### My Palace Home.

The waves come marching on in stately rhythm to my door,  
Eternal rainbows span the skies at morn and night;  
And snow-white surf makes smooth my golden floor,  
While all the planets in their dazzling glory give me light.

The Headlands lift their mighty bastions to the sky,  
And ships go wafting on to happy ports,  
A commerce of the world is racing by,  
My palace-home, my quiet courts.

The fishermen are singing in their glee,  
They see rich harvest ever in their nets;  
And boats go dancing up and down for me,  
Making rare pictures I can ne'er forget.

The sun rises from the sea in my east,  
And sinks low down to the sea, in my west;  
The Headlands are there, to my eyes a feast,  
And skies are painted of Heaven's own best.

O stars and wind, and rain with sunbeams bright,  
The God who formed you we must now adore;  
The ever-shifting sand—the ever-changing light,  
How can Eternity have more in store.

### GETTING RID OF AN AGENT.

Young Lawyer's Story of an Insurance Man Who Wanted Money Badly.

"My insurance man came in to see me the other day," said the young lawyer, "and wanted me to increase my life insurance from \$5,000 to \$10,000. I couldn't do it very well. Of course, he was a great deal disappointed. He talked and talked. I could see that he was indeed distressed. But in the end I had to tell him peremptorily that I really could not meet his views about life insurance.

"Now," he said, 'do you know I am rather glad of that? Because I have another plan here that I would a great deal rather have you go into. Of course, these life-insurance people are my principal employers. I have to do my duty by them. My conscience would not let me take money from a man for any other purpose than life insurance until I was absolutely sure that there was nothing doing with him in the life-insurance line. See?'

"I told him that nobody appreciated better than I his loyalty to his employers.

"Thanks," he said, without blushing. 'Now I want to call your attention to a company that has attracted my notice because of its liberality and fairness in dealing with its friends. Now, have you ever thought about accident insurance? Every young man—'

"Well, of course, he went on until he was stopped. I succeeded in stopping him by telling him that I wished very much that he would talk to me about something new. I never made a worse break in my life.

"I'm tickled to death you spoke about it," he said. 'Now, there's some friends of mine with a mint of money behind them who have got the newest thing out. It's health insurance. For less than 3 cents a day they will insure you against any one of these diseases.'

"And then he unfolded a list of horrible afflictions that looked like a list of ailments which could be cured by somebody's patent medicines. It took my breath away. He had the right of way and he talked until I got my wind again. Then I told him that it was too much like an investment in cheap gold-mint stock for me. If it paid it would pay a great deal, but it was more likely to result in money thrown away.

### Is This Possible?

In an address made before the Pueblo Trades and Labor Assembly at Pueblo, Col., week before last, Hon. A. M. Dewey, special agent of the Department of labor, Washington, D. C., made the following startling statement:

"Some years ago I made investigation of conditions in the Pennsylvania coal fields, the same as where there has been a serious strike. When I was ready to leave I remarked to one of the principal owners of the mines that he could take his coal to market and give it away to the consumer without money and without price, and still make money for his stockholders and bondholders off the profits from the sale of powder, provisions, clothing and rents that he got from the people working for him."

According to the Pueblo Courier this statement created quite a sensation, coming as it did, from an official source.—Portland Labor Press.

At Burnsley, England, 1,200 coal miners recently went out on a strike against the employment of non-union men and won after four days, when they all returned to work.

Ice trust scandal in New York is turning out as a grand fizzle. Republican and Democratic politicians are working together to smother the whole proceedings and they are succeeding.

Cincinnati, Ohio, has the largest school book publishing house in America; the largest lithographic industries of any city on earth, and the largest playing card factory in the world.

In Berlin, sign painting is added to the list of trades practiced by women. Women sign painters undergo a regular apprenticeship, which includes gymnastic training, so that they may not lose their nerve when standing on a ladder or scaffolding.

It is reported that Rockefeller is going into the newspaper business on a large scale, and that he is particularly anxious to drive Hearst's New York, Chicago and San Francisco papers off the earth.

GIVE US A REST.

