## DEAN ROADHOUSE PASSES AWAY

(Associated Press Cable to The Star.)

SAN FRANCISCO, November 29.—Dean Roadhouse, who was recently elected Dean of the Agricultural College at Honolulu, died here today.

### EVIDENCE ALL IN.

WASHINGTON, D. C., November 29.—Evidence in the trial of Mrs. Bradley for the alleged shooting to death of Senator Brown of Utah was closed today and the case goes to the jury on Monday. Allentists have testified that the woman is insane.

### KNICKERBOCKER TO REOPEN.

NEW YORK, November 29.—The Directors of the Knickerbocker Trust Company are planning to reopen the institution in the near future.

### SOUSA IS BETTER.

CHICAGO, November 29.—John Sousa, the famous bandmaster stricken with ptomaine poisoning, shows considerable improvement today and it is believed that he will recover.

### STOCKS SHOW IMPROVEMENT.

NEW YORK, November 29.—The condition of the stock market is very encouraging. Stocks opened up very strong.

### SITTING ON THE DOUMA.

ST. PETERSBURG, November 29.—The Government insists on the exercise of autocratic power.

### FOUGHT OFF BANDITS.

SAN BERNARDINO, November 29.—Station Agent Perrine at Nebo in an encounter with three Mexican bandits, last night, killed one of the number and wounded another while the third made his escape.

### WAS NOT MURDERED.

OAKLAND, November 29.—Kimmons, who was supposed to have been murdered by Engineer M. A. Wilkins who murdered his wife and attempted to dispose of the body by burying it in quicklime and who is suspected of other crimes, is discovered to be alive.

## ROOSEVELT TO GOVERNOR FREAR

THE PRESIDENT WRITES A STRONG LETTER CALLING A CONFERENCE OF GOVERNORS OF STATES AND TERRITORIES TO MEET AT THE WHITE HOUSE NEXT MAY—MOST IMPORTANT QUESTION NOW BEFORE THE PEOPLE.

The mail yesterday brought the following letter from President Roosevelt:

"The White House, Washington, November 11, 1907.  
"My Dear Governor:—The natural resources of the territory of the United States were, at the time of settlement, richer, more varied, and more available than those of any other equal area on the surface of the earth. The development of these resources has given us, for more than a century, a rate of increase in population and wealth undreamed of by the men who founded our Government and without parallel in history. It is obvious that the prosperity which we now enjoy rests directly upon these resources. It is equally obvious that the vigor and success which we desire and foresee for this nation in the future must have this as its ultimate material basis.  
"In view of these evident facts it seems to me time for the country to take account of its natural resources, and to inquire how long they are likely to last. We are prosperous now; we should not forget that it will be just as important to our descendants to be prosperous in their time as it is to us to be prosperous in our time.  
"Recently I expressed the opinion that there is no other question now before

the nation of equal gravity with the question of the conservation of our natural resources; and I added that it is the plain duty of those of us who, for the moment, are responsible, to make inventory of the natural resources which have been handed down to us, to forecast as well as we may the needs of the future, and so to handle the great sources of our prosperity as not to destroy in advance all hope of the prosperity of our descendants.  
"It is evident that the abundant natural resources on which the welfare of this nation rests are becoming depleted and in not a few cases are already exhausted. This is true of all portions of the United States; it is especially true of the longer settled communities of the East. The gravity of the situation must, I believe, appeal with special force to the Governors of the States because of their close relations to the people and their

## Two Presidential Aspirants

Gov. John A. Johnson, of Minnesota, and Lieutenant Governor Lewis Stuyvesant Chanler of New York are the two latest presidential aspirants. Governor Johnson has rapidly advanced himself to the front rank of national politics by his force of character and his rather original ideas and young Mr. Chanler is one of those

## BALL GAME HOLD-UP CAUSING A KICK

CROWD AT YESTERDAY'S GAME RESENTED BEING SHUT OUT OF STAND TO WHICH IT PAID ADMISSION AND TOOK POSSESSION DESPITE THE MANAGEMENT'S PLANS TO GET MORE MONEY FOR THE SEATS.

An attempted hold-up of the public at the baseball game yesterday caused something of a disturbance in the bleacher section, until the matter was settled by a lot of the crowd simply taking possession of seats which had been suddenly promoted to the "reserved" class. The incident served to accentuate a good deal of public feeling over what is criticized as a very grasping local management of the enterprise, and there is little chance that the Honolulu Baseball League will again turn its grounds over to any individual for such a purpose. In future the league itself will handle such affairs, as many think it should have done this time.

In spite of altogether unexpectedly large patronage of the games, the scheme to run up prices and get more money for the seats, and the games began. The climax came yesterday, when a crowd that had paid for admission to the bleachers was kept out, while there was still a big blank space of unoccupied seats on the bleachers. Those who attempted to occupy them were told that they had been "reserved," and that places could be bought in among them.

There was a lot of wrangling, and finally a number of the crowd simply announced an intention of taking the seats, and did so, amid loud cheers from the rest of the bleachers. This helped to relieve the field of crowding to some extent, though the Coast team twice suffered loss of time while waiting for a ball on the "sidelines."

The raise in prices of admission, after it was found that the series of games was a financial success, caused a lot of unfavorable comment about town and more than one business man expressed indignation. "Manager Woods appeared suddenly to decide that the time was ripe for getting all that could be squeezed out of the public," said one business man who had something to do with the making of the enterprise possible, "and it is the last proposition we will help without knowing better how it is to be run."  
From the Hygeia yacht committee comes another large-sized kick. It was understood that there was to be a benefit game for the trans-Pacific yacht, but in the general policy of grab all quickly this has been called off too.

Jack Lucas was among those who objected to the shut-out at the bleachers yesterday, and he made himself heard according to habit. Lucas said that the way things were done yesterday was "without a doubt the worst thing that had ever been thrust on the public here. It was advertised that the seats in the bleachers yesterday were to be twenty-five cents," said Lucas, "and when I arrived yesterday at the grounds I was informed that the seats would be \$1. This I objected to on the grounds that Woods had no business to charge that amount after he had made a regular price. It is certainly a skin game of the worst kind and it would be a very good thing if the people refused to go to any more games. It has been a money making scheme all the way through, and the people should object to being flimflammed out of their money the way they have been.

"The games have all been very poor, and the game yesterday was one of the worst exhibitions I have ever seen of the national game. If another such exhibition is forced on the public, I do not know what will happen, as it looks to me as well as it does to a good many others that the teams are not doing their best. I went out to the grounds yesterday with a party of friends expecting to see a good game of ball, but the game yesterday was not even in school boy class. I hope that the papers will take up this skin game at the box office, and that the rest of the games will be good, clean ball."

T. B. Lyons, of Maui, stated this morning to a representative of The Star: "The way the seats were handled yesterday at the baseball game was outrageous. I came down from Maui to see the games, and I expected to get my money's worth, but so far have been unable to do so. I saw by your paper that the seats yesterday were to be two-bits in the bleachers, but when I arrived at the grounds I was obliged to pay one dollar. When I saw the seats I demanded my dollar back. After a good deal of talking at the box office, I was given back seventy-five cents, and had to be satisfied with seats that are as a rule free. I don't mind paying money for its value, but I do object to being stuck."

## Island Fleet Being Tied Up

### VESSELS AVAILABLE

INTER-ISLAND COMPANY'S PROBABLE POLICY IN THE EVENT OF A TIE-UP.

What to do for inter-island transportation when the engineers of the Inter-Island Steam Navigation Company all quit, as they may any day, is a matter that is now receiving earnest attention.

