Exciting Finish of Joint
Session Last
Night.

TWO SENATORS LEAVE THE LEGISLATIVE HALL

And Officers Are Sent Out in All
Direction—Only Four Long
Term Senators
Chosen.

The joint session of the Senate and House of Representatives yesterday afternoon and evening for the election of long term Senators, turned out to be a failure and ended up with only four Senators elected—John T. Brown and Kaohi from Hawaii, and Kaine and White from Maui. The Senators from Oahu and Kauai are now in a beautiful state of uncertainty. It was well known that Kalaupokalani and Crabbe had been decided on by the Independents as the two men from Oahu. Throughout the whole session, Crabbe has endeavored to get the best results for the people out of both parties and he has won friends among the natives by his straightforward attitude. Never for one minute did he allow anyone to mistake him for anything but an out and out Republican but he was always careful never to antagonize to a state of bitterness. Nakapahu was to have been the long term Senator from Kauai.

The joint session met at 2 o'clock in the afternoon but failed to secure a quorum, even after a wait of nearly an hour. As both houses had work to do, it was finally decided to take a recess until 7:30 o'clock.

It was not until 8:15 that the Senate and House came together for the evening session and then came another long weary wait for a quorum. The sergeants-at-arms of both houses were sent out in all directions after tardy members and finally, at 9:30 o'clock, President Kaine called the session to order.

The roll call showed 24 members—a bare quorum—present. On motion of J. K. Prendergast of the House, the name of Wm. White of Maui, declared elected during the forenoon session, was reconsidered. The Senate and House of Representatives having decided during the interval that had elapsed that President Kaine was correct in his ruling of the morning which was to the effect that 22 votes to 1 was not enough to elect Mr. White. It will be remembered that this was overruled by the House.

When the clerks had figured up their totals on the reconsideration, it was found that there were 22 to 2 votes in favor of Mr. White's election. Dr. Russell and Mr. Kanahele arose hurriedly and walked out of the room. So swift was the movement and so quietly did the Senators glide over the floor, that it was not until they had reached the hall that anyone realized what had happened. They had deliberately left the session without a quorum.

Mr. Kalaupokalani called on the floor to send out the sergeants-at-arms and this was supplemented by another call on the part of Mr. Emmelhuth to send out the messengers to assist. In about two minutes, all four officers came back, each wearing a crestfallen countenance. It was reported to the President that the Senators had firmly refused to come back.

It was at this point that Mr. Emmelhuth arose and gave the sergeant-at-arms a rousing that could not possibly be soon forgotten. In the meantime, the Senate sergeant had disappeared and the House sergeant was standing leaning against the wall with a gloowering countenance. Mr. Emmelhuth, finished, Mr. Kalaupokalani started in on the same tack. A half hour was consumed in talking over what should be done and then the chair announced that Mr. White had been elected as one of the long term Senators from Maui. The session then took a recess and the officers of the session were sent out after the runaways.

Sergeant-at-arms Kahaulelio found Mr. Kanahele on the street car, returning to his home in Kalihi. He refused to come back at first but, on thinking the matter over, he decided to accompany the officer to the Senate.

Clerk Cayless then went after Dr. Russell at the home of Robert Wilcox, far up on the slopes of Punchbowl. The doctor refused absolutely to return to the Senate. Sergeant-at-arms Kahaulelio arrived a little later and he too tried to persuade the doctor but the latter would not consent and the officer was forced to return empty handed. With the report that the Senator had said there was no President of the Senate, no Senate, no Speaker of the House and no House. The Governor had declared Tuesday the last day and no power on earth could make him go back to the Senate. He would not return even if a million dollars were to be offered him and, as for police officers—he would shoot down the first one who crossed his threshold.

When the joint session reconvened at 11:40 o'clock, Mr. Kanahele arose and stated that he wished to give his opinion as to the proceedings of the joint session. He had been denied this privilege both in the morning and in the afternoon. If the President refused again he would pick up his hat and walk out just as he had done before.

At this point, there being no quorum present, Mr. Beckley moved to adjourn sine die. This was seconded by Mr. Mossman and carried.

BUNDLES OF HAWAIIAN BONDS PRESENTED

Since yesterday morning over \$800,000 worth of Hawaiian government bonds have been presented to the office of the Treasurer of the Territory for redemption. The interest on these securities ceased May 1, and as a consequence the holders seem ready to exchange them for good gold coin.

