## NECESSITY OF ECONOMY IS APPARENT

Counter-question Asked by Tax  
Board Official and Agent  
of Plantations

PESSIMISM IS KEYNOTE OF  
TALK FROM PLANTATIONS

Retrenchment Policy of Gov-  
ernor Given Weight by Facts  
Brought Out Today

"What are the sugar plantations go-  
ing to do for a government if we can't  
get money enough to run it?"—Treasure  
Conkling.

"What's the government going to  
do if the sugar plantations are put out  
of business?"—Richard Ivers.

The tax equalization board this  
morning listened to very interesting  
representations relative to the tax re-  
turn valuations made by W. Lanz, of  
F. A. Schaefer & Company; E. D. Ten-  
ney, of Castle & Cooke; and Richard  
Ivers, of C. Brewer & Company. This  
afternoon the board will hear from  
Theo. H. Davies & Company in con-  
nection with the returns on the plan-  
tation properties which they repre-  
sent.

The absolute necessity of follow-  
ing the policy advocated by Governor  
Pinkham, for retrenchment in all lines  
and in all departments of the terri-  
torial government was made quite ap-  
parent through the statements made  
by the representatives of the plan-  
tations.

Pessimism was the keynote of the  
talks of all of the plantation men.  
Under present conditions and with the  
gloomy outlook for the future, the  
plantations have little real value more  
than the lands are worth as cattle  
ranges. From the standpoint of in-  
come the past year has shown a re-  
duction in profits of two-thirds over  
normal years of crops and prices. Un-  
less the tariff laws are amended and  
some duty on sugar maintained there  
is nothing in sight but the virtual win-  
ning out of the sugar business in Ha-  
waii. These sentiments formed the  
basis of the expressions of the sugar  
men who appeared before the board  
this morning. They also claimed that  
the returns they submitted were in  
most instances as high as could be  
consistently made, and that with the  
increased tax rates fixed this year,  
over that of last, the plantations  
will pay about the same amount of  
taxes on the returns submitted, as  
they did last year.

Mr. Tenney stated that unless the  
tariff duty is restored the plantations  
will be "skinned," or dismantled, and  
the movable property on them sold  
for what they will bring. Should  
there be no evidence that popular op-  
inion is about to overthrow the pre-  
sent disastrous administration, he de-  
clared it as his opinion that this

## INTER-ISLAND INVESTIGATION IS ON TODAY

Public Utilities Members Will  
Be Assigned Different Sec-  
tions of Probe Work

The initial hearing in the Public  
Utilities Commission's investigation of  
the Inter-Island Steam Navigation  
Company is being held this afternoon  
in the commission's rooms in the Stan-  
genwald building, having convened at  
2 o'clock. Present are E. A. Mott-  
Smith, chairman; Henry O'Sullivan,  
secretary, and A. J. Gignoux, of the  
commission, and James A. Kennedy,  
president and manager; James L. Mc-  
Lean, vice-president, and Charles R.  
Hemenway, attorney, of the Inter-Is-  
land.

For the purpose of such action as  
the Public Utilities Commission may  
deem necessary to take upon the in-  
formation and data procured by it in  
the investigation in the interest of  
the public and of the company, the  
following procedure has been out-  
lined:

"The company shall be required to  
submit under oath at all public meet-  
ings held in this cause such informa-  
tion as the commission may deem  
necessary for the purpose of this in-  
vestigation, and to answer any ques-  
tions pertinent thereto put by the  
commission or any members thereof.  
"Because of the nature of this in-  
vestigation, it is held that the com-  
pany is not on trial in the sense that  
cross-examination will be permitted

## TWO TWO-STAR OFFICERS IN HONOLULU GEN. CARTER COMMANDS DEPARTMENT

Major-General William H. Carter, who assumed command of the Hawaiian Department this morning, relieving Brig.-Gen. M. M. Macomb.

## HERE TO LISTEN, NOT TALK, SAYS NEW COMMANDER

Has Long Military Record and  
Served in Both Arms, Par-  
ticularly Cavalry

A two-star general officer, one of  
the six wearing the uniform of the  
United States, now commands the  
Hawaiian department. This morning  
Major-General Wm. H. Carter, who  
ranks No. 4 on the list, took over the  
command from Brigadier-General M.  
M. Macomb. The latter will remain  
as "awaiting transportation" until the  
April transport sails for the coast.

General Carter, accompanied by  
Mrs. Carter and his two aides, Lieu-  
tenants J. G. Pillow and J. D. Ren-  
dall, arrived on the transport Thomas  
last night. The general and Mrs. Carter  
are staying for the present at the  
Young hotel.

General Carter has a long military  
record, and before he became a gen-  
eral officer served both in the infan-  
try and cavalry arms. Most of his  
services have been with the horse sol-  
diers, however, and it is as a cavalry-  
man that his old-time friends always  
think of him. He is a well-set-up,  
soldierly figure in uniform, and looks  
several years younger than the army  
register states. Also a keen horse-  
man, he brings to Oahu two splendid  
mounts, and will probably be as fa-  
miliar a figure in the saddle as Gen-  
eral Macomb has been.

"I would be glad to tell you any-  
thing in connection with my new com-  
mand," said General Carter to a Star-  
Bulletin reporter this morning, "but  
the fact is that I'm assimilating in-  
formation, not discharging it. I have  
never before been stationed here, and  
was last here just five years ago,  
when the Logan was hung up on the  
reef for five days, during which time  
I made a trip around the island. That  
is the extent of my personal knowl-  
edge of Oahu, but I hope soon to be  
thoroughly familiar with every as-  
pect of this most interesting com-  
mand. By the way, on that trip of  
the Logan, we arrived on Friday, the  
13th, with the 13th cavalry on board.  
How is that for a hoodoo combination?"

Asked whether he had any late in-  
formation regarding an increase of  
the Oahu garrison, the new depart-  
ment commander said:

"I know nothing definite or direct  
about additional troops for the islands.  
Everyone knows that it is the plan to  
garrison Oahu with about 15,000 troops  
eventually, but at present it looks as  
though the men could not be spared  
from the border. I haven't heard of  
any troops ordered here immediately."

General Carter was born in Tennes-  
see, November 19, 1851. He entered  
West Point as a cadet in 1868, and  
was appointed a 2d lieutenant in the  
8th Infantry in June 1873. In Novem-  
ber of the following year he was trans-  
ferred to the 6th cavalry getting his  
1st lieutenantancy in 1879, and his cap-  
taincy a little over 10 years later. He  
became major, and acting adjutant  
general in 1897, lieutenant-colonel and  
acting adjutant general in 1898, and  
colonel, detailed in the same depart-  
ment, in April, 1902. He wore the  
eagle only three months, being ap-  
pointed brigadier-general July 15,  
1902. November 13, 1909, he attained  
his present rank.

To bring oil to the local branch of  
the Associated Oil Company, the ship  
Falls of Clyde has been placed on  
the berth to sail from Gaviota,

Major-General Thomas H. Barry, Honolulu visitor, en route to Philippines to take command of department.

## GEN. BARRY IS BUSY GREETING HIS OLD FRIENDS

Returning to Philippines to  
Take Command—Away  
Since 1901

Major-General Thomas H. Barry,  
who is en route to the Philippines,  
to take command there, was kept  
busy this morning greeting old friends  
who came to army headquarters in  
the Young Hotel in the hope of meet-  
ing him. Although he has not been  
in Honolulu for more than 12 years,  
there are many local people who have  
very pleasant recollections of his visit  
here in 1898, when he was a major on  
General Otis' staff. His last trip here  
was in 1901, on his way back from  
the Philippines.

General Barry was dressed in a  
quiet suit of civilian blue this morn-  
ing, and his calls were purely infor-  
mal. He seemed genuinely pleased  
to renew acquaintance with Hawaii.  
"I expect I'll find many changes in  
the Philippines," he said to a Star-  
Bulletin reporter this morning. "I  
haven't been there since 1901, when  
we turned the islands over to Mr.  
Taft, after the so-called 'empire days'  
were over. I am looking forward to  
getting back again, for service there  
is always interesting. I am sorry  
though that our stay in Honolulu is  
so short for it would be a real plea-  
sure to spend some time here and  
note what has happened since annexa-  
tion."

One link that binds General Barry  
closely to Oahu is the 1st Infantry,  
in which regiment he served as 2nd  
and 1st lieutenant, and captain. He  
graduated from West Point in 1877,  
and went into the cavalry arm, trans-  
ferring to the 1st foot in 1880. In  
1897 he gained his majority, being  
detailed as acting adjutant-general, as  
a major, lieutenant-colonel, and col-  
onel. In August, 1902, he became a  
brigadier-general, and in 1908 won his  
second star. He was a brigadier-  
general of volunteers from January,  
1900, to June, 1901.

One of those who renewed acquaint-  
ance with General Barry this morn-  
ing was Brigadier-General John H.  
Soper, N. G. H., retired, who knew  
him here in 1898, and later in Cuba,  
in 1908.

## PINEAPPLE NOT HOST FRUIT, IS GROWERS' CLAIM

Vigorous Protest Made to Such  
Classification for Purposes  
of New Quarantine

PUBLIC HEARING TO BE  
HELD ON MARCH 19TH

Albert Waterhouse Says Other  
Proposals Are Entirely Fair  
and Satisfactory

Making a vigorous protest against  
including pineapples in the quarantine  
list of fruits and vegetables, as pro-  
posed by the federal department of  
agriculture, on the ground that it is  
not a host fruit—that is, one to which  
the Mediterranean fly is attracted—  
pineapple growers on the islands met  
yesterday afternoon with the terri-  
torial board of forestry and agriculture,  
and urged that a cable be sent to  
Washington at once opposing the in-  
clusion of pineapples in the new quar-  
antine list.

The board discussed the matter thor-  
oughly at its special session, and at  
the end decided to cable the secre-  
tary of agriculture in accordance with  
the wish of the pineapple growers.  
Though both pines and bananas are  
included in the new quarantine list,  
on which a public hearing will be held  
in Washington, the fruits may be  
shipped to the mainland after a rigid  
inspection by federal authorities, pro-  
vided the new rules. The objection of  
the pineapple growers is not to the  
inspection—it was stated that they  
really favor inspection—but to the  
classification of pines as a host fruit.  
Albert Waterhouse, acting president  
of the board of forestry and agricul-  
ture, stated this morning that all tests,  
made under artificial and natural con-  
ditions failed to reveal that the Med-  
iterranean flies touch the pines; and  
it is for this reason that the growers  
insist it is unjust to include them  
among the other fruits and vegetables  
which are known to be the victims of  
the flies.

A cable message was received by  
(Continued on page eight)

## ADVERTISE MORE, ADVISES MAYOR OF ROCK SPRINGS

Wyoming City Official Says  
Hawaiian Islands Unknown  
in His Section

"If Hawaii intends becoming a com-  
bined summer and winter resort it  
will have to wake up and do consid-  
erably more advertising," said J. H.  
Anderson, mayor of Rock Springs,  
Wyoming, yesterday when seen at  
the Hawaiian hotel. Mr. Anderson, in  
company with Mrs. Anderson, arrived  
in Honolulu yesterday, and intends  
to spend a month in the islands.

"But, then, I don't want to knock;  
it is only kindly criticism and comes  
in the form of a suggestion," he con-  
tinued. "Take my home city, for in-  
stance. It is a mining center and  
harbors a host of wealthy men who  
would jump at the chance of coming to  
this beautiful place to escape the  
cold winters. But they go to Florida  
or California. Why? Because Ha-  
waii's charms have not been suffi-  
ciently advertised in that part of the  
country."

"What led you to come to Hono-  
lulu?" was the query.  
"Two young fellows from Rock  
Springs visited Honolulu some time  
ago," answered Mr. Anderson. "When  
they returned they talked of nothing  
but Honolulu and Hawaii. I took the  
chance of a trip—and I'll tell you  
what, I'm mighty glad of it. Think  
of jumping from a place where it is  
20 degrees below zero to a place  
where it always is summer. Why,  
California and even northern Mexico  
climate is nothing compared with  
what you have here."

Mr. Anderson said that already he  
has made application to join the com-  
munity club, and, although he has been  
here but a day he doubtless will prove  
a loyal booster for these islands. He  
laid special stress on his statements  
that Hawaii need to be more thor-  
oughly advertised in the Middle West.

"In Wyoming, the people hear the  
praises of Florida and California sung  
continually," he said, "but there is  
nary a word about Hawaii to join in  
the chorus. I'm going to wake up the  
people in Rock Springs, though. I'm  
going to get a lot of cocoanuts and  
ship them back there by parcel post,  
and, if possible, I'm going to send  
back some of those big pineapples."

