## THE CANDIDATES

Elected at Convention of Ameri-  
can Union Party.

## A PLATFORM OF PRINCIPLES

Resolutions on Local Con-  
ditions Passed.

Robertson, Gear, Atkinson From  
Fourth—Wilder, Kaulukou, Mc-  
Candless From Fifth.

The delegates elected at the recent  
precinct primaries met in convention  
in the American League headquarters  
last night for the purpose of electing  
six candidates for election as Repre-  
sentatives. They assembled early and  
took their seats quietly, as if nothing  
of very much excitement were about  
to take place. No wires hung from  
the ceiling to be pulled, and no one  
seemed to be anxious to pull at an im-  
aginary wire. Then the buttonholes  
were all covered by white ribbons, dis-  
tributed by Tim Murray, so, of course,  
they could not be used. The ribbons  
had printed in black letters upon them  
the following: "Oahu A. U. P. Con-  
vention, 1897, September 15th. Annex-  
ation."

There were present besides the fol-  
lowing delegates, quite a number of  
men interested in the proceedings:

William Henry and R. A. McKeague,  
First Precinct, Fifth District, embrac-  
ing Heela and Kaneohe.  
W. K. Rathburn, Second Precinct,  
Fifth District, embracing Kahuku.  
Andrew Cox, Third Precinct, First  
District, embracing Waiakua.  
J. Kekahune, Fourth Precinct, Fifth  
District, embracing Waiakua.  
W. J. Lowrie, Fifth Precinct, Fifth  
District, embracing Ewa.  
E. B. Mikalemi, Sixth Precinct, Fifth  
District, embracing Pearl City.  
J. A. Low and W. R. Sims, Seventh  
Precinct, Fifth District.  
George W. Farr and L. D. Kellipio,  
Eighth Precinct, Fifth District.  
J. M. Poepeo and George R. Carter,  
Ninth Precinct, Fifth District.  
O. Bergstrom and J. C. Cluney, Tenth  
Precinct, Fifth District.  
B. F. Dillingham and F. A. Hosmer,  
First Precinct, Fourth District.  
J. A. Kennedy, W. H. Hoogs, Robert  
Grieve, J. S. Martin, S. B. Rose and  
J. H. Fisher, Second Precinct, Fourth  
District.  
E. F. Bishop, Third Precinct, Fourth  
District.  
George W. Smith, Walter M. Mc-  
Bryde and F. S. Dodge, Fourth Pre-  
cinct, Fourth District.  
J. A. McCandless, Edward Benner  
and Charles B. Gray, Fifth Precinct,  
Fourth District.  
Ed Towse, Julius Asch and George  
N. Day, Sixth Precinct, Fourth District.

Chairman J. A. Kennedy of the Cen-  
tral Committee called for the delegates  
to come to the front to better enable  
them to fully comprehend the pro-  
ceedings. He then made a short open-  
ing speech, in which he called atten-  
tion to the reasons for the calling to-  
gether of the convention. There being  
only one party, the deliberations should  
be carefully thought on and the work  
wisely done. The wishes and wants  
of the party at the back should be  
looked after with greatest care. The  
principles should be broad. Harbor  
improvements, water works, sewerage  
and other important questions should  
not be lost sight of.

Chairman Kennedy then called the  
convention to order.  
The election of a temporary chair-  
man was announced as the first work  
of the evening. George W. Smith nomi-  
nated J. A. Kennedy, who was unani-  
mously elected.

The names of C. B. Gray and Ed  
Towse were placed before the conven-  
tion for temporary secretary. Towse  
withdrew and Gray was unanimously  
elected.  
The chairman was given the power  
to choose the Committee on Creden-  
tials. The following were announced  
as the committee: Messrs. E. F. Bis-  
hop, Benner, Farr, Kellipio and Rath-  
burn. A five-minute's recess was then  
taken while the committee was in de-  
liberation.

The convention was called to order  
again, and Chairman Bishop an-  
nounced that credentials had been  
found in order for all the delegates.  
The next business of the evening

was the election of a Committee on  
Permanent Organization for the even-  
ing. The chairman was given power  
to choose a committee of seven. The  
following committee was announced:  
Messrs. J. A. McCandless, F. A. Hos-  
mer, Robert Grieve, W. McBryde, Wil-  
liam Henry, F. S. Dodge and O. Berg-  
strom.

J. H. Fisher moved that a Commit-  
tee on Rules and Order of Business be  
appointed, and that this, with the one  
just mentioned, proceed to deliberate  
at the same time. Carried. The fol-  
lowing were appointed by the chair:  
Messrs. J. H. Fisher, S. B. Rose, J.  
Asch, A. Cox, G. N. Day, R. McKeague  
and J. C. Cluney.  
A recess of 10 minutes was then de-  
clared.

Convention called to order again. J.  
A. McCandless, chairman of the Com-  
mittee on Permanent Organization, re-  
ported as follows: "Mr. Chairman:—  
Your Committee on Permanent Organi-  
zation report the following as perma-  
nent officers: George W. Smith, chair-  
man; J. M. Poepeo, vice-chairman;  
George R. Carter, secretary; W. R.  
Sims, assistant secretary; T. B. Mur-  
ray, sergeant-at-arms. The committee  
further recommend that a Central  
Committee of 16 be appointed, 9 from

mission to read the report of the Com-  
mittee on Rules and Order of Business.  
Granted. J. H. Fisher then read the  
following:

**RULES AND ORDER OF BUSINESS.**  
1. Report of Committee on Plat-  
form.  
2. Report of Committee on Resolu-  
tions.  
3. Report of special committees.  
4. Report of Committee on Nomi-  
nations.  
5. Before proceeding to ballot, all  
nominees must appear before the con-  
vention and declare their allegiance to  
the platform and principles of the  
American Union party and their sup-  
port of the ticket.  
6. The delegates of the Fourth and  
Fifth Districts shall meet separately  
and select their candidates for Repre-  
sentatives for their respective districts  
from the candidates nominated.  
7. All candidates must have re-  
ceived a two-thirds vote of the dele-  
gates of their respective districts.  
8. Reports from the delegates from  
the Fourth and Fifth Districts of can-  
didates selected.  
9. Ratification of nominees by ma-  
jority of whole convention.  
10. Election of Central Committee.

