Marshall Libel Case Is Before the Court

William H. Marshall was put on trial at 9:30 this morning for libel committed in the Sunday Volcano upon Chief Justice Judd. Judge Stanley presided, Judge Davis sitting with him at the empanelling of the jury. Former Attorney General W. O. Smith assists Deputy Attorney General E. P. Dole for the prosecution, and J. T. De Bolt appears for the defendant.

The following jurors were excused for cause: G. R. Carter, I. Rubenstein, A. D. Larnach, J. J. Egan, C. B. Grey and W. M. Cunningham. The Court excused L. C. Ables, defendant noting exceptions.

Mr. De Bolt waived himself of the three peremptory challenges allowed defendant by excusing W. L. Hopper, Geo. Angus and F. S. Lyman.

No peremptory challenges were offered by the Government, and the following jurors were sworn to try the case:

C. R. Collins, Geo. S. Harris Jr., Fred. Philip, W. H. Smith, J. D. Treloar, C. J. Ludvigsen, Theo. Wolff, C. H. Clapp, Jas. L. Torbert, John Edinger, J. T. Copeland and Thos. Krouse.

Mr. Dole read the charge also the stipulation admitting certain facts signed by the Deputy Attorney General and Wm. H. Marshall. Further, the prosecution admitted that the case was not instituted by any member of the Judd family, but solely by the Republic of Hawaii.

Then the Deputy Attorney General offered in evidence "The Sunday Volcano" for August 27, 1899, containing the article on which the charge is based. The prosecution rested here.

Mr. De Bolt called H. M. Ayres, who was associate editor of the Volcano. Mr. Dole now offered in evidence the issue of the paper for Sunday, September 3. Marshal A. M. Brown then gave evidence, and at 11:29 the Court took recess till 1 p. m., when the only remaining evidence would be that of defendant.

Filipino Make Capture.

Manila, May 8.—Unofficial letters received here state that 3000 insurgents burned Bulan, in South Luzon, on May 4, and drove out fifty men of the 47th Volunteer Infantry, garrisoning the place. They killed many Spanish and Chinese residents. Last week some Sorogon firms, in response to a petition, sent a steamer to rescue the merchants of Bulan, who were expecting the attack.

Details of the affair are meager, but it is reported the American troops were forced to take refuge aboard ships and that a gunboat shelled the city while the rebels looted and burned it.

Bulan had a population of 20,000 and there were many large commercial establishments located there.

Basket Ball.

The first two games of the series of basketball contests will take place in the Y. M. C. A. gymnasium Saturday night, beginning at 7:30 o'clock. The Honolulu and Diamond Head teams will play the first game, followed by the Sophomore and Malle-Hima teams at 8:20 o'clock. Admission will be only fifteen cents, the proceeds to go toward swelling the natatorium fund.

Was Early Assured.

Mr. Oat was only surprised last night as to the early confirmation of his appointment of United States postmaster here. He was informed last September by Private Secretary J. Addison Porter that President McKinley would continue him at the head of the postal service in Hawaii.

TIS GOVERNOR S. B. DOLE

Leading Officials of the New Territory Are Confirmed.

Remaining State Is Practically Finished—Frear Chief Justice—Cook and Bull Story About Hartwell.

Nominations Confirmed.

Washington, May 9.—The Senate has confirmed the following nominations:

S. B. Dole to be Governor of Hawaii.

J. M. Oat to be Postmaster at Honolulu.

Ray for Marshal.

Washington, May 7.—It is understood that the President has practically decided on John C. Blair of Wyoming as United States Attorney for Hawaii and Daniel A. Ray of Illinois as United States Marshal. The internal revenue officials are taking measures to extend to the islands the internal revenue system of the United States, and the probabilities are now that they will be made a part of the first collection district of California, with a deputy stationed at Honolulu.

State Practically Complete.