The American-Hawaiian S. S. Nevada, now at Kahului, may be sought to make a tour of island ports to carry mail, freight and passengers. She would help out to a considerable extent, taking a route that would take in Hawaii, Maui and Kauai and at least guaranteeing the other islands mail during the tie-up of the Inter-Island fleet, a tie-up that might endure for some time.

Whether the Nevada can be procured is not known at present, for it means calling New York headquarters and it is problematical whether she can be spared from the contemplated trip with sugar from Maui to San Francisco, although there was rather well-defined talk recently of the Nevada going on the inter-island run altogether. This talk may have been the result of overtures between

(Continued on Page Five.)

## HAWAII GIRLS ARE STOWAWAYS

(Special to the San Francisco Chronicle.)  
SEATTLE, Wash., November 17.—The heavy of Hawaiian beauties, which, under the chapter of Mrs. Edyth Weathered, has been touring the Pacific Coast, are tonight stowaways aboard the steamship Jefferson, bound from Juneau to Seattle. The fair stowaways are, however, under the protection of a bunch of big-hearted Alaskans, returning delegates from the Juneau convention.  
The trouble of the Hawaiian girls is due to the refusal of the officers of the steamship company to accept drafts on Honolulu in payment for their passage. Mrs. Weathered is a sister of Leroy Tozier, a prominent Alaskan, and he was appealed to. In spite of protests from the stowaway people, the girls were taken aboard the Jefferson, with the promise that their transportation difficulties would be taken care of upon arrival at Seattle.

### DRESSED DOLL FREE.

The beautiful dressed doll on display in our window will be given away to the child receiving the largest number of votes during the Holidays. See our ads for conditions. N. S. Sachs Dry Goods Co., Ltd.

## JOLLY TIME AT SEASIDE TONIGHT

Where the St. Louis Club are giving a dance in honor of the returning victorious nine from Japan. Jimmy Britt, Mique Fisher, "Red Dog" Devereaux and the rest will be there to welcome the St. Louis nine. Arrangements have been made with the Rapid Transit Co. for late cars so that you need not worry about getting home. Tonight is sure the night and the Seaside will see a record crowd. Be sure and telephone 834 and make table reservations at dinner.

Fine Job Printing, Star Office.

## PASSAGE MONEY NO LONGER ACCEPTED

INTER-ISLAND STEAM NAVIGATION COMPANY NOT SELLING TICKETS FOR THE STEAMERS SCHEDULED TO LEAVE TUESDAY, IN VIEW OF A PROBABLE SHUT DOWN OF THE SYSTEM—TWENTY-SIX RESIGNATIONS.

The Inter-Island engineers' threatened strike for higher wages is gradually materializing, and to an extent is already in operation; nearly all the engineers have resigned; six resignations have already taken effect; the company are transferring men from boats as they come to port to boats as they are ready to go out in order to keep the system going; and Tuesday next is now awaited as the day when the greatest crisis is likely to occur.  
Out of thirty-three engineers in the employ of the I.-I. S. N. Co., twenty-six have resigned and the resignations of the remaining seven are momentarily expected. Six men have quit, their resignations having already taken effect and the resignations of twenty of

(Continued on Page Five.)

## MORE GAMBLERS GATHERED IN

POLICE MAKE A RAID AND CAPTURE SIXTEEN OF THEM LAST NIGHT.

Thirty three law breakers were in Police court this morning to answer to the different charges against them. Sixteen lovers of "chance" were caught last night in a gambling raid, and as a result the funds of the Territory were increased to a big amount. Two of the gamblers who were caught last night have been convicted three times in the last week for the same offense, and as a punishment for their being so careless, were fined \$10 and costs each. The other fourteen were fined \$5 and costs each.

Four unfortunates who had been taking too much Thanksgiving cheer were obliged to contribute also to the funds of the Territory. Two were fined \$3 and costs each, one decided that he would give up his bail amounting to \$6 and the other one was sent over for a ten day sobering up in the County Boarding house.

Several of the other cases were continued until later dates. The case of assault and battery against Paxson, agent of the Singer Sewing Machine Company, on Hotel street, came up and the court decided he was not guilty after it had heard the summing up of Judge Davis. The complaining witness "Edmunds of loud and disturbing noise fame" was asked to leave the store one day last week, and not going as fast as he might have gone, tripped up on the door sill and then swore out a warrant for Paxson, claiming that he had hit him. He was not at his best this morning on the witness stand, and the legal argument of Judge Davis before the court was too much for the prosecuting attorney who was unable to make a case against Paxson.

McCloud, who had been arrested for heedless and reckless driving was also acquitted, as the evidence was not enough to make a case against him.

## ELKS' MEMORIAL

The Elks Memorial Day services will be held on Sunday at 2 o'clock at the Opera House. The program committee has arranged a very impressive program, and a large attendance is expected. The speakers will be L. E. Pinkham and John Hughes. Music will be furnished by the Honolulu Symphony Orchestra. The stage is being handsomely decorated. The first Sunday of December is observed by all Elk lodges with public services in memory of departed brothers.

### BRUTAL ASSAULT.

William Olepau yesterday evening beat his eight-year old daughter with a broom-stick, breaking an arm and fracturing a shoulder. She was taken to the hospital and the police sought the brutal father.

### BENEFIT TO STOREKEEPERS.

K. Yamamoto, the biggest importer of Japan rice, is the only local merchant who imports his rice direct from the fields, thereby saving the middleman's profit of which his patrons gets the benefit of.

Delicious pies and cakes. Candy fresh every day. New England Bakery.

Times of the tide are taken from the U. S. Coast and Geodetic Survey tables. The tides at Kahului and Hilo occur about one hour earlier than at 10 hours 30 minutes slower than Greenwich time, being that of the meridian of 157 degrees 30 minutes. The time whistle blows at 1:30 p. m. which is the same as Greenwich, 0 hours, 0 minutes. The Sun and Moon are for local time for the whole group.

Shipping in Port

U. S. DEPARTMENT OF AGRICULTURE.—WEATHER BUREAU.

The following data, covering a period of 33 years, have been compiled from the Weather Bureau records at Honolulu, T. H. They are issued to show the conditions that have prevailed, during the month in question, for the above period of years, but must not be construed as a forecast of the weather conditions for the coming month.

Month, November, for 32 years.

TEMPERATURE (1880-1906).

Mean or normal temperature, 74°.

The warmest month was that of 1896, with an average of 76°.

The coldest month was that of 1893, with an average of 72°.

The highest temperature was 86° on the 14th, 1891; 21st, 1896.

The lowest temperature was 56° on the 20th, 1892; 17th, 1893; 24th, 1897; 25th and 26th, 1902.

PRECIPITATION (1877-1894, 1904-6).

Average for the month, 4.52 inches.

Average number of days with .01 of an inch or more, 14.

The greatest monthly precipitation recorded in any 24 consecutive hours was 5.22 inches on the 30th, 1890.

RELATIVE HUMIDITY.

Average, 9 a. m., 71 pct.; 8 a. m., 70 pct.; average, 9 p. m., 89 pct., (1893-1903); 8 p. m., 74 pct., (1904-6).

CLOUDS AND WEATHER (1890-1906).

Average number of clear days, 10; partly cloudy days, 14; cloudy days, 6.

WIND.

The prevailing winds are from the NE. (1875-1904, 1904-6).

The average hourly velocity of the winds is 8.0 miles (1904-6).

The highest velocity of the wind was 28 miles from the NE. on the 17th, 1904; 15th, 1905 (1904-6).

Station: Honolulu, T. H.

Date of Issue: October 31, 1907.