**PLATFORM OF PRINCIPLES.**  
WE, the elected delegates of the American Union Party of the Island  
of Oahu, Republic of Hawaii, in convention assembled, this 15th day  
of September, 1897, announce and declare the following to be the Plat-  
form of Principles of this party:

(1) We re-affirm that the foremost mission of the American Union  
Party shall continue to be unreserved effort to secure the Political  
Union of Hawaii with the United States of America, and heartily com-  
mend and approve the action of our Government so far as accomplished  
to this end.

(2) We commend the efficient, courageous and honorable conduct  
of affairs by the Government of the Republic of Hawaii.

(3) We are proud of the Government's practical and progressive  
policy of internal improvement. In witness we point to the recent com-  
pletion of extensive public works, and to operations and projects of  
similar nature.

(4) We re-affirm our opposition to the employment of Asiatic labor  
upon any public works, or of prison labor in any mechanical pursuit.  
We believe the welfare of the Government and of the people would be  
advanced by the withdrawal of the more criminal classes of convicts  
from road work, the same to be employed on a penal farm in the devel-  
opment of many possible and varied agricultural interests.

(5) We recommend legislation prohibiting importation by the Gov-  
ernment of material of any kind whatever.

(6) We demand a more speedy improvement of our harbors and  
wharfage facilities to meet the requirements of our rapidly increasing  
commerce; the immediate acquirement by the Government of all harbor  
front property throughout the Islands, and that such properties be at  
all times free of access to the public.

(7) We urge the adoption of an equitable graduated income tax sys-  
tem, to the end that certain existing petty and burdensome levy may  
cease.

(8) We advocate continuation of the Government's policy in promo-  
tion of the occupancy of public lands by small holders, and the encour-  
agement of various industries.

(9) We pledge all the power and influence this party may possess  
to aggressive endeavor to further restrict Asiatic immigration.

(10) We are of the firm conviction that one of the first and highest  
duties of the American Union Party administration is to hasten to a  
realization of the recently inaugurated effort to add to the population of  
these Islands by assisting the emigration of farmers, laborers and arti-  
sans from the United States of America.

(11) We especially commend the notable results attained and the in-  
telligent efforts being put forth in the direction of extending and im-  
proving the public school system.

(12) We urge that the necessary steps be taken to carry out the plans  
for the proper sewerage of Honolulu.

(13) We urge the Government to secure cable communication for the  
Islands.

(14) We declare our opposition to trusts and monopolies of all kinds.

(15) We recommend the establishment of a public park in Aala, and a  
legislative act making the Waikiki beach property, now owned by the  
Government, a part of Kapiolani Park, and that all of the said land be  
open for the use of the public.

(16) We cite the present peaceful and prosperous condition of the  
country as work of the American Union Party, and invite to join our  
ranks those citizens who have faith in a plain and progressive Govern-  
ment of equality.

the Fourth District and 7 from the  
Fifth.

George R. Carter declined the nomi-  
nation of secretary. W. R. Sims moved  
to amend that C. B. Gray be put in his  
place as assistant secretary.

The committee changed its report  
and put C. B. Gray in place of George  
R. Carter. W. H. Hoogs objected to  
the appointment of the Central Com-  
mittee from the delegates. It looked  
to him like a family compact. George  
R. Carter arose to a point of order.  
He did not understand that a Central  
Committee was part of the business.  
The permanent organization was only  
for the night.  
J. A. Low moved to amend the report  
of the committee and that only one  
secretary be appointed. Carried.  
The report of the committee was  
then adopted and George W. Smith  
took the chair amid applause. He brief-  
ly thanked the convention for the hon-  
or and stated that he knew the dele-  
gates would choose men worthy not  
only to represent the American Union  
party, but the people.  
The chairman was then given power  
to select Committee on Platform and  
Resolutions. J. H. Fisher asked per-

E. F. Bishop moved that the report  
of the committee be adopted. Unani-  
mously carried.

The chairman then announced the  
following Committee on Resolutions:  
J. S. Martin, J. H. Fisher, E. F. Bishop,  
F. A. Hosmer, W. R. Sims, E. B. Mika-  
leml. A recess was declared while the  
committee was deliberating.

J. S. Martin, chairman of the Com-  
mittee on Resolutions, reported as fol-  
lows when the convention was called  
to order again:

"Whereas, The water system service  
in several districts of Honolulu is la-  
mentably insufficient and unreliable,  
and

"Whereas, the Superintendent, is,  
from lack of having funds at disposal,  
unable to remedy the poor delivery or  
make needed extensions.

"Resolved, That the Government is  
urged to provide means for the im-  
provement and extension of the water  
system to meet the increasing demands  
of settlement and building."

"Whereas, The growth of the City  
of Honolulu is impeded by the absence  
of adequate transit facilities, and

"Whereas, This striking fault is an  
inconvenience, annoyance and expense  
to thousands of citizens.

"Resolved, That the Government is  
respectfully requested to bargain with  
responsible parties for an electric  
street railway line for Honolulu and  
suburbs."

"Whereas, Business principles and  
the practices of economical and intel-  
ligent management have been exam-  
plified, and vindicated by the Govern-  
ment's conduct of its own electric light-  
ing system.

"Resolved, That the same should be  
maintained and enlarged, if necessary,  
to insure for the future the further il-  
lumination of the streets of Honolulu  
and of all public buildings by the Gov-  
ernment plant or plants."

"Whereas, The Government powder  
magazine, in its present location, is a  
menace to lives and property, and

"Whereas, The continuation of the  
storage of explosives at a place im-  
minently dangerous to many citizens  
and their possessions is unwise.

"Resolved, That in the opinion of the  
membership of this convention, ad-  
vised by a united constituency, the  
Government powder magazine should,  
without delay, be transferred to some  
isolated situation."

"Resolved, That the present crowded  
condition of our school rooms and the  
rapid increase of the school population  
as evidenced in Palama District, de-  
mand a liberal increase in the appro-  
priations for school facilities."

