## ALL PLANS COMPLETE FOR GREAT PARADE ROOSEVELT APPOINTS NO MORE

### FLORAL PARADE A GORGEOUS PAGEANT

Entries Far Exceed In Number Those of Former Years and Decorations Will Be Superb—Many Malihinis—Line of March.

Gorgeous in coloring, artistic in conception, and with just enough suggestion of the olden days of Hawaii to lend a tinge of romance to the pageant, Honolulu's Floral Parade on Washington's Birthday will present a spectacle such as, once seen, is never forgotten.

Decked in all the glory of the splendid flora of this tropical island paradise, the turn-out entered in the triumphant procession will be typical of the islands which they represent—typical of the gorgeous coral strand of Hawaii.

There have been Floral Parades before now, and the fame of those parades has drifted far and wide. But nothing that has gone before can compare with the happy pageant that will greet the eyes of Honolulu's citizens, and the strangers within their gates, on Monday morning next.

The memories of the olden days, and the realities of the days that are, will be strangely intermingled. There will be the Pau-u riders—sixty or more in number—whose picturesque and artistic costumes will carry the old-timers back to the days of the Kamehamehas, and will tell the Malihinis

### WHY THEY WAIT

"Deferred for forty days" is the report that comes from the secret session of the Senate held yesterday afternoon to deal with the appointments of the Governor.

Various causes are given for this action of the Senators.

One of the most interesting is the rumor that is said to come from Washington regarding what the Governor proposed while at the National Capital. It is claimed that the Governor has a plan for combining the Public Works, Survey, and Land Departments under one head, making bureaus each of the present divisions.

The significant remark credited to the Governor is that he "has a man for the position" at the head of these combined departments. It is believed this man has in view is not one of the men now at the head of any of these departments.

In other words, it is believed that the Governor has a scheme in mind which he has not divulged and some of the Senators don't want to make any move until they know all there is to be known of the Governor's plans.

Treasurer A. J. Campbell appears to be the man slated for the center of the attack from the Senate. Some claim that Fairchild and Knudsen will make a fight against Land Commissioner Pratt on account of his land policy in their districts.

There was some talk of opposition to Marston Campbell, but that appears to have quieted down for the time being, at least. It is claimed that if the vote on confirmation were held yesterday, A. J. Campbell would have been defeated and Pratt confirmed. But the vote was not taken and the matter of appointments now becomes one of the trading points and general scrimmage center of the session.

Fast or 59 days ends life of woman suffering from softening of brain and refusing nourishment.

### Sugar Trends Upwards

Raw sugar sold in New York today at 3.67 cents per pound is the text of a telegram received today by H. St. Goar from Ed. Pollitz. The present ruling quotation for local sugars is 3.61 and the New York sales foreshadow an advance.

Mr. St. Goar returned this morning from a tour of the Maui plantations. He says they are all in the pink of condition. In fact, the Maui properties, he says, are the best of all he has seen thus far. The Hawaiian Commercial crop is placed at 51,000 tons among the people on Maui, although the agents hold to the belief that the crop will not run over 50,000 tons this year.

### C. M. Cooke Not Very Sick

Letters received from Kaula this morning state that Mr. C. M. Cooke suffered a slight apoplectic stroke and his condition is not as serious as was supposed from the telegram last evening speaking of a stroke of paralysis.

It is said that Mr. Cooke requires merely a week of complete rest in Lihue to put him in condition to travel home, where he is expected next week.

The news of an apoplectic stroke came as a great surprise to people who have met Mr. Cooke of late, as he seemed in the best of health.

BUSY MORNING IN THE LOWER HOUSE MANY BILLS PASS INTO COMMITTEES

Holstein Permits Little Foolishness But Demands Work

#### HOUSE OF REPRESENTATIVES

Fourth Day—Morning Session  
The work of the first week in the House of Representatives came to a close at 11 o'clock this morning after a half-day the principal feature of which was the large amount of work transacted.

The wisdom of the choice of Holstein for Speaker becomes more apparent every hour of the session. He seems able to crowd through more work in one day than would seem possible. He realizes that the members must get rid of a certain amount of oratory, but he knows intuitively just when he can shut them off, and no time is wasted. In his opening address he gave the keynote of the session as a business session, and he is living up to his preaching. If the session lasts more than sixty days, it will not be his fault. And as the House has adopted a resolution that its members shall receive no pay for any time over the sixty days, there is no probability of the session lasting longer than the time prescribed by the Federal law.

A long list of bills and resolutions, most of them appropriating money out of the Territorial Treasury for special purposes, was introduced this morning. The first bill passed its final reading and goes up to the Senate for action.

The members of the lower House brightened up perceptibly when Representative Castro, chairman of the Public Expenditures Committee, announced that those who had mileage coming to them could get the same by calling on the Secretary of the Territory. The Federal appropriation of \$30,000 toward the expenses of the session has not yet arrived, but Secretary Mott-Smith, recognizing the anxiety of some of the members, dug down in his own pocket and advanced the money. The Honolulu members, unfortunately for them, get no slice of this melon and their countenances did not beam as did those of the outside members when Castro made his announcement.

Aside from the amount of work transacted this morning, the only feature of the day was Representative Douthitt's attempt to secure an extra hour in the morning for the use of himself and his Oahu associates. He strenuously opposed the

Senate Wades Through Mass of Routine Business

#### THE SENATE

Fourth Day—Morning Session  
On resolution of Senator Knudsen of Kaula, the Senate this morning voted to lay the Governor's Message No. 2, relating to the confirmation of his recess appointments, on the table, said resolution not to be taken up again except on five days' notice.

Hardly had the resolution been read and its adoption moved when half a dozen Senators made a move to second it. On a vote, the resolution was unanimously adopted.

The morning session was devoted entirely to routine business, much of the time being taken up in the third reading of bills already introduced.

House Resolution No. 7, extending an invitation to Congress to send a delegation here as the guests of the Territory, and empowering Delegate Kuhio to extend such an invitation, was referred to the Judiciary Committee.

House Joint Resolution No. 2, calling for the appointment of a joint committee, to consist of three members from the Senate and three from the House of Representatives, to examine into the fruitgrowing and truck-farming industries of the Territory, and report to the Governor not later than July 1, 1910, passed the first reading and was referred to the Printing Committee.

Senator Baker offered a resolution calling for the addition to the Appropriation bill of the sum of \$18,500 for the construction of a new hall at Napooppo. He also offered a resolution asking to have included in the appropriation bill, or the loan bill, the sum of \$5500 for a court house and \$1500 for a jail at Kohala. Both resolutions were tabled until such time as the appropriation bill shall come up.

President Smith announced that, in accordance with the resolution calling for a select committee on taxation, he had appointed Senators Fairchild of Kaula, Robinson of

### ROOSEVELT TO APPOINT NO MORE

WASHINGTON, D. C., Feb. 20.—It was announced from the White House today that President Roosevelt will make no more appointments to office, all such matters being left to President-elect Taft, who takes office the 4th of March.

This bears out the prediction made by the Bulletin that President Taft is the man who will name the Second United States Judge for the District of Hawaii.

### He Accepted Bribe

PITTSBURG, Pa., Feb. 20.—Councilman Klein of the Pittsburgh city government has been convicted of accepting \$17,500, as a bribe from the president of the German National Bank to make this institution the depository for city funds.

### 31,000 In Line

WASHINGTON, D. C., Feb. 20.—There will be 31,000 men marching in the inaugural parade on March 4.

### Cut In Steel

BETHLEHEM, Pa., Feb. 20.—The Bethlehem Steel corporation has cut prices under the figures at which concerns independent of the Steel Trust are offering their product.

### Asked Coin---Got Jail

KANSAS CITY, Mo., Feb. 20.—Robert Bledsoe was today sentenced to thirty years' imprisonment for his attempt to extort money from Capitalist Jones. Bledsoe, armed with dynamite and a revolver, demanded \$7,000 from Jones.

### Empress Boat Ashore

KOBE, Japan, Feb. 20.—The passenger liner Empress of China arrived here today in a leaking condition. The steamer grounded in the Inland Sea, but came to port under her own steam.

### Ookala's Fate Rests With New Directorate

The future fate of Ookala Plantation is now in the hands of the new board of directors, which was elected this morning at a meeting of the stockholders, held at C. Brewer & Co.'s office.

The new board will act as trustees for the company, and it is up to them to say whether Ookala shall be kept as a going concern or wound up when the present crop is taken off.

Ookala has had a remarkable career from a dividend-paying point of view. In over twenty years the company has only twice paid dividends, and on those occasions only 1 per cent. The nature of the plantation fields, broken up by deep gulches, and having patches of cane in out of the way places, makes a going concern or wound up when the

**WHITE COSTUMES.**

If you are on the street, either in or out of the parade, on next Monday, wear white clothes. This is the request of the Floral Parade committee, which believes that a large percentage of white costumes among both women and men will be particularly in keeping with everything connected with the parade. In some instances in carrying out a color scheme of decoration, this may not be feasible, but for the most part white will conform probably better than any color to the surroundings.

## Pau - Ka - Hana

is a Honolulu - made soap that is nearly pure. Scientific analysis proves this and stands behind the guarantee of the manufacturers. Tallow is liberally used, an ingredient not found in all of the brown soaps these days. Pau - Ka - Hana is cleansing, it does its work quickly, and gets into corners with the least assistance from the scrubber. It takes the work on its shoulders.

### REALISTIC PROPERTY FOR KILOHANA PLAY

The Kilohana Art League play, to be presented next Tuesday night at the Opera House, will have a most realistic stage setting. Every effort has been made to have the scene resemble as nearly as possible the typical sculptor's studio of ancient Athens.

Real busts and heads will be shown, some of them in the rough, being shaped by artisans, and one or two undergoing the finishing touches in the hands of the great sculptor.

Some of the best specimens of plastic art work were taken from the permanent exhibition rooms of the Kilohana Art League to the Opera House this morning, including the work of Mr. J. Rosenfeld, Mr. Allan Hutchinson, and Mr. Gordon Osborne. Massive pillars, arches, statues, vases with palm flowers, and rugs and skins on the floor will give the scene a realistic and artistic effect.

