Wailuku Hospital Narrowly Escapes Destruction By Fire

MRS. CASE REMOVED DURING CONFLAGRATION

(Special Bulletin Wireless)
Wailuku, Maui, July 26.—The building opposite the Wailuku Hospital burned down last evening.
The hospital was saved by the volunteer fire company.
Mrs. Dan Case, who was operated on at the hospital yesterday was moved out, the danger of the destruction of the hospital was so great. Mrs. Case has apparently suffered no setback on account of the excitement.
The firemen did splendid work and undoubtedly saved the hospital. The damage done by the fire will not amount to more than fifty dollars.

HATTIE SAFFREY GOES TO FIRST PLACE AND MANY CHANGES RESULT

If you want to know who will make up the Lucky Six you will have to wait till the last count, or put in one hundred thousand votes as a guarantee.

There are several people who will tell you they know all about it and they know just where their favorites will land. They may tell you they know Daisy Todd would be dethroned and put back to second place. They may look wise and claim they knew all about what the friends of Miss Saffrey were doing. Perhaps they did, but we doubt it.

This week's count has created consternation in the ranks of the contestants for the greatest trip any young woman of Hawaii ever took. The total vote cast was big, Miss Saffrey and Miss Aloiau combined throwing over one hundred and fifty thousand, and it is a remarkable fact that had Miss Aloiau cast three votes more, her quota would have been identical with Miss Saffrey's.

The shuffling under the influence of more votes is very interesting. Hattie Saffrey goes from sixth place to the very top of the list, where she leads by a margin of ten thousand. Daisy Todd drops to second place notwithstanding over fifteen thousand were deposited to her credit during the week.

Callie Lucas, the leading Honolulu girl, drops to third place, although her total vote this week was more than forty-five thousand.

Rose Aloiau, the popular young school teacher of Kauai moves from seventh place, where last week some of her opponents had counted her out of the race, up to the fourth position. She cast a large vote and is said to have great reserve strength. Her margin is not a very large one, Miss Lemon of Honolulu following her in the fifth place less than a thousand votes behind.

Then comes Katie Sadler of Haka-lau, who is one of those to step back this week. She drops from a good third to the sixth number on the list. Her record was twenty thousand votes this week. Lillian Mundon went down the line with Miss Sadler and when the votes were all in fell in seventh place, just outside the Lucky Six. Her vote, however, was very light, less than three thousand, which doubtless accounts for it and demonstrates that she is not down and out by any means.

It will be noticed that the most notable changes are among the very large numbers. The others are close enough, however, to make it impossible to count on a "sure thing" for any of them. Kuulei Hapai, of Hilo, is not out of the contest. Her friends will not allow her to remain in the background when the final votes are deposited. Nor is Emma Rose and Irene Boyd of Honolulu to be put aside without a second thought. Each of these three is within easy hailing distance. Nor would it be safe to predict that no one of those below the hundred thousand list will come within the limit of six on the last day.

Miss Boyd received twenty-seven

LAND QUESTION THE MOST IMPORTANT

Frear Intimates That
He May Make Change
In Policy

Chief Justice Frear since his return from Kauai has been spending much of his time in outlining for himself a policy for his administration as Governor. There are several weighty problems coming up to be solved within the next few years, he says. One of the most important of these is the land problem.

"Upon the proper conduct of the land office," said Frear this afternoon, depends to a very large extent the prosperity of Hawaii and the number and class of immigrants we are to get here to make citizens of. The Land Office is about the most important department of the Government and it will be necessary to have a good man at the head of it if we are to accomplish all I hope we shall."

"Of course I have outlined to some extent my land policy, which, naturally, will be in line with the President's looking toward the settling of the land with independent men who want to make homes for themselves, and toward the increase of diversified industries. But in carrying out this policy I do not want to work any injury on the industries already established. Their prosperity should be continued."

The Chief Justice looked doubtful when asked as to the probable results of attempts to Americanize Hawaii. "That," he said, "is a matter which only time can decide."

"Do you think," asked the interviewer, "that the Territory will ever, under present conditions and policies, become thoroughly Americanized rather than Orientalized?" The Judge smiled doubtfully and replied that that was a question that he could not answer.

Regarding department heads, the Chief Justice said that in all probability whatever changes he might make—if he made any—would be made soon after his inauguration, though not necessarily so. He intimated that

he intended to make a decided change in the policy of the present administration. He did not say so in so many words, but that might be gathered from the general drift of what he said. It is probable," he said, "that most of the present department heads would be willing to change their policies to conform with the policy of the new administration."

ATTENDED THE "ROLLERS"

In spite of the denial of Rev. W. Turner, who is the head of the mission which is known locally as the "Holy Rollers," who states that Miss Swenson, the young lady who went insane yesterday, did not at any time attend his meetings, it has been definitely established that she did. She has been seen at them by one of her best personal friends and also by at least one police officer. The very nature of her outbreak immediately suggested the "Holy Roller" meetings to anyone who has attended these.

COURT DISMISSES SUNDAY HUNTERS

Prosecution Must Show
Specific Common
Nuisance

Judge Whitney this morning delivered his decision in the case of the Sunday hunters who were arrested on the complaint of A. S. Cleghorn on a charge of disturbing the Sabbath. Owing to the bearing which this decision would have on all Sunday shooting local sportsmen have been much interested in the outcome of this case, as it might tend to stop Sunday shooting to a great extent, or at least expose the hunters to a lot of trouble.

