Senate Reconsiders Items
That Were Passed
Yesterday.

SUBSIDY FOR STEAMERS
FAVORABLY ACTED ON

Senators Have Completed All But Few
Items—Bill Nearly Ready
To Pass Second
Reading.

The Senate at this forenoon's session, behaved very well. There was not a harsh word said and the work went along as if a program had been arranged. Indeed, the Senate did so well that only a very few items now remain to be settled on before the motion to pass the Appropriation bill in second reading can be properly made. These items are still in the hands of the committees to whom they were referred and, as these have promised to report tomorrow, the bill will probably be completed at that time.

When the Senate met this forenoon, Mr. C. Brown introduced the following bill, notice of which he had given a fortnight or so ago:

An Act making special appropriations for the use of the Territory of Hawaii during the ensuing biennial period.

Section 1 reads as follows: The following sums amounting to \$1,079,800 are hereby appropriated out of any moneys which may be received by the Treasury during the ensuing biennial period from the sale of any bonds which may be issued in accordance with any law in force, or that may hereafter be enacted.

(Here follows the detailed list of items for which the \$1,079,800 is to be expended.)

This bill passed first reading and was referred to the Printing Committee.

Mr. Kaula introduced the following resolution for the appropriation of money for items not included in the Appropriation bill:

Resolved, That the following sums for the following specified purpose be placed in the general appropriation bill:

1. That the sum of \$15,000 be appropriated to erect a home near the new Reformatory School for poor children who are citizens of the Territory of Hawaii, and that the same be placed on the government land between Kahuku and Hale, Oahu.
2. That the sum of \$10,000 be appropriated to improve the Reformatory School at Kapalama for poor girls and establish a department for indigent children from the age of four months to six years, who are citizens of the Territory of Hawaii.
3. That the sum of \$45,000 be appropriated to improve Lahainauna Seminary.
4. That the sum of \$20,000 for the extension of Vineyard street to Kamehameha School for Boys.
5. That the sum of \$1,500 for the Kalihl road beginning from Kailua Tract to the end of said street near Kiloheana.
6. That the sum of \$50,000 be appropriated for the extension of School street to Kamehameha Fourth road.
7. That the sum of \$10,000 be appropriated to improve Puna road.
8. That the sum of \$30,000 be appropriated to improve King street to Moanalua, and \$40,000 on same street to Wailua, Kahuku, the Koolaua to end of Nuuanu road.
9. That the sum of \$2,000 be appropriated for a street in Iwilei, Fifth District.
10. That the sum of \$5,000 be appropriated for all the streets at Kakaako.
11. That the sum of \$5,000 be appropriated for the purpose of obtaining clearing, platting and fencing a public

cemetery to be located on public lands near the city of Honolulu for the poor people to be under the control of the Superintendent of Public Works.

On motion of Mr. Paris, this resolution was referred to the Public Lands Committee to investigate.

At this point the Appropriation bill was again taken up for consideration. On motion of Mr. Achi, the following items under the head of Commission of Agriculture and Forestry, passed as in the bill: One-half Expenses and Freight, Entomologist, \$1000; Materials, Tools, Supplies, Hoes, Fencing, etc., \$1000; Importation of Plants and Seeds from Foreign Countries, and Collecting, \$1500; Stationery, \$1000; Stamps, Periodicals, etc., \$400; Advertising, Printing, etc., \$150; Additional Laborers' Quarters Nuuanu, \$500; Competitive Exhibitions of Fruits, Vegetables, Plants, etc., \$1000; Feed, Shoeing, etc., for Horses, \$400; Traveling Expenses for Commissioner and Forester, \$1000; Quarters for Two Laborers and Shed, Tantalus Forest, \$300.

The following items were then taken up and passed as follows: Pay of Commissioner (Agriculture and Forestry), reduced from \$7200 to \$4800 as recommended by the commissioner; Pay of Entomologist, \$4000; Pay of Chief Forester, reduced from \$3600 to \$3000 as recommended by the committee; Pay of Gardener, \$2040; Pay of Forester, \$12,040; 1 Laborer, Tantalus, \$525; 1 Laborer, Tantalus (new), \$432; 5 Laborers (nurseries), \$1296; 1 Laborer, \$325; Pay Roll, Thomas and Emma Squares, \$2040.

The item, "Pay of Expert Forester, \$1800," was struck out according to the recommendation of the committee. The item, "15 Laborers, Nuuanu Forest (10 more men), \$4830," was amended to read as follows: Laborers, Nuuanu Forest, \$4320. The latter figure is the recommendation of the committee.

The item "Pay Roll, Makiki and River Parks, (new), \$2040," was amended to read as follows: "Pay Roll, River Parks, \$2040."

Upon motion of Mr. Achi, the two items relating to the erection of a hospital for diseased animals in Hilo and pay of a veterinary surgeon for the same place, were reconsidered and then struck out.

Mr. Achi tried to get a reconsideration of the item of pay roll for the Kailua camp but the chair ruled that, since more than one day had gone by since the item was passed, it could not be reconsidered.

Next came a reconsideration of the following item, which was struck out at yesterday's session: Subsidy for Steamship Service Between Honolulu, Molokai, Maui, etc., \$5200. After much discussion and three separate amendments, the item was passed in the following shape: Subsidy for Common Weekly Carrier Service between Honolulu (Oahu), Kaula, Kaula, Pukou, Halawa, Wailua, Pelekunu (Molokai), Lahaina and Kahului (Maui), and Kalahele, Manale and Awaia (Lanai), not to exceed the sum of \$5200 and to be awarded after public bid or tender to the lowest bidder, \$5,200.

At 12 m., the Senate took a recess until 2 o'clock.