Tickets are \$1 and 75c. at the Bergstrom Music Co., with a special rate of 25c to students and their parents or chaperons.

### KOREA TAKES MANY PASSENGERS NO COAST

According to schedule, the steamship Korea, which came in from Yokohama yesterday, left this morning at 9 o'clock for San Francisco.

Among the island people who departed today for the States were Colonel Samuel Parker, Colonel John T. Baker, General John H. Soper, and C. S. Desky. They are all headed for Cuba, where they will look into a land deal.

Other passengers were Mrs. C. A. Rice, wife of the Honorable C. A. Rice of Kauai; F. T. P. Waterhouse, Clinton J. Hutchins and wife, and several others.

The Korea, besides carrying mail for the States, carries a large shipment of local fruits, especially pineapples.

### OOKALA'S FATE RESTS

(Continued From Page 1)  
the cost of cultivation much higher than on adjoining plantations that have not the same problems to face.

The present crop looks remarkably well, and with up-to-date appliances, there seems no reason why Oookala should not soon get into the dividend-paying line.

At the meeting this morning, beyond the election of officers, and reading the plantation report, nothing of importance was done. The report was ordered printed and will be mailed to shareholders as soon as possible.

Mr. Palfrey, for many years bookkeeper for the Laupahoehoe Sugar Co., who has bought heavily of Oookala stock lately, was elected a director of the company. In all probability the Oookala plantation will be kept going and if so, planting will be proceeded with at once.

The following officers were elected: J. M. Dowsett, president; W. G. Walker, vice president; E. F. Bishop, secretary; G. H. Robertson, treasurer, and J. A. Kennedy, A. C. Palfrey and Paul Muhlendorf, directors.

It is understood that C. Brewer & Co., Ltd., will continue to act as agents for Oookala.

If the plantation is continued it will be under a corporation that will buy out the present company. The position of the agents is said to be strict adherence to the resolution calling for winding up the property. It is believed the present stockholders will realize at least par for their holdings.

K. S. Gjerdrum, manager of Honokaa Sugar Co., is in town on a business trip.

### NAVAL STATION HAS NO OFFICIAL NEWS

Speaking of the rejection of all the bids for the construction of the Pearl Harbor drydock, Captain Rees, commandant of the Naval Station, stated this morning that he thought some further legislation would probably be required. He said so unofficially, however, as he has received no cable advice from the Navy Department relative to this morning's Associated Press cable.

The preliminary work of the drydock is completed. Whether the actual work on the drydock will be pushed ahead, regardless of the cable which was published this morning, Civil Engineer Parks would not say this morning.

### ANDREW WELCH BRINGS CARGO FROM COAST

The bark Andrew Welch, Captain Kelly, arrived this morning from San Francisco and docked Walkiki of the Matson Navigation wharf. Her trip down, according to one of the officers, was uneventful. There were times when the good ship bucked against high seas and strong wind, but this did not prevent her from plowing through the boisterous waves at record speed.

The bark brought 1600 tons of general merchandise and 10,000 cases of kerosene oil, which are being discharged today.

### NOTICE OF SALE OF GENERAL LEASES OF LANDS SITUATED IN KONA AND IN KAU, ISLAND OF HAWAII.

At twelve o'clock noon, Monday, March 1, 1909, at the front entrance to the Judiciary Building, Honolulu, there will be sold at public auction, under the Provisions of Part 3, Land Act 1895, (Sections 278-285 inclusive, Revised Laws of Hawaii), General leases of the following described lands:

(1) A portion of the land of Honouliuli, North Kona, Hawaii, containing an area of 2943 acres, more or less, and classed as grazing land. Upset rental, \$300.00 per annum, payable semi-annually in advance.

Term of Lease, fifteen (15) years from March 1, 1909. A condition of the lease will be that the entire boundaries of the land shall be fenced with a lawful fence within one year following the date of the lease, and that this fence shall be maintained during the term of the lease.

Necessary rights-of-way for public use will be reserved across the land.

(2) A portion of the land of Makaka, Kau, Hawaii, containing an area of 186 acres, more or less, of which 170.68 acres is classed as agricultural land and the balance pasture land.

Upset rental, \$600.00 per annum, payable semi-annually in advance. Term of Lease, ten (10) years from May 1, 1909.

(3) A portion of the land of Makaka, Kau, Hawaii, containing an area of 80.45 acres, more or less, and classed as agricultural land.

Upset rental, \$255.00 per annum, payable semi-annually in advance.

Term of Lease, ten (10) years from May 1, 1909.

(4) Portions of Lots 22 and 23, Kaunamano Homesteads, Kau, Hawaii, containing an area of 11.95 acres, to be leased as pastoral land.

Upset rental, \$10.00 per annum, payable semi-annually in advance.

Term of Lease, fifteen (15) years from March 1, 1909.

The Lessee will be required to plant upon this land, within two years from date of lease, an average of not less than twenty (20) Blue Gum Trees per acre, for the whole area. No single acre to have less than ten (10) trees thereon, and all trees to be maintained in good growing condition, during the term of lease.

Reservations regarding land required by the Government for settlement or public purposes will be embodied in each of the above leases.

SATURDAY FEBRUARY 20, 1909

If Honolulu is now in the midst of  
the boom, the microscope is needed  
to find it.

Remember that the Fifth Legisla-  
ture has made the good resolution  
that the work of the session shall be  
carried on speedily and finished well  
within the sixty-day limit, or less.

This plan to reduce the number of  
bills introduced sounds all right, but  
what would happen in any mainland  
State Legislature or in Congress if  
such a scheme were put to the front?

Brother Douthett could explain  
whether the glorious international  
resolution has any connection with  
the Territorial bill for the regulation  
of tenement houses and where they  
shall be built.

Why should citizen-labor laws be  
classified as "Japanese-baiting" propo-  
sitions? They have been before every  
Legislature since the Territory was  
established. Some have passed, oth-  
ers have been defeated, and the coun-  
try still lives.

## NEEDLESS BUT IN.

The resolution of endorsement for  
President Roosevelt in dealing with  
the Japanese question of the Pacific  
Coast will no doubt find high favor  
with the Japanese high-wage asso-  
ciation of Honolulu and stir up a  
lively enmity against Hawaii among  
the American labor agitators of the  
Pacific Coast, without having the  
slightest influence on the diplomacy  
of the United States Government or  
receiving more than perfunctory no-  
tice from the President.

With such a resolution once intro-  
duced, no Representative would care  
to oppose it, as his position might so  
easily be misinterpreted.

The gist of the whole proposition  
is that Hawaii is meddling in a mat-  
ter that is distinctly none of its busi-  
ness.

Sovereign States of the American  
Union, the loyalty of whose citizens  
is not to be questioned, have not felt  
called upon to dip into a subject on  
which the President and the Pacific  
Coast have come to an agreement.  
The incident is closed.

Hawaii is butting in.

## PEARL HARBOR DRY DOCK.

If the Legislature of Hawaii often  
falls short of what we believe is the  
statesmanlike attitude toward ap-  
propriations in which matters of broad  
public policy are involved, what can  
we say of the United States Congress  
that appears to have failed in ap-  
propriating money enough to give Pearl  
Harbor the sort of dry dock it should  
have to meet the demands of our fu-  
ture Navy?

The brief cablegrams give no de-  
tails of the reasons for rejecting the  
bids for the dry-dock construction,  
but apparently the wise Congressmen  
are not as progressive as the officials  
in the Navy Department, who know  
what they are doing.

No more serious error could be  
made than the construction of a dry  
dock to just fit the need of the Amer-  
ican Navy as it is today.

Let us hope that between now and  
the 4th of March there will be an  
awakening that will prevent the pos-  
sibility of some upstart a few years  
hence telling the American people  
that the Pearl Harbor dry dock, like  
some of the battleships, was well  
built but old-fashioned by the time  
it was put in use.

## COMBINING TERRITORIAL DEPARTMENTS.

If Governor Frear has a well-laid  
scheme for combining some of the  
present Territorial departments un-  
der one head, he should say so.

The theory of the proposal is a  
proper one to meet changed condi-  
tions of local government, but the  
Governor cannot make much head-  
way with the practice if he keeps a  
program under his hat to spring on  
an unsuspecting public at an unex-  
pected time.

Every good reason exists why the  
Territory of Hawaii should not con-  
tinue its present expensive force of

department heads and employees for  
work properly within the scope of  
City and County authority.

The public buildings can be built  
and even water systems and sewer  
systems laid out and kept up by the  
local authorities, as well as it has  
been done by the average Territorial  
officials in times past.

The Land and Survey Departments  
are divisions of the executive admin-  
istration having functions distinctly  
Territorial, that should be continued  
under Territorial authority.

One able executive could look after  
the different bureaus combined in one  
department. The saving would be  
considerable and the efficiency of  
government improved through lack  
of duplication, if in no other way.

## HONOLULU SOCIETY AND RULES FOR DRESS.

When the society women of Hono-  
lulu hold a congress to determine the  
rules of dress for public functions in  
this sub-tropical town they will sat-  
isfy a long-felt want, if they are able  
to come to a definite conclusion.

"Conditions are peculiar" is a  
phrase almost worn out in connec-  
tion with things Hawaiian, but it fits  
in matters of dress.

For instance, a party of ladies from  
the mainland recently visited Hono-  
lulu and were invited to attend a  
function at the Kiloahana Art League.  
They dressed very quietly for the oc-  
casion, and on arrival felt very much  
out of place when all the local lights  
of society and literature were garbed  
in the low-necked dress and other par-  
aphernalia of the latest fashion. A  
few evenings later these same ladies  
decided to attend a Tennyson even-  
ing in Central Union Church. Having  
been fooled once, they thought  
never to be again. Consequently, to  
keep step as they supposed with the  
social march of Honolulu, they ar-  
rayed themselves in their most elab-  
orate garments for "full evening  
dress." Imagine their chagrin when  
arriving at the scene of the Tennyson  
evening they found themselves in the  
midst of the sombre garb and atmo-  
sphere of a New England prayer  
meeting.