\* 9 o'clock averages from records of Territorial Meteorologist; 8 o'clock averages from Weather Bureau records.

WM. B. STOCKMAN,

Section Director, Weather Bureau.

## FOREIGN NEWS BY CABLE

**YAQUIS ATTACKS PARTY.**  
EL PASO, Texas, November 28.—Word has been received here of an attack upon a prospectors' pack train in the State of Sonora, Mexico, by a war party of Yaqui Indians. Four of the prospectors were killed and two injured in the fighting.

The attacking of Americans by the Yaqui Indians is something of comparatively recent date, although the Mexicans and the Indians have been at war for years, a war of extermination on the part of the soldiery. The reasons given now for the attacking of bands of American miners and prospectors by the Indians is that the latter must have arms to defend themselves and to secure these are ambushing the Americans.

**EXPLOSION CAUSES DEATHS.**  
KANSAS CITY, November 28.—An explosion of natural gas occurred in a railroad rooming house in this city yesterday, wrecking the building and causing the death of many of the occupants. Seven bodies have been recovered from the ruins so far and there are more yet to be found.

**RAID TURKISH RAILROAD.**  
SAMARKAND, Turkey, November 28.—A troop of forty bandits raided the railroad station here yesterday, capturing the place. The office safes were blown open and booty to the amount of ten thousand dollars secured. The robbers made good their escape.

**JOBS ARE ALL FILLED.**  
WASHINGTON, November 28.—Goethals, the United States engineer in charge on the Panama Canal construction work, discourages all applicants for work on the big ditch, having issued a general statement that all the positions in connection with the work have been filled.

**LONG STROLL.**  
CHICAGO, November 28.—E. F. Weston, aged seventy-three years, arrived here yesterday from Portland, Maine, having walked the twelve hundred and thirty-four miles in twenty-four days and nineteen hours.

**PERSIAN CABINET RESIGNS.**  
TEHERAN, Persia, November 28.—The international troubles between this country and Turkey have brought about a crisis in the Persian Government and the cabinet members have resigned.

**PAWNSHOP SACKED.**  
TUMLA, Russia, November 28.—The government pawnshop was entered by robbers yesterday and gems and gold to the value of five hundred dollars were taken.

**LISTS CLOSED.**  
WASHINGTON, November 28.—The subscription lists for the government three-per cent certificates have been closed.

**MORE FIGHTING.**  
MAGADOR, Morocco, November 29.—Heavy fighting took place yesterday between the loyal forces, led by Calid Aulfoos, and the insurgents followers of the pretender Mulai Hafiz. There was great slaughter on both sides.

**ALGERIA INVADED.**  
ORAN, Algeria, November 29.—A portion of the insurgents Moroccan army has invaded Algeria and routed a detachment of French troops, killing eleven of them. The French troops rallied and were reinforced, after which the invaders were driven back.

**FACES FOURTH TRIAL.**  
GEORGETOWN, Kentucky, November 29.—The jury which is to try Cal Powers for the assassination of Governor Goebel has been completed.

**KIDNAPERS OPERATING IN CITY OF MEXICO.**  
CITY OF MEXICO, November 29.—The police are after a regularly organized gang of kidnapers which is operating in this city. During the past two months forty-nine children have been stolen from their homes and the crimes are believed to have all been committed by this one gang.

**KAUFMAN GETS DECISION.**  
SAN FRANCISCO, November 29.—Al Kaufman won the decision in the twenty-fifth round last night in his fight with Jack ("Twins") Sullivan.

**HAS SUICIDAL MANIA.**  
CHICAGO, November 29.—Dora McDonald is violently insane. Yesterday she twice attempted to commit suicide.

**WENT UP IN SMOKE.**  
CHICAGO, November 29.—The Mul-lin breweries were destroyed by fire yesterday, the loss being two hundred thousand dollars.

**THANKSGIVING FOOTBALL.**  
PHILADELPHIA, November 29.—The Pennsylvania University football team defeated Cornell yesterday by a score of twelve to four.

**WERE DEFEAT THE ANGELS.**  
LOS ANGELES, November 29.—The

## DURING THE DAYS OF PANIC

No such scenes have been enacted in the financial history of this country for a generation as have been witnessed in New York recently and, unhappily, the end does not yet appear in sight. After millions had been withdrawn from several great banking houses, and the officials decided to close the doors, thousands of persons besieged the institutions and demanded their money. Police reserves thronged the streets and try to keep a semblance of order, but the shouting of ubiquitous newsboys with extra editions of the afternoon papers coming out every few minutes has only added to the clamor and general excitement. Our illustration conveys but a poor idea of the excitement, for to the throngs the imagination must lend the noise and turmoil and the disturbing rumors which are in constant circulation and which would, in any less law-abiding a community, beget mob rule in an instant.

## SHUTTING OFF IMMIGRATION

Associated Press, Morning Cable.  
TOKIO, November 28.—It is understood that the American Minister here has called the attention of the Japanese Government to the figures of the American Immigration Department which show a great increase in the number of Japanese entering the United States during the past few months on the Pacific Coast. An investigation has been ordered to ascertain the cause for the issuing of so many passports, without which, under the new ruling in the treaty clause respecting immigration no Japanese can enter America.

Assurances have been given that the Japanese Government is willing to meet the views of the American and Canadian Governments respecting immigration of Japanese laborers.

TOKIO, Nov. 18.—The Foreign Office has notified the immigration companies that only 406 Japanese will be allowed to go to Hawaii during this month and December. It is understood that the government intends to exercise a closer supervision over those going as students to San Francisco.

There is reason to believe that considerable fraud has been practiced by registering laborers as students, and this has escaped the scrutiny of the immigration inspectors.

American Ambassador O'Brien has been active in conference on this subject with Minister of Foreign Affairs Hayaashi, who has issued more stringent instructions to the inspectors, and it is understood that further instructions are under advisement.

The Japanese government is said to be considering the advisability of shutting off all immigration to the United States and Canada for the present, on the ground that economic conditions render it inadvisable for citizens of Japan to visit foreign countries.

visiting football team from the Oregon Agricultural College defeated the St. Vincent team in yesterday's game. Score: Oregon, 10; St. Vincent, 5.

LOS ANGELES, November 29.—The Los Angeles High School eleven defeated the Lick eleven by twenty-seven points to nothing.

**SOUZA SERIOUSLY ILL.**  
CHICAGO, November 29.—John Philip Souza, the famous bandmaster and composer, is seriously ill with pneumonia.

**Taft's Mother Ill.**  
MILLBURY, Mass., November 29.—Mrs. Taft, the mother of Secretary of War Taft, is seriously ill.

**PRESIDENTIAL THANKSGIVING.**  
MONTPELIER, Virginia, November 29.—The President and Mrs. Roosevelt visited President Madison's homestead yesterday.

**Fine Job Printing, Star Office.**

month and December. It is understood that the government intends to exercise a closer supervision over those going as students to San Francisco.

There is reason to believe that considerable fraud has been practiced by registering laborers as students, and this has escaped the scrutiny of the immigration inspectors.

**CONCERT TONIGHT.**  
A popular complimentary band concert will be given this evening at 8 o'clock at the Royal Hawaiian Hotel, with the following program:

March—Governor Fear.  
Ahi Wela and Eilele.  
March—Our Dear.  
Maunaloa and Aloha Oe.  
Vocal—Hilo Kupa Loke.  
March—Baseball.  
Hooheha and Lau Vahine.  
March—Ipo Laue and Maui ka Oe.  
Hawaii Pono.  
Star Spangled Banner.