Mr. Anderson visited the Promotion  
Committee during the forenoon and  
obtained considerable descriptive lit-  
erature, as well as information as to  
where he might secure cocoanuts for  
mailing. He and Mrs. Anderson will  
spend at least a month in the islands,  
and plan to visit the volcano, and per-  
haps Kaula and Maui, before return-  
ing to the mainland.

## URGES PEOPLE TO SETTLE UPON A FEDERAL SITE

President Farrington of Mer-  
chants' Association Says  
Issue Is Live One

SEVERAL COURSES OPEN  
TO U. S. ATTY. M'CARN

Spreckels, Allen and Irwin  
Sites Are Discussed as  
Possibilities

Urging the people of Honolulu to  
give active and earnest consideration  
to the matter of a federal building  
site, because of the fact that definite  
action soon is necessary, President W.  
R. Farrington of the Merchants' Asso-  
ciation said today:

"As president of the Merchants' As-  
sociation I want to call the attention  
of the people of this city to the fact  
that the federal building site is a live  
issue.  
"Honolulu citizens will soon be  
called upon to make up their minds  
on what they want, after gaining a  
more or less definite statement on  
what they can get. The proposition  
is stewing in limited circles at the  
present time. I believe the discussion  
should be general.  
"The only concrete thing we have  
at the present day is that there is a  
blockade and a very complete one on  
the federal building site.  
"But there is a desire for action.  
This desire is really taking shape in  
Washington, and will soon be more  
in evidence locally.  
"In my opinion, our people should  
have the subject under serious con-  
sideration so that there can be a  
greater degree of unanimity between  
the federal government and the com-  
munity than has hitherto prevailed. I  
refer to the conflict between local  
opinion and the decision of the archi-  
tect's office regarding the proper size  
of the lot. As a matter of fact, that  
is what has held up the whole propo-  
sition from the start.  
"The federal building site question  
is now in the hands of United States  
District Attorney McCarn. He is rep-  
resenting the treasury department in  
its effort to reach a conclusion.  
"Hawaii is absolutely without rep-  
resentation in Washington.  
"It is already known that Mr. Mc-  
Carn has reported to the government  
that certainly no more money should  
be paid than was awarded under the  
judgments for the site extension. I  
put it in this way because Mr. McCarn  
has said that he has not reported to  
the government that the prices for the  
property constituted a 'hold-up,' as

(Continued on page three)

## ANTI-SALOON LEAGUE AGAINST HOTEL LICENSE

Officers for Fiscal Year Are  
Named at Annual Meeting  
Yesterday Afternoon

Electing officers for the coming  
fiscal year, listening to the agent's  
and treasurer's reports for 1913, and  
commenting briefly on the proposed  
plan of the Pleasanton Hotel to apply  
to the Board of Liquor License Com-  
missioners for a permit to sell liquor,  
the members of the Anti-Saloon  
League of Hawaii held their annual  
meeting at 2:30 o'clock yesterday after-  
noon in the Stangenwald building.

The officers were Rev. D. C. Peters,  
president, reelected; Rev. W. D. Wes-  
tervelt, 1st vice-president, reelected;  
Mrs. Mary Whitney, 2nd vice-presi-  
dent, reelected; Miss Florence Yar-  
row, 3rd vice-president, creating a  
new office; Dr. J. W. Wadman, super-  
intendent; George W. Paly, agent,  
reelected; and C. H. Dickey, treasur-  
er, reelected. The chairman of com-  
mittees chosen were W. A. Bowen,  
entertainment; G. J. Waller, law en-  
forcement; Rev. O. H. Gulick, legal  
protection; C. H. Dickey, legislation;  
Rev. W. D. Westervelt, finance.

In connection with one more pro-  
posed application, the matter was taken  
up concerning the reported inten-  
tion of the Pleasanton Hotel to apply  
to the liquor board for a permit to  
sell liquor, receiving, however, but  
brief attention. In speaking of the  
proposed action of the hotel, George  
W. Paly said this morning that he  
understands the hotel has somewhat  
changed its former plans regarding  
the nature of the license for which he  
says it intends asking.

"As I understand it, the former in-  
tention of the hotel was to ask for a  
permit to serve liquor during the meal  
hours," he said. "Since, I have heard  
that the hotel intends building a sort  
of clubhouse in the yard, where bill-  
iards may be played and liquor se-  
cured. I will not vouch for the  
truth of this rumor, however, but I  
do know that of late several persons  
who signed the petition gotten by the  
hotel have asked to have their names

(Continued on page three)

## PAGE EXPLAINS WORDS; SAYS U. S. OBJECTS TO EUROPEAN AGGRESSION IN NEW WORLD

Ambassador to Great Britain Declares Misunderstanding That  
Caused Senate Action Due to Fact Speech Reported by  
Cable in Too Condensed Form—Gives Speedy Answer to Bryan

(Associated Press Cable)

LONDON, Eng., Mar. 13.—What threatened for a day and a night to  
become an incident of international unpleasantness with perhaps serious  
results has probably passed off with explanations made today by U. S.  
Ambassador Walter H. Page.

Mr. Page today received from Secretary of State Bryan a notification  
by cable that the senate yesterday adopted a resolution calling upon Sec-  
retary of State Bryan to investigate the alleged public remarks of Amba-  
sador Walter H. Page, American representative at the court of St. James,  
made Wednesday night in London before the Associated Chambers of Com-  
merce relative to the Monroe Doctrine and the Panama canal.

Mr. Page had been reported as saying in substance:  
"The United States would prefer that no European governments would  
gain more land in the New World."

The ambassador today declared that the speech had been reported by  
cable in too condensed form, causing a misunderstanding as to his mean-  
ing. He said that he had distinctly stated that "America would object or  
prohibit a European Power from taking territory in the New World."

## More "Inside" Information on Plan to Repeal Canal Tolls Bill

(Associated Press Cable)

WASHINGTON, D. C., March 13.—A new turn was given today to the  
investigation into the Panama canal tolls exemption controversy. The  
activities of Carnegie's international peace endowment organization, in favor  
of a repeal of the tolls exemption provisions, was testified to by the  
foundation's secretary, in a hearing before the senate lobby committee which  
produced some interesting moments.

The secretary admitted that a million copies of a pamphlet urging the  
repeal of the bill have been circulated as well as 715,000 copies of Sena-  
tor Root's speech, which declared that the provisions of the bill exempting  
American shipping from paying the tolls are in contravention of the Hay-  
Pauncefote treaty. He admitted also that there was an allotment of \$25,000  
for the circulation of Panama and Panama canal tolls literature.

## Pearl Harbor Drydock Losses to Be Made Good, Says Hindes

(Associated Press Cable)

SAN FRANCISCO, Cal., Mar. 13.—S. G. Hindes, president of the San  
Francisco Bridge Company, which is interested with the Hawaiian Dredg-  
ing Company in the Pearl Harbor drydock contracts, stated today that he  
expects there will be early reimbursement for the losses suffered by the  
Pearl Harbor contractors through the collapse of the big drydock. He is  
now awaiting a decision of the navy department, which has under con-  
sideration six different plans for resumption of the work and completion of  
the structure.

## Resigns From House of Peers of Japan; Navy Scandals Cause

(Associated Press Cable)

TOKIO, Japan, March 13.—Tsunetsugu Murata, members of the house of  
peers, resigned today, protesting against the attitude of the cabinet in con-  
nection with the naval scandals and the naval appropriations. The house  
of peers today reduced the naval construction appropriation by \$15,000,000,  
making a total of \$45,000,000 to be spent during the next five years on new  
battleship and other construction. The vote was 240 to 44.

## Fairbanks Talks for Peace

(Associated Press Cable)

LONG BEACH, Cal., March 13.—Charles Warren Fairbanks, former  
vice-president, in a speech before the local Y. M. C. A., today told a large  
audience that war with Japan is impossible, that the coming years will  
only cement stronger the bonds of international friendship and the cordial  
relations between the two countries.

## Dynamiters Appeal to Wilson

INDIANAPOLIS, Ind., March 13.—More than twenty labor union men,  
many of them high officials, among those convicted of criminal conspiracy  
in connection with the dynamiting cases, have prepared applications for  
pardons, to be presented to President Wilson. Recently the supreme court  
denied them retrials.

## Many Wrecks in Wild Hurricane

MELILLA, Morocco, March 13.—As a result of a fierce hurricane off  
the Moroccan coast, five steamers and 38 sailing vessels have been wreck-  
ed. All the larger vessels have put to sea to avoid being driven ashore by  
the violent winds.

## Mexicans Now Want To be Free

SAN ANTONIO, Tex., March 13.—Writs of habeas corpus have been  
asked of the federal court on behalf of Gen. Mercado and 3800 federal sol-  
diers held at Fort Bliss. They are part of the remnants of the federalists  
defeated at Ojinaga and driven across the border, being then held under  
guard at Fort Bliss for technical infraction of the neutrality laws.

## U. S. Express Co. Dissolves

NEW YORK, N. Y., March 13.—Largely as a result of federal action  
through the interstate commerce commission and completed or proposed leg-  
islation, the United States Express Company has dissolved, the directors  
passing resolutions of formal dissolution today. The company is liquidat-  
ing its assets.

(Additional cable on page twelve)

## ACTION OF CHARITIES MEETS WITH APPROVAL OF CIVIC FEDERATION

At the meeting yesterday afternoon  
of the Civic Federation, the members  
voted to approve the action taken by  
the Associated Charities in setting  
aside for two weeks the federation's  
proposition of putting the unemployed  
on Honolulu to work in clearing the  
tract of land along the Nuuanu  
stream known as the Liliuokalani  
Gardens. The board of directors of  
the charities, while it favors the plan, and A. D. Larned,

recently decided to table it for fur-  
ther consideration until the governor  
submits his opinion on the present  
employment situation.

J. M. McChesney, president of the  
federation, was authorized to fill the  
position on the executive committee  
left vacant by the resignations of Vic-  
tor Clark and Edgar Wood. Progress  
was reported on the Liliuokalani  
tract and A. K. Ozawa was elected a  
member of the organization. Present  
at the meeting were J. M. McChes-  
ney, C. K. Al, A. G. Smith, A. E.  
Cook, David Kaupua, C. H. Dickey  
and A. D. Larned.

## LIGHTHOUSE INSPECTOR DECLARES HILONIAN ACCIDENT NOT DUE TO ANY FAILURE OF U.S. DEPARTMENT

In Letter to This Paper Makes  
Plain Status of Buoys and  
Attitude of Captains

DEPARTMENT OF COMMERCE AND  
LABOR.

Lighthouse Establishment.  
Honolulu, March 13, 1914.  
Editor, Honolulu Star-Bulletin.  
It is noted that the Honolulu Star-Bulletin of March 12, 1914, states that the S.S. Hilonian ran aground at 8:30 on the night of March 11, 1914, on a shoal in Hilo bay.

I do not know who is responsible for this write-up but note the statement that a buoy on the Puni side of Hilo bay had been moved 60 feet further in towards the reef together with a statement that a failure to notify Captain Nelson of this change is held responsible for the accident.

As it appears to me that these statements have been made to exonerate the captain with reflections on the U. S. lighthouse service, I, as lighthouse inspector of the 19th lighthouse district, wish to set forth the exact details in connection with this shoal and the buoys guarding same.

The Alaskan touched on this shoal on May 5, 1913, as was later learned, but failed to report it to the local steamboat inspection service or to the lighthouse inspector. The Wilhelmina touched on this shoal on the night of July 13, 1912, which fact was reported the following day by its master to the local steamboat inspection service and to the lighthouse inspector. On the same day Captain Mosher, harbor-master at Hilo, and also lighthouse employee, to furnish me with such details of this incident as he may have in hand. Upon the receipt of this information if there are any indications that any buoys have shifted or other facts explaining the situation a further statement will be made.

I would be glad to have you print such portions of this letter as you may deem fit. Respectfully,  
A. E. ARLEDGE,  
Inspector, 19th Lighthouse District.

Departing from the usual line of shipments for ports in the Hawaiian Islands the American-Hawaiian steamer Virginia, now in command of Captain P. S. Ryer came to a berth at pier 19 today bringing a consignment of livestock including cattle, horses and hogs.

Captain E. Anderson, who has been a familiar figure in island shipping while identified with the A. H. line has left the Virginia and is expected to return to the Nevada, one of the vessels operated from Salina Cruz to points along the Pacific coast of the United States.

Captain Anderson was transferred from the Nevada to the Virginia some months ago. The skipper and his wife, who was a popular island girl, are well known to local society.