Hardly less distressing than the  
fate of these women is that of the  
man who perspires his young life  
away and ruins his disposition in the  
"full" regalia of afternoon dress.

Society women have worried their  
overworked and lovely brains into  
shreds over less serious topics than  
the comfort of guests and the adap-  
tability of society rules of dress to  
the weather and customs of Hono-  
lulu.

Reforms may not be needed. Sen-  
sible rules would be a point gained.

## LADY OF HAWAII WANTS HER MONEY FOR HER LECTURE

The Utica N. Y. Observer publishes  
the following regarding a young lady  
who came from Hawaii, but is not in  
the directory:

Chittenango, Jan. 25.—Miss Lottie  
L. Tiltonson of Hawaii was to have  
spoken at the First Presbyterian  
Church last evening, but did not do so,  
although there were a number of peo-  
ple to hear her. Two young men of  
the village were selling tickets at the  
door. She demanded the money that  
had been collected and was deter-  
mined to sell the other tickets at the door  
herself, but was not permitted to do  
so. She claimed that her contract  
read that she was to act as doorkeep-  
er. She was told that she could take  
in the tickets at the door after they  
were sold, but this she refused to do.  
She then left the church and went to  
a telephone office and tried to sum-  
mon officers to arrest the men who  
sold the tickets, but failed to get one.  
After a time the audience was dis-  
missed and the money was refunded.

such a provision shall prove imprac-  
ticable, passed its third reading.

Senate Bill No. 34, providing that  
certified copies of public archives  
shall be receivable in evidence, passed  
its third reading.

House Bill No. 1, appropriating the  
sum of \$20,000 for the expenses of  
the session of the Legislature, passed  
its second reading.

Senate Bill No. 18, referring to the  
payment of licenses, was referred to  
the Ways and Means Committee.

Senate Bill No. 19, relating to the  
licensing of hotels, restaurants, lodg-  
ing houses, etc., passed its second  
reading and was referred to the  
Ways and Means Committee.

Senate Bill No. 28, also referring  
to licenses, passed its second reading  
and was referred to the Judiciary  
Committee.

Senate Bill No. 20, referring to the  
rate of taxation on property, was re-  
ferred to the Taxation Committee.

Senate Bill No. 30, directing that  
all fines and costs collected by Dis-  
trict Magistrates, Sheriffs, etc., be  
paid into the treasuries of the Coun-  
ties in which they are collected, was  
referred to the Ways and Means  
Committee.

cense laws, was referred to the Ways  
and Means Committee.

Bill No. 32, amending the Act cre-  
ating Counties in the Territory of  
Hawaii, was referred to the Judiciary  
Committee.

Senate Bill No. 39, an eminent-do-  
main measure giving the purposes  
for which private lands may be taken  
for public purposes, passed its second  
reading and was referred to the Ju-  
diary Committee.

Knudsen introduced a bill amend-  
ing the laws relative to land registra-  
tion, which passed its first reading  
and was referred to the Printing  
Committee.

President Smith then announced  
that the Senate had been invited to  
join with the House in holding mem-  
orial services in Washington's honor,  
and that the Senators were requested  
to meet in the House chamber at 10  
o'clock Monday morning. He also an-  
nounced that he had selected Sen-  
ators Knudsen and Moore to deliver  
addresses on that occasion.

A recess of five minutes was then  
taken, after which McCarthy moved  
that Governor's Message No. 2 be  
laid on the table.

Senator Fairchild moved that the  
Governor's Message No. 3, relating to  
the appropriation of money to pay  
for certain lands taken for public  
purposes on the island of Molokai, be  
referred to the Ways and Means Com-  
mittee. Such action was taken.

On motion of Senator Knudsen, the  
Senate adjourned until 10 o'clock  
Tuesday morning.

## WOULD HAVE COUNTY COLLECT LICENSES

Coelho's Measure Handed  
To Ways and Means  
Committee

Senator Coelho's Bill No. 18,  
amending Sections 1321 and 1323  
of the Revised Laws of Hawaii, which  
came up for its second reading, the  
amendment provides as follows:

"Section 1321. Treasurer defined.  
Wherever in this chapter the word  
'treasurer' is used, it shall refer to  
and mean the treasurer of the county  
wherein the business to be licensed  
is located or carried on or to be lo-  
cated or carried on."

Section 1323 is amended to read as  
follows:

"All licenses under this chapter  
shall be issued and signed by the  
treasurer and impressed with the  
seal of his department. Such seal  
shall be determined by the Board of  
Supervisors."

The intimation that the Maui Sen-  
ator was tampering with Territorial  
revenues struck the Senate with a  
bang, and Senator Knudsen quickly  
moved that the matter be referred to  
the Ways and Means Committee. Such  
was done.

## STOP DRINKING!

Orrine Destroys the Craving for  
Drink—Cure Effected or  
Money Refunded.

It was formerly customary for the  
habitual drinker to take the pledge  
regularly, sometimes once a year, and  
sometimes in every fit of remorse that  
followed his debauches, and then—  
Break it.

But now it is gradually dawning on  
the world that pledges do not stop  
drunkenness. When a man takes a  
pledge voluntarily, he expects to keep  
it. Every man expects to keep his  
word and every broken pledge costs  
the drunkard many a headache. But  
he cannot help it. He fights as long  
as he can, then succumbs to the crav-  
ing. The nervous system of the habit-  
ual drinker is diseased, and he must  
have treatment that will cure this con-  
dition. Orrine is sold under a positive  
guarantee to cure the drink habit or  
the money will be refunded. No other  
treatment for the liquor habit is sold  
under such a liberal guarantee.

Orrine is prepared in two forms: No.  
1, a powder, perfectly tasteless and col-  
orless, which can be given secretly in  
any food or drink. Orrine No. 2 is in  
pill form, for those who wish to be  
cured of the habit, and it should be  
taken by every one who swears off.  
No matter which form of Orrine is  
used the guarantee is the same. The  
price of Orrine is \$1 per box, mailed  
in plain sealed wrapper upon receipt  
of price. Write for free booklet on  
"How to Cure Drunkenness." (mailed  
in plain sealed envelope) by The Orrine  
Co., Washington, D. C. Orrine is

## CAMPBELL'S PLAN IS ENDORSED

Superintendent of Public Works  
Campbell's plan for an artesian water  
system for Honolulu has met with the  
hearty endorsement of one of the big  
engineers of the mainland. In a letter  
to Mr. Campbell, Rudolph Herring,  
the man who designed a filtration plant  
for Honolulu, writes as follows:

"Regarding the water supply it is  
unquestionably best in your semi-  
tropical climate to use ground or artesian  
water, even at a larger expenditure  
of money, if it can at all be af-  
forded, if you can at all get them."

T. A. Cox, who disappeared from  
Fairmont last December, wires his  
wife he was shanghaied.

## THE MULTI SPEED SHUTTER

(EXPOSURES TO 1-2000 SECOND)

Built on new principles, and mounted between lenses.  
Applicable to the smallest practicable cameras. An all-  
round shutter for all-round work, the most efficient speed  
shutter in use today.

The fault with the old iris diaphragm shutters is that  
the illumination is poor, and the result blurred; the old  
focal plane makes sectional exposure necessary, resulting  
in distortion.

When the speed of the focal plane is doubled, the band  
of light that travels over the plate is only 1-2 as wide, and  
any point is only one-half the time exposed, resulting in il-  
lumination only 1-4 as strong as before. The MULTI-  
SPEED SHUTTER causes the same amount of light to hit  
the plate every time. There is very little loss of density.

## FLORAL PARADE

(Continued from Page 1)

Though a success, the parade was not repeated the following year, and it was not until 1906 that another effort was made at starting the ball rolling.

That year, it was decided to make Washington's Birthday the date of the festivities, and on February 22 a floral display, entirely unique in the annals of Honolulu, was made.

The next year the same thing was repeated, and last year the parade became so much of an established fact, that twenty-five decorated cars were counted in line.

This year thirty-seven automobiles have already been entered, and it is believed that almost as many more will appear in line when the grand marshal gives the command to advance on Monday morning.

Many of those who have entered are from the mainland—a number from Southern California. The latter, some of whom have participated in Pasadena's great floral festival, will make an especial effort to show that even Hawaii cannot surpass the sundown coast of the mainland when incense is being burned at the shrine of Goddess Flora.

"The advertising which Honolulu received last year from the Floral Parade, cannot be overestimated," said Secretary H. P. Wood of the Promotion Committee yesterday afternoon. "From San Francisco has come the news that a full week before the date set for the departure of the big liner Mongolia, all Honolulu accommodations had been engaged. Ninety-six visitors will arrive here on the morning of the parade, and most of them have been attracted by the story of last year's festival."

In addition to the automobiles, and the pa-u riders, there will be the bicycle riders, their machines disguised to represent the brilliant-hued fishes that throng the waters of the islands. There will be the long line of decorated carriages. The sailors of the U. S. S. Froquois will exhibit their ship done in floral miniature. And, most gorgeous of all will be the island princesses, each attended by her escort of children.

Fifty boys and girls, garbed in quaint and picturesque costumes, and mounted on prancing ponies, will do honor to the fair dames and maidens who have been chosen to wear the regal crown in honor of the islands of their home.

There will be floats drawn by horses, and floats driven by their own motive power. There will be moving ferneries, soubers and cool in appearance, and there will be gorgeously-colored floats decked with the most brilliant of blooms which flourish on Hawaiian soil.

The entire direction of the Parade will be in the hands of L. Petrie, the marshal, who will probably appoint a number of assistants for the day. The different sections of the Parade will form in and about the Capitol grounds at 9 o'clock Monday morning, in positions which have already been determined upon, and will march promptly at 10 o'clock. A bugle will be sounded fifteen minutes before 10, at which time every vehicle will be supposed to be in its appointed position.

The early assembly is insisted upon in order that an individual photograph may be made of every entry. A position on the Ewa side of the Capitol will be set aside for the photographing of the automobiles, and some other of the entries, as fast as they arrive. All autos and floats are expected to enter the grounds through the mauka gate from Hotel street.