**STOCK GRAVE WITH WHISKY.**  
NEW YORK, November 7.—Seventy-five-year old Phineas C. Wright of New Haven, Conn., has had his grave opened and a barrel of whisky placed in it. Mr. Wright had the grave dug a year ago and a marble slab laid on it. On the slab was carved "going, but know not where," and a life-sized bust of Mr. Wright.

The stonemason didn't make the

whiskers of the aged man to suit and he had to trim them several times. Mr. Wright doesn't say what he means to do with his whiskey.

Letters to THE HAWAIIAN STAR should not be addressed to any individual connected with the office, but simply to THE HAWAIIAN STAR, or to the Editorial or Business Departments, according to tenor or purpose.

FRANK L. HOOBS, MANAGER

FRIDAY, NOVEMBER 29, 1907

## Neglecting The Streets

The condition of some of Honolulu main streets suggests that there is something radically wrong with the way in which the local administration looks after the rights of the public to reasonable preservation of clean streets and sidewalks. Many weeks ago a building contractor operating on Merchants street opposite the police station, coolly destroyed the sidewalk, and nothing has been done to repair it. In wet weather the condition of the street here is such that it is almost impossible to walk on and the sidewalk is almost dangerous. It has been left in this condition for weeks. Is there no official whose duty it is to prevent this sort of thing? As another example King street, in its busiest part, has had big heaps of dirt piled on it and left there for days, apparently without any excuse except that those who piled it were in no hurry to cart it away. Such obstructions should receive official attention if left for a single hour in such a locality. And when contractors begin building operations which make it necessary for them to destroy sidewalks they should be forced to make a new temporary sidewalk, either around or above the one which they destroy. It is up to the supervisors.

## Los Angeles Hustling

The itinerary of the battleship fleet after it arrives at San Francisco is a matter of uncertainty. According to the plans made the vessels are to reach the Golden Gate on March 14 next. After that, Admiral Evans appears to have been given discretion to make such movements as he sees fit. But somewhere, on the Pacific side, there is to be "battle practice" and it would seem that Honolulu should stir herself to try and have it in these waters. "The navy department," says a Washington dispatch of November 16, "has heard from the various harbors adjacent to Los Angeles, each begging that the battleship fleet be ordered to stop at the only real harbor on the Pacific coast." The same dispatch says: "In any event at some time and some place the battle practice will be carried out, probably at Manila if the ships reach that part of the world. Arrangements for the yearly small arms practice will also depend upon the movements of the command. It will be necessary in any event to improvise targets at some convenient place, either on the Pacific coast or at Olongapo. Officers of the fleet are now a unit in believing they will be ordered around the world via Manila and Suez."

It would undoubtedly be worth while to set out the advantages we have for fleet maneuvers. Certainly no better waters can be desired and there is plenty of smooth anchorage. It has been frequently stated that Hawaii was decided upon as the place for such maneuvers some years ago, but that the plan had to be abandoned then for reasons growing out of the war in the Far East. Whether this report is true or not, Honolulu can do no harm by energetically backing up the resolutions which the Muskogee conference has already passed, which ask that the fleet call here. Since that resolution passed we know from cable advice that at least a call is planned. We shall probably see the fleet about July and the vessels may celebrate the Fourth here. Why not try and have the battle practice here?

## John D. a Civilizer

Another Standard Oil circular has come to hand, and from its pages one may learn not merely that the trust has a soul and is a very nice concern indeed, but that it has been possibly the greatest single contribution to the progress and civilization of the country it has had the good fortune to grow upon. Says this latest defense and eulogy of Rockefeller: "The question was recently propounded, 'What has been the greatest contribution to the progress of civilization in this country?' The natural replies—the printing-press, the steam-engine, the telegraph—were all negated by the propounder and the true answer declared to be, 'The Standard Oil Company.' Further explanation was offered somewhat in this wise: 'The Standard Oil Company, by improving the processes of refining petroleum, by raising the standard for refined oil and by lowering its price, has made it possible for the farmer, the dweller in the small towns and villages, the ranchman and the miner in their isolation, to have a safe, efficient, and cheap light, and by its help to read at will through the long evenings of the winter. The availability of an inexpensive standard illuminant has made possible the extension of the mission of the printing-press; by bringing the distant dwellers into contact, through their reading, with the world has increased their desire and their need for travel, has spread civilization into the far corners of the land.'"

It is admitted by the author of the circular that this view may be a bit exaggerated, but he declares that there is more than a germ of truth in the suggestion. It is a new view of John D., to think of him almost ruining his health in his business of becoming a billionaire without the public ever knowing that he was really striving to enable the common people to read at night, and it is sad to think that they have used his nice oil for years to read of Standard Oil nothing but roasts.

The local baseball players have not won a game from the Coast champions yet, but they have made a showing of which they may well be proud,—and Honolulu is ready to try and do even better next year.

With over seventy automobiles turning out for a Thanksgiving morning contests, Honolulu certainly makes a fine showing as an auto town.

If there is a strike on inter-island steamers probably each side will lose more than the difference in salaries disputed would amount to in a long time, while the public suffers all around. The situation is enough to make converts for the principle of compulsory arbitration of labor disputes.

## Tales Worth Telling

## MUCH IN LITTLE.

A. J. Ulrich, traffic manager of the Keystone Telephone Company of Philadelphia has taken the word "please" from the vocabulary of his exchange girls. They will hereafter say "ring off" instead of "please ring off," "call again," instead of "please call again" and so on.

"The word 'please,' Mr. Ulrich explained to a reporter, 'was used in our telephone business 900,000 times a day. Allowing half a second for its utterance, that meant a daily waste of 125 hours. Why shouldn't all those hours be saved, saved for some better use?'"

"You know," Mr. Ulrich went on, "I believe in few words. Wasted, superfluous words mean spoiled effects. What for instance, could have been more telling, more effective than the note, containing not a single superfluous or wasted word, that a man once wrote to his physician?"

"This note ran: 'Dear Doctor—I had a few words with my wife last evening. Please send me a bottle of lotion.'"

## THE PRUDENT PIPER.

Thomas F. Ryan, the noted financier, was talking about music in the smoke-room of the Deutschland.

"I like all music," he said, "except such native and special sorts as the tom-tom, the bagpipe or the Indian hufaa give off."

"Speaking of bagpipes, did you ever notice how a piper prances up and down as he pipes? He never sits, he never stands still, but up and down, round and round, to and fro he struts continually."

"A little boy, listening to the weird skirl of the bagpipes of a street performer, once said to his father:

"Father, why does the piper keep on the move all the time he plays?"

"I can't say, my boy," the father answered, "unless it is to prevent any one getting the range with a cobbler's stone."

## A DIFFICULT LINGO.

"When George Ade wintered in Egypt," said a Baltimorean, "it amused him a good deal to see the serious way in which his fellow tourists took their smattering of Egyptian archaeology, of the Arabic tongue, and of the ancient Egyptian dynasties. They had picked up all this flimsy knowledge in a week or two's reading, but they acted as though it was the precious fruit of a lifetime's study."

"At Assouan one fine day a young woman from St. Joseph complained that she could not understand the Arabic of her guide. To the crowd that encircled her she pointed out the guide—a bent old fellow with a white beard—and she said bitterly that, after her thorough study of Arabic, it seemed strange that she and this guide could not converse."

"From the rear of the crowd Mr. Ade called gravely:

"It's your own fault, Miss Hodson. You should have hired a younger guide. These toothless old ones all speak gum Arabic."

## MANSFIELD'S REBUKE.

A group of theatrical men were talking in New York about the late Richard Mansfield.

