THEY KISSED SHAFTER

The General Was on His Way to California.

Young Ladies of El Paso Made Him Uncomfortable—Scene of Former Indian Fighting.

El Paso, Texas, Jan. 17.—Major General Shafter and staff, en route to California, where the General will resume the command which he held prior to the breaking out of the war with Spain, were met here by 2000 people and a brass band. General Shafter was escorted to the city park where he made a ten minute talk descriptive of the Santiago campaign and eulogistic of the volunteers of whom this territory supplied a large number to the rough riders.

When the general had finished his speech a number of pretty girls insisted on taking snap shots at him with a camera and greatly to his embarrassment several of them then kissed him in the presence of the audience.

General Shafter is well known here. He fought the Indians along the Pecos river fifteen years ago and then obtained the sobriquet of Pecos Bill by which he is still called. The party remained in El Paso only an hour.

JULIEN HAYNE SENTENCED

Julien D. Hayne was sentenced in New York to imprisonment for eight years and four months. This was upon his conviction for forgery of a bond as previously reported. Hayne was trying to get a new trial. Chief Justice Judd has received this information in a letter from his son.

CENSUS IN TERRITORIES

War Department Will Have Part of the New Field.

Interesting Times for Enumerators of the Philippine Group—Hawaii Is Included.

Washington, Jan. 17.—In addition to its added duties, it now seems probable that the War Department will have to supervise the next census taking in the recently acquired possessions of the United States.

The census bill as reported to the House makes no special provisions for this branch of the work, but if the general terms of the measure are not considered sufficient to cover this work an amendment will probably be drafted. It is contemplated that in the island of Cuba only the census of the principal cities will be taken and the population of the island estimated upon these returns.

With Porto Rico, Guam, Hawaii and the Philippines, which are considered American territory, an effort will be made to get exact figures on population, home-steads, mortgages, etc.

It is not expected this work can be accomplished with a great degree of accuracy and the enumerators who are assigned to Iloilo and the Sulu group will doubtless find lively and interesting work ahead of them.

Bookkeeper Change.

Mr. Achilles, bookkeeper on Papaikou plantation has been given the same position in Waialua plantation under W. W. Goodale. J. H. Boles of T. H. Davies & Co's Hilo store has gone to Papaikou. Nobody has yet been appointed to the vacant place in T. H. Davies & Co's store.

ELECTRIC POWER FOR HILO

Mr. Desky Has Made All Arrangements for Its Inauguration.

The Company Will Shortly Be Organized—Hydraulic Engineer Coming—Hilo Real Estate Deal Rumor.

Charles S. Desky returned from San Francisco in the Doric. He is enjoying good health after suffering an attack of the grip, so prevalent on the Coast. Mr. Desky was asked regarding any business trophies he might have carried home in his belt. He answered in substance thus:

"I have made satisfactory arrangements regarding the water power of the Wailuku river at Hilo. You know the Hilo Sugar Co. owns one-half and I the other half of that water power. We have arranged the matter so that the water may be utilized for generating electric power.

"A competent hydraulic engineer will shortly come down to look over the premises and make plans for putting in the power plant.

"It is intended to generate in the neighborhood of 10,000 horse power. A company will be organized very shortly for the purpose of going ahead with the work.

"Besides other things to be put in will be an electric railway."

Mr. Desky was asked as to the truth of a rumor that he had also effected a deal with the Spreckels people which practically gave him command of the real estate situation along the water front of Hilo.

"You may say," was the reply, "that I neither affirm nor deny, for the present, any report about a deal in Hilo real estate."

Mr. Desky volunteered information about his next building enterprise in Honolulu. It is to be a veneer brick block, two stories high, on Fort street in front of the Orpheum. The front of the building will be of pressed brick and extend 120 feet on the street. A 12-foot passage will be left open to the front entrance of the Orpheum.

Spanish Ministry.

Madrid, Jan. 17.—The newspapers here insist that certain ministers persist in their intention of resigning.

The Herald says the minister of war, General Correa, has forbidden a ball which was to have taken place at the military club upon the occasion of the King's festival.

The British ambassador here, Sir Henry Drummond-Wolff has had a conference with the minister of foreign affairs, Duke Almodovar de Rio.