Captain Ryer reported a fine trip down from the Sound, where the Virginian completed a large cargo of feed stuffs, forage and baled hay, flour and general merchandise. Several thousand tons of freight were transhipped to the Virginian at the isthmus of Tehuantepec. Shipments of sugar totaling about 12,000 tons await this vessel at Port Allen, Kahului and Hilo. The Virginian will remain in port until the early part of the coming week.

Flourance Ward for Midway Only.  
To proceed to Midway Island only with supplies for the staff of the Commercial Pacific Cable Company stationed there, the schooner Flourance Ward is now being cleaned and repainted on the marine railway. The work is expected to be completed within a few days. With the British steamer Kestrel in commission that vessel now on a cruise to Fanning and Washington islands will continue to take care of the business in the South Pacific as it has done for many months past.

Brought Sugar and Cattle.  
With a full shipment of sugar and 70 head of cattle from Hawaii ports, the Inter-Island steamer Maui is an arrival at the port. This vessel met with some rain in steaming across the channel. The vessel is listed for a quick dispatch to Hawaii to gather sugar for transshipment to steamers departing from Honolulu to the coast.

Mail dispatched for the mainland in the Japanese liner Shinyo Maru on March 6, arrived at San Francisco yesterday morning according to cables received here.

U. S. A. T. THOMAS sails for Manila at noon Saturday.

## INTER-ISLAND INVESTIGATION IS ON TODAY

(Continued from page one)

by others than the commission or commissioners on the matter so submitted. Objections or comments thereon will be heard and received from any person desiring to make such comments or objections, and after the company has been afforded an opportunity to be heard thereon, will be considered in other data procured in such investigation.

"The commissioners, or any one of them, may at any time during any such investigation, take such measures as he may deem necessary to procure further data and information to be submitted at any public meeting held in this cause."

At the conclusion of the session this afternoon, the following assignments of work will be made to the members of the commission:

Chairman E. A. Mott-Smith will take up the finances of the company in detail and its income, expenditure, depreciation and other accounts, and prepare data for submission at the next public meeting and verifying data submitted at the meeting this afternoon.

Commissioner A. J. Gignoux will take up the matter of storage of freight in Honolulu and the measures for relief of congestion on steamer sailing days, preparing data and information for submission at the next public hearing.

Commissioner J. N. S. Williams, who will arrive in Honolulu from Hilo next week, will take up the physical valuation of the company's plant, and the working hours and wages of its employees, preparing data for submission at the next public hearing.

"The order of procedure laid down by the commission will benefit both the company and the commission in that an understanding will be arrived at concerning the lines of work," said Chairman Mott-Smith this morning in discussing the several matters which are to come up in the hearing this afternoon. "It means that the proceedings, not having been brought about on general complaint, will differ from the method which would be followed in case a complaint had been made. In other words, it is not a trial, which would be the case if a complaint were filed, and wherein there would be opposing parties, cross-examination and all the other incidents of a trial."

"This is an investigation by the commission on its own motion," he continued. "So that this order of procedure goes to make things quite clear, principally that the company will not be subject to cross-examination by others than members of the commission. The commission will conduct its own investigation. If a complaint is filed, however, during this investigation, it will be assigned a special hearing and will proceed along the lines of a trial. In case any person desires to make a statement in this investigation, the company will not be allowed to cross-examine that person but will have the opportunity of making a statement in reply. In that case, any examination will be conducted by the commission and not by the company or the person making the complaint."

Mr. Mott-Smith went on to say that the meeting this afternoon will bring out the offices held by the witnesses, the general nature of the business carried on by the company—both utility and other business. The commission proposes to go into the aggregate values of the part used in the utilities part of the business, and the methods by which these values are figured by the company. It also will go into the methods—not figures, necessarily—of figuring depreciation, construction, repairs, emergencies, moorings and other accounts. These figures will bring out the aggregate figures for the purpose of establishing the commission's records. Subsequently, one of the commissioners will make an investigation of the details for the purpose of verification.

From the fact that the Inter-Island has buildings, shops, etc., the commission will attempt to segregate the portion of these which may be charged to the utility part of the business. It also will be determined as to the manner in which the company treats this subject. The commission now is prepared to take up the matter of the company's gross income and expenditures of the utilities part of its business, the details of which will be investigated later. This involves the entire book accounts of the company. The subsequent investigation also involves a number of justifiable expenditures.

The commission will take up the number of vessels the company has, how many are actively engaged and how many are not engaged and why. An extensive comparison will be made of the business done in 1912 and 1913 in order that the definite conclusion of the commission may be based not on one year alone, but on an average of years. The scale of wages of employees will be taken up, and to complete the record a list of officers and a copy of the articles of association and messenger and freight tariffs will be secured.

The commission will endeavor to complete this work this afternoon and secure as concise a statement as possible to go on record.

After the discharge of a general cargo including a quantity of lumber, the schooner Honolulu has sailed from Hana, Maui, with destination as San Francisco.

The schooner J. M. Griffith laden with lumber and general cargo, sailed from San Francisco 19 days ago with destination as Honolulu.

## LOCAL AND GENERAL

The territorial board of health is to hold a meeting at 3:30 o'clock this afternoon at the office of Dr. J. S. B. Pratt.

On the ground of desertion and statutory offenses Albert Kupe has been granted a divorce by Circuit Judge Whitney from Mary Kupe.

The members of Kaahumanu Society are requested to be at the Kawaiahua church grounds next Tuesday, at 3:30 p. m., with Leiuhulu's and badges.

The large draft of recruits for the 1st, 2d and 25th Infantry, that arrived on the Thomas yesterday, were taken to their respective organizations today.

The officers and ladies of the 1st and 25th Infantry are giving a reception and dance in honor of General Edwards at Schofield Barracks tonight.

The final accounts of Mrs. Rosa, guardian of William L. Rosa, now of age, were approved by Judge Whitney today and the guardian discharged, her bond being cancelled.

Alleging desertion and non-support Augusta DeCotto Lima has filed a petition in circuit court asking a divorce from Frank Cabral Lima. She also asks the custody of the two minor children.

Circuit Judge Whitney today issued a decree in land court authorizing the registration of title of the Hawaiian Trust Company, trustee under the will and of the estate of George Galbraith, to 2305.4 acres of land at Wahiawa, estimated to be worth \$105,000.

Alleging non-support Cora Blaisdell MacElwee has filed a petition in circuit court asking a divorce from Walter MacElwee and the custody of the minor child, Stanley Walter Blaisdell. The couple were married October 16, 1911.

Under the direction of the superintendent of public works, a new sewer is being laid on Houghtaling road, to improve the sanitary condition of that neighborhood, in accordance with recommendations of the board of health. The work is being done by a gang of territorial prisoners.

The \$3000 damage suit of Ah Kwai Yee Wo against the Alexander Young Building Company which followed an accident in the elevator of the Young hotel wherein the Chinese merchant's son was killed, has finally been settled. A jury in Judge Cooper's division of circuit court gave judgment for the plaintiff and the defendant company appealed to the supreme court, but the Chinaman, through his counsel today formally acknowledged satisfaction of the judgment.

## Morning on CHANGE

Oahu Sugar showed the only change in price this morning in the sales made either during the session or between the boards. Sixteen shares were sold of it, in two blocks, at 11, a decline of two points from its former sale. Ewa was the only stock dealt in at the session. It did not develop a new figure. Twenty-five shares of it changed hands at 15, and five more shares sold between boards at the same figure. Pines stayed at 36. Seventy-nine shares were dealt in, all at 36. Mutual Telephone stayed at 16.75, 50 shares being sold; Olan at 1, 25 shares being sold.

## SALESMANSHIP COURSE STARTS TONIGHT AT 'Y'

The first-class in salesmanship, a feature recently launched in the educational department of the Young Men's Christian Association, will be held at 8 o'clock this evening at the association. The meeting will include three addresses as follows: "The Difference," by Paul Super; "What Is a Salesman?" by Emil Berndt, and "About the Course," by J. T. Warren, who will have charge of the source in scientific selling. Those who have not enrolled, but intend doing so, are invited to attend tonight. The course will consist of 20 lessons.

For the purpose of making an inspection of the several islands, rocks and reefs lying to the north and westward of the Hawaiian Islands, and now included in the United States bird reservation, the United States revenue cutter Thetis will depart for an extended cruise. It has been more than a year since the Thetis visited Bird, Laysan, Necker and Hermes reefs, her officers making inquiry regarding the possible depredations from poachers. A quantity of coal has been going into the bunkers of the revenue cutter today. Provisions and other supplies will complete preparations for steaming to the islands.

Ship Chilcott Makes Port  
Reporting fine weather during a 15-day passage from Gaviota to Honolulu, Captain C. O. Anderson, master of the American ship Marion Chilcott, brought his command to a berth at Pier 17 today, the vessel bringing 15,000 barrels of fuel oil to the order of the local branch of the Associated Oil Company. The Chilcott also brought 200 drums of distillate and 200 drums of gasoline. The vessel is to be given a quick dispatch for the Coast, the oil to be discharged at Honolulu, none being intended for outside ports.

## POLICE SIFTINGS

Two Hawaiians were this morning placed under arrest, it being charged that they were catching fish off Diamond Head by the means of dynamite explosions. Opeka and Lelewa will be called to appear before District Magistrate Monsarrat tomorrow morning.

Coroner Chas. Rose will conduct an inquest over the death of Charles Makolo, the Hawaiian Dredging Company foreman, who was killed on Wednesday afternoon through a premature explosion. He has summoned a jury to appear at police station Monday afternoon.

Police Officer Dankberg, stepped into center of a congested portion of Hotel street this morning and saved hack number 139 from figuring in a complete smashup. The vehicle collided with a milk wagon. Both horses were considerably frightened. The hind wheel of the hack was wrecked.

Business troubles coupled with insanity were found to have been the cause of Wong Heen, a Chinese merchant, aged 52 years, taking his life on Wednesday night by hanging himself from a doorway leading to his apartment on South King street. Deputy Sheriff and Coroner Rose conducted an investigation yesterday afternoon the jury reaching a regulation verdict of death being caused through strangulation. The Chinese is said to have possessed a hallucination that secret enemies were attempting to secure his place of business.

Ili, a Hawaiian, was sent to the reef this morning to spend 30 days, following the testimony of a number of witnesses, who declared that he was a trouble-maker and had been the direct cause of an innocent bystander receiving an ugly slash on the hand with a razor, wielded by W. Williams, a colored soldier. The trouble originated in a River street saloon. Williams claimed that Ili had followed him to another thirteenth parlor and here the soldier was subject to vile threats and a staggering blow across the face. In retaliation with a razor Williams missed his assailant and inflicted injuries on Kaununu.

C. W. Howard, who ended his life by taking carbolic acid, was said to have been a deserter from one of the military organizations on this island at the inquest conducted by Coroner Rose yesterday afternoon. Military authorities stated that in their belief the man was guilty of a far more serious charge. Rather than to face punishment for misconduct, Howard is said to have stated in the presence of Police Officer McDonald that he would not let the military officers place him under arrest and that he possessed a remedy for his troubles. Howard had been a private in Company H, 1st Infantry. Antone Pragas, a witness stated that Howard had in his presence made threats to end his life.

## PERSONALITIES

LIEUT. HAROLD GEIGER, C. A. C., was a returning passenger on the Thomas. Lieutenant Geiger, who has been on leave on the mainland, will continue his aviation work at Fort Kamehameha for the time being.

## DAILY REMINDERS

## SUPERVISORS HOLD LOVE FEAST; THE DATE MAY BE RESPONSIBLE

There was a real peaceful meeting here to work, and Walter kukued of the board of supervisors at noon the story, and Pacheco intimated that today. Whether the supervisors' path was not in favor of the pedestrian off their fights because today nap-sections of the new traffic law. Yet pens to be Friday, the 13th, or he nothing warlike happened—though the cause they are tired of fighting the minority faction were in majority at same fights is not easy to say. How the meeting? Supervisors Cox and ever, they didn't do much more than McClellan being absent. Supervisors pass a few payrolls. Supervisor Pat-Pacheco, Walter and Hardesty had told a story of an unemployed in the situation in their hands. But they migrant laborer, who got sick when didn't do anything. Maybe it war job was offered him so he wouldn't because it was Friday, the 13th.

## GOVERNOR REFUSES PARDONS TO PAIR SERVING TERMS

Sustaining the recommendation of the board of prison inspectors and the attorney-general, Governor Pinkham has denied the petitions for pardon presented on behalf of Fugisaki Matsutaro and Funakoshi Tatsugoro, Japanese, who were sent up from Hilo about 10 years ago on long terms for their share in the famous so-called Funakoshi murders.

