## NEW BONDS ALL TAKEN MULHAUSER SLIPS AWAY

NINE TENDERS ARE SUBMITTED, AGGREGATING \$458,000.

Minister Damon Accepts \$200,000 at a Premium Amounting to \$9,750—The Money for Public Works.

Minister of Finance Damon today at noon opened the tenders for the \$200,000 government bonds which are issued to liquidate the indebtedness incurred by the public improvements now under way.

There were nine bidders for the bonds, not a single one of them coming from outside the Islands. The total amount of money offered to the government was \$458,000, showing that the Island people consider the bonds issued by their home government to be of great value.

Following is the applications including the amounts and the premiums offered:

October 27, A. G. Wilcox, \$75,000, at 104.

October 28, W. G. Irwin, \$200,000 at 3 per cent.

November 1, James F. Morgan, \$50,000 at 3 per cent.

October 19, Bishop & Co., (trustees) \$100,000, at 2 1/2 per cent.

October 21, Bishop & Co., (trustees) \$100,000, at 2 1/2 per cent.

November 1, E. D. Tenney, \$50,000, at 1/4 of 1 per cent.

October 18, People's Ice and Refrigerating Co., \$30,000, at par and accrued interest.

October 21, Robert P. Myers, \$1,000, at par.

October 28, George Ross, Hakalau, \$2,000, at 97 1/2 (2 1/2 per cent discount).

Minister Damon awarded Mr. Wilcox of Kanai \$75,000 of the bonds; Wm. G. Irwin, \$100,000, and James F. Morgan \$25,000, making in all \$200,000.

From the Wilcox purchase the government realizes a premium of \$3,000, and from the Irwin and Morgan purchases \$7,750, making the total premium \$10,750.

These bonds bear interest at the rate of 5 per cent per annum and are free of taxes. They are payable at any time after July 1, 1901, if the government so chooses. The bonds expire on July 1, 1916, having nearly twenty years life.

The \$200,750 which Minister Damon will have on hand will be expended before the first of the year. The money will go to pay the expenses attendant upon the harbor improvement in Honolulu, new school houses, new breakwater and wharf at Hilo, new roads, light houses, sewerage, completion of fire station, subsidies to the O. R. & L. company and other improvements.

This is the first time that Hawaiian government bonds have sold at a premium.

### THEY OBTAIN WORK.

Since April thirty-one men have made application of the Employment Committee of the Y. M. C. A., of which Senator Henry Waterhouse is chairman. The Association has been instrumental in helping eight of these into positions, and others on the list have found employment through other means.

### LIKES THE COFFEE OUTLOOK.

A. W. Cornelius, the Alameda man who has been spending several weeks in the Islands looking into coffee, returned yesterday from a trip through Hawaii. He says that he is well satisfied with the outlook, and will no doubt invest, and advise his friends at home to invest, at least those of them who propose to own and manage their own plantations. Mr. Cornelius will sail for home on the barkentine S. G. Wilder next Tuesday.

### COMPANY B'S SLATE.

One week from tomorrow evening the members of Company B will select a full list of officers. The slate that seems most likely to carry has on it Adjutant Louis Kenake of the First Battalion, for captain; Private Haywood Wright, for first lieutenant, and Sergeant Charles Atherton for second lieutenant.

### MRS. FALK'S HEALTH.

Mrs. Charles J. Falk at Mahukona is rapidly improving in health. She is still confined to her bed but hopes to be out this week. Mr. and Mrs. Falk will go to the Volcano House for a short stay as soon as Mrs. Falk is able to travel.

### CAMARINOS' REFRIGERATOR.

Fancy Apples, Grapes, Plums, Pears, Chickens, Turkeys, Halibut, Flounders, Salmon, California Fruit Market. Telephone 378.

### Fine Repair Work.

When your Bicycle, Gun, Type-writer or any article of fine mechanism needs repairing and you wish a job which is certain to prove satisfactory, bring it to us and we will fix it for you and guarantee it fully.

We take pride in turning out only the very best of work and will call for and deliver it to any part of the city.

THE WOULD BE SUICIDE SAILS ON THE COPTIC.

Aided by Unknown Friends—Made No Explanation, but Promised to Return Here Soon.

Major S. A. Mulhauser, the mysterious guest of the Hawaiian hotel who made an unsuccessful attempt on his life about ten days ago, has shaken the dust of Honolulu from his feet, and is making tracks across the Pacific in the cabins of the S. S. Coptic, for his native heath. His departure was as sudden and unexpected as his advent, and the veil of mystery that surrounded him remained unpenetrable up to the very last.

It was known to a favored few around the hotel on Saturday morning that Mulhauser was booked for the Coptic. It also leaked out that his account due at the hotel had been amply secured by an unknown person, and that the same unknown had paid his bill at the hospital and had purchased his transportation by the steamship and rail for his home in Cleveland. Just who the patrons of the unfortunate young man are cannot be learned.

The major was able to travel. The surgeons had not been able to secure the bullet which lodged in his chest, but the wound had healed readily, and the patient was not only able to be up and about, but insisted on packing his own grips. He did not leave the hospital until the hour for the Coptic to sail had arrived. Then he entered a carriage, alone, and was driven to the dock. Half a dozen well known gentlemen were there to see him off, among them Lieutenants Rogers and Andrews of Admiral Miller's staff.

The presence of the last named gentlemen gave rise to the idea that possibly the American Minister had been Mulhauser's benefactor, but this is denied.

Since his sensational attempt at suicide Mulhauser has never said a word to anyone, so far as can be learned, concerning his motive. In fact, he never alluded to the occurrence while at the hospital. An acquaintance who spent two hours with him before he left the hospital, said that during the entire time the major never alluded to his personal affairs more than to remark that he would return to his city in the near future. He was in fairly good spirits when he sailed, but evidently felt his position keenly.

