## Far Eastern Questions Are Taken Up By Conferees As China Offers Proposals

**Negotiations As To Armaments Slow Down But Britain Orders All Naval Ship Yard Work To Cease; Next General Session Will Be Monday.**

(ASSOCIATED PRESS)

WASHINGTON, Nov. 8.—Negotiations on Far Eastern questions are temporarily halted and await the Japanese reply to the proposals of China which were presented Wednesday. Britain's objections to the proposed submarine strength and Japan's claim to a greater naval strength than allotted in Hughes' proposals have slowed down progress in the negotiations for the reduction of naval armaments and indicate that they may be long drawn out.

The "Big Nine" or committee on Far Eastern questions have agreed that a general exchange of views shall precede discussions of specific points but Japan was not ready for discussions yesterday and so an adjournment was taken until Saturday. It is understood that Baron Kato wants to communicate with Tokyo.

Japanese delegates say that it is indispensable for Japan to maintain jurisdiction in South Manchuria but that they might discuss making Port Arthur a purely commercial port. Baron Kato said Japan would accept the proposals of China for a basis of negotiations.

Naval Program Marks Time

British antipathy to submarines looms up as the chief obstacle to a speedy agreement on naval questions. Proposals and views are so divergent that extended consideration of the subjects seems likely. Britain, apparently, does not expect the United States to abandon submarines entirely but does hope to make the limit of force of that type 45,000 instead of 90,000 tons as Hughes proposed. There is no indication that the United States is likely to accede to Balfour's view.

Dispatches from Paris last night to the Associated Press said that the French senate yesterday passed a resolution to increase that country's submarine strength sufficiently to defend its coast line and that naval experts in Paris approve Hughes' plan and believe 90,000 tons not excessive.

Baron Kato announced that Japan would ask modifications of the American naval proposals so as to permit her to retain a general tonnage slightly greater than 60 percent of that of the United States and Great Britain and said, further, that Japan would ask the right to maintain "a type of strictly defensive vessels" with a tonnage approximately equal to that of Great Britain and America. He said that Japan wants at least one ship of the most formidable type included in either the British or American navy and explained that he did not refer to submarines but did not specify the type that he did refer to.

Correspondents Halted

Japanese correspondents, of whom there is a small army here, planned to hold a mass meeting last night to draft "round robin," which was to declare that Japan should accept the American plan without reservations. Kato learned of the proposals and summoned the correspondents to his headquarters. No Americans were present at the meeting but second hand accounts said that Kato told the newspaper men that the government would in due season define its plans and course to the correspondents. He lucidly explained his attitude upon the proposals and the plan for the round robin halted.

Objections Are Appearing

Tuesday afternoon after Balfour had made a statement of the British acceptance in principle and Briand and Kato and Schaefer followed in kind for France, Japan and Italy, there came expressions of differing views.

Japan wants more than a 60 percent navy, as compared with the United States and Great Britain. France and Italy want immediate consideration, without waiting disposal of the programs of the Big Three. Great Britain wants replacements spread out over the ten-year period instead of waiting ten years before beginning replacements, and would restrict the size and tonnage of submarines.

The Japanese delegation announced tonight that Japan later will define the factors supporting her plea for a larger ratio and the amount of increase desired. It was indicated that special conditions affecting Japan will be emphasized, such as her insularity, proximity to foreign naval bases, and the probable increase in mobility of fleets. The increase of tonnage asked will probably affect all classes of war craft, including submarines.

French and Italian naval experts considering how British and Japanese acceptance in principle of the American proposals will affect them have concluded that the French and Italian navies should be increased, rather than decreased. Italian experts believe Italy would have a navy as large as France, or at least according to a ratio of eight to ten.

They point out that France and Italy, during the war devoted their energies almost entirely to strengthening their armies.

There is a large Italian party, however, which is urging complete agreement with France to lighten the burden of armaments for both. It is pointed out that their united fleets could control the Mediterranean and their armies meet any attack.

Naval questions relating to Italy

## Frank Baldwin Sure Labor Relief Will Ultimately Come

(ASSOCIATED PRESS)

HONOLULU, Nov. 17.—Frank F. Baldwin, president and manager of the Hawaiian Commercial & Sugar Company on Maui returns from the mainland expressing the belief that Hawaii's labor shortage will be relieved through congressional legislation. He and Mrs. Baldwin were homecoming passengers on the Manoa, reaching here today.

Mr. Baldwin said the needed legislation would pass "by and by." That he said, was the opinion of people in New York and Washington expressed time and again in discussing the subject. Time and again in discussing the project in the East with businessmen they said that you people in Hawaii have accomplished the impossible and made everybody in the United States see the logic of your situation. I am convinced we are going to get what we want after a while.

As to the future of the sugar industry, Mr. Baldwin says it will depend largely on the outcome of the conference now in progress in Washington. If the conference is successful sugar as well as all other industries will receive but if unsuccessful no one can forecast what will happen.

## Bandit Roy Gardner Taken In Attempting To Rob Mail Clerk

(ASSOCIATED PRESS)

PHOENIX, Ariz., Nov. 18.—When informed that an assault charge had been lodged against him, Roy Gardner replied, "Fair enough." Later he denied that he had actually assaulted officials.

It is believed here that Gardner was responsible for the mail robbery that occurred at Maricopa, south of here and junction of the Southern Pacific railroad, on November 3.

PHOENIX, Nov. 17.—(Associated Press)—Roy Gardner, under constant special guard, will not be held here for trial in connection with his recent attempted robbery but will be sent to Leavenworth Prison to complete the term given him at McNeill's Island according to an announcement by the United States attorney here.

Herman Inderlied the mail clerk who captured Gardner said in a statement to the police that when ordered to lie down by the bandit he grabbed his gun and in the ensuing struggle Gardner attempted to club him over the head before finally being overcome. The first two cartridges in the revolver were loaded with small shot which Gardner explained was done in order that he might drop any opponent without killing him. He said he did not fire as the clerk was so close the small shot would have killed which he explained his recent escape from McNeill's Island said he was wounded in the legs when shot at in scaling the wall and was so weak from loss of blood that he hid in the prison barn for three days emerging only at night to milk cows for food and later hid for two days in the brush before making his escape by swimming two miles to the mainland. There he disguised himself by changing his hair to a blonde and found employment on motor cars and such. He said he visited his wife in Napa then went to Mexico and Lower California, but failing to find employment, returned to the states and came to Phoenix where he planned the recent attempted robbery.

PHOENIX, Ariz., Nov. 16.—(Associated Press)—A lone bandit captured last night following an attempt to rob a mail car has been identified by fingerprints to be Roy Gardner, notorious bandit who escaped from McNeill's Island, September 5 and for which a nationwide search was made. It is alleged by the police that the man later admitted his identity as Gardner. His last escape was his third successful attempt to elude his guards. In it, his partner convict was fatally wounded while scaling the walls of the prison and Gardner claimed to have been shot.

BERLIN IS PLEASED

(ASSOCIATED PRESS)

BERLIN, Nov. 18.—The Foreign office heartily approves of the appointment of Drexel to be charge d'affaires for the United States here. Baron von Hermann is en route to Washington to prepare the embassy there for occupancy but the foreign office says he will not become charge d'affaires being too new to the diplomatic service.

REDUCTIONS OPPOSED

(ASSOCIATED PRESS)

CHICAGO, Nov. 18.—Representatives of coastwise shipping lines appeared at the Interstate Commerce Commission hearing here yesterday to oppose the proposals for reduction of transcontinental railroad freight rates. Their argument was that such reduction would destroy the American merchant marine.

## Baldwin Heads New Organization

**Field Men of Pineapple Plantations Hear An Interesting Paper On Wilt, Its Cause And Cure.**

(ASSOCIATED PRESS)

HONOLULU, Nov. 18.—With the election of W. A. Baldwin of Maui as president, the organization of field managers and foreman of pineapple plantations was perfected yesterday.

Albert Horner, president of the Pineapple Packers Association, announced that the University will give a special intensive course in pineapple culture, probably in March, at the opening of the conference.

Horner said the chief obstacle which the industry must overcome is the labor shortage and added: "This, I believe, will be remedied shortly by action of congress. He said the aim should be to produce a better and cheaper product to meet the competition of mainland canned fruits."

One of the most interesting papers that will be presented was read by Albert Horner Jr., of Kaula. He said there are two diseases indiscriminately known as pineapple wilt. One destroys the root system causing a rapid collapse and the second causes a narrowing of leaves and the growth of the plant stops. It takes on an undernourished appearance. The wilt is caused by the same organism which causes Labina disease in sugar cane, according to H. L. Lyon and C. W. Carpenter and occurs mainly in previously infected fields. Horner discussed at some length chemical cures for the wilt.

## GOOD-BYE BEER

(ASSOCIATED PRESS)

WASHINGTON, Nov. 18.—The Senate this morning adopted the conference report on the Anti-Beer Bill, barring use of beer and malt for medicinal purposes. The vote was 55 to 22. The measure now goes to the President.

The effect of the bill will be to override the ruling of Palmer when he was attorney general that the Volstead Act did not prohibit beer, liquor and light wines as medicines.

## Further Disorders In India Reported

LONDON, Nov. 16.—(Associated Press)—Reports of disturbances and disorders in India continue to be received. Official advices from the deputy commissioner at Calcutta confirm previous reports of disorder there and say that 19 policemen and several rioters were injured in disorders which grew out of the tramway strike there, the mob being led by strikers. From Delhi has come an Associated Press dispatch saying that 700 moolah rebels were killed while attacking Pandikab. One British officer and three men were killed.

DETROIT, Nov. 16.—(Associated Press)—British control in India must be continued "If anarchy is to be averted" announced Bishop H. L. Smith of India today. The Bishop added that "There is no foundation to the rumors of impending revolution in India."

BOMBAY, Nov. 17.—(Associated Press)—Coinciding with the procession escorting the Prince of Wales through the city, serious disturbances marked by a number of casualties occurred in the native quarter. No demonstrations were made however, in the vicinity of the procession.

## Gary Has No Fear Steel Production Be Affected

(ASSOCIATED PRESS)

NEW YORK, Nov. 18.—E. S. Gary today in addressing the Iron and Steel Institute of which he is president urged treaties to prevent further wars.

As to the suggestion that success of the conference for the limitation of naval armaments would reduce the manufacture of steel, Gary belittled the idea and said he thought the suggestion was unworthy of even passing notice.

MRS. HANNA DIES

(ASSOCIATED PRESS)

WASHINGTON, Nov. 18.—Mrs. Mark Hanna, widow of late Senator Hanna of Ohio died here yesterday.

ENGELS COPPER ACTIVE

(ASSOCIATED PRESS)

HONOLULU, Nov. 18.—Engels Copper shares were the active feature of the stock market. Between boards there were a number of sales including one block of a thousand shares at \$1. At the session this morning it dropped back to 95 cents.

## Incorporation Plans Will Be Completed About January First

Plans for the incorporation of Raymond Ranch have not been dropped but are going steadily forward and necessary preliminaries are being taken care of. That plans are going forward is indicated by the recent changes, Angus McPhee going up to Ulupalakua as manager and R. B. Rietow as store keeper and postmaster. Since McPhee took the management there have been a number of changes made and economies started at Ulupalakua.

