THE BULLETIN REPRESENTS THE LARGEST NUMBER OF BUYERS IN HAWAII

EVENING BULLETIN

3:30 O'CLOCK HONOLULU MERCHANTS TAKE NOTICE EDITION

Spasmodic effort is never advisable. The benefit of advertising, properly understood, is cumulative and consistent. Today's advertisement must be followed by another tomorrow and still another the next day, and so on. Make them lap over each other, like shingles. Even large advertisements lose their force if not reasonably near together. The secret of the advertiser's success is to "Keep Everlastingly At It." :: ::

VOL. XVII No. 3250 HONOLULU, TERRITORY OF HAWAII, FRIDAY, DECEMBER 8, 1905 PRICE 5 CENTS

BEHIND A WOMAN'S SKIRT

Business Delegates To Washington To Work For President's Policy

MASS MEETING TO PLAN ACTION

Honolulu's commercial bodies will take immediate action in reference to the message of President Roosevelt to Congress, urging benefits for Hawaii. Business men are enthusiastic over the Chief Executive's attitude toward these islands all with one accord do everything in their power to support his policy and work for the realization of the recommendations made by Governor Carter and embodied in the President's message to the National Legislature.

The Hawaiian Planters' Association is about to meet and frame instructions to the Hon. F. M. Hatch, its new Washington representative, to the effect that he do all that within his power lies to support the splendid program outlined by the heads of the Territory and the National Government. Mr. Hatch will have his time full at the capital working for the consummation of the wishes of Hawaii. The planters are in perfect accord with the ideas set forth in the President's message and will bring all their influence to bear toward the advancement of Hawaii's interests.

The directors of the Merchants' Association and the trustees of the Chamber of Commerce are, at the earliest possible moment to get together in joint meeting to take action in regard to the recommendation of the President that 75 per cent. of the internal revenue and customs receipts of the Territory be constituted a special fund for Federal fortifications and improve-

BISHOP MUSEUM'S ANNUAL REPORT

The trustees of the Bishop Museum have filed their annual report for the year ending October 12, 1905, showing receipts at \$19,554.50, and disbursements at \$11,311.21, leaving a balance of \$8,243.29. This report contains a general account of the past year, opening as follows:

"This satisfactory showing is the result of careful husbandry of funds and curtailment of expenses wherever possible. No new specimens have been purchased during the year, nor have any expenditures been incurred outside of the ordinary running expenses of the trust such as were very necessary."

"With the small surplus of the revenue remaining at the close of this year a reserve account has been opened in the line expressed by the trustees in their last report. This account it is hoped to increase from year to year as a reserve to draw upon to meet extraordinary demands and thus avoid trespassing upon the capital."

It is further shown that the C. R. Bishop Trust paid \$2500 for the purchase of the Henshall collection of bird

(Continued on Page 5.)

ALAMEDA PASSENGERS

Per stmr. Alameda, Dec. 8.—J. Ainsworth, Mrs. Ainsworth, J. Baetcke, N. Baetcke, Mrs. Baetcke, F. C. Brewster, Mrs. Cameron, J. P. Carols, W. G. Chalmers, I. H. Cory, Mrs. Cory, J. W. Donald, W. E. Foster, E. L. Gage, H. I. Graham, W. L. Grieve, Mrs. Jno. Hall, M. D. Hall, Miss L. K. Hart, W. Jamieson, H. C. Kellogg, E. M. Keeney, D. F. Mann, A. H. Moffitt, J. Newmark, Mrs. Newmark, C. A. Place, Frederick St. Claire, Mrs. St. Claire, H. H. Stevens, Mrs. Stevens, Admiral T. H. Stevens, Mrs. Stevens, T. R. Stevenson, Mrs. Stevenson, Dr. A. Vogler, R. W. Warham, Wm. Welch.

Whistles Welcome Alameda

With whistles of welcome blowing and hundreds of people along the water front to watch her steam through the harbor channel the steamer Alameda, Captain Dowdell, arrived this afternoon on her first trip since she went on the rocks off Fort Point on the morning of September 30th.

She brought a large passenger list and full cargo of freight. Something like 500 tons of goods for Honolulu merchants had to be left behind. She encountered good weather during her trip and arrived late owing to the fact that she left San Francisco several hours behind time. The crew consists of the same members with the exception of Dr. Rice, who is on the S. S. Sonoma.

The Alameda has been completely overhauled during the past two months and members of her crew say she is a better steamer than ever before.

Among those on board are Admiral T. H. Stevens, U. S. N., retired, and Mrs. Stevens, who are on their way to India. Admiral Stevens was born in Honolulu.

D. F. Mann of the Ewa plantation is returning from a trip to his old home in Scotland.

H. H. Stevens and wife, of Colorado Springs, Col., who are taking a vacation, are on the steamer. Mr. Stevens is manager of one of the large hotels at Colorado Springs.

J. Newark and wife of Los Angeles, starting on a tour of the world, who will remain here for a visit, are also on the ship.

H. C. Kellogg, of the Wahlamu dam construction, is returning from a trip to the Coast.

W. L. Grieve returned from a visit in California.

Miss L. K. Hart is among the Honolulu passengers.

F. C. Brewster of New York, who has visited in Honolulu before, arrived to visit here some time.

H. I. Graham, freight agent for Spreckels & Co. in San Francisco, arrived. He is taking a vacation. Mr. Graham was among the passengers on the Alameda when she met with the accident in Golden Gate.

A. H. Moffitt, the well known traveling passenger agent for mainland railroads, who crosses the tracks of Jack Ross, arrived to remain ten days.