The carriages will be photographed in front of the Hawaiian Hotel on Hotel street, before entering the grounds—after which they will make their entry through the Ewa gate, and find their positions just inside.

The drives surrounding the Capitol have been carefully measured off, and a space reserved for every automobile, float, and carriage. These spaces will be marked with numbered stakes, and will correspond to numbered cards which will be supplied

to each person making an entry, and will also determine the order in which the cars will leave the ground. The Fifth Cavalry mounted band, and the four troops of cavalry will be formed on the drill grounds in front of the old armory on Hotel street, opposite the Capitol grounds, and will march through the grounds to take their place at the head of the procession, at the appointed time for the Parade to start.

The pa-u riders, sixty or more, will enter the grounds from the Likiep street entrance and form back of the banyan tree on the mauka-Waikiki side of the Capitol.

A position for the bicycles and miscellaneous features will be found on the Ewa side of the Capitol.

The automobiles will line up on each side of the front drive of the grounds, extending around on the Waikiki drive.

Floors will form on the drive at the mauka-Waikiki corner of the Capitol, beneath the banyan tree.

Carriages will form on the Ewa driveway. The Fire Department will remain out on Richards street, in case it should be called by a fire alarm, and will close the procession as it leaves the grounds. The fire apparatus will accompany the Parade only as far as Thomas Square.

### Line of March

The procession will move from the front entrance of the Capitol grounds to King street and proceed to Bishop street; on Bishop to Hotel; on Hotel to Richards; on Richards to Beretania; on Beretania to Thomas Square; on Kapiolani street to King; on King to Victoria. Here the Parade will divide, the automobiles turning up Victoria to Beretania, on Beretania and down Kaahumanu and Kalakaua avenue to Kapiolani Park. The rest of the procession will continue on King street and by way of Kalakaua avenue to the reviewing grounds.

### Formation of Parade

The formation of the procession as at present planned will be about as follows:

- Fifth Cavalry Band
- Four Troops Fifth Cavalry
- Hawaiian Band
- Pa-u Riders
- Bicycle Riders (Hawaiian Fishes)
- St. Louis College Band
- Automobile Section
- Boys' Industrial School Band
- Inter-Island Princesses
- Decorated Carriages
- Decorated Floats
- Fire Department

Through the courtesy of Fred Harrison the Parade Committee has been granted the use of the grand stand erected for the Lincoln Day ceremonies on the corner lot, corner of Richards and King streets, which is to be reserved for the use of women and small children. In the corner of the same grounds a judges' stand has been erected, from which the malihini judges will have their first view of the parade. The location is ideal for the purpose, and will doubtless be a much coveted point of vantage from which to see the big demonstration. The members of the Legislature will also occupy reserved space on this stand, which is being decorated by Chief Engineer Kiltgaard, of the Hawaiian, who offered his services for the purpose.

### BUSY MORNING

(Continued from Page 1)

Resolution adopted the first day of the session that the House assemble at 9 o'clock in the morning, but lost out. This morning he again attempted to have 10 o'clock made the hour of convening, but lost once more.

Douthitt, upon whom the early rising necessitated by having to get to the House at 9 o'clock has evidently been wearing, presented a resolution to change the hour of convening to 10 until such time as the work of the House makes it advisable to return to the earlier hour.

Coney promptly moved to defer action on the resolution to April 1, and Rice seconded the motion. This, however, failed to carry, and Douthitt moved the adoption of his resolution.

Sheldon objected strenuously. "It is no hardship on the Honolulu people to have to get here at the earlier hour. The real hardship falls on us who come from the other islands. But we want to get through with our work and get

back home again. The business houses are all open before 9 o'clock, and there is no reason why we can't get here at that time. It will be a hard thing to return to 9 o'clock if once we get in the habit of coming at 10 o'clock.

Cohen moved an amendment to the effect that the Speaker set the hour for assembling each day, as he is most conversant with the situation, and knows best what is to be done.

Douthitt took the floor. "There is no intent," he said, "on my part to shirk the duties of the session. I thoroughly agree with Mr. Sheldon that we want to get through with the work of the session as soon as possible. The only thing we want is to meet at 10 o'clock until the business of the session warrants a return to the earlier hour of assembling."

The vote was called for on Cohen's amendment. Rice rose to a point of order. "This seems a reconsideration of a vote taken earlier in the session. The House then decided on 9 o'clock. If Mr. Douthitt voted in the majority then, he can move to reconsider. But if we let this go on, this thing will be coming up every day of the session."

Kaniho felt called upon to make himself heard on the subject. He talked so fast and loud in Hawaiian that the interpreter was unable to break in, and much of the Kohala gentleman's wisdom was lost in the air. But the gist of his remarks seemed to be that there was no sense in switching back and forth all the time. The members might have to stay over the sixty days and work for nothing, a calamity to be deplored.

The Speaker ruled the resolution in order. But he himself would object to having to assume the responsibility of setting the hour of assembling.

Rice moved that the amendment be tabled. This carried. A motion to indefinitely postpone the resolution was put to vote and carried 15 to 11. Nine o'clock remains the hour of convening.

Shingle's House Joint Resolution No. 1, providing for a commission to examine into the matter of private wharves and landings, was called up for third reading, but on account of the absence of Shingle was postponed to next week.

Waiwale got in first this morning with the introduction of a bill providing for tenders for county supplies. The rules were suspended and the bill passed first reading by title. The bill provides that before the 15th of March, June, September and December each county officer shall file with the County Clerk a list of the supplies he needs for the next three months, and the Clerk shall then advertise for bids on the same.

Sheldon introduced an Act to amend Section 2, Chapter 2, R. L. This means that the Secretary of the Territory shall promulgate every law passed by the Legislature by publishing the same in newspapers in the English and Hawaiian languages as soon as practicable after enactment.

Sheldon also had a little resolution calling for the appropriation of \$4000 for the construction of a bridge across the junction of the Waimea and Makalei rivers, island of Kauai. Sheldon presented a petition from Waimea residents in support of his resolution.

Afonso, of course had a resolution or two stowed away in his desk for an opportune moment. He presented one calling for an appropriation of \$10,000 for a water works at Honokaa; \$1500 for a four-room jail at Laupahoehoe, and \$650 for a cottage for the jailer at the same place.

The Salvation Army will be officially recognized by the Government, if a resolution presented by Huddy becomes effective. This provides for an appropriation of \$6000 out of the current funds of the Territory for the maintenance of the Salvation Army Home in providing temporary shelter to the friendless and poor.

Carley evidently believes in dealing with large figures. He presented three resolutions, one calling for a \$10,000 appropriation for the erection of a reinforced concrete court house and jail at Paia, Makawao district, Maui, and the other a modest little measure providing for the extraction from the Loan Fund of \$100,000 for the establishment of an adequate water system in Kula, Maui.

Carley's third resolution is a little one more drop in the bucket. It calls for a \$2500 appropriation for a court house in Kula, Maui.

Huddy presented a resolution for a \$10,000 appropriation for a wharf and shed at Hanalei, Kauai.

Kaleiope presented a resolution for the appropriation of \$10,000 for a 6-inch pipe from reservoir No. 3 in Nuuanu valley to the Alewa lots. Also another resolution for an appropriation of \$3075 for a pipe line extension from the Insane Asylum to Houghtaling street.

Makekau gave notice of the introduction of a bill to amend section 1248 and 1249 of the Revised Laws.

Kealawaa presented a resolution to appropriate \$1000 for the erection of a jail at Pahoa, Puna, Hawaii.

A resolution was presented by Castro making assignment of the committee rooms. The Speaker the due east mauka corner room; the room adjoining on the mauka veranda is to be used by the Journal Committee; the next room by the Public Expenditures Committee and the Finance Committee; the Public Lands Committee and the Printing and Agricultural Committees are relegated to the basement.

Senate Bill 1, appropriating \$20,000 for the expenses of the upper legislative body, came up for second reading. Rice pointed out that, although there are only fifteen members of the Senate, the Senators want the same appropriation as the House, which has thirty members. However, as a matter of courtesy, he would not make any objection to the passage of the measure on second reading.

The Governor's bill, H. B. 33, appropriating \$2,270 for the reimbursement of the people of Kalawao, whose land was taken by the Federal Government for a site for the leprosyarium, was the first bill to pass the House on third reading this session. It was first amended, however, by Purdy, by the addition of a new section providing that the forms for receipts shall be prepared and furnished to the claimants

## SOCIAL NOTES

### Freeth-Campbell Wedding

There was a pretty function at St. Andrew's Cathedral on Monday evening, the occasion being the marriage of Miss Dorothy Muriel Freeth and Mr. William Henry Campbell. The ceremony was performed by the Right Rev. Bishop Restarick and promptly at eight o'clock the march from Loehrin was heard, and everybody in the church tried to look at the beautiful young bride, who advanced down the aisle on the arm of Col. Samuel Parker, preceded by the ushers, Messrs. Mark Robinson, Richard Wright, Will Roth, Samuel Walker, and the pretty maid-of-honor, Miss Muriel Campbell. The groom, with his best man, Mr. Robert Shingle, and the Bishop awaited the bridal party at the chancel steps, and the short but impressive ceremony was listened to with breathless interest. While the names were being inscribed on the register exquisite music was softly chanted, and then came the magnificent strains of the Mendelssohn wedding march, and the bridal procession moved down the aisle to the church steps and were rapidly wheeled away to the Campbell mansion, which was kindly loaned Mrs. Freeth for an informal reception by Mrs. Walter Macfarlane and Miss Muriel Campbell. The church decorations were the artistic handiwork of Mrs. James Robertson, and graceful foliage, palms, greens, and white lilies and marguerites were seen to advantage against the rich walls of the beautiful church. At the house, Mr. and Mrs. William Campbell, with Miss Campbell and Mr. Shingle greeted all comers. The rooms were decorated with palms and greens, and a long table in the second drawing-room, held the wedding presents, which were numerous and costly, as well as useful. On the great lanai overlooking the garden was a long table, the head of which was circular. Here were seated the bride and groom, Mrs. Elizabeth Freeth, Mr. and Mrs. W. H. C. Campbell, parents of the groom, Mr. and Mrs. A. J. Campbell, relatives of the groom, the ushers, Miss Campbell and Mr. Shingle took their departure directly after the reception and Col. Parker and Mr. Ernest Parker were only at the church as the recent bereavement necessitated a very quiet wedding and reception. Mr. \*\*\*\*\* by the Attorney General free of charge.