HABEAS CORPUS

CASE ARGUED

BEFORE DOLE

An argument on technical points was the phase of the Madeira habeas corpus matter which came up before Judge Dole this morning. Amelia da Silva Madeira and the other sister of the Portuguese immigrant who is seeking release from the custody of the immigration authorities and permission to land officially in Honolulu and become a resident of this Territory, were present in court, but the prisoner was not brought in.

Attorneys Watson and Douthitt, representing the petitioner, objected to the return to the writ made by United States District Attorney Breckons on the ground that it was an answer to the petition itself rather than a proper return to the writ, as required by law. Watson moved to strike out a large part of it as surplusage.

Breckons accused the attorneys for the petitioner of dilatory tactics calculated to delay the matter in spite of the fact that they had seemed to be in such a hurry in the first place.

Judge Dole announced that he would give his decision on the motion at 3 o'clock this afternoon. The case has not yet come up on its merits, but it will probably do so next Monday.

Judge Dole states that he has no power to review the finding of the Special Board of Inquiry that branded Guilherme da Silva Madeira an undesirable alien immigrant, except in so far as the Board may have acted contrary to the law. The Judge can, however, order that the petitioner be allowed an appeal to the Secretary of Commerce and Labor if he has been refused such right.

TWO COUPLES UNHAPPY

Two new suits for divorce have been filed in the Circuit Court. Kila Kaula is a husband who has been living the life of a bachelor for the last five years because his wife Malaea Nahiau Kaula has deserted him. Now he asks for his freedom from the matrimonial bonds.

Rose Kaula Kapu says she was deserted by her husband, David Kapu, who for the past year and more has failed to support her. She, too, asks the Court to cut the hymeneal knot.

COURT DISMISSES

(Continued from Page 1)

If the men charged were found guilty of the charge, Judge Whitney found the defendants not guilty, but they were dismissed on grounds other than acquittal. There is no community of interest in hunting. It is not like the case where a number of people are together in a card game and cause a disturbance, or where people are assembled in a dance hall where each one is a participant in the noise made, because there they have a community interest in the music which is part of the noise which causes the disturbance.

"In this case we have no testimony against the defendants, except that of Chinaman who says that he saw them shooting but who cannot tell whether they fired one shot or many."

"It does not seem to me that the shooting of a gun on Sunday, where the person who does the shooting is not trespassing on anyone's land, would constitute a public or a common nuisance."

"The motion to dismiss is granted, not because it is held that shooting on Sunday cannot be a common nuisance, but because no specific showing was made against the defendants."

The prosecution immediately entered a nolle prosequi in the cases of the other defendants who had been arrested under the same circumstances.

MYSTERIOUS SESSION

(Continued from Page 1)

At all, saying he has nothing to give out to the public.

Governor Carter has required all the heads of departments to make a final report to him, from which he will make up his report to the President. Some, if not all, of these reports are now in the hands of the Acting Governor, who has been urging the others to get theirs in as soon as possible, and it is possible that this matter was considered.

The outgoing administration, of course, has a good many matters to get into shape to turn over to the incoming officials, and there are a good many loose ends to be gathered up. This might also be a good reason for calling a cabinet meeting.

It has also been suggested that the row over the Queen's hospital may have been brought to the attention of the Cabinet. All these, however, are only surmises, the proceedings having so far been kept secret.

The Cabinet of department heads will give Governor Carter a dinner when he returns.

Clemons
For
SecretaryThe latest guess for the position
of Secretary of the Territory, to suc-
ceed A. L. C. Atkinson when his
term expires in December is C. F.
Clemons of the law firm of Thomp-
son & Clemons.Both members of this firm stand
very close to Chief Justice Frear. It
is said, and the prognosticators are
naming Clemons as one of the best
bets.Frear, who is to become Governor
probably about the 15th of next
month, is lying low and saying noth-
ing—nothing, that is, for the infor-
mation of the public. But nobody
doubts but that he has already picked
out the man whom he intends to
recommend to President Roosevelt as
the one whom he wants as his sec-
ond. Indeed, it is not improbable
that he has already made his recom-
mendation.There is little doubt but that
Clemons would take the position if it
were offered him, but whether the
tip of the political clockers has any
foundation other than in their imag-
inations is doubtful.

ANTHONY AHLO IS

NOW A

JUDGE IN PEKIN

In a letter to his father which ar-
rived on the Mongolia, Attorney Wm.
H. Heen of Shanghai, son of H. A.
Heen of this city, said that he is
picking up business and has practi-
cally recovered from his recent illness.
He wrote further that the island-born
Chinese boys were becoming popular
and well acquainted among the official
circles. Many of them have recently
accepted appointments under the Chi-
nese Imperial government with large
salaries attached to them. Anthony
Ahlo, an island boy, and the son of the
late well-known rice planter, L. Ahlo,
is now a judge of the Court of Punish-
ments in Peking. It is a very impor-
tant position and the salary is 400
taels, or \$275 United States gold, a
month. Judge Ahlo, it may be re-
membered, attained his education pri-
marily in the islands and completed
his course in Cambridge University,
where he graduated with honors. Re-
turning to the islands after completing
his studies, he worked in a local law
office as a clerk for some time. Short-
ly afterwards he proceeded to China
to look into a gold mine proposition.
Soon he was appointed a teacher in
the University of Peking. He still
holds two positions and is doing very
well.

