## OLD GLORY IN THE BREEZE

### FLAG RAISING AT THE HIGH SCHOOL.

Pleasing Ante-Admission Day Ceremonies at the High School Building This Morning—Songs and Addresses.

The Stars and Stripes float from the High School building. They were flung to the breeze this morning in the presence of more than three thousand school children of Honolulu, and a large number of their elders.

The exercises took place from a platform erected on the mauka side of the High School building. The mauka front of the building was profusely decorated with flags and bunting, and on the veranda seats were provided for the members of the George W. De Long Post, Grand Army of the Republic, President and Mrs. Dole, the members of the Board of Education and other guests.

The exercises were participated in by the teachers and pupils of the High School, but the teachers and pupils of all the other schools in the city were present. It was very pretty sight, all these school children gathered to witness or take part in the pleasing ceremony.

The exercises began with the singing of "America" by the school children, led by Captain Berger and the band. W. L. Eaton then read the circular from Lafayette Post, G. A. R., of Philadelphia, proposing the plan of having the American flag float from school buildings. The flag was then presented by R. J. Greene on behalf of George W. De Long Post, and accepted on behalf of the department of education by Minister Mott-Smith. The song, "Our Flag," was then sung by the pupils of the High School, Longfellow's "Launching of the Ship" was read by Miss Cartwright; the song, "Flag of the Free," was sung by the High School pupils.

Then came one of the prettiest exercises of the day's ceremony. This was a flag exercise. Thirty-two girls, pupils of the High School, dressed in white, with red carnation leis, and each carrying an American flag, came on the platform, sixteen from each side, led respectively by Miss Mabel Wood, and Miss Alice Johnson, and to a series of marches played by the band, went through a number of very pretty marching figures, in which the flag played an important part. This exercise was very much enjoyed and loudly applauded.

President Dole made a brief address giving the history of the flag and what it stands for, and what it means to us and what it means to the future.

The "Star Spangled Banner" was then sung by the school children, and then came the flag raising. Halyards had been arranged from the top of the flagstaff surmounting the tower of the school building to the flagpole on the platform. Eight young ladies elected by the pupils of the High School to perform the ceremony, raised the flags. These were Alice Johnson, Anna Tucker, Clara Gertz, Daisy Smith, May Schweitzer, Esther Landis, Ella Zeigler and Anna Carroll. As the band played the "Star Spangled Banner," the flag rose to the peak of the flagstaff. As it broke to the breeze the members of the Grand Army led in three cheers, which were taken up by all present.

**WILL THERE BE COURT?**  
Will there be any court Friday and Saturday and for some days to come? That is a question bothering lawyers and judges this afternoon. The commissions of Judges Stanley and Dole expire at 12 o'clock, and provision in the law prescribes, however, that they shall serve until their successors are appointed. The judges think these were appointed on June 5. If so there will be a lapse until the new commissions arrive.

President Dole thinks an appointment is not completed until official notice has been received by the appointee. This ruling would authorize Judges Stanley and Davis holding over.

The foregoing are the nominations sent by President McKinley to the Senate, as officials in and for the Territory of Hawaii. The nominations for the federal officers, with the exception of that for Collector of Internal Revenue, were sent June 2. The nominations for Territorial officers, and that of William Haywood for Collector of Internal Revenue, were sent June 5.

**WASHINGTON, June 5.**—The Senate today confirmed the following nominations:

M. M. Estee of California, to be United States District Judge of Hawaii.  
J. C. Baird of Wyoming, to be United States District Attorney of Hawaii.

W. F. Friel, who becomes Chief Justice, and A. Perry, who is appointed first associate, are both too well known to need introduction. The former has been on the Supreme bench since 1893. Judge Perry was police judge in 1895, whence he advanced to the Circuit bench. Judge Hardy of Kaula, and Judge Kalua of Maui, are continued in their respective offices.

C. C. Galbraith, the new associate justice, is forty years of age, having been born in Bartholomew county, Indiana, in 1866. He is a graduate of the University of Michigan, and while there was a classmate of J. A. Magoon of Honolulu. In 1884 he was admitted to practice law in Texas. Between the years 1889 and 1898 he was in Oklahoma, and served four years as Attorney General of that Territory. To the Islands he brought some of the best letters from the Supreme Court, and he has been one of the greatest heroes in saying farewell officially to the force Mr. Cooper paid high compliments to the service. He spoke of the hard work done by the Honolulu police department, telling the men that their police force was an honor to the country. Mr. Cooper spoke of the future referring to Marshal Brown as the High Sheriff that is to be, and hoping for the same harmony as had prevailed in the past.

He introduced Mr. Dole as his successor as Attorney-General, and hoped the department would continue in the same way as in the past. In reply the new Attorney-General, Mr. Dole, thanked the force on its efficient work and said he hoped that all would continue to work together. Marshal Brown thanked the two speakers for their high compliments and expressed his regrets at the departure of Mr. Dole, who was familiar with the department and known to the men, was the successor. There were three rousing cheers for Cooper and three more for Dole as Attorney-General and High Sheriff Brown, to continue their good record.

**TWO APPOINTMENTS.**  
Announcement of the Attorney General and High Sheriff.  
EDMUND P. DOLE, Attorney General for the Territory of Hawaii.  
ARTHUR M. BROWN, High Sheriff of the Territory of Hawaii.  
These appointments by Governor Dole were announced in his speech to the police this morning by the retiring Attorney General, the Secretary of the Territory, H. E. Cooper.

