties. California Feed Co., agents.

A young man, giving the name of John Legdon, has been arrested for nurse snatching in New York. He gives his home address as Honolulu.

If you have your typewriter repaired or cleaned you will always take your machines to them in future, for their work is guaranteed. Wall, Nichols Co., Ltd., is the place.

Repairs to the band stand in the grounds of the Hawaiian hotel are finished, and with the removal of the fence from around the lawn makes an additional beauty spot in the city.

Dengue is epidemic throughout the city and many are confined to their homes by its unpleasantness. Acting Governor Mott-Smith and Internal Revenue Collector Doyle are among its victims.

The Diamond Heads are practicing hard for the coming struggle against the J. A. Co. and are leaving nothing undone that can in any way fit them for what they know will be the go of their lives.

Word has been received in this city to the effect that Norman Wood is wanted in New York on a charge of murder. He was at one time a sugar maker on these islands and was later employed on the American-Hawaiian steamers.

Work on the new observatory for the College of Hawaii is going ahead regardless of the fact that there is not sufficient money yet contributed to meet the cost. But this fact is not giving any bother, as it is an assured fact that there will be enough on hand for the payment when the time comes to settle.

Last Tuesday evening a meeting of the King's Daughters was held at the home of Mrs. H. H. Williams for the purpose of arranging for the distribution of clothing to the poor throughout the city. There were three hundred new garments of all shapes and sizes. The clothing was all given to Miss Florence Yarrow to be used in her work for Christmas.

Christmas Day Is Drawing Near

MEN always appreciate useful articles for Christmas. That's why so many ladies may be seen during any hour of the day buying attractive gift things in our store. If you want something real handsome in Neckwear, this is the place to buy it. If you want Suspenders, Hosiery, Collar Bags, Handkerchiefs, Belts, and many other things men care for in the haberdashery line this is the place to get them.

Ours is a truly remarkable stock, and we want every lady to see it.

SILVA'S TOGGERY, Elks' Bld., King nr Fort

INCORPORATE WITH PROMOTION

By the Asia to the Orient this week we sent a box of folders to Herbert Clark, in charge of the big round-the-world cruise of the S. S. Cleveland, to be distributed among the 650 passengers on board at Yokohama.

The Cleveland is due to arrive with her party in Honolulu on Sunday morning, January 23, and will sail on the evening of the 24th. Mr. Cooper reports: In a letter from Mr. Clark, just received, he thanks us warmly for what we have done and is proposing doing to make the visit of his party one of the most pleasant events of the entire cruise.

He also says: "Mr. Ford and everybody I have seen who has been in Honolulu have praised the place so much that I really expect to spend a great deal of my time in Honolulu in the very near future, as I am going to take life a little easier and practically, if not quite, retire from business very soon, as my business is getting so well established that I do not have to stick to the grind-

MISREPRESENT WARD ON COASTWISE LAW

question asked. I would consider such a proposition in regard to suspending the coastwise shipping laws for the benefit of passengers only as the entering point of a wedge that would be rapidly driven home and split this country wide open with more serious results than the unexpected outbreak of a volcano.

"I tell you how it looks to me," continued Mr. Ward. "If these fellows who are howling for the suspension of the coastwise shipping laws would use all of this talk and cry in making a roar for ship subsidy and help an American bill, in business very soon, as my business is getting so well established that I do not have to stick to the grind-

benefit of American people, it would be more to the point.

"The holding of that 'suspension' meeting at a time when those who would be directly affected in a way not conducive to prosperity could not be present has on its face the mark of insincerity.

"Put me on record as being out for everything that is American. That covers the whole business. I'll have nothing more to say."

NEW BULLETIN DELIVERY

The Evening Bulletin is now delivered in the Kaimuki District, including Fort Ruger.

Readers of the Bulletin who desire the paper delivered at their homes in this district will be accommodated if they leave their names and addresses in the business office of the Bulletin.

This delivery includes territory up to one-half mile mauka car line on Palolo road.

be more to the point.

SATURDAY'S BULLETIN

Saturday's Bulletin is the paper that you must have. Tomorrow's issue will tell the story of the recently arrived tourist, over seventy years of age, who has done most remarkable round-the-island walking stunts just for the pleasure of the tramp.
Mrs. Grace Tower Warren will review the art exhibit of Miss Raymond.
What's being done on the extension of the Hilo Railway will be told in an illustrated article.
Those interested in what is going on in Federal circles will probably be surprised at the instructive facts brought out in the review of the tremendous amount of public work now being carried on by the Government.
All the social doings of the week and something of what is to be found in the stores in the way of Christmas suggestions.
Usual Saturday Bulletin stories of lighter vein and for children.
And you must always read the Bulletin if you want the news.

DOWDELL ROUNDS OFF HALF CENTURY AT SEA

(Continued From Page 1)
United States Army Transport Buford, and spent five years in the troopship service. First Assistant Engineer Shipman has been appointed as Putner's successor.

Chief Engineer Shipman was advised by wireless shortly after the Alameda sailed, of the death of his wife. The news came as a great shock to the well known officer.

There was a severe electrical storm prevailing some distance away from the Alameda on Wednesday night according to the report brought down by D. E. Baxter, the wireless operator of the steamer. Baxter states that the shock was of sufficient magnitude to put the Alameda wireless out of commission for the night. He finally got into communication with the Enterprise and the operator on that vessel stated that he had received a serious shock from the apparatus because of the storm. The Alameda managed to keep in constant touch with a number of stations and vessels during the five days' voyage.

The Alameda is scheduled to sail for San Francisco on Wednesday morning.

There was a large number of returning kamaainas on the Alameda who have been on business or pleasure tours to the mainland.

