PRICE 5 CENTS

# Senate Advances County Bill

## Missnamed "Unpaid Bills" Item Is Scored By Senatorial Committee

Senator Paris presented the following report of the Committee on Expenditures in the Senate this morning: Honolulu, H., March 20, 1903. Hon. Clarence L. Crabbe, President of the Senate.

Sir: Your standing committee on Public Expenditures, having had under consideration the message of His Excellency the Governor upon the subject of unpaid bills, begs leave at this time to make a partial report, more particularly upon the item in said message reading: "Department of Public Works \$2337.55, Road Board Pay Rolls."

We find that this is in no sense an "unpaid bill." Warrants for the several items of this amount were issued by the Department of Public Works and the warrants cashed at the Treasury Department by the disbursing officer of the Department of Public Works. The money was not owing. They have not received it to this day and we have so far been unable to trace the money beyond the custody of the disbursing officer of the Department of Public Works.

In the opinion of your committee the only way in which these claims can be liquidated is by special Act to reimburse the creditors, as the money was paid on their behalf from the Treasury to the disbursing officer of the Department of Public Works. We find that it was the duty of this disbursing officer to forward the amounts due to the various claimants who should have shared in the total sum given above and that he failed to do so. This money disappeared in the office of the Public Works Department while in the custody of the said disbursing officer. To the fact of the embezzlement of this sum of \$2337.55 from the Department of Public Works and the withholding of the amounts due the proper creditors under the warrants issued, we recommend that the Attorney General investigate this matter, to the end that the guilty person be prosecuted and recovery of missing moneys be had if possible.

We append herewith report of competent expert employed by your committee to investigate the transactions which resulted in finding most of the facts contained in this report.

Your committee feels that this matter demands the most searching investigation. We feel that the showing of loose and unbusinesslike methods of handling public moneys, the attempts to shift responsibility for the care of the same and the clear suspicion which has been attached to public officials calls for the most complete scrutiny and marked reform. We recommend legislation to systematize the operations in the conduct of business with a view to preventing further embezzlements such as here set out.

Your committee further finds (see report of Expert hereto attached) that there have been lavish, irregular and extraordinary juggling of "Incidental Funds," such as the purchase of spurs of horses for the same and large amounts for lunches, or etc. On this account we express at this time the conviction that this Senate cannot exercise too great care in the appropriation of large sums of money to be expended for "Incidentals."

Your committee would recommend that there should be a law passed that all officials handling Government moneys in any capacity (be) bonded to sufficient amounts to cover any possible "disappearances" of public moneys such as exemplified in the instance of this misnamed "Unpaid Bills" amount of \$2337.55. Ample bond should be required from the head of each department of the Territorial Government as well as from disbursing officers and other clerks handling moneys.

Respectfully submitted,  
J. D. PARIS,  
L. L. McCANDLESS,  
Committee.

Honolulu, March 17, 1903.  
Hon. J. D. Paris, Chairman Committee on Public Expenditures.

Dear Sir:—I beg to make report herewith as to the items amounting to \$2337.55, a shortage in the office of Superintendent of Public Works during the administration of B. H. Wright, when employed as chief clerk, being the same items now recommended by the Governor under special message to the Legislature under the head of appropriation for unpaid bills, included in his message under date of February 28, 1903, the same being there included under item of Roads and Bridges, Fourth District; I find upon examination that warrants for these amounts have been drawn by the Auditor and that pay rolls for the same are now on file in his office properly received; that the warrants have been paid by the Treasury Department. In view of these facts, I am of the opinion that the same cannot be properly classed as unpaid bills, but must be paid by a special appropriation for that purpose.

The facts relative to these amounts I find to be as follows:  
Copy from letter of H. E. Cooper, Superintendent of Public Works, to Governor Dole, dated February 13, 1903:  
Pay roll, June 30, Kealaakalo—ole to boundary of Lihue, \$ 475 65  
Pay roll, June 30, Kealaakalo—ole to boundary of Lihue, 359 10  
Pay roll, July 30, Kealaakalo—ole to boundary of Lihue, 424 10  
Pay roll, June 30, complete road Pahala to Volcano House, 275 00  
Pay roll, June 30, completion road Huehue to boundary South Kohala, 685 00  
Pay roll, June 30, completion road Huehue to boundary

## House Asks Opinion Of Attorney General

**SENATE.**  
Twenty-seventh Day.  
Vice President J. D. Paris was in the chair at the opening of the Senate this morning.

A communication was received from the House of Representatives transmitting a batch of eleven bills that had passed third reading in that chamber. Senator Cecil Brown, on a motion to read a first time the law relating to desertion of married persons, said the House had made a mistake, which would not occur again, as every one of these bills had been passed a third time or otherwise disposed of by the Senate.

There was a promiscuous discussion, several members talking at once, ending in the Senate taking up the alleged House bills on first reading. When three bills had passed reading by title, to be read a second time tomorrow, Senator McCandless moved for having the bills referred to committees forthwith for comparison with the measures as they had passed the Senate. This caused another confused clamor of voices which ended in a continuation of the process as already started.

Bills that had not passed third reading previously were thus advanced to second reading. All are law amendments promoted by the Bar Association advised and assisted by Chief Justice Frear.

President Crabbe in the meantime took the chair.

**Opinion by Committee.**  
Senator Cecil Brown, from the Judiciary Committee, presented the following report on the error of the House just mentioned:  
Hon. C. L. Crabbe, President of the Senate.

Sir:—The Judiciary Committee, to whom was referred Senate Bill No. 103, report that the bill declares the legal effect of the adoption of a child, especially with regard to heirship, and settles permanently that question.

The question thus settled is now uncertain, and as there are no decisions of the Supreme Court directly on the matter, we think the declaration by the Legislature should be made and therefore recommend the passage of the bill.

Honolulu, March 20th, 1903.  
All signed by Cecil Brown, Palmer P. Woods and W. C. Achi. The bills were set for third reading tomorrow.

**Looking Up Business.**  
An inquiry by Senator Achi about a certain bill caused a general discussion on stray bills. It transpired that the Forestry bill was held back by the Public Lands Committee at the request of its introducer, Senator Baldwin, to await information from Hilo. Other bills were accounted for by chairmen of different committees.

**Expedite County Bill.**  
Senator Kalaauokalani presented the following resolution:  
"Whereas, the legislative period is drawing near its end, and  
"Whereas, the Special Committee on County Bill has made their report to the Senate, and  
"Whereas, the consideration by the Senate of said County Bill in its second reading is not receiving the attention of this body;

"Be it therefore resolved, that after hearing of the reports of standing committees today, the Senate shall thereupon take in consideration Senate bill No. 1 till its passage in its second reading."

"Be it further resolved, that the 21st, 23rd and 24th day of this month be set aside, for the consideration of said County Bill in its third bill with the setting aside of some of the business of the Senate."

Senator Dickey proposed an amendment that the County Bill be made the special order of the day for Monday the 23rd inst. and be proceeded with until finished. He related the work that the special committee was having done to put the bill in proper shape for consideration.

Senator Kalaauokalani thought the Senate might go ahead with considering the bill by sections on second reading, taking up the various amendments that had been proposed as they were ready for submission.

Senator Baldwin approved of the resolution with the amendment proposed by Senator C. Brown. The reason for the present delay was to have amendments translated for the native members.

## Sound Steamers Collide And Passengers Killed

[Associated Press Special Cable.]  
NEW LONDON, Conn., March 20.—The palatial Sound steamers Plymouth and City of Taunton collided in the fog early this morning and seven persons were killed and many injured. The steamers, with heavy passenger lists, were proceeding at comparatively slow speed when the collision occurred. The larger portion of the passengers were in their berths. After the first shock there was pandemonium on board. Many passengers jumped into the sea and the complete list of the missing is not yet known.

Including passengers and crew, there were 900 people on board the two steamers. The loss of life was due principally to the panic among the passengers. Both steamers were docked under their own steam.

## Sugar Drops In Cuba

[Associated Press Special Cable.]  
HAVANA, Cuba, March 20.—There has been a fall in prices at which sugar is held throughout Cuba on account of the fear that the Cuban Congress will not ratify the Reciprocity Treaty. President Palma is hopeful, but business interests are very doubtful of a favorable result.

## Roosevelt Appoints Negro

WASHINGTON, D. C., March 20.—The President today reappointed Dr. W. D. Crum to be Collector of the Port of Charleston, S. C. Crum is the negro over whose appointment the South has made such a hard fight. The Senate in regular and extra session failed to confirm the appointment, having refused to take action.