### WILL KICK THE PIGSKIN.

Ensign McCormack of the Bennington will play foot ball this season on the Town team. He has been assigned to the position of right end and turned out for practice on Saturday for the first time. McCormack established an enviable reputation as a foot ball player while at Annapolis and while stationed in San Francisco.

CHIEF JUSTICE ADDRESSES THEM  
First Circuit Judge Antonio Perry and Second Circuit Judge W. F. L. Stanley took the oath of office before Chief Justice Judd this morning. Upon assuming their seats on the bench, the Chief Justice spoke a few pleasant words appropriate to the occasion. He spoke of the wisdom and fidelity required in the office and referred to the character of Mr. Carter, the retiring judge, and also of the new incumbents.

### GOES TO HILO.

James T. Stacker leaves tomorrow for Hilo to assume the editorship of the Hawaii Herald. Mrs. Stacker and children will follow a couple of months later. Mr. Stacker has been succeeded on the Advertiser by Ed Towse.

### THE HEALTH REPORT.

The October mortality report gives 53 as the total number of deaths during the month. Of these 28 were Hawaiians. The annual death rate per 1000 for the month is 21.20.

### THEY LIKE HONOLULU.

The Messrs. Frank of Philadelphia who have been visiting in Honolulu for the past week, were to have sailed on the Coptic Saturday. They are so delighted with the city that they have concluded to extend their visit two weeks longer.

### KAUAI TEACHERS' ASSOCIATION.

The correspondent who reported the recent meeting of the above named Association regrets that he accidentally omitted to say that Mr. John Bush, principal of Kilauea school, presided on the occasion with his usual ability.

The three year old boy of J. A. Johnson of Lynn Center, Ills., is subject to attacks of cramp. Mr. Johnson says he is satisfied that the timely use of Chamberlain's Cough Remedy, during a severe attack, saved the little boy's life. He is in the drug business, a member of the firm of Johnson Bros., of that place, and they handle a great many patent medicines for throat and lung diseases. He had all these to choose from, and skilled physicians all ready to respond to his call, but selected this remedy for use in his own family at a time when his child's life was in danger, because he knew it to be superior to any other, and famous the country over for its cures of cramp. Mr. Johnson says this is the best selling cough medicine they handle, and that it gives splendid satisfaction in all cases. Sold by all druggists and dealers. Benson, Smith & Co., wholesale agents for Hawaiian Islands.

## WHERE IS HARRY MILLER? ANNEXATION SENTIMENT

MAY HAVE BEEN IN DENVER AND RIO GRANDE WRECK.

Has Not Been Heard From Here, and has Not Drawn His Money on the Coast—His Friends Anxious.

Where is Harry Miller? He should have returned to the Islands a month ago. No tidings have been heard of or from him since September 5th, when he left Hot Springs, Ark., for San Francisco. Now his friends are beginning to have grave fears that he might be among the missing in the terrible wreck on the Denver and Rio Grande road near Grand Junction, Colo., about September 5th.

Miller wrote his employer, James Dodd, from the Hot Springs hotel under date of September 2nd. In this letter he informed Mr. Dodd that he had commenced to take the baths on August 5th and that he had decided to discontinue them on September 5th, and leave for San Francisco. He said that he found the baths were very weakening.

The missing man planned in his communication to reach San Francisco as quickly as possible, and spend a few weeks on the Pacific coast before boarding the Australia to come home in October. It has since been ascertained that he left the Hot Springs hotel on September 5 and started for Denver.

This is the last heard of him. It is now believed that Miller boarded the ill fated Rio Grande train at Denver for Salt Lake and was killed in the terrible smash up. The Rio Grande passenger collided with a Colorado Midland stock special, both trains going at a high rate of speed. The day following the wreck there were thirty missing, but this number has now dwindled down to but a few.

Auditor General Laws was on the ill fated Rio Grande passenger but luckily escaped injury. Mr. Laws at once set to work rescuing the dead and injured. Mr. Laws saw nothing of Miller.

Fred Smith, general passenger agent of the Oahu Railway, was a passenger on the next Rio Grande train, which arrived on the scene from Denver twelve hours after the accident. Mr. Smith was sought Saturday evening by Miller's anxious friends and from the information given him and his knowledge of time tables, he figured it out that Miller would in all probability have boarded that train.

Mr. Dodd said today: "Harry was on a vacation for his health and it was understood he should return on the last Australia. Had he met with no mishap or been taken violently ill, he would surely have notified me of his inability to get here. Nor have the steamers which have since arrived brought any word from him. I sent his letters on to the Enterprise Brewing Company in San Francisco. It was also arranged that he could draw on this firm as well as the Stanley Company liquor house in San Francisco for money. By the China I was not called for his mail nor has he drawn his money. We are hoping for good news on the Belgic or Australia."

Harry Miller is well known in Honolulu. He has been connected with the Pantheon saloon for years.

### ALLEN HERBERT'S WORK.

Inspecting Oahu Coffee Plantation—Pleased With Makaha.

Allen Herbert, acting commissioner of agriculture, has been spending a few days at the Makaha Valley coffee plantation, and is charmed with the prospects there. W. H. Hoogs and J. A. Morgan were down over Sunday and accompanied the commissioner over the place. The young trees are in the best condition, and are practically free from the pests. Mr. Herbert considers the location the best on the Islands.

Today Commissioner Herbert is going over the Waianae plantation, where picking is now progressing. Later in the week Commissioner Herbert will go to Hawaii on a tour of inspection through the coffee districts.

### COMING EVENTS.

C. C. KENNEDY TELLS OF THE GROWING STRENGTH.

New York Papers Publish News of Islands Constantly, and They are all Subjects of Universal Discussion.