A. J. Campbell, who was appointed as special agent to represent the Territorial Immigration board in its efforts to gather laborers from the Azores, has returned by the Alameda. The Portuguese who arrived here a few days ago by the British steamer Swanley were the results of the recruiting efforts of Mr. Campbell. C. Harvey-Elder is a local newspaper man who has been spending some weeks on the Pacific slope.

After an absence of nearly five years, the greater part of the time being spent in Porto Rico, J. M. Budding has returned to Hawaii.

Archie W. Adams, the secretary of the Hawaiian Pineapple Company, is back from a successful business trip to the States. He is accompanied by Mrs. Adams.

Mrs. J. C. Castner is the wife of Captain Castner, and returned from a pleasant visit to the mainland.

George H. Fairchild, the plantation man, also returned by the Alameda.

GREAT ENDING TO CONVENTION

WITTY SPEECHES ARE
FEATURE OF BANQUET

W. Castle Thinks Rubber Prospects
in Hawaii Are Bright—Dan Logan
and C. D. Lufkin Mirthful
With "Elastic" Speeches.

The Hawaiian Rubber Growers' Association brought their third annual convention to a close yesterday with a banquet at the Young Hotel. Among those present were Fred L. Waldron, R. S. Hosmer, W. W. Thayer, L. G. Blackman, Q. Q. Bradford, James L. Coke, T. M. Church, C. J. Austin, D. B. Murdoch, Charles Baldwin, H. Streubeck, D. C. Lindsay, John Gill, R. A. Wadsworth, C. D. Lufkin, Dan Logan, G. R. Ewart, Dr. A. B. Clarke, R. B. Booth, B. Von Damm, R. J. Pratt, M. V. Foster, W. A. Anderson, J. Clarke, Jr., A. L. Castle, Fred T. P. Waterhouse and W. R. Castle.

Fred L. Waldron, who, during the course of the convention had been unanimously elected President for the ensuing year, acted as toastmaster. After the inner man had been satisfied the members of the Association gave themselves over to a jolly evening. Speech making was indulged in, and the prospects for a successful year discussed. The feature of the evening was the speech by W. R. Castle, who pointed out that the fostering of other agricultural industries other than the growing of sugar would be the saving of the Territory if a time ever came when sugar dropped to a point where it became no longer profitable to raise it.

Varied Industries.

Mr. Castle gave a very interesting resume of his experiences with varied industries in Hawaii. He spoke at length on ramie and how the British government had offered a prize of 5,000 pounds for a machine that would properly decorticate and clean the fiber and at the same time be portable. The speaker then touched upon banana and taro growing, at all of which he had lost money. The pith of Mr. Castle's talk was that all industries are thankful to the pioneers who introduced them, and drew attention to the fact that few of the original sugar people now own any of the plantations.

Good Prospects Here.

G. R. Ewart, who has had experience in rubber growing in Mexico and South America, gave it as his opinion that the new industry had just as good possibilities in the Hawaiian Islands as anywhere else. Dan Logan, who was introduced as the father of the rubber industry in Hawaii, kept everybody in roars of laughter when he told his hearers how he came to gain that title. C. D. Lufkin also raised many a laugh by his punning remarks on "elastic coinage."

There are no small farmers in Hawaii in the sense that small holders of land on the mainland are termed. Yet a man with a small holding of a few acres, close to a rubber plantation, could dispose of his latex to profitable advantage. It is not every man with a small holding that can afford to plant only rubber trees. It takes at least six years before these can be tapped, and unless catch crops are grown between the rows of rubber, it will be all capital going out and nothing coming in. The difficulties which confront the small farmer in Hawaii are greater than those which confront a mainland farmer, owing to the cost of transportation, etc. But taking everything into account the Hawaiian rubber growers feel that their preliminary efforts to establish rubber plantations have not been in vain, and are confident that in the near future they will reap the reward due them for all the anxious moments spent in establishing this industry.

Following are the names of the officers elected for the ensuing year: President Fred L. Waldron; vice president, C. D. Lufkin; secretary and treasurer, D. C. Lindsay; trustees, W. W. Thayer and W. W. Williamson.

RECORDS MISSING IN THE SUGAR-TRUST CASE

NEW YORK, December 2.—The Government encountered a check today in its prosecution of the American Sugar Refining Company, when it developed that documentary evidence and many witnesses important to the Government's case have disappeared. The missing documents were records kept by city weighers, and neither the documents nor the men who kept them could be found today.

But although tally sheets were missing, the Government was able to introduce testimony showing that every scale on the Williamsburg docks of the company had been tampered with.

NEW DISEASE IN SOUTHERN STATES

Government and Medical Men Look
Deeply Into the New Mystery—
English Authority Speaks on
Subject.

COLUMBIA, S. C., Nov. 3.—Baffled by one of the most mysterious diseases with which it was ever confronted and which has spread rapidly, especially in the south, medical science began here today to grapple with the new problem. The strange disease is pellagra, concerning which little is known. Experts from this and other countries are in attendance at the national pellagra conference, which will continue its sessions probably three days.

Indicative of the profound interest manifested in the disease not only in this but in foreign countries is the fact that from what was proposed as a purely local gathering of physicians, the conference developed into one of international character.

Government Is Represented.
The federal government is keenly alive to the importance of the conference, being represented by officers of the public health and marine hospital service and of the army.

Hookworms with Pellagra.
"The treatment of early pellagra cases without mental symptoms," Dr. Sandwith said, "can be successful by putting the patient on a liberal diet, excluding maize, and by ridding him of the hook worms, which so often are co-existent, but the pellagrous symptoms return if he is allowed to resume a diet of musty maize. Various preparations of arsenic are used in advanced cases, but when the brain is attacked there is small hope for the patient, unless serotherapy is used. Pellagra is essentially a disease which cries for preventive measures."

