DESPITE INJUNCTION**

**Silya & Vivas File Answer to Com-
plaint of Phillips-Other Papers
Filed in the Circuit
Court.**

John H. Wilson was fined this morning \$100 and costs by Judge Humphreys for contempt of court. The action in contempt was the hauling of sand from the Waikiki beach in disobedience to an injunction of the court issued in the case of the Territory against Her Majesty Liliuokalani and John H. Wilson, early in February.

Wilson was given every facility to purge himself of contempt and was represented by Attorney A. A. Wilder. Wilson went on the witness stand and testified that he located the high water mark, and set stakes, ordering his men to not go nearer than six feet to the line. Surveyor Maynard and one other witness testified that the mean tide level is established by a long series of observations in quiet weather and that the high water mark is about one foot above this line in these islands. The defense contended that the beach zone covered by the injunction is that part covered by the water in the rise and fall of two feet.

Attorney General Dole for the Territory argued that the sand, covered by the wash of incoming waves, is all below high water mark.

The hearing and arguments took up the entire morning.

Answer is filed in the suit brought by A. R. Phillips against Silya & Vivas, to cancel a deed. The petitioner's bill set forth that defendants had fraudulently secured a deed from him to certain property in Puunui, worth \$4,000 and that they promised to raise a loan for plaintiff of \$2,000 which promise they have failed to keep.

The answer admits that plaintiff had a life estate in the lands deeded, that defendants took an option to purchase plaintiff's lands, February 11, for \$4,000. The answer denies that any promise of a \$2,000 loan was made.

In further answer the defendants allege that the plaintiff came to them for assistance and that they advanced him small sums of money without any security. The details of a life insurance deal is set out under which a loan was to be procured within a year. At the end of which time, the deed in controversy was to be cancelled should the plaintiff repay the money advanced him by defendants.

Motion for permission to file a joinder to defendants demurrer, was entered today by L. M. Strauss for plaintiff in Frank Schaefer vs. Dr. John S. McGrew.

Bruce Cartwright filed account today as trustee in the estate of Emma Kaleleonalani, showing a total received and paid out of \$5919.

MARDI GRAS PROCEEDS

The committee of the Mardi Gras ball met this morning and closed up all matters connected with the recent charity ball, given for the benefit of the Eye and Ear Infirmary.

The treasurer's report shows the following results, which, while not as great as was expected is still a handsome sum:

Gross receipts, \$2,501.50.
Expenditures, \$676.99.
Balance turned over to the trustees of the Eye and Ear Infirmary, \$1,824.51.

As will be seen the expenses were quite large, but nevertheless the showing is a good one. The committee are particularly desirous of thanking the people for their generous contributions and ready patronage.

SUPREME COURT DECISION

Decision was made by the Supreme Court today in the case of Charles E. Bartlett vs. The Hawaiian Carriage Manufacturing Company, on exceptions from the First Circuit Court.

The case was one for damages for wrongful discharge from employment. In the lower court, the jury awarded plaintiff \$600. Defendant had employed plaintiff at an agreed rate of compensation for the period of one year.

The opinion says the verdict of \$600 was excessive because, it was shown by the evidence that his actual loss was only \$413. Plaintiff's counsel recognized this and ask leave to file a remittitur for the excess of \$187. The remittitur is allowed.

The court holds, however, that a remittitur will not be permitted to avoid the granting of a new trial, where by so doing, the court may be substituting its judgment for that of the jury on questions of fact arising upon the evidence.

Opinion of the court by Perry; W. U. Smith and R. D. Mead for plaintiff and Kinney, Bailou & McClanahan for defendant.

**SENATE DISCUSSES
JOURNAL OF DAY**

**Kaue Makes a Motion to
Expunge Brown's
Statement.**

**QUESTION OF PRIVILEGE
IS FULLY DISCUSSED**

**Baldwin Says Kaue is Afraid to
Have Proceedings Go On to
Washington--Brown Asks
No Sympathy.**

The first thing brought up at the morning session of the Senate was the question of the number of days sitting of the Legislature. Mr. C. Brown claimed that, instead of this being the twelfth day as recorded by the clerk, it was the fourteenth day. Neither Washington's Birthday nor the Saturday the Legislature went to the Molokai settlement could be counted out. The Organic Act says that all days with the exception of Sundays and holidays are to be counted. Mr. Brown said that Washington's Birthday was not a legal holiday in the Territory of Hawaii. On the Saturday referred to, the Legislature was at Molokai on business and the day should therefore be counted in.