Sydney, (N. S. W.), January 16.—The Oceanic Steamship Company's vessel Moana, which sailed today for San Francisco, carries 450,000 sovereigns.

The funeral of Joseph Silva, who was drowned the previous night, took place from the cathedral yesterday afternoon. It was largely attended. Undertaker E. A. Williams had charge.

OBSTREPEROUS INSURGENTS

Amuse Themselves Teasing Uncle Sam's Soldiers.

Hilo People Still in Fighting Mood—Self Control Seems to be the Necessity of the Hour.

New York, Jan. 17.—A dispatch to the Herald from Hongkong says: The Herald's Manila correspondent reports a strict censorship upon dispatches.

The latest advices dated January 13th, state that the situation in the Philippines is still acute. Aguinaldo is holding his forces in check with difficulty and natives have been arrested for smuggling arms into the walled city. On one occasion a coffin was found full of arms and on another six Mauser rifles and a stock of ammunition was discovered hidden in a load of straw.

The natives residing in the city predicted an attack on Manila Sunday, the 15th, but the foreigners maintain that there will be no attack if the Americans do not precipitate one.

The position of the Americans is very unpleasant. Their Spanish prisoners are unfriendly and the hostile natives are numerous and well armed, both inside and outside of Manila.

In Iloilo the situation remains the same except that the natives are intrenching themselves. They have blocked the river by sinking barges laden with stones.

The native troops outside of Manila are most insolent and it is hard work to restrain the Americans. The Filipino soldiery come out to their lines, close up to the American outposts, load their rifles, deliberately point them at the American soldiers and then derisively walk back to their own lines. Under such conditions there might be a fight at any moment.

SPAIN AND THE FILIPINOS.

New York, Jan. 15.—A dispatch to the Herald from Paris says:

News has reached here that the Spanish Government has begun negotiations with Aguinaldo, through the agency of certain Filipinos in Madrid for the release of the Spanish prisoners.

Having begun to treat directly with the insurgents, Spain is likely to go a step further and accord them that recognition hitherto refused by any government.

The idea is to call upon President McKinley to redeem his promise and obtain the release of the prisoners.

The difficulties confronting the American Government are all understood in Madrid and as soon as official cognizance of them is obtained the Government will consider itself free to treat with the Filipino Government if necessary as power to power, in order to secure the liberty of its subjects.

That Spain should take such revenge upon us would surprise nobody.

Senator Hoar's Fight.

Washington, Jan. 17.—At the opening of today's session of the Senate, Mr. Davis, chairman of the Committee on Foreign Relations, gave notice that tomorrow immediately on the conclusion of regular business, he would move that the Senate go into executive session.

Mr. Turner gave notice that on Thursday after morning business he would address the Senate upon the Vest resolution.

The resolution of Mr. Hoar declaring the Filipinos ought to be free and independent was laid before the Senate, but at the request of Mr. Hoar it went over, as he said he desired at a more convenient time to address the Senate upon it.

CREELMAN ON TO MANILA

The Noted Correspondent Going to Investigate.

Doesn't Expect Any Fighting—Thinks Administration is Weakening in Its Philippine Policy.

Among the through passengers in the Doric is the famous war correspondent, Mr. James Creelman, whose pen pictures of recent conflicts at arms have been read the world over. Mr. Creelman is bound for the Philippines where he goes to study the problems that are cropping up every day as a result of the victory of American arms.

In a talk with a BULLETIN reporter yesterday, Mr. Creelman said: "I do not anticipate much, if any, fighting in the Philippines and, what may transpire in that line is simply an incident in the object for which I am going."

"There may be a little fighting—skirmishes on the outskirts, perhaps—but as to a seriously contemplated struggle on the part of the Filipinos against the American forces, I have the greatest doubts. There are not more than 20,000 stands of arms among the insurgents—a mere drop in the bucket when placed alongside of what the American forces have. Then look at Uncle Sam's ships already in the Philippines and the others that are hurrying there as fast as steam will carry them. Unless the Filipinos are utterly devoid of brains which they are not by any means, there will be no fighting. They could not survive a single engagement. Aguinaldo's men are not trained and their shooting is wild."

