CLEVER IN COMEDY

Success of Kilohana's Dramatic Circle People.

PAIR OF PRETTY PLAYS GIVEN

"By Way of a Joke" and "The False Note"—Members of the Casts.
Fine Audience—Orchestra.

The Art League's Dramatic Circle firmly established itself in the favor of the theater-goers of Honolulu by the entertainment of Saturday evening last. Most successful and very nearly faultless presentations were made of two delightful little comedies. Fine discrimination was brought to the task of selecting the pieces. The plays were well adapted to the talent as developed in the Art League membership and besides were dainty and pleasing specimens of the skill of the builders of curtain raisers. It is as difficult to construct a play of one act as to write a short story of merit. Action throughout must be sustained without straining for effect, the dialogue must be bright and the plot must be so well balanced that it will neither be lost nor be too obtrusive. At the same time there must be full thought of the costuming, the stage setting and the numerous little things that are easily placed in a play of something like regulation length. "By Way of a Joke" and "The False Note" are models in the class of one-act society comedies. But of course they could not be made to go without the ability of either professionals or amateurs of poise and practice.

In the pair of plays of Saturday evening, the ladies and gentlemen cast were: Andrew Adams, Alex. St. M. Mackintosh, Geo. C. Potter, C. M. V. Forster, Misses Adele Widdifield, Edna Kelley, Pauahi Judd, Juliet King, Mrs. E. D. Tenney, Mrs. R. D. Walbridge. Nearly all the members of this Kilohana Company have had more or less experience in theatricals. On Saturday evening, they seemed like veterans. There had been much earnest study and faithful, painstaking rehearsal. From beginning to end in each piece there was not a flaw of the nature that usually to some extent mars an amateur production. Not an instance of self-consciousness or stage fright could be observed by the most critical. The full worth or value of the lines was brought out all through. The situations were carried minus stilted effort or labor and with naturalness and the climaxes came with the logical and rounded color or tone that marks the sequences of actions in every day life. Either piece might easily have been utterly spoiled by overacting, carelessness or incapacity, but there was nothing lacking in the work of the players to make the two comedies delicious little pictures from society life. All the ladies were beautifully groomed. Very general approval was expressed by the audience of the entertainment. The company was highly praised. There was the warmest commendation for the individuals and for the troupe altogether. The plays were selected and the parts cast by the Dramatic Circle. Robt. L. Scott was called upon to assist in direction of the rehearsals. He said that his task was a light one and quite agrees with others capable of passing judgment that the comedies were splendidly given and that the company is well able to present a strong play.

Every seat in the orchestra and dress circle was taken and the gallery was fairly well filled. It was a society night and there was a wealth and a blaze of the dazzle of fashion and beauty. Each amateur was warmly greeted by the audience and there was applause frequently throughout the evening. The efforts of the orchestra were acknowledged substantially by the house. A good many of those who came had no doubt concluded in advance to be charitable, but there was no occasion for viewing the performances from other than the best standpoint. There was no feature of the work on the stage to indicate that other than experienced actors were handling the characters. The pieces were very well timed, not more than two hours being occupied with the couple.

This is the Amateur Orchestra list: First Violins—B. L. Marx, J. L. McLean, T. H. Petrie, J. Hollander, W. Hyman; Second Violins—R. J. Penn, O. Sorensen, D. Charters, C. R. Frazier, J. Marsden; Violoncello—C. Hedemann; Double Bass—S. Kailli; Piano—W. S. Fletcher; Flute—S. P. French; First Cornet—G. J. Boisse; Second Cornet—Geo. Davis; Clarinet—Z. Kakalia; Leader—Wray Taylor.

The leader and all the members of the orchestra are to be congratulated on the manner in which they did their share of the evening's entertainment. This organization has been held together in the face of many difficulties and discouragements. For some weeks there has been practice almost every evening, with attendance on the part

of almost every member. The flattering reception and the constant attention given the efforts of the musicians Saturday evening perhaps very largely compensated them for their labors.

If the mark is set by what was done on Saturday evening, the city will encourage and will be proud of amateur theatrical events and the mission of one branch of the Kilohana Art League will have been practically accomplished.

A Visiting Priest.

Rev. Fr. J. A. Martin, who has a parish away back in Pennsylvania, is spending his vacation in Honolulu and besides seeing the sights and receiving entertainment, is doing some work for the church. He delivered a sermon at the Mission Cathedral yesterday forenoon and at a mass conducted by the Bishop of Panapolis sang in a duet with Rev. Fr. Valentine. The visitor has a fine voice. Rev. Fr. Martin in his address spoke and appealed to those who were spiritually blind, taking as his text the incident of the healing of the blind by the Master.

BALTIMORE TO LEAVE.

Will Steam for the China Station in a Few Weeks.

The officers and men of the U. S. S. Baltimore have been read orders to the effect that that vessel will leave for the China station on or about April 1st. The Olympia will leave China for this port about March 15th, arriving here about the 27th of the same month.

The Baltimore people thought they were here for a longer period but the recent disturbances in China have changed matters and the Baltimore will leave.

WASHINGTON.

Situation of Treaty and People at the Capital.

Francis M. Hatch, the Minister of this Government at Washington writes most encouragingly of the situation of the treaty negotiations. He mentions especially the change of front of several leaders and the very likely probability of the ultimate good effect of the positive stand of President McKinley on the annexation question. The treaty has been made an administration measure, but not in an offensive way. That this is correct is shown by the earnest manner in which Henry M. Teller and other pronounced silver Senators espouse the cause of Hawaii. At one time it was greatly feared that the western Senators who were one with the Republican party on financial policy would oppose any administration plan. Happily the silver element is not inclined to be stubborn or antagonistic in this matter.

