HONOLULU MUNICIPAL BILL IS PASSED

LANE UNMASKS AND PLEDGE-BREAKERS KILL PRIMARY LAW

AYES---Brown, Chillingworth, Lane, Dowsett, Gandall, Makau, Woods, Bishop...
NOES---Coelho, Hayselden, Hewitt, Kalama, Knudsen, Smith, McCarthy...

This was the vote by which the Senate today definitely killed the primary law by indefinitely postponing it on motion by Chillingworth. The bill would have passed had not Lane switched his vote of yesterday, and joined the conspirators against the bill.

The primary bill was taken up on motion by Coelho, who was absent yesterday. On the whole, the members of the Maui delegation have, through the fight, shown themselves in solid phalanx as being above breaking their pledge.

Knudsen, who yesterday joined in the vote of those who had the bill tabled, because he felt convinced that the amendments made by Lane made it worth less than nothing, joined those who wished to reconsider.

This gave those who wanted to pass the bill numerical strength and forced John C. Lane to show himself in his true colors. Yesterday he had as a skillful politician managed to escape the odium attached to the pledge-breaker by ostensibly supporting the bill, though he tried his best to kill it by underhanded amendments. Today the solid vote of the Senators who held their word sacred would have carried the bill had Lane voted as he did yesterday. He was therefore forced to cast away his mask and join the pledge-breakers, who, led by Chillingworth, tied with the supporters of the bill, and gained the victory by the vote of Bishop, who added another broken pledge to his record.

Makekau, who has on several occasions been conspicuous as a willing tool, completed the killing of the bill by making a motion to reconsider, which failed, and which he himself

voted against.

House Bill 216, relating to insurance corporations and companies; House Bill 214, relating to show licenses; House Bill 25, providing for the exemption of family homesteads from forced sale; passed third reading.

COMMITTEE ON SALARIES.

The House returned Senate Bill 30, the territorial salary bill, where it had passed third reading with some amendments. Hayselden moved to not concur. Carried. The chair appointed Dowsett, Smith, Woods, Kalama and Knudsen as a conference committee.

MAUI BONDS SOON.

Maui Board of Supervisors sent in a resolution providing for the loan of \$100,000 under the new act, which provides for the issuance of bonds by the counties. It petitioned for the approval of the Legislature. On motion by Kalama, the matter was referred to the Special County Committee.

AMENDS GARNISHEE BILL.

The Judiciary Committee reported on House Bill 144, making the amount of salary stipends, etc., which can be paid plaintiffs on garnishee proceedings 50 per cent. The passage of the bill was recommended with an amendment reducing the amount to 25 per cent.

The Judiciary Committee reported on House Bill 179, regulating the expenditure of public money; and House Bill 203, relating to the rights of hotel keepers in respect to the baggage of their guests, recommending the passage of both.

TOO MUCH AUTHORITY.

The same committee reported on House Bill 134, giving the Land Commissioner with the consent of the Governor the right to sell, lease or dispose of certain public lands, which they are now prohibited from disposing of. The committee found that the bill gave a wider scope of authority than it could recommend, and recommended that it be tabled. The report was adopted.

COUNTY SALARIES SETTLED.

The conference committee on House Bill 126, the county salary grab bill, reported favoring the passage of the bill as passed by the Senate, with some

Secy. Wood Has Plan For Delegation To Come Soon

Secretary Wood presented the following report to the Promotion Committee at its meeting today:

Plans for an excursion to Hawaii of the members of the California Press Association are still being considered. Our agent in San Francisco, Mr. J. Walter Scott, writes, under date of April 9th, that it will be from thirty to fifty days before the Oceanic Steamship Company will be in a position to determine whether one of their boats will be available for such a trip. They place the cost of either the Sierra, Sonoma or Ventura for a three weeks' trip to Honolulu and return via Hilo at \$25,000, which would include meals and berths at all times during that period. Mr. Scott is now in consultation with Mr. P. W. Richardson, president of the California Press Association, and hopes to be able to give some definite information by next mail. In the event of the Press Association not being able to pull off the larger excursion, Mr. Scott has been authorized by the Oceanic Steamship Company to offer a rate of \$100 for not less than fifty members of the Association to Honolulu, and return by the steamship Alameda with an additional charge of \$5 for return by any of the Pacific Mail steamers.

While there was some discomfort and unpleasantness caused by the crowded condition of the Ohio, yet this excursion was a distinct success and reflects great credit upon the chairman of the Los Angeles-Honolulu Excursion Committee, Mr. Herron, and those directly associated with him. The citizens of Los Angeles generally are enthusiastic over the accomplishment and feel that regular communication between Southern California and Hawaii will be brought about in the near future. By the last steamer we forwarded

SHRINERS TO LEAVE ON SIBERIA TUESDAY

Word has been received that the Arab Patrol of the Shrine will have accommodation on the Siberia when the steamer arrives here next Tuesday. The transportation arrangements are all made and the party is quite ready for the trip--all but the last finishing. Dr. C. B. Cooper, delegate to the Conclave, will head the party and Josh Tucker is to command the important rear guard. Tom Sharp is painting a splendid banner for the patrol and a big banner is being prepared by Stanley Stephenson, which will float from the steamer and adorn the car in which the crowd travels. It will be a nice time.

KILAUEA BOOMING

A letter received by the promotion department of the Henry Waterhouse Trust Company from George Lycouras states that the pit at Kilauea is bubbling in great shape. Since the slump of the bottom a short time ago, the activity has been renewed with increasing vigor, and the display is the best ever.

Municipal Bill Again

The House this afternoon received the Municipal bill on third reading and proceeded with its consideration. Yesterday the bill was indefinitely postponed as a response to the Senate vote tabled the Primary law. The House also adopted the Conference Committee report on the so-called "grab bill." The Municipal bill is being filed full of amendments. The Municipal bill finally passed by a vote of 25 to 4.

Second Count To Be Made Today

The second count of the Pacific States Tour contest will take place this afternoon and the result published in tomorrow's issue.