"While speaking of the Philippines question, I might say that I have just paid a visit to Washington on my way from London and have noticed a decided weakening of the administration in regard to the Philippines. To fight for a people and side by side with them and then to turn around and slaughter them—for that is all a conflict between American and Filipino arms will amount to—is a decided stumbling block. President McKinley does not wish to fight the Filipinos."

"This brings us to the policy I believe to be the serious intention of the United States Government to carry out. In the matter of Cuba, the United States has given a solemn promise to give her the reins of Government. You may see the workings of this even now. The United States is taking up every office on the island and as fast as a Cuban suitable to fill the position can be found, he is given the place in preference to Americans. I believe the same thing will happen in the Philippines, this from a close study of the indications at Washington. As to Hawaii, I may say that the same policy will be carried out here, although perhaps, not in the immediate present. You will see the day when Hawaii will be ruled by her own people."

Mr. Creelman was wounded in leading a charge on the fort at El Caney, where the Americans won such a brilliant victory. He has been under the doctor's care for several months. Mr. Creelman is the first man in the newspaper world who ever succeeded in interviewing the Pope at Rome and he is also the man who gave to the world the first news of the decisive battle between the Chinese and Japanese.

Enchanted Lullaby.

Loon, the man who undertook to raise money for "a church on Maui" and who was put into the Insane Asylum a short time ago, escaped last night and was captured on the Kinau this forenoon. He was trying to get away to Maui.

CHURCH DIRECTORY.

REORGANIZED CHURCH OF JESUS CHRIST holds meetings as follows in Milliani Hall, rear of Opera House: Sunday 10 a. m. Bible class; 11 a. m. preaching in Hawaiian; 6:30 p. m. preaching Hawaiian; 7:30 p. m. preaching in English; Wednesday 7:30 p. m. prayer meeting.

Court-Martial for Egan.

Washington, Jan. 17.—President McKinley announced to the Cabinet at its regular meeting today that he had determined to court-martial General Egan. Secretary Alger was not present at the cabinet meeting, but with Adjutant General Corbin was at the White House in conference with the President on the subject just prior to the cabinet session. The order for the court-martial probably will be made today.

Just prior to the cabinet meeting, General Miles made a rather unusual call upon two of the members of the cabinet, Secretaries Hay and Long. He had just returned to the city from New York, and when spoken to with reference to the Egan case, adhered to his original declaration that this was not a time for him to act, if at all, leaving the implication that if the commission did not act or the administration, it would then be time for him to take some steps.

GENERAL LAWTON SAILS

New York, Jan. 17.—The Fourth Regiment, U. S. regular infantry, from Fort Sheridan, Illinois, arrived in the Jersey City depot of the Pennsylvania railroad today. The regiment consists of about 1,400 men commanded by General Robert A. Hall. The men were all in prime condition.

The troops will sail from here tomorrow on the transport Grant which will also carry Major General Lawton and his staff.

The Grant is a molar transport, and the first to sail from this port for Manila via the Su-z canal.

HAWAIIAN LEGISLATION.

Washington, January 16.—From the present outlook there will be no Hawaiian legislation at this session except the passage of the extensions of customs and contract labor laws. These bills are ready for consideration in the committee of the Senate, the former having passed the House, and it will take only a few moments of the morning hour to get them through any time within the coming month. There is no opposition to these measures, and they will be made laws if nothing else Hawaiian is taken care of at this time.

Judge Widemann Failing.

Hon. H. A. Widemann, who has been failing for many weeks past, was very low last night. So critical was his condition that his family were assembled about his bedside. Judge Widemann is one month over seventy-six years of age today.

YOU'RE MISTAKEN!

We awoke to a realizing sense of your "pilikia" months ago, and have since been systematically at work searching through lines of samples, as we could procure them, (any old thing won't satisfy us when buying), for just what we desired. At last we have accumulated a stock which we are willing to submit to you. Pure, delicious teas they are, in the old-fashioned lead-lined chests. Teas that we'll sell to you by honest sixteen-ounce weight. Teas that you may examine in broad daylight before you hand your money over. Teas that have never been "manipulated" since they left the drying pans.

NEW TRANSPORT SERVICE.

Government Vessels to Make Regular
Trips to Manila.

