BOTH SEEKING AN INJUNCTION

THE PARKER RANCH CONTROVERSY IS BROUGHT BEFORE GEAR THIS MORNING.

Judge Gear this morning heard argument on the application of Samuel Parker for an injunction to restrain A. W. Carter from interfering with the management of the Parker ranch. A return was filed by Carter to Parker's petition and Parker filed a demurrer to the return. The demurrer was argued all morning and is still under argument.

As the matter now stands both sides have asked for injunctions. Carter filed his petition in Judge Edging's court at Kailua on June 9, and Judge Edging issued a temporary injunction restraining Eben Low and Parker from interfering with the ranch. This temporary injunction is still in force. Gear is now asked to grant a temporary injunction restraining the other side.

In his return to Parker's petition for an injunction Carter sets forth that the ranch will be utterly without a manager if the court restrains him from management. He calls attention to the injunction issued by Edging restraining the other side, and says that a new injunction if granted will leave both sides under orders by the courts to let the ranch alone. Carter also says that the fact that Edging has taken jurisdiction is a reason why Judge Gear should not interfere.

Carter also denies that there was any partnership between Samuel Parker and the late John P. Parker, which partnership is the principal basis of Parker's claim to the right to run the ranch. He claims the rights as a surviving partner. Carter says that he has been looking after the affairs for four years, with the full consent of Parker and that until ten days ago Parker never showed any opposition to his management.

LESSLIE LOSES HIS LIBEL SUIT

UNITED STATES JUDGE DOLE REFUSES HIM ANY DAMAGES FOR BEING DISCHARGED.

United States Judge Dole this morning gave a decision dismissing the libel of George Lesslie against the Inter-Island and Steam Navigation company. Lesslie sued for damages on account of his having been discharged from his position as second mate without cause. His libel set forth that the agreement under which he was employed called for "steady employment with chance of promotion" and it was claimed that under such an agreement the libellee had no right to summarily discharge libellant without cause. Judge Dole in dismissing the libel says:

"The important question in this issue is whether the alleged contract is sufficiently definite to form a basis for damages in consequence of its termination by the libellee. The libellant's counsel discusses this point carefully, referring to a number of authorities. As I understand the general rule of law applicable to ordinary contracts for hiring the parties may bind themselves by contract but where they have no contract for a stipulated time the employee may leave when he wishes and the employer may discharge when he pleases. I find that the words 'permanent employment' and 'steady and continuous employment' have been construed in similar cases by the courts and have been passed on by text writers. These several expressions are analogous to and fully cover the words 'steady employment' and have no significance as to the period of the engagement, but amount merely to a stipulation for unbroken employment in distinction from occasional employment, so long as the engagement lasts."

"I see no possible basis for damages on the showing made by the libel and

NO CUTTER IS EXPECTED SOON

NOT LIKELY THAT ANY VESSEL WILL BE SENT TO REPLACE THETIS AFTER HER DEPARTURE

It is not likely that there will be another revenue cutter stationed in the Hawaii district until the latter part of the year. The revenue cutter Thetis is at present going to Midway from Honolulu. She will return about June 23. She will remain in Honolulu until about July 1. There will be repairs and some overhauling to be made. She may even have to go on the marine railway. She is to sail for Dutch Harbor as soon as possible after July 1. The vessel will remain in those waters until about the end of October.

It is not anticipated that any other cutter will be sent back to Hawaiian waters before she completes her work about Dutch Harbor. As a rule revenue cutters are specially designed for the particular section in which they are supposed to do service. The Thetis is not designed for Hawaiian waters nor any other revenue cutter, so not until one can be specially built for Hawaii will there be apt to be such a craft permanently located about the local customs district.

THE APPOINTMENTS

Rumors were about town today that cables had been received from Washington to the effect that C. L. Crabbe was to be appointed postmaster, also that choices had been made of justices for the Supreme Court of Hawaii. Acting Governor Atkinson this afternoon denied that he had received word regarding the appointments. Governor Carter is in Washington today. His conference with President Roosevelt of last Saturday was followed today by one with the Department of Justice and a decision is expected at any time about the various appointments.

Delegate Kalaniana'ole was in San Francisco today. He cabled to Acting Governor Atkinson that he was starting for Chicago today.

INNOCENT MAN PLEADED GUILTY

JUDGE DE BOLT ORDERS WILLIE BROWN'S PLEA WITHDRAWN AND SETS CASE FOR TRIAL.

