### JUDGE TAKING ORDERS?

The Release of Criminals Seems Part of a Conspiracy.

When there was in court last week the unusual proceeding of a political quarrel being brought up for the benefit of certain persons charged with crime, and in some instances represented by the former partner of a jurist, it was noticed that the bench received many communications from within the courtroom and presumably from without.

Later in the day an attorney who had seen the frequent reference to notes made by the judge, found this lying on the floor in front of the bench, close to the desk of the clerk. It is written with a lead pencil on a fragment of yellow scratch paper, and reads as follows: "If defendant announces ready I would call a jury in the box. Have clerk read indictment, then there being no evidence, would instruct jury to acquit."

Some persons who have seen the fragment, say it is in the handwriting of the First Judge of the First Circuit, while others intimate that the handwriting is that of a lawyer who was in the courtroom.—P. C. A.

### To Reduce War Taxes.

WASHINGTON, Jan. 31.—The bill reducing war revenue taxes by \$77,000,000 has been completed by Chairman Payne of the Ways and Means Committee. The committee will meet on Monday and report the bill to the House, and it is the purpose of Payne to begin the consideration of the measure in the House immediately following the consideration of the anti-oleomargarine bill.

The reduction bill is rather lengthy, as several schedules have to be readjusted. All rates, however, are brought back to those existing before the Spanish War, except on mixed flour. The repeal section is brief, and restores the old rates. In some cases, as in that of cigars, tobacco, beer, etc., the changes have been made since the original war taxes were imposed, so that a simple repeal of existing law would not restore the old rates. Special sections cover these cases.

Payne introduced the bill in the House during the day and it was referred to the Committee on Ways and Means.

### Free Fight in Chamber of Deputies.

BRUSSELS, Jan. 30.—The Chamber of Deputies here was the scene of a free fight today between the socialist and Catholic factions. The trouble grew out of a proposal to prosecute M. Smeets, a Socialist, for a recent revolutionary speech. The disorder began in the galleries, which were eventually cleared by force. Thereafter the uproar was continued on the floor. The Socialists advanced in a body against the benches of the Catholics, shouting taunts and epithets. The Deputies finally engaged in fistfights and the sitting was suspended. But when the session was resumed the disturbance recommenced and prevented the transaction of business.

### Captain Not Liable to Fine.

United States Attorney Dunne has rendered an opinion, at the request of Collector of Customs Stackable, that the captain of the ship Helen Brewer is not liable to a fine for coming here from New York without a regular crew list as provided for in the Revised Statutes of the United States. Attorney Dunne holds that the trip of the Helen Brewer from New York cannot be considered a "foreign voyage," as the Brewer is an American vessel and came from an American port to an American port.

## TOPICS OF THE DAY.

During the coming Lenten season beginning tomorrow, it is earnestly hoped that all who are Churchmen and Churchwomen will become really penitent. All should be united in brotherly love instead of being at outs. To confess and be penitent is deemed good for the soul, being a certain relief and comfort commensurate with Christian teachings.

THE INDEPENDENT cannot for a moment agree with the Anglican Church Chronicle in regard to imparting information to "some new members who are ignorant of past history," as also in its attempt to "truthfully" assert, which it utterly failed to do and show up. There was nothing new for it to impart other than what is already known. It may be also "truthfully asserted" by this paper that had Bishop Willis inhibited its editor twenty years ago or thereabouts, there would be no cause for any trouble today. So much for past history, and more too, if deemed necessary.

The Second Congregation of St. Andrew's Cathedral have decided to await advice from the admiralty before it dare make a move, and the members thereof have therefore not yet decided whether to stay within the pale of the Church that they allege they love or become dissenters or nonconformists. Those of them who attend services elsewhere in a place misnamed a chapel or a church, are to all intents and purposes dissenters, and as such they are nonconformists. But of course, they are at perfect liberty to do as please them most, according to the dictates of their own consciences as to what is right, good and proper for them to do in the matter.

The Maui News says that "Bishop Willis is unquestionably in the right, from a legal point of view, in assuming full control of the services at the Anglican cathedral, but his unwisdom in meeting the crisis on hand as he did is painfully marked. No one man is in position to do so much harm to the Anglican Church on the Islands as is Bishop Willis, and he seems to be inclined to do his best in this direction." Bishop Willis is not only legally right, but more so, he is ecclesiastically in the right, all else to the contrary notwithstanding. And if he is "un-

questionably in the right, from a legal point of view, "then why is all this personal opposition to him in his endeavors to have a united congregation in harmony one with another. But as to the Bishop doing "much harm," the News is no authority on that score.

