"LONG LIVE THE REPUBLIC!"

Bishop Walden Speaks on Possibili-
ties of Great Country.

PRINCIPLES OF REPUBLICANISM

Races to be Brought Under Anglo-Saxon

Influences—What Missionaries Have

Done—Patriotic Reference to the

United States—Praise for Honolulu

Bishop Walden lectured last night
at Y. M. C. A. hall to a fair-sized
audience. The Bishop began by say-
ing he had been requested by the
Board of Bishops to call at Honolulu
and spend four or five days. He made
up his mind that it would be difficult
to pass the time. Since arriving,

BISHOP J. M. WALDEN.

(From a photograph.)

however, his chief regret was that he
would not be able to stay three or four
times as long. Unstinted praise was
given Honolulu people.

The Bishop then told how he be-
came interested in the work for
negroes in 1862, before the proclama-
tion of emancipation by Abraham
Lincoln.

Bishop Walden, acting as Secretary
of the Western Freeman's Relief So-
ciety, sent the first teacher for negroes
into Mississippi valley. Since that
time he has continuously held an
official connection with a like so-
ciety, and is now President of the Meth-
odist Freeman's Aid Society.

Turning to the subject of the even-
ing, the Bishop told how Africa had
lain an unexplored region for the most
part since the end of the Fifteenth
Century, until Livingstone began his
explorations in 1854. Livingstone's
death brought into prominence Henry
M. Stanley, who several times crossed
Africa.

In 1884, at the Berlin Conference,
Africa was peacefully divided by the
great powers, about 3,500,000 square
miles in Africa—territory equal to the
United States without Alaska—which
means that people under her influence
will receive a training in Republic-
anism.

England has about 2,900,000 square
miles, and wherever the English flag
floats, there the people will be trained
in Anglo-Saxon institutions. Germany
and the Congo Free State each had
about 850,000 square miles. Other na-
tions having possessions in Africa
equaling 6,000,000 square miles, all
under Protestant influence, which in-
sures great privileges and rapid ad-
vancement.

Attention was called to the great
change of sentiment which had taken
place in the United States toward the
negro, and the effect it would have on
the evangelization of those who
traced their ancestry to Africa, and
who would enter the African field and
work for the salvation of their own
people.

The Bishop spoke of the work being
done in Africa by the 1200 mission-
aries now there. His references to
the evangelization of those who
sociates on the Board of Bishops,
brought out clearly that great work is
being done by Taylor in the African
work of the M. E. Church.

During the evening the Bishop fre-
quently alluded to the United States
and "Old Glory," and struck a re-
sponsive chord in the audience by
his many patriotic references. The
audience listened with careful atten-
tion for an hour and a half to one of
the best lectures that has been given
in the city.

Correspondent States Pertinent Facts.

A correspondent of the Boston
Traveller, who has lived in this
country and is thoroughly con-
versant with its men and affairs,
gives the following review of the
situation as dished up by various
writers to whose critical mercies
the present Government is from
time to time delivered:

"We have piped unto you and ye
have not danced; we have mourned
but ye have not lamented," is as true
now of many people as when "The
Master" used it as an illustration. I
am frequently reminded by certain
newspapers, in editorials or correspon-
dence, concerning Hawaii and the
present state of affairs that the condi-
tions were very unsatisfactory; no
matter what was done, it was all
wrong—it should have been done dif-
ferently or not done at all. It is diffi-
cult to please those who are pre-deter-
mined not to be, or to satisfy those
who prefer to find fault under all cir-
cumstances.

If the Government of the new Re-
public undertakes to pursue a course
of conciliation towards the Hawai-
ians they are assailed for lack of courage
to carry out their plans to govern.
If they are disposed to keep Hawaiians
in some of the offices they are charged
"with lack of appreciation of the ser-
vices of those who fought for the Re-
public." If the Government endeavors
to make fitness for office the only test
that may continue some Hawaiians
—the cry goes forth, "Put only white
men on guard."

The true friends of Hawaii and the
Hawaiians are ever working for con-
ciliation, peace, quiet and security.
Had not the native people been en-
couraged to stand out against the new
government, those who held offices
for their ability, would not have been
displaced and there would have been
no revolt. Those who know the lead-
ing men of the Government and their
kindly dispositions towards the
natives, with whom they have grown
up and have had much to do with,
know that the opposition of the royal-
ist and interested political schemers
has made it impossible for them to do
as they would have liked to have done
in many cases.