"Mr. Mansfield," said one "was a delightful humorist, a splendid raconteur in society, but at the same time he had a certain proper and becoming sense of his own dignity, and it never failed to be unduly familiar with him."

"He was, as we all know, rather bald. He resented, from barbers or friends, any allusion to his baldness."

"Well, one night at a party a man came up behind this great artist, staggered him with a violent slap on the back, and exclaimed in a loud, jovial, familiar voice:

"Hello, Dick. How are you? Every time I see you you get bald and bald."

"Mansfield drew himself up. He sneered at the other."

"Hello," he said, "I don't know who you are, but every time I see you you get ruder and ruder."

## BUT THEY KEPT THE NICKEL.

President Shonts of the Interborough Company of New York said at a recent dinner:

"A public servant does its best to please the public. As time passes, its service continually improves. Nevertheless when the public servant happens to be a street railway, it is but natural that its cars should be more crowded in the rush than in the idle hours."

Mr. Shonts smiled.

"And crowded cars mean complaints, don't they, the world over?" he said.

"I remember once being on a crowded car in Cincinnati."

"A man hung to a strap near me. He was a polite man, and, to let people on and off, he kept on the move. Now he ran to the front of the car, now to the rear, now to the middle, wherever there happened to be most space. And it was plain that all this hustling and bustling and rushing to and fro made him angrier and angrier as time went on."

"He restrained his rage till he came to get off. Then, all of a sudden, it overpowered him."

## Daggett & Ramsdell's Cold Cream

We carry this celebrated remedy. This cold cream should be in every home to relieve chapped hands and chafed and inflamed conditions of the skin. It also prevents the formation of premature lines and wrinkles in the face.

In all sizes from 25c. tubes to 1-pound jars.

Also Riker's Improved Cold Cream.

## APPEAL TAKEN

Exceptions were filed this morning by H. P. Baldwin and by the other defendants in the \$400,000 damage suit of W. J. Lowrie vs. H. P. Baldwin et al., to the order of Judge Robinson striking from the files the affidavit of D. L. Withington, together with a purported copy of a deposition of W. J. Lowrie alleged to have been taken for use in a similar action in the Massachusetts court, on the ground that the court's order is a refusal to consider the good faith of the defendants, and an abuse of the discretionary powers of the court, in refusing to allow certain other evidence than the original complaint and amended complaint.

Fine Job Printing, Star Office.

## HAGGLING OVER THE SMALL DETAILS

BOARD OF HEALTH STILL UNABLE TO ACT WITH DIRECTNESS REGARDING WALLACH.

The Wallach matter is still up in the air. The meeting of the Board of Health on Wednesday afternoon left it apparently as far from settlement as ever, and when the meeting adjourned after an hour of talk, no appreciable progress had been made.

All of the members of the Board were present at the meeting except Attorney General Hemenway, while of the famous "committee of ten" which acts as Wallach's representatives, John Lane, Supervisors Harvey and Fern, Charlie Nottley, Shanks Mossman and several others were present, including of course, the everlasting female rock doctor.

Wallach wants to go to the settlement with several of the members of the "committee of ten" and have a hand in the selection of the subjects on whom the healer is to work his spells. At least this is the point on which he is just now enlarging to keep up the pretense he is making of being sincere in his desire to be given a fair show. If the Board does accede to this demand it will simply demand a little ingenuity to rake up more objections, to avoid carrying out his boasted promises.

Besides wanting to go to the Settlement Wallach also demands the right to go and come from the hospital to be established at Kalia at will, and not be subject to the Board of Health at all. The Board demands that it shall have charge of the outer gate and that the "doctor" shall register his goings and comings.

Dr. Wayson, who has from the first advocated letting Wallach have plenty of rope in the conviction that he would soon wind up his career, and who as a result has been hailed as the only fair white man on the board by the Hawaiian demagogues, has now showed signs of turning. He made an address to the Hawaiians in which he demanded to know whether or not Wallach refuses to sign the agreement unless allowed to go to the settlement. He was not able to get an unequivocal answer to this, however, although he put the question to Lane straight several times. Lane sidestepped with a lot of hot air, as did Nottley and Mossman, all of them chewing over the same old story about aloha for the sufferers at Molokai, the hardship of bringing some here who may have to be rejected by Wallach on account of their being afflicted with some complicating diseases aside from leprosy, etc., etc.

Wayson declared that as a member of the Board he would not consent to have Wallach go to the settlement. All he wants to get there for, Wayson declared, is to stir up trouble and disturb the peace of the settlement by hot air speeches. He wouldn't stand for that. Wallach was to have two physicians to represent him in selecting the twelve patients for the experiment, and these were to be chosen from candidates selected by the lepers themselves.

Wallach wanted to address the meeting. President Pinkham wouldn't have anything to do in the matter, but put it up to the Board. Wayson moved not to let Wallach talk. The body was conferring with the "committee of ten" and not with Wallach. This motion prevailed by a vote of three to two, Dr. Baldwin and F. C. Smith voting against it.

Smith stated that he would ask to be excused from voting on the proposition to let Wallach go to the Settlement, or any other alterations of the conditions. He didn't think, inasmuch as the board had consented to treat with Wallach that he should be treated like a rascal, and denied a right to be heard. Dr. Baldwin voiced similar sentiments, although he with Smith has heretofore been most uncompromising against Wallach.

Pinkham suggested that inasmuch as the experiments cannot begin for several weeks yet the matter might rest for a week without serious harm, and Wayson made a motion that it be laid over till another meeting which carried. A motion that the question of letting Wallach amend the articles be submitted to the lepers themselves, was offered by Dr. Baldwin and carried.

## ROOSEVELT TO GOVERNOR FREAR

(Continued from Page One.)

responsibility for the welfare of their communities. I have therefore decided, in accordance with the suggestion of the Inland Waterways Commission, to ask the Governors of the States and Territories to meet at the White House on May 13, 14 and 15, to confer with the President and with each other upon the conservation of natural resources.

"It gives me great pleasure to invite you to take part in this conference. I should be glad to have you select three citizens to accompany you and to attend the conference as your assistants or advisers. I shall also invite the Senators and Representatives of the Sixtieth Congress to be present at the sessions so far as their duties will permit.

"The matters to be considered at this conference are not confined to any region or group of States, but are of vital concern to the Nation as a whole and to all the people. These subjects include the use and conservation of the Mineral Resources, the Resources of the Land, and the Resources of the Waters, in every part of our territory.

"In order to open discussion I shall invite a few recognized authorities to present brief descriptions of actual facts and conditions, without argument, leaving the conference to deal with each topic as it may elect. The members of the Inland Waterways Commission will be present in order to share with me the benefit of information and suggestion, and, if desired, to set forth their provisional plans and conclusions.

"Facts, which I can not gainsay, force me to believe that the conservation of our natural resources is the most weighty question now before the people of the United States. If this is so, the proposed conference, which is the first of its kind, will be among the most important gatherings in our history in its effect upon the welfare of all our people.

"I earnestly hope, my dear Governor, that you will find it possible to be present. Sincerely yours, (Sgd.) 'THEODORE ROOSEVELT.' Hon. Walter F. Frear, Governor of Hawaii, Honolulu, Hawaii."

## VESSELS AVAILABLE

(Continued from Page One.)

The Inter-Island and the American-Hawaiian when the former realized they were likely to be tied up by a strike or a general resignation.

Max Schlemmer, if he can liberate the schooner Luka from her legal troubles, temporarily at least, expects to put that vessel on between the islands for mail and small freight when the Inter-Island tie up comes and the Miller Salvage Company is in line for mail contracts and freight transportation with the James Makoe when she gets off the Molokai reef. This company has other boats that could be used as dispatch boats.

