That Tired Feeling AND GENERAL DEBILITY.

The cause is poor, thin blood, resulting in deficient vitality. To overcome this, the blood needs to be enriched and vitalized, and for this there is no medicine in the world equal to **Ayer's Sarsaparilla**. The cures it has worked, the men, women and children it has restored to health, are countless in number. One such experience is related by Mr. Robert Goodfellow, Mitcham, South Australia, as follows: "I have used

AYER'S Sarsaparilla

in my family for years, and would not be without it. I used to suffer with boils and skin eruptions, attended with great lassitude and general debility. In fact, I was so ill that I could not attend to my business. Being advised to try Ayer's Sarsaparilla I did so, and I am happy to say that the medicine restored me to perfect health. I have since used Ayer's Sarsaparilla for my children, in various complaints, and it has always proved effective. I can safely recommend it to sufferers as

The Best Blood Purifier

Beware of imitations. The name—Ayer's Sarsaparilla—is prominent on the wrapper and blown in the glass of each bottle.

BOARD OF HEALTH MEETING

Odorless Excavator Must Not Go Round
in the Daytime.

Long List of Matters Relating to the General
Health, the Leper Settlement,
Physicians, etc.

President Smith, Dr. Emerson, Theo. F. Lansing, C. A. Brown, David L. Keliipio and Mr. Reynolds were present at a meeting of the Board of Health held at 3 o'clock yesterday afternoon.

Dr. Monsarrat reported the cattle of Baptista were in good shape.

Inspector Keliipio reported 39,895 and 31,578 fish examined in the past two weeks.

The medical board reported favorably on the examinations of Drs. N. S. Noblett and Dr. Emmett Rhodes, applicants for license to practise medicine.

Dr. Lindley of North Kona asked for a six months' leave of absence.

Petitions endorsing Dr. Atchley for the place in the interim were received from residents of South Kona.

The appointment of Dr. Allen, formerly of Lahaina, was recommended by Mr. Smith. The matter was left over to next meeting.

Resignation of Dr. Capron of Kau was read. Dr. McMillan was recommended for the place. Hutchinson and Pahala plantations notified the Board that they had appointed Dr. McMillan as their physician.

Action on the matter of filling the place was deferred. No appointment will be made for some time.

Dr. Oliver requested another stock of 12 cases of the Goto bathing medicine. Approved and the medicine will be ordered at once.

Dr. Rokaku reported the sanitary condition of Japan as good. Plague conditions in Formosa have not improved, but a strict quarantine is being maintained.

Dr. Jordan of Hongkong reported a number of cases of small pox and two cases of plague in the colony. Chinese and baggage are being carefully attended to.

While discussing the subject of kokuas at the Settlement Mr. Reynolds remarked that the homes there should be run independent of religion. There were Protestants at the Settlement, very sick people, who were refusing to go into the homes on account of the Catholic worship there.

Mr. Smith paid a high tribute to the work of the Sisters at the homes. The devotion of these women was something remarkable and their service was simply invaluable. Despite his Protestant predilections he was obliged to say that, in his opinion, the Catholics had succeeded there better than any other sect could have done.

Dr. Emerson denied that the Catholics were more devoted in this line of duty than Protestants. He had heard this assertion made in connection with the settlement so many times that he was tired of it, and was ready to assert boldly that it was not true. Protestants were as earnest, true and willing as Catholics, and the noble ones who had gone there had proved this.

Mr. Reynolds closed the subject by saying that secular homes were even now in urgent demand at

the Settlement and the time was near when there could be no religious lines in the homes.

Matter of odorless excavator came up. Board decided that work in the business portion of the city must be done at night. Adjourned at 5 o'clock.

THE LAST NIGHT.

Close of Season at Cyclomere Park on Saturday Night.

If the weather permit, the postponed bicycle races will be run off at Cyclomere Park Saturday evening, starting at 8 o'clock sharp. As this is the last of the present season and the track may be closed to all and the boys given much needed rest, it will be the last opportunity to see Bilmartin and H. F. Terrill, as both men will undoubtedly leave Honolulu before the opening of the next season.

One of the most interesting races will be the one and two-thirds mile lap race for amateurs. This race is a new one to the public and makes an extremely diverting one for the spectators.

All the professionals as well as the amateurs will contest on this occasion. Seats for grand stand and boxes are on sale at Wall, Nichols Company.

Hotel Man Coming.

S. Jackson of Charleston, S. C., a hotel man of vast experience and plenty of money, writes a friend that he will arrive in Honolulu very shortly. His mission here is not known. Mr. Jackson is a man who keeps up with the world pretty well, however, and it is believed that he has a special scheme in view. That the idea is a hotel goes without saying. If he does undertake such a project it is safe to say that it will be a mammoth enterprise with the backing to make it a success.

Talks About the Water.

Dr. Howard charges an attack of malaria, from which he is now convalescing, to the valley water at present running in the city mains. He thinks the water is in such a state as to make it wholly unfit for drinking purposes unless properly boiled. The increase of fever in the past few months, he states, is traceable directly to the water. Unless people can be compelled to use only boiled water he thinks the artesian supply should be kept up at whatever cost.

Unearthed a Skeleton.

