THE GREATEST GOOD TO THE GREATEST NUMBER.

Every individual person's individual tastes and interests cannot possibly be consulted and considered in and by the government of a country or community, however contracted in space or limited in number. An attempt to do so would be fatal to the authority and existence of the best government possible. The experience of the old man, who, in the story, tried to please everybody, would be repeated and exemplified. "The greatest good to the greatest number," is the only true and safe guiding principle of government. A consistent, energetic, and intelligent adherence to this rule is the best and most the best and strongest government can do. Adopting the motto, "government of the

people, from the people, and by the people," and granting that we are now so governed, and accepting the conclusion that this is the class of government the people are resolved upon maintaining in future, at all hazards, we do well to acquire an intelligent comprehension of the principle just now stated, and shape our course accordingly.

The people of this country should be united to support a government—not now using the term as merely meaning four Cabinet Ministers, but in that wide sense which includes the legislature and the entire public service—on the broad and liberal platform of "the greatest good to the greatest number," and on no other. Personal considerations, little family arrangements, and sectional interests we have already had too much of. In breaking up one coterie there is always danger of establishing another, and after shaking off the control of one faction there is liability of another stepping into its place. This is a contingency to be guarded against in the present stage of affairs in this country. By the united and determined action of the people we have been released from the clutches of a ring which conducted the public business pretty much in a way to suit its own caprice and advance its own interest. To avoid a recurrence of any similar factional arrangement whatsoever in future, should be the concern and aim of the people at large.

Probably, there are persons identified with the reform movement whose patriotism and policy consist of desires and efforts to especially benefit themselves and their connections, and others who wish to see the public policy conducted on narrow lines, not adapted to the peculiar conditions and needs of a mixed population of many nationalities, such as that of these islands. To allow either or both of these classes to control or influence the Government is not promotive of the "greatest good to the greatest number." A back seat is their proper place. In the election of Nobles and Representatives, in legislation, and in the management of public affairs, let the good of the nation at large, and not that of a class or clique, be the object kept steadily in view.

KAUAI CANDIDATES.

The New Constitution party on Kauai have held their caucus and put forward their candidate for the Legislature. Of the candidates for nobles, Mr. G. N. Wilcox is a native of the Island and a resident there all his life. He is known as a successful planter and business man. His generosity and kindness of feeling are proverbial on the Island, and they have made him justly popular. His honesty is of a quality which does not require assertion in a newspaper.

Mr. Geo. H. Dole is also a native of Kauai, having been born at Koloa. He is a plantation man and has been manager at Koloa plantation and also at Kapaa. He holds the latter position at present. Mr. Dole is a man of liberal views, and with the courage of his convictions. He is thoroughly trusted by his neighbors.

Mr. Christian Bertelmann is a native of Germany, but he has been a resident of Kauai for many years. His energy and fearlessness are his distinguishing characteristics. He has held office in the civil service and has always shown marked energy and faithfulness in the discharge of his duties. He is thoroughly independent and thoroughly in earnest about having good government.

Mr. A. S. Wilcox, candidate for Representative for Hanalei, is a native of that district. He is a man of tried integrity, and popularity at home. At present he is successful manager of a planting interest at Hanalei, in the Lihue District.

Mr. W. H. Rice is well known to many of our readers. His strongest points are his well known and well attested philanthropy and public life. He promotes the welfare of the native, and especially of the native means but with his energy and counsel. Wherever there is need for help in an enterprise for the good of the people, he is to be found. Most of his life has been spent in Lihue. He is a candidate for Lihue and Koloa, the district represented by the Hon. S. B. Dole in the last two legislatures.

Mr. Francis Gay is the candidate for representative from Waimea. He is a large tax payer, being the senior member of the firm of Gay & Robinson, who hold, partly in fee and

partly on long leases, a large tract of land extending from Hanapepe to the Waimea river, as well as the whole of the island of Niihau. Mr. Gay is a man of great influence in his district. But he has not positively consented to run, though he was the choice of the caucus.