Dr. J. H. Raymond told further of the plans when in Wailuku, Tuesday afternoon. It has been decided to capitalize the corporation at a lower figure than was at first contemplated. Then it was said the capital would be \$800,000 but it has been decided to make it \$675,000 or \$700,000. This will permit of payment of proportionately larger dividends than would the larger figure. Dr. Raymond expects the books for subscriptions will be opened about or soon after the first of the year. In advance of such opening there are applications for about a third of all the stock that will be offered to the public.

Pending incorporation there is going on a consolidation of the bonded indebtedness on the ranch into a single bond issue. It is 21 years since the ranch was started and became a going and a growing concern. Such growth and expansion required additional capital which in the ordinary course of business was borrowed and it is such loans that are being consolidated. Later they will be paid off from the proceeds of the sale of stock in the new corporation or in stock for the indebtedness is small in proportion to the value of the great estate up on the mountain and in proportion to the earnings of the enterprise.

## House Overrides the Wishes of President

WASHINGTON, Nov. 18.—President Harding's expressed views on the subject of the surtax rate in the Tax Revision Bill were disregarded yesterday afternoon when the house, by a vote of 201 to 173 accepted the rate provided in the senate bill, 50 percent on incomes of \$200,000 and upward. Ninety four republicans, mostly middle westerners joined the solid democratic minority in voting the 50 percent.

Harding had told the conferees that he believed 32 percent was more just than 50 but proposed that the two houses compromise on 40 percent.

WASHINGTON, Nov. 17.—President Harding has intervened in an effort to expedite the work of the conference committees on the Taxation Bill. He summoned the conferees to the White House and told them that a maximum surtax of 40 percent would be agreeable to the administration. The house has favored 32 percent and the senate 50.

## No Interference From Outside Is Desired

PEKING, Nov. 18.—President Hsu Shin Chang and Premier Chin Yun Peng have both given interviews to Lord Northcliff in which they express the desire of China to manage its own affairs without the interference of other nations. Both emphasized the fact that China needs money but said China is solving its problems and will be able to pay its way if given an opportunity.

The premier said that China expected the Washington conference to give her autonomy in the levying of tariffs.

JURY FOR ARBUCKLE

(ASSOCIATED PRESS)

SAN FRANCISCO, Nov. 18.—With a jury secured to try Roscoe Arbuckle for the death of Virginia Rappe, the prosecution opened its case this morning. The court room was crowded to capacity and the audience listened breathlessly to his opening address.

MINES TIED UP

(ASSOCIATED PRESS)

DENVER, Nov. 18.—The Colorado Fuel and Iron Company announces that all of its mines in Freemont County have been tied up by a sympathetic strike following a 30 percent wage reduction in Luerfano and Las Animas districts.

FORMER LEPERS PAROLED

(ASSOCIATED PRESS)

HONOLULU, Nov. 17.—Six more were paroled from the leperasorium at Kalahehi by the board of health at a meeting today and another inmate who has been there some time was found not to be a leper. The meeting of the board broke all records for brevity lasting only 3 minutes and 20 seconds.

## County Pays High For Few Pelts in Mongoose Contest

**Prizes and Bounties Bring Cost Up To a Dollars and a Half In Some Instances; Little Interest Shown.**

Mongoose hides have cost the county from \$1 to \$1.50 each. The more one brings in, however, the smaller the compensation. The prize competition for killing mongooses has not been a tremendous success and has been productive of no great slaughter of the "varmints."

Prizes for those who killed the largest number of mongooses were awarded by the board of supervisors at the last meeting. Some time since, following suggestions from Honolulu appropriations for prizes to be distributed quarterly were made by the board as was done by the supervisors of other counties.

Twenty-one mongoose hides won the first prize of \$25. The winner also receive the bounty fee of 15 cents a hide or \$28.15 for the killing of 21 mongooses. Bruce Fleming was first prize winner. Second prize of \$20 went to Antonio Cabral and third prize to Joseph Oliveira.

Oliveira gets the largest return per hide. His prize was \$15 but he brought in only 11 hides. He receives, including bounty \$16.65 a trifle more than \$1.50 for each pelt. Fears were expressed when the proposal was first advanced that there would be such an extermination that the fields would suffer but such fears of some of the plantation officials appears to have been causeless.

## Ulster Opposed To A Unified Ireland And Crisis at Hand

LONDON, Nov. 18.—Ulster's reply to the latest government communication regarding Ireland has been delivered to Downing Street. It says that Ulster stands firm and will not submit to anything which she considers a violation of her rights.

Ulster representatives complain that the government has failed to keep its negotiations secret and threaten to publish the whole correspondence. They say relative to a dominion parliament that Ulster will recognize only one parliament as superior to its own and that is the British parliament.

The Unionist party in convention at Liverpool has overwhelmingly endorsed the continuation of Irish negotiations confirming the Commons recent mandate.

However, with Ulster refusing to negotiate on a basis of a unified Ireland and with the Sinn Fein refusing to negotiate on any other basis, there is a general belief that the only course for the government to pursue is to appeal to the country.

## Heavy Damages For False Arrest in Honolulu Asked

(ASSOCIATED PRESS)

SAN FRANCISCO, Nov. 18.—H. L. Wood, a Modesto fruit grower, has brought an action against the Associated Fruit Company and L. M. Tracy claiming \$77,000 for false arrest. Wood was arrested in Honolulu on December 31, 1920, on a California indictment which charged him with making a fictitious check for \$9716. On trial the court directed his acquittal from the charges.

WOMAN ONLY APPLICANT

(ASSOCIATED PRESS)

HONOLULU, Nov. 17.—Miss Marguerite Ashford, daughter of the late Judge Clarence W. Ashford is the only attorney who has filed an application for appointment as fourth judge of the local federal court. Charles J. McCarthy, representative of the Chamber of Commerce in Washington reports this by letter after having investigated at the office of the United States Attorney General.

JONES TELLS PLANS

(ASSOCIATED PRESS)

HONOLULU, Nov. 17.—Col. J. W. Jones announces that he will take office as collector of internal revenue, succeeding Col. Howard Hathaway, between the 15th and 30th of next month. He has been advised that a special representative is en route from Washington to assist in the transfer of the office.

# SPORTS

## Championship of Gridiron Hinges On Sunday Game

Committee Decides That Two Out of Three Shall Settle Supremacy; Marines Invited Over For Two Games.

Football championship of Maui will be decided Sunday afternoon at 3:30 when Wailuku meets Paia on the local gridiron. At a meeting of the football committee Tuesday evening it was decided that the supremacy of the gridiron shall be decided by the best two out of three games. Each team has been returning victor in one contest, Paia winning the first game 14-0, and Wailuku nosing out the Maroons in the second fray 3-0.

**Lineups Little Changed**  
The coming contest will be as tough a battle of wits and muscle as has ever been seen in any line of sport on Maui, according to reports from both the "Blue" and "Maroon" stampering grounds and the lineups will remain practically the same as two weeks ago when fans from all of Maui witnessed the spectacular defeat of Paia by a single goal from the field. Both elevens have been training to their utmost in the past week for the coming contest and rumors say that Paia will have an edge on the "Blues" by reason of their rest on last Sunday. On the other hand the Wailuku rooters contend that her victory over Punene was splendid practice, is conclusive evidence of the improvement of the local squad and are confident of a victory although looking forward to a hard fought game.

**Marines May Appear**  
Another matter of vital importance to Maui's football fans taken up by the football committee was the proposed bringing here of the Marines aggregation from Pearl Harbor. Word had already been received that they wished to play here on Thanksgiving Day, as they expected to be going to Hilo at that time to meet a team from Hawaii. The committee decided to ask them to come, should they be willing to play two games here meeting Paia in one game and Wailuku in the other. Should they accept the offer, the Maui team winning the championship Sunday afternoon will have the choice of first or second appearance against them here. The first game will be played on Thanksgiving Day, November 24, and the second on either Saturday the 26th or Sunday the 27th.

Should the Marines come to Maui, the following program is announced: Sunday, November 20, 3:30—Wailuku vs. Paia.

## Lahaina Fans Will Have Football Game

Lahaina is to see the Wailuku and Paia football elevens in action shortly after Thanksgiving Day according to word received Wednesday morning from G. M. Phelps, secretary of the Lahaina Athletic Association in answer to an inquiry made by the "Blues" squad as to West Maui's desires.

Mr. Phelps assures the football committee that all in his club's power will be done to insure the success of the proposed meeting of the two contenders for the Maui championship, and requests that a copy of the football rules be sent him and says that work of placing the Lahaina grounds in shape for such frays will be started immediately.

It is proposed that a game be played there seeing the "Blues" and "Maroons" in action on December 11.

Judging by the number of Lahaina people who have come to Wailuku to see the weekly contests here it could no doubt be made a success in attendance and would go far in furthering the interest in this sport.

ku vs. Paia (for Island Championship).

Thanksgiving Day.—Champions of Maui vs. U. S. Marines (Pearl Harbor) Saturday or Sunday, November 26 or 27.—Losing team of next Sunday vs. U. S. Marines.

Sunday, December 4.—Paia vs. Punene at Wailuku.

Sunday, December 11.—Wailuku vs. Paia at Lahaina.

Sunday, December 18.—Paia vs. Wailuku at Paia.

If the Marines do not come the schedule moves ahead one week; and there will be no game Thanksgiving Day.

November 27, Paia vs. Punene at Wailuku.  
December 4—Wailuku vs. Paia at Lahaina.  
December 11—Wailuku vs. Paia at Paia.

A wireless message received here Wednesday night from the Marine barracks at Pearl Harbor says that they have accepted Maui's invitation and will play here on Thanksgiving Day and Sunday, November 27. With this assurance the first tentative schedule published above is correct.

The "Micks," McKinley High eleven of Honolulu, holding the interscholastic championship of that city are contemplating a tour of Hawaii, says the Advertiser, and hope to be able to stop on Maui to meet the local teams. It should be remembered that this is the eleven that whitewashed Punahou recently and should they come here, Maui fans should receive a treat in football.

## Tennis

During the past few days only one match was played in the All-Maui mixed doubles championship tournament. Deibert-Hassell defeated Y. Ting-Kunewa, 6-4, 3-6, 6-2. On Saturday afternoon on the Puunene courts Phelps-Todd (Lahaina) will play against Hansen-Maybelle Taylor at 3:30 p. m., Gannon-Balch (Lahaina) will play against Lindsay-Grady, and Mr. and Mrs. Cooley (Lahaina) will play Wm. Baldwin-Mrs. W. A. Baldwin.

### Settlement Club

One match was played off in the men's handicap singles during the past few days. Atau Yee defeated Sammie Yee, 6-3, 6-4.

This afternoon at 4:00 p. m., on the Settlement courts, D. C. Lindsay will play against Caleb Burns. The winner of this match will play against Eddie Tam for a place in the finals, while on the other half Harold Chang and Atau Yee will fight it out for a place in the finals.

