MONDAY, : : : JULY 30, 1888.

TO-DAY'S GAZETTE contains the full text of two more laws which have received His Majesty's approval, besides several important decisions of the Supreme Court.

The death of Hon. S. G. Wilder reduces the number of Nobles for the Island of Oahu to eight, being one less than the number to which the Island is constitutionally entitled. The law regulating new elections is at present left in a somewhat anomalous shape, but, as we understand it, the Cabinet is authorized to order a new election within ten days, and this ought to be done without delay. Although the present Legislature is composed of the whole of men both of character and abilities who are animated as a rule by the best political motives, it is still true that it contains an unusually large proportion of men almost or altogether devoid of legislative experience. This was a natural consequence of the Revolution, which brought new political forces to the polls, and therefore new blood into the House, and it is a consequence which we are in no wise disposed to deplore, but it has the undeniable disadvantage that it reduces the number of legislative workers—the men who know how to carry on the business of committees, and to draft laws—to a minimum. It seems to us, therefore, peculiarly important that Mr. Wilder's successor should be some man of experience in the House, and one who will be both able and willing to put his shoulder to the wheel. Mr. Wilder's place will be in any case one very difficult to fill.

The Bill relating to exemptions from taxation was killed in the House yesterday, by a bit of sharp practice. A motion to indefinitely postpone was lost, which showed that the friends of the bill, as it stood, were in a majority. If a motion to pass could have been voted upon then, probably the Act would have become a law. Mr. F. Brown moved an amendment which did away with the exemption in favor of firemen. Probably all the enemies of the bill voted in a body for this amendment. Their votes,

taken in connection with a good many cast by radical and injudicious friends of No Exemption, passed the amendment. The result was a bill odious to the majority. The enemies of the bill and a good many of its former friends now united and passed the motion to lay on the table. The result of the whole is: a bill killed, which the majority favored. One cannot but be struck with the cleverness with which this was done, although he may deplore the result.

The history of this vote illustrates the damaging consequences of too much zeal. If those radicals in the House, who do not wish even volunteer firemen to be exempted from the payment of personal taxes, had been content with an inch and had not tried to get an ell, they would not have lost everything. There is a good reason why the firemen should be exempted from the payment of personal taxes, which does not exist in the other classes under consideration. The firemen are public servants who perform an indispensable public service without pay. Consistently with the argument already advanced in these columns in regard to teachers, we ought to say, do not remit their taxes but vote them pay. And so we would, but present circumstances do not seem to admit of establishing a paid department just now, and so the next best thing is to relieve the firemen from a portion of their taxes. It is the least that can be done. The sum involved in all these exemptions is exceedingly trifling, and the question is really one of principle. There seems to be no objection on principle to an exemption in favor of firemen.

The result of the vote is to put the country back just where it was before, and that is under a law which exempts not merely teachers and ministers, but soldiers of the regular army. This is a pretty business for a reform legislature, perpetuating an exemption in favor of the most useless class in the community (the reference is to the soldiers). There is some color of reason in favor of the soldiers of European nations, for they are at least of some use, and have proved themselves, in various moments of stress and danger, the saviors of the nation. Our regular army never was and never will be anything but a public burden, a useless excrescence upon the body politic which ought to be cut off. If reference is had to their idleness and inutility, they are incomparably the best paid class in the Kingdom. It is well known that some of them are dissolute and lawless as well as idle and expensive. It is bad enough to have to expend on them and their gay paraphernalia a sum large enough to make all the public schools of the Kingdom free twice over, without being compelled to pay them the compliment of remitting their taxes. They are themselves the greatest of all possible taxes on the resources of the country, and it is only justice that they should be taxed in return. The proposition to do so does not spring, as some may suppose, from petty malice. It rests on the broad fact that any exemptions are bad in principle, and that this particular one is absolutely without any plausible excuse for being.

Practice.