Washington, May 2.—The list of Hawaiian appointments has been practically decided upon, although the President may not send the nominations to the Senate for a few days. It is conceded that President Dole will be Governor of the new Territory; Henry H. Cooper, Secretary; Judge W. F. Frear, Chief Justice, and W. E. Whiting, Associate Justice of the Supreme Court. Judge Perry of the present Circuit Court may be made the other Associate Justice. Of the United States offices M. M. Estee of California is expected to get the place of United States Judge and Customs Collector. Stackable of Hawaii will probably be continued in the service of the United States Government. The chances of D. J. Ray of Illinois for the Marshalship are not as good as they were some time ago. Philip L. Weaver, an attorney of the islands, son of the former superintendent of the San Francisco Almshouse, is spoken of for United States District Attorney. The President will probably appoint to the Circuit Court Judge Kaula of the Circuit Court of Maui, a native Hawaiian. Gilbert P. Little of Hilo, who has been in Washington all winter, is an active candidate for the Circuit Judgeship. Edward M. Boyd, formerly of San Francisco, is a candidate for Commissioner of Immigration.

General A. S. Hartwell, special agent in Washington for the Hawaiian Government, was recommended for Chief Justice, but the President was given to understand that he did not want the place. Former Attorney General W. O. Smith of Honolulu was asked by the President to take an office, but he refused. He has been here all winter as the representative of the Honolulu Board of Trade.

ANOTHER BATTLE PENDING

Boers Retreating to More Favorable Fighting Ground.

Roberts to Close on Their Heels—Mafeking is in Dire Straits—British Losses Very Small.

Thaba Nchu, May 10.—Ten thousand Boers under command of General Steyn are reported to be east of Thaba Nchu. A battle is imminent.

London, May 11, 10:50 a. m.—Lord Roberts telegraphs to the War Office from Rietpspruit, under date of May 10, evening, as follows:

"We have had a successful day and have driven the enemy from point to point. French with Porter's and Dickson's brigades of cavalry and Hutton's mounted infantry, crossed the Zand and Vermenten Kral and then worked round in a northeasterly direction to Maatschapp, being opposed continuously by the enemy.

Pole-Carew's division and Gordon's cavalry brigade, augmented by "J" battery of the Royal Horse Artillery, and by Henry's and Ross's mounted infantry, crossed the river by a drift near the railway bridge. My quarters accompanied this force. With the infantry portion we are eight miles north of the river. The cavalry and mounted infantry are at Ventersburg road station and Tucker's division is at Deelfontein.

In Hamilton's forces and Broadwood's cavalry brigade was making for the cross roads near Ventersburg when I last heard from them. Hamilton's column met with stubborn resistance, and Smith-Borrien's brigade was engaged for some hours in protecting the rear and flank of his force.

"The only casualties reported at present are:

"Killed: Rank and file, four; wounded, five. No returns yet received from the cavalry nor Hamilton's force."

Boers Resist Doggedly.

London, May 11.—The Daily Express in its second edition this morning publishes a despatch dated Rietpspruit, May 10, morning, describing the crossing of the Zand river by the British. It says: "The rear guard of the end of the Boers, with their guns, resisted the advance. The mounted infantry, two batteries and pompons cleared the way and the third cavalry brigade acted as a screen before the main column. General French was on the left and General Hamilton on the right. The Boers destroyed all the bridges during their retreat.

"It is impossible to ascertain the Boer losses, but they are thought to be heavy. Those of the British considering the important advance made, are considered light."

Advantage Continues.

Rietpspruit, Thursday, May 10, morning.—The Boers opposed the British advance, holding positions north of Zand drift back along the whole line, from General Hamilton on the east and General Hutton on the west. Chiefly artillery was engaged. The Sussex regiment charged a kopje at the point of the bayonet, and the East Lancashire captured another.

"The British loss is insignificant. General Hutton had a series of artillery duels, the Boers always retreating. Twenty Boers were taken prisoners. The advance continues. The Boers are fighting half heartedly. The Free States are sick of the war."

Purpose of Boer Retreat.

London, May 8, 4:30 a. m.—The Boers are everywhere retreating before the British except on the Natal border and at Mafeking to the inner circle of their defenses. They appear determined not to fight until the Kroonstad hills are reached.

Boer Volkraad Angry.

London, May 10.—The Transvaal Volkraad adopted resolutions on Tuesday expressing indignation at the British for not concluding the war in a civilized manner, for killing wounded with lances, for using armed Kaffirs under British officers and for ill-treating prisoners.

President Kruger, after his formal speech on Monday, said the British were prepared for war in 1896, as documents which the burghers had captured showed, but that the Transvaal to avoid bloodshed provided a seven years' franchise and then a five years' franchise.