Willie Brown, who pleaded guilty last week to a charge of assault on Polokama with a razor, had his plea withdrawn this morning as a result of Judge De Bolt's conclusion that his guilt was extremely doubtful. When Brown was arraigned he pleaded guilty and his case was set for this morning for sentence. He made a statement to the court this morning and Judge De Bolt said that under the statement he was innocent. The plea of guilty was withdrawn and the case was set for tomorrow morning, W. L. Whitney being appointed to defend.

Brown told the court that he had not used his razor and that when he entered a plea of guilty it was because he thought the indictment charged him with having a razor in his possession. He said that Polokama had stood on his corn at the newly-ground and he had told Polokama to get off the corn. Polokama still stood there and a rough house naturally developed. The razor was not drawn, said the defendant and he would not have pleaded guilty to the indictment if he had known that it charged him with using the razor.

E. S. Boyd was arraigned on the last of his embezzlement charges and the case went over with the rest of Boyd's cases.

The motion of Ashford for an immediate trial of the case of Enoch Johnson, charged with gross cheat, was presented but was not pressed. The case was set for trial after the Johnson-Kumale conspiracy case, which is set for Thursday.

ARRIVAL OF THE KOREA UNCERTAIN

MAIL STEAMER IS EVIDENTLY STILL IN ORIENT—DATE OF ARRIVAL ANNOUNCED LATER.

H. Hackfeld & Company, Ltd., the agents of the Pacific Mail S. S. Company, do not know when to look for the S. S. Korea from the Orient. Last week they received cable advice to the effect that the Korea would cut out Honolulu on her present homeward trip, owing to having been delayed in quarantine at Kobe, Japan. On Saturday word was received stating that the Korea would call at Honolulu as usual on her homeward trip. Hackfeld & Company cabled to San Francisco for information as to the time that they could look for the Korea to arrive at Honolulu from the Orient. This morning they received word to the effect that he would be advised as soon as this fact could be ascertained. This dispatch is taken as evidence of the fact that the vessel is still in the Orient and has not sailed for Honolulu. There was quite a heavy booking of passengers on the Korea for this week, but many of those booked on her will sail by the Alameda on Wednesday or the Sierra on next Tuesday.

Many Japanese Are Leaving

The steamer Hanalei is to sail for San Francisco Friday or Saturday. President Kennedy of the Inter-Island Steam Navigation Company has not decided the exact time when she will depart. She is already booked full. A special rate for passengers from Honolulu to San Francisco was made. There are accommodations for 50 Cabin passengers aboard the Hanalei. All of these accommodations have been taken. Practically everybody departing on the Hanalei is a Japanese. Few if any white people will take passage on the Hanalei. Captain George Piltz, the mate of the Mauna Loa of the Inter-Island company's line, will probably act as master of the Hanalei on her present trip. Captain George Mosher will probably go as mate of the steamer. Numerous applications for positions aboard the steamer have been received. The complement of her crews has not yet been made up.

President Kennedy of the Inter-Island Company, the owners of the Hanalei, stated that some time ago he received an offer from a local hui to charter the vessel to take 400 Japanese to San Francisco. He did not charter her however for that trip, as it was doubtful if she could take so many passengers on such a long trip. It is possible that more passengers may be taken on the present trip. It is expected that the Hanalei will take about ten days in which to make the trip to San Francisco.

One of the Japanese newspapers states that some Japanese have been considering the advisability of chartering a large vessel for the purpose of sending some Japanese to California. Some of the Japanese hotel keepers of San Francisco had this proposition under consideration. The S. S. Zealandia which has been out of commission, was discussed by them as a possibility for being chartered for such purpose. The Zealandia was chartered to bring the Porto Ricans to these islands some years ago. Nothing definite has been decided upon however in the matter.

It is understood that the Hanalei is not to return to Honolulu but is to be sold to parties in San Francisco for coasting business.

EXECUTION AGAINST CUPID.

An execution for \$84.03 has been issued on a judgment for that sum against Delegate Kubio Kalaniana'ole, secured by H. F. Wichman & Company. The suit was appealed and judgment in favor of the plaintiff was affirmed. Execution was then issued and High Sheriff Brown has announced a sale for next Thursday of all Kalaniana'ole's interest in real estate at Kinau and Punchbowl, on Nuuanu avenue and at Waikiki. In the meantime Kalaniana'ole is on his way to the Chicago convention.