Washington, January 15.—The
Navy Department yesterday took
the initial steps for the prosecution
of its plans for the formation of a
naval transport service. It promulgated a schedule for the sailing
of the two vessels now available
for this service, by which the Solace
is to sail from New York for
Manila in January and July, and
the Buffalo is to run from San
Francisco to the same port in April
and October. The schedule will
give a three months' service to begin
with, allowing the vessels ample
time to refit between trips. They
will carry stores for the forces
in the Philippines, and Admiral
Dewey will not only erect a
storehouse for the goods, but will
have the Celtic and Culgoas as refrigerators
ships to use for storage
of fresh provisions.

IROQUOIS FOR HONOLULU.

The United States tug boat Iroquois
came down from Mare Island
yesterday and anchored in the
stream, where she will remain
until Wednesday, when she will
sail for Honolulu. She has recently
undergone a thorough overhauling
and will start out well equipped
for her long trip. The Iroquois
will probably remain in Honolulu
for several years. She carries a
small battery and thirty-five men.
Lieutenant Charles F. Pond is in command, and the other officers are Ensign B. B. Bierer and Ensign G. L. P. Stone. The Iroquois will carry no coal on her deck, her bunkers, which hold 205 tons, being ample for the requirements of the trip. The Iroquois was formerly the tug boat Fearless, and is one of the finest boats of her class in the world. She is a powerful tow boat, and, when coal consumption is no object, can reel off a respectable number of knots. She had made a number of long ocean trips and has demonstrated the fact that no better sea boat sails out of San Francisco bay.—S. F. Chronicle, Jan. 16.

When the very best Bicycle produced in America is
quoted at \$50, you may be sure that rock bottom has

come to those annual reductions that have so demoralized
trade. Only the finest of equipments, with rigid
economy of management, can produce such a marvel
of cheapness as a standard American Bicycle at the
prices quoted in advance for '99. Do not look for any
more sweeping reductions. Capital must have fair

Almost Blind

Scrofula Affects the Eyes—Little
Boy Treated by an Oculist With-
out Relief—But Now He Is Well.

"When my little boy was three months old his eyes became very sore and he was almost blind. I took him to an oculist who treated him for six months, and left him as bad as he was at the beginning. Finally Hood's Sarsaparilla was recommended and I began giving it to him. In less than three weeks he was able to go into the sun without covering his eyes, and today his eyes are perfectly well, and his ears and nose, which were badly affected, are also well. Hood's Sarsaparilla has certainly done wonders for my boy." MRS. JAMES H. PAINTER, Amador, California. Remember

RUSHING IN JAPANESE

Washington, Jan. 13.—The receipt of a report from Commissioner of Labor W. M. Rice, who, in Yokohama, found there was being rushed in Hawaii by every steamer which was leaving Oriental ports contract laborers, and that the total of those who are under order by Hawaiian planters was 6000, has had the effect of making the committees of the Senate and House take up and consider at once the Perkins-Barham bill extending over the islands the labor and exclusion laws of the United States.

The information came to a Senator and a Representative in a letter from Rice at Yokohama, which set forth that while in Hawaii he found there had been permits issued for 6000 coolies, and upon arrival in Japan he discovered that men were being rushed forward to get them into the country before July 1st. Rice reported that contract labor companies of Japan were sending laborers as fast as they could be secured. Commissioner Powderly also reported that confidential information had come that 250 Italians were under contract with Hawaiian planters and were being sent forward at once.

As soon as this letter came to Senator Perkins he polled the Senate Committee on Education and Labor and found that a majority was in favor of immediate action and that the bill would be taken up and pressed for action immediately.

In the House Barham went to Chairman Gardner of the Committee on Labor, and after stating the case was authorized to write a favorable report upon the bill and was assured it would be brought in and pressed immediately. This would indicate that the laws may be put into execution before the end of the month.

PEOPLE WE KNOW.

Points About Kambainas and Some Others.

Quite a number of kambainas returned from San Francisco in the Doric yesterday afternoon. Among the number were the following: Mrs B F Dillingham, Miss Marion Dillingham, H W Schmidt, Miss Minnie Schmidt, Mr and Mrs T F Lansing, I R Burns, Mr and Mrs E H Paris, Mrs A W Keech, J A Kennedy, F H Austin, D L Conkling, Chas Desky, Mrs F W McChesney.

