HAWAII'S "BLUE" LAWS

CONSTITUTION and LAWS

Framed by the Missionaries.

LAWS of the HAWAIIAN

ISLANDS.

18. If any individual be confined in prison for lawdness,

or be made to serve at hard labor, or placed in the Penitentiary,* when one half of the specified time is elapsed, then if the person who has charge of him, and the teacher who instructs him, or other persons of respectability perceive, that said prisoner appears well, appears quiet, having the appearance of repentance, then on their giving notice to the Governor he may set said prisoner at liberty, and he shall serve no longer, nor be confined longer. It is ended, he is pardoned. But this does not apply to those who are banished to another land.

If this law be proclaimed in any village or district, then the day of its proclamation shall be the day of its taking effect in that place, but even if it be not proclaimed, it shall nevertheless take effect on the first day of September of the current year at all places in this archipelago.

All the words of this law have been approved by Nobles and by the Representatives; we have therefore hereunto set our names this twenty ninth day of May, in the year of our Lord one thousand eight hundred and forty one, at Lahaina, Maui.

(Signed) KAMEHAMEHA III.

KEKAULUOHI.

CHAPTER XXXV.

A LAW RESPECTING THE RACING OF HORSES SECRETLY.

The law respecting the abuse of animals is well understood by the people, but still horses are not safe. There is a considerable number of persons who go secretly and seize horses in the night and race them, and by such a mischievous course some horses have been killed. It is clear that there is a very great crime, but there is no statute which particularly prescribes the punishment. Wherefore in a council of the Nobles with the Representatives, the following statutes were enacted.

1. If one seize the horse of another secretly by night, without the knowledge of the horse, or by the owner of the horse, and race him the criminal person shall pay twenty five dollars, ten to the owner of the horse, ten to the informer, and five to the Government. If the horse be damaged, he shall in addition pay to the owner of the horse, the full amount of the damage. If he do not thus pay, he shall be flogged twenty lashes and then put to hard labor for the owner of the horse for the space of two months, and two months more for the informer, and if the horse were injured by him the labor for the owner of the horse shall be prolonged according to the amount of damage sustained.

2. If a man repeat the offense described in the first section after he had been once punished his punishment shall be double to his former one.

If this law be proclaimed in any village or district, the day of its proclamation shall be the day of its taking effect in that place, but even if it be not proclaimed, it shall nevertheless take effect on the first day of September of the current year at all places in this archipelago.

All the words of this law have been approved by the Nobles and Representatives, we have therefore set our names hereunto, on this twenty third day of April in the year of our Lord one thousand eight hundred and forty one at Lahaina, Maui.

(Signed) KAMEHAMEHA III.

KEKAULUOHI.

CHAPTER XXXVI.

LAW RESPECTING THEFT.

We hereby prohibit all stealing, and felonious seizure, and violent plundering, and taking secretly the property of others. Whosoever does any of these things with a real thievish intent, is obnoxious to this law, and shall be punished as follows:

Whosoever shall steal, or take secretly with a thievish design the property of another, and whosoever shall lyingly carry away and secrete in a thievish manner the property of another shall be punished thus:—

1. If the stolen property be less than two dollars, then he shall be fined four times the amount of the property which he stole. If one dollar be stolen, four dollars shall be the fine, which with the original sum makes five dollars, two to the government, and two to the owner of the stolen property, together with the original sum, which makes three dollars. If two dollars be stolen, then the fine shall be eight dollars; four to the government, and four to the owner of the stolen property. If he fail to pay these, he shall be put to hard labor, which he shall perform of a value equal to the fine, a portion of the labor for the government, and a portion for the owner of the property.

(To be Continued.)

HAWAIIAN HOLONUA

PROGRESS.
The Lye of the Land is Established in Righteousness.

HONOLULU, SEPT. 7, 1894.

The fine appeal of the German war vessels now in port furnishes the best evidence why the Vaterland is the superior military power in the world. Patriotism and rigid discipline are the mainstay of the Imperial forces.

If Dr. Talmage's Honolulu letters had been on the line of the lying correspondents in the government, he would have been called a worthy Christian, a follower of the light of truth and an all-round gentleman. As it is he is the object of the *Advertiser's* undiluted wrath.

UNCOMPLIMENTARY.

It is evident that the editor of the *Advertiser* does not overestimate the moral quality of our heretofore alleged immaculate Christian sugar barons. In this morning's issue appears the following astounding paragraph:

The planters are not making sugar for the fun of it. If they can make cheap sugar by employing the labor of apes, or of African pigmies or if they could find a race of skeleton men, or fat women, such as are usually found in dime museums, who would cheapen the labor market, they would as a rule, employ them.