HOMESTEAD SUIT FILED

Hilo, July 23.—A petition was filed
in the Circuit Court of the Fourth Cir-
cuit yesterday in the case of G. W. A.
Hapal against James W. Pratt, Com-
missioner of Public Lands, Thompson
and Clemons of Honolulu are acting
for the petitioner. The petition sets
forth that the petitioner on February
8, 1902, secured a right-to-purchase
lease on Lot 80, Olua Homestead Res-
ervation, 27.10 acres. This lease
granted him privilege to buy at any
time within three years for \$325.20,
provided he had reduced 25 per cent
of it to cultivation. Having complied
with conditions he deposited the
money with Sub-Land Agent G. H.
Williams on March 19, 1906, and ap-
plied for a patent. A dispute had
arisen as to the construction of the
word "residence" and the petitioner
prays that Pratt may be ordered to
appear and answer and also that such
relief as the premises may require be
granted.The case, which was sent here from
the First Circuit, is in a sense a test
case, as many Olua settlers have had
their deed held back on the same ob-
jection as that which affects Judge
Hapal.Blank books of all sorts, ledgers,

JAPANESE FALLS

1700 FEET

TO HIS DEATH

Crashing down the precipitous
sides of the pali that hems in the
landward side of the leper settlement
on Molokai, a Japanese laborer last
week fell to death at the bottom of
the precipice nearly 2000 feet below.According to information received
in a letter from Molokai the Japa-
nese was at work widening the pali
trail at a point 1700 feet above the
level lowland. The accident ap-
pears to have been the result of his
own carelessness. He was trying to
loosen a large boulder and in doing
so was standing in front of it. It
gave way suddenly and crashed up-
on him, knocking him over the cliff.
He fell to the bottom and was
dashed to death.The superintendent and several of
the Japanese laborers had warned
the man of the danger of his posi-
tion, but he paid no heed to the
warnings.An inquest was held over the body
and the coroner's jury returned a
verdict to the effect that the man
came to his death through his own
carelessness.

hundred votes this week, and Miss
Rose over five thousand. Miss Green
had twenty-three hundred.The count of Thursday demon-
strates the uncertainties of the situ-
ation. Owing to the widespread in-
terest throughout the islands in the
young ladies striving for the great
Pacific Coast trip, the Bulletin has
decided to make another unofficial
count so that the count may appear
in the Bulletin of Monday after-
noon. The last votes will be issued
on Tuesday afternoon, and the official
count made by a special committee
on August 10. The count published
Monday afternoon and sent by wire-
less to the other islands will give all
these interested full information of
the exact situation just before the
final day for the purchase of sub-
scriptions.There are a few points which
those interested in the young ladies
of this contest should bear constan-
tly in mind.No votes will be issued from this
office after the 5 o'clock whistle
blows Tuesday afternoon July 30.
This is absolute. Don't come in just
after the whistle has blown and tell
a long and sorrowful story and talk
about how much money you would
spend if the rule could be suspended
for just a minute.There is plenty of time between
the hour you read this and 5 o'clock
the 30th of July to get all the votes
and make all the plans necessary to
your campaign. Get your votes by
that hour or you can not get them.The committee for the official
count has not been entirely com-
pleted but two members have consented
to serve and will be entirely satisfac-
tory. They are John Soper and
Eugene Campbell. Neither of these
men has any interest in any of the
candidates nor in the Bulletin.
If possible the third member will be
selected from the outside islands but
the uncertainty of the outsiders be-
ing in town when the count takes
place, makes them hard to get.One young man has asked if he
may have a representative present
when the final count is made. Ev-
erybody may have as many as they
like and themselves to boot. All the
Bulletin would like to know is
how many are coming so that it may
decide to hold the count in the office
or some place that will accommodate
a larger crowd.The Bulletin has nothing to do
with the official count. That is in
the hands of the committee.Remember the dates.

KONA PROSPERING

President R. W. Shingle of the
Henry Waterhouse Trust Co. returned
from a short trip to Hawaii in the
Mauna Loa this morning. Shingle
stated that Kona seems exceedingly
prosperous. J. B. Castle's new devel-
opment company having given a great
start to the various industries of both
the districts. New houses are being
built and all the labor in the country
is being employed on this work as well
as in that of harvesting the coffee crop
which is now coming in. Many of the
settlers are planting cane, and the
plantation has extended its fields south
into the lands of the Greenwell estate,
and a new extension of the railroad
will have to be built in order that the
cane from these fields can be brought
to the mill.This morning the hui of Japanese
hotel keepers which chartered the
Kumeric received a cablegram from
Hirano, the special agent whom it
sent ahead of Vancouver to meet the
vessel on its arrival. The message
merely stated that the Kumeric had
arrived but said nothing about what
the chances were for her passengers
passing the immigration authorities.

Headache and Sleeplessness

MRS. G. W. RORER.

Mrs. G. W. Rorer, of Rock-
ville Center, L. I., suffered
so from headaches and ner-
vous trouble that she could
not sleep.She has failed to derive any benefit
from the many other remedies she tried.
She has been completely cured and
restored to health, and now enjoys restful
sleep, thanks to DUFFY'S PURE
MALT WHISKEY.Mrs. Rorer is 64 years of age and
cannot say too much in praise of this
great family medicine."I have been a constant sufferer
from headache and nervous troubles,
sometimes lying awake at night. I saw
your advertisement in the paper and
made up my mind to try your medicinal
whiskey, and it did me so much good
that I continued it, but now only take
it in the evening and at noon time. I
think that it is better than any medicine
I can get. I have not had the doctor
once since I commenced using it. I
thank you again and again for the good
it has done me. My age is 64 years."
—MRS. G. W. RORER, Rockville
Center, L. I., Dec. 3, 1906.The above unsolicited testimonial of
Mrs. Rorer is similar in its words of
praise to many letters received daily
from men and women throughout the
world, in all walks of life, who have
been permanently cured by DUFFY'S
PURE MALT WHISKEY, the great-
est of all medicines.