Correa presented a resolution to provide a job for an interpreter. His resolution provides that 75 copies of all Acts passed by the Legislature shall be printed in Hawaiian, and a copy given to each member of the Legislature. Of course the resolution was adopted.

Second Reading. House Bill 11, appropriating \$25,000 for Hawaii's exhibit at the Alaska-Yukon-Pacific exposition passed second reading and was referred to the Promotion Committee; House Bill 12, appropriating \$20,000 for the expenses of a Congressional visitation went to the same committee.

House Bill 21, amending the law relating to incorporation fees passed second reading and was referred to the Finance Committee.

Castro made an announcement that made all but the Honolulu members sit up and take notice. He stated that all those who had mileage coming to them could get it by applying, as the money was ready.

Kaniho and Douthitt are to be the House orators at the memorial session to be held Monday morning. The Speaker announced that the members of the House would assemble at the grandstand to watch the Floral Parade, and after that was over they would adjourn to the House, where a patriotic session will be held.

Kinney offered a resolution that the Sergeant-at-arms be authorized to procure for the members of the House, at public expense, the daily papers of Honolulu, naming them. The Speaker said there are several Chinese, Japanese, Portuguese and Korean papers not mentioned, and he would therefore refer the resolution to the Public Expenditures Committee. Castro moved to table the resolution, but the motion was lost and the resolution went to the committee.

House bill B, relating to income tax; H. B. 9, providing that the real and personal property tax should be 1 1/2 per cent; and H. B. 10, exempting property up to \$600 from taxation, were read the second time and referred to the Judiciary Committee. House Bill 20, providing that the court may assign counsel to a prisoner unable to employ a lawyer himself, went to the Judiciary Committee.

The Committee on Rules reported that the amendments which it was authorized to make to the rules of the House were ready. The amendments, which were adopted, outline the duties of the Miscellaneous Committee and of the Journal Committee, and provide that reports from all standing and select committees shall be in triplicate, a copy to be furnished to the press table and one to the Journal Committee.

Castro introduced a bill relating to inventories of Government assets. The bill provides that in July of each year the heads of all Territorial departments and the Boards of Supervisors shall furnish to the Tax Assessor a list of all Government property in their possession or included in their department.

The Senate Concurrent Resolution petitioning Congress to cede back to the Territory the title to all public water works systems, highways, parks, squares, fire department buildings and jails, was reported to the House and referred to committee.

Ernest Parker's exquisite handiwork was seen in the arrangement of the choice baskets of maldenhair, white lilies and asters which ornamented the table. The wedding cake was passed around, the groom cutting it, and the bride's cake was cut by Mrs. Campbell. The traditional thimble, button, piece of money and ring were all found, and upon the departure of the bride the wedding bouquet of white lilies of the valley were caught by Miss Constance Restarick. The bride was a picture of loveliness as she mounted the chair to toss the bouquet. Her wedding dress of rich white meteor satin and Flanders lace made a la Princess was unusually becoming and orange blossoms and lilies of the valley held the bridal veil. Her only ornament was a chain of opals and diamonds, the gift of the groom. At the church she carried a white leather and satin prayer-book, the gift of Mrs. Restarick. Miss Muriel Campbell's fairness was enhanced by her French frock of white messeline, Latin and real lace a la Directoire. Her picture hat of white with sweeping white plumes suited her perfectly. Mrs. Elizabeth Freeth looked very handsome and she wore a frock of real Brussels lace over white satin, and picture hat of black with black and white plumes. The lace was in her own bridal tresson, Mrs. W. H. C. Campbell wore a French creation and a picture hat had pink plumes. She looked dignified and stately. Mrs. A. J. Campbell was in a handsome toilette and looked charming. Mrs. Muriel's costume of grey satin and lace was rich and becoming. Mrs. James Robertson wore a rich frock of black and white and she was beautiful. Mrs. Boyd, in white, was a picture. The bride and groom are spending the honeymoon at the Boyd bungalow in Manoa, and are to be "at home" at 1246 Kinau street after Lent. The invited guests at the church and reception included:

### Bell-Stackable Wedding

The marriage of Miss Marion Bell to Mr. E. R. Stackable on Monday evening was one of the very pretty weddings of the week. The marriage ceremony took place at the Cathedral shortly before nine and was quite private. The wedding party went to the Young Hotel, where about eighteen guests awaited them in the small mauka parlor. It was such a simple, pretty, and unostentatious affair that it was a real joy. Miss Bell looked sweet in a pretty white silk dress trimmed very elaborately with white lace applique and a bridal veil with real orange blossoms, and she carried a bride rose bouquet with flowery streamers of smilax and tiny roses; dear it was. Miss Mary Catton was the bridesmaid and gownned in pink, carrying a bouquet of La France roses. The best man was Mr. R. R. Elgin, from Mahukona. The guests at the wedding supper were only nineteen, including the bride's sister, Mrs. Bruton, from Los Angeles; Mr. and Mrs. Robert Catton, Dr. and Mrs. Hoffmann, Mr. and Mrs. E. R. Stackable, Mr. and Mrs. J. K. Brown, Mr. and Mrs. Bell and Mr. and Mrs. Geo. Rodiek.

Governor and Mrs. Frear will hold a reception in honor of the Senators and Representatives on Monday afternoon, Washington's Birthday, from four to six. All persons, whether strangers or residents, are cordially invited. No special invitations are issued except to the guests of honor. The President of the Senate and Mrs. Smith and the Speaker of the House will receive with the Governor and Mrs. Frear, who will be assisted by a number of ladies and gentlemen, and by a group of young ladies from the Kamehameha Girls' school, who will sing Hawaiian melodies. The Hawaiian band will be in attendance. This will be the last public reception of Governor and Mrs. Frear until after Easter.

The Oahu college department of music gives one of its regular concerts next Saturday, February 27th, at Chas. R. Bishop hall, at 8 o'clock. The program will consist of violin and piano numbers by the most talented pupils of the Department and will afford a most pleasant evening's entertainment. As usual, the friends of the College and those interested in music will be welcome.

Next Tuesday evening the Art League will present "Washington's Birthday" and "Pygmalion and Galatea."

Major and Mrs. Long have taken the Hawes bungalow, "Kualona," in Manoa for an indefinite period.

### PRIZES FOR THE BEST SINGLE GOLFERS

As the One Club vs. Hoge is to be a one-club tournament, the committee thought the occasion appropriate to hang up one-club prizes. The four men turning in the best cards will each have the choice of one of MacLaren's golf clubs.

The game starts at 2 p. m. and lunch may be had at the club-house. A bus will start plying between the car line and links at 10:30 a. m. and on Sunday will also run on the same schedule. Everyone who cares to run out after the Parade on Monday is invited to do so. The club-house should be a lively scene on Monday afternoon with all the automobiles and turn-outs of all descriptions.

Miss Ada E. Sullivan, San Francisco girl, disappears from Paris. R. J. Hammock in jealous rage shoots Mrs. Mary Thomas and self.

## Feathers Soon To Compete Again

Tonight week Frankie Smith and Charlie Reilly step into the ring once more to wage through fifteen rounds of fight. And fight it sure will be from the first tap of the gong. Anyone who was present at the first meeting of these two clever featherweights must wish that next Saturday's fight was for twenty rounds instead of fifteen.

Still there should be enough fight crowded into the lesser number of rounds to satisfy anybody.

Smith is a cool, confident little fellow, who always wears a serious expression. He is out for business all the time, and takes and gives a punch without a smile. He may be depended on to force the fighting from the start.

Reilly is in fine condition, and is very confident about his chance of getting the decision this time. Charlie is a great favorite in Honolulu nowadays, and always appears with a smile on his face.

The two preliminaries are not yet settled, but it looks as if one will be between McCollough, the willing lad from Fort Shafter, and Young Heine. The latter visited Hilo at New Year's time as Dick Sullivan's sparring partner and put up a good exhibition with the middleweight champion. He and the soldier should put up a real good scrap. Scott, who fought the soldier last week, was too light, being at least ten or twelve pounds to the bad.

Heine is thicker set and should be able to stop the rushes of the Fort Shafter lad. A good, willing fight is certain if these two men step into the ring together.

The second preliminary has not yet been decided on, but will probably be put up by a couple of soldiers from one of the camps.

As a rule the preliminaries are disappointing, being too one-sided, but on the 27th things look more promising for good, even fights, and if the second is as evenly matched as Heine and McCollough appear to be, everyone will be pleased with the whole show.

## Dr. Roller Has Fight Match Made

Word comes from the North that two of the big fellows who have declared themselves world's championship candidates have been matched to box at Spokane on February 26th. The heavyweights are Boomer Weeks, known as the Spokane Fireman, and Dr. Roller, who someone has playfully dubbed "The Seattle Simoon."

Week's chief claim to distinction is that he fought a twelve-round draw with Frank Gotch three years ago. As Gotch is a wrestler and not a fighter, the quality of Week's performance cannot very well be gauged.

Dr. Roller is the ambitious young giant who challenged Al Kaufman for a fight at Los Angeles and then thought better of it. Since that time Roller met Dorrer Ed Martin, and, according to all accounts, made a very inferior showing.

The Weeks-Roller bout will merely be a four-round affair, so that the peanut and soda water privileges will not mean a mint of money on the night the two big fellows get together.

Chief of Police Rice of Spokane says the bout will not be interfered with in any way by the men under his command. Possibly Chief Rice does not expect a great deal of bloodshed. The bout, by the way, is to be "pulled off in the tabernacle used by Evangelist Billy Sunday." They are evidently short of fighting arenas up at Spokane.

The Westinghouse company restored, unannounced, to its 3,000,000 employees at Pittsburgh, Pa., \$500,000 taken from their annual pay roll last March.

