Fire Claims Payments Are UP TO Governor and Large Claimants

Treasury Agent MacLennan was at his desk in the First National Bank for the first time this morning. He has made good recovery from his illness but is yet a little weak.

When asked about the dispensing of the five claims million Mr. MacLennan said there was nothing to report. With a bid made for but one of the four percent bonds there seems to be no immediate prospect of realizing cash for the payment of claimants. Mr. MacLennan suggested that the difficulty might be overcome by some of the claimants accepting a portion of their awards in bonds at par. If the claimants having awards of \$1000 or over will agree to take the bonds pro rata, Mr. MacLennan will then be in a position to disburse payments immediately on receipt of the certified schedule from the Governor. The situation is thus

very much in the hands of the large claimants.

Nothing can be done however with either bonds or cash till the Treasury agent receives the properly approved schedule of awards from Governor Dole. This important detail has yet to be completed so there is still quite a waiting period in sight.

Mr. MacLennan, besides handling the fire claims fund, will close up some final details in the redemption of the old Hawaiian debt. The final payment he is ready to make on the presentation of the bonds amounts to \$11,100 and will doubtless be used by the Territory to call in a portion of the 1896 loan. This \$11,000 represents \$5000 from the 1886 loan, \$100 from the loan of 1892 and \$6000 saved in the London loan which was taken up at 4.37 instead of 4.90 as expected, thus saving a good margin for the benefit of the Territory.

A FIRE CLAIMS RESOLUTION

At the forenoon's session of the House Mr. Vida, under suspension of rules, introduced the following resolution relating to the fire claims money.

Whereas, the Congress of the United States has provided for the payment of the sum of one million dollars to the sufferers by fire caused by the action of the Board of Health in suppression of bubonic plague, and

Whereas, the Secretary of the Treasury has sent an agent to Honolulu with the money for the purpose of disbursing the same and relieving those who

lost their money and property and no good reason existing for the delay in the disbursing this money sent as a relief fund to the sufferers by fire, be it

Resolved that this House forward a request by "telegram" to the Secretary of the Treasury requesting him to immediately disburse the million dollars without waiting for the sale of the bonds.

A special committee consisting of the following was appointed by Vice-Speaker Knudsen, on motion of Mr. Keilino: Messrs. Vida, Purdy and Harris.

GIVES FREE SCHOLARSHIP

George Barker received in a recent mail a certificate for a free scholarship in the American School of Correspondence at Boston. This certificate allows the holder to take a full course in the school free, the usual tuition charge being \$50. The courses cover all lines of technical and mechanical education.

Mr. Barker stated this morning that he intended turning the certificate over to Speaker Beckley, who might present it to any deserving Hawaiian-American youth who wished to take a course of study under its provisions. The correspondence schools have come quite prominently to the front in recent years, the scheme being to assist young men not having the time or money to attend schools and colleges for a special course of study.

NEVADAN HAS SAILED.

C. Percy Morse, local agent of the American-Hawaiian S. S. Co., has received from San Francisco a cablegram stating that the steamship Nevada left San Francisco on April 17 at 8 p. m., as scheduled, carrying mail. She will be here Saturday, April 25, at daybreak.

The place to get pure Kona coffee is at C. J. Day's grocery, 25c per lb.

ART LEAGUE MUSICAL

The Kiloheana Art League musicale given in the League rooms in the Progress block at 8 o'clock last night, was thoroughly enjoyed by a large and appreciative audience. All the numbers given were so uniformly good that it is hard to mention one in preference to another. Mr. Amme's correct and accurate rendition of at least one piece which has been heard in this city more or less indifferently played, namely the Violin Concerto by Mendelssohn, was thoroughly enjoyed. In the two other pieces, the Andante from Beethoven's C Minor Symphony and Mendelssohn's "Song d'une nuit d'été," the violin together with the piano and organ produced a charming effect.

The Craigie-Glee Club, Mr. Livingston and Miss Edna C. Kelley rendered vocal selections, which were all well received.

Mrs. Wm. L. Whitney and Mrs. Grace Waterhouse, who rendered the accompaniments, both deserve their full meed of praise, the charming sympathetic quality of Mrs. Whitney's accompaniments being an especially pleasing feature.

A special meeting of the Catholic Ladies' Aid Society will be held in the convent meeting rooms tomorrow at 3 p. m.

LONG MUNICIPAL BILL PASSES SECOND READING AFTER SHARP DISCUSSION IN THE SENATE

Majority Report On the Long Municipal Bill Is Adopted.

BROWN AND ACHI GIVE OPINION ON VOTERS' MIND

JUDICIARY COMMITTEE REPORTS ON BILLS—COCUR IN HOUSE AMENDMENT TO LABOR BILL.

SENATE.

Fifty-fourth Day.