In his correspondence to the Foreign Office here, Minister Hatch writes at length upon the visit of Mr. Dole to Washington. The President of the Republic of Hawaii made a splendid and lasting impression at Washington and in fact all over the United States. At the national capital he was showered with attentions by the leaders of the Government and everywhere was tendered the highest honors. Mrs. Dole was also well received and was well liked by everyone.

A New Consul.

Among the passengers by the Rio de Janeiro for the Orient was Dr. S. L. Wilcox, who while the steamer was in this city was entertained by United States Consul General and Mrs. Haywood. Dr. Wilcox has just been nominated by President McKinley and approved by the Senate as United States Consul at Hankow, China. This is an important and lucrative post. Dr. Wilcox, by record and appearance is a gentleman well qualified to fill the position with honor to himself and credit to his country.

Hit the Steamer.

Larsen's launch got into difficulty Saturday. Joe McGuire and a native went out to attend to the work of securing the baggage of the incoming passengers of the Rio. The native became slightly rattled and ran the launch into the steamer. A broken stem was the result.

Did Relief Work.

The H. Hackfeld which arrived Saturday, reports as follows: On January 3d, 1898, spoke the ship Benjamin F. Peckard in lat. 31 S. and lon. 82 W., bound for San Francisco and short of provisions. Furnished her with 500 pieces of bread and 200 bags of flour.

A Railroad Man.

Charles M. Heald, president of the Chicago and West Michigan Railroad, whose home is in Grand Rapids, Mich., came on the Rio de Janeiro Saturday. He is here for a short vacation and will return to his home on the China, due here from the Orient, March 6th.

HAS BEEN NO VOTE

Treaty Discussion May Continue for Some Time.

SENATOR MORGAN'S AMENDMENT

President Barrios Assassinated. Spanish Minister de Lome Resigns.

WASHINGTON, February 11.—The Hawaiian treaty will be pushed vigorously next week and if a chance offers, a test vote will be taken in the hope that a final vote may be secured before Senator White leaves for Los Angeles. This was the practical result of the caucus of the members of the Senate Foreign Relations Committee with the members of the Commerce Committee, who are favorable both to annexation and the Hawaiian cable bill.

The cable question was the subject which drew the members of both committees together first and there was general discussion of the subsidy provisions and concessions which should be made by this Government to secure cable connections not only with the Islands, but with the Orient. The committee members present were unanimously in favor of the cable bill, which is that known as the Strymmer measure, and though slight alterations in the conditions were suggested, there is reason to believe it will be reported favorably.

The close connection between the subjects led to the discussion of annexation, as in the event of the success of the treaty there would be greater necessity for cable connection. The Senators present who are most actively in the fight for the treaty's ratification compared their polls, but could not figure more than 58 votes. They canvassed the lists of doubtful members, however, which in the minds of some men runs to seven or eight, and drew the conclusion that they might get the needed votes after a few days further debate. Then it was that the decision was reached to make an effort to press the treaty to a vote during the coming week.

It is not believed that any effort to secure a test vote will be successful, for there are Senators who refuse to be hurried. Some have maintained their position of being unconvinced throughout the entire debate, while there are others whose utterances have given the men on both sides of the chamber reason to include their names in the lists of both supporters and opponents. There is no disposition on the part of the friends of the treaty to permit any vote unless they are reasonably sure of success.

One Senator said today: "We will never return the treaty to the President, but will hold it until enough votes to pass it are secured."

Senator Gear today presented sixty-five postal cards from editors in Iowa, as he said, "protesting against annexation." A large proportion do not make a protest, and few mention the beet sugar industry as the cause for their opposition.

WAITING ON THE SENATE.

No Change in the House Position On Hawaii.

WASHINGTON, February 7.—There is no present purpose in the House of Representatives to consider the Hawaiian question, and the House leaders say there has been no change whatever in the disposition to allow the Senate to act on the subject before making any move in the House. Speaker Reed would make no public comment on published reports that he had changed his views on Hawaii and was now in favor of prompt action on a joint resolution annexing Hawaii. The report caused much comment among members, and to those who made inquiries of the Speaker he replied with much emphasis that the report was unwarranted and false.

Pettigrew Talks In Opposition.

WASHINGTON, February 8.—Senator Pettigrew of South Dakota was the only speaker on the Hawaiian annexation treaty in the executive session of the Senate today. He opposed the treaty. He asserted that the area in the Islands capable of sugar cultivation amounted to fully a half-million acres, and said that as the land was very productive there was no doubt that all the sugar necessary to supply the demands of the United States could be produced in Hawaii. He quoted sugar and plantation statistics and dwelt at some length on the nationality of the labor employed on the plantations.

President Dole Visits Niagara.

BUFFALO, February 7.—President Dole and party arrived here this morning from Philadelphia in the private car Corona over the Pennsylvania. A

committee headed by Captain John M. Brinker, president of the Pan-American Exposition, met the train and escorted the party to their hotel, where an informal reception was held from 11 to 12 o'clock. Shortly after 12 o'clock the party left for Niagara Falls, stopping en route at Cayuga Island, the site of the proposed Pan-American Exposition.

MORGAN'S AMENDMENT.

He Takes Issue With Senator White On Hawaii.

WASHINGTON, February 7.—Annexation by resolution once more comes to the front by a declaration from Senator Teller that enough votes to carry the treaty are not in sight. There is tonight, however, facing this declaration, that of Senator Davis that he will not consent to abandon the treaty at this time, but will fight it out for a month yet before he will consent to talk of any substitution of a resolution for the treaty. Davis believes there will be a month of debate further, basing his belief largely on the fact that there is to be somewhat of a cessation of active hostilities next week, when Senator White leaves for a three weeks' stay at his home. There will be no vote while White is West, and there promises to be little discussion unless the Republicans force it.