## Silva and Bill Bal

### Season's Stars In Baseball Affairs

For individual honors in the baseball season of 1921 according to the figures compiled by Scorer Xavier, in stickwork Joe Silva of Punene is easily the best safe hit gatherer in the circuit with an average of .550. Following him comes Masaichi, also from H. C. & S'ville with figures of .404. All told there are but seven players hitting over the .300 mark in the four teams.

Bill Bal will receive the trophy for the player garnering the most home runs, getting four with Chris Cockett and McClusky of Paia tied for second at 3.

Joe Silva is also lead in the column in stolen bases having pilfered 24 of the same in 14 games played.

The following tables are not complete but give those whose percentages are average or better.

Batting Averages	AB.	Hits	Pct.
Joe Silva, Puu.	69	33	.550
Masaichi, Puu	47	19	.404
Haake, Puu	53	19	.358
Robinson, Paia	56	19	.339
Hoke, Lah.	43	14	.323
L. Cockett, Wac.	32	10	.312
Tsuda, Lah.	32	10	.312
T. Cockett, Wac	41	12	.292
Maxwell, Lah.	48	14	.292
Chartrand, Paia	52	15	.288
Wm. Cockett, Wac	53	14	.264
L. M. McCluskey, Paia	55	14	.254

Home Runs	AB.	Hits	Pct.
Bill Bal, Puu	4	4	.400
C. Cockett, Paia	3	3	.300
L. M. McCluskey, Paia	3	3	.300

Stolen Bases	G.	S. B.
Joe Silva, Puu	14	24
Wm. Cockett, Wac	14	18
Curtis, Wac	11	13

## Increasing of Game In County Planned By Maui Gun Club

Plans for the further stocking of Maui with game birds, for the maintenance on Oahu of a game propagation preserve from which stocks for all of the counties can be drawn and other subjects connected with game and fish were discussed at a special meeting of the gun club called to consider those subjects with H. L. Kelly, executive of territorial fish and game commission. Mr. Kelly brought out many points of interest.

Speaking of the work done on Oahu by the game commission he said the territory has given the commission 353 acres in a most favorable section of that island for experimental work. On this land pens are already built and more are in construction to house the several varieties of game birds the commission intends to study with the object of finding those best suited and adaptable to the conditions in the territory.

A better site for this experimental farm could hardly be found, says Kelly for of the 353 acres probably 40 or 50 will prove excellent for raising corn and other grains necessary for food for the birds. Two good sized ponds are situated on the lands, and it is in easy reach of the ocean where small fish may be caught and used for feed, lessening the cost of operation.

### Maui's Needs Decided

In forming a consensus of opinion of the Maui Gun Club it was unanimously decided that the first attempts on this island will be confined to quail, with the provision that later, Ring Neck and Mongolian Pheasants be introduced and if possible to get them here, partridge. Mr. Kelly was authorized to purchase 20 dozen Gambel quail and 20 dozen Mountain quail at the outset.

Speaking of the cost of operation and maintenance of the Oahu farm, Mr. Kelly suggested an equal appropriation be made by the counties, \$300. Oahu has already voted that amount and should the other islands do so, the work would go speedily ahead and each year each county would receive an equal share in the distribution of birds. The club will ask \$300 from the game license funds of the board of supervisors for the purpose mentioned.

### Valley Quail From Molokai

Attempts to trap several dozen valley quail will be made on Molokai in line with plans decided upon Tuesday night, if this procedure be found legal. E. R. Bevins raised the point that Molokai being a part of Maui County it could be done and suggested several good ways that it might be brought about.

Plans for stocking the streams and pools with trout, bass and other fish were spoken of though nothing definite could be done as it will be some

## Basketball

Basketball will soon take its proper place in Maui sports again for a meeting has been called for next Monday evening to organize a league and arrange the preliminaries for the season's tournament. Notices of the meeting were sent to Maui High School, Alumni Alerts, Haiku Athletic Club, Kahului, Pupu Club, National Guard Company at Lahaina, Lahaina Athletic Club, the Boy Scouts, Punene, Lahainaluna and the Wacs. From such an array there should grow a strong league and the game should flourish as it never has before.

The notice asked that each team intending to enter send a representative to the meeting prepared to announce his club's colors, vote for league officers and with ample power to act on all subjects likely to come before the meeting.

## Hospitality Sought For Visiting Marines

Under the terms of the agreement which will bring the Marines eleven to Maui for Thanksgiving Day holidays and two games of football, the teams will share the receipts equally and Maui agrees to shelter and feed the visitors of whom there will be 18. A part of such hospitality has already been provided but accommodations must still be arranged for the rest.

The management announces that offers of room or meals or both for one or more of the visiting players from individuals willing to take them into their homes from Wednesday evening until Monday will be gratefully accepted and those who are willing to do this are asked to notify Leland C. Lewis at Maui Sporting Goods Store.

Little time before the fry arrive here. Mr. Kelly gave several narratives of incidents and happenings in his recent trip to the mainland, furnishing several laughs to his audience.

### HOME RUN NO. 1

Boss—"The addresses you wrote on these envelopes are to dim and indistinct! If I can hardly read them even in this north light, how about the hard working postal clerks?"  
Stenographer—"Oh, that's what they are paid for."

Boss—"Put a new ribbon on the typewriter and do them right—That's what you are paid for."

Wailuku Field

## ANNOUNCEMENT EXTRAORDINARY

The Pearl Harbor Marines Team will play in Wailuku, Thanksgiving Day, November 24, and Sunday, November 27.

## With Maui's Girl Scouts

### Paia

Thursday, November 10th, the regular meeting of the Bougainvillea Troop was held at the school house. Sixteen scouts present. Time was spent on drilling, signalling, and the new scouts worked on their tenderfoot tests with the assistance of their patrol leader.

Tuesday, November 15th, a joint meeting of the Bougainvillea and Bird of Paradise troops was held. Twenty-three scout in all. You should see these girls drill. They are getting ready for their demonstration at the Woman's Club December 5th.

Captain Rosecrans should be congratulated on the splendid interest and enthusiasm shown by her scouts.

### Makawao versus Spreckelsville

At 3 o'clock Wednesday the Sweet Pea troop met the Carnation troop on the Spreckelsville grounds for the purpose of finishing the baseball game which had been postponed on account of rain. 5

Shoes and stockings were quickly removed and Captain Dorothy Cup Choy of Makawao and Captain Kanayo Fujimura of Spreckelsville declared themselves ready for the fray.

For the first three innings it looked like a walk-away for the "Mountainers," but the little girls picked up and scored consistently every inning until the end, but they didn't start soon enough and the game ended with the score of 29-16 in Makawao's favor.

Miss Steuwe and Miss Seibert acted as umpire and referee. Mrs. Smith very generously furnished the transportation for the Makawao scouts.

### Keahua

These scouts have sent in their troop song. We are sure you will be interested in it. Send yours in soon.

"Prepare to do gaily

A good turn daily,

Yo-ho for the Girl Scouts,

The Violet Troop

Is coming with a whoop,

Yo-ho! Yo-ho! Girl Scouts."

Mrs. Char is the new captain of this troop. At their meeting on Monday a hike was planned for the following week. We will tell you about it next week, girls.

### Kula

The reporter of the Calla Lily troop sent her report in the form of a letter to the director. We will publish it just as it was sent:

Waikoa, Kula,

Nov. 9, 1921.

Dear Miss Seibert:

I know you will be glad to get this letter after not hearing from us for a long time. We have been a little upset, when our captain moved away to another school. We were so afraid that she was going to leave us but entirely our hearts were so sad when we saw her go. We all went up to the house and helped her pack. But today we were all made happy when we saw her coming. We sang "How do you do" to her from the schoolhouse veranda. It was raining, so we had no games or drilling. A business meeting was held and new patrol leaders were elected. It was a very fine meeting.

I am afraid I will not be able to do something to earn our uniforms this year with our captain so busy with her new work but she promises to give us more of her time after Christmas and then.....

We are learning some carols and expect to go caroling on Christmas night. Oh, I can hardly wait until that night. Waiting patiently for your next visit, I remain

Your little scout on the mountain side,

LAURA DE PONTE,  
Calla Lily Troop.

Here is an account of the Spreckelsville troop's visit to Lahaina:

"On November 11th on Friday, Armistice Day, all the girls of Carnation troop and the Boy Scouts of Spreckelsville went on a truck which Mr. C. C. Campbell let us have, and we thank him ever so much. We started to Lahaina about 8 o'clock in the morning and reached there about

11 o'clock. On the way we saw the beautiful islands floating on the ocean.

"All of us went out swimming for a while and all enjoyed the swim. The Girl Scouts of Lahaina were so kind to us that we will never forget their kindness. The Boy Scouts of Lahaina gave us a truck full of coconuts. We were so sorry to leave them and we will some time repay them.

"The Lahaina girls all invited us to a picnic. They gave us sandwiches, punch, potato salad and some cookies and oh, it tasted very delicious. After we ate all our lunches we all had about ten minutes meeting and songs sung by the Lahaina Girl Scouts. Then we all went to see the ball game played between Lahaina and Spreckelsville.

"After leaving Lahaina we all had fun on the truck; the boys and the girls sang their scout songs and we also had yells too. We enjoyed it very well and will hope we have another chance of going.

"So good-bye,

"SUNEY HAM,  
"Carnation Troop."

### The Sweet Pea Troop

This body of scouts has authorized its treasury to purchase a troop flag and to subscribe to the American Girl Magazine.

On Wednesday various tests were given this troop and all are worthy of commendation for the keen interest taken in this work.

### The Bird of Paradise Troop

A pleasant surprise was given us this week, when meeting Miss Rosecrans we found with her Miss Seibert waiting to see us. The time was spent in practicing signalling and furnishing much amusement when we tried to signal keeping time with a victrola. We are looking forward to a joint meeting of several troops in the near future, for which plans are beginning to formulate.

### The Bougainvillea Troop

The girl scouts are practicing more on signalling, as they all now know the sixteen points of the compass. Afterwards we went out to drill. The scouts were all surprised to learn that Miss Meinecke was at the meeting for her last time and asked her to play the piano while we all danced. We danced "John Brown" after which we gave three cheers and sang the song "Aloha Oe."

## Takahashi Accepts As Japan's Premier

(ASSOCIATED PRESS)

TOKIO, Nov. 14—Baron Korekiyo Takahashi has assumed the premiership of Japan. He will continue as minister of finance and acting minister of the navy. Other members of the Hara cabinet will retain their positions.

Appointment of Takahashi as head of the cabinet is regarded in political circles as a favorable indication of the waning power of the militarists, insuring continuation of the peaceable foreign policy of Hara.

Korekiyo Takahashi was born in 1854 in Tokio. The Japan Year Book says he was sent to America in 1867 for study. He returned home the following year, and in 1881 was appointed an official of the department of agriculture and commerce. In this service he rose to the rank of director of the patent bureau.

After this he became connected with the Bank of Japan and was promoted a director having charge of the western section. In 1896 he transferred his activities to the Yokohama Specie Bank, and two years later became vice president of that institution. He was elected vice governor of the Bank of Japan, and then president of the specie bank, retaining the former post.

