CONSTITUTION and LAWS

Framed by the Missionaries.

LAWS of the HAWAIIAN

ISLANDS.

CHAPTER XIII.

LAW RESPECTING THE RUNNING OF HORSES.

Whereas at the present time, certain persons are in the habit of running horses in some of the large villages of these Hawaiian Islands, and whereas children and some times parents too are endangered thereby, and even life itself put to hazard, and whereas no benefit arises from such practice, therefore the Nobles and House of Representatives in council assembled have agreed to all the words of this law.

1. By this law is prohibited all running or swift riding of horses in roads streets, and all avenues in villages and also in all places of assembly or public resort, and in all places where the traveling is abundant. Whoever violates this law, or does that which is forbidden in this section, shall be brought to trial, and on conviction thereof he shall be fined five dollars; one fourth to the complainant, and three fourths to the government, and the criminal shall also pay all damages sustained by any individual by his swift riding. The only places for running are off at a distance where people are not traveling.

2. Furthermore, all persons riding on horseback or in a carriage in streets where people are traveling shall ride in or near the middle of the street, in order that persons on the side of the streets may walk safely. Whoever violates this law by design, or with an evil intention, and thereby brings a person into difficulty or inflicts an injury, that man shall be brought to trial, and on conviction, shall be fined five dollars, one fourth to the complainant and three fourths to the government.

3. It is also taboo to train and teach wild and untrained horses in the streets where men are traveling. It is also taboo for men to assemble and ride for pleasure, a number together in villages or where large numbers are walking and attending to their lawful business. Whoever violates the prohibitions of this section, shall be fined on conviction thereof, five dollars, one fourth to the complainant, and three fourths to the government. He shall also pay all the damages which any one may have sustained by his fault.

4. It is also taboo to set at liberty wild cattle, or permit them to go at large, or even to lead them carefully in the streets of a village or in any place of public resort. Whoever shall do thus in violation of this law shall pay for all the loss or damage which any one may sustain by him, and shall moreover pay a fine of five dollars, one fourth to the complainant and three fourths to the government.

5. Whoever is punished for a breach of this law, or any prohibition of any section thereof, and shall afterward commit the same offense again, his fine shall be doubled, and it shall continue to be doubled for every repetition of the offense even to the farthest extent.

Whenever this law is proclaimed in any village or district, the day of its proclamation shall be the day of its taking effect in that place. But even if it be not proclaimed it shall take effect at all places on these Hawaiian Islands on the first day of September of the present year.

All the words of this law, having the assent of the Nobles and Representatives in council, we have hereunto set our names at Lahaina, Maui, on this 20th day of April in the year of our Lord one thousand eight hundred and forty one.

(Signed,) KAMEHAMEHA III.
KEKAULUOHI.

CHAPTER XIV.

A LAW RESPECTING MISCHIEVOUS BEASTS.

Whereas, there is at the present time a considerable number of people who are greatly annoyed by having their cattle held in confinement without cause, and whereas the former laws of this country, applicable to mischievous beasts were unjust, and whereas, some of the farmers are greatly annoyed, by having their vegetables destroyed, and whereas there are many mischievous cattle, therefore in a council composed of his Majesty the subordinate Nobles and the Representatives, all the words of the

PROGRESS.

The Life of the Land is Established in Righteousness.

HONOLULU, AUGUST 1 1894.

Virtually Disfranchised.

A correspondent inquires how he can become qualified to vote for representatives. Under the new constitution, he can't qualify at all. To vote, it is necessary to be a citizen, a denizen, or, a holder of a special certificate. As our correspondent has not served the p. g. he cannot get a certificate. As he does not belong to the inner circle of the family compact, he will not get letters of denization, and the only chance for him is to become a citizen, and that he cannot do. He was not naturalized previous to January, 1893, and the naturalization law is fixed so beautifully that no d — alien can become a citizen of Hawaii. According to Article 18 of the so-called constitution, "naturalization of aliens shall be exclusively within the jurisdiction of the Justices of the Supreme Court. The procedure shall be such a may be provided by law." As no law has been passed, there is no procedure. Section 5 of the same article says, that "he shall be a citizen or subject of a country having express treaty stipulations with the Republic of Hawaii concerning naturalization." No country has any treaty yet with the "Republic of Hawaii" as the said republic hasn't been recognized and no express stipulations concerning naturalization. For these reasons alone our friend will see how impossible it is for him to become a citizen, and as his political sympathies are against the government, he would under all circumstances be barred by Section 6, which says, that he shall be of 'good moral character.' As it has been amply proven that in the eyes of the Supreme Court the moral character is awfully bad of all and everybody opposed to the government it will be seen how fruitless it will be for anybody to. present himself before the triumvirate which holds the civil rights of all citizens in their hands.

Judicial Vacations, Decisions etc.

PER GUARDIAN.

The members of our frightfully over-worked and under-paid, (as well as under-appreciated) Supreme Court, are on what they are pleased to call their several vacations. The latter word is supposed to be used as a means of distinguishing between their presence in, and their absence from Honolulu.