In the absence of a Territorial Treasurer, W. H. Wright, Register of Public Accounts, is attending to the matter of checking up the bonds as they come in. Of the \$2,255,400 of bonds payable at Honolulu, the banks have sent about \$1,000,000 to San Francisco. These, together with bonds held in this city must be presented to the Treasurer here. Holders in San Francisco will be sent a certificate after presentation of the bonds. This certificate will bear the signature of the Treasurer of the Territory of Hawaii and of Mr. McLennan, special disbursing agent of the United States Treasury. These certificates for bonds held in San Francisco will be paid by the United States Assistant Treasurer at that place. A similar certificate, payable at the First National Bank of Hawaii, will be given to local holders.

GLAZE IS CONVICTED

San Francisco, April 21.—A verdict of murder in the first degree, with the punishment fixed at life imprisonment, was returned by the jury yesterday in the trial of Robert E. Glaze, who killed his partner, William Trewhella, at the Windsor Hotel on the afternoon of January 14 last.

During the two weeks' trial neither Glaze nor his wife betrayed the slightest emotion as they sat in court and listened to the mass of testimony presented by the prosecution. The scathing denunciation delivered by Assistant District Attorney Greany yesterday did not cause Glaze to wince. He sat with the same immobile countenance he wore during the whole trial.

Not even when the jury returned its verdict did Glaze betray his feelings. He was quickly hurried to the prison van and taken to the County jail.

Women With Business Heads.

The business methods of the ladies who had the May Day festival in charge were conspicuous in every detail of that successful event; but in nothing did their executive talent stand out more conspicuously than in the clearing of the Capitol grounds of litter after the picnic. The lawn was strewn with paper, dead flowers, soda water bottles and chunks of bread. Before the crowd had dispersed, men with whom the managers had made contracts, were at work with brooms and rakes and by 6 o'clock, a stroller in the park would not have known that a feast for five thousand had been served upon the premises.

At the auction sale of the McBryde assessable stock this morning at Morgan's about 600 shares were sold at an average of \$7. P. M. Swanzy of T. H. Davies & Co., the agents of the plantation, was the principal purchaser.

There are eleven rejected Chinese aboard the Doric being taken back to the Flowery Kingdom.

BANK FAILURES AROUSE JAPAN

[Associated Press Special.]

Yokohama, April 25.—Over twenty banks have suspended payment at Osaka and in the Southern and Central provinces. The Bank of Japan has assisted them but further trouble is apprehended. A financial panic prevails.

New York, April 25.—A. H. Townsend, local manager of the Hongkong and Shanghai Banking Company, was asked for information today with reference to the failure of banks in Osaka. He replied:

"We have no advice regarding the failures. They do not directly affect foreign trade as they are only small private banks. The financial position in Japan is strained and, on failures, is expected."

LIPTON'S NEW YACHT LOOKS A WINNER

Dumbarton, April 20.—Shamrock II was launched today at Denny's yards in the presence of a good crowd of invited guests, newspaper men and employees. Lady Dufferin christened the new challenger, which looked spick and span in its coat of white paint, rimmed with green, while the manganese bottom of the new boat shone like a mirror.

Above the platform on which a majority of the guests witnessed the launching was another amany platform. On this Sir Thomas Lipton, the Earl and Countess of Dufferin, Mr. Watson, the Denays and Charles Russell were gathered. The bottle of champagne hung from the bow on a footman of white and given ribbons. At Watson's signal the blocks were knocked away. Lady Dufferin let go the bottle with the words "Success to the Shamrock II," and the yacht took the water amid general cheering, the lifting of hats and cries of "Hope she will win."

Renewed cheers from the adjoining yards and boats on the river greeted the yacht as she swung around in the stream. Captain Sycamore and the others officers of the yacht, with several of the crew were on board the Shamrock II, which also carried her racing flag and the Scottish lion. A luncheon at Denny's office followed the launch. A toast to President McKinley's health, following that the British royal family, was enthusiastically drunk.

"But if you don't win," said a press representative, "will you try again?" "I expect next year to build a defender, not a challenger," was the diplomatic answer. In this connection the manager of Denny's yard said:

"When James Gordon Bennett saw the Shamrock II here a few weeks ago he said: 'Well, if she wins I'm prepared to build a challenger.'"

The Shamrock II is built to a general type, but embodies such novelties as prove her designs pursue an independent line of development, rather than following yachting conventions.