C. C. Kennedy, manager of the Waiala plantation, who returned recently from a visit to his old home in Scotland, will sail on the Kinau tomorrow morning for his home in Hilo. He has been absent from the Islands about three months, the major portion of his time being spent in Scotland. His old home is just across the street from that of J. M. Barrie, the novelist, and the two families are quite intimate. Mr. Kennedy met the father and sister of the novelist, but not Mr. Barrie, as he was absent in London at the time.

"I did not spend much time in the United States," said Mr. Kennedy, in discussing his trip, "but was there long enough to see the trend of public opinion on the annexation question. It seems strange, but it is a fact that I found the annexation sentiment stronger in the far east than in the extreme west. I was surprised to hear Hawaii talked of everywhere, and in all my travels I heard no voice raised against us. All of the leading journals printed something about the Islands daily."

"As I only spent one day in Chicago I did not have much chance to talk there, but I heard and saw sufficient to convince me that we have a great many warm supporters there, and probably all through the middle west. I can say most positively that the annexation sentiment is not dying out east of the Rocky Mountains, but rather gaining in strength. Perhaps I was disappointed in San Francisco because I had expected to hear so much concerning annexation there. But, on the whole, I think it is safe to say that east and west are united in the belief that these Islands should become territory of the United States."

### STRIKE AT KAENA POINT.

Japs Quit Work but Fail to Gain their Point.

About fifty Japanese employed on the grading work at Kaena Point went out on a strike last Friday because Foreman James White refused to discharge Ikahi, the time keeper and store keeper for the camp, to whom some of his fellows had taken a great dislike. After a day of idleness, Foreman White persuaded twenty of the disgruntled workmen to go back to work. The others he "fired" in a hurry. Today he will secure another 100 men here, and send the force to work there.

Mr. White thinks that it is high time that the Japs should be taught a lesson. Had they succeeded in having their own way last week, the chances are that the rock blasting at Kaena Point would never be completed. The work is about half finished now. It will keep the contractors hustling to get it done on contract time. By increasing the force it will undoubtedly be finished in plenty of time.

### STUDENTS WIN OUT.

A most enthusiastic and well contested game of base ball was played on Saturday between the Chinese Y. M. C. A. team and the Iolani College students. The score stood 19 to 10, giving an advantage of runs to the Iolani team.

### ISLAND BOYS AT YALE.

Chief Justice Judd is in receipt of a letter from one of his sons attending Yale college informing him that the Hawaiian club at Yale has been organized with Arthur Baldwin as the president. There are nine members in the club.

### RESISTING TEMPTATION.

## WHAT SAILOR MEN TALK OF

SCHOONER JESSIE MINER IS IN PORT.

Lumber and Hogs from Eureka—Captain Mosher Experiences a Fog—Water Front News and Gossip.

The S. S. Riojun sailed for Seattle on Saturday.

The Mikahala brought a light cargo of freight and a few passengers from Kauai ports yesterday.

The Noeau arrived yesterday from Hawaii with 30 head of cattle and some miscellaneous freight.

The flagship Kaena is on the dry dock, receiving a scraping. She will be off in time to take her regular run tomorrow.

The James Makee arrived from Kauai yesterday with 130 bags of rice, and will sail for Kapua this afternoon with coal.

The barkentine S. G. Wilder will sail for the coast tomorrow according to Captain McNeill's present plan. She has only about half a cargo.

The Iwa now makes regular trips to Kaena Point, sailing Mondays and Thursdays, at 5 p. m., and returning here Wednesdays and Saturdays.

The Helene brought down 3800 bags of sugar from Paauhau, the last of the season's grind, and 2800 bags from Hana. It is all going into the Oceanic dock warehouse. Fine weather was experienced on the trip.

The Martha Davis will finish discharging her inward cargo on Wednesday and will probably get sugar on the following day. Captain Friis only expected half a load this trip, as he is booked to sail when the Andrew Welch arrives.

The W. G. Hall goes back on the Kauai route tomorrow, after undergoing repairs during the past few weeks. Captain Haglund is in command, of course, and Max Leroy is purser, with George Piltz freight clerk. The Mikahala also sails for Kauai ports tomorrow.

The steamer Iwa lost a boat off Kaena Point Saturday morning. The breakers were rather high, and the boat was literally smashed to pieces. Luckily there was no freight aboard, and the boatmen all escaped injury. The remnants of the boat were all brought to town.

Captain Mosher of the steamer Kaila reports that he experienced a genuine fog on the windward side of this island during four days last week, a very rare performance in this part of the Pacific. One afternoon, the captain says the mist was so thick that he could not see any distance from his ship, and his clothes were wet through in a short time.

Morris, the baggage-man and two native boatmen were dumped in the harbor last Saturday morning while trying to "hook onto" the S. S. Coptic in the channel. They hauled in ahead of the pilot boat, but the gait was too rapid, and the bow of the expressman's boat drove under. Morris and his men managed to clamber in to the pilot boat, while John Mahaka picked up and righted the swamped boat.

The American schooner Jessie Miner, Captain Whitney, was towed in this morning, after a tiresome voyage of 23 days from Eureka. She brings 2370,000 feet of lumber, consigned to Allen & Robinson, and 210 hogs for Dr. Ingersoll, who is a passenger. Although four extra tanks of water had been carried on this trip, the Miner made port not a day too soon. Yesterday the tanks were drained to the last drop and there is no condenser aboard. On the up trip the Miner made it in fourteen days.

"The worst cold I ever had in my life was cured by Chamberlain's Cough Remedy," writes W. H. Norton of Sutter Creek, Cal. "This cold left me with a cough and I was expectorating all the time. The Remedy cured me, and I want all my friends when troubled with a cough or cold to use it, for it will do them good."

## WILL EACH MAKE A STAKE

SISSON BOYS OWN A FINE COFFEE  
PLANTATION.