"Well-to-do people in pellagra districts, living on varied diet and consuming maize as an occasional and not a staple cereal, usually escape pellagra."

The prisoner weighed over three hundred pounds. "What is the defendant charged with, officer?" queried the magistrate. "Obstructing the sidewalk, your honor," replied the policeman.

"To-morrow will be my birthday," remarked the fair typewriter maid, "and I'm going to take a day off." "Huh!" sneered the bookkeeper, who had loved and lost, "why don't you take five years off as you did the last time you had a birthday?"

SPORTS

Local and National

BY V. L. STEVENSON.

Final Play in Wall Cup Tennis Today

This afternoon at half past three on the Beretania courts Captain Low and A. L. Castle will play for the final of the Wall cup. The match promises to be a very exciting one, and there should be a grand exhibition of tennis given before the winner is declared.

Low is playing in fine form and his service is always a thorn in the side of his opponent. Serving left handed, the ball, after leaving his racket, swerves a lot and comes in with a big twist on it. Low has shown excellent form right through the present tournament, and he will certainly give Castle a good run for the honor of meeting Gee.

A. L. Castle, who as an allround sport, is well known all over the territory, held the championship of the Islands last year, and the manner in which he won it showed the undoubted skill he possesses.

There are many people who consider Castle, fit and well, about the best tennis player in Hawaii, and he must be given a great chance in the match against Low today and also in the challenge match against Gee on Saturday—that is if Castle wins this afternoon.

Tomorrow afternoon the winner of the Castle-Low match will tackle E. S. Gee for the possession of the Wall cup, which at present reposes on Gee's sideboard. The present holder of the cup has won it once, and the only other man to put his name on the trophy is W. L. Warren, who won it twice.

Warren, who is away on the mainland at present, may not return to Hawaii, and in that case it would appear to be hard luck for him that he did not manage to win once more before he left the Territory. The cup must be won three times before it becomes the absolute property of any man. Unless Castle or Low can wrest the honors from Gee it would appear as if the latter has a mortgage on the trophy.

The present Wall cup tournament is attracting a lot of attention, and the courts have been visited by big crowds of followers of the game. But the largest bunch will turn out tomorrow when the challenge match will be played between Gee and the winner of today's event.

The next tennis event of any importance will be the annual inter-club match between the Beretania and Pacific clubs. Some fine tennis should be played this year as the members of both associations have had some fine practice lately.

Soccer Football Games Tomorrow

Tomorrow afternoon the soccer games will be continued and there will be two exhibitions of how to play football without using the hands. The first game will be between the Malles and High School, and it will start at 2 o'clock. It should prove to be a good open game although the Malles would appear to have a trifle the best of it, judging from the games played last Saturday.

The line-ups will be about the same as on last Saturday when the Malles won their game from the Iron Works, and the Punahou defeated the High School. Last Saturday there was too much individual play and not enough team work shown by all the elevens, and the consequence was that the play, although fairly good for the opening of a season, was not as good as shown by the Malles at the beginning of the previous season.

The second game tomorrow will be between the Punahou and Honolulu Iron Works, and it, too, should be a good fast spell of kicking and running. The Puns defeated the High School last week, and although the H. I. W. team was defeated by the Malles, they had hard luck in as much as they looked certain to score several times, but something always happened at the critical moment.

However, tomorrow the Iron Works boys will give the Punahou something to think about while they are on the field, and the result should be a good exhibition of the game.

The game will start right on time tomorrow, and all the men are requested to be on the ground well ahead of 2 o'clock. Last Saturday the players showed that they were all in good form, and that the class of football they played was very fair. The public should turn out and see the men at work and encourage them in a real good branch of sport.

Heel-and-Toe Men In Good Condition

There is one thing certain, and that is that the walking race on Sunday is not going to be such a one-man affair as last week, when Sullivan won so easily. This time Kaso, Ayres and Feagler will do much better, and Ayres, who is walking in excellent form, will go close to winning.

Antone Kaso is training with Ayres, and the two help one another out a lot in their sprints and long distance efforts. The old Waiulua Horse will be careful this time and will not stop for anybody except the properly appointed judges. The veterans' race has one more entry, and that is Jack Campbell of the Iron Works. He is said to be a fast heel-and-toe man and will make the rest of the bunch step quick and lively in order to beat him.

As far as the fat man race goes, the entries could have been larger if the committee cared to lower the weight limit below 210 pounds. However, the original limit was stuck to and several men who wished to compete, but who lacked the necessary avoiddupis, were turned down when they tried to enter.

The fat man and veteran races will be started at 2 o'clock, and the open event at 2:30. As the race will only take about sixteen minutes the spectators will be able to catch a car after the finish and go down to the baseball game. The idea of postponing the ball game on account of the walking race is a funny one, and it is to be hoped that no such thing is done.

Hilo Races Look Good To Sports

Now that the Hilo excursion is practically assured for the New Year, the local sports are getting ready to pack up their suit cases and a few spare dollars in order to board the Hilo horsemen in their den at Hoolulu Park.

There is a lot of good real money belonging to the Fourth of July Honolulu contingent that is still in circulation around the rainy city, and a bunch of local fellows feel rather inclined to make an attempt to get some of it back again.

Hilo is a good old town about the New Year and the Fourth; there is always something doing in the way of sport, and the amount of money that is put up in prizes is worthy of a much larger city. All the plantation men roll—aye,

mon, that's the word — into, and later on out, of town, during the racing carnival, and if anyone wants to meet a man from any part of the big island about the end of the year, the safest place to look is in Demosthenes'.

And then the volcano trip is such a beautiful one, and the really cold weather that is encountered there is enough to brace a man up for the rest of the year. It is strange to think of the thousands of Honolulu citizens who never saw the volcano, and who never will if they keep putting the trip off time after time. Get busy everybody, and let us have another good day's sport in Hilo or else at the Volcano House.