While digging a hole on the premises occupied by W. H. Hoogs' new residence last Monday, Henry Cook and Ira A. Burgett unearthed the skeleton of a man, evidently that of a native Hawaiian. The frame was found to be exceedingly large, and from the perfect teeth it is drawn that the person was in the prime of life at the time of his death. It was also evident that the body had been buried very many years.

The Dangers of Spring

Which arise from impurities in the blood and a depleted condition of this vital fluid may be entirely averted by Hood's Sarsaparilla. This great medicine cures all spring humors, boils, eruptions and sores, and by enriching and vitalizing the blood, it overcomes that tired feeling and gives vitality and vigor.

Hood's Pills cure nausea, sick headache, biliousness and all liver ills. Price 25 cents.

Accident and Death.

Just before 3 o'clock yesterday Witta, the driver of the Tramways water sprinkler, fell from his seat on King street near the Executive building and received injuries from which he afterward died. He leaves a wife and two children.

"Hennessy's Inn" is the latest name for the barracks jail.

LEGISLATURE IN SESSION

Interrogation Points Still Confront the
Cabinet in the House.

Senator Brown Introduces an Opium Bill and
Bills for Oahu Railway—Usurped Power
Exposed in House.

THE SENATE.

The Senate met at the usual hour this morning, President Wilder in the chair. Chaplain Pearson opened the proceedings with prayer.

On the call of the roll Senators Lyman, Northrup and Horner were noted absent.

The minutes of yesterday were read and approved.

Senator Brown gave notice of his intention to introduce the following Acts:

An Act to provide the Oahu Railway and Land Company with land for wharves in Honolulu harbor.

An Act to amend Section 1 of an Act entitled "An Act to further promote the construction of railways on the Island of Oahu," approved the 15th day of September, 1890.

An Act to amend Section 1 of an Act entitled "An Act to extend certain streets in the District of Honolulu," approved May 27, 1896.

An Act to provide for and regulate the importation and sale of opium and preparations thereof, etc.

Senator Rice from the Committee on printing presented engrossed copies of Senate Bill No. 1.

Senator Brown called the attention of the Senate to the fact that the printed rules in the possession of the members did not contain the amendments made at the last session, whereupon the matter was ordered referred to the Committee on Rules.

Under suspension of the rules Senator Waterhouse moved that the report of the Minister of Foreign Affairs be taken up and referred to the Committee on Foreign Affairs. Carried.

Senate Bill No. 1, expenses of the Legislature, was taken up on the order of the day and passed the third reading by a unanimous vote.

On motion of Senator McCandless Senate Bill No. 7, relating to vehicles, tires and wheels, was taken up and read the second time by title. The bill was then referred to the Committee on Public Lands.

At 10:17 the Senate adjourned.

THE HOUSE.

Thirteen House members were present when the Speaker rapped for order at 10 o'clock this morning. Mr. Kaai of Maui was present, having returned from a flying trip to his home.

Mr. Smith replied to Mr. Gear's question of yesterday as follows: The Attorney-General, Marshal and subordinates enforce the laws. These officers prosecute criminal cases. Those having this authority also have authority to re-

fuse to bring proceedings or to nolle prosequi.

The rule of requiring the approval of the prosecuting officer before a warrant is caused to issue by the magistrate is not statutory, but is custom and is due the officers who have charge of the cases.

A magistrate is not obliged to wait for this approval, however.

A reasonable exercise of the practice has proved a benefit to the community.

Speaking upon the answer of the Attorney-General, Mr. Robertson remarked that the law gave every person the right to complain and ask for warrants. The practice of allowing prosecuting officers to decide whether or not a warrant shall issue had sprung up. There was no law behind it. The law gives a man the right spoken of and it cannot be taken away. The practice should stop.

Messrs. Loebenstein, McCandless and Atkinson reiterated the expression of Mr. Robertson's views.

Mr. Achi spoke at length upon the stand of the Attorney-General. He thought Mr. Smith had submitted a full and frank reply. He moved to refer to the Judiciary Committee.

Mr. Gear wished to say that the answer was not satisfactory and he would move that the answer be placed on file to be considered by the House.

Amendment carried.

Senate bill 1, appropriation for expenses of the Legislature, was reported.

Mr. Paris presented petitions for a school house at Kona waena and for \$3000 for widening the wharf and warehouse at Napoopoo. Several reports on bills were received.

Mr. McCandless asked the following question of the Attorney-General: "Please state how many of the political prisoners of 1895 have paid fines and how much, and who are the same if any."

Mr. Paris asked the following question of the Minister of Foreign Affairs: "Will you please inform this House the amounts demanded by the British government from the Republic of Hawaii for each of the following persons: E. B. Thomas, C. W. Ashford, F. H. Redward, W. F. Reynolds, Thomas Rawlins, G. C. Keuon, L. J. Levey, M. S. Bailey and F. Harrison."

Mr. Loebenstein asked the Minister of Interior to furnish the following to the House:

List of all contracts for road building and to whom awarded. List of individual bidders for each separate contract and the amounts of their bids.

List of contractors who received bonus for their work and reasons why such bonus was paid.

Also to inform this House if any contracts have been awarded after the tenders have been received and opened according to advertisement for such work. If so, state reasons for so doing.