An amendment of more than ordinary importance and significance at this time was proposed in the Senate today by Morgan of Alabama to the resolution offered a few days ago by White of California. White's resolution declared that it was the right of the people of Hawaii to maintain their own form of government and that the United States ought in no wise to interfere with it. Morgan's amendment provides distinctly for the annexation of the Hawaiian Islands, declaring that the present Government has a right to make such session to this country. The amendment is as follows:

"That the Republic of Hawaii, established in and based upon its present Constitution, is a rightful Government, and has been and still is recognized by the United States of America and by other great powers without any question by any nation of its rightful and sovereign independence, and said Constitution is the true and recognized authority that fixes the measure and the distribution of the rights and powers of government in that Republic while said Constitution remains in force.

"That in conformity with the existing Constitution of the Republic of Hawaii, and so long as the same is in force, the powers of government reside in and are to be exercised by the incumbents of the department, tribunals and offices, created by said Constitution and filled in pursuance of law, and the lawful electors under said Constitution who qualify as such by the taking the oath of allegiance prescribed therein, are entitled to share in the Government of Hawaii according to the rights secured to them in the Constitution and to the extent and in the manner therein provided as long as the same is in force.

"And said Government of the Republic of Hawaii having in due form signified its consent in the manner provided in its Constitution that the Hawaiian Islands, with all the territory appurtenant thereto over which said Government now claims to exercise sovereign jurisdiction, shall be annexed to and become a part of the territory of the United States of America, and shall be subject to the national power and sovereign jurisdiction thereof; it is hereby enacted and declared that said concession is accepted, ratified and confirmed and that said Hawaiian Islands are annexed as a part of the territory of the United States of America and are subject to the sovereign dominion thereof."

HAS BEEN NO VOTE

(Continued on Second Page.)

ists lack six votes, and probably seven. The treaty will probably be abandoned after a few more weeks of debate. This is the opinion of both White and Perkins.

The fate of the Morgan bill for annexation is uncertain. It is comes to a vote it may pass, but the chances for its consideration in the House are remote. Speaker Reed is emphatic in his denunciation of the annexation scheme. In a conversation with a California member of Congress, Reed did not mince his words, but denounced the proposed annexation as a job of mercenary schemers.

The attitude of the Administration does not influence Mr. Reed in the least. He is a man of positive convictions, and as Speaker of the House of Representatives, with a big Republican majority at his back, can easily defeat the annexation jobbers. He will not only have the support of his own party in the House, but nearly all the Democrats. For these reasons the annexationists are discouraged, and the talk is now that after the vote on the treaty, a few weeks hence, the annexation project will be postponed until next December. This is the opinion of Senator White.

BARRIOS ASSASSINATED.

President of Guatemala Stabbed By German Socialist.

WASHINGTON, February 9.—Senator Lazo Arriaga, the Guatemalan Minister to the United States, this afternoon received an official cablegram from the Minister of Foreign Affairs of Guatemala, announcing the assassination of President Barrios and the succession to the Presidency of Vice-president Manuel Estrada Cabrera. No details whatever were given.

The dispatch came from Guatemala City, the capital, where President Barrios has lived. It added that entire calm prevailed. This last assurance, coupled with the immediate succession of the Vice-President, in accordance with the methods of the country, is a special source of gratification to the Guatemalan officials here, and to some extent alleviates the shock with which they received the news of the tragedy.

A dispatch from Guatemala says that the President was assassinated by Oscar Salinger, a German Socialist. As the President was leaving his house to enter a carriage and be driven to the capitol, Salinger sprang in front of him and stabbed him before the guards could interfere. The murderer was arrested.

A message was received from the City of Mexico to the effect that General Morales has announced himself President of Guatemala, and is preparing to go to Guatemala at once. It is said that he still has a large following, and that he will make a desperate attempt to overthrow the Government. He declares that he is in no way responsible for the assassination of Barrios. He will issue a manifesto.

CUBAN QUESTION DEBATED.

Resolutions Presented to Recognize Belligerency.

WASHINGTON, February 9.—For more than three hours today the Senate chamber rang with eloquent appeals in behalf of the Cuban insurgents. Announced speeches were delivered by Cannon of Utah and Mason of Illinois in advocacy of the adoption of resolutions which they presented to the Senate yesterday. Following Cannon's speech Hale of Maine addressed the Senate briefly, urging the Senate to uphold the policy of the administration.

Cannon's resolution urges the President to notify Spain that if Cuba's independence is not recognized by the mother country by the 4th of March the "United States will, on that day, recognize the belligerency of the Cuban patriots, and will, within ninety days thereafter, assert the independence of the republic of Cuba."

The resolution which Senator Mason introduced requests the President to notify Spain and Cuba that the war in Cuba must cease at once and that the United States will declare and will maintain peace in the island.

The Senate Committee on Foreign Relations today decided to make an adverse report upon the proposition advanced yesterday by Senator Allen to amend the consular and diplomatic appropriation bill so as to recognize the belligerency of the Cuban insurgents.

School House Appropriation Discussed.

North Kona People Request Improvements—Many New Bills In House.

SENATE.

Fourth Day, February 19.

After the regular opening of the Senate, with five members absent, a message was read from the Acting President asking action on the appointment of Antonio Perry, First Judge of First Circuit; W. F. L. Stanley, Second Judge of First Circuit; R. Lee-Bryce, Esq., Consul at Brisbane, Queensland, Australia; Frederick Ringer, Esq., Consul at Nagasaki. The message was laid on the table for future action.

A petition presented by Senator Holstein, signed by 30 men from North Kona, referred later to the Committee on Public Lands and Improvements, calls for an expenditure of \$11,500 in public improvements in that district.