## Replayed Game Won By Sophs

The baseball game between the Sophs-Freshmen and Seniors-Juniors, at Asia Park yesterday, resulted in a win for the youngsters by a score of 5 to 3.

Aki pitched for the Seniors as Espinda was on first base. Aug. Dreier and Yamashiro were the battery for the Sophs. The game was a good one and there were only a few errors made. Aki walked three men and Dreier only two. Aug. Dreier pitched a fine game, fanning no less than seven men.

The Sophs-Freshies did not lead all the way, the two runs they made in the eighth putting them ahead.

The official score was:

## Cup For Tennis Is Given By Tenney

Mr. E. Tenney has presented a handsome silver challenge cup to the High School for a mixed doubles tennis tournament. The cup was formally presented to the school yesterday, and received by Mr. Scott, who proposed a vote of thanks to Mr. Tenney, and said that he hoped to live to see the cup covered with the engraved names of High School athletes.

A former cup, "The A. L. Scroggy," was won by Elmer Davis, who passed it on to be played for by the girls in their singles tournament.

Jack Guard and Will Hoogs, who won the Oahu College doubles, are said to be anxious to play Elmer Davis and Herbert Dowsett. This would be an unofficial event, but should be well worth watching, as all four are clever exponents of the racquet game.

Thrills predicted for Roosevelt on his trip through Africa.

## Sullivan and Peterson Again

George Peterson is very anxious to have another go at Dick Sullivan under clean-break conditions. Everyone sympathizes with Peterson in his family troubles, and now that we know of the illness of his little child, it is understood why he is so anxious to get home.

Peterson says that he will surely come back in about a month from the time he lands in San Francisco. He is very keen about meeting Sullivan again, and wants to show the Honolulu public that with a clean-break rule in force he can make Sullivan extend himself.

There is no doubt about Peterson being a husky fighter, and he has many supporters who are willing to wager real money that he can do Sullivan up in a finish fight. Whether he can or cannot, it is hard to say, as we only have those four and one-half unsatisfactory rounds to judge by.

In their previous fight, which was awarded to Sullivan on a foul, Peterson certainly put up a good fight as far as the scrap went. He seemed to be no distress at any time, and was always on the lookout for a chance to land that right wallop of his which, if ever landed on the right spot, will end the career of the man opposing Peterson.

If Peterson returns within a month or so the fight fans of Honolulu will certainly have something to look forward to. A clean-break go between these two men should be the real thing, and would show conclusively which is the better man of the two.

Sullivan, as usual, is taking care of himself and it will take very little work to put him in first-class condition for the fight. Jack McFadden almost despairs of getting a match in Honolulu. It is a great pity, because Mac is a pretty boxer to watch in action, and we have seen all too little of him in the ring lately.

Peterson is very much in earnest about wanting another go at Sullivan and wants to wipe out the fouling incident which occurred in the last fight. Pete always says that the foul, if any, was unintentional, and that he had no reason in the world to resort to such practice. And this seems to be the straight goods after all, so good luck to Peterson on his trip home, and may he return and tackle Sullivan once more in the squared circle.

## Old Honolulu Cricketer In Manila

In a cricket match played at Manila last month, Layard at one time British Consul here, made 27 runs in the first innings and 22 not out in the second.

The match was between the Santa Ana and Paco teams; and the Rest of Manila, and was played to enable the selectors to pick a representative team with which to play the team from Hong Kong which is coming across to Manila.

Consul Layard was always a keen cricketer and whilst stationed in Honolulu, used to play the game regularly. He evidently is in good form with the bat, and judging from the "not out" must be a tough proposition for the Manila bowlers to run up against.

State Engineer Ellery says he finds no defect in receiving hospital of Asenew state asylum.

#### Death of Miss Smith

Miss Elsie Smith, who died Friday, was the fourth daughter of Mr. Henry Smith, clerk of the Judiciary, being about 24 years of age. She was a graduate of the Honolulu High School and had been in the employ of the Attorney General's Department as stenographer about four years. Previous to that she was a clerk of the Promotion Committee at the time Mr. E. M. Boyd was its secretary. Her fulfillment of the duties in both places have been pronounced efficient by those employing her, and, according to Prof. M. M. Scott, who no doubt had a great deal to do with securing her position, she was a bright and earnest scholar in her class. She leaves a wide circle of loving friends and acquaintances. Her classmates will attend the funeral to be held this afternoon at 4 o'clock from the residence of her bereaved parents, on Fort street, just above Vineyard street. Mr. and Mrs. Henry Smith have the sympathy of a large circle of friends and relatives who mourn the loss of one of Honolulu's brightest daughters in her untimely death. Interment in the Nuuanu Valley cemetery.

#### Noon Wedding

The marriage of Miss Leah Boyd to Mr. T. T. Miles took place this noon at the Catholic Cathedral, Rev. Father Stephen officiating. Miss Boyd is the daughter of Mr. and Mrs. R. N. Boyd and has a large circle of friends among the young people. Mr. Miles has been connected with the Navy and recently came to the Islands from San Francisco.

Mrs. S. M. Damon's buffet luncheon which she gave for thirty-two of her friends on Thursday was a very enjoyable affair well carried out in every detail. There were several tables, each decorated with different flowers, including carnations, La France roses, marguerites, violets, and the sweets and ices were in the same colors as the flowers, the cloth also being embroidered to corre-

spond. A large flat dish filled with pantries—purple, white, and yellow—attracted much attention in the drawing-room. One of the features of the afternoon was the exquisite singing of Mrs. Mackall, who was in perfect voice. The guests included Mrs. Dunning, Mrs. Atkins, Mrs. Wadhams, Mrs. Wrightson, Mrs. MacCullom, Mrs. Hunter, Mrs. Forster, Mrs. Costner, Mrs. Falls, Mrs. Moses, Mrs. Frear, Mrs. Dillingham, Mrs. Kingsbury, Mrs. Delos Cooke, Mrs. Reidford, Mrs. Mackall, Mrs. Laura Wright, Mrs. Faxon Bishop, Mrs. Gertrude Wilder, Mrs. Archie Young, Miss Krout, Mrs. Thomas J. King, Mrs. W. O. Smith, Mrs. Harry Baldwin, Mrs. Fuller, Mrs. Mott-Smith, Mrs. Charles Wright, Miss Lillie Paty, Miss Hellew, Mrs. A. F. Judd, Mrs. Wm. Hall.

Next week will be unusually gay, for Lent will put a stop to the social pleasures.

Mr. and Mrs. Gerrit Wilder gave a tea for forty on Tuesday in honor of Mr. and Mrs. Gaff, the father and mother of Mrs. Langhorne. The guests included Mr. and Mrs. Cox of Philadelphia, Mrs. Sage of San Francisco, Dr. and Mrs. Jas. Judd, Dr. and Mrs. Langhorne, Mr. and Mrs. George Davies, Mrs. Birney, Miss Birney, Mr. and Mrs. S. G. Wilder, Mr. and Mrs. Richard Ivers, Mr. and Mrs. A. M. Brown, Mrs. Ivers, Major and Mrs. Long, Mrs. Wadhams, Mrs. Atkins, Mr. and Mrs. Charles Wilder, Miss Hardaway, Miss Jessie Kaufman, Miss Marion Scott, Capt. Rees, U. S. N.; Lieut. Wrightson, Mr. Underwood. Mrs. Swanzy helped everybody to coffee. Mrs. Wright poured tea and Mrs. Erdman presided at the punchbowl.

British Consul and Mrs. Ralph Forster entertained their friends on Wednesday evening by "Tableaux Vivants" and a short skit entitled, "A Pair of Lunatics." The stage was well built and the details, which meant so much in an affair of that kind, were carried out perfectly.

Doctor Harvey Murray and Mr. E. M. Vantage. Dr. Murray and Mr. E. M. Watson attended to the drop curtain in a strenuous manner. The guests occupied the carefully placed chairs and the room was darkened. The opening number was the farce acted by Mrs. Ranney Scott and Mr. Forster in a most spirited fashion. Mrs. Scott, we all know, can act, and Mr. Forster we have suspected of being able to also, and on Wednesday night he proved himself a finished and versatile actor—a great acquisition to the amateur set here. 2—"A Belle of 1870," Mrs. E. M. Watson. 3—"Egyptian Woman," Mrs. Charles Rice. 4—"Midsummer Night's Dream," Misses Gras and Wadman. 5—"Cleopatra" and "Antony," Mrs. James Cockburn, Mr. David Anderson; Slave, Mrs. Adams. 6—"Gibson picture," "The Triplets," the Misses Wadman, Mrs. C. Forster, and Mr. Percy Cleghorn. 7—"Portia," Mrs. Edward M. Watson. 8—"Wireless Telegraphy," Mrs. B. Walbridge, Mrs. James Cockburn, Mr. Percy Cleghorn. 9—"A Bachelor's Dream," Mr. David Anderson and Mrs. Bernice Walbridge. Mrs. Clifford Kimball, Mrs. Ralph Forster, Mrs. E. M. Watson, the Misses Wadman. 10—"Crushed Sleeves," Mrs. Charles Foster, Miss Daisy Gras, Mr. Percy Cleghorn. 11—"The Heavenly Twins," Mrs. Clifford Kimball, Mrs. Ralph Forster. 12—"Shylock," Mr. W. Parke. Supper was served about eleven, and the unique and enjoyable entertainment was much commented upon. Among those present were Major and Mrs. Dunning, Vice Consul and Mrs. George Davies, Mrs. Birney, Miss Birney, Dr. and Mrs. Ernest Waterhouse, Mr. and Mrs. Swanzy, Mr. and Mrs. Blackman, Mr. and Mrs. E. M. Watson, Dr. and Mrs. Harvey Murray, Mrs. Walbridge, the Misses Parke, Mr. Parke, Dr. and Mrs. Langhorne, Mr. and Mrs. Gaff, Mr. and Mrs. S. G. Wilder, Rev. Mr. Wadman and Mrs. Wadman, Mr. and Mrs. James Cockburn, Mrs. King, Governor Cleghorn, Mrs. Wadhams, Mrs. Atkins, Judge and Mrs. Kingsbury, Mr.

and Mrs. Klebahn, Mr. and Mrs. Tenney Peck, Mrs. Locke, Mr. and Mrs. von Holt, Miss Bullen, Mr. and Mrs. G. Weidel, and many others.