Also, if any road contracts have been let out without being advertised in accordance with law. If so, who were they awarded to and reasons for so doing.

Also state when each road contract was completed and when final payments were made.

Mr. Gear asked the following questions:

"What is the present actual status of the claims referred to by the Minister of Foreign Affairs on pages 16, 17, 18, 19, 97 and 98 of his report to the Legislature?"

Has any specific amount been suggested by the British government as adequate compensation for the claimants, except Charles Dunwell, mentioned on page 17 of such report.

Have any claims for compensation, not specifically mentioned in said report to the Legislature, been brought to the attention of the Minister of Foreign Affairs by the representatives of any Foreign Powers, and if so what are the names of such claimants, and by what governments have such claims been presented, and what is the amount of such compensation requested or suggested?

Has the Government of the Republic of Hawaii made, attempted to make or been requested to make any compromise in regard to claims for compensation arising out of the imprisonment of any person or persons during the months of January and February, 1895, and if so, will the Minister of Foreign Affairs furnish the Legislature with all necessary information in regard thereto?

Rep. Loebenstein read the following question to the Minister of the Interior:

"Will you please inform the House by and under what authority any amounts were expended for a boat landing at Waialea, how and from what appropriation authorized by the Appropriation Bill of 1896-1897?"

Mr. Achi introduced the bill of which he gave notice on Monday relating to dowers.

Mr. Kaai gave notice of his intention to introduce a bill prohibiting children from using smoking tobacco.

Mr. Kaai asked for an appropriation of \$2000 for a school house at Nabiku homesteads.

Mr. Robertson introduced two bills, one relating to decisions of the Supreme Court, and the other giving assignees right to sue in certain cases.

Mr. Loebenstein's bill to amend Article 101 of the Constitution was read for the first time.

Senate bill No. 1, appropriation for expenses, passed first reading.

Mr. Kahaulelio requested leave of absence for two days. Granted. Recess to 1:30.

Exodus of Marine Deserters.

The Police Station at one o'clock today was a forcible reminder to a clearance day in those cities where the sailor boarding house keeper is a very potential figure. During the past week or so about twenty deserters from various ships have been gathered in and today eighteen of them, six being natives, were placed on the W. F. Babcock. Just as they were departing two others, Trout and Elwin, were brought in and are now in the yard.

Demand for More Battleships.

The Secretary of the Navy has demanded more battleships, and there can be no doubt that Congress will consider his recommendations. Protection is what our seaports require, and fortifications will not adequately supply this. Defense against all disorders of a malarial type is, however, adequately afforded by the liberal but judicious use of "Rainier beer." On tap or in bottles at the Criterion Saloon. Phone 783.

IMMIGRATION STATISTICS

Some Figures Taken from Secretary Wray Taylor's Report.

Personal Investigations Made in the Biennial Period—Number of Chinese and Japanese Laborers Introduced.

The Minister of Interior is president of the Board of Immigration, the other members being J. B. Atherton, J. G. Spencer, Jno. Carden, Jos. Marsden and D. B. Smith. Wray Taylor is the secretary and executive officer of the board and his report for the past biennial period is at hand, from which the following is condensed:

The Board held in all thirteen meetings in the two years, at which applications for laborers were approved for 6454 Japanese and 5241 Chinese. The conditions upon which most of these applications were approved were:

1. That before such permits are granted the employer shall bind himself to introduce into this country a number of European or American agricultural laborers equal to not less than 10 per cent of the number of Asiatic laborers for which permits are granted.

2. Such European or American laborers to be accompanied by women, not less in number than 25 per cent of the males.

3. The government to defray the cost of importing the women and children at a cost not to exceed \$130 for each family. The employer to pay the whole cost of importing the male laborers and any excess of the cost of families over \$130.

4. A good and sufficient bond is to be given in each case for the performance of these conditions.

JAPANESE IMMIGRATION.

The contracts of four lots of Japanese laborers who arrived under the terms of the Convention have expired in the two years, to wit:

	Men.	Women
March 6	582	145
June 19	1387	342
October 23	1292	314
1897.		
June 27	1190	296
	4451	1098

There are no more contracts under the Convention to expire.

The total arrivals of Japanese contract laborers during the two years ending December 31, 1897, through different Japanese immigration companies have been 6087 males, 1239 females and 34 children.

CHINESE IMMIGRATION.

The arrivals of Chinese contract laborers during the same period have been 6277. The total number of Chinese that have come in under the new form of agreement since August, 1895, when it was first in force, is 7364. Some of these were rejected at the quarantine station and a few deserted from the same place. The first three lots with a few exceptions have completed their deposit of \$36 for their return passage, viz.: \$1 for passport, \$35 for ticket. There is over \$130,000 to their credit, the total number of depositors having reached 7241. During the latter part of 1897, the importation of Chinese contract laborers was suspended.

During the period 109 Chinese have been returned to China, 173 have deserted and 101 died. Of the 173 desertions 80 were from Spreckelsville plantation which employs two Chinese contractors. There has also been quite a number of desertions from Paauhau and Hakalau plantations.

GERMAN IMMIGRATION.