Monday's heavy performance of business was illustrated by the unusually long minutes covering the three sessions of that day. Clerk Savidge concluded their reading at 10:22.

Anti-Vaccination.

The House of Representatives by communication announced its passage of the bill to repeal sections 917, 918, 920, 922 and 925, Penal Laws, relating to vaccination, and prohibiting the Board of Health from making any rule to require children to be vaccinated before attending school.

On motion of Senator Kalanokalani the bill was read a first time by title and passed.

District Magistrates.

Senator Cecil Brown presented a report of the Judiciary Committee, recommending the passage of the bill authorizing district magistrates to issue commissions for taking testimony of persons outside their jurisdiction. Adopted, the bill to be read a third time tomorrow.

Vagrancy.

Senator Cecil Brown presented a report of the Judiciary Committee, recommending the passage of the bill increasing the maximum penalty for vagrancy from six to twelve months. Adopted, the bill to be read a third time tomorrow.

The Treasurer's Office.

The same committee presented the following report:

The Judiciary Committee, to whom was referred Senate Bill No. 179, report that the object of the Act is to make changes in the existing law in relation to the Treasurer's office made necessary by the Organic Act, the Audit Act, tax laws and the County Bill. The amendment to section 469 of the Civil Code, Civil Laws, section 655, is made necessary by the Organic Act and tax law; under the provisions of that section as it now is, the Treasurer collects and enforces the revenue laws and the collection of duties on imported goods as well as the collection of taxes. These duties are eliminated by this amendment, and his duties confined to what belongs strictly to that office.

The second section repealing sections 658, 663 and 664 of the Civil Laws, are following out the same lines for the same reasons.

We recommend the passage of the Act.

Adopted, the bill to be read a third time tomorrow.

Internal Taxes.

The same committee also made the following report:

The Judiciary Committee, to whom was referred Senate Bill No. 181, report that the Act in question amends the law relating to the assessment and collection of taxes.

The first amendment strikes out the giving of a certificate by the Road Supervisor of Kona on this island, and the chairman of the road boards in other districts, that a party has worked

out his personal taxes on the public roads, and was therefore exempt from arrest for non-payment of such taxes.

The second amendment repeals all provisions relating or authorizing the arrest of delinquent taxpayers of the personal taxes, and the power of compelling the attendance and labor of persons liable to the payment of personal taxes to work on the public roads.

Sections 303 and 306 are repealed for the reason that their provisions are contained in section 313 of the Civil Laws, which is a part of Act 51 of the Session Laws of 1896.

We recommend the passage of the bill. Adopted, the bill to be read a third time tomorrow.

Salaries Bill.

Senator Dickey presented a report of the special committee on the bill appropriating departmental salaries for six months ending December 31, 1902. Several amendments were recommended. The item under permanent settlements for Queen Liliuokalani was placed at \$2,000.

The report was laid on the table to be considered with the bill this evening, unless overtaken sooner.

The bill for salaries and pay rolls for the eighteen months beginning January 1, 1904, and ending June 30, 1905, passed first reading by title, to be read a second time tomorrow.

Labor Bill.

A communication from the House announced the passage of the Senate bill to regulate the employment of labor on public works, with an amendment consisting of the insertion of this clause: "Provided, however, that the full eight hours shall not apply to holidays or any Saturdays."

Senator McCandless moved, seconded all over the Senate, that the Senate concur in the amendment. The motion carried amidst general laughter.

Long Municipal Bill.

Senator Achi presented the majority report of the Judiciary Committee, recommending the passage of the Long Municipal Bill that would create the City and County of Honolulu.

Senator Cecil Brown presented the minority report of the same committee, recommending the indefinite postponement of the bill.

Senator Baldwin, seconded by Senator Dickey, moved that both reports be laid on the table to be considered with the bill.

Senator Kalanokalani, seconded by Senator Achi, moved that the majority report be adopted.

Senator Cecil Brown hoped the motion to adopt the majority report would not carry, because there were other amendments besides those recommended by the majority. The bill needed amendment relative to taxes, power of borrowing money, conflict with the County Bill on roads and bridges, etc. To pass the bill in its present shape would cause a great deal of litigation and a great deal of trouble.

Senator Baldwin was discussing the question when he was called to order by Senator Dickey, on the ground that a motion to lay on the table was not debatable.

Vice President Paris, in the chair, ruled the point well taken, and Senator Baldwin sat down protesting but without appealing from the decision of the Chair.

The motion to lay the reports on the table was put and lost.

Debate on Bill.

Senator Baldwin began remarks against the adoption of the majority report by declaring that the chair was wrong in ruling him out of order before. Vice President Paris said he should have appealed at the time. Senator Baldwin said it was past now. His objection to immediate adoption was that he did not understand the bill.