**TWO MILLIONS IN FLAMES.**  
SYDNEY, March 20.—A fire in the henchs warehouse this morning destroyed \$2,000,000 worth of property.

**PALMA CALLS EXTRA SESSION.**  
WASHINGTON, D. C., March 20.—Word was received here today that President Palma will call an extra session of the Cuban Congress to ratify the Reciprocity Treaty.

**OFFER FOR VENEZUELA DEBT.**  
WASHINGTON, D. C., March 20.—An international syndicate, headed by the Seligmans, has offered Venezuela \$50,000,000 with which to pay off its indebtedness arising from the international claims.

WASHINGTON, D. C., March 20.—Former Attorney General Dole, when asked today regarding the shortages in the Hawaiian offices, stated that he had no knowledge of the state of affairs.

**MARRIED.**  
HOYT-LUNING—In this city, March 19, 1903, by the Rt. Rev. H. B. Restarick, Sherman W. Hoyt to Mrs. Marion M. Luning.

Loo Hoy, the Chinese who extorted money from Japanese prostitutes under an agreement to protect them from police interference, was committed to the Circuit Court for trial by Judge Wilcox this morning.

The steamer Siberia got away at 1 o'clock. There was an immense crowd at the wharf to see the boat away.

**BIG SWORDFISH.**  
A sword fish eleven feet long and four feet around was caught at Walaue yesterday. It was brought to the fish-market this morning. The sword was thirty inches long and the fish weighed about four hundred pounds.

Two gunboats, the Tampico and the Vera Cruz, built for the Mexican Government, were launched at Elizabethport, N. J., recently. Nine Mexican naval officers and fifteen cadets are supervising the construction of the vessels.

Coal Mine Explosion.  
Halifax, March 19.—In a Nova Scotia coal mine explosion four men were killed. The damage to property amounts to half a million dollars.

Pacific Mail Steamers.  
Philadelphia, March 19.—The Pacific Mail Steamship Company has bought two 15,000-ton steamers to ply between San Francisco, Honolulu and the Orient.

Gold Bar to Buffalo.  
Albany, N. Y., March 19.—A gold bar consigned to Buffalo and worth \$20,000 has disappeared from the custody of the express company. It is believed to have been stolen here.

## A NARROW ESCAPE

There were five Honolulu people aboard the Siberia Tuesday night for the purpose of inspecting the ship who were congratulating themselves today that they are not now on their way to the Orient. It all happened in this way. The young people strolled down to the Siberia to see some friends away and went into one of the rooms there to spend the time until the hour the ship should be ready to cast off her moorings.

It was not expected that the steamer would leave on time. The young people were enjoying themselves when one of the number thought he would go out on deck for a moment. To his great surprise and consternation, the steamer was out in the vicinity of the spur buoy and there seemed to be no way of getting back.

Suddenly, the tug boat was seen astern of the big liner, just in the act of starting in the channel. The young man shouted to the best of his ability and fortunately the tug captain heard the summons out of the night. The direction of the tug boat was changed and she was soon alongside the Siberia. It did not take the five young people very long to get aboard.

Had it not been for the accident of the trip up on deck of one of the members of the party, at least four would surely be on their way to the Orient at this time. The young man who went out on deck stated that in the event of his failing to attract the attention of the captain of the tug boat, he would have thrown off his clothes and swam ashore.

### COLLINS-HYDE.

Miss Cornelia B. Hyde, who has made her home in Honolulu for a long time, was married yesterday to Dwight M. Collins at the home of Mr. and Mrs. Theo. Richards, the ceremony taking place at 5 o'clock. Rev. Wm. Morris Kincaid, of Central Union church, performed the ceremony. The lady where the ceremony was performed was decorated with greens and white violets. There were present only Mr. Collins' relatives and a few of Miss Hyde's most intimate friends. Mr. and Mrs. Collins left in the Korea today. Mr. and Mrs. Collins will make their home in Pittsfield. Mr. Collins was a stranger in Honolulu. He is quite an elderly gentleman but is very wealthy.

### BORN.

English and Madras Gingham. Our 25c quality this week at 12 1/2c yard.

#### LADIES' KID GL'VES

Our regular \$1.25 and \$1.50 qualities, every pair guaranteed, black, white, grey and tan. This week \$1.00 per pair.

## Dimond Gas Franchise Carries In Senate

### SENATE.

Twenty-sixth Day.

#### Afternoon Session.

Senator Baldwin, on the resumption of consideration of the Appropriation Bill at the Department of Public Lands, made remarks in substance as follows: He thought the Senate had made a blunder in setting out to make the appropriations for only six months. His plan would be to pass the salaries for the whole of the biennial period, inserting a provision at the last to the effect that when the County Bill went into effect the salaries for certain officers would cease while those for others went on. Similarly, with regard to appropriations for the several departments, the appropriations might as well be made for the whole period, as was in fact being done with certain items from their very nature.

Senator Paris thought, it as broad as it was long so far as saving of time was concerned. Senator McCandless seconded the opinion of Senator Baldwin, saying he had held this from the beginning. The process under way involved going over the whole work again to apportion items for the Territorial government which should be for the biennial period.

Senator Brown suggested for the rest of the reading that the full amounts be appropriated by amending the committee's items of one-fourth to the amounts in the original bill. This was adopted and the second reading of the bill proceeded.

Items in the Public Lands Department passed without amendment. Senator Brown moved to refer the entire list under Commission of Agriculture and Forestry to the special committee on that subject, consisting of Iseberg, Baldwin and Kalaupokalani. Carried.

Segregation, support and treatment of lepers as amended from odd figures, within a thousand less, to the round amount of \$229,000.

Insane Asylum, \$46,000, was held to be considered with a report of committee. It was passed over until the deputy clerk could find the document.

Steamer for Board of Health at \$25,000 and running expenses of steamer at \$36,000 caused a discussion.

Senator J. T. Brown wanted to know what steamer and President Crabbe said \$45,000 would not buy any kind of a steamer.

Senator Dickey said never mind, some kind of a steamer was required. It was very awkward as it was. He called for the ayes and noes on a motion to strike out the items, which when done showed his own vote the only no against 12 ayes.

On the item of \$20,000 for addition to Malulu Hospital building and its equipment, Senator Baldwin thought it should be for a new building and go in the Loan Bill.

"Put the steamer in the Loan bill to," Senator Dickey said.

"If you make it \$50,000 I'll be with you," President Crabbe responded.

Senator Cecil Brown said let it pass now, to which Senator Baldwin assented, and the hospital item passed.

The Military.

Senator Cecil Brown thought \$1250 ought to be sufficient for uniforms for enlisted men, incidentals, etc., instead of \$5000.

Senator McCandless spoke of the young men giving their time to the militia service. He thought \$5000 would not go very far with 250 men. Senator Cecil Brown called his attention to an unexpended balance for last period, to which the speaker replied that it was expected more men would enlist.

President Crabbe referred to the existence of companies in Hilo and Wailuku, with other country towns expected to have companies. They had all been the drill lately, which United States Army officers said could be surpassed nowhere. And they were Hawaiian boys.

The item passed. There was an incipient murmur at \$8000 for trips of the band to the other islands, also at \$6000 for incidentals and traveling expenses of the Auditor's department, but both went through without a division.

Amendments to directory clauses were made and the bill passed second reading.

Corporation Stamp Tax.

The bill to repeal the stamp duties law so far as it relates to corporation stock transfers passed third reading, those voting no being Kaine, Kalaupokalani, Kaohi and McCandless.

The bill relating to escheat of land was read a third time. Senator C. Brown explained, in answer to Senator Dickey, that the only change from the old law was to transfer the jurisdiction from the Supreme to the Circuit Court and make the limit ten years instead of fifteen years as the term lands might be delinquent for taxes before becoming liable to escheat. The bill passed.

The bill amending the law relating to married women was read a third time and passed.

The bill relating to married contracts was read a third time and passed. Senator Cecil Brown explained that

the only change from the present law was in substituting the word Territory for Republic.

The bill amending the law relating to the protection of birds was read a third time. It devotes the mynah bird by exception to indiscriminate slaughter.

Senator J. T. Brown raised a breeze in Hawaiian which elicited answering zephyrs of dulcet speech in the same language from Chairman Brown of the Judiciary Committee without the intermediation of the interpreter.

Senator Dickey, however, queried points in the bill in the official language with such effect as to make Senator McCandless move to refer the bill to the Committee on Miscellaneous Petitions, of which the objector is chairman.