JIM HILL'S LATEST DEAL

Boston, April 25.—The Chicago, Burlington & Quincy directors at a special meeting today voted to submit to the stockholders of the road a proposition from the Great Northern and Northern Pacific Railroads to take control of the Burlington. The offer for the Burlington stock is \$200 per share for not less than two-thirds of the whole amount to be paid for in 4 per cent bonds of the two negotiating roads. The stockholders being given the option of taking part cash.

LOPEZ WILL SUBMIT

Springfield, Mass., April 25.—Senor Sixto Lopez has informed his friends here that he is going home and that if he finds press reports true as to a general submission to American sovereignty, he will acquiesce and join Aguinaldo in working for a peaceful acceptance of the rule. He said he will make one more speech in San Francisco, before sailing, and expects to reach Manila in July.

PORTO RICANS WON'T GO

Colon, Colombia, April 25.—via Galveston.—Contractor McDonald's efforts to induce Porto Ricans to emigrate to Ecuador have been unsuccessful. The chartered steamer Catania has arrived here with only ninety-six Porto Ricans on board. Her future trips have been abandoned.

Roya Brigade at Opera House.

The executive committee in charge of the arrangements for the Advertising Tourney under the auspices of the Boys' Brigade, has decided to use the Hawaiian Opera House instead of the drill shed. The chief reason for the change is the better seating arrangements and the better facilities for tagging the show. The program committee is at work on its difficult job and will bring out something new in the annuals of vaudeville in Honolulu.

In the Police Court this forenoon, D. Kapili, charged with larceny in the second degree, was committed to the Circuit Court for trial.

INDEPENDENTS AND REPUBLICANS JOIN

In the Choice of Men
to Fill Vacant
Positions

BOYD, WRIGHT AND COL. LAUKEA THE THREE MEN

If Governor Dole Does Not Heed Voice
of the People Appropriations Will be
Withheld.

The political situation today is as quiet as the calm before the storm. From present indications, it would seem as if something is about to drop. Both the Republican and Independent parties are taking a rest today but tomorrow and even tonight, the latter will caucus on important matters.

The Republicans and Independents have united on James H. Boyd for Superintendent of Public Works, Wm. H. Wright, the present Registrar, for Treasurer, and Col. Laukea for the office of Commissioner of Public Lands.

Both parties are silent as to the Board of Health. The appointment of men to fill the vacant offices will be left to the Governor. The Independent leaders state that the time was too short to pick out proper men to fill the vacant places after the turning down had been done.

It had been the intention of the Independents to have John E. Bush placed at the head of the Department of Public Works. This name was presented to Governor Dole but, since he refused to send the Legislature any notice of an appointment to the vacant office previous to adjournment, the Independents decided that Mr. Bush's name was not looked upon with favor. They therefore joined with the Republicans in the choice of J. H. Boyd.

Messrs. Wright for the position of Treasurer and Col. Laukea for J. F. Brown's position in the Land Office, the Independents claim as their first choice. Both Messrs. Boyd and Wright have consented to take the positions which both sides have offered them but Col. Laukea has not yet been heard from.

One of the Independent leaders when seen today about the appointments said that, in case there was no disposition on the part of the Governor to heed the suggestions made for filling the vacant offices, there would be some surprising results in the Appropriation bill.

The joint committee of the Senate and House, appointed to notify the Governor that the session came to an end last night, called at the Executive Chamber this morning but found that Mr. Dole was sick again. However, Secretary Cooper thanked the committee and stated that he would convey their message to the Governor.

It is understood that pressure will be brought to bear on Governor Dole, to change his proclamation regarding the extra session so that it will include, besides the consideration of the Appropriation bill, the election of the long term Senators.

This has been brought about on all sides by a feeling that the work done yesterday in the Legislature will surely be questioned when the next election is on.

Circuit Court Today.

Notice of appeal has been filed by Attorneys Robertson & Wilder and Frederick W. Hankey for Frank Hustace, Robertson & Wilder for J. J. Egan and Kinney, Ballou & McClanahan for Frank H. Foster, in the Kamalo Sugar Company suit in which decree was recently made by Judge Humphreys adverse to the above named defendants.

Magoon & Thompson have filed a motion to take the deposition of E. H. F. Wolter in the suit in assumpsit of E. H. F. Wolter vs. F. H. Redward.

The matter at chambers of H. M. Mist vs. the Kapiolani Estate was on for hearing again this forenoon.