The meeting was large and enthusiastic. Men from all parts of the Island were present, and the greatest harmony prevailed. The idea that the native people are opposed to the reforms lately introduced seems likely to be proven false on Kauai, at least. Many natives joined in the caucus and are showing great enthusiasm for the election of their candidates. And, indeed, they do well to show enthusiasm in such a cause. If the next legislature is made up of such men, good government will be assured.

A NOISANCE.

Complaints have been lodged at the BULLETIN Office, with requests that attention be called to a growing nuisance. The cause of complaint is the ringing of ice cream bells, from 7 o'clock in the evening until midnight, and occasionally later. Ice cream is all very well in its way, but if to gratify the palate of a few a whole neighborhood should be aroused from sweet slumbers, it is about time that some other method of vending refrigerated creams be adopted. There is a law to suppress the "disturbing of the quiet of night." Does not the ringing of these horrid bells come under its provisions?

RATHER REFRESHING.

The New Zealand "Herald's" correspondent at Samoa writes under date of June 15th, that "with the assistance of the Hawaiian Embassy, the Government of Matiletoa is endeavoring to improve the islands by making good roads, building bridges, etc."

The correspondent probably did not appreciate the humor of what he said, but the joke does not need to be explained to those familiar with the state of roads and bridges in Hawaii. Road making and bridge building, like Charity, should begin at home.

THE BARBARIC YELLS.

EDITOR BULLETIN:—It is not about time for our military authorities to put a quietus on the fiendish howl heard in the palace yard and in all that neighborhood every night? What impression must such unearthly noises make on our visitors? What mortal use is there in continuing this sentinel's alarm cry?

AN IMPATIENT SUFFERER.

STOP THE CHINESE.

EDITOR BULLETIN:—Whilst entirely agreeing with you about giving Ministers time, and making every allowance for their position, I believe in showing up matters of more than ordinary importance to the country, and what I wish to refer to now is Chinese Immigration.

No reference has so far been made to this subject since the late change of government, and people are anxious to hear the views or policy of the Cabinet on a matter of such vital moment to the country, and which urgently calls for immediate action. It has been said that Mr. Gibson's one redeeming feature was his opposition to Chinese immigration, but the compliment is of doubtful propriety, as they have been flocking in all along under cover of law—that is, with passports which everyone believes to be fabricated to order—and the worst of it is that the arrivals appear to be growing more numerous of late.

We must not forget that every Chinaman who lands here displaces and almost literally forces out of the country a Portuguese or other white laborer. And how long can a small place like this stand such a policy? Of course I am aware that many, if not most, of the planters favor unlimited Asiatic immigration, as a means of cutting down wages to starvation rates. The planters look to their pockets which may be very natural, but it is quite as natural that the other side should look out for their own, and their families' bread.

Now that the government proposes to revive Japanese immigration under favorable conditions, I fail to see why it hesitates to follow the example of every Anglo-Saxon community elsewhere, and at once and for ever bar the way to further Chinese invasion.

KAMAIAINA.

YOUNG MEN'S FIFTH WARD REFORM CLUB.

Last Saturday evening a meeting of young men of the Fifth Ward was held at the Honolulu Rifles Armory, for the purpose of forming a reform club. It was well attended. Geo. McLeod was appointed Chairman and Alex. Robertson Secretary of the meeting.

The following committee was appointed on permanent organization: Col. V. V. Ashford, Chairman; F. W. Wundenburg, W. F. Allen, Dr.