President Dole stated this afternoon that he would probably not be able to announce all his appointments at the time of his own inauguration tomorrow. He hopes that during tomorrow some of the names may be given out.

The other principal officers to be filled are: Treasurer of the Territory, Commissioner of Public Lands, Commissioner of Agriculture and Forestry, Superintendent of Public Works, Superintendent of Public Instruction, Auditor, Deputy Auditor and Surveyor.

A meeting of the Cabinet is being held this afternoon at which the matter is being further discussed. As there is a great deal of business to be disposed of before the Republic ceases to be, another session will possibly be held tonight.

**FOR ONE WEEK ONLY.**  
Black socks, Hermsdorf dye, two pairs for 25 cents; the best value ever offered. The sale will last for one week only, at L. B. Kerr & Co., Ltd., Queen street.

## FINAL PREPARATIONS FOR BIG CELEBRATION.

### Military Parade, Inauguration and Reception in the Forenoon—Decorations and Lights—Grand Ball at Evening.

Tomorrow will be the greatest day Honolulu has had since August 12, 1895, and the ball at evening will be the grandest since the Wilkie reception in 1893. The spirit among foreign and native people now is to join together in the celebration, and the probabilities are that the day will mark the time when most of the old scores will be wiped out.

The program will begin at 10 o'clock at the platform in front of the Executive building. At this time the First Regiment, N. G. H., and a detail from Camp McKinley will be drawn up in front. Seated with the Governor will be the members of the retiring Cabinet, new officials of the Supreme Court. On the platforms at either hand will be other government and consular officials and special guests.

As soon as the inauguration ceremonies are over there will be a military review by the new Governor.

Next will come the reception by Governor Dole and the new officials in the big hall of the House of Representatives. This hall has been splendidly decorated for the occasion. As the Hawaiian band will be with the military, the St. Louis College band will play during the reception.

Work of decorating will be completed during the night. This is in charge of G. W. At. King. He has some exceedingly attractive schemes, particularly in bunting. One of these is on the front columns of the building. James Crane with a big gang from the building Electric Co. has covered the building with strings of lights in such a way as to give a splendid night effect.

The dance pavilion on the Waikiki end of the building has been magnificently decorated and lighted. It is planned to have the lights tonight for an hour. Mr. Krouse's kitchen will be in the big tent at the rear stairs of the building. Two thousand invitations to the ball have been issued.

**POLICE MAN'S NEW BOSSES**

Marshal Brown, Deputy Marshal Chillingworth and the members of the police force were called together this morning to say farewell to Henry E. Cooper as Attorney-General and to greet E. P. Dole as Cooper's successor. Mr. Dole and Brown had made short addresses suitable to the occasion and Cooper took advantage of the opportunity to make a presentation to Captain Fox of the mounted police of a beautiful gold badge, as in recognition of Fox's recent heroism in stopping the runaway in which the lives of Mrs. and Miss Cooper were so seriously endangered.

In presenting the badge Mr. Cooper complimented Captain Fox very highly for his bravery on the occasion in question. "It was one of the bravest acts I ever heard of," said the retiring Attorney-General, and he added that it was the more creditable because Captain Fox did not come unhesitatingly to his dangerous duty without knowing anything about who were the imperiled parties. The badge will be a reminder for the captain of a deed which everyone who knows about it declares to have been one of the greatest heroisms.

In saying farewell officially to the force Mr. Cooper paid high compliments to the service. He spoke of the hard work done by the Honolulu police department, telling the men that their police force was an honor to the country. Mr. Cooper spoke of the future referring to Marshal Brown as the High Sheriff that is to be, and hoping for the same harmony as had prevailed in the past.

He introduced Mr. Dole as his successor as Attorney-General, and hoped the department would continue in the same way as in the past.

In reply the new Attorney-General, Mr. Dole, thanked the force on its efficient work and said he hoped that all would continue to work together. Marshal Brown thanked the two speakers for their high compliments and expressed his regrets at the departure of Mr. Dole, who was familiar with the department and known to the men, was the successor. There were three rousing cheers for Cooper and three more for Dole as Attorney-General and High Sheriff Brown, to continue their good record.

## THE DISTRICT OF HAWAII

### CONSUL HAYWOOD AN INTERNAL REVENUE COLLECTOR.

Sudden Reversal of the Order Making Hawaii a Part of the District of San Francisco.

Consul Haywood woke up this morning to find himself an internal revenue collector, appointed by the President for the new district of Hawaii. The fact of the appointment of the collector was the first news received here that there was to be such a district. A recent order from Washington made the islands a part of the district of San Francisco, under Collector John Lynch, and Mr. Frick, who is here organizing the work, is Lynch's chief deputy. For some reason, perhaps because Lynch did not want an addition to his district, the President suddenly reversed his order and made the Hawaiian Islands a separate district, as was provided for in the Territorial bill. Lynch is known to have expressed dissatisfaction at the difficulty of looking after an office 2,000 miles from him, and not connected by wire with his headquarters.

The consul, who ceases to be a consul at midnight tonight, stated this morning that the appointment was quite unexpected by him. "When I was in Washington Hawaii was made a part of the San Francisco district," said Mr. Haywood, "and I had no reason to suppose that there would be a change from this state of affairs. I have told everyone since I returned here that I expected to enter the law business here, and the news by the Gaelic is a complete surprise to me. No advice was sent to me at all, and I have no instructions, beyond the fact that I am appointed by the President, and the appointment has gone to the Senate for confirmation." Asked if he was disposed to accept the billet, Mr. Haywood replied in the affirmative. "Somebody must take hold of the work at once," he said.