They have been forced into the posi-
tion antagonistic to those who have
opposed them and have disregarded
those who may have supported them,
although they may have the kindest
feelings for many of the former more
than they do for many of the latter,
and would be pleased to have retained
the sons of the soil in such situations
as they had talent to fill, trusting to
time, association and friendly spirit to
bring all alike to the support of good
government. Now, those who have
misled and estranged the natives will
not admit their error, but stand aloof
and complain.

It is a well known fact that those
conversant with the real state of af-
fairs at present existing in Honolulu,
that the native people of the city
would have, months ago, settled into
quiet acquiescence of the present
"powers that be," had it not been for
the busybodies, who, by sinister in-
fluences, holding out specious prom-
ises, and proffered devotion to Hawai-
ians have kept up a constant agitation
among the common people—to re-
sist a little longer, to persist in op-
position till relief should come, and
they restored to the offices and enjoy-
ments of a royal court with its pleas-
ures and emoluments.

It is currently reported and be-
lieved that in the attempted revolu-
tion of 1893 the ex-queen was privy to
the movement that was intended to
drive Kalakaua, her "royal brother,"
from the throne that she might as-
sume more autocratic power and dic-
tate a more decided policy of curtail-
ing constitutional rights that had
been granted by the king, which were
made more manifest in her attempts
at the new constitution of '93.

One of the causes of complaint
of the fault-finders with the Govern-
ment is the waste of the public funds
for the "standing army." If the un-
principled partisans would but cease
their efforts to distrust and produce
dissatisfaction, the "army" would
soon be disbanded, and but a cor-
poral's guard be necessary for simple
purposes of the state. But, so long
as plots, threats, midnight meetings
of known opposers of the Government
and vitreous correspondence is pub-
lished, so long must the authorities
have a force at command to keep the
peace. If the Hawaiians were left to
themselves there would be happy
peace from Hawaii to Nihaui, or the
length of the archipelago.

It is the pre-judiced agitator, the dis-
appointed politician, the paid corre-
spondent, that helps to create a state
of apprehension and distrust, and then
roundly blames the Government for

ARABA M. OLIVER.

keeping a force to protect life and property.

One conversant with all the facts in the case would be aroused, were not the issues so possibly serious, at the slight foundations some of the startling stories are made from that are sent out to help on the cause of misrepresentation that at present prevails in certain quarters.

It may be stated as fact, that the different departments of the new republic are being as orderly conducted as those at Washington. President Cleveland seeks rest. President Dole does the same, and there is no more political significance in the one than in the other—in their going or returning.

The Hawaiian Minister of Finance, and an able one he has shown himself to be by his giving to the world through the papers the balance sheet of his department every two weeks, goes on private business to San Francisco, and lo!—a crisis. The Hon. Charles R. Bishop, after years of steady application to an exacting business, finds a temporary residence in the cooler climate of San Francisco beneficial. And lo!—he withdraws on account of the troubles, and withdraws his name from the bank founded by him. And yet this same gentleman philanthropist footed the deficiency in the Kamehameha Schools and Museum at Honolulu of \$39,334.61, besides an additional gift of some \$50,000 to Oahu College. And no more loyal adherent of the new Republic lives than he, who shows his faith by his works.

The Hawaiian Republic has naught to fear from honest investigation of its courts publicly. Its council chamber is open, its members the very best men of the community, esteemed for preserving the very highest characters, for integrity and ability, and who are as devoted to the best interests of Hawaii as any patriots of any land the sun has ever shone upon.

The foundations of the State have been laid good and true, in justice, honor and charity, as deep and strong as those of the American republic; and the worthy heroes of 1776 do not appear more grandly patriotic, unselfish, devoted, than their descendants of 1893 on Hawaii, who changed the destinies of a tottering kingdom of an effete monarchy that was sinking from its own inherent weakness and incompetency, and have raised upon its ruins the fair young sister of the Republic of Hawaii.

A BRIGHT LIFE ENDED.

The Fell Destroyer Carries Off Joseph Weston.

Joseph Weston, mention of whom was made in these columns a few days since as having gone to Kona for the benefit of his health, died at M. F. Scott's residence, Kailua, Hawaii, on the morning of the 28th inst. Interment took place the following day at Kealahou.

The immediate cause of Mr. Weston's death was hemorrhages, which began on the 23d. He received constant and efficient medical attention, but nothing could avail to prolong his life.

Mr. Weston was an accomplished young man and bore reputation as a capable electrician. He was affable in manner, kind in spirit, and withal possessed of rare talents of heart and mind. Being a sufferer from that dread enemy, consumption, he traveled extensively in the South Americas and Mexico, coming to Hawaii from Los Angeles, Cal., a few years ago.