NIGHT SESSION HELD BY COMMISSIONER

Commissioner Robinson of the United States Court heard testimony last night from 7:30 to 10 o'clock, in the case of the United States vs. H. H. Hatfield and Joseph Johnson, charged with assault on the high seas. The two defendants are first and second mates respectively on the Balclutha and the complaining witness was Olaf Emblem, the ship's carpenter. Three witnesses testified to having witnessed the assault made by Hatfield. The defense put on no witnesses but, Attorney W. A. Kinney made a motion to discharge Hatfield which was allowed by the commissioner. The case of Johnson was taken under advisement.

This morning at 9 o'clock Commissioner Robinson decided the Joseph Johnson case, binding him over to appear at the October term of the United States Court or before a Federal Grand Jury, should one be called before that time. His bond was fixed at \$1000. The witnesses in the case are also held under recognizance bonds of \$500 to appear at the same time.

The special June term of the First Circuit Court was convened by Judge George D. Gear this morning. The jury summoned by Bailiff W. S. Ellis is composed of the following persons: William Piper Barry, Frank Dennis Creedon, Joseph Patrick Guinane, Emeal Hammer, John A. Hassinger, John Harry Jones, Solomon Kalelopu, Joseph Keakahiwa, George K. Wala, Joseph Uhi Kuhia, John Carey Lane, James L. McGuire, William B. McLain, Charles E. Moore, Elmer Ellsworth Paxton, Lucius Eugene Pinkham, Percy Martin Pond, Louis De Avelyn Prince, James Lovette Rockwell, William Hitchcock Rogers, Charles Henry Rose, Joseph Richard, Harry H. Simpson, Isaac Teate.

The roll of the jury was called and none were excused. The entire jury was dismissed until tomorrow morning. The forenoon was then devoted to calling the calendar and assigning causes for trial. The disposition of cases was embarrassed decidedly by the absence of several attorneys.

On motion of Lorrin Andrews hearing on the plea in abatement in the case of Walter G. Smith under indictment for perjury was set for Saturday at 9:30 a. m.

Tomorrow all criminals under indictment will be arraigned.

After next Thursday court will regularly convene at 9:30 o'clock in the morning.

Sailors Union Men Are on the Rampage

Lewis and Turk, the shipping masters, had a narrow escape from a beating this morning at the hands of the Sailors' Union men who, about twenty strong got after the shipping men on Queen street. As a rule the partners are equal to five or six sailors when they try to do them up but this morning there were at least twenty in the bunch.

The trouble all arose over the shipping of non-union crews by the shipping masters. The Union have been losing a great many ships lately through the enterprise of Lewis and his partner and they are becoming very ugly. This morning when a crew was about to be shipped the Sailors' Union put their feet down and declared that the ship should take nothing but a Union crew if she had to wait here all summer. Lewis went out and got a crew and was on his way with the men

to the shipping commissioners when the Union men jumped him. He ran into the store of Wilder & Co. on Queen street and a policeman seeing that there was going to be trouble sent word to the station and soon there was a squad of police on the spot but too late to see the trouble. Warrants were sworn out by Lewis for the arrest of several of the men and tomorrow they will have a chance to explain matters in the Police Court.

SEATTLE STEAMER COMPANY

Word was received here by the last steamer that within a month there will be established a new line of freight steamers between Seattle and this port. Messrs. Barneson & Chilcott of the northern city have incorporated under the firm name of the Globe Transportation Company and have now on the way out from New York three steamers newly built for the trade. The steamers are the Eureka, 2800 tons, carrying capacity, the Tampico, 3000 tons carrying capacity and the Meteor, 3400 tons capacity. On the 8th of June the Eureka was thirty days out from New York on her way to Seattle and it is expected that she will leave the latter port on the first of August for Honolulu.

Arrangements have been made with the Great Northern and Northern Pacific Railroads to do all their carrying from the North to the Islands and it is thought that even if the steamers can not get return cargoes of sugar they will pay if they get full cargoes for the Islands. They are built to carry big loads on a minimum consumption of coal and it is thought by making round trips in twenty-five days that they can be operated at a big profit. The local agency has not yet been placed but there are two or three firms after the line.

FIGHT AT CLUB STABLES.

There was a disgraceful occurrence at the Club Stables yesterday afternoon in which two horse trainers and a horse fancier figured. It seems that Chris Holt was riding out of the stables when Jockey Burns passed a nasty remark about Holt's crowding him or his horse which stood nearby. Holt stopped and asked Burns to repeat his remark. Burns did so. Holt jumped from his buggy and went toward Burns. There were some hot words and blows followed. Burns was joined by O'Brien and both were doing up Holt when Officer Nisell Jackson appeared on the scene. He tried to separate the fighters when Burns struck him. Jackson squared off from the bunch and gave his sole attention to Burns who very soon found that his reputation as a fighter was not very much help for Jackson landed an awful blow on his forehead, resulting in a cut that required stitches later on.

O'Brien, seeing the fate of his companion in the cowardly assault on Holt, turned to Jackson who, in the meantime had handed over Burns to the tender care of Officer Neilson. Jackson gave O'Brien a dose of the same medicine which he had given Burns. A man by the name of Curry was also arrested for taking part in the fight and all three men were taken to the police station.

SALVATION ARMY WEDDING.

The Salvation Army wedding at the Y. M. C. A. hall last night was an interesting event to the large number of spectators as well as a happy one for the principals, Captain J. H. P. Jensen and Adjutant Maude Sharpe. There were over four hundred people present. The platform was decorated with the colors and emblems of the army.

The ceremony was performed by Major Wood, the prescribed marriage formula of the Salvation Army being pronounced. Mr. J. McCormick served as best man and Miss Minnie Sharpe as bridesmaid.

HOUSE TRIES TO RAISE SALARIES

EMMELUTH AND GILFILLAN
HOLD A TETE-A-TETE

Beckley Attacks Registrar of Conveyances—Gillfillan Lectures on
"Perks"—Other
Matters.