That was why he had moved to lay the reports on the table. So far as the bill had been explained he was op-

HOUSE.

Fifty-fourth Day.

At the opening of the forenoon session of the House, the following communication was received from Chief Clerk White of the Public Works Department:

"I am directed by the Superintendent of Public Works to transmit herewith claim of the American-Hawaiian S. S. Co. for overcharge on pilotage of \$909 and correspondence relative thereto.

"As the money received for this pilotage is a government realization, it is beyond the discretion of this department to remit any portion of same, the government having no power to waive or remit any portion of such realization when once paid into the Treasury."

Following is the claim submitted with the communication from the Public Works Department:

August 11th, 1902.

Hon. James H. Boyd, Superintendent of Public Works.

Dear Sir:—We beg to hand you herewith claim of the American-Hawaiian S. S. Co., for excessive pilotage paid at this port from January 29th, 1901, to date, amounting to \$909.

Capt. Fuller, the harbor-master, has presented bills at all times against the steamers of the Company, based on the rate of \$75 inward and \$75 outward, and as we presume this was in accordance with the local laws, same were duly paid. It has now come to our attention, however, that the law reads that the rate of pilotage on all "mail steamers" is \$50 inward and \$50 outward, and as the steamers of this company have from the time mentioned carried mails under contract with the United States government, we are prompted in the spirit of justice to make the enclosed claim, which we trust will have your earliest consideration and approval.

Yours, etc.

Kona Citizen Labor.

Another communication from the same department's chief clerk, is re House Resolution 244, requesting information as to number of laborers classified as citizens and Aliens employed on the Kona roads, was as follows, the same being ordered spread on the journal of the House:

"It is the policy of the department, and officials acting under it have been advised accordingly, to employ only Americans citizens so far as possible.

Important Reasons WHY HERRING-HALL-MARVIN SAFE CO.'S SAFES AND LOCKS ARE THE BEST

The concrete filling makes these safes absolutely Fire-Proof and positively Damp-Proof. The solid angle corners add greatly to their security in time of fire, and form the only solid corners made. The patent BOLT-WORK is superior to any in use, and does not require constant oiling, cleaning and repairs that is acknowledged in other makes of safes. That although 600,000 of these safes are now in use and many thousands have been tested by some of the most disastrous conflagrations in the United States, there is not a single instance on record wherein one of them ever failed to preserve its contents perfectly. They make safes for County Treasurers, County Records, County Clerks, Jewelers, Hotels, Residences, Churches and Corporations. We have a Large Assortment of Safes on hand and will be pleased to show same.

SENATORS PASS INSURANCE BILL AND FINISH THE APPROPRIATIONS

SENATE.

Fifty-third Day.

Afternoon Session.

Consideration of the insurance bill on second reading was resumed, Senator Ienberg in the chair.

Real Estate Section.

The section forbidding insurance companies to hold real estate, except under restrictions therein stated, was after considerable discussion struck out. Senator Baldwin was afraid that without the provision outside companies having strict rules against going into real estate business would be placed at a disadvantage as compared with others. Senator McCandless thought the provision might prevent a company, so desiring from erecting a large building in Honolulu.

No Retaliation.

The next section, a tit for tat provision, imposing on any insurance company of any other country, state or territory whatever tax, fee or disability such country, state or territory imposed on any insurance company of this Territory doing business in such country, state or territory, was also struck out.

Tax on Premiums.

Senator Baldwin moved an amendment to the section providing for an annual statement, so that the company should pay a tax of two per cent on all premiums received less the amount of losses paid, this tax to be in full of all taxes, fees, etc., excepting such as provided in a former section. The schedule of fees referred to is as follows:

For filing articles of incorporation or certified copies of articles, by-law, or other certificates required to be filed, \$25.
For issuing certificates of authority, \$10.
For each renewal certificate of authority, \$10.
For filing the annual statement of condition, \$10.
For filing each annual statement of business transacted in the Territory, \$10.
For filing any other paper, \$1.
For furnishing copies of papers filed in his office, per folio, 25 cents.
For certifying copies, each, \$1.
For agent's license, for each company represented, \$2.

All moneys so collected are to be Government realizations.

On motion of Senator Baldwin, seconded by Senator Crabbe, the bill is to come into effect on October 1, 1923.

Auditor's Position Queried.

Senator Achi, when a motion was made to pass the bill as amended, raised a question of the legality of the Auditor's position in the bill as a collector. As he understood that officer's duties were to look after the expenditure and not the collection of money.

Senator Crabbe moved an amendment to designate the chief officer under the bill as the Insurance Commissioner. This was an important service being started and should have a special head.