Mr. Weston's relatives in Philadelphia will be notified by L. S. Augst, an intimate friend of the deceased, who, with F. S. Clinton, of Honolulu, will liquidate all expenses incurred through Mr. Weston's illness and death.

KINDERGARTEN EXHIBITION.

Foreign Department Held Closing Exercises Yesterday.

The exercises of the foreign department of the Free Kindergarten were held yesterday afternoon, and were attended by a good number of those interested in the kindergarten work of the country. About forty children took part in the programme, which included the motion songs of the children and many of the exercises that are included in the happy routine of the schools. The foreign department is now closed until the first of September, when all the schools will renew their work.

At the meeting of the Woman's Board Tuesday next, children from five national departments will be present in national costume, and sing the songs and go through the exercises of the kindergarten school.

Last Night's Band Concert.

Nothing could have been prettier than the colored electric light effects at the public band concert at the Hotel last evening. The visiting tourists generally remarked that Professor Berger's band played superbly, and thought the grounds resembled a veritable fairy land. The Monowai passengers expressed delight at having remained over at Honolulu, and stated that last night's scene had fairly enchanted them. The concert was largely attended by local people, and the musical programme was a splendid one.

Various Government employees were paid off yesterday.

Hood's is Good Makes Pure Blood

Scrofula Thoroughly Eradicated.

"C. I. Hood & Co., Lowell, Mass.: 'It is with pleasure that I give you the details of our little May's sickness and her return to health by the use of Hood's Sarsaparilla. She was taken down with

Fever and a Bad Cough. Following this a sore came on her right side between the two lower ribs. In a short time another broke on the left side. She would take spells of sore mouth and when we had succeeded in overcoming this she would suffer with attacks of high fever and exel bloody looking corruption. Her head was affected and matter oozed from her ears. After each attack she became worse and all treatment failed to give her relief until we began to use Hood's Sarsaparilla. After she had taken one-half bottle we could see that she was better. We continued until she had taken three bottles. Now she looks like

The Beauty

OF SOME PIANOS

Is a "case deep." It is much easier to make a handsome case than it is to put music into it. A tolerable mechanic can do the one—the other requires the best thought of a musical artist.

The Kroeger Pianos

All have handsome, tasteful, durable cases; but in their factory constant, careful, studious attention is given to the production of a perfect and lasting tone. The beauty and honesty of a Kroeger begins with the varnish on the case, and goes straight through to the iron plate that holds the strings. We'd like to show you the inside of a Kroeger.

HONORS TO A DEAD DIPLOMAT.

Funeral Services Over Remains of
Monsieur Henri Leon Verleye.

HIS BODY PLACED IN TOMB.

Instructions Awaited From French Government as to Disposition—Madame Verleye Will Remain—W. M. Giffard Acting Consul and Commissioner.

At 10 o'clock yesterday morning the body of the late Henri Leon Verleye, Consul and Commissioner from the French Republic, was escorted by a special police guard from the French legation to the Catholic Cathedral, where it laid in state until the afternoon.

The funeral bier was placed directly in front of the altar, the casket resting on a bed of white flowers, the folds of a large French flag almost hiding it from view.

High mass services were held at 8:30 in the morning, previous to the arrival of the remains.

Additional services were conducted at 3:30 p. m., Rev. Father Leonore saying requiem mass in the presence of over two hundred people.

Hundreds of large and small candles, used only on occasions of honored dead, shed soft light upon the reverend father and those about him.

To the right of the altar were seated Minister of Foreign Affairs F. M. Hatch and members of the Diplomatic and Consular Corps. On the opposite side were Admiral Beardslee, U. S. N., and staff, Captain Cotton and officers U. S. S. Philadelphia, seats being reserved directly in front for Acting French Commissioner W. M. Giffard and widow of the dead. Madam Verleye was unable to attend.

When the services were completed, ten members of the police force removed the casket to the hearse, and the march to King street cemetery commenced with measured steps to the sound of appropriate music by the Hawaiian band in the following order:

Platoon of Police under Captain Parker.

Undertaker H. H. Williams in Carriage.

Rev. Father Leonore in Carriage.

Hawaiian Band.

Companies E and F, N. G. H., under command of Col. R. H. McLean.

Shimizu, Consul and Diplomatic Agent, Japan; Ellis Mills, Secretary Legation and Consul General, United States; F. A. Schaefer, Consul for Italy and Dean of the Diplomatic Corps.

