## COMMERCIAL CABLE TO CUBA SIXTY

### Vice-President Ward Talks of Future Plans

#### PACIFIC SYSTEM MEETS HIS APPROVAL IN ALL DETAILS

HIS FIRST TRIP HERE AND HE LIKES IT--CANNOT REDUCE RATES YET--ISLAND OF CUBA WILL BE VISITED NEXT

"We shall probably have cable communication with Cuba in a few months," said George G. Ward, vice president and general manager of the Commercial Cable and Commercial Pacific Cable companies to a representative of the Bulletin this morning when asked as to the plans for the extension of the world's cable service.

### GOVERNOR CARTER ON LAND QUESTION OF HAWAII

SURVEYOR WALL MAKING NEW SET OF MAPS TO ACCOMPANY ANNUAL REPORT OF THE EXECUTIVE TO WASHINGTON

### LITTLE GOOD LAND IS NOW AVAILABLE

VALUABLE PROPERTY HAS BEEN PICKED UP BY PURCHASERS CONTINUALLY FOR LAST SEVENTY-FIVE YEARS OR MORE

One of the new features which is at present being prepared for the annual report which will be sent by Governor Carter to the Secretary of the Interior will be in a series of maps showing the condition of the lands belonging to the Government on the Hawaiian Islands. The maps are now being prepared by Surveyor Wall and will enable the government officials at Washington to see at a glance what portion

came in on the Restorer yesterday from Midway Island en route to New York from a tour of inspection of the cable system, and the party are among the most distinguished arrivals at the Moana this week.

For twenty or thirty years Mr. Ward has been connected with the cable service and it was he who planned the Pacific cable which has connected the Hawaiian Islands and Manila with the States direct.

"This system was all arranged in my office in New York," said Mr. Ward between bites of pineapple as he chatted over his breakfast. "It fell to my lot to organize and arrange it and this is the first opportunity I have had of inspecting the work, to see if it has been carried out according to my ideas."

"And you find it has been carried out according to Hoyle and is satisfactory?" inquired the reporter.

"Perfectly," replied the general manager with a nod of approbation. "The cable was opened in Shanghai on April 1 but in Japan not till August, and I have found everything all right."

"Do you see where improvements could have been made or some better plan used?" was asked.

"Well," replied Mr. Ward with a

quizzical smile as he sipped his coffee thoughtfully. "Of course, if I visit a place today and then go back a month later it is natural that I should see new things. But I am satisfied."

Asked if he has any plan for extending the service in Pacific waters or making any changes in the personnel of the management of the several stations, Mr. Ward answered that he has not.

It is known that Superintendent B. W. Colley of the Midway station will not return to his post as he has other plans for the future, but his successor if chosen, is not yet announced.

"Yes, Cuba will assuredly be the next point to be connected by cable," continued the speaker, "and we shall without doubt have two cable lines, both from Key West to Havana. I shall take up the matter upon my return."

"Will that be the first matter to receive your consideration when you reach New York?" was asked, and he replied that he could not tell what may have come up in his absence but that will be among the probabilities of the very near future.

"What will be the cost of such a cable?" was asked, and Mr. Ward estimated that it will cost about \$1000 a mile to connect the Florida port with the Cuban port. About fifty men irrespective of the necessary crew of the cable ship will be required, and Mr. Ward says a week ought to be ample in which to lay the cables after they have been manufactured and loaded on the ship.

"In a few months we should have the service in operation," said this busy

man of affairs, partaking of poached eggs and bacon as though he were discussing the most prosaic of subjects instead of a matter which will be of such vital import to the commercial interest of this country and the southern island.

"Have you any other extension in mind," questioned his inquisitor.

"No, nothing at present; I cannot tell what may have come up in my absence," replied the vice president, toy-ing with the silver on the table as he let his eyes wander out across the fringe of coconut palms circling the blue water.

"What has been the per cent of increase in the cable business each year since the present cable to Honolulu was established?" was asked.

"Well, the increase has been a gradual one, though, of course, a little time will be required before we shall see just the returns we hope for," answered the general manager.

"You feel that the returns have justified the extension and the establishment of the cable do you not?"

"Oh, yes," quickly responded the speaker.

"We think the cable rate for newspapers of 15 cents a word is pretty high," suggested the Bulletin's representative, "will we not soon have a ten-cent rate?"

"Oh, the present rate is a low one, said the manager smiling, "we shall have to get a little further along before we think about that, and see what business we do."

"When there is more business some thing may be done," was implied be-

### Emmeluth Has ELECTION Booths Changed

John Emmeluth, the Democrat, went out to the Kalihl pumping station today and looked at the sample election booth. He did not like it and said he wanted it changed. The report spread and the powers that be flocked to the booth fearing that John wanted to do something revolutionary.

Superintendent Holloway, Chief Clerk Buckland, Harry Murray and Jimmy Boyd all hied themselves to the booth, where they found Emmeluth. But he only wanted the rail separating the election officials from the voters moved back. By doing this the gate will be dispensed with and the officials will have to crawl over the rail. This was all, and as it would affect to one except officials who are too fat to climb with comfort, everyone drew a sigh of relief and let John have his way.

### LAWTON FROM ORIENT

If the Mongolia had not got off the reef at Midway until a few days after she did get off, she would have had the United States Naval transport Lawton to assist her. The Lawton stopped at Midway for that purpose, in pursuance of orders received by her at Guam from the Navy Department, but found no signs of the Mongolia, she and the Iroquois and Restorer having left Midway before the Lawton arrived.

Officers of the Lawton, arrived today at 2:15, report that they heard at Guam of the action of the Japanese ship Ane. The Lawton was at Yokohama at the time of the recent typhoon.

### Failure To File PAPERS MAY Kill Candidates

There is some danger of some of the candidate from the other islands being left in the cold through failure to file their nomination papers with Chief Clerk Buckland. Saturday is the last day on which this can be done, and those whose papers are not in by that time will be out of the race.

From Kauai only four candidates for Representative and one for Senator have been received so far. This is exactly the number which Kauai has a right to, and if their rivals do not hustle, they will be elected without competition. If no steamer arrives from Kauai before Sunday, this will be the case.

The hearing of the demurrer in the case of the Kaneohe Ranch Co. vs. Nannie R. Rice was set for hearing this morning by Judge Robinson for Saturday, Oct. 20, at 10 a. m.

Office of Registrations, basement of Capitol building.