Medal Play Sunday At Country Club

Up at the Country Club on Sunday next the open medal play will commence, and some very interesting golf should be seen. The links are in excellent order and the cold weather of late has made a round or two a real treat.

The Country Club is in a flourishing condition at present, and the membership roll is growing larger every day. Some excellent competitions are being arranged for the new year, and the various tournaments will be just as attractive as those during the last twelve months.

On the whole, the 1909 season has been a good one, and, up to date, thirteen competitions have been brought off. The medal play next Sunday will be for the total fourteen for the year, and as there are several impromptu affairs also, it will be seen that the club has been very active in the way of tournaments.

Although there has been no professional at the club since McLaren left, things have gone on splendidly, and the present staff has done good work. A professional may be engaged early in the new year, as there are a lot of new members who would profit by getting some expert advice on the game.

Kauluwela Club Elec's Officers

At a meeting of the Kauluwela Boys' Club held last night the following officers were elected: President, David Bray; secretary, Louie Richard; treasurer, Sam Hop; manager, Theo. Cabral.

Some twenty-six members attended the meeting, and great enthusiasm was shown in the election of officers. After the regular business was concluded an indoor baseball game was played between the Kauluwela and the Kauluwela nines, and it ended in a win for the former combination.

There will be a series of baseball games between the two clubs, and the winner of three games out of five will be champions. The Kauluwela Club is going in for all kinds of baseball and basket ball. The well-known Chinese sport, Sam Hop, is a moving spirit in the affair, and that guarantees the success of the club.

The next meeting will be held on the evening of Dec. 30, and all members are requested to attend and take part in the proceedings.

Bert Bowers, than whom there is not a better umpire in this Territory, will act in that capacity during the Diamond Head-J. A. C. series. That is good news for the fans, as Bowers has the confidence of all the ball fans.

ENGLISH LORD'S FATE IN PEOPLES' HANDS

The Land Barons Will Be Denounced by Asquith—An Appeal to the Nation—Auditors rise When Statesman Enters Hall.

LONDON, December 1.—The National Liberal Federation tonight issued a manifesto to the country, which may be regarded as a party rally for the elections. It concentrates attention entirely on the constitutional struggle between the House of Lords and the House of Commons.

It says: "If the present action of the peers is not repudiated swiftly by the people, rights and privileges won so dearly by our forefathers in the great struggles for freedom are all surrendered."

The manifesto declares the peers' power of veto must be restricted so that the last word on legislation and finance will rest with the House of Commons. Otherwise no Liberal Ministry again can assume the responsibilities of office.

"In the fight forced upon us," the manifesto continues, "the electors will have to decide whether they wish to govern themselves or be governed at second hand by a few hundred hereditary peers, who have thrown the constitution into the melting pot in order to shift the burden of taxation from wealthy lay and liquor interests to food and the necessities of life."

When the Premier entered the chamber this afternoon the supporters of the Government rose and greeted him with ringing cheers. Immediately following the conclusion of routine business, the Prime Minister took the floor, and as soon as he concluded the House adjourned. In introducing his resolution tomorrow Premier Asquith will go exhaustively into the question of the respective privileges of the House of Lords and the House of Commons, and state in detail the Government's intentions. He also will fix the day of prorogation, which probably will be next Friday.

Former Premier Balfour, leader of the opposition in the Commons, will reply, setting forth the view that the new and important departure in public policy represented by the budget bill should be submitted to the people. John Redmond, head of the Irish party, and possibly one representative of the Labor party will reply with speeches.

The Cabinet, which had already determined on the policy it would pursue in the event of the Lord Lansdowne's amendment being carried, had an unusually early meeting today to confirm its decision and consider the wording of the motion which Premier Asquith will ask the House of Commons to adopt. All the members of the Cabinet were present at the meeting, which excited so much popular interest that a great crowd gathered in the vicinity of 10 Downing street, the official residence of the Premier.

In many respects the impending struggle will be the most interesting in the Parliamentary history of England. Some of the peers have decided to take the usual course of stumping the country to explain their action in voting against the budget. The Unionists, although not so well equipped with orators, are determining upon a stern campaign. They will devote their energies to the exposition of tariff reform and a denunciation of Socialism, toward which they will claim the budget is a first step.

PANAMA RAILWAY ACROSS ISTHMUS CARRIES TRAFFIC

Tehuantepec Route Makes Big Showing on both East and West Bound Freight Movements.

WASHINGTON, Nov. 26.—The great volume of American merchandise now being carried by rail across the Isthmus of Panama and the Isthmus of Tehuantepec is shown by the fact that for the fiscal year 1909 the goods transported amounted in value to more than \$60,000,000. The total for this calendar year probably will report \$75,000,000. These are the salient features of a statement issued on the subject by the Bureau of Statistics today.

The Tehuantepec Railway carried in the first year of its operation—1907—between \$25,000,000 and \$30,000,000 worth of merchandise; in 1908 nearly \$38,000,000 worth, and in the present year its business in freight will exceed \$50,000,000.

The Panama Railroad, engaged chiefly in work and traffic growing out of the construction of the Panama Canal, carried in 1907 about \$12,000,000 worth of merchandise originating in the United States; in 1908 about \$9,500,000 worth, and in 1909 about the same.

"Rocky Boy's" band of Chippewa Indians, said to belong in Canada, have been rounded up in Montana under the superintendent of the Blackfoot Indian reservation. There are 122 in the band who have been roaming around the country.

Legal Notices.

NOTICE OF INTENTION TO FORECLOSE AND OF SALE BY ASSIGNEE OF MORTGAGE.