"Great Britain still demanded," he declared, "and the Republic at length accepted the challenge. Even should the British enter the Transvaal and take Pretoria the Boers will still remain a free people. Our trust is in God, and we may be confident that we will defeat the most powerful Generals."

Adelbert Hay, United States Consul at Pretoria, was present when his speech was delivered.

The Rand continues in secret session. A dispatch credited to an official source in Pretoria says: "The European powers have delivered a collective note to President Kruger informing him that they will hold him personally responsible for the safety of the mines and will support England in enforcing compensation in the event of their destruction."

Mafeking Gets Hungry.

London, May 9.—The tidings from Mafeking are gloomier than ever. Everybody there has an empty stomach and a pinched face. The natives are no longer given porridge and the whites now have but a quart of that substance and a pound of horse sausage daily. Everything else eatable has gone. Insufficient food, wet trenches and cold night are deadly to the health of the garrison. This information comes from reliable natives.

Lady Sarah Wilson, under date of April 27th, says: "The Boers now number 4,500, including young Eloff, President Kruger's grandson, who has sent for six more guns."

The Mafeking correspondent of the Times, who also emphasizes the extreme gravity of the situation, says: "It is impossible to ignore the fatal significance of Colonel Baden-Powell's reference to the hardships endured by the women and children, among whom many deaths have already occurred. The commissariat is holding a certain stock of foodstuffs in reserve for use in the direst extremity."

STAUICH REPUBLICAN GILL

Edwin S. Gill Offered Editorship of New Morning Paper.

Recently of Arizona—Hard Work in the Battle for McKinley—Successful Career in Newspaper Work.

Mr. Edwin S. Gill, accompanied by Mrs. Gill, arrived by the Coptic yesterday. Mr. Gill was seen at the Hawaiian hotel this afternoon by a Bulletin reporter and said regarding his coming to Hawaii:

"Well yes, I may probably take up journalism here; in fact some of my friends in Hawaii wrote to me that a new Republican paper was to be started, requesting me at the same time to come out and take the editorship. If I liked the islands, I determined to come and if the arrangements suit, I shall probably stay here. I have always wanted to visit the islands and was all ready to start for Hawaii several years ago, when an accident prevented."

"My newspaper career has been somewhat varied, but I was never on the Denver Republican, as has been stated. That was an error of the Examiner. However, I have grown up in the newspaper business from a boy, when I first worked in a country printing office at Richwood, Ohio, at a salary of \$2 a week. I have considered Arizona as my home ever since I established the Republican there ten years ago tomorrow; although I have not resided there all that time.

"As to my work, I consider that which I did for the Cincinnati Commercial, during McKinley's Presidential campaign, as the best of my life. I was at the city editor's desk at the time and resigned to take up political work for the paper. I attended both the Republican and Democrat national conventions and afterwards, with some difficulty, obtained the paper's consent to make a trip into Mexico to write up the industrial and financial conditions of that country in the interest of the Republican Party. I spent three months there and visited nineteen out of the twenty-six States of the Mexican Republic. I went through the mines and met and talked with the miners at meal time to get acquainted with labor conditions. I afterwards visited and examined thoroughly all the great plantations of the country and collected a valuable store of information. This I returned to the United States in a series of letters which attracted national attention; some of these being used by the Republican national convention in the campaign. I might add that I carried a camera and took my own pictures to illustrate my letters."

"When I returned, Governor Brady of Kentucky paid me the compliment to say he thought my letters from Mexico were one of the strongest influences in carrying Kentucky for McKinley. Chairman Goudy of Indiana said substantially the same thing and when I was afterwards in Ohio President McKinley and other prominent Republicans paid me a similar compliment."

"When I returned from Mexico I was sent to Washington by the Commercial where I took charge of their news bureau. In 1897 I resigned and returned to Arizona, where I remained until coming to Hawaii. I like the islands and have no doubt that they are one of the pleasantest places in the Pacific to reside in."

Edwin S. Gill.

Warrenton, May 5.—Evening.—The Val river has been successfully crossed at Windsorton by Barton's brigade, with whom is General Hunter, commanding the division. The Boers have evacuated Windsorton and Klipdam. They are trekking northward and are fighting for all they are worth. Barton is hanging on to their rear and shelling them vigorously.