In an island far away,
By the brim of rock-bound waters,
There's a Club of spirits gay,
Of bythe and gay "cavorters."
With a rifle in one hand,
And cartridges in 'other,
This brave and happy band
March off like man and brother.
To the range,
When, oh, strange!
How preconceived notions suffer change!
The bull's-eye in the mind's-eye on the target counts but four,
And the inners turn to outers, and the outers fail to score.
'Tis then, oh then,
My merry, merry men,
That a rousing stave or glee
Will cheer each troubled breast, with nervousness oppress,
And steady up the H. R. C.
THE ELEVENTH OF JUNE.
In a message soft and sweet,
A challenge was conveyed
To contest for a treat,
By Honokaa purveyed.
The happy band went o'er
With badge and ribbon flying;
Arrived there bruised and sore,
The horses nearly dying—
At their range;
When, oh, strange!
The Honokaa boys left them no small change.
And the mountain mist so feared, as the target-missed appeared,
And hunger gnawed the stomach, and fatigue the eyesight bleared.
'Twas then, oh then,
That those very serious men,
"With counterfeited glee"
Gave a round of rousing cheers
To their Honokaa peers.
ANOTHER H. R. C.
THE FOURTH OF JULY.
When Leo's monthly turn
Of influence is high,
And the patriot-squib doth burn
To Goddess Liberty—
The Festive Fourth her reign—
'Twas on that fateful day
That Honokaa again
The victory bore away
At our range,
When still strange
The relation 'twixt the parties underwent
But little change,
And naught remains to chronicle save
Mention of their score
Which just exceeded ours by the narrow margin of four.
On that day
Hip hurrah!
That our foes became our guests and to
rollicking gave way;
And when they next come over, till morning
may they stay
With hip hurrah and three times three,

REPORTS OF COMMITTEES.

Noble Baldwin read the report of the Finance Committee on the petition for a mail carrier between Kalawao and Pelekunu. After reciting all the facts and conclusions they have been able to reach, commending the bill on the matter be referred to the Minister of Interior.

The same Noble read the report of the Finance Committee on the bill relating to the Postal Savings Bank, recommending certain amendments, most of which are taken from the English Postal Savings Bill. Laid on the table to be considered with the bill.

The same Noble read a report of the Finance Committee relating to security of depositors in the Postal Savings Bank. Laid on the table to be considered with the bill.

Noble Robinson read a report of the Committee on Commerce on the bill, introduced by Noble Jaeger, 7th inst., to repeal an Act of 1886 to relieve certain articles of import from Customs duties. Committee think the Act sought to be repealed is valuable for the reasons stated, and evading its provisions, and recommend that the bill pass. Laid on the table to be considered with the bill.

NOTICES OF NEW BILLS.

Rep. F. Brown gave notice of a bill to amend section 1,038 of the Civil Code.

Noble Townsend gave notice of a bill to provide for the encouragement and growth of ramie in the Kingdom.

QUESTION TO MINISTER.

Noble Widemann moved the following: His Excellency the Minister of Finance in answer to my question relating to instructions to tax assessors, states: personally saw Mr. Damon of Bishop & Co. and Wm. G. Irwin of Claus Spreckels & Co. and agreed with them in accordance with the decision of the Cabinet, that they should return their actual cash on hand and not indefinitely postponed, and upon the much larger amount standing to the credit of depositors.

Resolved, therefore, that His Excellency the Minister of Finance make known to this Assembly all the terms and conditions of the agreement, come to between himself and Messrs. Damon of Bishop & Co. and Mr. Irwin of Claus Spreckels & Co. Adopted.

ORDER OF THE DAY.

Third reading of the bill relating to Internal Taxes, continued from Friday afternoon.

The President stated that the vote on indefinite postponement, passed Friday, but not declared on account of proceedings having been terminated by the adjournment of the House, would be called again. He had information that some of those who voted on it were disqualified under the rules.