It is doubtful that there will be any sensational changes at this stage of the contest. It is certain, however, that the outside Island girls will hold high, and unless a large bunch comes in this afternoon for some of the local favorites the outsiders will still hold the lead.

"I don't worry about the outsiders," remarked one of the Honolulu young women the other day. "I have votes staked out and I am going to get more, though I am now near the bottom of the list. There are several weeks yet and a good many people to be heard from."

The Honolulu girl does not get excited when the others are making their great strides. She believes that her friends will see that the town is represented and not all those in Honolulu will vote for the young women of the other Islands.

"Jim" McCandless admitted this morning that the six young ladies who will go to the Coast as the guests of the Bulletin will attract as much attention as the Arab patrol of the Shrine. It would be unfair to tell whether "Kimo" subscribed for seven days or seven years or whether he subscribed at all, because it is not right that the Bulletin should get the popular bachelors into trouble. Since the Bulletin told about Lem Ables' hens, Arab Patrol Ables has had all kinds of requests for eggs. It is certain "Kimo" McCandless would be bombarded with demands for votes if it were known whether he has subscribed for the Bulletin and has votes in his inside pocket. Remember that the count will be published tomorrow.

FULL PASSENGER LIST ON HILONIAN

Matson Boat Leaves For Coast With Cargo And Mail

The Matson steamer Hilonian left for the Coast at exactly noon, carrying a full list of passengers and the mail. She also took 3,700 tons of raw sugar for San Francisco. As she went out she was saluted by the Intrepid and some of the inter-island boats, which whistled, wishing the ship a fast and pleasant trip to the Coast.

The scene at the Oceanic wharf as the Hilonian pulled out was typical of Alameda day. The band was on hand to play the usual national anthems and the lei-women were in evidence with their many garlands of flowers. The ship herself was a model of cleanliness, and while she devotes the greater part of her space to

LORD IS AWARDED

\$7,778 CONTRACT

The contract for grading and filling in the lot at the immigration station, putting mosquito netting on the various rooms and placing a top dressing of six inches of loam on the lot, in order that a lawn may be planted, will be awarded to E. J. Lord for the sum of \$7,778, according to a notification which has reached Inspector-in-Chief Raymond Brown. There were two other bidders for the work, John Walker and John Underdick.

Under the authority given him to appoint three extra guards, Inspector Brown has appointed Manuel Spencer and Stephen Lukua to this position. His third appointment will be announced later.

ABLES WON'T TALK

Arab Patroler Lem Ables was asked this morning regarding his prize hens. "I have important matters under consideration, but I cannot talk for publication at this time," responded the small farmer.

NEVADAN SAILS TOMORROW

The American-Hawaiian steamer Nevada is scheduled to sail for San Francisco tomorrow afternoon at 5 o'clock, taking passengers and freight for the Coast. It was originally the intention for her to leave here Saturday but she came in ahead of time and her cargo has been placed on board quicker than was expected.

SUIT FOR FORECLOSURE

Bathsheba M. Allen, Mark P. Robinson, J. O. Carter and Paul Muhlenhoff today filed suit for foreclosure of mortgage against Joseph and Esther Pakkay. The mortgage is alleged to be for \$2000, and was given in 1898 on certain lands situated at Kapalama, Honolulu; Keolu, N. Kona, and Kawauni 2, Kona-waena, Hawaii.

SONOMA DUE APRIL 30

CONSUL WARNS JAPANESE FROM VANCOUVER TRIP

Japanese Consul General Salto has received a cablegram from Consul Morikawa at Vancouver, advising Mr. Salto to withhold the emigration of Japanese laborers to Vancouver. The cablegram has been published in the local Japanese papers.

It is said that the anti-Japanese feeling in Vancouver is so great that the Consul deemed it best to stop further coming of Japanese immigrants for the present. It is rumored that the Japanese workmen there are working for exceedingly low wages.

One of the Japanese hotel-keepers also received a cablegram yesterday from his brother, who now resides in Vancouver. The cable referred to the one received by Consul General Salto and reads as follows:

"A bill restricting the immigration of Japanese was introduced in the Canadian Parliament and passed first reading. I don't think it will pass the second and third readings. The Parliament closes its work on the 19th and the bill will not be acted upon within two days. Pay for laborers employed on railroads and in sawmills is \$1.75 a day. Newspapers here advertise the pay of laborers in Alaska at \$2.25 a day."

The Value Of Confidence

In no line of business is the buyer's confidence of more importance than in the selling of clothing. The dealer who attempts to convince the buyer that his goods are the best, and that his place is the place where the best could be obtained, must see that the facts conform to his statements, and that his goods are in every way up to the standard. He had better never try to sell to a man than to mislead him or to exaggerate; for the customer will quickly discover such practice of misrepresenting merchandise.

There is never danger of a protest and always a certainty of full value received when a coat or suit is recognized as

HOUSE

19th Day—Forenoon Session

The House calendar was jam-packed this morning and there was work enough in sight to keep the members busy all day, with a strong probability of a night session being necessary to clear the calendar and keep the House up to date.

There were no matters taken up this morning that were of vital interest, though several of them gave Kaniho and others opportunity to get rid of floods of oratory. The two bills upon which there was the most time spent and the most turbulent flood of words poured out were the coffee exemption bill and Senator McCarthy's measure amending the election laws. Both bills passed after long discussion. Kaniho and Kaloopu were the principal orators on both bills, and consumed much time in fruitless debate. Hughes and Correa struggled for the rights of the poor man and Rawlins picked out judicial points and explained them to the members not versed in legal technicalities. The Speaker looked bored most of the time, submitted when he had to, and cut short debate when he could.

This afternoon the House will reconsider its somersault of yesterday over the pineapple and shal exemption bill. The Health and Police Committee returned an adverse report on Kaniho's kerosene bill, to regulate and provide for the inspection, testing, sale and storage of petroleum and its products and other explosives. This report says:

"The passage of this bill would create a monopoly in the oil and fuel oil trade. We have too many monopolies here already for the public good and don't want any more of them. Your committee has learned of no reason why the present law should be changed, and therefore recommends that consideration of this bill be indefinitely postponed."