Judging from the clouds of dust the retreating Boers must be in very large numbers.

The Judge said warmly: "You needn't think you are going to control the business of the Court. The Court is doing the best it can. No, there is no need of any discussion. Recess till 1 o'clock."

LADIES HOSE

We have placed on sale THIS WEEK a line of Ladies Fast Black Hermsdorf dyed hose, received direct from the factory in Germany (thus avoiding the American duty) which we are offering at the very low price of 6 pairs for \$1.00. Now this is an opportunity not often offered for ladies to supply themselves with a good staple article of everyday use at such a very low price. We do not claim them to be the finest, but a good strong article of absolutely fast dye.

In addition to the above we have our usual complete line of Ladies', Gents', Misses' and Children's HOSIERY, which have their own established reputation.

We have just received a small choice line of **Genuine Scotch Zephyrs**. Now we do not advertise these as cheap goods, at all, but just the kind a lady would select to make a gown of that she wanted to look stylish in, but that would stand the kind of laundering it would receive here.

A small and carefully selected lot of printed pure IRISH LINEN LAWNS in neat and modest designs and colorings 12 yds. lengths which we are offering at just about half the price that they will have to be sold for when imported under the American tariff laws.

Of course all ladies know of the great durability of Irish linen and its delightful coolness, and here, where we use wash goods the year around, it pays to buy a good article that one can feel justified in expending the time and money necessary in making up in a manner that one would not on a cheap article that one would have to cast aside after the first laundering. For trimming these same goods we have a very complete assortment to choose from of embroideries of all kinds, ambric, namsook and Swiss, edgings, insertions and allover, and faces of every description, these all imported by us direct from Europe in bond.

JUST RECEIVED direct from the factories at Troy, N. Y., a splendid line of GENT'S SHIRTS, in dress, colored and negligee.

In buying these shirts we have exercised the greatest care, first as to their fit and correctness of style and in case of the colored ones, in the very exacting manner of our examination in regards to their fastness of color, we doing our best to satisfy ourselves that we were getting nothing but absolutely fast colors in these shirts, and hope we have succeeded.

Call and see them and the line of GENT'S FURNISHINGS AND UNDERWEAR we carry. To housekeepers who might require them in a hurry, we wish to state that we have in stock a complete line of SHEETS AND PILLOW CASES, ready made, in all sizes and qualities and at prices we believe will be found satisfactory.

IOLANI SENT TO BOTTOM

Brewer & Co.'s Sugar Packet Wrecked
by Collision at Sea.

Full Cargo From Hilo Passengers and Crew
Landed at Astoria—Story As Told
by Capt. McClure.

Astoria, Oregon, May 9.—The British ship Argus, Captain Hunter, in ballast from Port Los Angeles to Portland, arrived at the quarantine station this afternoon, having on board fifteen of the crew and four passengers of the Hawaiian ship Iolani, bound from Hilo to San Francisco, which sunk off the coast near San Francisco on the night of May 3d in a collision with the Argus. The Iolani was a total loss, but the crew and passengers were saved. The story of the collision and wreck, as told by Captain McClure of the Iolani, is as follows:

"We were heavily laden with sugar, and on the night of May 3-4, in latitude 140 west, longitude 38 north, we ran into a dense fog. The night was pitch dark, and we were sailing on the port tack, when without warning the Argus, sailing on the starboard tack, loomed up out of the fog. Both vessels put their helms hard down. The Iolani, being heavily laden, came around all right and cleared, but the Argus, being in ballast cargo, hung in the wind, being too light to answer her helm and clear us. The result was that the Argus came on us stern foremost, striking the first time amidships. It was this blow that wrecked the Iolani.

"After the first collision the Argus swung away and then struck the Iolani a second time, stern on, on the cathead and anchor. The last blow lifted the Iolani's anchor and drove it down through the decks. The Argus had a large rent torn across the stern of the ship by our anchor when she fouled it.

"It at once became evident that the Iolani was too badly injured to float, and I hailed the Argus to stand by. The passengers and crew were transferred to that vessel without accident. The Iolani remained afloat for about thirty minutes and then went to the bottom.

"The ship and cargo were fully insured. The Argus is not badly damaged and could proceed at once to Portland but for the fact that the presence of the crew and passengers of the Iolani, coming from an infected port, renders it necessary to hold the vessel in quarantine until the matter of its bill of health is decided beyond all question.