The Senate adopted the report of the Committee on Education, recommending that Act 2, calling for the \$50,000 special appropriation for the erecting of school houses, be laid on the table and the item be considered in the appropriation bill for current accounts. The committee felt that there would be no advantage in making a separate fund of the special appropriation, nor would there be advantage in the gain in the time for the disposal of such a fund. It was further thought that the various Islands should receive their proportionate amount of attention and that an approximate schedule should be presented showing where expenditure is necessary.

Senator Holstein's bill providing for the retail licensing of wines, beer, liquors of low alcoholic strength was presented and referred to the printing committee.

The bill appropriating \$20,000 for defraying the expenses of the current session provoked some discussion as to whether or not it should include the expenses of the special September session. In reply to a question, Minister Damon stated that the amount quoted would not cover both items and that in his opinion the expenses of the extra session should be considered in the regular bill providing for unpaid bills and accounts, as having accrued in the previous period. The bill was finally sent to the Judiciary Committee with instructions to consult with the Attorney-General on the question. The Senate then adjourned.

HOUSE.

Fourth Day, February 19.

The House was called to order at the usual hour. Prayer by Rev. Waianu. Representatives Achi, Kahauheho and Pogue were excused to wait on the Chief Justice relative to the swearing in of Representative J. D. Paris, the member from Kailua, Kona. Representative Kaal was excused for five days on account of illness.

Representative Paris introduced a petition for an appropriation of \$26,000 for a road in North and South Kona.

Representative Achi presented the following petitions: An appropriation of \$7,500 for a road out of Keahou; \$10,000 for a road from Napoosoo to Hokena; \$15,000 for a road from a point on the Government road in South Kona to Kahuku in Kau; \$800 for enlarging the wharf at Keahou. Referred to the Public Lands Committee.

Representative Richards reported House bills 6 and 7 printed and ready for distribution.

Representative Robertson read first time by the title his "Act to provide revenue for the Government by the imposition of a tax on incomes, and to repeal Act 65 of the Session Laws of 1896, relating thereto." Passed first reading.

Representative Achi introduced "An Act relating to the descent of property, both real and personal, of an adopted child." Passed first reading and took its usual course.

Representative Richards moved to take up for consideration House bill No. 6.

The motion that the bill be read the second time, carried. This bill "providing for regulations relating to highways" took its usual course.

"An Act relating to assault and battery and repealing Sections 1, 2, 3, 4, 5, 6, 7, 8 and 9 of the Penal Code, Section 34 of the Laws of 1896, Act 37 of the Laws of 1896 and Chapter 15 of the Laws of 1874" was read the second time and referred to the Judiciary Committee.

The Speaker reported that the Judiciary Committee had reported on House bills Nos. 1 and 2 and on motion, bill No. 2 was taken up for consideration. Discussion arose on the part of the bill which reads as follows: "The terms of the Circuit Court may be continued and held from the opening thereof, respectively, until and including the 24th day thereafter, Sundays and legal holidays excepted. Provided however that any such term may be continued after the expiration of such 24 days at the discretion of the presiding Judge, until all the business pending before the Court is disposed of." After considerable discussion, the bill was made the special order for today.

Representative Isenberg moved for adjournment until Monday. Carried. Adjourned at 11:30 a. m.

Court Martial Sentence.

WASHINGTON NEWS.

There appears, from the latest news, no material change in the situation of the treaty matter, in the American Senate. There is some interesting reading between the lines, however. The statement regarding Speaker Reed's favorable change of attitude on the annexation question, is now disputed. Mr. Reed is, we know positively, affected by the new situation of affairs, in the far East. But he may not, as yet, have reached a conclusion in the matter. We understand that he considers the free coinage of silver to be an element in the case. He represents the financial gold men, and they feel that the West is becoming rather dangerous and may use Hawaii for some bad purpose.

The Washington Star, says that some of the Senators, strongly in favor of annexation, speak just now, indifferently regarding it, because they do not like the Administration attitude on the financial question. It quotes a leading annexation Senator who declared that there would be no vote on the subject until March 1st, as the time of the Senate would be spent on the many appropriation bills.

The Washington Times (annexation) says that Senator Thurston, who had agreed to vote for annexation, had suddenly moved to postpone debate on the treaty, until March 1st. The reason given, is that "it was understood" that Mr. Thurston was anxious to avoid further discussion while Mr. Dole was in the country. His motion was lost. The Philadelphia Ledger says that Senator Thurston declared that the visit of Mr. Dole was "inopportune." These are, however, merely reports of the secret debate, and are not entirely trustworthy. Senator White, in reply to Senator Platt, said that he believed the Sugar Trust was in favor of the treaty because "most of the Senators who were popularly believed to be interested in the Sugar Trust were favorable to the treaty."

It is also suggested that the belligerent rights of Cuba, and the annexation of Hawaii, be added to the diplomatic bill. If the Senate does this, the bill will go back to the House so amended, and if not agreed to, will get into a conference committee. If this course is taken, it will be beyond Speaker Reed's power to control it. This is the view taken by the friends of Cuba and Hawaii.

The difficulty is, that President McKinley knows that the granting of belligerent rights to Cuba, will result in the lawful boarding of American merchant vessels, by the Spanish gunboats. A shot across the bows of an American ship might precipitate war.

INTERPRETING THE CONSTITUTION.

"Whatever the wording of the Constitution is, * * it was not meant that the Ministers should try to lead either the House or the Senate," etc., etc. This, we assume, is the opinion of Representative Atkinson, as expressed in the Star. There you have it at once. Whenever a man uses the vague phrase, "whatever the wording may be," etc., you may be pretty sure that he doesn't care much about words and their meaning. The Representative evidently needs as much training in a knowledge of the Constitution, as the venerable darky did, who was elected to the Georgia Legislature, after the Civil war. After the first week of the session, he rose and said: "Mr. Speaker! What am dat 'ar no'shun day calls de Constitutionun? I hears dem talkin' about hits pervishuns. Is de pervishuns vegetable or meat? Mr. Speakah! What am de Constitutionun?"