In the House the salary bill still hangs fire on third reading. Only four items remain to be passed, but the House always bucks at the idea of getting rid of the bill on third reading.

The four items left are the salaries of the Attorney General, Treasurer, Superintendent of Public Works, and Commissioner of Public Instruction. These would undoubtedly have been passed this morning at \$9000 apiece but for a motion to adjourn cutting off further deliberation on the matter.

Mossman started the debate by moving that the Attorney General's salary be fixed at \$9000. Makainal moved to include all four of the items under that salary.

"Mr. Speaker," began Emmeluth, "I am entirely opposed to any such move as this. The salaries in the States are not nearly as high as those we have here. In Oklahoma, the Treasurer receives \$1800 a year."

"Mr. Speaker," interrupted Aylett, "the gentleman is out of order, as the previous question has been moved and seconded."

"Yes, I know it has," replied Emmeluth, "and I know that you belong to the class that try to choke every debater off. What kind of a man is this Attorney General? Just the other day, I went to his office and found his whole department traducing the character of a gentleman employed in one of the other departments. He is a man who spends a great deal of his time with L. A. Thurston. From this time on, Mr. Speaker, this is to be a personal campaign from the Governor down to the lowest clerk, and salaries will be governed accordingly. Gentlemen, the Treasurer of Utah gets but \$1000 a year."

"Mr. Speaker," began Makokan, "we are not talking of Utah but of the Territory of Hawaii. They are not the same thing at all."

"The honorable gentleman forgets to mention the 'perks,'" interrupted Gillfillan. "A man in that position can afford to spend many times his salary a year."

"The what?" asked Emmeluth. "The 'perks,'" answered Gillfillan. "Please explain," said the gentleman from the fifth.

"Perks," replied Gillfillan, "is a certain percentage on all public money received by the Treasurer," and Emmeluth "tumbled."

Faale broke off the Emmeluth-Gillfillan tete-a-tete by moving to fix all the salaries at \$6000.

A motion to adjourn cut off further debate.

House bill 3, providing for the current expenses for the next two years, came up for second reading. On motion of Emmeluth, it was referred back to the Finance Committee with instructions to segregate the items under the different districts, so that each island delegation could report on them separately.

In considering the Registrar of Public Conveyances, Beckley attacked this officer rather severely. He stated that the present incumbent was not worthy his position and, more than two-thirds of his time was spent getting out his annual report at a loss to the government. The clerk there did all the work, getting no holidays and working all day long. He moved to lower the salary to \$2600, and his motion finally carried.

"According to your statement," Akina interjected, "the Registrar could be indicted for receiving money under false pretences."

An item of \$5000 was appropriated for the keep of lunas and jailors on Maui.

The House adjourned at 12:10.

Telephone Boy Killed.

Pouka, a native lineman of the Mutual Telephone Co., who was injured in a fall from one of the poles while working down town last week, died at Wailua yesterday. It was seen that the poor fellow could not live and, shortly after the accident which resulted in internal injuries, he was sent to his people down the road. There he lingered until yesterday.

JUDGE GEAR MAKES DECISIONS

The case of Jonathan Shaw, Tax Collector vs. C. W. Booth, was decided yesterday by Judge Gear. By the judgment, Booth is required to pay \$1500 taxes with 10 per cent penalty and court costs. This tax was assessed against Pacific Heights property which

defendant claims had passed from his ownership prior to January 1. Three trespass cases were also decided. M. Barnardo, plaintiff in each, was awarded one dollar damages against Crespin da Camara whose four horses had trespassed. The defendants in the other two cases were given judgment for their costs.

AT THE ORPHEUM.

With the performance of Lost in New York this evening, the engagement of the Ellefords closes. The company will not leave until the end of the week, but will devote their leisure time to sight seeing. The average theatrical company is too busy during their engagement to enjoy many of the beauties of the islands and the Ellefords are glad of the opportunity. Arrangements have been made whereby the company returns next year with a new repertoire. The Ellefords have thoroughly pleased Honolulu audiences and are assured of a welcome on a return trip.

The house was crowded last night to the doors and the bill kept the audience thoroughly entertained from the rise to the fall of the curtain. There are plenty of specialties and the play itself is a series of sensations of which Jessie Norton is the center.

HOTEL REINCORPORATES.

Articles of incorporation have been filed with the Treasurer by the Royal Hawaiian Hotel Company, Limited, taking over the business of the Royal Hawaiian Hotel as now conducted and the property on which the business is carried on. The parties in the new corporation are the same as those in the old, to wit: Henry R. Macfarlane, Edward C. Macfarlane, George W. Macfarlane, William Lishman, Mason W. W. Gilbert and John Ross. The purposes of the corporation are to operate the hotel and carry on such business as may be incidental thereto.

The capital stock is \$200,000 divided into two thousand shares of the par value of \$100 each. Option is reserved to increase the capital to \$1,000,000.

IN THE POLICE COURT.

There were twenty-three cases on the Police Court calendar this morning. Most of them being assault and battery cases. Asai, a Japanese, who was indicted by the Grand Jury will not have a trial before Judge Wilcox but is being held for the next Circuit Court term. Five native boys who live at Moanalua appeared in the Police Court charged with assault and battery on Hol Chuck. Their cases were dismissed. The case of the five boys against Hol Chuck for assault with a weapon was nolle pro'd. One of the cases against H. A. Hadley, charged with gross cheat was nolle pro'd, and the defendant held to answer before the Circuit Court on the other. Apua, a small native boy was reprimanded by the court for being a habitual truant. He was discharged on promising to be a good boy. The case of Frank Barate charged with assault and battery on Ah Chan was set for June 19th.