Notice is hereby given that by virtue of a power of sale contained in that certain mortgage, dated the second day of November, 1903, made by Joseph O. Lutted of Honolulu, Island of Oahu and Territory of Hawaii, to Bishop & Co. of the same place, which said mortgage is of record in the Registry of Conveyances in Honolulu aforesaid in Liber 252, on page 212 et seq., and which said mortgage and the note secured thereby was duly assigned to the First American Savings and Trust Co. of Hawaii, Ltd., by the said Bishop & Co., Mortgagees, by document dated January 23rd, 1906, and of record in the office of the Assistant Registrar, Court of Land Registration, on Certificate No. 3 in Registration Book 1, p. 11, that the said The First American Savings and Trust Co. of Hawaii, Ltd., Assignee, as aforesaid, intends to foreclose said mortgage for breach of the conditions in said mortgage contained, to-wit, the non-payment of the principal due.

Notice is also hereby given that all and singular the lands, tenements and hereditaments in said mortgage described will be sold at public auction at the salesroom of James F. Morgan in Honolulu aforesaid, on Wednesday, the 22nd day of December, 1909, at 12 o'clock noon of that day.

The property covered by said mortgage is situated on Kalakaua Avenue, Waikiki, Honolulu aforesaid, adjoining the seaside property of the Hon. A. S. Cleghorn near the Moana Hotel; has fine sea bathing and three small cottages upon it; has a Torrens Title, and is bounded and described as follows:

- Beginning at the east angle of Cleghorn lot (known as Kalulani Bath House Lot) on the makai side of Waikiki main road at a point point from which the Government Street Monument in Waikiki road, opposite Alahau lane, is true azimuth 150° 28' 25.74 feet, as shown on the accompanying plan, and running by true azimuths:
1 48° 0' 140.0 feet along Cleghorn lot to high water mark;
2 315° 31' 79.1 feet along high water mark to boundary of L. C. A. 7597 Lot 3, Kamaukolu;
3 228° 0' 136.0 feet along L. C. A. 7597 lot 3, to makai side of road; thence
4 138° 25' 79.0 feet along makai side of Waikiki Road to the 1616th point, being a portion of L. C. Award 6616 Nuuanu lot 4. Area 10,903 square feet. Magnetic declination Dec. 26th, 1903, at the initial point 10° 10'.

Terms—Cash, U. S. gold coin. Deeds at the expense of the purchaser.

Dated, November 26th, 1909. THE FIRST AMERICAN SAVINGS AND TRUST CO. OF HAWAII, LTD. By Its President, CECIL BROWN, Assignee of Mortgage.

For further particulars apply at the Banking House of the Assignee of the Mortgage or to J. F. Morgan, Auctioneer. 4476—Nov. 26, Dec. 3, 10, 17.

MORTGAGEE'S NOTICE OF INTENTION TO FORECLOSE AND OF SALE.

Notice is hereby given that pursuant to the power of sale contained in that certain mortgage dated August 15, 1903, made by Caroline Haughton of Honolulu, Territory of Hawaii, mortgagor, to the Pioneer Building & Loan Association of Hawaii, mortgagee, which said mortgage is recorded in the Register Office, Oahu, in Liber 251, on pages 230 and 232, the said mortgagee intends to foreclose said mortgage for condition broken, to-wit, the non-payment of principal and interest when due.

Notice is likewise given that the property conveyed by said mortgage will be sold at public auction at the auction rooms of James W. Pratt, on Merchant street, in said Honolulu, on Saturday, the 18th day of December, 1909, at 12 o'clock noon of said day.

The property conveyed by said mortgage and which will be sold as aforesaid is all that certain piece of land situated on Emma street, Honolulu aforesaid, bounded as follows: Beginning at a point on the north side of Emma street 227 feet from the north corner of Emma and Vineyard streets and running by true bearings:

- 1. N. 20° 55' W. 38.5 feet along Mossman lot;
2. N. 55° 10' E. 44.5 feet along Carter lot;
3. S. 32° 45' E. 42 feet along L. C. A. 556, Ap. 2, to Emma street;
4. S. 59° 35' W. 44.8 feet along Emma street to initial point.

Also the buildings and improvements thereon.

Terms: Cash, United States gold coin.

Deed at the expense of the purchaser. Dated, Honolulu, T. H., November 18, 1909.

THE PIONEER BUILDING & LOAN ASSOCIATION OF HAWAII, Mortgagee. A. G. M. ROBERTSON, Attorney for Mortgagee. 4469—Nov. 19, 26, Dec. 3, 10, 17.

NOTICE TO CREDITORS

In the Matter of the Estate of George Smith, Deceased, Intestate. The undersigned having been by order of the Honorable W. J. Robinson, Third Judge, Circuit Court, First Judicial Circuit, Territory of Hawaii, duly appointed administrator of the estate of George Smith, deceased, intestate, late of Honolulu, Island of Oahu, formerly of Youngstown, Ohio, notice is hereby given to all persons to present their claims against the estate of George Smith, deceased, duly authenticated, whether secured by mortgage or otherwise, to the undersigned at his office in Honolulu, City and County of Honolulu, within six months from the date hereof, or they will be forever barred.

Dated at Honolulu, City and County of Honolulu, this 26th day of November, A. D. 1909.

WILLIAM HENRY, Administrator of the Estate of George Smith, Deceased. 44476—Nov. 26; Dec. 3, 10, 17.

IN THE CIRCUIT COURT OF THE First Circuit, Territory of Hawaii. At Chambers, In Probate. In the matter of the Estate of Edmund M. Legros, Deceased. Order of Notice of Hearing Petition for Administration. On reading and filing the petition of John H. Legros of Honolulu, alleging that Edmund M. Legros of said Honolulu died intestate at said Honolulu on the 6th day of November, A. D. 1909, leaving property within the jurisdiction of this court necessary to be administered upon, and praying that letters of administration issue to him. It is ordered that Monday, the 17th day of January, A. D. 1910, at 10 o'clock a. m. be and hereby is appointed for hearing said petition in the court room of this court in the Judiciary Building in the City and County of Honolulu, at which time and place all persons concerned may appear and show cause, if any they have, why said petition should not be granted.