The Gear-Moreno combination is getting in its deadly work in Washington in its attempt to unseat Delegate Wilcox. Moreno is disgruntled because Wilcox declines to put up the old fake, and Gear feels that he ought to earn the money which Loebenstein paid to him from the purse of a very sore-headed aspirant for political honors. Mr. Gear is not wise when he attempts to fight Wilcox. He is injuring the interests of his backers here and he is making an unmitigated ass of himself. Imagine a man like Gear standing up in public and assailing the moral character of Robert Wilcox or for that matter of any other man. Imagine him charging Wilcox with immoral conduct in being, as he alleges, a bigamist, and at the same time representing a man of the avowed virtue of Loebenstein! We do not refer to Mr. Loebenstein because he lives in the city which a Grand Jury has called a Sodom, because we hardly believe that the Judge or the Jury in any way alluded to him. We make no reference to the man who is paying the expenses of Gear in Washington through Loebenstein, because he is really so very much above reproach when a petticoat is concerned, that his sore-head would not be in sight. As far as our friend Kepoikai is concerned we think that he has found out that he was mistaken when he allowed himself to be used as a tool by a defeated candidate, and to attack Wilcox. His name got on the protest simply because a great federal official advised the "sorehead" that two names to the protest were better than one, and old Noah fell into the trap. If Congress should unseat Wilcox, Hawaii will be minus a delegate for the present and then a Home Rule man will be sent to Congress. Most likely Wilcox, if not another man of his political stripe. The Democrats would not offer a candidate, and we doubt that Colonel Samuel Parker could be used to try it again and once more demonstrate his popularity to President McKinley.

## An Amusing Dispatch.

House of Representatives, U. S. Washington, D. C., 25 January, 1901.

To the Editor of the Advertiser, Honolulu:

THE DIE IS CAST NOW.

Yesterday the 24th of January, 1901, in the afternoon in a committee room at the U. S. Capitol, in Washington, D. C., in presence of a U. S. Senator, of Attorney Gear, of Hawaii, and of other three gentlemen, I handed over to a typewriter points, papers and facts, which will surely unseat the unworthy delegate from Hawaii, R. W. Wilcox, and I am determined to not recede.

It is not generous but it is dutiful, just and patriotic on my part to do so.

You will soon hear of the effect of this my new departure against my protegee for 21 years, the insincere and ungrateful R. W. Wilcox. Respectfully,

CESAR CESAR MORENO.

# SOLEMN MEMORIAL.

St. Andrew's Cathedral will Accommodate All Comers.

The Anglican Cathedral will Present a Solemn Sight—People of all Classes will Pay Homage to the Memory of the Late Queen Victoria.

The Solemn Memorial of Queen Victoria to be held in St. Andrew's Cathedral on Sunday promises to be one of the most representative gatherings that Honolulu has seen since Hawaii became a territory of the United States. It is too early yet to give the full representative list. The United States will be well represented by the Federal officials. The consuls of the following countries have already expressed their intention to be present: Great Britain, Germany, Russia, Italy, Spain, Austria-Hungary, Denmark, Belgium, Sweden and Norway, Mexico, Peru and China. The Territory of Hawaii will be represented by members of the Executive Council, Judiciary and former Council of State. The Senators and Representatives elect will be largely represented.

For the sake of the Hawaiians who will be present, the hymns to be sung at the service have been translated into Hawaiian, and copies in that language are being printed. Everyone is cordially invited.

## Order of Service.

Organ Voluntary—Funeral March  
.....Chopin  
Sentences from Burial Office.  
Psalm 90—Lord, Thou hast been our Refuge.  
First Lesson—Ecclesiasticus, 44:1-16  
Hymn—The Lord was my Stay.  
Second Lesson—St. John, 5:24-30.  
The Creed.  
Anthem—"The Righteous Souls."  
.....Highmore Skeata  
"I heard a voice from heaven," etc.  
Lord's Prayer.  
Special Prayers.  
Hymn—"O God, our Help in ages past."  
Sermon by the Rt. Rev. the Bishop of Honolulu.  
Hymn—"Jerusalem the Golden."  
Benediction.  
Organ voluntary—Dead March in "Saul."  
.....Handel

During the last hymn an offertory will be taken up to meet the expense of the service.

The officiating Clergy will be the Rev. Canon V. H. Kiteat, Vice-Dean; the Rev. Hamilton Lee, of the Diocese of California; the Rev. A. B. Weymouth, M. D., of the Diocese of Los Angeles. Mr. Wray Taylor will be in his place at the organ.

A special feature of this service will be the use of lights. The candelabra in the Sanctuary will be lighted, and round the arcade there will be sixty-four candles, the number of years of the departed Sovereign's reign. The use of lights at funerals is a very ancient and eminently Christian custom. Light expresses immortality. That the departed still lives. This use is further regarded as the highest mark of respect and honor to the deceased. It signifies that the deceased as a victorious combatant has conquered in the fight under Christ's banner and has entered into the peace and tranquility of that world where the victors will hereafter receive a glorious crown.

Governor and Mrs. Dole have signified their intention to be present at the service.

When you want a hack ring up 191. On that stand you will get a reliable and good driver, a fine hack, and no overcharging.

Kentucky's famous Jesse Moore Whiskey, unequalled for its purity and excellence. On sale at any of the saloons and at Lovejoy & Co., distributing agents for the Hawaiian Islands.