When C. S. Desky left San Francisco his wife had so far recovered her health that she anticipated a speedy return to Honolulu.

After an absence of nearly ten years, Franklin H. Austin returns to his native land and, according to Mr. Austin's own confession, he is delighted at being here. It is Mr. Austin's intention to form a company to manufacture bags from fibre. Of late, Mr. Austin has been connected with some of the best known periodicals and newspapers of California.

Miss Nevins, a cousin of the well known composer of music and herself quite well known as a sculptor and poet, was a through passenger. She is traveling in the interests of the Smithsonian Institute at Washington and goes to the Philippines to pursue the study of ethnology.

Mr. and Mrs. H. L. Van Wyck are among the strangers who have come to visit Hawaii. They are on a tour of the world and their steps are leading toward the Paris Exposition. Mr. Van Wyck is a retired broker, very well known in the State of California.

WEEK IN THE HOUSE.

The Pacific Cable Bill May Soon Be Taken Up.

Washington January 15.—The work of the House during the coming week will be begun with the sad rights attending the funeral tributes to Dingley. These will be held in the House of Representatives. Immediately following them the House will adjourn for the day. On Tuesday the legislative work of the House will be resumed with the naval personnel bill, coming over from last Friday.

Wednesday has been set aside for the Committee on Interstate and Foreign Commerce and an agreement to that effect has been made. The most important bills this committee has on hand are that providing for a Pacific cable running to Hawaii and Japan.

WANTS OF MAUI.

Water for Wailuku and Kahului—Light for Wailuku Postoffice.

Wailuku, Jan. 21.—Wailuku and Kahului residents are still anxiously awaiting the Executive Council to vote, or rather to decide whether these places are to get their appropriations in the Loan Bill for laying water pipes from Iao to Wailuku and Kahului. The great and urgent need of a fresh supply of aqua pura for the residents of these much neglected towns are never more imperative than at present. Several days during the week, some households cannot get a fair supply for home use, much less for bathing purposes. So, therefore, dear Executive Council, give us our appropriation and you will confer an eternal boon in upon Wailuku and Kahului citizens for humanity sake.

And still there is yet no light outside the Wailuku post-office on mail nights. If the Honolulu authorities will attend to this much needed improvement it will receive the support of all Maui.

The use of the Singer in millions of homes shows the unprecedented success of these ideal sewing machines. It is convincing proof that the Singer excels in all kinds of family sewing and art needle work. During the past two years, Mrs. J. W. Alexander, wife of the editor of the Waynesboro, (Miss.) Times, has, in a great many instances, relieved her baby when in the first stages of croup, by giving it Chamberlain's Cough Remedy. She looks upon this remedy as a household necessity and believes that no better medicine has ever been put in bottles. There are many thousands of mothers in this broad land, who are of the same opinion. It is the only remedy that can always be depended upon as a preventive and cure for croup. 50 cent bottles are for sale by Benson, Smith & Co.

TUESDAY, JAN. 24, 1899.

The work of census enumerators in the Philippines will open up work for some of Roosevelt's Rough Riders.

Senator Chauncey M. Depew, New York will have a strong combination in the United States Senator with Platt the worker and Depew the orator.

The situation in the Philippines is: strict censorship over press despatches and General Otis reporting an improvement. This is sort of an epitome of supposition.

If Honolulu could get up a little excitement over the senatorial election, it would be quite up-to-date to say the least. Senatorial fights in the States are thick and rapid.

General Shafter made a name for himself fighting Indians down in El Paso. But probably the most trying time for him was when the pretty girls of the town opened a war of kisses.

If correspondent Creelman means that Hawaii is to be independent as Cuba will be, it would indeed be interesting to know on what American precedents or official authority he bases his conclusions.

If Congress passes no territorial law at this session, Hawaii's next general election is due the third Wednesday of next September, and the men elected at that time elect a President of the Republic the last Wednesday in September 1900. Won't there be a jolly time?

HAWAIIAN LEGISLATION.

Private advices from Washington indicate that there will be no territorial legislation by Congress at this session, and there is every prospect that the bills extending tariff and immigration laws will be speedily passed.