French residents on foot.

In Carriages—W. M. Giffard, Acting French Consul and Commissioner, accompanied by Father Matthias, representing the Bishop of the Roman Catholic Church.

Minister of Foreign Affairs Francis M. Hatch.

Cabinet Ministers.

Admiral Beardslee, U. S. N., and staff.

Captain Cotton, U. S. S. Philadelphia, and officers.

Members of Government.

Public.

After a short service at the Catholic cemetery by Rev. Father Leonore, the remains were placed in a tomb near the entrance to the cemetery. The body will remain there until word is received from France as to its disposition.

So far as known, Monsieur Verleye is the second representative of a foreign government that has died in the islands, the other being Monsieur Perrin, Consul and Commissioner of France in 1862.

W. M. Giffard will be Acting French Consul and Commissioner until relieved by appointment of a successor.

Madame Verleye will remain in the islands some months, her movements not being regulated by the disposition of Monsieur Verleye's remains, which may be sent to France on a French war ship or otherwise disposed of.

Off for Old Ireland.

George Campbell, nephew of James Campbell, and manager of the Moanalua Ranch, will leave by the Australia for a lengthy visit to the Old Sod. Mr. Campbell has resided in the islands some thirteen years, and this trip will be the first to the land of his birth during that time. He expects to be absent six months.

Return cricket match between Philadelphia and local club will take place next Saturday. The latter practice this afternoon.

STORIES IN THE PARADISE.

Haleakala Graphically Described by
a Resident of Maui.

Haleakala, "The House of the Sun," is the subject of an interesting article in the June number of the Paradise of the Pacific. It is from the pen of C. H. Dickey, the well-known resident of Maui. John Effinger furnishes a story also; he describes a walk around Oahu in an entertaining manner. He made the trip recently, which occupied six days. People who desire to go on an interesting journey should read his description.

Four new half-tone pictures appear in the current number, one of which is a new view of Nuuanu Pali taken by C. N. Rose. It is a splendid reproduction of that historic spot.

THE CUP DEFENDER "DEFENDER."

The above drawing represents the America's cup defender now being built at Bristol, R. I., by the Herreshoffs. The drawing is made in accordance with semi-official information as to dimensions, sail plan, model, etc., which comes from a source entitling it to entire credence. It is altogether likely that the artist has portrayed the yacht exactly as she will look, save in unimportant details.—New York Advertiser.

We still sell the well-known Hall Breaker, 12, 14, 15 and 16 inch, which is also made by the MOLINE PLOW COMPANY. One of our latest customers says this:

"Send me a 16 inch 'Hall's' Breaker, I have tried other makes lately and find they do not do the work that yours will."

We have all sizes of Plows from 4 to 16 inches; also side hill and furrow Plows.

We have the most complete assortment of Tools of all kinds for cleaning sugar or coffee lands.

Our stock of SHIP CHANDLERY and ROPE has been added to lately and we can furnish almost anything needed.

It's easier than walking down hill to get a perfect fit from our stock, while their elasticity and softness make our shoes ideal means of ease and comfort. WALLACE R. FARRINGTON, EDITOR.

SATURDAY, JUNE 1, 1895.

MEMBERS of the Citizens Guard will undoubtedly give the new colonel a cordial greeting this evening. While the gathering comes under the head of a reunion, it marks a new era in the history of the Citizens Guard; an era of increased unity, better organization and superior capability to meet the emergencies for which the companies were brought into being.

EVIDENTLY the cool air of California has had a soothing effect on Joaquin Miller's nerves. From his rocky fastness he now cries "Long live the Republic," and furthermore, he wants to carry a gun for its support. There is nothing like a change of climate and scenery to correct even the mind of a crazy poet. The country will not be inclined to bank on Mr. Miller's opinions, whichever way they turn.

A STATEMENT of the total book production for the year 1894 shows that the United States and England turned out 3837 new works. Of these, novels took the lead as usual. Law books were more numerous than in 1893 and juveniles fell far below former figures. Among new American books added the order is: First, fiction, then political and social science, then theology, religion, biography, history, travels and poetry. The greatest number of American imports was theology and religion, reaching a total of 262 volumes.

WHAT the correspondent of the Boston Traveller says of the pre-termination of a certain class of American editors to see nothing that is good in any act whatsoever of the Hawaiian Republic is doubly true of editors in this country who hold up principles of simon-pure independence and at every opportunity cast reflections upon the personnel and public acts of the present regime. If the rumormonger and his right bower, the editor, who maligns everything that is honest had their way, this Republic would have been halved and quartered long ago. The fact that passing events give their predictions the lie from start to finish increases the virulence of their attacks.