The participants in the free for all fight which took place in the Club Stables yesterday afternoon appeared in the Police Court this morning. There was no attempt at prosecution by the sheriff and the men pleading guilty were fined and the cases closed. Three drunks were fined \$2 and costs each.

SEALE-BELLINA.

The wedding of Miss Victoria Seal and William Bellina took place this morning at St. Clement's chapel. Rev. Mr. Osborne performed the ceremony. Mr. and Mrs. Bellina sailed in the Kilauea for Kailua Ranch of which Mr. Bellina is the manager.

ORDERS RECEIVED TO CONDEMN LAND

Owing to the dry weather and lack of labor in the Kohala district to properly cultivate and strip the sugar cane, the borer has again made its appearance in an alarming manner, and unless something is done it is liable to create considerable damage to the crop. All over the islands people are throwing away their old lamps and replacing them with this lamp, not merely because it costs about one-tenth as much to maintain (cost is no object to some people) but, beside being infinitely cheaper, it is more brilliant and more reliable in the bargain. It is a revelation to every one who uses it, and simply demonstrates that the old-fashioned lamp was a barbarous contrivance. THE ANGLE LAMP never smokes, smells or gives any trouble, is lighted and extinguished as easily as gas, and is the idea light from every standpoint. We carry these lamps from \$1.50 up.

MOUNTED PATROL IS LAID TO REST

House Shows Big Majority in Favor of Annihilation.

MOSSMAN BLOSSOMS OUT AS A WATCHFUL HAWK

Says He Saw One Patrolman Flirting and Two More Asleep—Minority Dies Fighting.

The Mounted Patrol received its death blow at the hands of the House yesterday afternoon. The battle was long and furious, but the supporters of the appropriation were finally routed and driven off the field, leaving the other aggregation masters of the situation.

Aylett began the debate, speaking for the patrol. He said he felt that the horse police was an absolute necessity, as the members were the only ones to maintain order and discipline in the outside districts. The foot police, he said, did not extend their beats to the suburbs, and with the abolition of the patrol, Waikeke, Manoa, Pahoa, Palama and Kalihi would be left without any protection whatsoever.

Prendergast begged leave to differ with Mr. Aylett. He said that the patrol was a nuisance, and went on to cite many instances where the patrol had been conspicuous largely through absence. He thought that, by doing away with the patrol, the \$30,000 saved thereby could be expended in doubling the foot force as suggested by the committee report. Then too, out of that amount \$15,000 could be given for the call box system.

Puiki brought up a point that had not been considered before. "Who will stop your runaways for you, when the patrol is gone?" asked Puiki. Mossman also orated against the patrol.

"Just the other night," he began. "As I was returning to my home in Kewalo, late at night, I suddenly ran across two patrolmen's horses tied to a tree. On a near by veranda sat the two policemen fast asleep. At another time, I found an officer neglecting his duty shamefully by flirting with a girl. He had dismounted from his horse and was inside her yard when I came along. I am considerable of a night hawk and could tell of many more incidents of negligence.

Robertson spoke for the patrol, but all in vain, for the House adopted the report of the committee.

Dickey introduced a report relative to itemizing the appropriation which was as follows:

The minority of your committee to which was referred the item in the Appropriation bill, "Pay of Maui Police, \$40,000," begs leave to report. It is not well to attempt to segregate the pay of each constable as proposed by the report of the majority. The sheriff should have such control over his constables as to be able to shift them from place to place and with the consent of the High Sheriff to apportion their pay in accordance with their duties. The sheriff knows better than any member of the Legislature what each constable should receive and it is ridiculous for this House to attempt to prescribe the rates of pay in the manner proposed. If a man has heavy duties or great responsibilities his pay should be larger than one whose duties are nominal as is the case with many constables. In the plan proposed by the majority the constable who keeps a dry goods box worn smooth, at a Chinese store in a country region with nothing whatever to do is to receive the same pay as those who are kept busy night and day by their duties in populous centers. I recommend the item pass as in the bill.

C. H. DICKEY.
The House then fixed the pay roll for the different islands by adopting the report of the committees.
The House adjourned at 4 o'clock.

The Senate continued in the afternoon yesterday, its good work of the morning. The following items were passed: Maintenance of Garbage and Excavator Service, \$24,000; Running Expenses of Garbage Crematory, \$7200; Honolulu Dispensary, reduced from \$1000 to \$500; Koloa Hospital, \$1000.

The items from \$42 to \$49 passed, some of the items as in the bill and others with increased amounts, with the following proviso of Mr. Carter attached to each: "Provided that no race discrimination in the admission of patients, is made." The items are as follows: Subsidy to Waimea Hospital, raised from \$2400 to \$3000; Subsidy to Lihue Hospital, \$3000; Subsidy to Maunaloa Hospital, raised from \$5000 to \$6000; Subsidy to Hilo Hospital, raised from \$5000 to \$12,000; Subsidy to Queen's Hospital, \$40,000; Subsidy to Hospital for Incurables, \$9500; Kaplan Maternity Home, raised from \$4800 to \$7200.

The fight of the afternoon came on the following item: Subsidy for Steamship Service Between Honolulu, Molokai, Maui, etc., \$5200. Messrs. Kaulakalani and White fought a long time to have this item left in the bill but the great majority of the Senators were against it on account of the clause in the Organic Act, providing that the Territory shall grant no subsidy to a corporation.

At 3:35 o'clock, the Senate adjourned until 10 o'clock Tuesday.

THE GRAND JURY REPORT.

The Grand Jury, called to investigate the charge of bribery made by the Governor in an official communication to the first Legislature of the Territory, finds on the testimony of the officials given under oath:

That Governor Dole based his charge on information received "from second or third hands."