BOUGHT THE MAUI MILL.

The Maui Mill Co. was sold this morning in front of the Judiciary Building, at auction. F. A. Schaefer & Co., Ltd., bid in the property for \$50,000. Jas. F. Morgan sold some land at noon today at his salesroom. W. W. Chamberlain purchased a tract of land containing 10,000 square feet in Kailua for \$1550. W. R. Castle, as trustee, paid \$100 for some taro land on Mohokai, sold under foreclosure, while Senator S. E. Kalua bought several small pieces of taro land on the same island paying \$91.

STRONG MAN NOW WANTED

DISSATISFACTION EXPRESSED WITH HAYWOOD AND SOME TALK OF APPOINTING ANOTHER MAN.

William Haywood agent of the Hawaiian Chamber of Commerce in Washington, is likely to lose his profitable position before long as a strong opposition to retaining him any longer has developed among influential members of the chamber here. Haywood has held the job for about four years at a reputed large salary. Some of those who were instrumental in appointing him have come to the conclusion that they are not getting their money's worth.

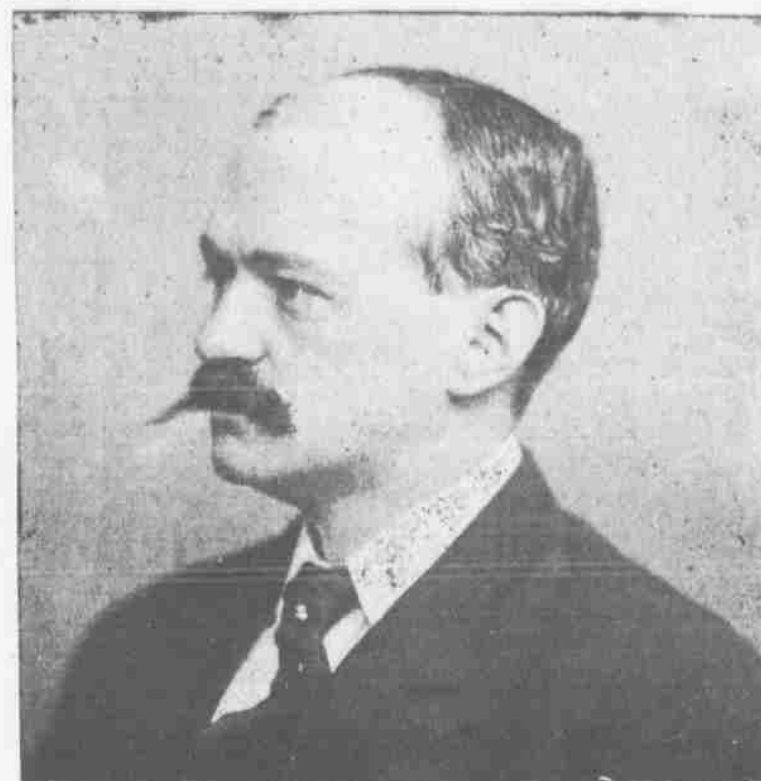

The members of the Chamber of Commerce do not intend to give up the plan of having a representative of their own at Washington. They are not by any means satisfied to leave Hawaiian matters in the hands of Delegate Kubio, who is after another term, and claim that he is not able to properly represent the whole Territory. If Haywood is retired they will employ some competent and well-informed man to take his place at the National capital.

The efforts to retire Haywood have developed considerable difference of opinion among the members of the business association. Haywood has friends who still think he is a good man for the place, and they want to retain him in spite of the dubious record of the last four years.

Since Hawaii became a Territory she has had two men at the Capital all the time, supposed to be looking after her affairs. Yet she has secured very little from Congress. A million dollar appropriation to buy fire claims was secured, but it was only after still another man, J. G. Pratt, had been sent from here on a special mission to get the appropriation. The sessions come and go and Hawaii is usually left in the cold. Even the long-awaited naval and military enterprises here, some of them planned by the United States nearly twenty years ago when Pearl Harbor was secured by Cleveland, seem to make little progress.

The element in the Chamber of Commerce opposed to Haywood claim that the record shows the need of a stronger and harder worker at Washington. Haywood's year has still over six months to run, but it is predicted that when it ends he will be invited to make way for someone else.