### PERSONS LOST

## Annexation Of Cuba Says Tenny, Will Mean Disaster

### SITUATION WEAKENS STOCK MARKET

"The annexation of Cuba would mean disaster for Hawaii," said E. D. Tenny this morning when interviewed in regard to the Cuban situation, and more especially as to its bearing on Hawaii. "I do not believe that Cuba will be annexed within the next year or any such time as that, but I do believe that the annexation will come eventually. I also believe that the revolutionary movement was instigated by those interested in securing annexation. Cuba can produce sugar much cheaper than we can, and her annexation will consequently be a very serious thing to the Territory of Hawaii."

Local stock-brokers are of one mind in declaring the Cuban situation responsible for the weakening of the market, which has taken place for the last few days. Today again there was a drop in several stocks, both Ewa and Oahu falling off, and it is expected that the market will continue to be weak until the affairs in Cuba have been settled.

### Hall & Son Raise CAPITAL STOCK With New \$50,000

The growing firm of E. O. Hall & Son has been granted permission by the Territorial Treasurer to increase its capital stock from \$250,000 to \$300,000. The new stock, amounting to \$50,000, has been placed with the Henry Waterhouse Trust Co., Ltd., for sale and the Trust Company disposed of the most of it yesterday to local investors who look upon it as one of the best mercantile stocks in the market. The additional stock is being used by the firm to handle its increased business and the new departments added in consequence of having taken over the Pacific Hardware Company.

### Coast League Is Looking For Honolulu Players

JOY Head to come. A cablegram addressed to Jess Woods was received today to sign up En Sue and Barney Joy for the San Francisco ball team for the season of 1907.

At the time of going to press Joy had signed a contract that calls for a good salary. En Sue has not been seen but will probably accept the terms.

Wolf, Spalding's man who was here a short time ago, is acting for the San Francisco team. Wolf watched both Joy and En Sue work while here. If final arrangements are made the boys will sail on or about April 1st of next season.

All their friends wish the boys success.

### Evidence Heard On QUESTION OF Lost Certificates

The committee appointed by the Stock Exchange to look into the matter of reissuance of stock certificates lost in the San Francisco fire held a meeting yesterday afternoon. Evidence on the subject was heard from various brokers and others. One plantation agency was represented and stated that it would be responsible for its re-issued certificates; in other words, that if it should re-issue a certificate and the original should turn up later, it would be responsible for them both. The committee will have several more meetings to hear further evidence before it will reach a decision or make any recommendations.

## BUGS AND PESTS

The work done by the entomologists formed an important feature of the business attended to by the Board of Agriculture at its meeting yesterday afternoon. Mr. Giffard reported that Professor Koebele, who was now in Mexico collecting parasites, was paying particular attention to the hornfly and alligator pear blight scales. Specimens of these were exhibited by Mr. Kotinsky.

Inspector Craw reported on the work of the Entomological Division since August 8. He had bought 30,000 damaged rubber plants at a custom house auction for \$5, of which 200 were found to be good and are now growing at the nursery. Two fumigating outfits had been installed at Hilo. A lot of choice seedling cane cuttings from Fiji had been found to be infected with leaf hopper eggs and were burned. Jacob Kotinsky had been breeding a number of insect pests, while J. Austin and Craw had fumigated large shipments of infected rice, and inspected various importations.

The following list of fire wardens was approved: Manager of Parker Ranch for South Kohala; A. F. Knudsen for western Waimea, Kaula; Walter D. McElroy for western Kohala; Mr. Meir, manager of Onomea plantation, for the section above the plantation; George H. Moore, assistant district fire warden for Nuuanu and Paua valleys.

Forester Hosmer reported on tours which he had made on Hawaii and Kaula, mainly for the purpose of looking into boundaries. The rubber groves on Kaula had been examined and arrangements made for the systematic tapping of the trees.

Various associations and corporations had taken up the matter of planting trees in co-operation with the Board. W. J. Coebs of the Walkuku Improvement Association being especially praised for his good work. Numerous rubber seeds were being distributed to the public.

## MAKING SLOW TIME

The Pacific Mail S. S. China arrived at 7:30 this morning from San Francisco with six days' mail. She has rather a small passenger list. Twenty-nine of them are for this port. The China carries about 2000 tons of freight, 25 tons of which was landed here. She will sail for the Orient at 6 o'clock tomorrow morning.

The voyage from San Francisco was uneventful. The weather was pleasant. The only vessel passed on the way was the Mongolia, which was seen yesterday morning. The Mongolia was making very slow time, not over eight knots an hour. At that rate it will take her about ten days to make San Francisco from the time she left here, and the Alameda will probably arrive ahead of her.

Runs of Manchuria And Mongolia

Two old steamers with new names are to replace the Manchuria and Mongolia on the trans-Pacific run while the injured liners are being repaired. The Persia, formerly the old Coptic, is to take the place of the Manchuria. She was scheduled to leave Hongkong September 22. However, cable dispatches state that the Coptic was injured in the typhoon that did so much damage there, and the extent of her injuries is not yet known. Neither is it known whether or not she left on September 22. No advices concerning her movements have been received.

The Doric, which is now known as the Asia, takes the place of the Mongolia.

Both these steamers are old acquaintances here, having been on the trans-Pacific run for several years. The Coptic was taken off some time ago, and various rumors as to her future movements were rife, though no one seemed to know just what was to become of her. It was said that she was to go on the South American Coast trade, but whether this was true or not is known only to her mysterious owner or owners—Harriman or the Pacific Mail, or whoever it is that really owns the Coptic.

The Doric, which is to arrive today or tomorrow, is to be known as the Asia—unless her owners change their minds again. The change in the names of the two vessels has not yet been made officially, but will probably be made by the time the Coptic arrives here.

tween the lines as the speaker put down his coffee cup decisively.

President Ward and his party left New York on February 17 on the Cetic on his extended tour of inspection and the past months have been busy ones filled with pleasant world wandering.

The first stop was made at the Azores, where inspection of the cable stations was made, and incidentally a most delightful visit enjoyed.

"We were tendered a most cordial and enthusiastic reception," said Mr. Ward reminiscently, "and among other things the people of St. Michaels gave us a flower carnival which we enjoyed greatly."

From the Azores the voyage was continued to Naples and thence to Egypt.

"I lived in Egypt forty years ago and I had never been back and I went to hunt up an old friend," continued the speaker between mouthfuls of good brown Moana toast.

After inspecting the cable stations in China and Japan and finding all things to his satisfaction Mr. Ward and party took passage on the Mongolia for Honolulu and San Francisco.

After the misfortune that befell the big ship the party remained on Midway, coming up yesterday on the Itasca in company with their hosts, Mr. and Mrs. B. W. Colley, who have been in charge of the cable station for the past three years since its installation at Midway.