In the Federal Court.

Michael Swan, charged with assault upon the second mate of the American vessel Admiral, changed his plea to guilty on the advice of his attorney, F. E. Thompson, this morning in the Federal Court. A sentence of three months' imprisonment was imposed by Judge Estee.

The examination of witnesses in the case of E. O. Sodergren, who is on trial upon a second and separate charge of assault upon the high seas, proceeded this morning. The trial was without special incident. The jurors in the case are: O. B. Traphagen, E. R. Adams, J. K. Mersberg, A. B. Scrimgeour, W. F. Sharratt, E. C. Winston, E. C. Rowe, W. L. Eaton, St. C. B. Sayres, Ed. Henriques, Chas. Carter and J. H. Stieling.

Take a ride on the Pacific Heights Electric Railway and enjoy the unsurpassed view of ocean, mountain and valley. Honolulu looks its best from Pacific Heights. Round trip 10 cents.

TALKS OF GRAND JURY

Judge Humphreys was seen today in regard to the Grand Jury and said: "A venire facias for a Grand Jury will be issued in a day or two and will be executed by Bailiff Chas. K. Hopkins. This Grand Jury will be vested with all of the power and charged with the duties and responsibilities common to such an inquisitorial body. It will be specially directed to investigate the charge of bribery of members of the Legislature. When the head of the Executive department of the Government makes the statement in an official document that he has information, of a character that he cannot ignore, that bribery of members is going on in the Legislature, the court cannot avoid the duty imposed upon it by law of having the charge investigated by the grand inquest. No more serious charge could be made, and it is due the Executive and the community and the members of the Legislature that as soon as a matter should be the subject of immediate fearless and impartial inquiry, to the end that the guilty parties may be punished, or if there be none guilty, that those upon whom a stigma has been placed by a grave charge, emanating from a high official source, should be adequately vindicated. The precise day when the Grand Jury will be summoned has not been determined. Section 83 of the Organic Act provides that the Grand Jury shall sit at such times as the Circuit Judge shall direct."

BIG ORIENTAL LINERS

Portland, Or., April 21.—The steamship Indravelli arrived today from Yokohama. The Indravelli is the first of a fleet of 9000-ton vessels comprising the Portland and Asiatic steamship line, established by the Oregon Railroad and Navigation Company to operate between Portland and the countries of Asia. The other vessels of the line as at present constituted being the Indrapura and Knight Companion. This line will make the carrying capacity of steamers from this port fully three times greater than that of the lines heretofore operating from Portland, and will furnish ample facilities for the shipment of flour, lumber, cotton and other products now being exported from the United States to Asia.

Will Recommend Kahlbaum.

Collector Stackable will by the next mail to the Coast, recommend the appointment of Louis Kahlbaum to be collector of customs at Koloa, Kauai.

The application of Geo. H. Dunne of Lahaina to be collector of customs at that place, has been received. Mr. Dunne is the representative of the Willder Steamship Co. at Lahaina and is also employed as a tax collector under the Territory.

For this latter reason, action on his application cannot be taken until it is determined if he, holding a Territorial position, is eligible for a position under the Federal Government.

There was another general kick all along the line this morning over the mail fumigation of the Board of Health. Although the Doric arrived here at 6:30 this morning it was 1 o'clock this afternoon before the post office got to work on the letter mail.

CUBANS IN WASHINGTON

New York, April 25.—The exact na-
ture of the propositions to be submit-
ted by the Cuban commissioners is not
known, says a Tribune special from
Washington. "They have held a rather
long executive session at their head-
quarters in the Shoreham, the object
of which, it was announced, was to de-
cide on a plan of procedure, but if they
reached a conclusion they did not say
so. That the commissioners with prac-
tically one voice will lodge with the
President some kind of complaint
against Governor General Wood, there
is scarcely any room for doubt. Nor is
there any room for doubt that they
will in any way weaken the President's
confidence in that official.

ADJOURNED SINE DIE

SENATE COMPLETED ITS WORK AT MIDNIGHT HOUR

Kalaauokalani Thanks President Kaiue for Fairness in Treatment of All the Members of the Senate.

The Senate met yesterday afternoon at 2:45 o'clock, after having left the joint session in the hall of the House of Representatives on account of the failure to secure a quorum. There was but a very short session, the Senate deciding to take a recess until 6 o'clock.