Two small shipments of German laborers were introduced during the latter end of the period, under the conditions named above: On July 26, 1897, ex bark H. F. Glade, 25 married men, 25 married women, 90 single men, 73 children; on September 27, 1897, ex bark J. C. Pfueger, 3 married men, 3 married women, 1 single man and 7 children. The majority of these were sent to Kauai.

PLANTATIONS VISITED.

On April 21, 1897, Mr. Taylor visited Libue plantation, Kauai.

IMMIGRATION STATISTICS.

Continued from Second Page.

for the purpose of investigating
the causes that led up to a riot
there and which resulted in the
death of a Chinese contract labor-
er, and the arrest of fifteen others
on a charge of rioting. Mr. Goo
Kim, the Chinese Commercial
Agent, had previously made a
complaint that the Chinese labor-
ers were not well treated at Libue,
and had asked for an investiga-
tion. Two days were spent in
the inquiry and on his return Mr.
Taylor requested that the head luna
Mr. Zoller, be discharged at once
and that Manager Wolters be
reprimanded and held to strict
account for the better treatment
of laborers in future. This was
done and since then no further
complaints have come from Libue.
The fifteen ringleaders in the riot
were by order of Court returned
to China. The plantations of
Hawaiian Sugar Company, Elele
and Koloa were also visited on
this trip.

Olowalu plantation on Maui
was visited by Mr. Taylor on
June 9, 1897, where certain com-
plaints made by Chinese contract
laborers to Mr. Goo Kim, the
Commercial Agent, were investi-
gated. It was not by any means
the first time that com-
plaints had come from that
plantation, but the result of
the investigation and report was
that no further complaints have
come to hand.

In July of last year the planta-
tions of the Hilo Sugar Company,
Onomea Sugar Company and
Waiakoa Mill Company were
visited, as well as that of the
Pioneer Mill Company at Lahaina.
Two trips were made to Ewa on the
business of the board, one of
them being to attend the trial of
a Portuguese laborer for desertion.

In concluding this portion of
his report Mr. Taylor says he has
by correspondence and without
any publicity investigated many
troubles among the laborers, some
of them of a very trivial nature,
on different plantations, and in
each case the result has been en-
tirely satisfactory.

Attached to the report are
tabulated statements, showing the
number and nationality of all
classes of laborers on Hawaiian
sugar plantations for the years
1896 and 1897, for which there is
space only in this article to give
the totals by islands:

Island.	1896.	1897.
Oahu.....	2783	3864
Maui.....	4385	4782
Hawaii.....	10586	9680
Kauai.....	6026	6327
	23,780	24,653

Several of the plantations have
reported a large number of deser-
tions among Japanese laborers,
who have gone to the coffee lands.

THURSDAY, FEB. 24, 1898.

Legislation for wide tires is broad gauge and puts the country in line with other progressive communities. Ample time should, however, be given all concerned for adopting the reform. One should think, also, that rubber tired wheels ought to be exempted, as they will not cut up the roads.

With telephones on all the large islands, it ought to be possible for deputy sheriffs to take advice of the sheriffs in all emergencies. The plenary attribution of equal power with their superiors, sought to be effected by a bill before the House, goes entirely too far. It would only be logical to add a rider giving every policeman equal powers to those of the deputies.

In its opening days the Legislature has shown up favorably in comparison with any of its predecessors, respecting the manner in which it has gone straight to business without unnecessary delays. There appears to be an entire absence of any disposition to shirk work. On the other hand, a wise conservatism in evidence which will neither accept nor reject any proposition until it has received due deliberation.

Notwithstanding the ridicule in certain quarters, whenever a suggestion is made that vegetables, as well as fruits, might be raised for the Pacific Coast market, there is a good deal in it. When the season for those products fresh from the field is past over there, prices rise quickly to an extraordinary degree. It is then that the products of Hawaii might be whacked in with great profit. Lately D. G. Camarinos, the fruiterer and a horticulturist of long experience here and in the United States, gave a contemporary the prices of a few articles of garden truck, which were quoted to him in a letter from a San Francisco dealer with an order to send just as much of them as he could scrape up. They were cucumbers, tomatoes, vegetable marrow, etc., and the prices were really only within the reach of the better class of hotels and of wealthy people. These things have a marvelous growth in the Hawaiian soil and climate, and, as they need not be cultivated extensively only for the off season on the Coast, it does not appear why there need be a surplus to throw away at other times, whether that problem should be solved by the starting of canneries or not. Doubtless there will be a fruit and vegetable preserving industry established on these islands in time. Meanwhile, the growing of such products for the opportune periods of a loudly crying market on the Pacific Coast might be projected forthwith. Mr. Camarinos informs the BULLETIN that his idea would be to institute a system of collection of such products from farmers throughout the islands, at the proper times for having them shipped by the steamers hence for San Francisco and British Columbia ports. When Hilo gets a direct steamer service with the Coast—as the BULLETIN hopes will soon be the case—the scheme will be so much simplified. Struggling coffee planters, while awaiting the fruition of their main enterprise, might turn their outgo of capital into an income by utilizing their spare soil and time in market gardening once the marketing of the products is assured by such a system. It is just this sort of thing which should engage the practical attention of the Bureau of Agriculture. War on insect

blights and plant pests ought not to monopolize the energies of that institution. Promotion of diversified agriculture, now may prove, sooner than many people imagine, to have been the key to the general prosperity of the group. Adverse circumstances should always be regarded as liable to confront the sugar industry—for many years past recognised as the mainstay of the islands—at any time without long warning. Even annexation will not be perpetual assurance against depression in that staple. Therefore, it is well to provide in time against all contingencies, and, to use the much hackneyed phrase, have an end to putting all of our eggs into one basket.