"We the delegates of the American  
Union party, in convention assembled,  
do hereby extend to Senator John T.  
Morgan of Alabama a most cordial  
greeting, and hereby welcome him to  
these Islands.

"Whereas, Said Senator Morgan has  
so ably, with untiring zeal and with  
distinguished ability, championed the  
cause, which is so dear to us and  
which is the corner-stone of this or-  
ganization; therefore, be it

"Resolved, That we extend to Sen-  
ator Morgan our most grateful ac-  
knowledgement for his earnest and  
faithful support; and, be it further

"Resolved, That a copy of these res-  
olution be presented to him."

**CHANGES AND COMMENTS.**  
First resolution—J. A. McCandless  
objected to the preamble. The Govern-  
ment had done a great deal for the  
improvement of the water works. Such  
a preamble was in direct contradiction  
to the platform. He moved that the  
resolution be laid on the table. J. A.  
Low moved to strike out the preamble.  
Carried.

Second resolution—J. A. Kennedy  
wanted to know where the Legislature  
would come in if the Government was  
to bargain with somebody for an elec-  
tric railway.

Third resolution—This was adopted  
without comment.

Fourth resolution—J. A. Kennedy  
said that he understood what the mean-  
ing of the resolution was, but was not very  
clear on the wording. The removal  
of the powder magazine was what was  
looked for. Why didn't the framers of  
the resolution say so, instead of mak-  
ing a lot of fuss about it?

W. J. Lowrie was not in favor of  
pushing the matter. The Government

Argument then arose between George  
R. Carter and J. H. Fisher, the former  
still maintaining his stand and refer-  
ring to only one party, and the latter  
suggesting that he had a suspicion  
there was another party when a dele-  
gate got up and spoke as he did. J. A.  
McCandless explained matters, and the  
motion to amend was put to order.  
Lost.

The following Committee on Plat-  
form was then appointed by the chair:  
Messrs. B. F. Dillingham, W. R. Sims,  
Ed Towse, W. J. Lowrie, J. A. Low,  
W. H. Hoogs, George R. Carter, Ke-  
kahune. The committee retired and re-  
ported the platform as printed else-  
where.

E. F. Bishop moved that the report  
of the committee be adopted. Unani-  
mously carried.

The chairman then announced the  
following Committee on Resolutions:

was aware of what should be done with the magazine.

J. A. Kennedy remarked that Mr. Lowrie might not know just exactly where his land on Punchbowl was.

J. A. McCandless remarked that the attention of the Government had been called to the danger of the magazine many times. Promises had been made, but the Government had been very lax in this matter.

Fifth resolution—F. S. Dodge moved that the words, Palama School, be stricken out and that the application be made general. W. R. Sims was of the opinion that the resolution applied to all. The resolution carried as it was first read.

The chairman then announced the next business of the convention as the nomination of candidates.

B. F. Dillingham arose and spoke as follows: "It gives me great pleasure and satisfaction to present the name of Alatau T. Atkinson. In presenting this name, let me call attention to the labor the gentleman has performed for the welfare and happiness of the people of every individual in this country. It is truly said that the pen is mightier than the sword. Mr. Atkinson has wielded his pen in the interests of the country for a long period of time, dating back to 1884 and even earlier. His efforts have been such as to recommend him in a high manner to every loyal citizen of the country. He has worked for good government, and I do not hesitate to say that his efforts have helped largely in having out the corner-stone upon which the Government rests." E. F. Bishop seconded Mr. Atkinson's nomination.

Walter McBryde nominated A. G. M. Robertson. Seconded by J. A. McCandless.

S. B. Rose nominated A. V. Gear.

In nominating D. L. Naone, E. F. Bishop spoke as follows: "He has always been contended by the Hawaiian Union party that there is nothing in its principles against the Hawaiian race. (Applause.) On the contrary, it wishes to be with and to help them for this and for all time. The Hawaiians are between two fires. On one side there is the warmth that attracts and that will be good to them. On the other is something to be dreaded. I refer to the influence of the Occident and the Orient. The native Hawaiians have reached a point where they are to be overcome and taken under the wing of one side or the other. It is strange that they do not look toward the country that has naturally favored and fostered them for such a long time. I desire to place before you the name of D. L. Naone, an able man and a fitting Representative." This nomination was seconded by Robert Grieve.

William Henry nominated J. L. Kaulukou. This was seconded by D. Keilip.

W. J. Lowrie nominated A. J. Campbell as the country delegate from the Fifth District. Seconded by E. B. Mikalemi.

J. A. Low nominated E. C. Winston, stating that every one was familiar with his record. He had always been with the American Union party and its principles. Seconded by J. Cluney. Kekahune nominated L. L. McCandless.

In placing the name of S. G. Wilder before the convention, J. M. Poepeo spoke as follows: "I wish to present a name that is familiar to you all—that of S. G. Wilder. I think he has stood fairly with the Government and established motives. He has worked for nothing but the best. I take great pleasure in nominating him as one of the candidates." Seconded by George W. Farr.

Ed Towse put in a word for E. C. Winston. He had put forth several important measures and had always worked for economy and good government. He had stood with Mr. Robertson in the House and would be a good man to send in with him again.

George R. Carter called attention to Section 14 of the platform, which reads as follows: "We declare ourselves opposed to trusts and monopolies of all kinds."

J. A. Kennedy moved that the rules be suspended in Mr. Winston's case. It was impossible for him to be present.

E. F. Bishop was of the opinion that the whole rule be stricken out.

J. A. Low said that a precedent had already been set in the case of the late, lamented C. L. Carter. He then moved that the rules be suspended.

W. R. Sims then nominated J. C. Cluney. Seconded by O. Bergstrom.

E. F. Bishop asked for a ruling in Mr. Winston's case.

W. H. Hoogs moved that the nominations close.

J. A. Low moved for a suspension of rules.

The chair ruled that a suspension of the rules was entirely out of order.

J. A. McCandless appealed from the ruling of the chair. This was put before the house and the ruling of the chair was not sustained.