The advice from Washington do not even state what is to be the salary of the new internal revenue collector, and Mr. Haywood is at work without knowing exactly what pay he is to receive. This morning he was among the many papers and documents that have arrived, with Deputy Collector Frick, discussing the organization of the bureau. For the present the internal revenue office is to be in the consular building. Many merchants, lawyers and business men of all kinds have been at the office today to find out just what taxes they have to pay. They were provided with copies of the treasury department circulars, showing the long list of papers on which the new taxes are levied, and needed and giving complete details of the many revenue taxes citizens of Hawaii will hereafter have to pay.

This afternoon internal revenue stamps were placed on sale in the office of the consul. There were many inquiries for them, especially for documents. Stocks of goods on hand in the stores of local merchants will not be charged. Today there was a heavy business at the custom house in taking goods out of bond to get them into owners' stores before the new tariff laws apply to them. The internal revenue department will require an inventory from each holder of dutiable stock, so that the officers may know what the holders have a right to sell without the internal revenue stamps that must appear on all dutiable goods imported after today.

## Don't Preach

Economy these good times some one says—but the smokers we cater to are men of affairs who know what's what and we'll get their cigar trade if we convince them they save money buying here.

We pay a little more than some dealers for cigars to get extra care in the selection of the tobacco leaf and for better work.

Our specialty is selling imported cigars that you pay more for elsewhere—and don't get as good tobacco either.

## THE LIGHT THAT NEVER FAILS.

We have just received a large shipment of these lights. These lamps burn in such a manner that the combustion is almost perfect and for this reason the light is magnificent, brilliant, smokeless and odorless. The lamps are absolutely safe, it being simply impossible for them to explode. If you are tired of the broken or ordinary lamps, and wish to rid yourself of their care, the above will appeal to you very strongly. When coupled with economy the appeal is irresistible.

The Angle Lamp accomplishes perfect illumination. It presents an opportunity of securing a light that is easily operated and more brilliant than gas or electricity, with no more heat, at a mere fraction of their cost. It is a perfect Lamp for houses, stores, offices, factories, halls, libraries, hotels and churches.

The public is invited to call and inspect these lamps.

many more signs point with un-  
erring certainty to a weak or  
diseased heart. Is your blood  
pale? Is your heart weak? Re-  
member, a weak heart never  
cures itself. Weak hearts may  
be made strong, and thin blood  
made rich and red and pure with**Dr. Miles' HEART CURE,**

The Great Heart and Blood Tonic.

"I suffered a great deal from soreness  
about my heart, had no appetite, could not  
sleep at night and was run down in every  
way. The least noise or excitement would  
bring on a fluttering and palpitation of my  
heart and make me so weak that I could not  
stand alone. Exertion of any kind would  
cause fainting or sinking spells when the  
breath would seem to leave my body. Nothing  
that my physicians did for me seemed to  
give relief and I began taking Dr. Miles'  
Heart Cure. The first bottle helped, and  
after using six bottles I felt better and  
stronger than I had before in years."