A NOTABLE CAPTURE.

Two Criminals Cleverly Landed by Officers This Morning.

At one o'clock this morning Detectives Kaapa and Chan Poon made a red letter capture when they gathered in Geo. Summers and Ah Loy, two former convicts, near the railway station. The officers have been for some time watching the vicinity of Aala very closely, having discovered indications of an intended burglarious raid in the neighborhood. In fact, they were not anticipating that their midnight vigils would be graced by the company of two such eminent cracksmen as Summers and Loy, and the latter now admit that their reception was more enthusiastic and fervent than they expected.

Last night was an ideal night for knights of the crowbar, picklock and "jimmie," as any incautious step, or extra jar of a bar of iron in breaking open a safe would be smothered in a clap of thunder, and the lightning would obviate the use of the telltale dark lantern. Really these artistic professionals are jewels and should be carefully guarded in the future.

Among the articles of bijouterie found on them were a number of pieces of small jewelry which they admit were taken by them from the residence of Smith, the "bus" man. In addition the officers found in a package dropped by one of the pair one of the most complete and serviceable outfits ever captured on the Islands, indicating that the culprit had only opened a campaign that would have caused unrest and uneasiness in many a suburban home if it had not been nipped in the bud. The examination of the criminals will not be held until the officers have inquired into other cases of daring theft in which they think the handiwork of Summers and his "pal" are so apparent, that both will be placed on the retired list for many a year to come.

It is related of Summers, who is crippled in one foot, that he once stole a safe from Al Cartwright's house and the police believe that now is the time to put him beyond the reach of hot stoves.

POLICE COURT.

Rather Interesting Bill of Fare at This Morning's Diet.

Before Second Judge Peterson in the Police Court this morning two charges of violating the liquor law against Ah Kee were dismissed.

During the storm of last night two popular young men had an affray on the street. When the cases were called this morning one of them failed to respond, and his \$10 bail money was forfeited. His antagonist paid \$5 fine and seemed pleased at the price.

D. A. Dowsett several days ago had the privilege of assaulting Hulimoku and Justice Peterson this morning considered one dollar the proper thing and it was paid.

Keola, who celebrated Washington's Birthday by giving Maka a trouncing, was pleased when the latter did not materialize and the case was dismissed.

The cases of Summers and Ah Loy, the burglars arrested this morning, were continued until Saturday.

UNFAIR TO IRISH.

They Do the Fighting for which Scotch Get the Glory.

The world has been so widely thrilled by the heroic incident of the storming of Dargal Ridge that the following, from an editorial in the New York Evening Post, will no doubt be read with interest:

There are now no Highlanders in the British army, and there are comparatively few Lowland Scotchmen. The recruiting sergeant picks up a few boys about Edinburgh and Stirling Castle, but the stalwart battalions who fought at New Orleans and in the Crimea, and followed Havelock and Colin Campbell in India, are seen no more. In fact, the Scotch have ceased to enlist, for the simple reason that they can do better.

Scotchmen generally are too prosperous and industrious and canny, and emigrate too easily, to take "the Queen's shilling." The famous Highland regiments are now mainly made up of Englishmen and Irishmen, and consequently are really a kind of picturesque and harmless imposture. * * * Lord William Beresford, a fighting Irishman of the navy, has gone down armed with suspicions to the War Office and discovered that the Gordon Highlanders, who stormed the heights of Dragal—and set the Scotch bugles blowing—were mainly Irishmen, and that even the famous piper, who piped the "Cock of the North," after being shot through both legs, was an Irishman named Findlater, and said, "Arrah, beaisy," instead of "Hoot, mon." * * *

Probably everybody in the British empire knows that Marlborough was an Englishman and Lord Clyde a Scotchman, but how many know that Wellington was an Irishman, and that Lord Roberts and Lord Wolseley are also Irishmen? The achievements of these men and of others like them go to English or Scotch account, while to the Irish is left the glory of killing landlords and cutting off cows' tails. It is largely in these small things that Irish misgovernment consists. It has been made a crime and disgrace for the Irish to be national, while in the Scotch it has been encouraged, and the result is Irish hatred and alienation. The notion that it can all be cured by a visit from the Duke of York and Mr. Balfour is part of the same huge mistake which has made Irish history such a chapter of woe.

'Were you beaten for that office by the use of money, Birdley?' 'No, sir. The trouble was that we didn't use enough money.'

Timely Topics

February 18, 1898.

The recent rains have been so heavy that they have filled the reservoirs to overflowing, but at the same time the water has to be used so soon, that it does not have time to settle properly, and the result is that the water is discolored more or less, and is not fit to use. This seems to us just the time to call your attention to our

Improved Natural Stone Filters.