Senator Baldwin agreed with the mover's remarks as to the importance of the matter, but he did not think there would be money enough in it to pay a high-priced man. Under the present law of the Territory the insurance companies must pay 2 per cent on their income anyway. He figured the revenue from other fees would be about \$3000 a year. By putting the business under one of the existing departments they would only have to appropriate the salary of a clerk to do the work. The present Auditor was a very competent man to get the service under way. They had better not create a new department.

Senator Crabbe argued for his proposition, saying there were 87 companies now doing business in the Territory.

Senator McCandless did not agree.

with Senator Achi that the Auditor's duties were confined to looking after money paid out. He had also to look after money coming in. Senator Crabbe was by this token on the wrong track. This was a revenue producing measure, but that member wanted to spend all the money it produced from the start.

Senator Achi argued further his point that the duties imposed on the Auditor did not rightly pertain to his office.

At Senator Baldwin's request the matter was left in abeyance until third reading, which was appointed for today when a motion to pass second reading had carried.

The Pharmacy Bill.

The bill to regulate the practice of pharmacy and the compounding of drugs was, on motion of Senator Achi deferred on second reading until today.

The Appropriation Bill.

The bill to give shipping companies and common carriers the power of foreclosure, sale and lien on unclaimed merchandise was taken up on second reading with the report of the Miscellaneous Petition Committee.

The committee's recommendation to extend notice of sale of non-perishable goods to 90 days was discarded, the 30 days in the original bill being adopted. Third reading today.

The bill making special appropriations for the departments of the Government for two years from July 1, 1923, came up for third reading.

Senator Achi moved it be deferred until Monday next, saying the House would not work on it.

Senator Cecil Brown—"What are you trying to do, to force an extra session?"

Senator Achi in reply mentioned the Emergency Bill, the Unpaid Bills measure, etc., which the House allowed to lie dormant after receiving them from the Senate.

Senator Dickey seconded the motion. They passed the Emergency bill up there, which was lying quietly down below. It was lying idle when every cent in it ought to be expended.

Placing the Responsibility.

Senator Cecil Brown said: "I don't agree with this thing at all. By doing it we would just be forcing an extra session. I don't believe any member here wants an extra session. There are a number of bills on the table which it will do no harm to pass over at this session. We ought to pass this bill and send it down and leave no odium of holding up the appropriations on the House. I would put into the bill every item now in the Emergency Appropriation Bill as amendments and send the whole thing down. Then we can wipe our hands clear of all responsibility."

Senator Dickey would agree to this way and put the unpaid bills into the bill likewise.

Senator Achi changed his motion, to defer the bill to a session that evening. Accepted and carried.

Several Bills Advanced.

The bill relating to the practice of medicine, amending the penalty of the law, passed second reading, to be read a third time tomorrow.

The bill amending the law relating to pounds and estrays passed third reading.

The bill providing for the incorporation of societies for the prevention of cruelty to children passed third reading.

The Kalaupapa breakwater bill passed third reading.

The bill providing right of action in case of death by wrongful act, neglect or default, passed third reading.

The amendment to the general railway act passed third reading, unanimously.

"Let it Rip."

The amendment to the Beer Act, to meet the objections in the Governor's veto, came up for third reading and passed without debate, but after one vote was declared Senator Dickey called out to hold on. He said the amendments adopted with the committee's report had not been inserted correctly. One long amendment was entirely omitted.

President Crabbe (from the floor)—"What do you want—saloon three miles from anywhere?"

Another member suggested letting it go to the House for the amendments.

"Let it rip," Senator Dickey said.

The bill relating to stamp duties passed third reading.

Agricultural Bill.

The bill to prevent the importation of plant blights was deferred on motion of Senator Baldwin, as a general bill on agriculture was due from the special committee. Later, in the name of Senator Ienberg still presiding, he introduced a bill to provide for the encouragement and protection of agriculture, horticulture and forestry, which passed first reading.

The bill making the law relating to mutilation of coin uniform with the Federal law passed third reading.

The bill amending the Audit Act, harmonizing it with the Organic Act, passed third reading.

The House bill to prohibit gambling and gaming passed second reading, to be read a third time today.

Aala Park Rescued.

The House bill relating to Makiki recreation ground was laid on the table by adoption of the Public Lands Committee's report, which found that under guise of its purported object it would take back Aala park from the public, recess from 3:47 to 7:30.

Evening Session.

The evening session was special for the Current Appropriation bill. Senator Ienberg presided and the bill was read a third time and passed by the votes of all present. Senators Cecil Brown, J. T. Brown and Kaohi were absent.

Dr. Shoop's RHEUMATIC CURE COST NOTHING IF IT FAILS.

Any honest person who suffers from Rheumatism is welcome to this offer. I am a specialist in Rheumatism, and have treated more cases than any other physician, I think. For 16 years I made 2,000 experiments with different drugs, testing all known remedies while searching the world for something better. Nine years ago I found a costly chemical in Germany which with my previous discoveries, gives me a certain cure.