Minister Thurston said the President must have experienced a change of faith since Friday. The indefinite postponement of this bill does not in any way affect the liability or exemption of firemen or volunteers who are exempt under present laws. He claimed that members being firemen or volunteers are entitled to vote. The President said the Minister of Interior was right, and withdrew his former ruling.

Noble Smith said the President was wrong and the Minister of Interior was not right. Members are interested in the result of the vote inasmuch as if the bill is not indefinitely postponed, and Rep. F. Brown's amendment should be adopted, those who are firemen and volunteers will not be exempt from personal taxes. (Rep. Brown's amendment was to strike out the clause exempting firemen and volunteer soldiers, leaving no exemptions from personal taxes except the King and foreign Diplomats.)

Noble Smith appealed from the ruling of the chair.

On the question being put, the ruling of the chair was sustained.

The motion to indefinitely postpone the bill was lost on the following division:
Ayes—Young, Jaeger, Smith, Waterhouse, Luhlau, Wight, Baldwin, G. N. Wilcox, Hustace, Naone, Kauli, Maguire, Helekunihi, Kawaiuni, A. S. Wilcox, Rice, Gay, Nakaleka—18.
Noes—Austin, Thurston, Ashford, Robinson, Notley, Wall, Hitchcock, Bailey, Richardson, Makee, Dole, C. Brown, F. Brown, Deacon, Kamai, Kinney, Kamauoaha, Daniels, Horner, Kapaehaole—20.
The Ayes and Noes were called on

Rep. Brown's amendment, when there appeared:

Ayes—Robinson, Jaeger, Smith, Notley, Wall, Bailey, Richardson, Widemann, Makee, Hustace, Naone, C. Brown, F. Brown, Kamai, Maguire, Kamaoaha, Daniels, A. S. Wilcox, Rice, Gay, Nakaleka, Kapaehaole—22.

Noes—Ashford, Young, Waterhouse, Luhlau, Wight, Hitchcock, Baldwin, G. N. Wilcox, Dole, Deacon, Helekunihi, Horner—12.

Rep. C. Brown moved reconsideration. Carried.

Minister Thurston moved indefinite postponement of Rep. F. Brown's amendment. It was disgraceful to tax firemen. Exemption from taxes is about the only financial recognition they get from government. He had personally witnessed an instance after the Central House fire, of what is a common event, namely, a fireman getting more clothing destroyed at one fire than his taxes three times would pay for. As to the volunteer soldiers if they are worth having at all, they are worthy of a recognition of their services, to the extent of \$5 a year.

A point of order was raised as to whether the merits of the question were debatable, the "previous question" having, as was supposed, been carried on Friday. Reference to the records disclosed the fact that no previous question had been moved.

Rep. Kinney said private messages were passing round advising members to "load" the bill by voting for the amendment, and then it would die easy.

Noble Smith said there are times when it is proper to fight the devil with his own weapons.

A second vote was then taken on Rep. Brown's amendment, with the following result:

Ayes—Young, Jaeger, Richardson, Naone, C. Brown, F. Brown, Kamai, Kamaoaha, Daniels, Kapaehaole—10.

Noes—Green, Austin, Ashford, Robinson, Smith, Waterhouse, Luhlau, Wight, Widemann, G. N. Wilcox, Hustace, Kauli, F. Brown, Maguire, Kamaoaha, Daniels, Helekunihi, Kawaiuni, A. S. Wilcox, Rice, Gay, Nakaleka, Paeahoale—23.

Noes—Austin, Thurston, Robinson, Young, Notley, Wall, Richardson, Makee, Dole, Naone, C. Brown, Deacon, Kamai, Kinney, Horner—15.

The bill was laid on the table.

ACTS SIGNED BY THE KING.

Minister Austin announced two Acts signed by the King:

To amend the Act relating to proceedings in bankruptcy.

To extend the time for the completion and extension of the Honolulu Street Railway.