The report was adopted. REORGANIZATION OF AGRICULTURAL BOARD House Bill 210, to reorganize the Board of Commissioners of Agriculture and Forestry, was the first bill up under order of the day. This bill provides for a salaried executive officer instead of the present honorary "for the public good" head of the Board. He is to assume the duties now vested in the Superintendent of Public Works and formerly performed by the Commissioner of Agriculture and Forestry. The other members of the Board are to serve without pay.

Rice wanted to know the object of the bill. "Isn't the Board running along all right now?" he asked. Rawlins replied that the subject of forestry is one that goes to the life and prosperity of the Territory and should receive the attention it deserves. "We have a report from Jared Smith to the effect that the watershed of Lanai is worth \$100,000. Water is what makes the country go ahead, and we've got to protect the forests. That's the object of the bill."

Rice objected to paying another salary. "Seems to me," he said, "that we're paying a good many salaries out there now."

Rawlins thought Rice's points not well taken, and made a few caustic remarks, which elicited a protest from the Speaker, who said such things were calculated to disturb the harmony of the House.

The bill was passed by a vote of 21 to 7. Rice's Joint Resolution 4, providing for a Law Commission of three members to investigate the corporation law and report, making recommendation for such changes as they might find necessary or advisable, was read the third time.

The resolve passed 21 to 9. Kaniho voted no.

COFFEE INDUSTRY BILL House Bill 212, to encourage the coffee industry by exempting from taxation for five years all property used in the production of coffee, was called up on third reading. Correa moved it be indefinitely postponed. "I'd like to know where the poor man gets out," he said. "If this law passes, it does not help the poor man who is raising coffee for home consumption at all. The bill says those who are raising coffee for commercial purposes. If you cannot prove that you have one or two acres of coffee, you are not exempt from taxation. It seems to me the bill is brought for the big corporations to escape the taxes they ought to pay. I don't see why we should pass such a bill. We are here to protect the interests of the public at large. This bill protects only the rich, not the poor."

Kaloopu thought the bill a good one in that it encouraged the coffee-grower. "What is the use of a man going into coffee-raising," he asked, "if he has no encouragement? This law helps; he will know where to sell his coffee. If he goes to work and grows his coffee and then doesn't know where to sell it, he will be discouraged."

Kaniho favored the passage of the bill and proceeded to try to wipe out any possibly existing doubts in the minds of the other members as to the merits of the measure. "The passage of the bill would be for the benefit of the Hawaiians," he said, "and if they don't see fit to avail themselves of it it's their own fault. We have exempted railroads from taxation; why should we not exempt coffee?"

Kaniho talked long and about as cogently as usual.

Sheldon thought the proper way to encourage the coffee industry would be to get the United States to offer a bounty for coffee.

Kaniho moved to defer action to 3 o'clock this afternoon. Carried, and the hour of debate was wasted.

CONFERENCE COMMITTEE ON SALARY GRAB.

The special joint conference committee on the salary grab bill, House Bill 136, made its report to the House. The following amendments to the bill as passed by the Senate were recommended:

Boost the County Clerk of Oahu from \$2000 to \$2100. Give the County Attorney of Oahu \$2700 instead of \$3000. Give the Oahu County Treasurer \$2400 instead of \$2100. Boost the Kauai Treasurer from \$1500 to \$1800 and the Deputy Sheriff of Hanalei from \$900 to \$1000. Give the Deputy Sheriff of Waimea \$1500 instead of \$1200.

Kaloopu rose to pick a few flaws in the wording of the report, and Kaniho likewise.

The chairman of the Conference Committee, Coney, withdrew the report for further amendment.

Coney wanted the stenographer's record in regard to this report wiped out. It was so ordered.

TRUANCY BILL PASSES. House Bill 219, making deputy sheriffs transient officers and requiring them to visit each school at least once a week to see what children are playing truant, passed third reading without debate and by unanimous vote.

TRUST COMPANIES. House Bill 222, to regulate trust companies, permitting them to accept money on deposit and hold the same subject to draft, passed third reading on motion of Rawlins. The vote was unanimous.

TO CONFER ON SALARY BILL. On receipt of a communication from the Senate that that body had failed to concur in the House amendments to Senate Bill 20, the salary appropriation bill, the Speaker appointed a conference committee consisting of Rice, Kaloopu, Hughes, Pail and Akau.

FISCAL AGENTS. House Bill 223, authorizing the appointment of fiscal agents by the Treasurer, to facilitate the sale, purchase or redemption of bonds, was read the third time and passed without discussion by unanimous vote.

TREASURER'S SUBSTITUTE. House Bill 226, authorizing the Registrar of Public Accounts to exercise the powers and fulfill the duties of the Treasurer in the absence of the latter, called forth from Kaniho a question as to who would be responsible for the acts of the Registrar. Rice said the Treasurer would under his bond. The bill passed 30-0.

MCCARTHY'S ELECTION BILL PASSES. Senate Bill 13, McCarthy's bill amending the election laws, elicited a vigorous protest from Kaniho, who was afraid it might injure the chance of the Democratic party and take away the independence of the voter. "This law," he said, "treats an individual like a driving horse. And it obliges the Democrat or Home Ruler to vote as his boss directs. If he doesn't, he is fired from his job."

A further objection is that the bill only provides for three parties, the Republican, Democratic and Home Rule. It doesn't leave any room for the Civic Federation. It takes away from us certain privileges given us by the laws of the United States of America. I move the bill be indefinitely postponed."

Pail moved to defer action to May 1. Kaniho graciously accepted the amendment.

Hughes had a fellow feeling for the bill, which, he said, seemed to have no friends. Kaniho's arguments he did not think were sound. The introducer of the bill is a member of the minority party, and Hughes did not think there is a man in the Territory quicker to stand up for purity of election laws than this Senator.