J. M. Poepeo moved that the laws be also suspended. The law says plainly that 25 qualified voters must apply to a candidate in writing. Winston was not here. He was a friend of his and all that, but he could not see how the law could be shoved out of the way.

The motion on suspension of rules was put and the vote stood 15 to 15. The chairman gave his vote against suspension and Winston's name as a candidate was a thing of the past.

Next came the pledge of the nominees. A. T. Atkinson was the first to take the platform. His remarks were as follows: "I have read the principles laid down in the platform, and can only say that I most unhesitatingly pledge myself to support them to the very best of my ability. I have worked steadily for annexation since 1881. In those days and in 1886, I remember, we could not hold such a meeting as you have here tonight. We used to meet together in houses and kept matters secret, for fear we might come within the objection of the then authorities. That has been swept away, and we are now prepared to meet annexation to the United States. Some people have been kind enough to say that I joined the annexation party for 'what there was in it.' That is just exactly what I did do it for—to seek for a protection for the protection of the flag I see there." (Pointing to the American flag.)

A. G. M. Robertson, in his usual easy manner, spoke as follows: "I also have read the platform and declare allegiance to it—the platform as a whole and in every part. This is not the proper time to discuss the principles therein set forth. I will simply declare allegiance now before the delegates."

A. V. Gear said in part: "I have read carefully the platform and will pledge myself to carry out the principles so well put."

D. L. Naone said that he was sorry he could not address the delegates as he would like, not having Luther Wilcox to translate. However, he was most ready to support the principles set forth in the platform. Sure he was that good to all would come from annexation to the United States.

J. L. Kaulukou promised his support of the platform and pledged himself to work not only for the good of the party but the country at large, from Hawaii to Niha.

A. J. Campbell, S. G. Wilder and J. C. Cluney all thanked the delegates for considering their names and promised support of the platform.

L. L. McCandless said that he had carefully considered the principles in the platform and was ready to object and vote against all trusts and corporations, except the Metropolitan Meat Company and the ice works. There was much laughter over this.

The delegates from the Fourth and Fifth Districts then retired to different parts of the hall. After quite a long deliberation they returned.

B. F. Dillingham, chairman of the Fourth District, reported the following as having received the requisite two-thirds vote:

#### FOURTH DISTRICT.

ALATAU T. ATKINSON.

A. G. M. ROBERTSON.

A. V. GEAR.

George R. Carter next announced the following from the Fifth District:

#### FIFTH DISTRICT.

J. L. KAULUKOU.

S. G. WILDER.

L. L. MCCANDLESS.

It was then moved, seconded and carried that the convention ratify the nominations made from the Fourth and Fifth Districts as candidates to the Legislature.

The next business was the selection of a Central Committee to serve during the ensuing year. According to the resolution nine should come from the Fourth and seven from the Fifth. An amendment carried to the effect that "from the members present" be stricken out of the resolution.

The delegates from each district then separated, and later brought in the result. The chairman for the Fourth District then announced the following for that district:

J. S. Martin, J. A. Kennedy, J. H. Fisher, F. B. McStocker, T. F. Lansing, A. McCandless, Ed Towse, Geo. W. Smith and W. H. Hoogs.

Chairman Low announced the following for the Fifth District:

W. J. Lowrie, J. A. Low, William Henry, E. B. Mikalemi, E. C. Winston, W. R. Sims and B. F. Dillingham.

The convention voted favorably on the whole of the 16 members.

There being no further business before the convention, adjournment was moved and carried.

**NO;** We cannot give you much of a choice in wheels this week. All we have left is a "Columbia" Ladies' and a "Stearns" Ladies' of regular size wheels, and one little girl's wheel. We had lots of wheels when the Australia left here last, and this clean-out only shows how popular the "Rambler" and "Columbia" wheels are. We expect 29 wheels on the Australia next Tuesday, and several of them are already sold to arrive.

Place your order for a wheel before the steamer gets here, so as to be sure of getting one of the 29, for they will all be gone before we can get another lot here. "Rambler" at \$75.00 and "Columbia" at \$85.00 make it impossible for us to keep a stock of wheels complete from one steamer to another.

Single wheels and Tandems Rented any length of time—from an hour to a year.

A Model Plant is not complete without Electric Power, thus dispensing with small engines.

Why not generate your power from one CENTRAL Station? One generator can furnish power to your Pump, Centrifugals, Elevators, Plows, Railways and Hoists; also furnish light and power for a radius of from 15 to 20 miles.

Electric Power being used saves the labor of hauling coal in your field, also water, and does away with high-priced engineers, and only have one engine to look after in your mill.

Where water power is available it costs nothing to generate Electric Power.

THE HAWAIIAN ELECTRIC COMPANY is now ready to furnish Electric Plants and Generators of all descriptions at short notice, and also has on hand a large stock of Wire, Chandeliers and Electrical Goods.

All orders will be given prompt attention, and estimates furnished for lighting and Power Plants; also attention is given to House and Marine Wiring.

#### COMMITTED SUICIDE.

Wolf of the Philadelphia, Tired  
of Life.

At about 6 a. m. yesterday the sen-  
try stood outside the "brig" on the  
U. S. S. Philadelphia peeped inside to  
see if Wolff, the only prisoner con-  
fined within, was getting along all  
right. He started back at finding the  
prisoner hanging from the brace sling-  
ings with the lashings of his ham-  
mock around his neck. His feet were  
touching the floor and his knees bent,  
showing that he meant business when  
he went about it to kill himself. When  
cut down he was quite cold and stiff,  
so that he must have done the deed  
during the night.

The story of Wolff seems to be sum-  
med up in the statement that he was  
unable to bear disgrace, although men  
on the Philadelphia have it that the  
man was insane.

On Monday morning he was sen-  
tenced to five days in the "brig" for  
disgraceful conduct on board the J. C.  
Glade. He seemed to take things rather  
coolly, and on Tuesday night  
seemed to be in the very best of spirits.

The funeral will take place between  
8 and 9 o'clock this morning and inter-  
ment will take place in Nuuanu Ceme-  
tery.