Neither of Them are of Age Yet—The  
Outlook for Puna District is Very  
Bright and Encouraging.

After thoroughly inspecting J. M.  
Horner's plantation in Puna district,  
President Wright, Consul General  
Haywood and Land Commissioner  
Dodge went to Hakatar plantation and  
remained over night as the guests of  
Manager George J. Ross.

"The next morning we drove into  
Hilo," continues President Wright,  
"and became domiciled at the Hilo  
hotel. He was also impressed by the  
hustle of the Hilo people. The ac-  
tivity about the streets and the num-  
erous fine buildings in course of con-  
struction demonstrated to him as  
nothing else could, the boom that the  
coffee industry had been to the Is-  
land.

"Leaving Hilo the next morning  
the party went through Oahu. The  
first stop was made at Peter Lee's  
place at 11 miles. Mr. Lee was har-  
vesting his coffee and the Consul was  
greatly impressed by the steady  
growth, heavy crop and the uniform  
growth of Mr. Lee's trees.

"The next place visited was the Sis-  
son boys' at 13 1/2 miles. These young  
men have 34 acres of coffee, 24 acres  
of this is three years old. Their es-  
timate of ten tons from these trees is  
a conservative one. These young  
men, one 20 and the other 18 years old,  
have until recently taken entire  
charge of the place. The entire out-  
lay so far, not including the cost of the  
land, has been less than \$20 a month  
to live. They raise chickens, corn, po-  
tatoes and garden vegetables, the only  
cash outlay being for rice, flour and  
beef. Two stronger or brighter boys  
would be hard to find anywhere. At  
the time of our visit they were pick-  
ing coffee. In one day of ten hours  
the two boys picked 490 pounds of  
cherry. There is no doubt in their  
minds whatever as to whether coffee  
will pay them or not.

"From Sisson's we went to Zimmer-  
man & Reinhardt's plantation at 14  
miles. These gentlemen were both  
constructing dryhouses. These pla-  
ces are both four years old and will  
pay about 25 per cent this year on the  
investment. From Zimmerman's we  
went to Grossman's. This plantation  
shows every evidence of future prom-  
ise. We next visited Mr. Sunter's  
place. Mr. Sunter's experience shows  
that one man can clear and care for  
fifteen acres of land. His five year  
old trees will yield him about 30 per  
cent on his investment. From here we  
went to the Grossman Company place.  
While the trees were too young to  
produce a crop they showed every evi-  
dence of great promise in the future.

"We next called at D. H. Hitchcock's  
place. Mr. Hitchcock has paid more  
attention to general farming than to  
coffee cultivation. While his health  
has prevented him from cultivating  
an extensive tract he is more than  
satisfied that his immediate neighbor-  
hood will yield sufficient to give any  
man who is willing to work a first  
class living.

"From here we went to the Volcano  
house, and leaving there the next  
morning we called at Egan & Bag-  
dale's, the old Basha place, recently  
sold for \$18,000. The same thrift  
and signs of promise existing through-  
out the Oahu district were herein evi-  
dence. From the Basha place we  
went to the Capital Coffee Company's  
plantation. The president and man-  
ager, T. J. Higgins, took the party over  
the place, which, as elsewhere,  
shows a most flourishing condition.

"We next invaded the Puna district  
making the first stop at the Goudie  
Brothers' place. Messrs. Goudie were  
busy harvesting and growing their  
crops. This place will pay about 12  
per cent, the trees being three years  
old. The Goudie place showed every  
evidence of healthy growth and care-  
ful management and while these can-  
ny Scotchmen were somewhat reticent  
in expressing an opinion they are evi-  
dently very well pleased at the future  
prospects in store for them. They  
contemplate planting twenty-five ac-  
res in the immediate future. About  
ten acres of this area is already clear-  
ed.

"From here the party proceeded to  
the Kaimailai district. Miss Lita Wil-  
der's coffee was as good as any pre-  
viously seen. Like Goudie Brothers,  
she smiles and looks happy when fu-  
ture returns are mentioned. She will  
gather about 1000 pounds of coffee in  
the parchments from five acres of the  
trees twenty-five months old. Arthur  
Wilder's place was equally promising.  
I have thirty-five acres under cul-  
tivation from one year to two months  
old. The oldest trees are remarkably  
uniform in growth, averaging ten sets  
of primaries each. Harry Ryecroft has  
about the same acreage in, and in an  
equally flourishing condition. Judge  
Alfred Carter has also a consider-  
able tract of trees about the same age.  
They show a remarkably thrifty  
growth. Arthur Callaghan, F. W.  
Thrum and the Kamailai Coffee Com-  
pany, consisting of Harry Ryecroft,  
George Carter, Alfred Carter, Olaf So-  
rensen and George Angus, has clear-  
ings under way.

"The more I see of it the more  
thriving I think the coffee industry is.  
To use the words of Colonel Sellers,  
"There's millions in it."

"Actions speak louder than  
words"—ask your grocer if we  
really mean money-back if you  
don't like Schilling's Best tea.

T. J. KING, d'ing-Robbins Disc Plow, Honolulu.

Dear Sir: I have one of your TWO DISC PLOWS at work on my ranch at Waialae,  
and am pleased to report that it gives me the fullest satisfaction.

In two days, with four Hawaiian mules, I can do as much work with your imple-  
ment as I can do in seven days when using eight mules or twelve oxen, with a mould  
board plow, and the pulverization is much better when using the disc.

In the rocky ground, your plow either rolls over the roots or cuts through them, and  
we find it unnecessary to sharpen the discs, which scour perfectly and were set at such  
an angle that friction with the earth makes them self-sharpeners. I am, dear Sir, yours  
very truly,  
PAUL R. JENSENBERG.