Mr. Takahashi was sent to England and America twice as financial agent for raising foreign loans, and in 1911 was made governor of the Bank of Japan. The cabinet of which he was a member was formed in 1918.

(ASSOCIATED PRESS)

TOKIO, Nov. 14—Japan's budget for next year is 1,463,000,000 yen, which is 120,000,000 yen less than last year. Appropriations for naval armament construction have been reduced by 80,000,000 yen.

## Kahuku Develops New Fuel Saving Device

Kahuku Plantation company on Oahu has developed a fuel saving device that is extremely interesting and suggestive in these days of high fuel oil and low molasses values. The mill is operating two 75 horse-power boilers on molasses alone. The molasses is dripped on slowly revolving heated cylinders where it gradually builds up a thick layer of charcoal clinker. These white-hot clinkers fall off the cylinder by their own weight, forming a layer of live coals in the bottom of the firebox. The ash from the clinker is a high grade potash-lime fertilizer that helps eat down the plantation's fertilizer bill.

Getting a grade of iron for the cylinder that would stand up against the terrific heat of the burning molasses has been the chief difficulty the plantation has met. They are now using a patented grade of as near chemically pure iron as the metallurgists can turn out.

Alexander & Baldwin report that Kahuku is being reworked in H-109 and the 1923 crop will be largely of that variety. The 1922 crop will not be large, but the succeeding crop will be the largest the plantation has produced for a number of years. There will be a large carry-over of cane that should have been harvested this year due to lack of enough labor to harvest the cane when it was ripe.

## Theaters

### Paramount Slogan Fully Lived Up to in Ethel Clayton's New Picture

up to their slogan "clever stars in good stories with perfect supporting casts," is proved by "Sham," an Ethel Clayton stellar vehicle which opens at the Maui Theaters.

"It has been some time," said Manager Harris of the playhouse in discussing the forthcoming feature today, "since I have been able to afford my patrons such a remarkable entertainment combination as 'Sham.' To say that the play written by Elmer Harris and Geraldine Bonner is a good starter as both are famous and successful playwrights. And the star, Ethel Clayton, is again a queen of comedienne as a 'gentle grafter' who 'forgets' to pay her bills and gets in no end of trouble as a consequence. "Rounding out this excellent film is a really remarkable cast. Walter Hiers is comical as usual as a fat, wealthy and disappointed lover. Theodore Roberts is a bluff and hearty old millionaire while Sylvia Ashton and Helen Dunbar who have appeared in countless 'mother' roles are splendid as the selfish aunts of the debt-ridden Katherine."

### Woman Fights Girl For Love of a Man

How women who are approaching middle age often are called upon to battle girls of youth and beauty for the love of men is tellingly portrayed in "Choosing a Wife," the First National feature which will be shown at the Hippodrome Theater next week. There are qualites other than physical freshness and youthful beauty which may be brought to bear by older women, the film argues, and just how this is done is unfolded in the later reels of this gripping study of a woman's inner heart.

### Buck Jones Wanted A "Difficult" Stunt

One of the daring stunts in "Firebrand Trevison," the Charles Alden Seltzer story in which Buck Jones, starred by William Fox was done over the Mojave River, near Victorville, Cal., where the exteriors of the picture were made under the direction of Thomas N. Heffron.

Mr. Heffron chose for this daring stunt a place where the embankment was about fifty feet high and the river fifty yards wide from a railroad track on one side to a pile of rocks on the other. He ran a half-inch cable across the stream, then asked Buck if he would be willing to cross it hanging to a pulley with his hands.

The star took a running start and jumped ten feet out from the end of a plank to catch the pulley; then he swung across the river. Instead of walking around and over the bridge to return to his company he insisted on being pulled back. Then, out in midstream, he performed several stunts on the pulley—incidentally hanging head down from the cable. "Why don't you give me something to do that's difficult?" he asked the director when he got back.

### The Greatest Question Opening At Hippodrome

Attempting to answer the age-old question, "Is there a hereafter?" D. W. Griffith, creator of "The Birth of a Nation," "Intolerance," and other film sensations, will present "The

## BY AUTHORITY

### NOTICE OF AUCTION SALE

Notice is hereby given that the following motor cars will be sold at public auction, at the County garage, Wailuku, Maui, T. H., at 12 noon, Saturday, November 26:

- One Chalmers, Five-Seater
- One White Roadster
- One Packard, Seven-Seater
- One Cadillac Truck.

Terms Cash.

WM. FRED KAAE,  
County Clerk, County of Maui.  
(Nov. 18, 25.)

### SEALED TENDERS

Sealed tenders will be received by the County Clerk for the County of Maui, up to the 22nd day of November, 1921, at 10 o'clock A. M., at which time the same will be publicly opened for the furnishing and delivery to the County of Maui of automobiles and motorcycle number plates for the year 1922: Specifications and blue prints for such number plates may be had upon application to the County Clerk of the County of Maui.

Tenders must be made upon blank forms sealed and addressed to the County Clerk of the County of Maui. Dated the 25th day of October, 1921.

WM. FRED KAAE,  
County Clerk, County of Maui, T. H.

## Will Rouse Sentiment For Law Enforcement

Having completed his work on behalf of the Anti-Saloon League looking toward the forming of a committee on this island for enforcement of prohibition laws, Jay O. Warner, executive agent of the league, left for Honolulu Monday on the Kilauea.

Mr. Warner said yesterday that most of the work done during his stay of nearly two weeks on Maui had been in the churches and the schools and he has spoken in the various church and most of the larger as well as some of the smaller schools. He spoke in Lahaina yesterday. He expressed himself as much pleased with the reception of the movement in the high school.

It is not the purpose of the committee that is being organized, Mr. Warner says, to do "detective work" for law enforcement though when infringements of the law come directly to attention they should be reported. The work is rather educational and designed to stimulate and produce sentiment for strict law enforcement. The Maui committee is a branch of the general committee in the Islands which has its headquarters at Honolulu. It is the body which assisted in bringing about a large mass meeting in Aala Park some weeks ago.

Greatest Question" at the Maui theaters next week.

As the basic theme for his offering Griffith has selected probably the most powerful subject the mind can suggest, especially in view of the number of men killed in the greater war, of which the picture is an aftermath.

In a vigorous, matter-of-fact way, Griffith takes up the question of the hereafter weaves it around a group of struggling rural folk and builds up a story of intense dramatic, heart interest.

## OBJECTIONS EXPECTED

With the first glamour worn off of Hughes' statement of the American proposals for the limitation of armaments worn off, objections and suggestions from the other powers are making their appearance. It was not to be expected that it would be otherwise, that all would forthwith accept in toto the plans of the United States, adjourn and go home. Telegraphic reports show there are some wide differences of opinions in the home countries of the various delegations, especially in Great Britain.

With remarkable unanimity and in apparently joyous acclaim the heads of the British, Japanese, French and Italian delegations stated their "acceptance in principle" of the proposals and then—well, then the objections and suggestions began.

Press reports quote A. J. Balfour, acting head of the British delegation in the absence of Lloyd George, as promising "full and loyal cooperation of the British nation," and adding "we look at it as the greatest reform in armaments and preparation for war that has ever been conceived or carried out. I do not pretend that this or any other scheme can deal with every subject. It does not deal with land armaments but what it does do is one of the biggest things that has ever been done by constructive statesmanship." Similar praise was voiced by Japan, France and Italy.

And then—Great Britain thinks 90,000 tons of submarines is too much for the United States and the United States thinks that amount is little enough considering her long coast line. Great Britain objects to the ten years holiday in ship construction, that is to a complete holiday, and wants to keep up a campaign of replacements in some shipyards, not a campaign for increase but one for maintenance to the present standard.

Japan would not have a ship building holiday under the proposals and would have to build on an extensive scale to bring her navy up to 60 percent of the strength of those of the United States and Britain but she does not think a 60 percent strength is enough and her delegates will define their country's position and the factors entering into her plea for a larger ratio.

France and Italy, considering how Britain and Japan "accept" the proposals cannot see why their respective navies should not be increased rather than decreased and Italy cannot see why her navy should not be at least as large and as strong as that of France. Her delegates point out that during the war Italy and France devoted their energies almost entirely to strengthening their armies.

And so it stands. But the situation is not to be considered as especially threatening or even disappointing for it is just what was to be expected. Experiences of the past, the attitude of the world at present, all tend to make the nations jealous of their prestige and fearful of a weakening of their defensive strength. It is to aid in the elimination of such jealousy, to allay such fearfulness that the conference was called and its affairs are now crystallizing into something so concrete that it can be taken up and examined and handled, turned over and over, investigated and worked upon.

The opening of the conference has been particularly auspicious and now the real test is at hand, whether it is to be a "tug-of-war" or a "tug of peace" the deliberations that are to come will determine.

## SUGAR CROP ESTIMATES

Decrease in the world's sugar crops of nearly a million tons is estimated by Willet & Gray in a preliminary crop estimate published October 27. Their figures for 1922 are 935,059 tons less than the 1921 output and nearly 2,900,000 tons less than the record output of 1914-15. In reaching these figures the next Cuban crop is put at 3,000,000 tons.

Decreased acreage in plantings as a result of the lower sugar prices and high production costs of the past season and the closing down of some factories and mills because of financial stringency are the chief factors expected to enter into reduction of the output but the figures are only tentative and it is admitted that the Cuban situation is something of an enigma.

While Willet & Gray's estimated decrease would indicate that the strategic position of the sugar market in the coming campaign will be much stronger than the last, it is not to be assumed that immediate or large advances in the price are to be expected. There is a counteracting influence that must be considered, the large carry over from the 1921 crop. The Cuban surplus must be absorbed and there are other surpluses in other parts of the world. It should be remembered that it is a very few weeks ago that there were threats of the throwing overboard of the entire Cuban surplus at two cents a pound and that it was finally determined to carry it along into next year and not to sacrifice it by throwing on the market all at once. The marketing of the remains of the old crop in connection with the new crop, even though the latter be reduced about six percent under this year's production must have a tendency to hold prices down. There is not the occasion for buyers to rush into the market in a wild scramble to secure supplies, at least not in the earlier stages of the campaign.

Such estimates as that issued by the New York sugar experts are rightfully encouraging, tend to a feeling of optimism but should not be permitted to rouse expectations unduly.

Here is a symphony in color clipped from the classified advertising columns of the Watsonville, California, Evening Pajeronian: "Lost or strayed in the vicinity of Green or Brown Valleys, a red cow with a black and white calf." They probably disappeared into the purple hazes that nestle at the feet of the pink topped mountain as the sun sank, crimson and gold, behind the blue western horizon.

The County library is making purchases of books and intends to buy many more but its resources are limited. Its management will be glad to receive any contributions from residents of Maui who have works they have finished reading and do not care especially to retain. The library cannot give books away but has made "permanent loans" of a number of books to some of the schools and

## THE OPTIMISTIC PESSIMIST

It sounds complicated but there is much meat in the aphorism that the more one knows the more one knows one ought to know. It could be added that he begins to know how little he really knows. The wisest men still have much to learn and recognize the fact.

