### AERONAUTIC!

No Balloon Ascension on Saturday—  
The Reason Why.

Free Exhibition to be Given!

Close on to five thousand persons  
assembled in Kapiolani Park and vi-  
cinity on Saturday to witness a bal-  
loon ascension by Prof. Emil Mel-  
ville. Soon after seven o'clock in  
the morning people started for the  
park, and towards noon the scene  
on the Waikiki road was a lively  
one. The trams were crowded to  
their utmost capacity, and the  
busses and hacks were also largely  
patronized. Hundreds of people  
were to be seen on the top of Punch-  
bowl while a good many took posi-  
tion on the slopes of Diamond Head.  
The spectators at the Park were  
composed of all classes and the ut-  
most good order prevailed, notwith-  
standing the disappointment.

Soon after two o'clock the Pro-  
fessor commenced to make arrange-  
ments for the ascent. The balloon  
was secured at the top by a rope ex-  
tending from two poles. A board  
fence, some fifteen feet high, had  
been erected to shelter the balloon  
from the wind, which blew rather  
strong during the afternoon. Prof.  
Melville has an apparatus of his  
own for inflating the balloon. The  
furnace was buried in the ground  
the balloon being supplied with the  
gas through a funnel. A few  
minutes before 4 o'clock when the  
inflation was going on as nicely as  
possible, a rent about a foot long  
was noticed near the top of the bal-  
loon with smoke issuing from it.  
When this became generally known  
there was a bitter disappointment  
among the crowd and a good many  
people at once left for home. Mel-  
ville at first decided not to attempt  
the ascension, but a little later on  
the rent was sewn up, and inflation  
again begun. The strong wind se-  
riously interfered with the work of  
inflation. A few minutes before 6  
o'clock the balloon caught on fire  
and for a few moments until it was  
put out there was the liveliest kind  
of a scene. Fortunately no acci-  
dent occurred. A general rush for  
home was now made by the crowd  
as it was quite certain there would  
be no ascension. The King and  
Queen, Princesses Liliuokalani and  
Poomakalani, Princes Kawannaka  
and Kalaniana'ole, attended by  
Mr. and Mrs. J. W. Robertson were  
in the Jockey Club stand during the  
afternoon. The Hawaiian band  
played several selections.

Of course the crowd was disap-  
pointed, and many expressions to  
that effect were heard. No one felt  
it more than Prof. Melville himself,  
and he is bound to keep faith with  
the public. Next Saturday he will  
give a free ascension from a central  
position, and it is to be hoped that  
the weather will be entirely favor-  
able. Prof. Melville has sent the  
following letter for publication:

TO THE PUBLIC OF HONOLULU:

By reason of several accidents  
caused by uncontrollable circum-  
stances, I was unable to make my  
balloon ascension Saturday. I am  
exceedingly sorry for this, as the  
first time I ever failed to make a  
successful ascension. The unusu-  
ally strong winds that were blowing  
(and which alone caused the fire and  
damage), rendered it the greatest  
difficulty to conduct the inflation.  
However, in order that the public  
may have an opportunity of wit-  
nessing one of my ascensions, I purpose  
giving an exhibition from some pro-  
minent point in the city, on next  
Saturday afternoon—free to the en-  
tire public, notice of which will be  
given in the daily papers. As the  
misfortune of Saturday was entirely  
caused by accidents, I do not hold  
myself in any way responsible or  
blamable, but so that the public  
may witness my exhibition, I will  
give the free ascension above-men-  
tioned.

EMIL L. MELVILLE,  
Aeronaut.

### A RUNAWAY.

On Saturday evening a horse at-  
tached to a light brake driven by  
C. H. Judd Jr., got beyond his con-  
trol as he was coming into town on  
Beretania street. When opposite  
the back gates of the hotel, the  
brake collided with a telephone post  
throwing Mr. Judd out. At the  
corner of Emma street, the brake  
collided with an electric light pole  
and was badly smashed. The horse got  
free and ran some distance before be-  
ing stopped. Mr. Judd managed to  
walk into the hotel. He was rather  
badly shaken up.

### THE JAPANESE IMMIGRANTS.

There was very interesting ser-  
vices at the Immigration Depot yes-  
terday afternoon. Mr. Taro Ando,  
Rev. M. Miyama, and Rev. Dr. C.  
M. Hyde made addresses. A select  
choir sang several gospel hymns.  
Mrs. Hyde leading with a portable  
organ. Mr. Miyama's address to  
the women was particularly affect-  
ing, and so also his appeal to the  
men to honor womanhood as the  
Bible has taught us. Temperance,  
also, was one of the important  
topics on which he spoke most earnestly  
and effectively. Some of the immi-  
grants have already pledged them-  
selves to abstain from intoxicating  
drinks. It is said that a Buddhist  
priest has come with these immi-  
grants in the interests of that old  
Asiatic system of belief and worship.