## FREEDOM BY RIGHT.

As has been repeatedly stated, when the Hawaiian Islands are annexed to the United States, the Hawaiian enters the Union upon an equality with every member of the Union. He does not enter as a conquered man, he enters it with the same political rights that President McKinley, Secretary Sherman, Senators Morgan and Pettigrew, or any other American citizen has, and he has the same opportunity, granted his ability, to rise to the highest political honors in the Republic. The essence of the Republican idea is the equality of man. The essence of the monarchial idea is the inequality of man.

Now we have those in the community who think that Hawaii would do well as a colonial possession of England, and so she might, for the white population, but certainly not for the Hawaiian population, with its desire for political rights. There has been occasion in these columns to show how the Maoris are regarded in the colony of New Zealand. It has been shown that in the statistics of the colony, the Maoris are not considered. When the population of the colony is counted, the Maoris are not counted in it, but occupy a little section in the appendix, and yet the Maoris are slightly more numerous than the Hawaiians. The details of their occupations are not sought, their ages are not tabulated and their ruler is noted as "king," the quotation marks showing that the word is used in contempt and not as an honor.

Now, let us glance for a moment upon how the native of India is regarded, as shown by the British press. The Daily Graphic, speaking of a series of seditious articles by Gangahar Tilak, who has recently been punished with eighteen months imprisonment, says: "The press in England expresses the voice of a sovereign people, which is, in the last resort, the Government's master. The native press in India only express the voice of subject races. In the one case freedom is right; in the other it is merely a concession." And the Globe says: "We have a good deal too much sentiment talked about the native. Sentiment or no sentiment he belongs to a subject race."

That is the view taken of the colored races under English rule, they are regarded as "inferior" or "subject" races. The annexationist on these Islands proposes no such position for the native of Hawaii. He proposes that he should enter the Union as his own political equal. There is no attempt at making a political color line. The day for the Hawaiian to stand for himself is past. It is no longer a question, as Lorin Thurston says, of whether Hawaii shall be controlled by the native Hawaiian or by some foreign people, but the question is, "What foreign people shall control Hawaii?"

From the prely Hawaiian standpoint annexation to the United States is the only solution to his position which can give him the exercise of political power as he has been accustomed to use it, the only chance he will have of becoming an integral part of a great sovereign people. If he drifts into the power of Japan it will mean annihilation; if he ever comes under the power of Great Britain it would mean complete subordination. Freedom, as the Daily Graphic says, is not the right, "it is merely a concession." The United States makes no "concession," it gives the right. The day that the Stars and Stripes are hoisted over the Hawaiian Islands, the Hawaiian can say, "Civis Americanus Sum," and know that he is the political equal of every man in the United States, no matter what his wealth, or social position, or creed or color may be. He becomes of right free of all the institutions of the United States, and no one can take his right away, so long as the Stars and Stripes continue to wave, and represent the might and majesty of true republican principles.

Ambulance classes are being encouraged among sailors, because so many ships do not carry a surgeon, and it is very necessary that some of the men should know some of the simpler methods of treating accidents, says the "Hospital." The writer has on several previous occasions called attention to the fact that ambulance classes should be formed here. In

many of the outlying districts it is hard to get medical attendance, and people should be instructed in the simple methods of treating accidents. Should classes be opened, there is no doubt that they would in time be largely attended, and that the people from the other Islands would come down for the sake of the course. This community has reached that state of development where it should educate its own hospital nurses as suggested the other day, and should have these accident classes as they have elsewhere. It is a subject that should be taken up by the physicians.

The appointment of W. F. Stanley to the Circuit Judgeship is somewhat of a surprise to many members of the bar, who thought that an older man would have been appointed. But the fact is we do not pay enough for these judgeships to attract older men. A rising lawyer in good practice makes easily from \$5000 to \$7000 a year, and the elders of the profession make considerably more. The judgeships must therefore fall to young men. Even with them it is often doubtful whether it is wise to accept such positions, and certainly it is not wise to hold them any length of time, for by so doing one soon drops out of the legal race. Mr. Stanley possesses many qualities which will make him a very good circuit judge, and both the bench, the bar and the public will be satisfied that a good selection has been made.

The Department of Agriculture in the United States is investigating the character and extent of the adulteration of food and drugs. The war is to be carried on against the "adulteration, sophistication, imitation and misbranding of foods, drugs and liquors." A similar war should be waged here. The question is who is to do it? In speaking with the Attorney-General about the quantity of oleomargarine which is shipped from the Coast and which is entered in the custom house as butterine, and eventually, in spite of the law and its penalties, goes onto the market as butter, or at times lard butter, he stated that the Board of Health could do nothing in the matter, because oleomargarine was not detrimental to health, and the law allowed it to be sold, though it had to be sold under its proper name. Probably, however, the police have sufficient authority to reach such cases. But the Board of Health has quite enough authority to analyze samples of goods sold in stores, and find out whether they are adulterated or not. In many cases the retailers and the importers even are quite ignorant of the fact that they are selling adulterated goods; in others they are by no means innocent, and the misbranding or mislabeling of goods is carried on to some extent. There is nothing that a stronger fight should be made on, and it is a fight that the journals here can unite on, for the health of the community and the necessity of pure food and drink for its members, has nothing to do with disagreement upon political issues. In San Francisco the fight has been carried on successfully, and in many of the states the pure food and drink movement has had great success. There is no reason why it should not have like successes here.

## WILL ENTERTAIN THE RIDERS.

Mr. and Mrs. Walter C. Weedon will entertain Charles S. Desky, C. L. Clement, the California wheelmen and their friends at a dinner at their home at Punahou tonight.

## TWO GOVERNMENT LEASES.

The Pacific Mail warehouse was today leased to H. Hackfeld & Co. by the government for five years at \$500 a year.

Lot No. 9 on Esplanade, near the Oceanic wharf, was leased to Allen & Robinson for five years at \$350 a year.