And it with such "patriots" that the workmen of the American League and the Scheutzen Club have cast their lots. Verily, politics make strange bed-fellows.

An Increasing Evil.

At one time, it was no easy matter to obtain a divorce in the Hawaiian courts. Lately a change has come over the principles, which formerly have ruled the judges and divorce suits are now an everyday occurrence, and in every instance is the divorce granted. Cases in which collusion between the parties is obvious are heard in an off-hand manner, and the marriage contract dissolved in double-quick time.

It is a pity, that there seems to be a tendency to imitate certain courts of the United States in this particular line. No publicity is given to divorce cases by the Press in Hawaii, and we are inclined to believe that the hold-and-corner method now employed is an inducement to many people who otherwise would refrain from airing their grievances and wash their domestic soiled linen before the public.

Divorces are a necessary evil which the society everywhere tolerates, but restricts as much as possible. It is to be hoped that the Hawaiian courts of today will cease to deviate from the principles of the Hawaiian courts of the past. There are decisions on record by Judge Judd and other members in which it is amply proven that the courts in those days did not entertain suits for divorce brought on frivolous or trifling grounds. Public sentiment should help the courts, the state and the church in making divorces a serious matter in which the parties implicated, how much they at times may be deserving of sympathy, are met with disfavor by organized society.

A Statement.

Mr. W. M. Cunningham has called our attention to the fact that an advertisement which had been sent to the *HOLONUA* office by him has been tampered with and the original changed. The management is investigating the matter which we regret has occurred.

A Japanese killed and a policeman fatally injured is stated to have been the result of a difference of opinion in the Kona coffee district.

An Abnormal Condition.

That a wave of "hard times" has swept all over the world during the last years is an established fact and that Hawaii to-day is feeling the effects of it is undeniable. Where this country makes an exception is the unwillingness of the community to change their mode of living during the lean years from that justified and proper during the fat years. Salaries and wages and revenues generally have been decreased in Honolulu during the last year but the expense of living seems to be exactly the same as formerly. A large number of houses are standing empty yet the owners decline to make any suitable reduction in rents. All necessities of life are quoted at the same figures as before the "hard times" and the result is that many a wage-earner finds it hard to make both ends meet. One of the best posted financiers in Honolulu claims that investors in real estate must be pleased by a return of six percent on their investments, and for that reason the rents must naturally be kept at their present high rate. We believe that if Hawaii ever is to become truly prosperous it will be necessary to abandon the idea that a safe investment shall pay five or six percents dividends. In Europe and America, people now a days are well pleased to get three percent on real estate investment and the cheaper money becomes the more benefit does the people derive. Some of our patriots (!), who now have possession of the government should set an example and for once remember the needs of the workingman in their calculations and speculations.

The Vocabulary of the Cocktail.

Says the Central Union "pillar": "I would be obliged, kind sir, for a little nip of cocktail." The broker in sugar stock: "Yes Billy, the same." The lawyer: "One cocktail." The lawyer's clerk: "Mix me a cocktail and put in lots of gum." The client: "Gimme a little cocktail, please; I've lots of trouble." The doctor: "My nerves—a cocktail." The reporter: "Cocktail, quick! slate." The railroad king: "Let me have a good cocktail." The conductor: "Gimme a cocktail." The brakeman: "I'll just try a cocktail." The hotelkeeper: "Morris let us have a sleek, fat cocktail." The bell-boy: "Hay dere, one cocktail an' lively fer 303." The editor: "If you please—kind sir, would you kindly mix me a modest little cocktail (make it \$10.25)." The printer: Say Johnny, don't be so slow." The bookagent: "Kind friend, I will imbibe a cocktail to warm my insides." The grocer: "I will take a cocktail see that there is no sand in the sugar." The druggist: "I am not feeling well today. Hurry it right along." The butcher: "For the Lord's sake, Bob, you make me sick." The jeweller: "You may distill me a cocktail, please." The prohibitionist: "Ah! if you would—that is—ah. I am quite ill—that is, do you know any remedy for—ah I——." The teetotaler: "Hum, I have been a—bearing about them things called—called—called—cocktails—ah!" The oldtimer: "Of course, of course." The new beginner: "Give me a champagne cocktail, sir. Put in plenty of rock candy and be sure and not stint the—the. No, I never use cloves in mine, sir." The Fort street poet: "I pry thee, sire, a draught of that beverage of the gods yclept the prehensile ornamentation of lusty chanciere." Reader, what is your phrase?

