PASSED UNDER CRITICAL EYE

(Continued from Page One.)
smoothing down at coat collar, and straightening the varicose veins presented for inspection. His eye also took in the various styles of leggings used. There were the cuff style, which meet down the front; the kind that stamp under the instep and lace down the side, and those which are held by elastic straps.

Many a guardsman trembled under the cold indifferent glance of the regular army inspector. Major Dunning's glace is critical at all times. His eye gives no indication of his thoughts as he sizes up each civilian soldier, but his eyes express much. Major Dunning is regarded as a disciplinarian of the first water and to come under his cold, indolent glance seemed to bode ill for the helpless soldier whose blouse collar did not fit well or a little rust appeared to be in the barrel of his rifle, or if his belt and straps were awry. However, the inspection was finished, the band played and after a series of military movements while Major Dunning rode over the field horseback, the order was given to break ranks. There was a wild rush for the nearest water fountain and the regiment quenched its long thirst, while the Japanese soldiers did a rushing trade.

Under the trees bordering the park, big square trees sown with nutmegs, clouds of steam, and a corps of guardsmen worked over men and uniform them sowing the fine supplied with fresh fruit. In these big receptacles hearts and skin and amewurst were soaked and the smoky odor caused the guardsmen to regard the preparations with unusual attention. Big time-minted coffee and the delicious coffee made everybody hunger.

Finally the company mess attendants took the hats off the fire and took them to the stations where the companies grouped about them and the fine dinner was served. The officers dined at a rough table, the men being fit for hotel guests. That lunch was the merit of being absolutely wholesome and appetizing-satisfying and the soldiers enjoyed some of the best nutmegs in the island.

After a rest the regiment was put through its paces during the afternoon. In extended order the troops were displayed and the skirmish drill was given much attention. The end of the day's drills came when the order to charge was given. With fixed bayonets the guardsmen started on a run giving wild calls much to the consternation of groups of spectators who were in the Acrea one of the parade grounds.

The day for Mr. Roosevelt's lecture in Berlin is approaching but it probably will be about May 15. Princeton said he will deliver his address at a church before the Nobel Peace Prize committee. His engagements also include an address at the Stockholm, Sweden, April 10, to Italy and several stops in Austria, Italy and Baltimore.

Customs Inspector will report England to-morrow in May and will sail for New York the middle of June. All dates, however, for the present are provisional.

PITIABLE SCENE IN
HOUSE OF COMMONS

London, Feb. 26.—For the first time since he was stricken with paralysis yesterday, Mr. Edward Carson, the Irish member of commons, came back to the British parliament to continue his speech against the proposed Home Rule Bill.

Mr. Carson, who is now unable to walk and has to be carried to the House of Commons by his son, Mr. Edward Carson, Jr., who is a member of the House of Commons, was received with a hearty ovation by the members of the House of Commons.

He stepped into the chamber. He was supported by his son, Mr. Edward Carson, Jr., who is a member of the House of Commons.

presence in the house. Today his frame was shaken and his features ashen. He was unable to move without assistance and haltingly whispered the words at the oath after his son had spoken in his ear. It was evident to those who witnessed the extreme evidence of extreme weakness that all hope of a recovery from physical infirmities must be abandoned. There was perfect silence throughout the trying ordeal,

ROOSEVELT EXCEPTION TO EVERY RULE

WASHINGTON, February 16.—Former President Roosevelt, according to an opinion expressed tonight by Pres. Tamm, in an address to G. A. R. veterans of the department of the Pacific, "seems to have been an exception to every rule," he added, "or that of my predecessor, who seems to have been an exception to every rule; there were vigorous attacks of some sort."

"Lincoln had radicals and insurgents to deal with, and he had the sense of a time," said the President, "but I would be inclined to think that in every administration, "with the possible exception," he added, "or that of my predecessor, who seems to have been an exception to every rule, there were vigorous attacks of some sort."