During the course of his remarks, Mr. Brown referred to the charge made in some quarters to the effect that the minority in the Senate was composed of obstructionists. If this was the truth, the members of the minority would probably sit still and say nothing instead of getting up and calling attention to the matter.

Mr. White said the clerk was right according to his interpretation. Mr. Baldwin argued that the session of the present Legislature had already extended over fourteen days. Mr. Acland was another to speak. Mr. Kaue said the secretary was correct. The Organic Act states particularly that neither house shall adjourn during any session for more than three days or sine die, without the consent of the other.

Mr. Carter made the suggestion that the days of the session as well as the actual days of sitting, be recorded by the clerk of the Senate. The President stated that, in case there was no objection, the clerk would follow out the suggestion of Mr. Carter.

At this point, Mr. White arose and moved that the clerk go in the old way and that he record only the actual days of sitting. This carried.

This question having been settled, Mr. Kaue arose and moved that the statement of Mr. Cecil Brown on the previous day relating to his position in the matter of the appeal from the decision of the President on the casting of his vote when the ayes and noes were called for on a joint resolution, be expunged from the Journal of the Senate. He stated that the majority had voted to sustain the decision of the chair and that, therefore, the statement of Mr. Cecil Brown was in conflict with this. This motion was seconded by Mr. Kaohi.

Mr. Cecil Brown then arose slowly to his feet and spoke as follows:

"In no other country in the world has the right to rise and state a question of privilege, been denied. I think that the Legislature of the Territory of Hawaii will be the very first that has ever raised this question. It is just like nothing more than a person being tried before a tribunal no matter what the witnesses may be, without a chance to defend himself. Any objection should have been made yesterday. The right of rising to a question of privilege is accorded to every person. I would state further that the only reason and the only right that the correction of the minutes are made is when they are not correct and do not contain the facts as stated. If this Senate is going to do acts of this kind, of deliberately at the sweet will of the majority wiping out any part of the minutes they wish to, they might as well wipe out the whole of the record of the proceedings and have nothing at all. The honorable Senator from Maui mentioned something about the minutes going to Washington. He seemed to say this with a fear that he might be criticised as a member of the committee on rules which I claim were not administered according to the true intent and spirit."

Mr. Brown then asked the chair to rule on the question as to whether any member of the Senate or the majority of the members when statements are made could wipe out any part of the minutes, this of course if the proceedings were correctly stated as his statement was accepted to be by all the members of the house.

Mr. Kaue replied by saying that he

had not spoken for any of the majority of the Senate. He had spoken for himself, believing that the two matters referred to on the Journal of the Senate were in conflict. He did not make the motion with any idea of suppressing any action or deliberation of the Senate.

Mr. Acland rose to a point of order, stating that the Senator who had just spoken had been out of order in that his motion was directly in conflict with Section 69 of the Organic Act which particularly states that all records of the proceedings of the Legislature shall be sent on to the President of the United States and the Senate and House of Representatives at Washington. If there was anything wrong in the action of Mr. Brown on Tuesday why then Mr. Brown should be made to apologize, but there should be no attempt on the part of the Senate to conceal its proceedings.

Mr. Kaue again arose to speak, saying the record was according to the will of the majority on any question whatever. He said that he was sorry he should have to get up and talk against Mr. Brown but it was what he believed to be right.

Through Mr. Bush, the interpreter, Mr. Brown told Mr. Kaue that he could keep all his sympathy to himself. He did not care for any of it and he would be much better pleased if the speaker would confine himself strictly to the question.

Mr. Baldwin was the last speaker on the floor before the Senate took a recess. He said that the only good reason brought out by Mr. Kaue for the expunging of the statement of Mr. Brown from the minutes of the Senate was to the effect that on the Journal as read, it would appear that the statement of Mr. Brown was in conflict with the ruling of the chair. Mr. Brown was certainly correct in the position he took, under the rules of the Senate. Evidently Mr. Kaue had seen that the vote of the majority, sustaining the ruling of the chair in the matter of the statement of Mr. Brown, had been wrong, and he now wished to have it expunged from the minutes of the Senate in order to cover this up. Certainly this was a matter that should go on the minutes. It was a right that was accorded every man in every body of the kind in the United States.