"I think there is great room for improvement in our election laws," he said. "Laws have to be amended from time to time to keep pace with progress."

"As far as keeping any party off the ballot is concerned, this law doesn't do anything of the kind. The sample ballot is merely to show how the ballot may be made up."

"The sole intent of this bill is to simplify the voting, to remedy the mistakes that have been made in the past."

"This is a good bill, and deserves to come before this House for a vote."

PRIMARY LAW DEFEAT.

The gratifying feature about the

light on the primary law is the clear-

est record which the enemies have

been forced to make.

Republicans, with a deep regard

for party-pledges and appreciation of

what laws will best serve honest gov-

ernment, made a staunch stand which

forced every enemy into the open.

The men so short-sighted as to think

that they are carrying favor with the

Hawaiian-American voters by op-

posing the primary law will have time

to change their views before another

election. It is true that not all the

voters thoroughly understand the

purpose of the law, and have been

misled by prejudiced politicians.

But they'll wake up. And as the

voter always has the last say, the

man who can't keep a political promise

will discover that honesty is the best

policy.

Primary laws don't stay down any

more than County government laws

can suffer permanent defeat. The

politician who thinks otherwise is

due for further education.

FINANCES IN NEW YORK.

Bad news travels more rapidly than

good. Hence it may be that the ef-

fect of the recent slump in the New

York market has been put before the

people in its most disconcerting

light. No doubt exists that the rail-

road men and the magnates are do-

ing their best to impress the people

with the danger of further agitation

against them. And perhaps these

same gentlemen are using their finan-

cial energies to tighten up the money

market.

Let the purposes of the men on the

inside be what they may, it is still

gratifying to secure an unprejudiced

review of the situation from an au-

thority explaining just what is hap-

pening in the financial markets.

This is obtained in the latest cir-

cular of Henry Clews, which interprets

the flurry, in which the heavyweights

took part, as a clarifying process. The

circles deal with the matter as fol-

lows:

"The situation has been certainly

improved by the recent upheaval, for

the financial atmosphere has been

partially clarified and we are now in

no danger of a severe panic, as

threatened a few weeks ago. We can

henceforward safely look for at least

partial relief in the money market.

Secretary Cortelyou's policy is now

definitely known to be that of coun-

terly free from objection. Another
source of relief to the money market
should be the recent drastic liquida-
tion. Borrowings on an enormous
scale by great speculators will, no
doubt, temporarily ease; while cur-
rency should soon begin to return
from the interior. After the middle
of April—if not sooner—we may ex-
pect rising bank averages and a sta-
bilization of the extreme rates for money
which have been experienced during
the last six months. This does not
mean that very low rates are in pros-
pect; on the contrary, fairly firm
rates must be anticipated for some
time to come.

"We are exhibiting in for a period
of some moderation, and the country
may consider itself fortunate indeed
that the crash which occurred has
not been worse. In all probability,
there will be some slackening in
trade. There will be lessened de-
mand for luxuries, for jewelry, for
automobiles and for high-priced com-
modities. And there will also be a
postponement of new projects which
ultimately will diminish the demand
for labor and raw materials until
these come down to a lower level, or
until the country has accumulated a
fresh supply of capital and had time
to recover from the staggering effect
of the March collapse, which will
prove a memorable one in the history
of American finance.

"A good deal of exaggeration ex-
ists as to the effect of Mr. Roosevelt's
attitude towards the railroads. If all
the truth were known, it is likely
that he is not half so radical as some
of his enemies would have us believe.
The danger of injurious Federal leg-
islation has unquestionably been
much exaggerated. That something
will eventually be done to prevent a
repetition of old abuses must be ac-
cepted as inevitable; but any radical
or seriously injurious national leg-
islation against American railroads is
almost impossible. Notwithstanding
the misdeeds of some of their man-
agers, the American railroads are in
too sound a position and of too great
benefit and importance to the coun-
try at large to permit the passage of
any dangerous legislation. President
Roosevelt neither asks nor would he
support any movement of that char-
acter. The chief danger lies in rad-
ical action by some of the States, but
this can be, and probably will be,
counteracted by intelligent discussion
and the taking of the railroads into
more confident relations with the
public. The latter policy has already
been wisely undertaken, and in fu-
ture the market will probably have
less to fear on this score than from
the reactionary effects of economic
causes. These have really been at
the bottom of the recent decline, in
spite of the attempts to place the re-
sponsibility upon various individuals,
who can do nothing more than ag-
gravate or precipitate the reaction
which is sure to come. The possi-
bility of a serious railroad strike in the
West is the latest blow to confidence
in financial circles, but it now be-
gins to look as if such a serious dis-
aster will be averted. The worst of
the financial earthquake in my opin-
ion is over. Picking up the pieces
and cementing them together is now
in order; this should be done without
further delay. A new and safer bot-
tom will result for active trading.
The shrinkage in values of \$2,000,
000,000 which has taken place should
be considered ample to amend the
excesses in speculation at high prices
which have been so transparent for
the last twelve months at least."

MUNICIPAL BILL IS "MAKE" IN HOUSE

Is Killed In Revenge
For Slaughter Of
Primary Law

HOUSE.

48th Day—Afternoon Session.

The Municipal Bill is make. It was
offered up as a sacrifice on the altar
of the defunct primary law. The
House bared the knife yesterday af-
ternoon and slaughtered it in revenge
for the Senators' treacherous
killing of the promised Primary Bill.

It only took a minute to do it. A
message came down from the Senate
that the Primary law was dead. The
Municipal Bill was called up and Coney
calmly moved that it be postponed un-
til April 30. This carried without op-
position and the House laid it away in
its little grave without flowers.