Several other Japanese were sentenced for the same series of crimes but it is understood all have been released and sent back to Japan save these two. Funakoshi was given an opportunity to obtain his discharge on the same condition last year but refused to accept it, declining to leave the islands. He is under a 30-year sentence and is said to be suffering from an abscess of the liver.

The crimes in which they were involved were particularly atrocious, and while there appears to be some doubt concerning Matsutaro's guilt on the charge for which he is serving term, the court records show that he was convicted previously for a cold-blooded murder at Olan, Hawaii. He was imprisoned for that crime, but was pardoned and had returned to his former haunts a short time before the murder occurred in which he is said to have been actively interested and for which he was again convicted and sentenced.

## E. R. HENDRY WILL REMAIN IN OFFICE. IS LATEST REPORT

It is reliably reported that no change is to be made for some time to come in the United States marshal's office here. Asked this morning if he had sent forward to Washington any recommendations for the appointment of a United States marshal, District Attorney Jeff McCann admitted he had been in communication with the attorney-general on the subject, but declined to say what nature the exchange of correspondence had assumed.

It is understood, however, that despite his affiliation with the Republican party, the incumbent, E. R. Hendry, may not be molested, chiefly for the reason that his administration of affairs in the department has been highly efficient. At any rate no action is anticipated at Washington on this matter for an indefinite period.

No word has been received from the schooner Camano, lumber laden, which sailed from Port Ludlow for Hilo a month ago. The vessel is now due at the Hawaii port.

The Kosmos line freighter Menes, with 9,000 tons of cargo from Europe and South American ports, is reported nearing the port and due to arrive daily. Much of the freight consists of nitrates.

## H. LEWIS REFUSES TO MAKE STATEMENT WHEN QUESTIONED BY M'DUFFIE

With sums of money deposited in several local banking institutions, H. Lewis, colored, private in Company K, 25th Infantry, identified by three local chauffeurs as the man who, at the point of a gun, held them up in a lonely spot near Moanaua on Wednesday night, is now declared to have done a thriving business, and is believed to have figured in at least four other acts of lawlessness that have been brought to the attention of the police within the past two months.

Lewis was called before Captain of Detectives McDuffie this morning, though he stoutly refused to make any statement concerning the serious allegations.

It was brought to the attention of the officers today that Lewis and several companions among colored enlisted men have been making extensive deposits at local banks. Situated at a gulch near the military reservation is said to be a cache believed to contain much plunder. Sergeant Kellett and Officer Swift of the detective department and police officers Enright and Gundersen paid a visit to Lellehua yesterday afternoon in company with Silva, Nakai and Ho Lim, who reported the loss of sums of money through threats made by a colored enlisted man. The chauffeurs were separately brought forward to pick out their man from among a delegation of more than 40 colored soldiers. Each designated Lewis as the man who flourished the gun and demanded and received their wealth. Lewis was brought to Honolulu, while his effects at the military post were examined and later a gun, a black mask and a gold watch were found.

The missing car 1449, which had been driven by Ho Lim, was late yesterday afternoon recovered in the rear of a row of officers' quarters at Lellehua.

## YOUNG HOTEL FAILS TO PROSECUTE WOMEN

Rudolph Heydenreich, manager of the Alexander Young cafe and rathskeller, from which establishment much valuable silverware, table linen and other articles was reported missing, stated at district court this morning that through instructions from Theodore B. Thiele, the management refused to institute prosecution of a Russian woman named Tskalanoff, in whose possession a quantity of silver bearing the hotel mark was found by Captain of Detectives McDuffie.

Heydenreich offered the statement this morning that it had been brought to the attention of the management that the woman under arrest and brought before the lower court for trial, was a widow and had three small children depending upon her for support.

"We are quite satisfied at the return of the property," commented Heydenreich in leaving the court room this morning.

## What Is It?

The usual cup of coffee contains about 21-2 grains of caffeine, a drug which often produces aches, ails and discomfort; but the habit can be quickly overcome by using well-made Postum.

One of the most pleasing features of this change from coffee to Postum is the total absence of a sense of something missed.

But more important is that "good all over" feeling of returning health; and it's the finest trade possible to quit coffee and get well.

Postum, made of prime wheat and a small per cent of New Orleans molasses, is a pure food-drink. It is wholesome and nourishing; and has a delicious, snappy flavor resembling that of Old Gov't Java, but is entirely free from the coffee drug, caffeine.

Anyone can make a stand for the old-fashioned fun that comes with health and the power to "do things." Suppose you try it!

## "There's a Reason" for POSTUM

Postum now comes in two forms:  
Regular Postum—must be boiled 15 to 20 minutes.  
Instant Postum—is a soluble powder. A scant teaspoonful stirred in a cup of hot water dissolves instantly.

The convenience of Instant Postum is apparent. But, when prepared according to directions, both kinds are exactly the same. The cost per cup is about equal.

—Grocers everywhere sell both kinds.

## CONCEALING OPIUM IS CHARGED AGAINST TWO

Frank Lopez, a Spaniard who has been a fireman on the steamer Wilhelmina for six years, was arrested by the U. S. Marshall's office this morning on a warrant sworn to by U. S. District Attorney Jeff McCann charging him with concealing opium.

It is stated the charge is the outgrowth of the arrest of Gabriel Colado, another Spaniard, last Wednesday afternoon, who then declared Lopez had given him \$675 to purchase opium; that he had obtained the drug and in turn had placed it in the hands of a Chinaman for sale. He said that when he went back later to collect, the Chinaman refused to pay him, declaring he had received no opium.

Lopez denies the accusation, averring he gave Colado \$675 to purchase a restaurant. He asserts several other firemen on the Wilhelmina witnessed the transaction. Both men will be held until the return of these alleged witnesses, who are due on the Wilhelmina March 17.

Friday, the 13th, possessed few terrors for local waterfronters, with no arrivals or departures at the port save inter-island steamers.

## NECESSITY OF ECONOMY IS APPARENT

(Continued from page one)

"skinning" will begin in 1916 or 1917. Richard Ivers took a little different view from that of Mr. Tenney. "We are in a position of the man who has the bull by the tail," he said. "We would like to let go but can't."

"The 'skinning' of a plantation means practically total loss," he continued. "Even the suspending of operations is most disastrous, because of the loss through depreciation. A few years out of cultivation, and fields are hopelessly grown up with weeds, quarters go to pieces—in fact everything goes to ruin."

And Mr. Ivers further declared that he does not expect any escape from free sugar, or the return to power of the Republican party in the next national elections. His visit to the coast, he said, had shown him that the Republican party factions are as far apart as ever, and until they get together he doesn't think it possible that the Democrats will lose control. He has some hope, however, he intimated, that the strength of the beet sugar interests will be sufficient to obtain some measure of protection to the sugar industry.

Replying to a question, Mr. Ivers said that he looked for low prices for the next few years regardless of the effect of the tariff, owing to the big areas planted to sugar in Cuba. A larger consumption of the commodity may result from the cheaper prices.

Mr. Ivers expressed the opinion that the sugar men do not wish to appeal to the courts in regard to their taxes this year. The chief reason for this, he held, is that such a fight would compel attention to the extreme seriousness of the situation, and the publicity would embarrass them in borrowing on the coast in case of necessity. "Nobody on the coast mainland," he said, "takes seriously the idea that we are in danger of being put out of business. They are all sure that we can keep right on making sugar regardless of prices."

Mr. Ivers approved the suggestion of the board with reference to having the time for fixing the tax rates changed to come after the tax returns are in. He said he believed it would bring home to taxpayers not in the sugar business a fuller realization of their duties towards good government, and a more businesslike administration would result.

No action was taken on the matter of changing the valuations of either the Castle & Cooke or the Brewer & Company properties, but for the Schaefer & Company plantations, a slight reduction on the figures set by the board was agreed to. For Brewer & Company properties, Mr. Ivers expressed a willingness to have the assessment raised for a number of the plantations, on condition that certain others are allowed to stand according to the returns.

## ATTORNEY THOMPSON MAY ENTER OFFICE OF U. S. ATTORNEY

U. S. District Attorney Jeff McCann announced today that he expects to make arrangements in the near future whereby Attorney J. W. Thompson, the new arrival from Nashville, Tenn., will be taken in as his assistant in the federal office. The latter has formally declared his intention of becoming a citizen of the territory and McCann learned this morning that it will be possible to take Thompson into the federal office without materially interfering with the latter's private business in Attorney A. S. Humphreys' office.

Thompson came here under contract to enter Humphreys' office, and therefore was under no obligation to the district attorney or the government. But it is stated he will keep his original promise to become the district attorney's assistant, just as soon as he is able to qualify as a resident of the islands.

## ANTI-SALOON LEAGUE AGAINST HOTEL LICENSE

(Continued from page one)

dropped from the list and have signed the Anti-Saloon League petition. As to the change in the hotel's plans, I received the information this morning from trustees of the Oahu College.

When asked today regarding the rumored changes in the hotel's plans, E. G. Dulsenberg, manager of the Pleasanton Hotel, said:

"I do not wish to make any statement at this time in reference to the matter. The Pleasanton Hotel has not yet applied for a license. If it applies for any license at all, it will be a second-class one."

The 1913 reports of the agent and treasurer of the league were presented and accepted, the latter showing the organization to be in excellent financial condition. The report of the agent is as follows:

Club Licenses. "There have been two club licenses issued during the year: one to the Spanish War Veterans, corner of Merchant and Alakea streets, and one to the Loyal Order of Moose, corner of Port and Beretania streets. Applications were made for two others: one by the colored regiment, which was to be located on King near the Kailua Hotel. This the treasurer did not consider a bona fide club and refused to grant the license. They moved to Beretania street near the Queen's hospital and they were again refused a license. A club license was asked for the artillery company at Fort Ruger, to be located 1000 feet from the fort. This was also denied by the treasurer on the grounds that it was not a bona fide club. The club license is a serious problem for our future consideration."

"Since June 30th, there has been but one retail license granted, and there has been but one wholesale license granted since then. The one granted was for the sale of beer only and granted to Clifford Kimball at Wahiawa, near the military reservation. The railroad officials caused the lessee to put a tunnel under the railroad track between the post and the saloon also to put a fence from the saloon to the tunnel which reminds one of a rabbit drive. There are at the present time two applications for licenses pending, one for the Pleasanton hotel and the other for Watertown. The one at Watertown is an application similar to that of Clifford Kimball's; the argument is used that if Kimball has a right to establish a saloon to cater to the enlisted men of the army, the same privilege should be granted the applicant to establish himself near an army reservation. It can easily be seen that this line of argument will undo all that the league has done for the soldiers and establish saloons just outside of all the reservations. The application for a hotel license for the Pleasanton, situated as it is in the residence section and in close proximity to the Oahu college, has aroused some opposition, and we hope this license may not be granted. The league is always at a disadvantage in the matter of getting signatures because the applicant does not usually notify the league and it is impossible to find out at once when they begin to canvass the district; and then it is difficult because this league is not equipped as it ought to be with members who would be glad to take up the work; and it is hard to employ suitable men to do work of this kind. At present there are 30 saloon licenses, 20 wholesale, five hotel and three restaurant licenses on this island."

Licenses Commission. "The Honolulu Liquor License Commission has been handicapped for a long time by being one member short. Mr. Wadman and the agent called on the governor some time ago and recommended for his consideration the names of W. L. Hopper and Robert Anderson as candidates for the commission. We as a league appreciate the efficient and impartial manner in which the commission has attended to its arduous and thankless task of trying to be just to all sides of the question. The present commission has our confidence and gratitude for courtesies shown during the past year, as shown by its willingness to hear our side of the case fully. There has been an average of two regular meetings a month, besides several executive sessions. It calls for some patriotism to serve as a commissioner without pay."

Lincoln-Lee Legion. "In November the league took up the Lincoln-Lee pledge campaign and wrote about 60 letters to different islands and sent out 3000 pledges and altogether 120 pounds of mail matter from the office. We have 1200 signed pledges and there is a constant demand for more. Mr. Wadman's campaign is stirring up interest in this line and wherever he goes it creates a demand for pledge cards. We have just received a thousand more and more than one-fourth of them have already been sent out. The Korean Epworth League has just asked for 100, the Hilo boarding school is doing good work in this line. The Lincoln-Lee legion and the Good Templars made a slight beginning in the line of pub-

## URGES PEOPLE TO SETTLE UPON A FEDERAL SITE

(Continued from page one)

stated in some of the reports from Washington. I consider that the 'hold-up' wording was merely the correspondent's way of putting it.