FORT SHAFTER ISSUES CHALLENGE

Ready to Meet Y. M. C. A.'S for
Defeat of last Year—Arranging Military Series.

The Fort Shafter basketball team is thirsting for battle, particularly with the Y. M. C. A. players, although ready to go up against anything on the Island. The baseball stars are putting in two hours a day at good, hard practice under Lieutenant Bowen," said said Sergeant Metcalf captain of the team, yesterday afternoon. "We are getting ready for the series of games with the Fifth Cavalry, Coast Artillery, Marines and National Guard teams, which is expected to open about the first of April. Last year it was a friendship team we had here, but this year we are out for work and if a man can't play ball he isn't in."

The Shafter fellows expected to play the Marines yesterday, but they could not get their new ball shoes yesterday morning and so the game was indefinitely postponed.

A field of track meet is also scheduled to come off before long between the Dough Boys and the Fifth Cavalry athletes. Lieutenant Clinton is promoting the affair and as soon as \$150 can be raised among the officers to provide prizes there will be something doing. "Red Dog" and "Blackie" together scored 41 out of a total of 45 points in the post events last year. McAll skiddooed with 23, and the "Bald headed Lamb" with the other 18, the names being those available at the Fort. The red and black is a hard combination to buck up against, and these 16 men are looking to give the roughriders a hard run for their money in the coming events. The prizes are to consist of a trophy for the athletic team which scores the highest number of points, a cup for the best all around athlete and medals for first and second places. The Fifth Cavalry has some pretty good sports in its ranks as demonstrated by the game the baseball team put up against the Kewalos yesterday, notwithstanding the fact that they are mostly all new men.

There are quite a number of new players in the Shafter team this year, and they have all made the team on their merit as ball players. Sergeants Stinson and Collins of F Company are catchers on the reorganized team. Stinson played last year but Collins is a new man. The pitchers are Private Burton of Company H and Private of G. Burton was the favorite last year while Burton is now. The black sheep or "Blackie" indicates this year as shortstop. This may prove a dangerous position for Blackie, who is said to be on to all the passes of a matinee idol who is a full fledged member of the Lamb's Club. If a hot ball right off the bat should happen to catch him in one of his favorite attitudes, it would go hard with the attitude. Sergeant Marsh of G Company is second baseman and Private McCarthey, also of G Company, is third. There are several men being tried out for fielders, but these positions have not been definitely decided upon as yet, although Vager will probably play center if he can have a working glass.

KEWALO BALL TEAM BEATS CAVALRYMEN

Game at Leilehua Exciting With
Final Score 4 to 3—Victors
Jubilant.

The Kewalo baseball team beat the Cavalry nine 4 to 3 in a lively game yesterday afternoon out at Leilehua. The Kewalo boys were particularly jubilant over their victory because the troopers had threatened to put it all over them. The game was exciting throughout as the teams were very evenly matched and neither gained any lead to speak of from start to finish. The score by innings was:

Kewalo 1 0 2 1 0 0 0 0 0 4
Cavalry 2 0 0 0 0 0 0 1 0 3

Douglas pitched and Souers caught for the Kewalos. Shepard caught and Dick pitched for the cavalrymen. The military men made a big hit with the visiting team in the way they greeted their antagonists and entertained them. The grounds were in fine condition and the Diamond right up to regulations. The Kewalo boys said it was the best diamond on the Islands. A large crowd went out from town to witness the game and these together with the military officers and their wives and friends made the audience large enough to entice the boys for grandstand phys-

The victorious Kewalos announced themselves open for engagements upon their return to town last night and said that they were willing to meet all comers. There are several pretty good baseball teams getting ready for the highlight and the Kewalos challenge will probably be accepted with alacrity.

LIFE JOB AT BIG SALARY

CHICAGO, February 16.—Byron Bancroft Johnson was reelected president, secretary and treasurer of the American League at a salary said to be \$25,000 a year at the closing session of the annual schedule meeting today. The agreement under which the league has existed since November, 1900, was renewed for twenty years. Johnson's term of office will expire with the agreement.