T. R. Stevenson and wife arrived on a visit.

Admiral For Chinese Boycott

For a visit to his old home Admiral T. H. Stevens, U. S. N., retired, accompanied by Mrs. Stevens, arrived this afternoon on the S. S. Alameda to remain several weeks. They are en route to India. Admiral Stevens was born in Honolulu. This is his first visit here in three years. Admiral and Mrs. Stevens will stop at the Moana hotel during their stay.

Admiral Stevens was in Honolulu when the Hawaiian flag was taken down and that of the United States hoisted in its place. By a peculiar coincidence he is the only commissioned officer in the navy who is a native of these islands.

Admiral Stevens' home is in Washington, D. C. He is traveling merely for pleasure. During his services in the government he has visited China and Japan and many other foreign countries at different times.

"I am certainly in sympathy with the Chinese with regard to the present boycott against American goods," he said to a Bulletin reporter. "The immigration officials who take charge of Chinese merchants, many of whom have more sense than the government men holding them, and compel the foreigners to be stationed in quarters together with the common coolies, should be thrown out of the service and men who can use common sense put in their places. Furthermore, I do not blame the Chinese for placing a boycott upon goods from the United States under the prevailing conditions. They are perfectly in the right and undoubtedly have much sympathy from different countries."

Admiral Stevens was asked about conditions in Japan and what he thought about the ending of war.

"It closed just as I had expected," he said. "I have visited Japan on a number of occasions and know the people. They are a wonderful country and their victory over Russia was a wonderful achievement in their favor."

SHRINERS' TOASTS

The toasts at the banquet of the Nobles of the Mystic Shrine at the Hawaiian hotel tomorrow evening will be as follows:

Toastmaster, Noble F. E. Thompson; Imperial Council, Ill. Potentate M. E. Grossman; "Visiting Nobles," Noble Henry E. Highton; "Incoming Officers," Noble Chas. B. Cooper; "Outgoing Officers," Noble E. C. Brown; "The Nobles," R. W. Shingle, one of them; "The Nobility," Noble C. B. Wood.

The members of the Board of Prison Inspectors will meet at the Attorney General's office this afternoon to consider rules of parole. Enoch Johnson is among the applicants for parole.

Pine Job Printing at The Bulletin office.

SENATOR MITCHELL DIED TODAY

PORTLAND, Ore., Dec. 8.—Senator John H. Mitchell died this morning from a hemorrhage and complications following the removal of four teeth yesterday.

Senator Mitchell was born in Pennsylvania June 22, 1835. His death closes a career marked by the highest honors his fellow citizens of his State could give him, and finished with a conviction for bribery in connection with the public land frauds. Mitchell arrived in the State of Oregon in 1860. Two years later he was elected to the State Senate. He was first a candidate for U. S. Senator in 1866. He was successful in 1872 and had been the leader of the Republican forces of his State from that time until his recent conviction. In the year 1902 he was the chairman of a Senatorial Commission that visited Hawaii and investigated conditions in the islands.

DE WITTE WOULD LIKE TO RESIGN.

BERLIN, Germany, Dec. 8.—A dispatch received from St. Petersburg says that De Witte has tendered his resignation but the Czar has refused to accept it.

SAN QUENTIN, Cal., Dec. 8.—Walter Warner was hanged today for the murder of Marie Tomaya at Santa Barbara.

STRIKE AS PROTEST.

WARSAW, Russia, Dec. 8.—The railroad men of Riga and Orloff have gone on strike as a protest against martial law in the Baltic provinces.

MRS. ROGERS I SHANGED.

WINDSOR, Vt., Dec. 8.—Mrs. Mary Rogers was hanged today for the murder of her husband.

MCCURDY IS OUT.

NEW YORK, N. Y., Dec. 8.—The resignation of Robert H. McCurdy as general manager of the Mutual Life Insurance Company has been accepted.

SAN FRANCISCO, Cal., Dec. 7.—SUGAR: 88 analysis Beets, 8s 3-4d. or \$74.60 per ton. Previous quotation, Dec. 6, 8s 3d. Parity for Centrifugals, 3 1/2 cents.

REPORTER ROUGHLY HANDLED BY GUARD AT QUARANTINE GATE

J. D. Avery, on the reportorial staff of the Advertiser, was roughly handled by a couple of guards at the Oceanic wharf this afternoon while endeavoring to pass on to the wharf, in the discharge of his duties as a reporter. He had permits with him, allowing him to enter the quarantine gates, but was nevertheless refused admittance.

He was grabbed by the arms and neck, the imprint of dirty fingers being left on his collar.

Unprejudiced witnesses aver that the force used was entirely unnecessary and worthy of severe condemnation. Avery's resistance was in the nature of refusing to be thrown from the gate. He used no violence, leaving that to the guards. A crowd collected. For a moment there was considerable excitement, people failing to understand what crime the humble scribbler had committed.

Finally, the guards being unable to restrain Avery, the police patrol and several officers were summoned and the reporter removed to the police station.

At the station Mr. Fred Whitney, of the Oceanic Steamship Company, found Mr. Avery and quickly effected his release, expressing regrets that such a thing should have occurred.

This is not the first time newspapermen have had to suffer for the stupidity of guards and the lack of proper system in the complicated quarantine system.

NARROW ESCAPE MADE FROM DEATH VERDICT

The verdict brought in by the jury in the Takada murder case last night, finding him guilty of murder in the second degree and including a strong recommendation that the maximum penalty be imposed, is considered to be as strong a one as the prosecution could expect under the circumstances.