It was not until about 6:45 o'clock that the Senators arrived on the scene and then work was rushed through at a great rate. Several House bills were put through in third reading, among them being the Standard Telephone Co. franchise act.

Senate bill 62, relating to an agricultural and model farm, was reconsidered in third reading on the motion of Dr. Russell and section 17 was changed back to its original form by making the location of the proposed farm in Olan. It will be remembered that on Monday last, the Senate passed the bill in third reading with the amendment of striking out the location of the school location and giving this part of the work to the Governor, by and with the advice and consent of the Commissioner of Education. The House bill relating to the exclusion of lepers and consumptives from the Territory of Hawaii was taken up in third reading and killed by a vote of 7 to 1. Dr. Russell voting in the negative.

Under suspension of rules, joint resolution 4 of the House by Mr. F. W. Beckley and dealing with the trip of J. F. Brown to Washington and asking Congress to send a commission to this Territory to inquire into the local conditions relative to the public domain and the disposition that has been made thereof. The resolution was adopted.

Mr. Kalaauokalani then thanked the chair for the fairness and fairness which he had shown every member of the Senate since he first took the President's seat and he wished, on behalf of the Independents to extend the well wishes of every member. President Kaiue replied gracefully, expressing the hope that they would all meet together again in the near future.

Mr. Kalaauokalani then introduced the following resolution, which carried without a dissenting voice:

Resolved, That the clerk of the Senate be and he hereby is authorized and directed to procure for each member of the Senate one printed and bound copy of the journal of the Senate in the Hawaiian language, and also one copy in English, with the name of each Senator printed thereon.

The following concurrent resolution introduced by Mr. Kana'ua, was unanimously adopted:

Be it resolved by the Senate and the House of Representatives concurring: That a committee of two, consisting of one Senator and one Representative to be appointed by the Speaker to wait on the Governor and inform him that the Legislature has no further business to submit to him.

The chair appointed Messrs. Kalaauokalani and Kana'ua on this committee. At about 8:50 o'clock, the Senate took a recess to meet the House in joint session.

It was not until 11:45 o'clock, that the Senate met for final adjournment. When they did, it did not take long to dispatch the business to be done.

The minutes of the day were approved and then, as the hands of the clock reached the hour of midnight, the Senate, upon motion of Mr. Kaohi, adjourned sine die.

NEW ARMY WILL HAVE 76,000 MEN

Washington, April 23.—It has been determined to increase the regular army to approximately 76,000 men, and to leave it at that number unless conditions in the Philippines should make more troops necessary. The President and Secretary Root reached this conclusion today, and the details will be worked out by the Secretary and General Miles. The number of officers appointed will be as originally contemplated. The artillery corps will be increased to its full strength of 18,000 men. Some time ago it was announced that the companies of cavalry would contain sixty-five instead of eighty enlisted men, and it is expected the infantry companies also will be reduced to bring the total to the figure agreed upon. It has not yet been determined what proportion of the troops shall be stationed in the Philippines, although it is known that a large force will be needed there for some time.

Aguinaldo Manifests Judgment

Manila, April 23.—A reporter visited Emilio Aguinaldo this afternoon at 56 Solano street, where he was removed from the Malacan Palace, and found him in a large room up stairs, furnished with a table, typewriting machine, four settees and twenty chairs. His wife, who was entertaining friends, sat at one end of the room, while Aguinaldo, smoking a cigar, and chatting with Benito Legardo, occupied the opposite corner.

Others present were Lieutenant-Colonel John S. Mallory of the 1st Volunteer Infantry, who has charge of Aguinaldo; Lieut. Gilbert A. Youngberg of the Third Artillery and Mr. Fisher, General MacArthur's private secretary.

"I am now urging in the strongest possible manner," said Aguinaldo, "that all insurgents should surrender and swear allegiance to the United States."

He expresses the opinion that Tino, Lashan, Malvar and other representative insurgents will surrender as soon as they come to understand the nature of the amnesty offered them. He said he hoped that when the work of pacification was complete and conditions were settled the prisoners in Guam would be released.

After referring in grateful terms to the courteous treatment accorded him by the military authorities, he declared his conviction that the civil government which would follow pacification would realize the highest hopes of the Filipino people.

In concluding the interview, he observed: "Every word in my address to my countrymen, the Filipinos, came from my heart. I hope the Americans believe me thoroughly in my sincere efforts to secure peace and under American auspices to promote the welfare and prosperity of the Philippines."