"This being the first port at which the wreck could be reported, it is not known whether the investigation as to placing the blame for the collision will be held here or not. Presumably the investigation will be in Portland, but it may be transferred to San Francisco for the convenience of the underwriters, owners and agents of the two vessels engaged.

The Iolani was formerly the British iron bark Thurland Castle and was built at Belfast in 1876 by Harland & Wolff. Her owners were C. Brewer & Co., Boston, Mass. The Iolani was purchased a few months by Welch & Co. of San Francisco and she was given Hawaiian register. The vessel was intended for the sugar trade between San Francisco and Hawaii, and was making her maiden trip to the former port.

The Argus is an iron ship of 1543 tons net burden and was built on the Clyde in 1878 by Barclay, Curle & Co. of Glasgow. She is 255 feet 5 inches long, 38 feet 7 inches beam and 23 feet 1 inch deep, and is owned by the Argus Sailing Company (J. S. Ritchie) of Liverpool.

The Argus left Port Los Angeles on April 21 in ballast. She was under charter to load wheat on the Columbia river for Europe and was on her way up the coast when the collision took place. The Iolani left Hilo, H. I., on April 15 and made a good run from the Islands or else she would never have been in the track of the Argus.

Taxes on Hawaiian Shipment.

Washington, May 7.—Commissioner Wilson of the Internal revenue bureau has issued instructions to collectors to the effect that from and after June 14, 1900, the following articles manufactured and produced in the United States cannot be exported to the Territory of Hawaii in bond without the payment of tax, nor with the benefit of drawback, as heretofore: Distilled spirits, stills and worms; tobacco snuff and cigarettes; fermented liquors; playing cards, oleomargarine, mixed flour, proprietary articles, medicines, bottled wines and all other products named in schedule B of the war revenue act of June 12, 1898.

James Campbell's Estate.

San Francisco, May 7.—Public Administrator Boland today filed an application in the probate court for special letters of administration upon the estate of James Campbell, the millionaire, who died at Honolulu on April 21st.

Mr. Campbell left some property in this city, including cash on deposit in various banks. He also owned large realty belongings in San Jose, where his two daughters are attending school.

A Drunk's Question.

In the Police Court yesterday forenoon a white man, charged with drunkenness, asked Judge Wilcox the following question when he had been sentenced \$2 and costs: "What's the use of drinking if you don't get drunk?" There were some in the court room who could not answer the question.

FRIDAY, MAY 18, 1900.

If you believe in majority rule vote at the primaries tomorrow. Registration lists remain open till the polls are closed at 6 o'clock.

Don't be hoodwinked by the claim that the primaries Saturday night will have no influence on Hawaii's political future. Your vote will determine whether men acceptable to the people are placed in the forefront of local politics.

PRIMARIES OF FIRST IMPORTANCE.

Now that the public is fully convinced that officers of the Republic of Hawaii are to be continued under the Territory of Hawaii, there should be a general effort on all sides to forge ahead for the proper party organization. The men who are "holding back" until they "see what the parties are going to do and who runs them" are merely throwing their influence to the four winds. The foundation principle of American party organization is popular rule. The people direct and its motive power is from no other source, theoretical deities of the American system of government to the contrary notwithstanding.

Citizens of the Territory awaiting the results of the Republican primaries tomorrow afternoon before forming party affiliation give the would-be bosses, the men who would "run things" the opportunity they desire.

It is at the polls tomorrow afternoon that the character of the Republican party in these islands will be largely determined. If the delegates elected to the District convention are men of recognized worth and character, men of the people, willing to carry out popular request and demands at all times, the prospects for the strict adherence at the outset to broad, liberal American principle by the Republican party of these islands is assured.

Hawaii's success in its new career will depend largely on the ability shown by its citizens to rise above personal bickerings, and join their forces in united and enthusiastic effort for the success of the Party in local elections. Having received a thoroughly American law at the hands of Congress, let the Republican voters, the men who believe in the Republican principle of free suffrage, demonstrate that they accept the privilege in the cordial spirit with which it has been offered.

Stay at homes and disgruntled ones will have themselves to thank if the delegates elected at the primaries are men in whom the people have no confidence or whose political loyalty they cannot trust.