There is, of course, the possibility
that it will be resurrected and put on
its feet again, for the House is liable
at any moment to turn a back somer-
sault and go back on its action of a
few minutes before. In fact, it did
so yesterday. The Representatives
passed a bill raising the amount of
income tax exemption from \$1000 to
\$1500. The Senate killed it. The
House raised a frightful outcry, and
promptly passed another bill increas-

ing the amount of exemption to \$1600.
The Senate this time turned a somer-
sault itself and passed the measure—
only for it to be vetoed by the Gov-
ernor. And then the House, which
had been clamoring for the passage
of the bill, refused to over-ride the
veto. Whereupon there came echoing
down from the Senatorial chamber a
sound that sounded remarkably like a
distinct ha-ha.

It was after the House had adjourned
yesterday that the fun commenced.
News of the snuffing of the Munic-
ipal Bill had ascended to the Senate
before that time, and the wearers of
the toga were lying in wait in the
corridor for the Representatives. As
soon as the first of them came out,
things began to happen. The Senators
pounced upon them and began to ex-
press their opinion of the House in
words emphatic and profane.

"You people in the House are a lot
of fools," said Chillingworth. "If
you think you are going to get the
Primary law resurrected by holding up
the Municipal bill, you have another
think coming."

The word "fool" flew about promiscu-
ously and it generally had a big D
in front of it. Chillingworth was
elated over the success of his treach-
erous attack on the Primary law and
took every opportunity to rub it in on
his opponents. Lane was so angry
that he could hardly talk. Woods, Ka-

lama and other Senators took a hand
in the fray, and were met by charges
of the House brigade, including Shel-
don, Rawlins and others. Coney kept
discreetly out of the way. The Gov-
ernor came down the stairs, asked a
question and then seeing what he was
about to butt into, took a meek before
anything struck him.

And around the outskirts of the fray
hovered his Charlie Notley, trying to
get a chance to explain how he did it
all with his little Aala park meeting.

The House, among other transactions
yesterday afternoon, overrode the Gov-
ernor's veto of the alal and pineapple
exemption bill and sustained his veto
of the income tax bill.

HOUSE CONCURS.

House Bill 169, relating to judg-
ments, executions and new trials, was
received back from the Senate with
amendments. On motion of Rawlins,
the introducer of the bill, the House
concurred in the amendments.

VETO IS SUSTAINED.

The Governor's veto of House Bill
147, increasing the amount of income
tax exemption from \$1000 to \$1600, was
taken up for consideration.

Rice moved to override the veto of
the Governor. Pall moved to sustain.
Kaleiopi thought the Governor's
reasons for refusing to sign the bill
sounded.

"We railroaded this bill through the
House in three days," said Rice, "be-
cause we wanted to pass the buck up
to the Senate, and I hope we'll do it
again by overriding the Governor's
veto."

Hughes called attention to the fact
that this is the second time a bill of
this kind has been passed by the
House.

MAKEKAU WANTS PRATT TO ANSWER

Puts Pointed Questions Relating To Land Policy

Senator Makekau this forenoon got through the Senate the following resolution, which calls on Land Commissioner Pratt to give the answers to a bunch of interesting questions:

Be It Resolved by the Senate of the Territory of Hawaii that the Commissioner of Public Lands be directed to reply to the following questions:

What has been done to the lands that were once awarded to the Molokans on Kauai? Were they leased back to the plantation or not? Did any Hawaiian or Portuguese apply for these lands and were ignored or refused? Are there any government lands on Kauai suitable for homesteading or to be taken up under the Association system, now under the control of the plantation, and leases about to expire?

Is there an unleased section of the land of Puunahulu containing an area of 71,000 acres? Is the whole of this property reserved as forest reserve or not? If so, what right has Robert H. Pratt, Jr. to use a portion of this land for pasturing his cattle, and under what authority has H. Pratt got for constructing a division fence on this land for pasturing his cattle certain months in the year, and how much is he paying for this privilege?

Is there a petition in your hands from some Hawaiian applying for certain portions of this land of Puunahulu near Keamoku, under the Association plan? If so, has it been attended to?

How long were the lands of Pahuhi and Kamoku on the Island of Hawaii in the hands of the Government before they were subleased to the Parker Ranch and why were not these lands advertised for homesteading or under the Association plans before being finally put up to auction under lease?

Was there any attempt made to show to the public that these lands were available?

Was there any attempt made to show the public for homesteading or under the Association plan for the land of Nienie, now leased to the Parker Ranch?

Homestead Lot 15, Puunahulu was originally in Mele Kala's name. For what reason was this land taken away from her? If there is any correspondence between the department of Public Lands and parties regarding this land please have it produced.

Are there any Government lands in the District of Kohala suitable for homesteading or under the Association plan? If so, why are they not advertised and made known to the public. (About 115,000 acres.)

Government land at Waima, Hawaii, known as the Beadle land was promised to the Hawaiians to be opened out to homesteads by Governor Carter. For what reason was this recalled? Is the Parker Ranch using this land, and what rental are they paying?

What arrangement was made, if any, with John T. Baker in regard to the land of Pihoua, as a forest reserve? The lease on the land of Kaho 35,000 acres to the Kukaia Plantation Company expired last September. Has this land been released? If not, for what reason was it withheld and not advertised for homestead or under an association plan, or subleased again?

The lands of Kamooa and Pua, containing an area of 12,500 acres, expires April 25, 1907. Has anyone applied for any of this property for homesteading or under the association plan?

The lease of the land of Kapapala, on the Island of Hawaii, expires July 1st, 1907. What disposition does the Government intend in dividing this land for the benefit of homesteaders? (Here is a chance of small holders in cultivating cane lands under the Molokan plan.) This land contains an area of 172,780 acres.

Has anyone applied for the renewal of the lease of the land known as Humuila, Island of Hawaii? If so, what terms and conditions are offered?

HOW THE NEBRASKAN WAS LOADED AT KAUI

The "Garden Island" tells of the loading of the Nebraska, the first big steamer to take on sugar at Kauai, in the following paragraphs:

The Nebraska, the Hawaiian-American steamer which inaugurates the steamer service between Kauai and the coast, sailed away from Makaweli last Wednesday after successfully having taken on her cargo of sugar.