"In my opinion, Mr. McCann is going to the proposition on the theory of saving the government money. And no one can find a word of fault with that. And there is always room for argument as to which course will eventually be the greater saving."

"Mr. McCann, as has already been published, has interviewed the attorneys of those interested in the judgments given by the court and he finds no disposition to accept a shading of the judgments in order that the whole may come within the appropriation of \$450,000 available for the building site."

"As indicated by Mr. McCann and the letter of Secretary Deha received by the Merchants' Association the other day, there is \$450,000 to satisfy awards and interest payments totaling approximately \$515,000. I do not know whether those interested in the awards have been asked to waive interest."

"At all events there is not enough money to pay the judgments, and the interest."

"There is a generally listless attitude toward the whole matter locally, as many have come to the conclusion that the whole situation is hopeless, first on account of the government's delay, and second on account of the probable differences of opinion if any change should be made in the location of the building."

"In the meantime, Mr. McCann has apparently done the most natural thing on earth, namely, cast about to learn if there are other sites which could be obtained for the amount of money available in the site appropriation."

"I have not seen Mr. McCann for several days, but I have learned from other sources that other sites have been presented to him as available."

"Among these are the Spreckels site, the block bounded by Merchant, Bishop, Queen and Alakea streets; the Allen site, the block bounded by Alakea, King, Richards and a prospective street running through to Alakea from the Richards street entrance to the Capitol; and the Irwin or Opera house site. Any one of these would undoubtedly be available for a figure probably less than the \$450,000 appropriation. In addition to these is a proposal to acquire a portion of the block opposite the Mahuka site on Bishop street and have the federal building divided but connected by an artistic bridge on the various stories, similar to the scheme followed in some of the great buildings of the mainland and in Europe."

"Then there is the view that the government should put up its building on the original Mahuka site, the claim being that the extension and consequent delay is the result of a mere architect's whim, fostered by arguments presented assiduously during a trip to the Coast."

"Again, it is set forth that the government should pay the judgments as far as the appropriation will go; take over the property and go ahead on the theory that the remainder of the property can be easily taken care of. I presume that everyone understands by this time that the judgment on the Cummins property lapses the latter part of this month or the first of April."

"This is a brief summary of the situation as presented today. 'Sooner or later there will be public meetings called and arguments presented, and possibly a fight. I hope there will be no fight.'

"Of one thing I am certain, the people of this city should be making up their minds on this subject, so that when a public meeting is called, the result will not be weakened by hasty consideration and snap judgment. That's been the source of half our troubles in public affairs. The many slow a few to do their thinking for them. Then, when it comes to action, their conclusions are based on incomplete information."

"The directors of the Merchants' Association have been discussing the federal building site for some time. A good share of them believe we should go ahead and carry the original Mahuka site building through. Apparently this does not meet with favor in official circles."

"What we can do, as adapted to what we would like to do, is the form in which the federal building site question is now before the people of this city."

"We need the building. I guess everyone will say 'Aye' to that."

## IRWIN OF HILO IS WELL BACKED FOR APPOINTMENT

### Democrats See Good Chance for Him as Attorney-general

Rumor persistently centered yesterday and today around the name of Harry Irwin of Hilo as prospective attorney-general. With the appointment of Attorney-general Thayer to succeed E. A. Mott-Smith as secretary of the territory, evidence has been given on the part of the national administration of intention to settle Hawaiian matters expeditiously, and it is considered certain that within the next two weeks a good many political plums will be falling from the Democratic tree.

Governor Pinkham has given no definite indication of his intentions regarding the attorney-generalship and all the information is coming from other sources. Some of those close to the situation believe that he will favor Irwin for the position.

Deputy Attorney-general Arthur G. Smith is a receptive candidate for the position, but though he has had considerable experience in the office and is in touch with its affairs on hand, the fact that he isn't a Democrat militates against his chances of being named.

On behalf of Harry Irwin it is pointed out that he is at least as capable as any other man so far mentioned for the position, and that if he were named the territorial administration would have shown its readiness to recognize the Democracy of other islands besides Oahu. Irwin has much backing for the position and many friends who think he will make a keen and capable attorney-general. The political phase of the matter is one of the strongest influences at work.

Secretary Mott-Smith was as happy this morning as a boy let out of school for a summer vacation. He has been trying to get out of the secretary's office for three years and has finally succeeded. He says that he will adhere rigidly to his determination to quit office on March 15, regardless of whether Mr. Thayer is ready to step into the vacancy at that time.

"I hope he is, but if he isn't, I'm certainly going to step out," declared Mr. Mott-Smith today. "The work of the public utilities commission demands my whole time and the secretary's office will keep going even if there is a temporary vacancy."

One report today around the capital building connected the name of Judge A. A. Wilder with the attorney-generalship, but this report was not given much credence.

sociation have been discussing the federal building site for some time. A good share of them believe we should go ahead and carry the original Mahuka site building through. Apparently this does not meet with favor in official circles."

"What we can do, as adapted to what we would like to do, is the form in which the federal building site question is now before the people of this city."

"We need the building. I guess everyone will say 'Aye' to that."

An employer of help is always will-

ing to offer his hand to an applicant who has the good taste to appear in an ALFRED BENJAMIN suit. Such taste constitutes a strong recommendation for the man who wants a good job.

## If you haven't a phone—

You have to come to town for every little errand — instead of comfortably ringing up the merchant and ordering things delivered.

You have to go perhaps long, tiresome distances to make a call — instead of comfortably ringing up your friend and having a nice, gossip chat without discomfort to either of you.

You, as a Wife, can't be easily notified if Husband decides to stay in town for dinner. With a phone you may know almost as soon as he does, and perhaps save yourself considerable work and bother.

Husband can't quickly inform you that he has unexpectedly secured good seats for opera, etc. With a phone in the house you could know this fact early enough to get a particular gown perhaps altered, etc., without fuss or hurry.

There are a few reasons why you should have a phone. We can give many other reasons. Ask us about the low cost of being in constant communication with rest of the city.

EDITOR

FRIDAY MARCH 13, 1914

He who believes in nobody knows that he himself is not to be trusted.—Montague.

## THE FUTURE WILL TELL

The supporters of Watson and Wilder and the supporters of Quarles and Ashford for the supreme bench have "broke even," in the expressive vernacular. Each side should now be satisfied, or if not satisfied, should contain itself in silence, as partisan opposition is not only useless but will further hamper the progress of the territorial administration. It may have been unfortunate for Judge Wilder that he talked so frankly to Attorney-general McReynolds, but he talked in a good cause—that of hastening action on the judiciary appointments.

It appears that the senate has confirmed the nomination of E. M. Watson for associate justice without waiting for that batch of protests which, political circles remember, went on by mail a few days ago and which was to put an end to all thought of Mr. Watson as an occupant of the supreme bench.

Mr. Watson is the first Southern Democrat to hold a place on the territorial supreme bench and will be the youngest man of the three justices. He is 39 years old, born in Mississippi and a graduate of the law department of the University of Mississippi, class of '97. He should be a capable and progressive judge.

Judge Quarles is also a southerner,—born in Kentucky and with a record as attorney and jurist that augurs well for his coming work on the Hawaiian bench.

It must always be regarded as unfortunate that tenure of judicial office in Hawaii has been placed at the mercy of political change. Only the future will tell whether in serving the cause of a new, Democratic administration and new ideas and ideals by changing the complexion of the supreme court, the governor, the attorney-general and the president have moved wisely.

## AN ULTIMATUM FROM THIS END

Secretary Mott-Smith did not overstate the case in his cablegrams and letters to President Wilson and Secretary Lane insisting on his resignation taking effect on March 15.

Territorial government in Hawaii has been suffering from delay in naming the new territorial secretary. Work of the public utilities commission is suffering because Mr. Mott-Smith can give it at best but divided attention. Governor Pinkham must perforce mark time more or less until his right-hand man is in office and the important business of shaping up his organization can be entered upon in reality.

Secretary Mott-Smith waited from March 6 to March 12 for an answer to his cabled communications. No answer, no acknowledgment came to him. It is an open secret that the resignations of the governor and secretary, made on March 4, 1913, were received at Washington without comment or even reply. It is not to be wondered at that Mr. Mott-Smith accompanied his resignation with a gentle ultimatum to the effect that it is finally effective on March 15.

## THE LITERACY TEST AGAIN

If the senate retains the literacy test in the new immigration bill, it will become part of the completed act and will go to the president, for the house is almost sure to stand by its present attitude in favor of the test provisions.

President Wilson's ideas have been variously reported. One senator announced Wilson would oppose the literacy test to the point of vetoing the bill if the test were retained. This was soon after denied. It is pretty certain that Wilson is not an advocate of the test as a means of determining whether or not a would-be immigrant is up to the "desirable" standard.

The test, as we regard it, is unfair and as a means of regulating immigration will be ineffective. President Taft had the courage to veto an immigration bill just before he left office because there was then made an attempt to rush through the literacy provision. President Wilson might well do the same.

## ROUGH ON THE SENATE

It was revolt against the autocratic power of the speaker of the house under the old regime that unseated Uncle Joe Cannon and helped to turn the Republican majority to a minority.

Now there are evidences of revolt against the cumbersome method of doing congressional business. In the "greatest deliberative body in the

world"—to wit, the senate—there came up an instance the other day which illustrates the difficulty of handling legislation speedily on account of the involved rules of senate procedure. Senator Poindexter of Washington introduced a bill authorizing the president to mine coal in Alaska by a reserve and leasing system. The bill was referred to the committee on mines and mining. Next day the chairman of the committee on mines and mining wished to discuss the propriety of so referring the bill. The length of the discussion, as indicated by the Congressional Record, must have been close to an hour and in the end action went over for a day.

Then arose in his wrath Senator Harry Lane of Oregon, one of the newly-hatched members of the upper house, and the Record reports him as having rid his system of the following:

"Mr. President, before that is done I wish to say a word in regard to the method of carrying on the business affairs of the government by committee work and to indorse the position taken by the senator from New York (Mr. Root).

"In my opinion the present method is cumbersome, and will have to be changed, and ought to be changed. I see that it has a great deal of respect and veneration on the part of this body, and it may be entitled to it; but to me it looks a good deal like the sacred bull of India, which goes about eating up all the cabbages of the poor people, and it ought to be kicked on the nose and jarred loose. The method is cumbersome, and, in my opinion, is such that it would bankrupt a barber shop, and it costs the people of this country not less than fifty cents on every dollar that is expended.

"I wish to go on record as saying this, and I thank the Chair for the opportunity of doing so."

Senator Lane evidently has no fear of the venerable and whiskered traditions of the upper house.

## PLENTY OF THEM IN TRAINING

"No person alighting from a street car shall pass in front of the car to the left of the street until after the car has started and passed the crossing," reads a section in a mainland traffic law. Should make good practice for job-chasers, keeping up with this law, as it would call for "some sprinter" to get in front of the car after it had gotten under headway with an "across-the-street" start. Nevertheless, on past performance, Honolulu should be able to furnish a number of politicians with the desired speed.

## A POLITICAL POEM

It's fine to be in Eden, with its apple-trees and all, but how about Hawaii, when the plums begin to fall?

Newspapermen are among the first to rejoice that Wade Warren Thayer has been named secretary of the territory. Like his predecessor, Mott-Smith, he may be relied upon as a source of news.

Judge Wilder didn't tell the attorney-general of the United States to go to Hades. It appears, however, that he did disburse some frank advice about getting busy on Hawaiian appointments.

"The Progressive Party refuses to be under obligations to or be dominated by any man," reads one section of the rules for the party in Hawaii. Has he quarreled with himself?

We hesitate to draw the attention of our morning contemporary to it—but isn't that cartoon of a hula girl welcoming Major-general Carter a trifle *outré*?

"Pass Prosperity Around" is the Progressive slogan, but for practical political purposes give us that sound Democratic doctrine, "Pass Patience Around."

Secretary McAdoo is reported engaged to Eleanor Wilson. Now, Papa Woodrow, how about interlocking directorates?

"This makes the third time I have tried to resign."—Mott-Smith.

Three times and out.

An Oriental vendor around town labels the sides of his wagon "Peanut Wholesale." How familiar!

Now it's time for all the unemployed to get busy knocking the latest Hawaiian appointments.

Secretary Mott-Smith is one office-holder who had to hoist himself out of his own job.

With Robertson, Watson and Quarles aboard, it will certainly be a work-bench.

# Letters TIMELY TOPICS

[The Star-Bulletin invites free and frank discussion in this column on all legitimate subjects of current interest. Communications are constantly received to which no signature is attached. This paper will treat as confidential signatures to letters if the writers so desire, but cannot give space to anonymous communications.]