We have one on view in one of our windows, and it will be interesting to you to take a look at it. We have these Filters in four sizes, holding 6, 7, 8 and 9 quarts respectively. Some places need to supply a larger quantity of drinking water than a filter will hold, and for these we have

WATER COOLERS

in three sizes, which are the nicest articles of the kind ever seen here. Another thing we want to call your attention to is the

Robert's Ozonator.

This is a small jar-like fixture, to be hung up on the wall, and is simply invaluable for disinfecting purposes in and around closets, etc. Come in and have them explained to you.

Pull up your noble animal at the time honored headquarters for horse and carriage outfitting, corner of King and Fort streets. Then step in and see the first instalment of absolutely the most select and largest stock of harness hardware and trimmings, and riding and driving accessories ever brought to Honolulu. Perhaps you noticed that the steamer Australia was a little lower down in the water than usual. Well, among other things, she brought to the

Manufacturing
Harness
Company

goods in the lines here mentioned, to wit:

Ladies' Driving Whips, a large assortment;
Select Assortment of Trimmings for fine-made harness;
Leather, direct from the tannery, such as has never before been imported to Honolulu;
Horse Boots of all descriptions, Hoods, Sheets, Salt Sacks, Blanket Pins, Hobble, in fact everything pertaining to race track outfits—for the glorious 17th of March, do you mind?
Cable Trace Chains, Harness and Collars, etc., for our plantation friends.

An inspection of these goods is respectfully invited by all wanting anything in these lines. There is enough to occupy your attention until the next Australia arrives, when we shall have more to say about the completion of this season's magnificent importation. We wish you to make your own selections of hardware and trimmings for the harness you order made.

Window poles and fittings. King Bros., 110 Hotel street.

Representative McCandless is down the country but will be in tomorrow.

Wray Taylor calls a rehearsal of the Amat-ur Orchestra for 7:30 this evening.

Still another local engagement of interest will be announced within a week.

The rainfall for last night was 1.70 inches, making a total of 8.10 for the month.

A public concert will be given by the band at the Hawaiian hotel this evening.

All the League baseball teams are down to hard practice. They use the ground in turn.

Per Zealandia the Merchants' Exchange received a fresh lot of Enterprise beer and oysters for cocktails.

The concert on the Executive building grounds was stopped by the rain at 5 o'clock yesterday afternoon.

Part of the charter of the steamer Zealandia is to carry fresh frozen oysters to the Beaver lunch room.

Senator Helm has disposed of all his horses and will see the Islands before returning to his home in Washington State.

The correct Italian method for the mandolin is being taught by Mr. Chas. R. Frazier. Studio in Y. M. C. A. building.

Central Union church formally concluded last night to offer its pulpit to Dr. Palmer of Oakland at a salary of \$4500 a year.

A cricket match between teams selected by H. L. Herbert and A. St. M. Mackintosh will be played off next Saturday afternoon.

Gear, Lansing & Co. have purchased the Trousseau premises on Miller street, with the intention of cutting them up into building lots.

Ah Yau and his little pakapio game on Hotel street were visited by the police today and he left \$200 bail at the prison keeper's desk.

Waialae experienced another cloudburst yesterday afternoon. The rainfall this month in that neighborhood has been unprecedented.

Eight rooms were added to the Hawaiian hotel this morning by the reopening of cottage 300. They will be needed when the Zealandia arrives.

Pearson & Hobron, 312 Fort street, have had fifteen years' experience in typewriter repairing and can guarantee satisfaction every time.

At 10 tomorrow J. F. Morgan will sell the stock in trade of Tong Wo Chan. Three sewing machines will go, besides ladies' underwear, etc.

The regular weekly meeting of the Christian Workers will be held in the Y. M. C. A. hall at 3:30 tomorrow afternoon. Rev. O. H. Gulick will speak with reference to "Colportage work."

The concert for this evening at the Opera House is postponed until the 17th of March. This is due to the sale of tickets which up till noon today did not warrant the expenses of putting on the entertainment.

CIRCUIT COURT NOTES.

Several Property Disputes—Sorcery Trial Will Be Long.

Manuel and Domingo Nunez brought an action in equity in the First Circuit Court against Maria Teixeira several weeks ago and today the defendant by her attorneys, J. T. De Bolt and C. A. Peterson, filed an answer denying all the counts in the complaint. The action is brought to determine the status of the several parties with reference to a lot of land in Nuuanu valley.

H. J. Gallagher has filed with the Clerk a cost bill of \$7.10, the amount it cost him to convince Jos. Manuel that his points of law were not well taken in a recent action.

The native jury was still engaged before Judge Stanley this morning in considering the mysteries attached to the alleged sorceries and malicious arrest in the action of Kamaina against Pulaa et al. From the general appearances the case will consume several days.

The ejectment suit of H. Hopfe vs. Elizabeth Greenwell and Sam. Davis was submitted on testimony and the arguments will be heard in a few days.

In the action of Frank Tolles vs. Albert and Sarah Trask in replevin of certain personal property, the defendants by their attorneys, Dickey and Wood, have filed a plea in bar, in which they claim that the subject matter of the action was fully tried and adjudicated before Judge Carter on September 27, 1897.