During the whole time that the steamer has been on the Kauai coast a high sea has been running making the loading a difficult matter. At Makaweli it was especially hampered by the fact that the plantation launch was wrecked. The Young Brothers launch was, however, equal to the occasion and brought the sugar alongside the steamer within the time limit.

The Nebraska took away about 5200 tons of sugar from Kauai, the McBryde Sugar Co., having furnished about 1800 and the Hawaiian Sugar Co. 3400.

The American-Hawaiian Steamship Co. has been willing to demonstrate the feasibility and economy of direct shipment from Kauai for a couple of years and has now been able to make an agreement with the above plantation. The success of the first shipment will no doubt lead to the installation in contemplation, which will make the line a permanent one.

MAUI IS AFTER \$110,000 LOAN

Supervisors Pass First Resolution Under New Act

Secretary Atkinson returned this morning from Maui, where he went with Senator Coelho to confer with the committee having charge of Maui's reception to the Congressional party, and to discuss the matter of Maui's proposed public loan.

"I met the Supervisors yesterday," said Atkinson today, "and explained the matter to them. They struck me as very conservative and prudent men, and, though they had originally wanted to borrow \$150,000 to \$160,000, they reduced the amount to \$110,000 after they had begun to figure out the interest the County would have to pay. The Board then passed a resolution which Attorney General Peters had prepared, authorizing the loan."

The resolution is as follows: Be It resolved by the Board of Supervisors of the County of Maui, Territory of Hawaii:

Whereas, heretofore and on, to wit, the 16th day of April, A. D., 1907, there was duly approved and there then became law an Act entitled "An Act to enable the Counties to provide for County loans," known as Act No. 65 of the Session Laws of the Legislature of the year 1907, and

Whereas, it is for the best interests of the residents of the County of Maui that it make a loan in the sum of one hundred and ten thousand dollars, and issue therefor its bonds in accordance with the provisions of said act, and all other powers it thereunto enabling, and

Whereas, the assessed value of the taxable property in the County of Maui is twenty-one million one hundred and twenty-six thousand and seven hundred and fifty-eight dollars, and

Whereas, there has not heretofore by said County, been incurred any bonded indebtedness,

Now therefore, the Treasurer of the County of Maui is hereby authorized and empowered to issue bonds of the County of Maui under and in accordance with the provisions of Act 65 of the Session Laws of the Legislature for the year 1907 in the amount, rate of interest and the term specified as follows, to-wit:

Amount, One hundred and ten thousand dollars.

Rate of interest, five per cent.

Term, redeemable in not more than five years, and payable in not more than fifteen years from date of issue. The proceeds of the sale of such bonds shall, by the County of Maui, be used as follows:

Relocating and completing of belt road from Nahiku to Kailua, \$30,000.00.

Relocating and completing of belt road from Hana to Kipahulu, \$16,000.00.

Relocating belt road from Paia to Honokahua, \$30,000.00.

Relocating and completing belt road from Kamaelea to Oaowala, \$16,000.00.

Relocating and completing belt road from Molokai from Halawa to Kawaia, \$8000.00.

Extension of belt road from Waihee to Honokahua, \$10,000.00.

"The loan will in my opinion be floated right here," said Atkinson. "If the bonds are sold at 98.70 they will net the purchaser 5.30 per cent. for a five-year term. They are a safe investment, as the money which is due the County from the Territory is made the security."

GOVERNMENT TO ADVERTISE IN DAILY PAPERS

The U. S. Government has come to the conclusion that newspaper advertising pays. The following from the Examiner, of recent date, states the case:

Local navy people are interested in the inquiry the bureau of navigation is making as to the relative efficacy of advertising for recruits. For some time the department has been spending a considerable sum of money in dead wall advertising, making use of huge colored posters, after the manner of traveling shows and theatrical companies. It was considered that this would attract the attention of men who might not see the call for recruits published in the daily newspapers. It has now been decided to discontinue the poster advertising for a time and resort only to newspaper advertising, and in that manner ascertain which system produces the better results. The instructions sent to the naval recruiting officers require them to limit their advertisements to the newspapers in the various cities where they are operating. The results will be awaited with much interest by recruiting officers and will probably determine the policy hereafter to be pursued by the Navy Department in making known the advantages of enlistment in the navy.

ACT 66.

AN ACT

TO AUTHORIZE THE PURCHASE OF COUNTY BONDS BY THE TERRITORY.

Be It Enacted by the Legislature of the Territory of Hawaii:

SECTION 1. The Treasurer of the Territory, with the approval of the Governor, is hereby authorized to purchase bonds issued by the several Counties of the Territory in conformity with law, or to loan money to such Counties on the security of such bonds out of any funds that may be available for such purposes, or to accept such bonds as payment for property sold to the Counties, whenever they may deem it for the public interest so to do.

SECTION 2. This Act shall take effect from the date of its approval.

Approved this 16th day of April, A. D. 1907.

G. R. CARTER,
Governor of the Territory of Hawaii.

STOP JAPANESE

Washington, April 6. — Secretary Straus of the Department of Commerce and Labor today denied admission to this country to five Japanese immigrants. These are the first Japanese exclusion cases which have reached the Secretary since the promulgation of the executive order carrying into effect the new immigration law.

Secretary Straus' action was based upon an appeal taken by the Japanese from a decision of the inspector at El Paso, Texas, denying them the right to enter on passports from Mexico.

The appeals first reached Commissioner of Immigration Sargent and were referred by him to the Secretary with the recommendation that they be dismissed on the ground that no other course was permissible under the President's order carrying into effect the agreement relative to the exclusion of Japanese laborers.

The matter was presented on behalf of the would-be immigrants to the Japanese Minister, and he advised them that the course of the United States authorities was in accord with the agreement between the two countries and hence satisfactory. When they represented that they had been compelled to come to the United States in search of food he advised them to apply to the Japanese Minister in Mexico for relief.

Commissioner Sargent has been advised that about 500 Japanese laborers have recently left El Paso, going east and west, and it is expected they will try to find admission into the United States at unguarded points along the international line.