As a matter of fact Takada barely escaped being found guilty of murder in the first degree, which would have meant death, is shown by the fact that at one time during the jury's deliberation the vote stood 9 to 3 in favor of the first degree. The verdict was a result of a compromise, those favoring the first degree compromising on second with the recommendation rather than have the case result in a mistrial.

Attorney General Peters this morning pointed out the need for a change in the statute, which makes capital punishment the only penalty for murder in the first degree. For this reason, because a first degree verdict is synonymous with death, jurors are exceedingly loth to return it. If the statute allowed the court some latitude in the matter the prosecution would find it easier to obtain the much-desired first degree verdicts. As it is, however, the result of the case is considered a good victory for Deputy Attorney General Fleming who conducted the entire prosecution, and he is being congratulated on all sides by his friends, superiors and colleagues.

TUXEDOS DINNER JACKETS

Seoul, Dec. 7.—Minister Morgan has left the country and the German and British envoys will follow soon.

SENATOR MITCHELL SICK.

Portland, Ore., Dec. 7.—Senator John H. Mitchell is seriously ill.

PUNAHOU THEATER

There will be a "numerous" gathering of the friends of Punahou, more particularly of the parents and friends of the class of 1907, in the Charles H. Bishop Hall this evening when members of this class will give selected scenes from the Merchant of Venice.

The play is in charge of a committee of the class consisting of Ethel Bishop, Justine McChesney, Alice Cooper and Philip Ehrlich. Miss Foster has general supervision. Miss Gertrude Browne is looking after the music which promises to have some very pleasing features.

A general invitation is extended to friends and to any who are interested either in the school or the class or the play. The play will begin at 8 o'clock. There will be no admission and no reserved seats.

The parts are taken entirely by members of the Junior class. Justice McChesney and Pohlman and Philip Hall as Shylock and Philip Ehrlich as Bassanio, have the leading parts. Others who are in the cast are Albert McDougall, Ho Tong, Edmond McLaughlin, Florance Winter, Florence Hoffman, and Joseph Pa.

ROOSEVELT CAMP.

At the regular meeting of Theodore Roosevelt Camp No. 1, Department of Hawaii, U. S. W. V., the following officers were elected to serve for the ensuing year: Commander, H. T. Moore; senior vice-commander, Otto Schwerdtfeger; junior vice-commander, L. E. Twoomey; officer of the day, Wm. Ludwig; officer of the guard, John P. Brennan; chaplain, E. C. Burdick; surgeon, Dr. W. A. Schwallie.

The above named officers as well as the adjutant and quartermaster, will be installed in their respective offices on Wednesday, January 3, 1906, by Past Commander J. K. Brown, mustering officer of the department.

SUGAR TO CROSS ISTHMUS.

Representatives of the American-Hawaiian Steamship Company say their company expects to ship at least 500,000 tons of Hawaiian sugar annually across the Mexican Isthmus under the contract recently entered into with the National Railroad of Tehuantepec, pending the completion of the Panama Canal. Two new steamers are being built for the company at California yards.

TAKADA GUILTY.

After being out from 6:19 o'clock the jury in the Takada murder case returned a verdict of murder in the second degree, with a strong recommendation that the maximum penalty be imposed, at 11:45 o'clock last night. The jury came into court three times for instructions before rendering its verdict.

The Truth About Stoves

By the Largest Makers of Stoves and Ranges in the World

MANY people have been deceived in believing that stoves were cheap because of a low price, when experience proves them to be the most expensive.

A small price may be paid for a stove which looks attractive in the catalogue, which has been described as "perfect," but it is liable to prove a very expensive purchase, for ten chances to one, trouble will arise from this stove in a month's time—it may not heat or cook properly, or it may consume fuel like a locomotive. Then the material in the stove itself may wear so poorly that at the end of a year or so it will have to be replaced.

You never get something for nothing in this world, and when you pay a small price for a stove, that price must cover the cost of material and labor, and include a reasonable profit, consequently inferior cast-iron and steel, and the cheapest and most inexperienced labor, must go into this seemingly low-priced stove.

Expert Stove Advice Free.
We have opened an "Advice Department," in charge of an expert stoveman, simply to tell the people, absolutely free of cost, all about stoves. And this expert will honestly advise you just which stove or range will best suit your needs. We also want those who have lost money on the seemingly inexpensive stove, to let us tell them how they can save money by buying a "Garland," even if the first cost is a little more than that of the cheap and unsatisfactory stove.

We want them to let us tell them about the advantages of "Garland" Stoves and Ranges, which always prove a good investment.
We make a "Garland" to fit every stove need, and have books accurately describing the different kinds. We could not afford to open this "Advice Department" or send out the valuable literature we do, free of charge, if "Garland" Stoves and Ranges were not distinctly superior to other makes; if the magnitude of our operations did not make it possible for us to sell them at reasonable prices, and if our reputation and methods of doing business did not insure absolute satisfaction.

If you are considering the purchase of a stove or range, cut out this coupon, check (this way) the kind of stove you are interested in, mail it to us today, and you will promptly receive our Expert Advice as to just which stove is best suited to your needs, and why, and our literature, free of charge.

GOVERNOR'S ADDRESS

TALKS ON HAWAII AND AMERICA AT Y. M. C. A.

OUR 155,000 PEOPLE SHOULD BE INCREASED TO HALF A MIL- LION — LAND SYSTEM GOOD.

Governor Carter last night addressed the Thursday Evening Club at the Y. M. C. A. He was introduced by President Horne of the Kamehameha schools.