#### Supreme Court Decision.

By a decision rendered yesterday  
the Supreme Court holds that since  
the law makes it "unlawful to sell or  
furnish tobacco in any shape or form  
whatsoever to minors under the age of  
fifteen years," a sale to such a minor  
for an undisclosed principal is a viola-  
tion of the statute. A sale to such a  
minor upon his false representation  
that he is acting for a named principal  
is a violation of the statute. The case  
came up on exceptions from the Cir-  
cuit Court in the Republic vs. Kan  
Yan. Tobacco had been sold to a boy  
11 years old on his representation that  
the tobacco was for his father when  
in reality it was for a policeman who  
had given him the money. The decision  
holds that the object of the law is to  
prevent the use of tobacco by minors  
under the age of fifteen years, and the  
seller, knowing the law, sells to a min-  
or at his peril. If a false statement  
by the minor would shield the seller,  
the law could easily be evaded. It is  
incumbent on the seller to ascertain  
whether the minor really has the au-  
thority he asserts.

#### Have All Adopted It.

Oxford University, Yale, Cambridge,  
Harvard, Princeton, and other popular  
universities, have all adopted the Stan-  
dard Dictionary as the authority. Prof.  
A. H. Sayce of Oxford University, Eng-  
land, says: "It is more than complete."  
It is certain to supersede all  
other existing dictionaries of the Eng-  
lish language. The Club now being  
formed at Wall, Nichols Company is  
being rapidly filled up, and by next  
week expect to open another Club; \$1  
a week will not be missed, and at the  
end of 21 weeks you will have paid for  
one of the most valuable of books in  
your collection.

#### Police Court Notes.

In the Police Court yesterday,  
Henry Fern was found not guilty of  
assault and battery and discharged.  
Pinao, the boat boy arrested for fail-  
ing to renew his license, was found  
guilty but sentence was suspended in  
his case.  
Chock Pau was sentenced to three  
months imprisonment at hard labor  
on the charge of vagrancy. This  
makes the sixth time Chock Pau has  
been sent to jail.

FORT STREET.

THE PACIFIC  
Commercial Advertiser.  
W. N. ARMSTRONG, - EDITOR.  
THURSDAY : : SEPTEMBER 16  
NATIVES AND INDIANS.

We have been told repeatedly of late that the natives here, and in the other Islands still believe that annexation brings for them the treatment of the Indian. We are also asked if the American people have treated the Indians with perpetual inhumanity. It does not show any unusual ignorance on the part of the native if he does believe that he will be so treated. His haole brother here will circulate and believe the most idle tales. Prejudice and superstition is the rule of the average thought. Only yesterday we heard an intelligent man say positively that "Great Britain had her eye on these Islands." We have just read from page XXXI of Senator Morgan's report to the Senate that Lord Palmerston (in 1850) said to Prince Alexander and Lot Kamehameha "that the British Government desired the Hawaiian people to maintain proper government and preserve national independence. If they were unable to do so he recommended receiving a Protectorate Government under the United States, or by becoming an integral part of that nation."

If a lot of our people believe that Lord Palmerston did not tell the truth, is the native to be blamed if he does not believe the statement that in no sense whatever will he be regarded by the people of America as a person to be treated as the Indian is treated? The difficulty is, in explaining this to the native mind, if it has any real conviction on the subject. It should be sufficient for him to know that men from the very people who have treated the Indians badly, settled here and protected the natives, as no weaker race was ever protected, so far as the enforcement of just laws could do it. The native was not shrewd enough to establish, in the early days, immigration laws which would have checked or stopped the incoming of an "undesirable white population," and he took his chances when he threw open the doors to everybody.

This just treatment of the natives should be absolutely convincing to him that his case is in no respect whatever, the case of the Indian.

The inhuman treatment of the Indian by the American, detailed in "A Century of Dishonor," by Helen Hunt Jackson, is true. Disgraceful as it was, and "calling for the vengeance of God," as Henry Ward Beecher said, it could be excused on only one ground, that the people generally were willfully misinformed of the facts. The "white" Press stated that the Indian, without provocation, massacred men, women and children, and wantonly destroyed property. The Indian had no friend, no Press to defend him. Only the army officer saw the injustice done to him. His voice was not heard. An angry people consented in Congress to every kind of cruel and dishonorable treatment, in the belief that the Indian was a wild beast.

The native should know that since the education of the Indian was begun at Hampton, Va., by one of their own countrymen, in 1879, and followed by the great schools at Carlisle and other places, public sentiment has greatly changed.

It should interest them to know that Mr. Herbert Welch of Philadelphia, who is the most active friend the Indian has before the American public, has within a month taken up the matter of the effect of annexation upon the Hawaiian.

#### TOKYO NEWS.

The Japan Mail, a semi-official journal, says that the statement made by the New York Herald that the Japanese Government demands that the United States shall become responsible, contingently, for the Hawaiian Government in the immigration and treaty matter is untrue. It says that the Japanese Government has never made any such demand, but has simply expressed a wish that the annexation of Hawaii would not invalidate any claim upon her by the Japanese. Those who believe that complications with Japan will aid the cause of annexation will regret to hear this statement. Those, on the other hand, who feel that an international dispute will only embarrass the cause and invigorate the arguments that annexation means the beginning of disagreeable foreign complications will be glad to know of this statement.

It is a curious incident of the fickle condition of the public mind here, and its superficial views, that the departure of the Naniwa has excited no comment whatever. Several months ago it was confidently predicted that the Japanese would land forces here. Men believed that the correct course of conduct was, not to keep cool, but become dreadfully suspicious, and tell every-

body else that a "high-handed outrage" was about to be committed. The information sent to the United States, by intelligent people, was that the dreadful hour was at hand. Many letters have been received here from relatives of Island residents expressing great concern at the possible bloodshed. The Naniwa came, it was said, for this purpose. However, not a luncheon was given or a lunch party or a dinner. A man would tell you in the street that he "feared the worst was about to happen." You would expect that he would at once solemnly retire and sit in grief among his household gods. But you would see him, two hours later, at some dinner party, in perfect ease, or listening to the band.

The Naniwa has gone, and we hardly know it. There is a marked absence of sulphurous odor in the air. The presence of that ship was an unanswerable argument in favor of force, and her departure is regarded by some as a "mean thing" in diplomacy, because it destroys the value of the argument.