HANDS OFF THESE ISLANDS.

Washington, May 6.—It can be stated on the highest State Department authority that if Germany attempts to acquire possession of the Danish West Indian Islands, the Administration will at once instruct Republican leaders to put through the pending Gardner bill, providing for the purchase of the islands by this Government.

This information carries with it the intimation that in case Congress adjourns before it becomes necessary to take such a step and that after adjournment it should become apparent that the United States must either take the islands or lose them, an extra session of Congress will be called to enact the necessary legislation. In any event, Germany will not be allowed to get the islands.

At the Orpheum.

"A Country Coon" continues to please the patrons of the Orpheum. The plot is sufficiently deep to be interesting and the specialties have been given places that do not interfere with or seem to stop the action of the piece.

Mr. Hogan, Baby Ruth, Livers and Miss Ringgold receive the most applause. Miss Bradley, Miss Carter and Mr. Logan as Trapsot come in for their share of appreciation.

Mr. Dunn is deserving of praise for writing such a clever book. A little closer study on the part of some of the performers would be a good suggestion, if made by the stage director—some of the English used can scarcely be from the pen of the author.

The Board of Education has received and is considering an application to establish a Boys' Brigade at the Kalihua school.

AMERICAN BASIC PRINCIPLES.

Editor Evening Bulletin:—Now that both of the great political parties are organizing for the first campaign in our Territory, would it not be a timely suggestion that some efficient means be devised to familiarize our native brethren with the fundamental principles of our government?

So few men have a conception of our Constitution, that there is little wonder they look with questioning upon the alleged benefits of American citizenship. The Declaration of Independence is a high sounding phrase from which they derive no meaning. I do not mean to insinuate ignorance in a derogatory sense—certainly for intelligence and quickness of perception they are superior to the majority of the immigrants to the United States. But they have had no opportunities to learn and few incentives to inquire.

Regardless of party affiliations, as Americans to the manor born, we are all interested in promulgating these bulwarks of liberty.

Why not, then, some tangible effort to give them information and instruction they so eagerly seek?

Before we can educate them up to the standards of party contentions, we must ground them in the doctrines to which all parties subscribe. Then with intelligence they will be able to form opinions as to ways and means, and matters of expediency, which are the points of divergence and the demarcation into party lines. This has been forcibly impressed upon me by practical experience.

For some time I have had a class of as well educated and bright young men, natives, as the islands can produce. Some of them well grounded in history, and none of them unfamiliar with the classics, to a greater or less extent. Fancy my utter surprise when I learned, upon taking up the study of the Constitution with them, that not one of them had ever read it, or the Declaration of Independence, and did not know where copies of either could be obtained. And these young men have education and intelligence far above the average.

What's the use of starting wrong? It is easy to play upon prejudice or enkindle emotions, yet these attributes of humanity are evanescent. "We" Republicans, and "those" Democrats, boast of the intelligence and wisdom of our respective parties. We call our campaigns those of education. Why not treat the Hawaiians kindly and considerately enough to place within their individual possession copies of these inspired documents.

What better souvenir or more appropriate offering to our flag on Admission Day celebration than to flood the city, aye the islands, with copies—a grand tract distribution—and let our people all know "who they are" and what they are and realize, as we boast at home and abroad, that an American citizen is a king. The expense would be slight, and at least a portion of the funds contributed for the celebration could be well expended this way.

I throw out these suggestions for what they are worth. If you deem them worthy of print you have my thankful assent.

C. C. BITTING.
Honolulu, May 17, 1900.

TO TEACH AGRICULTURE.

Mr. Higgins, the agricultural teacher of the Normal school, has made the Board of Education a proposal to become agricultural instructor for the schools and teachers of Honolulu. Mr. Higgins states that the time is now favorable to introduce more agricultural work into the schools. "There was already some work of this character done in our schools, but his plan was to make it systematic, and provide for instruction in this department to both teachers and pupils. He suggested that an instructor be appointed to visit the schools of the city for this purpose. To round out the plan he proposed to give up his work at the Normal school, and accept the proposed one, where he believed he could do better work, at a yearly salary of \$1800.