Mr. Baldwin then stated that all the proceedings of the Legislature were going on to Washington and said that he was very sorry the matter had come up as now the whole discussion would also have to go on to Washington and he was very much afraid that the Senate would be placed in a very foolish light.

AMERICAN SUGAR CO.

At the meeting of the stockholders of the American Sugar Company yesterday the deal by which Brewer & Co. retire from connection with the plantation's business was consummated. The block of 4000 shares of stock held by this company was transferred to a local syndicate and the agency contract of C. Brewer & Co., was cancelled. A mortgage of \$140,000 given to C. Brewer & Co., to cover advances made for the development of the plantation was paid off, the funds being secured by the assignment of the mortgage to another firm.

The plantation, which was originally started as a sugar proposition, has been operated the past year as a stock ranch and will be continued for the present along the same lines. "The first object to be gained now," said the new president, E. H. Wodehouse, "is to pay off all existing debts. Development will then proceed along whatever seems to be the most promising lines."

The new officers elected at the meeting yesterday are: E. H. Wodehouse, president; Geo. N. Wilcox, vice president; E. A. Mott-Smith, secretary; A. W. Carter, treasurer; W. H. Baird, auditor; G. J. Waller and James Wakefield, directors.

With the retirement of C. Brewer & Co., as agents, the management will fall upon the board of directors.

The capitalization will stand as it was originally, \$1,500,000.

**Kahului Railroad
Stockholders Meet**

The stockholders of the Kahului Railroad Company held their annual meeting this morning at the office of Alexander & Baldwin at 10 o'clock. Reports from President H. P. Baldwin and Manager J. W. Filler were read. The manager's report showed a good condition of affairs. He devoted considerable space to the discussion of the injurious effects of the plague from which, he says, the company has emerged in good shape.

The new officers elected are: President, H. P. Baldwin; vice president, J. B. Castle; treasurer, J. P. Cooke; secretary, W. R. Castle; auditor, W. G. Taylor; directors at large, George R. Carter, W. O. Smith, and E. R. Adams.

**HOUSE DISCUSSION IN
COMMITTEE OF THE WHOLE**

**Makekau's Measure for Benefit of
Civilized Laborers--Going Ahead
Smoothly With Public
Business.**

The House was called to order at the usual time this morning.

Paele presented a communication from the Hawaiian Relief Society asking for a special appropriation to assist the society in their work of providing for the needy Hawaiian. Referred to the Committee on Public Health and Education.

Emmeluth as chairman of Committee on Finance recommended that the sum of \$399.95 be inserted in the appropriation bill to reimburse H. M. Dow, this being the amount over paid by him on account of fines and costs during the month of February, 1899.

Beckley for the committee appointed to take up the petition of the temper settlement at Molokai, asked for more time until they get their report from the select committee. Granted. Mr. Beckley stated that the committee who visited Molokai desired more time to transcribe their minutes. Granted.

Monsarrat gave notice of a bill "Giving Right of Appeal in all cases of Contempt."

Kilikoa offered a resolution, that the item of \$2,000 be inserted in the appropriation bill to defray the expenses of widening the road leading from Kaoho to Papa, South Kona, Hawaii.

Hibio introduced a bill he had already given notice of and moved reading by title the first time. This is bill to amend sections 319 and 323 of chapter 35 of the Penal Laws. Passed first reading.

Prendergast introduced his bill to provide for the great seal of the Territory and to repeal chapter 5, title 2, Civil Laws of Hawaii.

Makainai introduced bill No. 25 relative to the construction and operation of a street railway in the District of Honolulu and elsewhere by the Hawaiian Tramways Co., Ltd., and bill No. 26 "Providing for the control and management of the Government sewerage system."

Aylett introduced his bill "To repeal sections 317, 318, 319, 322 and 323 of the Penal Laws of 1897 relating to Sunday."

Nallima introduced his bill relative compensation for street widening damages.

Under the order of the day House bill No. 14 to prohibit the Board or Board of Health officers from condemning or destroying any property without compensation was referred to the Committee on Public Health and Education.

House bill No. 15 to amend section 814, chapter 59 of the Civil Laws was read a second time by title and referred to Judiciary Committee.

House bill No. 20 to amend sections 872 and 873 of the Penal Laws of 1897 was read by title second time and referred to Committee on Public Health.