HEREPresident Names Him for Judge of the  
United States Courts in Hawaii—  
Something of His Career.WASHINGTON, June 2.—The President  
has nominated Morris M. Estee to be  
United States District Judge for the  
Territory of Hawaii.  
Morris M. Estee was born in Free-  
hold, Warren county, Pa., on November  
10, 1834. His father, Ansel Estee, a  
native of Buffalo, N. Y., was a well to do  
farmer of the time-honored eastern  
type. There were nine children of his  
family, and Morris was the eldest. His  
ambitions were beyond the limits of his  
father's farm, and after spending two  
years at the Wakerford Academy of  
Erie county he resolved to strike out  
alone in quest of fortune. At the age  
of twenty he came to California, and  
at once went to the El Dorado county  
gold mines, where he spent two years.  
While a miner he was still a student,  
and he soon learned that the way to  
success lay through the channel of his  
intellect, rather than that of his mus-  
cles. He then took up the study of  
law, and after some experience in the  
forensic law, he was admitted to  
practice in 1859. He opened an office at  
Sacramento. In 1863 he was elected to  
the lower house of the State Legisla-  
ture, and his work during that session  
was recognized by the people of Sacra-  
mento by his election to the office of  
district attorney, which he held until  
1866.In 1868 Estee came to San Francisco.  
In 1871 he made himself felt politically  
by his fight for Booth for governor.  
After the latter's nomination he was  
made secretary of the State Republican  
Central Committee, in which position  
his ability as an organizer was ap-  
parent in a remarkable degree. He was  
sent to the assembly again in 1875, and  
was made speaker of the House. At  
the conclusion of the session he resumed  
the practice of his profession. In 1880  
he was selected as one of the fifteen  
freeholders to frame a new city charter  
for San Francisco. He was chosen by  
the Republican convention as a candi-  
date for governor in 1882, but was de-  
feated by Stoneman. Again in 1894 he  
received the same honor, but was de-  
feated by Bayard. In 1888 he was chair-  
man of the California delegation to the  
Republican National Convention at  
Chicago.MRS. SHERMAN DEAD.  
MANSFIELD, Ohio, June 5.—Mrs.  
John Sherman died at midnight, aged  
72 years. She suffered a second stroke  
of paralysis Sunday afternoon, and  
from the first no hope was entertained  
for her recovery. Mrs. Sherman was  
Miss Margaret Cecilia Stewart, only  
child of the late Judge James Stewart  
of this city. She was married to Mr.  
Sherman December 21, 1848. There are  
no children. She was born here and  
will be buried here.DELLA FOX INSANE.  
NEW YORK, June 1.—Della Fox, the  
well-known actress, was committed by  
Justice McAdam, in the Supreme Court  
today, to the Asylum for the Insane  
at Wave Crest, L. I., on the petition of  
her brother, William H. Fox, and on  
the evidence of Drs. Austin Flint Jr.  
and Edward D. Fisher, which showed  
that she is laboring under delusions.A ROYAL SEPARATION.  
Infanta Eulalie of Spain Separates  
From Her Husband.  
PARIS, June 1.—Infanta Eulalie of  
Spain and her husband, Don Antonio  
Orleans, have agreed to part. A formal  
deed of separation, to which they  
both have subscribed has been drawn  
and recorded and they have parted for  
all time. In Infanta complained at the  
extravagances of her husband and Don  
Antonio wearied of his wife's temper.  
Don Antonio, who comes of the house  
of Orleans, will make his home in  
Paris, which is suited to his taste,  
and the Infanta will, as in the past,  
reside in Madrid. Their sons, now in  
school in England, are to have a mili-  
tary career and will, upon their ma-  
jority, enter the Spanish army. The  
separation of the couple has long been  
anticipated. Don Antonio accompanied  
the Infanta during her visit to the  
United States at the time of the Colum-  
bian World's Fair at Chicago in 1893.AGUINALDO AGAIN.  
He is Still Issuing High Flown Procla-  
mations.WASHINGTON, June 1.—General  
Greely this morning received a package  
of Filipino documents recently captured  
by the signal service in Luzon, and  
among other printed matter were sev-  
eral copies of a recent proclamation  
by Aguinaldo, which was printed in  
parallel columns in Spanish and the  
Tagal language. It is a high-sounding  
document of similar tone to those hereto-  
fore printed, and the concluding para-  
graph is as follows:"We still have hopes in the justice of  
the good Americans, and the signs now  
point to the probability of their giving  
us justice, and that they will carry out  
the lessons taught them by the found-  
ers of the republic of the United  
States. Although these people who are  
fighting us are our enemies, they are  
men of principle, and we have a valiant  
ally in that illustrious North American,  
Mr. Atkinson, who is our chief cham-  
pion against criminal aggression. We  
should be grateful for having a man  
like him to champion us. We will close  
by informing the imperialists that they  
will never have peace in these islands  
as long as they adhere to their present  
policy."EMILIO AGUINALDO.  
"At Tarlac. Long live Aguinaldo!  
Long live the army of liberty! Long  
live the union of the Filipinos!"NEW TRIAL DENIED.  
Judge Davis yesterday denied a  
motion for a new trial made by the  
defendant in the case of Jennie Alexan-  
der, one of the Hogan minstrels, against  
the Canadian-Australian  
Steamship Company. The motion was  
based on a claim that excessive dam-  
ages were awarded.A CARD OF THANKS.  
I wish to say that I feel under lasting  
obligations for what Chamberlain's  
Cough Remedy has done for our family.  
We have used it in so many cases of  
coughs, lung troubles and whooping  
cough, and it has always given the  
most perfect satisfaction. We feel great-  
ly indebted to the manufacturers of  
this remedy and wish them to please  
accept our hearty thanks.—Respectfully,  
Mrs. S. Doty, Des Moines, Iowa. For

## THE CLOSING SCENE.

Today is the last of Hawaii as a quasi-independent Republic. It has been a portion of the United States in name, but not in fact since August 12, 1898. But it has not been actually a portion, for we have had our own laws, unmodified, have had our own duties, our own postal system, and so forth. The position has been quite anomalous, and might have led to considerable friction in some communities. It has, however, not led to any friction, and our orderly community has passed through its period of probation with credit to itself, and satisfaction to those who have watched over its destinies, and to no one more than to President McKinley.

And during this transition period the community has been tried. While there was a doubt as to the ultimate fate of the Islands our securities suffered depression. There is nothing that affects capital so much as uncertainty. There were a large majority of us who had no uncertainty, who believed implicitly that the United States' Congress would do exactly what it has done, but people abroad, who had capital to invest did not feel so sure. They did not understand our condition at all and have not, but tomorrow they will. When capital sees us as an integral portion of the United States, when it realizes what safe returns it can get, it will rapidly seek investment under such favorable circumstances.

That the above remarks are true, any one can easily see who studies the share list. Since the passage of the Territorial bill there has been a noticeable stiffening and rise in stocks. Considerable sums of money have come from the East, for investment, and every steamer after tomorrow will bring more and more. Our prospects for investments are now excellent, and it is upon the complete development of our resources that our future depends.

Another serious trial has been the plague. But this we met with characteristic energy and determination. It was a fight to the death and we won. Our success in that struggle has met with admiration throughout the world. There has never been a plague fight which was carried on with such drastic measures as ours was carried on. No country of its size spent so much money on the struggle. It had to be done however. Our goal was not merely to stay the plague and then have it re-appear, but it was to destroy it right out, and to bring about such sanitary conditions as would render its re-appearance almost impossible.

We must remember, however, that we had higher assistance than our own. We did our utmost and best, but a higher power took control and helped us in our efforts. For the results of that plague fight there are many thankful hearts in our midst, and though there has been no public act of thanksgiving there has many a prayer gone up from private households that the city has been spared the scourge.

Fortunately for us we had the means for meeting this drain upon us. There was a large surplus in the Treasury, and we have been enabled to pay off obligations amounting to over \$600,000 incurred in our struggle to beat the plague.