A correspondent calls attention in this issue to the proposed agricultural show contemplated by the Government and he asks some very pertinent questions that should be taken notice of. THE INDEPENDENT quite agrees with its correspondent that the poor have hardly or no show at all at these shows, on account of the expense entailed in the transportation of the products of their toil, and the matter is now up to the government to see through, if it is really in earnest in this purpose. Being heartily in accord with the idea which prompted our governor to suggest the matter, it is earnestly hoped that all interest in it will not be lost altogether and the project die of inanition from a failure to accord all a fair show. Now Messrs. Governor and Commissioner of Agriculture, out with all your might, not with arms skinned, and see this scheme through to its ultimate success with the means at your command, providing you have such means sufficiently.

### Pastoral Visit to Maui.

The Bishop of Honolulu left here for Lahaina on Friday, the end of last month, by the Mauna Loa and returned on the same steamer arriving here last Friday morning. The following, which pertains to his visit, is from the Maui News:

"The Right Rev. Alfred Willis, D. D., Bishop of Honolulu, arrived in Lahaina on January 31, and visited several of his friends on the following day. On Sunday last, he celebrated the Holy Communion in the Church of the Holy Innocents at 7 a. m. At the 11 o'clock service he gave an address, and administered the Rite of Confirmation to eight young persons. He also preached in the evening. On Monday, at 11 a. m., he confirmed a young man, and went over to Wailuku in the afternoon."

Mrs. Willis being still in Wailuku visiting the Sisters at Malulani Hospital, was what took the Bishop over there. She is now very much improved and is gradually regaining her strength.

### St. Andrew's Cathedral.

To-morrow being the first day of Lent, commonly called Ash Wednesday, the following services will be held:

7 a. m., Holy Communion.  
11 a. m., Mattins, Litany and Penitential Office.  
4 p. m., Pule Ahiahi.  
7:30 p. m., Evensong.

During Lent, Mattins is said daily (except on Thursdays) at 7 a. m., and Evensong (except on Wednesdays) at 5 p. m. On Thursdays there is Holy Communion at 7 a. m., and on Wednesdays Evensong at 7:30 p. m. The Litany is said on Wednesdays and Fridays at 12 noon.

### Activity in Diplomatic Circles.

THE HAGUE, Feb. 1.—There was unwonted activity in diplomatic circles here today, and it was generally believed to have had some connection with the Dutch note to Great Britain regarding peace in South Africa. The German Minister, Count von Pourtales, had a long interview with the British Minister, Sir Henry Howard; the first secretary of the British legation, A. F. G. Leveson Gower, unexpectedly started for London, and the Dutch foreign Minister, Baron von Linden, had a conference with Dr. Kuyper, the Premier of The Netherlands, and, subsequently had an audience with Queen Wilhelmina.

## CORRESPONDENCE.

### About the Agricultural Show.

ED. THE INDEPENDENT:

As a possible exhibitor I beg to inquire (1) whether the steamship companies are going to give us reduced fares? (2) and the Department of Agriculture take care and display our produce in the most favorable condition without cost?

If not, some sugar planters, ranchmen, officials, and other amateur farmers who don't mind to spend a few dollars for the show, might exhibit, but no real farmer will.

Can a poor man lose half a day's work to bring his produce to the landing, pay for them on the steamer half of what he can make on them in Honolulu? Can he be nearly a week absent from his farm? and spend lots of money in Honolulu? But above all, can he pay to the cut throat steamship companies nearly as much to and from our capital as is needed to go to Frisco by sailing vessel? Unless he chooses to lie on a bare board in the stowage among Chinese, Japanese, negroes, Puerto Ricans, lies, flies, fleas, vermine, vomit and stench.

We always see the steamers full of freight and passengers, and if the managers cannot make the boats pay without skinning the public, there surely is something rotten in Holland, and the sooner they quit the better.

FARMER.

Kohala, Hawaii.

### Regarding Certain Stock Dealings.

ED. THE INDEPENDENT:

I notice that some of the small fry among the sugar company promoters are up against it, and we are wondering if the big bugs who have been disporting, and enriching themselves in this questionable manner, are to go Scot free.