I don't mean that it can turn bony joints into flesh again; but it can cure the disease at any stage, completely and forever. I have done it fully 100,000 times.

I know this so well that I will furnish my remedy on trial. Simply write me a postal for my book on Rheumatism, and I will mail you an order on your druggist for six bottles of Dr. Shoop's Rheumatic Cure. Take it for a month at my risk. If it fails, the cost is only \$5.50. If it fails, I will pay the druggist myself—and your mere word shall decide it.

I mean that exactly. If you say the results are not what I claim, I don't expect a penny from you.

I have no samples. Any mere sample that can affect chronic Rheumatism must be dragged to the verge of danger. I use no such drugs, and it is folly to take them. You must get the disease out of the blood.

My remedy does that even in the most difficult, obstinate cases. It has cured the oldest cases that I ever met. And in all my experience—in all my 2,000 tests—I never found another remedy that would cure one chronic case in ten.

Write me and I will send you the order. Try my remedy for a month, as it can't harm you, anyway. If it fails it is free.

Address Dr. Shoop, Box 331, Racine, Wis.

Mild cases, not chronic, are often cured by one or two bottles. At all druggists.

The Emergency Appropriation Bill, separately detained in the House of Representatives, was incorporated in this bill.

Increases.

The amount for incidentals in the Secretary's office was increased from \$2400 to \$3000.

Senator Kalua moved the increase of the item of \$2000 for law books other than Supreme Court to \$1000. This carried after some talk by Senator Achi against raising appropriations above probable receipts.

The item of \$400 for patrol horses was raised to \$700.

The item of repairs and additions for public buildings was increased from \$30,000 to \$50,000 again.

The item of \$8,000 for landings, Hawaii, was changed back to \$10,000.

An item of \$12,000 was added for 70 new electric lights in Honolulu.

Various Changes.

Other changes made were these: Maul buoys, \$3000 to \$4000; fencing and grading government lots, \$2000 to \$10,000; item of \$400 for jailer's house, Maui, inserted; item of \$2500 for water pipes in Kalihi inserted; \$7150 each for Lahaina and Wailuku fire departments inserted; \$500 for railing around Diamond Head inserted; \$600 for engineer in Wailua building inserted; passage of lepers and personal freight for Kalaupapa, \$20,000, inserted, reconsidered and reduced to \$5000; for ambulances, Board of Health, \$750 inserted; Associated Charities, \$2500 to \$5000; printing books and blanks for county officers, \$12,000 inserted.

Fishery Cases.

Senator Achi objected to the item of \$10,000 for the fishery cases, as the Attorney General said it could be done for \$2500. He moved that the \$10,000 be added to the incidental appropriation, making it \$50,000. Senator Woods thought it unprofessional for the Attorney General to take the work from Robertson & Wilder, who had been retained by former Attorney General Dole, and Senator McCandless said he believed in keeping the attorneys who had been successful in the case here. Senator Paris said the Attorney General had been misunderstood, that Andrews had simply stated that if he had to take care of the case \$2500 would have to be added in the incidental allowance. The item was fixed at \$45,000.

Insertions.

Senator Achi moved the insertion of \$30,000 for expenses under Torrens Act. Carried.

Senator Dickey moved the insertion of \$1000 for incidentals, Governor's office. Carried.

President Crabbe asked the insertion of an item of \$800.15 to reimburse the Union Feed Company for money advanced for water pipe. Carried.

On motion of Senator Achi an item of \$2500 was inserted to pay River street property owners for sewerage pipes.

An item of \$3000 for repair of Tantalus road was inserted.

Senator Dickey moved the insertion of all the items in the Senate emergency bill excepting \$2,000 for Wailua bridge. Carried.

I. O. U. Item.

Senator Achi moved to strike out the \$17,549.91 for the Wright I. O. U. Senator Baldwin seconded the motion. President Crabbe said the books had to be balanced some time. Chairman Ienberg ruled the discussion out of order.

TUESDAY, APRIL 21, 1903.

Secretary Carter should have a photograph taken of Herrick's \$1000 souvenir bond.

Anyway, the Herrick one-bond bid saved secretary Carter from playing the Old Mother Hubbard act.

Extra session or no extra session, it is difficult to understand what is to be gained by holding up the emergency appropriation.

Gratification over the news of Honolulu's success is second only to the desire that he and his enemies shall keep quiet for a time.

What has become of the resolution supporting the Commission's recommendation for a four-cent bounty on coffee? Is this to be lost in the shuffle?

Unless some very speedy work is done in the next few days this Legislature will never be called to account for the large number of franchises it has granted.

It is difficult to choose between possible errors of the afternoon press in stating Great Britain's debt and the morning press' prognostications on small farming.