TERRITORY IS LIABLE

SAYS PARSONS

FOR COUNTY WRONGS

Hilo, July 23.—The Territory of Ha-
waii is liable for any damages caused
by the negligence of the employees of
the County in making or repairing
roads. Such, in a nutshell, is the de-
cision handed down by Judge Parsons
of the Circuit Court of the Fourth Cir-
cuit in the case of Kumazo Matsumura,
an action to recover \$10,000 for alleged
damages to property at Kahala caused
by one Keola, a road employee, who is
said to have negligently turned a
stream of water across it.The Judge's decision is that while
the County makes and repairs the
roads, the work is done for the Terri-
tory, which, though the Superinten-
dent of Public Works, exercises super-
vision and control of the thorough-
fares.The matter came up in Chambers in
the form of a demurrer by County At-
torney Williams to the plaintiff's de-
claration, presented by Attorney Carl
S. Smith. The demurrer was sus-
tained.Blank books of all sorts, ledgers,

FRIDAY.....JULY 26, 1907.

All the ladies will soon be wear-

ing Alice colors and Nick will run

a race with the boys just back from

college, in setting the pace for the

men.

Can it be that the Queen's Hos-

pital fracas is really ended? Or are

they waiting for Governor Carter to

return and add interest by heaving a

few bricks.

Waikuku's volunteer fire depart-

ment more than repaid all expense

it may have occasioned when it saved

the Waikuku general hospital from

destruction.

Refusal to present any defense for

the latest culprit brought into the

San Francisco graft trials does not

carry with it a strong impression of

freedom from guilt.

The independence of Korea has

been formally written off the slate.

No one doubted the ultimate result,

but this is rather sudden for a civil-

ized nation to bring about.

An opportunity should be given

the people to meet Secretary Straus.

If his department has to do with af-

fairs that enter into the everyday

life of the community, and it would

do the people good and Straus no

harm to become acquainted.

Secretary Straus cannot fail to be

impressed with the necessity for

more citizen material among the peo-

ple who do the labor of Hawaii. Prac-

tical solution under favorable Feder-

al law should take the place of beau-

tiful theorizing without results.

It is now proper for the American

and Japanese admirals at Brest to

announce that keeping sailors on

board the ships was only an ordinary

matter of discipline. This would be

an absolute truth, but the public ig-

norant of custom, would not believe

it.

This Sunday shooting business

ought to find some method of settle-

ment when it becomes especially un-

pleasant to citizens of a certain local-

ity. If Governor Cleghorn or any

other citizen is disturbed by shoot-

ing in the vicinity of his home, there

ought to be some means of relief other

than a campaign in the Legisla-

ture which might result in putting a

stop to all Sunday shooting.

While they are celebrating the

Three Hundredth anniversary of

American Ship Building at Bath,

Maine, next month it would be quite

proper and very unkind to dwell up-

on the fact that the third century

finds American ship building in

worse condition than the first. A

country with such great opportunity

and so little to show in accomplish-

ment has a perfect right to be

ashamed.

HYPOCRISY NOT AMERICAN.

The late DeWitt Talmage in one
of his famous sermons said:

One of the greatest trials of
the newspaper profession is
that its members are compelled
to see more of the shams of the
world than any other profes-
sion. Through every newspa-
per office day after day or week
after week go all the weak-
nesses of the world, all the van-
ities that want to be puffed, all
the revenges that want to be
heaped, all the mistakes that
want to be corrected, all the
dull speakers that want to be
thought eloquent, all the mean-
ness that wants to get its wares
noticed gratis in the editorial
columns in order to save the tax
of the advertising columns, all
the men who want to be set
right who were never right, all
the cracked brain-philosophers
with stories as long as their
hair and as gloomy as their
finger nails in mourning be-
cause bereft of soap, all the
bores who come to stay five
minutes and stay five hours.
Through the editorial and re-
portorial rooms all the follies
and shams of the world are seen
day after day, and the tempta-
tion is to believe in neither God,
man nor woman. It is no sur-
prise that in this profession
there are some skeptical men. I
only wonder that journalists be-
lieve anything.

One of the biggest examples of
hypocrisy and sham this Territory
has ever furnished is the exhibition
furnished by that certain element in
Honolulu now talking about the de-
parture of white families and seek-
ing a place in the front rank of those
patriots who would bring the Ameri-
can farmer to these islands.

It was only a short time ago that
there was heard from the same
sources bitter and prejudiced criti-
cism against the Rev. W. M. Kin-
caid when he said practically the
same thing regarding the departure
of white families.

Do the critics of Kincaid now pre-
tend to be converted and confess that
he was right?

Or is it a case of their being jeal-
ous that he should touch upon their
reserves?

If there were more genuine man-
hood and less hypocrisy among those
who assume to censor the affairs of
Hawaii, the attraction would be
stronger for the American farmer,
and the American business man who
can always find a fair field and no
favor in mainland communities, and
the land as well.

It is pleasant to listen to theories
expounded with an honest purpose.
It is nauseating to every straightfor-
ward American to witness the polit-
ical game that is being played in
this Territory under the small farm
banner.

BRYAN WANTS ROCKEFELLER

Warsaw, Ind., July 6.—"Send John
D. Rockefeller and a dozen other trust
magnates to prison for a long term of
years and one of the most vital ques-
tions before the people of this country
will have been solved," declared Wil-
liam Jennings Bryan yesterday at a
banquet given in his honor by Dr. Sol
C. Dickey, president of the Winona
Lake Assembly.