# The Secret of Health

The health of the whole body depends upon the blood and nerves. Therefore the medicine that expels impurities from the blood and supplies the necessary materials for rapidly rebuilding wasted nerve tissues, reaches the root of many serious diseases. It is these virtues that have given

## Dr. Williams' Pink Pills for Pale People

their wonderful power to conquer disease, and caused the miraculous cures that have startled the scientific world. Thousands of cases have demonstrated that this remedy is an unfailing specific for such diseases as locomotor ataxia, partial paralysis, St. Vitus' dance, sciatica, neuralgia, rheumatism, nervous headache, the after-effects of the grip, palpitation of the heart, pale and sallow complexions, all forms of weakness either in male or female.

Frank Tucker, a prominent farmer, of Versailles, Indiana. His daughter, Lucy, is now fifteen years old; three years ago she began ailing. The rosy color in her cheeks gave way to a paleness, and she became rapidly thin. As she grew weaker she became the victim of nervous prostration. Most of the time she was confined to the bed and was almost on the verge of going into St. Vitus' dance. "Finally the doctor told us to give her Dr. Williams' Pink Pills for Pale People. Said he was treating a similar case with them and they were curing the patient. We began giving the pills at once, and the next day we could see a change for the better in her. The doctor told us to keep giving her the medicine. We gave her one pill after each meal until she was well. We began giving her the medicine last August, and she took the last dose in October, having used eight boxes. She is now entirely well and has not been sick a day since. We think the cure almost miraculous." FRANK TUCKER, Mrs. FRANK TUCKER. Subscribed and sworn to before me this 28th day of April, 1901. HUNT JOHNSON, Justice of the Peace. Versailles, Indiana, April 28th, 1901.—From the Republican, Versailles, Ind.

Dr. Williams' Pink Pills for Pale People are sold by all druggists or sent, postpaid, by the Dr. Williams Medicine Co., Schenectady, N. Y., on receipt of price, 50 cents per box, 6 boxes, \$2.50.

# LOCAL AND GENERAL NEWS.

The INDEPENDENT 50 cent per month

The U. S. transport Lawton arrived this morning.

The band will play to-morrow afternoon at the Palace at 3 o'clock.

We learn that Mr. Carl Widemann and family will take up their residence at Mana on Hawaii.

Kahului will have a tugboat shortly. The boat is being built for Alexander and Baldwin and will be shipped to Kahului by the Martha Nelson.

The Circuit Court was in session yesterday afternoon owing to the enormous amount of work to be dispensed with during this term of the Court.

The steamer Hawaiian, of the American Hawaiian Steamship Company, sailed from New York on January 27 for San Francisco and Honolulu.

A movement is on foot to start a branch here of the order of the Eastern Star. Mesdames L. T. Grant and Clarence Crabbe are the promoters of the scheme.

The Republican charter commission was wet and tired last evening and held no meeting. This fact didn't impair the chances of their proposed "charter" by any means.

E. J. Benjamin arrived here by the China to take the management of M. S. Grinbaum & Co., Ltd. The new manager is vice-president of the firm and is a man of wide experience in his line of business.

M. I. Stevens who was wounded a few days ago by editor Gill is rapidly recovering and it is possible that he will be able to attend court on Monday morning when the case against Gill will be heard.

## Wilcox Heard From.

Delegate Robert W. Wilcox is having a lively experience in Washington with Geo. D. Gear, assisted by C. C. Moreno, trying to unseat him by impeaching his character and election, and applicants for patronage in Hawaii besieging him through the mail.

Wilcox takes very little notice of the accusations against him offered by an irresponsible agent of two soreheads who failed to carry an election in their own districts. The agent is a man of no standing here and is only known as being connected by Harold Sewall's organ, the Evening Bulletin.

The charges against Wilcox are absolutely absurd and the committee to which they have been submitted will find that an affront has been offered by the mountebanks who dared to prefer them.

Mr. Wilcox has nominated Joseph Kaiponohoa Aeo to be a cadet at West Point, and the oldest son of Captain Pond, U. S. N., commander of the Iroquois, to go to Annapolis.

The news of the contemplated resignation of Judge Humphreys had reached the Delegate when he wrote to his friends here. He says that Mr. Edgar Cayless is his candidate for the judgeship left vacant by the resignation of Judge Silliman, and that he will use his best endeavors to secure the other judgeship for a well-known young attorney practicing in this city. Mr. Whiting, whose name has been mentioned, is not referred to by Mr. Wilcox in connection with the judgeship. Considering that Mr. Whiting was presiding officer of the Court Martial which sentenced Wilcox to imprisonment for life besides a heavy fine, and that Mr. Whiting was refused a re-appointment to the Supreme Bench by Mr. McKinley, it is not very likely that Mr. Whiting with all his excellent abilities will be supported by the representative of the Independents.