For the best interests of Hawaii's future it is to be hoped that what local opposition may have been planned to the extension of these laws may be with drawn. With these laws extended, the chances of Hawaii being dealt with as a colony will be reduced to practically nothing, whereas a delay leaves open a broad field for action of the enemies of the territory. The BULLETIN believes the opposition to extending these laws is un-American, but aside from all questions of principle or sentiment, we do not believe the business men or the people generally will gain anything by opposing what is clearly the administration policy. It is better to play into the hands of friends than try to make terms with an enemy.

Commission for Cuba.

New York, Jan. 17.—A dispatch to the Herald from Havana says: A commission to inquire into the finances of the city has been appointed by General Ludlow. It includes these members: E. W. Conant, president; Leopold Chausio, secretary; S. M. Jarvis, M. Villanova, J. N. Casanova and George W. Hyatt.

The Senator Depew.

Albany, N. Y., Jan. 17.—The Senate and Assembly in their respective chambers voted today for United States Senator. In the assembly Chauncey M. Depew (Republican) received 84 votes and Edward Murphy (Democrat) 60 votes. In the Senate Depew received 27 and Murphy 23 votes.

CONTROVERSY OF TITLE.

Dr. Mouritz Speaks of His Case—Oral Decision by Judge Perry.

Wm. A. Bowen, guardian of Martha W. M. Begersen, a minor, asks direction of Judge Perry regarding the disposal of funds belonging to his ward.

Judge Perry has rendered an oral decision dismissing the suit of Mary M. Judd against Kaiwi, Magoon and Silliman for plaintiff; Correa for defendant.

The Supreme Court was occupied this morning with the case of Hawaiian Commercial and Sugar Co. vs. Kahului Railroad Co. Hartwell and Castle & Weaver for plaintiff; Kinney, Ballou & McCannan for defendant.

Regarding his cause submitted without action against Mary Lewis and others, for the clearing up of title to the land occupied by him at Mapulehu, Molokai, Dr. Mouritz before leaving for home this morning said to a BULLETIN reporter:

"The land was advertised for sale for several months in the year 1890, in both English and Hawaiian papers. Cecil Brown, W. R. and H. N. Castle, and S. B. Dole, who are all Hawaiian scholars and lawyers, had advanced money on mortgage on the property. S. B. Dole held a lien of \$2500 when I purchased. This amount was paid off with my money.

"I thought my title free from any flaw until this suit, my opponents waiting eight years before disturbing me."

THE DETAINED CHINESE.

Instructions from Washington Not Received and Scarcely Expected.

Inspector Joshua K. Brown received no instructions by the Doric's mail regarding the rejected Chinese. He says he scarcely had expected any decision. Each of the reports he had forwarded contained a suggestion that something more was to follow. Therefore, if any decision had been given upon the earlier reports, which the authorities might see fit to change after receiving the appeal of the Chinese, it might put the inspector in a quandary in the meantime. The appeal is now only on the way in charge of Mr. Robertson, the attorney of the Chinese.

J. D. McVeigh, superintendent of the quarantine station, was seen this morning. He reported the Chinese as all well, the few cases of sickness reported having been only trivial. There are 120 of them. They have the whole big place to themselves, all the Japanese immigrants having been released.

Burns Nicht.

Robert Catton will speak to "The Immortal Memory of Burns," at the dinner of Scottish Thistle Club at the Arlington tomorrow evening. Rev. Alex. Mackintosh will do justice to "The Land We Live In." Archie Steele will respond for the Caledonian Club of Hilo. Mr. McGowan, a visitor from the Coast, Drs. Murray and Sinclair will also be speakers. Hon. H. M. Sewall and Commissioner Kenney are expected among the guests of the evening.

Dr. Walters to Mana.

Dr. Walters left for Mana, Hawaii, this forenoon to attend Princess Kaiulani, who is very sick with acute rheumatism at the Parker ranch. On this account, he will be unable to be present at the reception to be given for Mrs. Walters and himself at the Hawaiian hotel Annex tomorrow afternoon. Mr. A. S. Cleghorn went to Mana with Dr. Walters.

Nebraska's Senatorial War.