Combine to BUILD Big Ships

New York, April 23.—The Herald says the United States is to make a bid for the shipbuilding industry of the world and to this end there is soon to be formed a community of interest between some of the largest shipyards of the country. The great combination is on the eve of completion. Lewis Nixon, whose plant at Elizabethport, is to be part of the combine, hurried to this city and had a consultation with those who will enter the combine.

The shipbuilding concerns likely to combine are the Nixon Company, Bath Iron Works, Union Iron Works of San Francisco and the shipyards at Newport News. It is also said that the extensive new iron works to be erected at Billingsport, near Philadelphia, of which H. C. Frick is the head, will also go into the combination. The latter plant will supply structural steel for the New York Shipbuilding Company of Camden.

DON'T SNEAK OUT OF IT.

On April 20th the Advertiser published the following editorial:

"There is nothing more conspicuous in the Legislature than the desire of its members to avoid an investigation of the Nott lunch scandal. But that need not, necessarily, keep an investigation from being had. When the next Territorial Grand Jury meets we dare say that Mr. Prendergast, Mr. Mossman and a few others will have an urgent call to tell all they know."

Today, May 2d, the Advertiser publishes this:

"He (Judge Humphreys) is hurrying to get such a Grand Jury together in the hope that it may meet before the Governor and Attorney General have put their evidence of legislative bribery into provable shape."

To any intelligent mind the chicanery of the Advertiser gang is at once apparent. The Morning Organ has repeatedly charged the Legislature with bribery and, as the Governor has stated in his letter to the Legislature, on this basis was the refusal to extend the legislative session made.

Did the Advertiser know what it was talking about when it implied bribery on April 20th?

Did the Advertiser place this implication against legislators without facts to support it?

If the Governor's organ spoke on April 20th from knowledge of facts that show bribery, why is it that the organ now on May 2d, twelve days later, cries out that the Governor and Attorney General may not have their evidence in "provable shape." Is the public to be treated to another dissertation on "shape" which was in the early part of the session one of the Governor's methods to defeat legislative purposes?

If there are bribe takers among the members of the Territorial Legislature, such men should not be allowed to sit in legislative session during the extra session or any other session. Protection of the rights of the people demands prompt, immediate action. Judge Humphreys would be derelict in his duty as a public official, a just object for universal condemnation, if he were to remain indifferent to the charges made by the Governor, through failure for any reason whatever to call the Grand Jury at once.

The duty of the Governor is plain. He cannot escape by a specious plea for more time. The people demand that bribe takers, if any there be, shall be forced out of the Legislature before that body takes action on the Appropriation bill. No bribe takers should be allowed to have a voice in dispensing public funds.

Every power that government creates is at the disposal of the Governor. He cannot discredit the action of Judge Humphreys before honest Americans. There is no honesty in calling for a Grand Jury through an official mouthpiece, making a charge that is a fit subject for immediate investigation by a Grand Jury, and then stating that the Grand Jury is not wanted or endeavoring to impeach its integrity. The statement by a Governor that bribery exists presupposes a knowledge of facts.

The coast is clear for the Governor. Let him prove the charge.

The man who made the statement—and it is doubtful if any one ever did—that the Bulletin has paid a percentage to any legislative members sending printing to this office constitutes one of the Advertiser staff of liars. The only difficulty with the Morning Organ is that its blackmailing policy did not work as successfully with the Legislature as with the Public Works department. When it comes to fair and open methods the Advertiser always comes out at the short end as was evidenced by the bids on printing the House Journal. The Bulletin bid the lowest figure, whereon the Advertiser, having no Chief Justice to deal with who would give out \$300 worth of work before bids were called for, endeavored to represent that the Bulletin could not do the work within the time limit. The Bulletin put up a bond. It was awarded the work, has in one day completed an eighth of the work and has thirty days more in which to complete the remaining seven-eighths. The whole Advertiser gang is hanging along at the tail end of the procession. Their dishonest methods are a common byword. Their failure to further mislead the public and profit by official chicanery is what worries them.

Mr. Thurston's paper which calls itself a Republican paper now comes out in opposition to, as it has always been the Republican organization. This is Republican loyalty indeed. Thurston and his paper have always opposed the Republican organization created by the votes of the people and centered his efforts upon a pliable Governor who

could never be elected to an office. Thurston does this because of his demonstrated inability to secure a majority vote in his own precinct primary, and consequent espousal of minority rule. The men endorsed by the Republican organization are worthy men who have the confidence of the people. The antagonism of the Advertiser as a purported party organ speaks for itself among all loyal party men who have any desire to fulfill and accept popular mandates.