Tucker, and W. G. Armstrong. They retired and after a short absence returned and recommended the following officers and committees to be permanent: President, Geo. McLeod; Vice-President, M. D. Monsarrat; Secretary, W. H. Hoogs; Treasurer, Dr. Tucker. Committee on Credentials—W. Unger, Geo. Stratmeyer, B. Ordenstein, T. J. King and W. F. Wundenberg. Executive Committee—Geo. McLeod, Chairman; M. D. Monsarrat, W. H. Hoogs, W. F. Allen, V. V. Ashford, F. W. Wundenberg, E. Muller, J. H. Fisher, Dr. Tucker, Geo. Stratmeyer, T. J. King, L. C. Ables and C. J. McCarthy.

The committee further recommended that the ward be divided into five precincts, and that a committee of six to each precinct be appointed to canvass the ward thoroughly.

The precincts with their committees are as follows:—
A.—Between King, Beretania, Nuuanu and Alakea streets. M. D. Monsarrat, L. C. Ables, W. Wright, G. H. Martin, Andrew Brown and C. Zeigler.

B.—Between King, Beretania, Alakea and Punchbowl streets. F. Wundenberg, T. J. King, J. Simonson, E. P. Low, J. Sullivan, and D. McLean.

C.—Between Beretania, School, Nuuanu and Fort streets. M. Sanders, W. Jarrett, W. Wagnier, G. Stratmeyer, J. F. Smith and Henry Smith.

D.—Between Beretania, School Fort and Emma streets. N. B. Emerson, E. F. Bishop, T. F. Lansing, B. Ordenstein, W. F. Allen, and C. Nicoll.

E.—Between Beretania, Emma and Punchbowl streets. H. Riemenschneider, A. Robertson, J. M. Dowsett, W. F. Love, C. J. McCarthy and N. Pyburn.

One hundred and ten men signed the roll and the meeting adjourned to Thursday evening, at a place to be designated by the committee.—[P. C. Advertiser.]

ARTISTIC AND LITERARY WORK.

Since the return of Messrs. Tavernier and Vivian from their trip to the Volcano, both of these gentlemen have been busily engaged at work in their respective spheres. Mons. Tavernier has produced 13 black and white sketches of interesting scenes in the neighborhood of Kilauea, all of which will appear in one of Scribner's Magazines, accompanied by descriptive articles from the pen of Mr. Vivian. The work is sufficiently advanced to be forwarded by the S. S. Australia, sailing to-morrow. Mr. Vivian also taking passage by the same vessel. In the course of a few months something exceedingly interesting may be looked for as the result of the combined labors of the talented artist and writer.

Firemen of Honolulu.

I once again appear before you as candidate for the position of Chief Engineer, in conjunction with my former associates on the ticket, Messrs. Asche and Souza. Although elected by a majority of votes and according to the usages in force for over 30 years, yet having legal advice on the subject, I have accepted the situation and therefore present myself for the coming election.

Two assistant engineers duly elected declined to serve with me. A great amount of venom has been wasted on Pacific Hose Co. No. 1 as to how members had been picked up on the streets etc. Since I have had the honor of being Foreman of Pacific Hose Co. the Company has steadily increased and there has been good attendance at drills and fires. The Company consists of men of all occupations, and I fail to see any law by which the number of voting members of any Company for this election can be limited as it would be a manifest injustice depriving members who are now in good standing from voting. I will not follow the example of some and descend to personalities. My Motto is, "The good of the Department and of the Public" and on that platform I will meet my opponents and trust to your good sense and honest feeling in the coming election.

M. D. MONSARRAT,
Foreman Pacific Hose Co. No. 1.

vice about their duties in the coming
election.

Mr. J. D. Brown, for some time
past attached to the Water Works
Department, resigned his position
and went to San Francisco by the
Zealandia on Saturday. Mr. Brown
is a man of large experience in the
laying out and construction of roads
and railroads, and might have been
very serviceable in this country had
he consented to stay.

the Board of Inspectors of Election
for the Third Ward, gives notice in
another column, that the Board will
be in session at their office on Wed-
nesday and Thursday of this week.

WAILUKU and Waikapu, Maui,
were flooded last Saturday night and
Sunday morning; Hamakua was
drenched Saturday night. In short,
from Hilo to Maui the rain came
down in torrents last week.