The Inter-Island S. N. Co. has the gasoline schooner Eclipse which will not be affected by the strike, the only vessel of the fleet which may not be effected, and work is now being rushed on her to get her into shape as a mail carrier.

## AT THE ORPHEUM

"The Scout's Revenge" was produced at the Orpheum by the Elliford company last night, to a crowded house, which at times applauded enthusiastically the many stirring scenes in the play. While the play is not one for which a great deal can be said in praise, it has plenty of life, was well put on and the members of the company won approval such as rarely these present want to see more of them. It was a fine first night audience. The play is full of pistols, plots and counter plots, villainy and heroism, love and hate, as well as violent death, and the action never lags. It will be repeated tonight and tomorrow night.

## POLICE GAME

It is very probable that the game between the Police and the Picked team for the Taylor cup will be played at Aala Park on Sunday afternoon instead of the League grounds. Jess Woods stated to Joe Leal, captain of the Police team, that they could not play tomorrow as the followers of the two teams would not be able to get off until Sunday. Woods stated that he had evidently been mistaken on the date, and that he had made arrangements for the game on Sunday. This Leal does not like after being promised that the game could be played tomorrow. If the game is played at Aala Park a large number of people will see the game, and the gate receipts at the League grounds will be lessened very much. It is possible that Woods will come to time before the game tomorrow as the gate receipts which will be bound to be swelled will be greatly diminished if the teams are barred from playing tomorrow, and this does not suit him.

## ISLAND FLEET BEING TIED UP

(Continued from Page One.)

the men take effect between today and December 7.

The company do not intend to make a move until the fleet of fourteen vessels is about to be actually tied up and officials of the company will not state what that move will be, whether legal or in the way of attempting to secure strikebreakers.

S. S. Nihon was sent out to Kaula yesterday evening manned by the first and second assistant engineers of the S. S. Claudine; the resignation of Chief Engineer Sutherland of the Claudine has not yet taken effect and he is still staying by the boat. The Claudine goes out this evening at 6 o'clock for Hawaii and Maui ports, therefore, with Sutherland in charge of the engines, and probably the first and second assistants of the S. S. Mauna Loa, which arrived this morning, to assist him. The engineers of the S. S. Nihon were put aboard the S. S. Noeau whose engineers had quit, the engineers of the S. S. Helene, laid up for repairs, were among the first to quit. Chief Engineer Leech and Assistant Grace of the S. S. W. G. Hall are out, so the engineer crews of three boats, Helene, Noeau and W. G. Hall are already out.

With this transfer of men from incoming boats to outgoing boats to man the latter, the big trouble will doubtless come Tuesday. That is when the company expects it.

On Tuesday there will be the Kinau, Mauna Loa, W. G. Hall, Iwailani and Likelike to sail, with perhaps others. Before then many of the pending resignations will have taken effect and it is certain that it will be impossible to get all of the boats away. It is possible that none of them will leave port.

The Inter-Island Company are said to be considering taking legal action against the engineers under Section 4449, U. S. Revised Statutes, as follows:

"If any licensed official shall, to the hindrance of commerce, wrongfully or unreasonably refuse to serve in his official capacity on any vessel as authorized by the terms of his certificate of license, etc., his license shall be revoked or suspended."

Section 4450, U. S. Revised Statutes provides that: "Local boards of inspectors shall investigate all acts of incompetency or misconduct committed by any licensed officer while acting under the authority of his license, etc."

As yet no application for investigation has been made by the I. I. S. N. Co. to U. S. Inspectors of Hulls and Boilers Walton and Heenev now here, nor is it known that any such application will be made or that it would avail the company anything if such application were made, for the engineers are not "striking," but resigning.

On the waterfront sympathy is divided between the company and the engineers and one of the stories of the situation is that there are in town many men who have at times worked as marine engineers for the Inter-Island company who are now employed ashore as engineers and that they are the originators of the demand for the increase of wages which the company refuse.

There are some men ashore able to take the places of the men who are resigning, but they are not available, having positions which they would not leave. If they were available, it is said, they would not take the place of the strikers, for the same reason that it is alleged mainland engineers would refuse to take their places, if they were members of the Marine Engineers' Association. Whether the company could secure engineers from the Coast who are not members of the Association would be a matter of experiment and the company have not yet come to a serious consideration of this proposition, preferring to wait until they are bound to make a final move.

In the meanwhile the Inter-Island company are not taking cash payments for berths on vessels scheduled to sail for the other islands on Tuesday, for they do not expect that the vessels will leave port on that day, anticipating that then they will confront the tie-up in its full-fledged form. They feel assured that the Claudine and the Alkahala will leave for Maui and Hawaii and for Kaula ports, respectively, at 5 o'clock this evening, for they have the engineers in port, whose resignations have not yet taken effect, to man the boats mentioned.

### SAILING OF COLLIERIES.

British S. S. Crown of Galicia and Dutch S. S. Nederland, here with coal from the Atlantic coast for the navy, are both expected to sail on December 5 for Australia and New Zealand respectively. The master of the latter may undergo an operation before leaving.

### MAUNA LOA FREIGHT.

Freight brought from Hawaii and Maui ports this morning per S. S. Mauna Loa included 3,100 bags of sugar, 1,220 bags of coffee, 161 bags of taro, 31 head of cattle and 71 hogs.

Fine Job Printing, Star Office.

IN THE UNITED STATES DISTRICT COURT IN AND FOR THE DISTRICT AND TERRITORY OF HAWAII.

In the matter of )  
of ) A Voluntary Bankrupt  
Joel C. Cohen.)

BANKRUPT'S PETITION FOR DISCHARGE.

To the Honorable Sanford B. Dole, Judge of the District Court of the United States for the District of Hawaii:

Joel C. Cohen, of Honolulu, in the County of Oahu, Territory of Hawaii, in said District, respectfully represents that on the 25th day of October, last past, he was duly adjudged bankrupt under the acts of Congress relating to bankruptcy; that he has duly surrendered all of his property and rights of property, and has fully complied with all the requirements of said acts and of the orders of the Court touching his bankruptcy.

Wherefore he prays that he may be decreed by the Court to have a full discharge from all debts provable against his estate under said bankruptcy acts, except such debts as are excepted by law from such discharge.

Dated this 29th day of November, A. D. 1907.

JOEL C. COHEN,  
Bankrupt.

Subscribed and sworn to before me this 29th day of November, A. D. 1907.

FRANK L. HATCH,  
(Seal) Clerk of said Court.

### ORDER OF NOTICE THEREON.

District of Hawaii, ss.

On this 29th day of November, A. D. 1907, on reading the foregoing petition, it is ordered by the Court, that a hearing be had upon the same on the 14th day of December, A. D. 1907, before said Court at Honolulu, in the said District, at 10 o'clock in the forenoon; and that notice thereof as published in the "Hawaiian Star," a newspaper printed in said District, and that all known creditors and other persons in interest may appear at the said time and place and show cause if any they have, why the prayer of the said petitioner should not be granted. And it is further ordered by the Court, that the Clerk shall send by mail to all known creditors copies of said petition and this order addressed to them at their places of residence as stated. Witness the Honorable Sanford B. Dole, Judge of said Court, and the Seal thereof, at Honolulu, in said District, on the 29th day of November, A. D. 1907.

FRANK L. HATCH,  
(Seal) Clerk.

# BAR DECLARES FOR BETTER PAY

ATTORNEYS FIX UPON SCHEDULE OF LARGER SALARIES TO JUDGES HERE.