## OBJECTS TO THEIR "WORK."

Editor Honolulu Star-Bulletin.  
Sir: As a taxpayer of this city I have read with indignation your further expose of how affairs are being conducted in the office of the Honolulu road department. With city work crowding the shelves, how the clerks of this office can have the effrontery to indulge in political letter writing, using time, typewriter and office stationery to work their private schemes, would be beyond the understanding of anyone.

Too cowardly to sign his own name to a letter, he preys on the innocence of his subordinates, using his official authority as a lever to ride behind the signature of another man. It is to be hoped that the board of supervisors will demand the resignation of both Cathcart and Lowe at once.

Respectfully,  
ROBERT LEVY.

## THE JUDICIARY APPOINTMENTS.

Honolulu, March 13, 1914.

Editor Honolulu Star-Bulletin.  
Sir: The report published in the Pacific Commercial Advertiser this morning of an interview with me in regard to the appointment of Judge Quarles for the supreme bench is correct so far as my opinion of his qualifications and character are concerned, but I did not state "I am glad to see the president make such a happy choice, even though there are many other Honoluluans fully qualified for this important and honorable position."

I am not pleased that the president should, under the circumstances, make any appointment to the supreme bench other than to reappoint Justices Perry and DeBolt. To displace two competent, tried and worthy judges simply because they are not members of the political party in power, is, in my opinion, a great mistake and is not consistent with the principles of good government.

The Bar Association, whose members are made up both of Republicans and Democrats, recommended the reappointment of Justices Perry and DeBolt because of their qualifications, worth and long service on the bench.

W. O. SMITH.

# Personal Mention

PHILIP J. WILLET is an arrival in the transport Thomas, coming to Honolulu to take up his duties as navy paymaster with station at Pearl Harbor. He will succeed Paymaster W. B. Izard who has been transferred to a cruiser in the Pacific fleet.

FRANK J. DOUGHERTY, a well-known attaché with the local quarter-master department, returned from a business trip to the mainland as a passenger in the U. S. A. T. Thomas last night. Mr. Dougherty was called to the coast to settle up an estate.

MRS. BESSIE ADAM HOWARD, a prominent musician of Los Angeles, arrived in Honolulu on the Mongolia Wednesday to delve into local color for the purpose of writing a part in a light opera which, as now planned, will combine the music of England, Japan, Spanish-America and Hawaii.

## PACHECO THINKS NEW TRAFFIC ORDINANCE MUCH TOO SEVERE

Strong opposition to the pedestrian sections of the proposed new traffic ordinance was intimated today when the supervisors met at noon for a brief meeting.

Supervisor Pacheco was one to make it known that he is opposed to these sections.

"I think it is too far advanced for Honolulu," he stated. "It provides that persons crossing streets at other places than the regular street crossings do so at their own risk. This may be all right for some other cities, but I feel it is too severe for Honolulu. Consequently I am opposed to it."

A special meeting of the supervisors will be held soon to put the ordinance in shape for introduction.

# OAHU SUGAR COMPANY ASKS CITY TO PAY WATER BILL, SUPERVISORS THREATEN ACTION FOR USE OF LAND

Replying to the demand of the Oahu Sugar Company for \$100 a year for water furnished the Waipahu public school, the board of supervisors this afternoon at a meeting strongly intimated that it will take action against the company for encroaching on the county's right-of-way through the plantation.

Supervisor Wolter claims that the company has taken possession of and has under cultivation a large area of the strip of land owned by the municipality for road purposes. This land, he says, which runs through a part of the plantation, has been encroached on by the company, the result being that many acres of city and county property is bearing cane, planted and harvested by the Oahu Sugar Company.

Wolter declared before the board that the demand of the company was nothing more than a retaliation to the action of the city and county in bringing injunction proceedings against the plantation because of the threatened destruction of the ironwood trees bordering on the road.

"I suggest that we charge the sugar company for all the cane it has grown on the county's property on the sides of the road," advised Wolter. No objection being made by other supervisors to this scheme, Wolter followed his suggestion up by recommending that the demand of the company be referred to the legal department, to the city and county building and plumbing inspector, and to the ways and means committee. This was done.

E. K. Bull, manager of the Oahu Sugar Company, in writing to the board, stated that he would be obliged to charge a yearly fee of \$100 for the water furnished the Waipahu school. "We have supplied," he stated, "water free of charge for the past 17 years, but cannot continue under present conditions."

The Inter-Island steamer Helene, from Mahukona and Kawaihae, has been discharged of 8000 sacks of sugar. This vessel brought 74 head of island cattle for the Honolulu market.

Officers in the steamer Helene, an arrival at the port, state that 3080 sacks of sugar are awaiting shipment at Honokaa. The product is destined for the Pacific Coast by the way of Honolulu.

Passengers and mails dispatched from Honolulu in the Matson Navigation steamer Honolulu on March 3 reached San Francisco at a late hour on Tuesday evening.

The members of the Buckeye Club of Honolulu will hold their annual meeting at 7:30 o'clock Friday evening, March 20, at the residence of Rev. and Mrs. W. D. Westervelt, Kaimuki. All Oklaans in Honolulu are invited to be in attendance.

Mrs. C. F. Ludwigen, daughter of Mr. and Mrs. James McQueen of 827 Young street and formerly a resident of Honolulu, died at her home in San Francisco shortly after 2 o'clock this morning, according to cable information received by her sister, Mrs. George Dyson. Deceased was 23 years old, death having been due to typhoid pneumonia. Besides her parents, Mrs. Ludwigen is survived by

three sisters and four brothers all of whom reside in Honolulu. No arrangements have as yet been made for the funeral.

Any man will tell you his head is worth saving, and yet some men, when they have a headache, will not try to relieve it. One can't be too good to his head; therefore "Shac" should always be taken to relieve such pains as headache and neuralgia. Insist on "Shac"—advertisement.

A meeting of the members of the Promotion Committee will be held in the rooms of the Chamber of Commerce, Stangenwald building, at 3:30 o'clock this afternoon.

## FEBRUARY WAS BUSY MONTH IN PUBLIC LIBRARY

Although the Library of Hawaii was open but 22 days during February, the popularity of that institution is shown from the fact that 6617 books were issued and that 93 persons visited the adult reading room daily, according to the report for the month issued yesterday afternoon by Miss Edna I. Allyn, librarian. Books to the number of 4503 were issued from the adult department and 2114 from the juvenile department, says the report, showing an increase of 2154 over February of last year.

That the traveling library has jumped into immediate prominence is shown by the statement that 509 volumes were sent out last month by that department. During the 12 months previous 1330 volumes were issued, and the number sent out in February was a little more than one-third of the entire year preceding, a fair index of the growth of the work in that department.

In part, the report says: "The registration increased from 4882 to 5102, there being 220 additions. There were 445 who applied to the reference librarians for material on special subjects. From the juvenile department is reported a daily average of 57. There were also weekly visits of the Muriel Kindergarten with 126 attending, making the total library attendance 3373. Eighty-two new books were catalogued which represents only a small part of the work in the catalog room. The revision of the card catalog has been carried forward, and the compiling of material for the April Bulletin has been nearly completed. As the issue is to contain the special short story list, its preparation involved a large amount of research.

"The librarian is pleased to report that with the additional clerical help furnished during February, all the unbound material of the Hawaiian Historical Society has been sorted, arranged, and is now in readiness for binding. Similar work has been done in the main library, and by the end of March it is hoped that all material will be available, or, wherever binding is necessary, the files will be completed and placed in the hands of the binders."

## ANOTHER FIFTY NAMES ADDED TO LIST FOR THE FEDERAL JURYS NOW 300

The following 50 names were added yesterday to the jury box which contains the names of 300 or more prospective jurors for the federal court:

Oahu. Heela.—Edwin Baskerville. Honolulu.—Godfrey F. Affonso, C. H. Cooke, E. F. Bishop, J. R. Galt, Richard Ivers, J. H. Dye, William E. Hughes, E. L. Hutchinson, J. M. Dowsett, A. Gartley, E. A. R. Ross, Bert Y. Lerch, A. C. M. Rasch, E. A. Jacobson, Thomas H. Hughes, J. P. Cooke, Zeno K. Myers, Charles A. Reynolds, Charles G. Bockus, Randolph G. Moore, James L. Holt, Robert F. Clark, Percy T. P. Cleghorn, Frederick Philp.

Kauai.—William John Kruse, Jr., Ke. kaha; Frank Crawford, Lihue; Richard N. Oliver, William James Smith, Waimae; William George Pillar, Wahiawa.

Mau.—S. E. Taylor, Hamakua; Hamilton McCubbin, Lahaina; R. C. Searle, Honolulu; George Edwards, William K. Bailey, Wailuku.

Hawaii.—John Bray, Pahala; Martin Campbell, Kamuela; Charles Martin, Kailua; George Davis, Kamuela; Walter D. Ackerman, Kealahou; John Maguire, Robert McWayne, Kailua; Alfred Higgins, Keauhou; John D. Johnson, William E. Greenwell, John D. Paris, Kealahou; William K. Notley, Paauilo; Sam P. Wood, John Campbell, Kohala; Leon A. De la Nux, Naalehu.

## DEATHS

LUDWIGSEN.—In San Francisco, March 12, 1914, Ethel Frances Ludwigsen, wife of C. F. Ludwigen, age 23 years.

The members of Hawaiian lodge No. 616, B. P. O. E., will meet in their hall on King street at 7:30 o'clock this evening.

## CASTORIA

The Kind You Have Always Bought

Bears the Signature of J. C. Watson

## 'THE OUTLAW' ON MCH. SEVENTEEN

William H. Hutton of the Ad Club quartet, who is scheduled for songs and Irish stories at the Young Erin concert.

George Spaulding of the Spaulding Musical Comedy Company has secured special permission from Burr McIntosh to use that celebrated sketch, "The Outlaw," and, with Miss Wood and James Guilfoyle, will present it at the concert of the Young Erin Society at Ye Liberty theater the night of March 17. This sketch runs 20 minutes and, with its Irish touches, will be one of the big numbers on the program.

The De'Von sisters will each sing separately, attended by the eight peach-brothers, and will also have a dancing turn together. Paisley Noon has a monologue, song and dance stunt. George Chesebro and Miss Audelle will put on a song and dance that is bound to be "immense"—and the above-mentioned peach-brothers will present the tango with Hibernian variations.

These are only a few numbers of the big program that will run from 7:45 until after 11 o'clock. The Young Erin Society's members are rehearsing Irish songs and dances, Irish stories full of subtle wit, and other features.

The tickets go on sale at the Bijou boxoffice at 9 o'clock on Monday morning next.

## MOANA DANCE FOR TRANSPORT FOLKS

A dance will be given this evening at the Moana Hotel in honor of the first cabin passengers of the transport Thomas. Local Army, Navy and society folks and tourists are cordially invited.—advertisement.

## MOTHER! THE CHILD IS COSTIVE, BILIOUS

Don't hesitate! A laxative is necessary if tongue is coated, breath bad or stomach sour.

Give "California Syrup of Figs" at once—a teaspoonful today often saves a sick child tomorrow.

If your little one is out-of-sorts, half-sick, isn't resting, eating and acting naturally—look, Mother! see if tongue is coated. This is a sure sign that its little stomach, liver and bowels are clogged with waste. When cross, irritable, feverish, stomach sour, breath bad or has stomach-ache, diarrhoea, sore throat, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the constipated poison, undigested food and sour bile gently moves out of its little bowels, without griping, and you have a well-playful child again.

Mothers can rest easy after giving this harmless "fruit laxative," because it never fails to cleanse the little one's liver and bowels, and sweeten the stomach, and they dearly love its pleasant taste. Full directions for babies, children of all ages and for grown-ups printed on each bottle. Beware of counterfeit fig syrups. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," and then see that it is made by the "California Fig Syrup Company." Don't be fooled! —advertisement.

## KAIMUKI BOYS' CLUB BOOMING ORGANIZATION

Kaimuki now has a boys' club and it is a booming organization. Alive to everything that is progressive, the residents of Kaimuki felt a need for some sort of club life for the boys of the district. A request was therefore made to the Y. M. C. A. through its extension secretary, G. E. Jackson, who at once laid the plans for a boys' club.

Saturday night was determined as meeting night. The club was fortunate from the start in securing the volunteer efforts of Messrs. Putnam of the Normal training school, and Merrill, athletic instructor at Mills Institute. Putnam is the club leader, while Merrill leads in all drills, athletics, etc.

The club meets in the spacious auditorium of Liliuokalani school, but even it is being tested to the limit for the club has become so popular in Kaimuki that there is no room for additional members, until a division is made and a second evening used.