THE first through passenger tickets
from Honolulu to San Miguel in the
Agaves were issued this morning by
Messrs. J. E. Brown & Co., as
agents for the Burlington and Chi-
cago Railway.

THE types made the BULLETIN say
in its last issue that the forthcoming
financial statement will include the
five months to June 30th, whereas it
should have said the fifteen months,
etc.

A HACKDRIVER remarked to his
fare yesterday, while driving out Pa-
lamawards, "This is worst bit of road
about Honolulu—from the Bridge to
Dowssett's it is nothing but ruts and
holes." The passenger fully believed
the hackmen to be telling the truth.

THE steamer Kianu had consider-
able difficulty in making her berth
yesterday afternoon. She was very
light and with every gust of wind
she would swing about. She made
three or four attempts to reach the
wharf, but was finally compelled to
drop anchor in the stream.

KAUAI NOMINATIONS.

There was a nominating conven-
tion held last week Thursday at
Lihue, Kauai, and the following
ticket was agreed upon.

Nobles: G. N. Wilcox, C. Bertel-
mann, G. H. Dole.

Representatives: A. S. Wilcox,
Hamaile; W. H. Rice, Lihue and
Koloa; F. Gay, Waimea.

HOW THEY DO IT IN HILO.

Assessor—(To native who owns
mango trees)—How much for your
mango trees?

Native—I don't know.

A.—How many mangoes do you
sell for a quarter?

N.—About twenty-five.

A.—Now let's see: I'll tax you
fifteen dollars for the fruit on that
tree. Have you any chickens?

N.—Yes.

A.—How many?

N.—About twenty-five or thirty.

A.—Good! Fifteen dollars for
fowls. Fact.

THE DODD DIVORCE CASE.

The Supreme Court was occupied
the whole of Friday and Saturday
last, Mr. Justice Preston on the
Bench, hearing the evidence in the
above named case. His Honor
warned the reporters not to publish
the evidence in the case, until it was
completed, and as some portions of
the evidence are unfit for publica-
tion, we deem it better for all con-
cerned not to report any portion of
it. The evidence concluded at a
late hour on Saturday, and His
Honor reserved judgment until after
his return from Kauai, probably
next week.

Mr. F. M. Hatch appeared for
the libellant, and Messrs. Neumann
and A. C. Smith for defendant.

PASSENGER AGENCY.

Messrs. J. E. Brown & Co., 28
Merchant street, Agents for the
Burlington Railway across America,
received by the Australia special
powers to book passengers through
from Honolulu to the following
ports in the Azores Islands, viz:
Flores, Fayal, St. George, Terceira,
and St. Michaels.

To Portuguese going home, this
Agency must prove a great boon,
doing away with the risk of carry-
ing money, and moreover it consti-
tutes a protection against the num-
erous sharks that prey on the unfor-
tunate passengers on arrival at San
Francisco, who frequently get
fleece of all they possess, and then
of course abandoned.

Connections are established at
Boston with regular traders to the
Azores, and arrangements are being
made with a line of French steamers
eastward bound from New York to
call at the Azores to land passen-
gers.

As by taking tickets at Honolulu,
a considerable reduction on fares is
made, this local Agency will doubt-
less be largely patronized.

THE WALLACE SALE.

Mr. Jas. Morgan's stentorian
voice echoed through the corridors
of Mr. Wallace's residence, Satur-
day morning, while selling off the
household goods. James was in
excellent humor, and his captivating
smile was frequently employed in
aiding him in the sale. The \$650
piano was sold to Mr. Pennicook for
\$250; it was started at \$200. The
upholstered blue parlor set became
the property of Mr. Glade for \$75.