## CHARGED WITH STEALING \$36.

Hans Rosenberg, a blue jacket from the Yorktown, is on trial in the Police Court this afternoon on a charge of stealing a purse containing \$36 from Hester, the lei girl. Rosenberg with some friends was bargaining with Hester for some leis on Saturday night, when the lei girl missed her pocketbook.

## Timely Topics.

October 23, 1897.

As this is the time of the year when all the Rice Planters and Plantations are busy plowing, or getting ready to plow, we feel it to be our bounden duty to speak of our Plantation Implements.

First and foremost is the Avery Advance Double Furrow Plow, which has given great satisfaction wherever introduced, and those on the Islands who have tried these Plows speak highly of them on account of the adaptability to the soil of Hawaii.

We also carry the Perfect Breaker Plows in all sizes; the Double Mould Board; Rice Plows from 6-inch to 13-inch; Harrows and Iron Gage Cultivators.

The Avery Sugar Land Implements, such as Cultivators, Fertilizer Distributors and Stubble Diggers are all standard articles and need no further comment.

That we have the most complete stock of Plantation Implements in these Islands is a conceded fact, and our prices are such that no complaint is ever heard on that score.

## Odds and Ends.

Our offer to sell fifty-cent glasses at twenty-five cents per dozen met with a ready acceptance of the people. What was the result? In less than two hours we had sold out the fifty dozen tumblers. People are beginning to realize that our store contains the greatest bargains ever offered in Honolulu. If one line goes to you cheap, why not another? We are offering for the balance of the week a line of Pressed Glass so nearly resembling the most of Cut Glass that the effect is genuine. Here are the leaders:

Pickle Dishes, five cents; former price fifteen cents.  
Finger Bowls, ten cents.  
Milk Pitchers, fifteen cents.  
Toothpick Holders, five cts.  
Goblets, ten cents.  
Fruit Plates, fifteen cents.  
Many other articles in this line, the prices of which have never been equalled.

**Grand Introductory Sale.**

BEGINNING THURSDAY, OCT. 21.

**\$30,000 WORTH OF FINE SHOES AT 40 TO 60 CENTS ON THE DOLLAR.**

We make this sacrifice to secure for our Honolulu Branch Store a large patronage in the shortest time possible. The stock offered consists of choice new goods from such well known firms as Laird, Schober Co.; Wright, Peters & Co.; John Foster & Co.; J. Wickert & Co., and other standard brands. We offer:

**LADIES' TAN OXFORDS** at 60c, 75c and 95c per pair.

**LADIES' FINE FRENCH KID TAN AND CHOCOLATE OXFORDS AND SOUTHERN TIES**, made on new lasts, with Louis XV heels; former price, \$5.00 and \$6.00, cut to \$1.50, \$2.50 and \$3.00, all sizes.

**LADIES' FINE BLACK FRENCH OXFORDS AND SOUTHERN TIES** in Louis XV heels with hand turned soles; opera and coin toes; choice, \$5.00 and \$6.00. During this sale they will be sold at \$1.95, \$2.45, \$2.95 and \$3.45.

**LADIES' FINE KID OXFORDS AND SOUTHERN TIES**, with common sense toes, hand turned soles and

patent tips, genteel and comfortable. Former price from \$3.00 to \$5.00. We sell them in all sizes at \$1.25, \$1.45, \$1.65 and \$1.95.

**FINE DONGOLA OXFORDS**, in narrow, square and coin toes, cloth and kid top, patent tips, at 95c to \$1.45. Worth more than double the price asked.

Equal bargains offered in infants', children's and misses' shoes.

**BOYS' AND MEN'S SHOES** of standard makes, in ox blood, chocolate, tan and black, in new toes and the standard lasts; offered at one-half usual price.

It is our purpose to maintain a first class shoe house in Honolulu and to sell shoes at eastern prices.

Mr. E. J. Murphy and Mr. J. S. Lynch, to whom I have given the management of this branch store, are both gentlemen of long experience in the shoe business and have been in our employ as managers of other branch-stores for some time.

We solicit the patronage of the Island people.

A ROAD AROUND HAWAII WOULD BE POPULAR.

United States Consul General Haywood Says That New Government Roads Would Open Up Coffee Land.

"With the new Hamakua road extended around the Island of Hawaii, said Consul General Haywood this morning, 'this public highway would be very popular and increased travel would be sure to follow. It would then become necessary to build small hotels to accommodate the travel because it would be too much to expect the kind hearted residents to entertain as they have been doing heretofore.'

"I don't see how it would have been possible for me to have my recent trip unless I had been taken in by the good people of the Island and treated in such a royal way, and I would like in this way to thank all for their kindness to me.

"I found them all very much interested in coffee culture and were just as willing to inform me of mistakes they had made as their successes."

"The people of Honolulu," continued the Consul General, "all know the Volcano road, but it might be news to some to learn that the government has built and is still extending the road through the never Puna district. I am sure that the government cannot do better than spend all it can spare for this needed improvement."

"I was told that quantities of good coffee lands now owned by the government would find ready purchasers at advanced prices if roads were built through the lands. All in back of the Volcano road and out in the never Puna district this applies to."

**A SAD TAKING OFF.**

John Grace Expired Yesterday Noon at the Queen's Hospital.

After an illness of many months, John Grace, the well known pioneer and dairyman, died at the Queen's hospital yesterday at noon, three hours after a delicate operation had been performed.

The funeral will take place from the Odd Fellows hall on King street, at 3:30 o'clock this afternoon. The pall bearers will be: J. Alfred McGoon, Gus Schuman, L. L. Lapierre, John Cassidy, L. H. Dee and J. C. Gall.

Mr. Grace was 49 years of age. He leaves a widow and nine children. His trouble was an abscess of the liver.

AFTERNOON RACES ABANDONED.