That Attorney General Dole, the prosecuting officer of the Territory, "had no evidence in his possession that would convict any member of bribery or corruption;" that to disclose his sources of information would defeat the ends of justice;

That Secretary Cooper, later Acting Governor "had no evidence of bribery" but knew of contributions on which he thought sufficient evidence could be obtained to prove bribery;

That Superintendent of Public Works McCandless and Treasurer Lansing had nothing but hearsay about bribery;

That the High Sheriff knew of bribery in a "general way only;" that notwithstanding the Grand Jury was called on May 13th for the specific purpose of investigating the charge of bribery, it was not until May 17th, ten days after, that Attorney General Dole instructed him to secure evidence, and even then gave the High Sheriff no clues to work upon.

That Jacob Cooper - Thurston's client - was asked by three members of the House what there was in it for them provided they secured the passage of his railway franchise; that these three members denied having made such a statement; that Cooper paid an officer of the House, not a member, to help his bill along, but refused to give the name as it might incriminate himself.

That testimony warranted the belief that commissions and discounts had been requested by persons outside the Legislature for handling printing.

That Dr. Russell's assertion of a \$65,000 corruption fund to defeat the Dispensary bill, had no foundation of fact.

That the Noite free lunch scandal was a hot air balloon of the Advertiser's.

That privileges of the Officers' Club had been abused.

That transportation companies had issued passes to members of the Legislature.

That Pearson's affidavit on behalf Lewis might be true enough but Lewis had done nothing to make him subject to a criminal statute and that Lewis had "done politics" with Pearson before.

The first thought of the unbiased citizen is that Governor Dole is either a fool or a knave. Not being ready to charge him with being either, the conclusion becomes at once apparent that the Governor has proved himself a weak sister, either innocent of the seriousness of the charge he was making or not strong enough to have a mind of his own when beset with either fools or knaves who hoped to gain political prestige through malicious gossip and unfounded hearsay of the street corners or the secret political circle.

The Attorney General Dole appears in a light that hardly needs comment. The mere fact that he did not call upon the High Sheriff to secure evidence, and even at the time did not give the High Sheriff any clue to work upon, until a full ten days after the Grand Jury was called is of itself sufficiently convincing to establish the positive conclusion that the Attorney General Dole's ideas of justice were not taken from the traditions and teachings of American forefathers or American leaders of the present day. The Attorney General seems to have a special line of his own, which, if it appeals to anyone, must find supporters and followers outside the ranks of those who believe that "American law is common justice."

Secretary Cooper sits on a sharp pinnacle with his associates.

Thurston and his organ are found in their time honored piratical berth, and Pearson having "done politics" with Lewis appears to be a weak tool, who on second thought thinks he can set the world on fire, but like all small minded men finds himself up a tree.

The Advertiser, Thurston's government organ, intimates that the Grand Jury's report was just what was expected. As Thurston doubtless had a knowledge of all the information the Governor had on which to base his charge, the Advertiser has unquestionably been in a position to positively assert from the first that the charge of bribery could not be proved at the time it was made nor could it be proved nor would it be proved had the Attorney General been given years to compile his evidence to the end that justice shall be done. The Grand Jury worked a full month on the investigation, called over a hundred witnesses, subpoenaed any and all persons who were suggested as possibly having any knowledge of or had heard of bribery. When the report is finally made even the piratical Advertiser cannot find any grounds on which to attack the integrity of the jury's verdict. The Thurstonian conspirators have found that it is not as easy to besmirch the good name of a citizen or citizens acting in a public capacity as it was under the "good old days of the Republic."

They have been given a lesson in American citizenship and American justice. May they profit by it.

The Bulletin will not attempt to solve the motives that prompted the Governor's action. His acts and those of men associated with him are beyond comprehension. If the charge against the Legislature was not made as a political offset to the Executive's failure to do business with the Legislature, it must then be put down as the most childish move ever made by any American executive.

It does not escape public attention that the Governor's friends and counselors in private and public capacity were the leaders, the organizers, the front and rear rank, the creators and sponsors for the attack upon the Judge of the First Circuit Court. They antagonized this Judge from the day he took his seat on the bench. When this Judge called them to account for their efforts to blockade justice, for the insults offered the court, they rose in well feigned wrath. And whom did they enlist with them? First their employees and relatives, then the Attorney General, his deputy, the High Sheriff and finally members of the Legislature who had asked the Governor not to extend the regular session.

Finally, the Governor's charge is found to be without foundation of fact. Time has shown that refusal to extend the legislative session was a mistake, since the Legislature must be called in extra session to save the Territorial treasury from bankruptcy. The only thing that remains for the conspirators in their revolution against Judge Humphreys. The conspirators already begin to realize that they can produce nothing to justify the President in removing Judge Humphreys.

Is anything more needed to justify the conclusion that the Governor, realizing that peace is what the Territory needs if it is to enjoy the full fruits of American progress and prosperity, is seriously contemplating withdrawal from public office and as a private citizen enjoy the adoration of his friends and the respect of his enemies.

IT IS TO LAUGH.

"MR. LEWIS STATED THAT HE HAD DONE POLITICS WITH MR. PEARSON some time ago." - Grand Jury Report.

It is to laugh when the Advertiser goes on its regular junketing trips for good government. Mr. Pearson made an affidavit that this Mr. Lewis had tried to corrupt him. Perish the thought that Lewis should seek to spill such innocent blood. In what way was it that Mr. Lewis whom the Advertiser abhors "done politics with Mr. Pearson?" Did Mr. Pearson or Attorney Andrews approach Mr. Lewis with the request that he tell them how to get control of the Republican Territorial convention? And did Mr. Lewis tell these exponents of "good government" that it was easy game, requiring only a trip to county districts to get control of delegates? And did Mr. Lewis, Mr. Pearson or Attorney Andrews individually or collectively make a trip to Waianae for purposes mapped out by Lewis? And did the scheme fall ignominiously in the scrap heap because the actions of "good government" could not get voters enough to carry a primary? And was it not Mr. Turk and Mr. Lewis who were marshaling voters in the Second Precinct, along with Rev. Keipi, who afterwards became an independent exhorter, for the ticket of the "good government," angels? Really there must be something "good" about this man Lewis and Mr. Turk whom the Advertiser decorates with stripes of corruption, when they have "done politics" with the really "good government" advocates. Isn't it up to Mr. Pearson to make another affidavit?