By the court. A. K. KONA, Assistant Clerk. 4489—Dec. 10, 17, 24, 31.

CHILDREN'S HOSPITAL SOON TO OPEN

The Kaulaolani Children's Hospital, which was dedicated on November 24 by Mr. and Mrs. A. S. Wilcox, the donors, will be ready to receive patients on December 20. Dr. James R. Judd has been appointed surgeon and Dr. F. S. Hedemann physician. The hospital is under the immediate care of Miss Dewar, a trained nurse who is well known in Honolulu, she having rendered very valuable services in the Palama hospital during the past year.

The house committee of the hospital is composed of James F. Morgan, W. O. Smith and A. Gartley, who are also members of the board of trustees. Under these gentlemen all details of the operation of the hospital will come. The other trustees are Judge Sanford B. Dole, A. S. Wilcox, Geo. P. Castle and E. A. Mott-Smith.

The hospital is located on Kuakini street, between Nuuanu and Liliha streets and the telephone number is 672.

TEN-MINUTE SERVICE SOON TO COME

From indications it would seem that Kaimuki district is soon to have the long-expected ten-minute car service.

At a meeting of the directors of the Rapid Transit Company yesterday afternoon this was one of the important items which came before it, and it was practically settled that Kaimuki and Manoa Valley would be given the benefit of this increased service during the busy hours of the day.

The building shelter stations at the ends of the various branches was another matter that was acted on favorably.

IN HONOR OF LONG SERVICE

There was a jolly good time at the Pacific Club yesterday in honor of the twenty-five years' service fully filled out by Christian Hedemann of the Honolulu Iron Works. Many of the share holders and officers of the company were present and toasts and speeches were the order of the day.

At the conclusion of the banquet Mr. Hedemann was presented with a silver salver on which was inscribed: "Presented to Christian Hedemann by the directors of the Honolulu Iron Works to commemorate the completion on July 14, 1909, of twenty-five years of valued service with the company."

What Army and Navy Folk Are Doing

Short of Supplies and Crew. LONDON, Dec. 4.—A grave indictment of the administration of the navy was made by Lord Charles Beresford in a speech delivered at the annual dinner of the Dolphin Society at Bristol recently. He said: "I think I know what is in the minds of my audience. You are all conscious of a vague belief that in the common phrase, 'The navy is all right.' You say to yourself that his majesty's ministers have told us again and again that our sea supremacy is unassailable, and that there must be some truth in that statement. Nevertheless I am here tonight to show you that there is grave reason to doubt that statement, and to give reasons why you should doubt it."

In the first place we are short of four battleships projected. The four ships which ought to have been laid down this year have been postponed to next year, and not one penny of the budget was allotted toward their cost. We are dangerously short of medium cruisers for scouting purposes and for the protection of trade routes. We are short of suitable torpedo craft for the North Sea. We are very deficient of stores of every kind. Stores have been consumed without replacement. We are equally deficient in dock accommodation both for the heavy ships already afloat and for the new ships under construction and projected. We have no war reserve of coal. In case of a strike the fleet will be immobilized, as it was during the recent maneuvers.

The personnel is inadequate in all branches—seamen, marines and coast guards. We have not now enough men properly to furnish crews for the fleet if it were called to war.

For the increase of the fleet which is inevitable, there is no provision whatever. A ship may be built in two years; it takes six years to train a seaman, ten years to train an officer, a lifetime to train an admiral.

If the ships which are to come into commission are to be manned older ships must be thrown away. That is exactly what is happening. Very many valuable ships are being laid up to rust away. For what? Simply to save pay and pensions. These are false economies.

It is the business of the navy always to expect an attack and always to be ready for it. The navy cannot be ready unless it is continually under training at sea. What has our navy been doing of late? Review after review, taking in the British public for effect.

Want Younger Men. WASHINGTON, Dec. 5.—An "Osterization" campaign in both the army and navy has been inaugurated. Not only have both Secretary Dickinson of the War Department and Secretary Meyer of the Navy announced that the time has come to put younger men at the top of the armed organizations of the country, but they have begun to put their ideas into practice.

The general board of the navy has been asked whether the results desired can be brought about by selection for promotion or by more numerous retirements.

Several changes in the officers of the Atlantic battleship fleet were announced at the navy department today. Rear Admiral Schroeder will remain at the head of the first division by reason of his being commander in chief of the Atlantic fleet, but the commanders of other divisions will be changed.

What Army and Navy Folk Are Doing

expedition and to the Philippines as a brigadier of volunteers, and by his services was made a brigadier of the regular forces in August, 1903.

General Barry was in command of the Army of Cuban Pacification, and on April 29, 1908, attained his present grade of major-general. He is not a stranger in San Francisco, having been stationed at the Presidio several years ago while still a captain.

Until the completion of the commandant's house at Fort Mason, General Barry, with Mrs. Barry, will be at the St. Francis.

A correspondent to the Army and Navy Journal who objects to the present system of retirement of enlisted men of the army and navy says: "With the 'thirty-year life term' it is only of benefit to the branches that get the large share of foreign service, the navy excluded entirely. It will soon be the possibility of the sailor (men of the coast artillery also), looking ahead at his long thirty to come, to find men from the branches already referred to retired and gone home with fifteen years' straight service. How long is the injustice to continue? Why is it that the powers that be are so reluctant about giving a general twenty-five year retirement law for all enlisted men of the army and navy? It is not denied, and is known to the most experienced medical authorities and others, that ninety per cent of the ordinary run of men are of little or no use to the services, and not much to themselves, after twenty-five years' straight service. Is it not time that the retirement system was corrected so as to benefit all equally?"