The Governor said, in part:

"When the question of speaking to you was first proposed to me I had just written a letter to the President of the United States and I figured out that by the time that letter reached here and Congress convened and the President's message had gone to Congress it would be about the time that you would meet. At the time that I wrote that letter, I had an intuition that the message would contain the request made in that letter. I had a feeling somehow, that the message would contain it."

"It is said that the most occult scientists, the most profound thinkers have been unable to explain fully the workings of the mind and the phenomena that influence it, and we all have probably had intuitions of some thing which took place later. You can call it mental telegraphy, telepathy or what you wish, but we know it exists. I have had this feeling once or twice before, of one of which it is perhaps proper to speak. It was almost two years ago when Governor Dole informed me that I was expected to make an inaugural address. Mr. Dole said that I must outline my policy. I could have dropped when he told me that and I told him it was all off, that if I had to deliver an inaugural address I would not be Governor. But you know that way of his. He just smiled and said the program would have to be carried out. But, anyhow, I finally came to take up the duties of Governor."

"As I considered the grave responsibilities on my shoulders, I thought of what a great benefit it would be if the government of the United States would undertake the study of leprosy."

"At the time I undertook the task, I did not know how to go at it. I had never undertaken anything of that kind before. So I turned the whole thing over to the Board of Health and suggested that it draw the matter to the attention of the Medical Association. The Medical Association passed resolutions in favor of it and sent a delegate to the National Medical Association about to meet at Atlantic City. Dr. Cooper was that delegate and he did his work splendidly. They passed unanimously a resolution urging upon Congress to make an appropriation for the study of leprosy. It had gone out of my hands and into the hands of others. It was taken before Congress by the chairman of the Public Health committee and the bill was introduced."

"I had written a number of letters to public men. I told them that this appropriation might lead to the discovery by American skill of the cure to a disease as old as the human race."

Governor Carter then paid high tribute to the work of Americans who have come here.

"Uncle Sam never turns back," said the Governor, "He is never willing to make a failure. The President of the United States will not permit a failure upon the part of the United States in their policy in regard to Hawaii. It would not do to permit a financial failure here. There are those who would say the cocky Yankee with his representative form of government has done what we always said he would, he has failed. The United States is not going to do anything of that sort. The President of the United States will not permit it and it is our duty to help to prevent it and to help the American government to prevent it and we are going to do our duty."

(Continued on Page 6.)

THE INCANDESCENT LIGHT CONVENIENT HEALTHFUL SAFE

Electric light should be used in every residence in Honolulu, where the best at a reasonable price is desired.
All the modern residences are equipped for its use but those that are not can be wired at a small expense.
It means: No matches, no dirt, no trouble, no danger. Almost as cheap as kerosene if used judiciously.
Where used for lighting, electricity can also be used for operating electric fans, electric chafing dishes, curling iron heaters, etc.
Our representative will call upon you on request.

BULLETIN PUBLISHING CO., LTD.,
By C. G. BOCKUS,
Business Manager.

Subscribed and sworn to before me this 2d day of [SEAL] December, A. D. 1905,
P. H. BURNETT,
Notary Public, Honolulu, County of Oahu, Territory of Hawaii

FRIDAY, DEC. 8, 1905.
Aloha, Alameda.

The fact that De Witte has lost control of the situation is no guarantee that someone else has it.

Hawaii has so many things to accomplish for its advancement that it should have no time for knocking campaigns.

Foraker ought to be very enthusiastic over strenuous railroad rebate legislation in view of the returns from Ohio elections.

Congress doesn't have to wait to hear a long argument these days on whether money should be liberally appropriated for the canal.

The County authorities can settle the neglected sidewalk problem if they will go to work with the determination to accomplish something.

Isn't it worth while to be able to write after the date 1905-6, "That's the year citizens of Hawaii got together and began to pull along American lines."

Resolutions for the annexation of Haiti and San Domingo will, it is passed, settle the problem of how far the President can go toward making the troublesome people of troubled islands be have themselves.

Most of the plague yarns spread on the coast, to the detriment of Hawaii, can be traced to California hotel clerks.—Advertiser.

Who use sensational misrepresentations published by the Advertiser as the basis for their lies.

Since policemen of Russia have gone on a strike it will furnish another of those funny arguments against municipal control. The opponents of the present-day slogan will be asking that the policing of a city be farmed out to private citizens or corporations because the present system might result in a tie-up.

William R. Hearst has filed an official return that of the \$80,296 expended by New York's Municipal Ownership league in its campaign, he contributed \$65,843. Of this amount \$3125 was expended on his personal candidacy account. Still they claim that Hearst has only his personal interests in mind.

REPRESENTATIVE GOVERNMENT
Governor Carter never epitomized a greater truth in his life than when he said:

"Uncle Sam never turns back. He is never willing to make a failure upon the part of the United States in their policy in regard to Hawaii. It would not do to permit a financial failure here.

There are those who would say the cokey Yankee with his representative form of government has done what we always said he would—he has failed.

The United States is not going to do anything of that sort. The President of the United States will not permit it and it is our duty to help to prevent it and to help the American government to prevent it."

He would have completely perfected

the statement of fact had he added, "The American people will not permit it," for the President is the agent of the American people. As it was spoken, the Governor's statement is worthy a place on the outer wall, and might well be pasted in the hat of every official, every citizen and every resident of the Territory of Hawaii as a guide to future action.

GET TOGETHER FOR HAWAII

Citizens of this Territory cannot afford to let a single day pass without it marks something done toward practical promotion of the President's recommendation to Congress for the expenditure of our Federal revenues on Federal work in this Territory.