"President Roosevelt and others are
now bringing to a successful issue the
principles and ideas I advocated sev-
enteen years ago," Mr. Bryan contin-
ued. "This is particularly true as re-
gards the tariff. The President is
compiling my future speeches for me."

Mr. Bryan took a fling at the Presi-
dent's Cabinet, saying there was not
a man in it who agreed with Roose-

Real Estate Dep't.

velt. Referring to the controversy be-
tween the United States and Japan,
Mr. Bryan, who, during his trip
around the world, visited the Eastern
Empire, said a little more back-
ground at Washington would settle the dif-
ferences for all time to come without a
conflict between the two nations.

"Japan will follow in the path of
Spain and other nations once powerful
unless there is a religious awaken-
ing in that country," he said. "There's
one thing that can save Japan, and
that is the spread of Christianity."

LAZINESS AND CHILDREN

Dr. O. Christman, Professor of
Pedagogy in the University of Ohio,
says:—

"There is no such thing as a lazy
child among normal children. There
may be an abnormality of laziness,
just as there is of feeble-mindedness
and of thievery, but the ordinary, av-
erage child is not lazy. This is
shown by children at play, and also
by children at work when there is a
motive for this work.

"If the child does not work at
school, it is because there is little or
no motive, or there are conditions
which cause a mental or physical stu-
por, or both. . . . Those least able to
do the mental work are detained in
the worst conditions possible in the
day—after school hours.

"The very school work itself tends
toward stupefying the ability of chil-
dren. The very nature of the child is
activity. As was said before, the
child is a motor being. Yet the school
ignores this, or is ignorant of it, for
physical activity is repressed in the
school-room, and mental activity is
tried to be increased. The humdrum,
inactive life of the school-room wear-

iness, weariness grows into fatigue,
fatigue into stupor, and then the child
is called lazy, and he must be kept
after school or otherwise punished
for this so-called laziness brought on
by teacher and surroundings.

"The discipline of the school itself
tends against the nature of the child

and to depress his faculties. The
'best' children in the school are quiet
children, but the best children in na-
ture are the active children. Thus
I would say that if the child is lazy
in school it is because of his envi-
ronment, lack of motives for work and
conditions to cause stupidity.

"We must change front and recog-
nize that the school-room is made for
the child and not for the teacher. . .
There is no natural interest in the
school-room for the child, especially
the boy. He is a savage and filled
with savage instincts. The school of
the savage has been for the most part
a physical school—and so the boy
wants his physical nature helped and
trained. . . . Work which allows the
use of the body, freedom of motion
and action, must take the place of the
tiresome desk-work and dull mental
application of the present.

"But above and beyond all these
must the work be carried out into the
field and the wood, along by the river
and brook. The child must be
taught through nature. Why cannot
a beautiful hillside shaded with trees,
and carpeted with lovely flowers and
soft grass, be as good a place to
teach as the dreary school-room and
drearier desk.

"But more yet, the teacher instead
of always bringing the children to
him, must go out to them and must
teach them in their plays and their
doings.

"It is very gratifying to students and
lovers of children that much of the
above is being recognized as necessary
in school work, and in some ways is
being looked after."

These are self-evident truths.
Why our children have had to wait
till this late day to receive the most
ordinary right as reasonable entities
cannot be explained in one paper.

There are still teachers who keep
children in after school hours for not
knowing lessons and, what is sadder
yet, there are teachers who whip chil-
dren who do not know their lessons.

As Dr. Christman says, if normal
children are lazy it is the teacher's
fault. I say more, if normal children
are "bad" or lazy or indifferent, it is
because the teacher is lazy or indif-
ferent.

Does he play with the children?
Does he have a deep interest in the
life and attainments of his pupils?

Or is he only running a machine,
wound up at 9 o'clock each school day
and stopping at 2 or 4, as the case
may be? Perhaps the boy who stayed
away from school fishing learned more
during his absence than he would have
ne sat in the school-room trying to
force an unwilling mind; if so, the
fact could be determined by an ade-
quately equipped teacher, and the mat-
ter treated accordingly.

SKY-ROOFED SCHOOLS
Why not, especially in Hawaii?

Here we have such a good climate
for this sort of instruction.
The school could be taken out for a
lesson in botany, geology or any divi-
sion of natural history or geography.
Such a trip would give the children
more real knowledge than a week in
the school-room.

Let the teacher go to the seashore
for a day, or to the woods, or out on
a lava flow.

What more interesting or avail-
able subject than volcanoes or lava flows.
The teachers nearly all went to the
last flow at Kan.

Would it not have paid the Govern-
ment to have provided means of con-
veyance for the children of the vari-
ous schools in Hawaii? The B. B.
took even his baby at a considerable
sacrifice of personal comfort. It pays.
The school outings would do the
children all good, boys and girls. They
could be chaperoned by the teacher, in
sections, and allowed to gambol like
lambs only gathered together now and
then for a little talk on what they
see.

Let the teacher in this way develop
the observing faculties—of more use to
this world than most of the book
knowledge we acquire. Is there a
teacher who can't walk a mile or two
in a country like this? If so, let him
go and do something else and give way
to a better-fitted teacher.