Manager Clement of Cyclomere today announced that the afternoon races hereafter will be abandoned. The meet will be continued until Tuesday evening, November 16. Next Saturday night the riders will go after the records.

The entries for tomorrow evening's races are all in: George Martin and Fred Damon will make the one-third mile exhibition.

MERRY-GO-ROUND.

The merry-go-round at Lihaina has been taken to pieces and is stacked on the wharf ready to be shipped to Honolulu. It has been on the wharf for a week waiting until some steamer can find time to carry it down.

KAHUKU TRACK.

The old railroad track between the steamer landing and Kahuku mill is being torn up preparatory to the laying of a new and more substantial track. The distance is seven miles. Kahuku is looking forward to a big output next season.

DISCHARGED.

Louis Vaseoncelles, who was tried and convicted in the Circuit Court of North Kona for furnishing spirituous liquor to certain persons, was today ordered discharged by the Supreme Court. Judge Frear and Circuit Judge Carter reached this decision, Judge Whitney dissenting.

NOT LONG TO WAIT.

The Hawaiian question, according to the Sioux City Journal, must be settled at an early day. The present government of the Islands desires annexation, and a majority of the people of the United States want annexation. But for the untimely interference of President Cleveland, annexation would have been accomplished long ago. The arguments of the annexationists are deserving of the attention of the American people.

JAP LABORERS FOR EWA.

**Cures Still Selling**

"Cures talk" in favor of Hood's Sarsaparilla, as for no other medicine. Its great cures recorded in truthful, convincing language of grateful men and women, constitute its most effective advertising. Many of these cures are marvelous. They have won the confidence of the people; have given Hood's Sarsaparilla the largest sales in the world, and have made necessary for its manufacture the greatest laboratory on earth. Hood's Sarsaparilla is known by the cures it has made—cures of scrofula, salt rheum and eczema, cures of rheumatism, neuralgia and weak nerves, cures of dyspepsia, liver and kidney troubles, catarrh and malaria.

Such Cures as This Prove Merit.

"My little nephew was a plump and healthy baby until a year and a half old, then sores broke out behind his ears and spread rapidly over his head, hands and body. A physician said the trouble was scrofula humor in the blood. The child became one complete sore. We had to restrain his hands to keep him from scratching the sores. We were induced to try Hood's Sarsaparilla, and in a short time he had more life. He improved rapidly, his skin became entirely clear of sores and he is now a healthy child." MRS. ## A LIFE ROMANCE.

Longfellow's Great Poem of Revenge—How Surpassed.

The sad story of Longfellow's Gabriel and Evangeline has been outdone in Chicago. Mary Lena Olson and Christopher Bergstrom were betrothed lovers in their youth in Sweden. Circumstances parted them, and they both made their way to Chicago. They never met although they spent the last fifteen years of their lives beneath the same roof—the insane asylum of Cook county. Both died the same week.

County Agent Olson, who knew both of them in Sweden, recognized Lena as he was passing through the institution at Danbury. "She was engaged to a man of my town," he said, "but they drifted apart. The man came to America, and she followed him after a time, but never got trace of him."

Mary Lena Olson was found unconscious on the street one cold night in March, 1882, and was taken to the county hospital. When consciousness was restored she was found to be insane. Efforts to learn her history all proved fruitless.

Bergstrom was a patient in the insane asylum for ten years before Miss Olson was sent there. He used to speak continually in his ravings of "Lena," and "Lena" was the last word he spoke. He was the oldest inmate of the institution when he died.

It was on account of "Old Christ's" death and his mutterings of the one name "Lena" that County Agent Olson's mind recalled the recollection of having seen Lena Olson in the asylum. He remembered then that Christopher Olson was the name of her lost lover. Mary Lena Olson died August 15th and was buried in Mount Olivet cemetery.

Christopher J. Bergstrom was laid to rest in the potter's field the day of his death.

## Harper's Weekly

of October 2, 1897, has an interesting article on "Lessons of the '97 Bicycle," from which we take the following:

"How much of a figure the department emporium will cut in next season's trade cannot be estimated, but it is not likely that the big stores will bother so much with the selling of cycles, which has not been particularly profitable in all instances. The makers of high grade machines have no grievance against the department stores, whose cheap wheels induced thousands of people to become riders, and these same people will buy again next year. They will not buy, however, the average department-store wheel, AND WASTE UPON IT MORE IN REPAIRS THAN ITS ORIGINAL COST."

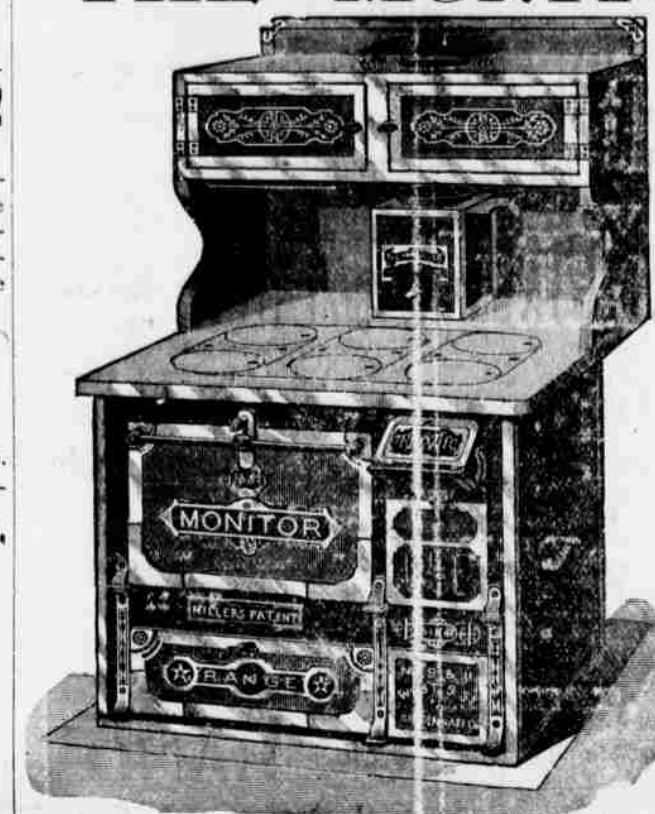

## Columbias and Ramblers

Crazy  
Competition

is the ruin of all business enterprise. People cut prices to get trade because they can't get it any other way. A good mechanic can command and get a fair price for honest work. My standard of work and prices are the same as they have been for the five years I have been in business here.