INDEPENDENCE DOES NOT ASSIST
NEW INDUSTRY.

The claim of the Evening Bulletin that the country should wait for the development of new industries before taking active measures toward annexation is as farcical as its assertion that the changed conditions in the South are not apropos of Hawaii's case in hand. Had it not been for the waiting policy of the South, for the tenacity with which it held to its system of slavery as a necessary feature of the welfare of that section, Southern industry would have been far ahead of its present hopeful position. Had Southern planters gone to work with a will to wipe out the system of slave labor, which must sooner or later have been done away with, they would not have been obliged to wait for Northern push and energy to show them the way out of the woods. The development of new industries must of necessity go hand in hand with efforts for annexation.

American legislators are by no means done tampering with tariff legislation, and after the experiences of the past few years, it is highly improbable that the popular vote of that country will turn toward a removal of high tariff duties. In fact, it is almost a foregone conclusion that the tariff barriers will be raised rather than lowered. Every increased restriction placed upon the imports of the United States means not only a blow to

the "only industry that exists here," but puts a damper upon nearly every new industry that may attract local and foreign capital. As Attorney-General Smith said in his remarks at the American League meeting, next to the stability of peace comes the stability of market; and, so long as annexation is postponed, we have only to expect a lack of the stability of peace and market.

With the political vane pointing in its present direction Hawaii must, perforce, remain an independent republic for fully two years to come. We fully agree with the Bulletin that "It is best for everyone that the development of other resources should begin now," but to maintain that annexation should not be placed first and foremost is like telling a mason he can drive a spike into a granite wall with a hammer. This country cannot drive capital into new channels when the man who is spending the money sees the granite wall of high tariff facing him for an indefinite period.

It is a striking commentary on the diplomacy of Messrs. Cleveland, Gresham and Company that while Nicaragua turned first to the United States for help in her trouble with England, the chief honors of the settlement are carried off by Nicaragua's neighbor, Salvador.

A problem so difficult for the Cleveland administration to handle in any satisfactory way, before Corinto was seized, has now been easily solved through the Salvadorean Minister in London.

It is now asserted in Washington that the suggestion to Salvador to put herself forward was made by the Department of State. Be that as it may, it does not take from her the credit of her act.

It only raises the question why British occupation of Corinto was awaited before a settlement was reached. Of course, Salvador was powerless to remonstrate or reason with England while threatening her would have been out of the question. Salvador has not a solitary warship, nor is she of such importance to England that she could be counted upon to help her. She simply satisfied herself with the briefest examination that Nicaragua could and would pay the money demanded by Great Britain, offered herself as guarantor, and the whole thing was over.

Salvador is the smallest sovereign state in this hemisphere. In area she is less than New Jersey; in population not equal to Connecticut. But in Nicaragua's hour of distress it is she, rather than that has proved herself the giant and the United States the pigmy. It is said that "Coming events cast their shadows before them." Can it be possible that the United States will again play the part of the pigmy as regards diplomacy in connection with these islands?

Imitation is the sincerest flattery and there can be no better evidence of the superiority and value of the Pennsylvania Lawn Mower. We regard durability as the first importance, and with decent care one of the mowers ought to last a life time. We regard beauty of design, which means graceful outlines as being of as much importance as the durability. It is one of the lightest and easiest running lawn mowers ever placed upon the market, a child can run it and considers it is fun. A well kept lawn is one of the many things that go to make a home attractive and inviting. You use the lawn mower to keep the grass well trimmed, but grass will not grow to any extent without encouragement. Nature is very lavish with her gifts, but we must not expect her to do everything.

Take a few minutes of your time some morning and invest in a good quality garden hose, and attach it to one of our Ball Nozzle Lawn Sprinklers. No directions are necessary. Turn on the water—the ball does it all. The Ball Nozzle once seen sells itself. It is a perfect lawn sprinkler and reproduces the April shower. Another point is that it is one of the best tree irrigators, and this feature should be thoroughly and carefully investigated. What a blessing during the season of the south winds. It is simple in construction, very compact and amazingly cheap.

BON VOYAGE, ALECK.

Captain of Myrtle Boat Club Off on a Trip.

The Monowai took from Hawaii's sunny shores one of its most promising boating enthusiasts. J. A. Lyle, Jr., who with his wife and child left for a trip to the States on account of his wife's ill-health, deprived the Myrtle Boat Club, in its next race, of one of its most earnest, valued and active supporters.