Cholera Infantum—This has long been regarded as one of the most dangerous and fatal diseases to which infants are subject. It can be cured, however, when properly treated. All that is necessary is to give Chamberlain's Colic, Cholera and Diarrhoea Remedy and castor oil as directed, with each bottle, and a cure is certain. Since this remedy has come into such general use, there are very few deaths from cholera infantum, and none whatever when it is given. IS NOT A KAHUNA.

EDITOR STAR: I saw in your last issue that "Lucinda Ballou was taken to the Queen's Hospital and that she was suffering for lack of proper medical attendance." This statement is incorrect and anyone reading it might think that the doctor did not know what to do or how to care properly of a case like hers. The truth is this: She was confined about a week ago and I was called later to give her assistance for what she is suffering now; as I found out this morning that they could not carry on my prescriptions at home I advised her people to take her to the Hospital where she could be better nursed. You must know that I am not a kahuna but a graduate cum laude of one of the best medical schools of Europe and my special training, as interne of the hospital was on female diseases and confinement cases.

YACHTSMEN AT PEARL HARBOR

RACES AND A CHOWDER AT THE PENINSULA — YACHT SPRAY GOES ASHORE.

Local yachtmen had a fine Saturday and Sunday outing at Pearl harbor, with perfect weather and some good races. Commodore Pickers' Spray went aground before finishing her race and she stopped there all Saturday night and a good deal of Sunday. She was finally floated undamaged, however and the only loss to Pickers was his chance to win the contest and the time and labor he put in trying to raise the vessel.

The yachts gathered at the Peninsula club house on Saturday morning. The third and second class boats started first, the wind being too light for the larger boats. The Irish, Sorenson & Lytle Malihini, Lytle, Wikiki, Thompson, and Myrtle, Creaser, were the third class starters, while in the second class were the Malolo, Johnson, Skip, L. de L. Ward, and Letmann, Higgins. The first class yachts the La Paloma, Macfarlane, Gladys, Hobson, Spray, Pickers and Hawaii, Sorenson, got away at about three in the afternoon.

Spray was given twenty minutes time allowance and Hawaii eight, and the latter won the race by nearly a minute. Spray appeared to have excellent

chances of victory until she bumped. But as it was she lay hard and fast while the rest finished the contest. La Paloma second and Gladys third. Finding that Pickers did not show up the others sailed after him, but they could not get the Spray off and even at high tide, two in the morning. Pickers found it impossible to float her. She was floated at two yesterday afternoon. The Irish won the third class race and the Skip the second.

The prizes were four handsome steins two of which went to Sorenson & Lytle one to Macfarlane and one to L. de L. Ward. On Saturday evening the yachtmen enjoyed a chowder at the club house before all retired to rest but Pickers, who returned to his stranded Spray to make more efforts to float her.

BOOTH BUYS PACIFIC HEIGHTS

Pacific Heights was knocked down to C. W. Booth this morning, in the sale by Will E. Fisher as a result of Booth's foreclosure against Desky. Magoon made the first bid of \$15,000 and Fred Wundenburg raised him by \$2,500 at a time until \$40,000 was reached.

F. W. Miltbrun, an attorney for Desky, attempted to file a protest before the sale, but Booth and his attorneys refused to receive it. He read it before the sale. Another protest was made by B. L. Marx in behalf of a holder of a lot on the heights. The Desky protest was as follows:

Honolulu, June 13, A. D. 1904.
To Messrs. C. W. Booth and W. E. Fisher, and to all whom it may concern:

I hereby protest against the sale of the Pacific Heights property at auction, under an attempted foreclosure of mortgage given by me upon said property, dated the 22nd day of September, A. D. 1900 and recorded in the office of the Registrar of Conveyances for the Territory of Hawaii, in Liber 217, pages 9 and 11, upon the ground that a portion of said Pacific Heights property is in controversy, as well as the manner in which such sale should be conducted, and that such controversies have not yet been finally determined and the matters involved therein are now pending on appeal in the Supreme Court of the Territory of Hawaii in the case of Charles S. Desky v C. W. Booth and W. E. Fisher.

I further protest against the sale of said Pacific Heights property aforesaid upon the ground that the foreclosure of said mortgage and the sale of said property aforesaid, upon the ground that the foreclosure of said mortgage and the sale of said property is not being proceeded with in accordance with the laws and statutes in such case made and provided.