Mr. Pennicook bought a small, but
nicely carved center table, for \$20.
A black walnut marble top bedroom
set was sold to Mr. Glade for \$70;

two armchairs for \$9 and \$3 re-
spectively; a large parlor table for
\$10; a silver plated cake basket for
\$2.50; a silver plated pickle stand for
\$3; 1 dozen knives for \$7.50; 1
dozen forks for \$6; 2 dozen table
spoons for \$13; 11 forks for \$2; a
spring mattress for \$5, and a 24-
pound hair mattress for \$12. The
large extension dining table was
bought by Mr. Pennicook, who
transferred it to Dr. Gray, for
\$22.50. Mr. Pennicook also bought
the four-light parlor chandelier for
\$12; it cost \$40. Japanese screens
were sold for \$1 apiece; 16-dollar
engravings for \$2.50; panel pic-
tures for a dollar apiece; Japanese
figures 50 cents apiece; vases at .75
and \$1 apiece; mantle flower pots
for \$2.50 a pair; a nickel plated
parlor clock for \$2; a 20-dollar
bronze statue for \$6; a silver plated
chandelier for \$5; a silver plated
berry dish for \$3; a silver plated
cruet stand for \$1; Vienna chairs
at \$1.25 apiece; an 8-day clock for
\$3; a music box and cigar stand for
\$2.50; seven China cups and
saucers for \$1; eight white china
cups and saucers for .75; ten white
china plates for .50; seven wine
glasses (cut) for \$1; 6 more for
.75; 12 goblets for 1.75; a 14-
dollar table cloth for \$7; carving
set for \$2.50; 12 china plates for
\$1; feather pillows at \$2.50 apiece,

etc. The sale occupied several
hours. Captain Staple bought the
carriage horse for \$101; Mr. W. R.
Lawrence the saddle horse for \$50.

KOHALA NOTES.

The weather continues to be all
that we could wish, copious showers
especially at night, but not severe
enough to hinder field work by day.

The genial rain we have had during
the past two weeks has changed the
whole face of nature. All our mills
except Hawi have ceased grinding
and several are effecting improve-
ments in machinery to meet the de-
mand of the increased yield expect-
ed next season.

The inspectors of election for this
district have been appointed, and
have set to work "roping in" the
material for the new electoral roll.

One of the inspectors, Mr. W. B.
Wright, book-keeper to Kohala
Plantation, has resigned, as the
office carries an emolument which
would bar him from being a candi-
date for the position of noble or
representative, for which latter
position rumor says, Mr. W. intends
to run. The other inspectors,
Messrs. Brodie and H. P. Wood
expect to appoint their colleague, who
will no doubt be a native.

We take it for granted—in the
absence of information—that repre-
sentatives will be elected by the
several constituencies as heretofore;
but how about the first election of
nobles? will they be elected by a
collective vote of the several dis-
tricts, for it appears by Art. 58 of
the new Constitution that it is only
after 1890 that the nobles shall be
elected at the same time and place
as the representatives.

Mr. Wright is a half-white of fair
education and address, and as a
representative would prove far
above the native mediocrity of the
last session, but the present posi-
tion of affairs seems to demand
an assembly of men, not merely who
have been in the country some years
and know its requirements, but who
can bring in a wealth of matured
experience, gained by years' travel,
and residence in other lands—a
knowledge of the world in fact. The
average young Hawaiian reminds
me of the Welshman who ascended
the summit of the nearest mountain
and looking beyond, exclaimed that
he never thought the world was half
so big.

Mr. Tulloch, our telephone con-
structor, went out early last week
with a party of natives to see if our
line to Hilo could not be carried
through Pololu gulch direct to Hono-
kua. The party returned on Satur-
day and reported having cut through
about 6 miles of dense forest full
of vines. They are out again and may
not be able to decide whether the
route is practicable for a week or
two. If it should prove possible to
construct on this direct route, it will
be a saving of 26 miles of line, and
the cost of at least one repeating
station.

We are expecting the H. B. M. S.
Conquest at Mahukona on Monday
next, and are looking up our bunt-
ing, and hope to keep up our repu-
tation for doing the honors to visi-
tors.