Lincoln, Neb., Jan. 17.—The vote on United States Senator today was as follows:

Allen, Fusion, 58; Hayward, 28; Webster, 10; Thompson 7; Field, 4; Davidson, 1; Lambertson, 3; Valentine, 3; Hirschaw 2; Little, Cornish, Haines, Martin and Van Duyen, one each; Reese, Majors, Adams and Foss two each. All are Republicans except Allen. Allen received the solid fusion vote.

P. M. S. S. Astec Arrives.

The P. M. S. S. Astec, several days overdue, arrived off port this forenoon and came into the Pacific Mail wharf when the Doric sailed this afternoon. She has aboard 147 Japanese laborers and a cargo of general merchandise consigned to H. Hackfeld & Co.

PHILIPPINE COMMISSIONERS.

Men Selected to Investigate Problems of the Islands.

Washington, January 15.—President Schurman of Cornell University, who has been asked by the President to be a member of the Commission of Inquiry in the Philippines, arrived in the city this evening, and though he would not discuss the Commission, he confirms the story of his appointment and is to have a conference with President McKinley tomorrow. The Commission is expected to leave for the Orient on January 30th on the steamer Olympia of the Northern Pacific line. Two of the members of the Commission are now in the Philippines—Admiral Dewey and Major-General Otis—and two here, Schurman and Colonel Charles Denby. The fifth member will be Professor Neal G. Worcester of Ann Arbor University. He is to reach the city within a few days to proceed to the East with his fellows.

SPAIN TO SELL ISLANDS.

Madrid, January 15.—The Government, on the reassembling of the Cortes, will immediately ask for authority to sell the Marianne (Ladrones), Caroline and the Pelew islands, since Spain is powerless to maintain a sufficient force to defend them. The Government arrived at this decision in consequence of advices from General Rios that an army of 4000 men, a man-of-war and two gunboats would be necessary for the purpose.

Berlin, January 15.—The Vossische Zeitung, referring to the voyage next summer of the German cruiser Arcola in the Pacific, says it will be connected with the intention of the Government to acquire the Caroline islands.

DRAFTED FOR MANILA SERVICE.

One Hundred Men from the Independence to Serve on Gunboats.

Vallejo, January 14.—In obedience to an order from Washington all the available men on the Independence are preparing to go to Manila for duty on the small gunboats captured from the Spanish. The draft will include about 100 men, and they will leave next Tuesday on the steamer Coptic, sailing from San Francisco, in charge of Lieutenant Gill.

Useful Needs.

H. S. Townsend, Inspector General of Schools, has presented the Bureau of Agriculture with several seed fruits of the cacao plant from which cocoa is obtained. These were grown at Hilo. Professor Brigham, to whom they were shown, pronounced them good specimens. They look like elongated alligator pears in shape, and have rinds colored with red and yellow streaks.

Senator from Missouri.

Jefferson City, Mo., Jan. 17.—Francis Marion Cockrell was today re-elected to his fifth term in the United States Senate by the legislature, the two houses voting separately. Tomorrow, the election will be ratified by both houses in joint session.

How Can You Do It?

The question is often asked, How can you sell goods any cheaper than any other house? That is easily answered—we do a CASH business, and do not have to add 10, 15 or 20 per cent. as the case may be, to pay for the losses on credit customers. "Don't you want all the customers you can get?" Well, no, not unless they are CASH CUSTOMERS. It would be treating "Mr. Cash" unfairly to try and make him pay the losses of "Old Credit" and his family, and if we DID then WE would NOT be the

THE COAST SURVEY.

Captain Jackson May Come with United States Expedition.

It was rumored in San Francisco that Captain Grisley E. C. Jackson, formerly commander of the Hawaiian cruiser Kaimiloa, is coming to the Hawaiian Islands as a member of United States coast surveying staff. This is not at all unlikely. Captain Jackson's survey of Koolau harbor on this island is mentioned by Dr. H. S. Pritchett, in his report accompanying that of the Hawaiian Commission. The "admiral," as he has been dubbed since the Kaimiloa incident, was recognized here as not only a thorough navigator but a scientific hydrographer.

Captain Jackson, before going on the Samoan expedition, had been some months superintendent of the Reformatory school, whose larger pupils became the naval cadets and bandmen of the Kaimiloa. Officer Nigel Jackson, a lively member of Honolulu's police, is a son of the captain.