Success in this requires a great deal more than favorable mention in the President's message. Success will never be gained unless the people of this Territory arouse themselves and unite for action as they have never bestirred and united before. A delegation of representative citizens to be in Washington for this special purpose would be the most practical move Hawaii ever made.

While the people are making up their minds to this, there is an immense amount of necessary work that can be and should be done by organizations and by individuals here.

First, a bill should be drawn to embody the idea. This will never be done if it be everybody's business. Some fine day, when the enthusiasm is at fever heat, the Territory is likely to wake up to discover that either no one has attempted to draw the bill or the one attempting it didn't know his business, or tried to load it with a joker. Hawaii has an ample supply of honest business organizations and lawyers who ought to have patriotism enough to do this work without its involving a year's salary in advance as a fee.

The political parties should join issues. Legislative representatives of both national party organizations should exercise every influence within the natural scope of their office—and then look around for other opportunities to exert more.

Not only should business organizations pass their resolutions. Every member and every citizen should make it his personal business to communicate with at least one member of Congress and urge his favorable action. The Chamber of Commerce or the Merchants' Association or the Promotion Committee or all combined could well afford to prepare an argument in support of the measure to be forwarded to members of Congress by the business bodies and by those writing personal letters.

Hawaii should bombard Congress and all mainland friends with individual and collective demands that the recommendation of the President be embodied in law.

The cause is just from the National and Territorial standpoint.

The method of putting the proposal in force is not an innovation. The irrigation law has paved the way.

Hawaii cannot be subject to the charge, so often with a show of justice laid at its door, that it is asking for anything unusual; it is not asking that established principles be upset for its special benefit.

Hawaii should make known to Congress in ringing terms that its people can unite, not only as citizens of Hawaii, but as American citizens deeply impressed with what should be done here to maintain American prestige and equally determined on how to do it.

Tomorrow afternoon the Nobles of the Mystic Shrine will delight the city with a procession through the streets preliminary to the initiation of seventeen innocents.

TALK OF TURBINE STEAMER FOR HAWAII

While planning its new boat, to take the Honolulu-Hilo-Volcano run, the Inter-Island Steam Navigation Co. is considering whether or not to order a turbine vessel.

The advantages of a turbine are mainly that there is little or no vibration and much more space is allowed for freight. On the other hand the conservative ones believe that turbine navigation is a little too much in the experimental stage for the local company to try.

CROWDS SEE POULTRY

A large crowd kept the management of the Hawaiian Poultry Association's first exhibition busy all the morning. Numerous out of town folk are in the city to avail themselves of this great opportunity to observe what can be done in this Territory in the cultivation of fancy and useful birds. Tomorrow's Kinai will bring many who will take in the poultry show while in the capital.

The show will be open until 9 o'clock tonight and all day tomorrow.

HIBERNIAN OFFICERS

The annual election of officers of Division No. 1, Ancient Order of Hibernians, was held last night, the following being elected:

Frank D. Creighton, president; Harry T. Davison, vice president; Jas. F. Carey, recording secretary; John Sheehan, financial secretary; P. McNerny, treasurer; Thomas Carey, marshal; Wm. Hickey, sergeant-at-arms; John Muldoon, sentinel.

The annual installation will be held on the first Wednesday in January.

The newsmen of the city will have a Christmas tree. This is the purpose of the Salvation Army workers and they always do what they set out for. The extent of it depends on the assistance given by the people. Those willing to make contributions may send their checks to Ensign R. Haynes, post office box 518, or if they wish to give gifts other than money notice sent to Ensign Haynes by mail will bring a messenger to call for the gifts.

Talk of Open Air Theatre

There has been talk lately about furnishing the old fishmarket near the Naval docks up for an open-air theater, erecting a stage in one end and providing the place with a new smooth floor where dances and all kinds of entertainments could be held. On account of the height of the pavilion's roof and its spaciousness, it is claimed a stock company could be kept there the year round, giving two or three performances a week, and it would pay even in the hot weather.

On the other hand, the band could play there once or twice a week and a small admission, say ten or fifteen cents, charged for the use of the seats. Promoters of the idea believe a number of people would willingly pay this amount in preference to taking a chance of being compelled to stand up or sit on the grass in the parks. The admission fee would go to help pay the rent of the old market building from the Territorial government.

Most of the people who favor the open-air theater suggestion are particularly fond of attending the theater but object to going as often as they would like on account of the heat and closeness of the building. This would all be done away with if the new open-air theater were put into operation.

The expenses would not be great in getting the place ready for occupancy. The building brings the Government practically nothing at present, the sole rent-payers being two Chinamen who have stands in the middle of the immense structure. Those in favor of the scheme think that some individual could take hold of the venture and as the market could be rented for a reasonable amount each month his expense would not be heavy.

Those interested are business men who have plenty to do. They would like to see some one else take hold and manage the proposition. Church fairs could be held there when the building was not otherwise engaged, and it is believed pay better than ever before, particularly during the summer, because of the openness and airy condition of the place.

MAKINO'S CITIZENSHIP ALLEGED TO BE PROCURED BY FRAUD

The United States has filed a bill of complaint against Joseph Makino Higashimoto, asking that his citizenship papers be revoked on the grounds that he obtained them by fraud.

The complaint, prepared by District Attorney Breckins, shows that Makino became a subject of Great Britain, was naturalized by the Circuit Court of the Third Circuit on April 4, 1903, representing himself to be a Caucasian and a white person within the meaning of the law.

It is charged that Makino is not a Caucasian, his father being a white person, but his mother a full-blooded Japanese woman, and that the decree was obtained by fraud by concealment by defendant of the fact that he was not a white person.

The orator prays that the decree of naturalization be declared void, and that the defendant be forever enjoined from claiming any rights or privileges under it.