Wilcox is untiring in his efforts to secure the passage of the cable bill and he feels confident that work on a Pacific cable will be started in the month of March. Other measures in the interest of the Territory will not be considered during the short term.

# TOPICS OF THE DAY.

The prospects are that the Pearl Harbor land grabbers will have to wait a while before Congress passes an appropriation for the purchase of their lands. In the meantime we may get a cable, thanks to Wilcox, and another junketing commission to look into our public lands and dine and wine with the holders of large crown and government land leases. As long as Uncle Sam puts up the funds there will never be a scarcity of visiting senators and congressmen in Hawaii. The Legislature ought to pass an appropriation for "territorial entertainments" at its coming session, the money to be used in the "Dispensaries."

If Dr. Russell is a serious man and an earnest legislator, he will approve of the idea to have his dispensary law introduced in this legislature and referred for consideration to a committee, to report at the opening of the next legislature. The attempt to railroad a measure of such great importance through the first session of the territorial legislature seems undignified and unjust to the voters. Dr. Russell probably consulted his constituents and gave his promises in regard to the building of some small road in one of the obscure districts in Hawaii, but he never broached the question of liquor selling, nor would he have been elected if he ever had told the voters of Hawaii, that he intended to advocate a system which is suitable to "niggers" only and which even in the "black belt" has caused lots of trouble. If the learned senator introduces his bill with the understanding that any action upon it will be postponed until the next session of the legislature, he will find a hearty *kokua* from us. We do not propose, however, to allow any bill to be passed affecting the interests of the people, until the people have expressed their views, without entering a vigorous kick.

To make the Hawaiian language a compulsory study in the public schools would be a measure which can only be condemned, because there is nothing in the favor of it. We understand the sentiment which is behind the men who advocate the measure, but in this practical era we cannot ignore the demands of the world to sentiment. The children who will attend school need all the knowledge in the English language which they can get, and they will find it useful whether they go into a store as clerks or in the shops as mechanics. They can get along without knowing the Hawaiian language, and when facing the stern demands of life they realize quickly that proficiency in a commercial language is better than a smattering knowledge of half a dozen tongues which have become extinct. Why is it that the youth of small countries are trained from childhood in the use of the foreign languages of great countries? Simply because it is realized that while it is nice to know "your own" language, it is far better to be able to speak with and write to the people with whom you necessarily will come in contact. Germany has forbidden the use of the French language in public schools in Alsace-Lorraine, and of the Danish language in Schleswig. There was a great cry against the measure, but even the patriots of the provinces have admitted that the "old" languages should be relegated to home study. The writer is the possessor of a young Hawaiian son and hopes that the boy will learn the language of his maternal ancestors. But he would certainly take him out of any school where the teaching of the Hawaiian language was compulsory. The Hawaiian language will not be forgotten even if it is spoken with a great deal of slang as at present, but we say, keep it out of the public schools. The language will be preserved as a historical relic as long as

there is a "dictionary" left. The Legislature will make a great mistake if it should make an attempt to make the Hawaiian language a compulsory study.

Governor Dole is showing his usual lack of tact by ordering the Territorial Band to play in the Palace grounds at the hour when the Memorial Service in honor of the late Queen of Great Britain takes place at St. Andrew's Cathedral. The Sunday concerts have recently been given at Makee Island and we do not see why this occasion should have been selected to have Captain Berger's brass notes wafted into the Cathedral. Of course Mr. Dole made a mistake and will correct it to-morrow but the Governor ought really to understand that THE INDEPENDENT cannot always be around to teach him manners and the rules of etiquette.

## On Victoria's Coffin.

He is a Field Marshal.

Emperor William, on learning of the King's intention to appoint him a Field Marshal, sent the following telegram to Lord Salisbury:

"The King, my august uncle, confers upon me the rank of a Field Marshal in his army and informs me that my appointment will be published on my birthday. I hasten to apprise you of my deep appreciation of so signal a mark of His Majesty's affection to me, and I rejoice to think that I shall be numbered among those of the highest rank in His Majesty's gallant army."

"WILLIAM R."

## At Kawaiahao Church.

A large number of people gathered at Kawaiahao church yesterday afternoon to attend the memorial service in honor of the late Queen of Great Britain.

While the arrangements for the service were in the hands of Britishers the solemn ceremony was of a distinctly international character. Every nation was represented and all bowed humbly to the memory of the great Queen and good woman who, after a useful life, has passed away at a ripe old age and a most glorious reign.