In the First Circuit Court today the trial of the action of Nakamura and five other Japanese against the Makee Sugar Company is on hearing before a jury. Paul Neumann and Charles Clark for plaintiffs; Kinney & Ballou for defendants. The burden of the action as claimed by the plaintiffs is that they jointly leased some rice lands from the defendant corporation for a period of ten years and that shortly after entering into possession the defendants forcibly ejected them from the lands and damaged them to the extent of \$16,469, for which they demand judgment.

The clearness of the atmosphere after the storm gives amateurs an opportunity of taking clear, strong pictures of mountain scenery. Hobron Drug Co. have the kodaks.

By the return Australia the newly opened Criterion Barber Shop will have numbered shaving cups to rent by the month, and will be for the sole and exclusive use of the patron.

For more than fifty years has PERRY DAVIS' PAIN KILLER stood the test against all remedies prepared to eradicate pain, and today stands at the head of the list among the medicines that are so essential to keep at hand in the home.

It is not a new fangle remedy nor do the proprietors lay claim to any wonderful revelation of the ingredients that enter into the manufacture of this ever popular remedy.

It is perfectly harmless, you need have no fear of becoming habitually inclined to its use.

For Colic, Cramps, Dysentery, Colds, and all painful affections, a few doses will certainly give relief. You cannot afford to be without a bottle in the house.

Your forefathers used it and found it beneficial.

Why experiment with some remedy that is new and its effect on the system unknown?

It has many rivals but no equal.

The new 35c. size contains over double the quantity of the 25c. size.

Sale of Lease of Government Lot No. 21, Esplanade, Honolulu, Oahu.

On WEDNESDAY, March 23, 1898, at 12 o'clock noon, at the front entrance of the Executive Building will be sold at Public Auction the Lease of Lot No. 21, Esplanade, Honolulu, Oahu.

Term: 30 years.
Upset rental: \$300.00 per annum, payable quarterly in advance.

This sale is upon the conditions provided for in Sections 2 and 4 of Act 77 of the Laws of 1896, viz.:

Section 2. Every such lease shall contain a covenant on the part of the lessee that he shall during the first four years of the term of the lease cause to be erected upon the leased premises a fire-proof building of brick, stone or metal, in a workmanlike manner, satisfactory to the Minister, at not less than a stated cost and keep the same suitably insured at not less than two-thirds of its value for the benefit of the lessor; and shall keep such building in good repair during the remainder of the term of the lease, reasonable use and wear thereof only excepted; and in case of damage or destruction of such building by fire shall make good such loss or damage by the necessary repairs or reconstruction or else surrender the insurance to the lessor.

Section 4. Every such lease shall also contain a covenant on the part of the lessor that upon the request in writing by the lessee or his representatives, before the expiration of the term thereof, the premises with the improvements shall, if all of the conditions to be performed by the lessee have been satisfactorily performed, be put up at auction for a lease for a term of not over twenty years; unless said premises shall be required for public uses, of which the lessee shall receive at least one year's notice. Such auction sale shall be held not more than six months nor less than one month before the expiration of said term.

The cost of the building to be erected in accordance with Section 2 as above to be not less than \$4,000.00.

The material to be used for the erection of said building to be of brick or stone.

Map of this lot can be seen at the Interior Department, Honolulu, Oahu.

HOUSE LATE WEDNESDAY

Two Bills Pass Final Reading at the Afternoon Session.

Fight Over the Act Relating to Deputy Sheriffs
—Bill Goes Back to the Committee.

House Bill No. 2, relating to Circuit Court terms, came up on third reading.

Mr. Gear moved to pass the original bill. Lost.

The motion to pass the bill with the amendments recommended by the Judiciary Committee carried by a vote of 11 to 2, Gear and Loebenstein voting in the negative.

House Bill No. 2, relating to the office of Deputy Sheriff, came up on third reading.

Mr. Smith moved it pass.

Mr. Pogue objected to the bill, and moved that it be referred back to the Judiciary Committee for amendment.

Mr. Smith defended the bill.

Mr. Isenberg objected to the bill from the start. Many deputy sheriffs were wholly incompetent and should not be clothed with the full sheriff's office. This was true of the deputy sheriffs of Kauai.

Mr. Robertson favored the bill.

Mr. Loebenstein said the deputy sheriffs of Hilo, North Kohala and South Kohala were wholly incompetent. There were others all over the Islands.

Mr. Aebi could see the need of the law in outer districts away from the home of the sheriff.

The bill under discussion is as follows: "Every deputy sheriff, duly appointed, shall be authorized to do and perform any act or thing required by law to be done or performed by the sheriff."

Mr. Atkinson supported the motion to refer the bill back to the Judiciary Committee.

Mr. Kaeo of Kauai took issue with his colleague and favored the bill. He denied the assertion of Mr. Isenberg that the deputy sheriffs of Kauai were incompetent.

Mr. Pogue's motion to refer to the Judiciary Committee carried.

House bill No. 8, the Income Tax Act, was taken up, read by title and referred to Finance Committee.

House bill No. 9, relating to notices of appeal, came up.

Mr. Pogue moved to refer to the Judiciary Committee.

Mr. McCandless moved to table. Motion to table was lost; went to Judiciary Committee.