The Hawaiian Bar Association went on record last Wednesday in the matter of favoring an increase of salary for the various judges of the Territory passing the following resolution:

"Resolved, By the Bar Association of the Hawaiian Islands, that:

"Whereas, The salaries at present provided for the Chief and Associate Justices of the Supreme Court, the Judge of the United States District Court and the Circuit Judges in this Territory are inadequate; and

"Whereas, The important duties required to be performed by said judges demand that they receive compensation commensurate with the amount and quality of the work they are required to perform; and

"Whereas, Within the past few years there has been a marked increase in the cost of living, which has been recognized by Congress in the increasing of the salaries of the Federal Judges on the mainland;

"Be It Resolved, That this Association strongly recommends an increase in the salaries of the Judges of said Courts as follows:

"Chief Justice, \$6500.

Associate Justices of the Supreme Court, \$6000 each.

"United States District Judge, \$6000.

"Circuit Judges, \$4000 each.

"Resolved, Also, That a copy of this resolution be transmitted to the Delegate of Hawaii to the United States Congress, the President of the Senate, Speaker of the House of Representatives, and the Attorney General of the United States."

A committee, consisting of B. L. Marx, W. O. Smith and A. L. C. Atkinson was named by the chair to draft a suitable resolution in reference to the death of Charles Creighton to be read at the first sitting of the Supreme Court.

# AUTOMOBILES IN COMPETITION

MANY INTERESTING CONTESTS YESTERDAY MORNING IN KAPOLANI PARK.

The events held yesterday morning at Kapiolani Park under the auspices of the Honolulu Automobile Club were run before a large enthusiastic crowd of people. Long before the time set for the first event people began arriving in automobiles, carriages, on horse back and in the cars. A few minutes after nine the first event of the day, the one mile race, the closest to four minutes wins, was announced by George Cooke who acted as announcer. Over fifteen cars entered this event, and the noisiest, smallest and cheapest car in town won in the close time of 3 minutes and 58 seconds. C. H. McBride, the Governor's secretary, was the lucky man. McBride did not want to enter the event at all, as he did not think that he had a chance, but finally decided that he would take a hand in the event. Gus Schaefer followed by Allan Lowrey and McBride in the order named started. McBride as well as the other contestants were obliged to have speedometers and watches covered and to depend entirely on their judgment to win. Schaefer and Lowrey have been out trying for the time for the past week, gauging by counting the distance apart between the posts to get the time down pat, but they must have forgotten to count once or twice yesterday, as they were unable to come as close as McBride.

The most amusing part of McBride's victory was the joke that he tells on himself: "I thought the track was a half-mile instead of a mile and when Willard Brown told me after the first lap that I had done well I thought I had done the first half in two minutes flat, but when I was informed that I had done the mile in 3:58, I nearly fell out of my machine. I did a mile for nothing." Schaefer finished second in 2:56, while Lowrey was third in 2:54. McBride won the Gabriel Horn offered by the Associated Garage which cost \$35.

The seventy-five yard dash with engine killed was won by Allan Lowrey in 18-2 seconds. Fred Damon was second and George Dennison third.

Tilting the rings proved the longest and the most interesting event of the day. The conditions of the race was that an eight of a mile must be made in one minute and each contestant was to have three tries at the rings. The tilting posts were some distance apart, and it was very amusing to watch the way some of the drivers managed their machines. Each entrant was furnished with a six-foot pole with which to take the suspended rings off. Will Young in three trials got seven rings, Bruce Kennedy got six, while Albert Afong, Fred Damon and W. Patten tied for five each. On the toss up for third place Afong won.

The 50-yard slow race on high gear was very close and was won finally by Clarence Cooke, with Miss Tenney second. In the first try Miss Tenney and Jimmy McCandless tied, but in the run off Miss Tenney won easily.

The see-saw race was won by Bruce Kennedy who managed to balance his machine in twenty seconds. J. R. Warren was second and Schaefer was third.

The last race, the Cupid race, did not prove as interesting as was expected. Small boys were used by a number of the entrants. Sidney Jordan finished first, Stanley Kennedy second, and H. W. Dutton third.

## NAVY SPLITS OVER AN ENGLISH JOKE

ORDER TO LOOK PRETTY FOR THE VISIT OF KAISER LEADS TO REPRIMAND.

LONDON, Nov. 16.—The German imperial yacht Hohenzollern, which is bringing Emperor William and his party to visit England and which was expected to enter Sandown bay, Isle of Wight, tonight, has been greatly delayed by a heavy fog and has been obliged to anchor with the cruisers escorting her for the night.

An extraordinary incident has come to light in connection with the visit of Emperor William. It is related that at the conclusion of the recent maneuvers, the channel fleet and the first cruiser squadron were ordered by the admiralty to repaint, etc., in honor of the German emperor. Upon receipt of this order, Sir Percy Scott, commander of the cruiser squadron, sent the following signal to two of his vessels:

"Paint work appears to be more in demand than gunnery, so you had better come in in time to look pretty by the 8th inst."

Admiral Lord Charles Beresford, in a general order to the fleet, repeating the instructions to repaint, refers to the signal sent out by Sir Percy Scott as "contemptuous in tone and indiscreet in character," and orders Sir Percy to have it stricken from the signal logs.

Sir Percy Scott and the members of

his staff were summoned aboard Admiral Beresford's flagship last Friday and the admiral's reprimand was read to them.

The affair has created consternation in the fleet and there is a probability that it will lead to the resignation of Sir Percy.

Rear Admiral Sir Percy Scott is probably the best versed officer in gunnery in the British navy, and he is well known as the man who "saved Ladysmith" in 1899 because he devised a special carriage for six-inch and 4.7-inch guns from the cruiser Terrible, which he commanded at Durban, whereby these pieces were carried by rail into Ladysmith just before its investment by the Boers. Sir Percy was noted in and about Durban, of which port he was made commandant, for his blunt and direct statements.

Sir Percy commanded the gunnery school of the royal navy in 1903-05, and he has been director of naval target practice. He was naval aid to King Edward in 1903-05. He is the inventor of the night signal apparatus now in use in the British navy.

## SLEEPLESSNESS

You will have no difficulty in procuring rest and sleep if you will let Dr. Miles' Nervine soothe and strengthen the tired, agitated, weakened brain nerves. So long as they remain in this condition, you will be restless, irritable, melancholy. You are welcome to your money back if first bottle does not help.

THE PAINTER'S WAY.  
Mark Twain, at a dinner in New York, talked about the troubles of housekeeping. Referring to the painting season, he said:

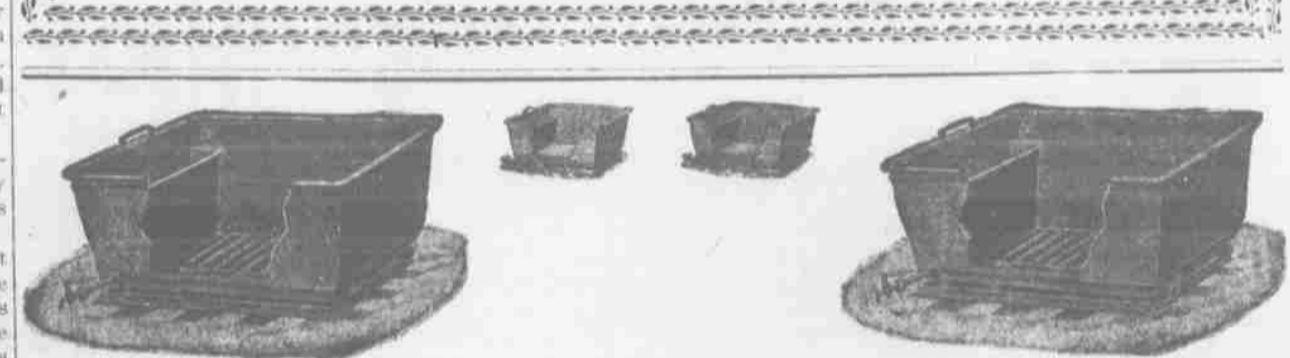

"If you are a housekeeper, I don't need to tell you that when a painter has taken up the parlor carpet, removed the furniture from the dining room, leaned two ladders against the hall mantel and stacked a half dozen variegated cans of paint on the sideboard, it means he is now ready to paint the outside shutters and the back fence."