At a meeting of the boys' committee held yesterday afternoon it was decided to supply the boys' clubs of the Y. M. C. A. with a moving picture outfit. This will add another most popular feature to the club at Kaimuki.

## DANCE AT THE SEASIDE HOTEL SATURDAY NIGHT

Local folk, and the army and navy contingent generally, are invited to attend the social dance at the Seaside hotel tomorrow evening after the dinner hour. Kaal's orchestra will furnish the newest tunes as well as the old favorites, and ladies and gentlemen can be assured of a good time. Walkiki cars pass the grounds, or you can come in your auto and park it where it will be absolutely safe.—advertisement.

## NERVOUS DYSPEPSIA, GAS OR INDIGESTION

Each "Pape's Diapiesin" digests 3000 grains food, ending all stomach misery in five minutes

Time it! Pape's Diapiesin will digest anything you eat and overcome a sour, gassy or out-of-order stomach surely within five minutes.

If your meals don't fit comfortably, or what you eat lies like a lump of lead in your stomach, or if you have heartburn, that is a sign of indigestion.

Get from your pharmacist a fifty-cent case of Pape's Diapiesin and take a dose just as soon as you can. There will be no sour risings, no belching of undigested food mixed with acid, no stomach gas or heartburn, fullness or heavy feeling in the stomach, nausea, debilitating headaches, dizziness or intestinal griping. This will all go, and, besides, there will be no sour food left over in the stomach to poison your breath with nauseous odors.

Pape's Diapiesin is a certain cure for out-of-order stomachs, because it takes hold of your food and digests it just the same as if your stomach wasn't there.

Relief in five minutes from all stomach misery is waiting for you at any drug store.

These large 50-cent cases contain enough "Pape's Diapiesin" to keep the entire family free from stomach disorders and indigestion for many months. It belongs in your home.—advertisement.

## HUI NALUS TO DISCUSS PLANS FOR CLUB HOUSE NEXT TUESDAY EVENING

The Hui Nalu will hold a general meeting at the Moana Tennis Club house next Tuesday evening to settle all business appertaining to the recent productions of the "Follies." All members are requested to make returns at the meeting, for tickets sold. Plans will also be discussed for the building of the club house. Every member is requested to be present.

A meeting of the Associated Charities has been called for Monday afternoon, March 16, at 4 o'clock, in the rooms of the Chamber of Commerce, Stangenwald building, for the purpose of considering the new charter and by-laws.

Beans, Dried.

Lima, cwt., \$5.40@5.50; black eyes, \$4.50@4.55; red kidneys, \$2.10@2.25; calico, \$3.00@3.25; small whites, \$5.30@5.50; peas, dried, \$3.00@3.25.

Grain.

Corn, small yellow, ton, \$36@40; large, \$30@36.

Miscellaneous.

Charcoal, bag 35 lb., 60¢@70¢; hides, wet salted No. 1 75¢, No. 2 10¢, kips 11¢; sheep skins, 20¢; goat skins, white, 20¢.

Charcoal, bag 35 lb., 60¢@70¢; hides, wet salted, No. 1 11¢, No. 2 10¢, kips 11¢; sheep skins, 20¢; goat skins, white, 20¢.

The territorial marketing division under the direction of the U. S. experiment station is at the service of all citizens of the territory. Any produce which farmers may send to the marketing division is sold at the best obtainable price and for cash. No commission is charged. It is highly desirable that farmers notify the marketing division what and how much produce they have for sale and about when it will be ready to ship. The shipping mark of the division is U. S. E. S. Letters address, Honolulu, P. O. box 753. Office, Queen and Nuuanu streets. Telephone 1840. Wire-less address USEX.

Willett & Gray's Sugar Journal for

February 26 says:

STATISTICS BY SPECIAL CABLES—Cuba: The six principal ports: Receipts, 71,000 tons; exports, 21,000; stock, 276,000 tons, against 189,000 tons last year.

Centrals grinding, 173, against 176 last week, 169 last year and 172 in 1912.

Entire island receipts for week, 109,000 tons, against 106,000 tons last week, 91,000 tons last year and 74,000 tons in 1912.

Stocks in the United States and Cuba together of 547,284 tons, against 463,977 tons last week and 367,982 tons last year, an increase of 179,302 tons from last year.

Europe: Stock in Europe, 3,755,000 tons, against 3,743,000 tons last year.

VISIBLE SUPPLY—Total stock of Europe and America, 4,202,284 tons against 4,110,982 tons last year at the same uneven date. The increase of stock is 191,302 tons against an increase of 180,620 tons last week. Total stocks and floats together show a visible supply of 4,429,284 tons against 4,221,982 tons last year, or an increase of 207,302 tons.

RAWS—The week under review included two holidays for the observance of Washington's birthday.

The Cuba weather was reported fine for work and receipts further increased to 109,000 tons, against 106,000 tons for previous week, with 173 Centrals working. The week's exports included 9000 tons to Europe and 3000 tons to Japan.

The first shipment of Cuba centrifugals from the present crop arrived in London previous to the 13th. Cane sugar seems to have been wanted at the time in the United Kingdom and further Cuban shipments were due to arrive, with last sales reported in Cuba for the United Kingdom at 1.92c per lb. f. o. b. Cuba.

No new sales to Japan have been reported.

F. O. Licht has sent some new items of interest relating to the European beet crop, which appear herewith, and further reports that the beet sowings in Germany will be about the same as last year's.

The European market does not improve, neither does it decline very much, as it is running along quietly at or near the cost of production, the closing quotations being 9s 3d for February and March and 9s 4 1/2d for May futures, with cane, 96 degrees, at 9s 7 1/2d.

Our local market has been quiet, with an easier tone, throughout the week, and marking the second week of a downward reaction in values.

After the large sales reported last week at 21-16c. c. & f., the Cuban holders continued to offer freely at the same basis, but buyers could not absorb any more so quickly again.

On the re-opening of the market on Tuesday the sellers, finding no disposition on the part of buyers to go on at former basis, made concession to 21-12c. c. & f. (3.39c and 2.04c), at which, during Tuesday, Wednesday and today some 200,000 bags were taken, several refiners participating, including the American, Arbutle, Howell and Warner.

We have entered upon the last week of the old-duty sugar basis, and all interests will be glad that the long period from the passage of the bill in October, 1912, to March 1, 1914, has been passed. This period has been an unsettled one in all sugar branches, in some of which actual losses have been sustained in the effort to curtail purchases to meet only hand-to-

mouth demands and to reduce prices to a point which virtually discounts the reduction of duty. This result appears to have been reached already in the case of both raw and refined sugar, although as to the refined much will depend on the action of refiners as to sustaining a living difference of profit between the raw and refined prices. The to-day's difference is .53c per lb., against the 1913 average of .77c per lb. A return to .77c per lb. difference would give a value to refined of 3.82c against 3.29c now.

Atlantic port receipts for week were moderate, 33,117 tons, with reduced meltings to 28,000 tons, and stocks increased to 131,202 tons.

Louisiana's protest against reduced Cuban duties has been presented to Attorney-general McReynolds, who is expected to give a decision soon.

REFINED is without change for the week and in as light demand as is possible for the last week of the old-duty basis.

Some little concession in values may come in March, but the main part of the reduction in duty on raws has been already discounted, and short supplies throughout the country to be replenished in March should add strength to the refiners' situation for a time at least.

CALIFORNIA AND HAWAIIAN SUGAR REFINING COMPANY PLANS INCREASE—A press report dated Crockett, Cal., February 14, says: The California & Hawaiian Sugar Refining Company held its annual stockholders' meeting yesterday. The following are the officers for the ensuing year: R. P. Rithet, president; W. M. Alexander, vice-president; P. A. Drew, secretary; W. H. Huntington, treasurer; G. M. Rolph, general manager.

The business for the year was reported as most satisfactory, with excellent prospects for 1914. The final \$200,000 of the \$1,000,000 bond issue was retired. General Manager Rolph recommended in his report that the capacity of the company's refinery at Crockett be increased at once from 700 tons to 900 tons a day. This will entail an expenditure of \$250,000.

When you want office fixtures, stationery, typewriters, desks, chairs, filing devices, etc., see Wall, Nichols & Co., Ltd., 61 S. King street, Mr. H. D. Owen, a typewriter expert, is prepared to do your repair work—advertisement.

Don't neglect that cough. Attend to it at once, and thus help to avoid consumption. Use Nyl's 'Cough Remedy for Immediate Relief' and Nyl's Cod Liver Oil Compound, to strengthen the chest. Get Nyl's Remedies at Holster's on Fort street, consumption, see Nyl's Cod Liver Oil.

Most of us know of opportunities lost because we could not come up with sufficient capital to grab the obvious advantages. This situation may obtain now, but what of the future? That can be taken care of by "Start Saving NOW!"—with the Bank of Hawaii, Ltd.

The Manufacturers' Shoe Co. has had some shoes made up to especially suit Honolulu conditions—made up with those men in mind who give shoes strenuous use, such as army officers, contractors, etc. The name of these shoes is Tan Lotus Calf Bluchers. Better see them.

## With the BOY SCOUTS OF HAWAII

## BOY SCOUTS WILL REPULSE BOLD AVIATOR

About 7 o'clock this evening, per-  
sons who happen to be looking toward  
the waterfront may expect to see a  
rocket flash up into the sky. This  
rocket will be answered by another  
from away up on the heights over-  
looking the city. These signals (for  
signals they will be) will mark the  
beginning of an exciting game of  
strategy in which the Honolulu Boy  
Scouts are to be engaged.

According to the information which  
the scouts have received, a filibuster-  
ing aviator, with a cargo of arms in-  
tended for the rebellious subjects of  
King Henry Cooper of Palmyra Islands  
expects to reach Oahu from the coast  
just after sundown tomorrow, and to  
land in the hills back of Honolulu  
for the purpose of replenishing his  
gasoline supply. This, it is under-  
stood, has all been arranged for. A  
schooner with the fuel on board, it is  
said, will be ready to land its cargo  
some place between the harbor and  
Diamond Head. Eight picked men, it  
has been learned, will immediately  
start for the hills carrying the cans of  
fuel.

It will take at least four cans to  
enable the aviator to resume his jour-  
ney, hence at least that number must  
reach him, or his bold undertaking  
will fail. To preserve the neutrality  
of this government, it becomes the  
duty of the scouts to frustrate the  
conspiracy, and to this end several  
hundred members of the organization  
will be stretched across the way that  
the gasoline must take to reach its  
destination. Judge Cooper is proba-  
bly the most anxious person connect-  
ed with this matter since the fate of  
his island kingdom probably depends  
upon the vigilance of the Boy Scouts.

## NATIONAL GUARD NEWS

The nine companies of the 1st In-  
fantry, national guard of Hawaii, and  
the hospital corps, stationed on  
Oahu, are working hard in prepara-  
tion for the annual inspection which  
will be made by Lieut. A. L. Bump  
commencing April 1. The fact that  
Lieutenant Bump is regularly detailed  
with the guard as inspector-instructor,  
and that he is familiar with condi-  
tions pertaining to the local militia,  
and has taken an active part in the  
struggle to recruit a full regiment of  
infantry, assures the guardsmen of co-  
operation and understanding in the  
coming inspection.

Few national guards are up to regu-  
lar army standards, although some of  
the eastern states that spend hun-  
dreds of thousands on their militia  
every year have highly efficient militia  
organizations that would make a cred-  
itable showing anywhere. The re-  
organized 1st Infantry, N. G. H., has  
had hardly time to get into first-class  
shape, especially as there are no com-  
pany storage facilities in the new ar-  
mory, and as there are three new  
companies that are only partially  
equipped. It is not expected that the  
companies will turn out perfect in drill  
and equipment, but it is expected that  
every individual member of the guard  
will make it a matter of pride to turn  
out with his organization, and will do  
the best he can to swell the percent-  
age of attendance at inspection, and to  
bring up the general tone of the  
guard for smartness and efficiency. It  
is certain that the showing will be  
far ahead of that made in any former  
year since the local troops benefited  
by federal aid, and came under the  
eye of a federal inspector.

According to advices from Lieuten-  
ant Bump, who is now inspecting on  
the outside islands, the men of the  
local companies will be inspected in  
service uniform, and campaign hats,  
web cartridge belts with suspenders,  
but no other field equipment. The  
rolls, haversacks and canteens will be  
checked after the personnel has been  
inspected. One company is to be in-  
spected per night, and the inspector-  
instructor decided that it would take  
up too much time for the men to be  
formed in full field equipment, which  
would necessitate the opening of blank-  
ket rolls, etc., on the armory floor.