All of which shows that we are "fearedly and wonderfully made."

#### DIVERSIFIED AGRICULTURE.

##### Possibilities of Hawaiian Soil for Crops.

The Hawaiian Experiment Station, which is, in the first place, for the study of problems bearing on sugar production, is also engaged in experiments with general agricultural crops, and 18 kinds of cereals, legumes and roots have already been tested, with results which show that most temperate climate crops will thrive well in these soils and climate. The latest experiments completed were with the marigold wurzel and the sugar beet. These experiments were made in response to several plantations asking: "Whether some root crops could not be grown that would furnish succulent feed to cattle, sheep and mules, as well as hogs, when no cane tops were available?"

These root crops were planted, and grew rapidly and without mixed fertilizers, and the results were as follows: Mangold wurzel, 30.5 tons per acre; sugar beet, 22.5 tons per acre. In order to judge of this production comparatively, the figures bearing on the sugar beet crop are placed by the side of the yields of beets obtained by the experiment stations in France and the United States (the data from France were received by the French Government, and the data from the United States were the results obtained by Dr. Maxwell, who began and conducted the sugar-beet station for the United States Government in Nebraska): Capelle (France), 17.5 tons per acre; Nebraska (United States), 18.0 tons per acre; Hawaii, 22.5 tons per acre.

The results of Hawaii, however, have to be doubled, because this climate allows two crops of beets to be grown in one year, against one crop in the other mentioned countries. Mangolds and beets will thrive best on the low (makai) lands, but will not do well on the high (mauka) lands, for reasons that Dr. Maxwell will publish at length later. Upon the low lands one trouble may be want of water. Dr. Maxwell advises the selection of a piece of ground with the water laid on, which if fertilized with some manure and nitrate of soda will grow two crops of 30 to 40 tons each per year and can be cropped onward for a number of years.

The Experiment Station has given careful attention to experiments which indicate which crops will flourish in the high lands, and as a result, Dr. Maxwell advises corn, but particularly millet, the latter giving two and three crops of feed in a year. Millet will thrive perfectly where beets, turnips, carrots, etc., cannot bear the soil in its present state. Dr. Maxwell asks the Advertiser to place these observations before its readers in order that small farmers, dairymen, as well as the plantations, can judge in what way, and to what extent, they can be utilized.

Dr. Maxwell remarks that these matters should be specially considered by the coffee planters, who have to furnish food for themselves and their cattle. He remarks: "The small planters can grow everything in the way of vegetable food that they can require for themselves and their cattle while they are waiting for the coffee to turn into cash."

Incidentally, Dr. Maxwell remarks: "The use of beets and other succulent food for swine has largely killed out swine fever in given districts in parts of the United States."

Because this year's harvest in Italy has been poor the price of bread has been raised in Rome and in several other cities in Italy.

#### RECEIVES LITTLE FAVOR.

Emperor's "Vice-Regency of Heaven" Disliked.  
BERLIN, September 4. — Emperor William's Coblenz rhodomontade has been received abroad with derision. Even the Roman press cannot swallow the Emperor's "vice-regency of heaven," and is describing the blast at Coblenz as the blaring of a war horn of the ancient German gods. Austria manifests considerable uneasiness on the subject and throughout Germany a significant note of danger has been sounded.

The Emperor's speech is generally interpreted as meaning that His Majesty is determined not to yield to the wishes of Parliament, and the newspapers, though not daring to say so openly, clearly intimate that the Emperor's idea of his mission does not agree with his constitutional position. While His Majesty may be responsible to nobody but God, it is added, the responsibility for the Emperor rests upon the Ministers, whose work the nation intends to control, no matter how omnipotent or omniscient His Majesty proclaims himself.

The thoughtful and liberal-minded in Germany feel much abashed, and, naturally, the Conservative and the whole of the reactionary press are loudly acclaiming the speech. The Liberal newspapers are hoisting the danger signal.

Even so loyal and moderate a paper as the National Zeitung guardedly but decidedly takes the Emperor to task, reminding him that, under the constitution, his own dues and prerogatives and those of the Cabinet and the Reichstag are bounded by certain limitations which no one can transgress with impunity, adding: "His latest speech is an unwelcome confirmation of the rumors which have been current for months regarding the Emperor's intentions."

#### TIMELY TOPICS

ANNEXATION Is near at hand, we are told, and the arrival of Senator Morgan and Representatives Cannon, Landenslaeger, Berry and Towner seems to point in this direction. With annexation an unprecedented wave of prosperity is expected to sweep over the land, bringing with it dinners and feasts and merry-making.

We have quietly been preparing for this event and laid in a stock of articles useful and ornamental for the festival board.

Our stock of HAVILAND CHINA is more complete than ever, and if any set or piece is broken by careless servants you can always have it replaced from our stock.

Sterling Silver Ware is indispensable to a well appointed dinner table. We have just received a new invoice of sets of Oyster Forks, Berry Spoons, Soup Ladles, Lettuce, Meat and Pickle Forks, etc., which are sold very cheap.

In Plated Ware we carry a full line of Spoons, Knives and Forks, Salvers, Tea and Coffee Sets, Coffee, Chocolate and Egg Spoons, Butter Dishes, Spoonholders, Casters, Water Pitchers, Fruit and Butter Knives, Fish and Pie Sets, Cheese Scoops, Sugar Shells, Crumb Trays and Brushes, and other articles too numerous to mention.

Expedition Leaves San Francisco for South Seas.

The San Francisco Chronicle says: A gold-hunting expedition, regarding which considerable secrecy was maintained, left the city on Friday for the South Sea Islands, where in the Solomon group of islands is said to lie almost inexhaustible mines of gold quartz. The schooner Sophia Sutherland, in charge of the South Sea Commercial Company, is the vessel which is to seek the golden treasures.

While the vessel was preparing for her trip at Hathaway's wharf the impression was given out that she was to seek hidden treasures left in some South Sea island by pirates many years ago. But the stores that were put on board at once disproved the statements made by the promoters of the expedition. Among the stores were a large number of muskets, rifles and pistols, besides a quantity of mining machinery.