No doubt the other members of the House have taken occasion to carefully study our own Constitution. However, it will do no special harm, if a fresh Representative colt, when turned loose, for the first time in the Legislative paddock, lets his heels fly all around, and snorts off a defiance of "whatsoever," at the wire fences of the Constitution. There are good men and some good lawyers in the House, and they will act as professors in the Mugwump college, which the Star suggests should open at once. They will interest any "irrepressible" as to the resisting power of the barbed wire fences, which an irrepressible does not always quickly see.

MANNERS.

Lord Chesterfield in a letter to his son, wrote as follows:

"There is nothing so brutally shocking nor so little forgiven, as a seeming inattention to the person who is speaking to you; and I have known many a man knocked down, for (in my opinion) a much slighter provocation than that shocking inattention which I mean. I have seen many people, who

while you are speaking to them, instead of looking and attending to you, fix their eyes upon the ceiling, or some other part of the room, look out of the window, play with a dog, or twirl the snuff box. Nothing discovers a little, futile, frivolous mind more than this, and nothing is so offensively ill bred; it is an explicit declaration on your part, that even the most trifling object deserves your attention, more than all that can be said by the person who is speaking to you. Judge of the sentiments of hatred and resentment, which such treatment must excite, in every breast where any degree of self love dwells; and I am sure, I never yet met with that breast where there was not a great deal."

We have known of one school for young women, conducted by a thorough woman of the world, whose graduates were noted for the singular attractiveness of their social intercourse. In each student's room a copy of these words of Lord Chesterfield was placed in a conspicuous position. The teacher herself, at one time conspicuous in Paris, for her social power, made her scholars realize the power of the fixed eye, and the patient listening.

It is said that the nervous condition of the Americans forbids that repose of manner, which is absolutely necessary to the best social intercourse. Nervous people are usually quick, rapid talkers, and are impatient as listeners. A tourist of wide experience remarked while visiting these Islands, recently, that the native Hawaiians in the form and manner of their conversation, without regard to its substance, were on the average equal if not superior to the whites. This is quite true of the Japanese, who are carefully taught certain rules of speech and deference, in the social intercourse. One sees in Japan the fixed eye, and the patient listener.

The heroes and martyrs of social intercourse are those who maintain the habit of the fixed eye, on those distressing occasions, when addressed at length by mutual friends who detail their own grievances. These suffer in silence, and are without any reward. Of such, indeed, are the Kingdom of Heaven.

AN INDISCREET MINISTER.

Spain's Representative at Washington Criticises Executive.

WASHINGTON, February 11.—The incident growing out of the publication of Senor de Lome's letter to Senor Canalejas may be regarded as settled. That this has been brought about is told by a short cablegram sent by Minister Woodford from Madrid, in which he states that the minister had resigned and his resignation had been accepted before he (Mr. Woodford) presented the request of the United States that he be recalled.

The letter referred to, which the Spanish Minister refuses to deny having written, was directed to Senor Canalejas, editor of a newspaper in Havana and refers to President McKinley as a "low politician."

of the Cuban delegation, when it was addressed from Washington to Havana before Senor Canalejas left Cuba for Spain, is explained as an act of patriotism by a Cuban secret agent in Havana, who, knowing the contents of the letter and desiring to expose to the world the character of Spanish diplomacy, stole the letter in Havana at the risk of his own life. It is rumored, also, that Canalejas himself is responsible for the publication of the letter although he denies having received it at all.

Zealandia Register.

A bill has been introduced in the Congress of the United States at Washington for an act to place the Oceanic Steamship Zealandia, now the Honolulu local boat, under American register. It is claimed that what work has been done on the ship and yet to be done will entitle her to the American flag.

It is suggested by shipping people here that the purpose of this plan is to put the Zealandia into the Alaska trade and to arrange with the Pacific Mail Company and make the S. S. China the local boat between this place and San Francisco.

Hood's Pills

Cure
Liver Ills

Hood's Pills are as peculiar and as pleasant, in comparison with all others, as is Hood's Sarsaparilla.

To compound a pill which shall be pleasant to take, shall not be coated with what by age becomes insoluble, and which shall be just that mild stimulant to the liver and bowels which shall help Nature to restore her disordered functions—that is the problem for the pharmacist.

It is easy to purge, but that is not what is wanted. A mild but sure and un-

CURE

disturbing cathartic will set Nature to going, and relieve the head, the stomach, the liver and all the organs of the body from the evils of a clogged drainage.

The Liver is the gateway between the stomach and the organs which the stomach purveys for. Stop up the gate and death quickly ensues. Burden it with obstructions and a thousand ills result.

Hood's Pills CURE Liver ills, sick headache, biliousness, indigestion, nausea, constipation, without purging, without pain, without violence.

Everybody at sometime needs them. Everybody should keep them on hand at all times for emergencies.

Liver Ills

Hood's Pills are sold by all druggists. 25 cents. Sent by mail on receipt of price, by C. I. Hood & Co., Lowell, Mass., U. S. A.

THE SIGHT

of so much water lying around is, in a sense, a pleasing one, since we are assured of full reservoirs and a consequent, though perhaps brief, opportunity of once more enjoying life in this "Pacific Paradise." Another thought is, however, apt to strike us, and that is the danger to be apprehended by reason of the faulty system of drainage—or should we say, the absence of a system, however faulty? The "Authorities that be" are devoting some attention to this matter just now, but the attention of Householders is directed to the part they are expected to play in the game of "Health Sanitation." Columns of space might easily be devoted to germs, microbes and other similar craft, which, unmolested, take up their abode in the water we drink and communicate to us the means by which our health is broken and our lives eventually lost.