Noon recess, 12 to 1:15.

Afternoon.

House re-assembled at 1:15.

PETITION.

Rep. Kinney presented a petition, with 52 signatures from Lahaina, praying, (1) that a bridge be built over the Kapaula stream, (2) that water pipes be laid through the town of Lahaina, (3) that the wharf at Lahaina be widened and lengthened, (4) that Government English schools be free, (5) that persons be compelled to attend school until 20 years of age, (6) that \$10,000 be appropriated to develop the Kapaiki passage, (7) that a good road be opened from Lahainalalo to Kaeale, (8) that two representatives be chosen for Lahaina, (9) that a pension be granted Mrs. Aholo. Referred to Committee on Miscellaneous Subjects.

ORDER OF THE DAY.

The Appropriation bill—Rep. C. Brown moved postponement to Friday next. Carried.

Account Books—Third reading of the bill to regulate the keeping of accounts by wholesale and retail licensees. Passed.

Boundaries—Third reading of the bill to re-establish the Boundaries Commission. Passed.

Water Rates—Third reading of the bill to amend Section 191 of the Civil Code, as amended by Chapter XXVI. of the laws of 1886, relating to water rights. Passed.

Exempt Steamers—Second reading of the bill to exempt steamship companies from carrying persons having contagious or infectious diseases, with the report of the Sanitary Committee, 23d inst., thereon.

The provisions of the bill were discussed by Minister Thurston, Reps. Kinney and Rice, Nobles Young and Smith, and referred back to the Sanitary Committee.

Adjourned at 3 o'clock to 10 o'clock Tuesday morning.

Foreign News Items.

From Calcutta it is announced that the Thibetans have resumed their advance with a strong force through the Jalop pass.

It is officially announced in Strasburg that after January 1, 1889, all private documents written in French, bearing no date, or dated subsequent to July 1, 1872, must be accompanied by an authorized German translation at the cost of the parties concerned.

A mass meeting of workmen in Montreal, Canada, condemned the landing in Canada of undesirable immigrants, and called upon the Government to put a stop to the practice by imposing a fine of \$1,000 for each offense upon any steamship bringing such people to Canada.

The Rome Reformer, commenting on the contract labor investigation of the United States Senate, says the Italian Government will be on its guard to see that neither America nor any other country shall take measures contrary to the rights conferred on Italy through diplomatic relations.

Empress Dowager Victoria of Germany is represented by a correspondent to be virtually a prisoner, although she is not under lock and key. She is so surrounded by officials and soldiers of the court as to not be free. This treatment is connected with the disappearance of state papers immediately after Emperor Frederick's death, particularly the political testament of Emperor Frederick which is stated certainly to have been sent to London. This document crosses Bismarck's plans and its publication might check his course. Strenuous attempts are making to recover all the lost documents, and, in the event of failure, it is said that a formal judicial process will be brought against the Dowager Empress to secure the return of the papers.

Children Not at School.

MR. EDITOR: I wish to call the attention of the Government to a law which, though broken daily both in the city and islands, receives no attention. Amongst the Portuguese are a great number of children who are never seen at school, although the law provides they shall go. This is occasioned through carelessness of their parents, who do not know the advantage of education, and also to a great extent by planters and others giving them work in the hours in which they should be under the care of a school teacher. Trusting some steps will shortly be taken to remedy this evil.

PORTUGUESE.

Government School at Ookala.

A correspondent signing "Kaala" sends the following report on the Ookala, Hawaii, Government school:

On receiving an invitation to be present at the examination at the Government English school here, I forthwith put in an appearance, together with several others, equally interested in the advancement of the young idea, and received sufficient proof of the great work that is being done by the present Government.

In years past a school has been wanted at Ookala, and, under the old regime, was repeatedly promised, but that was all; it remained for the present Government to redeem that promise, which it certainly has, in erecting a very neat substantial building which commands attention on coming into Ookala. It was finished in February of this year, and Mr. T. Lightfoot appointed as principal; and it really is remarkable to see how much has been done in so short a time.