The matter was discussed at yesterday's meeting of the Board of Education. President Mott-Smith was of the opinion that the time had arrived for establishing such instruction and favored adding technical instruction as well; but Secretary Rodgers pointed out that the only appropriation which could be drawn on was that for manual training, which was heavily taxed already. The Board referred the matter to a committee for investigation and report.

Otis Starts for Home.

Manila, May 5.—The United States transport Meade sailed at 5 o'clock this afternoon for the United States with General Otis and two aides de camp on board. The war vessels in port fired a major general's salute as the steamer raised her anchor.

Since the beginning of the insurrection General Otis has kept at his desk from early morning until midnight. He has never been seen on the Luneta, like the other officers, and only two or three times has he been seen in society, and these occasions were semi-official receptions. The general leaves the army admirably organized, provisioned and clothed.

Heedless Driving Accident.

Mrs. Black, living in Kinau street, was severely injured on Wednesday evening by a hack running over her. She had just taken hold of the guard rod of a Beretania street car and placed a foot on the step, when the hack came dashing round the corner of Miller street and struck her. Mrs. Black was thrown down and had her face cut up with the street gravel besides getting a general battering. Chester Doyle, who was a passenger in the hack, assisted the injured lady into the vehicle and had her driven home.

Education Board Can
Get No Federal Funds

The Board of Education met in regu-
lar session yesterday afternoon. There
were present Minister Mott-Smith, Dr.
Maxwell, H. M. von Holt, C. L. Hop-
kins, Mrs. Hall, Mrs. Jordan, Prof.
Alexander, T. H. Gibson and Secretary
Rodgers.

The question of raising teachers
salaries was brought up and took most
of the afternoon; the question of spe-
cialists salaries and those of individ-
uals being gone into. Mr. von Holt
took a prominent part in the discussion
and asked some very pointed questions.

Mrs. Hall favored the establishment
of an agricultural branch for educa-
tional work in the Territory, such as
exist on the Mainland; and she raised
the question as to whether a portion
of the \$15,000 appropriated for an ex-
perimental agricultural station could not
be used for establishing the proposed
branch.

Dr. Maxwell made a full statement as
to inquiries already made of Secretary
Wilson touching the question raised
by Mrs. Hall. His opinion was that
Secretary Wilson's object was merely
to expand and make more useful the
present experimental station, but not to
add thereto; therefore, the \$15,000,
as Mr. Wilson understood the matter,
could not be used to establish a de-
partment for teaching agriculture. Others
had already applied for portions
of the fund mentioned, and he had al-
ready advised them that it would not
be available for establishing teaching
departments in the various schools, or
even in the Government schools.

Half a dozen applications were re-
ceived from teachers for positions,
transfers and leave of absence, which
were referred to the proper commit-
tees, with the exception of Miss Helen
Severance of Hilo, who was granted
permission to leave for the Coast two
weeks before the present term ends.

A letter was read expressing the
views of the teachers of North Kona
on vacations.

A letter from the principal of Ka-
lihi-waena school stated that the
school was overcrowded and pupils
were daily turned away. He, there-
fore, submitted plans for a new build-
ing. The matter was referred to the
committee on lands and buildings and
action on his application to open a
night school was deferred.

A petition from South Kona was re-
ceived through the Interior office ask-
ing that new roads be opened to the
school house; Mr. Rowell thought it
would be best to move the school
house. Referred to the school agent.

Mr. Mott-Smith announced that the
appropriation bills had been signed
and that unpaid contracts and bills
could now be paid and other important
expenditures made.

Considerable discussion on school
topics took place and before the meet-
ing closed President Mott-Smith spoke
of his pleasant relations with the Com-
missioners of Education and of his re-
tirement on the 15th of June under the
Territorial Act. He hoped the com-
missioners would carry on the good
work without faltering and asked that
they would keep in sight the policy of
the past to secure a general raise in
teachers salaries as soon as possible.

Vote of the Cable Bill
To Be Taken May 16

Washington, May 4.—Representative
Corliss of Michigan has introduced a
resolution setting May 15th for the
consideration by the House of the Pa-
cific cable bill, the vote to be taken
May 16th.