"My first visit to Honolulu and the Orient," repeated Mr. Ward. "Yes it is. And what do I think of Honolulu? It is charming," he exclaimed with enthusiasm as he looked with pleasure toward the sea and the curving shore line. "But we must get away from here in a few days," added the visitor regretfully as he smiled a greeting to his wife and daughter who had just joined him for breakfast.

"We shall go up on the Doric or Ventura, and directly home to New York via the Union Pacific."

Mr. Ward's position as vice president and general manager of the two great cable companies, one including five Atlantic cables and one ten thousand miles of Pacific cable, is one of great responsibility but his success in the work has amply demonstrated his ability and attainments.

first place the land has been used mainly for the raising of sheep and the resources of nature have been exhausted and no attempt has been made to replenish them. In many places the forests are all gone and even the grass which formerly held the soil in place has been rooted up and the wind sweeps the earth down to the sea. The value of this island for nearly every purpose has completely gone.

"There are places on Lanai where sisal could be raised very successfully, but who wishes to lease the land for this purpose when a lease for only five years can be obtained? The sisal crop takes four years to grow and no one would wish to expend money in raising one crop and then be compelled to bid for the land against an outsider who had not expended any money on the work. It is unreasonable in fact to expect anything of this kind.

"There is another matter which is not clear to the committee, which I will try to explain by the maps now being prepared. That is the amount of land which is owned by the government which cannot be used by anyone. Take in Hawaii for instance. The three mountains there take up a large part of the island and cannot be used for anything whatever. Still this is all Government land. In the same way this occurs

## Plan To Lumber Koa In Kau and Kona Favored By Hosmer

CERTAIN RULES MUST BE OBSERVED

An important step towards the establishing of the koa lumber industry was made yesterday afternoon when Forester Hosmer furnished the Board of Agriculture and Forestry with a detailed report expressing himself in favor of the industry within certain limits.

The report was made in answer to a request by the Hawaiian Mahogany Lumber Co., which ran in part as follows:

"We are desirous of obtaining an expert opinion as to what koa in the Kona and Hilo districts, embodying land belonging to the following parties: John Maguire, Mrs. E. Greenwell, Huchholz Estate (controlled by H. Hachfeld & Co.), John D. Paris, Colonel Norris, Mrs. Richardson, Dr. Hutchinson, and the Wilcox's, together with government land, could be lumbered without danger of injury to the forests or the water supply in that district. As Mr. Hosmer is the only authority on forestry in this Territory we desire it possible to obtain his services in this matter."

Hosmer in his report dealt on two general features of the proposition. He said he and the Board favored lumbering mature trees of commercial value wherever it could be done without detriment to the forests as a whole. In districts where the forests were mainly important as watersheds, they should be kept intact. In other places, as in Kona and Kau, stream protection was a minor consideration. Lumbering could well be allowed, as long as a few rules, which would assure the future welfare of the forest, were carried out. He further stated in the report:

In general the regulations to be recommended will follow the outline given below. Unless such regulations are made a part of the contract I cannot recommend that lumbering be undertaken in Kona or Kau.

The main points to be observed in drawing up a lumbering contract are:

(1) The protection of the forest from fire during and immediately after the logging operations. The importance of this matter is so self-evident that it hardly needs to be emphasized. The contractor should be required to exercise all reasonable care in the use of fire and should a forest fire start on the tract from any cause during the term of his contract he should be obliged to turn out his men to fight it.

(2) The protection of the area from cattle after lumbering to secure reproduction. The central idea of forest management being the perpetuation of the forest it is essential that steps be taken to secure the replacement of the trees removed by logging. In most cases a new stand of koa can be secured through natural reproduction. The opening up of the forest that forms a necessary part of the logging of the mature trees insures in most cases excellent conditions for koa reproduction. But as cattle are particularly fond of the young koa it is essential that they be excluded from the tract after lumbering, at any rate until the trees grow large enough to protect themselves. As the benefits arising from this provision revert wholly to the owner of the land it seems to me that if the contractor is required to build the fence he should receive a consideration for the work. But that the fence be built I regard as an essential feature of the forest regulations.

(3) A restriction as to the size of the trees cut. The idea of utilization under forestry methods is to take out the mature trees only, leaving the younger ones to make up subsequent crops. On the Kona tract the minimum diameter at which koa trees should be cut, was fixed at 24 inches, diameter breast high (4 1/2 feet above the ground). Possibly in Kona a smaller minimum diameter, say down to 18 inches, might be used. This cannot be fixed offhand but as the present condition of the koa industry hardly justifies the logging at a profit of the smaller trees there should be little trouble in arriving at a diameter limit mutually satisfactory to the contractor and to the forest.

(4) Prevention of Waste. So far as possible all merchantable material

should be removed from the forest and turned to account. This includes a complete utilization of the felled tree as may be and the application of approved methods and machinery to the various branches of the work. Just how closely the work can be done depends on the local conditions that govern the cost of logging but the contractor should be required to do his work in a systematic and careful way. As it is as much to his advantage as to that of the owner of the land to do so there should be no trouble in this score.

(5) Protection of small trees during lumbering and removal of tops. The exercise of reasonable care should be required in the logging that small trees be not necessarily damaged, and that other avoidable injury to the forest be prevented. The question of the removal of the tops depends largely upon how much of the tree can be got out and sold. Where a large top must be left in the woods it is advisable, in order to lessen the danger to fire and to get rid of the slash, to cut the young growth, that it be so cut that all the main limbs be brought in contact with the ground. Just how far it is feasible to enforce such a regulation, without working hardship on the contractor, can only be told after an examination of each tract.

With regard to the Hilo district my feeling is that except for the Koa on the Kaunama and Punahele lots back of Hilo town—which I see no objection to lumbering under an arrangement generally similar to that recommended for Kona—lumbering operations should not be undertaken until a careful study of the district with this special subject in view has been made. There are doubtless certain places which could be logged under proper restrictions without detriment to the general welfare of the district, but in other situations, such for instance as the portion of Punahele from which comes the water supply of Hilo town, the forest should only be opened up, if at all, after a careful study has been made on the ground.

## Pacific Tennis Club WILL HAVE Doubles Tournament

As a result of the play in the classification tournament, which has been held by the Pacific Tennis Club for the past two months, a doubles tournament will be played on October 6. Drawing for partners has resulted as follows:

C. H. Cooke and Capt. Humphrey, A. T. Brock and S. M. Ballou, H. G. Dillingham and R. B. Anderson, G. Fuller and G. P. Cooke, S. H. Derby and R. D. Mead, C. H. Atherton and A. M. Merrill, G. Waterhouse and C. Hartwell, Dr. Blanchard and J. P. Cooke, D. H. Hitchcock and F. E. Steere, W. P. Roth and Lieut. Slattery, W. H. Rabbitt and A. A. Long.