At the examination, the children were put through their drill in reading, writing, arithmetic, calisthenics, etc., not to forget their singing which was very creditable, an organ having arrived lately. The children were very neat and clean in appearance; and it must be said great praise is due Mr. Lightfoot, in the way he has taken hold and the amount of work he has accomplished, when at the commencement of the school hardly a child could understand a word of English; and now all certainly understand what is said to them, and some speak English very well; and I certainly think it must be a source of gratification to all concerned in the welfare of these Islands to know that the labor of educating the rising generation is carried on here vigorously.

ROYAL BAKING POWDER
Absolutely Pure.

For quick raising, the Royal Baking Powder is superior to all other leavening agents. It is absolutely pure and wholesome and of the highest leavening power. It is always uniform in strength and quality and never fails to make light, sweet, most palatable and nutritious food. Bread, biscuits, muffins, cake, etc., raised with Royal Baking Powder may be eaten hot without distressing results to the most delicate digestive organs. It will keep in any climate without deterioration.

Prof. H. A. Mott, U. S. Government Chemist, after examining officially the principal baking powders of the country, reported:
"The Royal Baking Powder is absolutely pure, for I have found it in many tests made both for that company and the United States Government."
"Because of the facilities that company have for obtaining perfectly pure cream of tartar, and for other reasons dependent upon the proper proportions of the same, and the method of its preparation, the Royal Baking Powder is undoubtedly the purest and most reliable baking powder offered to the public."

LOCAL AND GENERAL.

A reward is offered for a lost satchel. Chief Justice Judd sits at Chambers this week.

Light showers the past two nights have mitigated somewhat the extreme dryness of the season.

Mr. Wm. Foster, Clerk of the Supreme Court, leaves with Mrs. Foster for the Coast to-day.

Water from the lower Nuuanu reservoir will be shut off Wednesday between 7 and 4 o'clock in the day.

With the surface broken up in reconstruction operations King street is appalling in its dust storms.

A derelict wagon previously mentioned has been standing in the ditch on Palama road for about a week.

Mr. Graenhalgh is opening a special consignment of choice books, to be sold at away below current prices.

Ladies will find whereof to interest them in the new announcement of the Popular Millinery House, N. S. Sachs proprietor.

A native's horse and brake, waiting at the steamer Mokolii yesterday, went over the wharf. The team was got out but the horse was dead.

Horace V. Hall, son of Mr. W. W. Hall, who graduated from Oahu College this year, goes to-day by the steamship Australia to continue his studies in America.

A writ of habeas corpus, directed to Capt. Houdlette and returnable at 9:30 this morning, was sworn out before Chief Justice Judd yesterday, for the production in Court of the bodies of Afung, Aho and Lung Yee, detained on board the S. S. Australia. Mr. V. V. Ashford is attorney for the petitioners.

In connection with repairs to Mr. Cunha's building, Merchant street, the sidewalk in front of that and the Gazette building is being lowered to the regulation grade. When completed a person can walk from Fort street to the Post Office without having to pause and reset his vertebral column two or three times.

Short time for much important matter caused several items of interest to go by the board last issue. One was the departure of Mr. W. I. Bishop for the Coast, causing disappointment to many who were going to see him in Kaumakapili church Saturday evening. Another was the postponement of a marriage in the same edifice from Sunday to last evening.

It is becoming, at the close of the Supreme Court term, to make a note of the unvarying courtesy shown the press by Mr. Reist, Second Deputy Clerk, during the whole session—not forgetting, either, acknowledgment of the same consideration at all times in the Clerk's office, from Mr. W. Foster, Clerk, and Mr. Henry Smith, First Deputy Clerk, as well as the first named above.

The Hawaiian Gazette.