Financially we enter upon our career as a Territory in good shape. In spite of the enormous expense of fighting the plague, we have over \$800,000 in the Treasury. The United States assumes \$4,000,000 of our public debt, and will most probably repay us \$600,000 which we have paid out as interest to the bond holders, since the debt was assumed on August 12, 1898. This will leave our public debt between \$250,000 and \$300,000, which is a trifle when the wealth of the Territory is considered.

The President has applied the system of home rule, and outside of Federal officials, has put the appointments into the hands of the residents of the Territory. This is a most satisfactory condition of affairs and contradicts the statement of the disgruntled who used to contend that annexation would bring about a carpet bag era, and that we should be ruled by a set of broken down politicians. Nothing of the kind has happened.

Politically we are left to work out our own salvation. We have our own Senate and House of Representatives. We have a far more extended franchise than under the old monarchy or the Independent Republic. Under the monarchy the upper house was not an elective body, the members of that House were appointees of the monarch, and the positions were practically for life. Under the Independent Republic the House of Nobles became the Senate, and was elective, but it was a restricted franchise. Under the law of the Territory of Hawaii there is a comparatively no restriction, save in the ability to read, write and speak English or Hawaiian, the citizenship, registration, residence and age qualification. Upon this we enter tomorrow. Whether we use this power well or ill depends upon ourselves. We must all remember that the

interests of the Territory are our own, and the mistakes that we may make will recoil upon our own heads.

Yes! the change is very close upon us now. The old order of things has completely passed away. The hope of a resurrected royalty has passed away, and a new era, a completely new order of things will take the place of the past. New ambitions, new aspirations will be our aim now. Instead of being isolated, we shall form part of a great active country, the throes that thrills in Washington will pulsate in the Territory of Hawaii, from the insignificance of a tolerated independence which was always threatened from without, and which had ever the elements of danger from within, Hawaii is now a portion of one of the greatest powers in the world, with no threat of danger from without, and no fear of danger from within. This is what tomorrow promises us.

It is impossible for any one who has lived here the major portion of his life, in fact practically his whole life on the Islands, whose joys and sorrows, successes and failures have taken place in this environment, whose children have grown up and made their homes here, not to feel some tone of sadness at the moment of parting with the past. The bride when she leaves her home to realize the noble hope of wifehood and motherhood, seldom goes dry eyed from the paternal roof. The soldier who leaves his home to win glory and honor against his country's foe, is not thought the less brave, or the less wishful of success, when a tear trickles down his rugged cheek as he leaves his near and his dear ones behind him. One would be less than human if one did not feel. The future which is before us, a very large number of us have wished for most ardently, and have worked earnestly to bring about, we would not have it otherwise, but the hope of the future, only tends to throw a glamour over the past, and tint its memories with rosy hues. The mishaps, and wrongs are forgotten, and the pleasant features are the ones remembered. It will ever dwell in the minds of those who experienced it, a joyous youth time. There are grander and greater things before us, but we will cherish the memory of Hawaii in ante-territorial days as a rose leaf dropped from the bouquet of a maiden love.

The raising of the flag upon the High School, and the presentation of flags to the other schools of the city, was an imposing and an impressive ceremony. The school children from one end of the Territory to the other must be taught the meaning of that emblem of nationality which floats from the Atlantic to the Pacific, and whose folds float in the breeze of many tropic islands.

The Road Supervisor states that he is preparing to improve the streets as soon as he has the proper machinery to do it with. The Road Supervisor has evidently taken a leaf out of Lord Roberts' book, and does not intend to move until he is quite ready. In this he is to be commended. If he has not the proper material his work would be unsatisfactory and he would be blamed. What we need are thoroughly good roads scientifically constructed. As a fact, many of our roads have been far from scientifically constructed, and much money has been expended in some cases to very little purpose. Everybody will be glad when the road campaign begins.

Otis says the war is over, and in this he bears out the views published in the Star from an officer in Luzon. But there is a great deal of work to be done in putting down the predatory bands, and many a gallant boy in blue will lose his life in this most unsatisfactory style of fighting. That when the Filipinos understand how they are going to be treated they are willing to put themselves under the protection of the Americans is very plain. The Filipino has been led to by the Spaniard, by Aguinaldo, by the educated Filipinos, and by the Friars. He is beginning now to understand how things really are, and accepts the American as his friend.

The center of world attraction is shifted now from the Boers to China. The partition of that country seems to be coming nigh. Troops are being concentrated by Russia at Port Arthur; indeed, for some time past Russia has been getting troops onto the eastern side of the Asiatic continent, and there are masses of military material and of men at Vladivostok which can be easily moved down when they are required. The killing of a couple of Cossacks gives an excuse to Russia to commence hostilities whenever she wishes to. Naturally Japan feels anxious, and will oppose any operations of Russia upon an extended scale. The question in the partition of China is whether the powers can divide it up without a quarrel among themselves. If a quarrel comes Russia will be at the bottom of it.

The Boer war may be considered as practically over. Kruger and Botha were unable to make a stand either at Johannesburg or Pretoria, and Roberts now occupies the latter place with the British flag floating over the government house. What Kruger's object in going into the mountains to the eastward is by no means clear, except that it is evident that he is desirous of negotiating for terms. The idea of continuing the struggle cannot be entertained. The force arrayed against the remnant of the Boers is overwhelming; they would be surrounded in their mountain fastnesses, their communication with Lourenzo Marquez would be cut off, and it would be a case of siege with no possible relief. The suggestion is made that the Boer leaders will surrender their arms to a neutral power. The probability is that Kruger will use the arms to make terms upon. It is supposed that the whole affair will be terminated in a fortnight at the outside.