We would like to ask if there is any justice in fining men for getting away with a few thousands, while one of the promoters of the Kihel deal gets away with \$200,000, and the others, we presume, have got away with a like amount. Whatever others are thinking of this deal, we are decidedly of the opinion that it was a rotten transaction, and we mean to have the thing investigated. We think that the holders of shares in this company could for a dollar a share get some good lawyer to try this case, and have it decided, once for all, who is to blame in this deal, and make him, or them, refund the money. We also think the price paid for the land was little better than a steal.

We may be wrong in this, but we are ready to put up money to have it settled in the courts, and are ready to put it up at a moment's notice, if only the Honolulu stockholders will follow suit.

It is reported that one of these company promoters is saying that the stockholders who have put up money in this rotten concern, are nothing but a lot of suckers, and deserves all they have got. Perhaps they do if they are going to stand this.

We also think the company promoters of McBryde should be called down, and be made to explain some of the funny business in connection with that deal, for it is indisputable that there is something rotten in Denmark, and the sooner it is settled, just where it is, the better it will be for all parties. Criminal extravagance, carelessness and incompetency has the credit for much of this trouble and we would like to know just how it is. The Courts, we think, would be a good place to decide this question also.

### Repairs to Volcano Road

Crushed rock is being put on the Volcano road in places between 11 and 13 miles. Above the latter point ferns and vines on both sides of the road have been cut away so that drivers may be able to see how far they will drop in the event of their horses running off the road — Hawaii Herald.

## Circuit Court Notes.

Yesterday was a rather quiet day in Circuit Court circles.

### MATTERS OF THE TERM.

In the morning Judge Gear heard the demurrer of L. C. Ables vs. C. J. Falk and Geo. R. Carter as trustee, and the Honolulu Stock and Bond Exchange. The matter was argued at some length and decision reserved until Saturday.

On Saturday last Judge Gear heard the motion for a new trial in the case against Wm. Davis, the young man found guilty last term of shooting a Chinaman at Ewa. The motion was denied yesterday. A fine of \$1000 and costs was imposed on him this morning.

The case of John Kalimapehu and two others for assault and battery on a Chinaman at Manoa Valley was heard by Judge Gear and the jury the whole of yesterday. It was not finished when adjournment was taken and is still being heard today.

All of yesterday Judge Humphreys and a jury were engaged in the further hearing of testimony and arguments in the ejectment case of the John li Estate vs. Melo Kahine. And when concluded it went to the jury at 5 o'clock and a verdict was immediately returned in a few minutes in favor of defendant.

A nolle prosequi was entered yesterday in the case of M. G. Silva and seven others charged with assault upon J. M. Lemos. In the lower court the defendants were each fined \$25. The assault occurred in an attempt to oust Lemos from a house on which defendants held a mortgage. And also in the case of H. Silva, who was mixed up in the same fight.

### MATTERS IN CHAMBERS.

Mrs. Irene li Holloway has filed her accounts as guardian of the Brown minors. The receipts for the year, including the last balance, was \$3194 08, the expenditures were \$2883 28.

Mary J. Hoyt and Garret S. Strow, heirs of J. C. Strow, deceased, have filed a motion for an order to J. S. Walker, administrator of the estate, to show cause why he should not be punished for contempt for not obeying an order directing him to pay into court all property of the estate.

Application has been made by the defendant in the case of Geo. E. Boardman vs. Fireman's Fund Insurance Company for an order in accordance with the ruling of the Supreme Court.

Alice F. Beard has been appointed guardian of the Headrickson minors; also of the Ferreira minors.

David Dayton had his license to practice in all the district courts of the Territory renewed yesterday.

### Marriage at High Noon.

Miss Floss Hill, daughter of the late Walter Hill, was married at noon today to Walter F. Drake, deputy internal revenue collector. Rev. E. S. Muckley performed the ceremony at the Christian Church parsonage. The bride and groom will spend their honeymoon down at Waiolu.

## Protest to China.

LONDON, February 1.—From Peking the correspondent of the Daily Times cables that Great Britain and Japan, supported by the United States, while not opposing the completion of an equitable agreement safeguarding Russia's interests, energetically protest against the infringement of their rights involved in the agreement between China and the Russo-Chinese bank, which gives Russia exclusive mining and other privileges. The signing of this agreement has, therefore, been delayed.

## The First Local Mint.

One of the institutions here which has the special attention of tourists as well as the local people is the Mint, which is established on Nuuanu street, opposite Queen Emma Hall.