BUSINESS DELEGATES

(Continued from Page 1.)

This is the spirit and this is the end to which the business bodies are at the moment energetically moving.

With Delegate Kaimanalo, the people's representative; Mr. Hatch, representing the Planters; a business man from each island, and the Governor and the President all working to get Congress to act favorably on the program of benefits outlined in the message of Mr. Roosevelt, no stone will be left unturned in the effort to obtain all that is desired.

The directors of the Merchants' Association have appointed a committee to arrange with the Public Works to forbid smoking on the wharves and so remove a danger to freight. The matter may be brought to the attention of the Board of Supervisors for the making of an ordinance.

H. V. Trevenan, long with Peacock & Co., and later with the Moana hotel, will soon go with Col. McCarthy to the Criterion.

It is estimated that the sugar crop of 1906 will not be less than 385,000 tons and will probably be a great deal larger.

The steamer Noeau arrived this morning from a trip to Hawaii ports. She brought a full cargo of freight.

Housework—Building cottages. The girl who fishes for compliments never makes much of a catch. Providence smiles on the just, but some people are not satisfied unless it laughs aloud.

Danderine GREW THIS HAIR AND WE CAN PROVE IT.

MISS MARMARA HENRY, 5036 Forrestville Ave., CHICAGO.

Miss Henry says: "Before I began using Danderine my hair was falling out in great handfuls, and I am pleased to say that Danderine not only stopped it at once, but has made my hair grow more than twice as long as it ever was."

Mrs. Rhine Atterton, Little Rock, Ark., says: "It is surely remarkable the way Danderine promotes the hair. It has made my hair grow ten inches longer in five months and it is getting thicker and longer all the time. I believe in giving praise where it is due, and you can use my name as reference if you so desire."

DANDERINE is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its exhilarating, fertilizing and life-producing properties cause the hair to grow abundantly long, strong and beautiful. IT IS THE NATURAL FOOD OF THE HAIR, SCIENTIFICALLY CHARGED WITH NEW AND GENUINE LIFE-PRODUCING ESSENCES UNHEARD OF BY OTHER MAKERS OF HAIR TONIC. NOW at all druggists in three sizes, 25 cents, 50 cents and \$1.00 per bottle.

FREE. To show how quickly Danderine acts, we will send a large sample free by return mail to anyone who sends this advertisement to the Knowlton Danderine Co., Chicago, with their name and address and ten cents in silver or stamps to pay postage.

FOR SALE AND GUARANTEED BY HOLLISTER DRUG COMPANY, SOLE AGENTS.

FLORENCE RUSSELL, Age 6 years, 315 Mohawk Street, CHICAGO.

Since it has become generally known that Danderine causes hair to grow just as abundantly on the heads of children as it does on those of mature persons, many little girls and boys are coming to our notice. Little Miss Russell, whose photograph appears above, is certainly one of the remarkable ones. Her beautiful hair is over thirty inches long and her mother says that "DANDERINE GREW EVERY BIT OF IT."

MISS SELMA HASSELL, 3728 North 134 Court, CHICAGO.

Miss Hassell says: "My hair would not reach below my waist when I began using your Danderine. It was also faded and splitting at the ends. Now it is over 2½ feet longer than it ever was and it has retained its original rich blond color. I used the tonic about four months all together."

TRACHOMA PATIENTS TRY FIRST CABIN PASSAGE

A short time ago the surgeons found a Japanese woman among the first cabin passengers from the Orient who they recognized as one who had come here several months before. In the steamer and not allowed to land because of the eye disease. The woman was promptly quarantined and again sent back to Japan after making two unsuccessful attempts to get through the government health officer's inspection.

On a number of occasions steerage passengers from Japan have been rejected here by the Public Health Department on account of trachoma, held at the quarantine station and returned to their home country on the next steamer at the expense of the steamship company. A record is kept of the department of the individual, the particulars regarding each case and facts about the person's passport.

The Sporting World

KANOE

"Cannonball" Kanoe and "Irish" Plunkett, the two star ground gainers of the country, who will oppose each other tomorrow.

Frank Kanoe, known as "Cannonball" on account of his line bucking abilities, is one of the best football players on these islands. Kanoe is, besides a football player, an all-around athlete. He holds the record for the hammer throw and does 100 yards under 11 seconds. Kanoe began to play football in 1903 with the H. A. C. team. He distinguished himself as a ground gainer and has been looked upon ever since as a dangerous man with the pigskin.

Plunkett, although a smaller man than Kanoe, is a wonderful man in offensive work. Plunkett's great point in football is keeping his feet. This man seems almost impossible to down and is often seen carrying several men down the field. Plunkett played his first football with Punahou, but was really taught the game by Benson. Plunkett developed into a sensational half back last season with the Malle team. Besides a crack football player Plunkett is a good man on the baseball field.

By Coach Benson of Malle
Hilma:
"We are going to have the struggle of our lives to tomorrow when we meet Punahou. Of course I expect to see the Malle win but do not for a minute underestimate Punahou. Our team is in the best of shape and we will have no excuse to offer if we lose. Which ever way the game goes I am sure the spectators will get a run for their money."

On the eve of what promises to be the hardest fought and best game of football ever played in these islands, Punahou and Malle are both in fair physical condition to meet in a grueling contest. The spectators, who will sit along the side lines and witness the game, will little think of the hard licks and strenuous practice that both of these teams have gone through, working up to a point where they would be in a position to properly represent their colors.

The people, who are so lucky as to be able to see this game, will witness twenty-two of the best trained athletes who have ever faced a football, donned a mole skin, or wore a nose guard in the Hawaiian Islands.