\*\*\*

While it is true that he who talks without thinking runs a greater risk than he who thinks without talking, the world is not made much brighter by the latter.

\*\*\*

The size of families in the United States is steadily decreasing, according to census office reports, but it costs rather more to keep the smaller family than were the expenses of larger ones of a decade ago. The family is as valuable an asset as ever.

\*\*\*

Honolulu is seeking to have the "rough stuff" that has been noticeable in Christmas Eve street festivities eliminated this year. If a start is made with the hard stuff it will be easy to smooth down the rough. Reports of last year said Honolulu was well soaked with oke. The beginning would seem to be to take the oke out of oke, or to soak the oke.

\*\*\*

It has been discovered that the pheasant is a dangerous bird. A head in a Honolulu newspaper recently said "Pheasants are liberated on Oahu; hunters take warning."

\*\*\*

Morality, it has been said, is a creature of education. This is admittedly true of the social type but morality proper is innate, is essentially in the individual and if not led out will find an egress for itself. Social sins are vastly different from moral sins, though there is a confusion in the minds of some of the best intentioned persons as to them.

\*\*\*

That which was wild imagination day before yesterday is the dream of yesterday, the realization of today and the matter of course tomorrow. Yet there are those who ridicule imagination.

will make a similar "loan" to the sanitarium of a large number of books that would have to be rebound if they were kept in circulation, books that are of an old vintage but will still be acceptable to weary patients up Kula.

It is rumored that the special session of the legislature which is expected late next year will make sweeping reductions in territorial and county salaries.

## Tourist Bureau Gives Haleakala Publicity Of Valuable Type

Those who inquire what the Hawaii Tourist Bureau does for Maui are referred to the September-October number of "See America First" for an answer in part to their query. A copy of the magazine came to hand Saturday and in it Maui's great extinct volcano is beautifully featured in an article written by Harold H. Yost of the bureau, entitled "Hawaii National Park."

Yost's articles is the leading one of the issue and occupy the first pages of reading matter in the issue. It is faced by a 6 by 9 photo engraving of the crater of Haleakala, a beautiful, clear cut picture, and dealing with the Maui section of the park he says: "Leaving Honolulu, a steamer journey of six hours takes one to Lahaina, a dreamy little seaport on the island of Maui, once the seat of kings in the brave old days of the monarchy, from where a wonderful automobile road clinging to the cliffs high above the ocean leads around to the town of Wailuku, the gateway of Haleakala."

### Easy of Access

"The Haleakala section of Hawaii National Park takes in the great extinct crater at the summit of the mountain and has all told an area of 21,150 acres. It is reached from the town of Wailuku by automobile and horse, it being possible to make the entire journey in about five hours. For the more energetic, however, a splendid trip is to go by motor as far as Olinda at an elevation of 4000 feet on the western slope of the mountain, then tramp to the summit, a distance of eight miles and an ascent of nearly 6000 feet, all of which may easily be accomplished in a day."

"The crater of Haleakala, which in volcanic parlance is really a caldera, is a tremendous and magnificent spectacle. Its rim, the highest point of which is 10,936 feet above the blue waters of the Pacific, is roughly twenty miles in circumference, with an extreme diameter of 7.45 miles and is over 2000 feet above the main floor of the crater. A storm proof concrete rest house with bunks for the accommodation of about twenty-five persons is located at a point on the western rim of the crater from which a marvelous view may be had of the immense caldera, on the floor of which are a number of volcanic cones several hundred feet in height but which from the rim appear as mere ant hills. One of the greatest spectacles to be seen from Haleakala is the sunrise, a thing of such marvelous beauty of light and shadow and soft coloring that no language can adequately describe it."

### Descent Into Crater

"The majority of visitors to Haleakala content themselves with the trip to the rest house, returning in the morning after viewing the sunrise. A descent into the crater is quite easily made at one point however, and well repays those who make it. Once on the crater floor, a place of ancient lava streams and cinder cones which from that viewpoint assume their true proportions as young mountains, the immensity and the awful grandeur of the place strikes one with overwhelming force. It is a great desert of lava and cinders, a place of magnificent solitude, a burned out world. It is full of interesting places which may be explored—under proper guidance always, for to lose one's way might prove fatal, and the coloring of the crater walls above, the brilliance of the stars at night, cause poets and artists to rave impotently. There too, is found the beautiful silver-sword plant which at certain seasons sends up a flowering stalk of two or three feet in height, on which are borne blossoms of a vivid red, a lovely sight, yet well high supernatural in that vast soiled desert."

## Assistant Manager Will Have Cottage

Assistant manager Cummins of the Kula Sanitarium is to have a house to occupy and will not be forced to shift around from pillar to post much longer. Dr. Durney had the subject up with the board of supervisors Saturday noon. There has been enough saved in other ways in the sanitarium building and improvement program to meet the cost, Dr. Durney showed the board. The project was given approval and plans are to be completed and bids asked.

Dr. Durney explained an apparent mixup over the building of the proposed cottage and then proceeded to show how workmen's cottages estimated to cost \$1500 had been built for \$900 each and to give instances where other savings from previous estimates had been made. He pointed out the necessity of a place for an assistant manager if the services of one are to be retained.

In the course of his talk Dr. Durney showed the board that many economies are constantly being effected, the majority of which never come to the attention of the public.

Mr. and Mrs. Cummins have had to move three times in the short time they have been up at Kula.

### NOTICE OF HEARING

Notice is hereby given that the proposed Traffic Ordinance and the proposed Ordinance Regulating the Use of public Highways by Pedestrians will be taken up by the Board of Supervisors for final consideration on Thursday, December 8, at 10 a. m. The public is invited to attend.

By Order of the Board of Supervisors for and within the County of Maui, T. H.

WM. FRED KAAE, County Clerk and Clerk of the Board of Supervisors, County of Maui, Territory of Hawaii. (Nov. 18, 25, Dec. 2.)

## More Than 60,000,000 In United States Are Old Enough To Vote

(Special to Maui News) WASHINGTON, Oct. 31.—The Department of Commerce, through the Bureau of the Census, today issued a preliminary statement presenting a classification, by geographic divisions and states, of the total population of each sex 21 years of age and over, according to color or race and citizenship, and of native white men and women according to parentage, compiled from the returns of the Fourteenth Decennial Census, taken as of January 1, 1920.

The total population 21 years of age and over, 60,886,520, comprised of 31,403,370 men and 29,483,150 women. The total number of citizens 21 years of age and over, 54,421,832, was made up of 27,661,880 men and 26,759,952 women. The citizens comprised all native persons and all naturalized foreign-born persons.

**Men 21 Years of Age and Over**  
The total number of men 21 years of age and over comprised 28,442,400 whites, 2,792,006 Negroes, 61,229 Indians, 46,979 Chinese, 53,411 Japanese and 7,345 men of other races—Filipinos, Hindus, Hawaiians, Malays, etc. Of the white men 21,513,948 were natives and 6,928,452 were foreign born; and of the natives 15,805,963 were of native parentage, 3,958,384 of foreign parentage, and 1,752,501 of mixed native and foreign parentage. The total number of male citizens, of all races, 27,661,880, comprised 24,339,776 natives and 3,322,104 foreign-born naturalized men.

Expressed in percentages, the distribution of the several classes of men 21 years of age and over in 1920 was as follows: Total white, 90.6 percent; native white of native parentage, 50.3 percent; native white of foreign parentage, 12.6 percent; native white of mixed native and foreign parentage, 5.6 percent; foreign-born white, 22.1 percent; Negro, 8.9 percent; Indian, two-tenths of 1 percent; Chinese, one-tenth of 1 percent; Japanese, two-tenths of 1 percent; total citizens, all races, 88.1 percent; native citizens, all races, 77.5 percent; and foreign-born naturalized citizens, all races, 10.6 percent. Of the citizens about seven-eighths were native and one-eighth naturalized.

**Women 21 Years of Age and Over**  
The total number of women 21 years of age and over comprised 26,671,061 whites, 2,730,469 Negroes, 55,257 Indians, 3,646 Chinese, 22,316 Japanese, and 401 women of other races. Of the white women 21,007,793 were natives and 5,670,268 were foreign born; and of the natives, 15,202,194 were of native parentage, 4,045,947 of foreign parentage, and 1,852,652 of mixed native and foreign parentage. The total number of female citizens, of all races 26,759,952, comprised 23,860,351 natives and 2,899,601 foreign-born naturalized women.

The percent distribution of the several classes of women 21 years of age and over in 1920 was as follows: Total white, 90.5 percent; native white of native parentage, 51.6 percent; native white of foreign parentage, 13.7 percent; native white of mixed native and foreign parentage, 6.3 percent; foreign-born white, 18.9 percent; Negro, 9.3 percent; Indian, two-tenths of 1 percent; Japanese, one-tenth of 1 percent; total citizens, all races, 90.8 percent; native citizens, all races, 80.9 percent; and foreign-born naturalized citizens, all races, 9.8 percent. Of the citizens about nine-tenths were native and one-tenth naturalized.

### Molokai Notes

The luau to the Governor and Commission given by the Civic Improvement Association and people of Molokai at Kaunakakai on Saturday, the 5th, was a great success. Music by David Kalaau's Halawa quartette and Mr. Welch's choir of Kaluaha was a pleasant feature as well as the speeches by the Governor, Prince and others.

Saturday and Sunday were well employed by the party in inspecting lands, and Monday they visited Mapulehu calling in the afternoon on Dr. Goodhue at Ualapue.

The shipwrecked sailors from "The Carrier Dove" deeply appreciate the aid rendered them by Mr. James Munro who brought them in automobiles to Kaunakakai where the doctor attended to their broken arms and cuts. Mr. Conants then fed the hungry men and saw them off on the Mikahala which went the same night.

Hearing of the wreck, Eddie Duvauchelle, Sr., Gene Duvauchelle, Eddie Duvauchelle, Jr., W. Duvauchelle and Oswald Lightfoot went down to the wreck which was beached, and from early Saturday morning till Monday night, the 6th, worked day and night carrying away wreckage, rope, sails, two gas engines, a dummy engine worth possibly over \$2000. The offices of the ranch and the doctor were of course rendered free, but it was the wish of the captain expressed before leaving that these parties be rewarded by salvage.

Clothes left with us for more than three months and not called for will be burned or otherwise destroyed.

Customers who change their address will please let us know. KATO CLOTHES CLEANING SHOP Wailuku, Maui.

## Partly Dry Canada Imports More Booze

TORONTO, Ont., Nov. 5.—(Associated Press Mail)—Despite the fact that most of Canada is "dry," (the Province of Quebec being a notable exception) imports of whiskey and other liquors have enormously increased in the last two years. The Toronto Globe finds in the figures, just made public at Ottawa, evidence that Canada is being used by the liquor manufacturers of the world as a gateway to pass their output into the United States.

"We are, as a people, smuggling or conniving at smuggling of a million gallons a year or more of whiskey, on which Canada collects duty before it finds its way into our neighbor's backyard," says the Globe.