Makekau took exception to the passage of House bill No. 20 as the passing to a second reading prohibited debating on the measure. He evidently lost sight of the fact that the bill was debatable after it had been reported upon by the committee. Makekau, Dickey, Emmeluth and several others took up the discussion as to the rules of the House on the passing of bills to second reading and as to the question of debating thereon. Makekau again stated that time is valuable but that is no reason why we should shirk our work and the only course now is to have it ready for third reading. He moved again to consider the passing of bill to second reading. The Speaker ruled that bill No. 20 be sent to the Committee on Public Health and Education.

House bill No. 21 was read by title a second time. This bill relates to employing American citizens on public work. Referred to committee of the whole. Dickey was requested to temporarily occupy the chair while the House was in committee of the whole. J. K. Hibio, author of the bill moved that it be read. The chair thus ordered. The bill is as follows:

"That all public works in the Territory of Hawaii, either mechanical, industrial, or otherwise shall be performed only by American citizens and who are qualified voters residing in the Territory."

"Sec. 2. This Act shall take effect from and after the date of its publication."

Robertson submitted an amendment to section 1 that no person shall be employed as a laborer upon any public work, carried on by the Territory of Hawaii, unless such person shall be a duly qualified voter of said Territory. Emmeluth favored the amendment. He then took up the question of eight hours as a day's work, and considered that all employees of the government should be included in the bill as much as an ordinary laborer, and should possess the same qualifications in order to hold employment in the government.

Kilikoa stated that the word "otherwise" referred to all employees of the government and asked that the author of the bill be given an opportunity to explain the word.

Emmeluth thought it would be wise for the bill to go on to some future date, and stated that whatever is done the system of contract in vogue heretofore must be absolutely abolished. I know of men wearing belted shirts and standing collars who robbed the laborer of his just earnings by compelling long hours and poor pay in order that they might live in luxury at the Hawaiian hotel or some sea side resort. All these questions should be gone over carefully so that the laborer will secure the best wages for the work accomplished.

Monsarrat took exception to the wording of the bill and if it was properly translated perhaps some of the members would understand it better.

Emmeluth stated there was another matter such as constituting eight hours as a day's work. He was in favor of any hours that would inure to the mental and physical development of the average laboring man. As we legislate this time will largely influence the future of this country. Not only the laboring element but the employers of labor are agreeable to this proposition as it is the cheapest way to secure that labor that has deserted them. It is purely a mercenary proposition with the plantation owners. In this agitation the cutting down of a day's labor to eight hours, the question to the voter mechanic today is the dumping on the market an alien opposition to the development of American labor, more so than has existed for some time. This cheap labor element which has forced its way into all channels of trade, will make it impossible for a white mechanic to live in this community and neither an American nor a Hawaiian laborer can compete with it today, and is merging into a condition that is highly inimical to our civilization. I say we had better take time to deliberate on this bill so that we can accomplish the greatest good to the greatest number.

At the close of Emmeluth's remarks the usual noon recess was taken to 2 o'clock.

PUBLIC LAND PROCEEDS

In the Executive Council this morning but one matter was considered. Secretary H. E. Cooper read an opinion by Attorney General E. P. Dole regarding the disposition by the Territory of funds derived from the sale of public lands. The opinion holds that under present laws, such monies can be used only for educational purposes.

Tallow candles were in evidence last evening at the Hawaiian hotel, owing to a collapse in the electric power system. The effect produced by candle light was in strong contrast with the usual brilliant appearance of the hotel and grounds, particularly on concert nights. Out at Thomas Square, the music of the Territorial band was brought to a sudden termination. Prof. Berger and his musicians were equal to the occasion, and concluded the concert by playing "The Star Spangled Banner," with moonlight effect.

TARO PLANTERS AT MOLOKAI ROASTED

Petition Presented for Discontinuance of Present System.

ZEAL OF UNDERTAKERS MUST BE CHECKED

Report of Chemist Shorey Shows the Usual Number of Food Adulterations Continue.

Taro at the leper settlement was the principal topic discussed at the Board of Health meeting yesterday. A petition signed by 295 inmates of the settlement was presented by President Raymond. The petitioners asked that the system now in vogue of letting out the taro lands to planters on the shares be discontinued. The reasons set forth for this request were that the planters, in times of stringency in the taro supply would evade the terms of their contract with the Board of Health and seek to speculate upon the necessities of the settlement. It was cited that, in the recent scarcity of taro, when the settlement was very short on supplies, owing to the condemnation of large quantities of taro as unfit for food, the planters held their ripe taro at \$2.50 per bag.