The Government is not running an
elemosynary institution for teachers.
Imagine taking a little sand and
gravel and clay and other stuff in one

Tomorrow We're Going to Sell Those Cakes The Famous Ones Mrs. C. A. Blaisdell Makes

Last Saturday the demand was great and it came early, too. So get your order in
ahead of time this week. There'll be two sizes—FIFTY CENTS and A DOLLAR. These
delicious cakes mean everything that toothsome word "cake" meant to us in our child-
hood days. Only more, if anything.

It's how they're made and what they're made of that rightly make
them famous.

CORTELYOU BOOM.

Washington, July 16.—That a defu-
nite boom for Secretary Cortelyou of
the Treasury Department, supported
by a live organization of conservative
business men, is about to be launched
in New York state was declared here
today by a politician of national rep-
utation. The informant predicted that
Secretary Cortelyou would have the
New York delegation to the next Na-
tional Republican convention.

Within a week it is known that Sec-
retary Cortelyou was visited by James
S. Clarkson, of New York City. Clark-
son was chairman of the Republican
National Committee in one of the Har-
rison campaigns. He is acknowledged
to be the strongest Northern man in
handling Southern politicians. That
the administration is preparing a coup
in that direction, and that Cortelyou,
who was chairman of the last National
Committee, and as Postmaster Gen-
eral awarded all the political plums in
that locality, may be the chief ben-
eficiary is the general belief in Wash-
ington.

Damages Awarded Ford By Judge Dole For False Arrest

A decision was rendered in admiralty this morning by Judge Dole in the case of Thomas Joseph Ford versus the Oceanic Steamship Company. Ford sued for damages for illegal arrest and Judge Dole decrees that he may collect damages in the amount of \$300.

The decision says in part:

"This is a libel in personam. The libellant was a fireman on the Ventura, one of the vessels of the libellee, and engaged as such during the month of June, 1906, for a voyage from San Francisco to Honolulu, Pago Pago, Auckland, Sydney and return by the same route, at wages fixed at fifty dollars a month and board and lodging reasonably worth twenty dollars. The libel alleges that on the 28th day of June, when the Ventura was lying in the port of Honolulu in the prosecution of said voyage, the libellant was illegally and without reasonable or probable cause, arrested by the libellee on board said vessel and taken ashore and confined in prison for a period of five days without any charge being preferred against him in any court, and that he finally regained his liberty through a writ of habeas corpus; that during such imprisonment the said vessel Ventura continued her voyage, leaving him behind and carrying away with her his clothing and personal effects worth fifty dollars, and without paying him any wages, whereby he lost such effects and was deprived of the two months' wages which he otherwise would have earned.

"The libellee seeks to justify the arrest on the ground that the libellant was drunk, disorderly and riotous during his watch and interfered with the work of the ship, and alleges that the officers, arrested, libellant was distinctly informed of the nature of the charges against him.

"I have no difficulty in finding that the libellant was under the influence of liquor at the time of, and previous to, his arrest, which was shown by the development of a quarrelsome tendency in the discussion of certain subjects of general interest in which he was disposed to enforce his arguments by some kind of belligerent demonstration. When the policeman was first sent for, he found on his arrival that the libellant was sitting at the table in the mess room, quietly eating. The first officer pointed him out as 'the man' and he arrested him, but upon allowing him to go away to put on his shoes and coat he failed to find him again, and returned to the police station. He was later sent for and went down this time with three other officers, expression having been made that the libellant's associates on the ship might interfere with his arrest. Upon his second arrival he found the libellant in his bunk, lying down quietly, and arrested him and took him ashore.

"The practice of the ship as intimated by the chief officer in his testimony, of having men locked up as drunk and disorderly at any port, in any part of the world, and leaving them to their fate, is indefensible in common law countries. It is a proceeding instituted by a layman to imprison another without trial or judgment for a day or part of a day, and as much longer as officials negligence may allow. In this case it was that an amercement, for it included a discharge of the libellant in violation of the law, although record of discharge was entered the next day by the purser. I feel that the rule laid down by the Texas case applies in this case and that the libellee is liable, not only for the arrest and imprisonment but for the negligent extension of the imprisonment as well.

"A decree may be entered in favor of the libellant in the amount of three (\$300) dollars, made up as follows: 'Two months' wages \$100; seven weeks' board, \$35; personal effects, \$40; damages for arrest and imprisonment, \$125, with costs.'

"The syllabus gives the judge's opinion on the case in condensed form. It says: 'Arrest without warrant—Liberty: An arrest of a sailor on board of his ship lying in the port of Honolulu by an officer without a warrant, in consequence of the request of the chief officer, is illegal under the Hawaiian law and common law.

"Id.: In such a case, the fact that the chief officer told the policeman that 'there is a disturbance aboard' and pointed out libellant as the man making it, does not make the arrest legal, where the policeman neither saw nor heard of the circumstances of the disturbance, but if he had been told of the circumstances of the disturbance, which he had not seen, and from such narration had found reasonable cause to suspect the guilt of libellant and had arrested him because of such suspicion, the arrest would be legal.

"Id.: The right to arrest without a warrant is an exception to the general rule and the conditions under which it is allowed must exist, and the methods under which it is carried out must be strictly followed to make it legal.

"First officers in charge of a vessel—Authority: The first officer was in charge of the ship de facto, the master did not appear in connection with the matters testified to, nor was there any intimation that he was on board. Held, that the first officers rightfully represented the owner.

"Liability of one causing arrest for extension of imprisonment: The arrest being illegal, and the ship going to sea immediately after with the possible witnesses in the case, leaving libellant in imprisonment, the libellee is liable for extension of the imprisonment, which may have been due to negligence of the police."

THE ROYAL HAWAIIAN HOTEL
HONOLULU, T. H.