Corliss, who is an influential member
of the Committee on Interstate and
Foreign Commerce, has been an earnest
advocate of Government ownership of
the Pacific cable, and dissented from
the majority report of the committee,
which was in favor of granting a sub-
sidy of \$200,000 to the private corpora-
tion building and operating a subma-
rine telegraph line to Honolulu and
the Orient. It is thought the Commit-
tee on Rules will report a rule for the
consideration of the bill, but with the
understanding that the Pacific cable
bill already passed by the Senate will
be taken up. This bill provides for
the laying of a cable only to Honolulu
at a cost not to exceed \$3,000,000.

A Comprehensive Toast.
A short time ago the Italian colony
in New York gave a banquet to Mar-
coni, the famous inventor. The formal
toasts were given and answered with
customary eloquence. It was pointed
out that Marconi had made one of the
great inventions of the century, and
had won everlasting fame. Then surely
the only living person who would
refuse an offer of \$200,000 to write an
account of his experiences. The Al-
satian did not even respond in words to
this offer of a British publisher—he
merely shrugged his shoulders.

Y. M. C. A.
At a meeting of the Y. M. C. A. in
the Y. M. C. A. home last evening the
constitution was adopted and the fol-
lowing ladies elected directors of the
Association: Mrs. T. R. Walker, Mrs.
E. W. Jordan, Mrs. A. B. Wood, Miss
Hyde, Mrs. H. C. Brown, Mrs. T. May,
Mrs. H. E. Coleman, Mrs. W. F. Frear
and Mrs. F. J. Lowrey.

SEATTLE BEER.
The ever popular Italian beer is be-
coming a household word and "will
you have a glass of Seattle" is more
often heard than anything else. The
Criterion Saloon has the beer on tap or
in bottles.

Fish chowder for luncheon every
Sunday at Waikiki Inn. A two-room
cottage with private toilet and shower
to let.

New Coaling Station.

Washington, May 7.—A coaling station is to be established by this government in far off Liberia. The government of Liberia has consented to the establishment of the station at a site to be selected by the Navy Department, and plans of the work will be executed during the present year. With this station added to the plans of the Navy Department to establish depots at Pago Pago, Guam and Honolulu, an attempt will also be made to secure an increase in the appropriation for these purposes, carried by the Naval bill before the Senate. The appropriation in this measure provides \$700,000 for the establishment of coaling stations, and the Department hopes to have the sum increased to fully \$1,000,000.

SUPREME COURT DECISION

Republic Secures Convictions by Juries in Two Cases.

District Courts Have No Jurisdiction in Tresspass Involving Real Estate Title—Estate Late G. H. A. Jager.

A unanimous opinion of the Supreme Court, written by Justice Whiting and concurred in by Justice Frear and Circuit Judge Perry, has been rendered in William Brown vs. Koloa Sugar Co. It is an appeal from the district magistrate of Koloa, Kauai, on points of law. The magistrate had allowed the plea of defendant to jurisdiction, based on Sec. 1118, Civil Laws: "That the district courts of the Republic of Hawaii have no jurisdiction of real actions or actions in which the title to real estate shall come in question."

It is held by the Supreme Court that a title to an easement—a water right—is a title to real estate within the meaning of the statute. The appeal of plaintiff from the magistrate's ruling is dismissed, but no costs of appeal to be taxed to plaintiff. It is declared that all similar trespass actions which involve or may involve the question of title to real estate ought to be brought in the Circuit Court in the first instance. J. D. Willard for plaintiff; M. F. Prosser for defendant.

Judge Stanley has signed a decree appointing Jas. A. Thompson a commissioner to sell the school street property of the Cunha estate at public auction at an upset price of \$8000.

Anie Jaeger petitions for letters of administration on the estate of her late husband, Gustave H. A. Jaeger, her second son. The estate is valued at \$15,000 consisting of a \$10,000 policy in the New York Life, and one of \$5000 in the Mutual Life Insurance Co., two shares in the Pacific Club \$100 and real estate in Koolaula valued at \$500.

A verdict of guilty was rendered against the three Chinese charged with assault and battery in a Manoa water quarrel. Judge Davis sentenced Lung Chong, who struck the blow, to ten days at hard labor, and Lee Choy and Lee Song to pay \$50 fine each. An appeal was noted.

R. D. Condon, of the Merchants' Patrol was found guilty, two jurors dissenting, of assault and battery on Mr. Dhas. Judge Stanley sentenced Condon to pay \$25 fine and \$18.50 costs below for defendant.