House Bill No. 10, relating to the descent of property of an adopted child, was read a second time and went to the Judiciary Committee.

House Bill No. 11, relating to interest on money, went to the Finance Committee.

Consideration of House Bill No. 6, relating to highways, was passed over to Friday.

House Bill No. 5, relating to licenses, was placed on the order of the day for today.

At 3:10 adjourned to 10 this morning.

Carriage Bargains.

If you are thinking of buying anything in the way of a carriage, wagon or harness be sure to call in at Schuman's Carriage & Harness Repository, Fort street.

He guarantees to sell you what you want for less money than you can get it elsewhere. Every article kept in stock is a bargain in itself at the price asked. New goods arrive every week.

The Anchor.

P. F. Ryan still continues in charge of the Anchor and is ably assisted by William Carlyle. At the Anchor, Seattle beer on draught can always be had as well as the best brands of whiskies, etc., including John Dewar's Scotch whisky. A full stock of other liquors, wines, etc., is kept on hand also.

Mrs. Flora—But, Jack, won't the people who buy seeds of you be disappointed when the seeds they have planted come up and look so different from these gorgeous pictures in your catalogue?

Mr. F. (seedman)—Oh, there's no trouble about that. The seeds will never come up.

Impure Blood

Rheumatism, Kidney Troubles and Sick Headache the Results—Dieted for Years Without Relief.

"My blood was out of order, and I began taking Hood's Sarsaparilla. It has purified my blood and relieved me of rheumatism, kidney trouble and sick headaches. I have been afflicted with these difficulties for years. I am now able to do a good day's work. Rheumatism has troubled me since I was a child, but I am now entirely well." Miss PHOEBE BALEY, Box 445, Pasadena, California.

"I have suffered from the effects of impure blood, boils, pimples, etc., for five years. I have tried various remedies without relief and finally purchased six bottles of Hood's Sarsaparilla. The boils and pimples have all disappeared since I began taking this medicine. I am now entirely cured." LOUIS THOMAS, 1413 11th Street, Oakland, California.

An insurance agent out West says that he recently had to cancel a fire insurance policy because he found that the insurer had taken the hand-grenades—on the fixing of which the insurance company had insisted—and replaced their extinguishing fluid by paraffin. In case of fire, there would have been a phenomenal exhibition when the paraffin grenades were thrown into the flames.

HARRY DIXON'S ODDITIES.

Wellknown Character Whose Lounge is His Best Friend.

Harry Dixon, the noted rider in Willison's circus, is described by those who know him best as a confirmed eccentric. It is said of him that he never possessed a close friend, with the possible exception of his wife. During his entire stay of several weeks in this city he rarely ever left the hotel save to enter the ring at the circus tent. He never rehearsed his equestrian feats; never took exercise of any kind. For that reason, as much as any other, he was always in bad health here and left the islands completely wearied of the city and the country.

After breakfast every day Dixon would go to his room and lounge or read until noon. In the afternoon he would take a long nap. If there was time he might stroll over to the circus stables and look at the horses. After the circus was finished for the night he would take a solid lunch and drink from one to two bottles of beer. Next morning there would be a dull headache, under the strain of which he would once more seek his lounge. All efforts to get him to take exercise or the fresh air were of no avail. It is believed by circus people that a few weeks more of such life in this climate would have ruined his health for all time.

Dixon is a plain Australian bushman. For the most part he is self made. It is some time ago that he reached the conclusion that he is the best horseman of the age. His visit to America is to find a wider and more profitable field. There are those who think he has made the mistake of his life. He will find many, many riders in the States who have attained greater success, and competition will be very keen indeed.

CAPTAIN JACK LEE DEAD.

He Commits Suicide With Morphine in San Francisco.

John Lee, master mariner, for many years a prominent figure in the trade between San Francisco and the Hawaiian Islands, is dead.

Captain Griffiths of the bark Albert, who was with poor "Jack" at his death, brings the news. Captain Lee took morphine to end his sea of troubles. He was alive but beyond medical aid when his act was discovered. Some time ago he had made an unsuccessful attempt to destroy his own life.

Captain Lee, not to go back too far in his long seafaring career, was master of the bark C. D. Bryant when that vessel, about ten years ago, was rendered liable to confiscation by the discovery of a quantity of opium in her permanent works. Hon. Paul Neumann, when Attorney-General in the Gibson regime, had the law passed under which the Bryant got into trouble. Acting upon pointers sent down from San Francisco, Fred Terrill, the port surveyor, and John Good, his assistant, found the opium under the lazarette. A removable plank over the cache was fitted with false trenail heads. After the vessel had rested under condemnation bonds a while, this Government released her to the Spreckels, who owned her, for a compromise penalty.

Captain Lee lost the command of the Bryant through this episode. After being laid off some time, he got the old bark Sonoma. In this vessel he had trouble in South America, of which he gave his side of the story to the BULLETIN about a year ago. After his last voyage to Honolulu, at the time just mentioned, poor old Lee entered precarious circumstances in San Francisco. These, the sad event here recorded proves, he was unable to bear up against. He leaves a very amiable wife and, it is believed, an interesting young family. Captain Lee would probably have been about fifty years old at death.