There has been considerable delay  
in securing lockers for the new ar-  
mory, although these were promised  
several weeks ago. There have been  
legal hitches to the added construc-  
tion, and now the matter is at a  
standstill. It is probable that bids will  
be advertised for, and it will proba-  
bly be another month before the lock-  
ers are in place.

Major Ziegler, inspector-general N.  
G. H., will make an inspection for the  
guard at the same time that Lieuten-  
ant Bump inspects for the war de-  
partment. Col. Arthur Coyne is act-  
ing in this capacity for Companies L,  
I and M, the first two on Maui and  
the last named stationed at Hilo.

The 1st Battalion, 1st Infantry, N.  
G. H., held a drill last night at Ma-

## PROMOTION FOR MAJOR CHEATHAM IS SOON COMING

The probable retirement of Colonel  
Von Schrader of the quartermaster  
corps, as announced in yesterday's  
newspapers, is of particular interest  
to Honoluluans, inasmuch as the vacan-  
cy thus created will promote to the  
rank of lieutenant-colonel, Major B.  
Frank Cheatham, who has so cour-  
teously and efficiently served as de-  
partment quartermaster in Honolulu  
for the past year.

Major Cheatham's name stands 12th  
in the list of majors of the quarter-  
master corps as given by the latest  
Army Register, but the law consoli-  
dating the old quartermaster's, pay,  
and subsistence departments into the  
new quartermaster corps provided that  
promotions should be made as though  
consolidation had not occurred, and  
so Colonel Von Schrader's retirement  
promotes a lieutenant-colonel and a  
major of the old quartermaster's de-  
partments over the heads of their less  
fortunate seniors formerly of the pay  
and subsistence departments.

## PROGRAM FOR CONCERT ON YOUNG HOTEL ROOF GARDEN SATURDAY P.M.

Following is the program, arranged  
by Professor Miltner, for the Saturday  
evening concert on the Young hotel  
roof garden:

head of the column.

## Swell Corns? Try Wonderful "GETS-IT"

Greatest Corn-cure World Has Ever  
Known. "Gets" Corns Sure as Fate

Thousands say "GETS-IT" is sim-  
ply magic. If you've tried nearly  
everything under the sun to get rid of  
those corns, so much the better for

Use "GETS-IT"  
and You Will  
Mighty Soon  
Forget About  
Your Corns  
and Calluses.

"GETS-IT" Corn freedom is yours  
at last, not next week or next  
month, but right now! "GETS-IT"  
goes after corns as a crow does corn.  
There are no more thick plasters and  
greasy salves that don't remove, no  
more files, razors and jabbers that  
make corns grow. Put a few drops of  
"GETS-IT" on and see every corn and  
callus shrivel and vanish. That's the  
new way, the painless, sure, safe,  
quick way. Only "GETS-IT" can do  
it. Apply it in 3 seconds.

Every druggist in the land sells  
"GETS-IT," 25 cents a bottle, or sent  
direct by E. Lawrence & Co., Chicago.  
"GETS-IT" is sold in Honolulu by  
Benson, Smith & Co., Ltd., cor. Fort  
and Hotel, and Hollister Drug Co.

## INDOOR WORK REDUCES STRENGTH

because confining duties,  
lack of fresh air and sunshine  
gradually weaken even a strong  
constitution, and the enfeebled  
system readily accepts sickness  
and disease.

Scott's Emulsion checks  
such decline. Its pure cod liver oil  
is nature's grandest medicinal food  
while its hypophosphites act as a  
building tonic. It refreshes  
the body, puts vigor in the  
blood, strengthens the lungs,  
upbuilds the nerves and in-  
vigorates the whole system.

If you work indoors, Scott's Emulsion  
after meals will prevent much  
sickness and loss of time,  
and often throws labor-  
ers into the air and  
holds up your strength.

## MOOSE LODGE TO ELECT OFFICERS AT NIGHT SESSION

Persistent Rumor That Charter Had Been Lost Is Denied by Prominent Members

Following the official visit of J. J. Davis and J. J. Lentz, high officials in the grand lodge of the Loyal Order of Moose, some weeks ago, a persistent rumor has been current to the effect that the local lodge has or is about to lose its charter. This report was denied this morning by prominent members, who stated that at a meeting to be held this evening officers for the ensuing year are to be elected. This election will fill the vacancies caused by the resignation of all of the local officers which occurred at the time of the shakeup which the visit of the grand lodge officials occasioned, but the election is also the regular one and would have been held in any event.

Members who have been especially active in trying to smooth out the troubles of the lodge, declare that this has been practically accomplished. That the disgruntled element, which they say is a small minority, has been eliminated or brought into harmony, and that a slate of candidates for the various chairs in the lodge, which has already been nominated, will be elected tonight without contest.

"All fraternal orders have their troubles from time to time," said a prominent Moose this morning, "and the fact that there have been a few malcontents in this lodge signifies nothing. Honolulu lodge is too big and strong an organization to be so easily upset. We have a membership of about 700 here in Honolulu, and the national order is one of the strongest in America having a total membership of about 600,000. We have to conform to the laws of the grand lodge and that done there is no danger of our losing our charter or having other difficulty."

It was admitted that threats have been made by certain of the aggrieved members to institute legal proceedings in the civil courts to right their alleged wrongs, but their opponents claim they have no case, and that in taking such a step they would be directly violating their obligations in the order.

A part of the trouble in the lodge has been financial and a part of it is due, it is said, to the admission of certain candidates, which the grand lodge has declared ineligible. The financial difficulties have about been cleared up, a member declared today, and it was intimated that the matter of personnel is also to be straightened out satisfactorily in a very short time.

Sugar is reported awaiting shipment from Mahukona to the coast in the schooner Annie Johnson. This vessel sailed from San Francisco 16 days ago with general merchandise.

Prior to being dispatched for Maui ports this evening, the Inter-Island steamer Claudine has been discharged of about 1500 sacks of sugar, 30 sacks of potatoes, 78 sacks of corn, 20 sacks of taro and a quantity of sundries.

For the purpose of receiving a cleaning and repainting, the schooner Helene will remain on the drydock for some days before proceeding to Port Townsend. The vessel has been discharged of a shipment of lumber and in returning to the coast will sail in ballast.

## GOVERNOR PINKHAM IS INSTRUCTED TO EXAMINE FERGUSON FOR SANITY

Henry Francis Ferguson, under sentence of death, who will be examined by board of alienists, on orders received by the governor from Washington.

### Secretary of Interior Cables, Following Receipt of Letter from Territory's Chief Executive Giving Slayer of Officer Abreu Further Lease on Life

Governor Pinkham has received a cable from the office of the secretary of the interior suggesting that Henry Francis Ferguson, the youth now lying in Oahu prison under sentence of death, be examined as to his sanity by a board of alienists. Ferguson, it will be remembered, was recently convicted of first degree murder for the killing of Police Officer M. D. Abreu when he was arrested near Koko Head for another crime.

Details of the crimes and of the trial were sent to Washington by the governor some time ago in response to a query from the department of the interior. It is thought the inquiry there was instigated by friends of the young man's family in New Jersey.

Prior to sending the report, the governor, in company with the attorney-general, visited Ferguson at the prison. They intend visiting him again to make a personal examination, and the board of prison inspectors, together with several local physicians who are considered authorities on cases of the kind, will be asked to make a thorough investigation of the prisoner's mentality.

The new list is to be decided on following the public hearing in Washington March 19. As C. L. Marlatt, chairman of the federal horticultural board, has been in Hawaii and is familiar with existing conditions here, the board of forestry and agriculture decided it would not be necessary to send a representative to Washington for the hearing as the territory's interests could be looked after by Mr. Marlatt.

Mr. Waterhouse stated:

"The hearing has been called by Washington on the fruit fly quarantine, the now existing that it may be amended and brought up to date. The proposed quarantine is fair and satisfactory, except that it includes pineapples in the list of host fruits. The work of local entomologists has been unsuccessful in showing that the fruit fly, either under natural or artificial conditions, breeds in pineapples."

"Because of this the local pineapple growers object to the fruit being classed as a host fruit, and they have requested the board of forestry and agriculture to cable to Washington protesting against including pines as a host fruit."

"Under the proposed regulations bananas and pineapples cannot be shipped until after federal inspection here. This is very fair and is not objected to. The cost of the inspection is to be borne by the government, and not by the growers. As far as the pineapple men are concerned, they favor federal inspection of their fruit before shipping, as it is for the best interests of the industry. But they do object to having pineapples classed as a host fruit, when all the tests and investigations made show that it is not touched by the flies."

The only change proposed in the quarantine is in the case of bananas and pineapples.

The following are the fruit and vegetables put on the quarantine list: Alligator pears, bananas, carambolas, Chinese ink berry, Chinese orange, Chinese plum, coffee berries, cucumbers, damson plums, eugenias, figs, grapes, grapefruit, green peppers, guavas, kamani nuts, kumquats, limes, loquats, mangoes, mock oranges, mountain apples, melons, Natal or kaffir plums, oranges, papaya, peaches, persimmons, pineapples, prickly pears, rose apple, star apple, string beans, squash, tomatoes.

W. R. Farrington, for the Merchants' Association, sent the following message to the delegate at Congress regarding the pineapple classification: "Object to pines being called host fruit, but favor proposed inspection of same. Otherwise regulations seem satisfactory."

A message substantially the same was sent by the board of forestry and agriculture.

### BIRTHS

SILVA—at Kapiolani Maternity Home, Honolulu, March 10, 1914, to Mr. and Mrs. Gumar Silva, a son.

## JEFF M'CARN IS SEEKING DATA ON ALLEGED TRUSTS

Will Prosecute Provided He Is Given Information to Uphold Anonymous Reports

That Hawaii is being plundered by a number of predatory trusts is apparently the opinion of a number of people in Honolulu who are seeking to have the strong arm of Uncle Sam raised in her behalf. One of these champions of the public has addressed a lengthy communication to U. S. District Attorney McCarn in which he asserts that the meat supply of the territory is trust controlled. His modesty, however, has evidently constrained him to omit to sign his name to the letter.

Another would-be trust-buster declares that two or three of the larger pineapple canning companies have lately formed a combine designed to control the pineapple industry of the islands, and to fix prices paid for fruit and the quotations for the packed product.

It is also reported, although Mr. McCarn has not yet been approached on the matter, that the facts are being collected to show that the entire lumber business of the islands is controlled by an illegal combination in restraint of trade.

The district attorney stated yesterday that the anonymous letter which he had received in connection with the alleged beef trust, had apparently been written by a man of education, and that the allegations made are such as to indicate that the matter may be worthy of looking into. However, he does not like the idea of getting his data in this way. "If the writer of this letter, or any other person can supply this office with information on this kind of thing," said Mr. McCarn, "I want them to come to me with it direct. This does not necessarily imply that they will have to be brought publicly into any investigation that may result. On the contrary I shall be very glad to regard their statements as confidential, unless it should be obviously impossible to do so. But I want the opportunity to question the man who presumably knows what he is talking about."

"Of course," continued Mr. McCarn, "if I can get evidence to warrant a prosecution, I shall certainly make use of it. I find, however, that a great many men are afraid on account of the financial strength of the men they would have prosecuted to be known in the matter."

The beef trust idea is by no means new. Investigations were made along this line eight or nine years ago, and only a few months before District Attorney McCarn took office, the matter was being looked into by his predecessor, R. W. Breckons. With Breckons' departure, the investigation apparently dropped.

The Hawaiian lumber trust is also an old story, but still apparently believed in by a good many people. The "pineapple trust" alone is new. It is stated that one packer who was urged to join the alleged combination indignantly declined, and announced his intention to fight what he considered an illegal combination, and subject to prosecution under the Sherman anti-trust act.

### RHUBARB MAY BE WORTH WHILE AS PRODUCT OF ISLANDS, SAYS EXPERT

Rhubarb may be worth while growing on a moderate scale in Hawaii, according to the territorial marketing division, which has found a ready market for several shipments which have recently been made to it. A price of 5 or 6 cents per pound has been secured for it.

This is one of the things, reports the marketing division, that might successfully be shipped to the mainland during the winter months, where it finds ready sale at from 7 to 9 cents per pound.

The marketing division has just received a large supply of miscellaneous garden, vegetable and farm seed, which may be had at cost prices.

Coal destined for the Inter-Island is to be supplied the British freighter Manningtry, this vessel having been placed on the berth at Newcastle, N. S. W., for Honolulu. The date for departure has not been announced.

The schooner A. M. Baxter, sailing from Mukilteo 30 days ago, should make its appearance at Hilo at any day. The vessel was loaded with a full cargo of lumber before leaving the Pacific coast port.