Much depends upon the winning of this game, for the winning team will be in the better position to take the championship. It can be depended upon that neither Benson or Reed will leave a stone unturned to win.

FEW MEN INJURED

Both teams, as the two coaches have said, will go on the field in good physical condition. Neither team has had any serious accident. Of course there will be men with the usual bruised muscles, but there will be no cripples.

MAILES LOOK TO PLUNKETT

The Malle team are depending largely upon Plunkett to win the game for them. Plunkett is the star who is supposed to gain those few feet that are necessary to make up the required 5 yards. If Punahou can stop this human steam engine they will have accomplished much toward winning. Of course it takes eleven men to play football but Plunkett is the man for Punahou to fear. Vanhuizen and James are also good men behind the Maile line. Joy, Houghtaling and Buckle are strong line men and can be depended upon to do their share of the work. Quarterback will be the Mailes weak spot and it is here that they will miss little Ben Clark, who will for the first time fight against his old team.

PUNAHOU HAS FAITH IN CLARK.
The Blue and Gold place much faith in Ben Clark their plucky little quarter back. Anyone knows that Clark is in a class by himself when it comes to running a team on the field. This little general will get out of his men all that is in them. Between he and Reed the weak spots in the Maile make up

"IRISH" PLUNKETT.

will be readily discovered.

With Reed and Alexander as tackles Punahou should have the best of it in the line. Reed is both good on offensive and defensive work and the Mailes will find it hard gaining through him. Chilton, Johnson and Cockett are a hard center combination to beat. Although we are looking for a hard and closely contested game, we pick Punahou to win.

There is much interest being displayed amongst all as to the outcome of this game. As the game draws near the excitement grows. From present indications it looks as though the largest crowd that has ever witnessed an athletic contest will be on hand Saturday to see this struggle for supremacy between the two largest athletic organizations of this country.

The two teams tomorrow will be picked from the following players:
Punahou—Cockett, 220 lbs.; Orme, 190 lbs.; Hart, 175 lbs.; Robinson, 180 lbs.; Chilton, 210 lbs.; Wight, 170 lbs.; Medeiros, 173 lbs.; Alexander, 200 lbs.; Reed, 180 lbs.; Hamaoku, 180 lbs.; McDougal, 175 lbs.; Robertson, 190 lbs.; Robinson, 165 lbs.; Howland, 140 lbs.; Miller, 145 lbs.; Chilton, 155 lbs.; Clark, 130 lbs.; Heen, 135 lbs.; Geo. Desha, 165 lbs.; Kanoe, 190 lbs.; Sherwood, 175 lbs.; Campbell, 140 lbs.; Ahrens, 145 lbs.; Rycroft, 160 lbs.; Crabbe, 180 lbs.; Pa, 165 lbs.; Johnson, 170 lbs.

Mailes—Buckle, 180 lbs.; Kaubane, 215 lbs.; Prestige, 180 lbs.; Allen, 170 lbs.; Richardson, 180 lbs.; Kellett, 200 lbs.; Joy, 210 lbs.; Houghtaling, 220 lbs.; Lightfoot, 180 lbs.; Larsen, 170 lbs.; Akina, 145 lbs.; Fernandez, 150 lbs.; Sumner, 135 lbs.; Rose, 160 lbs.; Plunkett, 160 lbs.; King, 150 lbs.; James, 150 lbs.; Clark, 145 lbs.; Jarrett, 175 lbs.; Freeth, 165 lbs.; Gleason, 165 lbs.; Miles, 135 lbs.; Vanhuizen, 175 lbs.

GOLF IN STATES

The year 1905 saw golf in its most prosperous state. Every championship tournament of the season was well attended and the competition was of the keenest sort. In the men's national tournament Chandler Egan, of Chicago, won premier honors for the second time. He defeated a good field including Walter Travis, Jerome Travers, E. M. Byers, and a host of other championship aspirants. The ending was similar to that of 1904 and preceding years inasmuch as it was a newcomer who made the fight for the title against Egan. Sawyer, also of Chicago, was the man who went through the final round with Egan. One of the features of the year in golf has been the sudden development of the young players. Not many years ago veterans like Travis and Douglas had everything their own way. With them no youngster had a chance. But the spread of the game has been so marked in the last few years that the boys have attained quite as much proficiency as their elders and now stand an equal chance with them for national honors.

DUFFEY'S CONFESSION

Arthur Duffey, whom many knew to be really a professional, notwithstanding the fact that he has for many years posed as an amateur, has at last made a confession, and as a result he will

lose his standing and all of his records.

Duffey has been chasing the dollars with a zeal worthy of a better cause, and during the last few years, everywhere he has turned he has had his hand out for the coin. It seems he has been willing to sacrifice anything for the sake of money, and he has even come so far as to offer for sale amateur photographs which had been given to him on the other side during his recent trip.

Here is the way the Amateur Athletic Union stands now in regard to Mr. Duffey:

"No punishment that can be meted out is too severe for Duffey. His name has been frequently placed upon our records and he has been given events that he himself admits he was not entitled to, and his name has been eliminated from the Official Athletic Almanac, and the places left blank, with the hope that the Intercollegiate Amateur Athletic Association, the Amateur Athletic Association of Great Britain, the Australasian Amateur Athletic Association and the Amateur Athletic Union of the United States will agree that this punishment must be imposed on Duffey and that those who finished second to him in the different events throughout the world will be credited as winners, and his records will be left out of the A. A. U. record books."