The club offers one dozen tennis balls to the winners. Lunch will be served at the club house from 12:30, and play will commence at 1:30.

## OWNERS SHOULD PAY FOREST FIRE FIGHTERS

The forest fire, which occurred on the Country Club premises some time ago, was one of the topics of discussion at the Board of Agriculture meeting yesterday. The fire was put out by a force of the Board's men but some of Sam Johnson's men, who were sent there by J. R. Galt, had sent in a bill, which the Auditor held up. Forester Hosmer reported to the Board that unfortunately Galt's efforts had been misdirected, as the Johnson men were not needed. Hosmer recommended that as their employment had been unauthorized, it was up to the Country Club to pay the bill.

After a lengthy discussion of forest and grass fires, more especially the one referred to above and one which recently occurred at Kaneohe, the Board placed itself on record as favoring having the owners and lessees of land on which such fire occur, pay the bills incurred in extinguishing them, and the Superintendent of Public Works, as secretary of the Board, was instructed to make request for such payments.

## SEE VASCO

Have you seen a Vasco? Have you ever heard him? He is the man who plays all the instruments. A regular band and orchestra by himself. If you haven't seen or heard him, don't miss the chance tonight at the Orpheum theatre. You won't believe one man could make so much music on so many different instruments until you've heard Vasco.

The rest of the program is equally entertaining and varied in the extreme. Tonight, also, Alexander and Bertie, two premier trapeze and mid-air performers, will make their bow to a Honolulu audience. They have delighted spectators wherever they have played, and certainly deserve all the praise and applause they have received.

Gyrdynna Francis in a few merry moments is sure to please. The entire set of moving pictures of the Passion Play on the biograph complete an excellent program. Tonight at the Orpheum. Seats are on sale at the theatre today.

## BE PATRIOTIC, SAYS HANAFUSA

Captain Tells Scholars To Be Loyal To Emperor

Capt. Hanafusa of the Japanese training ship Anegawa, accompanied by nine of his officers, were given a warm reception Tuesday by the school children, who were gathered on the ground of the Japanese school on Nuuanu street above Vineyard.

The exercises commenced at 1 o'clock Tuesday afternoon under the direct supervision of Consul General Saito. There were present about seven teachers and 270 school children, prominent among the former being Principal U. Mashimo of the Nuuanu school, Principal Yoshino of Kakaako school and Principal Tanaka of Moliili school. Mr. T. Shibasaki, one of the teachers, had the arrangement of the children in his charge, and they behaved remarkably well during the exercises.

Shortly after their arrival the officers were given seats by Consul General Saito in the assembly room, where the teachers were introduced to the visiting brothers of the navy. Consul General Saito, after the singing of the school children, gave a short and instructive talk.

The Consul especially asked the children to be obedient to their parents and teachers. He further said that Captain Hanafusa and the officers of the Anegawa had come to find out for themselves how the children are receiving the training in these schools.

Captain Hanafusa spoke next to the boys and girls. He said in part:

"Dear children, I have come here today in response to your invitation. As I sat there on my chair and looked into your faces, I made up my mind to say something very simple, but of great importance to our future life. I was greatly pleased to hear your good singing and glad to see you all behaving well. I want you all to be obedient to your teachers and loving to your parents, because it is the first step that will lead you to become good and law-abiding citizens. Wherever you are and whatever you do bear in mind that the law of the land is above you, respect it and do not place yourself above it. As you grow older your lessons become harder and more difficult to learn; my dear children, do not be disappointed, but face them and you will in the end become masters of them all."

"Dear children, in closing I wish and sincerely hope you will all try to attain unto yourselves true, honest and noble character, so that our nation will have nothing to be ashamed of. Be loyal to our Emperor and plant in you the spirit of patriotism."

One of the school boys thanked the captain and his officers for their visit and especially for the talk which they had listened to with interest.

After the closing song a picture was taken including Consul General Saito, Captain Hanafusa and officers and the school children with their teachers.

Commander Takagi of the Anegawa will give a lecture relating his experiences in the recent war between Russia and Japan. A large turn-out is expected.

## JAPANESE REJOICE

Lihue, Kauai, Oct. 1.—Great preparations are in progress in the Japanese colonies on Kauai in order to arrange for a proper reception to the Japanese training ship Anegawa when she will visit the island. There will be a series of feasts for the men and coffee and sugar of Kauai production is to be the gift to the seafaring countrymen.

Mr. S. Sheba brought up about eighty new laborers to Lihue a couple of weeks ago, and the new men are now getting down to work. To bid the new arrivals welcome to Lihue, the Kapala and the Lihue Japanese school united in giving them a reception at Kapala school house last Saturday. A real good time was given the new comers and they were made acquainted with their many countrymen in the district. It is hoped that these social gatherings may have some influence on the men and deter them from drifting off to the mainland.

## DROWSY DEMOCRATS NEAR SPELLBINDERS

Politicians and a Few Voters Present At Meetings

Some half a dozen Democratic voters and some politicians held a couple of precinct club meetings last night out in Nuuanu valley. The interest shown was about as slim as the attendance. Some of the voters went to sleep and slumbered sweetly through the spell-binding, and others looked as if they would like to do the same.

The meetings were called despite the agreement that there should be nothing of the kind done until after the railroad meeting at Ala park next Saturday night, and the candidates who were called upon to wander about in the lanes of that part of town were not greatly pleased at the extra work thrown upon them.

The Ninth Precinct of the Fourth District held its meeting at the residence of Sol Meheula, out on the Ford street extension. Most of the voters in this precinct live much farther up the valley toward the Fall, and but a few of them were present. Sol Meheula called the meeting to order and introduced the speakers. Candidates for Representative Fred Weed spoke first. His address, which was short, was sadly interrupted by the snoring of a somnolent Democrat, who had to be awakened so that the speaker could be heard.

Col. McCarthy was present and asked the support of the voters for himself and the rest of the ticket. He thought they owed it to the Democratic party to support the ticket from top to bottom. Col. McCarthy spoke but briefly and then left to address the gathering of the Eleventh Precinct of the Fifth at Biplikane's.

At Biplikane's there were sixteen present. Frank Harvey, who had also spoken at Meheula's, addressed the audience. He was followed by McCarthy, who again asked the support of the voters for himself and the rest of the ticket. He promised to do his best, if elected, to change the election laws, which he said, are so complicated that it would take a Philadelphia lawyer to vote correctly. He told the history of the laws and outlined the changes he would have made in them.