Notice.

During the dull season, from Au-
gust first to December first, the

HAWAIIAN HOTEL

will be conducted as a first-class
apartment hotel only. Although the
dining-room and kitchen departments
will be closed during these months,
redoubled efforts will be made by the
management to secure both comfort
and pleasure for the patrons of this
famous and tropically-beautiful hos-
tel of world-wide renown.

The spacious areas on the wide
porches, hitherto occupied in the
weather for breakfasts, luncheons
and dinners, will be set with tropi-
cal plants in lieu of tables.

THE ALEXANDER YOUNG

HOTEL AND CAFE

not more than one hundred and fifty
yards from the entrance to the Ha-
waiian Hotel, will furnish board on
the European plan to roomers at the
Hawaiian Hotel at regular rates.
Meals may also be served in the
rooms of the Hawaiian Hotel, when
required, at an additional cost of
service.

The Alexander Young Hotel dining
rooms are located on the sixth floor
of the building, away from the dust
and din of the street, and are reach-
ed by a pair of swift-running eleva-
tors in the northern entrance to the
building. On the fifth floor there
is a lounge room where guests may
rest, and adjoining this, there is a
roof garden of one-third of an acre,
from which beautiful views of the
surrounding country may be had.

SPORTS

NO BASEBALL SATURDAY

There will be no baseball played on the League grounds Saturday. This was decided at a meeting of the League and is out of respect of P. Lishman, whose body will arrive here tomorrow. This will delay the schedule one week and will only affect one team, the St. Louis. They lose Bushnell, their pitcher, and it means that he will pitch one less game for them and thereby lessen their chances to win. It is hard luck for the Saints as the winning or losing of a game just at this stage of affairs means much to them.

WALL CUP TOURNAMENT

The second handicap tennis tournament for the Wall Cup will start on the courts of the Beretania Tennis Club Thursday, August 1. There will be a few changes in the handicaps, based on the scores of the first tournament. The question of entries will be settled in the same manner as in the previous matches, that is, all members of the club will be classified and their names drawn against each other. The entrance fee will be 25 cents, payable to the club treasurer. The present holder of the cup, W. L. Warren, expects to leave for the Coast August 10, and this tournament will probably give him an opportunity to get two legs on the trophy.

A NEW LEAGUE

The Kulanianole Baseball League met last evening and arranged the final details for the opening of their games at Anala Park on August 11th. Following were the officers elected: A. K. Vierra, president; John Asing, vice president; M. T. Marshall, treasurer; August Guerrero, secretary. The schedule for the 11th is: Chinese Alohas Jr. vs. Kamanuwais. Kaala Jr. vs. Twilight Jr. Louis Soares is the official umpire of the league.

BOWLING PRIZES TODAY

Prizes will be given at the bowling alleys today and tonight for high scores in ten-pins, duck-pins and five-back. It is expected that same good high scores will be made.

MAUI POLO TEAM

No. 1—S. A. Baldwin.
No. 2—C. C. Krumbharr.
No. 3—F. F. Baldwin.
No. 4—D. T. Flemming.
That is the probable line-up of the team that will represent Maui, in the coming matches with Oahu, which will be played on the 10th, 14th and 17th of next month.

The players on Maui are all practicing hard for this coming tourney and all will be in good shape to put up a hard fight. The horses also are in fine shape for the events.

DIAMOND GOSSIP

New York, July 15.—There is a well defined rumor here that Clark Griffith's days as manager of the New York American League team are numbered and that his successor is already chosen. The story goes that George Stallings, formerly a prominent figure in National League baseball, is the man who will take on Griffith's job of making a championship team out of the highlanders.

It is said that Griffith is down and out physically and unable to continue the strenuous life of a baseball manager, that he has a very serious complaint. It has been well known that he has had stomach trouble for years and was told the other day that he has cancer of the stomach.

Brown, the Chicago pitcher, leads the National League in pitching.

Joss, of Cleveland leads the American League pitchers.

The New York Americans have a crippled team just at present.

Hans Wagner is leading the National League in striking with an average of .336. Donovan is at the head of the Americans with .385.

Waddell, the great south-paw pitcher of the Athletics may be dropped by that team. He will not keep in condition.

Toledo, O., July 10.—Robert Bresnahan, inventor of the baseball shinguard, has sprung into inventive publicity again because of his experience in being hit by one of Coakley's inshoots. Roger's new invention is a headgear not unlike that worn by

football players. It has been ordered of a local rubber firm and will be finished so that Bresnahan can use it as soon as he is able to work. The gear fits on his head in such a manner as to protect the ears, temples and a large part of the back of his head.

LIPTON MAY TRY AGAIN

New York, N. Y., July 8.—There is some prospect for another America Cup race next season, with Sir Thomas Lipton again a challenger, according to reports in yachting circles.

When Sir Thomas was in this country last year he expressed a desire for another try at the trophy, but only on condition that the races would be sailed under the new measurement rule, which practically precludes sending a "racing machine type" of boat to the line.

It is now said that the present yachting season already has gone far to prove the contention that yachts can be constructed with great speed without the loss of staunchness and safety in heavy weather.

According to report, intimation already has been given Sir Thomas that a challenge under the new rule would be accepted and yachtsmen are confident that such a challenge will be forthcoming.

Should the New York Yacht Club agree to a challenge under the new rule it would open the door for cup hunters from other countries in the event Sir Thomas should fall again. There have been frequent intimations that the German Emperor would like to see a German yacht make a try for the America Cup, but he is opposed to the racing machine in yachting.