JAPANESE WANT JOBS.

NEW YORK, February 16.—Gerry Herrmann of Cincinnati tonight said that he had received a letter from the manager of the Japanese Baseball Club, now en route to this country to play exhibition games, asking the national commission to decide whether members of the Japanese club could be signed by minor league teams. The matter will be taken up at the next meeting of the commission.

SEATTLE, February 12.—"You can get as much exercise from lifting a match as from hard day labor on the streets with pick and shovel. It's all in the mind—a mental control over your muscles. It's a case of mind over matter," says Frank Goren.

"For two hours every day I practice control of my muscles by my mind. I have found it far more beneficial to my strength and stamina than any other sort of outdoor or indoor work. Of course it must be supplemented with other sort of less violent exercise. For instance if you want to make exercises for mental control, the body will be strong physically elsewhere."

"Machers prefer to do their running (300) in water, the reason is they like the water to grip the body, the body to grip the water, the water to grip the body. If I had any time I would do my exercises in water. My personal opinion is that the body is a better place to live in when it is in constant motion than when it is not."

Goren was formerly in track hurdles at the Tacoma High school and still holds the state records in his records for many amateur contests.

CROOK HERE ON AN EXTRA VOYAGE

Who won the fight?
What fight?

At the flight,
Wolast won in the ferry fight.

And a grain rumbled from one end

of the transport to the other.

The above between persons on the ship which met the transports of gunboats, and the entire body of marine soldiers aboard the transport boat, which arrived from San Francisco last night. It indicates that many, navy and marine corps are always interested in battles and the Wolast-Nelson fight was the only news wanted abroad.

The crook, officiated mainly by officers of the Butford, is meeting an extra trip to the Philippines. She is a small transport and carries but few passengers and troops. The crook makes lonely voyages and this is one of

them. She will probably remain in port until tomorrow, as she has about directions of freight for the many ports here and will take up about 900 tons of coal.

Among the passengers for Honolulu is Lieutenant E. Van S. Southworth, Army counterintelligence general, who is to make an inspection of the department coming under his jurisdiction. Col. Paul Shultz, medical corps, retired, is here on visit. E. A. Southworth of the public works department, and wife, also arrived. Mr. Southworth was called to San Francisco about three months ago on account of the sudden death of his father. He and his wife were compelled to take passage on the Japanese S. S. Tenyo Maru and had to pay a fine of \$400 in order to make the trip, which was imperative. Mr. Southworth's father had gone to the Lane Hospital to visit Mrs. Southworth who was recovering from an operation when he was stricken with apoplexy and expired.

The transport is carrying 199 enlisted men of the marine corps, twelve enlisted men of the navy and four enlisted men of the army, in addition to a small list of civilian passengers. Among the transport officers aboard is Sydney Drewes, formerly on one of the Crook's stomachs.

The vessel is docked at the Channel wharf.

TWO STEAMERS DUE.

The Canadian-Australian steamship Maori is due to the crew from Sydney and San Francisco to Vancouver and Victoria. The vessel has accommodations for 1000 first class passengers from Honolulu and many who expected to return to Honolulu on the vessel may return to go to their homes in Mexico. The Maori is not a new vessel, but she will measure up to Weary Mary. The Canadian steamer Asim is due to Vancouver from San Francisco on March 2. She will bring the passenger service to Honolulan again through passenger west coast ocean privileges.

Captain Clark Better.

The condition of Captain Clark, the barometer man, who was removed to the Hospital Hospital on Saturday after falling ill, has considerably improved. His recovery is reported to be better last evening. The man is reported to be suffering from acute conjunctivitis.

Cascade on the Way.

The Inter-Ocean liner, new steamer Cascade, which was recently purchased by the French Government for the Suez Canal, is due to be a carrier of passengers and will be quite an addition to the fleet of the company. Most of the passengers will need to pay fares ranging from \$100 to \$150.