Some one ought to be called upon to show cause why the letter, purporting to have been written by a Hawaiian-American on the Engineers' License Act, should be accepted as genuine.

Commissioner Boyd evidently has some regard for the small farmers' opinion of his veracity after they have come here to look over the field for themselves.

The arrival of the Loan Bill in the House so near the close of the session calls to mind the experience of two years ago, valuable only as a reminder that history should not be allowed to repeat itself.

Governor Van Sant discovered while the President was in St. Paul that Roosevelt carries a gun in his overcoat pocket. The exponent of strenuous life has no idea of being put out of action provided he sees the enemy of all government first.

Judged from the vote in the Senate and House a very large proportion of the legislators prefer to risk their future political chances on a vote for the Long Municipal Bill than the vote against it. County and municipal government was the pre-election demand of the voters.

The proposition of the House to charge up the shortage in the Chinese fund to the responsible officials is not likely to have much effect in reimbursing the fund unless the Government salary garnish law is revived. Meanwhile depositors are free to whistle for the money not returned.

Hugh B. Pentecost has declared from the lecture platform that Roosevelt's ideal family man would be a rabbit and cites the great men of small families. He could go in the other direction and draw attention to the fact that large families are usually so poor that their principal diet is corned beef and cabbage.

Governor Dole vetoed one dual language proposition showing a distinct preference for one language as evidence of civic advancement on American lines. In the hackmen's license bill now before him the Governor has the opportunity to carry out his restrictive language ideas with good effect in approving the action of the Legislature.

Ordinary measures having failed to get the million into circulation, the House seems inclined to go after the vision is made for sale of the fire to remember that the Secretary of the Treasury is a hard-headed individual, not likely to be moved till proper provision is made for sale of the Bre claims bonds, and the certified schedule required from the Governor.

Fillbustering at this stage of the session means merely the loss of much important legislation which every legislator will wish could be chalked up to his account when the next campaign comes on. If it is an extension of the session that is wanted the Bulletin would suggest that the best way to get it will be to forward the work with such earnestness during the few remaining days that the advantage of an extension will be obvious.

EXCEPTIONS OF FERRIS

The bill of exceptions of George E. Ferris, under death sentence for murder, has just been filed by E. A. Douthett, attorney for defendant, though dated January 31. Attached to the bill are comments upon certain of the exceptions made by Judge Gear.

The Supreme Court has been in session these two days.

Judge Robinson denied the motions of defendant in the \$10,000 damage suit of R. M. Fuller vs. Honolulu Rapid Transit & Land Co., one being to strike out certain testimony and the other to dismiss the case, and allowed plaintiff to amend his complaint by inserting the word "permanently" so as to make it allege that he was "seriously and permanently injured." The case is continued until Friday, May 1, when defendant may introduce evidence under the amendment.

MADE OFFICIAL CALL

Captain Windham of the Amphitrite in company with British Consul Hoare and a lieutenant of the big man-of-war now visiting here, paid an official visit to Governor Dole at the Capitol this morning. As the carriage which conveyed them approached the Capitol building the band, stationed in the stand on the lawn, struck up the national anthem and played until the visitors had reached the steps, where they were met by Mr. Hawes, secretary to the Governor, and by him conducted to the Executive chamber.

When the band struck up, the members of the House of Representatives, in the midst of a long report of the Committee on Agriculture, arose and stood for a moment, then, curiosity overcoming them, they silently stole away, leaving the clerk still reading the report. Soon Vice Speaker Knudsen came down from the chair, the clerk stopped reading and a recess of about fifteen minutes without permission was taken.

P. T. C. TOURNAMENT

Tomorrow afternoon will begin the Wallace Alexander cup tournament of the Pacific Tennis Club, on their courts, Palace Square. Play will begin at 4 o'clock sharp and will be limited to P. T. C. members only. The drawings will take place this afternoon at 3:30 o'clock. The following have already entered: E. R. Adams, C. H. Cooke, A. T. Brock, G. G. Fuller, W. H. Babbitt, C. S. Dole, S. L. Derby, A. Lewis Jr., John Waterhouse, J. P. Cooke, Geo. Waterhouse, W. F. Dillingham and W. P. Tooth.

The cup for which the P. T. C. members will begin their struggle tomorrow, was presented by Wallace Alexander, a member of the club, and the condition is that, in order to become the owner, it must be won three times in succession.

The cup was first fought for last year, W. P. Roth winning the tournament. According to the stipulation under which the cup was given, he will have to enter each tournament and fight his way up just as in the case of the other players.

It Doesn't Require

an artist to appreciate a well-decorated room. True art is simply harmony, and everyone appreciates that; everyone knows almost the moment they enter a room whether the effect of the decorations is good or bad, and just so surely as an ill-designed, ill-colored, oddly-matched wall paper is used, so surely the beauty of the room is spoiled, no matter how choice the furniture and other decorations may be. We can assist you in color schemes and decorative suggestions.