I don't claim to know it all and don't want it all, but just take this opportunity to let the public know that the old stand is still open at 231 King street, opposite the Arlington Hotel.

Hawaiian  
Electric  
Company.

The cleanest, brightest safest and really  
in the long run, the cheapest and best light  
for use in the family residence, is the incan-  
descent electric light. Safe; nothing could  
be safer. A few days ago a prominent gen-  
tleman of Honolulu came rushing down to  
the office of the Electric Company and said:  
"Give me figures for wiring my house, and I  
want it done at once; no more lamps for me.  
Last night a lamp tipped over and it came  
so near setting fire to the house and burning  
my children and I take no more risks."

This is the sentiment of quite a number in  
the past few weeks, who have ordered their  
houses fitted with the perfect light.

Just think it over and make up your mind  
that you want the best and safest light; send  
for the Hawaiian Electric Company and tell  
them what you want.

We have a complete stock of everything in  
this line and have just received a lot of the  
very latest designs in chandeliers.

## Twas a RECORD BREAKER

MIDGET GILES ESTABLISHES AN  
AMATEUR RECORD.

James, Sharick, Whitman, Sylva and  
Martin Secure Places—Damon, King  
and Giles of the Amateurs Win Out.

Cyclomere Park swarmed with people Saturday evening. There was in the neighborhood of 1800 people present. This is a record breaker in the way of attendance so far. In the afternoon about 500 people enjoyed a good program.

The Government band was on hand at both performances. In the afternoon President Dole and his party occupied Mr. Desky's private booth.

"Tribby" Fowler performed both afternoon and evening. In the evening he created considerable merriment by riding along on one wheel directly into the lake.

## AFTERNOON RACES.

H. Ludloff won the mile novice open in 2:47. Nigel Jackson finished second. The other starters were G. R. Johnstone, T. Treadway and M. S. Depont.

In the first heat of the mile professional handicap Martin, Sylvester and Whitman qualified. Allen Jones started but was compelled to give up the race as his pedal bar was bent and interfered with his machine. Time 2:30 3-5.

Sylva and Sam Johnson qualified in the second heat of this race. The time was 2:30 2-5.

In the final heat Sylva won in the time of 2:40 2-5, Martin coming in second.

Sylva, Martin and Whitman started from the scratch, Johnson having 25 yards and Sylvester 50 yards handicap.

Frank Williams won the boys mile race in 2:45 3-5. Joe Santos was second.

Arthur Giles, who is proving himself to be a phenomenal rider, won the two mile handicap after a hotly contested spurt at the finish with Tom King. Damon dropped out after the third lap owing to an error on the part of one of the judges in ringing the bell at the end of the second lap. Giles had 100 yards start on King. His time was 5:40 3-5.

The mile race for greenhorns was one of the best features of the afternoon's sport. In the first heat E. B. Berger, H. Kube, J. Lloyd, P. Gleason, H. Murray, started. Gleason won in 3:16 2-5; Kube finishing second.

Arthur Mackintosh won the second heat in 3:05 2-5. J. Hedeman coming in second. The final heat was paced by Jackson, who ran into the lake at the end of the second lap. Gleason won the race in 2:58. Mackintosh was second.

Young Kube stood a fair chance of winning had he not fallen in the second lap. Mackintosh was only rider in this race who did not have a racing wheel.

Fred Damon won the final heat in the half mile amateur handicap in 1:25 2-5. Giles got second place. King and Chilton were in this race. In the first heat Damon won in 1:14. King won the second heat in 1:25 2-5.

## THE EVENING RACES.

Rutherford of the Yorktown won the mile novice for navy boys. Barnhardt of the Wheeling was second.

Allen Jones won the one-third mile professional; Sharick second; time, 49 2-5 seconds.

Damon won the mile amateur; King second; time, 2:47.

Whitman won the two mile handicap; Sylvester second; time, 4:05. Sylva fell into the lake in this race.

Arthur Giles rode one-third mile exhibition in 40 4-5, which is one second better than Lyle's time.

## HOW TO CURE BILIOUS COLIC.

I suffered for weeks with colic and pains in my stomach caused by biliousness and had to take medicine all the while until I used Chamberlain's Colic, Cholera and Disarrhoea Remedy which cured me. I have since recommended it to a good many people. Mrs. F. Butler, Fairhaven, Conn. Persons who are subject to bilious colic can ward off the attack by taking this remedy as soon as the first symptoms appear. Sold by all druggists and dealers. Benson, Smith & Co., wholesale agents for Hawaiian Islands.

## A LITTLE CAKE TALK.

Cake is cake; yes, sir; just as water is water. Some is good; some very good; some past description—bad. Some cakes you buy are made in an indifferent manner, of poor material and flavored with what? You can taste the Asiatic maker and his cigar or cigarette at the first bite. Why not buy a good article from a clean, well conducted shop, where to-bacco is never used and where cleanliness is practiced to an extent almost unknown in the average bakery. We will make you a layer cake from 50 cents up, tastefully ornamented, and guaranteed good to eat. Our ginger snaps and ginger bread are selling like hot cakes. Have you tried them yet? Yours,