### MOANALUA UPLANDS.

The long vexed question of the  
title to the Moanalua uplands, held  
under a document, signed by Ho-  
pili, Kamehameha III. and Wm.  
Sommer in 1837, has been amicably  
settled, and Hon. S. M. Damon for  
a valuable consideration now holds  
the title in fee simple. Hon. J. I.  
Dowsett has a lease for nineteen  
years, commencing with the first  
day of the present month.

### DEATH OF MR. S. HARDCASTLE.

At four o'clock this morning Mr.  
Simon Hardcastle, a well known  
resident, died at the White House,  
Nuuanu avenue, after a brief ill-  
ness. The deceased was a native of  
Yorkshire, England, and when a  
young man visited Canada and Aus-  
tralia, working in the gold mines in  
the latter country. He came to  
these islands in 1863, being first em-  
ployed by Mr. Hughes at the Hono-  
lulu Iron Works as a machinist. He  
was engineer at Lahaina plantation  
for about three years, and was also  
with Mr. Afong in the same capac-  
ity for a number of years. He  
assisted in the erection of machin-  
ery at many of the plan-  
tations on Hawaii. He saved con-  
siderable money and for several  
years past did no work at all, occa-  
sionally taking a trip to the Coast  
and back. He was unmarried,  
about 65 years of age. The funeral  
takes place this afternoon at four  
o'clock from the White House.

### ASH WEDNESDAY AND LENT.

Next Wednesday, March 6th, is  
Ash Wednesday, the day on which  
the Roman Catholic Church opens  
the time of penance called Lent,  
with the solemn and impressive  
ceremony of the blessing and ad-  
ministration of ashes. These ashes  
are made of branches blessed on  
Palm Sunday of the previous year;  
and after being blessed by the  
priest, they are used by him to sign  
the people with a cross on their  
foreheads with this wholesome ad-  
monition, "Remember, man, for  
dust thou art, and into dust thou  
shalt return." (Gen. 3:19), which  
reminds them of their mortality, and  
prepares them for the holy fast of  
Lent.

Lent, so called in English per-  
haps because, at this season of the  
year, days lengthened but more  
properly called Quadragesima  
(space of 40 days), is a fast of  
forty days except Sundays, insti-  
tuted by the Church in a grateful  
commemoration of Christ's fasting  
forty days in the desert.

In these islands the faithful have  
to observe the 2d Commandment of  
the Church only on Fridays during  
the whole Lent and on Holy Sat-  
urday, too.

On Ash Wednesday begins the  
time appointed by the Church to  
comply with its 3d and 4th Com-  
mandments.

Visitor, while waiting for hostess:  
"And is your mamma still in mourn-  
ing for your poor papa, Flossie?"  
Flossie: "Yes, ma'am; she is when  
she goes out anywhere."

**Whale Boats.**

I answer to several enquiries concerning Whale Boat Frames, we have now in course of construction, 5 Whale Boat Frames 74 feet by 32 foot long. These frames are bent in one piece of oak, and held to shape, thus requiring little fact to set them up and build. The full frame for such boats, including canvas, 45 sections in number, is sold at \$28; with large stems on keel, and ready to plank \$40. They are not intended to be clinker built, nor as the frail imported whale boats proper, but are intended for rough use and durability, yet light weight, for fishing and trading purposes. We have exported these frames and intend doing so, and make this offer to amateurs and others desirous of trying their hand, with plenty of leisure and small cash to make a business. Will send frames to any given model from 5 to 35 tons. Also on hand for sale Surf and Pleasure Boats, Stems, Knees and Timbers. Mutual Telephone No 325.

**AN INTERESTING LETTER FROM A VETERAN.**

AS this is Jubilee year it tends to make one look back and think of the flight of time, and in this way I am reminded that I am one of the veterans in the sale of your valuable and successful medicine. I have sold it from the very first, and have sent it into every country in England and many parts of Scotland. Well do I remember the first circular you sent out some nine or ten years ago. You had come to England from America to introduce Mother Seigel's Curative Syrup, and I was struck by a paragraph in which you used these words:—"Being a stranger in a strange land, I do not wish the people to feel that I want to take the least advantage over them. I feel that I have a remedy that will cure disease, and I have so much confidence in it that I authorize my agents to refund the money if people should say that they have not benefited by its use." I felt at once that you would never say that unless the medicine had merit, and I applied for the agency, a step which I now look back upon with pride and satisfaction.