BENEFIT PERFORMANCE.

Testimonial to a Talented Young Hawaiian Singer.

Every town possesses its talented singers, actors, musicians, and every one in a while one of them leaves the amateur track to make himself and his birthplace famous. Not all succeed, of course, but always the good wishes of the citizens go with them and the track of the boy or girl along the pathway of fame is eagerly watched. With in a few days young Lot Kaulukou leaves for the coast to adopt the opera stage as his career and to aid his ambition a benefit performance has been arranged at the Opera House for Saturday by Mrs. Annis Montague Turner who is fostering the desire of Kaulukou's heart, has prepared him for his attempt and thinks highly of his chances of success.

Kaulukou possesses many advantages of which not the least are a good voice trained in unexceptional methods by Mrs. Annis Montague Turner, youth, a fine figure carried with a natural grace, inherited ease of gesture and the true dramatic instinct. Months of hard study under Mrs. Annis Montague Turner with her own knowledge of the pit-falls that beset the young singer's path, equip him in first class shape for his endeavor.

The benefit itself will be a notable performance. Selections from *Il Trovatore* and *Carmen* are to be given in costume, *Carmen's* third act being rendered by the original cast and the entire volunteering company of fifty voices, while a concert interlude has been arranged which will be among the delights of the evening. Kaulukou will appear twice as Le Lina in *Trovatore* and in his first successful role of Escamillo the Toreador. Seats are now on sale at Wall, Nichols & Co.

Two important rehearsals are to be held at the Opera House tomorrow and Thursday evenings at which all participating are especially asked to be present.

Part of the World's Fair Art Portfolio will be ready next Saturday at Star office. Ten cents to readers of this paper.

SUPERINTENDENT APPROVES SWITCH

FORT STREET LINE OF THE RAPID TRANSIT CLAIMED TO BE LEGALLY LAID.

The Rapid Transit Company has answered the suit of Excelsior Lodge, I. O. O. F., to remove its Fort street switch, with a claim that its switch is rightly placed under its franchise and in accordance with plans approved by the Superintendent of Public Works. The suit was brought to compel the company to cease using the switch between Beretania and Hotel and remove it from the street, also for \$5,000 damages for alleged loss to the property of the lodge, by reason of the presence of switch which brings car tracks so close to the curbstone of the lodge building. The company denies that it has laid the tracks without legal authority and says that under the terms of its franchise it has a right to lay tracks on Fort street. It also denies that it put down the switch in a hurry one Saturday night and Sunday, in order to avoid an injunction which the lodge was after to stop the work. Plans for the tracks were submitted to the Superintendent of Public Works says the company, and were approved by him on November 9, 1903.

At the time of the laying of the switch the lodge attempted to stop it by injunction, claiming that the tracks were so close to its sidewalk as to injure the value of the lot. A demurrer in which important legal points were raised was denied by Judge Robinson and the question of the company's right to lay its tracks close to the curbs will be tested by trial.

A century ago the Bible was printed in 40 languages; it now appears in about 400.

You go to your barber, week after week, hoping the shampoo will cure your dandruff. But the dandruff continues to form as badly as ever. The trouble is you do not go at it in the right way. The scalp is diseased, and you must cure it before your dandruff will ever disappear. Simple washing will never bring this about.

Ayer's Hair Vigor

This splendid hair preparation cures dandruff because it cures the disease of the scalp, and then the dandruff soon disappears for good. Ayer's Hair Vigor will prevent dandruff, and at the same time it will keep your hair soft and glossy.

ENCAMPMENT IN NOW ENDED

NATIONAL GUARD AND REGULARS REVIEWED BY ACTING GOVERNOR ATKINSON.

The National Guard encampment came to a close yesterday afternoon. The manner in which the camp was struck and the men marched away was highly creditable.

The most interesting feature of the day's program, however, was the review of the men by Acting Governor Atkinson. The militia and the two companies of regulars were divided, so as to represent three regiments. Lieutenant Trotter, U. S. A. was in command of the first body, Lieutenant Colonel Ziegler of the second and Major Wall of the third. The review took place at the race track. The men were drawn up in review and presented arms as the acting governor and party passed. Acting Governor Atkinson and party then returned to the reviewing stand and the men marched before them. Accompanying the Acting Governor were Col. Soyer, N. G. H. Major Pratt, N. G. H., Captain Nichols, U. S. A., Lieutenant Sypher, U. S. A., Col. Samuel Parker and Admiral George C. Beckley. Colonel Jones was the brigade commander, Captain Nichols, U. S. A., who commands the artillery district of Hawaii, tendered the review to the Acting Governor.

