WORDS OF WISDOM. TO COLLEGE GRADUATES!

Rev. Dr. Scudder Delivers the Commencement Sermon Before Oahu College Graduating Class--Large Congregation Listens.

Last night was the occasion of the annual commencement service of Oahu College, and the class of 1905 attended Central Union Church in a body to listen to an address by Rev. Doremus Scudder, D. D. The church was beautifully decorated for the occasion with palms and flowers. The front pews were reserved for the members of the graduating class, who marched into the church in a body just before the opening of the service. A large part of the central portion of the church was reserved for the undergraduates of the school, who were present in large numbers. The remainder of the church was filled with friends of the school and of the graduates. Many prominent alumni of the institution were noted in the congregation.

President Arthur Floyd Griffiths of Oahu College presided at the service, which was opened by an organ prelude, Brown's "Processional March in F." The anthem, "It Is a Good Thing to Give Thanks Unto the Lord," by Shepperd, was sung by the full choir. This was followed by the hymn, "When All Thy Mercies, O My God," by the congregation. President Griffiths read the Scripture lesson from Matthew xi:1-12. Miss Gertrude Hall and Mr. Brown sang a duet, "O, Loving Voice of Jesus," and Rev. W. M. Kincaid,

The offertory solo, "Thou, My Lord, From Whom All Blessings Flow," by Sawyer, was sung by Mrs. Ida Gray Scott. The congregation sang, "Onward, Christian Soldiers." The address of the evening was then delivered by Rev. Doremus Scudder, D. D., on the subject, "The Student's Beatitude." Dr. Scudder took as his text, "Blessed are the poor in spirit, for theirs is the Kingdom of Heaven." He said that the beatitude was the ideal one for students. The poor in spirit were the beggars in spirit. They were the hungry ones, hungry after the truth. The attainment of earth's profoundest scholar is but as rags, of the closest student but tatters. But the true student has wants. The consciousness of his rags makes the beggar want clothes. So the consciousness of his ignorance makes the student want knowledge.

In the open hand of the beggar we see something that illustrates the open, receptive mind of the true student. He is always ready to learn. A beggar takes from everyone. So does a student. He is not ashamed to take all the knowledge that he can. The unfailing, importuning voice of the beggar procures the bounty for him. So the student must not fear to request knowledge from those who have it to give. We must have will, that divinest, crowning element in human character. We must delve for the truth, get facts, go back to nature. The truth is what every student must seek. So we may reach that state when we shall be truly sons of the living God.

At the close of the address Mr. Howland sang a solo, "The Earth Is the Lord's," by Lansing. Dr. Kincaid pronounced the benediction. The organ postlude was Batiste's "Entree de Procession."

to the general reclamation work, said: "This work opens up a new field of national effort. For the first time in the history of the Government, the nation has entered upon work hitherto regarded as exclusively within the domain of private enterprise.

"The reciamation act covers not only the reclamation of government lands which are to be turned over to settlers, but also the sale of water rights to private lands adjacent to the government projects. It guards carefully against land monopoly by providing for small farms, and forces the breaking up of great areas of land in private ownership by refusing to grant water rights to any one individual for more than 160 acres. It provides for cooperation and selfhelp on the part of the settlers, and preserves their selfrespect by making each project selfcompensatory by the sale of water rights to them on long time and easy payments. It provides for home rule by the settlers after the cost of each project is returned to the Reclamation

NEW WEATHERED OAK SET-By the "Sonoma" we received a fine weathered oak dining-room set, consisting of a table, an odd buffet, a leaded glass china cabinet, two arm chairs, and eight regular dining chairs, these latter having green leather seats, which go well with the dark color of the oak.

We also received a very handsome golden quartered oak sideboard and a china cabinet -about as good as can be made in any furniture factory.

RUGS-New lot of all sizes of rugs, including fine Wilton's of all sizes.

WICKER CHAIRS And ROCKERS-A lot of cheap wicker work in the way of chairs and rockers is disposed of every year in Honolulu. THE SUGAR FACTORS' CAMPAIGN.