One of the Democrats present lay sprawled out on a chair, sleeping soundly, gasping and gurgling, his mouth wide open to drink in Democracy as expounded by Harvey, McCarthy, et al. His struggles proved rather disconcerting to the speakers. When Col. McCarthy finished his address, the speaker awoke for a minute, applauded feebly, and promptly went to sleep again.

Other speakers followed McCarthy and Harvey. It was explained that the meeting was called more for the purpose of letting the voters get acquainted with the candidates than with the idea of making votes.

## PINEAPPLE VENTURE PROVES HOME-BUILDER

Lihue, Kauai, Oct. 1.—The Kalaheo pineapple venture is going ahead in a very satisfactory manner. The whole tract has now been surveyed and cut up into lots. They are all of different size, varying from five to fourteen acres according to the quality of the soil.

Fourteen homesteaders have already settled down and made improvements, built houses, fenced their lots, and planted out their pines. These latter have been doing exceptionally fine this summer. The morning rains and the hot afternoons have sent them right along, and the planters have all reason to feel satisfied.

A number of applications for lots in this section have been received and will be attended to in the near future, and everything points to a prosperous little community in that neighborhood. To the enterprising management of the McBryde Sugar Co. is due all credit for having made the new industry possible on this island, and it is to be hoped that the aim of thereby creating a stable stock of labor for the plantation will prove a success to it, as the planting of the pines will do to the homesteaders.

## MORNING STAR IS TO LEAVE FOR THE SOUND

The missionary steamer Morning Star is to leave Honolulu soon, probably next Saturday. She is now calling, having come off the marine railway a few days ago. The vessel is to be taken to Seattle, where an effort will be made to sell her. Efforts have been made to sell her in Honolulu, but no satisfactory offers have been received, so she will be taken to the Coast. The American Board of Foreign Missions wishes to free itself from the expense of maintaining the Morning Star.

Twenty-two thousand dollars is the sum asked for the vessel. Captain Miller offered \$15,000 but refused to pay \$22,000.

The Morning Star has been in the harbor since July 15 of last year, when she arrived in from the South Sea Islands, badly damaged by a hurricane. Captain Garland is commander of the vessel.

## KAUAI'S NEW PRECINCT

Lihue, Kauai, Oct. 1.—The changing of the precinct boundaries on Kauai has wiped out one of the former precincts, the fourth, Hanalei, and created two new ones: the fourth, Makalei, and fifth, Wailua.

The Republican voters of the Makalei Precinct held a meeting last Saturday when the new Republican Club was organized and officers for the ensuing two years elected.

The result of the election was the following set of officers: President, C. W. Smith, first vice president, T. Oono; second vice president, H. S. Padgett; secretary, J. A. Combs; assistant secretary, A. Carvalho; treasurer, J. R. Gilman; members of the executive committee: B. D. Baldwin, A. E. Maris, H. H. Brodie, W. K. Schultze, A. R. Cope; judges of election: C. H. Clark, Aki Koolau, S. W. Heineke.

## THAT "BOSS" BUNCOMBE.

The latest invention of the political

"bait" centered on wrecking the Re-

publican party in the County of Oahu

is that the convention of Oahu County

Republicans was a "bossed" affair.

This assertion goes on that old list

of things "important if true."

Who "bossed" that convention?

Who is the individual who put the

knob on the free and independent

utterances of the Republican citizens

in that convention or in the primaries

previous to it?

Where does he live and what man-

ner of man is he?

What man was prevented from hav-

ing his say at the primaries?

What individual voter of the Re-

publican party was refused an opportu-

nity to give full and free expression

to the sentiments that were in him

against an alleged "boss"?

Or, where is the man who, having

an opportunity, was jugged out of a

fair vote and an honest count by this

Bogey Man the "boss" or any of his

satellites?

If the "boss" in local politics exists,

he must be of flesh and blood and

certainly he should be trotted out so

that everyone may know him.

There was not a precinct primary

during the last Republican election in

which there was the slightest effort to

bulldoze or head off a free ballot and

an honest count.

There was not a precinct meeting

in which every kisser was not allowed

to voice his sentiments to the full ex-

tent of the Parliamentary rope, and

thereby take with him all the voters he

could get.

There never has been in the County

of Oahu a primary election where

there was better opportunity for the

voters of the party to send such men

as they considered best to the conven-

tions. Furthermore, after this latest

primary every protest was given a

fair hearing and the decision reached

on the merits of the question, uninflu-

enced by factionalism or prejudice.

As for members of the police force

opinion, but the people know that

Brown cannot and never could hold a

candle to the boss methods that were

in vogue when Mr. Carter was a part

of the organization.

But Carter is not among the kickers

now. He has said that he believes the

straight ticket will be elected. He

plays an honest and honorable game.

He made his protest according to his

convictions at the time when protests

should be made, and accepted the ma-

jority sentiment of the party.

Perhaps some of the second-thought

knockers will say they did not go into

the precinct primary contests because

"everything was fixed" and "it was

no use." These are the usual excuses

of our fellow-citizens who think they

are "being like Roosevelt" or someone

else in the States when they talk about

independence of the "bosses."

Such arguments are so utterly weak

that they bespeak a very low order of

citizenship. Certainly not the class

of citizenship that is so much talked

of by the men who use them. They

are not arguments.

Such statements are made by per-

sons who would excuse themselves for

their own lack of civic activity, or who

would intentionally misrepresent true

conditions.

Taking these "reformers" at their

word, what good are they likely to ac-

complish in a general fight at the polls,

if they were so powerless to sway the

primaries which were not "fixed" by

the "bosses," despite what the thought-

less ones or the liars say.

The underlying principle of Repub-

licanism has been that honor in po-

litical action is as highly prized as in

any other walk of life.

It is not honorable, it is not fair, it

is not any part of justice for men who

did nothing in the primaries, who

made no energetic, honest fight to

overthrow this Bogey-Man of a "boss,"

to now come to the front with the

"whining charge that someone 'bossed'

the thing and consequently they are

privileged to play the game of ancient

Home Ruleism—of being all things to

all men, and true to nothing but their

own prejudices.

Common honesty is applied by hon-

est men to political work. The men

calling themselves "reformers" have

not thus far shown that they under-

stand how it is applied. At all events,

the knockers of the Republican con-

vention and its nominees are not fol-

lowing a course that allays prejudice,

or uplifts political methods, or guar-

antees the election of the best men to

office.

No hypocrite can hide his true char-

acter by raising a false cry against

"bosses."