DOES PURITY COUNT?

It is said that the pelican will swallow anything. Don't be a pelican. When you drink beer be sure that it is pure.

ELLEFORDS OPENING
GRAND SUCCESS

The Elleford Company was welcomed last night by an audience that packed the Orpheum from the stage to the top of the gallery. Their presentation of "A Lion's Heart" captured the hearts of the vast house from beginning to end, its well distributed tragedy and comedy being equally well carried through. The applause was pronounced at each climax of thrilling situations, while the comical situations shook the house with uncontrollable mirth.

James Corrigan and Myrtle Lelwyn in the honeymoon scenes made the people laugh till their eyes grew dim and their facial muscles sore. They were a jollying pair in every act and nobody who saw them once will want to miss seeing them on every occasion.

Pietro Sasso, who had the leading part—that of the lion-tamer whose wife and child were stolen—proved himself a finished actor. There was never a flaw in his work and not for an instant did he betray any sign of self-consciousness. Great things may be anticipated of this actor during the season.

Albert Lando carried the part of the villain with a coolness that left nothing to be imagined. He certainly has the dramatic faculty of seeming to be the very character he assumes.

Miss Lillian Elliott, at the stolen child grown to womanhood, was delightfully natural in her bearing and acted the pathetic parts of the role with perfectly interesting interest in all of the varied situations of the character, joyous and distressing as these were in turn.

Excellent support was given and the military scenes were picturesque and striking.

"A Lion's Heart" will be repeated tonight, and "In Mizoura," the bills of which promise something rich, will be given tomorrow evening.

DEATH FROM INJURIES.

Sunday afternoon, a Japanese woman stepped off a Rapid Transit car while it was in motion at the corner of King and McCully streets, and was fatally injured. The woman's husband had her removed to his house and Dr. McDonald was summoned to attend her. The woman had fallen on her head with considerable force and two hours after the accident she expired.

Deputy Sheriff Chillingworth investigated the case this morning. After hearing the statements of Dr. McGrew, J. Tarn McGrew and several other witnesses who were passengers on the car at the time the accident happened, the deputy sheriff was fully satisfied that the sad accident was entirely due to the woman's own carelessness. No coroner's inquest will be held.

Before Judge Estee, in the Federal Court, the defense is on in the immigration cases of United States vs. Hackfeld. It is expected they will go to the jury this afternoon.

Jovial Ben Bruns, the agent for Brother Benjamin's Remedies, leaves in the Alameda for San Francisco. Ben will tour California for a season and in due time will return to Hawaii. As Ben puts it, "There's no place like home."

BUSY ON THE FRONT

Today is a very lively day along the waterfront in comparison to what it has been for some time past. This noon, the Kinan left for Hilo and way ports as usual and the bark Albert departed for San Francisco with a load of sugar. The Gaelic arrived from San Francisco early this morning and the Doric came in from the Orient at about 1 p. m. The schooner Admiral is to sail for San Francisco this afternoon and at 5 p. m., when there will be a general exodus, the following vessels being scheduled to sail: Gaelic for the Orient, Claudine for Maui, Ke Au Hou, Nihau and W. G. Hall for Kauai ports and the Nona, Waialeale and Kauai for Hawaii ports.

DORIC FROM THE ORIENT

The Occidental & Oriental steamship Doric arrived from the Orient this afternoon and was docked at the Bishop wharf at about 1 p. m. The Doric was delayed considerably in her passage by strong head winds and heavy weather. She brings a very large list of passengers for San Francisco but only two for this port, namely H. H. Watkins and Miss Mary B. Hill. Miss Hill is the secretary of the Y. W. C. A. at Madras, India. The Doric has 1050 tons of freight for this port and has in her steerage 210 Asiatics for Honolulu.

She will probably sail for San Francisco some time late tonight.

The Bulletin, 75 cents per month.

THE BRIDE'S DREAM.

A Honolulu bride has written to her friend as follows:—
 Dear Elsie:—In your last letter you wanted to know where we went to the honeymoon and whether we never left the coast? No indeed we never left the islands. We went to Hilo for a few days and had a lovely time, but I was glad to get back to dear old Honolulu. We have had the cottage all fixed up and you wouldn't know it. You remember that southeast room, where the sun poured in all day; you know we called it the oven on account of it being so hot; well you should see it. It's simply a dream and too lovely for anything, so cool and restful. The ceiling is done in a cloud effect, and the walls papered with the cutest blue and silver paper you ever saw, and a dodo of darker blue burlap with a conventional design picked out in silver. When we went away we just left the cottage in the hands of Messrs. Sharp & Wise, the painters. Harold calls them the Wizards of the Paint Brush, and their charges are so reasonable too. Mother has just called, so I'll post this and write you later on and tell you all the news.