So far as known, the business manager of the Hawaiian Gazette Company is the only one in town who has been approached with a view to getting an percentage on legislative printing. Corrupt men never approach business houses that have a name in the community for honesty.

LA MASCOTTEE.

"Mascotte" is not a new opera but it can always be made charming and full of the most amusing situations when put on the stage by such a company as the one which Josephine Stanton has presented to the Honolulu theater goers.

The opera house was very well filled at the presentation of this opera yesterday afternoon and, as applause is always a good indication of the success of the play, it must be said that it was a great success.

Miss Josephine Stanton as Bettina was as charming and vivacious as ever. She held the house from start to finish. Mr. J. Clarence Harvey's portrayal of Lorenzo was beyond criticism. He was irresistibly funny. Mr. George Kunkle as Rocco, was a very close second. Indeed, the "team work" of these two was great. Mr. George Lyding as Peppo made an excellent lover and his clear tenor was always in most musical harmony with Miss Stanton's sweet soprano. Miss Nilsson as the Princess did her work well.

The Only Bainbridge.

An enjoyable entertainment will be presented at the Y. M. C. A. tomorrow evening by Oliver Bainbridge, M. A., assisted by his gifted wife, Mr. Bainbridge's credentials speak of him as a most eloquent and humorous speaker—one refers to him in the following words: "His language is free and unembarrassed, he speaks at times rapidly but always eloquently." After wandering through so many countries under such circumstances as Mr. Bainbridge has, his fund of matter must be enormous and the relation of each decidedly interesting. Mrs. Bainbridge will delight her hearers with some first class music all of which will be played from memory. Although very young, her capabilities will surprise many. Tickets for tomorrow evening are on sale at the Y. M. C. A. and Wall, Nichols & Co.

The fire claims commission consisting Messrs. Macfarlane, Lufkin, Pratt, Kopoikal and Testa will hold a meeting one day this week at which they expect to get organized for business.

THE END COME AT LAST
HOUSE DIED A NATURAL
DEATH LATE LAST NIGHT
 General Thanksgiving Takes Place During the Evening Session—No Work Done But Plenty of Time Spent.

After the afternoon meeting of the joint session, an attempt was made to hold a session of the House but no quorum could be secured. A recess was then taken until 6 o'clock in the evening, but this turned out to be somewhat of a bluff, for no one appeared before the joint session at 7:30 o'clock.
 When the joint session took a recess, the House convened and made a great attempt at killing time.
 One or two House concurrent resolutions were considered from the Senate as reported passed.
 A resolution appointing a committee of one Senator and one Representative to wait upon the Governor, informing him that no work remained before the Legislature, was adopted. Makinala was appointed to uphold the dignity of the House but he declined so that the ever ready Prendergast took his place.
 Bills introduced by the House and still due, were dismissed. It was found that two bills, amounting to some \$2,600, were still unpaid, and the clerk was instructed to proceed with the work of the House in regard to the unpaid bills. Fifteen days were allowed him with which to complete his work.
 The minutes were read to cover more time. A general thanksgiving then took place. Emmelhuth thanked Robertson for the valuable work done for the Judiciary Committee. Prendergast thanked the Public Lands Committee, and Kanioha thanked everyone in general and no one in particular. Beckley, as Vice Speaker, now made his bow amid frequent "kokuas."
 Akina was next on the program, speaking with considerable feeling to his fellow law makers.
 The joint session then cut in on the proceedings, and the House took a recess only to reconvene after that body had adjourned sine die.
 After the joint session, the House arose and the chaplain spoke a few words in parting prayer.
 On a motion by Emmelhuth the House adjourned sine die and the Senate doing the same thing upstairs, the First Legislature of Hawaii was a thing of the past.

A TAX COMMISSION.
 At the evening session of the Senate yesterday, House concurrent resolution No. 5, providing for a commission of five members of the Legislature (two Senators and three Representatives) for the purpose of investigating the system of taxation and reporting on plans looking toward a reorganization of the same. It will, according to the provisions of this resolution, be the duty of this commission to report to a subsequent session of the Legislature just completed or to the first session of the next Legislature. The commission is empowered to examine persons and papers, to examine them and to hold session whenever and wherever a quorum, consisting of the majority of its members shall be present; also to employ a clerk and secure articles necessary to the work of the body.
 The Senate appointed Messrs. Kalanokalani and Kanaha on the commission.