Editor Evening Bulletin:—May I ask

space in your paper to make the fol-

lowing statement:

The headlines in your paper of Oc-

tober 3rd over the report of the meet-

ing of the Board of Supervisors is, to

say the least, misleading. As a mem-

ber of the Committee on Ways and

Means, I wish to say that I called on

the Auditor of the Territory and re-

ceived from him an extra allowance of

\$10,000 in order that the Board might

make the necessary allowance for the

work to be continued on the roads and

thereby keep all workers employed.

This was all arranged before the

Board was called to order on Tuesday

evening, and not after any talk made

by Supervisor Lucas.

## REPUBLICANS GET READY FOR ACTION

The Fourth District and the Fifth

District sub-committees met at the

Republican headquarters last night to

discuss campaign arrangements, and

slowly the Republican Colossus is get-

ting into the stride which it will con-

tinue with constantly increasing force

until the day of election.

The Fourth District will have its

first regular campaign meeting next

Saturday night at the corner of South

street and Kawaiahao lane, where the

candidates from the Fourth will hold

forth. On the same night some of the

candidates who are running at large

will go to Waiwala to hold a meeting

there.

During next week the regular round-

the-island tour will be undertaken by

some of the candidates, who will de-

vote several days to the trip, stopping

at the most important points to ad-

dress the voters. There will also be

several general meetings both in the

Fourth and Fifth District during the

week.

The Democrats will hold no more

precinct meetings, such as they have

heretofore been holding every night in

both districts. They are now making

preparations for their ratification

meeting at Aala Park for Saturday

night. The order of the speakers will

be as follows: C. J. McCarthy (can-

didate for Senator), F. W. Weed (Rep-

resentative, Fourth), W. W. Thayer

(County Attorney), Daniel Kamah

(Representative, Fifth), H. F. Moore

(Supervisor, Honolulu), David L. Ka-

ator), Chas. H. Rose (Auditor), F.

R. Harvey (Supervisor-at-Large), M.

A. Silva (Representative, Fourth), C.

P. Pauka (Sheriff), W. P. Jarrett

(Deputy Sheriff), Thos. Gandall (S-

upervisor, Honolulu), Manley G. K.

Hopkins (Clerk), J. J. Fern (Supt.

of Police, Honolulu), Ed. W. Ingham

(Representative, Fourth), J. K. Kahi

(Representative, Fourth), Moses Palan

(Representative, Fourth), S. K. Kai

(Representative, Fifth, Waianae), Ka-

hala Apuakehu (Representative,

Fifth, Laie), S. K. Mahoe (Represent-

ative, Fifth, Waialua).

W. A. Kinney will wind up the meet-

ing with an address.

The Democrats have adopted the

con-

ceptible rule of limiting their speeches

to six minutes, so as to avoid tiring

their audiences with long-winded har-

angues. The Portuguese band will

open the meeting with music from

6:30 until 7:30 p. m., after which a

string band will fill up the interludes.

The Democrats intend to hold sev-

eral general meetings next week, but

will reserve their greatest efforts to

the last three weeks of the election,

during which the round-the-island tour

of their candidates will be made.

# Hearst and Hughes Make Warm Politics For New York State

MANY DEMOCRATS GOING TO HUGHES

New York, Sept. 27.—The day after the Buffalo convention finds New York State preparing for the fiercest political campaign in its history. Nothing is apparently lacking to add interest to the struggle. An outsider from California, who in building up a political constituency, deliberately antagonized a powerful element here, has captured the Democratic party, and threatens to upset all political traditions in the State, just as he earlier in life upset all journalistic traditions. Whatever else may be said of Hearst, he has reached a commanding position in State and national politics.

A certain cynical Californian, in speaking of Hearst's remarkable career here, said today: "Of all Californians who have come to New York and made people sit up and take notice, Hearst is in a class by himself. Corbett, Jeffries, Blanche Bates, Wilson Mizner are dead ones compared with him."

The New Yorkers, however, have got past cynicism as concerns Hearst, and have reached a stage of alarm at the effect of his political victory. Hearst accomplished what a year ago would have seemed impossible, for he had yesterday as his ally at Buffalo, Boss Murphy, who at one time was cartooned daily in Hearst's papers as a convict in stripes.

Probably never before has the old campaign axiom, "politics makes queer bed-fellows," been exemplified so well. Still another interesting feature of the situation is the discomfiture in the Democratic ranks caused by Hearst's nomination. Jerome, himself, an avowed candidate for the nomination that Hearst received, threatens to lead a bolt to support Hughes, the Republican candidate.

Hughes, enjoying at present great prestige coming from his admirable conduct of the insurance investigation, will make a speaking campaign such has not been seen in the Empire State since before Roosevelt made his whirlwind tour of the State in 1898.

Notwithstanding the formidable opposition to Hearst there are astute politicians here who would not be surprised at his victory. It cannot be denied that Hearst has a great following in this city and State. The indications of this were given when the reception in Madison Square Garden came near being turned into a Hearst rally. While every disappointed man in New York; everybody who wants to get something for nothing; every policeman who wants the three-platoon system; every Tammany man cheerfully wearing Murphy's collar and every East Side Jew are under Hearst's banner, still they all form a voting constituency any candidate, be he safe, sane and conservative or yellow, is after, and they may land Hearst in the executive chair. There is no up-to-date political trick Hearst and Murphy together cannot turn and they may yet turn one that will throw the Hearst opposition into greater confusion than at present, and that is to make a deal that will recall the loyalty of McClellan, Jerome, Bingham and other important Democratic office holders and thus minimize the consequences of the present bolt.

Hughes was Man Roosevelt Wanted

Saratoga, N. Y., Sept. 26.—Expedition marked the second and final day of the Republican State convention, when the name of Charles E. Hughes, Governor of New York, would be nominated for Governor by acclamation, the proceedings practically became formal and were pushed to completion with the utmost speed. The selection of the remainder of the ticket and the choice of a new State chairman were accomplished before the convention assembled and it only remained for the convention to ratify all that had been arranged.

The complete ticket is as follows: Governor, Charles E. Hughes; Lieutenant Governor, Lian P. Bruce; Secretary of State, John F. O'Brien; Comptroller, Martin E. Lewis; Treasurer, J. G. Wallenmeier; Engineer, H. A. Van Alstyne; Attorney General, Julius M. Mayer.

The session of the convention lasted about two hours and in that time the permanent organization was effected, the chairman, State Senator W. W. Armstrong of Rochester, delivered his speech, the credentials committee reported and its report was agreed to, the platform was read and adopted and a complete State ticket nominated.