WORK STARTED ON NEW BREWER WHARF

Preliminary work on the Brewer wharf was started this morning. Soundings are being made and it is expected that within a few days pile driving will begin. Lord & Belser have the contract for building the wharf. They have sublet the pile driving job to Cotton Brothers who are making the soundings.

The new wharf will be 360 feet in length and 110 feet wide. Several ship loads of lumber will be used in the construction of the dock. As soon as the task of driving piles is completed building of the structure proper will be started and rushed until its completion within the next three months. The dock will not be finished in time for use during the sugar shipments this season.

GOVERNOR'S ADDRESS

(Continued from Page 3)

The Governor touched on the difficulty of getting appropriations for Hawaii from men who wanted appropriations themselves.

"Almost all of the buildings built for educational purposes in Hawaii since annexation," he continued, "have been built on borrowed money. The present generation has been looking to the next to pay the bills for our new schoolhouses. If we could only make the people of the United States understand how we are lacking in school buildings, they would say at once, 'why take the whole of that paltry million and spend every cent of it on the schools. Keep three-fourths of it any way. Keep spending it until your people are on a par with the rest of our family.'"

"The President of the United States is showing an interest in Hawaii and Hawaiian legislation. The people of the United States want this country prosperous. The United States want this country to go ahead. And then the President goes on and says that he does not want Hawaii to be an exclusively rich man's country where the poor man is trodden down. And neither do we. Hawaii is probably the only community in the world where the corporations have souls. It is our corporations that subscribe to our charities, to our churches, to our philanthropies. It is right that they should and we want our country to continue to grow in wealth. We want also that every plantation villager shall be interested in the government that is over him and we want him to help with his vote to make this land what it should be. We want our 155,000 people to increase to 500,000. We have the room for them. We have the work for them and we have the land for them. We hear kicks about the land system. The land system is all right. Only about one-third of the land now belongs to the government and a great deal of this waste land. The best land is in private ownership. But we want men who will help us. We do not want those who think the world owes them a living. Let them stay on the mainland. We want those who are independent and propose to earn their living. We want them to share with the plantations. We want them to work their farms, perhaps on shares. Not alone shares in the profits but some share also in the losses."

The Governor spoke of a plantation man who had talked a great deal about the foolish policy of the executive, who afterwards came out of a session with the Governor, a firm believer in the executive's plans. He declared that if the plantations were to share profits with their farmers, it was but fair that some of the risks would likewise be shared between them.

Perley H. Horne, president of Kamehameha Schools, thanked the Governor on behalf of the audience, for his remarks.

The dinner of the Thursday Club, which preceded the address, was well attended.

Next Thursday Judges Whitney and Dickey will speak on the various phases of the local courts.

Wailua Agricultural Co., Ltd.

Pursuant to a Resolution passed by the Directors of the Wailua Agricultural Company, Ltd., at a regularly called meeting held on October 24th, 1905, and acting under authority of a Resolution passed by the Shareholders of the said Wailua Agricultural Co., Ltd. at a duly called special meeting held on October 19th, 1905, the existing issue of Bonds, for One Million Dollars in all, will be refunded on March 31st, 1906.

Under authority of the said Resolutions a new issue of Bonds for One Million Five Hundred Thousand Dollars (\$1,500,000.00) in all will be made, said Bonds to be dated March 31st, 1906, bearing interest at the rate of 5% per annum, payable semi-annually on the last days of March and September of each year, for a term of 20 years, with the option reserved to the Wailua Agricultural Company, Ltd., of redeeming the whole or any part of said Bonds on March 31st, 1916, or on any interest-paying date thereafter; said Bonds to be secured by Deed of Trust on the property of the Company, which shall provide for the annual payment to the Trustee of 10% of the net profits of the Company, to be invested as a sinking fund for the redemption of said Bonds.

Holders of the existing issue of Bonds may exchange their holdings for an equivalent face-value of the new issue, on the basis of \$5 for the latter, (difference to be paid to Bondholders either in U. S. Gold Coin or in additional Bonds at 98, or partly in Bonds and partly in U. S. Gold Coin, at Company's option), provided they execute an agreement to this effect, and deliver same, not later than January 6th, 1906, to the Hawaiian Trust Company, Limited. Blank forms of this agreement will be furnished on application, or may be had at the office of the Hawaiian Trust Company, Limited, Honolulu, November 2, 1905.

G. P. CASTLE, Treasurer Wailua Agr. Co., Ltd. 2226—Jan. 6, 1906.

NOTICE TO STOCKHOLDERS OF THE OOKALA SUGAR PLANTATION COMPANY.

The stock-books of the above Company show a number of persons as holders of shares, who have disposed of their stock without having new certificates issued.

Owners of stock standing in names other than their own are hereby requested to bring their certificates to the office of C. Brewer & Co., Ltd., Agents, and have proper transfer made.

GEO. H. ROBERTSON, Treasurer Oookala Sugar Plantation Company. Honolulu November 27th, 1905 3241-2W

Family of Rats End Life Together.

In the yard of a local residence, a pathetic sight was seen the other morning. Near the water faucet was a family of dead rats. They had eaten Stearns' Electric Rat and Roach Paste and rushed out of the house to the nearest point where there was water, and gave up life together. Stearns' Electric Rat and Roach Paste is sure death. It is easy to use and absolutely guaranteed to kill cockroaches, water bugs, rats, mice, etc., driving them out of the house to die. Dealers generally have the Paste for sale, or package will be sent, express prepaid on receipt of price by the Stearns' Electric Paste Co., Tribune Building, Chicago, Ill. Small size, 25c. Hotel size, eight times the quantity, \$1.00.