The band was in attendance, and in the audience were the Governor of the Territory, the members of the Consular Corps, and high officials of the Federal and Territorial governments. The Anglican Church was represented by Rev. J. Hamilton Lee, and other denominations were represented by Messrs. W. M. Kincaid, John Osborne, and Henry H. Parker.

The church was handsomely decorated for the occasion, and Messrs. W. G. Irwin and T. R. Walker, who were in charge of the service had done all in their power to make the ceremony as impressive and solemn as it was.

### My Palace Home.

The waves come marching on in stately rhythm to my door, Eternal rainbows span the skies at morn and night; And snow-white surf makes smooth my golden floor, While all the planets in their dazzling glory give me light.

The Headlands lift their mighty bastions to the sky, And ships go wafting on to happy ports, A commerce of the world is racing by, My palace-home, my quiet courts.

The fishermen are singing in their glee, They see rich harvest ever in their nets; And boats go dancing up and down for me, Making rare pictures I can ne'er forget.

The sun rises from the sea in my east, And sinks low down to the sea, in my west; The Headlands are there, to my eyes a feast, And skies are painted of Heaven's own best.

O stars and wind, and rain with sunbeams bright, The God who formed you we must now adore; The ever-shifting sand—the ever-changing light, How can Eternity have more in store.

Feb., 1901. WAILUPE.

### GETTING RID OF AN AGENT.

Young Lawyer's Story of an Insurance Man Who Wanted Money Badly.

"My insurance man came in to see me the other day," said the young lawyer, "and wanted me to increase my life insurance from \$5,000 to \$10,000. I couldn't do it very well. Of course, he was a great deal disappointed. He talked and talked. I could see that he was indeed distressed. But in the end I had to tell him peremptorily that I really could not meet his views about life insurance.

"Now," he said, 'do you know I am rather glad of that? Because I have another plan here that I would a great deal rather have you go into. Of course, these life-insurance people are my principal employers. I have to do my duty by them. My conscience would not let me take money from a man for any other purpose than life insurance until I was absolutely sure that there was nothing doing with him in the life-insurance line. See?'

"I told him that nobody appreciated better than I his loyalty to his employers.

"Thanks," he said, without blushing. 'Now I want to call your attention to a company that has attracted my notice because of its liberality and fairness in dealing with its friends. Now, have you ever thought about accident insurance? Every young man—'

"Well, of course, he went on until he was stopped. I succeeded in stopping him by telling him that I wished very much that he would talk to me about something new. I never made a worse break in my life.

"I'm tickled to death you spoke about it," he said. 'Now, there's some friends of mine with a mint of money behind them who have got the newest thing out. It's health insurance. For less than 3 cents a day they will insure you against any one of these diseases.'

"And then he unfolded a list of horrible afflictions that looked like a list of ailments which could be cured by somebody's patent medicines. It took my breath away. He had the right of way and he talked until I got my wind again. Then I told him that it was too much like an investment in cheap gold-mint stock for me. If it paid it would pay a great deal, but it was more likely to result in money thrown away.

### Is This Possible?

In an address made before the Pueblo Trades and Labor Assembly at Pueblo, Col., week before last, Hon. A. M. Dewey, special agent of the Department of labor, Washington, D. C., made the following startling statement:

"Some years ago I made investigation of conditions in the Pennsylvania coal fields, the same as where there has been a serious strike. When I was ready to leave I remarked to one of the principal owners of the mines that he could take his coal to market and give it away to the consumer without money and without price, and still make money for his stockholders and bondholders off the profits from the sale of powder, provisions, clothing and rents that he got from the people working for him."

According to the Pueblo Courier this statement created quite a sensation, coming as it did, from an official source.—Portland Labor Press.

At Burnsley, England, 1,200 coal miners recently went out on a strike against the employment of non-union men and won after four days, when they all returned to work.

Ice trust scandal in New York is turning out as a grand fizzle. Republican and Democratic politicians are working together to smother the whole proceedings and they are succeeding.

Cincinnati, Ohio, has the largest school book publishing house in America; the largest lithographic industries of any city on earth, and the largest playing card factory in the world.

In Berlin, sign painting is added to the list of trades practiced by women. Women sign painters undergo a regular apprenticeship, which includes gymnastic training, so that they may not lose their nerve when standing on a ladder or scaffolding.

It is reported that Rockefeller is going into the newspaper business on a large scale, and that he is particularly anxious to drive Hearst's New York, Chicago and San Francisco papers off the earth.

GIVE US A REST.