Yesterday's Sunday Advertiser gave an account of a radical step taken vited the members of the Curtis Comby the Sugar Factors' Company. That control of the Crockett sugar refinery pany, now playing a successful season on San Francisco Bay had been obtained by the Hawaiian planters was known at the Orpheum, on board the U. Artificial manipulation of the supply has comparatively little to do with fixing the price, and fluctuations, up and down, take place almost daily.

In New York, the great Sugar Trust, dominated by Havemeyer and his scores of millions of dollars, is able so to manipulate and control the supply and 2 from the Central Station, 4 from of raw sugar that it arbitrarily holds the price of raw sugar at from five to seven dollars under the current European price. Apropos of the recent belated, though not quite unsuccessful, campaign in ea. Oahu County for government above suspicion of graft, are the following sentiments. They were uttered by speakers at a recent dinner of the Merchants' Association of San Francisco:

If, on primary day, while the bosses are all activity, you say, "Now I lay me down to sleep, I pray the Lord my soul to keep," you will wake up to find out that the devil has gotten in his deadly work. He succeeds at the primaries and controls the nominating conventions only because the great mass of voters fail in their duty.

Repeated attempts have taught me that if decent citizens want to accomplish anything tending to the welfare of good government, they must study the example of the political boss. They must organize; they must program in advance, far in advance, of each political event.

Political graft and civil liberty cannot thrive in the same soil; the one will swallow up and destroy the other.

How many more bogus endorsers are named is not now known, Mr. Baldwin repudiates the attempt to make him responsible for endorsing

LIHUE, June 24.-Saturday, June flying flags, festal arches, waving garlands, and the sound of martial music, apprised the stranger, even from afar, that something unusual was happening. On that day all roads led to the Fair, and every road was astir with travelling feet and speeding carriages from all sections of the island, as well as from Honolulu in generous numbers and from all races of our cosmopolitan population, a joyous happy throng surged through the gates of the fair ground and sought out the various attractions there set forth.

After the manner of the famous Princes street in Edinburgh the shops faced an open park, with a canopied avenue, profusely decorated, running the length of them.

And the man who started down that things more or less sweet, dainty, artistic, valuable, or useless long before

#### THE TRUTH ALWAYS.

"When you are in doubt tell

the truth." It was an experi-

enced old diplomat who said this

to a beginner n the work. It

may pass in some things, but not in business. Fraud and deception are often profitable so long as concealed; yet detection is certain sooner or later; then comes the smash-up and the punishment. The best and safest way is to tell the truth all the time. Thus you make friends that stick by you, and a reputation that is always worth twenty shillings to the pound everywhere your goods are offered for sale. We are able modestly to affirm, that it is on this basis that the world-wide popularity of WAMPOLE'S PREPARATION rests. The people have discovered that this medicine is exactly what it is said to be, and that it does what we have always declared it will do. Its nature also has been frankly made known. It is palatable as honey and contains all the nutritive and curative properties of Pure Cod Liver Oil, extracted by us from fresh cod livers, combined with the Compound Syrup of Hypo-phosphites and the Extracts of Malt and Wild Cherry. A combination of supreme excellence and medicinal merit. Nothing has been so successful in Anemia, Scrofula, Bronchitis, Influenza, Loss of Flesh and Wasting Diseases, Weakness and Low Nervous Tone, and all complaints caused by Impure Blood. Dr. Austin D. Irvine, of Canada, says: "I have used it in cases where cod liver oil was indicated but could not be taken by the patient, and the results following were very gratifying." It cannot deceive or disappoint you, is effective from the first dose and comes to the rescue of those | Rep., 60; Kanealii, Dem., 73.

#### LAST WEEK OF TERRITORY BAND

The Government Band will play this evening at Emma Square and tomorrow evening at the Young Hotel. On Wednesday evening a concert will be given at the Palama R. R. station and Thursday evening at Thomas Square. Besides these set concerts the various steamers will be played off and other occasions attended to as they arise.

Yesterday afternoon the band gave its last concert in the Capitol grounds day. as the band of the Territory. It was largely attended and regrets were numerous that this was possibly the last time the band as an organization fostered by the government would be heard. There is hope, however, that the County of Oahu will take over the band and maintain it. Most of the Supervisors on Saturday afternoon pledged themselves to do what they could to keep it going.