The understood preference of President Roosevelt for Hughes and the declaration of Governor Higgins that he was no opposing that preferred candidate, contributed materially to the result, but all this would have been unavailing had it not been for the decided stand which Parsons maintained from the time he arrived in Saratoga until the opposition to his candidate crumbled to dust.

The platform indorses President Roosevelt and praises his specific acts. The wisdom of the protective tariff is affirmed, and it is demanded "that its revision, as occasion may require, be entrusted to his friends and not to its enemies."

Legislation "for the restoration of an American merchant marine, so that the hundreds of millions now paid to foreign shipping interests may be paid to our own people, so that our foreign trade may be strengthened and enlarged, and so that we may have an invaluable reserve power of ships and men in case of war," is favored. "The

stand taken by President Roosevelt in his application of the eight-hour law" is indorsed.

New York, Sept. 25.—Charles E. Hughes received the notification of his nomination for Governor at his home in West End avenue, with his wife and two daughters. The news came to him in the form of a telephone message, and a little later the confirmation was found in an official telegram from the convention itself. Immediately he sent a formal message of acceptance through Senator Alfred H. Pugs, Hughes was content to allow this message to be his only public utterance at this time on the subject of his nomination, a message in which he pointed out that he accepted without pledge other than to do his duty according to his conscience, and in which he declared that if elected he would be his ambition to give "a sane, efficient and honorable administration, free from that of boresom or of servitude."

He declined to discuss his candidacy or his probable attitude on the issues of the campaign, but said that his public statements during the canvass would be confined to the platform, which it was expected would take up much of his time, and to which he was prepared to apply himself.

Lieutenant-Governor Timothy L. Woodruff of Kings county was elected chairman of the State committee, succeeding ex-Governor B. B. Odell.

## Hearst Running On Anti-Hearst Platform

Buffalo, Sept. 27, 1:30 a. m.—On a platform written by W. Bourke Cockran which denounces centralization of private enterprises in the hands of the government and which extends invitations to William J. Bryan without saying anything about the Presidency, William Randolph Hearst was nominated for Governor by the New York Democratic State Convention at an early hour this morning. With Hearst two of the other candidates of the Independence League for State offices, those for Lieutenant Governor and Secretary of State, also were nominated.

Only a single ballot was taken. Congressman William Sulzer received the votes of the minority.

Hearst Seizes Party Name The nomination of Hearst, which it is openly charged is the culmination of notorious strong-arm and blackmailing methods, means a hopeless split in the Democratic party and a walk-over for the Republicans, who have chosen Hughes, a clean and fearless man, as their standard-bearer.

The Democratic party in New York has been split beyond reconciliation. Hearst has seized the party name and the organization that goes with it, but he has driven out old-line Democrats. The only refuge of the latter is the Republican camp. In the line-up for the election there will be on one side Hearst, being the official standard of Democracy, and that of the Independence League; on the other, the doubtful forces of the anti-Hearst men, who think their party has been betrayed, under the leadership of Charles E. Hughes.

There is to be no bolters' ticket. This was decided early today when the news was flashed from Saratoga that Charles E. Hughes had been named for Governor by the Republican State Convention. "The Albany Conference," which is the name taken by the anti-Hearst men, welcomed Hughes nomination with unfeigned delight.

Jerome To Stump for Hughes William Travers Jerome will stump the State for Hughes. He said: "We do not think that this is a Democratic convention. It is not representative. I for one believe we are entirely absolved from any obligation to support a ticket put together in a back room by Murphy, Pat McGarren and Tim Sullivan. I believe it the duty of this conference to give unmistakable utterance to their belief that this convention was not Democratic in any sense of the word."

Declaring their freedom from allegiance to the Hearst ticket the anti-Hearst Democrats will just vote and work for Hughes and let it go at that.

"If you nominate Hearst as your candidate for Governor," said Senator Raines, "you will read his principles in the socialistic, anarchistic teaching of Hearst's yellow papers."

The congressional career of Hearst was attacked and the alleged deal between Hearst and Murphy was dwelt upon. It was no wonder, said Raines, that a man who had exploited himself for Mayor of New York and who had clubbed the convention into nominating him for Governor, "should regard our necks as stepping stones to the presidency."

It was declared that the presidential nomination was involved in the deal with Murphy.

A telegram of protest against the inconsistency of the nomination for Governor of New York by a Democratic convention of a man who had defeated that party in California, received during the evening from California was read.

PRESS AGAINST HEARST New York Papers Denounce the Candidacy of the Editor

New York, Sept. 27.—All New York City newspapers except those owned by Hearst oppose him for Governor. Following are some extracts from editorials:

New York Evening Post — We start with good hope, because Hearst's nomination has instantly provoked,

along with nausea, a revolt. Hundreds of honorable Democrats openly repudiate him; thousands are saying quietly that they would no more think of voting for him than they would of signing a note. Not a reputable Democratic newspaper in this Democratic city will support him. It is not necessary to talk about organizing a Democratic bolt. The thing is automatic. Moreover, though Hearst now appears more powerful than ever before, he also appears more contemptible. The trickery, bribery and complete surrender of his professional opinions, which have marked his course during the last few weeks, have shown him so unscrupulous as to disgust many of his former dupes.

New York Sun—The Democracy has cut its cables and gone adrift. Its course is out to sea. In September, five years ago, the President of the United States was assassinated at Buffalo. At Buffalo William R. Hearst was nominated by the Democracy as its candidate for the governorship of the State of New York. Let us accept the inevitable with grace and resignation and let us hope that the party of assassination and the torch has done to mankind the only service of which it was capable and has extinguished itself forever.

New York Tribune — Mr. Hearst's candidacy represents a dangerous force in politics. It marshals the forces of unrest, of class prejudice, of dissatisfaction.

New York Herald — From every county in the State this morning come tidings of Democratic revolt against the shameful bargain at Buffalo and resentment against its beneficiary. With the Democratic emblem disposed of in such an infamous manner and with such an anti-Democratic platform as that adopted at Buffalo it becomes the plain duty of every honest Democrat to enter his protest in the most emphatic manner possible, and this is by casting his vote for Hughes.

New York Evening World—If it is capable of allowing a man like Murphy to prostitute its principles publicly in order to wreak personal revenge on Mayor McClellan, if it is ready to be an unsocialistic one day, pro-socialistic the next day, and something else another day, making itself the plaything of a sinister, sordid boss, then thousands will agree that Hearst is right—that the Democratic party in New York, representing nothing but the lust for power and pelf, ought to be destroyed.

New York Globe—Mr. Hughes is beholden to no Murphy for his nomination. Some men are not tempted to be and shuffle or to buy their way upward—they are incapable of such conduct from their very character, and could not be Hearst's any more than they could change the color of their skin.