When the call of the ayes and noes had reached Senator McCandless he wanted enlightenment and moved to reconsider action thus far. At this Senator Cecil Brown changed his eye to no, and the bill was lost by the negative votes of C. Brown, J. T. Brown, Crabbe, Dickey, Kaine, Kalaupokalani, Kaohi, Paris and Woods.

The bill repealing the bounty for killing mongoose passed third reading 9 to 3.

The bill relating to the Register of Conveyances passed third reading.

Gas Franchise Contest.

On the second reading of the bill granting a franchise for the manufacture and distribution of gas for light and fuel to W. W. Dimond and associates being called, Senator McCandless moved to defer the consideration of this bill, together with that granting a similar franchise to A. L. C. Atkinson and associates, until Monday, the 23d inst. His reason was that he desired to amend the bills by making one bill of them, leaving out the names of grantees and providing to have the franchise offered for sale by auction at the upset price of \$10,000.

Senator Cecil Brown held that only one bill could be disposed of at a time, whereupon Senator McCandless made his motion apply to No. 23 (the Dimond bill).

Senator Kalaupokalani could see the motive of the Committee on Public Lands. They wanted to kill the bill, which was in behalf of a Hawaiian boy.

Senator Baldwin remarked that the principal grantees in the other bill was a Hawaiian boy, or one born and brought up in the islands.

The motion was lost and, on motion of Senator McCandless, No. 23 was taken up for consideration, section by section.

Senator McCandless moved to strike out the words, "W. W. Dimond and associates," when they appeared in the first sections and went on to advocate his scheme of getting \$10,000 for the Territory out of the franchise.

Senator Kalaupokalani moved that the section pass as read, making a speech. The Senate knew nothing of what Senator McCandless alleged as to this being a foreign corporation, but it did know that the man whose name appeared was a Hawaiian citizen.

Senator Baldwin had always been opposed to granting franchises in the names of individuals. Sometimes it was necessary, but this was not such a case. He had no feeling one way or another between Messrs. Dimond and Atkinson, but as the bills were the same in tenor he believed the fairest course was to have the franchise put up at auction.

Senator Dickey stated that he had introduced the Dimond bill. This was early in the session and at the time he had no idea that there was any other applicant in the field.

President Crabbe—No other thought of it until this bill was introduced. Senator Dickey proceeded to tell how he had been impressed by the arguments he had heard on behalf of competition for the franchise, and moved an amendment to grant the franchise to "the person, corporation or company which will pay the highest amount at auction for the privilege."

Senator Paris said one way the amendment seemed the fairest, but they could not give the franchise. They were proposing to sell something they could not sell. If they had the right to sell it he would vote for the amendment.

Senator Cecil Brown said it made no difference if it were put up at auction, it must go to Congress for approval. Any corporation formed here, except under our general incorporation law, must be submitted to Congress. This was his judgment.

Senator McCandless asked if it could not be put up at auction after being approved by Congress.

Senator Baldwin could not read English any other way than that, under the Organic Act, this Legislature could not grant any exclusive privilege or grant any private franchise. He quoted the Act on the subject.

President Crabbe ruled that the previous speakers had exhausted their right of discussion, having all spoken twice on the question.

Senator Achi suggested that the rule proposed by Senator McCandless in this matter should be applied to that Senator's bill granting a railroad franchise to E. C. Winston and others. Sell it at auction. No matter for whom a franchise is asked, treat all alike.

The amendment was lost and the section passed as in the bill, by 8 to 4. It was smooth sailing thence for the bill, only amendments being offered for improving the bill. The provision for charging consumers for enters was struck out.

The bill as read contains a reference

to the jurisdiction of Congress, but Senator Achi considered it necessary to insert words in the Governor's approval clause making the bill subject to approval by Congress. This carried.

As amended the bill passed, to be read a third time on Monday. At 4 p. m. the Senate adjourned.

## Washington Elm Told Strange Story

It was recently decided that what was left of the "Washington Elm" in Hartford, Conn., so known because of the story that Washington stopped under it when he visited Captain Jeremiah Wadsworth, on the occasion of the conference with Rochambeau, must come down, and many persons went to get pieces of the elm. When asked if he believed the story which gave the tree its name, Superintendent of Streets Hanning replied:

"Why, if that tree could speak it would prove it." A moment later he picked up a limb some inches through and at the cross-section was a perfect profile of Washington like a miniature in wax. It was made by the brown heart of the limb. Officers of the Connecticut Historical Society pronounce it a marvel.

## Hero of Manitou Crippled for Life

Leo E. Loeb, who is known as the Paul Revere of Colorado, arrived in New York March 13, to consult specialists with regard to partial paralysis, from which he has suffered as the result of the achievement which earned him the title he carries. Loeb is the man who, when a cloudburst let loose a wall of water 175 feet high five miles outside of Manitou, Colo., mounted a pony and riding at breakneck speed, warned the residents of the approaching calamity.

Just outside of Manitou Loeb's pony stumbled and horse and rider were plunged down an incline. The horse was killed, but Loeb gave the alarm in time to enable the 7,000 residents to escape. Four days afterward Loeb suffered a stroke of paralysis as a result of his fall.

## BRITISH INCOME SHORT.

The British Treasury experts are greatly disappointed by the revenue returns, and are forecasting a deficit when Mr. Ritchie makes his budget speech, says the London representative of the New York Tribune. There are shortages in excise, the income tax and the customs, and it now seems improbable that Sir Michael Hicks-Beach's estimate will hold good. Delay in the payment of taxes is one of exhaustion of the country under the pressure of financial burdens.

## COAL MARKET SUPPLIED.

To all intents and purposes the American demand for British coal is now over, according to the London correspondent of the New York Tribune. At any rate the inquiry has fallen flat, and such shipments as are now going forward are mainly the fulfillment of old orders.

## TO CURE A COLD IN ONE DAY

Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. E. W. Grove's signature on each box; 25 cents.

The BUSINESS MAN'S HANDY INDEX, published in the Saturday Bulletin and the Weekly Edition, gives a concise and complete resume of all legal notices, calls for tenders, judgments, building permits and real estate transactions. Evening Bulletin, 75 cents per month. Weekly Bulletin, 1 per year.

Joseph Shirk, formerly of Lancaster, Pa., the man who made the first revolver, died the other day. The present generation hardly remembers a time when there was no revolver, but in truth it is a modern weapon and in its real efficiency only a few years old, not to exceed forty.

## MOANA HOTEL

WAIKIKI BEACH

Rapid Transit Electric Cars arrive at, and depart from, the main entrance of the Moana Hotel every ten minutes.

MOANA HOTEL CO., LTD.,

has removed to the Boston Block, on Fort Street. Dr. Moore will be in attendance daily from 10 a. m. to 3 p. m. 2393-1m

Fine Job Printing at the Bulletin office.

## Important Reasons WHY HERRING-HALL-MARVIN SAFE CO.'S SAFES AND LOCKS ARE THE BEST

The concrete filling makes these safes absolutely Fire-Proof and positively Damp-Proof. The solid angle corners add greatly to their security in time of fire, and form the only solid corners made. The patent BOLT-WORK is superior to any in use, and does not require constant oiling, cleaning and repairs that is acknowledged in other makes of safes. That although 600,000 of these safes are now in use and many thousands have been tested by some of the most disastrous conflagrations in the United States, there is not a single instance on record wherein one of them ever failed to preserve its contents perfectly. They make safes for County Treasurers, County Recorders, County Clerks, Jewelers, Hotels, Residences, Churches and Corporations. We have a Large Assortment of Safes on hand and will be pleased to show same.

THEO. H. DAVIES & Co., Limited KAAHUMANU ST.

FRIDAY, MARCH 20, 1903.

Wm. White will have to wait no longer than one steamer for the citizens of Waikiki to raise their voice and unanimously proclaim that they are not in the hands of a soulless corporation.

Taxpayers will view with pride the success of legislators who will reduce taxation by the very practical method of putting official salaries on an American basis. Hawaii would have difficulty in finding a State or sister Territory in the Union that pays higher salaries and gets less return.

The cable dispatch announcing the purchase of two new steamers by the Pacific Mail Company undoubtedly has reference to the two steamers constructed by the Atlantic Transportation at Camden, N. J., recently referred to in the Bulletin. These steamers are 600 feet in length, 10 feet in depth and 45 foot beam. These vessels, which General Manager Schwerin went East to examine, with the Korea and Siberia, will give the Pacific Mail Company a freight and passenger equipment second to none in the trans-Pacific trade.