SHERIDAN BRINGS SIXTH CAVALRY

The Sixth Cavalry, which for the past two years has been stationed in the Philippine islands, is returning to the United States by the U. S. army transport Sheridan. The army boat sailed from Manila on December 11 and spent one day at Mariveles, the Philippine quarantine station, where the enlisted men and their effects were removed for disinfection. The vessel got away from the Federal station on December 15 and is due to arrive at Nagasaki on Tuesday.

The Sixth Cavalry is scheduled to take station at Des Moines, Iowa, upon arrival at the homeland.

LICENSE COMMISSION HAND OUT MERCY

The Liquor License Commission met in regular session yesterday afternoon and transacted what business came before it.

It was thought that the resignation of Carlos Long from the board would be received through the fact that Mr. Long is the owner of a building in which a saloon is located, but such action did not seem to be in line. When the session opened for business Mr. Long was in his seat and took an active part in the proceedings.

Jack Scully and C. O. Doyle were up before the Commissioners in violation of certain parts of the law in regard to refreshing the weary outside of office hours.

Lee Chung Lung was put on the gridiron for allowing a boy under age in his drinking place. It was proved that the boy got no liquor so the Chinese was let off with a warning.

LEARN TO ADVERTISE

A duck which stuck faithfully to business during the summer and laid several dozens of large fawn-colored eggs complained that she wasn't appreciated. "See that hen over there," said the duck; "she has not laid as many eggs as I have, nor as big, but she has books written about her and verses composed in her honor, or, while nobody is saying a word about me."

The trouble with you is," said the wise old rooster that was standing near, "that you don't tell the public what you have done. You lay an egg and waddle off without saying a word, but that sister of mine never lays one without letting everyone in the neighborhood know about it."

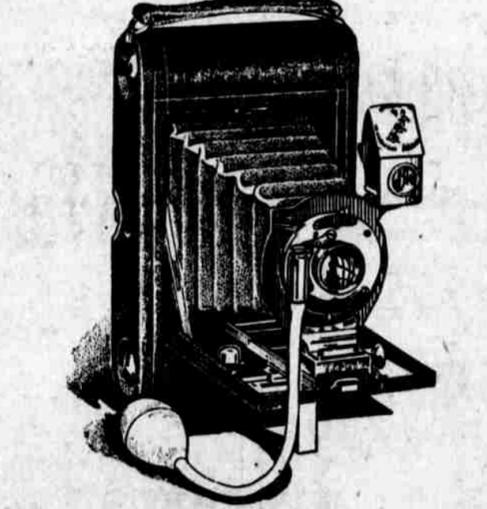

"If you want to cut any ice in this community you must learn to advertise."

HOME SEEKERS MAKE INQUIRIES

COOPER TELLS OF WORK ACCOMPLISHED

Large Amount of Promotion Literature is Distributed Throughout the Antipodes—Tourists on the Way.

"The volume of inquiries from persons on the mainland who are looking towards Hawaii as a place to visit or to make a home, continues to increase by every mail. Anyone who has any doubt that the Hawaii Promotion Committee is getting to be pretty widely known, could easily be convinced of his error if he would take the trouble to run through the pile of letters reaching us by any mail steamer. They come from every section of the mainland, and from almost every country in the world, and with the exception of a very small per cent, come properly addressed, indicating that the writers have, in some way, learned of the existence of our organization.

"During the past week, we have received the usual lot of inquiries from tourists who are contemplating spending some time here. We also have an average lot of requests for information concerning real estate, and the opportunities offered by Hawaii for home making. Besides this class of inquiries, we are asked for advice relative to coming here by—a number of teachers, two civil engineers, a mechanical engineer, an attorney, a physician, a saw-mill man, an expert Turkish bath masseur, a taxicab man, and a printing and paper firm. A firm of exporters from British Columbia also wants information concerning the chances for finding a market for lime and building materials in the islands.

"We have an increasing number of inquiries from Australia and New Zealand, showing that Hawaii's fame is becoming well known in the Antipodes. We have definite information to the effect that half a dozen or more persons with whom we have been in correspondence will arrive here during January and February for extended visits. This is very different from even so short a time as a year ago, when our correspondence from the South was confined almost exclusively to tourists and shipping agencies. The Purser on the 'Makura,' during her visit here last week, complained that the supply of folders we had been supplying his ship, had become entirely inadequate to supply the demand made on him by his passengers. Needless to inform you that this complaint was gladly remedied.

"By the 'Makura' we also renewed our supply of printed matter for some fifteen different tourist bureaus in Australia and New Zealand, besides sending a large number of letters and folders to individuals who had recently written us.

"That The Hawaii Promotion Committee is well known and has a high standing in the opinion of similar organization on the mainland, is evidenced by the following letter from Mr. Woodworth Clum, Secretary of the Rochester (N. Y.) Chamber of Commerce, and President of the National Association of Commercial Executives, written to Mr. Wood:

"For five or six years I have been receiving correspondence and interesting data from you. First, when I was Secretary at Washington, D. C., next at Pittsburg, and finally here. Now it gives me pleasure, as the recently elected President of the National Association of Commercial Executives to welcome you to our fold, and to say to you that while all along I have suspected your broad public spirit, I have now conclusive proof of it in finding your name as a paid member of this organization. If you have any suggestions I would like to get them and if at any time there is any cause or problem concerning which you want light, send the query to me and I will put it up to our boys to do the best they can in answering it."

"We have a very kind offer, W. D. Longyear, Cashier and Secretary of the Security Savings Bank, of Los Angeles, who has pleasant recollections of a visit to Hawaii, to display our literature in the newly established public information bureau in his bank. This is a unique feature in banking business, and according to newspaper notices, it has been established on an extensive scale, and is in charge of an experienced Secretary. The location and importance of the bank should make the new bureau a very efficient one.