Rev. Mr. Whalley and family
leave by the Kianu, and are booked
for the Coast on the S. N. Castle.

BUTTERMILK AS A DRINK.

A great physician once said that
if every one knew the value of but-
termilk as a drink it would be more
freely partaken of by persons who
drink so excessively of other bever-
ages, and further compared its
effects on the system to the cleaning
out of a cook stove that has been
clogged up with ashes that have
sifted through, filling every crevice
and crack, saying that the human
system is like the stove, and collects
and gathers refuse matter that can
in no way be exterminated, from the
system so effectually as by drinking
buttermilk. It is also a remedy for
indigestion, soothes and quiets the
nerves and is very somnolent to
those who are troubled with sleep-
lessness. Its medicinal properties
can not be overrated, and it should
be freely used by all who can get
it. Every one who values good
health should drink buttermilk every
day in warm weather, and let tea
coffee and water alone. For the
benefit of those who are not already
aware of it, I may add that in the
churning of it the first process of
digestion is gone through, making
it one of the easiest and quickest
of all things to digest. It makes
gastric juice, and contains prop-
erties that readily assimilate with it,
with very little wear upon the di-
gestive organs.—(Hall's Journal of
Health.

DAILY BULLETIN SUMMARY
40 columns. \$2 per annum.

Why am I so Miserable?
So weak and languid? Why such
heartburns and pains in the stomach,
such acidity, and such an unpleasant
taste in the mouth? Why at times such
a gnawing appetite, and then again such
diarrhea for food? Why is the mind so
frequently irritable, desponding, melan-
choly, and dejected? Why does one
often feel under the apprehension of
some imaginary danger, and start at any
unexpected noise, becoming agitated as
though some great calamity was pend-
ing? What is the meaning of these
dull, sick headaches; these violent pal-
pitations of the heart, this feverish rest-
lessness, these night sweats; this dis-
turbed and dreamy sleep, which brings
no refreshing rest, but only moanings
and mutterings, and the horrors of the
nightmare?

The answer is: There are the sym-
ptoms of Indigestion or Dyspepsia—the
beginning and the forerunner of almost
every other human disease. Indigestion
is a weakness or want of power of the
digestive fluids of the stomach to con-
vert the food into healthy matter for the
proper nourishment of the body. It is
caused, most frequently by the irregu-
larity of diet, or improper food, want of
healthy exercise and pure outdoor air.
It may be induced by mental distress—
the shock of some great calamity. It
may be, and often is, aggravated and in-
tensified, if not originally brought on,
by exhaustion from intense mental ap-
plication, of physical overwork, domes-
tic troubles, anxiety in business, or finan-
cial embarrassments. If the stomach
could always be kept in order, death
would no longer be a subject of fearful
anxiety to the young and middle-aged,
but what would be contemplated by all
as a visit of an expected friend at the
close of a peaceful and happy old age.
However, the first hostile invader upon
the domain of health and happiness is
Indigestion.

Is there any relief, any remedy, any
cure? That is the question of the suf-
fering and unhappy dyspeptic. What is
wanted is a medicine that will thorow-
ly renovate the stomach, bowels, liver,
and kidneys, and afford speedy and ef-
fectual assistance to the digestive organs,
and restore to the nervous and muscular
systems their original energy.

Such a medicine is happily at hand.
Never in the history of medical discov-
eries, evidenced by a dozen years' thorow-
test, has there been found a remedy for
Indigestion so speedy, so sure, and so
surprising in its results as Siegel's
Curative Syrup, but to-day it is a stand-
ard remedy for that almost universal ail-
ment, which has afflicted civilized countries in Europe,
Asia, Africa and America. Public tes-
timonials and private letters from mil-
lions of officers, bankers, merchants, ship
captains, mechanics, farmers, and their
wives and daughters, alike confirm its
curative powers.