## SAVE TERRITORY'S MONEY.

In deciding to pass the Appropriation Bill for the full biennial period instead of the six months to elapse before the County Bill will supposedly go into effect, the Senate is due to take two or three second thoughts.

It is all very well to provide for contingencies, any change of date when the County Bill will go into effect, or failure of any portion of the bill to be effective. Forfeiting possible chaotic conditions is quite proper.

But does the Senate or the Legislature as a whole propose to continue the present high-salary list with which this Territory is burdened? Do the legislators contemplate keeping up the present rate of payment for public service, which is not only higher than that prevailing in States or Territories, but is far above the rate paid for similar services in the business community? Is the Republican Legislature to keep up the old luxurious ideas of business in the government that have long been discarded in private business operations of Hawaii? Are \$75, \$100 and \$150 a month positions gauged by business standards to remain at the \$200 rate for the Government?

The Bulletin is aware that the Governor has made no reductions, but, with all due respect to Mr. Dole, his estimates are not based on business principle from the standpoint of the taxpayer. The best and surest way of saving money is to cut off expense. This can be done in the salary list of the Territorial officials without reducing the efficiency of the service in the slightest.

The Legislature can save the Territory money in the salary lists. Is it equal to the occasion?

## PASSING THE COUNTY BILL.

"The County Bill Won't Pass." This is the gossip of the lobby and the street corner. What foundation there is for such statements it is difficult to imagine and harder to establish unless citizens of Hawaii have lost their reason or are so pessimistic that they are ready, possibly anxious, to throw up their hands in defeat for no other reason than lack of energy to carry to completion what is once undertaken.

Why won't the County Bill pass? This query is answered with equal indecision. The report of the special Senate committee adding to the centralization features of the bill is quoted by some. Others point to the equally radical departure from centralization ideas which is likely to emanate from the House. Again mysterious allusion is made to known and unknown individuals who don't want local self-government and hang onto the old order of affairs with selfish tenacity.

Take all these forces individually or collectively and still there is no sufficient ground for the assertion that the County Bill will not pass. The Senate committee's report has not yet been adopted. It foreshadows a fight for a centralized bill. But that doesn't defeat the bill. The House committee is now at work. This committee seems likely to report a bill as liberal as the Senate's is hide-bound. But that does not defeat the bill. Senators and Representatives have differed radically on vital details of more than one important legislative act. But these differences have not defeated the bills.

There is one condition and one alone possible to secure the defeat of the County Bill; that is an admission by the Republican majority in the Senate

and the Republican majority in the House that they are a lot of chuckle-headed chumps incapable of compromising, lacking in ability to fulfill promises, devoid of essential elements that go to make up a competent, aggressive party whole. We know of no members of the House or Senate prepared to accept this horn of the dilemma. Despite factional criticism there is nothing to indicate that the Republican majority is heading to this conclusion.

The county and municipal bills must pass. Failure will dig a political grave for the Republican party deeper than the bowels of Kilanea and equally destructive.

Nothing in the political history of the country has ever been more definitely defined than the Republican promise to establish county and municipal government. It was the slogan, the vote winner, the backbone of the campaign. To suggest, much less predict failure, to propose that the enactment of county and municipal laws is beyond the range of probable productions of the Republican party is an exhibition of weakness akin to silly childhood days. The task before the Legislature is a hard one no doubt. There are men old in legislative and political experience who are new to local self-government. Not a few are groping in the dark and are at loss to know just what is best when making this revolutionary step in government complete. These facts should be the signal, not of distress, but for harder work and more of it.

The county and municipal bills are putting the Republican party to the test. There can be, there must be no such word as fail if the members of the Senate, members of the House and the Republican organization expects to remain as anything more than a weak insignificant mark in history.

## MISSNAMED "UNPAID BILLS" ITEM IS SCORED BY SENATORIAL COMMITTEE

(Continued from Page 1.)

South Kohala . . . . . 119 00

\$2337 85

The pay rolls were approved and warrants issued in the name of Chas. Wilcox, disbursing agent, and the funds were turned over by him to H. H. Wright. The money, however, was put remitted to the payees of the pay rolls. As warrants have been drawn and payment of the bills made, the Auditor cannot issue new warrants without specific appropriations for their payment.

Taking these warrants up separately I find that Warrant No. 5327, dated July 15, for \$475.65, and Warrant No. 5328, dated July 15, for \$529.10, were endorsed by Chas. Wilcox, clerk, and the money paid to him on July 31 by Henry C. Hapal, Registrar.

Warranted dated July 25, No. 5675, for \$275; Warrant dated July 31, No. 5848, for \$885; and Warrant dated July 31, No. 5849, for \$119, were stamped by the Registrar for the Treasury Department July 31, 1902, and paid by the bank of Hawaii on the same date to Chas. Wilcox, clerk. These warrants were paid by the Bank of Hawaii by an arrangement with the Territorial Treasurer, whereby the Territory was to pay 6 per cent interest on the money thus advanced. I find the Bank of Hawaii was reimbursed by the Treasurer November 15, 1902. Warrant No. 5925, dated August 15, 1902, for \$424.10, was endorsed by Chas. Wilcox, clerk, and by him only, and was paid November 25, 1902.

Upon first examination of Mr. Hapal he was very positive that he had paid the same to Mr. Wilcox on that date, but upon further investigation I find that this warrant was paid on November 25, 1902, on which day warrants were paid to the amount of \$201,003.17, among which were warrants to the amount of \$131,674.54, which warrants had been deposited in the Chinese Fund as security for that amount of this fund being then in use by the Territory. From this fact I am unable to trace this warrant further.

I find in this connection that when the Chinese Fund was counted by Mr. Cooper as Treasurer and Mr. Hapal as Registrar, that the same consisted of Warrants . . . . . \$131,674 54 Cash . . . . . 11,601 89 I O U W. H. Wright . . . . . 17,949 91

Total . . . . . \$161,226 25 No memorandum having been kept by either Mr. Cooper or Mr. Hapal at the time of counting this fund, it is impossible to locate any particular warrant which was in the Chinese Fund at the time of payment of same, November 25, 1902.

As to the statement of Mr. Wilcox, I refer you to his typewritten statement with other matters touching on the matter which I have seen copies of and which Mr. C. M. White, chief clerk of the office of Public Works, informs me he has furnished your committee, briefly calling to your attention the I O U held by Mr. Wilcox, which he claims is for these amounts, all of which have been paid months after the date of the I O U and for an entirely different and less amount.

Copy of I O U:  
"March 24, 1902.  
"I O U \$960.25.  
"B. H. WRIGHT."

You will note that there is no amount written in the I O U, and that the same is in lead pencil, not even the precaution being used to place the \$ mark. One or more figures placed to the left would easily raise the same to most any amount required.

Trusting this information may be of service to your committee, I remain, respectfully yours,

L. C. ABLES,  
Accountant.

Honolulu, March 18, 1903.  
Hon. J. D. Paris, Chairman Committee on Public Expenditures.  
Dear Sir:—For the better information of your committee, I beg to call your attention to what appears to me to be a careless and reckless expenditure of public funds when appropriated under such heads as Incidentals, and for that purpose refer you to a few sample bills:

Under Traveling Expenses, Road Engineer, appear the following items:  
One gray horse . . . . . \$ 130 00  
Saddle, bridle and riding out . . . . . 54 50  
Total . . . . . \$ 184 50

Department Incidentals, Nov. 12, 1901, I find the following items:  
Warrant No. 1934, A. B. Loebenstein—  
1 double spring hackboard . . . . . \$ 165 00  
1 set double harness . . . . . 55 00

For use of Superintendent and Assistant Superintendent of Public Works, Jan. 31, 1902:  
Warrant No. 2617, A. L. Loebenstein—  
1 span of horses, Jack & Gill, for use of Pub. Wks. Dpt. . . . . \$ 225 00

Aug. 30, 1902, bill of Oct. 31, 1901, Demosthenes Cafe, Hilo, Warrant No. 6201, 3 meals, \$4.75; 5 lunches, \$1.75 . . . . . 6 50

Hilo Hotel, room and board, 4 persons . . . . . 51 50  
4 lunches . . . . . 1 40

Volcano Stables, 1 person Laupahoehoe to Hilo . . . . . 3 00  
Bill of livery at Laupahoehoe and driver . . . . . 20 75

Cartage, saddles, etc. . . . . 75  
Hack hire, Kau Mana . . . . . 1 00  
Hack hire inspecting reservoirs . . . . . 5 00

Hack hire to Waikanae and waiting . . . . . 4 50  
Carriage and saddle horse, Punia, 2 days . . . . . 35 00