"Mrs. Headlee, our Los Angeles representative, reports conditions extremely encouraging. She is being kept extremely busy and says that the tourist season this year has been continuous, and the largest in the history of the city. We shall draw our proportion of this crowd, provided they can find steamship accommodations."

ARTS AND CRAFTS SHOP,

On Fort Street below King.

They are exclusive in most instances.

FORT SHAFTER NEWS

The semi-annual inspection of the post telephone system at Fort Shafter and a report of results has been made by First Class Sergeant J. Kirby, Company M, signal corps. Sergeant Kirby's regular station for the present time is Fort Shafter. The last inspection of the telephone system at Fort Shafter was made by Sergeant Kirby June 30, 1909.

The inspection shows 19 telephones now in use; number not in use, 4. The lines and phones now in use are in first-class condition. The reports also require an inspection of all the lines, batteries, etc.

The central office is situated at the administration building and operated by two competent men, Privates Froelich, Company G, and Neece, Company H, both on extra duty as switch board operators. In addition to the post telephone system there are quite a number of telephones in use belonging to the Mutual Telephone Co., Ltd. These are connected with the city and are in no way connected with the post system.

The installing of the water heaters in the bath houses of Company G and Company E began Tuesday. Since the new barracks were erected the men of Companies E and G have not had convenient hot water for baths.

Dining Halls. The building for the dining halls being erected an equal distance from each set of barracks one building answers the purpose for a dining hall and kitchen for each company there being partition in the center of the building.

Private Mess. The non-commissioned staff officers and Company G Sergeants have a private mess at Company G, at their own expense. Since the Companies have been each assigned to separate barracks everything is more convenient and satisfactory.

New Orderlies. Private McCarthy Company G and Private Pickett Company E will proceed mounted to Schofield Barracks upon arrival reporting to accompany as orderlies some officers that are now at Schofield Barracks to Fort Shafter. Private McCarthy and Private Pickett are regular detailed mounted orderlies and upon their departure there will be only one mounted orderly Private Oakry Company F left to do the mounted orderlies work. This duty will call them away from the post only a few days.

Taken Ill. Private Denning Company F 20th Infantry who was assigned to Company F immediately upon his arrival at Fort Shafter on the June transport was soon after taken ill and was sent to the U. S. military hospital Presidio of San Francisco for treatment returned to Fort Shafter on the transport Logan last Tuesday and reported to his organization commander for duty.

Park Improved. The Park between the Quartermaster storeroom at Fort Shafter and the end of the car line is being improved every day by the old guard, under the supervision of Provost Sergeant Pittigrew. A few months ago a cinder walk was constructed through the park, with the improvements that are now being made the park will in time grow to be a pretty one.

Private Kovacs Company H 20th Infantry was released from the post hospital and returned to his company for duty Tuesday.

In the Swim. The swimming tank at Fort Shafter was refilled with fresh water Wednesday, some of the boys were in for a plunge before the tank was entirely full. From the time the water was turned on they were standing around waiting for the tank to get full enough for a drive.

Garrison Drill. The ordinary one hour of garrison drill was held at Fort Shafter Wednesday and an hour of gymnasium drill for Companies G and H, afterward, otherwise the usual garrison duties were performed. Company E and F mounting the entire guard.

FORT DE RUSSY ITEMS

After an enforced idleness of over a week the handball players were out on the court at Fort De Russy yesterday afternoon and evening. The men have all been at work preparing for the Christmas holidays and had suspended practice for the games which are to be played that week. Yesterday was the first that the men could spare the time to get out and do some playing on the court. The games were all fast and the team-work good, showing that the men are still in form and that the rest has not done them any harm. Although some of the best players are from the detachments which are coming into camp on the twentieth, the boys now stationed in the home camp will give them some hard games and have every hope of winning the majority of the games.

Bicycle Reconnaissance. A new idea in reconnaissance has been instituted by the Engineers at Fort De Russy this week. The roads and main points around Honolulu have been all located by transit survey, and now the buildings and smaller points are being placed on the map by draftsmen who make the trips on bicycles. In this way a great deal of ground can be covered in a day and very accurate work done.

To the Coast. First Class Sergeant Albert Fisher, Hospital Corps, who was ordered to that station, proceed on the next transport to San Francisco, for duty at that city. A detail for the school of musketry will be sent from Fort De Russy to San Francisco and remain there for a course of instruction in the new army rifle school.

Holiday Preparations. The camp is fast assuming a holiday appearance and is being prepared from the entertainments of the Christmas week. The post pavilion has been improved by the addition of many flower boxes, reclining chairs and tables for various games. The seats at the post theatre were completed yesterday and boxes for the visitors built. While strict secrecy is being maintained concerning the exact nature of the comedy that is to be performed on the night of the twentieth it is sure to be of fine nature and well staged. The piano is working at all hours and the cast is hard at work and express the belief that the play will be a big hit.

Ten Days Holiday. Arrangements have been made to give all the soldiers at Fort De Russy ten days holiday during the Christmas-time. This will include the field detachments and the survey detachment working out from the main camp. The drafting room will be closed during that time and the officers will do only the necessary work. This, with the exception of the guard and police, will allow the men to spend the holidays as they wish and is looked forward to with great pleasure. The men from the cutting detachments will be able to visit Honolulu when they desire and, after many months in the mountains, this will be a treat to them.

Christmas Tree. A Christmas tree, and a large one, has been ordered for the men here and much fun is expected from this. The men are all to receive some present of a comical nature and are entering into the spirit of the thing with a vim. Many bundles, which are now being brought into camp will cause a laugh on the night of the 24th when taken from the tree and handed to person for whom they are intended.