The Gear-Moreno combination is getting in its deadly work in Washington in its attempt to unseat Delegate Wilcox. Moreno is disgruntled because Wilcox declines to put up the old fake, and Gear feels that he ought to earn the money which Loebenstein paid to him from the purse of a very sore-headed aspirant for political honors. Mr. Gear is not wise when he attempts to fight Wilcox. He is injuring the interests of his backers here and he is making an unmitigated ass of himself. Imagine a man like Gear standing up in public and assailing the moral character of Robert Wilcox or for that matter of any other man. Imagine him charging Wilcox with immoral conduct in being, as he alleges, a bigamist, and at the same time representing a man of the avowed virtue of Loebenstein! We do not refer to Mr. Loebenstein because he lives in the city which a Grand Jury has called a Sodom, because we hardly believe that the Judge or the Jury in any way alluded to him. We make no reference to the man who is paying the expenses of Gear in Washington through Loebenstein, because he is really so very much above reproach when a petticoat is concerned, that his sore-head would not be in sight. As far as our friend Kepoikai is concerned we think that he has found out that he was mistaken when he allowed himself to be used as a tool by a defeated candidate, and to attack Wilcox. His name got on the protest simply because a great federal official advised the "sorehead" that two names to the protest were better than one, and old Noah fell into the trap. If Congress should unseat Wilcox, Hawaii will be minus a delegate for the present and then a Home Rule man will be sent to Congress. Most likely Wilcox, if not another man of his political stripe. The Democrats would not offer a candidate, and we doubt that Colonel Samuel Parker could be used to try it again and once more demonstrate his popularity to President McKinley.

## An Amusing Dispatch.

House of Representatives, U. S. Washington, D. C., 25 January, 1901.

To the Editor of the Advertiser, Honolulu:

THE DIE IS CAST NOW.

Yesterday the 24th of January, 1901, in the afternoon in a committee room at the U. S. Capitol, in Washington, D. C., in presence of a U. S. Senator, of Attorney Gear, of Hawaii, and of other three gentlemen, I handed over to a typewriter points, papers and facts, which will surely unseat the unworthy delegate from Hawaii, R. W. Wilcox, and I am determined to not recede.

It is not generous but it is dutiful, just and patriotic on my part to do so.

You will soon hear of the effect of this my new departure against my protege for 21 years, the insincere and ungrateful R. W. Wilcox. Respectfully,

CESAR CESAR MORENO.

# SOLEMN MEMORIAL.

St. Andrew's Cathedral will Accommodate All Comers.

The Anglican Cathedral will Present a Solemn Sight—People of all Classes will Pay Homage to the Memory of the Late Queen Victoria.

The Solemn Memorial of Queen Victoria to be held in St. Andrew's Cathedral on Sunday promises to be one of the most representative gatherings that Honolulu has seen since Hawaii became a territory of the United States. It is too early yet to give the full representative list. The United States will be well represented by the Federal officials. The consuls of the following countries have already expressed their intention to be present: Great Britain, Germany, Russia, Italy, Spain, Austria-Hungary, Denmark, Belgium, Sweden and Norway, Mexico, Peru and China. The Territory of Hawaii will be represented by members of the Executive Council, Judiciary and former Council of State. The Senators and Representatives elect will be largely represented.

For the sake of the Hawaiians who will be present, the hymns to be sung at the service have been translated into Hawaiian, and copies in that language are being printed. Everyone is cordially invited.

## Order of Service.

Organ Voluntary—Funeral March  
Sentences from Burial Office.  
Psalm 90—Lord, Thou hast been our Refuge.  
First Lesson—Ecclesiasticus, 44:1-16  
Hymn—The Lord was my Stay.  
Second Lesson—St. John, 5:24-30.  
The Creed.  
Anthem—"The Righteous Souls."  
.....Highmore Skeata  
"I heard a voice from heaven," etc.  
Lord's Prayer.  
Special Prayers.  
Hymn—"O God, our Help in ages past."  
Sermon by the Rt. Rev. the Bishop of Honolulu.  
Hymn—"Jerusalem the Golden."  
Benediction.  
Organ voluntary—Dead March in "Saul".....Handel

During the last hymn an offertory will be taken up to meet the expense of the service.

The officiating Clergy will be the Rev. Canon V. H. Kiteat, Vice-Dean; the Rev. Hamilton Lee, of the Diocese of California; the Rev. A. B. Weymouth, M. D., of the Diocese of Los Angeles. Mr. Wray Taylor will be in his place at the organ.

A special feature of this service will be the use of lights. The candelabra in the Sanctuary will be lighted, and round the arcade there will be sixty-four candles, the number of years of the departed Sovereign's reign. The use of lights at funerals is a very ancient and eminently Christian custom. Light expresses immortality. That the departed still lives. This use is further regarded as the highest mark of respect and honor to the deceased. It signifies that the deceased as a victorious combatant has conquered in the fight under Christ's banner and has entered into the peace and tranquility of that world where the victors will hereafter receive a glorious crown.