As captain of the Myrtles, Mr. Lyle has earned and received the honor and glory of managing the crew of the most successful club that has so far appeared in aquatic events in Hawaii.

The fairness and honesty of purpose always shown by him is responsible for the reputation he now enjoys as one of Hawaii's most honorable and successful amateur sporting men. He is recognized by both Healanis and Leilanis as one who has been most prominent in advancing the cause of good and honest sport.

The many friends of Mr. Lyle and family wish them a pleasant voyage and a speedy return, with marked improvement in health.

BEER AS A TEMPERANCE DRINK.

The attention of these good temperance men who deplore the evils of drunkenness, and as a remedy for the same advocate the use of beer and light wines, is called to the following statement from the Quarterly Journal of Inebriety: "The constant use of beer is found to produce a species of degeneration of all the organism, fatty deposits, diminished circulation, condition of congestion and local inflammations of both the liver and kidneys." The Scientific American says: "It is our observation that beer drinking in this country produces the very lowest kind of inebriety, closely allied to criminal insanity."

Dr. Dunn, in his paper read before the Temperance Congress at Chicago, is authority for the statement that the Northwestern Life Insurance Company of Milwaukee, came to the conclusion that it could no longer grant a policy to any man employed in a larger beer brewery, because their business had been injured by the shortened lives of men who drink lager beer.

It is frequently stated that drunkenness is rare in beer drinking countries, and from this premise the argument is solved that the habitual use of wine and beer is a remedy for the evils of intemperance.

Mighty standing armies cannot protect the fatherland from the lesson of destruction which follows in the wake of Germany's beer-guzzling habits.

It behooves temperance workers to wage uncompromising warfare against the use of beer, since it is the open door to the perils of drunkenness, and all the more dangerous because of the popular delusion that it is harmless.—Y. W. C. T. U.

Consumption and its Cure

To the Editor:—I have an absolute remedy for Consumption and all Throat and Lung troubles. By its timely use thousands of hopeless cases have been already permanently cured. Have Consumption or any Lung Trouble? If they will write me their names and post-office address, I will send them a copy of my book, "The National Board of Marine Underwriters of New York."

Established 1870.

T. A. STOUT, M.D., 183 Pearl Street, New York.

Don't feel well

Why?
Oh! I don't know. Worry I expect.
Worrying about what?
Well, you know the servants are a heap of trouble.

The children worry me a heap.
I am broken down.
In the morning I generally have a headache;
Along towards evening my back feels as if it would break.

Every time the baby cries I nearly jump out of my skin, I am so nervous.

Your system needs toning up. Why not take **Brown's Iron Bitters**, the best strengthening medicine made. It will give you a good appetite, make your blood rich and pure, give you strength, make life a pleasure. Not only take it yourself, but give it to the children. It is pleasant to take. Small dose. The only iron medicine that don't blacken the teeth. But get the genuine—it has crossed red lines on wrapper.

REAL "MISSIONARY" RULE.

In Point of Fact There Has Been Very Little.

Sectarian Feuds Revived to Kill Annexation—Professor Alexander States Some Truths.

MR. EDITOR: The enemies of annexation are making desperate efforts to start side issues, to revive old sectarian feuds and personal animosities. "Anything to beat Grant." As has been truly said, "To prove that any story was a slander has never been considered a reason for discontinuing its publication; and no one is surprised to see old, blind, world-weary bats of calumny flapping their foul wings about the ears of the unwary in all their youthful vigor and with their olden sting of hate and pain—they never die."

One of these undying falsehoods is the following: "For more than seventy years the missionaries and their descendants on these islands have been the governors and rulers of this land."

The school history contains a list of all the cabinet ministers who have ever held office in these islands. After the death of Kamehameha III, in 1854, no "missionary" was appointed to any important position in the Government till 1873, when Messrs. E. O. Hall and A. F. Judd held portfolios in Lunalilo's Cabinet for one year. It is well known by all old residents that the policy of the administrations during those twenty years was distinctly opposed to the American mission, as well as to American political ideas. As for the two following reigns, although it is said that Walter Murray Gibson came here as a Mormon missionary, and that the Marshal of the Kingdom during the last reign is the grandson of an English missionary, yet it will not be claimed by any one that either Kalakaua or his sister, Liliuokalani, were dominated by the influence of the "missionary" element.