Ever since that time I have found it by far the best remedy for Indigestion and Dyspepsia I have met with, and I have sold thousands of bottles. It has never failed in any case where there were any of the following symptoms:—Nervous or sick headache, sourness of the stomach, rising of the food after eating, a sense of fullness and heaviness, dizziness, bad breath, slime and mucus on the gums and teeth, constipation, and yellowness of the eyes and skin, dull and sleepy sensations, ringing in the ears, heartburn, loss of appetite, and, in short, wherever there are signs that the systems is clogged, and the blood is out of order. Upon repeated inquiries, my customers have always answered, "I am better," or "I am perfectly well." What I have seldom or never seen before in the case of any medicine is that people tell each other of its virtues, and those who have been cured say to the suffering: "Go and get Mother Seigel's Curative Syrup, it will make you well." Out of the hundreds of cures I will name one or two that happen to come into my mind.

Two old gentlemen, whose names they would not like me to give you, had been martyrs to Indigestion and Dyspepsia for many years. They had tried all kinds of medicine without relief. One of them was so bad he could not bear a glass of ale. Both were advised to use the Syrup and both recovered, and were as hale and hearty as men in the prime of life.

A remarkable case is that of a house painter named Jeffries, who lived at Penhurst, in Kent. His business obliged him to expose himself a great deal to wind and weather, and he was seized with rheumatism, and his joints soon swelled up with dropsy, and were very stiff and painful. Nothing that the doctors could do seemed to reach the seat of the trouble. It so crippled him that he could do hardly any work, and for the whole of the winter of 1878 and '79, he had to give up and take to his bed. He had been afflicted in this sorry way for three years, and was getting worn out and discouraged. Besides, he had spent over £13 for what he called "doctor's stuff" without the least benefit. In the Spring he heard of what Mother Seigel's Curative Syrup had done for others and bought a 2s. 6d. bottle of me. In a few days he sent me word he was much better—before he had finished the bottle. He then sent me for a 4s. 6d. bottle, and as I was going that way I carried it down to him myself. On getting to his house what was my astonishment and surprise to find him out in the garden weeding an onion bed. I could hardly believe my own eyes, and said:—"You ought not to be out here, man, it may be the death of you, after being laid up all winter with rheumatism and dropsy."

His reply was:—"There is no danger. The weather is fine, and Mother Seigel's Curative Syrup has done for me in a few days what the doctors could not do in three years. I think I shall get well now."

He kept on with the Syrup, and in three weeks he was at work again, and has had no return of the trouble for now nearly ten years. Any medicine that can do this should be known all over the world.

Yours faithfully,  
(Signed) RUPERT GRAHAM,  
Of Graham & Son,  
Holloway House, Sunbury,  
Middlesex,

The above wonderful cure of Rheumatism was the result of the remarkable power of Mother Seigel's Curative Syrup to cleanse the blood of the poisonous humours that arise from Indigestion and Dyspepsia.

**Mother Seigel's OPERATING PILLS,**

FOR CONSTIPATION, SLUGGISH LIVER, ETC.

UNLIKE many kinds of cathartic medicines, do not make you feel worse before you feel better. Their operation is gentle, but thorough, and unattended with disagreeable effects, such as nausea, griping pains, &c.

Seigel's Operating Pills are the best family physic that has ever been discovered. They cleanse the bowels from all irritating substances, and leave them in a healthy condition.

The best remedy extant for the bane of our lives—constipation and sluggish liver.

These Pills prevent fevers and all kinds of sickness, by removing all poisonous matter from the bowels. They operate briskly, yet mildly without any pain.

If you take a severe cold, and are threatened with a fever, with pains in the head, back and limbs, one or two doses of Seigel's Operating Pills will break up the cold and prevent the fever.

A coated tongue, with a brackish taste, is caused by foul matter in the stomach. A few doses of Seigel's Operating Pills will cleanse the stomach, remove the bad taste, and restore the appetite, and with it bring good health.

Often times diseased, or partially decayed food, causes sickness, nausea and diarrhoea. If the bowels are cleansed from this impurity with a dose of Seigel's Operating Pills, these disagreeable effects will vanish, and good health will result.

Seigel's Operating Pills prevent ill-effects from excess in eating or drinking. A good dose at bedtime renders a person fit for business in the morning.

These Pills, being Sugar-coated, are pleasant to take. The disagreeable taste common to most pills is obviated.