Governor and Mrs. Dole have signified their intention to be present at the service.

When you want a hack ring up 191. On that stand you will get a reliable and good driver, a fine hack, and no overcharging.

The health of the whole body depends upon the blood and nerves. Therefore the medicine that expels impurities from the blood and supplies the necessary materials for rapidly rebuilding wasted nerve tissues, reaches the root of many serious diseases. It is these virtues that have given

their wonderful power to conquer disease, and caused the miraculous cures that have startled the scientific world. Thousands of cases have demonstrated that this remedy is an unfailing specific for such diseases as locomotor ataxia, partial paralysis, St. Vitus' dance, sciatica, neuralgia, rheumatism, nervous headache, the after-effects of the grip, palpitation of the heart, pale and sallow complexions, all forms of weakness either in male or female.

Frank Tucker, is a prominent farmer, of Versailles, Indiana. His daughter, Lucy, is now fifteen years old; three years ago she began ailing. The rosy color in her cheeks gave way to a paleness, and she became rapidly thin. As she grew weaker she became the victim of nervous prostration. Most of the time she was confined to the bed and was almost on the verge of going into St. Vitus' dance.

"Finally the doctor told us to give her Dr. Williams' Pink Pills for Pale People. Said he was treating a similar case with them and they were curing the patient. We began giving the pills at once, and the next day we could see a change for the better in her. The doctor told us to keep giving her the medicine. We gave her one pill after each meal until she was well. We began giving her the medicine last August, and she took the last dose in October, having used eight boxes. She is now entirely well and has not been sick a day since. We think the cure almost miraculous."

Subscribed and sworn to before me this 23rd day of April, 1897.

LOCAL AND GENERAL NEWS.

The INDEPENDENT 50 cent per month

The U. S. transport Lawton arrived this morning.

The band will play to-morrow afternoon at the Palace at 3 o'clock.

We learn that Mr. Carl Widemann and family will take up their residence at Mana on Hawaii.

Kahului will have a tugboat shortly. The boat is being built for Alexander and Baldwin and will be shipped to Kahului by the Martha Nelson.

The Circuit Court was in session yesterday afternoon owing to the enormous amount of work to be dispensed with during this term of the Court.

The steamer Hawaiian, of the American Hawaiian Steamship Company, sailed from New York on January 27 for San Francisco and Honolulu.

A movement is on foot to start a branch here of the order of the Eastern Star. Mesdames L. T. Grant and Clarence Crabbe are the promoters of the scheme.

The Republican charter commission was wet and tired last evening and held no meeting. This fact didn't impair the chances of their proposed "charter" by any means.

E. J. Benjamin arrived here by the China to take the management of M. S. Grinbaum & Co., Ltd. The new manager is vice-president of the firm and is a man of wide experience in his line of business.

M. I. Stevens who was wounded a few days ago by editor Gill is rapidly recovering and it is possible that he will be able to attend court on Monday morning when the case against Gill will be heard.

**Wilcox Heard From.**

Delegate Robert W. Wilcox is having a lively experience in Washington with Geo. D. Gear, assisted by C. C. Moreno, trying to unseat him by impeaching his character and election, and applicants for patronage in Hawaii besieging him through the mail.

Wilcox takes very little notice of the accusations against him offered by an irresponsible agent of two soreheads who failed to carry an election in their own districts. The agent is a man of no standing here and is only known as being connected by Harold Sewall's organ, the Evening Bulletin.

The charges against Wilcox are absolutely absurd and the committee to which they have been submitted will find that an affront has been offered by the mountebanks who dared to prefer them.

Mr. Wilcox has nominated Joseph Kaiponohoa Aea to be a cadet at West Point, and the oldest son of Captain Pond, U. S. N., commander of the Iroquois, to go to Annapolis.

The news of the contemplated resignation of Judge Humphreys had reached the Delegate when he wrote to his friends here. He says that Mr. Edgar Cayless is his candidate for the judgeship left vacant by the resignation of Judge Silliman, and that he will use his best endeavors to secure the other judgeship for a well-known young attorney practicing in this city. Mr. Whiting, whose name has been mentioned, is not referred to by Mr. Wilcox in connection with the judgeship. Considering that Mr. Whiting was presiding officer of the Court Martial which sentenced Wilcox to imprisonment for life besides a heavy fine, and that Mr. Whiting was refused a re-appointment to the Supreme Bench by Mr. McKinley, it is not very likely that Mr. Whiting with all his excellent abilities will be supported by the representative of the Independents.

Wilcox is untiring in his efforts to secure the passage of the cable bill and he feels confident that work on a Pacific cable will be started in the month of March. Other measures in the interest of the Territory will not be considered during the short term.