I D Pononul by notice to William C. Acht, D. Int in kols 8894 and 8892 and bldgs. Kohala, Hawaii. \$210. B 300, p 49. Dated April 29, 1889.

## THE HILO JURY.

HILO, November 26.—The 1907 November term of the Circuit Court of the Fourth Circuit was opened in due form by Judge Parsons yesterday morning. The Grand Jurors and court officers were present as ordered at 10 o'clock but owing to there being some late commitments the formal opening of the session did not take place until 10:30.

Of the twenty-three Grand Jurors whose names were drawn there were fifteen present, as follows: E. H. Austin, J. A. M. Osorio, W. G. Saffrey, A. P. Brickwood, W. S. Mansfield, W. P. Giberson, George Tucker, H. M. Leonard, F. G. Snow, F. S. Lyman, K. S. Gjerdrum, Frank E. Hime, James D. Lewis, F. H. Berggren and W. Wagner. The remaining eight were either excused or had not been served. The jurors being sworn, Frank E. Hime, of Hilo, was selected by his honor as foreman.

## TRIED TO BURN JOSS HOUSE.

Complaint is made to the police of two attempts to burn a Chinese joss house in Palama. A coat and material for a fire were discovered by the detective bureau. The coat may lead to the criminal. It is not that of a Chinese.

## V. WSBOYS'DAY

The Star newsboys had their Thanksgiving yesterday as the guests of the paper, according to custom. At noon they were dined at Love's bakery, where untold quantities of turkey and other good things were dispensed. Then the boys were taken to the baseball game, supplied with candy and horns and they were enthusiastic noise makers all through the afternoon.

with a petition for discharge. he charge themselves with \$5629.50 and ask to be allowed \$1782.08, leaving a balance of \$3847.42.

The following cases have been set to come up Monday in the Supreme Court: Alice K. Kaas vs. Kaula Richardson et al.; Jas. L. Holt, Assessor vs. W. C. Peacock; C. S. Holloway, Supt. vs. E. V. Richardson, et al.; Ching Tai, habes corpus case; Wai-luku Agricultural Co. vs. Oahu R. & L. Co.

J. Lightfoot, receiver of the tangled up Hawaiian Realty and Maturity Co., is having abstract made of the titles to all the lands held, or which have been held by the concern. It is thought that it may disclose some defective title or fraudulent transfer, by which it may be possible to realize something for the stockholders.

Judge De Bolt formally legalized an agreement of adoption whereby Edward H. F. Wolter and Barbara Wolter adopt as their own children, giving them their name and agreeing to maintain them, their two grandchildren, Edward Charles Quinn and Henry William Burton Forbese. The children are surrendered by their mother, Mr. and Mrs. Wolter's daughter, Mrs. Elsie Wilhelmene Edwin Bolton.

SERVICES OF  
THANKSGIVING DAY

LARGE CONGREGATIONS HEAR SPECIAL MUSIC AND SERMONS APPROPRIATE TO THE DAY.

The services which were held yesterday in the different churches in town were well attended, and the musical parts of the services were very much in keeping with the day.

At the Central Union Church the services were conducted by the pastor, the Rev. Scudder, assisted by Rev. W. Felmy of the German church, Albert L. Hall, Rev. D. W. Crane, A. C. McKee and Rev. H. A. Parker. The President's proclamation was read by Acting Governor Mott-Smith.

The music, under the direction of Professor Lagalla was very well rendered. Barnby's "O Lord How Manifold" and Watson's "Unto Thee O Lord Do We Give Thanks," were sung by choir in a way that deserves a good deal of credit. The choir was composed of the following: Mrs. B. McV. Mackall, Mrs. Waite, Mrs. F. J. Hare, Miss Gertrude Hall, Miss Mary P. Winne, Mrs. A. Q. MacCallum, Mr. H. F. Wichman, Mr. Chester Livingston, Mr. Stanley Livingston, Mr. George H. Mayer, Mr. Walter Dillingham, Mr. Clifford Livingston.

The services at St. Andrew's Cathedral were very impressive. The regular morning prayer and Thanksgiving Day services from the Episcopal prayer book were read and the music was very good. The lessons for the day were read by Rev. L. A. Bilis rector of St. Clement's, the sermon was preached by Rev. W. E. Potwine, and the prayers were read by Rev. E. T. Simpson rector of the Hawaiian congregation. Hopkings' Te Deum in G, the two anthems "The River of God is Full of Water" and "Great is the Lord and Marvellous" were rendered by the regular choir of the Cathedral in a very impressive way. The regular organist of the Cathedral, R. Bode, presided at the organ. Rev. Potwine took for his text "For all things come of Thee." The sermon dealt with the day and the reasons why everyone should give thanks for the benefits that they have received during the year.

The regular Thanksgiving Day masses were held at the Roman Catholic Cathedral on Fort street. The bishop was the celebrant at the high mass in the morning. At each service the church was crowded to its utmost capacity.

## FREAR INTERVIEWED

The San Francisco Bulletin has the following:  
Governor W. F. Frear of Hawaii en route to Washington, arrived at San Francisco this morning on the Oceanic liner Alameda and will remain here several days.

Asked for his views upon conditions in the islands the Governor stated: "Naturally, Honolulu at the present time is feeling the effect of the financial situation predominant all over the country. Money is a bit scarce but nothing like an attempt to issue clearing house certificates has yet been made in the islands. However, the shortage in and about Honolulu cannot be laid directly to the financial stress of the East and San Francisco, as taxes have just fallen due and money has been paid out for this purpose. We have, of course, been dependent upon the coast for money to a certain extent, and now that this has been cut off we feel the loss of it. Nevertheless affairs are prosperous in the islands and heavy crops have left all happy."

Several matters have called Hawaii's Governor to Washington, where he will talk over island affairs with President Roosevelt. Among other things, the site commended for public buildings in Honolulu and an appropriation made for the buildings. At the present time \$150,000 has been appropriated for the site, but an effort will be made to get funds for the proposed structure. Just before his leaving from Honolulu, Governor Frear said:

"Among other things, the matter of immigration is an important one. We have started on a policy of seeking to secure an immigration of persons of European descent to settle our lands and to become our electorate. Efforts in the carrying out of that policy, as we were making them, have come to a necessary standstill. The matter is an important one.  
"The proposed College of Agriculture

## HILONIAN COMING.

The steamer Hilonian, from San Francisco, was sighted from Waimanalo at about two this afternoon. She has two days mail later than was brought yesterday by the transport Crook.

will also play an important part in the visit of Governor Frear. Congress does not make appropriations every year in aid of such institutions, but a general law provides for an appropriation for such places, and it will be the duty of the governor to attempt to secure an appropriation under such conditions. The question of widening Pearl Harbor is also to be discussed at the nation's capital, and Governor Frear will not return home for some weeks."

Fine Job Printing, Star Office.