## PARTITION OF CHINA NEAR

FIGHTING PROBABLY ALREADY  
BEGIN.

Important Dispatch From Admiral  
Kempff—Gunboat Helena will be Sent  
Up the Pei-Ho River.

WASHINGTON, June 5.—The situation in China has now reached a critical point, as shown by the dispatches received today from Minister Conger at Peking and Rear-Admiral Kempff at Taku. Kempff cabled the Secretary of the Navy this afternoon that "Engagement has begun. Have landed fifty more men. Move battalion of marines." He also called for a gunboat and a battalion of marines. This morning Secretary Hay received a dispatch from Conger saying the situation had grown more serious, and that the Boxers were trying to attack the city. Rear-Admiral Kempff's dispatch was in cipher and was not quite clear. He gave no details to indicate what forces were engaged.

State Department officials incline to the belief that the engagement refers to an attack on Peking, which was foreshadowed by Conger's dispatch. Secretary Long has cabled Rear-Admiral Kempff for more specific information. If the gunboat Helena is available at Manila it will doubtless be sent, as it was built especially for Chinese waters. Drawing but nine feet of water, it can go up the Pei-Ho to Tien-Tsin, the head of navigation, from which point Peking is reached. In diplomatic circles the situation is viewed as extremely grave, inasmuch as the indication are now strong that the Chinese empire is about to be cut up.

The break in the Admiral's cablegram is caused by an illegible group of figures. Reading "in one light it would seem that the Newark has landed fifty sailors to re-enforce the marines already ashore, and in another aspect the gap might be read to state that fifty sailors had been landed with another battalion of marines. The Admiral's news is regarded as of the utmost gravity. Secretary Long has cabled him to send his messages hereafter in plain English.

LONDON, June 5.—A dispatch to the Daily Mail from Tien-tsin, dated June 4th, says: "The situation is very serious. The Boxers are approaching Tien-tsin on all sides."

The Shanghai correspondent of the Daily Mail, telegraphing yesterday, says: "The Boxers are within three miles of Tien-tsin. In addition to the marines the defensive force includes volunteers under the command of Major Higgs, late of the Sixteenth Lancashire. The town is practically under arms."

TIEN-TSIN (via Shanghai), June 5.—Last night passed quietly, but Tien-tsin is in an excited state this morning. About 200 more foreign troops are expected here today.

LONDON, June 5.—The Daily Express has a dispatch from Shanghai, dated Tuesday, which says: "Russian troops have been ordered from Port Arthur to the neighborhood of Peking to punish the Boxers for killing two Cosacks and wounding two."

LONDON, June 5.—The Peking correspondent of the Times telegraphing Tuesday says: "Mr. Norman, a missionary of the Society for the Propagation of the Gospel, was cruelly murdered at Yung Ching on June 2d. The Viceroy of Pechili has officially notified the British Minister."

The murder was undoubtedly due to the complexity of the Chinese Government in the disturbances caused by the Boxers. A secret edict, issued two days ago, forbade the soldiers to fire upon the Boxers. The soldiers who were killed at Huang Tsun offered no resistance and were simply guarding the railway.

It is indisputable that the chief supporters of the Boxers include Prince Tuan, the father, and Hsu Tung, the guardian of the heir-apparent, as well as Tung Fuh Siang, the General commanding the hordes of Kan Su soldiers who have long menaced the safety of foreigners in Pechili. It is imperatively necessary that the Tien-tsin railway should be immediately patrolled, and patrolled by British guards. Tien-tsin itself is apparently quiet, but there is much suppressed excitement.

#### KING INCOG.

WASHINGTON, June 1.—Le Chevalier Francois d'Adorff of Brussels, who was in this country last year with the heir apparent to the throne of Belgium, is again in Washington, and announces that King Leopold will visit the United States incognito next July.

#### WILL SELL SATURDAY.

Col. Will E. Fisher to Auction Off First  
Wireless Telegraph Message.

The sale of the first wireless telegraph message will take place on the grounds of the Executive building at 2:30 o'clock Saturday afternoon. Col. Will E. Fisher will be auctioneer, he having paid \$50 for that privilege, and as previously announced, the proceeds will go to charity.

C. H. Cooke, Cecil Brown and Col. J. H. Fisher have been appointed a committee to take charge of and distribute the money.

Before and during the sale instruments will be up, and there will be practical illustrations of the working of the system.

#### ARE HAVING VISIONS.

It is said that the Boers also have secured a war balloon. Perhaps the British have reached that stage when they see airships.—Baltimore News.

Hawaiian  
Electric  
Company.

The cleanest, brightest, safest and really  
the long run, the cheapest and best light  
for use in the family residence, is the incan-  
descent electric light. Safe; nothing could  
be safer. A few days ago a prominent gen-  
tleman of Honolulu came rushing down to  
the office of the Electric Company and said:  
"Give me figures for wiring my house, and I  
want it done at once; no more lamps for me.  
Last night a lamp tipped over and it came so  
near setting fire to the house and burning my  
children and I take no more risks."

This is the sentiment of quite a number in  
the past few weeks who have ordered their  
houses fitted with the perfect light.  
Just think it over and make up your mind  
that you want the best and safest light; send  
for the Hawaiian Electric Company and tell  
them what you want.  
We have a complete stock of everything in  
the line and have just received a lot of the  
very latest designs.