It was but recently that a band of starvationists, numbering over a thousand, traveled many miles during the night and fell upon some rice boats at Shou-chou, completely cleaning them out of every grain of rice.

The latest reports are to the effect that large numbers of the unfortunate are moving in a southerly course and to stop any such movement General Yin Chang has sent troops to restrain them.

The Governor of Yunnan-han is making frantic endeavors to relieve the suffering of the people of that district, which is considered among the worst in the empire.

Orders have been issued by Viceroy Tuan Fang throughout the districts under his jurisdiction that plunderers of rice stores be executed or shot on the spot.

The merchants of Hunan Province are agitating to forward 200,000 pounds of rice to the Kiangnan districts. The conditions of starving China are certainly deplorable and it would seem that earnest endeavors for the relief of the sufferers is being made throughout the world. But notwithstanding this aid many thousands have died and many thousands will die.

One notable feature is the fact that sickness from epidemics is lacking in a degree to be wondered at. While there has been disease among the sufferers, it has not reached the magnitude one would expect from the nature of its surroundings.

It is a known fact that the ship was overloaded according to her sleeping accommodations, and such a state of affairs will always breed ill-feeling and sharp words.

In the first start-off every excursionist wanted a deck state-room. They didn't get it. That was the starter for growls, and from latest reports the growls were kept up till they landed at San Pedro.

In the many stories of the voyage it is pleasing to note that no word has been said against Honolulu or its hospitality.

HAWAIIAN NAMES

PROVE
TOO MUCH FOR COURT

Under the heading "Supreme Court has knotty problem, a Washington dispatch contains the following article relative to the Kawanamaka case, which came up before the United States Supreme Court:
Washington, March 27.—It is not often that the United States Supreme Court is "stumped." In fact, knotty legal problems are the one particular thing on which members of the highest court thrive. Those who sit on the Supreme Bench, however, have humbly confessed their inability to pronounce Hawaiian names. The "Kawanamaka" family was entirely too much for the tongues of the august Justices. Instead of saying the names aloud they smiled blandly and called quietly for help, which was not forthcoming. Of course, all the school girls and boys will get busy on these names right away and show that they are better "scholars" than the Justices of the greatest judicial tribunal on earth.

It all came about in the case of David Kawanamaka, Elizabeth K. Kawanamaka, Jonah Kawanamaka and Abigail Kawanamaka, appellants, against Ellen Alberta Polynah, otherwise known as Sister Alberta, trustee for Stella Keomallani Crockett, all of Hawaii. It is an appeal from a decree of foreclosure and sale under a mortgage.

Justice Harlan was presiding, in the absence of Chief Justice Fuller, and when he reached the case on the docket he called the number for argument, and instead of announcing the title, as is the custom, he smiled and confessed that he was unable to pronounce the names of the plaintiffs in error.

Justice Brewer had his curiosity aroused, and was not willing that his learned associate should go unassisted. The Justice called on counsel for Sister Alberta to pronounce the names of the plaintiffs.

"They are not my clients, and I respectfully decline," replied the attorney. And the Justices are still wondering how the names should be spoken. The Justice who writes the opinion will find himself in a dilemma. Counsel for the persons with the unpronounceable names submitted their case in a pointed argument, and it has been suggested that the difficulty they had in speaking the names of their clients might have had more or less to do with their failing to argue the case in open court.

EPIDEMIC OF MEASLES
PREVALENT AT HANAIEI

(Special to The Bulletin)

Hanaiei, Kauai, April 15.—Wednesday, Mrs. Faye and party from Kekaha made Hanaiei a visit. Those in the party were Dr. and Mrs. Hemmaway and Misses Hemmaway and Coddington. Thursday, they took in the sights of the district by taking a drive to Haena and the Wainiha valleys. They returned to Lihue Friday morning.

Mrs. H. D. Baldwin of Makaweli and the Misses Beretania and Alleen Aldrich are visiting Hanaiei and are guests of Mr. and Mrs. W. E. Sanborn.

For the last few weeks the Hanaiei school has been ordered closed by the district doctor on account of the epidemic of measles and whooping cough. The epidemic so far has not had especially serious result, as only one death has occurred and that to a Japanese child through carelessness on the part of the parents.

The weather in Hanaiei has been beautiful.

GIRLS SECOND APPEARANCE

Young Ladies Who Will Swim and Dive on Saturday Night at the Hotel Baths

These young ladies are three of Hawaii's best girl swimmers and they will appear Saturday evening in the swimming carnival that will be held at the Hotel Baths.

It is seldom that such girl swimmers can be seen and it is a treat to have the chance to witness the stunts that these little mermaids can do in the water. Hawaii is one place in the world where such girl swimmers are found. They will not only swim races but they will dive from spring-board and high dives.

Cunha and Cooper are training hard for their 50-yard match race, which is included in the evening's program. The wondrous diving contest will be funny and cause a good laugh, as will the blind-fold race.

Oahu College and the Diamond Heads both had a good work-out at the Baths yesterday and they will both be in good shape for their water polo match and the relay race. They are out after the cups that have been offered for these events.

Captain Townsend of Oahu College has a fine team and with such men as Whiter, Cooper, Hitchcock and himself he should stand a good chance for the relay. The Diamond Heads will have the services of Cunha, O'Sullivan, Ewaliko, Paddigan and other good men.

Seats are selling rapidly at the Baths and the indications are that there will be a full house.

YACHTING SEASON WILL OPEN SOON

The opening of the local yachting season will commence a week from Saturday with a cruise to Waiānae. It is expected and hoped that every yacht in the local fleet and every member of the yacht club will be present and that the occasion will be a fitting opening for what is expected to be the most prosperous season yet for the club. With the finances of the club in such good shape that there remains no debt to be paid off, thanks to the generosity of C. A. Brown and Admiral Beckley, the present season should show the prosperity of the club in every way.