THE HILO HOTEL.

Mr. Glaze, the New Manager, Gives a Grand Entertainment.

This "happy go lucky," Pompeii, city by the sea, had an awakening on the evening of the 19th inst., and which was a notable event even within the memory of the "oldest inhabitant." For the wave of novelty and enjoyment which was the cause of the gathering together of all of Hilo society within the hospitable portals of the Hilo hotel, the Queen City is indebted to the firm of Peacock & Co. in the person of their local representative, Manager R. E. Glaze, "mine host" of the commodious and comfortable hostelry which the Hilo hotel. Mr. Glaze conceived, and put in execution, a plan to do honor to the Hotel guests and also to the Honolulu Pythians, who came forward by the last Kinan, and to introduce himself and his style of management to the Hilo public. In furtherance of that end he announced a reception, conversation, supper and dance, for the evening mentioned.

Well, although not a single spray of decoration was visible in the morning, at evening the hostelry inside and outside was draped with flags and the grounds illuminated by many colored lights. The dinner, which was the first event on the list, was partaken of by over two hundred people and the favorable comments could be heard on every hand with reference to the menu. A concealed orchestra discoursed sweet music at times and, after a proper season of rest the spacious parlor and dining room having been cleared, the devotees of Terpsichore took possession and tripped the light fantastic with but one intermission until 2 a. m., the music being furnished by the same Quintette club. Everybody was there that Hilo regards in any way as somebody, mirth and music prevailing to aid the pleasant companionship prevailing. The weather aided to the enjoyment of the guests and all went merry as a "marriage bell." Col. Glaze has fully established his reputation here, as in keeping with that now known from Maine to Texas, and from the east to the west of the United States. Traveller as he has been in India, Japan, China, England and Australia, he brings to Hilo a knowledge, which last night's banquet and dance shows, of "how to run a hotel." The event is looked forward to for repetition in the near future by Hilo's fair women and brave men and there is a possibility of such occurrence. Following was the menu:

34, 31, 25, 3!

This is not a figure puzzle; it only means that we received per "Australia" this trip—34 RAMBLERS, 31 COLUMBIAS, and are promised 25 more COLUMBIAS chain and 3 COLUMBIAS chainless by next "Australia."

Columbia Model 49, the lightest running, lightest weight and strongest wheel on earth we are selling for \$50. The other Columbia chain models will be sold at \$60, and the chainless at \$85. Ramblers, all models, \$50.

You know what Columbias and Ramblers are—they are all right—so treat yourself to a new mount to spin through the year '99 with.

WARNING TO TOURISTS!

The climate of all tropical countries is very hard on films, plates and all things pertaining to photography. Many experts come down here, obtain a large number of negatives, which they take home with them to develop,—only to find that they have LOST ALL THEY HAD, owing to climatic deterioration. Bring your work to us and we will guarantee satisfaction or NO PAY. Can you ask for anything squarer than that?

BAD RUNAWAY ACCIDENT

Mrs. Henry Gorman had a narrow escape from a shocking death a little after noon yesterday. She had just driven away from her home in Young street, when the large horse harnessed to the buggy bolted with the bit in his teeth. The horse flew by long strides toward Alapai street. Neighbors heard the imperilled lady's cries for help as the carriage went away and bounding past their houses.

At the end of Young street the buggy almost grazed the corner of a fence—Alapai street has no curbing nor sidewalk there—and then swerving across Alapai street was dashed to pieces against a telephone pole. Mr. Gorman was hurled violently to the ground amidst the wreck. She was picked up by men who had started out from all sides to stop the runaway. Blood was flowing from her face and there were bleeding contusions on her limbs. Withal, being covered with dust and having her clothes torn, the lady looked in a much worse condition than happily proved to be the case. It was indeed most fortunate she was not killed outright.

Mrs. Gorman was carried into the house of Emil Klemme close by to await surgical attention. Dr. Wayson was soon brought and, after he had bestowed the immediate relief required, the injured lady was removed to her home.

The steering committee reported a plan of action and Senator Martin of Philadelphia and Representative Bliss of Delaware gave practical instruction as to the procedure for the election of a senator.