## REST

"If I could only get  
a little rest." How  
many tired women  
say this! They  
are exhausted,  
depressed, dis-  
couraged. Even after  
sleeping they find them-  
selves just as tired as before.  
Not a part of the body escapes  
from the hard aches and pains. You  
should have all impurities removed  
from your blood and your nerves  
greatly strengthened.

## Ayer's Sarsaparilla

brings rest and refreshing sleep. Your  
nervousness disappears and your great  
unrest passes away.  
Of course you know this is so, for  
you have heard all about Ayer's Sarsa-  
parilla. Ask your doctor if it isn't the  
best Sarsaparilla in the world. Even  
your druggist will tell you "It's the  
oldest and the best."  
If you are constipated, take Ayer's Pills.  
They greatly aid the Sarsaparilla.

## ONE SAYS WAR IS OVER

NOTHING BUT ROBBER BANDS  
ARE LEFT.

Aguinaldo Cuts No Ice, and is Gen-  
erally Discredited—Great Success in Se-  
curing Filipino Arms—Other Views.

SAN FRANCISCO, June 5.—Gen. El-  
well Stephen Otis was released from  
quarantine on board the transport  
Meads yesterday, and was escorted  
ashore by General Shafter.

Of the state of affairs there he said:  
"The insurrection in the Philippines  
has been over for some months, and  
there is no danger of another rebellion,  
for the simple reason that the rebel  
army has been completely shattered  
and all the leading rebels captured or  
killed. It is true that there are a num-  
ber of armed bands of thieves in vari-  
ous parts of the islands whom the in-  
surrectionists claim to be loyal to the  
Filipino cause, but that this is not so  
is proved by the fact that the natives  
themselves, in many instances, ask us  
for protection from their raids and law-  
lessness. Even these bands are on the  
run, however, and we are keeping after  
them and gradually stamping them out  
of existence. The so-called Filipino  
government has ceased to exist for a  
long time, and we are now engaged in  
protecting those who demand from us  
immunity from the outrages perpe-  
trated upon them. Peace has been prac-  
tically restored all through the islands  
and the Filipinos generally have re-  
turned to their vocations, thoroughly  
content to submit to the authority of  
the United States. Trade conditions are  
gradually being restored to their normal  
state and there is a much better feel-  
ing everywhere. Of course, much re-  
mains still to be done before we can  
afford to rest upon our oars, but there  
is every indication that the worst is over  
and that a new era is dawning for the  
people of our distant possessions. That  
they, too, feel this is evident from the  
manner in which they are co-operating  
in our efforts to better their condition."  
"The most encouraging sign, in my  
opinion, is that for the past few months  
the natives themselves have been giv-  
ing us information for the purpose of  
helping us to break up the bands of  
ladrones and robbers who have infested  
the country since the Filipino army was  
disbanded. Formerly we could not get  
a native to tell us anything, and were  
consequently badly handicapped. Re-  
cently, however, they have begun to  
realize that it is to their best interests  
to put a stop to the frequent raids of  
these bands of marauders, and they  
have shown a disposition to co-operate  
with us to that end. Within the past three  
months, owing to this cause, we have  
captured more arms than during the  
whole of the campaign up to that date.  
In almost every instance the informa-  
tion as to where they were secreted  
came from friendly natives. For almost  
two years the Filipinos refused to be-  
lieve in the promises which we made  
to protect them against the insurrec-  
tion; but once the rebel army was scat-  
tered and our supremacy became as-  
sured, they readily understood what was  
best for their interests, and acted  
accordingly. There are a few outlying  
districts still in which the ladrones have  
so terrorized the natives that they are  
afraid to follow the dictates of their  
common sense, but these are rapidly be-  
ing cleaned out, and it is only a ques-  
tion of a few months before our troops  
will have all the arms gathered in and  
the ladrones scattered to the four  
winds."

Speaking of Aguinaldo and the dis-  
patch published to the effect that the  
rebel leader had been killed by a de-  
tachment of the Thirty-third Infantry  
under Major March last month, General  
Otis said: "Aguinaldo does not cut any  
figure in the rebellion any longer, and  
his life or death are matters of perfect  
indifference, so far as the ultimate re-  
sult is concerned. He has been politi-  
cally dead ever since the backbone of  
the rebellion was broken. He never did  
amount to anything in my opinion; for  
he was only the figurehead of such men  
as Mabini and Buencamino, who were  
the real brains of the insurrectionists.  
By the way, Buencamino wanted to  
come over here with me, but I declined  
to bring him along."

These are here there will be a vast im-  
provement.  
"Preparations for carrying off storm  
water are another great need. This is  
one of the features of all well laid  
streets, but, though it was in the sewer  
plans as submitted some time ago, it  
was utterly neglected. The prepara-  
tions will have to be made in the end,  
for the sake of the streets, and the con-  
venience of the public."

STEPHEN CRANE DEAD.  
Was the Author of "The Red Badge of  
Courage."

BADEN-WEILER, Baden, June 5.—  
Stephen Crane, the American author  
and war correspondent, died here today,  
aged 30 years.