Everybody knows that Mrs. Edward Tenney has perfect taste, in decorating, but on Monday night at the pot supper given by Mr. Tenney and herself for Mr. and Mrs. Gaff she quite surpassed herself, and the artistic arrangement of red bougainvillea was much admired. A large calabash ornamented the table and the branches dropped in a graceful manner and extended over the cloth from this polished container. The room was one mass of red bougainvillea, and the chandeliers were festooned with the branches, which are always so decorative. Music and conversation amused the guests after dinner. They included Mr. and Mrs. S. G. Wilder, Mr. and Mrs. Robert Atkinson, Mr. and Mrs. Fred. Macfarlane, Mr. and Mrs. Faxon Bishop, Mr. and Mrs. Gerrit Wilder, Doctor and Mrs. Langhorne.

Paymaster Greer, who is spoken of, is very well known here.

The news of the engagement of Miss Helen Wilsey and Paymaster Walter A. Greer, United States Navy, has been confirmed, says the Call, though formal announcement will not be made till Saturday at a handsomely appointed luncheon which she will give at her home on Washington street. Miss Wilsey made her debut last season and is one of the most attractive girls in society. She is the daughter of Mr. and Mrs. John Scott Wilson, a niece of Mr. Mountford S. Wilson, Dr. Frank P. Wilson, and the late Russell J. Wilson, and a cousin of Mrs. George Cadwalader and Mrs. Orville C. Pratt. Besides possessing beauty of an unusual type, she is brilliantly equipped mentally and is a musician of more than ordinary talent. Her fiancé is one of the popular men of the Navy, who has hosts of friends in San Francisco who are showering congratulations upon him on his good fortune in winning so winsome a bride. He is at present doing shore duty at Yerba Buena. The wedding will be a brilliant event of the fall.

The second song recital given by pupils of Mr. Hugo Herzer will take place on Saturday evening, February 20th at the Castle Memorial hall. They will be assisted by Mrs. Ernest Ross, violinist, and Mrs. Frank Albertson and Mrs. Potwine, accompanists. It is invitational.

Word was received in the last mail of the marriage of Mrs. Edward Stohler, so well known here, to Mr. Hugh R. Rood of Seattle, Washington. They met in Paris some time ago and were married by the Rev. Dr. de Bois at the English Church in Portland, Oregon. Mr. Rood's sister was present at the ceremony and Mr. and Mrs. Rood will reside in Seattle for the present, having a fine apartment in the new fireproof White building. Mr. Rood is very well known and liked by a large contingent of friends both in America and Europe. Mrs. Rood is noted for her philanthropy, and is a brilliant and clever woman. Her palace in Denver is one of the show-places, being filled with curios from all over the world.

The William G. Irwin home in Washington street was the scene of one of the brilliant parties of the season last evening, when over 100 guests enjoyed a bridge party and a dance says the Call of Feb. 6. The entire lower floor of the home was given to the bridge enthusiasts. The beautiful white and gold ballroom was effectively decorated with the yellow flowers of spring, and the same color scheme was used in the reception room, hall and library, where the tables were arranged for cards. Mr. and Mrs. Irwin were assisted in entertaining their guests by their daughter, Miss Helene Irwin. The party last evening was the most elaborate entertainment given in the attractive home since the return of the family from Europe a few months ago.

Among the guests were: Mr. and Mrs. William S. Tevis, Mr. and Mrs. Frederick Sharon, Mr. and Mrs. Joseph D. Grant, Mr. and Mrs. Samuel Knight, Mr. and Mrs. Mountford Wilson, Mr. and Mrs. Francis Carolan, Mr. and Mrs. George A. Pope, Mr. and Mrs. Eugene Lent, Mr. and Mrs. J. Athearn Folger, Mr. and Mrs. George Almer Newhall, Mr. and Mrs. Wakefield Baker, Mr. and Mrs. William Mayo Newhall, Mr. and Mrs. Baldwin Wood, Mr. and Mrs. Gerald Rathbone, Mr. and Mrs. Oscar Cooper, Mr. and Mrs. Andrew Welch Jr.,

Mr. and Mrs. Frederick McNear, Mr. and Mrs. William H. Taylor, Mr. and Mrs. Walter S. Preparations for the Floral Parade are well under way and everything goes to spell success. There are many motor-cars that are to be exquisitely decorated, and many surprises can be expected, for secrets have been kept, and not until Monday morning does any one know what the decorative scheme will be, as only the colors have been given out. The island princesses always attract attention and they have been carefully chosen, both as to their ability to ride, as well as prancing steeds. They are: Miss Emma Rose, Hawaii; Miss Hanna Cummings, Maui; Mrs. Chris. Holt, Oahu; Mrs. Blackwell, Molokai; Miss Gibson, Lanai; Miss Sister Holt, Kahoolawe; Miss Erma Wodehouse, Nihaun. Mrs. Walter Frear, wife of the Governor of Hawaii, will present the prizes at Kapiolani Park, and the judges that have been appointed are well competent to

What a grand family medicine Ayer's Sarsaparilla is! Good for the child, good for the parent, good for the grandparent. Generation after generation has used it. And today it is the one great family medicine the world over. Always keep a bottle of it in the house. Sometime during the year some member of the family will certainly need it. You can surely trust a medicine that has been used for over sixty years. Tested and tried, and never found wanting.

**AYER'S Sarsaparilla**  
is the best family medicine that ever was made. It makes pure blood, and pure blood is the source of good health. As now made, Ayer's Sarsaparilla contains no alcohol. There are many imitation Sarsaparillas. Be sure you get "Ayer's."

The Mardi Gras ball at the Alexander Young will attract everybody and some of the costumes promised are to be both handsome and unique. One dollar will be charged for any one entering the ballroom, whether as a spectator or participant, and it is optional whether masked or in fancy dress, or powdered hair and evening dress, and all can go in simple evening dress. The roof garden will be thronged with young fun makers, and those in the street will participate in the fun. Great things can be expected from the decorations, in the charge of Mrs. A. P. Taylor (chairman), Mrs. Alice Hastings, Mrs. George Robertson, Mrs. Egbert Roberts, Mrs. Frank Knox, Mrs. Fred Church, Mrs. Geo. Herbert, Miss Irene Boyd, the Misses Robertson, Mrs. Elizabeth Church, so competent and ambitious, is working hard for the success of the ball, for she is at the head of a committee that has that particular part in hand. No prizes are to be given and everybody will be permitted to join in the dancing, whether masked or not. For a jolly good time and innocent fun, go to the Alexander Young hotel pavilion, give your dollar and join in the revels. The money is to be given the Kilauea Art League to entirely liquidate the debt which has been hanging over the heads of the members for so long. Tickets are for sale by the patronesses, at the different hotels and at the door on Monday evening. The grand march will begin at 9 o'clock.

Miss Harriet Hatch was the hostess of a dinner in Washington on February 2nd, the guests including Mrs. Niblack, Miss Swift of Chicago, Miss Pierson, Miss Vandergriff, Miss Weeks, Miss Longblitt, Major Guilek, Lieut. Foster, Lieut. Sweet, Dr. Grayson, Commander Lutz, Lieut. Hodges, Lieut. Powell. American Beauty roses were used and Miss Hatch wore a rare pink satin, trimmed with tawny-fished copper lace.

Mrs. Ashley H. Robertson and son, Harry L. Bixley, are both at the Queen's Hospital, ill with bad cases of influenza. They are improving and hope to be at the Moana next week. Mrs. Robertson has been greatly missed for the past two weeks, and her speedy recovery is hoped for.

Mr. and Mrs. C. Hedemann sail in the Monzella for a six weeks' trip to Japan, Mrs. Caroline Jennings, and Mr. and Mrs. Osgood also sail at that time.

Among those departing in the Korea were Mr. and Mrs. Gribbaum, who will tour Europe in the near future, returning to Honolulu eventually.

Mrs. Atkins and her daughter, Mrs. Wadhams, are to spend next week at Haleiwa Hotel.

## TUBERCULOSIS IS THEME OF DEBATE

### College Club Listens To Interesting Papers

Tuberculosis, its devastation, and methods of prevention, were the subjects of discussion at a most interesting and instructive meeting of the College Club last evening.

Mrs. Walter F. Frear gave an interesting description of the work which the College Club has already accomplished toward a systematic fight against consumption, and explained the work of the visiting nurse, who is paid by the Club and works under the supervision of the Board of Health.

Governor Frear presented some statistics, showing the dreadful progress of the disease during the past ten years, and the actual monetary loss to the United States, from the number of men carried away in their prime by the "white plague."

The Governor said that, though the Territorial Treasury is in a rather

## LEPROSY QUESTION ALREADY THREATENS

Several Bills Dealing  
With Mai Pake  
Introduced

HOUSE OF REPRESENTATIVES

Third Day—Afternoon Session.

The ever present leprosy question has cropped up thus early in the present session of the legislature, and even though J. Lor Wallach, who dramatized the last session with his female rock and dried worm comedies is gone, the prospects are that the subject is one that will be nearly as much agitated as it was in 1927.

Several leprosy measures were introduced into the House yesterday afternoon. The most important of these was presented by Representative Huddy, his bill being the administration measure outlined by Governor Peary in his biennial message. This provides that treatment rather than segregation shall be the keynote of the administration's policy in dealing with those afflicted with this terrible disease, and provides for the erection and maintenance of suspect hospitals on the various islands where those thought to have leprosy may have the benefit of treatment until it is ascertained that nothing can be done for them.

Another measure dealing with this troubled subject was announced by Furtado, who gave notice that he would introduce a bill providing for the treatment by persons other than licensed physicians of persons afflicted with a declared disease.