The value of whiskey imported in 1919, as shown by customs figures, was \$579,100; last year it was \$322,847,000. Gin imported in 1919 was valued at \$59,374; in 1921 it was \$4,174,925. Brandy imports were valued in 1919 at \$378,694; and at \$3,379,275 in 1921.

For the last three years the total value of distilled and fermented liquors imported was: \$1,860,963 in 1919; \$3,152,339 in 1920, and \$34,653,630 in 1921.

IN THE MATTER OF THE PETITION OF KAZUO NISHIMURA FOR CHANGE OF NAME.—DECREE.

On consideration of the petition of KAZUO NISHIMURA, of the Island of Maui, Territory of Hawaii, for a decree changing his name to KAZUO KAMASAKI, and there appearing to me to be good reasons for granting the same:

NOW THEREFORE, by virtue of the authority in me by law vested, and thereunto enabling, I, W. R. FARRINGTON, Governor of the Territory of Hawaii, do hereby order and decree that the name of KAZUO NISHIMURA be and hereby is changed to KAZUO KAMASAKI, and that a copy of this decree be published for at least four consecutive weeks in the "MAUI NEWS", a newspaper of general circulation in the Territory of Hawaii, published at Wailuku, Island of Maui, in said Territory.

Dated, October 24th, A. D. 1921, at Honolulu, Territory of Hawaii.

(Signed) W. R. FARRINGTON, Governor of Hawaii.

## Pineapple Planters Take Long Chances Supervisors Are Told

Thousands of dollars of loss would be entailed upon pineapple planters in the district beyond Halehaku school should heavy rains come in the packing season, W. F. Pogue told the board of supervisors Saturday morning. He was before the board as representing the East Maui Irrigation Company in reference to proposed cutting down of appropriations for the upkeep of roads and trails in that section of the island which his company has been doing in part at the expense of the county and in part at its own. The board recognizes that such is the case and one member remarked that planters were taking long chances in that section until there is a better road system through it.

The meeting was to have a definite understanding between the board and the company on what would be expected and to make clear a letter from the county to Mr. Pogue. The letter said it had been determined to cut down road appropriations and the allowance from Halehaku to Kailua would be \$200. The understanding reached was that the \$200 was to cover a 7 1/4 mile stretch from Halehaku school fence to Kailua. Mr. Pogue said that would give no funds for travelling nor for improvements nor extraordinary repairs, merely go to upkeep and for his company he would agree that it be spent to the best advantage and made to go as far as possible.

The board explained that beyond Kailua it is planned to employ convict labor in upkeep and pushing the road further forward along the trail and the subject of securing the trail will be taken up with the high sheriff. The matter of a camp remains also to be adjusted with the Fair and Racing Association.

Mr. Pogue also took up the matter of upkeep on the Nahuiku section of the trail and said it would be necessary for the company to ask a larger sum from the county since it was used by others than the company. Formerly the county paid \$25, it will now pay \$50 a month as its share toward such upkeep.

The conference was of deepest interest from the bringing out of the situation that planters beyond Halehaku face in the event of untimely rains and that the county is in a position at this time to do nothing to insure them safe transportation.

## American Is Marooned Twenty Years on Isle Of Caroline Group

MANILA, P. I., Nov. 18.—(Associated Press Mail)—Shipwrecked and marooned for twenty years on one of the Caroline Islands, is the experience of an American, James Howard, sole survivor of the American bark, Horatio, which went on the shoals of Kusa Island in 1901. The news of Howard's condition was brought here by Dr. William H. Hobbs of the University of Michigan who has been engaged in seismic research work in the Caroline group.

Dr. Hobbs said Howard was cared for by the natives and finally became agent at Panope for a German trading concern, which place he held until the Japanese took over the islands, under the mandate from the League of Nations.

A year and a half ago, a stroke of paralysis made Howard almost helpless and unable to work. Since that time he has been taken care of by Chief Nampai of Roukiti who has given him food, clothing and medicine.

"Chief Nampai has American blood in him, speaks English well and is a man of sterling integrity," said Dr. Hobbs.

Howard's case was laid by Dr. Hobbs before acting governor, Charles E. Yeater of the Philippines who has suggested to the war department that the Japanese be asked to furnish transportation from Panope to Yokohama for Howard, so that he may take passage on an army transport and finally reach his home in Utica, Ohio.

### JUROR EXCUSED

GENEVA, Oct. 24.—(Associated Press Mail)—A dramatic incident took place in the law court at Lindau when a handsome woman named Millerhath appeared on a charge of poisoning her second husband. As she entered the courtroom, one of the jurymen rose and stated that the accused woman was his former wife whom he had divorced. The judge promptly excused the man from service.

## Astronomers Are To Reform Calendars In Rome Conference

ROME, Oct. 13.—(Associated Press Mail)—The Vatican has announced that a conference of astronomers will take place in Rome next April under the presidency of Cardinal Mercier with the object of reforming the calendar and fixing Easter.

The occurrence this year of Easter Sunday on March 27, within five days of its earliest possible date, revived the proposal for a fixed Easter. No fewer than 16 Easters will happen in March between now and the close of this century—an average of one every five years—unless something is done to prevent the erratic wandering of the festival between March 22 and April 25.

Under the existing ecclesiastical rule Easter Sunday can fall on any of 35 dates. The present rule is that Easter must be a Sunday and that the ecclesiastical full moon (which is not the same as the real moon) upon which it depends must occur on one of the seven days immediately preceding it. Thus, to have Easter Sunday on its earliest date, March 22, the ecclesiastical moon must be full on March 21, which date must also be a Saturday, but so rarely are these conditions satisfied in the same year that it is over a century since Easter fell on March 22, and it will not again fall so early until the year 2285.

Of late years the inconvenience of a movable Easter has induced calendar reformers to propose reforms which will either make Easter a fixed festival or greatly restrict its wanderings. One suggestion is that Easter Sunday should be assigned to the third Sunday after the spring equinox, which would give it a range of eight days, between April 5 and April 13, according to the date and day of the week on which the equinox falls.

Other proposals aim at an Easter absolutely fixed to one date. That, of course, would necessitate a radical reform of the whole calendar, under which the same weekday always fall on the same date.

Any such reform will probably have to be universal throughout Christendom, for the moon-controlled Easter is common to all civilized countries; though, owing to the fact that the Greek Church still uses the Julian Calendar, there are nearly always two Easter days every year, one the Gregorian, observed by Roman Catholics and Protestants and the other the Julian, kept by those countries which are in communion with the Greek church.

## First President Is Given Words of High Praise by Harding

(ASSOCIATED PRESS)  
WASHINGTON, Nov. 14.—High tribute to the first president of the United States on his private and personal side was paid by President Harding to George Washington when he delivered the speech of the day at the laying of the cornerstone of the Victory Memorial.

President Harding dedicated the structure as a "gathering place for Americans where American minds may bring the fulfillment of one of the striking provisions in the last will of George Washington which left a bequest for the foundation of an institution to disseminate learning, culture and a proper understanding of the right principles of government."

The President closely analyzed Washington's less well known attributes and said these made Washington "on his private, personal side, a very model of the good citizen."

## On the Other Islands

**City Hall Site**—The Honolulu board of supervisors has abandoned its plan for the purchase of the Allen property at King and Alakea streets and has voted to purchase the Cooke site at Punchbowl and King streets for \$90,000.

**Hospital Criticized**—It is said that a patient who arrived at the Hilo Hospital and who later died of what the coroner's jury said was acute alcoholism, was not seen by a physician for five hours after entering. There have been criticisms of the institution openly voiced in the Crescent City before and quite a scandal then threatened.

**Gas Rates Reduced**—Sweeping reduction in gas rates in Honolulu have been ordered by the utilities board, amounting to 8 1/2 percent. It estimated the value of the plant very much lower than does the gas company.

**Not Rose's Assailants**—The alleged assailants of Sheriff Charles Rose of Honolulu who were said to have confessed to holding-up and beating up a man near the scene where the sheriff was attacked, are found to have been elsewhere at the time of the assault upon Rose.

**For Dormitories**—Condemnation proceedings against a tract of land owned by H. F. Walters will be dropped by the territory, it was announced through the attorney general's department. The land was desired as a site for the Normal school dormitories. It is now planned to purchase a tract of land belonging to the Atherton estate for \$35,000. The valuation which was fixed by a jury on the Walters property is said to have been considered too high. The Atherton property contains 90,000 square feet and has buildings on it suitable for dormitory use.

**Hutchinson Gets Lease**—With no competitive bidder appearing at the public auction held at the land office in Hilo the Hutchinson Plantation company obtained a 15-year lease on 936.59 acres of land at the upset price of \$150 per annum. These lands are certain lots and section 1, Kauna.

## Lanai Pictographs Best in the Pacific

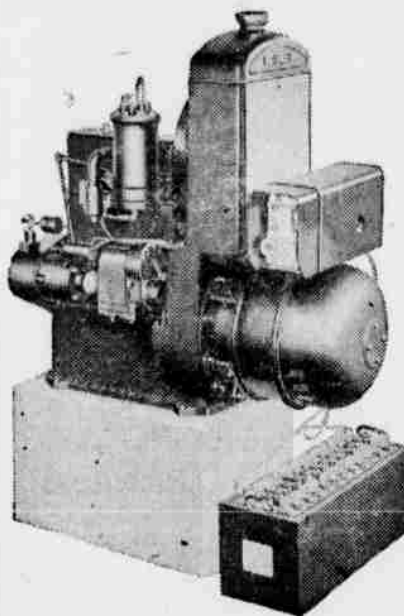

On the Island of Lanai are found the most interesting pictographs that have been found anywhere in the Pacific, is the opinion of Dr. Herbert E. Gregory who was on Maui this week after spending some time on Lanai recently studying the pictographs and looking over new discoveries of helms. With him in camp were Lorrin Thurston and W. L. Emory of Honolulu and the Misses von Tempisky of this island. He will return to Lanai before going to Honolulu. Much help in investigations and research work is being given by George C. Monro.

Dr. Herbert says that recent investigations of Lanai have shown 13 helms in varying states of preservation, some of them excellent, where only two were mapped on that island a few years ago. A large fishing village, or rather its remains, have been found of much interest also, though most of all are the splendid pictographs. No methods of "reading" or deciphering their meaning has yet been reached but science is hopeful of ascertaining them through comparisons of them in days not far off.

**mo Homesteads**, Kau and section 2 of Kawala-Kaunamano tract, Kaula. Much of the land contained within these sections had at one time been planted to sugar cane by a homestead company, but one that had short duration. It is now surmised that the Hutchinson company will use the lands for pastoral purposes.

**Booze Orgy Kills**—After an all night booze orgy in the Wailakea Homestead section a Porto Rican died from the results. Two women, both present at the orgy claimed to be his widow.