We congratulate the country upon the recurrence of this "vacation," and wish it might extend throughout the twelve months of each year. We might then reasonably hope they would not often bring their gigantic intellects in unison to bear upon the exposition of the alleged law, as affecting our fellow citizens. The advantage of their Honors taking an extended rest from so-called judicial labors, will be apparent to all who have read their recent decisions.

But one of those decisions suggests the idea that their Honors might continue their little junkets indefinitely, especially as their salaries are running on at the rate of five to six thousands per year during their absence. If any judicial functions are required of them in the meantime, why not act, hear and decide cases 'per Guardian' ? Or, if this suggestion sounds a little crude, why not stay at home attend to their duties, and take their holidays and do their junketing 'per Guardian' ? It may be thought that legal decisions rendered 'per Guardian' might be a little off color, and not up to the usual standard of conspicuous and flaming ability which has ever distinguished our Supreme Court. But a perusal of some of the later decisions that tribunal would speedily

of banish all apprehension upon that point. This idea will bear, being thought and talked about. It is especially recommended to the government of this alleged Republic that, in case, (which God forbid) there should be any early vacancies upon the bench occupied by the present galaxy of legal artists, their successors should be selected from among either the "nigger" minstrels, who have become stranded upon this beach, or the colicky "kids" of the profession, who have never looked a jury in the face.

As above remarked, there is something in the suggestion of having our Judges operate upon the community "per Guardian." True, our present Judges have no Guardians. But let not their honors, nor the community, be discouraged. Not all things needed are held in possession. *Hoomanawanui.*

A REMARKABLE PETITION.

Several Kohala correspondents comment severely on a petition which has been circulated by Mr. E. P. Low, in which he prays the government to reduce the rent of certain land known as Puuwaawaa of which the petitioner holds the lease. The petition which has received several signatures was presented to the councils last week, and referred to the Judiciary Committee of which Mr. Cecil Brown was the chairman. The lands in question was the subject of some booming articles in the *Star* at the time of the sale of the lease. We tried then to cool the remarkable ardor of the *Star* by stating what the land really is. The auction came off and the lease was bought by Mr. Cecil Brown acting for Messrs. Low and Hind for an annual rental of \$1210. Mr. Paul Jarret of Waimea bid as high as \$1200. A lease sold in such a manner should not be subject to reduction in rent. If the owner of the lease cannot fulfill the conditions accepted by him at the time of sale, he should be made to drop it and give his opponent a show. Why should the government grant a reduction when it had another offer at nearly the figure paid by Mr. Low? Among the conditions were that the forest on the land shall be preserved, and the leaseholder shall expend \$3000 in three years on improvements. We have yet to learn if these conditions are being complied with. If the petition is granted it will be another example of nepotism and favoritism, in which this alleged virtuous government indulges towards political friends and some-kind-of-relations.

ONE RIGHT OBTAINED.

Mr. H. N. Castle, the gallant defender of woman's rights, must be elated by learning that the government at last has placed women on an equality with the bad, bad men. To "sweat" has heretofore been a privilege of the sterner sex. Mr. W. R. Castle of the Board of Education has issued the following circular letter that speaks for itself:

Board of Education, Honolulu, H. L., July 30th, 1894. To the Employees of the Board of Education.

By order of the President of the Board of Education, W. R. Castle, Esq., I am instructed to inform you that all Teachers, and other employees of the Board, male or female, must take the oath to support the Constitution, Laws and Government of the Republic of Hawaii.

ALATAU T. ATKINSON, Inspector Gen. of Schools.

High Time.

London, July 7th. A bill has been introduced into the House of Lords by Lord Salisbury to deal with the increasing evil of pauper and criminal immigration from the continent. The measure, Lord Salisbury explained, was aimed especially at criminals and those suffering from infectious disease. It provides that such persons shall not be allowed to land in England.

Lord Roseberry condemned the bill on the ground that it impeached England as the harbinger of foreign assassins.

The bill was, however, read a first time.

The Wailuku Arson Case.

As stated briefly in our last issue, Mr. B. H. Plemmer was committed by the District Magistrate of Wailuku on a charge of arson. The trial was a most peculiar one. Only one witness appeared against the defendant. And upon the bare word of that witness, the learned judge saw fit to commit Mr. Plemmer. When the prosecution rested—after producing its witness, the attorney for the defense Mr. John Richardson moved a discharge as there was not sufficient evidence to connect the defendant with the arson. The judge over-ruled the motion and without allowing the defense to go on committed the accused in a most peremptory manner. It is hardly necessary to state that the judge is an appointee of the present paternal government and is known as Baldwin No. 2.

In connection herewith it is proper to state that the account of the case which appeared in the *Advertiser*, was perfectly false, and of course prejudicial to Plemmer. He was not discharged by manager Wells as stated. He left the plantation of his own free will. The insinuation that Plemmer rushed off to Ulupalakua, at the "first alarm" is equally false. His trip to that place, had been contemplated for several weeks and had been postponed to accommodate another resident who desired to go with him. It is not difficult to see from what source the *Advertiser* receives its false report. After the trial manager Wells, who evidently is of a very nervous temperament asked to have Plemmer placed under bonds to keep the peace towards him as if anybody would take the trouble to hurt a thing like Wells. When Plemmer is tried before an intelligent Maui jury, there can be no doubt of his trial resulting, in an honorable acquittal.