Poets may dream of "good in everything," but just where the "good" of filling our "innards" with microbes comes in, the every day commonsense man cannot see. Science has discovered the insects, and science has placed the power of utterly destroying them in the hands of one and all. Physicians are all agreed upon the one point, that the best system of filtration is through stone, and this system is carried out in its highest form in the

IMPROVED NATURAL STONE FILTERS

as shown in our window. The water—muddy and discolored—is shown in the top reservoir, and after passing through stone, drops clear and pure into the bottom receptacle. This filter is absolutely the best known and is made in four sizes—6, 7, 8 and 9 quarts. We would strongly urge upon Householders, the incalculable benefits derived from the use of them, and are pleased always to explain their merits. For Restaurants, Hotels, Ships or Offices, we have a very handy article on exhibition—a WATER COOLER—in three sizes. Water contained in them is always cold and pleasant.

While on Sanitary subjects—What's the matter with Roberts' OZONATOR? It costs complete with fluid only \$5, and if hung up in stables or outhouses, etc., will keep them always sweet-smelling and clean. Try one.

THE WHITE HOUSE DINNER.

President and Mrs. McKinley Entertain Pres. and Mrs. Dole.

The Washington Star of February 2d says: The President of the Republic of Hawaii and Mrs. Dole were guests last evening at the largest dinner ever given at the Executive Mansion. Seventy-one sat down at table, the President and Mrs. McKinley having bidden 67 guests to meet the distinguished visitor and his wife. The long dining table in the corridor was very beautiful, having decorations of orchids in masses, alternating with plaques of white hyacinths. The candelabra were capped with rose color, and at each cover lay a boutonniere or corsage bouquet of orchids and ferns. The President, with Mrs. McKinley at his right, had as neighbor at the left Mrs. Dole, while President Dole sat at the right of Mrs. McKinley and next Mrs. Hobart. Secretary Sherman was at Mrs. Dole's left, while directly opposite the President sat Mrs. Sherman with the Vice-President. Mr. Chauncey M. Depew was seated between Mrs. Gage and Miss Bliss, and Senator Hanna next Mrs. Dalzell. Mrs. McKinley's gown was white satin with embroideries of silver and jewels. Mrs. Dole's was rose satin, lace and diamonds. Those present were the President and Mrs. McKinley, the Vice-President and Mrs. Hobart, the President of the Republic of Hawaii and Mrs. Dole, the Hawaiian Minister and Mrs. Hatch, the Secretary of State and Mrs. Sherman, the Speaker of the House and Mrs. Reed, General and Mrs. Miles, Senator and Mrs. Davis, Representative and Mrs. Hitt, Senator and Mrs. Cullom, Senator and Mrs. Lodge, Senator and Mrs. Clark, Senator and Mrs. Foraker, Senator and Mrs. Morgan, Senator and Mrs. Gray, Senator and Mrs. Mills, Representative Dinsmore, Senator and Mrs. Daniel, Senator Turpie, Senator Morrill, Senator Allison, Senator Hanna, Senator Hale, Mrs. Alger, Mrs. Frye.

Representative Boutelle, Representative and Mrs. Dingley, Representative and Mrs. Dalzell, Representative and Mrs. Cannon, Representative and Mrs. Henderson, Representative and Mrs. Grosvenor, Representative and Mrs. Payne, Representative Richardson, Representative and Mrs. Sayers, Dr. Chauncey M. Depew, the Secretary of the Treasury and Mrs. Gage, the Attorney General and Mrs. Griggs, the Postmaster General and Mrs. Gary, the Secretary of the Navy and Mrs. Long, the Secretary of the Interior and Miss Bliss, the Secretary of Agriculture and Miss Wilson.

Colonel Bingham, Lieutenant Gilmore, Major Heistand and Commander Wells, U. S. N., were present during the evening in full uniform. Colonel Bingham and Lieutenant Gilmore presented.

On February 4th President and Mrs. Dole gave a dinner at the Arlington.

On the 5th Mrs. Hatch gave a luncheon at the Arlington, in honor of Mrs. Dole. Decorations were in pink tulips. Those present were: Mrs. Hobart, Lady Pauncetote, Mrs. Sherman, Mrs. Gage, Mrs. Alger, Mrs. Griggs, Mrs. Cushman K. Davis, Mrs. Long, Mrs. Mendonca, Mrs. Frye, Mrs. Hill, Mrs. Heywood, Mrs. Foster, Mrs. Romero, Miss Morgan, Mrs. MacMillan, Mrs. Castle and Mrs. Fairbanks.

Frank Sherwood was down town today, the first time since he had his tussle with cholera morbus. He says he drove thirty miles after he was taken, and never came so near dying in his life. After this when he goes out in the country he will take a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy with him.—Missouri Valley (Iowa) Times. For sale by all druggists and dealers. W. H. Rickard III.

News was received from Hawaii yesterday of the serious illness of W. H. Rickard at his home, Honokaa. Mr. Rickard has been ailing for some years and has been quite sick a number of times, but on no previous occasion has his condition been so dangerous as when the steamer left Hawaii. He has many friends here who will earnestly wish for his early recovery.

BIRTHDAY LUAU.

Entertainment at Aina'hau in
Honor of Prince David.

Princess Kaiulani very gracefully
entertained a hundred or more of her
friends in a luau at Aina'hau, Satur-
day afternoon. The Princess was
seated in the head table with the
Princes Kawanakoa and Kalaniana-
ole at either side while at the two
longer tables connected therewith and
arranged so as to allow of comfort in
being seated on the floor were the
guests of the afternoon, most of whom
were Hawaiians.

The luau was altogether a very
charming affair and distinctively Ha-
waiian. Hardly a native dish was
overlooked in the make-up of the re-
past, and young ladies stood ever
ready to attend even the smallest
wants of the guests.