## Twice as rich as ordinary milk

CARNATION Milk is pure cows' milk evaporated to the consistency of cream by removing part of the water only. Its volume as whole milk may be restored by diluting with half water. It is hermetically sealed and sterilized to insure its purity for you and always of the same high quality—rich, sweet, and pure. Use it for every milk purpose—it keeps longer and goes farther. When a recipe calls for 1 cup milk use only 1/2 cup Carnation Milk mixed with 1/2 cup water. Your grocer has Carnation in large and "baby" sized cans.

Send for free Carnation Cook Book of 100 Tested Recipes. Henry May & Co., Ltd., Wholesale Distributors for Hawaii, Honolulu.

Carnation  
"From Contented Cows"

Milk  
The label is red and white

### Have Home-Made Ice Cream This Winter

Four cups Carnation Milk, 1 1/4 cups sugar, 1 cup water, 1 1/2 tablespoons vanilla. Carnation Milk is always ideal for making ice creams of any sort, because of its purity and richness. Eggs are not needed. For plain vanilla ice cream, mix the sugar and a cup of the Carnation Milk together and let come to a simmering point; cook for five minutes in this manner; remove from fire; when cool, add remainder of milk and water, and the vanilla. Freeze. This will make about a quart and a half.

### Keep Carnation Handy for Whipping

Place can of Carnation Milk in water and heat to boiling. Remove promptly, and thoroughly chill by placing can on ice. When cool, open can and pour milk into chilled bowl placed in another bowl filled with cracked ice. After milk has become thoroughly chilled, whip in regular way with ordinary egg beater for about five minutes. Sweeten and flavor if desired. Keep on ice until served. Carnation Milk will whip satisfactorily without heating, but better results are assured when above directions are followed closely. (Flavor if desired.)

## YOU'RE INVITED

The next time you are in Honolulu, come into our office and introduce yourself. We like to know our friends by sight as well as by name. If we are already acquainted pay us a visit anyway.

You are invited to avail yourself of our facilities and equipment. If our service is a bit vague to you, if you don't know exactly what a Trust company does, and how, ask us to tell you. We will be glad to consult with you even though you may not have at present any business to place with us.

## Versailles Treaty Is Called a Gigantic Blunder of Allies

CONSTANTINOPLE, Oct. 19—(Associated Press Mail)—Frank a Vanderlip, New York financier, who has been making an economic survey of European countries, said when he visited this city that, in his opinion the Allies committed an act of "tragic political folly" in giving the Greeks a mandate over the Smyrna area. He declared that the Greek administration of that territory and of Thrace and Macedonia were "towering monuments of failure."

He said peace in the Near East was hopeless so long as Asia Minor was convulsed by a deadly warfare between the Greeks and Kemalists. All the economic blunders in the Versailles Treaty which resulted in such terrible consequences for Central Europe, he added, were repeated in the Sevres agreement.

"If a man put into a ring two highly bred bulldogs," said Mr. Vanderlip, "and told them to divide the quarters and live peaceably, his act would be as likely to result in peace as was the act of the Allies in permitting the Greek army to enter this part of the world. The present conflict in Anatolia," he continued, "is paralyzing the whole of the Near East. There can never be peace and order, commercial activity and stability, nor a restoration of confidence until the Greeks are made to return to their homeland and the Turks are given a chance to get on their feet."

### Various Other Criticisms

Mr. Vanderlip, who came to Constantinople from Athens, criticized the Allies with equal vehemence for the boundary lines they set in South-eastern Europe. "The Greek frontier," he observed, "has been brought to within bombarding distance of Constantinople, Bulgaria's outlet to the Aegean Sea has been given to Greece and the certain seed of future war sown."

The American financier discussed the confused political situation in Constantinople and said there was a noticeable lack of harmony between the Allies. He believed that the Sevres Treaty which was designed to represent the terms of peace between the Allies and Turkey had failed completely of its purpose and had been ratified by no one. "There is an intense rivalry," he declared, "among the big Powers for commercial zones of influence, and a disposition to ignore the United States and undermine American prestige."

"It is true," continued Mr. Vanderlip, "that the United States has never been at war with Turkey, that technically we have no position in a city under military occupation by the three Allies, that we have declined to take the responsibilities of a mandate and of our own will have withdrawn politically from participation with the Allies in the administration of the affairs of Europe."

### Excuses Called Poor

"All that is an academic excuse perhaps for the absence of any disposition on the part of the Allies to cooperate with our High Commissioner. I think a broader point of view by the Allies would lead them to work closely and harmoniously with our officials here."

Mr. Vanderlip paid warm tribute to the work of Admiral Mark Bristol, the American High Commissioner. "I doubt," said he, "whether a better man could have been found to represent the United States. He has gained the respect of everyone and is a vigorous representative of the best American spirit. He combines broad, naval and military experience with keen administrative capacity, sound judgment, and exceptional tact and diplomacy."

## Lepers Voluntarily Enter Colony That Once They Avoided

MANILA, P. I., Nov. 17—(Associated Press Mail)—The leper colony on the Island of Cullion is being rapidly increased by the voluntary surrender of numbers of lepers throughout the Philippine Islands, according to a report by the director of health. The report says during the first six months of 1921 more lepers were admitted to the Cullion settlement than during the entire year of 1920, the admissions during the six months numbering 439. At present the colony numbers approximately 5,000.

A statement by the health director says:

"It is gratifying to record that lepers are beginning to realize the necessity of segregation and the benefits to be derived from the modern treatment of the disease. Many are presenting themselves voluntarily to the municipal authorities, to the health officials and even to clinics at the early manifestations of the cutaneous lesions."

The majority of lepers admitted are between the ages of ten and forty.

## Philippines to Spend \$8,000,000 in Schools During Coming Year

MANILA, Nov. 17—(Associated Press Mail)—The director of education for the Philippine Islands, Luther B. Dewey, has prepared an estimate which will be placed before the legislature asking for an appropriation of \$8,250,000 for the public schools in 1922. This sum added to the allotment of \$4,000,000 out of the special appropriation of \$15,000,000 covering a period of five years, makes a total of \$12,250,000 asked for public education in 1922, exclusive of the appropriation for the University of the Philippines and its provincial colleges.

Director Dewey says it is desired to employ more American teachers, to increase the salaries of Filipino teachers, to establish more special schools and to construct additional school buildings.

The sum asked amounts to approximately \$7.50 each for the 1,000,000 pupils enrolled in the public schools.

## Lahaina Armistice Day Ceremonies Are Largely Attended

Armistice Day ceremonies were conducted at Lahaina on Sunday since Friday was not a plantation holiday and a highly appropriate program was offered to the more than a thousand persons who participated.

Promptly at 10:30 a procession which had formed at the armory started. The column was led by the Lahaina Infantry company of the National Guard headed by Captain Bowker. Next came the Lahaina troop of Boy Scouts, followed by two troops of Girl Scouts and then came the children from the schools, the Lahaina boys bringing up in the rear.

From the Armory the procession proceeded to the Banyan tree at the Court House and there the ceremonies were held with Chairman Sam E. Kalama of the board of supervisors presiding. The program follows:

Song—"America"  
Opening prayer  
Reading of President Harding's Proclamation  
S. E. Kalama Song—"America, the Beautiful"

Memorial Service  
National Guard and Scouts will stand at attention

Service of Reading and Prayer  
The Rev. F. N. Cockcroft

Memorial Hymn  
Led by Wainane Church Choir

Presentation of Victory Medals  
By Capt. Bowker

Taps  
Solo.....Scout Com. H. W. Hutton

Song—"Lahaina Hymn"  
Led by Lahainauna and Kamehameha III Schools

Brief Address.....Rev. J. O. Warner

"Hawaii Ponoi"

"The Star Spangled Banner"

## Personal Mention

P. H. Ross returned Wednesday from a trip to Hana.

Miss Marion Morse, County Librarian returned Tuesday from Honolulu.

Mrs. D. C. Lindsay underwent an operation in the hospital this week.

Mrs. R. O. Humphreys is reported to have gone to the hospital for an operation for appendicitis.

Clarence H. Cooke of Honolulu was a passenger to Hana on the Claudine Tuesday.

John Fassoth was a returning passenger from Honolulu to Hana Tuesday.

W. H. Hutton is spending two weeks in the Hana district in the interests of Boy Scouts work.

Mr. and Mrs. Frank F. Baldwin are expected back on Maui by the Manoa tomorrow.

Frank Lacey will be a Mauilite to walk the hot sands into Shrineland at Honolulu a week from tomorrow.

Robert A. McKeague, head overseer of Honolulu plantation is spending part of his vacation on Maui.

Claude E. Chatterton, who has been recuperating from a recent illness at Kula, went to Honolulu Wednesday evening.

Mrs. George W. Weight and children will leave Maui tomorrow for San Francisco where they will meet Mr. Weight. They will spend several months on the mainland.

Gorton Thayer Lippert is expected to arrive from the mainland early next week to make his home on Maui. He is a friend of Robert Judd, principal of Maui High School.

R. O. Humphrey of Puunene finds that the injuries he sustained in the football game last Sunday though painful were not serious and is able to attend to his business affairs.

A. I. Silva, representing McInernys of Honolulu, is on Maui for his autumn visit, displaying men's furnishings, clothing, etc., and greeting old friends. His headquarters are at the Grand Hotel.

Mr. and Mrs. James K. Huey of Keenae celebrated their first birthday anniversary of their little daughter last Saturday. A large company of relatives and friends were present and enjoyed a good, old fashioned Hawaiian luau.

## BRITAIN DENIES CHARGE

LONDON, Nov. 16—(Associated Press)—The British Government in a firmly worded note to Moscow absolutely denied the allegations of foreign Minister Thiercher that the evidence introduced by Britain, proving hostile to the Bolshevik propaganda in central Asia was based on forged documents.

## WANT ADS

## Pertinent Paragraphs

**Library Alterations**—The interior changes at the library building on High Street have been made and painting work started this morning.

**Manoa at Saturday**—The Matson liner Manoa is scheduled to leave Honolulu at 10 o'clock tonight, will arrive in Kahului tomorrow morning and return to Honolulu that night.

**Will Gravel Road**—Iao Valley road is to be treated with a coat of gravel. The board of supervisors directed the road supervisor of Wailuku district to put it in shape.

**Medical Inspection**—Dr. Litchfield of Hana was to visit Keenae school this week for a medical inspection. It is one of the remote schools in his district.

**Foresters Meet**—Court Valley Island No. 9239, A. O. F., met last night for a regular session. The next meeting will be held Thursday evening, December 1, when there will be election of officers.

**Foresters' Hall Opening**—A large attendance is expected at Foresters' Hall tomorrow night for its public opening. Music for the dancing will be furnished by the Maples' Symphony Orchestra.

**Club Reorganizes**—The political club of Keenae met and reorganized Tuesday evening. The purpose of the club is to keep its members informed on political affairs of importance.

**Ladies Aid Meeting**—There will be a special meeting of the Woman's Aid of the Wailuku Union Church tomorrow afternoon, Saturday, November 19, at 3:00 o'clock at Mrs. Pleasant. All members are urged to be present.

**Accident Board Meets**—Maui Industrial Accident Board met yesterday and made three awards. One owner of four cars whose drivers work on commission and who has not been carrying insurance agreed to do so and another employer was allowed 15 days to take out policies. George Freeland continues as chairman of the board.