Smallbox in Cruiser.

PORT TOWNSEND, February 16.—Long distance and short dashes of the Kamehameha II made their way to the coast of Alaska yesterday. Weather was bad and the wind blew hard, but the ship was able to make good time.

On the 15th the ship was off the coast of Alaska, and the weather was still bad, but the ship was able to make good time.

On the 16th the ship was off the coast of Alaska, and the weather was still bad, but the ship was able to make good time.

Ships in Harbor.

The tides at Kailua and Waikiki about one hour earlier than at Honolulu.

Hawaiian standard time is 10 hours 50 minutes slower than Greenwich time, being that of the place of 157 degrees thirty minutes. The sun will rise at 1:30 p.m., which is the same as Greenwich 6 hours 50 minutes. Sun and moon are for local time for the whole group.

MARINE TIDINGS.

FEWER JAPS, BUT MORE CHINESE

Immigration Report Shows That the Chinese Come in Spite of Exclusion.

WASHINGTON, February 16.—Opposition is expressed in the annual report of D. J. Keefe, Commissioner-general of Immigration, as a result of the experiment in immigration control, as affecting the Japanese, constituted by laws, proclamations and regulations following the anti-Japanese agitation in California several years ago.

There has been a material reduction in both the number of Japanese admitted and deported. In 1908, 9544 Japanese were admitted to continental United States, and 8694 to Hawaii, while for 1909 the corresponding figures are 2432 and 1493. The number admitted to the mainland and Hawaii was only about 25 per cent and 17 per cent respectively, of the number for 1908.

Contrary to the general impression Chinese admitted to the United States have increased during the past four years and Mr. Keefe is pessimistic regarding the operation of the law. He concludes that the system of exclusion and expulsion afforded by it is but ill adopted for either purpose. He says:

"Despite all that is said and all that is done, the bureau is always confident at the close of any year that many Chinese of the excluded classes have evaded the border officers, however vigilant they may have been, have smuggled themselves or been smuggled ashore in seaports as sailors or stowaways, or have by fraud and perjury managed to land in an apparently regular manner. There are doubtless now in this country at least as many Chinese not entitled to residence here as of the lawfully resident class, and they have entered in every way that can be imagined."

It is urged that the exclusion laws be merged into the general immigration law, so that the administrative process of expulsion therein provided may be used.

There are also a number of other recommendations which the commissioner says may be considered revolutionary, but are regarded as necessary if the law is to be effective and satisfactory.

During 1909, 6393 Chinese were regularly admitted against 4624 in 1908, 2355 in 1907 and 2732 in 1906. The worst feature the commissioner says is that the increase is almost confined to classes the members of which are or soon become laborers and whose residence here violates the spirit of the law.

HENEY SIZING UP POLITICAL SITUATION

PORLAND, Oregon, February 16.—Following close on the dispatch of a telegram declining to become a candidate for governor of California on the Lincoln-Roosevelt league ticket, Francis J. Heney suddenly changed his plans and departed for San Francisco tonight. On Monday Mr. Heney stated that he would remain in Portland fully a week and that he would arrange for disposal of all the land fraud cases in which he is interested as special prosecutor for the department of justice. Among his friends it is believed that Heney feels it necessary to make a personal investigation of the political situation in California as it may have developed since the government prosecutor came to Portland nearly two months ago. Heney does not admit that he is a candidate, and when asked tonight if he expected to take any interest in the campaign, he smilingly entered a denial.

Not a Candidate.

SAN FRANCISCO, February 16.—The Bulletin says today that a final appeal was made yesterday by telegraph to Francis J. Heney to become a candidate for governor on the Lincoln-Roosevelt league ticket, but that Mr. Heney declined in the following telegram:

"Portland, Ore., Feb. 15, 1910.
I can not possibly consent to become a candidate for governor.
(Signed) FRANCIS J. HENEY."