For some time before the beginning
of the luau, the Hawaiian National
band played under the banyan tree
immediately in front of the main
house. When the feast began, the
music was transferred to a position
near the large dining hall.

When appetites had about been
satiated, Prince David Kawanakoa
arose and proposed the health of Prin-
cess Kaiulani. This was drunk stand-
ing by the men as was the health of
Prince David proposed a little later
on by Hon. A. S. Cleghorn. It turned
out that Kawanakoa was 30 years
old and the luau was given in his
honor.

A number of people were invited to
continue the festivities during the eve-
ning.

KAMEHAMEHA ORGAN.

The Fine Big Instrument Will
Soon Be Dedicated.

The new pipe organ now in course of
erection in the Kamehameha chapel, by
the John Bergstrom Organ Co., will be
formally dedicated on Saturday eve-
ning, March 5th, by Wray Taylor, at the
request of the Hon. C. R. Bishop, its
donor. So much of the instrument is in
its place, that Mr. Taylor was able to
play on it last Saturday afternoon, and
test the acoustics of the building. It is
a two manual instrument with 22
stops and showing two fronts which
are most artistically decorated and
harmonize perfectly with the interior
of the fine building.

On the occasion of the dedication of
the organ, it is intended by the trustees
and Principal Richards, to throw the
chapel open to the public. The pro-
gram which is being arranged by Mr.
Richards, will consist of four organ
solos, choruses by the pupils of both
the boys' and girls' school. Mrs. Ralph
P. Woodward the favorite coral singer
will be heard, and the celebrated Largo
by Handel will be played on the violin
by Mrs. C. B. Cooper, with organ ac-
companiment. There will be other
numbers, which will be announced
later.

A MAIL WAIT.

Cause of Delay of the R. M. S. S.
Warrimoo.

The R. M. S. Warrimoo, Captain
Hay in command, arrived in port and
hailed alongside the Oceanic wharf at
about noon Sunday. She left Van-
couver at 3:30 p. m., February 11th, and
arrived in Victoria six hours later.
The Warrimoo is making the pioneer
voyage under the new mail contract
with the New Zealand Government
which necessitated her waiting at Vic-
toria for the mails. These, however,
being delayed on the Atlantic, she was
detained at that port and did not leave
until 10 p. m., February 12th. When
clearing the straits heavy rains and
thick weather further delayed the
Warrimoo's progress. This continued
until passing Cape Flattery when the
weather moderated to fresh S. W.
Winds with head seas were encounter-
ed, this to lat. 40 deg. Here northerly
and N. E. winds set in to lat. 25 N.
when heavy rains were met with. After
this, moderate to light easterly winds
with fine weather set in. This kept
up to arrival in port.

Lawyers to Counsel.

A special meeting of the bar of Hono-
lulu is called to be held at the office of
the Attorney General in the Executive
Building, at 3 p. m. today. It is urged
that every member attend. The busi-
ness is of importance. The particular
subject to be considered is presenta-
tion of the newly compiled civil and
criminal codes to the Legislature for
approval. It is likely that other mat-
ters of interest to the legal fraternity
will be brought up.

CHAMBERLAIN'S COUGH REMEDY
ALWAYS PROVES EFFECTUAL.

There are no better medicines on the
market than Chamberlain's. We have
used the Cough Remedy when all
others failed, and in every instance it
proved effectual. Almost daily we
hear the virtues of Chamberlain's re-
medies extolled by those who have
used them. This is not an empty puff,
paid for at so much a line, but is vol-
untarily given in good faith, in the
hope that suffering humanity may try
these remedies and, like the writer, be
benefited.—From the Glenville (W.
Va.) Pathfinder. For sale by druggists

They Are
Reliable.

Saturday evening, January 29th, a
party of eight left the city for a trip
around the Island on bicycles. The
list was made up of some of the lead-
ing wheels represented here, among
them a '97 Overland Special which is
handled by the HONOLULU BICYCLE
CO. The Overland was the only wheel
in the lot which made the trip without
trouble of any kind. OVERLANDS
are the kind of wheels that take you
away from home, and bring you back
again.

By the last Australia, we received a
few samples of the '98 OVERLANDS.
They are as much superior to the '97
product as daylight is superior to
darkness, and are without any excep-
tions, the most beautiful models, and
the highest grade wheels ever shown
here for anything near the price which
we shall sell them—\$65. We defy all
competition, even at a much higher
figure.

GOOD SHOES!

GOOD SHOES are health producers. Poor fitting ones not only torture the feet but look badly. Think of this when you start out to buy them. We show you nothing but what a first-class store ought to have, and our assortment of styles comprises everything desirable. Our prices are the lowest. We pick the good things out of the world's library of remunerative facts. And can view with complacency the feeble attempts of eager rivals to counteract our successes.

Kodaks

Having been appointed agents by the Eastman Kodak Co., for their Kodaks and and supplies we take pleasure in calling your attention to our new line. It will be our aim to keep a complete stock and sell only material that is fresh.

Our Kodaks are all new—the very latest improvements. We haven't a solitary out-of-date camera. There are many different kinds. Let us show them to you.

Developing and Printing

Mr. Carl Andrews, one of the most successful amateurs in this city, will have charge of developing and printing. The utmost care will be taken to make the work of amateurs successful. We have adopted a system whereby we can tell why you failed and how to avoid making mistakes again. A slip will be attached to each "failure" stating cause. We can make your snapshots successful pictures.

Can't be done!

Try to make some baking powder yourself. Buy the cream of tartar and soda, mix them in the right proportions.

Then imagine that you are the manufacturer, and have to make a profit, and besides, sell it to the grocer at such a price that he can make a profit too.