The reading of the petition raised a general desire for information on the part of the members of the Board. Superintendent Reynolds, being present, was able to answer the numerous questions. He said, ground is let to those who wish to cultivate taro, one a division of the crop, by which one-fourth goes to the Board and three-fourths to the planter. The planter is paid the market price for his share and then the whole product is issued to the members of the settlement in rations. Reynolds showed a form of the contract, which is made with the planters. It provides that, if a planter neglects to properly cultivate his taro patch or fails to deliver it to the Board of Health, when ripe, he forfeits his interests therein. Mr. Reynolds went on to explain that, by reason of the recent shortage, he went around among the planters and asked for ripe taro. There were those who had some ready for pulling but refused to let it go for less than \$2.50 per bag. Failing to make terms, the assistant superintendent went into the fields and took all the ripe taro he could find.

The petition asks the Board to abolish the planters and employ labor direct, in the cultivation of taro. When asked by members of the Board if such a plan would be a saving to the Board, Superintendent Reynolds said that he believed it would.

When asked what would be the result if the members of the settlement were left to conduct taro planting on their own account, Reynolds said the work would be neglected by many and some would raise only enough for their own use. Reynolds further stated that one-half of the quantity needed was now raised and that the crop was increasing each year.

Superintendent Reynolds presented a statement showing the income of the taro planters for the past year. The incomes range from \$7.47 to \$675.32. The value of the one-fourth interest belonging to the Board of Health is \$3,675.

Copies of the petition were ordered made and presented to the joint committee of the Legislature on the settlement and to the health committees of both houses.

Samuel E. Wooley, elder in the Mormon church, was refused permission to visit the settlement at present. The Mormon church is building a church at the settlement and he has asked permission to go over and inspect it.

A letter from Dr. Oliver, requesting two additional sisters for the settlement. This was granted.

The regulations for the interment of the dead in the district of Kona were changed to read "No embalming or interment will be allowed within the District of Kona without the written permission of an agent of the Board of Health." The word "embalming" was added, because, in a recent autopsy, the embalming fluid injected by a hustling undertaker, prevented the certain discovery of the cause of death.

Prof. Shorey's chemical report for the month of February was submitted. It shows that he is making vigilant efforts to rid the community of adulterated food products. In the matter of adulterated milk, he reports as follows on the samples taken from wagons by the inspector which were below standard:

Japanese driver for Kaalpu Dairy, at least 5% added water; Tanaki, at least

10% added water; M. Pacheco, at least 5% added water; M. Pacheco, at least 10% added water; M. Pacheco, at least 20% added water; M. Abreu, at least 15% added water; M. Anrica, at least 10% added water.

Drugs from all the drug stores in town were reported as below the standard. His report on ice cream is of especial interest to those contemplating going into the business. The chemist says:

A sample of so-called ice cream as sold by Chinese and Japanese vendors was examined. The amount obtained for five cents when melted was 1-3 pint. Its composition was: Milk, 2.5%; sugar, 16.7%; water, 80.8%; butter fat, 0.1%.

The value of one quart or 2.25 pounds selling for 30 cents, according to this analysis is: Milk at 12 cents per quart, 0.3 cents; sugar at 6 cents per pound, 2.82 cents; total, 3.12 cents; leaving 11.5 cents per pound compensation for freezing and dispensing. Prof. Shorey says, "I do not know whether there is any way of stopping this fraud or not."

FRAUDS IN THE FOOD

From the report of E. C. Shorey, Food Commissioner, for February presented to the Board of Health yesterday, it appears 63 samples of milk from 20 dairies came up to the minimum standard of purity or exceeded it.

Samples below standard were reported as follows:

Japanese driver for Kaalpu dairy, at least 5 per cent. added water.

Tanaki, at least 10 per cent. added water.

M. Pacheco, 5, 10 and 20 per cent, respectively, added water.

M. Abreu, at least 15 per cent. added water.

M. Anrica, at least 10 per cent. added water.

M. Pacheco, at least 15 per cent. added water in sample made basis of prosecution.

Cases in District Court were: A. B. Doak, selling adulterated milk, fined \$100 and costs; M. F. Pacheco, selling adulterated milk, fined \$50 and costs.