The arrangements for the cruise are in the hands of Will McLaury and this means that there will be a good time for everyone. At present he is busy looking into the matter of a luncheon to be held on the Saturday night that the fleet is at Waiānae and if it is possible to arrange this matter it will be done.

The local boats are all being put into shape and when the season opens there will not be a single yacht belonging to a club member which will not be in first class shape. Already the La Paloma has been on a cruise to Maui, taking Captain Clarence Macfarlane and Al Jenkins on a business trip, and a number of the other boats get out every Sunday when there is enough wind to fill the sails. The Kamehameha and the Telene have been the most consistent of the Sunday cruisers and rarely have they the first named in particular, missed a chance for a run out to Diamond Head or down to the club house at Pearl Harbor.

BASEBALL SCHEDULE FOR COMING SEASON

The baseball season will open on Saturday, May 11 and with a four-team league it seems to be certain that there will be a most prosperous season. There will be no weak team to destroy the interest as there was in the case of the Mules last year and as the Tenth Industry would probably have been had not the owners come sending it to Alaska.

The first game of the season will see the Kams against the St. Louis Alumni and the second game the Puns against the Diamond Heads. Both these games should be close and the season should start with a boom which will make baseball even a greater favorite than it ever has been in Honolulu.

The schedule for the coming season is as follows:

May 11—Kams vs. St. Louis.
May 11—Punahou vs. Diamond Heads.
May 18—Kams vs. Diamond Heads.
May 18—St. Louis vs. Punahou.
May 25—Kams vs. Punahou.
May 25—St. Louis vs. Diamond Heads.
May 25—Kams vs. St. Louis.
May 29—Punahou vs. Diamond Heads.
June 1—Kams vs. Diamond Heads.

June 1—St. Louis vs. Punahou.
June 8—Kams vs. Punahou.
June 8—St. Louis vs. Diamond Heads.
June 11—Kams vs. St. Louis.
June 11—Punahou vs. Diamond Heads.
June 15—Kams vs. Diamond Heads.
June 15—St. Louis vs. Punahou.
June 22—Kams vs. Punahou.
June 22—St. Louis vs. Diamond Heads.
June 29—Kams vs. St. Louis.
June 29—Punahou vs. Diamond Heads.
July 4—Kams vs. Diamond Heads.
July 4—St. Louis vs. Punahou.
July 6—Kams vs. Punahou.
July 6—St. Louis vs. Diamond Heads.
July 12—Kams vs. St. Louis.
July 12—Punahou vs. Diamond Heads.
July 20—Kams vs. Diamond Heads.
July 20—St. Louis vs. Punahou.
July 27—Kams vs. Punahou.
July 27—St. Louis vs. Diamond Heads.
Aug. 3—Kams vs. St. Louis.
Aug. 3—Punahou vs. Diamond Heads.
Aug. 10—Kams vs. Diamond Heads.
Aug. 10—St. Louis vs. Punahou.
Aug. 17—Kams vs. Punahou.
Aug. 17—St. Louis vs. Diamond Heads.
Bert Powers, who implied last season's success, has been disappointed. Practice days—Punahou, Monday; Diamond Heads, Thursday; Kams, Wednesday; St. Louis, Friday; Tuesday, general.

TENNIS CONCLAVE

The annual meeting of the Hawaiian Tennis Association will be held next week. Delegates from the Pacific and Beretania clubs will be present. The principal object of the meeting is to arrange date and details for the annual championship tournaments. Special efforts will be made this year to induce players from the other islands to enter for the cup events.

PUNS BEAT HIGH SCHOOL

In a rather unattractive game of baseball the Punahou second nine had no difficulty in defeating the High School seconds yesterday on the Punahou campus. Lack of practice was very evident on both sides but the Puns had the advantage of being able to hit the ball when they had men on bases and so won out by a score of 11-5. The line-up:

Puns—Mou Yiu, H.; Sing Chong, p.; Liddell, H.; Chi Hui, c.; S. Dodge, 2b.; Lewis, 3b.; Parkinson, cf.; Davis, p.; Kinsley, rf.
Hubs—Ab Koe, 3b.; H. Chillingworth, 2b.; H. Nott, cf.; Quon Chew, cf.; D. Paul and H. Hughes, lf.; E. Davis, ss.; V. Marcellino and C. Williams, 1b.; Kyoohi, c.; Ah Chew, p.

PAY FOR SCORER

There has arisen a slight dispute over the position of scorer for the Baseball League for the coming season. C. L. Cutting has performed this duty for the past two seasons and has made a first class man but he feels that he has been a little underpaid for the work. The League, on the other hand, feels that it is paying all that the position is worth and is not in the least backward about telling Cutting so. Cutting is holding out on the matter and so at present the affair is at a standstill. H. M. Ayres has been proposed for the position in case Cutting will not come through for the money that the League has offered and there are other names which will be offered.

MISS SUTTON MAY LEAD TENNIS TEAM

New York, April 6.—It was announced today that Miss May Sutton of California, who won the English lawn tennis championship in 1925, is to play in a series of indoor tournaments in this city April 11 to May 2. One purpose of the tournament is to select a team of American women, probably captained by Miss Sutton, to visit the chief lawn tennis meetings in England, Scotland and Ireland this summer to play a match with British women. Among the American tennis experts who will take part in the New York tournament and may compose the international team are Miss Helen Thomas, the National champion; Miss Elizabeth H. Moore, who held the National championship for years; Mrs. Burger Wallace, the runner-up last year, and Miss Marion Felner.

SPORTING NOTES

In looking over the schedule for the coming season it will be seen that the Kams play in the first game each Saturday during the season. The reason that this arrangement has been made is that a large number of the players on the Kams team work for the Rapid Transit. They are able to play in the first game without interfering with their work while if they should play in the second game it would mean that the company they are employed by would have to suffer.

Johnny Williams is rounding into shape and is pitching a better article of ball than last season. He should shine up well when the season opens.

The idea of Pat Gleason playing the bench will disappoint a good many fans who have been used to seeing him at first for the H. A. Cs.