POLICE BASEBALLERS.
 Matters are booming in the sporting department of the police force. A list of candidates for the baseball team has been made out and from this list the players will be chosen. The men who will try for positions are all old men, and as follows: Flint, H. Mossman, Lare, Sen. A. Mossman, E. Richardson, McKinnon, G. Richardson, Leslie, Martin, Jackson, Parker Jr., Akau, Kane, Lon Agnew will act as coach.
 Owing to the scarcity of horses the polo scheme has fallen through. This is greatly to be regretted by the sporting public, as some inter-club matches would add greatly to the interest of the sport.

Circuit Court Yesterday.
 Petition for the probate of the will of John N. Wright, deceased, was filed yesterday by W. O. Smith. The petitioner, Anna S. Wright and William H. Wright are named in the will as executors. The estate consists of 1850 shares of stock in the Oahu Sugar Plantation Company valued at \$27,000.
 The property is left to the executors, to be held by them three years at their discretion and sold. One-third of the cash proceeds go to Anna S. Wright, \$1,000 to E. E. Conant of Kauai and the remainder is to be divided between W. H. Wright, Allan S. Wright of Santa Rosa, Cal., Mrs. C. F. Peterson of Honolulu.
 Petition for the appointment of Fred Wendenberg as guardian of the Cummings minors has been filed by William C. Cummings.
 Thomas Fitch has been appointed guardian ad litem by Judge Humphreys for H. A. Carter and Grace S. Carter in the equity case of J. O. Carter vs. Sybil A. Carter.
 Petition has been filed by Ira Eskow, administrator of the estate of Donald G. Campbell for order to show cause on an application to sell real estate.

GERMAN
CLASH WITH
YANKEE

Peking, April 23.—Many applications have been made to Mr. Rockhill and General Chaffee by Chinese of all degrees for the retention in China of the American troops until the general withdrawal of the troops of the Powers. Many of those who are making this request think the withdrawal of the Americans will make the other remain longer. There are also people who do not desire to see any of the soldiers go, fearing anarchy and an uprising against foreigners.
 Field Marshal von Waldersee, has made an application that the gate of the Forbidden City be guarded by German troops after the departure of the Americans. General Chaffee has replied that American soldiers will continue to guard the gate. At this the Germans are indignant, saying this impugns their honesty and that if the United States desires to do her share of policing the city she should leave behind enough troops for that purpose; that merely a few men belonging to the legation guards should control the gate which will be within the American quarters, cannot be allowed. If General Chaffee persists in this course diplomatic representations will be made in the matter.
 The Ministers of the foreign powers are meeting daily. They do not at present show a disposition to reduce the claims, which many think to be extremely reasonable.

CALIFORNIA
IS
VICTORIOUS
 The University of California administered an overwhelming defeat to Stanford in the three annual intercollegiate contests on April 20.
 In the field day seven intercollegiate records were broken and Flaw U. C. broke the world's record for the 16-pound hammer throw by a throw of 171 feet, 2 inches. The score was U. C. 85; Stanford, 32, making an unbroken list of nine victories for Berkeley.
 California won the tennis tournament by a score of 3-0 and also walked away with the intercollegiate debate.

Punahou Goose Eggs
Boys From Solace
 Oahu College and the men of the Solace met on the baseball field yesterday and, although the visitors fought till the last gun was fired, they were no match for the local aggregation.
 King, the Solace twirler, was the man who kept the score down within reasonable bounds. The collegians at times had hard work to connect with his delivery. If he had been well supported, matters would not have gone so smoothly for the collegians. Eight men failed to make connections, while but two men walked. Sixteen base hits were scored off the soldier, but that was largely due to the poor fielding, ten errors being made throughout the game.
 Castle, who was in the box for the local team, retired eight men without letting them make the necessary connections. Ten safe hits were scored off his delivery. Only three errors were made in the game, so that it can be seen, he received proper support.
 Myers proved to be Punahou's strongest man with the bat. Elston and Colby did well for the visitors.

 The Y. M. C. A. team will have a return game with Punahou next Saturday at 2 o'clock so that the boys can make the Gleaners' Lawn party before the day is over with.