The order to break camp was given in the afternoon and within a comparatively short time this part of the program had been carried out and the companies were lined up ready for the march home. The local companies were preceded by Captain Berger and the band. The men marched home in the cool of the afternoon. The Waiuku company remained at the camp and will return to Maui probably this afternoon by the steamer Likiep while the Hilo company will remain until tomorrow and leave camp in the morning and march to the steamer Kinau and return to their home town by that vessel.

FRENCH WEDDING PRESENTS.
French society has begun to rebel at the printed list of wedding presents. It is no longer good form, in certain sets, to run down the gamut, in public print, of the parental check down to the fish carver of the servants' hall. The custom has become very ostentatious and given rise to much vulgar speculation and mental arithmetic. The infliction of the public wedding present has become as great as the infliction of the charity bazaar. It means a public spectacle, with the detective in wedding clothes to save the flitching of the unbidden guest. One of the real reasons of the threatened abolition is the reduction of the publication of the list, but the exhibition of the presents, has descended the scale. It is no longer the mark of distinction. And yet there is danger in the contemplated revolution. To hide the light of the wedding gift under a bushel is to remove in many cases the man incentive of the giver. And a presentless wedding is too cheerless to think of.—Full Mail Gazette

WORLD'S FAIR AT ST. LOUIS

WILL BE PICTURED IN THE ART PORTFOLIOS TO BE ISSUED BY THE STAR FOR ITS READERS.

There is no doubt but that the Louisiana Purchase Exposition will prove the most notable civic event in the world's history. The numerous departments will exhibit to the visitor, the industries and its Ethnological Department will assemble the racial representatives of more nations than have ever before been gathered together in one place and not only the dwellers in civilized lands will be there, but the barbarian, also, will bear his part in this brilliant pageant of the nations. An almost fabulous sum of money, aggregating eighty million dollars, and untold labor, have been lavished upon the enterprise and all this for an exhibition that is to last for only seven months at the end of which time the exhibits will be removed and the buildings demolished.

A vivid record and remembrance of the event, however, will remain for those who are so fortunate and thoughtful as to secure the splendid series of views known as the "Forest City" Art Portfolios.

This series comprises the cream of the entire collection of photographs secured by the official photographers of the Exposition. The 480 views in the Art Portfolios have been carefully chosen from many thousands and there is no one of them but that is well worth preservation; not alone from the specific interest and pleasure which it affords, but also on account of the educational features which it presents, in connection with the descriptive matter which accompanies each view.

The photographs are taken expressly for the work by the official photographers of the Fair, and the descriptions are from the pen of Walter B. Stevens, secretary of the Louisiana Purchase Exposition. The series is, therefore, doubly official.

The Star ever on the alert to please its readers, secured the exclusive right to distribute these official views in Honolulu and adjacent territory, and, as a consequence, the readers of this paper will be especially favored; the price to them being nominal, while to others the cost of each portfolio is 25 cents.

Part I will be ready next Saturday morning and will contain sixteen splendid views, among which may be noted The Administration Building, The Palace of Liberal Arts, The Palace of Machinery, and The Palace of Varied Industries. There are also shown photographs of the National Commission, and of President Francis of the Exposition, President Roosevelt and former president Cleveland, as they appeared at the dedication ceremonies. An interesting feature of this number is a reproduction of "The House That Grant Built," being the cabin in which the great general lived a half century ago. The Palace of the Republic of Mexico is also shown, this being the first foreign building completed.

From this brief statement it may easily be seen that when the Louisiana Purchase Exposition has passed into history, this series of portfolios, with its pictures and descriptions, will remain as the dearest, most enduring, beautiful and artistic record for individual possession and study. Star readers should secure Part I and each succeeding issue.

RACE MEET WAS A BIG SUCCESS

ATTENDANCE AT KAPIOLANI PARK SATURDAY WAS LARGE—EVENTS WELL PULLED OFF.