Brooklyn Eagle—At an early hour this morning the goods—some of them stolen—were delivered; William Randolph Hearst, receiver. To make sure of a feast, as distinguished from a famine, the plunderbund stole more than it needed.

Brooklyn Citizen—It is not in the least doubtful that large numbers of Brooklyn Democrats, who properly call themselves regulars, will not support Mr. Hearst.

Rochester, N. Y., Sept. 27.—The Rochester Morning Herald, ever since its birth a Democratic paper, this morning announces itself as an independent newspaper and advocates the election of Charles F. Hughes.

The Union and Advertiser of this city, hitherto Democratic, today announces that it "owns no allegiance to the candidate of the Democratic convention at Buffalo, W. R. Hearst."

## BETTING ODDS SHORTEN

New York, Sept. 27.—There was a temporary shift in favor of Hearst this afternoon in the Wall street betting. The prevailing odds had been 2 to 1 on Hughes, the Republican gubernatorial candidate, but the appearance of a flood of Hearst money at these figures pounded the odds down to 10 to 7. The increasing confidence of the Hearst backers caused quite a scare on the floor of the Stock Exchange and its effect was soon shown in the market. There was heavy and aggressive selling all around the room.

Whereas, A libel was filed in the District Court of the United States for the Territory of Hawaii on the 28th day of September, A. D. 1906, by the Commercial Pacific Cable Company, a corporation organized and existing under and by virtue of the laws of the State of New York and doing business within the Territory of Hawaii, libellant, versus the steamship "Manchuria," her tackle, apparel, furniture, engines, boilers, machinery, boats, appurtenances, cargo and freight money, and against all persons intervening for their interests therein, libelee, in a cause of salvage, civil and maritime, to recover the sum of \$300,000, as by said libel, reference being hereby made thereto, will more fully and at large appear.

Now, Therefore, in pursuance of the monition and under the seal of the court to me directed and delivered, I do hereby give public notice to all persons claiming the said steamship "Manchuria," her tackle, apparel, furniture, engines, boilers, machinery, boats, appurtenances, cargo and freight money, etc., or in any manner interested therein, that they be and appear before the said District Court, to be held in the City of Honolulu, on Friday, the 5th day of October, A. D. 1906, at ten o'clock in the forenoon of that day, provided the same shall be a day of jurisdiction; otherwise on the next day of jurisdiction thereafter, there and then to interpose their claims and make their allegations in that behalf, otherwise default and condemnation will be ordered.

Dated the 28th day of September, A. D. 1906.

## WISCONSIN VS. H.A.C.

The sailors champion baseball team from the Wisconsin will try their metal against the H. A. C. on Saturday at the League grounds. The game will commence promptly at 3:30 and should be close and fast as both teams are strong. Real practice for the Wisconsin team started the moment the ship came into dock and anyone crossing the naval wharf yesterday morning had to dodge again and again to keep out of the way of the flying balls.

## DE BOLT TRIES TO HURRY WAINEE TRIAL

The usual tiff in the trial of George Wainee for murder occurred this morning, but instead of the trouble being between the attorneys for the prosecution and the defense, Judge De Bolt was on the one side while two opposing attorneys were together on the other. The trouble came up through the desire which Judge De Bolt has shown to hurry the case through, Judge Kingsbury, for the defense, stated that he was trying a murder case and under these circumstances he did not believe that the case should be hurried, and he entered a most decided protest against any such action.

Judge De Bolt stated that there was too much time being wasted by both prosecution and defense, and in order to hurry the case proposed to have the court meet for the afternoon session at 1:30 instead of the regular time of 2 o'clock. This started more trouble and the two attorneys protested against any undue hurry in an important case. Deputy Attorney General Prosser took a very fair stand in the matter, making the statement that Wainee was on trial for his life and that he did not believe that in a case of this kind the court should try to hurry the case, as the defendant was entitled to every chance which his attorneys could avail themselves of.

The defense only put two witnesses on the stand during the morning and while there was no direct testimony to this effect it seems that the defense will be a combined theory that the woman fell and hurt herself, dying from this injury, and also of an ailment for the defendant. The case should go to the jury some time tomorrow.

## POLICE COURT MILL GRINDS USUAL GRIST

"Twenty-five dollars and costs," remarked Judge Whitney this morning when he had heard the case against T. Murada.

Murada is a Japanese pawn broker the one who bought a set of stolen harness taken from the stable of Mrs. Damon. The charge against him was that of buying property without entering the transaction in his books.

The case against Chung Chock Lai, charged with libel in the first degree was dismissed by Justice Judge Whitney this morning. The judge held that the evidence as to the offensive meaning of the Chinese words used in the printed article in question was not conclusive enough. Lai had published an article in which he called another Chinese unpleasant names. The only doubt appeared to be as to how unpleasant they were.

Hannan Kusta, a plain drunk, contributed \$1 toward the expenses incident to maintaining the county government today—\$1 fine and \$1 costs.

Blanche Martin, an ill-fated lady, forfeited \$6 ball money in Police Court this morning, failing to appear to answer to the charge of being drunk.

Voriblar Herman, for being drunk paid a fine of \$3 and costs.

Juan Baker was enthusiastically noisy last night on River street near Hotel street. As he hadn't even the excuse of being drunk, Judge Whitney handed him a package that looked like \$6 and costs. Juan subsided without noise.

## NAVAL DOCKS BADLY CROWDED WITH SHIPS

The arrival of the transport Lawton fills things up considerably at the Naval dock, and a number of lighters had to be shifted to make room for her. The Japanese ship Anegawa and the U. S. battleship Wisconsin are lying near each other. The tug, Iroquois is beyond the Wisconsin, and with the Lawton, there is not much room left. The Buford may be in at almost any time with the Sheridan, and where they can go is a question. The Japanese vessel takes up docking room that would otherwise be used for one of the transports. The Anegawa leaves on Monday for Hilo and the Wisconsin goes to San Francisco the same day, but that does not help conditions now.

On and after Thursday, October 4, registration open from 7 to 9 a. m., 11 a. m. to 2 p. m., and 4 to 6 p. m.

The Supreme Court will be in session tomorrow morning. There are no cases set for hearing.

## The Importance Of a Refrigerator

UNLESS YOU HAVE A GOOD ONE,  
A SUDDEN HOT SPELL WILL  
MAKE TROUBLE.

It's a serious thing when something  
goes wrong with the refrigerator. You  
cannot afford to have one that won't  
stand sudden spells of heat, for the  
whole family is completely at its  
mercy.