In drugs four samples of Bismuth Subnitrate were found below standard. Four samples of Spiritus Aethen's Nitrosi were also below standard, respectively, from Hollister Drug Co., Benson, Smith & Co., Hobron Drug Co. and Honolulu Drug Co. All contained free acid, which they should not. The same pharmacopoeial establishments were below par in Calx Chlorate. It is noted: "This article is not manufactured here, deteriorates very rapidly, so that its strength depends on its age and manner of keeping."

"Succus Limonis. Two samples from different druggists, both supposed to be the same brand, viz.: 'Monseratt Lime Juice.' These contained respectively 13.44 and 12.88 oz. citric acid per gallon. The former was free from anything which could be called adulteration, the latter obtained from Hobron Drug Co. contained a small amount of free hydrochloric acid 0.18 per cent. This sample has evidently been tampered with, when or by whom I am of course unable to say."

The following notes on sundry articles in common use are reassuring: "One sample of ground coffee (private complaint) was examined. No adulteration found. An inferior coffee poorly roasted and poorly ground."

"One sample of Lemon-phosphate Soda (private complaint) was examined. Nothing injurious found. Citral present showing the use of a fictitious lemon extract."

"One sample of Ginger Ale was examined. Nothing injurious found. Cayenne present. The whole or partial substitution of ginger by cayenne in this drink is common. This sample was bought from a Jap vendor; bottle marked Hawaiian Soda Works, Honolulu."

In connection with tenders for supplies of flour to the Board, the Commissioner analyzed eight samples. The results are too technical for popular comprehension. Enough to say that, according to the criterion stated by the analyst, the highest priced article is the poorest. Mr. Shorey makes the following remarks:

"It is hardly necessary to say that extra white flours are often comparatively low in nutrition properties and ill adapted for bread making and at the same time are necessarily higher in price."

"Neither is it necessary to point out that the flour will make good bread in the hands of one who does not know how to make bread."

"No adulterations were detected in these samples. At present I cannot say whether these brands vary much in composition from samples received or not."

The way our honest Asiatic purveyors of ice cream swell their bank accounts is revealed in the following statement:

"A sample of so-called ice cream as sold by Chinese and Japanese vendors was examined. The amount obtained for 5 cents when melted was 1-3 pint. Its composition was: Milk, 2.5 per cent.; Sugar, 16.7 per cent.; Water, 80.8 per cent.; Butter, 0.1 per cent."

The value of 1 quart or 2.25 lbs. selling for 30 cents, according to this analysis is: Milk at 12c per qt., 0.3 cents; Sugar at 6c per lb., 2.82 cents; Total, 3.12 cents, leaving 11.5 cents per lb. compensation for freezing and dispensing.

"I do not know whether there is any way of stopping this fraud or not."

KUMALAE'S BILL ON HAWAII'S FLAG

Would Have it Represent
Territory on Land
and Sea.
BARELY QUORUM WAS
IN HOUSE YESTERDAY
Many Bills Read by Title and Re-
ferred—The Printing Committee
Makes Its Report—Other
House Business.