Stephen Crane four years ago made  
a great hit with "The Red Badge of  
Courage." It is cast in the form of a  
romance and a detailed study of the  
development of a raw recruit in our  
civil war under the fire of the enemy.  
What made it noteworthy was that  
Crane could have had no real experi-  
ence of what he described with a mas-  
terly force and graphic realism not sur-  
passed by Tolstol in his sketches of  
Sebastopol. The great Russian de-  
scribed, from his own experience, sen-  
sations of the man under fire, yet Mr.  
Crane, without any actual service un-  
der arms, has produced more vivid  
sketches of the horror of war and the  
triumph of courage over fear than any-  
thing that Tolstol has written. The  
same effects Crane succeeds in produc-  
ing in verse, though his poetry, being  
written without rhyme and in peculiar  
meter, has not met with the same favor  
as his prose. The only work that Crane  
has done in the last four years that  
approaches his best book, is "The Open  
Boat," a short sketch of the wreck of a  
fishbustler on the Florida coast. Crane  
was in the Cuban war, and before his  
illness he was writing some sketches of  
his army experience before Santiago.

## UNION JACK IN PRETORIA

ROBERTS IN OCCUPATION OF THE BOER CAPITAL.

Kruger and Botha Retire to the Mountains With All the Boer Artillery—Mrs. Kruger in Pretoria.

LONDON, June 5, 11:07 p. m.—The War Office has received the following from Lord Roberts:

"PRETORIA, June 5, 12:55 p. m.—Just before dark yesterday the enemy were beaten back from nearly all the positions they had been holding, and Ian Hamilton's mounted infantry followed them to within 2,000 yards of Pretoria, through which they retreated hastily. De Laide then sent an officer with a flag of truce into the town, demanding its surrender in my name.  
"Shortly before midnight I was awakened by two officials of the South African republic—Sandberg, military secretary to Commandant General Botha, and a general officer of the Boer army—who brought me a letter from Botha proposing an armistice for the purpose of settling the terms of surrender. I replied that I would gladly meet the commandant general the next morning, but that I was not prepared to discuss any terms, as the surrender of the town must be unconditional. I asked for a reply by daylight, as I had ordered the troops to march on the town as soon as it was light.  
"In his reply Botha told me he had decided not to defend Pretoria, and he trusted women, children and property would be protected. At 1 a. m. today, while in the line of march, I was met by three of the principal officials with a flag of truce, stating their wish to surrender the town. It was arranged that Pretoria should be taken possession of by her majesty's troops at 2 o'clock this afternoon.  
"Mrs. Botha and Mrs. Kruger are both in Pretoria. Some few of the British prisoners have been taken away, but the majority are still at Waterval. Over a hundred of the officers are in Pretoria. The few I have seen are looking well.  
"LONDON, June 5.—The dispatches of Lord Roberts tell of the incidents before the surrender of the capital by three civilians, stand alone, as the correspondents with him have not had their turn with the wires.  
"Lord Roberts' postscript announcing the loss of the Yeomanry battalion came late for the public to know it last evening. The newspaper commentators consider the incident deplorable, but as having no weight to speak of in the results. The battalion numbered between 400 and 500.  
"General Botha and most of his men got away from Pretoria. This is inferred from Lord Roberts' message, but the presumption is that the Boer Commandant General cannot escape the British dispositions without a fight. Bennett Burleigh, wiring from Johannesburg, states that President Kruger took \$2,000,000 in cash to Middelburg.  
"LONDON, June 5.—Lord Roberts today announced the capture of the Imperial Yeomanry by the Boers near Lindley. His dispatch is as follows:  
"PRETORIA STATION, June 5, 12:55 p. m.—I regret to report that the Tenth Imperial Yeomanry had to surrender to a very superior force of the enemy on May 31, near Lindley. On receiving information of the battalion being attacked, I ordered Methuen to proceed with all speed to its assistance. Methuen was then on the march on the Heilbron side of Kroonstad, and, half an hour after the receipt of my telegram, on June 1, he started off. By 10 a. m. of the following day he had marched forty-four miles in twenty-five hours. But he was too late to rescue Colonel Spragg's Yeomanry. Methuen attacked the Boers, who were between 2,000 and 3,000 strong, and after a running fight of five hours, completely routed the enemy.  
"It is a very regrettable circumstance, but I trust it will not be very long before the Tenth Yeomanry are released from captivity."

YESTERDAY'S CABINET.  
Several Matters of Importance Are Disposed Of.

The Cabinet has instructed the Board of Health to remove the buildings at Kakaako, known as Battery Camp, as soon as possible. It was the understanding when these houses were built that they should be taken away as soon as the need for them was over. The land belongs to the Bishop estate.  
Despite the protest of property holders living in the neighborhood, the Cabinet has decided to locate the garbage crematorium on South street on the lot originally selected for it.  
It was decided to pardon Joseph Carter and John H. Hauke on Admission Day. These men were convicted upon the charge of smuggling opium.  
The application of the Hilo Sugar Company for an amendment to its charter was granted.  
Captain J. F. Merry complained of damage done to the navy wharf by the transport Sherman while that vessel was being brought in by one of the pilots. The matter was referred to Minister Damon for investigation and report.

**COAST SHIPPING.**  
SAN FRANCISCO, June 6.—The steamer Manauense, commanded by Captain John Barneson of the transport service, has been chartered for a trip to Vancouver and St. Michael, and will sail in a day or two. The last trip of the Manauense to Kahului was a record breaker, the steamer having made the round trip in twenty-five days, including the time spent in Kahului, when 1,600 tons of freight was discharged and 1,500 tons of sugar loaded into the vessel's hold.

The schooner eMha Nelson arrived June 5 from Kahului, with 11,000 bags of sugar. The bark Olympic cleared June 5 for Honolulu with a general cargo.

Our manifest destiny seems to be the destiny which can be hitched up to the latest number of political band-wagons.—Detroit Journal.