A. J. White, Limited.
Dear Sir:—If a testimonial is of any
use to you respecting the remarkable
cure I have derived by taking your
"Siegel's Syrup," you are at liberty to
make any use of this you may deem
best. For upwards of twelve years I
suffered from extreme Nervous De-
bility and Gastric Catarrh which re-
duced me so that I was totally unable to
do any business, and caused great pro-
stration and weakness. About three
years ago I had the advice of several
members of the medical faculty, and
under their treatment derived little or
no good. Being in town some ten
months ago, I was advised to try your
Curative Syrup, and purchased a bottle.
I had not taken many doses before I be-
gan to feel a fresh man. I could walk
with ease, while before I had hard work
to carry one leg before the other. My
strength gradually increased and my
eyesight got better, which before I fre-
quently lost, owing to the malady arising
from a sluggish liver, often in bed
for several days with piles, and could
hardly move. I am thankful to you and
to God for nearly raising me from the
grave, for it was nothing but your Sie-
gel's Syrup that has restored me to ro-
bust health. Yours faithfully,
A. RICHOLD.

Revesby, near Boston,
December 31st, 1886.

A. J. White, Limited.
Dear Sir:—Your Siegel's Syrup I find
has an increasing sale in this neighbor-
hood, and shall always do my best to
further the sale of an article that every
one that purchases speaks highly in its
favor. I take the greatest satisfaction in
saying that I quite believe my wife was
permanently cured of Indigestion and
Wind on the Stomach, from which she
had suffered incessantly some time previous
to taking it. Faithfully yours,
A. BURN.

Attanagh, Abbeyfeix,
Queen's County, Ireland,
December 24th, 1886.

A. J. White, Limited.
Dear Sir:—I hope that your Siegel's
Syrup and Pills may get the sale they so
well deserve. I had a very delicate
child, a boy now over one year, but
being averse to eating any kind of veg-
etable or food from his birth, I began
giving him Mother Siegel's Curative
Syrup, and after a few weeks he recovered
so as to be able to consume as much
food as other boys of his age, and to the
great astonishment of his neighbors, he
is lively, getting into flesh, and thriving
as well as boys of his age do. We give
all the credit of his recovery to Siegel's
Syrup. Yours faithfully,

JUBILEE FESTIVITIES. — CONCLUDED.

ADELAIDE, July 11th.

The opening ceremony was car-
ried out, under the management of
a committee, in a most imposing
manner and without the slightest
mishap, and in the presence of the
largest crowd which has ever col-
lected in the colony. Visitors were
present from nearly all parts of the
wide world and people had been
arriving from the country for sev-
eral days in immense numbers—
taxing the railway authorities to
their utmost to find accommodation
for passengers. The scene within
the building was one of great
splendor. At noon the Governor,
Sir William Robinson, arrived, at-
tended by his suite, and accom-
panied by a large number of gaily-
robed officials in addition to a very
large number of executive commis-
sioners from the various countries
and colonies exhibiting. On the
entry of the procession to the main
hall the large assemblage rose to the
strains of the National anthem play-
ed by the organ and band; the
dignitaries being in their seats the
same air was sung as a solo and
chorus by a strong company of
vocalists, the organ and band ac-
companying; The Old Hundredth
was next sung. The Bishop of Ade-
laide, Dr. Kennion, offered an ap-
propriate prayer. The exhibition
Cantata which was composed for the
occasion was rendered with marked
effect. The management spared no
expense in obtaining talent for the
auspicious occasion—the solos were
sung by professionals from Victoria.
The Vice-President followed with
reading an address to His Excel-
lency; the Executive Commissioner
for this province, Sir Samuel Dav-
enport, K. C. M. G., who has repre-
sented this colony at similar shows
in the Old Country and America,
then handed to the Governor a
golden key, asking His Excellency
to declare the Exhibition opened
and a response came from Her Ma-
jesty's representative accordingly.
Then was sung the Song of Australia
by Mrs. Carleton which had been
specially arranged for the occasion
by Professor Ives of the Adelaide
University. The Governor handed
a lengthy telegram to the Superin-
tendent of Telegraphs for transmis-
sion to Her Majesty, informing the
Queen of the successful opening,
which message was sent from the
building direct and without delay.
Handel's Hallelujah Chorus brought
to a close the grand ceremony, which
had been conducted exceedingly
well. The scene within the build-
ing during the opening ceremony was
truly beautiful. Around the great
hall is a balcony which was quite
filled, whilst below on the ground
floor not a seat was vacant. The
seats being placed amidst the vari-
ous trophies as well as on the main
floor, whilst the speakers occupied
a dais, and the orchestra and vocal-
ists were arranged on a gallery
erected for that purpose. The organ
is placed in the center while the
vocalists were on each side facing
the people, whilst other galleries
were constructed that the singers on
them would look towards the organ.
Over the organ and above the
gallery is the motto, "The Earth is
full of the Goodness of the Lord,"
and words of the Cantata appeared
singularly appropriate:
—God bless them both Old England and
the New;
God keep them both for ever hand in
hand;
Each helping each, each to the other
true—
Old England and our fair Australian
land.