"LOST IN NEW YORK."

The Ellefords outdid themselves in "Lost in New York" last night at the Orpheum. A large crowd was present and enjoyed the play greatly, as was evident by their hearty applause throughout the entire performance.

Jessie Norton made a decided hit as Jennie Wilson the little waif, keeping the audience in continual roars of laughter. Miss Weirne had a part that was ill adapted to her style of acting but carried off her part with remarkable credit. Carl Berch is always good whether as hero or villain, and showed his great versatility as an actor by adapting himself to his part.

Tonight the Ellefords give their last performance in Honolulu. The Ellefords have held a very successful season here and promise to visit Honolulu next year. The play tonight is "Lost in New York."

Life Insurance

When you take a life insurance policy you want absolute protection, aside and distinct from your investments and speculations.

You do not want the life insurance company to put your money in a sugar plantation in which you have already invested. If the sugar plantation fails, your life insurance policy fails of its purpose. If you want to leave all your money in the Islands, invest it yourself. If you want life insurance put it in a good company, incorporated under the laws of a State which does not permit a life insurance company to speculate in stocks or to loan the policy holders' money on wheat and corn fields. The Germania Life Insurance Co. of New York has more assets for each \$1000 of insurance in force than any other company in the world.

1. You must stop making them;
2. I must get them at less expense; or
3. I'm a ruined man.

Since my first venture I've had many "jars." My family from early morn cry "Pickles;" neighbors ring the door-bell and shout "Pickles;" relatives visit me in expectation of "Pickles." Your pickles are my Nemesis. Please, Dear Sirs, quote them by the Keg, Barrel, Hoghead, Ton or Shipload, and "preserve" me.

Yours very truly,

Bribery Charges Based ON NOTHING More Than Hearsay

The report of the Grand Jury upon bribery and corruption of members of the Legislature, of which a synopsis was printed in the Bulletin yesterday is in full as follows:

The 13th and 14th of May were given to the consideration of bills presented to the Grand Jury by the Attorney General's department, and on the 15th the accusations of bribery and corruption of the members of the Territorial Legislature were taken up and examined. It has been under continuous consideration to the present time. Every person whom it was thought could throw any light upon the subject has been before the Grand Jury and carefully interrogated. Over one hundred witnesses have been examined and the testimony of many of them has been very contradictory and unsatisfactory. Every rumor was accepted and traced without result as to the charges of bribery and corruption.

Among the witnesses examined were the Governor of the Territory, the Attorney General, the Secretary, the Superintendent of Public Works, the Treasurer, the Acting Governor, the Superintendent of Public Instruction, and the Commissioner of Public Lands, all of whom were executive officers of the Territory on the 30th day of April and attended the Governor as councilors when requested.

Governor's Testimony.
The Governor testified that the information he had received was from second or third hands; that at the time his reply was given to the Senate in which he stated that he had information from a source which he could not ignore that bribery of members was going on in the Legislature, he had no legal evidence of bribery or corruption of members of the Legislature.

Attorney General's Dilemma.
The Attorney General said that he declined to present the evidence in his possession; that he had no evidence in his possession that would convict any member of bribery or corruption; that to divulge at that time any of the evidence he had would close the chief sources of information and defeat the ends of justice. I am not sure that anything has been done to bring charges of bribery and corruption home to members of the Legislature.

The Secretary's Attitude.
The Secretary said that he had no evidence of bribery; that he had information of contributions to a corruption fund, that the fund was not raised to defeat a bill, but that the fund was raised to put a bill through the Legislature; that he believed sufficient evidence could be obtained to warrant the Attorney General in presenting a bill to the Grand Jury; that he declined to give any information to the Grand Jury, as a matter of privilege. The Superintendent of Public Works said that he had nothing but hearsay on charges of bribery or corruption; that he had confidential relations with the heads of other departments of the government on matters that he was not at liberty to divulge, and refused to do so.

The Treasurer said that he had read in the newspapers that there had been bribery and corruption of the members of the Legislature; that he attended the Governor's council but could not call to mind any discussion about such bribery and corruption.

Orders to High Sheriff.
The High Sheriff also appeared before the Grand Jury and said that he had heard the matter of bribery and corruption discussed in a general way only; that on the 17th and 18th day of May he was instructed by the Attorney General to secure any evidence he could as to these practices, but prior to that he had no instructions to secure such evidence; that at the time he was before the Grand Jury he had no evidence of bribery or corruption of the members of the Legislature; that the Attorney General had not given him any evidence, nor had he laid out any lines for him (the High Sheriff) to act upon; that he had made no investigation, but was revolving in his mind how to get at the evidence.

Jacob Cooper's Position.
As it had been published in the newspapers that Mr. Jacob Cooper, upon approaching three members of the House for their support of his bill for a franchise for a railway from Kona to Kau, he was asked by the members "what there was in the bill for them," the Grand Jury had obtained the names of the three members, but each and all of them denied having asked Mr. Cooper such a question. Mr. Cooper having also stated that he had paid an officer of the House, not a member, a sum of money to secure his assistance for the bill, Mr. Cooper was asked for the name, and for what seemed good reasons refused to divulge the name of the officer. The reasons given were "that the testimony might be incriminating—might and might not be."

Effort was made through other sources to secure the name of the officer, but without success. Every bill introduced into the Legislature asking for a franchise was investigated where any corporation, society, or association has an interest, but the jury failed to find any evidence of a corruption fund.