Innocents Abroad.

EDITOR HOLOMUA:

Living out side the capital, the residents of Hamakua deserve the above title, in illustration of which a society at Paunilo dubbed themselves "literary" and had the audacity to attempt a production of the "Merchant of Venice" early this month.

The members, seated, simply read it, and, oh! shade of Demosthenes, what an exhibition it was. With one exception, none of the members could read half as well as a school boy of ten years of age. Your morning contemporary then has a glowing report from its correspondent, enough to make Honolulu people smile, and of course admits no criticism in its columns.

After the above "fiasco" you may now be prepared to hear of the demise of this remarkable Society.

Anti-Humbug
July 25th, 1894.

A Great Feat.

John Hullett, one of the sailors of H. M. S. Curacao performed a feat of endurance near the Vaisigano bridge last Wednesday which is deserving of mention. He had backed himself to, within an hour and ten minutes, complete the following:—Ring 100 quoits at 11 yards, run a half-a-mile, walk the same distance, go-as-you-please half-mile carrying 56 pounds; pick up singly and deposit in a basket 25 stones placed one yard apart, row one mile, and swim half-a-mile. Much interest was manifested in the event, and a lot of betting amongst the ships crew resulted. Hullett was successful in accomplishing the task and was loudly cheered upon its completion. The following are the time for the different features of the contest:—Ringing 100 quoits at 11 yds, 13mins; run half of a mile 3 min 30 seconds; walking half-a-mile, 5min 30sec; go-as-you-please half-a-mile, carrying 56 pounds, 5min 30sec; pick up and place singly in a basket 25 stones deposited one yard apart, 3min 30sec; row one mile, 15min; swim half-a-mile, 22min, total, 1 hour 7min 30sec.

ARE YOU IN IT ?

If You Are, You Are Going to The Volcano.

The *Advertiser* has got itself into a great deal of trouble lately about its contempt cases. But no one holds the Hoogs' excursion in contempt. In the language of the press, it is a good thing, and deserves all the success that it is enjoying. F. M. Hoogs has had experience in just this kind of thing before. He is an old theatrical manager and understands exactly what to do to ensure the comfort of those who accompany him.

There are only a few days left in which to be booked for the trip, and it would be a good idea to go and see the Wilder Steamship Company tomorrow morning.

In "Puddenhead Wilson's Philosophy" Mark Twain says: "Put all of your eggs in one basket—and watch that basket." Eggs are not the only things to which this applies, we can make it fit stoves and change eggs into dollars and make it read—Invest your coin in a Pansy Stove—and the stove will watch itself. We have been watching these stoves for the past five years, and find them the best iron stove sold in this market for the money. Where else than at our store can you get a stove that will do everything that a \$50 stove will do and get it for \$15! Echo answers, "the place isn't built." We have sold hundreds of these stoves in Honolulu, and never had a complaint. Two weeks ago, we sold one to a gentleman on Hawaii, and yesterday he ordered another for a friend. The stove sells itself through its fuel saving qualities, and because, it is a good baker. You can get other styles of stoves if you are not particular as to the quantity of fuel you burn or how your food is cooked. There's no dyspepsia in meals prepared on a PANSY.

We received last week a lot of wire clothes-lines that hold washed clothes without using pins. It is a sort of double wire arrangement and the pieces are held in between; the harder the wind blows the tighter the pieces are held to the line. There is absolutely no danger of the clothing being torn as there is nothing sharp about the line. While the cost is a trifle greater than rope, this new style will last so much longer that it is economical to buy the pinless line.

The CLAUSSE is one of the new fashioned saw-edge knives that cuts warm bread without leaving it heavy and iced cake without making crumbs. There are two or three different makes of these knives, all on the same principle and each one pronounced the best on earth by the manufacturers. We selected the Clausse, which we believe as a disinterested spectator to be better than its neighbors. You never had anything in your life that give as much satisfaction for a dollar. If you were buying the other sort you would get only one.

The favorite sewing machine in any community is the one that does the most for the least money and which runs the easiest. In the "Wertheim" you have a machine that sews three distinct stitches—The Lock, Chain and Embroidery and runs easier than any other machine, and you pay twenty dollars less for it. Economy stands boldly every side when you buy a Wertheim. In tucking the chain stitch is preferable, but in other kinds of work, the lock stitch is the best. If you buy a machine that sews the lock, unless it is a Wertheim, it won't sew a chain stitch. There's no particular saving in buying a machine with but one stitch, the Wertheim does three and saves you lots of trouble and work.

We've just unpacked six casks of stand lamps that were built for hard times. They have metal bases and are decorated so as to make a very neat appearance in a room. We don't think you can get as good a lamp anywhere else for the money, try as hard as you please.

Our stock of table cutlery, spoons and forks is as large as you will find in any store in San Francisco, and our prices compare favorably with those in New York.