TOPICS OF THE DAY.

The prospects are that the Pearl Harbor land grabbers will have to wait a while before Congress passes an appropriation for the purchase of their lands. In the meantime we may get a cable, thanks to Wilcox, and another junketing commission to look into our public lands and dine and wine with the holders of large crown and government land leases. As long as Uncle Sam puts up the funds there will never be a scarcity of visiting senators and congressmen in Hawaii. The Legislature ought to pass an appropriation for "territorial entertainments" at its coming session, the money to be used in the "Dispensaries."

If Dr. Russell is a serious man and an earnest legislator, he will approve of the idea to have his dispensary law introduced in this legislature and referred for consideration to a committee, to report at the opening of the next legislature. The attempt to railroad a measure of such great importance through the first session of the territorial legislature seems undignified and unjust to the voters. Dr. Russell probably consulted his constituents and gave his promises in regard to the building of some small road in one of the obscure districts in Hawaii, but he never broached the question of liquor selling, nor would he have been elected if he ever had told the voters of Hawaii, that he intended to advocate a system which is suitable to "niggers" only and which even in the "black belt" has caused lots of trouble. If the learned senator introduces his bill with the understanding that any action upon it will be postponed until the next session of the legislature, he will find a hearty *kokua* from us. We do not propose, however, to allow any bill to be passed affecting the interests of the people, until the people have expressed their views, without entering a vigorous kick.

To make the Hawaiian language a compulsory study in the public schools would be a measure which can only be condemned, because there is nothing in the favor of it. We understand the sentiment which is behind the men who advocate the measure, but in this practical era we cannot ignore the demands of the world to sentiment. The children who will attend school need all the knowledge in the English language which they can get, and they will find it useful whether they go into a store as clerks or in the shops as mechanics. They can get along without knowing the Hawaiian language, and when facing the stern demands of life they realize quickly that proficiency in a commercial language is better than a smattering knowledge of half a dozen tongues which have become extinct. Why is it that the youth of small countries are trained from childhood in the use of the foreign languages of great countries? Simply because it is realized that while it is nice to know "your own" language, it is far better to be able to speak with and write to the people with whom you necessarily will come in contact. Germany has forbidden the use of the French language in public schools in Alsace-Lorraine, and of the Danish language in Schleswig. There was a great cry against the measure, but even the patriots of the provinces have admitted that the "old" languages should be relegated to home study. The writer is the possessor of a young Hawaiian son and hopes that the boy will learn the language of his maternal ancestors. But he would certainly take him out of any school where the teaching of the Hawaiian language was compulsory. The Hawaiian language will not be forgotten even if it is spoken with a great deal of slang as at present, but we say, keep it out of the public schools. The language will be preserved as a historical relic as long as

there is a "dictionary" left. The Legislature will make a great mistake if it should make an attempt to make the Hawaiian language a compulsory study.

Governor Dole is showing his usual lack of tact by ordering the Territorial Band to play in the Palace grounds at the hour when the Memorial Service in honor of the late Queen of Great Britain takes place at St. Andrew's Cathedral. The Sunday concerts have recently been given at Makee Island and we do not see why this occasion should have been selected to have Captain Berger's brass notes wafted into the Cathedral. Of course Mr. Dole made a mistake and will correct it to-morrow but the Governor ought really to understand that THE INDEPENDENT cannot always be around to teach him manners and the rules of etiquette.

He is a Field Marshal.

Emperor William, on learning of the King's intention to appoint him a Field Marshal, sent the following telegram to Lord Salisbury:

"The King, my august uncle, confers upon me the rank of a Field Marshal in his army and informs me that my appointment will be published on my birthday. I hasten to apprise you of my deep appreciation of so signal a mark of His Majesty's affection to me, and I rejoice to think that I shall be numbered among those of the highest rank in His Majesty's gallant army.

"WILLIAM R."

At Kawaiahao Church.

A large number of people gathered at Kawaiahao church yesterday afternoon to attend the memorial service in honor of the late Queen of Great Britain.

While the arrangements for the service were in the hands of Britishers the solemn ceremony was of a distinctly international character. Every nation was represented and all bowed humbly to the memory of the great Queen and good woman who, after a useful life, has passed away at a ripe old age and a most glorious reign.

The band was in attendance, and in the audience were the Governor of the Territory, the members of the Consular Corps, and high officials of the Federal and Territorial governments. The Anglican Church was represented by Rev. J. Hamilton Lee, and other denominations were represented by Messrs. W. M. Kincaid, John Osborne, and Henry H. Parker.

The church was handsomely decorated for the occasion, and Messrs. W. G. Irwin and T. R. Walker, who were in charge of the service had done all in their power to make the ceremony as impressive and solemn as it was.