Hack hire, various places . . . . . 6 00  
Wilder's S. S. Co., 4 persons Hilo to Honolulu . . . . . 50 00

Total . . . . . \$ 190 40

Warrant No. 6378—  
Board and lodgings, 7 persons J. H. Boyd, M. Campbell, F. Godfrey, A. J. Williams, Mr. Forbes, Mr. Wall and native, inspecting Waipio Beach road, etc. . . . . \$ 24 00

Re Frank Godfrey—  
Warrant No. 6379, 1902, August 30:  
Sept. 30, 1901, services with Supt. Pub. Wks. to Island of Hawaii, compiling notes of information and statistical statements, 14 days at \$5 . . . . . \$ 70 00

Aug. 30, 1902, Warrant No. 6384, Oct. 31, 1901:  
Services with Supt. Pub. Wks. compiling notes and statistics as to condition of roads and bridges, 13 days at \$5 . . . . . 65 00

Aug. 30, Warrant No. 6381, Oct. 31, 1901:  
Arranging report and clerical work relative to condition of roads, etc. in Hawaii . . . . . \$ 80 00

Aug. 30, Warrant No. 6382, Nov. 15, 1901:  
Services in re compiling statistics on forest fires, Hama-

kua . . . . . \$ 65 00  
Sept. 15, July 31, 10 days' clerical work, including extra night work . . . . . 50 00

Dec. 20, Aug. 31, 1902, 27 days clerical services at \$5 . . . . . 135 00

Total . . . . . \$ 465 00

Of the above amounts, \$280 was drawn by B. H. Wright, and \$185 was drawn by Manuel Cook.

\$465

Further under this head of Incidentals for the different Departments of the Government, I wish to call your attention to large expenditures for legal services. In my opinion, this is properly the work of the Attorney General's Department, and I believe that sufficient appropriations are made to cover these items.

## BY AUTHORITY.

### EXECUTIVE NOTICE.

### FIRE CLAIM BONDS OF THE TERRITORY OF HAWAII.

By direction of the Governor sealed bids will be received at the office of the Secretary of the Territory until twelve (12) o'clock noon, on Monday, April 20, 1903, for Three Hundred and Twenty-six Thousand (\$326,000.00) Dollars of Territorial Coupon Bonds, in denomination of One Thousand Dollars each, authorized by an Act of Congress.

### DESCRIPTION.

These Bonds are to be dated May 1, 1903, and may be redeemed by the Territory of Hawaii after the first day of May, 1908, and are payable on or before the first day of May, 1918, bearing interest at the rate of four (4) per cent. per annum, payable semi-annually on the first day of May and November of each year, both principal and interest being payable in United States Gold Coin of the present standard of weight and fineness, at Wells, Fargo & Co.'s Bank in the City of New York. These Bonds are signed by Territorial officials and the Secretary of the Interior.

### AUTHORIZATION.

These Bonds are to be issued in pursuance of an Act of Congress, approved January 26, 1903, entitled: "An Act to pay in part judgments rendered under an Act of the legislative assembly of the Territory of Hawaii for property destroyed in suppressing the bubonic plague in said Territory in eighteen hundred and ninety-nine and nineteen hundred, and authorizing the Territory of Hawaii to issue bonds for the payment of the remaining claims," by which they are EXEMPT FROM ANY AND ALL TAXES, and the payment thereof constitutes a charge upon the revenues of the Territory of Hawaii.

### SECURITY.

The average annual revenue of the Territory for the past two years has been \$2,420,128.95  
The present assessed valuation of the taxable property of the Territory is 122,000,539.38  
Present actual debt, not including above proposed new issue, is 931,970.31

### RESTRICTIONS.

Tenders will be received for the whole issue, or any part thereof. Each bid must be accompanied by a certified check, payable to the order of the Governor of the Territory, for at least ten (10) per cent. of the aggregate amount of the amount bid upon, the amount of said check to be forfeited to the Territory of Hawaii in the event of failure on the part of the bidder, after notification of acceptance of the proposal, to carry into effect the terms thereof. Bidders whose proposals are accepted will be required to pay ten (10) per cent. in U. S. Gold Coin upon the amount of their bids as soon as they receive notice of acceptance; and to pay in like coin twenty (20) per cent. at the expiration of each ten days thereafter, until the whole is paid. But they may, at their option, pay the entire amount of their bid when notified of acceptance, or at any time when an installment is payable. The price the bidder proposes to pay, the place where he desires the bonds shall be delivered, and the office—whether that of the Treasurer of the Territory of Hawaii, at Honolulu, or Wells, Fargo & Co.'s Bank, New York City—where it will be most convenient for the bidder to deposit the amounts of his payments, must be specifically stated in the proposal. No offer for the purchase of the bonds for less than their face value will be considered.

### RIGHTS RESERVED.

The right to reject any and all bids, to waive technical defects, and to accept any part of any bid and reject the other part is hereby expressly reserved to the Governor of the Territory of Hawaii.

### HOW ADDRESSED.

All proposals must be addressed to the Governor of the Territory of Hawaii, and must be distinctly marked "Proposals for the Purchase of Four Per Cent. Bonds." Blank forms for proposals and copies of the Act of Congress and the Rules and Regulations published by the Secretary of the Interior may be had upon application.

ALEX. G. HAWES, JR.,

Secretary to the Governor.

Executive Chamber, Territory of Hawaii, March 19th, 1903.  
2409-6f

### MADDEN LOST HIS DIGNITY.

Third Assistant Postmaster-General Madden lost his most cherished possession recently, and during the short few moments that he was strenuously endeavoring to recover it, the boisterous hilarity of a number of his subordinates, who were spectators, is causing them some anxiety. Mr. Madden's cherished possession is his dignity. It is a visible, tangible thing, and, as one of his clerks remarked the other day, the General would as soon think of coming to the office in a pair of pink pajamas as in any other garb than a frock coat and high hat. The wind blew a gale and some of the happenings in the open space in front of the Post Office Building rivaled the stunts performed by the wind at the famous Flatiron corner in New York.

Since the news was printed in the Sun some time ago that Mr. Madden had his luncheon served on a Chippen Dale table with wonderful legs, he has made it a point to go out to his midday meal. He was crossing the avenue in front of the building when he lowered

his head preparatory to making a Mad-denesque salutation to a passing acquaintance. The wind took instant advantage of the opportunity, and a minute later Mr. Madden's dignity was a block away and going faster with every revolution. There was a moment's struggle between dignity and several other things, and just as the hat made them some anxiety. Mr. Madden's dignity was a miraculous escape from under the wheels of a swiftly moving electric car. It was a dignity lost and Mr. Madden gathered up his coat tails and lit out after the hat.

The clerks standing in front of the building, never having seen the General without his cherished possession, did not immediately recognize him, and shouted such expressions of encouragement as "Go it, legs," "Hit it up, old man," "Smash the record for the 100-yard dash," and the like. Mr. Madden caught the tide, considerably the worse for wear, at Ninth street, and returned to his office for breath and repairs.

Weekly edition of the Bulletin, \$1 a year.

### BUILD NEW WARSHIPS.

Washington, March 9. — Senators Hale and Perkins called on Secretary Moody today and talked of the construction of vessels in Government yards. Secretary Moody agreed at the request of the Senators to build a wooden brig at Portsmouth and a training ship each at the Mare Island and Norfolk yards. The training ships are to be of steel, propelled by sail and are to cost, exclusive of armament, not exceeding \$370,000 each.

Secretary Moody was non-committal as to the construction of battleships in the Navy yards. He said it would be three months or more before the plans would be ready. Senator Hale is not in favor of building these big ships in the Navy yards and the Navy Department has a wholesome respect for Hale's opinion, as he practically dictates the appropriations for the Department. Hale said today he expected to live for ten or fifteen years more, but did not expect to live long enough to see the battleship Connecticut completed by the Brooklyn Navy Yard. The training ship to be built at Mare Island will be assigned to the use of the Navy on the Pacific Coast.

### THE TRADE-TRAIT.

An American dollar is worth a dollar. But is the article for which you tender your dollar in payment a fair exchange? Are you getting your money's worth? Every nation is composed of a mass of individuals each one of which has in its make-up a certain trait called—trade. To trade means to invest. A poor investment depreciates the principal; entails a loss. To get the most, the best, for your money shows the trade-trait present in the buyer and an honest endeavor on the part of the seller to retain customers, which means an advantageous mutual exchange of values.