Ask your grocer to sell you his best cream of tartar, see what it costs, and see if you can make pure good baking powder for 25 or 30 cents a pound.

It can't be done.

Schilling's Best—at your grocer's—is the best of the right-price baking powders.

AUCTION SALE OF Lots at Waikiki!

UNLESS SOONER DISPOSED OF, on MONDAY, MARCH 7, at 12 noon, Mr. James F. Morgan, will sell the Leaseholds of Eleven of the Finest Lots on Waikiki Beach: The remaining term is about 22 years, and each Lot will pay \$30 per annum rent.

It is time now to begin to prepare your Summer retreat at Waikiki. It is nearly impossible to get anything in that favorite locality and it is doubtful whether such a chance will ever again be offered. These lots are all in one block and are so arranged that each has an ownership on the beach, sufficient for bath houses and a lanai if desired.

The 40-foot road opened from the beach to the fine macadamized street in the rear is a new and desirable feature; a water pipe runs down this road and each Lot is connected. Arrangements have been made with the

Water Works Bureau for a single rate for the lot and beach front.

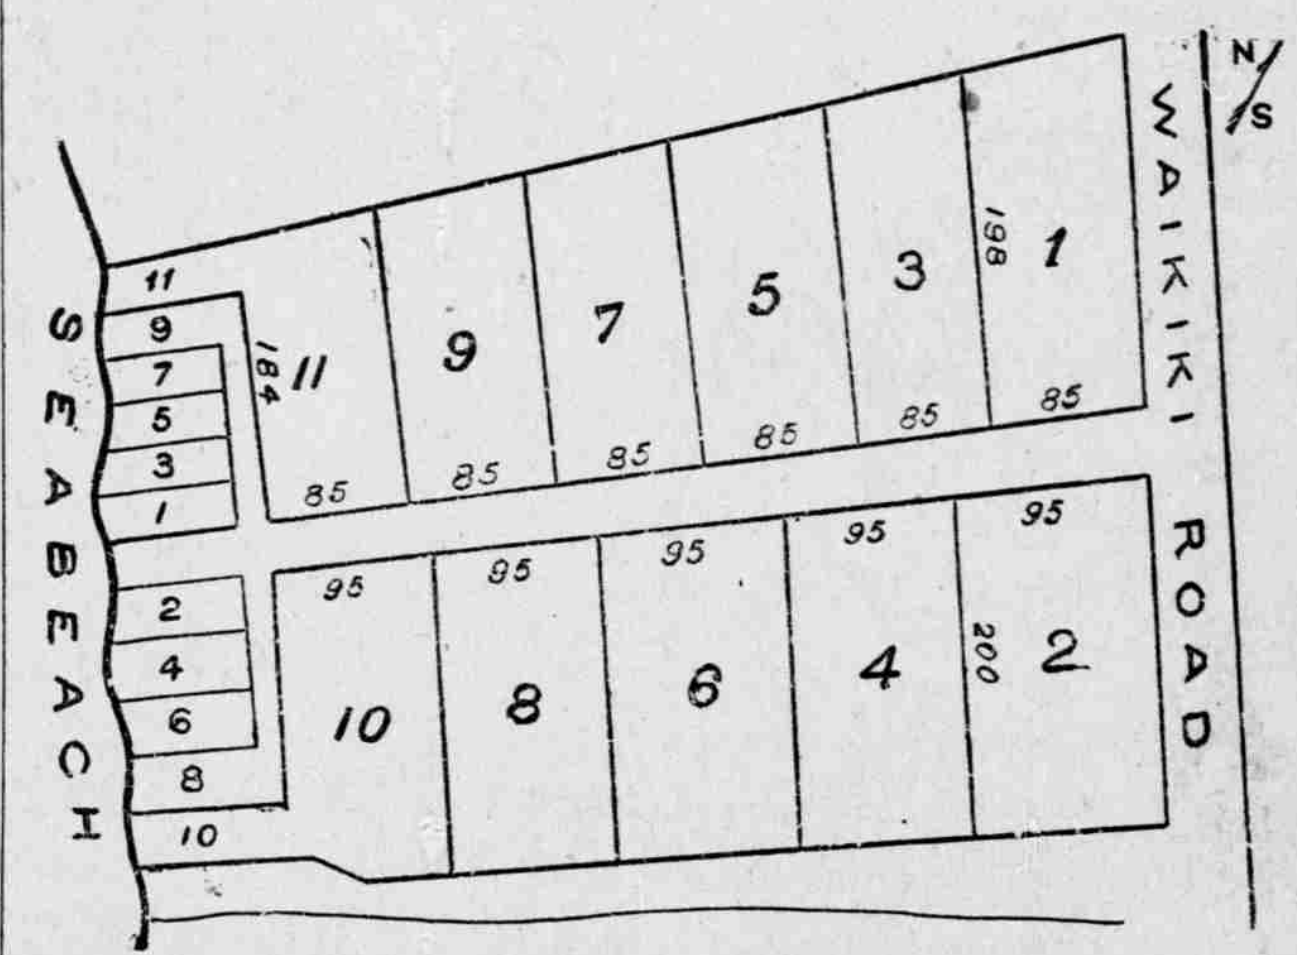

These Lots are all fenced, sidewalk built, and road in fine order. The location is healthy, and the sea bathing good. The block lies in Kalia, adjoining the Waterhouse premises.

Do you object to a leasehold? Have you figured out the expense and actual cost? Do you know that you can have a beautiful home for the next 22 years at a cost, covering building, repairs, insurance, taxes, everything of from \$12.50 to \$25 per month? The lots are each ample for a family, ranging from 85 feet on the street and 190 feet deep to 95 feet on the street and same depth.

Buildings already stand on two of the lots, which will be sold with the ground.

Applications have been made for a few lots already. Now is your time! Further particulars of