The afternoon crowd at the race track on Saturday was much larger than that of the morning and though the morning event in which Isenberg's filly Creola her record-breaking trotting and pacing, 2:30 class, was probably the best vent of the day, there were some fine contests and there was more enthusiasm. Creola did not win just race, being beaten in the two afternoon heats, but no one expected her on her first appearance on the track, to carry away the prize. She broke the record and Isenberg was so happy that he offers a \$200 cup, for the lowering of her time of 2:18.

Another feature of the day was the breaking of the track record in the three-fourths mile dash. It was a dead heat between Defender and Bruner, in 1:15. In the return Defender was beaten in 1:18.

The final contents of the day between Cyclone and Sambo and Billy Lemp showed a complete reversal of the morning conditions. Sambo, the winner of the early races, was shut out in the first heat of the last race. Cyclone won the final heat against Lemp coming in in 2:17 1-2.

Bruner surprised nearly everyone by winning the last event after a hard day's work. Dikeland was quite heavily backed and so was picked by many in preference to Bruner, who it was thought must be played out. Bruner, however, took the race from the start and came in a length ahead in 2:44 3-5 for the mile and a half.

THE BRITISH INCOME TAX.

The income tax was introduced into England by William Pitt—who otherwise had his points—in 1799 under the stress of the French war. It ceased in 1816, but was revived by the dastardly Sir Robert Peel in 1842, and extended by the iniquitous Gladstone in 1853. From being a temporary war tax it has now become a permanent part of the British financial system, and is resorted to by every chancellor who finds himself in difficulties. It is not such an iniquitous tax as you would think, as one-half of the amount collected is not assessed directly on the ultimate payers but at the source of origin. I own stock, let us say, in a railroad and industrial company. The income tax is assessed on and collected from the railroad company in one sum, and the burden of it distributed among the stockholders in proportion to their holdings. My dividends, that is, reach me "less income tax." In this way evasion is made extremely difficult, the productivity of the tax is largely increased, and its incidence is deprived of that personal element and that direct contact between the individual and the tax-collecting agency which are usually responsible for the unpopularity of imposts. On the whole it is probably true to say that in no other way can the wealth derived from property and investments be so adequately, so regularly, and—equally laid under contribution.—Sydney Brooks in Harper's Weekly.

ALTITUDE AND VOICE.

Generally speaking, races living at high altitudes have weaker and more highly pitched voices than those living in regions where the supply of oxygen is more plentiful. Thus in America, among the Indians living on the plateau between the ranges of the Andes, at an elevation of from 10,000 to 14,000 feet, the men have voices like women, and the women like children

and their singing is a shrill monotone.

A Dangerous Disease—Every one knows that cholera morbus is one of the most painful and dangerous diseases known to humanity. The fact that it is so swift and so often fatal in its results makes it more to be feared than almost any other malady. It often terminates in death before a physician can be summoned or medicine procured. Attacks of cholera morbus come unexpectedly and every family should be prepared. Chamberlain's Colic, Cholera and Diarrhoea Remedy is a reliable and effective medicine and if given in time will prevent serious consequences. This remedy never fails and is pleasant to take. Every household should have a bottle at hand. Get it today. It may save a life. For sale by all dealers. Benson, Smith & Co., agents for Hawaii.

The water is carbonated on the premises by our own apparatus. The juice from fresh ripe fruit is used for making flavors, served at our fountain. From start to finish it is absolutely right.

YOUNG NAP NO BANKRUPT.

United States Judge Dole handed down judgment today in the case of the Hoffschlaeger Company, Limited, against Young Nap alias Young Lap, who formerly did business under the name of Young Hop Chan. The petition was one in involuntary bankruptcy filed March 29th last. It being contended that the respondent should be declared bankrupt for having concealed and removed a portion of his property within a view to delay and defraud his creditors. The respondent's claim was that he had settled all accounts during the month of December, 1901, since which time he had been a farmer. He denied committing any act of bankruptcy but admitted owing different amounts to the extent of over \$1,000. Other creditors, T. H. Davies & Co., Ltd., and E. O. Hall & Son, Ltd., were admitted as petitioners in the same cause.

It was shown in evidence that the respondent had been carrying on farming operations on a property owned by his

wife and that in March last he had made arrangements to go to China, the farm having been leased to a third party. The judge held that he was not therefore a farmer under the meaning of the word. In the matter of a draft for \$400 purchased by the respondent's wife it was held that there was no evidence to show that the money for this had ever been the respondent's.

The petition for involuntary bankruptcy was dismissed and judgment entered for the respondent.