Within view of the opening cere-
mony were many South Australian
exhibits. Along the sides of the
great hall were trophies from many
lands and one seemed to live a cos-
mopolitan life for a few hours.

Outside of the building the as-
semblage was very striking as seen
from the balcony over the chief
entrance. The gay dresses of the
civilian, the dark blue of the Brit-
ish men-of-war—our own volunteers
on foot as a guard of honor and the
cavalry in their modest grey suits
with the police troopers on their
well-groomed steeds of grey, all com-
bined to make the sight a striking
one. The country around the city,
owing to the early and exceptionally
heavy rains looks very picturesque.
The exhibition, although it has been
opened for three weeks, is not yet
seen to its best, and several courts are
incomplete, in fact, September or
October will be better times in which
to see the place to advantage. Yet
visitors express quite surprise at
seeing an exhibition on so grand a
scale, and as far advanced towards
completion as it now is. O. B.

WHISKEY CURE.
There is in Philadelphia a citizen
who used to be a hard drinker, but
who now shudders at the thoughts
of whiskey. He thus tells of his
cure: "After I drank so much that I
became a nuisance to my wife she
tried the whiskey cure. In the home
where she put me they poured whis-
key over the meat we ate, the pota-
toes, the fish, the salads, the peas,
butter and tomatoes. There was
whiskey in our coffee, our soup, our
milk, drinking-water, and the water
we washed in. We went to bed after
eating real stuffed with whiskey,
and got to clean our teeth with
whiskey and water and enjoy the
day on a breakfast soaked in milk
and whiskey. I stood it for a month.
Unadulterated water is good enough
for me now."

A NEW CURE FOR CONSUMPTION.
Considerable sensation has been
created in medical circles in Vienna
by the discovery of a supposed cure
for consumption and other tuber-
cular affections of the lungs or other
parts of the body. The discoverer is
Dr. Kollischer, a young operator in
the Clinical Department of Prof.
Albert. Dr. Kollischer, starting
on the assumption that tuberculosis
occasionally heals naturally, owing
to the tubercles becoming calcified,
hit upon the idea of causing artifi-
cial calcination by means of hypo-
dermic injections of a compound
described as "calcium phosphor-
um" into the limbs of persons
affected with local tuberculosis. He
made a number of experiments with
a view of testing his discovery, and
in every case the experiments turned
out successful. At the last meeting
of the Vienna Society of Physicians
Kollischer read a paper on the result
of his experiments, and introduced
to the meeting several persons who
had been cured by his method. He
is about to carry his experiments
further by making similar experi-
ments upon persons suffering from
tuberculosis of the lungs.—[London