Testimony was given that warranted the belief that persons not members had asked for a commission for furnishing printing to the printing offices and for discounts when they paid bills.

The Dispensary Bill.
The testimony as to assessments levied to defeat this bill, the witnesses admitted that money was raised by

subscription from some of the wholesale and some of the retail liquor dealers; that the money subscribed to retain counsel and obtain legal opinions upon the constitutionality of the bill, and as to the meaning and intent of a clause in Section 55 of the Organic Act; also to obtain legal opinions from San Francisco on the constitutionality of the bill and Organic Act, and to secure information of the working of the South Carolina dispensary bill.

The \$65,000 fund referred to by Dr. Russell was traced to its original source and found to have no foundation.

Free Lunches.

Upon this subject the testimony was that members of the Home Rule party took lunches at Nolte's and at another eating house on Alakea street; that the lunches were paid for by Representatives Prendergast and Mossman, out of a fund belonging to the Home Rule party; that the fund was raised before the session to entertain country members; that subscribers were members of the Home Rule party or its supporters. A member of the Legislature, a Home Ruler, said he subscribed to the fund and ate the lunch he had subscribed for.

Military Officers Club.

The testimony of the officers of this club was that in February last cards granting the privileges of the club were issued to members of the Legislature, and to members of the press. The members of the Legislature who were before the Grand Jury admitted having received cards, and the newspaper representatives also. Some of the members had used the cards; others had not. A member of the Legislature who was on the Committee on Military said that no card had been given to him until the special session was called to consider appropriations; that the desired appropriation for military purposes was about \$35,000. The privileges of the club were explained to be the use of the club rooms, the right to purchase liquor by the bottle only from the club supplies, and the use of a locker to keep a bottle in, and the services of the servants of the club. That these privileges were openly abused was made clear by the testimony of several witnesses. As there were not lockers enough for all, the persons enjoying the privileges of the club, a general locker was provided. In the charge of a Japanese servant, in which bottles with labels of owners' names upon them were kept. There was testimony that liquor was sold by the glass, the charge being twenty cents a glass, one witness saying that he kept no bottle at the club, that he called for drinks for himself and friends and always paid for them as a matter of course; that friends invited him to drink and paid for the drinks. Witnesses testified that representatives of the press were not required to pay for liquor, drinks being free to them and to other persons.

Transportation Companies.

As members of the Legislature testified that they had received annual passes from Wilder's Steamship Company, the manager of that company was called and testified that such passes had been issued to members of the Legislature, that it was customary to do so by transportation companies everywhere; that one member had asked for an explanation of the tender of the pass. The manager also stated that his company had two contracts with the government, which were provided for in the appropriation bill, for which \$400 a month was received by the company.

The vice president of another company was called and stated that his company did not issue annual passes to anybody. The directors of the company only had passes; that passes good for one trip had been issued to members of the Legislature when asked for, but it was not customary; that but one pass had been issued this session of the Legislature; that his company had no contracts with the Territorial government.

A. W. Pearson's Affidavit.

This was taken under consideration and Mr. Pearson testified to the correctness of the statements made by him in his interview with Messrs. F. J. Turk and O. Chas. Lewis, that the charges made by him were the truth and nothing but the truth. This affidavit was printed in the Advertiser of May 27th, and a copy is attached hereto.

Messrs. Turk and Lewis being called and duly sworn, admitted that they were in Mr. Pearson's office as stated. Mr. Turk invited Mr. Lewis to accompany him there; that they discussed with Mr. Pearson the securing of the position of harbor policeman for Mr. Turk. Mr. Lewis stated that he had done politics with Mr. Pearson some time ago. Both Turk and Lewis said that the statements in the affidavit were generally untrue.

The Deputy Attorney General was questioned relative to the affidavit and stated that he did not know of any statute under which Lewis could be prosecuted, even if the statements contained in the affidavit could be proven; that the charges made by Mr. Pearson did not constitute an offense under any Territorial statute that he was aware of.

As to the charges of bribery and corruption of members of the Legislature, the majority of the witnesses called testified that their information was based upon newspaper reports and street rumor.

Supplemental Report.

The Grand Jury files this report as supplementary to the report filed on June the 4th last:

On the 8th of June was completed the examination of witnesses in the matter of charges of bribery and corruption of members of the Legislature, and no warrant was found for such charges.

The Grand Jury visited the Insane Asylum and have to recommend an increased accommodation for females, the ward now in use being inadequate. The closest accommodation for this ward should be improved.

We also earnestly recommend, that the asylum or the rock crushing plant near the asylum be removed from its present location, it being obviously wrong that inmates of the asylum should be subjected to the noise of the operation of the stone crushing and blasting, as well as danger from flying rocks.

The assistant superintendent called the attention of the Grand Jury to the appropriation for support of the insane, the appropriation being the same for the present inmates, numbering 142 as was formerly provided for 30.

The attention of the authorities is called to the lack of appliances for putting out fire in buildings on the premises, and recommend that hydrant and hose carriage should be provided.

It is also recommended that automatic appliances be fitted for opening the doors of all wards not so fitted at the present time. In case of fire, as at present arranged, it would be difficult for guards to open twenty or more doors having three fastenings each in time to save inmates.

Oahu Prison was visited, but nothing was found calling for adverse criticism. The Attorney General's Department has presented forty bills, twenty of which were returned as true bills and twenty were ignored.

The Grand Jury presented but one bill to the attention of the Attorney General's Department. J. O. Carter, foreman Grand Jury; C. H. Cooke, John D. Holt, Jr., S. C. Dwight, E. C. Macfarlane, G. E. Smith, H. E. McIntyre, A. V. Gear, J. C. Cohen, C. H. Rowe, John F. Colburn, O. Stillman, J. C. Quinn, Wm. Allen, Edward B. Mikalant.