**Free Water Asked**—Ten water users presented a petition to the board of supervisors at the last meeting asking exemption from water charges on the ground that they were holders of land entitled to receive water through the old auwais. Under an agreement made between the county and the Wailuku Sugar Company several years ago owners of two lands who relinquished right to the water from the then ditches were to receive a given number of gallons per square foot of land free through the county pipes. The subject matter of the petition was referred to the county attorney to ascertain whether the petitioners or any of them were entitled to such free service.

## Maui Women's Club

Miss Maude May Babcock arrives to give her first recital on Maui on December 3rd. Of the reading she will give, "Caesar and Cleopatra". The Deseret News, Salt Lake City said, "Those who missed the reading missed one of the most delightful entertainments of its kind given in Salt Lake in years." The Sacramento Record-Union says, "Miss Babcock is the cleverest, most self-possessed and unpretentious reader we have had the pleasure of hearing. There are no flourishes or flourishes in her work. It is the beauty, charm and strength of naturalness. It is true art." Tickets are seventy-five cents each, only, and fifty cents for children. The Club made the tickets so very reasonable in the hope that everyone might hear her, and it is hoped that everyone will. The High School will have her one afternoon, and possibly two, date to be announced later. These recitals will probably be fifty cents for tickets and the reading "Abraham Lincoln."

Considerable furniture has been donated for school cottages, and thanks are due to all who have been so kind about this. More can be used so if others who have not yet donated anything wish to do so they may be sure it will be greatly appreciated and of great service to the recipients.

**INCORPORATIONS INCREASE**  
(ASSOCIATED PRESS)

HONOLULU, Nov. 17—Incorporations in the territory are on the increase in spite of the financial depression, Treasurer David Metzger reports. In a statement he attributes it first to the steady expansion of the industries of the Islands and in part to the growth of population in the past year. The average number of applications for incorporations coming to him is four a week as compared with three a week last year.

**KUHIO GIVES LUAU**  
(ASSOCIATED PRESS)

HONOLULU, Nov. 17—Prince Kuhio gave a luau last evening in commemoration of Kalakaua's birthday.

## Society

## WELCOMING RECEPTION

Mr. and Mrs. C. S. Childs, recently married on Kauai and who returned home to Maui last Saturday were guests of honor at a reception at the Alexander House Settlement residence on Church Street Wednesday evening followed by a dance in the gymnasium building later.

The grounds were charmingly lighted with Japanese and Chinese lanterns and on the lawn Mr. and Mrs. Childs greeted their many friends and received their felicitations. On the lawn was the Mary Hoffman orchestra which dispensed Hawaiian airs and melodies and at one side of the lawn the lawn refreshments of cake and punch were served.

As the guests arrived, after greeting the newly married pair, they scattered about the grounds in groups until an adjournment to the gymnasium building was taken. The room was decorated with bamboo greenery and an immense American flag. The dance music was furnished by the same orchestra as had played at the reception.

A pleasing little interlude early in the evening was a serenade by a party of Boy Scouts.

## Obituary

## ARTHUR ARLETT

After about three years residence at Kula Sanitarium, Arthur Arlett died there on Tuesday and his body was shipped to Honolulu Wednesday night. Mrs. Arlett was to arrive in Honolulu on the Manoa, Wednesday.

Prior to his falling a victim of the ravages of consumption Arthur Arlett of Oakland was one of the big and most promising men in public affairs of California, a close friend and valued adviser of Hiram Johnson, while the latter was governor. He was a member of the state commission for the Pan-Pacific exposition and chairman of the state board of harbor commissions. He was frequently mentioned as a probable successor to the governorship.

In the height of his usefulness he was stricken and went to Colfax Sanitarium and later to Kula. On the slopes of Haleakala he showed so much improvement in health that he returned to California to take up his work where he had left off, but he suffered a relapse and once more sought Kula as a hope for relief.

At the Sanitarium his brightness and cheeriness made him a favorite of all, officials and patients alike. Practically all of the latter he knew and his advice and suggestions have been valuable to the Sanitarium authorities.

Mr. Arlett was prominent in the church and in masonry and before leaving California was among the foremost of the "dry" workers. In Hawaii he had made a number of friends and had still more admirers.

The funeral services will be held today in Central Union Church and will be brief, conducted under the auspices of the masons. His ashes will be taken by Mrs. Arlett, sailing next Wednesday, to Oakland where it is expected that more formal ceremonies will be held.

## Thanksgiving Eve to Have Holiday Aspect

No attraction has been announced for Thanksgiving eve which will vie in interest with the sale of fancy goods and dance of the Catholic Ladies Aid Society announced to be held in Foresters' Hall, Kahului. From the advance sale of tickets it is certain that there will be a large attendance and the success of the affair.

There are always those who take advantage of the sales and bazaars that come at this season to make selection of Christmas gifts for it is impossible to secure in any stores such articles of hand workmanship as will be on display and sale on Wednesday evening.

As a promise of a pleasant evening the dance needs nothing said in its behalf, arrangements for it are perfect.

## New Tribe of Red Men Will Be Instituted November 26

Maui Tribe No. 2, Independent Order of Red Men, will be instituted Saturday, November 26, a week from tomorrow evening. Judge William Robinson of Honolulu will come over to open up the new Tribe and to install the officers. It is expected that he will be accompanied by E. V. Tood and L. A. Perry, representing Hawaiian Tribe No. 1.

The new lodge opens with a membership of 70.

## In the Churches

## Church of the Good Shepherd

Sunday, November 20th.  
Holy Communion 8 a. m.  
Church School 10 a. m.  
Morning Prayer, and sermon on "The message of Malachi."  
The annual Thanksgiving Day united service will be held on Thursday, November 24th at 10:30 a. m.  
All are cordially invited.  
J. Charles Villiers, rector.

## Makawao Union Church

Rev. Augustine Jones, Minister.  
Morning Worship, 11 a. m.

This is the Sunday on which the special Go-To-Church invitation goes to all the community. If you must miss some other Sunday, do not miss this one. With great care Mr. Jones has been preparing an address on the Universality of Jesus based on the words, I am the Light of the World.

## Wailuku Union Church

Rev. Augustine Jones, pastor.  
Evening Worship, 7 p. m.

The University of Jesus will be the subject of the evening address, based on the words—I am the Light of the World. Harry Washburn Baldwin will sing some of the noble and uplifting music of the Church. This is the special Go-To-Church Sunday that is being emphasized once a month.

Bible study class meets every Sunday at 10:30 a. m., at the Wailuku Union Church under the direction of Rev. E. E. Pleasant. This is a wonderful opportunity and should be taken advantage of by everyone. Don't forget the time and place.

## Kahului Union Church

At Kahului Union Church on Sunday evening Rev. Geo. H. DeKay will speak on "The Land of Abraham Today." The address will be illustrated by many beautiful colored slides showing conditions today among the Armenians, and what American people are doing there with their splendid service of helpfulness. No appeal will be made for special contributions at this time. Come and see what is being done with the help you furnished last spring.

## The Community Church, Lahaina

W. A. Tate, Minister and Director of Americanization for West Maui  
Services held the first and third Sunday evenings in the month at 7:30 p. m. in Baldwin Kindergarten. Bible School every Sunday at 10 a. m. All are cordially welcomed to these services.

## SERVICES IN THE CATHOLIC CHURCHES

**St. Anthony's Church**  
Rev. Father Justin, Pastor.  
Masses at 8 and 10:00 a. m.  
**Our Lady of Victory Church**  
Rev. Father Bruno.  
Masses 8 and 10 a. m.

## Delightful Evening

## Tomorrow is Assured

With a splendidly arranged program of musical and other numbers announced, the certainty of attractive goods on display in the booths and equal certainty of a highly enjoyable dance the bazaar, entertainment and dance to be given tomorrow, Saturday night, by the Woman's Guild of the Church of the Good Shepherd is expected to draw a large attendance to the Territorial Building in Kahului.

The program for the evening was announced Tuesday. It was arranged as to the musical numbers by Mrs. Villiers and reflects her skill and taste in such matters. The music for the dancing will be furnished by the Mary Hoffman orchestra. As to the goods that will be displayed in the booths only those who have made them can tell of the hours, the days and even the weeks that have gone into preparation of them.

This affair was to have been held last Saturday but the ladies kindly gave way to the American Legion so that body might have the Territorial Building for its Armistice ball.

## EXILES REACH GIBRALTAR

GIBRALTAR, Nov. 16—(Associated Press)—Bearing former Emperor Charles and his wife Zita, the British cruiser Cardiff arrived here enroute to Madeira.

## DRESEL ADVANCED

WASHINGTON, Nov. 16—(Associated Press)—Ellis Loring Dresel, U. S. Commissioner to Germany has been nominated the Charge de Affaires of Berlin.

## VACCINATION NOTICE

The government physician will visit the schools of the Haiku district on Monday next, November 21, for the purpose of vaccinating all of the children of such schools that have not previously been vaccinated.

## Britain Orders Halt In Naval Building During Conference

(Continued From Page One)

"causes the gravest misgivings and disappointments."

The Daily Telegraph declares editorially that nothing must stand in the way of ratification of the American proposals. It also expresses the opinion that the world would approve the abolition of submarines but doubts whether that proposal is practicable.

## Full Conference Monday

President Hughes this morning issued a call for session of the conference to be held Monday morning.

Despatches from London received this morning said that the admiralty had announced that all work on four battleships of the super type has been ordered stopped and shipbuilding firms have been notified not to incur further liabilities in the expectation of new construction until further notice. The admiralty office explained that this would, in effect, be an absolute cessation of warship construction pending the outcome of the Washington conference.

Such action on the part of Britain has created no surprise here as the armament negotiations appear to have reached a stage where capital ships ratio may be considered to have been settled so far as Britain and the United States are concerned.

British authorities emphasized the assertion that Britain came to the conference for the purpose of doing

## Japan Already Plans Upon Success of the Conference

(ASSOCIATED PRESS)

TOKIO, Nov. 17—Discussion regarding the economic effect of releasing enormous sums for the distribution of work give striking evidence of the prevailing tendency regard the limitations of armaments as practically accomplished even at the outset of the Washington conference.

The government remains silent but businessmen and bankers have already begun to plan a new Japan, more and better schools, developments of commerce and industry and betterment of service conditions.

T. Wanda, a member of the Tokio Chamber of Commerce expressed the belief that lower taxes and lower prices would result from the saving of 200,000,000 yen annually which would be an important move toward the reduction of the spirit of unrest now manifest.

everything possible to enable China to assume her proper place in the commercial world. They said that Britain would be satisfied if this could be done through the open door, leaving China free to work out and carry on its own destiny.

The Chinese delegation gave out a statement denying that China had presented its ten general principles at the suggestion of the United States.

Tokio despatches said the first enthusiasm over anticipated relief from armament burdens has given place to a spirit of caution with an inclination to look for possible advantages to the United States in its proposals. Expressions favoring a more equal balance of naval power have become conspicuous in the public note.

## McINERNY'S REPRESENTATIVE