Inasmuch as the DOUGLAS PATENT CLOSER, guaranteed against leakage and the annoyance of running water, is a fair exchange, is proven to be of genuine merit, is giving satisfaction, why not install one? Bath, The Plumber, 165 King St., handles the Douglas.

The authorities of British Columbia have established travelling libraries for the benefit of the numerous lumber and mining camps in that Western Canadian province.

## A Reserve That Is a Reserve

The RESERVE FUND of the PHOENIX SAVINGS, BUILDING and LOAN ASSOCIATION is an additional cash capital paid in by the management. It is placed upon first mortgage under the California law, the same as your money. It is subject to the State authorities in case of loss, etc. These mortgages, for a lditional safety, are placed with the Mercantile Trust Company, the strongest trust company on the coast, and are non-negotiable. They hold them for the benefit of all, also to comply with the charter and by-laws of this Company, and the laws of the State of California. It is not a Reserve Fund made from the other stockholders. It is paid in cash by the management; it cannot be withdrawn until all contracts are completed and have been paid to the other stockholders of this Company. This Reserve Fund eliminates every possibility of a loss to you.

Our directors are satisfied that this system of loaning is safe, or they would not put up this Reserve Fund, or any part of it, to guarantee against loss. We annex a complete list of the Directors and Managers and Reserve Fund stockholders of the Phoenix Saving, Building and Loan Association.

A limited amount only of Class A 60c stock—100 payments to pay to produce \$100—for sale. \$12 per month are the payments on a \$2000 certificate. Guaranteed withdrawal values on the above.

**A. A. WATKINS**, Vice Pres. W. W. Montague and Co. and Pres. Board of Trade (S. F.).

ROBERT SLAUGHTER, GENERAL AGENT.

## EVERY KIND OF Upholstering - Repairs

Does your furniture need renewing? Just look—for perhaps the furniture you bought when you got married is looking shabby. No doubt the recollections it recalls are very pleasing, and you don't want to lose sight of these old friends—but faded furniture has a dispiriting look, and however much you expend upon it, it seems to be in vain. The room is lacking in cheerful comfort under such circumstances. It wants freshening up, and only some nice pieces of new furniture will do that. Now we have these nice pieces—their appearance is pleasing and the good wear they will give makes them really economical.

## RITHEI WON'T TALK

The San Francisco Chronicle of March 12 says:

There was a flurry of excitement in California street yesterday with the news of the absorption by the sugar trust of the plant output on hand and raw products, which had been contracted for, of the California-Hawaiian Sugar Refining Company at Crockett. The news that the company was paying off its employees by means of checks on San Francisco and that the deal was being wound up here even to details, in addition to the fact that the Alexander & Baldwin Company, Limited, had orders to deliver shiploads of the raw product either here or on the way here and originally consigned to the California-Hawaiian refinery, to the Spreckels refinery, caused a big sugar trade.

Buying orders of from 25,000 bags of sugar up were quickly executed during the day, and the wires to New York were kept hot. Information that the news was out was sent to the Hawaiians. The California-Hawaiian Company immediately stopped taking orders and notified its agents at Los Angeles, Portland, Sacramento, Seattle and other places to stop selling for their account. Every sugar man in San Francisco was stirred up over the news and acted on the advice received for his own pecuniary benefit. Raw sugar was much firmer and was easy at 14. The beet sugar market was strong. There has been no change in New York in raw or refined sugar since March 5.

President R. P. Rithet of the formerly independent company indulged in a half-hour of repartee in discussing the subject. While he refused to verify the report that the trust was in possession of his plant in so many words, he said that he would not deny it.

"There is no use in denying anything," he said. "You have already published the story and have quoted people who ought to know. Of course you know that I cannot say anything to you about it. However, I am willing to say 'no' to as many questions as you want to ask."

"Affirmatively, I will say that we have closed down and that it is none of the sugar handlers or the public's business. If they are interested they can find out as best they can. We started the business without consulting anybody and we can close it down, can't we, without consulting anybody or telling them the reason? We are not in the market, and are temporarily out of the game. Our stock has never been listed and will not be now. It has always been closely held by the original shareholders. We are very well satisfied, thank you, with the present state of affairs," and at this remark the president laughed heartily.

"Do you remember the scene in 'The Old Homestead' where the old farmer said, 'Well, I'm well satisfied? That is exactly."

"Has the stock of the company changed hands in the past thirty days?" he was asked pointedly.

"I told you I would say 'no' to as many questions as you asked, so I'll say 'no' to that."

"Will you say on your word that the stock has not changed hands in the past thirty days?"

"My dear sir, it is just as easy to say 'no' to that and so I'll say it. 'No.'"

"Has any arrangement been entered into with the trust regarding the stock, the stopping of cutting prices or with a pooling of interests in view?"

"Oh, that's putting it somewhat differently. Well, I'll say—no, I won't say—I'm through talking. Sorry I can't tell you any more. It seems to be so interesting to people. Let those interested find out for themselves."

One of the largest of the sugar men said that the result of the amalgamation of the warring California sugar interests would be that the jobbing houses can now afford to lay in stocks of sugar and that there will be a much larger demand for refined sugar because it will have more stability. The sugar handlers all united in this view of the result.

The brokers were unanimous in saying that the whole list of sugar stocks will be materially improved and that prices will be higher. However, that sugar products will be higher is not yet a foregone conclusion. The market is now at the kind of mercurial of the trust and it can be manipulated up or down to suit the conditions which confront the American Sugar Refining Company. At the offices of Williams & Dimond, agents for the California and Hawaiian Steamship Company, it was said that no doubt existed anywhere that the deal had been perfected now in all details. The Alexander & Baldwin Co., Ltd., verified the report that it had received instructions to deliver ship's cargoes of raw sugar destined to the California-Hawaiian Company's wharves to the Spreckels people.

**THE BUSINESS MAN'S HANDY INDEX**, published in the Saturday Bulletin and the Weekly Edition, gives a concise and complete resume of all legal notices, calls for tenders, judgments, building permits and real estate transactions. Evening Bulletin, 75 cents per month. Weekly Bulletin, \$1 per year.

It is announced that the New York firm which supplied the fountain at George Gould's country home at Lakewood has been asked by the King of Siam to make an estimate on the cost of erecting a similar fountain, five times as large, in the central courtyard of his palace.

Kodaks at a discount of 20 per cent at the Honolulu Photo-Supply Co. Prices are soon to be raised to list.

## WM. WHITE SPEAKS FOR LAHAINA'S CLAIM

Editor Evening Bulletin:—Allow me to place before the numerous readers of your valuable paper a few words in favor of the claim of my home town to the county seat of Maui.

Situated at the cross-roads of the growing inter-island commerce between Honolulu, Maui and Hawaii, sheltered by the island of Lanai and Molokai, having the best and safest anchorage of inter-island steamers, which call there almost every day for supplies or orders, the advantages of Lahaina as a county seat and its facilities of inter-island communication and traffic promising to it a future of commercial prosperity and greatness are preeminently greater than those of her inland rival, the town of Wailuku.

The port of Lahaina, as the safest anchorage known outside of Honolulu and Hilo, is in itself a most promising commercial asset of this Territory. This port and what is the property of the people and is for the free use of the public unlike the port of Wailuku at Kahului, which, aside from the reefs and shoals where the bones of many wrecks may still be seen, which make it a most dangerous port, its wharf and landing and approaches are the private property of a wealthy millionaire corporation, and it is with the most sincere regret that I am constrained to say that not a parcel of freight, from a bale of hay to a tin of kumukahi, can be landed there except that it pay a tribute of dollars and hundreds for the benefit of this wealthy and selfish corporation, whose minions are at the gates of Wailuku. This wealthy corporation it is who is today making a great cry in the name of the innocent folk of Wailuku for the county seat in order that its traffic may grow more and its wealth pile up higher from a tribute to be wrung from all Maui.

As the most centrally located town in the proposed county, easily accessible from all parts by land or by sea, having for the accommodation of travelers two fine hotels, two saloons, a national bank about to be established, five modern up-to-date lively stores, four large general merchandise houses and smaller stores in general, Lahaina promises to develop into a commercial center of no mean importance. Her public water work system drawing a supply of the purest mountain water is without an equal, one of the best public schools of the Territory, Lahaina, and four churches of the four different denominations has kept up her unequalled reputation as a seat of learning, and as it were, the Athens of Hawaii.