GIRLS ARE BARRED OUT.

Chicago, June 6.—With the completion of the spring term the girls of Armour's Institute will walk out, and co-education in that institution will be a thing of the past. It has been decided to make the courses strictly scientific, and the directors believe that the work can be more successfully carried on where the classes are made up entirely of males.

A RARE CHANCE FOR CAPITALISTS.

APANA 4 (OR LOT B, A. W. MALOHE)

Bounded by Rose K. Anahu 98 feet on makai side; by said 9-foot Roadway 156 feet on Ewa side; by Government and Bishop Estate about 80 feet on mauka side; and by Pahau Estate about 120 feet on Waikiki side. Area 9830 square feet, more or less.

This Apana 4, the outlet to which is Printer's Lane leading out to Punchbowl Street, could be subdivided into THREE EQUAL SQUARE LOTS, with an outlet to each facing Ewa-way on to said 9-foot Roadway; and the furthest mauka lot, when AP No. 4 is subdivided, will still be within 300 feet of the proposed Young Street Extension, thus eventually doing away with the use of Printer's Lane as far as this Apana 4 is concerned. THIS IS A GOOD CHANCE FOR INVESTORS.

TERMS OF SALE are cash in United States Gold Coin, and deeds at expense of purchaser. For further particulars enquire of the undersigned at his office in said Judiciary Building.

HIO BONE OF CONFESSION.

When the item for a raise in the appropriation for the Hilo hospital to \$12,000 came up in the Senate yesterday afternoon, Mr. Achi got excited. He had stood having Hilo items thrown at him long enough and, being able to contain himself no longer, he burst out: "Everything is for Hilo; nothing is for any other place. First it is roads, streets and bridges, then it is a hospital for sick horses and, by way of rubbing it in, Dr. Russell wants \$12,000 for the Hilo hospital and wants the hospitals at the other places left without appropriations. He claims that the Organic Act is against granting subsidies to any institutions of the kind with the exception of those maintained by the government. I say this is not so. The Organic Act goes so far as to say that money may be borrowed for charitable purposes and if hospitals such as those in Lihue and Waimea do not come under the head of charity, then I miss my guess."

During the course of his remarks, Mr. Achi said something about the motives of Dr. Russell. This made the venerable Senator very angry and he arose to a point of order. Mr. Achi retorted that the Senator had been elected to the Senate to carry out the will of the people not a part of the people. This speech was the turning point. Dr. Russell's minority report was turned down and the various items were taken up, discussed and passed without respect to the nature of the hospital.

MILLION FROM KLONDIKE.

Dawson, May 21, via Seattle, Wash., June 6.—The spring clean-up season is in full swing in all parts of the Klondike camp. Millions of dollars' worth of gold dust have been washed from the mountain-like piles of pay dirt that was thrown up by the army of tolling miners through the long, weary months of winter. Within a month \$3,000,000 or \$4,000,000 will have been taken out, and the washing of the winter dumps will then be finished. The spring clean-up of the camp is estimated at \$15,000,000 and the summer output at \$10,000,000.

SHIPPING NOTES.

There were forty-one sailing vessels and one ocean steamer in port yesterday.

The Carrallion is to load coal at Tacoma for Hilo, and the H. C. Wright lumber at Everett for Kahului.

The bark Mohican and the barkentine Impard for this port, and the brig Conquisito for Maui, cleared from San Francisco on the 8th inst.

When the Zealandia left San Francisco all the vessels of the sugar fleet which left here up to the time the Gaelic sailed, had arrived at the Coast with the exception of the Rosamond and schooner Columbia.

The four masted ship Susquehanna which is expected here with coal ballast for the navy is having reinsurance offered on her. The big vessel sailed from Norfolk, Va., in December last for Manila and was spoken on Feb. 5th, in latitude 27 degrees south, longitude 27 degrees west. Since then nothing has been seen of her.

CIVIL SERVICE EXAMINATION

The Civil Service Commissioners left for Hilo in the Kinai today to be gone two weeks. Sub-boards of examiners will be appointed at Hilo and perhaps at Kahului but the commissioners are not sure as to the latter port. The local board will consist of five men, three of whom have already been appointed. They are: Professors Alexander, Ingalls and Banks.

Chief Examiner Severn was interviewed by a Bulletin reporter this morning just prior to his departure for Hilo.

"The examinations," Mr. Severn said, "will be held on the 6th of July, and in case a large number of applicants take the examinations, the time will be extended to the 6th of July. Quite a number of appointments will probably be made here in time but no one can tell how soon. The Naval Department has informed me that it will want several clerks here before long. Seven or eight new officials are needed by the Customs Department. A railway mail clerk will also be appointed, and several clerks will be placed on the different inter-island boats.

"Hawaii is entitled to ten men in the Printing Department, while at present they have but one. The pay there is quite good, being 50 cents an hour.

"The next examinations will be held before December 1st, but I am not prepared to state what examinations will be given then. I am inclined to think that among others bookkeepers' examinations will be held.

The following examinations will be held next July: Aid Coast Survey, Book Typewriter, Chinese Inspector, Clerk General, Elevator Conductor, Fish Culturist, Immigrant Inspector, must speak Japanese; Meat Inspector, Weather Observer, Stenographer and Typewriter, Superintendent of Construction, Topographic Draftsmen, Assistant Topographer and Copyist, Translator of European Languages, Railway Mail Clerk, Customs Department Examiner of General Merchandise, Customs examinations, first, second and third grade. Printing Department — Bookbinders, Compositors, Electrotypers, Stereotypers and Pressmen. Indian Service—Teacher, Matron, Physician, Industrial Teacher, Teacher of Industries, Philippine Commission—Department Assistant, Spanish Translator, Stenographer and Typewriter.