Besides, the American Board ceased to send out missionaries to these islands fifty years ago, and finally withdrew from the field in 1863, except as an auxiliary.

The only period during which there was a strong missionary influence in the Government was the twelve years from 1842, when Mr. Richards and Dr. Judd came to the rescue of the native Government, till the death of Kamehameha III, in 1854. The record of those twelve years is one of which any statesman might be proud. Aided after 1845 by Mr. Wyllie and Judge Lee, they twice saved the independence of the country, they helped to emancipate the poor, down-trodden serfs, and to make them owners of their own homes; they brought order out of the chaos of land claims; they organized the machinery of the government nearly as it has been run ever since; they established a reliable judiciary and a system of common schools; they paid off a national debt in full and freed the country from "exterritoriality" and consular courts. The main features of their work during those twelve years were never undone during the succeeding forty years of "non missionary" rule.

It may be that the Constitution of 1852 erred in granting manhood suffrage, but the time for irresponsible power had already gone by forever. The policy of the Land Commission was endorsed by Bishop Maigret in a published letter addressed to Mr. Wyllie, and by all friends of the native race, of whatever sect. Without their knowledge the native Hawaiians today would be in the condition of the Indians of Southern California. In spite of the improvidence of the natives, the census of 1890 showed that nearly ten per cent. of them, of both sexes and all ages, were still owners of land. It might be interesting to show who have been the chief land-grabbers of Hawaii; but, *cui bono?* Besides, to be a large land-owner is not in itself a crime. Let me add that it was Kalakaua who advocated unlimited Asiatic immigration, while every restriction upon it has been urged by so-called "missionaries."

Grist of Police Court.

In the Police Court yesterday morning Melia, a native girl, was given ten days on the reef for refusing to obey the commands of her parents.

Telles, an employee of Ewa plantation, was sent to the reef for refusing to abide by his contract. He tried a "little pick-and-choose" game by saying that he would do certain kinds of work only. This the court took as a refusal to work, and sentenced the man accordingly.

Fruit shippers have about discontinued consignments for the north by the Canadian line. The irregularity of steamers is given as the reason.

News has been received at the Foreign office of the death of D. P. Cruikshank, Consul at Auckland, N. Z., and of the resignation of W. H. Moulton, Newcastle, N. S. W.

Lieutenant George W. R. King retires today from active military service. His resignation was sent in immediately after the verdict of the court martial was announced.

Several members of Citizens Guard have been dropped from the roll in Palama. This is owing to there being more than the requisite number in Seventh Company.

Lionel Hart, in speaking to an ADVERTISER representative yesterday, said that he was in very good health and unless some unforeseen circumstance happened, would pitch for the Stars today.

The Hawaiian Coffee and Tea Company elected the following officers at the annual meeting on May 30: Tom May, president; Charles M. Cooke, vice-president; F. A. Schaefer, treasurer; Wm. W. Hall, secretary; and H. Lewis, auditor.

A dissolution of partnership of Charles R. Bishop and Samuel M. Damon, under the firm name of Bishop & Co., bankers, is announced elsewhere in this issue. The business will be carried on as heretofore by Samuel M. Damon, who has acquired all of the assets and assumed the payment of all liabilities of the said firm existing on May 31, 1895.

KAMEHAMEHA MUSICALS.

Members of Girls' School Give Splendid Exhibition.

Last night at Kamehameha School for Girls, Miss Cordelia Clymer gave nearly two hundred persons the opportunity of hearing her pupils' performance in the first annual concert.

The selections made by Miss Clymer for the programme were chosen with great care from the works of the great musicians.

Rossini's "Barbier de Seville" was the overture rendered by Helen Desha, Lena Rosewarne and Cordelia Clymer as a piano trio. This was followed by Mendelssohn's "Fly with Me" (a capella), by the Girls' chorus. The vocal solo of Schubert, entitled "Auf dem Wasser zu Singen," by Miss Helen Desha, was one of the best numbers on the programme.

It is impossible to particularize upon the various numbers. Suffice it to say that the young ladies and children displayed wonderful grace and ability, reflecting credit upon themselves and their teacher.

MORGAN'S BUSY DAY.

2. Overture—"Light Cavalry"
3. Mazurka—"A Thought"
4. Selection—"A Gaiety Girl"
5. Waltz—"The Sylphs"

The sermon on foreign missions will be preached by Rev. A. Ostrom of Kohala tomorrow evening, June 2d, at the Central Union Church.