Yesterday afternoon's session opened
at 2 o'clock with hardly a quorum pres-
ent. Speaker Akina calling on the or-
der of the day, for House bills Nos. 5,
7 and 8 without response from the
framers of the bills, at request of
Puniiki, bill No. 8 was read by title for
the second time.
Prerogative asked that the bill be
reconsidered and it was referred to the
Committee on Enrollment on account
of its incorrect translation.
House bill No. 5, an Act authorizing
the removal of persons under guardian-
ship, was read for second time section
by section, and passed. Bill favored by
Committee on Judiciary. On motion
of Robertson it was ordered typewrit-
ten and set for third reading on Fri-
day.
Hoogs' House bill No. 7 relating to
the laying of electric wires in Hono-
lulu, came up for second reading. On
motion of Hoogs, it was referred to the
Committee on Public Lands and Internal
Improvements.
Robertson's House bill No. 6, relating
to sale of real estate by guardians, had
its second reading and, upon motion,
was ordered typewritten. It will come
up for third reading Friday.
Dickey wanted to introduce a bill,
but was called to order by the Chair,
as the House was on the order of the
day.
House bill No. 10 providing that the
Circuit Court shall consist of three
judges, was up for second reading. The
Judiciary Committee recommended that
the bill pass.
Robertson said that the appointment
would have to be made by President
McKinley, as the salary is paid by Con-
gress.
Kaniho took exceptions to the bill,
claiming that a third judge would be
a hindrance to the United States.
Aylett thought that the people of
Hawaii who were the children of the
United States Government, had the
right to appeal for an additional judge
to Congress. Upon motion the bill
passed its second reading and upon
motion of Robertson, it was ordered
typewritten. The third reading will be
on Friday.
The Committee on Public Health re-
ported that the petition asking for the
abolition of the United States Quarantine
laws in Hawaii, was beyond the
jurisdiction of the Legislature. It was
accordingly rejected.
House bill No. 13, An Act to repeal
certain obsolete laws, was read by title
and referred to the Judiciary Commit-
tee.
House bill No. 12, relative to the pub-
lication of the delinquent tax list, was
referred to the Finance Committee.
House bill No. 11, relating to abolish-
ing of personal taxes, was read by title
for the second time and referred to the
Finance Committee.
Prerogative, chairman of the Print-
ing Committee, reported on several
bills.
Dickey finally succeeded in having
the rules suspended in order to intro-
duce a bill entitled "An Act to Mitigate
Evils and Prostitution." It was read
by title for the first time and passed
its first reading. Speaker Akina an-
nounced a communication from the
Senate to the effect that House con-
current resolution No. 1, relating to a
Committee to investigate the tax laws
of this Territory, was passed by the
Senate and referred to its committee
on ways and means, consisting of Sen-
ators D. Kanuha, G. R. Carter, S. E.
Kaine and J. D. Paris.
Kumalae, under suspension of the
rules, introduced a bill notice of in-
tention to do this having been given
Tuesday, relating to the sending of
youths abroad to be educated. It was
read by title.
Prerogative, chairman of the Print-
ing Committee reported the following
bills as printed: Bill 14, an Act to pro-
hibit the Board of Health or Board of
Health officer or officers from con-
demning for destruction any property
without compensation. House bill 15,
"An Act to amend sections 872 and 873
of the Penal Laws of 1897," and bill 21,
"An Act to Provide That Only Ameri-
can Citizens and Qualified Voters of the
Territory of Hawaii shall be employed
in Public Works," and also bill 22, "An
Act to provide that eight hours shall
constitute a day's work," and bill 27,
"An Act to abolish personal taxes," as
already printed.
Kumalae's bill for the adoption of
the old Hawaiian flag as the Territorial
emblem, was as follows:
"That the former emblem of Hawaii,
as the Hawaiian flag, be hereby adopted
as the flag of the Territory of Hawa-
ii, and its public use, second to the
Stars and Stripes of the United States,

be authorized to represent the Territory
of Hawaii on land and sea."
Upon motion, the House then ad-
journed until 10 o'clock Thursday
morning.

IN SENATE YESTERDAY
The Senate was called to order at
1:30 o'clock. On motion of Mr. C. C.
Brown, amended by Mr. White, the
House Concurrent Resolution, relating
to tax Tax Laws and the appointment
of a joint committee, was referred to a
special committee consisting of the
three members of the Ways and Means
Committee and Mr. Paris, the latter to
advise but not to vote.
The rules were suspended to allow
Mr. White to read the following resolu-
tion:
Resolved, That the sergeant-at-arms
be instructed to supply each member of
the Senate who so desires, with one
copy each of the Penal Laws, the Civil
Laws as compiled by S. M. Ballou, and
also a copy each of the Session Laws
of 1898, all these to be in the English
and Hawaiian languages.
The Senate adjourned at about 2:15
o'clock on motion of Mr. C. C. Brown,
who stated that the Judiciary commit-
tee wished to consider the estimates as
submitted with the message of Govern-
or Dole in order to have something
ready for Thursday.

Forest Seed Consignment.
Commissioner Taylor received a con-
signment of the long expected forest
tree seeds this morning on the Upolu
from Hawaii. The seeds have been
gathered by natives under the direc-
tion of E. B. Low. There are ten va-
rieties in the first lot received and an-
other shipment is expected to arrive
soon.

These seeds will be propagated in the
Nuuanu forest and then transplanted to
various parts of the Islands. The
woods represented are all valuable and
none of them now grow on this island.