This old reliable family journal seems to increase in interest from week to week. To-day's issue contains twelve pages and over forty columns of reading matter. Official publication is made of the Acts of the present session, "To Amend Sec. 22 of Chap. 50 of the Laws of 1876, relating to Stamp Duties," and "To Provide for Records to be kept by Officers Authorized to Take Acknowledgments." The "Table of Taxes Assessed and Collected in each District of the Hawaiian Kingdom, with the Commissions Paid, for the year 1887," is also published.

There is more than a page of decisions of the Supreme Court in banco, comprising six important cases. A summary is also given of the decision against the claim of the Minister of the Interior to a portion of the Kamehameha estate. The "Weekly Court Record" occupies over two columns. The legislative proceedings take up over eight columns, including a full report of the action of the Assembly in overcoming the King's veto of the Military bill.

Editorial discussion of current affairs takes up eight columns, a newsy San Francisco letter two columns, besides which much foreign news is summarized. The local columns are very full of city and island news and correspondence, including an obituary sketch of the late Hon. S. G. Wilder, reports of closings in leading schools, etc. The commercial and shipping columns are up to the usual complete standard, the former containing Williams, Dimond & Co.'s circular. The paper is now ready at the office and news stands.

The Banns Forbid.

There was another disappointed audience at Kaumakapili Church last evening, which had assembled to witness the marriage of "Mr. Hanaiki and Mrs. Maggie Hanaiki," as the invitations had it. A relative of the intended bride announced to the expectant company, in effect, that a motion of indefinite postponement had been sprung upon the agent to issue licenses, paralyzing the discretion of his flippant pen. It appears that the nuptial occurred just before this, but altogether owing to his superstitious nature—in short, he was like that character in the farce played the other night, liable to engage at sight with every pretty woman he met. He came down from Kauai to marry another lady, but, seeing the "sweet girl graduate" from Maui before the appointed day, quietly induced one of his relatives to marry his first love (corrected time—his third, actual time). This, however, has proved unavailing for his securing of the second intended of a week, for her friends discovered that she was being unduly influenced by a cunning matchmaker, consequently interfered to prevent a union wherein the great disparity of ages (50 and 16) was unpromising of a happy wedded career for the young lady. Perhaps the saddest of all in this "might have been" is the fact that a sumptuous luau was awaiting the conclusion of the ceremony—at least our reporter who was on hand with whetted teeth thinks so.

A German Decoration.

The late Hon. S. G. Wilder received from the late Emperor William the handsome decoration of "Commander of Order Crown of Germany," in recognition of his having negotiated on this side, while acting Minister of Foreign

Affairs, the treaty between Germany and Hawaii. This instrument is declared on high authority to be one of the best in our law books.

The Planters' Monthly.

The Planters' Monthly has been laid on our table and as usual is filled with interesting articles bearing on sugar, coffee, immigration, forestry, etc. It furnishes also a Directory of the officers employed on the sugar plantations, which must prove useful for reference here and abroad. The republication of the report of the President of the Board of Immigration will place before the planters the policy of the Government in relation to the introduction of laborers, which is to rely chiefly on Japanese until Portuguese can be brought here at a more reasonable price than has so far prevailed.

MARINE
Germicide Paint

THE MARINE GERMICIDE PAINT IS AN ANTI-FOULING compound for IRON, COPPER, or WOOD, an absolute protection against Barnacles, Coral, Sea Grass, Teredo, and all Marine Parasites, and an unrivaled preventive of rust on iron or steel.

The success of the Germicide Paint, in San Francisco, New York and the West Indies, has been phenomenal. The U. S. Navy Yard at Mare Island is using Germicide exclusively, after testing it, against the best paint. Of 460 tests in 1886, they find that Germicide came out nineteen to one better. It is stated that the Naval authorities at Washington are about adopting it altogether for the U. S. Navy. We have numerous testimonials to prove its efficiency.