A bill to establish the initiative and referendum and the recall was introduced by Furtado. Important as this measure is, the interpreter was stumped. He could not translate the words "initiative and referendum" into Hawaiian, and the speaker also confessed that it was beyond him. Finally the obstacle was surmounted by the interpreter's explaining in Hawaiian what the effect of the act would be.

Like gave notice of the introduction of a bill to create the office of Registrar of Deeds in the counties of Hawaii, Maui, Kauai and the city and county of Honolulu, defining their powers and fixing their salaries.

Hilo gave notice that he would introduce a bill to procure statistics relative to name owners engaged in agriculture.

Income Tax.

Kaulawa proposed a bill providing for a graduated income tax.

Kama had a bill to repeal Section 1917 and 1918 Revised Laws, relative to the manufacture of poi.

Kamahu introduced a bill that would provide for the exemption from execution sale of a homestead occupied by a debtor and his family.

A petition signed by 29 citizens was presented asking for an appropriation of \$6,000 for a government road from Lokoika to Laeae, at which latter place the Federal light-house is to be located, in the district of South Hilo.

Nawahine gave notice of the introduction of an act creating the office of Transportation Commissioner.

Kaulawa presented a resolution to appropriate \$1,000 for a one-room school building at 15 Miles Oia.

Kawewehi wanted \$2,000 for the construction of a jail at Kailua.

An administration bill introduced provides that all money arising from the agricultural and industrial pursuits at Lahainaluna School and the Boys' Industrial School at Waialea, shall be used for the maintenance of those schools.

Invite Congressmen to Come.

A concurrent resolution was presented by Castro to the effect that in the name of the people of this Territory a cordial invitation is extended to the members of Congress to visit Hawaii during 1933 and that the Delegate to Congress be requested personally to extend this invitation to the Congressmen.

A juvenile court bill which was presented provides for the establishment of juvenile courts along the lines upon which such courts are established on the mainland. Actions in this court shall not be of a criminal nature, the

## MOTHER BELIEVES IN PE-RU-NA.

Mrs. K. Kane, of Chicago, Uses Pe-ru-na in her family of five children, Grace, Myrtle, Edward, Reeves and George.

GRACE

Pe-ru-na in the Home.

After all, experience is the best teacher. Some doctors may write in favor of Pe-ru-na. Other doctors may write against it. But it is the testimony of the mothers and fathers who are rearing families, who love their children, who must economize as to doctor bills, who are raising little boys and girls into men and women of the future, it is the testimony of such people that really counts.

There is no way to positively ascertain how many families in the United States rely upon Peruna for the many climatic ailments to which the family is subject. The number must be a great one. Several millions perhaps. They have learned how to use Peruna for ordinary ailments, and in that way are guarding their homes against more serious diseases.

Such ailments as coughs and colds, sore throat and catarrh, croup and colic, indigestion and loss of appetite, anemia and nervousness, all these ailments are promptly relieved by a few doses of Peruna at the right time.

Millions of provident mothers and fathers are guarding the interests of the home by using Dr. Hartman's great remedy, and profiting by his medical booklets and personal advice.

MYRTLE

Catarrhal Croup.

Few people realize how frequently croup is caused by catarrhal congestion of the throat. Probably nine cases out of ten of croup are of the catarrhal variety.

The medical profession recognizes three forms of croup. The spasmodic variety, membranous croup and catarrhal croup.

Nearly every case is of the catarrhal variety, and a few doses of Peruna taken at the first appearance of the catarrhal symptoms are generally sufficient to avert the attack of croup altogether.

Croup is a frightful disease. No disease of children so alarms the household.

## A HEALTHY FAMILY

Kept the Children Well.

Mrs. K. Kane, 196 Sebor St., Flat 1, Chicago, Illinois, U. S. A., writes: "Peruna has been used so long in our family that I do not know how I could get along without it."

"I have given it to all of my five children at different times when they suffered with croup, colds and the many ailments that children are subject to, and am pleased to say that it has kept them in splendid health."

"I have also used it for a catarrhal difficulty of long standing, and it cured me in a short time, so I have every reason to praise Peruna."

It is impossible to estimate how many homes have been protected against croup by the proper use of Peruna.

Household Remedies. There is no remedy in the world which has proven so popular for catarrh as Peruna. It has been used for more than thirty years and relieved thousands of cases, as proven by our testimonials.

In the early history of this country every family had its home-made medicines. Herb teas, bitters, laxatives and tonics were to be found in almost every house, compounded by the housewife,

sometimes assisted by the apothecary or the family doctor.

Furnishing medical compounds direct to the people, through the druggists, is simply the extension of the practice begun by the people themselves.

Nervous System a Wreck.

John G. Hurdler, Garfield, Kansas, U. S. A., writes: "On December 2, 1899, I was injured by a fall on the Santa Fe R. R., and my entire nervous system was impaired by the same. The help of a physician was useless. I believe I tried every one in the vicinity, but all were

Catarrh of Stomach.

Mr. John M. Stansberry, Amarillo, Texas, U. S. A., writes: "For several years I had catarrh of the stomach. I was hardly able to do anything, and could not eat with any satisfaction. When I commenced using Peruna, I weighed only 110 pounds, took six bottles, commencing in the spring, and by the following winter I had gained 63 pounds."

"I owe it all to Peruna. It cannot be praised too highly. I am forty-five years old, and my occupation is that of architect and builder."

alike and I remained without strength. I then tried Peruna, and after using it for three months was totally well. I am seventy-one years old, and my work on the railroad is hard and tedious, but I can work like a young man in all kinds of weather, heat, cold, rain, snow or storm alike.

"Peruna is the purest and best medicine, and if used according to directions, it will help any person and cure any disease for which it is recommended. I recommend this medicine by my own experience to any one suffering from an ailment on the order of mine."

For Herself and Children. Mrs. Aline DePasse, 776 E. 165th St., New York, N. Y., U. S. A., writes: "It gives me pleasure to testify to the curative qualities of Peruna and Manalin."

"I was afflicted for over seven years with catarrh of the head, throat and digestive organs. I consulted many physicians, but they did me no good. One day I happened to read some testimonials in your Peruna almanac. I decided to try Peruna and Manalin. I bought a bottle of each and after taking them for a week, I noticed a change for the better. So I kept it up and after using twelve bottles I was perfectly cured. I also gave the medicine to my children and they had the same beneficial result. I would never be without these remedies in the house."

"I highly recommend Peruna and Manalin to all my friends, and, in fact, to everybody." Thousands of families have learned to trust and believe in Dr. Hartman's judgment, and to rely on his remedy, Peruna.

## HILO CASE TO FORM PRECEDENT

Hilo, Feb. 16.—At the Circuit Court, before Judge Parsons and a jury, a case that has aroused a good deal of interest in Hilo has been decided. This was the ejectment suit, Lariska vs. Mary Fahr, the hearing of which has occupied some time. Although the matter in dispute had reference only to a small strip of land, the principle involved affects a much larger area and the boundaries of land in which a number of people are interested. After hearing C. S. Smith for plaintiff and C. Le Blond for defendant, the jury found for plaintiff. This decision will, it is said, form a precedent on which a case now pending in the Land Registration Court at Honolulu is pretty sure to be decided.

## Conscientious Druggist.

About a year ago E. A. Sodergren, a druggist, wrote us from Callaway, Nebraska, that he had a serious case of kidney disease and that his physician did not offer him much encouragement. He desired to put Fulton's Renal Compound in stock for his own case and if he got results he would sell it to others. He wrote several times for advice, showing a very obstinate case. He now writes: "It is now ten months since I began using the compound, and although my case has been very obstinate, it seems to have finally yielded to the treatment. I have no doubt results would have been obtained sooner had I not kept at work." (Due to the results obtained in this case our agencies were promptly accepted in Callaway and the adjoining town.) Simply another case of kidney trouble in which the inflamed kidneys refused to respond to the futile old-time kidney cures, and that after all else had failed, yielded to Fulton's Renal Compound, the first and only emollient for inflamed kidneys. Inflammation of the kidneys, even in its advanced form, is now curable. Send for literature.

## LOW IS APPOINTED ASSISTANT CLERK

Senate Postpones Hearing  
On Coelho's High Bill

Senator Brown's motion to amend certain rules in order to appoint an assistant clerk, who shall also act as Hawaiian interpreter, started an argument going at yesterday afternoon's session of the Senate.

The Senator stated that he could not understand much English and wanted to get such an official immediately. He proposed the name of Geo. Low and Senator Quinn proposed Van Gieson.

On a vote being taken, Low was elected, he received eight votes and Van Gieson six. Low, before the adjournment was sworn in by President Smith.

Senator Coelho's bill relative to prohibiting foreigners from fishing within three-mile limit of the Territorial sea coast, was taken up for consideration. Coelho, in order to expedite matters, stated that he had asked the opinion of the Attorney General; but had received no reply. He said that he therefore wrote to the Attorney General of the United States.

He asked that the consideration of the bill be deferred until December 10.

McCarthy seconded the motion. The Senate then went into executive session to consider the Governor's recess appointments.

## EVENING IN SYRIA PALESTINE AND EGYPT

This is what the audience at Central Union Church will spend tomorrow at 7:30 p. m. The gentleman who will carry them thither is Hon. Milton Reed, one of the most fascinating speakers whom Honolulu has attracted in a long time. Mr. Reed hails from Fall River, Mass., and is in large demand throughout New England, to tell in his delightful way the experiences of his trip to the Levant, where he enjoyed unusual opportunities of seeing the inside of things. The public are invited to attend.

**"Copy," The Soul Of Advertising**

"COPY" is the soul of advertising. Advertising space, without good "copy," is like a wooden Indian in front of a cigar store; it locates the store, but does not say anything.

Even the smallest country merchant no longer fills his space with flapdoodle about the "best goods in town at lowest prices." He knows that merely buying space is not advertising; and, having paid for the space, ordinary business sense counsels him to make it yield profitable returns.

This can be done only through copy that is honest, sincere, and convincing. Anybody with money can buy space in a paper, but very few can write the copy that pulls business.

Writing advertisements is our business, and we have made a study of it, as every man must do of his own business. We know how to write paying ads. Let us hear from you about your ads.

We'll charge you nothing  
For a consultation.