By this change of programme the sermon on home missions by the Rev. S. E. Bishop, in commemoration of the seventy-fifth anniversary of the mission, will be preached Sunday evening, June 9th. The Hon. A. F. Judd will deliver the memorial address in native Monday evening, June 3d, at Kaunakapili church.

HILL—At Adelaide, Australia, April 22, 1895, Walter Hill.

DIAMOND HEAD, May 31.—10 P.M.

—Weather hazy; wind, light N.

The James Makee left for Kapaa yesterday.

The John Cummins came in from Koolau last night.

The Lehua returned to port yesterday after an unsuccessful cruise.

The schooner Anna left Hilo on Thursday for Mahukona to load sugar.

The bark S.C. Allen will move from the stream to the Kinau wharf today.

The Kaala arrived yesterday with 2000 bags of sugar for the bark Alden Besse.

The Helen Brewer will move to the Oceanic dock after the departure of the Australia.

The ship Levy P. Burgess will leave Hilo for San Francisco today with a cargo of sugar.

Fifty large containers filled with molasses were placed on board of the Robert Lewers yesterday.

The Warrimoo from the Colonies and the City of Peking from San Francisco, are both due today.

The schooners Robert Searies and Carrier Dove will both leave for the Sound today in ballast.

The Kinau brought about 1000 bags of No. 2 sugar. It will be transferred to the Helen Brewer.

The bark Annie Johnson, from San Francisco, was entering Hilo harbor when the Kinau was steaming out.

The Iwalani from Hanamau and the Waialeale from Honokaa are both expected to arrive during the day.

When the Kinau left Mahukona no sugar vessels were in port. One vessel is on the way and was looked for daily.

The steamer Kauai will be laid up for about six weeks. In the meantime necessary changes will be made on her deck.

The Kinau arrived from Hilo yesterday. She brought a good-sized cargo of sugar, most of which will go in the bark S.C. Allen.

The bark Archer left for San Francisco yesterday with \$71,922.91 worth of sugar. Captain Calhoun took three passengers with him.

When Captain Andrews returns with the Kilaua Hou, he will probably be made shipping master for the Wilder's S.S. Company in place of David Crowningberg.

Purser Kelley has been transferred to the Iwalani. His place on the Hall has been taken by Purser Matthews of the Waialeale. John Grube will take the latter vessel.

The large four-masted British iron ship Dunstaffnage, which has been in port at San Francisco since August 23, 1894, has been chartered for July wheat loading at 35s, the highest price paid for a vessel on

the spot this year. She will carry 4,500 tons wheat.

The four-masted steel ship Eulomene, of Liverpool, Captain Cross, which arrived at New York on 23d April from Calcutta, has been ordered to proceed to Newcastle, N. S. W., to seek a coal freight for the Pacific coast. The Eulomene is the first large vessel to leave New York in ballast on such a long voyage, seeking.

The ship Olive Bank sailed 24th April from Hastings Mill for Cape Town with a cargo of 2,523,694 feet of rough lumber. This consists of extra large and heavy timbers, and had she taken smaller lumber she could have carried a half million feet more. She is the largest vessel ever loaded with lumber in British Columbia or Puget Sound.

Captain E. W. Holmes has gone East from Seattle to bring out the large steamer Wenatchee, which is to run between Seattle and San Francisco for the West Coast Navigation Company in competition with the Pacific Coast Steamship Company. The boat is to take place of the Farallon, recently withdrawn, and is said to be equal as regards speed and accommodation to any of the Pacific Coast boats.

FITS CURED

(From U. S. Journal of Medicine.)
Prof. W.H. Peck, who makes a specialty of Epilepsy, has without doubt treated and cured more cases than any living Physician; his success is astonishing. We have heard of cases of 20 years' standing cured by him. He publishes valuable work on this disease which sends with a large bottle of his absolute cure. Free to any sufferer who may send their P.O. and Express address. We advise anyone wishing a cure to address, Prof. W.H. PECK, P.O. 4 Cedar St., New York.

Pretty good odds, aren't they. If you can get as good odds on the races June 11th, you ought to "smash the books."

But we are not giving these odds on the races, but to all who need good first-class clothes.

Get a nice Derby Suit and pick a winner and you will be a "red hot plunger."

Now is your chance if you want to get dressed in fine style for little money.

Angier's Petroleum Emulsion

(Practically Tasteless.) It cures coughs, croup, or otherwise. It puts flesh on the little bones and strength in the little frame. Physicians everywhere prefer it to cod-liver oil, because it is a food-medicine that the little ones like to take, and it cures.

50 Cents and \$1.00.