August 30, 1894.

The thousands and thousands of people who read the daily papers and get the news happenings from the four quarters of earth, do so with little thought of the expense attached to getting out a paper and the trials and tribulations of the editor and frequent loss of money to the owners. The difficulties which be set the paths of newspaper people vary according to locality; in the Northern States, where there are "nine months winter and three months very late fall," it frequently happens that the roads are blocked with snow, just about the time the paper supply is exhausted, so the editor has to fall back on his polished-surface book paper to get out his edition. In Vicksburg, Mississippi, away back in the sixties an entire stock of wall paper was used in getting out a weekly paper, newspaper was not obtainable.

In some places the people will demand a maximum of news, telegraphic and local at a minimum price, and then want to pay their subscription and advertising bills in wood or vegetables. But when Saturday night comes around the gentle and ungentle compositor rebels, when he is offered anything, but coin in payment for his services, and this accounts for the fact that half the editors in United States are troubled with insomnia. We have known compositors in country towns to actually refuse to live on a diet of roller composition and strike if the editor would not divide the contents of the paste pot.

In Honolulu, things are different; paper is manufactured in California, and the ocean never freezes so hard that the vessel can't run, so there is no delay there in getting a stock of paper; the "typos" usually meet the business Managers on Saturday with a broad smile which they give in exchange for good gold coin, and the editors who do not wear search lights in their shirt fronts leave them off, because they do not wish to be mistaken by tourists for capitalists. The compositors, too, are of a better class than you will find on the Pacific Coast; they dress better, live better and are better citizens than you will find in other places, even at twelve and a half cent beer is not inducement enough for them to take on "jag."

If there is anything that will set off the appearance of a home, a good hanging Lamps is the thing. We have a new stock of Lamps that is so varied in styles and prices that we can suit the tastes and purses of everyone. The burners, which is really more important than the decorations, have been selected with a to securing the most powerful light with the least possible amount of heat. We offer these to the public at prices sufficiently low to induce more people to buy than we have Lamps to sell.

Garden Hose is as much a necessity as a telephone. The long stretches of dry weather kills the grass unless it is irrigated and you cannot very well irrigate unless you have Hose, the water supply is meagre but with a little conniving one can always get enough to keep the grass and plants alive.

Table Knives, Carvers, Spoons and Forks are cheaper than they have ever been before and we have a big stock of them. The Knives are the best made in the States and the Spoons and Forks the best quadruple plate. These will last as long as solid ware that costs four or five times as much. We keep always a full line of these goods and can supply any demand.

We neglected to mention when writing about Garden Hose that we have a quantity of the latest improved water sprinklers that we can sell very cheap and which are bound to give satisfaction, if for no other reason than they will not get out of order and very little force of water runs them.

LADIES' COLUMN.

We are not at all surprised at our increased trade—it's the goods and prices that have brought it all about. We have adopted the policy of quick sales and small profits—it's a first rate policy for both the buyer and seller. It means TRUE ECONOMY—good things need not be high priced.

There is a certain hard wall of facts and figures however, that stands between possibility and prodigal promises. There are certain prices below which no good, honest article can be bought. Those prices are our's, —if you pay less you will certainly get less. This is a plain statement worth remembering.

We don't know what got into the factory for they have sent us enough LADIES, SHIRT WAISTS to supply every lady on these Islands. We must get rid of them. Come in and take your pick. They all came on the last steamer and are new designs and patterns.

You are paying more for CURTAINS at the public auction than we are asking. We have NOTTINGHAM'S at \$1.50. MADRAS, BULARION, RAW SILK, ORIENTAL, ANTIQUES ETC., ETC.,—we intend that they shall be sold, so now is a good time to buy them. The same advice will stand good through every department of our house.

When you call, take a look at our TOWELS and TOWELLING CRETONES and FURNITURE COVERINGS. Also our COMFORTERS at \$1.

LOCAL NOTES.

The sharpshooters shoot, at the Kakaako range, tomorrow for prizes.

Smith's busses were crowded all day yesterday on their voyages to various inland ports.

The Japs are now introducing "lady barbers" into the tonorial business.

Ministers of religion are requested to return their licences to grant marriage licenses.

The reorganized Healan Boat Club will meet next Tuesday instead of tonight as previously advertised.

A duke of Mecklenburg Schwerin is said to be on board the Alexandrine in the capacity of lieutenant of marines.