Only a week ago ago it appeared in the public prints that the residents of Wailuku were making many efforts to elevate Wailuku above the level of its humdrum village existence to the dignity of a town by having new streets cut through miles of sugar plantation, an effort to break away from the too friendly clutches of the wealthy corporation in control of Kahului. This week the same public prints state that the citizens of Wailuku are requesting an appropriation of \$125,000 for roads in order to make that ambitious town accessible to the rest of the people of Maui and \$50,000 for a court and county building for county officers. Thus we have indisputable proofs that right at the start the public-spirited politicians of Wailuku have boldly come forward with a proposal to saddle the new baby county with a bonded indebtedness of \$183,500 in order to fit Wailuku for the honor, all of which are now at the disposal of the people of Maui in the town of Lahaina without an extra expense of one cent.

In Lahaina there is already a large two-story court house building built of stone where county officers may be safely housed without an extra outlay of one cent of county funds or county credit.

Now, I contend to put the County of Maui to the unnecessary expense asked for by Wailuku is wrong. For it means heavy taxes to the poor people of all Maui to pay interest on the bonds, and to provide a sinking fund for redemption of the bonds when due; it means complaints and general dissatisfaction, all of which can be avoided by voting the county seat to Lahaina. And if you still want to saddle a bonded indebtedness on the county to the extent above named, why let the money be expended for a carriage road from Wailuku to Keahoe to Hana to Kipahulu, to Kaupo, Kahikini, to Uluapalua to connect with the Lahaina to Wailuku boulevard.

Again, a reference to the kuleana book will show more natives have kuleanas in Lahaina than any other town, enabling poorer Hawaiians to visit Lahaina on county business with little expense to themselves, for while at Lahaina they will stay with makamakias.

Aside from these purely economical reasons there are other arguments in favor of Lahaina.

Lahaina was the capital of Maui when we were a nation. Lahaina, the mother of learning among Hawaiians, consecrated to the Christian enlightenment of the race, hallowed by the self-denying labors of the good old missionary fathers, is there. That homely spot on the barren hillside is a sacred spot to generations of Hawaiians, and but to tread there was to them an inspiration of a life-time elsewhere is no compensation.

In Lahaina was promulgated the first written laws which led to the inception of an orderly constitutional government on these islands, a fact from which Lahaina may lay claim to its being the birth place of civilization of the Hawaiian people. There, after con-

\*\*\*\*\*  
verting the people from heathen immorality, the Rev. Richards was assailed by angry sea captains and the town bombarded because under the benign influence of the good old missionary father, Lahaina was first to become a Christian community.

David Molo, Judge Foreman, the historian, the elder Baldwin, and men whose names are household words among Hawaiians, were residents of Lahaina. Places and scenes made memorable to Hawaiians by their writings and sayings and associations are among the treasured traditions of our common heritage.

I have more arguments, but let me stop and ask what Wailuku has to offer for the honor? What tangible increments? Nothing. The selfish interests of certain wealthy corporations is at the bottom of her ambition.

She offers to burden the new baby county with a bonded indebtedness of \$183,500 and a pile of additional taxes for interest and redemption fund, in order to provide her with suitable roads and a proper county office and court building, all of which Lahaina is ready to place at the disposal of the county without cost to the taxpayer, and in the meantime until the county building is erected county offices will keep office in tents or cheap knock-down shacks if Wailuku is to be the county seat.

W. M. WHITE.

Lahaina, March 17, 1936.

## REVISE SALARY LISTS

Editor Evening Bulletin:—Would you kindly permit me space enough in your paper to express my views on the salary question as our legislators seem to be giving it some attention also. It seems to me there are some positions under our government where the salary is not proportionate to the responsibility and labor performed, and a revision of these would, I think, result in some benefit to the Government.

Take for instance the salary of a first assistant clerk in some of the government departments at \$200 per month, with office hours from 9 a. m. to 4 p. m. and a half holiday every Saturday and all the other holidays are recognized by our government and no responsibility; he may through carelessness or inability, make some clerical errors, which would be detected sooner or later and rectified without expense to the Government except loss of time and some ink and paper.

Compare this salary and responsibility with that of the men in charge of our government power plants, valued at from \$50,000 to \$100,000, at a salary of \$125 per month and to whom holidays are unknown, as they are on duty every day in the year, and where through carelessness or inattention they might wreck the whole plant and cause thousands of dollars worth of damage, besides interrupting a public service.

These men have spent five or six of the best years of their lives working in shops as apprentices for a mere pittance in order to qualify themselves for the positions they now hold, and they ought to receive a fair remuneration for their services.

Now, Mr. Editor, if these salaries were raised and placed on a more equitable basis it would result in some benefit to the government and the underpaid. For instance, if the high salaried man with no responsibility, was reduced \$50, and the low salaried man with lots of responsibility raised \$25, the Government could benefit by the other \$25, which would amount to enough in a year to have kept our dusty streets sprinkled for the past week.

Bath, J. P. C. Hagens, P. Schneider, J. Goldstein, Honolulu; L. R. Crook, Makawao, Maui; James Bicknell, Honolulu; Jas. S. Gray, Hakalau, Hawaii; Wm. E. Bai, Wailuku, Maui; P. R. Helm, Geo. P. Dennison, Honolulu; Norman Lyman, J. G. Peraltie, Hilo; Henry Birch, Hilo, Maui; Ignatius R. Burns, Honolulu.

## IROQUOIS TO HELP.

Commander Rodman of the Iroquois has received a cable from those in charge of laying the rest of the Pacific Cable asking his cooperation in the work of landing the cable at Midway Island.  
No directions from the Navy Department have yet been received but it is thought instructions will come shortly. It is expected that the Iroquois will start on her trip about May.  
Judge De Bolt is hearing the petition of Rebecca Ponce Humeku against the payment of Thomas Fitch's fee of \$1,250 out of her estate.  
The people the islands over were looking for the passage of a County Bill and great care should be taken that there were no flaws in it.  
At about 12:15 o'clock, a motion was made to take a recess until 2 o'clock and an amendment by Mr. Aylett, to adjourn until tomorrow in order to allow the County Bill Committee time to work was carried.

MORTGAGEE'S NOTICE OF FORECLOSURE AND SALE.  
In accordance with the powers of sale contained in two certain mortgages made by Wilhelm Kelle, of Honolulu, Island of Oahu, Territory of Hawaii, to the Pioneer Building and Loan Association of Hawaii, dated respectively the 22d day of March, 1897, and the 24th day of February, 1900, and recorded respectively in Liber 170, on pages 145 to 147, and Liber 204, on pages 273 to 275, in the Register Office, Oahu, notice is hereby given that said mortgagee intends to foreclose said mortgages for condition broken, to-wit: non-payment of principal, interest, assessments and premiums when due; and upon such foreclosure will sell at public auction at the auction rooms of James F. Morgan, on Queen street, in said Honolulu, on Saturday, the 11th day of April, 1903, at 12 o'clock noon of said day, the premises described in said mortgages, namely:

All that certain parcel of land situated at Kalia, Waikiki, Honolulu, afore-said, bounded as follows:  
Beginning at the S. corner of these lots and the E. corner of a lot known as No. 3, and owned by H. W. Bennett, on the Western side of a sub-division road and thence running  
S. 27° 40' W. along said R. W. Bennett's lot 100 feet;  
S. 49° 50' E. 100 feet;  
S. 27° 40' E. along the main Waikiki road 150 feet  
S. 49° 50' W. along said subdivision road to place of beginning;  
being lots known as Numbers 1 and 2 as shown on Bruce Waring & Co.'s map, and being the same premises conveyed to said Wilhelm Kelle by J. A. Magoon by deed dated March 22d, 1897.

PIONEER BUILDING AND LOAN ASSOCIATION OF HAWAII.  
By its Attorney:  
A. G. M. ROBERTSON.  
Dated, Honolulu, March 17th, 1903.  
2400—Mch 20, 27; Apr. 3, 10.

IN THE CIRCUIT COURT OF THE First Circuit, Territory of Hawaii. At Chambers, in Probate. In the Matter of the Estate of Henri Courtis, late of Honolulu, Oahu, Deceased. Order of Notice of Hearing Petition for Allowance of Final Accounts, Distribution and Discharge. On reading and filing the petition and accounts of David Dayton, Administrator of the Estate of Henri Courtis, wherein he asks to be allowed \$154.00, and he charges himself with \$170.00, and asks that the same may be examined and approved, and that a final order may be made of distribution of the property remaining in his hands to the persons thereto entitled, and discharging him and his sureties from all further responsibility as such Administrator, it is ordered that Monday, the 27th day of April, A. D. 1903, at 10 o'clock a. m., before the Judge of said Court at the court room of the said Court at Honolulu, Island of Oahu, be and the same hereby is appointed as the time and place for hearing said petition and accounts, and that all persons interested may then and there appear and show cause, if any they have, why the same should not be granted, and may present evidence as to who are entitled to the said property. And that notice of this order, in the English language, be published in the Evening Bulletin, a newspaper printed and published in Honolulu, for three successive weeks, the last publication to be not less than two weeks previous to the time therein appointed for said hearing.