Capt. Alexander MacLean, who was in command of the Montserrat during her incursion among the natives of the Gilbert Islands, is in charge of the expedition. He has gathered around him a galaxy of gun fighters who will shoot at the drop of the hat, and who, in addition to the arms and ammunition carried in the schooner's outfit, are individually armed to the teeth. For years the cupidity of the traders to the Solomon Islands has been excited by the display of crude gold ornaments worn by the natives of these islands. Several expeditions have endeavored to land on the islands to find the source of the gold worn by the natives, but hostile demonstrations have driven the gold-seekers away. The crew and passengers on the Sophia Sutherland, however, are made of sterner stuff, and a few Solomon Islanders more or less will not be allowed to stand in the way of the daring spirits engaged in the venture.

The Sophia Sutherland is provisioned for 18 months. At the Custom House she cleared for Samoa and islands in the Pacific Ocean. Her only stop will be at Apia, where she will go for water, and then continue her trip to the other islands. The members of the expedition expect to remain on the islands for three years and come back with more gold than the luckiest miners of the Klondike region. In order that no delay may interfere with their visions of wealth, a 10-stamp mill has been taken along to crush the quartz.

While some of the party are engaged in extracting gold from the Solomon island mountains, others will devote their attention to fishing for pearl oysters. Two expert divers accompanied the expedition, and they will engage native talent to assist them. Others will devote their time to visiting the various islands of the group and trade with the natives. In fact, the expedition is so equipped that there is nothing in the islands which can be converted into gold that will not be handled.

then, and the best thing  
known to science is green  
bones. But they must be  
cut up fine. We have the  
best green bone cutter in the  
world.Another novelty is the  
soap saver, made of re-tin-  
ned wire, basket shaped,  
with long handles. This is  
the best soap saver known  
and we have three sizes.  
Cheaper than dirt and more  
beautifying.Dripless tea and coffee  
strainers are new and ser-  
viceable. There's a cut-off  
attachment which prevents  
coffee or tea from dripping  
on the table cloth after the  
cup is filled. Very cheap  
these, and pretty too.A 6-knife Victor meat  
chopper for a quarter seems  
like a dream, but it isn't. We  
sell them at that price and  
we sell the Holdfast dust  
pan—best you ever saw.The latest in toasters is  
the revolving star—enables  
the cook to toast five pieces  
of bread at once. Try one.**Dr. G. D. Dineen.**

**CONVENTION RALLY.**Christian Endeavorers Will Meet  
in Kawaiahao, Sept. 24.On Friday night, September 24th, at  
7:30 in Kawaiahao Church, there  
will be a Christian Endeavor Con-  
vention rally, when all the delegates to  
the San Francisco convention will re-  
port to the convention in five-minute  
speeches. It will be the first event of  
the kind in Honolulu, for never before  
has the International Christian En-  
deavor Convention been held near  
enough to the Islands for Hawaiian  
endeavorers to go. The rally is held  
some months after the convention, be-  
cause the delegates have been coming  
back slowly, one by one. The last will  
arrive the day before the rally. Rev.  
Sydney Gulick and wife of Japan, who  
were at the convention, are expected  
to help the Honolulu delegates at the  
rally. Rev. D. P. Birnle of Central  
Union Church will be back from the  
Orient just in time to attend the meet-  
ing. It is open to all and because of  
its unique character, it is expected  
many will attend. The next Interna-  
tional Christian Endeavor Con-  
vention is in Nashville, Tenn. That of  
1900 is in London, England. Perhaps  
there will never again be a meeting  
of just this kind in Honolulu.**Circuit Court Notes.**The case of Manuel G. Silva vs. An-  
tonio Fernandez has been discontinued.  
An inventory of the estate of J. G.  
Hayselden was filed yesterday.  
Judge Perry has denied the motion  
of Theresa Wilcox for a new trial in  
the case brought by Moses Kumukoa.  
One of the grounds for a new motion  
was that juror H. P. Paulo was inelig-  
ible under the Constitution and be-  
cause of his previous conviction of a  
felony. Judge Perry holds that the dis-  
qualifications named in the Constitu-  
tion regarding ineligibility do not ap-  
ply to jurors, that a juror does not as  
such, "hold an office in or under or by  
authority of the Government."**Small Blaze.**The fire whistle blew shortly after 1  
p. m. yesterday, the signal calling the  
department to the corner of Hotel and  
Maunakea. As usual with fires in  
Chinatown, the blaze was out before  
the fire ladders reached the place. A  
bed and a few articles of clothing in  
a back room of the poi shop near De-  
fective Kaapa's home, were the only  
articles destroyed.**921****City Feed Store.**

Rev. D. P. Birnie will be back on the Doric.

The band will give a concert at the Hawaiian Hotel tonight.

The cricket match set for yesterday has been postponed until Saturday.

Band concert on the Hawaiian hotel grounds at 7:30 o'clock this evening.

Regular meeting of the Commissioners of Education at 2:30 p. m. today.

De La Vergne & Case, attorneys at law, have offices at 206 Merchant street.

Mrs. Nauman and Mrs. Moses will leave for San Francisco on the Moana today.

A bunch of keys was lost on Tuesday. A reward for their return to this office is offered.

The band gave a very delightful concert on the Executive Building grounds yesterday afternoon.

Hammocks from 95c. Sponges from 5c. Croquet sets from \$1.25 at the Kau-like Bargain counters, Hotel St.

Captain Wall of the Sharpshooters Co. has ordered their range closed on Saturday on account of the public holiday.

The well posted natives do not know of any such a rock as koheo. The stone adzes of the olden times were not made from koheo.

There was no meeting of the Board of Health yesterday on account of the absence of the president, Attorney-General Smith.

Timely Topics by the Hawaiian Hardware Company this morning are well worth considering, as they interest everyone. Page 5.

Two of the watchmen down on the place where the dredger is dumping its mud were arrested last night for assaulting a Chinaman.

Colonel Fisher inspected the regular troops in front of the drill shed, beginning at 10 o'clock yesterday morning. The band turned out.