The "to judge by outside appearances" proverb, is very applicable to the apparently rain-laden skies these days.

The August number of the "Paradise of the Pacific" is almost ready for publication.

There will be a dance this evening at the Hotel complimentary to the officers of the German war-vessels in port.

The Allen & Robinson building on Queen street opposite Kaahumanu street is rapidly approaching completion.

Mrs. Thirde lecture on "Universal Brotherhood" takes place this evening, at 8 o'clock, at Foster hall. Everybody welcome.

The election of officers of the "Young Hawaiians" will take place this evening at Y. M. C. A. hall.

An amusing "business" letter from the "kid" Hawaiian consul-general at San Francisco, has lately been received and may be published.

"Times change and men change with them." Waterhouse is now actively engaged in obtaining men to aid in the restoration of the "Queen."

The bktns S. N. Castle captain Hubbard, sailed yesterday for San Francisco with a small cargo of sugar, rice and molasses valued at \$31,446.

The Bronson auction sale held by L. J. Levey this morning was well attended and the many beautiful articles fetched high prices.

The members of the Y. M. C. A. met in monthly meeting, yesterday evening, and parted as friendly as usual. No important business transacted.

The S. N. Castle took five passengers forward to San Francisco viz: Mrs. C. H. Eldredge and daughter, Mrs. Tannatt, Miss Lampman and Miss Stevens.

The pork sausages which are made by that well-known family butcher Jos Tinker, are a necessary adjunct to the breakfast meal of every well-regulated family in town. A trial would, almost, convince a high-caste Hindoo.

A detail of extra horse-cars awaited on the corner of Beritania and Fort streets an expected crowd for the band concert at the Hotel. Both manager and drivers were painfully disappointed by the non-arrival of the expected passengers, and returned, stableward, empty.

Captain Drew of the bark Andrew Welch is charged, by a fellow-passenger of unfortunate young Wagner, (who was drowned off port here from the vessel) with gross neglect and incompetency in the matter of attempt to rescue. The matter is to be investigated in San Francisco and some people here who have knowledge of the affair may be summoned. The Advertiser published the Captain's story at the time.

The bark C. D. Bryant, will, probably, leave for San Francisco tomorrow.

Assistant tax-assessor Weedon is out on a tour of investigation and collection.

The usual band concert will be given at Emma Square, tomorrow afternoon, commencing at 4:30 o'clock.

No baseball tomorrow, but the Association management still stay in office.

A public band concert will take place at Thomas Square this evening. No new pieces.

The registration of prospective voters goes on slowly at an expense to tax-payers of over \$30 per day.

An existing vacancy in the Board of Registry has been filled by the appointment of one, H. C. Meyers, a late arrival and who never used a gun.

About one hundred and fifty people, mostly men from the warships in port, attended the complimentary concert at the Hotel grounds last evening.

The Athletic Club has decided not to have a field-sports-day this month. That "tired feeling" seems already to be coming over the new club.

The collier Melrose arrived yesterday from Newcastle N. S. W. in a 57 days passage. She comes consigned to W. G. Irwin & Co.

The complimentary concert to be given to H. B. M. Commissioner, Captain Hawes will occur on Friday evening of next week.

The National Band boys will be the performers at the complimentary dance given by Hon. H. A. Widemann at the Hotel, this evening.

The Chief Engineer might utilize some of his spare time by getting a map of this city and re-districting the city into fire wards.

The Honolulu Iron Works, Lucas' mill, and the Ice Works whistles have all been engaged to give the rally alarm to the Republicans.

The "Act to Mitigate" is aiding in the establishment of several houses of call, on Nuuanu street, opposite the Commercial Hotel.

The steamer Australia from San Francisco with news and mail dates to the 1st inst. will be due here tomorrow. Her presence will probably be telephoned at 6.45 a.m.

An alarm of fire was turned in about 6:30 o'clock last evening from ward 2 for a slight fire in a native house in Dowsett lane, Palama. The engines arrived after the fire was out. Damage about \$5.00.

Several wrecks are reported along the streets through which the telephone wires run. The "small boy" is a strong advocate for underground service, especially during the kite season.

Mrs. Thomas Lloyd while attempting to turn her buggy out of the car tracks on King near Nuuanu street yesterday afternoon met with an accident in the fall of the horse and which nearly upset the vehicle. Judge Brunson, and others who were near, quickly rendered assistance in aiding and retaining Bucephalus in the traces until tractable.