RING SIDE

If Battling Nelson means business he will waste no time in depositing the \$2500 to bind a match with his case he defeats Britt. I know that Billy Nolan will want me to fake with Nelson, or give the Dane the big end of the purse, but he might just as well realize now as later on that I will not lay down to Nelson and that there must be a winner's end. The weight also must be 133 pounds ringside—stripped; no more Goldfield business for me. So far as the purse is concerned, the other side can name the terms; but there must be a winner's end. It can be winner take all, 60 and 40 or 75 and 25. Nelson has been traveling all over the country telling the public that he had me buffaloed and that I was afraid to fight him. It is now up to Nelson and his manager to show the public who is dodging a second meeting. I think that the terms proposed are more than just, inasmuch as I am champion and have already defeated Nelson. He can dictate everything except the weight, and as 133 pounds ringside is the legitimate lightweight limit, I don't think he can honestly squirm out of the match.—Joe Gans.

Chicago, July 15.—There is a possibility of Packey McParland going to Denver for a fight. Harry Gilmore Jr., who looks after the affairs of the stockyards fighter, received word from a Denver club, asking that Packey meet Mugsy Shoels of Cheyenne, Wyo. Gilmore is seriously considering the battle and declares that if nothing comes of the proposed match with Hyland he will accept. Should Packey meet Shoels the battle will be ten rounds at 130 pounds.

Boston, July 15.—Jake Kilrain has agreed to meet John L. Sullivan in Chicago for a four-round exhibition bout July 22. Frank Hall of Chicago, who is promoting the affair, says there will be no interference on the part of the police as the sparring will be purely of a friendly nature.

Boston, July 16.—Honey Melody has refused a bout with Jack Blackburn and has drawn the color line. He says that the only reason he fought Walcott was that the welterweight title went with it and that only in a case of that kind would he fight another colored boxer.

Jack Blackburn is having a terrible time getting fights. The other night he beat Jim Barry, a heavy-weight, and made a sucker of him. Blackburn will give away weight to meet Willie Fitzgerald, Harry Lewis or Honey Melody.

Jim Barry, the big heavyweight sent East from Chicago a few weeks ago, will hardly do, if he can not whip men as small as Jack Blackburn. The little negro had much the better of him at Philadelphia, and must have been outweighed fully forty pounds by the western slugger.

Ted Murphy has received an offer from Marysville, Cal., for Tony Caponi to box either Joe Thomas or Kid Ketchel in the near future.

LONGEST GAME ON RECORD

The longest game of baseball in the history of the sport was played in Cleveland Thursday, when the Brooklyn A. C. and East End All Stars battled for thirty innings. A few weeks ago a twenty-eight-inning game was played by two school teams in Boston. The thirty-inning battle lasted five hours and fifty minutes. Each side used two pitchers. Pitcher Leroy of the Brooklyn A. C. was the star of the great battle. He struck out twenty-one men in eighteen innings, and made four of the eight hits which his side got. There were doubles and another was a home run, which came in the thirtieth inning, with two men on bases, giving the Brooklyn the three runs which won. Leroy easily disposed of the All Stars in the last half of the thirtieth.

RAGING RECORDS BEGIN

Libertyville, Ill., July 16.—Horsemen from all over the country were present today at the opening of the Western Grand Circuit races. Many famous horses which will make circuit are here, and it is figured these races will give a fair line on what may be expected at other tracks. The veteran, Ed Geers, is present with a large string, and practically dominated affairs today. The favorites got almost everything they went after. The overnight rain cut down the attendance, but the track was in perfect condition. Dan S., the bay son of Greystone, had to lower his mark of 2:07 1/4 to 2:05 1/4 to beat Hidalgo less than a length in the first heat of the 2:13 pace. It was one of the greatest contests ever witnessed over this course. Dan S. opened at 3 to 2 and was forced to even money.

In the first heat of the 2:08 pace, Early Alice, the even-money favorite, had things her own way, winning as she pleased, and shutting out Robert Mao and Patchen Maid in 2:10 1/4. John A., the chestnut son of Eddie Hall, and owned by Geers, was easily the best of the field of four in the 2:08 pace. Summaries:

BASEBALL GOSSIP

It fairly rained bottles at the Brooklyn ball park yesterday. Some ardent fan became incensed at Husk Chance and tossed an empty pop-bottle at his head. When another soared in close proximity to his sky-piece the leader of the Chicago Cubs thought it about time to retaliate. He banged both bottles right into the densely-packed bleachers behind first base and before he could wink an eyelash he thought the heaven had let down the flood-gates, as never in his life did he see so many pop-bottles flying through the air. After the game the crowd waited for another chance at Chance, but he wisely remained in the office and took a cab back to the hotel.

This piece of hot-headedness on Chance's part will no doubt bring him a suspension as well as a fine.

New York, July 10.—John McGraw, manager of the New York Giants, will either have to pay more attention to his team or else he is likely to be deposited as manager of the team. This is the report which is being circulated along Broadway.

McGraw is being blamed on all sides for the poor work of the Giants. It is claimed that Mugsy is paying more attention to the ponies and his other interests than he is giving to the ball club.

New York, July 11.—Frank Arellanes, star twirler of the San Jose baseball club, has signed and mailed a contract to the New York American League baseball club. His salary will be larger than that at first given Hal Chase, whose recommendation secured the new berth for him. Arellanes, since his connection with baseball, has improved steadily at the bat, as well as on the slab, and is at present slamming the ball close to the .300 mark, pitching all the time, too.