Dated at Honolulu, this 19th day of March, 1903.

**E. C. WINSTON.**

## SENATE.

(Continued from Page 1.)  
lers and the chairman of the special committee had just promised that everything would be ready on Monday.

President Crabbe, having called Senator McCandless to the chair, proposed an amendment to the County Bill be considered in night sessions. If the general business of the Senate were set aside for this measure, an extension of the session would be necessary.

Senator Achi deemed it would be enough to adopt Senator Brown's amendment, and from day to day it could be decided whether or not to hold night sittings. The Senate had but twenty-two days more in which to pass the bill if the House and the Governor were to have any time for its consideration. Unless they took every day and some nights the bill would be killed.

"Yes," the speaker said in reply to a rally from C. Brown about what he said the other day, "I am ready to swallow the bill whole with the reports of the Special Committee."

"Well, move the reports be adopted," Chairman Brown suggested.

Senator Achi accepted the challenge and in a minute it was decided that the reports of the special committee be adopted, the bill typewritten and its third reading be taken up Monday night and continued every night except Sunday until completed.

At 12 o'clock, while the Expenditure Committee's report was being translated by the interpreter, the Senate took recess until 2 o'clock.

In the meantime a message from the Governor was received. It transmitted estimates of appropriations under the Loan Bill.

## HOUSE.

(Continued from Page 1.)  
take an oath before some judge of a court of record in substantially the following form:

"I solemnly swear in the presence of Almighty God that I will faithfully support the Constitution and laws of the United States and the laws of the Territory of Hawaii, and that I will conscientiously and honestly perform my duties as an attorney and counselor in the courts of the Territory of Hawaii."

Section 1074. The fee for a license to practice law in all the courts of the Territory shall be \$25, which shall be paid to a clerk of the Supreme Court for the benefit of the Territorial Treasury.

Section 1074A. The Supreme Court, or any Justice thereof, may examine and admit as practitioners in all the District Courts of the Territory such persons, being citizens of the United States, of good moral character, as such court or any such Justice shall find qualified for that purpose."

Mr. Kupieha arose to present a minority report of the special committee appointed for the purpose of taking into consideration the Republican County Bill. Mr. Chillingworth objected to any such procedure, saying that the report was neither that of a minority nor yet of a majority of the committee but a report on the part of just one single member of the committee. The Speaker ruled that as the majority report had not yet been handed in, the report of the minority would have to await its appearance. Mr. Kupieha, in explanation of his action, read the report which was to the effect that the County Bill now in the hands of the committee, was not legal and was contrary to the provisions of the Organic Act. This report was ruled out of order by the Chair in accordance with the ruling which had just been made.

Mr. Kupieha went on to state his reasons for bringing in the report. He had refused to sit on the special committee because he did not believe the bill to be in accordance with the Organic Act.

The Speaker made the statement that if it was information the member wanted, the best way to do was to present a resolution asking for such information from the proper source. If there was a doubt in the mind of the member as to the propriety of sitting on the special committee, he could resign. If the House had any authority in the matter of a legal opinion on the subject and the Speaker were to be asked for a ruling, he would certainly rule quickly and to the point that Section 56 of the Organic Act made it incumbent on the Legislature to pass a general Act providing for counties, towns and municipalities, if it passed one at all.

The section referred to by Speaker Beckley reads as follows:  
"Section 56. That the Legislature may create counties and town and city municipalities within the Territory of Hawaii and provide for the government thereof."

**Favor Hack Bill.**  
Report of the Finance Committee on House Bill 28, "An Act relating to passenger, vehicles and drivers, and to regulate and license the same," laid on the table to be considered with the bill.

"We find that in the city of Honolulu up to March 31, 1903, there are 239 licensed hack-drivers, divided in nationalities as follows: American citizens, 108; Japanese, 62; Chinese, 60; Total, 230. We believe that a qualification to read and speak either the English or Hawaiian language is necessary, and that your committee, in conclusion, recommend that this bill pass."

**Pahoa Water Works.**  
Report of the special committee on the Pahoa water works referred back to the committee for further information.

"From a hearing had with the owners of said water works and papers filed with your committee, we find the owners estimate the value of the plant at \$135,000 but are willing to turn over the same to the Government for \$100,000 and take payment in whole or in part in Government bonds.  
"We have visited the pump while in operation and find that the capacity is 3,000,000 gallons of water every twenty-four hours, with a total lift of 325 feet.  
"We further find that there are at present fifty-two owners of property paying water rates of \$2313 per annum.  
"There are 2534 lots having an average size of 100 by 150 feet and 1587 lots having an average size of 50 by 100 feet in the tract of land adjoining the pumping plant divided up among 506 property owners which will undoubtedly be converted in homesteads.  
"In addition to this, the owners of the plant have a petition from forty residents in the vicinity of the Kaimolihili church, who are at present without water facilities and who are forced to carry their water from a distance, asking for water privileges from the Pahoa water works.  
"The foregoing shows the possibilities of the future development of said water works.  
"The present Government water rates, if applied to the whole of said lots, would bring in an annual revenue of about \$35,000.  
"Your committee further find that a conservative value of the pumping plant, pump house, boiler, artesian wells, reservoir, pipe lines, pipe fittings, 112 acres of land and rights of way, etc., estimated separately, amount to \$91,000.  
"The owners of said water works claim that the value of the plant as a whole, complete and in good working order with present water privileges is worth \$11,000.  
"Mr. Edmund C. Shorcy, the Government chemist, has analyzed the water from these wells and found very little animal matter in it and said that it is the best and most suitable for drinking purpose and far better than any artesian water in Honolulu.  
"The owners of the Pahoa water works will not take any figure less than what they are asking.  
"Your committee does not wish to pass upon the question as to whether the Government should or should not own and control the said water works, preferring to leave the decision of how far the Government should go in that

"The owners of the Pahoa water works will not take any figure less than what they are asking.  
"Your committee does not wish to pass upon the question as to whether the Government should or should not own and control the said water works, preferring to leave the decision of how far the Government should go in that

It seemed to be the opinion of the House that more information should be obtained. The report was complete as to the information that was at first required but other points had cropped up. The motion to refer back prevailed and the Speaker notified the chairman of the committee that he could obtain points on which information was asked from the stenographer's notes.

**Legal Opinion Wanted.**  
Resolution by Mr. Kupieha, adopted: Be it resolved that the Attorney General be instructed to render for the members of this House legal opinion on the construction of the Organic Act, or the authority of this Legislature relative to the creation of counties, towns and city municipalities whether they are to be created separately or jointly under a general Act.

**Kupieha's Arguments.**  
Mr. Kupieha, in explanation of the purpose of his resolution, said that the County Bill as it had been referred to the special committee of which he was a member, was incorrect by title, untrue, uncertain, unintelligent and illegal. It did not comply with the provision of the Organic Act on the subject. Mr. Kupieha continued along this strain for about ten minutes, going into various parts of the bill and giving what he believed to be the illegal phases, when Mr. Andrade arose and asked that the member be called to order. He was not speaking on the resolution which he had offered. Instead of waiting for the opinion of the Attorney General, he was giving opinions himself.

Speaker Beckley called Mr. Kupieha to order, telling him he would have to confine himself to the resolution. Mr. Kupieha did not seem to catch the drift of the Speaker's remarks for he kept right on talking in the same strain.

Mr. Andrade was again on his feet protesting and once again the member was called to order by the Speaker who stated that if he continued the strain he was indulging in, he would have to sit down.

A second warning was not heeded by the member and this time Mr. Andrade, jumping up, said: "Mr. Speaker, I again rise to a point of order. The member is certainly impertinent." At this the Speaker called Mr. Kupieha to order and told him to take his seat.

The motion to adopt the resolution was supported by Mr. Fernandes who advanced the opinion that before the House proceeded further with the consideration of the County Bill, it would be the best thing to obtain a legal opinion as to the bill which was at present in the hands of the special committee.

At about 12:15 o'clock, a motion was made to take a recess until 2 o'clock and an amendment by Mr. Aylett, to adjourn until tomorrow in order to allow the County Bill Committee time to work was carried.