The official Regatta Day programs will be distributed free of charge to all who desire them by Wm. Smithies and his helpers on Saturday morning.

Two stragglers from the U. S. S. Philadelphia were captured by Harry Evans yesterday morning. One is a marine and the other a bluejacket.

The China case was argued before the Supreme Court yesterday on appeal from the decision of Judge Perry. The case was given to the Court shortly before 5 o'clock.

Formerly the writing paper in the Deputy Marshal's office was headed "Marshal's Office," but now it has "Deputy Marshal's Office." The new paper arrived yesterday.

Mrs. Haalelea gave a luau yesterday as a farewell to the Misses Richardson of Hilo who leave for the States on the Moana today. There were some thirty of the friends of the young ladies present.

L. S. Mathews, furniture dealer, Fort and Beretania streets, is selling furniture at San Francisco prices. Mr. Mathews has two show windows for rent, suitable for refreshment stand, etc. Apply on the premises.

Entries for the Regatta Day events will close at the Pacific Hardware Co. at 1 p. m. sharp. Every one who intends to compete should pay attention to this fact as no entries will be allowed after the time mentioned.

Dr. Howard is the possessor of a book in which he keeps the pictures of all the Chinamen who have been granted permits to use so much opium every day. This is to avoid the fraud that some of the Chinamen have been practicing.

A party of 10 men went up to J. Searle's coffee plantation in Kau on the last trip of the Mauna Loa to that district and found there specimens of the finest coffee they had ever seen. Mr. Searle has 25 acres, upon which are planted 10 different kinds of coffee. The berries are very large and of most excellent quality.

## Cigar Smoke Pictures.

The president of the Yokohama Specie Bank is the only man in town who has a photographic cigar holder.

An advertisement in a recent number of one of the American magazines prompted him to send for one of the articles yesterday. It is made up of two parts which fit closely together.

Small slips of paper sent along with the holder are rolled up and inserted into the hollow. The two pieces of the holder are put together and four or five puffs from a cigar brings out the picture of some pretty actress.

## Fire in Coal Pile.

Shortly before 2 p. m. yesterday No. 2 Engine Company sent one of its engines over to the Railroad wharf on a car to work on the coal pile, which was discovered to be on fire yesterday forenoon. It was not long ago that there was a similar occurrence at the Railroad wharf in one of the coal piles.

## Farewell Dinner.

The officers of the Myrtle Boat Club and the members of the two crews gave a farewell dinner at the Arlington last night to A. A. Wilder. A delightful menu was served, after which speeches were made by A. Lyle, A. G. M. Robertson, C. J. McCarthy, Olaf Sorenson, W. P. Love and others.

##### WHARF AND WAVE.

DIAMOND HEAD SIGNAL STA-  
 TION, September 15, 10 p. m.—The  
 weather is clear; wind, fresh, north-  
 east.

The Moana is due today.  
 Kinan in from and Mauna Loa out  
 for Maui ports tomorrow.

The Kilauea Hou is on the marine  
 railway for cleaning and repairs.

The German ship H. F. Glade sailed  
 in ballast for San Francisco yesterday  
 forenoon.

The J. A. Cummins came in yester-  
 day and will sail again on her usual  
 Oahu route this morning.

The American schooner Aloha, Dabel  
 master, sailed for San Francisco with  
 a full cargo of sugar yesterday.

The Alden Besse sailed from San  
 Francisco for this port September 6th,  
 with a full cargo of general merchan-  
 dise.

The schooner Robert Lewers took on  
 ballast yesterday and will probably  
 sail for the Sound after another cargo  
 of lumber today.

H. B. M. S. Comus will be here until  
 October 1st, at least at about which  
 time she will leave for Tahiti. The  
 Comus began taking on coal yesterday.

The four-masted schooner now build-  
 ing at Bath, Me., to be the largest of  
 its kind in the world, is now about half  
 framed. The vessel will probably bear  
 the name of N. T. Palmer, the principal  
 owner of the new craft.

The American barkentine Kikitat,  
 Cutler master, sailed in ballast for the  
 Sound yesterday afternoon just as he  
 said he would do when he began to  
 discharge his cargo of lumber. Captain  
 Cutler's friends do not expect to see  
 him back here many more trips, for,  
 from talks with him they think he is  
 bent on going to the Klondyke.

##### There Were No Turkeys.

Puahala was arrested yesterday and  
 is now at the Police Station awaiting  
 investigation. It seems that he is at  
 his old tricks again. Yesterday morn-  
 ing he called on Mrs. Leaningham at  
 her home and told her that there was  
 a box of turkeys on the Claudine for  
 her. The freight and transportation  
 charges were \$2 and then he thought  
 that 25 cents for a breakfast would not  
 be amiss. Mrs. Leaningham handed  
 over the money and Puahala disap-  
 peared. The matter was reported at  
 Police Headquarters and the native was  
 arrested. Puahala has played this kind  
 of a trick several times.

#### A Fine Passage.

The ship Susquehanna, 2,590 tons, of  
 Bath, which arrived at New York Aug-  
 ust 27 from Honolulu, made the pass-  
 age in the excellent time of 89 days.  
 The ship S. P. Hitchcock, 2,086 tons,  
 another Bath vessel, with a passage of  
 91 days, has held the record of late  
 years until now, when the Susquehan-  
 na clips a couple of days off the time.  
 The Susquehanna was built at Bath  
 in 1891, and is owned by Hon. Arthur  
 Sewall, of that port, who has every  
 reason to be proud of the ships which  
 fly the blue flag bearing his initial S.  
 But neither of these fine ships ap-  
 proached the record of that famous old  
 flyer, the Sovereign of the Seas, which,  
 away back in the '50's, came home  
 from Honolulu in 82 days, a record  
 which will probably never be beaten.—  
 New York Maritime Register.

#### Notice to Ship Captains.

U. S. Branch Hydrographic Office,  
 San Francisco, Cal.  
 By communicating with the Branch  
 Hydrographic Office in San Francisco,  
 captains of vessels who will co-oper-  
 ate with the Hydrographic Office by  
 recording the meteorological observa-  
 tions suggested by the office, can have  
 forwarded to them at any desired port,