Your dear friend,
 MRS. HAROLD DELMA.

CHINESE FUND BILL ADVANCED
ENGINEERS LICENSE DISCUSSED

HOUSE.

Fifty-third Day.

Afternoon Session.

After several matters of routine business had been transacted the bill to regulate the employment of citizen labor on public works caused some discussion in the House of Representatives at yesterday afternoon's session.

Kellinot wanted to amend the bill so that only citizens of the Territory could get employment at Public Works. Aylett offered an amendment providing that the 8-hour day should not include Saturdays and Sundays. W. W. Harris spoke against the Kellinot amendment by which, he said, citizens of the other States and Territories of the United States were discriminated against. He thought that this amendment was likely to jeopardize the whole bill.

Kellinot stated that he had no wish to jeopardize the bill or of delaying its passage, and withdrew his amendment. The bill then passed with the adoption of the Aylett amendment.

The Senate bill providing for a commission to compile the laws of the Territory came up next. On motion by Kumalae that one member of this commission be a native Hawaiian-American, caused considerable discussion, the term being a somewhat ambiguous one and differently interpreted by the different members.

The bill passed second reading and was made the special order for today.

Chillingworth asked for the unanimous consent of the House for the second reading of the Chinese Fund Bill which was granted and the bill was advanced.

The bill regulating the practice of dental surgery caused much discussion. Greenwell made a motion that the bill be amended so that the Board of Examiners should include two dentists and one regular physician, but failed to find a second. Kaniho was against having the examinations compulsory in English, arguing that by this, many clever foreign dentists might be excluded from practicing here, despite the fact that they knew their business, just on account of the fact that they did not speak English. This amendment was carried and the bill passed third reading.

The anti-vaccination bill passed for the last time, the vote being 19 to 8.

W. W. Harris made a motion that a recess be taken until 7:30 p. m. Aylett moved that the House adjourn until this morning. Chairman Beckley put the last motion, but rendered it in this way: "All those in favor of delaying business." This made Aylett somewhat wroth. Harris' motion won out and a recess was taken.

Evening Session.
 House Bill 138, to protect life and property from damage from steam boilers, providing for the licensing of engineers, etc., was taken up, section by section, in third reading at last night's session of the House.

The whole of the stenographic report of the meeting of the committee on the bill was read and after the English version had been completed, an attempt was made to squelch the Hawaiian but Kaniho wouldn't have it and another weary half hour was spent in the translation.

Mr. Kaniho moved to indefinitely postpone, and Mr. Chillingworth seconded the motion, saying that the Hawaiians would be forced to the wall if the bill went through. In closing, Mr. Chillingworth presented the following from a Hawaiian Engineer to Senator McCandless:

"I been hear you go make Kanawai all offer, firemen, engineer got license, this no use, I no too much smart but I work by engine, get \$65 one month. What for you like this kind. I know you good friend for Kanaka, that for I write you, I see paper Kupihia big fool like this Kanawai, next time Kupihia no get vote you Kokuu us, suppose haole like this kind make for Honolulu no use plantation, by by I lose my job, my wife five children no get eat. Kokuu oe a ma kou mau hoia la makou, aole makou makemake i kela kanawai lapualae."

"Ekalai mai oe lau, me ka mahala, 'MOSES PAPU'."

Mr. Aylett read a similar letter and stated he was willing to vote for the bill with the amendments of the committee.

Mr. Harris, introducer of the bill, said if he thought one Hawaiian would lose his position through its provisions, he would tear it up. The measure would not interfere with but would protect them. Mr. Kumalae was of the same opinion.

The bill was read through and then at 9:30 o'clock, the House adjourned without having taken action.

Shun Mineral Medicines

THE use of minerals is unnatural. No animal in its natural state, turns to minerals when stricken by sickness, but to the green herb, the healing leaf, the tonic bark, and the medicinal root. Mineral medicines stimulate for a time but never cure. To eradicate disease you must reach the root of the trouble and this can only be done by vegetable preparations.

KICKAPOO SAGWA

A PURELY VEGETABLE TONIC is the most potent and valuable of all remedies, being the product of centuries of experience and experiment. It eradicates diseases by going to the root of the trouble. It makes the stomach sound, regulates the liver, strengthens the weak heart, cleanses the clogged system and enables the kidneys and bowels to perform their proper functions. "I was a great sufferer from a disordered liver, which was accompanied with various stomach troubles and most severe sick headaches. I took Kickapoo Indian Sagwa and it cured me. I cannot say enough in its praise."—Mrs. Carrie B. Newell, Vernon, Minn. The Kickapoo Remedies are guaranteed to do as claimed or money refunded. Sold by all druggists.
